FRENCH COLONY LEAVES ATHENS
PANIC GROWING

British Foreign Office Hints Reign of Terror is in Progress.
TRUTH HARD TO LEARN
 Royalists Known, However, to Have Committed Grave Acts of Violence.

Athens, via London, Dec. 7.—The Greek Government has replied to the representations of the neutral ministers regarding the mistreatment of Venizelist giving assurance that an investigation has been ordered.

Paris, Dec. 6.—A Havas despatch from Athens says that the entire French colony left Athens yesterday. The foreign colonies now fill all the hotels of Piræus and many have embarked on the vessels in the harbor.

"Athens is apparently calm," continues the despatch, "but the population is much impressed by the exodus of the foreigners and in a great state of anxiety. Arrests of supporters of former Premier Venizelos and searches of their residences continue, while the Venizelist organs no longer appear. Barricades have been raised in the streets and are guarded by royalist regular troops augmented by voluntary enrolments of reservists. The entire ministers have been looking after the departure of their nationals.

"At Junina officers of the garrison, aided by reservists, have arrested Venizelos supporters."

ACTS OF VIOLENCE
 London, Dec. 6.—The foreign office has issued a statement to the effect that there is reason to believe that press messages do not give an accurate picture of the actual situation at Athens, because the royalists have succeeded in gaining control of the cable and press censorship and because the allied press correspondents in Athens are under threats of personal violence in common with all those suspected of Venizelist leanings. The foreign office adds that there is no reason to believe that there is any ground to believe that very grave acts of violence have been committed by royalist forces and the mob.

Looting and Persecution.
 Details of the trouble at Athens in the form of despatches to the British authorities, have led the foreign office to describe them to the Associated Press as constituting a program of the royalists against Venizelos' followers.

These despatches state that the looting of Venizelos' own house was conducted by Greek regulars, under command of superior officers, including one general, who wore prominent decorations. The royalists asserted that shots were fired from the house, but the British authorities deny that there is the slightest evidence to support this charge.

After the house was sacked and the articles removed, including the former premier's personal clothing, ten Cre-

NEXT BRITISH MAIL.
 Next British parcel post mail closes tomorrow evening at 5 o'clock.

WAR SUMMARY
THE DAY'S EVENTS REVIEWED

LLOYD GEORGE has accepted the premiership of Great Britain. He will endeavor to form a cabinet that will put more life into the conduct of the war. The military chiefs will receive more vigorous support in the field, the nation will be more actively led. A Bonar Law is to co-operate with Lloyd George in the cabinet-making. Many will see in the present crisis a resemblance to the days of the Seven Years' War immediately before the accession of the elder Pitt to office. It will be remembered that under Pitt's guidance the country was raised from the depth of disaster to the height of glory. It is believed that Lloyd George will stir up effective action. He appears to be stronger in the Liberal party than Mr. Asquith, as indicated by his ability to drive Mr. Asquith from the premiership. A crisis arose in the war council and Lloyd George blamed his chief for his slow-moving. The surprise is that when the foreign policy of the Liberal government broke down and war was declared, the government responsible for the disaster did not fall. It is said that the uncertainty in regard to the labor unions and a threat of class-war then prevented a change.

"Bucharest, Rumania's capital, has fallen to the Germans and what is worse still, Ploechti, an important railway junction, 45 miles to the north of the capital, has also fallen to the enemy. The Germans have thus gained valuable results from their campaign, including great quantities of wheat and oil, and prompt, adequate and decisive action is required to stop their advance further into Rumania.

(Continued on Page 2, Columns 1 and 2.)

Is a Political Crisis at Hand?

The World, if it is to judge by the signs, believes that a great political crisis is impending in Canada; that it may break before New Year's Day. What is happening in England will happen here. The launching yesterday in Winnipeg of the platform of a new progressive party by the farmers of Canada; the series of meetings started last night by Premier Borden to be followed by others by Sir Wilfrid Laurier; the organization of the women from one side of the Dominion to the other because of the war; the rumor that a prominent citizen is going into public life on a platform of conservatism; the news that the Ontario Government have discovered that it would be dangerous to open any seat either in York or Toronto to fill the cabinet vacancy caused by the death of Mr. Duff; the widespread dissent over nickel; the fact that the mother country is torn asunder over the influence of Germany still in British business—even in war policy, and that that dissent is spreading here; the demand for prohibition in Britain and the promise of it in the Province of Quebec; the demand for a coalition government in Canada and the answer thereto in the nature of political attacks—these and a hundred things indicate a great ferment working in the minds of the people, much more actively than in the minds of the politicians. Some kind of a break might occur at any moment.

ARTILLERY FIGHTS ON WESTERN FRONT

Winter Has Held Infantry Operations in Check for Week Past.
"STRAFING" CONTINUES
 Shelling in Fog Weirdly Mysterious and Uncanny Affair.

Copyrighted, 1916, by the Associated Press.
 With the British Army in France, Sunday, Dec. 3, via London, Dec. 6.—(Staff Correspondent Associated Press)

—Winter sold gray and bleak, has held the western battle fronts in its icy grasp for more than a week now, and has temporarily checked any attempt on either side at operations on a large scale. There has been the usual daily "strafing" or exchange of artillery fire, but the shelling has been largely done by what mariners would call "dead reckoning."

Low-hanging, damp, leaden skies have shrouded the land in gloomy darkness, and observation has been almost wholly impossible. For the past seven days there has been a thick mist, while on two occasions the war zone has been completely curtained in a mantle of heavy fog. But through this gray mist the guns kept hammering away—firing at the unseen enemy—barreling post roads and railroads, or any other "registered" place where he was likely to be busy

(Continued on Page 4, Col. 1).

GERMANS RAID MADEIRA PORT
SINK GUNBOAT

Funchal Bombarded and French Warship Surprise is Sunk.
STEAMERS TORPEDOED
 Few People Killed Before the Raiders Were Driven Off From Shore.

London, Dec. 6.—The French gunboat Surprise has been sunk by German submarines at Funchal, Madeira, according to an announcement by the Portuguese minister of marine in a wireless despatch received here from Lisbon. Thirty-four of the crew of the gunboat perished.

A few Portuguese were also killed aboard the steamers Kangaroo and Decia, which were torpedoed, according to the despatch.

A despatch to the Exchange Telegraph from Lisbon says: "News received from Madeira says that 34 persons were killed in the bombardment of Funchal. The submarine shelled the shore for two hours, especially the English cable station and other public buildings, but only small damage was done. The steamers Kangaroo and Decia were torpedoed."

Despatch Dated Monday.
 The despatch from the Portuguese minister of marine was dated Monday, showing that the shelling of Funchal occurred prior to that date.

Lloyd's announces that both the Decia and Kangaroo were torpedoed Sunday by a German submarine.

The Decia was a British cable laying steamer of 1856 tons and was owned by the British Cable Co. The Kangaroo was a French steamer of 100 tons.

The gunboat Surprise was a vessel of 638 tons. She was 134 feet long and carried a complement of 100 men. The Surprise was built in 1895.

Sinking of John Lambert Calls for Further Inquiry
 Washington, Dec. 6.—The sinking of the John Lambert was reported to the state department by the American embassy in Paris, but as the vessel was described as a French merchant man en route from Montreal to Havre inquiry has been made to secure further details.

Records of the department of commerce show that the Lambert sailed from Canada under French papers. An inquiry may be made to establish her exact status.

LLOYD GEORGE NOW IS PREMIER TO FORM A COALITION CABINET

The Official Announcement
 London, Dec. 6.—The court circular tonight, announcing the political audiences and conferences at the palace today, adds:
 "The King gave a further audience this afternoon to Mr. Bonar Law who intimated that he was unable to form an administration. The King summoned Mr. Lloyd George, who at his majesty's request undertook to endeavor to form an administration."

SERBS AGAIN ADVANCE CAPTURE MORE HEIGHTS
 Allies Win Important Success Northeast of Budimirtza in Macedonia—French Make Gain.

Special Cable to The Toronto World.
 London, Dec. 6.—Another important success for the Serbians is reported from Salonica in an official communication issued today. This victory consists of the capture of another ledge of strongly fortified heights northeast of Budimirtza and east of the Cerna, in the face of a tenacious defence of the Bulgarian-Germans.

The French, in conjunction with the Serbians, made another advance north of Paralovo and they took 125 prisoners.

Along the whole Macedonian front the artillery fire is intense.

The Serbian official communication, issued at Salonica today, says:
 "There was a violent artillery duel along the whole Serbian front yesterday. Northeast of Budimirtza by a brilliant assault we carried strongly fortified heights, which the Bulgarian-Germans defended tenaciously, taking a fairly large number of prisoners."

The French official communication on the fighting in the Balkans, issued today, says:
 "During the day of Dec. 5 Franco-

Bonar Law Declines, But Will Co-operate in Choosing New Cabinet—War Will Be Directed by Inner Cabinet Council—Asquith, Balfour, Grey and Lansdowne Must Go.

London, Dec. 6.—David Lloyd George has overthrown the Asquith cabinet and will become prime minister himself. The new government will be coalition, like the old one, but probably without the same measure of harmonious support which attended the formation of the first coalition government, because its birth has created additional factional difficulties.

This result has emerged from another day of active and hurried party conferences and a day of intense suspense and interest throughout the country.

There was a prospect this afternoon that the personal offices of the King might solve the situation and many thought that the Asquith regime might be continued. The King called the party leaders to Buckingham Palace and conferred with them for more than an hour. Mr. Asquith and Mr. Lloyd George, of the Liberals, Mr. Bonar Law and Mr. Balfour of the Unionists, and Mr. Henderson of the Labor party were with the sovereign. It is many years since a British ruler assembled the representatives of the different factions face to face when they had shown themselves unable to settle their differences. But no such serious crisis has arisen before to require such action by the King.

Whatever passed in council is held secret, but the inference that the King tried to arrange a reconciliation appears a most natural one. The five Statesmen departed separately, four in their motor cars and the workmen's spokesman afoot.

Afterwards, the King gave an audience to Mr. Bonar Law, who declined to undertake the formation of a new ministry, and then to Mr. Lloyd George, who accepted the responsibility, as everyone anticipated he would if the opportunity came to him.

Another Coalition Cabinet.
 The official announcement tonight that Mr. Lloyd George had undertaken the task, with the co-operation of Mr. Bonar Law, was a notification that the new government would be coalition. Any party government would be impossible because neither the Unionists nor the Liberals have a majority in the house of commons; either one must attach the Irish Nationalists or the Laborites to itself to command a majority. The Nationalists have refused to participate in the government until home rule becomes established. The Laborites are sworn enemies to Mr. Lloyd George because they resent his accusations that the workmen have put their personal interests above the national interests at times during the war.

The country awaits the rising of the curtain on the next act of this historical and remarkable crisis with an expectancy which never surrounded the birth throes of any previous government. The Lloyd George ministry means the direction of the war by a dictatorship in the form of an inner council of the cabinet and means the scrapping of those elder statesmen, whose supremacy in the councils of the nation until they choose to withdraw from the scene voluntarily, has always heretofore been regarded by the British people as a matter of course.

Mr. Asquith, Mr. Balfour, Viscount Grey and Lord Lansdowne, "must go," the Lloyd George press has been crying. But their going will be attended by widespread misgivings among the people, who have thought their knowledge and experience as necessary to the government as the push and driving power of the group which will succeed them.

Must Form a War Council.
 Mr. Lloyd George is committed to the formation of a war council and the membership of that dictatorship will be the most important and crucial work he will have to deal with.

Andrew Bonar Law, the Earl of Derby and Sir Edward Carson, all of them Conservatives, are most talked of. Mr. Bonar Law and Lord Derby would be generally approved, but Sir Edward Carson has many critics, who

(Continued on page 2, columns 6 and 7.)

NEW PARTY CALLS FOR NATIONALIZED RAILWAYS

State Ownership of Express Companies Also Sought by Great Organization of Farmers—Momentous Changes in Tariff Aimed At.

Winnipeg, Dec. 6.—The combined farmers' organizations of all Canada, representing 60,000 affiliated farmers, known as the Council of Agriculture, has adopted a political platform for the purpose of bringing about economic, political and social reforms. The platform was formulated in Winnipeg last week and announced today.

The reforms aimed at include the amendment of the tariff laws by reducing the duty on goods imported from Great Britain to half the rates charged under the general tariff, and further reductions in the remaining tariff, such as will ensure complete free trade between Great Britain and Canada within five years.

It also urges the reciprocity agreement with the U. S. be accepted by the Parliament of Canada and that all foodstuffs not included in the reciprocity agreement of 1911 be placed on the free list, that agricultural implements, farm machinery, vehicles, fertilizer, coal, lumber, cement, illuminating, fuel and lubricating oils be placed on the free list.

For Public Ownership.
 The farmers ask that the customs tariff on all the necessities of life be materially reduced, and that all tariff concessions granted to other countries be extended to Great Britain.

Direct taxation on certain things is proposed to make up the lost revenue. These include a tax on unimproved land values on all incomes over \$4000, an inheritance on large estates, and a tax on the profits, over 10 per cent, of corporations.

The farmers believe in the nationalization of all railways and express companies, that natural resources be only let out on short term leases by public auction; the publicity of all political campaign funds, contributions and expenditures before or after elections; abolition of the patronage system; federal franchise to women; full provincial autonomy to liquor legislation, including manufacture, export and import, and direct legislation.

(Continued on Page 2, Col. 3.)

ALLIES APPARENTLY MADE NO SERIOUS ATTEMPT TO DEFEND CAPITAL—CAPTURE OF OIL CENTRE BY GERMANS GIVES THEM MUCH NEEDED PRIZE

London, Dec. 6.—The fall of Bucharest and Ploechti, announced in the German official communication tonight has not been confirmed from other sources, but the position revealed by the previous German and Russian communiques left little hope that the Rumanian capital could be saved.

No official Rumanian statements have been received in London since Sunday, but the Russian official reports revealed the steady retirement of the Rumanians before the victorious enemy forces. The rapidity of the advance of the central powers seems to show that no attempt was made to defend the capital and the actions fought have probably been only of a delaying nature.

Get Needed Prize.
 The fall of Ploechti, perhaps, is of even greater importance than that of Bucharest. Ploechti is a railway junction and the centre of the great oil districts of Prahova Valley. Unless the Rumanians have been able to destroy or disable the oil wells, machinery and stores of oil the Germans will get a much needed prize. Moreover, they are on the line of retreat of a portion of the Rumanian second army.

It is believed that the Rumanians will be compelled to retire until they can secure a shorter line between the Carpathians and the lower Danubs, which will be within easier reach of Russian reinforcements.

Bucharest, a gay capital in peacetime with a population of nearly 300,000, was frequently alluded to as "the Paris of the east." It covers an area in excess of twenty square miles, contains the royal residence, the government buildings and the most modern structure and is the centre of considerable trade.

BANK OF MONTREAL'S APPEAL ALLOWED IN BANBURG CASE

Canadian Associated Press Cable.
 London, Dec. 6.—The court of appeal has allowed the appeal of the Bank of Montreal, in an action by Capt. Cecil Banbury, to recover \$25,000 lent on mortgage to the West-Solme Lumber Co. on the alleged infraction of the bank's branch manager.

BUY CHRISTMAS FURS NOW.
 Select your Christmas furs early this season. There is no probability of a better selection than is available now. Of course, new furs are arriving daily from our workshop, but visitors coming to our showrooms may shop with more leisure, and not feel hurried, as they might if the usual Christmas rush were about through. Dimeen's, 140 Yonge Street, and in Hamilton, 20-22 King Street West.

BORDEN MEETING NOT BIG SUCCESS

Premier Got Good Hearing in Montreal, But Not Others.

BENNETT INTERRUPTED

Casgrain and Doherty Did Not Speak Because of Disturbance.

Montreal, Dec. 5.—Sir Robert Borden, premier of Canada, and R. B. Bennett, M.P., director-general of recruiting, arrived in Montreal this morning for the opening of the National Convention here tonight that is calculated to stir up the people of Canada to a better understanding of their duty in the world war and to a realization that every person who can do so should help to gain the victory for the allies.

Sir Robert was given an excellent hearing, but Mr. Bennett was subjected to a good many interruptions. That there was a considerable element present was brought out more clearly when Hon. E. L. Patenaude, minister of inland revenue, was speaking. He was almost continuously interrupted, and the force of his address was spent largely in retorts. The disturbance was so marked that Hon. T. C. Casgrain and Hon. C. J. Doherty, who were to have spoken, decided to remain silent. The gathering was large, and the speaker, Mr. Bennett, was loudly applauded.

There is no occasion tonight to proclaim the justice of the cause for which the allied nations are contending. Someone has declared that the causes of the war have ceased to be of more than historical interest. On the contrary, I believe them to be invested with such significance that on the issue of this struggle depends the destiny not only of our empire, but of the world.

The closing days of the July 1914, were fatal for us, as for all our empire. If we had stood aloof, we would have been a witness to the devastation and destruction of Belgium, if we had abandoned France and acquiesced in its overthrow we should have earned the contempt of the world and we should not have escaped the inevitable doom to which a power dominating the world would assuredly have consigned us.

Thus every overseas dominion grinded on its strength in a struggle which at first was unequal because we were not prepared. I shall not speak of the mighty effort of the whole empire which the foe has never felt until during the past few months, but I point with pride and gratitude to the fact that during a little more than two years, nearly 400,000 Canadians have responded to the call of their country, more than 150,000 have been sent to the front and more than 100,000 of them are now in the fighting line.

The government has determined that an estimate shall be made of the material forces at the disposal of national service created for this purpose will place before the people in the immediate future, the means by which that estimate can be effectively made.

I have said, and I repeat, that this is a war of nations rather than armies. All the human energy and all the material forces at our command must be thrown into the scale. As men without discipline, training and equipment cannot constitute an effective army, so a nation, in the face of such conditions as now confront us, cannot exercise its full strength unless its power, as expressed in the terms of human energy, is estimated and fully organized for the purpose for which it is necessary to be prepared.

This coat makes an exclusive and most desirable Xmas gift—one that would be appreciated by men who dress with distinction. Come and see R. Score & Son, Limited, tailors and haberdashers, 77 King street west.

These jackets are silk-lined throughout, with heavy corded silk facings. The colors are black, blue and maroon.

It is expected that the Rumanians will have to retreat until they are close to the Russian frontier in order to secure much needed supplies and machinery. Unless they have destroyed the oil wells and machinery in the Prahova Valley the Germans will obtain much needed supplies. It is now believed that no serious attempt was made to defend Bucharest and the actions fought were merely delaying actions.

Munitions, it is now said, failed the Rumanians, owing to some accident. A big explosion occurred at Archange in September among shipments forwarded from New York and the delay in making up shortage has resulted badly for the allies thus far.

The Serbians are prosecuting their advance into Macedonia with vigor and success. While a violent artillery duel was prevailing along the whole Serbian front, they carried, by a brilliant assault, some more strongly fortified heights northwest of Budimirza and east of the Struma River; it was announced at Salonica yesterday.

On the western front the Germans showed a revival of activity in attacking a French salient. The British have been actively engineering trench raids. The Germans, in counter-raids, have failed, is now using Belgian laborers proceeding about the Somme battlefield. Germany if possible a speedy advance is called for in the western theatre of the war. All signs point to the Germans directing their coming campaign against Russia. A serious underestimation of German strength has been made somewhere.

Owing to the recent disturbances in Athens the French residents are leaving the Grecian capital. The royalist soldiers are maltreating supporters of Venizelos. Some are being arrested, others are being abused, and the conduct of the army is minimal to the Greeks. The allied fleet, it is also reported, has bombarded the royalist troops occupying positions in the mountains above Athens.

The French gunboat Surprise was sunk by a German submarine in the north of Funchal, Madeira. Other ships suffered damage from the fire of the submarine. It was driven off by salvos from the forts. The raid was a bold one and it seems to have taken the harbor authorities by surprise.

Th' Lan' mark Unfolds on Various Things

Imperishable Laurels. Nearly 400,000 Canadians have voluntarily joined the armies of their country since this war began.

Earl Derby's Views

The Earl of Derby said today he believed it possible that an agreement which would bring the coalition back to power might be reached in regard to the membership of the proposed smaller war council.

Women Hold Bazaar to Aid Building Fund of Church

Under the auspices of the women of the parish of St. Michael's and All Angels Church, West St. Clair avenue, Wychwood, a "fancy fair" was opened yesterday in the basement hall.

Maple Splendid Entertainment Given for Benefit of Red Cross

The entertainment given by the young people of Maple in the Masonic Hall in aid of the Red Cross Society, was a great success.

Scarboro Village Mrs. William Patton Buried

The funeral of the late Mrs. William Patton took place at 2:30 p.m. yesterday afternoon from the family residence, Markham road, Scarborough Village.

FRENCH COLONY LEAVES ATHENS

(Continued From Page 1).
tats lodging there were imprisoned. Their subsequent fate is unknown.
Refuge in Legation.
Royalists then attacked the house of M. Kalythakis, treasurer for the American legation, where the minister in protecting him. But the house occupied by his sister and servants had been besieged for two days.

A neutral diplomat, who saw the removal of Gen. Corakias, head of the Venizelos recruiting bureau, and the former chief of police, Maroudas, from the parliament house, described their condition as pitiable. General Corakias looked as tho he had been almost killed. According to the despatches blood poured from his head. His clothes had been torn, his eyes were blackened and swollen from blows received during his examination before the magistrate. His companions were in even worse condition. Photographs now in the hands of the British were taken of these men.

Another prominent Venizelist was shot down in cold blood, while Mr. Rendel, a British diplomat, who was housed at a hotel, says he saw another prominent man named Descall repeatedly clubbed with rifles in the hands of regular soldiers. The soldiers forced their way into the house to the room of Mr. Rendel's sister, who was ill in bed.

Wires Are Cut.
In a despatch dated Tuesday, lecturer's Salonica correspondent says:
"According to trustworthy news from Athens, order is being preserved, but arrests of the followers of Venizelos continue. Piracies in the Aegean are being dealt with by detachments of allied troops. The railway service between Athens and Piraeus is not interrupted by the telegraph and telephone lines have been cut by Royalists.

The provisional government has received news of great excesses at Larissa, where all the towns were looted as a result of pillaging. Bands of reservists marched thru the town shouting "Death to the Venizelists." The Venizelists were to be panned-stricken. Similar scenes took place at Trikala and Volos.

Would Avoid Pressure.
Rome, Dec. 6.—The allies do not desire to force Greece into war, nor do they support any anti-dynamic movement in Greece, asserted Premier Boselli in his report on the war, delivered before the chamber of deputies yesterday. Premier Boselli reiterated the demand that the allies maintain the war with their allies until the restoration of Belgium.
Montenegro was accomplished. He termed this "the noble and essential object of the war." At the close of his speech he sent a message of greeting to "our valorous Latin sister, Roumania," trusting for her final success.

Big Munitions Output.
As a proof that Italy was prepared to push her operations vigorously, the premier announced that there were now 2100 factories working on war material, the workers being one-fifth women, whose participation both in industries and agriculture was increasing daily. The premier declared that Italy would ensure the equilibrium on the eastern Mediterranean front, which was the chief foundation of Italian policy.

ATTENDANCE AT GUELPH BROKE FORMER RECORDS

Officials Estimate Fifteen Thousand Were Present at Fair Yesterday.

By a Staff Reporter.
Guelph, Dec. 6.—Today's attendance at the winter fair broke all former records. It was estimated that 15,000 people passed thru the turnstiles during the day. Tonight the fair will have a capacity audience. The centre of interest was the judging of Hackneys and the heavy draught mare or geldings shown in harness. The latter event was considered the finest exhibit of the class shown in Canada, and was presided over by the best judges present. Twelve horses were entered, and the process of judging was long and difficult. Honors were finally awarded to John Peel, exhibited by Hodgkinson and Tidale, Beverton, 1st; Joe, by Elijah Wray, 2, and Jack, also by Elijah Wray.

The entries in the hackneys were not so numerous as in former years, but the excellence of the exhibit was more than maintained. The crowd took special interest in the judging and applauded frequently as the favorites were put thru their paces. In the list were several animals which were first prize winners at the Canadian National Exhibition this year: Prickwillow Connors, exhibited by Crow and Murray, Toronto, is the champion Hackney stallion. He is 17 years of age, but still retains plenty of action. Princess Eudora, owned by Joseph Telfer, Milton West, is the champion mare. She also was first at Toronto this year. Models Queen, exhibited also by Mr. Telfer, was the second prize winner at Toronto. She was in splendid action tonight.

To J. E. Husband, Eden Mills, was awarded first for his exhibit of three, the rest of one sire.

Western Ontario Seedmen Hold Their Annual Meeting

By Staff Reporter.
Guelph, Dec. 6.—The annual meeting of the Western Ontario Seed Growers' Association was held in the city hall here tonight, with a large attendance of members and farmers. The business of the meeting was principally of a routine character, the financial statement showing a substantial balance on the right side of the ledger. The election of officers resulted as follows:
Hon. president, G. H. Clark, seed commissioner, Ottawa; hon. vice-president, Dr. C. A. Seavitz, O.A.C.; president, Al McKenney, Amberburg; vice-president, A. S. Maynard, Chatham; secretary-treasurer, R. W. Wade, Weston; assistant secretary, R. E. Mortimer, Toronto; directors, William Earne (Galt), L. D. Hankinson (Aylmer), A. McKinney (Amherburg), J. C. Duke (Riteway), R. W. Kinister (Comber), Fred W. Stewart (O. A. C., Guelph), A. McMeans (Brantford), William Naismith (Palenburgh), J. V. Maynard (O.A.C., Guelph), and W. S. Hayward (Chatham).

Following the meeting the directors held a short session, after which addresses were delivered on important matters relating to seed, by Dr. Seavitz and others.

At 8.30 tonight a deputation representing the Toronto committee of the provincial association for the care of feeble minded will meet the Toronto Board of Education. Anyone interested in the question is invited to attend.

AT THE WINTER FAIR

LIVE STOCK BRINGS FARMERS SUCCESS

Prof. G. E. Day Says It is Bad Policy to Sell Cattle.

AT WINTER FAIR

Record Crowd Visits Guelph for Third Day of Show.

By a Staff Reporter.
Guelph, Dec. 6.—Favored by fair weather the winter fair today was attended by the largest crowd of the week. Incoming trains were crowded with farmers who came from far and near. As usual the judging ring at the winter fair was the centre of interest. The Canadian bred Clydesdales was the event of first importance.

Several new features drew many visitors. The exhibition of dressed bacon and butcher hogs and sheep, which had been killed the day before, was interesting. The display of dressed poultry and eggs was opened and many congregated in the seed room when sales of grain and seed were conducted during both the morning and afternoon.

At the directors' luncheon, the presentation of the cup to the winners in the inter-county judging competition was made by Wm. Smith, M.P., member for south Ontario, and Hon. O. Ray, honorary president of the winter fair.

The cup was donated by the late Hon. J. A. Duff, and was presented to the team of York county composed of Chas. Boynton, Dollar; James Hops, Newmarket and Harry Hill, Aurora. The winners were presented with a medal. Mr. Smith congratulated the young men and spoke of the value of such competitions among farmers' sons.

The speaker of the morning was Prof. G. E. Day, of the Ontario Agricultural College. He referred to the future of crops during the present season and to the desire prevalent among farmers of selling their livestock. This was a mistake, he said, and the only cause that many had to offer for the selling of such action was that others were doing the same thing.

"They are disposing of stock," he said, "under conditions which do not favor securing full value for young or thin stock. They are selling their hay at prices which are less than they could have obtained had they gone to stock. They are robbing their farms of fertility and reducing their productive capacity for years to come.

"To restock these farms will require much more money than was received for a like amount of stock sold during the fall and the winter and the present year."

He added that men were facing these disadvantages in order that they might sell a few bushels of grain at a high price. Bankers were interesting them in the matter, and upon reasonable security being assured were willing to lend money to farmers to carry their stock over winter.

"Live stock," he said in conclusion, "will continue to be the most important factor in successful farming, and its importance will be multiplied many times for some years to come, by the war. He who can conserve his stock will reap a reward in addition to what will perform a patriotic service for his country and empire."

Col. W. J. Brown, of London, Ontario, also spoke. He stressed the need for an organized effort on the part of the Canadian farmers to get as many men as possible who are now fighting the empire's battles to come to Canada after the war and settle on our farms.

THREE TIMES MENTIONED.

London, Dec. 6.—Temporary Brigadier G. N. Cory of the Dublin Fusiliers, formerly of Canadian militia, is mentioned in despatches of Salonica operations. This is the third time he is thus mentioned in the present war.

Children Had Eczema Doctors Failed to Cure

Two Letters Which Prove the Efficiency of Dr. Chase's Ointment as a Cure for Eczema.
Fortunate are the mothers who know the virtues of Dr. Chase's Ointment, for there is no treatment so suitable for use after the bath to relieve irritation and chafing and to thereby prevent eczema and similar skin diseases.
Mrs. W. L. Barnes, Timmins, Ont., writes: "I want to tell you about the case of my little boy, who had baby eczema when he was three months old. It started on the top of his head, on his forehead and around his ears. The doctors failed to do him any good, so I tried Dr. Chase's Ointment on the recommendation of a friend, and in a month's time the child was entirely free of this disagreeable skin disease. He is now four years old and has never had any further trouble from ailments of this kind. I also have great faith in Dr. Chase's Nerve Food, and believe that it cannot be beaten as a restorative for pale, nervous women."

FIELD CROP COMPETITION

Oats—Wm. Hutcheson, Rockwood R.R., O.A.C. No. 72; E. L. Goltz, Bardonia, Imported Scotch; Homer Hurlbut, Kemble, R.R. 2, Derby, White; R. E. Mortimer, Honeywood, Marguerite; Wm. Winer & Son, Guelph, O.A.C. No. 72; J. Golden, Armstrong, Formosa, R.R. 1, Golden Dale; Andrew Schmidt, Formosa, R. E. 1, Abundance; W. H. Atkinson, Port Elgin, R.R. 3, O.A.C. No. 72; Jacob Allenson, Neustadt, O.A.C. No. 72; Barley—A. W. Vansickle, Onondaga, O.A.C. No. 21; Alex. V. Martineau, Cresmore, R.R. 2, O.A.C. No. 21; Alex. Morrison, Cresmore, R.R. 2, O.A.C. No. 21; Harold H. Howell, Chalmersville, O.A.C. No. 21; Ernest M. Headhead, Milton, R.R. 2, O.A.C. No. 21.

Wheat—Chas. N. Hilliker, Burgessville, Michigan Amber; Wm. Winer & Son, Guelph, R.R. 3, Dawson's Golden Chaff; Edwin Butler, Norwich, R.R. 4, Dawson's Golden Chaff; E. S. Shantz, Hespeler, R.R. 3, Michigan Amber; R. C. Pugh, Puslinch, R.R. 3, Michigan Amber. Peas—Wm. Warder, Lion's Head; Ronald Cameron, Lion's Head. Potatoes—S. E. Griffith & Sons, Acton, R.R. 3, Nox-all; H. L. Goltz, Bardonia, Dawson's; Wm. Naismith, Falkenberg; Davies' Warrior; Dugal Campbell, Mtg. Brydes, Dooley; Richard Sabn, Mt. Brydes, Dooley. Corn (Flint)—A. S. Maynard, Chatham, R.R. 2, J. Johnston. Corn (Dent)—R. S. Salzer, North Dakota; Fred W. Toke, Blenheim, North Dakota; Wm. A. Galt, North Dakota; Ed. Edwin E. Murphy, Silver Hill, Compton's Early.

SEEDS AND GRAIN ARE UNDER THE HAMMER

Prize Winning Exhibits Bring High Prices at Guelph Winter Fair.

By a Staff Reporter.
Guelph, Ont., Dec. 6.—Seed and grain were sold by auction today. The morning's great Christmas show at the winter fair was followed by the sale of the field crop competition and in the afternoon the seeds and grain were under the hammer. It was noticeable that the afternoon prices were uniformly higher, and much of the seed was sold in neighborly lots.

A bushel of Gumm's alfalfa, grown by Frank Shoop of Minnetka, brought the highest price, at \$21.50, and was bought by H. A. Hunter of Lakewood, Oreg. purchase some Ontario seed wheat. Other prices per bushel for grain were: fall wheat, \$3; spring wheat, \$4.75; oats (not champion), \$3; barley, \$3.50; rye, \$3.50; champion field barley, O.A.C. 21, \$5.50; champion field peas, \$5.25; champion beans, \$3; champion alfalfa, \$17, and champion timothy, \$8.

HEREFORDS JUDGED.

Entries Were Few and Competition Was Not So Keen.

Guelph, Ont., Dec. 6.—Judging of Hereford cattle completed this morning. The entries were few and therefore the keen competition noticeable during the previous day was lacking. Miss Bras Ear, exhibited by G. E. Reynolds, Elora, is the champion heifer.

He also secured first for three animals, the get of one sire. The breeders' herd, exhibited by W. Headad, Elora, was first in the class.

Naturally the Hereford owners were pleased to hear that the champion at Chicago of yesterday's award was a Short-horn-Hereford cross-bred.

During the past year nearly \$ 1-1 millions of paying words were transmitted across the Pacific cable, this being more than double the volume handled in 1913-14.

ARTILLERY FIRMS ON WESTERN FRONT

(Continued From Page 1).

with the multitudinous affairs of war behind the lines.

Weird Effects.
A battle in the fog—and nearly every detached engagement in this struggle on the Somme could be classed as a battle by ordinary standards, is a weirdly mysterious and uncanny affair. It is a flash of red flame, and out into the leaden mist strikes a shell on its well intended mission of death and destruction. "This is where it should fall," remarks the gunner as he points to a map with a pair of compasses. "We will put another just over here," and bang goes the gun again. In the depths of the fog the battery seems to shoot into a little drab world all its own.

The Germans, however, have been bombarding one of their own positions. It is a favorite occupation of the German gunners—this shelling a position they know so well after they had been driven from it. And such "strafing" calls for a reply, even if the enveloping fog permits one to see scarcely beyond the grim muzzle of the giant gun itself.

In the colloquial language of the official communique may appear something like this: "There was considerable hostile shelling today against our front on both sides of the Ancre. Our retaliation was prompt and effective. One knew that if the British shells were truly searching their way thru the opaque mist to their charred destination every assurance that was given by the enveloping fog permits one to see scarcely beyond the grim muzzle of the giant gun itself.

Under the protecting canopy of fog, the Associated Press sought to explore the mists of the front, and what was once the thriving little French Village of Beaumont-Hamel. Officers and Tommies coming from that direction gave every assurance that it was quiet within; so the motor car proceeded blithely along until a ghostly white in the impenetrable gloom overhead told its own story. The daily shelling had begun.

To one only casually acquainted with the noises of a battlefield, there is always bewildering at first as to which are the "friendly" shells going over towards the enemy, and which are the "unfriendly" shells coming over to burst in wild destroying fury. In the mystic grayness of the dripping fog the bewildering was not only the ordinary whistles and "crump" of the vari-calibered shells translated into a veritable waltz chorus. So intense was the bombardment that the ordinary whistles ringing in opposite directions overhead that the mingled sounds became like the singing of storm winds.

Each shell has its own particular plaint, sometimes melancholy in the distance and again spitefully fierce in its nearness. It is a great source of satisfaction when, under the tutelage of an experienced officer, one comes to distinguish for oneself the difference between the rattling and the friendly shells and the incoming.

Indifferent to Shells.
Visitors to the front are always impressed by the absolute indifference of the English, Canadian and Australian soldiers to the indiscriminate shelling of the positions held by the Germans. Unperturbed in the slightest degree they "carry on" as if there were no such thing in all the world as a shell.

A striking picture in the fog was that of a little English burial party at a newly made grave. A chaplain in full dress, with a black armband, stood by his neck, was reading the service for the dead while six Tommies stood guard around the bodies of a few buried of their comrades. The burial party there they fell, found a final resting place in ground more hallowed than that of any other soldier than Westminster itself.

Sadly alone and detached the little party seemed, and all the while they were being tormented by the currents of shells were swishing and whining thru the overhanging mist in the strangest of regular chants.

Hardly enough, foggy and misty days are getting so frequent that the starlit frosty nights and the clear, starry atmosphere, and the guns are always heard grumbling and barking thru the crystal darkness. With the coming of dawn, however, the sweep in again from the sea and limit the batteries once more to "firing by the map."

Aerial Mastery.

The British gunners, particularly the heavies, are longing to have their "eyes" again—the aeroplanes. The operation of the air forces with the great guns has been one triumph of the new British armies and a factor in which the British have been victorious. The British have complete mastery of the air on the western front, and that mastery of the air means mastery of the artillery.

The extreme cold of the last three days has been most beneficial in hardening the soft wet ground. The Germans are evidently watching this phase of the situation with its possible bearing on further offensive work and have redoubled the random fire with the idea of harassing movements as far as possible.

Exhibition of Swine at Guelph Winter Fair Closed Yesterday

Guelph, Dec. 6.—The fine display of the various classes in the different breeds of swine came to the close this afternoon, as regards the awarding of prizes. In the dressed carcasses the order is: 1. J. U. Featherstone, Streetsville; 2. Charles Boynton, Dollar; J. E. Brethour, Streetsville. In the butcher hogs, dressed carcasses: 1. J. U. Featherstone, Streetsville; 2. John S. Cowan, Atwood; 3. William Boynton, Dollar.

There were seven prizes awarded among the 14 contestants. The bacon hogs, living numbered 24 pairs. The four prizes were: 1. J. E. Brethour & Neighbors, Streetsville; 2. J. E. Brethour & Neighbors, Streetsville; 3. J. E. Brethour & Neighbors, Streetsville; 4. J. E. Brethour & Neighbors, Streetsville.

TENDER BANQUET.

Guelph, Dec. 6.—Jas. Baggis and Son, owners of Sunbeam, the winner of the tender for the Williams Restaurant, were prominent guests. The list of tender addresses were given by James Baggis, George Baggis, President Ballantyne, B. Pappas, J. Locke Wilson and others. B. H. Bull, a prominent Jersey breeder of Brampton, presided.

ONLY ONE WAY TO GET IT

Lawrence's Bread is Not Sold in Stores. It is Delivered Privately and Only on Individual Order---By Mail or by Phone

Thousands of people have been to the stores for Lawrence's Bread, and have had some sort of bread handed to them as filling the order. Lawrence's Bread is not sold in stores. One grocer was honorable enough to say to his customer: "YOU CAN'T BUY LAWRENCE'S BREAD IN STORES; YOU CAN ONLY BUY IT DIRECT; GO AND TELEPHONE YOUR ORDER, FOR HE OUGHT TO BE PATRONIZED. IF LAWRENCE SOLD BREAD TO STORES, I WOULD NOT BUY ANY OTHER." The fact is Lawrence's Bread is sold at the lowest price to the customer. If good bread could be sold to the stores for 7 cents, it could be sold to the private customer for that price. Lawrence's Bread is the only bread baked in Canada that sells as low to private trade as to stores, and is the only bread that cannot be reduced below 8 cents a loaf on account of its quality. If other bakers can sell bread wholesale for 7 cents, why can't they sell it to private customers for that price? The answer is plain. If they sell for 7 cents, they can not give the quality they did at 8 and 9 cents. When a baker rails against Lawrence's big campaign for 8-cent bread by saying that he is making "cheap" bread to sell at 8 cents, how do they cover up their own policy of selling bread for 7 cents?

Quality in Bread is for the Public to judge. Whether you pay 7 cents, 8 cents or 9 cents, decide for yourself as to Quality.

All I ever asked the public was that they should give my bread a fair trial. There are thousands of families in Toronto who will testify that for over twenty years they have found Lawrence's Bread of a far superior quality to any other. In asking you to SEND YOUR ORDER TO "THE MAN WHO PUT DOWN THE PRICE OF BREAD," I am really asking you to take better bread at a lower price than you could get if you were to stay on indefinitely patronizing high-priced bakers. It is necessary for me to secure 6,000 more customers to make up the 10,000 I originally aimed to get. Have you done your part in this good work of helping the cause of bread-price-reduction by sending your order? MANY HAVE VOLUNTEERED TO HELP AND HAVE URGED THEIR FRIENDS AND NEIGHBORS TO SEND THEIR ORDERS TO LAWRENCE'S BAKERY. WILL YOU DO THE SAME? LET EVERY MAN AND WOMAN WHO WANT TO SEE 8-CENT BREAD A PERMANENT PRICE INSTEAD OF 9 CENTS OR EVEN 10 CENTS, JOIN ENTHUSIASTICALLY IN TRYING TO BRING IN THE 6,000 MORE CUSTOMERS.

I want to thank the scores who have already given me such co-operation. I appreciate the help and the loyalty to a cause every man and woman can justly feel is his or her own.

Canadian-Bred Clydesdale Creates a Good Impression

Guelph, Dec. 6.—That Canadian bred stock holds its own in comparison with stock bred abroad was apparent at this afternoon when the Canadian bred Clydesdales came before the judges in the ring. Seven classes were judged and in each the entry list was large, particularly in the class for stallion foaled in 1914, where eleven animals were on exhibition. The champions will be announced tomorrow, Robert Duff and Son, of Myrtle, secured first on the mare Nellie, Queen of Scots, and two of her progeny.

TEN MILLION OFFERED FOR E. B. EDDY PLANT

All Prices Were Turned Down, Says Manager of the Company.
Ottawa, Dec. 6.—Persistent efforts have been made during the last few days by a group of Canadian financiers to purchase the E. B. Eddy Co., Limited. It is understood that approximately \$10,000,000 has been offered for the plant, but the company refuses to sell.

MANY INDIANS FIGHT.

Bramford, Dec. 6.—A list has been compiled containing names of 228 men of the Six Nations Reserve who have enlisted for overseas service. The list shows six wounded, two killed in action, two others died while in khaki and one prisoner of war in Germany.

It is true that we have been approached on several occasions by a group of Canadian financiers, said George Millen, president of the company, "but we have turned down all offers."

Mr. Millen would not say who the financiers were, but he admitted that

between \$9,000,000 and \$10,000,000 had been offered for the plant. The controlling interest in the E. B. Eddy Co. is understood here to be in the hands of Mrs. Eddy, widow of the late E. B. Eddy, and her solicitor, R. B. Bennett, M.P. The other chief shareholders are the heirs of the late W. H. Rowley, who was manager of the company, George H. Millen and Mr. Cushman, vice-president. Mr. Millen, who had charge of the running of the mills when Mr. Eddy was alive, has been general manager since Mr. Rowley died.

WORK FOR WOMEN WHILE WAR LASTS

Should Be No Sparing of Effort to Provide Red Cross Supplies.

REQUIRE ALL KINDS Reported That This Nature of Patriotic Endeavor is at Standstill.

It is true that Red Cross work among women is more or less at a standstill. That this is so, is the statement made by some who are in a position to know, one reason assigned being that a report which got abroad some time ago to the effect that surgical supplies were no longer needed, had no small effect in dampening the ardor of the workers in this connection.

Nothing could be further from the truth than this supposition. Speaking in Convocation Hall at the time of Kathleen Burke's address, Mr. Dunstan, president of the Toronto Red Cross, told the audience that the supplies in some of the warehouses in England did not cover more than a two months' output, and asked for reinforcement in this connection.

With the continuance of the war and the likelihood of continuance through the winter, there is no doubt but that the needs of hospital furnishings will increase rather than diminish.

These are things which any woman with her needle may with the assistance of the patterns now so easy to obtain, make without fear of them being cast aside as useless, and women matter of surgical supplies great excitement is necessary in order to their usefulness. Clothing for the sick and wounded offers opportunity not given by the more uniform work of surgical dressings.

There is more need now than at any previous time perhaps at the outbreak of hostilities, that everywhere should remember that as long as the boys are fighting there is a holiday not let up in the need for hospital equipment.

LIBERAL CLUB BAZAAR CLOSES.

Yesterday saw the successful closing of the bazaar of the Liberal Women's Club, in Foresters' Hall. During the two days' continuance of the sale, the stalls were more than artful, the sales being speedily denuded of their wares and the Chinese booth especially, with its treasures in the way of Chinese rarities, brought from China by Mrs. G. G. S. Lindsey, was the great attraction of the fair.

ADVOCATES CHANGES IN DEBENTURE ISSUES

Bradshaw Recommends Amendments to Debt Consolidation Act.

In a list of recommended amendments to the City Debt Consolidation Act of 1883, Commissioner Bradshaw advocates an amendment giving power to Toronto to call or buy in any of its outstanding debentures and issue others in place thereof. He explains that frequently purchase and reissue can often be made on terms very favorable to the city, and debt charges could be decreased. The power could be used not only to the advantage of the city but to the imperial government.

He also suggests that interest on debentures should be made payable half-yearly or oftener. The present system of having council determine two dates in the year proves inconvenient when new debentures are being issued.

Another amendment suggested provides that the levy to be raised for the payment of debt, and interest need not be the same for each year, but may vary in amount so as to admit of debentures being issued on the installment principle.

GO SOUTH FOR THE WINTER—THE CUTHBERT WAY.

A winter tour of the Southern States and California in a luxurious train via Grand Trunk Railway from Toronto, arranged with every comfort for continuous travel. Drives and entertainment in the principal cities of Kentucky, Tennessee and Alabama. A leisurely trip down the coast of Florida from Jacksonville to Miami, with special entertainment at each important place and a week at Palm Beach. Optional trip to Key West and Havana. Charming trip along the gulf, making ten stops, with drives and entertainment between Pensacola and New Orleans, Mobile, Passaicoula, Biloxi, Pass Christian and so on, reaching New Orleans' time for Mardi Gras.

A five weeks' trip. Those who desire to do so may continue the trip to California; a nine weeks' trip, including everything from Redlands, Riverside and San Diego south, to San Francisco in the north; either trip at as little expense—possibly less than you would pay to go to one place.

Traveling leisurely from point to point you get infinitely more for your money both in pleasure and profit. A competent doctor will accompany the party, services free. For full information write E. V. Cuthbert, 321 Jarvis street, Toronto, Ont., phone Main 7833, or W. J. Moffatt, city passenger agent, Grand Trunk Railway, northwest corner King and Yonge streets, Toronto, phone Main 4209.

JUDGE DENTON DISMISSED.

Judge Denton yesterday dismissed the suit of Norman F. McCutcheon against Frederick G. Dance, a Sheldburne street furniture dealer, with costs for \$150.

METHOD OF COLLECTING CITY TAXES OBSOLETE

Commissioner Bradshaw Doesn't Like City's Manner of Financing.

Commissioner Bradshaw's latest financial report to the board of control urges the city to cease its expensive methods of financing, and by prompt and early collection of taxes materially cut down interest charges. "As nearly as can be ascertained," he says, "there will have to be provided by way of overdraft or loan as at Dec. 31 next on account of current expenditures the sum of \$5,225,000." This large amount, he points out, will practically represent arrears of revenue, taxes, etc., which should have been paid into the city coffers. Toronto is continually in arrears on this amount, which compels it to borrow to make up the deficit. In times of money stress, the commissioner says it might prove embarrassing. On the average the city has to pay for the accommodation of a million a year.

"It is in the assessment report," he really due at the commencement of the year, but council determines the dates when they shall be payable. This year the first installment was not made payable until we had entered upon the last half of the year." This obsolete method, he concludes, should be done away with and should give way to changed conditions.

CITY HALL NOTES

The board of control yesterday asked for a report from the city solicitor as to the legal position of the city if they repeal the by-law authorizing the extension of Teraulay street.

Controller Cameron attempted to have the board raise the wages of all the men in the assessment department to at least \$900 a year. It was put over till the beginning of the year.

Ex-Ald. John Dunn, for many years the dean of the city council, is definitely in the field for aldermanic honors in ward 5. Mr. Dunn dropped out two years ago after his defeat in the board of control contest.

The board of control yesterday recommended to council that the city make up the General Hospital deficit of \$20,000. P. C. Larkin declared the hospital could not continue unless the city gave assistance.

Dr. Hastings' Christmas warning to parents is to see that the children do not get too much candy. To parents themselves he points out that over-indulgence in foods not the constitution is very harmful to the constitution.

Hydro business has increased 40 per cent. in 14 hours, according to the balance sheet of the Hydro-Electric Commission, submitted to the city yesterday. Last year's reduction in prices has so far saved the citizens \$125,000.

Dr. Hastings declares The Globe garbled the typhoid figures in the medical health department. "It used the figures of the typhoid cases all over Toronto and laid them at Toronto's door," he declares.

John McClelland of the firm of McClelland, Goodwin & Stewart, publishers, has announced his candidature in ward four for the board of education at the coming elections. He has been president of the Ratepayers' Association for two years.

Under the new high cost of living investigation the New Brunswick, Potato Exchange and Messrs. Nelles and Clarke have been served with notice asking them to give the amount of potatoes on hand between Oct. 1 and Dec. 4, and the prices at which they were held.

Two Men Get Six Months For Assaulting Conductor

John Bone and Thomas Markos, who pleaded guilty a week ago to a charge of assaulting Robert Mercer, were sentenced to six months' imprisonment in the Ontario Reformatory yesterday by Judge Winchester. Mercer, who is a street car conductor, was walking along Parkway avenue about 8 o'clock on the morning of Nov. 13 when he was knocked down by Markos and dragged into an alley, where he was kicked and beaten. Mercer was prosecuting witness against Bone in a police court case.

Detective Stewart Exonerated By Chief of Police Grasett

After hearing the evidence of Louis Zosky, who on Tuesday in the police court accused Detective Stewart of maltreating him at the time of his arrest, and that of policemen of Claremont Street Police Station, Chief of Police Grasett exonerated the detective. The police officials claimed Zosky came by his injuries thru a fall on the steps of the cell.

OPPOSED TO RED CROSS MEETINGS ON SUNDAY
 Representatives of Toronto Churches Wait on Provincial Government.

Representatives of Toronto churches waited on Premier Hearst and Hon. T. W. McGarry yesterday with regard to Sunday meetings for recruiting and other patriotic purposes. They asked that permits should be refused for Red Cross and patriotic fund meetings for there was no emergency in these, they said.

Mr. McGarry objected that the ministers should not try to throw all the responsibility on the government when General Lorie, if an appeal to him were successful, could put a stop to the meetings. As for the Red Cross and patriotic fund meetings, if applications for permission to hold them were asked for, he would certainly give them careful consideration.

Both he and the premier were frequently asked to speak at patriotic and recruiting meetings. The most popular time for these appeared to be after church on Sunday evening. The Lord's Day Act had never been repealed and it was open to anyone to swear out an information against anyone promoting such meetings on Sunday. On the other hand, Mr. McGarry did not think that such a cure would tend to make that person very popular.

Several times during the meeting the discussion became quite animated. The delegation consisted of: Major Crawford Brown, Bishop Reeve, Archdeacon Cody, Archdeacon Warren, Rev. R. B. Cochrane, Rev. Father Burke and Rev. W. Snider of the Lord's Day Alliance.

VIOLATED TEMPERANCE LAW.
 When Plainclothesmen Silverthorne and Todd called at the home of James Sarrett, 26 Royce avenue, they found 49 bottles of beer. Yesterday in the police court Sarrett was fined \$200 and costs or three months for having liquor in his possession.

The Toronto World

FOUNDED 1858. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

WORLD BUILDING, TORONTO, NO. 40 WEST RICHMOND STREET. Telephone Calls: Main 1202-7778.

The Circulation of THE TORONTO DAILY AND SUNDAY WORLD is authenticated by the A.B.C. Audit Bureau of Circulations

—\$2.00— In advance will pay for The Daily World for one year, delivered in the City of Toronto...

—\$2.50— In advance will pay for The Sunday World for one year, delivered in the City of Toronto...

—\$3.00— In advance will pay for Thursday's (mining) issue for one year by mail to any address in Canada...

It will prevent delay if letters containing "subscriptions," "orders for papers," "complaints," etc., are addressed to the Circulation Department.

The World promises a before 7 a.m. delivery in any part of the City or suburbs of Toronto and Hamilton, World subscribers are invited to address in the circulation department in case of late or irregular delivery.

THURSDAY MORNING, DEC. 7.

The Key to the Situation

Many of our people will be puzzled and even scandalized by the apparent lack of unity among the public men of England. In this time, they will ask, for politicians to be hickering over the spoils of office?

Unfortunately the cabinet situation in England evidences something far deeper and more important, than a quarrel among politicians over offices, or a dispute among able, men over questions of statecraft and policy.

Perhaps this is where the weakness of the movement will most easily be discovered. Those who have kin at the front, and who attach any importance to the spiritual side of life, are instant day and night for their kin.

In Britain the people have become sick and tired of the lethargic efforts of the government to drive German influence out of the country. Lord Northcliffe has voiced popular opinion, and has voiced it well.

The English people want a house-cleaning, and they want every German driven from high places, as well as everyone who consciously, or unconsciously, is doing the bidding of Germany.

The key to the situation is a militant anti-German spirit that, so far as the constitution will permit, will drive from place and power every man who is not heart and soul for Britain in the present war.

best to set the pace, England is rousing herself, and Canada should no longer lag behind. There can be no compromise with men who for monetary or social considerations falter in their allegiance, or look with sympathy or tolerance upon those pro-German influences which have paralyzed, to some extent at least, the imperial and Dominion Governments since the commencement of the war.

Revenue Unpaid

A few days ago Mayor Church in a sanguine mood announced that there would be no overdraft necessary at the end of the year when the civic accounts were made up.

Probably what the mayor meant was that the city had spent no more than the estimates had called for, but the revenue is shy five million dollars, according to Mr. Bradshaw.

We renew our suggestion that monthly instalments of the taxes be accepted beginning in January. Probably enough people would be found glad to take advantage of an instalment plan of this kind to relieve the necessity for extensive loans early in the year.

Associated Kin

An excellent idea was behind the Massey Hall meeting in support of an organization of a body to be known as the Associated Kin of the Canadian Expeditionary Forces.

The movement aims at some useful material considerations, such as helping recruiting, encouraging efficiency, correcting abuses, protection of soldiers' home interests, employment, pensions, insurance, etc.

Nearly all, if not all, the objects of the association are being pursued by many other organizations, and there is probably none of them that is not specially provided for in one way or another.

Rumania, Russia and Canada. Russia may still justify our hopes of a retrieval of the situation in Rumania. The Russians are saying very little, but they may be accomplishing a great deal.

Buffalo, \$270 Return; Niagara Falls, Ont., \$225 Return, Saturday, December 9th, via Canadian Pacific.

Conservatives Meet. Millbrook, Ont., Dec. 6.—The annual meeting of the East Durham Liberal Conservative Association held in the town hall here was well attended and the chair was occupied by Alex. Noble of Campbellville.

THIRTEEN ARE DEAD IN CASUALTY LISTS

More Than Half of Total Toronto Men Named Lay Down Lives.

NINE KILLED IN ACTION

Four Die of Wounds, Three Missing, One Ill and Seven Wounded.

Soldiers with Toronto units named in the latest casualty reports total 24. A very large proportion are listed as dead. Nine are stated to have been killed in action.

Corporal Ernie Lorne Leavens, 30 Boswell avenue, was killed in action Nov. 18, just exactly one year from the day he left Canada.

Sergeant W. G. Osborne, 1237 Osborne avenue, is reported to have died of wounds. His wife and little child live in Toronto.

Pte. James W. Murray, formerly of 50 Markham place, died of wounds on Oct. 9. His wife, now in Scotland, did not know of her husband's death until word came by way of Toronto.

Pte. Howard Maynard, 17 Rideau street, formerly of 78 Wright avenue, is reported seriously ill of wounds. He is in the 35th Battalion.

Pte. William Lennon, 75th Battalion, is reported to have died of wounds. Before enlisting he lived at 163 1-2 Jarvis street. His mother lives in Liverpool.

Pte. William Bright, before reported missing, is now stated to have been killed in action. He formerly lived at 80 Alcorn avenue and was employed on the Metropolitan Railway.

Pte. W. C. Croft, who left Toronto last March with the 76th, is reported missing and believed killed in action. His relatives are in Wales.

Pte. C. H. Payne, reported missing, is now definitely reported as killed in action in October. He went away with the 74th Battalion.

Pte. William L. Burton, previously listed as wounded, is now reported missing and believed killed. He was stationed at Exhibition Camp during the winter of 1914-15 with a second contingent battalion.

Pte. A. Pike, formerly of 57 Tranby avenue, is reported to have been wounded in the face and lost the sight of his left eye. Before enlisting he was with the Thompson Manufacturing Company.

ENDORSE SUFFRAGE CAMPAIGN. The Sherbourne-W.C.T.U. have endorsed the Ontario Equal Franchise League in their present suffrage campaign.

PORT ELGIN SHOWER. The results of a shower held for the women of Port Elgin, was 15 1/2 quarts of preserved fruits and pickles. These were shipped in barrels to the central military hospital, College street.

ANOTHER TRIUMPH FOR HOBBERLIN'S

Special Purchase of Woollens Intensely Interesting to Men of Toronto.

In these days of record-breaking prices for wool, almost every man realizes the fact that suits and overcoats cost more to make than they did a year ago.

Great attention, therefore, is centered in the special purchase of woollens which the House of Hobblerlin bought from one of the best British manufacturers, and which they are offering at the extraordinary price of fifteen dollars for a suit or overcoat made to measure.

The materials are all wool and worth considerably more than is being asked for them. The cutting, tailoring and workmanship is exactly what is always expected from this famous tailoring institution—always high-class.

Hundreds of men will want to take full advantage of this extraordinary offering, and they will be well advised to remember that today, Thursday, is the one day set apart.

RUMANIA BETRAYED BY GREEK GOVERNMENT

Made Definite Promises of Support Which Was Refused When Need Came.

The Eleutherus Typoz, has published an interview with a superior French officer at Salonica who recounts how the Skouliotis Government tricked Serbia when she proposed to attack Bulgaria before the latter could complete her mobilization.

The Greek Government then dissuaded M. Pashovitch, the Greek minister in Belgrade, from such an attack, saying that if Serbia was the aggressor this would eliminate the casus foederis which would only become operative if Serbia was attacked.

When, however, the attack took place King Constantine refused aid and Serbia was crushed.

In the course of the interview the French officer affirmed that Greece is bound by a secret treaty not only with Germany but also with Bulgaria and Turkey, and that this treaty has been carried to and fro by the two German surgeons who came to operate on the king in the summer of 1915.

The accusation was also made categorically that many Greek officers in Macedonia have been employed in espionage in connection with the allied armies, and that the allies hold a copy of an order issued by General Doumas to the Greek army in Salonica to choose such positions as would enable it to keep the allied troops surrounded and dominated by Greek guns.

The French officer also stated that German emperor after his visit to Nish came to the creek frontier and met a number of important Greek personalities.

Buffalo Newsboy Starts Action in General Sessions

The suit of Truman Horton, a Buffalo newsboy, against Sam Leonard for \$500 damages for injuries sustained by him when he was struck by Leonard's motor car in Buffalo, Oct. 6, 1913, was opened before Judge Wichter in general sessions, yesterday.

Horton says he sustained a fractured skull, cuts and laceration and was confined to the hospital for eight weeks. Dr. Long of Buffalo testified as to the extent of the wounds. Ed. Hoffman declared on the witness stand that the machine was travelling 25 miles an hour. The case will be continued this morning.

CHANCES WERE GOOD.

Tommy had been playing truant from school and had spent a long, beautiful day fishing. On his way back he met one of his young cronies, who accosted him with the usual question, "catch anything?"

At this, Tommy, in all the consciousness of guilt, quickly responded: "Ain't been home yet."

EDDY'S MATCHES

Although somewhat increased in price owing to the continued high cost of potash, glue and other raw material, are of the usual high standard of quality which has made them famous for two-thirds of a century.

ALWAYS ASK FOR EDDY'S MATCHES

SHOW KING CONFERRING WITH ALLIED LEADERS

Pictures of His Majesty at Front Likely to Be Presented in Toronto.

Of the many scenes which are realistically portrayed in the most recently released war film entitled "The Kings Visits His Armies in the Great Advance," which is soon to be shown to Toronto motion picture theatregoers, none is more interesting than the conference of allied military commanders which King George attended.

The photographs of the men who attended this important conference included Gen. Joffre, recognized authoritatively at the greatest military genius and strategist which this war has produced; Gen. Sir Douglas Haig, the able commander of the British forces in Flanders, and Gen. Foch, commander of the French armies.

"Close-ups" taken of the leaders of the allied offensive, which are shown in this film, provide spectators with a near view of the faces of these men. It is such scenes as these which give an individualistic touch to the latest war film and make it a different surprise to that of the former pictures.

The most recent pictures which have been released by the British topical committee have been known as a fitting supplement to the Somme battle scenes, which scored such a remarkable success in Toronto. It is entirely within probability that the latest war film, which will soon be presented in a Toronto theatre, will score as great, if not greater, success than the former masterpiece of motion photography.

Commander of Irish Unit Has Qualified as Captain

Announcement of recent examination results show that 18 officers have qualified as field officers, and 25 as captains. The latter include Lt.-Col. T. H. Lennox of the 20th Battalion.

Qualified as field officers: Lieut. S. K. Bennett, 21st; "G. M. Dalvin, 24th; R. E. Gunn, S. J. Craig, 13th; E. G. Strath, Depot Regiment, C. M. R.; "C. F. Mills, "W. A. Woodcock, "W. H. Jamieson, 22nd; "F. H. Field, 20th; "R. J. Lowry, "H. J. Prater, "E. V. O'G., "C. A. Vickery, 13th; "B. Allen "F. Y. McEachern, 19th; "V. Henry, 16th; "J. L. Ayleworth, "J. E. Erskine, 20th; "W. G. Easby, 18th.

Subject to qualification in equitation. Qualified as captains: Lieut. C. H. R. Fuller, 21st; H. A. C. Brueck, U. T. O. S. Training Co.; J. R. Francis, 20th; C. G. Hazell, 21st; A. W. Palmer, 20th; E. S. Chauron, 25th; C. A. Scott, 19th; E. B. Elliott, L. H. Lewis, 12nd; E. E. Stewart, 17th; J. J. Doolan, E. G. Gray, 23rd; A. G. Trees, 20th; C. A. Foster, 23rd; H. G. Gillson, 19th; M. H. Brockenshire, 20th; C. C. Kilner, 21st; 20th; C. Taylor, 21st; H. J. French, 23rd.

"Temp. Lt.-Col. T. H. Lennox, Lieut. F. G. Dyke, 20th.

Moves for Orders to Abate Abattoir Odors in West End

Following the report of the provincial board declaring the West Toronto abattoirs to be a nuisance, the local board of health yesterday instructed the city solicitor to move in the high court for an order to abate the odor nuisance.

Ald. Hiltz commented that while the city maintained the Morley avenue nuisance they were in no position to throw stones.

Controller Cameron: "It is impossible to abate the Morley avenue odor just now."

Ald. Hiltz: "It is simply a matter of expense." Concerning the Harris glue factory on Danforth avenue, the board decided to take no action. Dr. Hastings reported that conditions were much improved.

ADDRESSERS TRAVEL CLUB.

The Toronto Travel Club were addressed at their regular meeting by the chairman, Mrs. S. G. Wood, who spoke very feelingly on Tribute Night. As a result the club voted \$25 towards the cause of the Soldiers' Club in aid of which Tribute Night was held.

O.H.A. Entries Point Shoot Third Day at St. Thomas

PRESTON WILL HAVE THREE O. H. A. GAMES

Many Teams Enter Big Association—Cameron Reports—Hockey Gossip.

Applications continue to pour into Secretary W. A. Hewitt of the O.H.A. Yesterday morning's list is the largest yet.

Harry Cameron made his initial appearance at the meeting yesterday morning when he practiced with the Toronto.

At the sixteenth annual meeting of the Northern Hockey League, it was decided to try the experiment of six-man teams for the coming season.

The results of Tuesday night's hockey matches in the Pacific Coast League were as follows: 4 Portland 3 Seattle 2

A Vancouver dispatch says: That the Portland Hockey Club and the 228th Battalion management in Toronto will arrive at an amicable settlement this week.

At a well attended meeting of Pembroke hockey followers, organized for the coming season was effected and officers elected.

The following officers were elected: Hon. pres., E. A. Dunlop, M.L.A., vice-pres., A. L. Eastcott, pres., J. E. Wallace,

SAT., DEC. 9

VIA GRAND TRUNK RY.

Train leaves Union Station 8.10 a.m., arriving in Buffalo at 11.40 a.m.

Tickets good to return Sunday or Monday on regular trains.

Appropriate nickname for the ice terrors would be the "canaries." His opinion was not wasted on the polar atmosphere.

A Sarnia dispatch says: The annual meeting of the O. H. A. held in Toronto on Saturday last, awakened interest in the local hockey players and followers of the game.

The local juniors, of which there are two teams, are making preparations for their initial game.

The outlook for the intermediate seven is even more bright, besides last year's veterans who returned.

The City Playgrounds Basketball League are in full swing this week.

Baltimore, Md., Dec. 6.—Physicians attending Roxhall P. Keene, who was riding from his horse in a chase near the Hartford Hunt Club yesterday, said that the horse was suffering from concussion of the brain.

Montreal, Dec. 6.—The demand by the Toronto and District Football Association for a new club connected with the great dry goods store, to produce the books for inspection is likely to be followed.

Pittsburg, Dec. 6.—H. Clifford (Red) Carlson, end on the University of Pittsburg football team, was named as captain for next year.

Manager Mike Quinn of the Quebec team intends to suggest to the N.H.A. the revival on a more solid basis of the "assist" column to determine the real, positive value of a player.

El Paso, Tex., Dec. 6.—"Mysterious" Billy Smith, the former professional champion, and one of the sturdiest and pluckiest ringers turned out in New England, will be surprised to learn that he has been refereeing bouts for our soldier boys at Camp O'Connell here, all summer and up to the time of the late of the Fighting 9th.

CENTRAL ONTARIO CURLING SCHEMERE

Belleville, Napanee, Brockville and Kingston Start Early in January.

Kingston, Dec. 6.—A meeting of the Central Ontario Curling League was held here this afternoon, with every club in the district represented.

The schedule drawn up included the following games in this district, senior and junior teams to play on the same dates:

January 8—Napanee at Belleville. January 12—Napanee at Kingston. January 15—Kingston at Belleville.

TOWN HOCKEY CLUBS USE JUNIORS TO FILL GAPS O. H. A. Official List of Clubs Points to Good Season—Hockey Gossip.

Upper Canada College entered a team in the Junior O. H. A. series yesterday and returned to school on Monday.

Markham—minus the 230th Battalion—will not have a team at all, they have a fine new rink.

The Elmira Hockey Club, in entering a junior team in the O. H. A. yesterday, would not have a senior team at most of their players had enlisted.

The Elmira Hockey Club, in entering a junior team in the O. H. A. yesterday, would not have a senior team at most of their players had enlisted.

Montreal, Dec. 6.—The demand by the Toronto and District Football Association for a new club connected with the great dry goods store, to produce the books for inspection is likely to be followed.

Pittsburg, Dec. 6.—H. Clifford (Red) Carlson, end on the University of Pittsburg football team, was named as captain for next year.

SEND BASEBALL TEAM TO EUROPE AFTER WAR

Chicago, Dec. 6.—Hugh Ward, who, with Harry Frazer, has purchased the Boston American Baseball team and will come into formal possession on December 14, is planning to give Europe some major league baseball as soon as the war ends.

My plan is to send a couple of baseball teams over as soon as the league season here closes," Mr. Ward, who is planning to send a team from New York to San Francisco.

It is not for the pass from a mate at the right moment they might not have scored. The man carrying the pack up should be given credit for his work.

CARPENTIER ANXIOUS TO FIGHT THE HUN

Paris, Dec. 6.—The personal desire of Georges Carpentier, the French aviator and champion heavyweight pugilist of Europe, is to remain with the French flying corps at the front, a desire he has expressed each time an offer from the United States to arrange a bout for him has been received. The report that he has been given a furlough for a match in New York with Jess Willard is at least premature.
From the reports received here, it appears that Carpentier, by boxing in the United States, could contribute appreciably to the war relief funds, and his manager, Francois Desamps, told the Associated Press today that Carpentier might go there, provided he received permission. Thus far, however, no definite proposition for a bout between Carpentier and Willard has been received here. Miss Elizabeth Marbury, who is prominently connected with French war relief work in New York, has been authorized, says Desamps, to act for him in any negotiations in the United States.

FEDERALS ARE WINNERS IN A CLOSE CONTEST

The Federal indoor baseball team of the West End Y Senior League had a hard battle last night with the Livingston & Scott outfit; in fact, it certainly looked like another defeat for the champion aggregation of last year. The game was from start to finish a very exciting one which kept the spectators keyed up all the time. The Livingston & Scott outfit started off with six runs, but the Reds went one better, netting seven, the new ball, no doubt, being responsible for so many runs. The playing of Richards at short, along with the return look of Mortarily in left field, had a great deal to do with the defeat of the L. & S. team. For the Livingston & Scott team it would be hard to pick out any one player who was the star, for they all played up to top form.
The second contest, between Distons and Neillgas, was also a good one. It has been impossible for the Diston Saws to trim the Nelson outfit this season, for some reason or other, yet every game has been well worth going a long way to see. For Distons, the Lancaster brothers, along with Garrett, played winning ball, but Pete Irwin, with his upshoot ball, and the backing of every one of the players, was too much for the coming champions. Scores:
L. & Scott... 1 0 0 0—6
Federal... 7 0 3 3 1 2 1 0—17
Neillgas... 0 0 10 4 0 0 0 0—15
Diston Saws 0 2 1 3 0 0 0 3—8

French Wounded Fund Will Get Real Money

New York, Dec. 6.—The proposed ten-day no decision boxing bout between Georges Carpentier, heavyweight champion of Europe, and Jess Willard, the American champion, has among its sponsors, Miss Anne Morgan, daughter of the late J. P. Morgan, and Miss Elizabeth Marbury, it was learned today. Miss Morgan is treasurer of the American fund for the French wounded, under the auspices of which it is hoped to bring Carpentier here. Miss Marbury, who is also actively interested in the French fund, said that her intention of the proposed bout was solely to see that the \$50,000 which she hopes the fund would receive from the proceeds was properly handled.

Whitehead; chief transportation officer, Lt.-Col. R. M. Denton; inspector of army catering, Capt. E. Ross; assistant brigade musketry officer, Capt. R. B. Duggan.

Mr. and Mrs. G. McLaren Brown are going on a visit to Canada.

Dr. Murray Barrow, of Edmonton,

UNFORTUNATE BELGIANS MADE TO DIG TRENCHES

Paris, Dec. 6.—The one hundred thousand of French citizens who had been deported from the regions occupied by the Germans and sent back to France by way of Switzerland, arrived at Amersham from Geneva last night. They came from the department of Meurthe-et-Moselle, mostly from Canflans and Jarry, not far from the battlefield.

"We were gathered at Canflans in barracks built along a railroad for Belgians being brought by force into that region," said one repatriated Frenchman. "The Germans say the Belgians are coming to repair roads, but it is more probable they will not be occupied with anything else than digging trenches behind the battlefield."

"I have seen between two thousand and three thousand Belgians brought there under strong guard, shivering with cold and tormented with hunger, pleading with the inhabitants for a morsel of bread as they passed along. The Belgians were lodged in barracks such as those at Canflans. They were within the range of cannon and often were under bombardment."

OFFICERS ELECTED.

Annual Meeting of Turkey and Water Fowl Club Held in Guelph.

Guelph, Ont., Dec. 6.—The annual meeting of the Turkey and Water Fowl Club of Canada, was held in their hall today and the following were elected as officers for the coming year. President L. G. Jarvis, Grimsby; first vice-president, E. S. Baker, Guelph; second vice-president, George Nell, Toronto; secretary-treasurer, M. Shantz, Ayr. Directors, Thos. Shea, Fergus; T. A. King, Milton; W. J. Crowhurst, Port Hope; A. C. Crane, Guelph; J. Cockburn, Hamilton; auditor, A. G. H. Luxtor, Mount Forest.

JUDGE HAS KNOTTY POINT TO DECIDE

Justice Middleton Adopts Rule of Thumb in Construing Will.

AT OSGOODE HALL

Former Liquor Agent Fails to Have Conviction Quashed.

Contradictory clauses in a will made by Jean Chalmers Stocks of Welland caused a disagreement between the executors of the estate and the beneficiaries and incidentally great difficulty for Mr. Justice Middleton, who, at Osgoode Hall, was called upon to make a decision in the case.

The testatrix, who made her own will, provided for certain bequests of specific sums, acting on the supposition that property owned by her would realize between eight and ten thousand dollars. This property, however, was sold for \$13,000, and owing to the following clauses in the will the executors were at a loss regarding the distribution of the surplus.

Clause 35 read: "If there should be any more money I wish it divided among the relatives mentioned." Clause 42 was as follows: "If any surplus, it is to be divided equally among the executors and all mentioned in the will."

In his judgment, handed down yesterday, Mr. Justice Middleton says: "I have sought in vain for any way in which the clauses could both stand so that a conflict may be avoided. Failing all clues in the will itself, I yield to the rule of thumb which seems illogical, but well established. The distribution will therefore be among the executors and all mentioned, as mentioned as beneficiaries in the will."

CROWN DROPS ACTION AGAINST DR. SIMPSON

Inability of Grand Jury to Reach Decision Spoils Case.

Winnipeg, Dec. 6.—The crown's case against Lieut.-Col. R. M. Simpson, M.P., is to be dropped. R. A. Bonnar, K.C., chief crown counsel, announced this afternoon, as the result of the grand jury's report yesterday that they were unable to reach a decision on the case, no further action would be taken by the crown.

Dr. Simpson was charged with conspiracy to defraud the province in connection with the parliament buildings and with conspiracy to keep William Salt out of the province where his evidence was wanted.

Dr. Simpson was brought back from England several months ago to answer the charges. During the summer he held an appointment at Camp Hughes.

THANK THE GRAND TRUNK

For Fine Handling of Governor-General's Train.

The Secretary of State of Canada has expressed to the Grand Trunk his appreciation of the excellent manner in which the special train carrying the governor-general was operated between Montreal and Ottawa on the occasion of his excellency's arrival in Canada. The Duke of Devonshire used the Grand Trunk's line on his first official railway journey in the Dominion.

Mr. Thomas Mulvey, under-secretary of state, in a letter to the Grand Trunk, says: "I have been instructed by the secretary of state to thank you for the efficient manner in which the governor-general's train was handled at St. Henri and on to Ottawa. Every possible attention was given and nothing had been overlooked. It is very satisfactory to the secretary of state and everyone concerned that the first trip of his excellency should be taken under such favorable conditions."

ACCORDED GREAT WELCOME

Lieut. Bond Returns to Guelph on One Month Sick Leave.

Guelph, Ont., Dec. 6.—Lieut. Bond arrived in the city this morning on one month sick leave from duty. He was met at the station by members of his family and a large number of friends. Mayor Mahoney and members of the city council welcomed him home on behalf of the city. Major Walker had a squad of 50 men and 2 buglers from the 64th Battery to give him a military welcome.

AN ANCIENT SKELETON.

Remains of an Early Briton Buried About 1400 Years Ago.

A discovery of interest to antiquarians is reported from Blackthall, Durham, England, by Mr. C. T. Frochmann at Cuckfield, Essex. It consists of a skeleton buried in a natural hill grave of gravel and sand near the coastguard station.

The body had been placed in a rough chest composed of large slabs of local magnesian limestone, the chest measuring 5 feet 3 inches in length and 1 foot 3 inches in width. Part of the cranium and thigh bones were preserved and have been removed. Two small heads of used glass were found in the grave. Local antiquaries give the date of burial as A.D. 500.

Assessment Committee Recommends That City Apply to Legislature.

HEAR FROM FORMAN

Commissioner Arraigns the Members for Criticizing His Department.

Only Controller Foster objected to the recommendations of the committee on assessment made at their final meeting yesterday.

Taking a view from the medical health officer's book, Assessment Commissioner Forman vigorously arraigned the members of the committee for criticizing the department and recommending changes when they had never gone there and looked into things.

"Outside people," he told them, do not take your view from the medical health officer's book.

The commissioner asked how he could be expected to assess properties on the basis of speculative real estate values.

All Criticizes Department. Mr. Ball in criticizing the methods of the department was equally emphatic.

The best way to send money is by Express or Postal Money Order.

W. A. Douglas thought the assessment was unequally divided.

The work will be directed from New York, but there will be a Paris committee of seven members.

MRS. EDWARD GEGG DEAD WILL BE BURIED TODAY

Born at Duffin's Creek Seventy-Five Years Ago—Lived in Toronto Forty-Two Years.

Mrs. Edward Gegg, after a short illness from pneumonia, passed away Wednesday morning at 2 o'clock at the family residence, 487 Broadview avenue.

Until a fortnight ago she was in good health, although in the seventy-fifth year of her age.

The late Mrs. Gegg was a member for many years of the Anglican church on Richmond street.

She was charitable and unassuming in her ways. She took a deep interest in the Hospital for Sick Children, the Humane Society and the Old Ladies' Home on Belmont street.

The funeral will be private today at 2:30 p.m. from B. D. Humphrey's chapel, 1058 Yonge street, to St. James' cemetery.

RAISE PRICE OF MILK

Chatham, Ont., Dec. 6.—Milk was advanced in price from nine cents to ten cents a quart today.

Mortgage Sales

MORTGAGE SALE OF VALUABLE Toronto Residential Property, Being 35 Duggan Avenue and 36 and 38 Bellevue Avenue.

UNDER and by virtue of the powers of sale contained in certain mortgages to the vendors, which will be produced at the time of sale, and default being made in payment of the monies thereby secured, there will be offered for sale by PUBLIC AUCTION.

C. J. TOWNSEND & CO., Auctioneers, Toronto, on Thursday, December 7th, 1916, at twelve o'clock noon, the following properties:

First—Lot Eighty-Seven (87), on the south side of Duggan Avenue, according to Registered Plan No. 712, a depth of 112 feet, a frontage of 56 feet 3/4 inches, more or less, and a depth of 122 feet, more or less.

Second—That part of Lot 45, on the west side of Bellevue Avenue, according to Plan No. 255, being the northern 11 feet 11 inches, more or less, by a depth of 112 feet 7 inches, more or less, with a right of way as mentioned in said mortgage.

Thirdly—That part of said Lot 45, according to said Plan No. 255, situated immediately to the east of the second property, and having a frontage on the westerly side of Bellevue Avenue of 15 feet, more or less, by a depth of 112 feet, more or less, together with and subject to a right-of-way as mentioned in the said mortgage.

Each of the above properties is offered for sale subject to a reserve bid of \$1000. Terms: Ten per cent. at the time of sale, and for the balance terms will be liberal and will be made known at the time of sale.

For further particulars apply to AYLESWORTH, WRIGHT, MOSS & THOMPSON, Valuers, Solicitors, Traders' Bank Building, Toronto. Dated Nov. 17th, 1916.

Mortgage Sale of Valuable Central Property in the City of Toronto

UNDER and by virtue of the power of sale contained in a certain mortgage to the vendor, which will be produced at the time of sale, and default being made in payment of the monies thereby secured, there will be offered for sale by PUBLIC AUCTION.

C. J. TOWNSEND & CO., Auctioneers, Toronto, on Thursday, Dec. 7th, 1916, at 12 o'clock noon, the following properties named:

1. 111 King Street West, according to Registered Plan No. 712, a depth of 112 feet, a frontage of 56 feet 3/4 inches, more or less, and a depth of 122 feet, more or less.

2. 113, 115, 117, 119 and 121 King Street West, according to Registered Plan No. 712, a depth of 112 feet, a frontage of 56 feet 3/4 inches, more or less, and a depth of 122 feet, more or less.

Each of the above properties is offered for sale subject to a reserve bid of \$1000. Terms: Ten per cent. at the time of sale, and for the balance terms will be liberal and will be made known at the time of sale.

For further particulars apply to AYLESWORTH, WRIGHT, MOSS & THOMPSON, Valuers, Solicitors, Traders' Bank Building, Toronto. Dated Nov. 17th, 1916.

NOTICE TO CREDITORS

All persons having claims against the estate of Mary A. Allen, late of the City of Toronto, in the County of York, Ontario, U.S.A., widow, who died on or about the 22nd day of March, 1916, are required on or before the 15th day of December, 1916, to send by post, prepaid, or delivered to the undersigned, solicitors for the administration of the estate, a statement of their claims and the nature of the securities, if any, held by them.

For further particulars apply to AYLESWORTH, WRIGHT, MOSS & THOMPSON, Valuers, Solicitors, Traders' Bank Building, Toronto. Dated Nov. 17th, 1916.

NOTICE OF APPLICATION FOR DIVORCE

NOTICE is hereby given that Rosella Lamb of the City of Toronto, in the County of York, the Province of Ontario, tario, nurse, will apply to the Parliament of Canada at the next session thereof for a Bill of Divorce from her husband, George Alfred Lamb of Toronto, Ontario, machinist, on the ground of adultery and desertion.

LEE & O'DONOGHUE, 241-3 Confederation Life Chambers, Toronto, Ont., Solicitors for applicant. Dated at the City of Toronto, in the County of York, Province of Ontario, this thirty-first day of October, 1916.

THE COST OF PROVIDING BRAILLE BOOKS IS GREAT

Number of Toronto Organizations Endeavor to Help Returned Men.

Interest in the blind has been sharpened to some extent in Toronto by the return of a number of soldiers who have lost their sight in the war.

A few organizations—the Women's Musical Club, among the number—have taken upon themselves the specific task of raising funds to help those so pathetically afflicted, but the interest, keen as it may be in certain associations, is by no means so general as the situation demands.

A good idea of the cost of providing books for the blind is given in a little pamphlet, "Our Blind Soldiers and the Canadian Free Library for the Blind," in which it is pointed out by a concrete instance that it takes many times more to supply this literature than it does to procure books for the normal of the population, and a great deal more than is ever imagined by those not acquainted with the subject.

The pamphlet points out that the cost of the ordinary high school copy of Green's History of England is \$1.50 and the same work in the Braille alphabet for the blind costs \$27.50. This one illustration alone is sufficient to emphasize the outlay entailed in procuring reading matter for the blind, yet as this is so necessary to the pleasure and in some instances to the livelihood of this class of the community, the knowledge ought to enlarge our givings where such is at all possible.

FORM LOCAL BRANCH

Chatham, Ont., Dec. 6.—At a largely-attended meeting of retail merchants of the city, it was unanimously decided to form a local branch of the Retail Merchants' Association.

NEWRAY A COMER IN PORCUPINE CAMP

Recent Visit to Mines Cured the Doubters of Undue Pessimism.

RAPID PROGRESS MADE

Porcupine Unique in Extent and Grade of Available Tonnage of Ore.

Three great incidents have, during the past year, done much to increase the public interest in Porcupine. The first was the consolidation of the Hollinger with the Acome, Millerton and Claim 18147 of the Canadian Mining and Finance Co. This combination embraces 440 acres and the issued capital of the new company is now \$24,600,000.

The next auspicious happening at Porcupine was the somewhat unexpected developments on the McIntyre. Very large and rich ore bodies were encountered below 600 feet and this went a long way to prove what all the experts have declared that the ore bodies of the camp increase not only in value but also in volume with depth. In fact it is now generally conceded that Porcupine is unique in the extent and grade of its available tonnage.

The third event in the sequence of rapid progress was the remarkable rise in the stock of the Newray, which followed the change of ownership in the spring of the present year. A few months ago the mine was virtually a derelict. It had been abandoned by the lessees after all the ore at the time in sight had been worked in a small, old style, inefficient mill. The new owners at once set to work prospecting, uncovering veins, sinking test pits and diamond drilling. Several new veins were located east of and parallel with No. 1, from which the gold had been obtained in the past year.

But more important still were the operations on the McIntyre. Early in November prospecting here proved the existence in a very wide and typical gold bearing schist which means so much to the Hollinger Consolidated and McIntyre.

The officials of the bureau of mines had noted the extension of this schist as far as the Newray and had stated that in it the fissuring was most pronounced. But the fact that the official view by actual work on the property at once, sent the stock further on its upward flight. In fact the rapid advance of the Newray is the leading episode in the mining market during the present year. It is also a notable episode in the progress of Porcupine.

THOMPSON-KRIST IN BIG DEMAND

Not in many moons has there been such a popular demand for any mining stock as there is for the stock of the Thompson-Krist Mining Co. offered for sale for the first time yesterday morning. This splendidly located property was in instant favor and the brokers did a thriving business many orders coming from the north. The Thompson-Krist Co. have a strong board of directors who will commence active development work at once. Diamond drilling is expected to prove the contentions of prominent engineers that the veins of both the Porcupine Crown and the North Thompson run into this property.

HIGH ASSAYS AT NEWRAY

Information of an encouraging character continues to come from the Newray mine and yesterday a wire from Manager Charlebois to the company was as follows: Assay returns from test pit on west side near the Plenaun mine, at a depth of 21 feet, runs 36 dollars a ton. This new important surface vein, together with extraordinary diamond drill results at slightly below the 600-foot level has stamped the property as a definite integral part of the Porcupine gold field. It is expected that surface work will now cease at the mine and all energy be bent to concentrating at the various levels in the main shaft. On the present showings of the Newray there will not be the slightest doubt that the present funds for complete development and mill installation for a large gold production.

BIG DEVELOPMENT PLANNED FOR HARGRAVES

Interest Focused on This Old-Timer by Change of Control.

The first real information in connection with the recent Hargraves deal came to light yesterday in a circular issued by L. L. Winkelman & Co., brokers, 44 Broad street, New York. The circular will be of interest to shareholders, and in part is as follows: The rehabilitation of the Hargraves Cobalt property, undertaken by the prominent Toronto, Boston and New York banking and mining interests, who have acquired control of the company, has focused the interest of the public in this property, and a keen demand has been created in Toronto, Boston and New York.

Recent developments on the Kerr Lake Mining Co.'s property which adjoins that of the Hargraves, is the point factor influencing the bringing of the new interests into the company. One of the richest veins ever opened in the Kerr Lake property has been worked for several miles at the Hargraves ground, and there is every indication that this phenomenally rich vein extends into the Hargraves property.

A comprehensive plan of development has been outlined on the Hargraves property, and every effort will be made to expedite operations in order to place the property on a producing basis at the earliest date possible. It is also planned to immediately develop the company's Porcupine holdings, which adjoin the North Dome property.

WORK AT KENABEEK RETARDED BY BREAKDOWN

Special to The Toronto World. Kenabek, Dec. 6.—Owing to the breakdown in the compressor at the Kenabek silver mine, work has been retarded for several days. The compressor was a new one and the breakdown was occasioned thru a flaw. The new parts have arrived and the compressor is again running. For several days, owing to this, work could only be carried on by hand drills. An ore louse is now being erected and classed as a shipper. One sack are being shipped to Montreal and the other camp construction. Capt. Jeffrey states that the mine can now be classed as a shipper. One sack are being shipped to Montreal and the other camp construction. Capt. Jeffrey states that the mine can now be classed as a shipper.

SPECTACULAR SAMPLES FROM ASQUITH TP.

Al. Boyd, who for the past three years has been prospecting in West Shining Tree, and who is associated with A. N. Bileky, was in town yesterday. He had in his possession some remarkably rich samples obtained from the Holbrook claims in Asquith Township, two miles southwest of the Atlas property, which is being worked by Mr. Bileky and other Montreal capitalists. He stated that the vein at the Holbrook property run from 18 inches to four feet in width, and have been traced for a distance of 500 to 600 feet.

BOSTON CREEK COMPANY INTERESTING CAPITALISTS

It was learned yesterday that financial men of New York, Boston, Toronto and Montreal had become largely interested in the Boston Creek Mining Co., which has been under development for several years and is expected to be developed at a stage when ore shipments can be made. The company's stock has hitherto been held by a very close corporation and offers for shares have frequently been turned down by the owners. With the present sale of a block of the stock it is probable that the shares will become one of the active market issues.

BOOM IN INCIPENT STAGE

Not since the early days of the Cobalt Camp has such interest been taken in the mining stocks as at the present time. The market transactions are constantly on the increase, and a boom in its incipient stage is already in effect. This outbreak of speculation and investment is no unmediated attempt to ignite public curiosity, but the inevitable outcome of a condition which was bound at some stage to get recognition. The war produced a widespread demand for the base metals not yet altogether supplied, and the war is demanding a supply of gold and silver such as can only be met by increased production. Capitalists saw the necessity, and took advantage of the occasion. Many undeveloped and partially developed gold and silver properties in Northern Ontario were taken up and the public are being invited to the stock market, and in other ways, to contribute to their development, and incidentally share in any profits that might come therefrom. No mining area in the world is thought to offer such chances for making money as the New Ontario camps, and it is to be regretted that as mercantile investors are taking such a large share of this. Most of the cities in the eastern states are becoming heavily interested in Canadian gold and silver stocks, and much of the recent market activity is due to this. Canadians are beginning to see that it is both profitable and patriotic to support home securities instead of New York stocks opened essentially to extract continuous margins from this market's followers. Wall Street has long ago discounted every advantage that the United States can expect to take out of the necessities of the allies, and the retrogression in prices has under the circumstances that American investors are taking such a large share of this. Every new dollar in gold and silver raised in New Ontario will do a mighty work in helping to win the war, and support Lloyd George's contention as to the "silver bullet." The coming winter will witness a record activity in the northern mining camps, and investors will be asked to subscribe to many companies' treasuries to aid in this work. Some of the mineral wonders of these camps are already known, but the drill and explosive will reveal many more of these as further development progresses. A boom in mining stocks under the circumstances that are now prevailing is inevitable, and speculators will not be slow in taking advantage of the opportunity.

PORCUPINE FUTURE RIVAL OF FAMOUS RAND FIELDS

No Other Gold Camp Gives the Same Promise as That in Northern Ontario.

Will Porcupine ever equal the Rand? To answer this question satisfactorily we must first consider the status of the great South African field. By the end of the present year its total production will be near \$2,500,000,000 and its dividend payments \$60,000,000. There are several other producing mines crushing about 27,000,000 tons of ore per year, the average value of which is \$6.40 per ton. This means an annual output between \$175,000,000 and \$180,000,000. Prior to the war there was a considerable falling off in the older sections, but new mines are being opened in the far east Rand and the output of the whole has been well maintained. Require Twenty Hollingers. Now, if we assume that the enlarged plant of the Hollinger Consolidated will treat 1,200,000 tons of ore annually, having a gross value of \$9,000,000, then it will require twenty mines of the size of the Rand. At present we have only the Hollinger Consolidated, Dome and McIntyre. But the addition of seventeen large producers would make the Rand not the greatest gold field of the world as it is now, but the greatest gold field of the world as it will be in the future.

INSPIRATION FEATURED IN MINING MARKET

Inspiration was one of the most active stocks on the Standard Stock Exchange yesterday. At the sound of the gong brokers all over the world were bidding for the shares at 40 against 35 the previous night's close. From the Rand the price advanced to 47, and the price fell back to 42. Many of yesterday's orders were wired in from the Rand and interest is centered in the Rand and the price of the Rand is still in the diamond drill. It was not known yesterday whether any assays had yet been made, but the fact that visible gold is present is sufficient to justify estimates of high value. The vein struck has not yet been pierced thru, but the last information received from the Rand is that the width of the vein is about five feet. Much buying of the stock was done on location, as the interest in the Rand is spreading, and it is believed that the Rand will be a great success. Actual assays will be awaited with some interest, but in the meantime the Rand will be a great success. Actual assays will be awaited with some interest, but in the meantime the Rand will be a great success.

MOND NICKEL CO. PURCHASE CLAIMS

It is learned that the nickel claims lately secured by Mond Nickel Co. in the Langmuir Township, have passed into the hands of the Mond Nickel Co. of Sudbury. The there are small veins of nickel in the ore. It is not thought that it will, on the whole, be very high in this metal. The Mond Nickel Co. is a company which has been formed to develop the Mond Nickel Co. in the Langmuir Township, Ontario, and it is believed that the Mond Nickel Co. will be a great success. Actual assays will be awaited with some interest, but in the meantime the Mond Nickel Co. will be a great success.

SAMPLES FROM FIND AT DAVIDSON ARRIVED

Samples of the ore from the new vein discovered at a depth of 50 feet in the south end of the Davidson property arrived in the city yesterday, and an independent assay is now being made. The rock is heavily impregnated with platinum and the values will run from \$135.00 to \$25.00 to the ton, which is taken to indicate that the find will prove an important one.

HALF MILLION SHARE DAY IN MINE STOCKS

Biggest Volume of Business Done in Years—Inspiration, Kirkland Lake Features.

Trading on such a large scale developed yesterday in the mine stocks that by the end of the day over half a million shares had been traded, in which constitutes a record volume of business for some years. The figures to be exact were 538,095 shares as against 395,448 shares, the previous record, made on November 30, of last year. The market was again a bull affair with the trend upwards, although some natural reactions took place. This tendency, however, caused no alarm in the mine stocks, which were going up so fast that it is rather remarkable that a much more serious set back has not occurred before this. Interest in the mine stocks has been high, both Cobalt and Porcupine lists, but there seemed a tendency to swing a little more into the gold stocks in spite of the fact that silver climbed higher, going up to 75.58. Trading, however, was continued on a large scale in Hargraves and Kenabek, both these issues being the features of the Cobalt list.

A new stock to come into prominence was the Kirkland Lake. This company owns a large amount of territory in the new gold camp at Kirkland Lake. At the present time the McKee property is being vigorously developed with excellent results by all accounts. At any rate the stock seemed to come suddenly into favor and by the close, over 15,000 shares of the stock had changed hands. The heaviest buying was reported from the north, where the property is held in very good repute. Inspiration was another stock which got back into the limelight. Trading was very active and a new high record was established at 47, an advance of 9 points above the high of the previous day. On later trading a natural reaction occurred, the last sale being made at 40. McIntyre responded with some unwillingness to the announcement of a dividend to be declared in January, selling up to 137 on the good news, but sagging back again to 135. McIntyre Extension was strong, firming up to 55. Jupiter showed a better response than either of the other two stocks concerned, making a strong rally to 31. Hollinger held steady at \$6.90 to \$6.95. Schumacher was firm around 80. Newray was unchanged at 128 to 129 and Teek-Hughes, after easing temporarily to 77 1/2 recovered to 79.

Among the smaller gold stocks, Gold Reef was a feature, this issue being in strong demand and selling up to a new high in years. Not more than a short time ago, any amount of the stock could be had around one cent a share, but since the property has been reopened and prospecting done, it has developed a tendency to appreciate in value. Apex was strong, selling up to 12. Davidson was strong at 48 to 48 1/2. In the Cobalt list, Hargraves made a new high at 20. There still seems to be a mystery surrounding the identity of the interests who obtained control a week ago. Kenabek, after going up to 64, reacted to 57. The reaction in this issue was quite to be expected after the rapid advance made in the past few days. Only a short time ago it was selling around 17. Braver came in for some attention because of the market for the Kirkland Lake stock. This property, it will be remembered, is under option to the Beaver. Ophir was moderately active around 13 to 13 1/2, and Peterson Lake met a good enquiry at 13 1/2 to 20. Timiskaming held strong at 66 to 67. Coniagas changed hands at 55.00. Lorrain at 55 and Shamrock at 16 3/4. Great Northern shipped out of the limelight as far as activity was concerned, but remained firm at 15 to 15 1/4. One of the features of the market was the stock in Vacuum Gas. During the morning session it sold between 180 and 181, but in the afternoon trading, some selling developed, forcing the stock to slump to 10 points. A partial recovery was made, however, later and it closed at 124 bid.

MARK HARRIS on MINES and MINING

Just a month ago I called attention to a stock named Newray, which at the time was selling on the New York and Toronto Exchanges at 70 cents, and I said it would undoubtedly show a profit of 100 per cent. within six months' time.

Yesterday Newray sold at \$1.25, so my prediction of 100 per cent. profit is almost fulfilled at this early date.

The history of Newray these past six months is certainly a romance and I feel confident many readers will appreciate my telling the tale.

In the early days of Porcupine there was a mine called the Rea Consolidated which was one of the show spots of the camp. The first mill in Porcupine, a small ten-stamp affair, was erected on the "Rea" and this little mill produced over \$212,000 from a small four-foot vein that was lost 132 feet below the surface.

In these early days the geology of Porcupine was unknown and few engineers believed it could develop into a permanent gold camp, consequently the management of the "Rea" shut down the mine after a few months and it remained shut down until this spring.

In the meantime the Porcupine camp has developed into the most promising gold district of this country. It has already developed the greatest individual gold mine of the entire world, "the famous Hollinger"—a mine that has more than \$80,000,000 worth of ore—a mine that paid dividends of 52 per cent. yearly on its \$3,000,000 capital and which recently went into a big merger on a \$12,000,000 basis, where the stockholders received stock worth \$30 for every share of Hollinger stock exchanged.

Engineers now know the geology of Porcupine and they know that the ore is found at great depths, this having already been demonstrated 2,200 feet below the surface.

Early this spring a strong syndicate secured control of Newray, which was the new name for the old "Rea," and they immediately announced a policy which included aggressive development of the Newray property.

Newray at this time was selling at 40 cents or less a share and I strongly advised my friends and clients to purchase the stock as a first-class business man's speculation.

I said at that time that the stock was not an investment and that nobody should buy unless he were willing to take a risk.

I firmly believed that, under capable management, it was only a question of time and money to make Newray a valuable property, because it was located right in the centre of the producing zone and I felt certain that with modern methods new ore bodies would be uncovered.

Within four months after work started Newray had uncovered not one vein, but four large master veins running from 10 to 40 feet in width and carrying values averaging \$10 or better, which is high for the Porcupine district.

This in itself was certainly sensational, but there was more to come, and about a month ago the management announced the finding of 12 feet of ore averaging \$23 a ton at a depth of 630 feet. This find was made by diamond drilling and it was of the greatest importance since it proved the existence of ore at depth.

Since then the diamond drills have found another 15 feet of ore at 900 feet which assays as high as \$40 a ton.

A few weeks ago some big financiers living in Baltimore decided to investigate these wonderful discoveries, so they sent their own engineer to the camp for a confidential report.

The engineer, Mr. Petre, is one of the ablest engineers in America and when he examines a property he takes nothing for granted and believes nothing until he has proven it to his own satisfaction.

He spent several days on the Newray property and then returned to Baltimore and made a confidential report that was so sensational that the big financiers telephoned New York brokers that they were in the market for 200,000 shares of Newray.

I consider Newray a far better purchase today at \$1.25 than it was at 40 cents six months ago, because the intrinsic value is there to back it up, while six months ago the future was more or less speculative.

The possibilities of Newray are simply unlimited and I advise every one who can afford to wait a year for dividends to buy Newray, buy as much as you can afford, then have the stock transferred into your own name and lay it away until it pays the first dividend.

By that time the stock will, no doubt, command a high price and it should show a profit far larger than any ordinary dividend payer.

No man can truthfully say how high a stock will sell or how much it is actually worth, but as Newray produced over \$200,000 from one small four-foot vein in a little over 100 feet it doesn't take a mathematician to figure out what 80 feet of ore going to 900 feet will bring and Newray has practically demonstrated this ore to exist.

Newray has 320 acres or eight full mining claims and the capitalization is only \$1,000,000, so even at the present market figure Newray is one of the cheapest stocks I know of.

Hollinger recently sold on a basis of \$18,000,000, which would mean \$18 a share on Newray's capitalization.

Take my advice and buy some Newray now—today—you won't regret it.

Mark Harris

NOTE: An article on Mines and Mining, by Mr. Harris, will appear in The World every Thursday.

'Back to Nature' Boots

Made from Genuine Indian Tanned Moose Hide, With Warranted Wear-proof Soles

MEN'S TROT-MOC TAN HIKE BOOTS
Made on the Munson shape, Rester last, from soft yet extremely tough Indian tanned moose; has soft box toe, bellows tongue and leather heel; a perfect military or hike boot; the flexibility and exceptional wearing qualities of this boot are unsurpassed; widths D and E. Sizes 6 to 10. Pair 6.50

MEN'S KID TROT-MOC BLUCHER
There is comfort in this boot from the first moment you wear it. It is made from selected imported kid on nature shape Rester last. A special favorite with business and professional men; widths C and D. Sizes 6 to 11. Pair 6.50

YOUTHS' AND CHILDREN'S TROT-MOC BROWN MOOSE BLUCHER AND BUTTON
For exceptional service and all-around satisfaction we recommend this boot; made from tough Indian moose, with long-wearing Trot-Moc double soles, that will give the fullest value; widths D and E. Sizes 7 to 11, spring heel, \$4.00; sizes 11 to 2, heel, \$5.00.

WOMEN'S TROT-MOC GLOSS MOOSE WALKING BOOTS
Brown boots have the call for fall and winter wear. This beautiful boot made from gloss moose of a rich brown shade, low heel, walking last, famous Trot-Moc wear-resisting sole; 8-in. top; widths B, C and D. Same style, black moose. Pair, 7.00

MEN'S HOUSE SLIPPERS
An inexpensive but useful gift that any man will appreciate. Beautiful imitation alligator slipper, full-fitting shape; good wearing leather sole. Sizes 6 to 11. Pair 1.48

OIL-TANNED MOCCASINS
Made of heavy oil tanned cow-hide leather, 6-in. top, for all outdoor winter sport. Men's, sizes 6 to 11, \$2.09; boys', sizes 1 to 5, \$1.79; youths', sizes 11 to 13, \$1.59.

HOCKEY AND SKATING BOOTS
Tough black smooth chrome leather, with strap and buckles. Solid leather soles that will hold screw and rivets. Felt padded tongue and in-soles. Men's, sizes 6 to 11, \$2.39; boys', sizes 1 to 5, \$2.09; youths', sizes 11 to 13, \$1.79.

Men's Fur-collar Coat, \$20

It's a Particularly Good Value

A warm and very serviceable coat, made from a heavy English black beaver cloth. Cut in good-fitting double-breasted ulster style, 50 inches long, with interlining of chamamois to the bottom of coat. Finished with shawl collar of marmot fur. Strongly and neatly tailored. Sizes 36 to 44. An exceptionally good coat for 20.00

Excellent Suits for Men

Made from a strong English tweed in dark brown, showing neat stripe pattern, cut in a smart single-breasted three-button sacque style, and lined with a durable twill mohair. Sizes 36 to 44. A serviceable and neat suit for 12.50

Another one is a stylish single-breasted three-button sacque with soft roll lapels, the new single-breasted vest, and a neat good-fitting trouser. The material is a splendid quality English tweed, in brown, with small check pattern. The linings are fine twill mohair. Sizes 36 to 44. A fine appearing suit and great value at 18.50

This Suit is for Stout Men

Made in a good fitting, single-breasted, three-button sacque style that just fits the larger men right. The material is a good quality English worsted cloth in a small brown check pattern. Nicely tailored and finished with fine twill mohair linings. Sizes 42 to 50 breast. Priced at 18.00

Boys' and Youths' Slip-on Overcoats

A swagger overcoat for boys 10 to 17 years of age is shown in a dark grey ulstering, with durable warm linings. Double-breasted, with smart two-way collar that will fasten close to chin, natural shoulders, split sleeves, loose-fitting back and patch pockets, finished with flap. A very desirable coat in style and quality, and a splendid value. Priced 13.00 at 13.00

For the Smaller Chaps a Smart Double-Breasted Greatcoat

Tailored from grey and brown tweed coatings, showing a neat check pattern. It has a wide lay-down collar, well-formed shoulders, loose all around belt, full-fitting skirt, warm fancy check linings. Sizes 21 to 28, for boys 3 to 10. A coat that combines warmth and good appearance. Price 8.75
