

T. EATON CO. LIMITED

During July and August We Close Daily at Five o'Clock and Every Saturday at One o'Clock.

Tuesday a Day of Big Values.

If values will do it to-morrow, Tuesday, will be one of the red letter-days of our Early Closing Sale for July. A mere glance at this list will satisfy you as to that fact. Fewer items than usual make up the list. Fewer, 'tis true, but infinitely better from a money-saving point of view.

There is no need to add lengthy argument or emphasis to such bargain snaps as these for Tuesday. In every respect the goods are what they should be, thoroughly reliable and trustworthy. As for prices and values we leave you to judge. Come and see. Come early before some of the best things are gone.

Silk Neckwear for Men and Women

648 dozen Men's Fine Neckwear. Silk made of best Japan silks, in plain and twilled weaves, extra long graduated four-in-hands, also graduated and straight strings; these are silk on both sides and all fast washing colors; the four-in-hands are 50 inches long with both ends alike for making a small knot and hanging to the waist, correct for women's or men's wear, navy blue with assorted polka dots and white ground with fancy scroll patterns, regular prices 25c, 35c and 50c each (see Yonge Street window), on sale Tuesday for 12c.

RETREAT FOR THE STRICKEN

New Free Consumptive Hospital in Muskoka Opened By Chief Justice Meredith.

EXCURSION TO "THE HIGHLANDS"

About 400 Went Up From Toronto—Victims of the White Plague and Their Treatment.

Gravenhurst, July 5.—Few people in the large centres of population realize the magnificent work that is being carried on here in "The Highlands" to combat the "white plague," that dread disease, which, it is estimated, carries off 3000 people in Ontario and 8000 in Canada every year.

The special train reached Gravenhurst about 1:30 and after a half hour given for lunch, continued to the wharf, where a considerable delay ensued, owing to the steamer Medora being unable to get to the dock, on account of a raft of logs breaking loose and obstructing the harbor.

The Northern Air Cures. Patients were sent in various stages of consumption. The World notified only one person in bed, and he appeared quite ill but not beyond hope.

Hospital Formally Opened. After a short time has been given for the inspection of the building, the visitors were invited to take seats in front of the entrance, and Chief Justice Meredith, surrounded by prominent Toronto citizens, addressed the gathering.

Clifford Sitton, E. F. Clarke, M.P.; E. B. O'Leary, M.P.; Thomas Crawford, M.L.A.; Hon. Richard Harcourt, Ald. McMurrich, Ald. Curry, A. E. Ames, Chester D. CAPITAL OF QUARTER OF A MILLION

Million Dollar Mining Company Incorporated—Concerns Increase Capital Stock.

The Ontario Gazette announces that Hon. George E. Foster, Robert Nell, Michael H. Ludwig, John Alexander Phil, James E. Ganong and John De Wolf Chapman have been granted a charter incorporating the Canadian Telephone Company, Limited, with a capital of \$250,000, divided into 2500 shares of \$100 each.

It has been given permission to carry on the general business of a telephone company, subject to the consent of municipalities interested, and to manufacture and deal in all kinds of articles necessary to the carrying on of such a company. It may also acquire inventions, patents, goodwill, rights and property of any company engaged in any of the branches of business which the company incorporated is authorized to carry on.

DAMAGE FROM LIGHTNING

Farmers in the Township of Pickering Suffer Considerably.

Brougham, July 5.—The thunderstorm which has been raging here last night and to-day, has done a great amount of damage to the crops. Hay is suffering to the greatest extent from rot. An implement shed on the Forsythe farm, near the village, occupied by William Casse, was struck by lightning and burned to the ground. The loss is about \$500, no insurance.

IMPERIAL PREFERENCE TERMED IMPRACTICAL

Maritime Interests, However, May Be Protected by Liberal Mail Subsidies.

New York, July 6.—I. N. Ford in his London cable to The Tribune, says: "The lips of the colonial premiers are sealed while the Imperial conference is in secret session, and they content themselves with amiable platitudes when forced into after-dinner oratory. Sir Wilfrid Laurier, warned by the publication of an interview in New York, which he repudiates from beginning to end, tells me he cannot discuss any question connected with the work of the conference.

There is little faith among either the colonial premiers or the British Imperialists that any results of great im-

portance will be accomplished, either political or fiscal. Something may be done toward bringing about the cooperation of the Mother Country and the colonies in protecting maritime interests by liberal mail subsidies, but the preferential treatment is regarded by the English press as impracticable at present.

The revenue returns have hardened Sir Michael Hicks-Beach's heart, and induced the wavering Tories to exclaim: "Let us well enough alone, and avoid upsetting the established order of British finance." The hostilities of the conference will create an atmosphere for Imperial federation, as was done in the jubilee of 1897. The Imperial investigators can hardly be regarded, however, as aspirants who need solid soil for business interests.

Harvesting Operations in the Northwest Will Be Hampered by Scarcity of This Article.

WHEAT CROP WILL BE VERY HEAVY But the Farmers Expect the Usual Amount of Trouble—Winnipeg Man on the Situation.

John H. Bell of Winnipeg is a guest at the Iroquois. Mr. Bell represents a large agricultural manufacturing concern of Winnipeg. He has just returned from a tour of the farming sections of the Canadian Northwest.

"The wheat harvest promises to be very heavy this year," he remarked to a World reporter last night, "but I believe the farmers are likely to have trouble in getting a proper supply of binder twine. Of course, this is a source of trouble, as it is becoming a more serious factor with Canadian farmers annually, because of the increased quantity of twine consumed as a result of the increased wheat acreage.

In the West the farmers claim that the manufacturers are to blame for the trouble, but that the farmers themselves are largely to blame in not getting a proper supply of twine each season. The jobber says the manufacturer keeps the margin down so close that it is positive loss to the middle men to handle twine, while the farmer will not place his order for twine with his retailer until the last moment, in the hope that by waiting until late he can save the price some.

"They seem to think the jobber is holding up the price and that I might get toward the close of the season. Therefore, the retailer will not stock up heavily, because he is afraid of having to carry his twine over to next season, and when he is suddenly swamped with orders he is getting hard to get, and much waste results before the twine can be secured from the jobber.

"The quality of twine most desired for consumption by Canadian farmers is the Spanish-American variety, and as this output has been largely curtailed since the Spanish-American war, great difficulty is experienced in securing the real article. Since this trouble, manufacturers have been making their goods largely from Yucatan grass, which is at best a poor substitute for

the genuine article. The small quantity of fur secured from the Philippine Islands commands such a high figure for use as rope on shipboard that the twine manufacturers have little hope of getting any part of it. The result is that the twine the Canadian farmer is securing this season is very rough and breaks readily in the machine. This is a source of great annoyance to any farmer who pays less than 20 cents a pound for pure Manila. The manufacturers' rate is 16-17c. If he believes the farmers of Ontario, as well as those of the Northwest Territory, may expect even a further advance before the season is over.

IRON WORKERS' CONVENTION

Twenty-second International Meeting of Moulders' Association of North America To-day.

Will continue fifteen days.

Elaborate Preparations Made by Local Union—Questions of Moment to Be Discussed.

Delegates representing fifty thousand iron workers of Canada and the United States will meet in convention here this morning. It is the 22nd international meeting of the Iron Moulders' Association of North America.

The present meeting promises to be the most important in the history of the organization. There are 675 delegates in Toronto at present and others are expected before to-night. The convention will continue for fifteen days.

Every State and Territory in the United States and every province in Canada has representatives present. This is the third time the body has met in Canada. The first convention was held on Cleveland soil was that at Toronto shortly after the association was organized. The second meeting on this side of the line was at London in 1886.

The convention will be called to order at 10 o'clock this morning at the City Hall, where Mayor Howland will address the visitors and tender to them the freedom of the city.

Officers of the Association as at present constituted are: President, Martin Fox, Cincinnati; secretary, E. J. Denney, Cincinnati; assistant secretary, John G. Weaver, Cincinnati; executive board, Murray Richardson, Va.; James Flannigan, Elizabeth, N.J.; James H. O'Neill, Providence, R.I.; M. L. Lavery, Toronto; John J. O'Rourke, Louisville, W. J. Phillips, Chicago.

Elaborate preparations have been made by local Union No. 28 to entertain the visiting delegates. Wednesday evening a large number of tables have been erected for a moonlight ride through the city. Saturday a picnic will be given at Hamilton. Points in honor of the delegates, at which there will be a thousand members of the organization from Cleveland, as many more from Buffalo and five hundred from Rochester. Special excursion boats will be sent to receive the visitors to the picnic. Next week there will be a moonlight excursion on the lake, which will be the guests of the City Council.

Other entertainments will be provided during the visit of the delegates. The entertainment features will be concluded with a banquet the last evening of the visitors and in Toronto.

The headquarters of the delegates are at the Rossin House, where the Executive Committee was in session for a short time during the afternoon. A committee from local Lodge No. 28 is looking after the reception of the members.

Successful in Its Strides. The union was organized July 5, 1895. It is one of the most successful labor organizations in North America, and its influence as a factor in strikes. Secretary Denney said to a World representative last night that the organization had paid out in strike benefits more than \$100,000 since 1890. At present the association has about 20 strikes in progress in different sections of the country. It has the highest average of strikes won to the credit of any similar organization in the world. The officers distribute the success of the union to the fact that at all times it declares its policy of non-interference in strikes and is usually with the men when they are on strike.

Secretary Denney says the union is in a more prosperous condition to-day than at any time in its career, and that the members are contributing monthly at a big rate. He says applications are constantly coming in and that manufacturers are ready to take advantage to enter into agreements with the union regularly and recognize it as a powerful factor in settling labor difficulties. Many of the largest manufacturing concerns of iron works in the country have contracts with the organization.

Questions of Moment. At the present meeting questions of great moment to the industrial world generally will be considered. These questions include the wages and similar questions of interest to the craft throughout North America. These questions were discussed at recent meetings. In view of the increase in the price of all iron products, the iron workers' skill and bravery are responsible for the increased revenue of the iron industry. It is believed that they should share largely in the profits of the business, and an increase in the wage scale will be an important feature of a general proposition and will be a matter of great importance to the union for itself. The international officials are only called upon in cases of disputes where arbitration is required or in cases where a strike is liable to be the result of the difficulties encountered.

The delegates were visiting different parts of the city during Sunday. They exhibit a fine looking body of men and will inspect some of the large plants during their stay in the city.

Uniform Working Day. President Fox says the present meeting will probably be the most important ever held by the organization. He will discuss the question of a reduction of hours for iron moulders in all parts of North America. Mr. Fox says the men are now working nine and nine and a half hours, and some of them work ten hours. Some persons would like to see an eight-hour day, but I believe nine hours is about what the men generally desire. No, it does not follow that the hours of work on any day will be made uniform by the convention declaring for it. The whole matter will go to committee and might result in an eight-hour day in Canada and a nine-hour day in the States. The men will be the same in all sections. The men themselves determine these questions, and while a committee might make a clear for an eight-hour day and get it another union in New York might insist on a nine-hour day. It is a very important question which will come up for discussion, but I cannot say at present what they are. They will be largely under the head of secret business.

YORK COUNTY AND SUBURBS

Orangemen of Toronto Junction District Paraded to Victoria Presbyterian Church.

REV. BRO. CURRY PREACHED TO THEM

Rev. T. E. Shore at Annette-St. Methodist Church and Rev. H. S. Magee at Davenport

Toronto Junction, July 6.—The members of Toronto Junction District Orange Lodge held their annual church parade this afternoon from the lodge room, Campbell Block, via Dundas, High Park and Annette-streets, to Victoria Presbyterian Church, headed by the Humber Bay Drum and Pipe Band. There were in the line of march about 250 brethren from Golden Star L.O.L. 900, Lambton Star L.O.L. 1372, Humber Bay L.O.L. 920, Century L.O.L. 828, New Toronto, and Purple Star Lodge 1022, together with a "band" of brethren from Western and many visiting brethren from the west part of the city and other places. Bro. Curry of Morningdale Presbyterian Church addressed them, taking for his text Joshua, chap. 4, v. 21: "When your children shall ask their fathers in time to come, What mean these stones? Then ye shall tell your children saying, Laid these stones over this Joshua on the day land. The sermon was a very appropriate one, and dealt with Orangemen in the various epochs of history.

Rev. H. S. Magee, the new pastor of Annette-street Methodist Church, preached his first sermon this morning from Acts, chap. 21, v. 24: "But none of these things move me, neither can I my life for dearth of conscience. I have done all with a good conscience, to all men." The sermon was a very practical and impressive one.

Rev. H. S. Magee preached his initial sermon in Davenport Methodist Church this morning to a large congregation.

The Orangemen of Toronto Junction will celebrate the 12th of Oakville, and will hold an address on that day by chartering the White Star steamer.

The Shamrocks II. yesterday lent the Ecclesiastical Hall of Brampton, 150 to 1. The Shamrocks play the Orioles in Toronto next Saturday. If the Shamrocks win they will be the champions of the Senior City League.

ANORA. Rev. J. B. Freeman of Schomberg lost his horse a few days ago, and friends in another city promptly furnished him with another one.

The next meeting of the North York Sunday School Association will be held in Newmarket on Nov. 13 and 14.

Rev. E. D. Davis sold to William J. Macdonald of Toronto a few days ago 90 head of export steers. They were of uniformly good quality, and were the third lot disposed of by Mr. Davis this year.

Bicycle racing on the third track has grown to be an intolerable nuisance, and the chief of police proposes to put a stop to it.

MARKHAM. The financial statement of the Markham Methodist Church is the most favorable in its history.

Markham Lodge, L.O.L., held its regular business meeting on Saturday afternoon. The services are conducted by Bro. R. B. Wallace.

The Christian churches of Markham and Brookham have secured Rev. Mr. Willoughby as their pastor, and he will be installed on Sunday next.

The Resor family gathering will become an annual event, a motion to this effect being unanimously adopted at their last meeting at Locust Hill on the 25th inst.

The Town Council will meet in the Chamber to-night, and the Markham Fire Brigade will hold their regular meeting this evening.

NORTH TORONTO. The split in the Town Council over the acceptance of the coal contract for the year has necessitated a special meeting of the Council on Saturday night.

A tax sale will be held at the Town Hall on Tuesday, at 2 p.m. There are only 44 lots to be disposed of, and the competition is expected to be keen.

Another wreath with the Glenview bridge is promised the York Township Council at its meeting to-day.

The hired ratcatchers will ask for replacing the bridge as a local improvement, and they cannot secure a right-of-way to Shatterson-avenue for a car service. This is an important matter, it likely to cause an interesting session.

Suggestions are being thrown out for all that are being destroyed by Friday night's storm, and on Saturday two of the Metropolitan cars were put out of business by lightning.

A meeting of the Board of Health was held on Saturday evening at the Town Hall. The question of a burial ground on St. Andrew-avenue was considered, and Dr. Richardson, M.H.O., stated that there were no objections from a sanitary point of view.

Charles McBride, owner of a farm at Bedford Park, was ordered to supply good drinking water to his tenant, the well premises now being unfit for use.

The outing to Bond's Lake on Saturday afternoon of the Denville Methodist Sunday School was marred by rain; otherwise the gathering would have enjoyed the trip over the Metropolitan Railway.

HORSE KILLED. During the thunderstorm on Friday evening last W. McMillan, lot 35, on B. St. Secombe, had a valuable horse killed by lightning. The horse was only a short distance from the barn when struck.

Injured in London. Belleville, July 6.—Wood has been received here of a serious accident to James Johnson, brother of ex-Mayor Johnson. He was knocked down by a cab in London, England, and for a time his life was despaired of. Mr. Johnson was formerly editor of The Ottawa Citizen and The Kingston Whig.

Nothing looks more ugly than to see a person whose hands have been over with warts. Why have these disfigurements of all parts, warts, etc., can be found in Holloway's Corn Cure?

His Services Appreciated. Stratford, July 6.—The trustees of the City Hospital will place on the walls of the institution a portrait of Sheriff Hosie, together with a brass tablet recording his services as chairman of the trust from 1880 to the present year.

Do not delay in getting relief for the little folks. Mother Graves' Worm Expeller is a pleasant and sure cure. If you love your child, why do you let it suffer when a remedy is so near at hand?

Barrie's Father Dead. Barrie, July 6.—J. M. Barrie's father is dead as a result of being run over.

Leaver's Y-Z (Wise Head) Disinfectant Soap Powder is a boon to any home. It disinfects and cleans at the same time.

INDIAN AFFAIRS. Montreal, July 6.—The steamer Indiana, ashore for seven days on Baie St. Paul, was got off last evening at 11 o'clock, and passed

BIRDS TAKE TRIBUTE MEANT FOR ROYALTY

Sparrows and Pigeons Despoil Canadian Arch of Grain Embellishments.

London, July 6.—There is hardly a tragedy that has not its humorous side. No triumphal arch of them all attracted more attention from the public or was beheld with greater pride by its builders than the Canadian arch, down by Westminster. It was decorated most artistically, almost entirely with Canadian grain. In the middle of the arch, just under its lowering summit, was an orchestra of a band of Canadian musicians.

From the public, which was eager to pick mementoes, the police successfully guarded the beautiful arch, but they couldn't protect it from its other enemies. Thousands of sparrows swooped down on it, gorged themselves with the good fat grain, and shamelessly destroyed the decorations they could not devour. Then the more timid pigeons, which live in the walls of the War Office, unable to continue to the top of the arch, and shamelessly destroyed the decorations they could not devour. Then the more timid pigeons, which live in the walls of the War Office, unable to continue to the top of the arch, and shamelessly destroyed the decorations they could not devour.

But, as one bluecoat said: "Birds will be birds. They don't have triumphal arches to devour every day."

NEW OFFICES OF LA PRESSE.

The Montreal Paper Has Very Comfortable Quarters in Toronto.

On Saturday afternoon the handsome new offices of Montreal La Presse, at 72 West King-street, were opened. The occasion was marked by a pleasant social event. A large number of invitations had been sent out, and during the afternoon Mr. T. M. Humble, the paper's western representative, who is himself the very embodiment of hospitality, was kept busy making his guests welcome.

M. Arthur Lamallice of the head office was present, and extended his cordial welcome to the scene of callers. Monsieur Lamallice is well-known in Toronto, and is the very soul of good humor. Mr. Arthur Bertrand, son of the proprietor, was also expected to be there, but was unavoidably detained.

La Presse's new offices are splendidly fitted up and admirably suited to their purpose. They were much admired by the visitors, and congratulations were heard on all sides on the paper's enterprise.

TO TEST A LOGGING LAW.

Obnoxious State Forbidding Exports of Cedar From B.C.

Vancouver, B.C., July 6.—Owing to the fact that cedar timber cannot be exported to the States the price of Puget Sound has gone up to \$12 and the price here down to \$6.50 per thousand. The Loggers' combine has secured eminent legal authority to the effect that the government of the province cannot grant a special license to loggers to cut timber and then prevent their selling it where they choose. The combine will fight the government on the question in a test case.

If the loggers win lumbering will be better than gold mining in British Columbia, as cedar is exceedingly scarce on Puget Sound, which, under the present law, is driving the mill men to business on Canadian sticks.

Doneness Home Dedicated. Whitty, July 6.—The Methodist Deaconess Home in Heydshere Park was dedicated on Saturday afternoon. Mr. Treble, president of the board, made the presentation, and appropriate addresses were made by Mayor Ross, Rev. V. H. Ford and P. H. Ames and Rev. Dr. Spurling.
