## GERMANS REPULSED IN 24 HOUR BATTLE NEAR FRESNOY British Make Further Gains of Ground Northwest of St. Quentin

### LOSSES BY SUBMARINES SHOW LARGE DECREASE

Net Losses of Seagoing Vessels Reported Last Week Number Nineteen—Thirty-Four Vessels Attacked Make Escape.

London, May 9.—Twenty-four British merchant vessels of more than 1000 tons each were reported sunk during the last week, it is announced officially. Twenty-two vessels of less than 1000 tons and 19 fishing vessels also were sunk.

Five of the 24 large vessels were sunk in preceding weeks, leaving the net losses 19.

The official statement says: "Losses of all nationalities, arrivals: 2374; sailings, 2499.

"British merchantmen over 1600 tons sunk, including five not reported previously, 24; under 1600 tons, 22.

"British merchantmen unsuccessfully attacked, including six previously not reported, including one British fishers sunk, including one not previously reported and thirteen sailings, 16."

The statement for the previous week (ending April 29) showed 33 large ships sunk and 13 of under 1600 tons, also eight fishing vessels.

The Shell Trust U-Boats.

Reuters' Amsterdam correspondent, quoting Berlin advice, says: "The U-boats have begun its second raiding of the navy budget, Dr. Pfleger, naval reporter of the budget committee, declared that the submarine boats for April would not be less than 1,100,000 tons, and added that the reinsurance looked to the activity by the German navy with a confident hope of a speedy and victorious end."

(Continued on Page 6, Col. 6)

### CANADIAN LOSSES NEAR NINETY THOUSAND MARK

Ottawa, Ont., May 9.—The following is a statement of casualties of the Canadian expeditionary forces reported to the record office to May 8th, 1917:

	Officers	Other Ranks	Totals
Killed in action	774	14,555	15,329
Died of wounds	242	5,000	5,242
Died of sickness	49	1,191	1,240
Presumed dead	38	1,481	1,519
Wounded	2,743	60,913	63,656
Missing	109	2,751	2,860
Totals	3,952	85,891	89,843

### PETROGRAD QUIET, WASHINGTON HEARS

Disturbance End in Great Demonstration for the Government.

MINISTRY IS PLEASSED

General Conditions Good, and There Has Been No Bloodshed.

Washington, May 9.—Official reports from Petrograd indicate great improvement in the political situation. A despatch dated May 5 and received today said that the street disturbances ended in a great demonstration for the government, and one dated May 7 reported quiet everywhere. This paragraph of the despatch was issued at the state department.

"A despatch to the department from Petrograd dated May 5, stated that the street demonstrations ended in an overwhelming demonstration for the government. The ministry is well pleased with the situation. There appears to be no opposition to it elsewhere in Russia. The ministry issued an explanation concerning its policy and the workmen have thus been appeased.

"A telegram dated May 7 states that extreme quiet has reigned since the morning of May 5 and that the government has asked citizens to refrain from assembling. This telegram also states that the ministry is satisfied with general conditions.

### WAR SUMMARY

THE DAY'S EVENTS REVIEWED

THE weekly report of the British admiralty, issued yesterday, shows that German mines and submarines sank 19 sea-going vessels last week and five sea-going vessels previously. In the previous week the enemy sank 33 sea-going craft and the week before that he sank 40. On these figures the shrinkage in the past week has totaled as high as fifty per cent. of these larger vessels, that is, ships of over 1600 tons. The admiralty also reports that the foe unsuccessfully attacked 34 vessels, an unusual number also. Twenty-two coasting craft and other vessels of under 1600 tons also fell prey to the enemy. The figures issued yesterday show a sudden slump in submarine operations and previous despatches from London have hinted rather broadly that this consumption has come from new methods of combating the U-boats. Meanwhile the Germans profess in the reichstag, preparedness to wage a more ruthless submarine warfare than ever.

Germany and her allies are about to make another peace offer, a despatch from Amsterdam insists. Dr. von Bethmann-Hollweg will answer a question about the peace in the reichstag next Monday. He will then make a new plea to the allied and German galleys. The reichstag will then adjourn, but not until autumn. That Germany would make another offer of peace has impressed allied opinion for some time. Her terms, it is estimated, would be a whole, allied observers declare, still believes that Germany has won the victory and that the allies are holding out from sheer obstinacy. Other students of German conditions assert that many Germans have begun to doubt the German official communications. It is this latter class that is haunting the new peace speech of the chancellor. Von Hindenburg also probably insists on peace negotiations.

The section of the British front between a point north of Fresnoy and the Gavrelle windmill became a fierce battlefield yesterday when the Ger-

### BRITISH RAPID DRIVES CAUSE FOE BIG LOSS

Victors' Casualties Are Light Considering Gains, Says Bonar Law.

HUNS SHOW HYSTERIA

Germans Strive Desperately to Conceal Truth About Heavy Reverse.

London, May 9.—(Via Reuters' Ottawa Agency)—In the house of commons today Right Hon. Bonar Law, chancellor of the exchequer, referring to the west front, said the rapidity of the attack had forestalled the enemy, who had to fight in the open with heavy losses because he had no time to prepare trenches.

Since April we had taken 30,000 prisoners, 257 guns and 227 trench mortars. While in the first 24 days of the Somme drive we advanced three and one-half miles on a six-mile front, we had now advanced from two to five miles on a twenty-mile front where there were twice as many German divisions against us as on the Somme, and half of them had to be withdrawn.

Our casualties in the present offensive were from 50 to 75 per cent. less than on the Somme. Our success was largely due to our distinct artillery superiority, in connection with which the chancellor paid a warm tribute to the British troops.

Referring to the entry of the United States, the speaker said the Germans had shown an amazing organization, power and resourcefulness of every kind, which, in a better cause, could not have failed to win the admiration of the world. But they had made many mistakes, mainly in failing to understand human nature. He thought they had made a mistake in deciding to start the ruthless campaign on the sea, not against their enemies, but against mankind. They must realize that America being forced into the war, they had made a mistake in deciding to start the ruthless campaign on the sea, not against their enemies, but against mankind. They must realize that America being forced into the war, they had made a mistake in deciding to start the ruthless campaign on the sea, not against their enemies, but against mankind.

### ALLIES MUST MAKE GREAT SACRIFICES

Conscription Will Save Many Lives by Hastening War's End.

TAFT VISITS LONDON

Tells Audience of Folly of Volunteer System in Campaign.

London, Ont., May 9.—An assemblage comprising more than 200 of London's representative citizens packed the Winter Gardens in this city tonight to hear the former president of the United States, William Howard Taft, deliver an address on "The United States and the War." The address was given under the auspices of the Women's Canadian Club, the members of which are meeting with the women of London to raise a fund of \$15,000 to furnish the army with supplies.

Mr. Taft's speech consisted largely of a resume of conditions that led up to the United States' break with Germany, which he referred to in terms of the strongest praise to President Wilson's patience in dealing with Germany and her pretensions on the Atlantic coast, and the impact of the war on the American people.

Mr. Taft's speech consisted largely of a resume of conditions that led up to the United States' break with Germany, which he referred to in terms of the strongest praise to President Wilson's patience in dealing with Germany and her pretensions on the Atlantic coast, and the impact of the war on the American people.

### MACKENZIE ADMITS PAYMENT OF CASH

Sensational Evidence Given at Inquiry in Progress at Vancouver.

Vancouver, May 9.—Another crowded court room this morning greeted Justice Gregory when the inquiry of the Cowper charges against Hon. M. A. Macdonald was resumed.

Dr. Mackenzie, after denying that he had acted as agent of the Canadian Northern Railway in the alleged \$15,000 transaction with Macdonald, finally admitted that he had paid the proceeds of a cheque amounting to about \$14,500 or \$15,000 to Macdonald. He recounted how he had left the money in the safe at the Hotel Vancouver over night; and next morning called up Macdonald by arrangement, and Macdonald came to his office and got the money.

Charles Campbell, president of the Vancouver City Liberal Association and secretary of the provincial Liberal Association, said that he had gone to Victoria and seen Hon. Mr. Macdonald regarding \$15,000 which the Liberals owed around Vancouver. Mr. Campbell said that no sum of \$15,000 had reached the Liberal finance committee. He had seen Mr. Macdonald, who told him he did not get the money personally, but that it had been used up-country.

When see this afternoon Attorney-General Macdonald said, in regard to the testimony of Dr. Mackenzie, that his original denial made in the house still stands.

### MAJOR-GEN. KARTZOFF KILLED BY ASSASSIN

Commander of Siberian Division Falls Victim to Attack at Riga.

Riga, Russia, via London, May 10.—Major-General Kartzoff, commander of the Siberian Rifle division, was killed while walking near the railroad station. His assassin disappeared.

The soldiers' among whom Gen. Kartzoff was very popular, deny the assertion that the assassin was one of their number.

### BIG LOAN TO BELGIUM WILL BE MADE BY U. S.

Seventy-Five Million Dollars to Be Advanced in Monthly Payments.

Washington, May 9.—The United States has arranged to make a loan of \$75,000,000 to Belgium which will be advanced by the Belgian relief commission.

The loan will be advanced at the rate of \$2,500,000 a month, of which \$7,000,000 will be available for relief in Belgium and \$5,000,000 for relief in northern France.

By making the loan the United States will take the burden of the relief of Belgium and France from the shoulders of Great Britain and France and prevent it from this country so far as possible.

### GOVERNMENT TO AID INDUSTRIAL TRAINING PLANS

Foster Intimates That Grants Will Be Made to Various Provinces.

PRESSURE IS STRONG

Both Sides of House Impatient Over Ottawa's Long Delay.

Ottawa, May 9.—The government intends at an early date, probably at the present session, to promote technical education by financial grants for that purpose to the various provinces. The announcement came in the nature of a surprise after a debate which lasted the entire afternoon.

The subject came before the house upon a resolution offered by Mr. Lemieux, calling upon the government to at once carry out the recommendations of the royal commission on technical education. Hon. T. W. Crothers, minister of the royal commission, speaking for the government, said that no expenditure along this line could be attempted until after the war. This announcement met with a storm of protest from both sides of the house.

In the end Sir George Foster proposed a substitute resolution, pledging it to promote technical education at the earliest practicable opportunity. Sir George explained that the government did not wish to be bound down to a specific amount of the royal commission, many of which were not of a practical character.

Need of Technical Education.

Hon. Rodolphe Lemieux moved the adoption of a resolution declaring that in the opinion of the house of commons the earliest opportunity with a view to the technical education of the country should be taken at the earliest opportunity.

Hon. T. W. Crothers, minister of labor, said the government was anxious to promote technical education but did not believe that it should

(Continued on Page 9, Col. 4)

### NEW YORK GREETES FRENCH VISITORS

Joffre and Viviani Meet With Great Reception From Multitude.

New York, May 9.—New York surprised unconditionally to Joseph Joffre, marshal of France, and Jacques Viviani, minister of war, who arrived here at 4:05 this afternoon. Not only did the world's largest city capitulate to the Marne and to Rene Viviani, former premier of France, who headed the war mission to the United States, but it accorded them a triumphal entry.

The men who led the city honor roll did not hide the emotion they felt. From the moment they alighted in the Fifth Avenue mansion of Henry C. Frick, they were not permitted to have within its gates the representatives of the sister republic, ally of the United States.

They were escorted from the battery to the city hall by a squadron of cavalry and two troops of mounted police, thru the canyon of Broadway, which was choked with a wildly cheering multitude. At the city hall Mayor Mitchell and Joseph H. Choate, M. Viviani responded.

America, said Mr. Viviani, waited a long time before deciding to enter the world war, because she wanted to be certain to enter on the right side. France fought for liberty, consistency, and the blood and to make the terrible sacrifice to win liberty for the world, he explained, and that was why America finally stepped in. France and material support, also she had never doubted that it would come. The greatest lesson of the war, Mr. Viviani declared, was conscription, because, as long as there was a warlike Germany, democracies would be in danger, with their duty to remain armed.

### GEAR WILL DIRECT STEEL SHIP BUILDING

R. P. Butchart and Capt. Troop Will Deal With Wooden Vessels.

Ottawa, May 9.—Announcement was made tonight by the imperial munition board that W. I. Gear, of the Robert Reford Company, Montreal, has agreed to give his services to the board as director of steel shipbuilding in Canada, undertaken by the board on behalf of the British minister of shipping. Mr. Gear will be located at Ottawa in the office of the imperial munition board.

R. P. Butchart, of Victoria, B. C., has been appointed director of shipbuilding for British Columbia, to deal with the building of wooden ships there. Capt. J. W. Troop, manager of the British Columbia coast service of the C. P. R., will act as assistant director.

### DINEEN'S ALTERATION SALE.

This is "alteration sale week" at Din en's. Retail selling is going on as usual, in spite of the presence of the contractors' workmen. Do not shop this week without visiting Din en's, 140 Yonge street.

### GROUND NEAR FRESNOY HAS BEEN REGAINED

British Again Hold Most of the Territory Lost on Tuesday.

British Headquarters in France, May 9, via London.—Most of the ground lost by the British in the vicinity of Fresnoy has been regained. Heavy fighting was continued last night and early today about the village of Fresnoy, from which the British were compelled to withdraw yesterday after fiercely resisting several German counter-attacks in force. The British launched a counter-attack, and the Germans now are barely holding the village proper.

North of Fresnoy the enemy was said to be concentrating for further attacks, but the British artillery came into play and dispersed all the hostile forces.

### U. S. AID TO OFFSET RUSSIA'S WEAKNESS

Cambon Says Future Conduct of War Depends on New Ally.

FREE NATIONS UNITED

Recent War Council in Paris Significant of a New Order.

Paris, May 9.—The results obtained at the recent war council held in Paris were highly satisfactory on all points, and the American Government has been informed concerning the discussions, according to Jules Cambon, general secretary to the ministry of foreign affairs. This conference was attended by Premier Lloyd George, Admiral Sir John R. Jellicoe, Field-Marshal Sir Douglas Haig and Major-General Sir William Robertson, representative of Great Britain; Rear Admiral William S. Sims, representing the United States, and other military and naval leaders.

"More and more it is becoming evident that the future conduct of the war is going to depend upon America, the moral, material, military and naval forces of which constitute factors of the very highest importance," said M. Cambon today.

"Owing to conditions in Russia, activity on the eastern front may be somewhat slackened by reason of Russia's interior problems, but the action of America gives us the advantages, offsetting what we might risk losing on the eastern side."

Referring to the recent campaign congress of the allied nations in Paris, M. Cambon said:

"It is an illustration of what President Wilson called an association of free nations against autocracy."

"M. Ribot suggested that the next meeting should be held at Petrograd. This would be significant, because this would be the seat of a parliament representing the free nations, but the parliament of the allies is destined later to play an important part in international affairs."

"The very existence of the inter-allied parliament may become the means of preventing international conflicts and may constitute a permanent union of free nations."

### PACK OF FOXHOUNDS COMING TO OAKVILLE

Duke of Beaufort Makes Present of Famous Dogs to Bert Cox.

Special to The Toronto World.

Oakville, May 9.—Owing to the economies in foodstuffs in England and the abandonment of fox hunting for a greater game, the Gloucester pack of fox hounds are now on their way to Oakville to be given a home at the Ennisclaire Hunt, which is owned by Bert Cox, the well-known breeder and the man placed in charge by the Canadian Express Company to their destination tonight in one of the company's most up-to-date cars. The hounds were the centre of attraction all day today at the Canadian Express Company's siding at Mountain street, which was packed with people. The pack was sent to Oakville in charge by the company took great pains in showing the canines to the numerous visitors.

The Duke of Beaufort, which has always been looked on as one of the best in England. Owing to recent military orders dogs had to be sent out of England or destroyed, and thru this Canada is benefited thru the receiving of this pack. They have been sent to Ennisclaire Hunt as a present from the Duke of Beaufort. Half of the pack are bitches, while there are also a number of well-known stud dogs in the lot.

The expense of sending these dogs to Oakville amounted to forty-two pounds, which amounts to \$200 in Canadian money. They are as fine a looking lot of fox hounds as ever shown in America, and will no doubt be greatly valued by their new owner.

### ANOTHER OFFER OF PEACE SOON FROM GERMANY

Imperial Chancellor Will Make Speech on Subject Next Monday.

LOCAL FIGHTS GO ON

British and French Reports Tell of Intense Artillery Fire.

London, May 9.—A despatch to the Exchange Telegraph Company from Amsterdam, says that it has been confirmed that Germany is about to make another peace offer in conjunction with her allies.

A special despatch from Berlin received here, via Copenhagen, says that Dr. von Bethmann-Hollweg, the imperial chancellor of Germany, will answer a peace interpellation in the reichstag Monday. The despatch adds that the reichstag will adjourn in the middle of May, but not to autumn, as is customary. Parliamentary objections to leaving the government in control from the May adjournment until autumn have resulted in plans for a short summer session in July.

The fighting near Bullecourt. The communication issued this evening says:

"There was local fighting during the day in the neighborhood of Bullecourt, in the course of which a party of the enemy, while attempting to advance to the attack across the open fields, was met by our machine gun fire and suffered heavy casualties."

"There has been considerable artillery activity on both sides at inter-vals during the day northwest of St. Quentin and in the neighborhood of Bullecourt, Waziers and Arras."

"Last night our troops advanced their position slightly northeast of Hargreaves."

"Yesterday evening the enemy attacked our positions northeast of the Gavrelle village. The attack was broken up by our intense artillery and machine gun fire and completely repulsed."

"At the same time hostile forces were concentrating for an attack north of Fresnoy, where they were dispersed by our artillery fire."

"West of Fresnoy we improved our position during the attack across the open fields. A portion of the ground lost yesterday morning has been regained."

"Early this morning an enemy raiding party was driven off east of Arras."

### THE BEST Local Paper

The Toronto World yesterday published 76 purely local items in 14 pages.

The Mail and Empire published 28 local items in 14 pages.

The Globe published 31 local items in 18 pages.

The World published twelve more local items than The Mail and Empire and The Globe combined.

# EATON'S DAILY STORE NEWS

## For the Out-of-Doors Season---Charming Modes in Sports Attire

Summers May Come and Winters May Go, But it Would Seem That Fashion, for Once, is True to a Mode! The Sports Costume Appears to Have Come to Stay, and One Finds Immense Satisfaction in the Thought. For Instance, Should it be a Middy for That Game of Tennis You Are so Keenly Anticipating, or a Delightful Suit in Khaki-kool for the "Thé Dansant" at the Country Club—No Matter What the Occasion, Here Are Captivating Garments for Your Choosing.

A. Doesn't it suggest jolly picnics on a across-country tramps—this jaunty middy with its cleverly cut belt and pointed pockets? It is fashioned of natural pongee, and the pocket flaps, cuffs, large collar and revers are of a slightly darker shade of silk poplin. A fanciful touch is given by the colored lattice-work designs woven into the fabric. Price, \$3.50.

B. "Paul Jones" is a name to remember—in middies! And one can swing a tennis racquet with ease when one is clad in such a middy as that pictured above. Such sensible pockets are those which adorn the belt, and the sailor collar, pocket, cuffs and belt piping are of Copen. Jean, relieved by rows of white braid. A wide lace finishes the neck. Price, \$2.00.

C. If one has dreams of possessing a silk Jersey coat, then here is a lovely model in that shimmering shade known as coral pink! Are not its deep pouch pockets interesting? The back of the coat is unusually graceful, with its crossed girdle and deep collar, which flares picturesquely over the shoulders. Price, \$22.50.

D. Delightfully cool for the hot days of summer would be a middy of soft white silk. So many prefer the coat style, and this simply tailored model in all white is as pretty as one could desire. It depends solely upon patch pockets and belt for trimming, the large collar being in square-backed style. Price, \$4.50.

E. None but a clever designer would think of extending the skirt of this Jersey coat to meet the needs of a pocket—and how attractive is the result! Imagine, too, a daring color combination of yellow and nell rose and you have the secret of the coat's exceeding smartness. The wide collar is convertible in style, and the predominating color is rose, with insect collar, cuffs and bandings of yellow; rows of fancy yellow stitching ornament the bottom of the skirt and pockets. Price, \$14.75.

F. Concerning the separate skirt much may be said, but let it be known that it is made from khaki-kool and its success is assured! This particular skirt is in an alluring oyster shade, the exquisite embroidery on the girdle and around the bottom being in mauve, green, blue and yellow. The top of the skirt is shirred underneath the wide belt, which has the embroidery across the front. Price, \$25.00.

G. For all practical purposes one would choose this skirt of wool Jersey. The rows of self-covered buttons on the front panel are most effective, while the square pockets are in loose bag effect. The back is gathered full under a narrow belt, which crosses in front and buttons on either side. The model sketched is in a cool woody shade of green. Price, \$12.50.

P. In the fashionable Havana brown shade—an Armstrong brogue with low English walking heel; perforated toecap, vamp and facings and welt sole. They are cut from soft, fine calf, and are priced at \$8.00.

K. In a rich cream shade—a buckskin brogue with semi-low heel (rubber tread), Goodyear welted sole and white rubber outsole. They have ball strap and tip over the vamp. An Armstrong model. Priced at \$8.00.

L. When bronze Jersey cloth is combined with wool embroidery one may expect the effect to be wholly fascinating. And that you might have a better view of the cunningly wrought designs, Madame obligingly turns her back to show the large collar and belt, with its purple, green and blue bandings. Were one to see the skirt one would discover embroidered pockets and a narrow belt. Price, \$40.00.

K. Afternoon tea on the club house porch would be much more enjoyable were one to wear an adorable suit of white silk Jersey! Of that, and more, for the deep bandings on the bottom of the coat, collar and cuffs are in a lovely shade of rose wool Jersey. The pleated and plain belt is trimmed with large pearl buttons, as are the deep pockets set in the banding. The plain shirred skirt has a frilly heading and a narrow belt of wool Jersey. Price, \$45.00.

J. Most effectively arranged are the black buttons which ornament this smart suit of green khaki-kool. A row of black buttonholes trims one side of the collar, the latter and wing cuffs being of white khaki-kool. The back and front have two rows of cordings, finished with embroidered motifs. The pleated skirt has panel front, button-trimmed to match the coat, and a soft girdle. Price, \$70.00.

S. Brimful of fancy stitching and a tassel was this felt sports hat when it was launched upon a critical world! The hat itself is in a shade of nell rose, the stitching and tassel being of old blue. Price, \$5.50.

T. All ready for an early morning ride—perchance through the cool green leafiness of High Park—is this truly tailored young person! Her jaunty sailor is an imported model in fine white Milan, and the wide band and smart bow are of black corded silk ribbon. The upper side of the brim has a loose band of the straw. Price, \$7.00.

U. Becoming to most faces are the wide-brimmed sailors so popular for sports wear. And this season designers have decreed that they shall droop in the back and front, sometimes, as in the sketch, giving but a tantalizing view of one's eyes. The hat shown on the model is of mustard felt, with bands of two-toned ribbon around the crown, finishing in front with pretty bows. The ribbon is purple and green in color. Price, \$7.00.

O. When one is eighteen and pretty, one takes keen interest in an informally tailored suit of ivory white khaki-kool! Moreover, one recognizes its just claim to smartness when viewed in the light of rain-bow-striped bandings. These are woven in the material, and add greatly to the modish appearance of the suit. Should the youthful model remove her coat, you would find that the box-pleated skirt has insets of striped banding on either hip. Price, \$50.00.

FOOD PRODUCTION AND THRIFT

EVERYBODY HELPS TO PRODUCE FOOD

Hundreds of Acres Given by Real Estate Owners to Production Club

MANY ANSWER CALL

Public is Rapidly Realizing Seriousness of the Situation.

Real estate owners in and near the city are co-operating generously with the War Production Club in the campaign for increased production this year by bestowing for the use of the club large tracts of land.

The large lots will be laid out in five-acre units. No lot will be given to any individual, but will be divided among groups of business houses, as banking institutions, insurance houses, warehouses, large stores, in such proportions as can be properly cultivated.

The club is not anticipating that these service will free the employees from their obligations of spending their vacations of three weeks on the farm.

Clergyman Will Work. The majority of people, however, in every walk of life are realizing the seriousness of the food situation.

The Ontario Government Public Employment Bureau on Bay street is also receiving many applications for help from farmers, and many men have been placed on the farms within a radius of one hundred miles of Toronto.

There has been a large demand for seeds by soldiers' wives and others. A number of packages of seed potatoes are being prepared and will be ready for distribution at the end of the week.

By a Staff Reporter. Ottawa, May 9.—Hon. Martin Burrell stated in the House today in reply to Mr. D. D. MacKenzie, that potatoes for seed or other purposes were being sold at the experimental farm at Ottawa at \$2.00 per bushel.

FLOUR UP IN WINNIPEG. Winnipeg, Man., May 9.—Flour is up in Winnipeg, making the price of first patents \$15.40 a barrel, or \$7.70 per sack.

If Your Hair Is Coming Out Read This. Thousands of people suffer from baldness and falling hair, who, having tried nearly every advertised hair tonic and hair-grower without results, have resorted themselves to baldness and its attendant discomfort.

Thousands of people suffer from baldness and falling hair, who, having tried nearly every advertised hair tonic and hair-grower without results, have resorted themselves to baldness and its attendant discomfort.

OLEOMARGARINE FAVORED BY CITY HALL MEETING

Women Ask Government to Allow its Manufacture and Importation.

Oleomargarine was yesterday afternoon demonstrated at the city hall as the best substitute for butter and the most economical for the poor people to buy in these times when the cost of food is daily increasing, especially butter.

The meeting was called by the National Council of Women to demand from the Dominion Government the power for its manufacture and importation into Canada. The resolution to that effect was passed by a standing vote and ordered to be forwarded to the government.

GALT PAYS MORE, TOO. Galt, May 9.—Thursday the price of bread advanced here to 10 cents.

Speculators Blamed. Brantford, May 9.—Bread went up today to ten cents a small loaf, and local bakers express the fear that if government action be not taken at once to stop speculation in wheat it will go up to 15 cents.

PRICES SOAR AGAIN. Woodstock, May 9.—The expected advance in bread came today. A week ago the bakers boosted the price to nine cents and today advanced the price to ten cents for a pound and a half loaf.

Public dancing Arena every night. Agnes D. Muir and William Muir, of Toronto, will divide the estate of \$25,795 left by their father, Rev. Jas. Muir, a retired Presbyterian minister, who died in his home, 288 Glen road, March 2.

WILLS PROBATED. Agnes D. Muir and William Muir, of Toronto, will divide the estate of \$25,795 left by their father, Rev. Jas. Muir, a retired Presbyterian minister, who died in his home, 288 Glen road, March 2.

BOARD NOW HAS POWER TO RUN PENNY BANKS. The school trustees have received the following communication from the deputy minister of education regarding the proposed reformation of the penny banking system in the public schools:

AT SHERBOURNE HOUSE CLUB. A delightful musicale given by a number of Toronto artists at Sherbourne House Club for the Sherbourne Chapter, I.O.G.E., was very much enjoyed, and some 10,000 articles made and donations sent to the convalescent hospital on College street.

GIVEN WRISTLET WATCH. Mrs. Glascock, the energetic founder of the Maple Leaf Club, College street, was presented with a beautifully engraved wristlet watch in the presence of over 100 returned soldiers.

APPEAL ALLOWED. J. R. Willoughan's appeal in the second divisional appeals court was yesterday allowed with costs, in his action disputing Judge Winchester's judgment against him for \$802.40, as excessive.

APPEAL DISMISSED. Mrs. Charlotte Ellis at Osgoode Hall yesterday lost her appeal for \$2000 damages against the City of Toronto as the result of a fall on Bloor street during the winter when the sidewalks were in an icy condition.

STRAND THEATRE

OF

SARAH BERNHARDT

IN

MOTHERS OF FRANCE

THE PICTURE EXTRAORDINARY

Enthusiastically received and acclaimed as the most powerful and artistic drama ever presented in Toronto.

Staged in France and directed by the government of France.

Special musical numbers. Madame Maubourg and John T. Fiddes of the Metropolitan Opera Co., soloists.

NOTE—If Possible Attend the Morning or Afternoon Performances

CITY HALL NOTES

The board of control will petition the federal government to establish a national shipbuilding plant in Toronto.

The mayor has been notified by Hon. A. J. Balfour that if he can make arrangements at the termination of his visit to the United States he will visit Toronto.

Finance Commissioner Bradshaw reports that in April \$461,855.75 was collected of taxes in arrears, leaving a balance unpaid on May 1 of \$2,761,658.48.

The board of control yesterday refused to ask the provincial secretary to appoint a returned soldier with practical farm experience as foreman of the city farm and held it had adopted the right policy in appointing Mr. Medland.

Judge Boyd, of the juvenile court, has asked the board of control not to charge any salary increases in his department against his estimates of \$15,000. The mayor stated that he would confer with the attorney-general regarding the amount allowed to the court by law.

City Auditor Sterling yesterday stated that the heads of the civic departments included salary increases on their pay sheets for employees overseas, but that he had held up the issue on an order from the board of control. The mayor declared that the men overseas would get their increases and get it quick.

Mayor Church yesterday proposed a coal commissioner for Toronto. He said the city should get busy to provide a large supply of coal to meet any emergency and the best way, he thought, was to appoint a man who could devote his whole time to the work, and purchase from the pit, not to interfere with the courses of study or encroach on the regular school hours.

Dr. Hastings advises the citizens to start at once on the destruction of the mosquitoes by destroying their breeding places. He tells them to upset or drain every old can or bottle in the back yard or vacant lot, to see that the eavetroughs are not damaged near the drain pipe, and thus forming pockets of water which make a breeding place for mosquitoes and to spread a quart of kerosene or crude petroleum over any stagnant pool.

AT SHERBOURNE HOUSE CLUB. A delightful musicale given by a number of Toronto artists at Sherbourne House Club for the Sherbourne Chapter, I.O.G.E., was very much enjoyed, and some 10,000 articles made and donations sent to the convalescent hospital on College street.

GIVEN WRISTLET WATCH. Mrs. Glascock, the energetic founder of the Maple Leaf Club, College street, was presented with a beautifully engraved wristlet watch in the presence of over 100 returned soldiers.

APPEAL ALLOWED. J. R. Willoughan's appeal in the second divisional appeals court was yesterday allowed with costs, in his action disputing Judge Winchester's judgment against him for \$802.40, as excessive.

APPEAL DISMISSED. Mrs. Charlotte Ellis at Osgoode Hall yesterday lost her appeal for \$2000 damages against the City of Toronto as the result of a fall on Bloor street during the winter when the sidewalks were in an icy condition.

Headquarters for Office Supplies

HUNDREDS of commercial and financial institutions in Ontario now buy all of their office supplies from us, because they find it economical to do so. It saves them time, labour and money, and eventually, we get to know their needs, and know how to fill them with the least friction and delay.

They have monthly accounts and they can keep track of their supplies, instead of frittering away a lot of petty cash items for them.

Why shouldn't you make a similar arrangement with us. You will find it to your advantage to do so.

Write for our office supply catalogue, or ask one of our travellers to call upon you and explain our proposal fully. (Phone, Main 7834)

### It's All In The Tie Space

The reason why one man has to pull and jerk his tie into place while the other slides his around easily is due entirely to the tie space provided in the collar.

Very few makes of collars have enough tie space—especially in the larger sizes.

The design of W. G. & R. collars is such that every man, whether he wears size 14 or 17, secures ample and uniform tie space.

W. G. & R. collars are the "slide-easy" kind—a boon to mankind.

Come, try them you fellows who have been wearing the other kind. Life is too short to be unhappy.

Also W. G. & R. Fine Shirts, Pyjamas, Summer Underwear and Boys' Blouses

#### HOLD ANNUAL MEETING.

At the annual meeting of the ladies' auxiliary of the west end Y.M.C.A. it was reported that \$1552 had been raised, part of which had been devoted to furnishings for the Red Triangle Club, the balance to be used in definite work for soldiers. Also that boxes valued at \$200 had been sent to Capt. C. Sharpe in

France to be distributed by him. The officers for the year are: Honorary president, Mrs. A. B. Alexander; first vice-president, Mrs. E. H. Bowles; second vice-president, Mrs. G. N. Elliot; secretary, Mrs. A. W. Fredrick; corresponding secretary, Miss Roper; financial secretary, Mrs. A. E. Gynn; treasurer, Mrs. J. Semple. Public dancing arena every night.

### ENGLISH FORMATION LOSES FRESNOY

#### One Battalion Withstands Shock of Almost One Division.

Canadian Army Headquarters, May 9.—The night of Tuesday passed in comparative calm on the Canadian front, but to the south, around about Fresnoy, there has been heavy fighting.

Concentrating the greater part of a division of his most trusted Bavarian troops against the Fresnoy front, held by a single British battalion, Prince Rupprecht attacked at dawn Tuesday and carried the village. His over-matched defences fought with tenacity and stayed the Bavarian advance well to the east of Arieux. The Canadian front to the north was re-organised to conform to the new line in the region about Fresnoy, and the artillery set about its task of making the village untenable to the enemy. Counter-battery work still engrosses attention on the Canadian front with satisfactory results. The enemy's fire from heavy guns mounted in the region of Lens was distinctly slackened. He makes much use of gas shells.

Aerial activity at present is great. The British supremacy in this department, challenged earlier in the season, is now assured.

### RUSSIANS BEGIN MARCH TOWARDS JENAWER

#### Break Thru German Positions Near Senné in Rumania.

Petrograd, May 9, via London.—Russian troops on the Rumanian front northwest of Senné yesterday broke thru the German positions and advanced towards Jenawer, says the official statement issued today by the Russian war department. "Russo-Galician front: The enemy's artillery was active in the direction of Vilna, in the Satorochy and Krowo sectors, in the direction of Vladimir-Volynski, and in the Zatorochy-Helivou sector. In the region of Zwyjen, to the east of Zolotcheff, the enemy exploded two mines which damaged our trenches. North-east of Brzezany our artillery caused explosions among the enemy's batteries. Elsewhere on the front there were the usual fusillades and scouting operations.

"Rumanian front: The customary reconnoissances and rifle firing occurred. Northwest of Senné our troops advanced towards Jenawer. "In the region of Karolitchi our artillery brought down a German airplane behind the enemy's lines. In the vicinity of Brzezany two of our airplanes brought down two German airplanes behind the enemy's lines."

### THINGS TO WORRY ABOUT

### GOVERNMENT TO AID EDUCATION

(Continued from Page 1).

expend the large amount of money recommended by the commission on technical education until after the war.

Mr. Verville (Maisonneuve) observed that the government had a bill on the order paper for the improvement of highways which would probably involve the expenditure of ten million dollars and this bill was to be passed without delay, notwithstanding the war. That we were in the midst of a war was the very best reason why we should develop technical education.

Mr. Thoburn (N. Lanark) intimated that he would support the resolution. What the country needed was more workers on the farm and more workers in the factory. And yet not five per cent of our high school graduates went back to the farm or dragged into a factory. There was certainly something wrong with our present system of education. We were multiplying professional men. A prominent Ontario judge had told him the other day that the greatest difficulty he had in dealing with the lawyers who were constantly being brought before him for debt. The professions were over-crowded, yet we kept on educating would-be lawyers and doctors and other elite.

Missed Opportunities.—Judge McKenzie (South Cape Breton) said if the children did not go to school they would probably grow up content to remain on the farm, or to work in the factories. An appropriation for technical education, he thought, could be justified as a war measure. He refers to the great amount of raw material being shipped out of this country which ought to be worked up by Canadian labor into finished products. It was his opinion that the nation that we had been sending our great deposits of nickel ore to foreign countries to be refined.

**"MOTHERS OF FRANCE," A STUPENDOUS SUCCESS**

There can be no question as to the stupendous and instantaneous success achieved by the great motion picture, "Mothers of France," which is being presented all this week at the Strand Theatre. It is literally town talk. The over-flowing audiences which it is attracting to the Strand constitute the most eloquent testimony as to the potency of its appeal to Toronto people. Nor is this to be wondered at. Apart from the great name and fame of Sarah Bernhardt, who plays the leading role, the theme of the photograph—the self-immolation of the motherhood of France on the altar of patriotism—is one that arouses a responsive echo in the hearts of all who realize, however faintly, something of the vast debt which civilization and humanity owe to the mothers of that brave land. When to so pre-eminent a star, and to so thrilling a theme, is added a presentation in every way worthy of both, there is no matter for surprise that "Mothers of France" is proving a record breaker. The production is for one week only, and nobody should miss the opportunity of witnessing the most memorable of motion picture achievements.

Public dancing arena every night.

**TO HELP PRODUCTION.**

Rev. S. D. Chown, general superintendent of the Methodist Church in Canada, has issued an appeal to the pastors and trustee boards of the Methodist churches in Canada asking them, where possible, to make the purchase of tickets for the production everywhere free to the people for cultivation, either by municipal action or by individual liberality.

**BUY SAILING FLEET.**

**SUNK BY COLLISION.**

Special to The Toronto World.  
Windsor, May 9.—In a collision between the "John Plankerton," a 2000-ton freighter, and the "Detroit," a Grand Trunk Railway car ferry, in the Detroit River at 10 o'clock tonight the freighter was sunk and the car ferry was badly damaged. All members of the crew on the "John Plankerton," numbering 20, were rescued from the water by a United States mail boat and a marine service boat. The car ferry was badly crippled but was able to make her moorings at the Windsor dock. The cause of the collision is unknown. Thomas McGowan and Ed. Horn, of Windsor, are the owners of the lost "John Plankerton."

**SOLDIERS' HOME OPENED.**

Special to The Toronto World.  
Kitchener, May 9.—The new home of the Returned Soldiers' Association was formally opened here today, when was Shannon of London, commanding officer of military district No. 1, raised the Union Jack. A splendid banquet was held this evening to celebrate the opening.

**THE ROBINS PLAYERS.**

George M. Cohan has furnished the American stage with many evidences of his ability as a playwright, but in "Broadway Jones," which Edward H. Robins and the Robins Players will present for their third week at the Alexandra, his art is said to be more convincingly revealed, and with a greater degree of certainty than anything he has ever written. That it will endure as an example in comedy writing is predicted because of the human interest aroused in its presentation and the atmosphere of real fun its story unfolds.

**"THE WHIP" IN PICTURES.**

The latest big offering of fiction is "The Whip," the screen version of the famous play that ran for three years in New York City, when it was produced by William A. Brady. It will be presented at the Grand, commencing this afternoon. The play was translated into French, Russian and other tongues, and met with enormous success. During the engagement at the Grand a matinee will be given every day.

**NOTED CONDUCTOR WILL DIRECT OPERAS.**

Maestro Giacomo Spadoni, leading operatic conductor, will direct every performance of the Boeton English Opera Company, which comes to the Grand for a week starting Monday evening, May 21, in Gounod's "Faust" and Verdi's "Il Trovatore." In addition to the regular Wednesday and Saturday matinees, a special matinee will be given on Thursday (Victoria Day).

**AT SHEA'S NEXT WEEK.**

Made Lambert, popular musical comedy favorite, assisted by Ernest R. Badl, will headline the bill at Shea's next week. Ben Welch in Hebrew impersonations; the Royal Howallians in a magnificent scenic and singing production; George McKay and Ozzie Ardine in "On Broadway"; Allan Dinehart

and company in a novel sketch; Dooley and Nelson; Margaret Young, singing comedienne; Mrs. Vernon Castle in the ninth episode of "Patricia"; Jack La Vier, flying monologist, complete the bill.

**THE HIPPODROME.**

Robert Harron, popular "Triangle" star, will be featured in "An Old-Fashioned Young Man" at the Hippodrome next week. "The Black and White Revue," a mammoth singing and dancing organization, headlines the bill. The Millards have a musical comedy sketch entitled "Breaking Into a Society" and with five other high-class vaudeville acts and the newest "Key-stone" comedy releases complete an excellent bill.

**KATHLYN WILLIAMS AT MADISON.**

Today, tomorrow and Saturday the headline attraction at the Madison

**ROYAL YEAST CAKES**

WINNIPEG MONTREAL

and company in a novel sketch; Dooley and Nelson; Margaret Young, singing comedienne; Mrs. Vernon Castle in the ninth episode of "Patricia"; Jack La Vier, flying monologist, complete the bill.

**AT THE REGENT.**

The queen of fun makers, Marie Dressler, is drawing capacity houses to the Regent this week, "Tilly Wakes Up," starring Marie Dressler, is without exception the funniest comedy that has been seen in Toronto this season. Kitty Gordon in "The Crucial Test" and the twelfth episode of "The Secret Kingdom" complete the bill.

**STAR.**

Florence Everett, vaudeville entertainer and soubrette, will be with the Merry Madens Company when it comes to the Star Theatre for one week, commencing next Monday. Miss Everett is well-known in this city and is regarded as one of the best soubrettes in burlesque. The comedy rests in the hands of the two comedians, Matt Cobb and Irving Gear.

**LOEWS.**

"Miss America," a musical comedy along new lines, will be the feature attraction the coming week at Loew's Yonge Street Theatre and Winter Garden. Big Herbert and Homer Dennis, Bicknell and Giney Curry and Graham, the Carbury Brothers, Sanders and Hughs and the Corlin Family together with a five-act photo production, featuring the popular screen star, George Walsh, in "Melting Millions," complete the bill.

Public dancing Arena every night.

Statistics show that only one man in 205 grows to more than six feet in height.

Consumption of coffee in France has doubled during the last fifty years.

Silk manufacturing mills in the United States now employ more than 100,000 operatives.

Queen Eleanor of Bulgaria is said to have expended her entire personal fortune for the relief of her subjects.

The coal operators early this year stated that the present labor cost of production is \$1.80 per ton.

**Society**— Conducted by Mrs. Edmund Phillips

The premier will speak in Convocation Hall this evening at 8 o'clock on the "Machinery of Provincial Government."

Lady Maud Cavendish is spending several days in New York, the guest of the Hon. Mrs. Bessie B. Wood, and her daughter, Miss Alexandra Emery, at their residence, 5 East 68th street.

General John Hughes, Winnipeg, who was at the Chateau Laurier, Ottawa, has sailed for England and will pay a three months' visit to the front before returning to Canada.

It is rumored that Mr. Claude Macdonell, M.P., will shortly be made a senator.

Mrs. Cawthra Mulock and her children have returned from an extended visit to Atlantic City.

There was an executive meeting yesterday of the women's section of the Hunt Club. A Lady Merton has resigned from the presidency and her successor is to be appointed.

Mrs. Walsh and Miss Margaret Walsh are returning shortly from Atlantic City.

Mrs. Graham Thompson has returned from a visit to Atlantic City.

At the Marlborough, Atlantic City, all the menu cards are headed with the appeal to the people not to order more than they want, to save waste, and all such things as almonds, etc., are now now provided at all.

Mrs. John Nesbitt and Mrs. Frank MacKellan, who have been for some time in Atlantic City, are returning home the end of the week.

The Dowager Countess of Albemarle, mother of the Earl of Albemarle, Sir Derek Keppel and Col. George Keppel, died at her residence, Lowmies square, London, recently after a long illness, aged 84. She was a daughter of the late Sir Alan Macnab, and she married the late Earl in 1855.

Word has been received from England that Col. Ronald Bell, who took the 83rd Battalion, Q.O.R., to England a year ago, and later commanded the 12th Battalion, is now in France in command of the base of the Second Canadian Division.

Mrs. Leacock, who has been living with her daughter, Dr. Rosamond Leacock, in Spain the summer in the east.

Mrs. Robinson and Miss Lilah Robinson have returned to Hamilton from Toronto, after an absence of several months.

The marriage will take place quietly next month in St. Paul's Church of Capt. Paul Goforth of the 17th Battalion, Nova Scotia Highlanders, and late adjutant of the Canadian Base Depot, Havre, France, and grandson of the late Marquis of Hertford, is among the candidates for British Columbia for the Royal Flying Corps, and is leaving there for Toronto to qualify.

Mr. L. De Veber, lieutenant, C.E.F., has arrived in town from Ottawa.

Mr. Lionel R. Walker, Victoria, B.C., eldest son of the Rev. Reginald and Lady Emily Walker, Bagley, East Sooke, and grandson of the late Marquis of Hertford, is among the candidates for British Columbia for the Royal Flying Corps, and is leaving there for Toronto to qualify.

The Women's Art Association musicale took place yesterday afternoon in the rooms, Prince Arthur avenue, when Mrs. D. Matthews was the hostess, and the artists giving their services included: Miss Edith Taylor, who accompanied; Mrs. Honnill Marshall, Miss Mary Messer, Miss Lawrence Lugsden, Miss Jessie McAlpin.

The wedding took place quietly, owing to the bridegroom having been ordered overseas earlier than he expected, at Dorchester, on the wedding of Mr. and Mrs. Thomas Fossel, 45 Oakmount road, to Mr. John Laurie McLintock, lieutenant of the Royal Flying Corps, a son of Mr. and Mrs. J. H. McLintock, 233 Huron street. The ceremony, on April 24, by Rev. J. G. Balfour of Yonge Street Methodist Church, took place at the rectory.

Mrs. Herbert Gates of London, Ont., is staying with Mrs. George Hagarty, Ryabur road.

Mrs. Merrick, Ottawa, wife of Capt. Merrick, C.E.F., is the guest of Mrs. J. E. Elliott, 1109 street.

Engagement.  
Mr. and Mrs. C. E. Edmonds announce the engagement of their daughter, Hazel May, to Mr. Arthur Douglas Wilson. The wedding will take place the end of the month.

**HAD NO CONNECTION  
WITH LOCAL BRUSH FIRM**

Gideon Bek Co. Was in No Way Associated With Boeckh Bros., Ltd., of This City.

In a recent newspaper item the name of a supposed German company was given as the "Gideon Boeckh Company." The company referred to is the "Gideon Bek Company" and has no connection with "The Boeckh Bros. Company, Limited," brush manufacturers of this city, as is pointed out by the following letter from Crown Attorney Corley:

The Boeckh Bros., Limited,  
166 West Adelaide Street,  
Toronto, Ont.

Dear Sirs: Referring to the recent police court prosecution against one Elmer Binder, said to have been connected with a firm by the name of "Gideon Bek" in Germany, I beg to say that this man and that firm had no connection with the long-established Canadian brush manufacturers' business of "Boeckh Brothers Company, Limited." I have known Mr. Emil Boeckh, the present head of the Boeckh Brothers Company, Limited, for many years. I also knew his parents, who were born in France. Mr. Emil Boeckh's father established this business in Toronto over fifty years ago.

It has been represented to me that some injustice has been caused to this

**Announcements**

Notices of any character relating to future events, the purpose of which is the raising of money, are inserted in the advertising columns at fifteen cents a line.

Announcements for churches, societies, clubs or other organizations of future events, where the purpose is not the raising of money, may be inserted in this column at two cents a word with a minimum of fifty cents for each insertion.

**PAGEANT OF FAMOUS WOMEN:**  
Bathurst Street Methodist Church, Thursday, May 10. Admission 25 cents. Entire proceeds to provide coffee and biscuits for men coming out of the trenches.

**THE ANNUAL GAMES** will take place at St. Andrew's College on the afternoon of Wednesday, May 16th, at 2:15 o'clock. Formal invitations are not being issued. Friends of the college are welcome to be present.

**GENERAL ANNUAL MEETING** Thompson Gowanda Mining Co., Limited.—The annual meeting of the Thompson Gowanda Mining Co., Limited, will be held at the head office of the company, 92 Harbour Street, in the City of Toronto, Ont., at 2 o'clock p.m., on Monday, May 21, 1917.

**MRS. HAMILTON B. WILLS** is having a home-made cake and pie show for soldiers, Friday afternoon, May 11th at the Soldiers' Khaki Club, 9 King St. East.

Canadian company by the confusion of the name.  
(Signed) J. W. Seymour Corley.

**GENERAL MAUDE GRATEFUL  
FOR SOLDIERS' COMFORTS**

Queen Mary's Needlework Guild Headquarters Sends Copy of Letter to Ontario Branch.

Lady Lawley writes from Queen Mary's Needlework Guild in England to the guild in Ontario: I am sending you the following copy of letter from Lieut.-General Maude, as so many of your things have been sent to Mesopotamia that I feel you ought to share in the thanks of Sir Stanley Maude: General Headquarters, Mesopotamian Expeditionary Force, February 2nd, 1917.

"No, no doubt, you receive from time to time individual acknowledgments from here for the bountiful supply of war gifts which are so kindly sent out by your organization, I feel that I should like to write on behalf of the troops in Mesopotamia to say how much we all appreciate these gifts not only because they are useful and meet our requirements so fully, but because we realize the immense amount of labor, time and money which is necessarily entailed in order to enable such good results to be achieved. I would therefore ask you to convey to the president and members of your organization as well as to the numerous subscribers to the fund our most grateful thanks for all that they have done and are doing on our behalf."  
(Signed) F. S. Maude, Lieut.-General, commanding I.E.F. "D" Public dancing Arena every night.

**WILL DISCUSS LIVING COSTS.**

At Monday's meeting of Excelsior Lodge, No. 52, A.O.U.W., in Victoria Hall, it was announced that arrangements have been made for prominent speakers to attend the next few meetings, when the high cost of living will be tackled among other questions. The lodge entertained Lodge Danforth and the evening wound up with a carpet-ball match between the two lodges. The chair was taken by J. Bryson, Master Workman.

**ARRANGING FOR TWELFTH.**

A special meeting of the 12th of July county committee was held Monday evening.

The abundant, creamy lather of Lifebuoy Soap is laden with great cleansing power, and antiseptic properties as well.

**LIFEBUOY  
HEALTH SOAP**

So, when you have used LIFE-BUOY on skin, garment or anywhere in the home you can be sure of cleanliness and SAFETY.

The mild antiseptic odor vanishes quickly after use.

FACTORS AGAINST STRIKE BY MINERS

Northern Mining Men Believes Men Not Willing to Quit.

WELL SATISFIED

Present Trouble Caused by Agitators for Recognition of W.F.M.

While most people connected with the mining business in Northern Ontario are shaking their heads and regarding the labor situation as most critical...

Mr. Amos has been associated with the mining industry, both as a miner and as a broker...

"I think I know conditions in the north country as well as most men," said Mr. Amos...

When asked for the reasons for his optimism, he stated that the most powerful argument against a strike was that a majority of the mine workers were well satisfied...

"I know for a fact," said Mr. Amos, "that at seven of the big mines the Cobalt men are well satisfied and will not strike."

It appears that the question is not so much one of fact as it is of attitude as an attempt by the Western Federation of Miners...

It was pointed out that the same procedure has occurred every year.

"Time for Showdown," Mr. Amos says, "the operators give in to the labor agitators..."

"It is in fact," Mr. Amos says, "that when the vote on the new scale was adopted only about 200 votes were cast..."

The recent registration of the aliens in the camp has had a good moral effect...

"No, I don't think the men will strike," concluded Mr. Amos.

SCHUMACHER ORE RESERVES DOUBLED

Forthcoming Annual Statement Expected to Show Rapid Development.

From a well informed source it is learned that the annual statement of the Schumacher mine...

The chief development work has been done on the new vein system to the south of the shaft...

Aviator Carlstrom and Pupil Lose Lives at Newport News

Newport News, Va., May 9.—Victor Carlstrom, aviator instructor at the Atlantic coast aeronautical station here...

APPLICATION DEFERRED. Guelph, May 9.—T. J. Hannigan, secretary of the hydro-electric radial association...

The West Dome Consolidated, where an aggressive development campaign is steadily putting in sight substantial ore reserves. Preparations are being made to erect a mill.

CONIAGAS REFUSED ANCHORITE OFFER

Installing Latest Type of Machinery to Explore Property.

South Porcupine, May 9.—It is reported here that the Coniagas Mines, Limited, have been offered \$500,000...

The half-a-million dollars is a very good profit for 15 months' work...

It is pointed out that the same procedure has occurred every year.

"Time for Showdown," Mr. Amos says, "the operators give in to the labor agitators..."

"It is in fact," Mr. Amos says, "that when the vote on the new scale was adopted only about 200 votes were cast..."

The recent registration of the aliens in the camp has had a good moral effect...

"No, I don't think the men will strike," concluded Mr. Amos.

SCHUMACHER ORE RESERVES DOUBLED

Forthcoming Annual Statement Expected to Show Rapid Development.

From a well informed source it is learned that the annual statement of the Schumacher mine...

The chief development work has been done on the new vein system to the south of the shaft...

Aviator Carlstrom and Pupil Lose Lives at Newport News

Newport News, Va., May 9.—Victor Carlstrom, aviator instructor at the Atlantic coast aeronautical station here...

APPLICATION DEFERRED. Guelph, May 9.—T. J. Hannigan, secretary of the hydro-electric radial association...

STEADY PROGRESS MADE AT HARGRAVES

Results Encouraging Management to Extend Efforts.

Cobalt, May 9.—The steady progress being made by Hargrave here is attracting attention.

Hargrave started up last November, but active mining did not begin until the end of January...

The success which has attended the efforts of the management...

It is pointed out that the same procedure has occurred every year.

"Time for Showdown," Mr. Amos says, "the operators give in to the labor agitators..."

"It is in fact," Mr. Amos says, "that when the vote on the new scale was adopted only about 200 votes were cast..."

The recent registration of the aliens in the camp has had a good moral effect...

"No, I don't think the men will strike," concluded Mr. Amos.

SCHUMACHER ORE RESERVES DOUBLED

Forthcoming Annual Statement Expected to Show Rapid Development.

From a well informed source it is learned that the annual statement of the Schumacher mine...

The chief development work has been done on the new vein system to the south of the shaft...

Aviator Carlstrom and Pupil Lose Lives at Newport News

Newport News, Va., May 9.—Victor Carlstrom, aviator instructor at the Atlantic coast aeronautical station here...

APPLICATION DEFERRED. Guelph, May 9.—T. J. Hannigan, secretary of the hydro-electric radial association...

TO COMMENCE WORK AT NORTH DAVIDSON

Vigorous Development is Meeting With Good Results at Davidson Proper.

South Porcupine, May 9.—This town is at the southwest end of Porcupine Lake...

Porcupine Proper is at the northeast end of the lake, about four miles distant...

The success which has attended the efforts of the management...

It is pointed out that the same procedure has occurred every year.

"Time for Showdown," Mr. Amos says, "the operators give in to the labor agitators..."

"It is in fact," Mr. Amos says, "that when the vote on the new scale was adopted only about 200 votes were cast..."

The recent registration of the aliens in the camp has had a good moral effect...

"No, I don't think the men will strike," concluded Mr. Amos.

Aviator Carlstrom and Pupil Lose Lives at Newport News

Newport News, Va., May 9.—Victor Carlstrom, aviator instructor at the Atlantic coast aeronautical station here...

APPLICATION DEFERRED. Guelph, May 9.—T. J. Hannigan, secretary of the hydro-electric radial association...

ORDERLY TRADE IN MINING GROUP

Some Further Recessions Occurred, But More Stability in Evidence.

A few weeks ago the mining market had the appearance of being on the decline...

The setting process was continued yesterday, but in a much more orderly manner...

Some of the larger stocks appear to be yielding with each other in breaking...

McIntyre opened 2 points up at 167, and was forced down to 152, closing with a sharp recovery to 156...

McIntyre was actively traded in and sold up 4 points from the opening...

Aside from a rally in Hargrave to 12% on active trading...

On the Davidson proper work is proceeding with great vigor...

The success which has attended the efforts of the management...

It is pointed out that the same procedure has occurred every year.

"Time for Showdown," Mr. Amos says, "the operators give in to the labor agitators..."

"It is in fact," Mr. Amos says, "that when the vote on the new scale was adopted only about 200 votes were cast..."

The recent registration of the aliens in the camp has had a good moral effect...

"No, I don't think the men will strike," concluded Mr. Amos.

MARK HARRIS & CO. ON MINES and MINING

Local mining share traders experienced considerable relief when they awoke last Saturday morning...

At that time it was generally understood that the 5 per cent quarterly dividend would be maintained...

McIntyre—now McIntyre Consolidated—is a company with 4,000,000 authorized shares...

The company is a consolidation of the McIntyre Porcupine Mines, Limited, with original authorized capital of \$3,000,000...

The original McIntyre has an area of 145 acres, Extension of 127 acres, and Jupiter of 79 acres...

The original McIntyre bought the controlling interest of Jupiter when the Jupiter had sufficient ore in sight...

Such men as Manager Ennis, of the McIntyre, and Manager Kaeding, of the Dome...

The workings laterally at 1000 feet depth now being driven by the McIntyre management into the Jupiter territory...

Newray has put down bore holes to east and west systematically and with splendid results...

Newray is about two years behind McIntyre in its development work, and when its shaft is down 1000 feet...

Newray is following fast in the footsteps of McIntyre. At the present rate of progress Newray two years hence should stand where McIntyre stands today...

We believe Newray should be bought for several reasons. Among these reasons is the fact of its small share capitalization.

McIntyre is today the most attractive dividend-payer in Porcupine, standing out in bold relief from Hollinger and Dome...

We invite correspondence and interviews on the subject of such dividend-payers as McIntyre, Hollinger and Dome...

We believe an investment-speculative account made up from this group of issues will provide a satisfactory income...

SHADOW OF TAXES DEPRESSES MARKET

New York Stocks, Including Gilt-Edged Issues, Break Violently. New York, May 9.—The financial community expressed its anxiety at the government's far-reaching program of war taxation today by heavy liquidation of securities. Other phases of the general liquidation were the result of the government's plan of the administration to take over the steel and iron mills of the country. In furtherance of the scheme to hasten the growth of the American merchant marine, the government would take over the existing steamship lines in most parts of the country, which was another deterrent factor. Liquidation came into play at the opening and continued almost to the last hour, when supporting orders in rails and short material recovered. U. S. Steel, for example, retrieving almost all of its 2 1/2 per cent loss with rallies of one to three points elsewhere. The extent of the extreme decline is indicated by the pressure against dividend transportation stocks, leading issues losing two to five points, and transportation issues almost as much, while St. Paul led the stragglers at a setback of 1/4 point. Total sales amounted to 900,000 shares. Assumption of gold imports, the first since the country's declaration of war against Germany, was a significant feature of the international situation. \$15,000,000 being received for account of the estate of Lord Canada. Another new issue of gold for Russia, with a value of \$10,000,000, was announced, with the original conditions at Petrograd, which were respected.

WHEAT SOARS AGAIN ON WINNIPEG CHANGE

New Records Created in All Operations in Which Trading is Allowed. Winnipeg, May 9.—The surprisingly bullish nature of the United States wheat market yesterday afternoon, added fuel to the flames in the report of the American crop, which has been under way for months. New records were created in all markets today. Winnipeg wheat advanced to \$2.14, which is 1 1/2 per cent over its former high record of \$2.00 per bushel. Oats advanced \$4 per bushel, from \$1.10 to \$1.14. May and June wheat advanced to \$1.18 for May and \$1.21 for June. Winnipeg October wheat closed at \$2.10, a gain of 1/8 per cent over yesterday. May wheat closed at \$1.18, July at \$1.21, and October at \$1.24. The gain was 1/8 per cent. Barley closed unchanged. A strong government demand for wheat in the northwestern section of the United States today. Millers and shippers compete with the government for wheat. Cash oats were in indifferent demand. The movement of wheat from the lake terminals is making good progress. With the large number of boats loading, it will be comparatively short time until the elevators are practically empty. High Low Close Wheat—October 216 210 216 Oats—May 118 116 116 July 122 120 120 Barley—May 118 116 116 October 118 116 116

LONDON STOCK MARKET

London, May 9.—The stock market developed a somewhat quiet tone and an irregular tendency on the ocean-going line. The New South Wales loan of \$1,000,000, which checked any improvement in the market, was the cause of the offering of stock. Russian bonds were weak on the political situation. American and Canadian bonds were dull. The market was generally steady. The American demand dropped a fraction and closed dull. Money and discount rates were firm.

LIVERPOOL MARKETS

Liverpool, May 9.—Closing—Prices for provisions unchanged. Australian in London. 62 1/2. Coffee—Common, 22 1/2. Petroleum—Refined, 12 1/2. Lard—100 lb. 22 1/2. Cottonseed oil—Hull refined, spot, 6 1/2.

CHEESE MARKETS

Windsor, May 9.—On account of the lack of space on the ocean-going line, the price of cheese on the local board today dropped six cents. Last week the cheese sold at 26 1/2-14. Today there was an offering of 225 boxes of colored cheese, and the best buyers would offer was 20 1/2-14. The factories held out for 25c, and consequently there were no sales. Public dancing arena every night.

Mayor Church Has Invited Balfour to Visit Toronto

Mayor Church has returned from his trip to Washington where he invited Marshall Joffe and Hon. A. J. Balfour to visit Toronto. He stated yesterday that Marshall Joffe could not come as he could not make arrangements, but that there was a probability that Mr. Balfour would honor the city. The people in the United States were loud in their praise of that Canada had done in the war and they were enthusiastic over their country's entry on the side of the allies. He investigated the coal situation and expressed the opinion that there was no scarcity, but that there was a boom on to raise prices.

WHEAT ADVANCES IN EXCITED BUYING

Chicago, May 9.—Wheat prices today, on top of yesterday's record breaking fourteen-cent gain, shot up in an instant fourteen cents more, and later gathering fresh strength, whirled upward to an extreme of 18 1/2. The impetus came from the government crop report showing the largest abandonment of winter wheat acreage ever known in the United States. Persistent demand that appeared to be for the trading, and so was the fact that cash wheat, ordinary contract grade for immediate delivery, brought \$3.25 a bushel, far the topmost figures obtained at any time in Chicago. Exciting rushes to buy wheat, which had started some portions of the big advance, especially when the market first opened, but taking the day as a whole, the volume of business was much under the normal aggregate, and consisted almost altogether of small lots. The outcome was an unsettled close at 12 to 15 cents net advance, with May at \$3.11 and July at \$2.45 to \$2.46. What the action of the wheat market implies came in announcements issued today that four and a half another jump of a dollar a barrel to \$16.50, making a rise of \$2 in the last three days. It was a virtual certainty beforehand that skyrocketing wheat would be witnessed in the wheat pit, and there were gasps of wonder, but no shock of surprise, when chalk marks on the blackboard over the heads of the traders told of a new fourteen-cent leap made in the wink of an eye.

TRACTIONS LOWER ON LIQUIDATION

Winnipeg Railway Has Had Break and Others Also Sell at Lower Prices. Liquidation has broken out in a fresh place in the Canadian markets, with the tractions the point of attack. Winnipeg Railway quickly reduced to 35, a drop of some fifteen points from a previous sale. Twin City eased four points to 85, and Toronto Falls after selling at 76 1/2, could only be disposed of at 75 later. The break in local listed tractions is caused by the knowledge that the fares in most cases are fixed, while the expenditures are continually mounting. There was larger general liquidation, and concessions were made through the list. St. Paul of Canada was the weakest of the speculative stocks, with sales at 5 1/2. The market for these shares has become very narrow, and no permanent improvement would permit of a serious impression on the price. Small recoveries may be expected in the market any time now, but no permanent improvement is expected on the present outlook.

IMPROVEMENT AT CLOSE

Heron and Company report: Montreal, May 9.—The market was weak again today and prices sold off all day. The liquidation seemed to be pretty well over at the close and there was a little improvement. New York fluctuations are still watched closely and are followed here.

HAS LOTS OF MONEY FOR SCHOOL GAMES

School Management Committee Decides to Buy Prizes for Annual Sporting Events. The recommendation of the senior principal of the high school, Dr. Smith, that the high schools should be excused from taking part in the annual games this year was lost at the management committee of the board of education yesterday afternoon. Trustee Dr. Steele was of the opinion that the \$600 which will be spent in prizes should be saved this year, but Trustee Dr. Noble objected. "We have lots of money," he said. "Perhaps you have," about half Trustee Steele, "but the taxpayer has not."

Government Should Control Country's Shipping Industry

That the Dominion Government should take over and control the shipping industry of Canada was the opinion of Capt. J. B. Foot, manager of the marine department of the Toronto Insurance and Vessel Agency, Limited, but is given by the Old Boys' Association to the school. Mary Stahlschmidt, 120 East Gerrard street, who attends Dufferin School, has been awarded the Lord Dufferin medal given to the pupil of the senior commercial class who the teachers decide will best represent the class in the year to come. This medal was struck off by Lord Dufferin when he was Viceroy of India and presented to the school which bears his name. The winner this year is perhaps one of the youngest pupils yet to win the prize as she is now only fourteen years of age, and the average when graduating from the senior commercial is about 18 years. The medal does not become her property but a replica of the original is given by the Old Boys' Association to the school. Mary Stahlschmidt was born in Toronto but her parents came from Copenhagen, Denmark, several years ago.

Public dancing arena every night

Public dancing arena every night. The new public dancing arena at the corner of Bloor and Queen streets is now open for business. It is a large and comfortable building, and is well equipped for the purpose. The dancing will be held every night, and the music will be furnished by a band of first-class musicians.

NEWS ABOUT BUILDING

Building permits yesterday: F. A. McCabe, detached dwelling, Willard avenue, \$4000; F. Orford, three pair semi-detached, Bathurst avenue, \$11,000; J. Haywood, detached, 2400; J. A. Cole, cottage, Blackthorn avenue, \$1000. A. L. Sanagan, builder, is erecting a pair of semi-detached brick houses on Scarborough road to cost \$6000, and a detached house on same street at cost of \$4500. W. J. Grant, brick soon.

FIRM AS A ROCK

Last December when the world's stock markets were crumbling under the influence of peace overtures by Germany, Davidson Gold Mines stock did not give a point. This week when standard mining issues were breaking on the local market, an advance of two points was registered by Davidson. It is standing up because the property has the confidence of shareholders and is in strong hands. You can invest a moderate sum of money that will yield you 10 per cent, and at the same time secure for you the very best speculative investment opportunities. You will own 260 shares of three companies, and the whole purchase will cost you only \$473. The intrinsic value of Dome stock is \$24 per share; present market value under \$13. Intrinsic value of Coniagas is \$6.60; present price \$3.50. Present price of Davidson is under 80 cents. Buy these select stocks on the following basis:

BUYING TIME METAL PRODUCTION

Authentic reports from Porcupine and Cobalt are favorable to a speedy settlement of the labor problem, and with this deterrent factor successfully dealt with, indications are that mine production will be materially increased, as well as that the market will quickly show marked improvement. When stocks of metal are selling low—below demonstrated mine value—is the opportune time for shrewd buyers to act.

## The New Pinch-Back Models

FOR the young fellow who wants distinctive style—right in those telling points that go to make individuality and determined correctness—Simpson's has just received these new pinch-back models:

### The Utmost in Young Men's Suits at \$25

One model is of fine finished tweed, with dark color thread stripe, beautifully tailored, showing soft roll lapels, slant pockets and cuffs on sleeves. New single-breasted vest. Fashionable straight-cut trouser with cuffs. Sizes 34 to 37.

### Pinch-Back Models at \$35

A Kuppenheimer product of fine chevrot, in plain medium grey, two-button, soft roll lapels style with patch pockets. Lined through shoulders and sleeves with silk. Vest has patch pockets and pleats. Straight-cut trousers have cuffs.

### For the Business Man Who Finds Buying Clothes a Business Proposition

We have the more conservative models for the business man who judges his clothes with the thought in mind that he is judged by his clothes as to the part he plays in life and acts accordingly.

**At \$20.00—** There are many styles. Of special mention is this suit of English tweed, showing white thread stripe. Cut in single-breasted, three-button style, single-breasted vest and trouser with five pockets, and is lined throughout with fine twill mohair. Sizes 36 to 42.

**At \$25.00—** Fine English worsted model, in olive shade, plain pattern, cut in fashionable two-sacque style, single-breasted vest. Trousers have five pockets and cuffs. Hand-tailored throughout. Sizes 36 to 42.

### Boys' Blue Serge Suits

Smart single-breasted pinch-back models, tailored from dark navy imported English worsted serge; three-piece all-around belt; durable twill serge linings, and patch pockets; bloomers are lined throughout, and have belt loops, and expanding knee bands. Sizes 25 to 36. Thursday special at **6.95**

### Boys' Spring Overcoats

Tailored from medium weight tweed coatings, in fashionable grey, brown and fawn shades, showing neat stripes in checks and fancy mixtures; single-breasted slip-on and pinch-back models, with smart lapels, and patch pockets; satin linings through shoulders and sleeves. Sizes 25 to 35. Thursday special **6.95**
