CANAL PROJECT AS ELECTION PLATFORM

Will Sir Wilfrid Take Up Georgian Bay Water-way Scheme in Lieu of the "All-Red"?

QUEBEC, July 18.—(Staff Special.)—What is the trump card in the hand Sir Wilfrid Laurier brings home with him, and which he purposes playing at an early date in the game of Canadian politics? Some people say it is the all-red line, which is a steamship proposition, and others, who claim to be better informed, say it is the Ottawa Ship Canal proposition or as it is more popularly known the Georgian Bay Canal.

Your correspondent believes that Sir Wilfrid Laurier has both things in view, and he has good reason for believing that the Ottawa Ship Canal will be the first card that he will play. The Ottawa Ship Canal proposition is the one that is dear to his heart, and Mr. Perks, an English capitalist, member of the British House of Commons, given to good works in the Methodist communion, and who was in Toronto a few days ago and glad-handed all the brethren on the great religious question of the day, and who associated with him for business as well as for the promotion of good works, and his main mission was in connection with the Ottawa Ship Canal.

It will be remembered that, some years ago, parliament gave a charter to a company which was promoted by certain Englishmen who came across, and who professed to be engineers and capitalists, and who induced certain Canadian politicians and others interested in the Ottawa River, water powers and other things of the kind.

Parliament incorporated a company, and gave it power to do the work, but reserved for itself the right to purchase the proposition any time it cared to do so. A couple of years ago the charter expired and parliament was, by the proposition and to renew the charter and franchise again, and to insert a clause which practically repealed the former act and imposed upon the company an additional burden of paying a large sum to the company if, at any time, it took it over for the goodwill of the proposition.

It is now believed that Mr. Perks is at present in London, and has been in agreement with Sir Wilfrid Laurier to build the canal and operate it, and to renew the charter and franchise, and to have the government regulate the tolls to be charged thereon, and to have the construction of the canal the government is to guarantee 2 1/2 per cent, on \$100,000,000 of bonds, to be issued by the Perks syndicate or company.

This is the proposition that the World's correspondent believes Sir Wilfrid Laurier has in his hand, and which he will unfold to the Canadian people at a very early date. Mr. Perks has returned to England, and as soon as the announcement is made in America a similar announcement will be made by him in London, and he will be put out as fast as the work calls for.

The World correspondent could not gather whether this proposition would involve a general election before another session of parliament or not, but it is almost certain that the Ottawa Ship Canal will be announced in a very few days after Sir Wilfrid's return.

Where Toronto and Ontario will come in in this deal has yet to be told, and it will help Montreal and Ottawa, and may give reduced freight rates on wheat to the farmers of the West.

THE TURK'S CAP LILY.

The finest wild lily of the fields is the Turk's cap, now in bloom. It is found in the fields, in the woods and in the ravines, sometimes along the railways. Some people when they are shown it for the first time say it is the tiger lily of the garden. But it is more handsome, has a tall slender stem of three to five feet, sometimes crowded with two, sometimes with as many as seven large flowers, dark yellow in color, and dotted with brown-red spots. Transplanted to the garden it improves in a way; but the Don Valley gardeners prefer to take it wild in its favorite haunts along that stream and where it stands clear above the grass, turned into hay, the berry bushes and the hares and all the other wealth of vegetation. Placed in vases that rest on the floor, it is a room decoration hard to equal. The books call it Lillium Martagon Superbum, and the plain people the Turk's cap lily, because of its close and picturesque resemblance to the turned-up rimmed toque of the man of the east.

NO CAUSE FOR SURPRISE.

Can you wonder that the demand for straw hats grows when the weather of the past few days is taken into consideration? Nevertheless the prices have been trimmed a little, and Denver is the place for straw hat satisfaction at the best advantage. On Saturday night the big store at Yonge and Temperance streets will be open till 10:30 as a matter of accommodation to many patrons. There are some still left specials.

Kier Hardie at Canadian Club.

The Canadian Club will give a special luncheon at McConkey's on Monday next at 1 o'clock in honor of Kier Hardie, Labor member in the British Parliament. The date had been fixed for Tuesday, the 23rd, but Mr. Hardie wired from Quebec last night that Monday is the only date left open.

American Beauty Roses, first of the season.

The White Against the Colored Races Grave Issue Now Faced By the U.S. In the Treatment of the Japanese

With the Negro Problem Still Unsolved, Can the Nations Stand the Entrance of the Yellow Man?—Canada is Vitaly Interested in the Outcome.

(From The World's Special Commissioner.)
WASHINGTON, July 17.—Altho little is said in public regarding the true inwardness of the controversy with Japan over the school troubles in California, it is an open secret that the immediate dispute is regarded by the United States government as only one phase of the most formidable problem that now presents itself for solution.

The issue, which has long been imminent, tho it had for a time been allowed to drift on account of its enormous difficulty and delicacy, is really that of the white against the colored races. The United States is up against the same question that Australia and New Zealand, with commendable prudence and foresight, have determined to prevent, that is, whether North America is to be a white North America or not. And for the United States the matter is infinitely more perilous because as the heritage of slavery it already has within its borders a black population of about 10,000,000 that are every day becoming more of a curse and more bitterly antagonized and embittered by the social ostracism to which they are subjected.

Nor have the people of the United States neglected to observe that theirs is not the only North American country that has had a similar problem. Mexico has had its race mixture of Spaniard and Indian, with some negro, perhaps, and as a consequence they can hardly be called a white people. Perhaps they will find a way of eliminating the colored streak that now runs thru their white pretensions.

Of course, theoretically, the black citizen of these United States is more or less on a legal footing of equality. For a time after the civil war attempts were made to give the constitutional amendment full effect, but lacking the support of public opinion, the effort made no headway and has now been virtually abandoned. If legal equality has failed to arrive natural forces have combined against the establishment of social equality and as for political and civil equality there is at the best only technical compliance. Everywhere thruout the black states the law is practically evaded—indeed, there is ceasing to be offered even the flimsy and transparent pretex that served to condone the unconstitutional procedure that has been the rule. The federal government has proved totally unable to check the course of state legislative and administrative acts that have reduced the negro to a condition of absolute political bondage.

Every public man in the United States knows at the bottom of his heart, tho he fears to avow it or to assist in accelerating the inevitable crisis, that the black question is the most festering sore in the body politic of the republic. The ulcer is becoming all the more offensive and dangerous with the mixing of bloods that is known to be taking place. There are indeed respectable people—men of standing and reputation, and even professors of religion—who, with shut teeth, say the only solution of the terrible problem is to let miscegenation (mixing of different bloods) proceed unchecked, and leave consumption, scrofula and kindred diseases that experience shows to be the certain consequence, to do their work. Only in this way it is darkly, but clearly enough, hinted, will the black blood go under. Such is the last and most terrible word in the story of slavery. All the black blood must be taken up, and then eliminated, thrown out by disease! A cruel cure and a worse than cruel experience for the millions and millions of white people who must share in it! That national crimes bring their own punishment in the history of the nation itself was never more signally shown than the present result of the introduction of the black man into North America.

This is the unwavering influence that conditions the treatment of the Japanese controversy. The question has arrived, and must be faced, whether the United States can stand the entrance of another colored race, even if it is not black, but yellow.

Is there any greater chance of assimilation in the latter case than in the former? Can the white and yellow races live together without friction and without the frightful results attending the presence of the black population?

Even if assimilation be possible with the yellow peoples, tho impossible with the black, there is only too good reason to dread the creation of an element possessing all the vices and none of the virtues of the original races. The Eurasians of India are a standing danger to that dependency—the mixed inhabitants of the South American States—partly of Spanish and Portuguese and partly of native Indian blood—do not offer matter of admiration.

Thus it is that the real danger in the Japanese situation lies not in the action of California, but in the opening up of the wider and more vital problem, which, however reluctantly, the statesmen of the United States will have to face. Is North America to be a white man's country?

Nor should it be forgotten by Canadians that the Dominion cannot stand aloof from this issue. Already the Jap is knocking at the door of British Columbia, and its government has done its best to bolt and bar it against the persistent yellow man. Canada is too closely in touch with the United States to be ignorant of the social trouble which the presence of the black blood has made.

Canadians must have it increasingly brought home to them that the most vital problem before the world to-day is the ultimate relationship to be established between the white and colored peoples. Everywhere, wherever they have been thrown into contact, the same spectre appears. The race problem is the fundamental one in South Africa; it is only prevented in Australia by the exclusion laws, but the shadow is ever over the great island federation.

Let it be remembered, too, that it has been the Jap himself that raised the issue by his protest against the exclusion of his children from the public schools of California. This is his demand for equality and for recognition of his equality. The demand might as easily have been made upon Canada, but it has been left for the United States to bring home to Canadians the fundamental, overshadowing and imminently urgent questions:

Is North America to be made, and to remain, a white man's country?
Or is the yellow man to share it with us?
Or is a mixed race ultimately to predominate?
And did Mother England make a wise deal when she made an ally of Japan?
M. K. M.

Railways Behind Yellow Man Here

OTTAWA, July 18.—(Special.)—A World correspondent had a talk this evening with a prominent man in public life who had read The World's special of to-day in regard to the yellow problem in America.

(Continued on Page Six.)

PREMIER MUST USE IRON HAND

There's Harsh Work to Be Done in Purg-ing His Cabinet.

MONTREAL, July 18.—(Special.)—If The Daily Witness counts for anything, some one is going to be fired upon Sir Wilfrid Laurier's return. In fact the good old Witness speaks out in meeting as follows:
"But great work and great services are usually rewarded by opportunities for still greater, and Sir Wilfrid Laurier upon his return finds himself confronted with a task heavy enough to frighten a man less brave and less noble."

"There were reasons for his having been very unwilling to forsake his place at the helm at home. No one can deny that the Canadian Liberal party has fallen upon evil days. No doubt it is largely responsible for our present condition of prosperity, but nations and parties as well as men, sometimes, in gaining the whole world, lose their own souls."
"Once the Liberal party was the foe of privilege, the enemy of corruption, the friend of all the sturdy virtues that go to the upbuilding of a nation's character, it came into power in 1896, and from that time it has been a party of expediency. He is a bold man who would deny that of late there have been many departures from them and a general lowering of tone which acts as a dry rot."

"Once before, when Sir Wilfrid returned from a European triumph, he found a distinguished member of his cabinet endeavoring to lead the party in ways outside the path of its true political faith. What he came he did not shrink from risking a personal friendship and the loss of a lieutenant in the midst of his own party. There are those who believe that he will be no less brave to-day."

EXCHANGE QUOTATIONS GROSSLY MANIPULATED

Judge Says Butter Prices Were Not Founded Upon Fact.

NEW YORK, July 18.—The butter committee of the New York Mercantile Exchange has been in the habit of deliberately and systematically issuing quotations on the wholesale price of butter, which were untrue in a vast majority of instances, was a decision given by Justice Jay Cox in Brooklyn to-day.

The justice declared that this action was wilful and fraudulent, and he issued an order restraining the exchange from issuing quotations at other than the selling values commonly obtainable.

This decision was the result of an action brought by George Martin and other producers of butter, who alleged that the officers of the exchange were in the habit of manipulating the quotations on butter for speculative purposes.

CRIPPLE WAVES HANDS AS HE GOES OVER FALLS

Unknown Man About Sixty Years of Age Jumps From Goat Island Bridge.

NIAGARA FALLS, N.Y., July 18.—(Special.)—An unknown man, so badly crippled that a crutch and cane were necessary to enable him to get about, committed suicide by jumping from the Goat Island bridge, passing over the American Falls at 7:40 o'clock to-night. Judging from a note left sticking in the crutch, the man was a German. The note read as follows:
"Tell my friends that I have gone to glory (Signed) D. J. J."
On the side of the crutch were carved the initials, "D. J. J." while on the arm rest was carved the initial "D. J. J." The man was about 60 years old, bald-headed and poorly dressed.
He was seen to pass over the falls by C. W. McKee, night watchman on the reservation, and as he swept by he waved his hand to McKee, showing that he was alive as he reached the brink.
The crutch and cane are in possession of Superintendent E. H. Parry of the state reservation.

Sentenced to Two Years.

DETROIT, July 18.—Harry Bosmer, a Battle Creek youth, aged 18, who was brought back to Marshall, Mich., from Toronto, on requisition papers signed by President Roosevelt, pleaded guilty to the charge of larceny to-day. Bosmer stole a watch and a sum of money from a Battle Creek man. He was sentenced to serve two years at Jackson.

SIR WILFRID BACK AND QUEBEC CHEERS

Premier Given a Rousing Reception—Looks in Splendid Health and Younger, Too.

QUEBEC, July 18.—(Staff Special.)—In the lobby of the Chateau Frontenac at midnight Sir Wilfrid Laurier, with his cap on, looked a young man of 35. Brown as a berry, smiling and debonaire, the premier smiled complacently at thousands of people acclaimed his arrival from the imperial conference at London.

"The people who think the Laurier cabinet is the cause of Quebec are entitled to one more guess. The crowds which thronged the Dufferin Terrace to-night would have been glad to kiss the premier's ring."
Sir Wilfrid arrived at Rimouski at 10:30 a.m. He refused to be interviewed, but one or two facts leaked out from his casual conversation.
One was that he visited the Dublin exhibition and another was that he may, at the big meeting at St. Pierre, announce his success with the "All-Red Line," and the attitude of the British government toward that project.

This afternoon several steamers left Quebec for Grosse Ile to welcome the premier, but the official boat was the "Lady Evelyn," named in honor of Earl Grey's third daughter, and which led the procession to and from Grosse Ile. This is the recently purchased government mail tender from Rimouski, and it was the only boat that could keep up the killing pace set by the Empress from Rimouski to Quebec.

There were four ministers of the crown to welcome Sir Wilfrid at Grosse Ile Point—Messrs. Aylesworth, Paterson, Lemieux and Templeman, and also the solicitor-general, Hon. Jacques Bureau.
The Laurier party included Lady Laurier, Madame Brodeur and Miss Melville-Jones. As Rimouski the premier was presented with an address and along the line there were salutes of fireworks and many signs of enthusiasm. Here the enthusiasm was unbounded. The city was gaily decorated. Substantially all the Quebec Legislators were here, including Premier Gouin, Attorney-General Turgeon and the cabinet. Among the federal members of parliament are Messrs. Carvell, Chisholm (Antigonish), Wright (Renfrew), Derbyshire and all the Liberal members from Quebec except Bourassa, Lavergne and Robitaille.

Hon. Jacques Bureau is master of ceremonies. He announced that to-morrow night Sir Wilfrid Laurier will address a mass meeting at St. Pierre market. After this meeting the official boat leaves for Montreal, stopping for a demonstration Saturday morning at Three Rivers.
The premier expressed himself as delighted with his reception. He was feeling the better for his trip and asked the World to give to the people of Canada the expression of his most grateful acknowledgments.
The British journalists arrived with Sir Wilfrid and expressed themselves as delighted with the national spirit exhibited by the crowds towards Sir Wilfrid.

2500 PROSTRATED DURING ELKS' PARADE

PHILADELPHIA, Pa., July 18.—The parade of the Benevolent and Protective Order of Elks to-day was marked by the prostration of many persons, estimated by the police and hospital authorities at 2500. Never has there been such a wholesale overcom-ing of people in this city.
For six hours the police, ambulance surgeons and Red Cross nurses were kept on the run looking after persons who collapsed under the combined effects of the sun and humidity, and largely because of their excellent service but one case resulted fatally.
James Rowley, aged 44 years, of this city, died in a hospital after being stricken in the street. The other prostrated persons are said to be in good condition, with no prospect of fatal results.
The rear of the parade line passed the official reviewing stand at Broad and Chestnut streets at 3:15 p.m., having taken about four hours to pass. The rear portion of the procession still had four miles to march when the storm broke, causing the paraders and crowds to scatter.
"The storm came quicker than the people could extricate themselves from the surging, struggling crowd, and tens of thousands that had stood for hours in the broiling sun in danger of sunstroke were soaked to the skin by rain."

DROWNED IN 18 INCHES WATER

BROCKVILLE, July 18.—(Special.)—A Thousand Island Park Rutherford Brown, the two-year-old son of Capt. and Mrs. George Brown, fell from the pier into 18 inches of water. He was discovered about 15 minutes later and carried quickly to his home.
Five physicians worked over the child for an hour and a quarter in a vain attempt at resuscitation.
Port Hope Pale Ale puts color in your cheeks. Try it at home.

MISS THOMPSON IS FIRST IN DISTRICT NUMBER 3

Great Changes Chronicled—Candidates in the City Continue to Jostle Each Other for Coveted Places.

DISTRICT NO. 1.
Standing of the first twenty-nine candidates in the City of Toronto

Miss Mabel Hodgson, 123 Roncesvalles-avenue	697,209
Miss Eleanor E. Skene, I. O. F., Temple Building	628,726
Miss M. E. Virtue, the C. O. O. F., Manning Chambers	626,619
Miss Florence L. Stephenson, the Labor Temple	617,636
Miss Lizzie McGregor, the R. Simpson Co.	601,308
Miss Ida Vandemark, cashier of the Williams Cafe	574,306
Miss Ethel Vogan, 1032 West Queen-street	550,470
Miss Rhoda Gardiner, the T. Eaton Co., Limited	418,072
Mrs. Dr. H. E. Hurd, 905 West Queen-street	397,980
Miss Nellie Sabine, 682 West Queen-street	356,820
Miss M. Johnston, 276 Carlton-street	354,109
Miss Ethel Woodward, 138 Shaw-street	241,672
Miss Nellie Landra, the S. H. Knox Co.	218,506
Miss Della Harmer, the St. Charles Hotel Office	180,061
Miss Edna V. Huston, 147 Portland-street	158,922
Miss Bertha Smith, the Traders Bank Building	79,216
Miss Kate Parkin, 243 Beatrice-street	54,317
Miss Mabel Schuch, 360 Wellesley-street	54,098
Miss Pearl J. H. Wilson, 332 Concord-avenue	48,388
Miss A. M. Law, the St. Leger Shoe Co.	47,558
Miss Annie Mearns, 1364 West Queen-street	38,507
Miss Annie Curran, 163 Church-street	29,694
Mrs. W. A. Gardiner, 982 Yonge-street	29,693
Miss Olive Crane, 1086 Shaw-street	25,280
Miss Mary Adams, 63 Marlboro-avenue	25,255
Mrs. T. P. Wood, 19 Olive-avenue	25,245
Miss Alice Donovan, 14 Bank-street	23,244
Mrs. James Richardson, 143 Morse-street	18,165
Miss T. F. Hood, 109 West King-street	14,816

DISTRICT NO. 2.
Standing of the first six candidates in the City of Hamilton:

Miss Olive Board, 102 Pearl-street	257,907
Miss Minnie E. Corner, the Slater Shoe Co.	241,214
Miss Maud Smith, 253 Bold-street	142,768
Miss Minnie McGill, 88 Steven-street	74,668
Miss Annie Morrow, 211 Caroline-street	48,929
Mrs. M. Wickens, 119 East King-street	32,153

DISTRICT NO. 3.
Standing of the first twenty-two candidates in the Province of Ontario at large:

Miss Birdie Thompson, Peterboro	341,154
Miss Jessie L. Robertson, Haileybury and Cobalt	329,356
Miss V. Atkinson, Thistletown	329,091
Miss M. J. Allin, Whitby	327,952
Miss Deedie Smyth, Powell's Shoe Store, Tor. Junction	314,321
Miss A. J. Scott, Barrie	312,898
Mrs. H. F. Mann, Alliston	309,477

Miss Inos Pearce, Darlington	30,106
Miss Nellie Halward, Cannington	28,654
Miss Edna Boyes, Pickering	22,544
Miss Essie Ross, East Toronto	21,450
	20,650

The standing in the Trip to London Contest will be announced to the public each day until the close of the contest.
All votes, to count in the final standing of the contest, must be in the hands of the Trip to London editor by 12 o'clock Monday night, the 22nd of July.

NEW BRUNSWICK FINANCES.	IMMIGRATION FIGURES.
Editor Crockett Sets Out to Explain Some Things.	Already 200,000 Arrivals This Year, Mainly From Over Sea.
FREDERICTON, N.B., July 18.—(Special.)—James H. Crockett's leading editorial in to-night's Gleaner is creating some political sensation in connection with Premier Robinson's recent Montreal interview, where he told of the financial straits of the province for the loss of the provincial financial credit, and shows that the banks have already refused to advance money on small amounts of applications hawked from bank to bank.	OTTAWA, July 18.—(Special.)—Immigration from Great Britain is increasing, and immigration from the United States is decreasing. The immigration department has noted this for some time, and the figures for May last emphasize it. During May, 1906, there were 37,191 immigrants of all classes, and during May of this year there were 45,677, which is an increase of 23 per cent. Advice from the Northwest state that the cause of the decrease of American immigration is the rapid rise in land values. Already 200,000 immigrants have arrived in Canada this year, and it is expected that the total immigration will reach the unprecedented figure of 300,000 this year.

NO. 86, Not Good After 12 o'Clock Midnight July 22, 1907

Trip to London Ballot

THIS BALLOT GOOD FOR 1 VOTE

For _____

District No. _____ Address _____

County _____ City _____

When fully filled out and received at The World Office by mail or otherwise on or before expiration of date shown above. Not good after that date. Void if name voted for has not been properly nominated. No ballot will be altered in any way, or transferred, after being received by The World.

Extra Trousers

This is the season when an extra pair of Trousers come in handy, and more especially if they be of light weight material. We have a splendid showing of the best values we have ever had in Men's Summer Trousers at \$2.50, \$3.00, \$3.50, and up to \$6.00.

J. COOMBS, Manager

RECOMMENDS MINERS TO GET BACK TO WORK

Secretary Acland Advises Cobalt Strikers to Call Out Conciliation Board.

COBALT, July 18.—(Special.)—The La Rose mine last night was announced as having closed down for two months, but to-day a small force is at work.

At Cobalt Lake there are thirty-seven men working who do not belong to the union, and over forty at the Coniagas and twenty at the Trethewey.

At the O'Brien, seventy men are at work and one drill running.

Superintendent Houston, at the Right Key mine, is leaving the men to make of their own mind, but is looking for some carpenters.

The Townsville has a full force at work, and Nipissing is also working.

At the McKinley-Darragh union, wages are being paid, and a nine-hour shift adopted. The superintendent, Capt. Harris, had a rather stormy interview with President McGuire to-day when the latter went down to see why a blacksmith, who applied for work, was not taken on. He was told it was because he was not wanted.

The mine takes men on whether they are union or non-union. The strikers, who remain at work at contract wages, Superintendent Reader is leaving the McKinley at the end of the month.

A new find was made on this property to-day near the railway cut. The vein has not been worked at all, but where found is about 6 inches wide and rich in silver.

Despite the strike, the shipments for the first seven days of July amounted to over 575 tons, and to-day the Silver Leaf has sent out its initial shipment of one car of thirty tons of high-grade ore. The Hudson Bay has sent another carload, and the Queen-to-day shipped forty tons to Copper Cliff. The Comagans is sending out ore steadily, having shipped four cars already this week.

The shipments to Thursday night for this week amount to over 200 tons. The contents of a letter from Secretary of Labor Acland to James McGuire, president of the union, dated to-day, have been made public. Mr. Acland recommends the union to return to work and call in the offices of the board of conciliation, to whom the sub-board under dispute could be referred.

Frank Burr Mosure.

Body of Infant in Lake.
The body of a new-born girl was seen floating in the lake by Sgt. George Tuft of Stanley barracks while he was routing off Garrison Common at five o'clock yesterday afternoon. With the aid of P. C. Norton the body was taken from the water and removed to the morgue, where an inquest will likely be held by Coroner Johnson, who is investigating.

Not His Wheel.
Detective Twigg arrested Ernest Erskin of Alton, Ont., as he was selling a wheel at the Planet Bicycle works on East Queen-street. Enquiries were made and the man is now held for the Brampton police charged with the theft of the wheel.

SUNFIELD MADE THREATS TWO WITNESSES SWEAR

Further Evidence at Murder Inquest—License Commissioners Grant Renewals.

HAMILTON, July 18.—(Special.)—The most important evidence given to-night in the Rodzyk murder inquest was by Mary Malenk, one of the boarders. About two weeks ago Sunfield came home late at night, drunk, went into the bedroom of Rodzyk and his wife, and ordered Rodzyk to get up and get him something to eat. Rodzyk objected, and said: "You get out of my house, Sunfield." Sunfield replied: "I'll go out of your house, but I'll kill you before I go." Sunfield refused to leave the room. This threat, witness said, Sunfield repeated on the following morning. The reason Sunfield was ordered out of the house was he came round late at nights and disturbed the other boarders.

Mrs. Rodzyk, shortly after the shooting, told the witness that she had been shot by Sunfield, who was drunk. She said Mrs. Rodzyk also told her that she was shot because she would not go into the cellar with him to get some kindling. When Mrs. Rodzyk met the witness at the harvester company's office, she said: "I don't know what the matter with my husband; I guess Jake has shot him, too."

W. Harris, another boarder at Rodzyk's, said Sunfield was a nice fellow when sober, but was drunk every day of the week. Rodzyk ordered Sunfield to leave the house, and Sunfield threatened to call for the police. Rodzyk wanted his wife to stay at the hospital, but Sunfield persuaded her to leave, and the wife left the hospital.

Sgt. Walsh and another constable, John Clark, told of arresting Sunfield. While they were busy looking after Rodzyk, Sunfield walked up to them and said: "I'm the man you want; I'm the prisoner, this will all be cleared up in ten minutes." He then tried to force to get Sunfield into the patrol wagon, and Sunfield threatened to knock his block off. He supposed that Sunfield was a chameleon, and that the harvester company's constable had apprehended him.

The license commissioners met this afternoon to deal with the licenses that were put on the three months' list. In spite of the protests of License Inspector, and the temporary licensees, William Condon, Belmont Hotel, was given three months on April 1, in which he sold out, got his license renewed, and then sold out again. The hotel, who has been committed for trial on the charge of assaulting Miss Coghlin, had his license renewed. The license commission will be held on July 20, to Niagara Falls, via T. H. and B. John Fernholm, chairman; H. M. Marsh, secretary; Charles Burns, treasurer.

Make a Complaint.
Owing to a number of subscribers' papers being stolen in Hamilton, it is the wish of The Toronto World to notify their agent, W. Harvey, Royal Hotel Block, North James-street, if their paper is missed on any one occasion. The police have been notified and have kindly volunteered to keep watch. All subscribers' complaints will receive prompt attention.

Tramp's Long Swim.
A tramp has beaten all known records by swimming 27 miles in 30 minutes. He did not mean to do it, says the Toronto World. He merely tried to steal a ride from St. Louis to Chicago on the rear of a locomotive tender. When the train started he fell over backwards, thru the open man-hole, into the water tank. The noise of the train drowned his cries until the first stop was reached at Alton. When taken out he was nearly dead, but the engineer was so unfeeling as to call his attention to the fact that the water was only four feet deep and he might have stood up. The conductor, also, but the tramp said he had not time by rail, but by water.

THE NEW THEATRE.
The Alexandra Theatre will probably open its doors to the public the last week in August.

BILLY CARROLL

RAINS CAUSE RIVER FLOODS

Towns Partly Submerged and Railway Lines Damaged—Several Fatalities.

PITTSBURG, Pa., July 18.—The loss of several lives and great monetary damage has resulted from heavy rains throughout Western Pennsylvania, Eastern Ohio and West Virginia during the last 24 hours. The rivers and mountain streams are out of their banks, live stock have been drowned, bridges and buildings washed away, railroad tracks swept off or undermined, trolley systems demoralized, electric light plants and communication lines cut, and hundreds of families compelled to abandon their homes and take refuge on higher ground.

About this city the rivers have risen over six feet in ten hours. Reports from above the city say that recurring storms during the past 48 hours have resulted in a precipitation of from 3 to 4 inches, which, being at the head waters, when they reach this city, may cause some damage unlooked for at this time of the year.

The interior of West Virginia has sustained heavy damage. Miles of track of the Western Maryland, and the coal and iron railroads in Lucre and Barbour counties have been washed away. The service on these roads is said to be at a standstill. The Dry Fork and Baltimore & Ohio railroads are under water for many miles, and no trains can be operated. In the Tygart's valley, the towns of Grafton, Rowlesburg and Tunnelton are almost submerged. The property damage amounting to nearly a quarter of a million dollars.

At McCombs, W. Va., the home of Mrs. Mary Ballard was wrecked by the high water, and three young children of Mrs. Ballard were drowned. The bodies were washed away.

Lives Lost.
BALTIMORE, July 18.—A special to The News from Grafton, W. Va., says that from three to five lives have been lost and half a million dollars damage sustained during a cloudburst and heavy storm yesterday between Grafton and Tunnelton. Among the dead are Claudius Wolfe of Evansville and Frank Gibbons of Newburg.

Damage by Cloudburst.
CLARKSBURG, W. Va., July 18.—More than half a million dollars damage resulted from cloudbursts, storms and floods last night at Newburg, and along the Cheat River valley in Frederick County and this vicinity.

Houses were washed away, the main line of the Baltimore and Potomac telegraph and telephone wires are all down. Much damage has been done to property along the Monongahela River, at Fairmont, Kingwood and Evansville.

The sudden rise in the Monongahela River wrecked the bridge between Fairmont and Charlestown, Pa., and the loss is estimated at \$100,000.

IGNORE NEW RATE LAW SENT TO THE CHAIN GANG

Stiff Punishment Meted Two Prominent Officials of Southern Railway.

ASHEVILLE, N.C., July 18.—James H. Wood, district passenger agent, and Robert G. Wilson, of the Southern Railway, who were arrested yesterday, were to-day found guilty in the police court of selling passenger tickets in disregard of the new rate law, and each sentenced to 30 days in the chain gang. Mr. Wood is a member of the board of aldermen of this city.

Little doubt is felt that some way will be found to save Wood and Wilson from serving this sentence.

Injunction Dissolved.
The interim injunction granted by Mr. Justice Huddell to A. H. Cooper, restraining Atkinson Bros. from publishing certain posters, was dissolved by Mr. Justice Mabey yesterday morning. The plaintiffs claimed to have a copyright in a series known as the "Land of the Maple," in which the maple leaf appeared very conspicuously. They allege that in using the maple leaf as they were doing for their own cards the defendants were infringing the copyright. The court held that no damage was inflicted on the plaintiffs by removing the injunction, as an account would be kept of the sales, and if the pending action was decided in favor of the plaintiffs they would be able to recover damages and claim an accounting.

MONTREAL'S POPULATION.
MONTREAL, July 18.—(Special.)—Lovell's directory gives the city a population of 360,000, and the Island of Montreal 434,000, as against 416,000 last year.

Of Course He Could.
Chicago Record-Herald.
No person could be in the world who has suddenly acquired wealth.—Indianaapolis News.

NEW YORK'S FIRE DEPT. WILL COST CITY \$10,000,000
NEW YORK, July 18.—Francis J. Lantry, fire commissioner, announced that the budget for his department for the coming year will approximate \$10,000,000, as against an appropriation of \$6,700,000 for the current year.

Most of the increase will go for the installation of paid departments on Long Island and Staten Island, ten companies in Manhattan and the Bronx, seven companies in Brooklyn and Queens and five companies in Richmond.

There will be needed, \$200,000 to pay for the increase in the salaries of first year firemen—that is, those of the fourth grade, when appointed. Commissioner Lantry endeavored to have a bill passed in the legislature increasing the pay of fourth grade firemen from \$800 to \$1000, but it was unnecessary, as the board of estimate, it has been declared, has the right to grant the increase, and Commissioner Lantry hopes to get it.

BARTELS' FORTUNE GOES.
Has Lost \$300,000 Since Arrest, His Son Declares.
Herman Bartels, Jr., of Syracuse, N. Y., had an interview in Toronto last night with his father, Herman Bartels, who has been sentenced to 90 days in jail for escaping from the custody of the police at Osgoode Hall.

The younger Bartels stated that he would never rest until someone had been brought to book in connection with the case. He said his father was a millionaire and over some time ago, but his arrest and imprisonment had cost him \$300,000, thru the depreciation of his securities. What means he had left would be used to see justice done.

Looking for Rowdies.

The police are searching for a brace of rowdies who have been infesting lonely localities in the vicinity of Montrose-avenue.

POWER OF EXPROPRIATION AS GOOD AS OWNERSHIP

Municipalities Are Thus Enabled to Control Public Service Corporations, is Report of Member of Investigating Committee After Tour in Europe.

NEW YORK, July 18.—Municipal operation of public utilities in Great Britain, as observed by a committee of experts sent abroad last year by the National Civic Federation, is treated at length in a series of reviews by members of the committee, which were made public to-day.

It is the duty, therefore, of the public authorities to have a rigid investigation and to place the responsibility exactly where it lies.

RESPONSIBILITY FOR ACCIDENTS

Somebody is responsible for the loss of life at London on Tuesday evening.

The contractor, the owner of the building, and the man who was making the repairs, are each and all of them more or less responsible; so perhaps also the city officials are responsible.

It is the duty, therefore, of the public authorities to have a rigid investigation and to place the responsibility exactly where it lies.

When we find a way of fixing the responsibility for accidents, especially where those responsible for them have to pay damages, preventable accidents will speedily diminish in number.

EXPROPRIATION THE BIG STICK.

Miles R. Malbie, one of the members of the new public service commission for Greater New York, was one of the committee of experts nominated by the National Civic Federation of the United States to investigate the results of municipal ownership and operation of public utilities in Great Britain and other European countries.

In his report now published he expresses the opinion that the municipal services give a superior article at a relatively lower cost, as compared with the services operated by private companies.

THE WHITE AGAINST THE COLORED RACES

(Continued From Page One.)

and the threatened war between the United States and Japan.

He said that he believed that within a few weeks this question of race would be discussed by all the peoples of North America with the greatest of interest.

He said he had good reason also for believing that very important communications had been exchanged between Washington and Great Britain in regard to this race problem, and that copies of some of the correspondence had been handed to the Canadian authorities.

GALT BURGLARIES CLEARED.

Arrested for Guelph "Job" Confesses to Other Crimes.

GALT, July 18.—(Special.)—The mystery surrounding five daring robberies committed on the East Main-street residential district in the night of May 22, has been cleared up.

To-day there is in the police cells in Galt a man who has confessed that he did the burglaries. He adds, however, that he did not himself force entry into the houses, but that part of the work was done by a pal, whose whereabouts he does not know.

QUEEN'S APPOINTMENT.

O. J. Stevenson Appointed to New Faculty of Pedagogy.

KINGSTON, July 18.—O. J. Stevenson, M. A. Paed. St. Thomas, has been appointed, by the trustees of Queen's University, as associate professor of education in the new faculty of pedagogy.

"EMERALD" WRECK FOUND.

Remains of Schooner at Bottom of Lake Near Port Hope.

PORT HOPE, July 18.—The barge J. C. Mills, chartered by the Reid Wrecking Co. of Sarnia, to raise the sunken dredge Sir Wilfrid, is now at work.

Remains of Schooner at Bottom of Lake Near Port Hope.

Several persons who have visited the place report having seen on the bottom of the lake the wreck of a schooner.

Cause of Georgia Accident.

WASHINGTON, July 18.—The naval court of enquiry in the case of the explosion on the Georgia finds that the accident resulted from a "flare-back," meaning that when the breach of the eight-inch gun was thrown open after it had been discharged some shrapnel of burning cloth or unconsumed gas were driven into the turret and upon the powder about to be inserted for the next charge.

What do you think your doctor would say about feeding your hair with Ayer's Hair Vigor, the new kind? He knows that it feeds, nourishes, strengthens. The hair stops falling out, grows more rapidly, and all dandruff disappears.

POWER OF EXPROPRIATION AS GOOD AS OWNERSHIP

Municipalities Are Thus Enabled to Control Public Service Corporations, is Report of Member of Investigating Committee After Tour in Europe.

NEW YORK, July 18.—Municipal operation of public utilities in Great Britain, as observed by a committee of experts sent abroad last year by the National Civic Federation, is treated at length in a series of reviews by members of the committee, which were made public to-day.

It is the duty, therefore, of the public authorities to have a rigid investigation and to place the responsibility exactly where it lies.

When we find a way of fixing the responsibility for accidents, especially where those responsible for them have to pay damages, preventable accidents will speedily diminish in number.

EXPROPRIATION THE BIG STICK.

Miles R. Malbie, one of the members of the new public service commission for Greater New York, was one of the committee of experts nominated by the National Civic Federation of the United States to investigate the results of municipal ownership and operation of public utilities in Great Britain and other European countries.

In his report now published he expresses the opinion that the municipal services give a superior article at a relatively lower cost, as compared with the services operated by private companies.

THE WHITE AGAINST THE COLORED RACES

(Continued From Page One.)

and the threatened war between the United States and Japan.

He said that he believed that within a few weeks this question of race would be discussed by all the peoples of North America with the greatest of interest.

He said he had good reason also for believing that very important communications had been exchanged between Washington and Great Britain in regard to this race problem, and that copies of some of the correspondence had been handed to the Canadian authorities.

GALT BURGLARIES CLEARED.

Arrested for Guelph "Job" Confesses to Other Crimes.

GALT, July 18.—(Special.)—The mystery surrounding five daring robberies committed on the East Main-street residential district in the night of May 22, has been cleared up.

To-day there is in the police cells in Galt a man who has confessed that he did the burglaries. He adds, however, that he did not himself force entry into the houses, but that part of the work was done by a pal, whose whereabouts he does not know.

QUEEN'S APPOINTMENT.

O. J. Stevenson Appointed to New Faculty of Pedagogy.

KINGSTON, July 18.—O. J. Stevenson, M. A. Paed. St. Thomas, has been appointed, by the trustees of Queen's University, as associate professor of education in the new faculty of pedagogy.

CANADA BEATS U. S.

Orientalists Coming to This Country in Preference to States.

SEATTLE, Wash., July 18.—Secretary of Commerce and Labor Straus declared through the Indian River and Port Carling locks into Lakes Rousseau and Joseph.

WORLD'S BICYCLE RECORDS.

OGDEN, Utah, July 18.—At Glenwood bicycle saucer track here last night two world records were lowered.

"EMERALD" WRECK FOUND.

Remains of Schooner at Bottom of Lake Near Port Hope.

Several persons who have visited the place report having seen on the bottom of the lake the wreck of a schooner.

Cause of Georgia Accident.

WASHINGTON, July 18.—The naval court of enquiry in the case of the explosion on the Georgia finds that the accident resulted from a "flare-back," meaning that when the breach of the eight-inch gun was thrown open after it had been discharged some shrapnel of burning cloth or unconsumed gas were driven into the turret and upon the powder about to be inserted for the next charge.

THREE DOLLARS PER WEEK INCREASE FOR PRINTERS

Newspaper Employers Come to Agreement With Typographical Union.

The negotiations which have been in progress for some weeks between a committee of typographical union No. 91 and the newspaper employers, have resulted in an agreement, which was signed yesterday.

The new scale practically eliminates the bonus except to fast machine operators, and increases the pay of machine operators, ad. men, make-ups, bank men, proofreaders \$3 a week all round.

These will receive, on morning newspapers, a night of 7-1-2 hours, or \$21 a week, and on afternoon papers, a night of 6-1-2 hours, or \$18 a week.

WOULD POSTPONE TRIAL.

Coal Strike Litigation Further Involved by Affidavits.

HALIFAX, N. S., July 18.—There was a new move in the coal strike litigation to-day. Notice of motion was given by the coal owners, to postpone the trial, before Judge Conroy, to the 26th inst.

COBALT --- Mining Engineer at Detroit Speaks Well of Nipissing --- COBALT

LITTLE MORE STRENGTH IN CHICAGO FUTURES

Wheat Options Up, But Corn and Oats Are Easy—Cables Are Firmer.

World Office, Thursday Evening, July 18. Liverpool wheat futures closed today higher than yesterday, and corn futures unchanged.

At Chicago July wheat closed 1/4 higher than yesterday, July corn 1/8 lower and July oats 1/8 higher.

GRAIN AND PRODUCE.

The following are the current quotations at the board of trade:

Manitoba wheat—No. 1 northern, 95c. No. 2 good—No quotations. Barley—No. 2, 55c bid; No. 2X, no quotations; No. 3, 50c bid.

WINNIPEG WHEAT MARKET.

Following are closing quotations on Winnipeg grain futures today: Special, 95c bid; Oct., 95c bid; Aug., 90c bid; Oct., 85c bid.

ST. LAWRENCE MARKET.

Receipts of farm produce were 15 loads of hay and 1 load of straw. Hay—Fifteen loads sold at \$15, 17 and \$18 per ton.

FRESH MEATS.

Beef, forequarters, cwt., \$10.50 to \$11.50. Lamb, dressed weight, 14.00 to 16.00. Pork, common, cwt., 6.00 to 7.00.

LOCAL FRUIT MARKET.

There was a fairly good all round market down at Scott-street today yesterday and prices, if anything, showed a tendency to firm up.

MINING STOCKS LOWER BUT TRADING IS DULL

Foster and Threthewey Get Closer Together in Yesterday's Markets—Other Issues Dull.

World Office, Thursday Evening, July 18. The market for mining issues offers very little room for comment to-day.

RICHEST IN THE CAMP.

Another Engineer Gives Opinion of Nipissing Mine. DETROIT, July 18.—James T. Carmody, a mining engineer of ability, now in Detroit, within two weeks past has made an inspection of the Nipissing mine for Boston men.

REVEALS OTHER GOLD DISTRICT

Peter Whitney of New York in his market letter says: During the month of June I sent an engineer and special representative to the Larder Lake district, 30 miles northeast of Cobalt.

WILL INVESTIGATE SERVICE.

Board Will Conduct Enquiry on New York Railways.

COBALT ORE SHIPMENTS.

Following are the weekly shipments from Cobalt camp, and those from January 1 to date:

West ending July 13. Since Jan. 1, 1,178,850 lbs. Cobalt Central, 319,200 lbs.

WM. T. BENSON SUICIDES BY SHOOTING IN MEXICO

Former Canadian Artist Found Dead in Park at Sault.

William Townley Benson, a Canadian artist, was found dead in a public park at Sault, Mexico, with a bullet hole thru his head.

THE TRUTH ABOUT MINING

Do you invest in mining? Have you ever invested in mining? Do you ever expect to invest in mining?

"Spear's Mine Development" describes and illustrates legitimate, profitable investments in mining. Every person interested in mining, or who would like to know about mining, should have this paper.

"Spear's Mine Development" will make millions of dollars for investors, through safe and profitable investments in mining.

This is why it is read by thousands of people all over the country—because investors desire to know about legitimate mining propositions.

If you are at all interested in mining, or if you would like to know anything about mining, and the development of mining properties, you cannot well afford to be without "Spear's Mine Development."

It will be sent free, postpaid, to all who write for it. Just ask for "Spear's Mine Development" by dropping a postal card or a letter to G. R. SPEAR & CO., 61 Victoria St., Toronto, Canada.
