Beaverbrook Reopens War With Baldwin on Churchill Issue

JAPANESE TALK OF WAR WITH U. S.

PREMIER CRITICIZED FOR SIDETRACKING SIR ROBERT HORNE

Churchill's Appointment is Likely to Cause Trouble, Says Express.

CANADA INVOLVED

Indications are That Baldwin Preference Policy Will be Pursued.

BY HARRY BAILEY (British United Press.)

London, Nov. 7.—The warfare between Lord Beaverbrook and Stanley Baldwin broke out again this morning, with the announcement of the appointment of Winston Churchill to the Chancellorship of the Exchequer.

While the bulk of the Conservative and Liberal press approves the new appointments to the cabinet, the Daily Express morning opens a broadside on Baldwin for not offering the Chancellorship to Sir Robert Horne, and trying to get him to accept the Ministry of Labor, which has now fallen to Sir Robert Steel Maitland, one of the lightweights of the ministry.

The Express points out that neither Lansdowne through Lord Derby, nor Scotland through Sir Robert Horne, is represented in the cabinet, that Winston Churchill is a free trader, and his appointment is likely to give rise to acute party dissension.

The real reason for Lord Beaverbrook's irritation is said to be that he tried to force Sir Robert Horne on Baldwin, and as Baldwin has little liking for the owner of the Express he refused to submit to such dictation or to listen to the demands of the "die hards."

Lord Beaverbrook is also against Baldwin over the Zinovieff letter, which it is generally believed the Daily Mail, Lord Rothermere's paper, secured through the intervention of Baldwin's friends, the Express being deliberately ignored.

Unfortunately this warfare affects Baldwin's outlook on Canada. Baldwin's experiences with both Beaverbrook and Grant Morden have been unfortunate, and the new Premier is now inclined to look with suspicion on any suggestions coming from that quarter.

The appointment of Col. Amery and the elimination of the Duke of Devonshire come from that section of the party which says "We dictate what any Dukes in the Conservative cabinet."

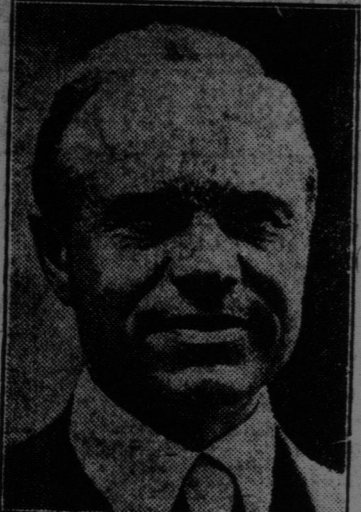

Colonel Amery is an out and out protectionist and there is a predominance of Midlanders in the cabinet, including Baldwin, the two Chamberlains, Amery and Steel-Maitland, who all come from the Birmingham district, and this is taken as a sign that Baldwin is determined to pursue his policy of preference to which Churchill will obviously be forced to agree.

It is predicted, however, that the new government will not have an easy passage, for much disappointment outside the cabinet will find expression in the House of Commons under the guidance of Lord Beaverbrook.

ST. JOHN, N. B., NOVEMBER 7, 1924

THE PORT.

Most citizens of St. John must have read with considerable satisfaction and a sense of rising confidence the result of yesterday's conferences between the Mayor and Commissioners, the Port Committee, and representatives of the steamship companies, followed by the Council's almost unanimous confirmation of a further reduction in rates to be carried into effect in the original schedule of sailings are restored.

The National Transcontinental, built to a high standard, with scarcely a grade exceeding twenty-one feet in a mile, would result in the handling of not only western grain, but of all other freight, with a new despatch and economy which would work a revolution in Canadian transportation and produce a wonderful effect in building up both the railways and the ports. Quebec, St. John and Halifax have continually insisted that a much greater use of the Transcontinental should have been made. They were right, and ultimately faith must be kept in that particular. The national interest demands it.

The discussion of the Toronto Globe's article will certainly result in stimulating public sentiment to demand of the Government a more rapid approach to the all-Canadian policy which both the old political parties have agreed to in principle, but which neither of them has ever carried into practice to anything like the extent possible and desirable. Under a proper transportation policy, designed to serve Canadian interests boldly and wisely, the port of St. John should receive the great traffic which is its due because of its geographical situation, and sound public policy would naturally demand that its equipment be kept well ahead of the demands of expanding business.

YALE GOES CONSERVATIVE.

Not unexpectedly, the by-election in Yale, B. C., yesterday resulted in the election of Mr. G. Sterling, the Conservative candidate, over Mr. Daniel W. Sutherland, his Liberal opponent, by a majority of nearly five hundred. The seat was Conservative before; in the last election the late J. A. McKelvie defeated his opponent by 642. The constituency of Yale was formerly joined to Cariboo, but under the Redistribution Act of 1914 it became a separate riding. In view of yesterday's result a glance at the political history of Yale is of interest. Hon. Martin Burrell, Unionist, was elected there by acclamation in 1917, and in 1920 there was a by-election resulting in a Conservative majority of 389 for Mr. McKelvie. He was re-elected in the general contest of 1921 by 642.

The old constituency of Yale-Cariboo was Liberal in 1896, 1900 and 1904. Mr. Gallier had a majority of 629 in 1900, but in 1904 Mr. Duncan Ross, Liberal, had a margin of only 161 votes. From that time forward there was a marked change, for Mr. Martin Burrell, Conservative, was elected in 1908 by the substantial majority of 899, and in the famous Reciprocity election of 1911 he increased his majority to 1,889 votes, a sufficiently impressive figure. In November, 1911, after he had been taken into the Conservative Cabinet, he was re-elected by acclamation.

The result of yesterday shows that Yale is still Conservative by substantially the same margin as that shown in 1921. The federal significance of the latest contest is fairly well expressed by the saying that the Dutch have taken Holland.

LIVELY.

"A certain liveliness" to recall the old war bulletin phrase—has suddenly developed on the British election front, following immediately Mr. Baldwin's announcement of his cabinet list, his inclusion of Winston Churchill in his official family, and his elevation of that resourceful and many-sided free trader to the great post of Chancellor of the Exchequer. Lord Beaverbrook is described in the despatches as having insistently thrust Sir Robert Home upon the Prime Minister for the fiscal chancellorship—though Sir Robert represents the good wine that needs no bush. The Premier's dislike—a mild word here—for Lord Beaverbrook is said to have influenced him in excluding Sir Robert, but the fact apparently is that he had decided from the first upon Mr. Churchill, and could not give the post to both.

With few exceptions the chief English newspapers commend the cabinet as strong and brilliant. The Morning Post is harshly critical, and Lord Beaverbrook's Express makes open war upon the Prime Minister and Mr. Churchill. The Baldwin-Beaverbrook feud has now reached a high pitch of bitterness, and it will last, for it will be recalled that after Mr. Baldwin was beaten on protection and there was a row over the Conservative leadership, the Prime Minister was credited with saying that he would not think of inviting Lord Beaverbrook to his house. The character of that remark requires no analysis here; some of its consequences have been seen already, and the end is not yet.

The significance of Mr. Churchill's promotion, which was reported officially at an hour after this page was closed yesterday, is great and of commanding interest. It will be thought that a Ministry which includes in so important a post the brilliant descendant of Marlborough will surely not press the protection issue. The

dispatches intimate that Mr. Baldwin is giving to Mr. Churchill the chance to produce a popular and progressive budget that will break new ground and do much to prevent the progress of Socialist thought and organization. That way lies Conservative success, the "die-hards" to the contrary notwithstanding.

The "Third Degree"

(New York Sun.) The Supreme Court of the United States has struck a hard blow at improper police methods by its decision in the case of Zhang Sung Wan. This Chinese student was accused four years ago of murdering three officials of the Chinese Educational Mission at Washington. Of this crime he was convicted in a lower court. The most important evidence against him was a confession secured by the police in eleven days' questioning. The Supreme Court has thrown this out and ordered a new trial.

Whatever the merits of the case, the decision must be applauded. It constitutes a criticism of the use of a method of getting evidence. In Wan's case a suspect was questioned for days without respite, detectives and other police officers taking turns at their task, but Wan himself receiving no opportunity to rest. The result, according to medical testimony, was a physical state in which the young Chinese was willing to subscribe to anything in order to get relief. Later he repudiated his "confession," and his friends bring much evidence to show his good character and the improbability of his having committed the murder.

The "third degree" is to be condemned in any case. From its coarse forms of abusive language, threats and blows to the more subtle but no less barbarous examination of a witness beyond the point of reasonable physical endurance it is a thoroughly uncivilized procedure. It has existed only because of public ignorance. In asserting this principle the Supreme Court has done a service to the law and the public. Its decision should reach beyond the case in point and have a general effect on the treatment of suspected prisoners.

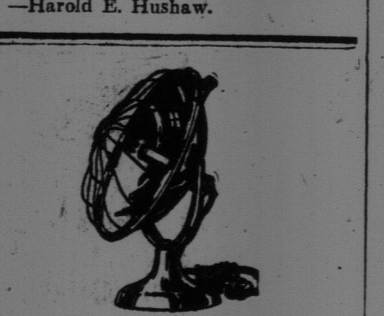

"W. E. H."

(New York Herald-Tribune.) In a recent conversation on the ups and downs of authors an Englishman let me touch upon the curious subsidence of a once resounding reputation. Asked about the present status in London of the late William Ernest Henley, whom he greatly admired, he unhesitatingly replied: "Nobody ever mentions him." Shades of that blithe phenomenon, the Renaissance of the '90s! Is Henley, then, who was in his day so potent and so acclaimed, only a shattered colossus, like Shelley's tumble-down King of Kings? We cannot believe it, or doubt that he will somehow be revived and persist—if only in affectionate remembrance of what he did to foster the most characteristic and valuable literary impulses of his time.

He was himself a long way off from greatness. Sometimes, in prose or in verse, he wrote fustian. The oft quoted "Invictus" is inflated stuff. But there is authentic music in the "London Voluntaries," and on occasion he could strike a lovely note. In the "Margaretta Sorell," for example, occur these lines: So be my passing! My task accomplish'd and the long day done, My wages taken, and in my heart Some late lark singing, Let me be gather'd to the quiet west, The sundown splendid and serene, Death.

No, Henley isn't going to be altogether forgotten. "Nobody ever mentions him." But there is authentic music in the "London Voluntaries," and on occasion he could strike a lovely note. In the "Margaretta Sorell," for example, occur these lines: So be my passing!

Whose hearts were never made divine In agony and bloody sweat; Never in license and disunion Can ye partake of that communion Until your souls be firmly set Each one to storm his Courcellette.

Ye, too, in fortune or in pain Must life once more your heavy cross, For 'tis the striving, not the gain, That makes the final gain or loss; Mark ever tread the weedy road That leads through suffering to God; Though once thrown down, rise steadfast yet, And storm another Courcellette.

COURCELLETTE.

(Courcellette, stormed by the 2nd Canadian Division in September, 1918, was today retaken by the enemy.—Official Report, May, 1918.)

Now twice the winter's rain and snow Have swept across the muddy plain; Still these gaunt bones lie stretched below In drifting snow and peeling rain; Two summers since the autumn sun Dim on my closing eyelids shone One breath beyond our parapet, At Courcellette, at Courcellette.

The air was tense with parting life; Canadian dead lie wintry breath, Flashed above the desperate strife Behind the chariot wheels of death; Henceforth our spirits dispossessed Nowhere can find eternal rest Save on the field where death we met, The barren plain of Courcellette.

Beneath the tread of kindred feet In beds prepared by kindred hands Secure our souls might slumber sweet And dream of home in foreign lands; But now the trumpets of our foes Profane the calm of our repose— With kindred blood the earth is wet, But aliens speak in Courcellette.

Oh, ye, our kin, are we to lie Forever under hostile tread— Or will the land that saw us die So faithless doom her faithful dead? Ye may live on in sloth and ease And with our anguish buy your peace, But none of worth can so forget The tears and blood of Courcellette.

Our pledge of sacrifice to Heaven Ye, too, must humbly undertake; The vows that in our hearts were given No less are yours for our death's sake; We have redeemed our heavy cross In fiercest agony of war; Ye cannot claim, to pay your debt, The holy soil of Courcellette.

Ye cannot break the bitter wine And break the bread of Courcellette

Points on Politics. The only sure thing in politics is non-sure.

You cannot make a straight statement out of a crooked politician. A man can study both sides of a question without sitting on the fence. The ideal political plank has no knots-holes through which politicians may crawl.

The average man's politics and religion are either fibbered or accepted at second-hand. Unless a man has a character that won't show dirt he had better keep out of politics.

From a Stud's Essay. A mirror is a popular subject, for there are lots of people who are always looking into it. Most mirrors are square, yet everywhere we go we see them round. Often, like a waiter, a mirror has to be tipped or it won't give good service. Most of us see something to like in a mirror, yet it is always casting reflections on our personal appearance.

And we who lie beneath the plain With wider vision now can see A larger purpose, nor complain To pay the price of victory.

WEDDINGS

Logan-Lee.

The following is from a Halifax paper:

The Baptist Temple was at a quarter past seven o'clock this morning the scene of a wedding in which a wide circle, by no means limited to Halifax, nor yet to Nova Scotia, felt a special interest, the principals in the ceremony being Marguerite, daughter of the late James W. and Mrs. Lee, of St. John, N. B., and George Logan, of Shubenacadie, both of whom have many friends in the city. Miss Lee has for a little more than three years been a member of the nursing staff of the Massachusetts-Halifax Health Commission with duties at Health Centre No. 1, and in her professional capacity as also personally, she enjoyed high regard. Following personal announcement of her engagement friends vied with one another in giving proof of their good will, and there have been a number of "showers" in her honor. Mr. Logan, like his bride, is exceedingly popular, and it is therefore not surprising that so much interest has been felt in the wedding.

The ceremony was performed by the pastor, Rev. Mr. Webb, and in spite of the early hour for the ceremony a large group were present to witness it. Bride and groom were unattended. The bride was given in marriage by Percy Shaftebury.

Miss Lee looked most charming in her gown of sand colored tulle, crepe, knife pleated, and with shawl collar, this being worn with a smart and most becoming hat of bright panne velvet with lace drapes and butterfly of black jet. Her bouquet was a shower bouquet of roses.

At the conclusion of the ceremony Mr. and Mrs. Logan left for a trip to Montreal, Toronto, Ottawa and Quebec, followed by the best wishes of all who know them. On their return they will make their home at 214 Creighton Street Extension. The collection of wedding gifts was a large, beautiful and valuable one.

MURDER PREVENTED STABBING AFFRAY

Three of Community Leaped on Man Wielding a Big Knife.

New York, Nov. 6.—Three of the men of the Madonna Home at No. 178 Cherry street, Sisters Margaret, Josephine and Emily, in all probability prevented a murder when they threw to the floor a man who was menacing the life of the superintendent of the home with a twelve-inch knife.

It was such an unusual, startling noise that Sisters Margaret, Josephine and Emily sprang up from table and hastened into the kitchen. As they entered they found Charles Hanson, the cook, who lives in the home, waving a twelve-inch knife and threatening the superintendent, Otto Pence.

There was no doubt in the minds of the Sisters of the danger in which Pence stood. He had been backed into a corner and Hanson confronted him with the knife, evidently about to close in on him. The three Sisters did not hesitate an instant. All three flung themselves upon Hanson, one grasping the hand that held the knife, the others clutching him about the body. Hanson, least of all, expected such a move, for he had the knife ready, the menace of it all too apparent.

But the determined rush of the Sisters so took him by surprise that the next moment he found himself flung to the floor and held there, the hand with the knife securely twisted aside until the weapon fell away and he was helpless. He struggled to get up, but the Sisters were bent upon keeping him there, and while they held him, a fourth Sister ran out for aid. She came back with Patrolman Ferrari of the Clinton street station, who relieved Sisters Margaret, Josephine and Emily of their "prisoner."

A little later Hanson was arraigned before Magistrate Vitale, in the Essex Market Court and held on a charge of felonious assault.

STONE CHURCH HOLDS A BAZAAR

One of the most successful bazaars of the season was held yesterday afternoon in the Parish Hall, of St. John's (Stone) church, under the auspices of the church workers. Mrs. G. Fred Fisher was general convener and hostess, receiving the many patrons. The transformation of the hall into a picturesque bazaar was cause for favorable comment. Mrs. Richard Hooper and Miss Clara O. McGivern were at the door to receive tickets and attend to the finances generally.

In the evening a programme of music was furnished by Mrs. T. J. Gunn, Mrs. Harold McMichael, Miss Ermeline Gilmo, Mrs. James M. Barnes, Clarence E. Girvan. There were two tea rooms. Both were well patronized. Those pouring were Mrs. James F. Robertson, Mrs. T. E. G. Armstrong, Mrs. Harold Likely, Mrs. George K. Berton, down stairs, and Mrs. A. L. COURT GIVES 5 DIVORCE DECREES

Fredricton, Nov. 6.—The Court of Divorce and Matrimonial Causes for the Province of New Brunswick was held this afternoon until Nov. 25, when defended cases and others on the docket will be tried. This afternoon the suit of Edna May Claybourne vs. Archibald Claybourne was tried, J. B. McNair appearing for the plaintiff wife. The parties to this suit are colored, the plaintiff residing in Fredericton and previous to marriage being named McCain. The defendant is residing at Barker's Point. They were married at Fredericton in 1905 by Rev. J. A. Rogers. Three sons and one daughter were born. The wife left the husband for alleged cruel and harsh treatment, and infidelity on his part is alleged. Witnesses examined were Miles H. Dixon, Edna May Claybourne, the plaintiff, and Emma Hoyt. In this case Mr. Justice Crockett this week granted five divorces and took five cases under consideration, making the 10 which were tried before him. Five defended suits are to be tried beginning on Nov. 28. Of the remaining five of the 20 cases filed, one has been struck off the docket, one withdrawn with leave to re-enter, one has been made a remanet and two are to be heard after the defended cases.

MANY ORPHANS ON WAITING LIST

The board of directors of the New Brunswick Protestant Orphanage at its meeting last night in the Board of Trade rooms heard that both of the present institutions, those on the Manawagish road and Britain street, were filled to capacity and 28 more applications were on the waiting list. The finances were a matter of serious consideration as there was a very large debt and the directors are relying upon the generous giving of the Protestant congregations when the annual collections are taken in the churches this month. L. P. D. Tilley was chairman last night and the absence of D. G. Clark, who is attending a Baptist missionary conference in Toronto. It was reported that construction on the new school and the second wing of the Manawagish road property was progressing very satisfactorily and that both would be completed by Jan. 1 and ready for occupancy early in January. New furniture will have to be provided for the new wing. Reports of the health of the children and the conduct of the homes were very satisfactory.

Turns Carbage Into Gas; Then Burns It Tokio, Nov. 7.—(United Press)—If the gas in the cook-stove goes out along about dinner time in the coming winter months, the irate housewife should insist upon the installation of a plant like the one just invented here. It burns gas made at home. Refuse from the commissary of S. Misuno isn't dumped into a can for the stray dogs to turn over in the night. It is placed into a reservoir to await its turn to become manufactured gas. For this inventor has a plant under ground in his backyard where he turns garbage into combustible gas. Social Notes of Interest

Mrs. M. A. Pooler was hostess at a pretty luncheon at the Riverside Golf and Country Club yesterday in honor of her guest, Miss Hoyt, of Pennsylvania. Covers were laid for fourteen. The table was particularly tasteful in its arrangement with yellow and russet colored baby chrysanthemums in a set colored bowl, centering it and with vases set about the table holding single blooms. Softly shaded yellow candles in cut glass candlesticks gave a finished effect to the artistic scene. Favors in petal edged crepe paper baskets, filled with dainty confections, were at each cover. Bridge was played in the afternoon. Prizes were won by Mrs. W. R. Turnbull and Mrs. Frank S. White. Those present were Mrs. Pooler, Miss Hoyt, Mrs. Turnbull, Mrs. White, Mrs. Daniel Mullin, Mrs. Howard P. Robinson, Mrs. J. Royden Thomson, Mrs. C. B. Allan, Mrs. R. Hugh Bruce, Mrs. John McIntyre, Mrs. J. Lupton McAvity, Mrs. Frank Cane, of Montreal, Mrs. J. A. Boyd, and Mrs. C. J. Coster. Mrs. Pooler will entertain again today at luncheon at the same place.

QUALITY

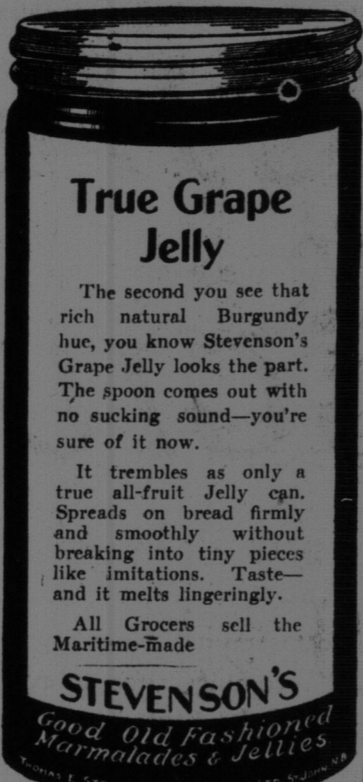

NO TREASON

PRICE has always been of secondary importance in the blending of KING COLE Orange Pekoe. It has to be, if that characteristic rich flavor is to be maintained. Unusually choice teas are continually sought for it, and the cost of these is frequently changing.

KING COLE Orange Pekoe is for the real tea lover to whom a fine cup of tea is a delightful necessity. Any lowering of the quality would be treason.

The price of KING COLE Orange Pekoe has changed slightly from time to time, and may again be higher or lower according to market conditions, but its original exclusive flavor remains unaltered.

It trembles as only a true all-fruit Jelly can. Spreads on bread firmly and smoothly without breaking into tiny pieces like imitations. Taste—and it melts lingeringly.

HAS BIRTHDAY PARTY.

Little Miss Anna McNeill, daughter of Police Constable Walter McNeill and Mrs. McNeill, 76 Prince Edward street, celebrated her sixth birthday yesterday at her home, when her mother entertained for the little girl and young friends. A prettily decorated birthday cake with candles and surprises in each slice, made all the guests happy. They played games to their hearts' content and left in the early evening after a jolly supper, a contented but tired bunch of youngsters. The hostess was assisted in entertaining by Mrs. Frank Leeman and Mrs. Ada McCluskey. The little guests were Lillian Leeman, Patricia Coughlan, Wilbur Coughlan, Pat O'Brien, Kathleen O'Brien, Mary Hubbard, Margaret Vaughan, Bertie Engle and Jean Parsons.

MORE CLERGYMEN THAN DOCTORS NOW

Members of Legal Profession are Third on List in U. S. Census.

New York, Nov. 7.—The Carnegie Foundation for the Advancement of Teaching, in a report on legal education in the United States, offers some interesting statistics based on the census returns of 1920 concerning the supply of physicians, clergymen and lawyers in the United States.

During the decade ended in 1919, the writer goes on, "medical education in the United States reached the crest of the wave; the number of medical colleges then exceeded the number in all other countries combined, and they were turning out annually an unusually large number of physicians.

"If the number of physicians should not increase proportionately with the needs of the population during the present decade and if, in addition to the apparent local shortage, the problem of how to meet the situation will become the major question in medical education, it is not at all certain that a greater number of men can be induced to enter the practice of medicine by shortening the curriculum or by lowering the cost of medical education.

PEPS The Great Breathable Remedy

QUEEN SQ. W. M. S. OVER CENTURY OLD

The Women's Missionary Society of the Queen Square Methodist church is the oldest in New Brunswick and quite probably the oldest in Canada, it is believed. At the meeting of the society last night Mrs. Nell MacLaughlin, the president, said that it had recently been learned that the women of the Queen square congregation had formed themselves into a missionary society in 1822. Just two years before the General Board of Methodist Missions in Canada was formed. The general board is celebrating its 100th anniversary this year but the records had shown that in the two years before the General Board existed the Queen square W. M. S. had raised \$200, for English currency was used in those days. The programme of the meeting last night was interesting and pleasing. A piano selection was given by Miss Vicary MacLaughlin and a vocal solo by Miss Madeline Daley and the speaker of the evening was Miss Minnie Travis who told of what she observed of Chinese life and customs in a year's visit with her sister, Dr. K. Travis, in Honan province. Miss Travis also told of her travels across India and her visit in Jerusalem. She showed some very beautiful pieces of Chinese needlework and other curios. Her thanks were extended to her for her address which was much appreciated. Refreshments were served at the close of the meeting.

OWES HIS LIFE TO PARTLY LOADED GUN

Guelph, Nov. 7.—Owing to the fact that three of the chambers in a .44-calibre revolver in the hands of Frank Bingham, manager of a hotel in Harrison, were unloaded, Chief Constable Edward Johnson of that town is alive today. In attempting to effect the arrest of Bingham for drunkenness, Johnson alleges the hotelman pulled a gun on him, and during a scuffle in the hallway the trigger was pulled three times, with no explosion resulting. Leaving the hotel, the chief returned to his office. Bingham, who, it is claimed, was under the influence of liquor, dashed across the street to his home and returned with another loaded "gun" of smaller calibre, which bystanders took away from him with little trouble. Appearing before Magistrate Hellyer at Police Court in Harrison, Bingham was fined \$40 and costs for being drunk, and was sentenced to six months in the Ontario Reformatory for the revolver episode.

Authorize U. S. Vessels to Load (Canadian Press Despatch) Port William, Ont., Nov. 6.—An order-in-council has just been passed and was received here today authorizing United States vessels to load grain at a Canadian port for winter storage and hold it at Canadian port, thus renewing for this fall the privilege which was extended to United States ships last fall.

CENTRAL BAPTIST HOLDS A REUNION

Auditorium is Crowded for Delightful Social Evening. The winter season of social activities in Central Baptist church was opened with a congregational social and Thanksgiving reunion in the Sunday school rooms last night, the capacity of the auditorium being overtaxed. It was one of the most successful affairs of the kind the church has ever held. Rev. James Dunlop, pastor, presided. The programme was furnished chiefly by the choir under Miss Bevel Blanch's direction. Visiting speakers were Rev. J. S. Bonnell, of St. Andrew's kirk, and Rev. R. O. Morse, editor of the Maritime Baptist. Rev. G. Fulton and Rev. Hugh Miller sent their felicitations. Refreshments were served by a committee of matrons and the younger women. Decorations were of pine boughs and rowan berries, the vestry being furnished parlor-like. Following was the order of programme: Piano solos, Miss Jean Hoyt and Miss Marjorie Smith; vocal solos, Mrs. H. S. Gregory, R. Mercereau; vocal trio, Mrs. H. S. Gregory and the Misses M. McClean and N. Brown; male quartette, Messrs. Rodgers, Morris, Mercereau and Nichols; chorus, by the choir; addresses, Mr. Dunlop, W. H. Golding, Rev. R. O. Morse and Rev. J. S. Bonnell. Central Baptist church is this week striving to clean up its year's bookkeeping and from reports last night it would appear the objective will be reached. The amount has been almost equally undertaken by the male and female sides of the membership and pledges and are being liberally given. It is anticipated that the church's yearly bills will all be met and the winter coal biller and paid for. At last night's social Mrs. H. D. Everett and Mrs. B. W. Smith presided at the tea table. They were assisted by the Willing Workers and the Philanthropists.

Princess Mary Not To Visit Canada

(Canadian Press Despatch) London, Nov. 6.—The lady-in-waiting Princess Mary informed the Canadian Press today that there was absolutely no truth in the report that Princess Mary probably would visit Canada next year. The report that the Princess probably would pay a visit to Canada in 1925 arose in connection with the return of the Prince of Wales from the Dominion recently when it was said His Royal Highness had intimated that his sister would likely be going out next year.

BANDITS GET GEMS WORTH FORTUNE

Bind New York Jeweler and Companions and Make Getaway. New York, Nov. 7.—Five bandits held up Simon Masursky, a jeweler and diamond dealer at No. 202 East Houston street, and three of his friends, on Wednesday night, and carried off with them a quantity of jewelry and uncut gems valued at between \$100,000 and \$125,000. The hold-up was discovered when Masursky, hands and feet bound with picture wire, rolled down the stairway from his establishment on the second floor to the sidewalk. The robbers had sped away in an automobile. Masursky told detectives that he was sitting in his office, conversing with Max Wolf, a jewelry salesman; Oscar Karaschick, a merchant, and Lenkowski, another jewelry salesman, when a man walked in carrying a brief case. "I want to talk to you," the stranger said, according to Masursky. Then he drew a revolver and in sharp tones commanded the four to hold up their hands. At that instant four other bandits rushed into the room, all carrying revolvers.

Any SKIN TROUBLES In Your Home?

Then Zam-Buk is your surest means of securing once more perfectly sound tissue and a blemish-free skin. Zam-Buk owes its signal triumph over skin disease to its unique herbal composition. This rare antiseptic balm expels all harmful germs that have secured lodgment beneath the cuticle, banishes sores and eruptions, and grows healthy new skin in a way done by no mere pore-clogging ointment or fatty salve. ECZEMA ON HANDS.—Mr. J. E. Cusick, of 849, Wilson St., Hamilton (Ont.), says:—Every winter eczema appeared on the back of my hands. The itching and pain was most severe, and the disease got so bad, I was unable to work. Even a sample box of Zam-Buk proved its worth, and I at once bought a supply. I never could have believed I had not experienced it, how quickly Zam-Buk completely healed my hands. BURNS & SCALDS.—Mr. E. Webster, of 519, Seigneurs St., Montreal, says:—As I was lifting a pan of boiling water off the stove, my son Eddie ran towards me, and knocked the pan upwards, severely scalding his neck. We tried several so-called remedies, but they all failed to give him relief. We then applied Zam-Buk and this acted like a charm. It drew away the pain and soon healed Eddie's terrible sores. POISONED HAND.—Mrs. Geo. Boorman, of 608, Salkirk Avenue, Winnipeg, says:—I cut my left hand while using a pair of scissors. The deep laceration bled so profusely, and so long, I was afraid an anesthetic had been severed. Inflammation set in, and my thumb turned black with poison. Zam-Buk soothed the acute pain directly, drew out all inflammation and discoloration, and soon healed the wound. Treat Them All With Zam-Buk

SAYS FIRM HAD TO BUILD IN BUFFALO

Vancouver, B. C., Nov. 6.—Actual evidence on the factors which have driven a Canadian grain firm, Saskatchewan Co-operative Elevator Company, to build an elevator in Buffalo to handle Canadian grain through alien territory was given by George Bingham, local representative of the company, who appeared before Chairman H. A. McKeown and Commissioner Frank Oliver of the Railway Board this morning. Bingham's explanation of Columbia's argument for equalized freight rates on westbound and eastbound grain. Mr. Bingham showed that ocean rates and canal charges this season have had the effect of putting Vancouver at a disadvantage with New York for the greater part of the time.

ASSAILS FRENCH RADICAL POLICY

Former President Millerand Formally Re-enters National Politics

(Canadian Press Despatch.) Paris, Nov. 6.—Alexander Millerand, former President of France, today formally re-entered politics by launching as chairman of the executive committee of a new party, the National Republican League, a manifesto in which he vigorously attacked the policy of the present Government and of the Radical-Socialist coalition. The manifesto declares that the Government is for peace only abroad and seeks to revive division and conflicts at home. It points out as consequences of the Coalition Government the weakness of the franc, the decline in the value of French bonds and increase in the cost of living. Finally, it calls upon the people to rally to the new party. The manifesto is interpreted as a preliminary step to the candidacy of M. Millerand for one of the vacant seats in the Chamber of Deputies, which must soon be filled by a special election.

Under the agreement, payment was to be made in 12 equal instalments with interest.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

FRANCE EXPANDING ATHLETIC PROGRAM

Plan Greatest Sports Season in History of the Country.

Track and field sports promise to enjoy the greatest season in their history in France next year. Officials already are at work on plans for the coming outdoor season and a list of dates of some of the major events already has been drawn up.

The first meet of importance will be the national scholastic championships of France. The date set is May 21. The sectional trials will be held two weeks previous, the officials have stated, and the final will be held in one day. In previous meets two and even three days have been taken to determine the champions under a more efficient system the finals in all events will be held in one day. A park in Paris will be the site of the meet next year.

The second meet listed is the annual Franco-Belgian event, which will be held in France next year on May 31. It is quite likely that this event also will be held in Paris, but the matter is open yet, and if a city outside of Paris makes a strong enough plea it probably will get the meet. Starting on the 15th of June, the national championships will get under way. Trials will be held in the largest city of each province, and then three, and sometimes four, of the provinces will meet, at which the representatives for the finals will be named. The finals will be held in Paris on June 6 and 7.

It is understood that the president of the republic will attend both afternoons of the finals and that the interest will run higher than ever before in France. It is the hope of the leaders that new athletes of promise will be uncovered, and that the champions will be the true champions of the country.

On June 14 the military championships of the country will be held. This meet is second in importance only to the national championships. Every member of the army takes part in the ordinary trials. It is a part of his duty as a soldier and he has to compete in at least one event. Troops that are stationed outside of France leave their medals and the winners are sent to France to compete in the final. It will take more than two weeks before all the competitors will be known and the final promise to be the most interesting of any event to be held in France. The entry will be the largest of any such event, it is assured.

Thus, four international meets are on the schedule for France next season. It is expected that other European countries will meet each other, and the suggestion has been brought forward that a European championship be held. It also is proposed, if the winter has out, that there be a meet near the close of each year. It would be a great deal of good for athletics, and there are those who think that after two or three years of such work the future

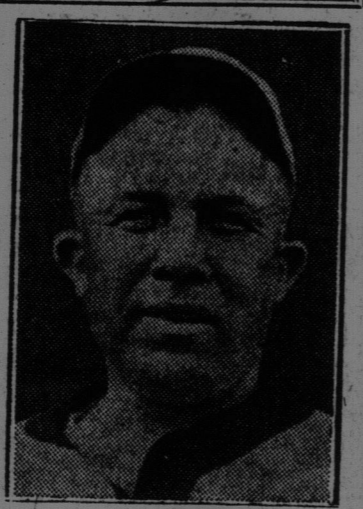

Cost Detroit Pennant

So Cobb Says Over Failure of Southpaw Joe Pate, Veteran Texas League Star, to Join Tygers.

Fort Worth, Tex., Nov. 7.—"If you hadn't acted so bull-headed and refused to join my club, Detroit would be playing New York, in place of Washington."

It was Tyngs Raymond Cobb, manager of the Detroit Tigers, addressing Joe Pate, veteran southpaw star of the Fort Worth Panthers, five-time Texas League champions, who recently beat Memphis for the Dixie title. Pate was brought by Detroit from Fort Worth early in the 1924 season, but Joe refused to join the Cobblers. "My battery business here needs me and I'll stay with the Panthers," Pate told the management of the local club. Recently, Pate and Clarence Kraft, minor league homer king and star first baseman of the Fort Worth team, who knocked 85 four-baggers during the 1924 campaign, attended the world series.

And Cobb didn't overlook the opportunity to tell Pate about it. Joe won 20 games in the season just closed and starred in the Dixie series with two victories and a tie. He has been pitching for Fort Worth for seven years and has not won less than 25 games in any one season.

JOE PATE has been pitching for Fort Worth for seven years and has not won less than 25 games in any one season.

Olympic supremacy would lie not in the United States but in Europe. One of the drawbacks to the plan has been the status of Germany. A great many critics think that if the proposed European games were held in Sweden or Finland both France and Germany as well as other former enemies of Germany, could be persuaded to compete. The plan, however, is nothing more than that now, and during the winter efforts will be made to bring it into reality.

In the interim France is going ahead with her plans, and if they all materialize the next track and field season there will be the greatest in the history of the country. More interest than ever before is being shown by schoolboys in track and field specialties, and indications are that one meet will be one of the most exciting ever contemplated.

ST. STEPHEN VETS ARE ENTERTAINED

St. Stephen, N.B., Nov. 6.—For the sixth time the Ladies' Auxiliary of the G. W. V. A. this evening gave their annual dinner to the members of that congregation and it was an event of unusual interest. Veterans from any part of the County of Charlotte were welcome and visitors in the town and at the hotels were given invitations.

"Tonight's banquet was given in the Masonic Hall. Among the special guests were Colonel W. B. Anderson, C.M.G., Lieutenant-Colonel H. C. Spurling, Rev. Father F. M. Lockary, provincial president of the G. W. V. A.; Rev. Canon S. B. Hooper, St. Andrew's; Major Spinney, St. George; Capt. J. B. Dever, St. John and Thomas W. Chilton, American Consul.

A fine spirit of camaraderie prevailed and there was much singing of songs dear to the heart of the soldier.

FAIRVILLE SCHOOLS WINS

The Fairville Superior School football team took the Albert School team into camp yesterday, scoring three to the Albert School's nothing in the game played in the evening on the Sand Cove road grounds. Yesterday's game left the two teams tied as in the first encounter on the previous week the Albert School team won by the same score, 3 to 0. The next game will be played next week and will decide the standing of the two teams.

PERFECTING NEW TYPE OF BICYCLE

Sports writers in Paris are more than a little alarmed over the fact that a new type of racing bicycle has been invented and they hope that efforts to perfect the machine will fail. It is reported that the new wheel is much lighter than the average now in use, but is strong and has enough weight to hold the track even at top speed.

PARIS SPORT WRITERS FEAR OLD RECORDS WILL BE SHATTERED.

One point out with the building of new tracks the surfaces have been so constructed that the slightly better average rider can equal old world's records and that the leading cyclists can break standing marks with ease, although they are not nearly as capable performers as were the riders who set the original marks. And now it is feared that with a faster track to ride on and a faster bicycle to pedal riders of less than average ability will be breaking world's records that have stood for years.

JIMMY COX WANTS BOUT WITH WALKER

In a recent issue of the Evening Telegram of Worcester, Mass., the following article appeared: Jimmie Cox was given the decision over Jackie Williams in a 10-round main bout staged by the Cosmo Club at the Hippodrome last night. Cox had his man on the go from the start. The New York boxer, fresh from his victory over Williams, at Southbridge last night, today issued a wide-sweeping challenge to all of the prominent welterweight boxers from Mickey Walker all the way down, including Bert Schneider, Canadian welterweight champion, who is doing so well throughout New York State just now. Cox is booked to meet Marty Donoghue, Cox's victim defeated Kid Lee in Worcester recently. The New York lad is booked to meet Marty Donoghue at Madison Square in a return battle at Martford soon, and from there will jump to Worcester, where he is scheduled to meet Scoop White.

CHOIR MEMBER RECEIVES GIFT

J. R. Webb, of the Charlotte street Baptist church, was honored by the choir members last evening at the paragon in honor of his having completed 35 years as a member of the choir, of which he was a charter member. Dr. and Mrs. Charles R. Freeman were host and hostess and after the regular choir rehearsal entertained for the singers. Dr. Freeman, on behalf of the company, presented Deacon Webb a valuable gift as a token of esteem from his associates in the choir. Dr. Freeman referred in his brief remarks to the valued services of Mr. Webb for so many years in varied capacities in the work of the church. He also told Mr. Webb of the honored place he held in the affection of the church and community at the present time. Mr. Webb was deeply touched at the kindly thought of his friends and told them that he had enjoyed his association with them and explained that he had not seen all these years for the praise of men but for the glory of his Master.

A telegram with congratulations was received from D. C. Clark, who is in Toronto attending a missionary convention of the Baptist church. Mrs. Freeman served refreshments, assisted by several members of the choir.

POLICE CAPT. WON \$15,500 IN RACES

Montreal, Nov. 6.—Fifteen thousand five hundred dollars won on the race tracks in four years, in addition to a 20 per cent. commission paid to the individual placing the bets, was the profit which he claimed to have won, according to the testimony of Captain Saive, of the local police force given today before Mr. Justice Coderre, who is investigating the state of affairs existing in the Montreal police force.

Captain Saive was the only witness heard and his financial affairs were subjected to scrutiny by J. P. Lanctot, K. C., counsel for the investigation petitioners, and also by His Lordship. The captain gave a detailed account of his winnings since 1920. In that year he had gained \$8,500; in 1921, \$6,000; in 1922, \$8,000 and in 1923, \$3,000. A man named Jack Curley, a former jockey, whose present whereabouts Captain Saive did not know, had placed his bets and received an honorarium amounting to 20 per cent of the proceeds, the witness stated. Mr. Justice Coderre asked many questions relative to betting, discovering that on one occasion the Captain did not remember the name of the horse which had netted him \$800. His Lordship commented that this was remarkable. Witness added that he did remember the name of the horse at the time.

Beyond the examination of Captain Saive's finances, there was no further evidence taken at the inquiry today.

PERFECTING NEW TYPE OF BICYCLE

Sports writers in Paris are more than a little alarmed over the fact that a new type of racing bicycle has been invented and they hope that efforts to perfect the machine will fail. It is reported that the new wheel is much lighter than the average now in use, but is strong and has enough weight to hold the track even at top speed.

PARIS SPORT WRITERS FEAR OLD RECORDS WILL BE SHATTERED.

One point out with the building of new tracks the surfaces have been so constructed that the slightly better average rider can equal old world's records and that the leading cyclists can break standing marks with ease, although they are not nearly as capable performers as were the riders who set the original marks. And now it is feared that with a faster track to ride on and a faster bicycle to pedal riders of less than average ability will be breaking world's records that have stood for years.

JIMMY COX WANTS BOUT WITH WALKER

In a recent issue of the Evening Telegram of Worcester, Mass., the following article appeared: Jimmie Cox was given the decision over Jackie Williams in a 10-round main bout staged by the Cosmo Club at the Hippodrome last night. Cox had his man on the go from the start. The New York boxer, fresh from his victory over Williams, at Southbridge last night, today issued a wide-sweeping challenge to all of the prominent welterweight boxers from Mickey Walker all the way down, including Bert Schneider, Canadian welterweight champion, who is doing so well throughout New York State just now. Cox is booked to meet Marty Donoghue, Cox's victim defeated Kid Lee in Worcester recently. The New York lad is booked to meet Marty Donoghue at Madison Square in a return battle at Martford soon, and from there will jump to Worcester, where he is scheduled to meet Scoop White.

POLICE CAPT. WON \$15,500 IN RACES

Montreal, Nov. 6.—Fifteen thousand five hundred dollars won on the race tracks in four years, in addition to a 20 per cent. commission paid to the individual placing the bets, was the profit which he claimed to have won, according to the testimony of Captain Saive, of the local police force given today before Mr. Justice Coderre, who is investigating the state of affairs existing in the Montreal police force.

Captain Saive was the only witness heard and his financial affairs were subjected to scrutiny by J. P. Lanctot, K. C., counsel for the investigation petitioners, and also by His Lordship. The captain gave a detailed account of his winnings since 1920. In that year he had gained \$8,500; in 1921, \$6,000; in 1922, \$8,000 and in 1923, \$3,000. A man named Jack Curley, a former jockey, whose present whereabouts Captain Saive did not know, had placed his bets and received an honorarium amounting to 20 per cent of the proceeds, the witness stated. Mr. Justice Coderre asked many questions relative to betting, discovering that on one occasion the Captain did not remember the name of the horse which had netted him \$800. His Lordship commented that this was remarkable. Witness added that he did remember the name of the horse at the time.

Beyond the examination of Captain Saive's finances, there was no further evidence taken at the inquiry today.

SARAZEN IS AT BELMONT PARK; WILL BE RETIRED FOR THE SEASON

Sarazen will not carry colors again during the present racing season. Mrs. William K. Vanderbilt's game little gelding ran his last race of the year when he was unplaced in the Washington Handicap at Laurel Park last Saturday. The three-year-old son of High Time and Bush Box arrived at Belmont Park from Maryland and will go into winter quarters. Mrs. Vanderbilt's gray two-year-old Nicholas, which was unplaced in the Kentucky Club Stakes at Churchill Downs Saturday, also reached Belmont Park and will not race again this year.

MAY ALLOW PUCK KICKING IN N. H. L.

Speed and More Speed the Ambition of Hockey Club Owners.

Montreal, Nov. 7.—It would not be surprising if, at the forthcoming N. H. L. meeting, some further plagiarism was committed on the excellent innovation the deep-thinking Patrick boys made in Pacific Coast League hockey. The National League has adopted most of these innovations, the most notable of which was the centre-ice no-off-side section, which has met with general commendation.

When the western teams played in the east last spring, it was generally admitted that the puck-kicking practice helped to speed up the game. The benefit of this was not so apparent on the limited ice surface available in Montreal, as it was on the big surface at Ottawa, where exhibition matches were played, but there is no question that reasonable freedom in kicking the puck along, as a help to carrying it, speeds up the game through eliminating the too-frequent whistling. Some eastern referees use their own discretion in allowing slight infractions of the rules when the play has no direct bearing on securing a goal, while others adhere rigidly to the written rule. The first-named plan is certain to result in objections from other players, and the last-named slows up the game to a monotonous degree.

Speed, speed, and more speed, is the ambition of hockey club owners. If the puck-kicking rule is adopted, the National League will have the fastest game in the world.

NEWTON IN DRAW

Manager Jack Jarvis is picking no soft spots for Chris Newton. The Toronto boxer, says a Clarkburg, W. Va., despatch, fought a "sensational" ten-round draw there last night with as good a youth as "Cuddy" Demarco. It was the best seen in that burg in years, the story adds. Newton weighed 138½ and Demarco 132. Newton boxed Johnny McIntyre here recently and lost the decision.

God Save the King.
Mr. McIntyre is a violinist of Dominion-wide reputation. Miss Helen Langdon, solo cellist, who is associated with Mr. McIntyre in the Chateau Laurier string quartette, is declared one of the finest cellists in Canada. In addition to their solo numbers, they will be heard with R. Cordy, accompanist of the evening, in trio.

Excellent singers.
The vocal programme is of outstanding merit. The Orpheus Singers have earned the title of champions of Dominion by winning a gold medal awarded in a quartette competition, open to all Canada at the Estabod at Montreal last year. Each member of the quartette is a soloist of the Cliff McAdam, first tenor, came before the musical public as a boy soprano 16 years ago, and since then has been soloist, first as boy soprano, and then as tenor at several of the larger churches. He studied under Frank Buel and Campanari, world famous baritone.

Harry Underwood has several gold medals, including that for tenor soloist at the Montreal Estabod. He has been singing since he was a boy of nine, being the soloist of Lichfield Cathedral, England, and later taking part in a command performance at Windsor Castle as tenor soloist. His voice is one of rare sweetness. He studied under Frank Buel, Frank Rowe of Montreal and Victor Biegel of London.
William Goad, first bass, is one of the best known musicians in Canada. For several years he was baritone soloist at Truro Cathedral, England.
The second bass furnishes the ground work in the quartette as efficiently as the diaphanous top provides the rich bass to organ harmonies. He has a large range and his low notes are exceedingly mellow. Mr. Clarke is a Maritime Province boy, now living in Ottawa.
Madame Pouget Corbell, is a soprano of fine voice and artistic ability, who has studied with Dr. Hubert Saunders of McGill University, and Marley Theris, one of the outstanding vocal coaches of New York.

Mr. Robb to Speak.
W. D. Robb, vice president, is to be the principal speaker, and his address on "Some Aspects of Maritime Province Problems" will be of great interest as Mr. Robb is a forceful and engaging speaker. The vice president is to be introduced by General Manager Walter U. Appleton, who will broadcast a brief message of welcome.
George A. Wright, the announcer, and the manager of "CNRO" Station, Ottawa, previously the most important of all the C. N. R. radio stations, has been given charge of the Moncton station. He is an experienced radioist with a voice of fine, clear, deep, resonant tones. Mr. Wright will welcome suggestions sent him by radio people of the Maritime Provinces.
J. G. McMurtrie, superintendent of installation, for the radio department, declares that the Moncton station is one of the finest on the continent. He has complete charge of the transmitting apparatus. His assistant is Frank Hayter, of Moncton.
The transmitting apparatus has been applied by the Northern Electric Company of Montreal, and includes the very latest improvements in radio. Paul Demers, their representative, has been testing during the last few days with excellent results. The broadcasting will be from the room fitted up in the Knights of Pythias building. The concert will begin at 8 p.m.

**NEW ZEALAND TEAM
COMING VIA CANADA**
Wellington, New Zealand, Nov. 7.—(Canadian Press cable via Reuters)—The New Zealand Government yesterday voted 27,000 to assist in bringing the "All Blacks," the famous Rugby football team now touring England, home through Canada. The antipodean

often so far have not been defeated in the British Isles and in most cases have run up large scores against some of the best British clubs.
Toronto, Nov. 7.—English Rugby enthusiasts here, while elated over the fact that the famous New Zealand Rugby team known as the All Blacks, are to return to the Antipodes from their British tour by way of Canada, are doubtful whether exhibition games could be arranged with the tourists in Ontario and Quebec even if they arrived at a time when football grounds were in condition for play. The clubs playing under the English code are few and it is admitted would be no match for the all-conquering New Zealanders.
Winnipeg, Nov. 6.—No invitation has been extended to the New Zealand "All Blacks" to play in the Prairie Provinces, according to football officials. Very little English Rugby is

**BERT SCHNEIDER
GIVEN DECISION**
Outpoints Jimmy Mische in a Sensational Bout in Johnstown.
A sport writer in The Daily Democrat, Johnstown, Pa., says:—
Bert Schneider of Montreal, Canada, the Canadian welterweight champion, won the decision of Referee Barney McGuire over Jimmy Mische, the tough and slashing welterweight lad from Niles, O., at Johnstown, Pa., recently. And what a fight it was. The crowd was in an uproar throughout, and the fighters both absorbed a sufficient amount of punishment to kill an ordinary battler. But they toed the mark in every round and slam-banged away at each other.
The two main bout fighters squared off at the opening of the first round and let more gloves fly at each other in one minute of fighting than they were capable of making. Schneider came out in the third and refused to cover up, but started to smash away at Mische in the same decisive fashion which characterized the opening round. Schneider was there at all times willing to meet the hardest that Mische could give.

**Attorney General
Withdraws Charge**
Vancouver, Nov. 7.—Charges of theft and conspiracy against George H. Snow and the Mutual (Vancouver) Limited, have been withdrawn on instructions from the attorney-general's department to the police court.
The charges were laid by the attorney-general's department on information arising out of evidence taken by Commissioner Duncan, under the Combines and Investigations Act. Counsel for the attorney-general said that the evidence taken before the commission could not be produced, and he was unable to proceed.
Charges were based on alleged attempts to defraud the Victoria Hotel-Growers' Association.

Leningrad, Oct. 15.—(Associated Press, by mail).—Soviet Russia has begun the creation of its own merchant marine. It has just laid the keels of eight cargo vessels and four passenger steamers. They will be built entirely by Soviet shipyards, principally at the Putilov Iron Works and the Baltic Shipbuilding Yards here.
The cost of the 12 vessels, which will have an aggregate of 35,000 tonnage, will be \$3,000,000. They will be completed early in 1926. The government

Another well known Montreal business man pays high tribute to the merits of Tanlac. This time it is Hector Lecavalier, dairy and grocery merchant, 380 Beaubien street. Mr. Lecavalier resides at 1922 Chateaubriand avenue, Montreal. Here is what he says:
"I am now enjoying my three square meals a day, sleep good at night and feel fine, but that is vastly different from the condition I was in before taking Tanlac. I used to have indigestion so bad I dreaded to eat and could hardly keep anything down."
"Besides, I was troubled with bronchitis, dizzy spells and upset nerves. My tongue was coated white, my energy gone and I felt worn-out all the time. Seven bottles of Tanlac has stopped my troubles and now I am a new and different man."

Dresden, Oct. 19.—(Associated Press by Mail).—"If women will cut off their hair and shave their necks why don't they shave their heads all over like the many German men do who regard themselves as very aristocratic and distinguished?" is the challenge a German editor makes to women of fashion.
"Many men who belong to the Steel Helmet organization have shaved heads. It is a distinct mark of the officer class, and since women are organizing a feminine branch of the Steel Helmets they should also shave their heads."

Funeral of L. E. Rolston is Attended by Large Number.

One of the most largely-attended funerals in West St. John in years was held last afternoon when L. E. Rolston, Right Worshipful Grand Master of the P. A. P. B. for North America, was laid to rest with full fraternal rites of both the 'Prentice Boys and Knights of Pythias. The Carleton Cornet Band was present and there was a large turnout of members of King Edward Lodge, No. 30, P. A. P. B., and other 'Prentice Boys lodges, and also of Carleton Tower Lodge, No. 37, K. of P. A brief service at the residence of the late grand master was conducted by Rev. J. H. A. Holmes, rector of St. Jude's church, and following this the funeral proceeded to St. Jude's, where Rev. Mr. Holmes also conducted service. Interment was made in Cedar Hill extension cemetery.

The funeral was under the auspices of the Grand Lodge of British North America and the Grand Lodge of the Province of New Brunswick. Officers present were: M. W. Minnie of Marysville, assistant Grand Master; V. L. Matthews of North Devon, Grand Chaplain; Perry Nicholas of West St. John, assistant Grand Secretary; D. M. Hamm of Grand Bay, Grand Lecturer; C. RENFORTH W. A. ANNUAL MEETING

The annual meeting of the Renforth branch W. A. was held in the Sunday school hall on Wednesday evening, the president, Mrs. Reverdy Steves, presiding. After the devotional exercises, the reports of the officers were read and accepted. The treasurer's report showed the branch to be in good standing financially and, although this is a short working year, they are in a position to meet all pledges and to give something to the white settler work as well. They also have great undertakings to provide an outfit for the same Indian girl, Jean Stanley of Orion Lake school, Sask., whom they provided for last year.

The same officers will retain office for another year. Mrs. Reverdy Steves and Mrs. E. A. Hoyt were appointed delegates to the annual convention with Mrs. P. J. Nisbet and Mrs. William Simpson as substitutes. A pleasing feature of the meeting was the presentation of a fountain pen and pencil set to the secretary, Mrs. G. N. Colby, in appreciation of faithful service since organization, five years ago. Mrs. Colby will leave today for her former home in New York, where she will visit friends. She expects to be away until Christmas. Refreshments were served at the close of the meeting.

TELLS MONCTON NOT TO PLAY HERE

A. W. Covey Takes Action Relative to High School Registration.

A. W. Covey, president of the M. P. B. of the A. A. U. of C., said today he had notified the Moncton High School team not to play St. John High School here tomorrow afternoon owing to St. John High's refusal to have its team members take out amateur cards. He had complied with this regulation and that the High School league game with Rothesay Collegiate recently had been cancelled owing to High School's attitude toward this ruling.

The branch president said that, even though Moncton did come, he did not see where the game could be played as the Trojans had the East End grounds while the west side grounds were taken by the City Intermediate League. It was also reported today that Sussex had notified the St. John High School second team that it would be unable to play here as the team had disbanded for the season.

FINE IS \$10 IN CASE ABOUT DOG

Both Sides Heard in Police Court in Ammonia Matter.

A case against Thomas Bird, who was reported for ill-treating a dog by throwing ammonia in its eyes, was disposed of in the police court this morning and he was fined \$10.

Francis Kerr, for the prosecution, recalled Mrs. H. Smith to the stand. She gave practically the same evidence as submitted before. She was emphatic in a statement that she had seen the defendant pouring ammonia in the dog's eyes. She said the dog's eyes were closed for some days and he was blind from the effects of the ammonia. She told of the defendant throwing pepper in the dog's eyes on a previous occasion.

Her daughter, Miss Daisy Smith, who owns the dog, also said she saw the defendant throwing pepper in her dog's eyes. Mrs. Bird was called by Horace A. Porter, who appeared for the defendant. She told of fights which occurred between their spaniel and the terrier owned by Miss Smith. On last Sunday her dog ran into the house, followed by the terrier. They began to fight and she cried out for her husband. When he arrived the terrier had his dog by the throat. Her mother gave Mrs. Bird a bottle of ammonia and he held it to their noses in effort to break their hold. The dogs knocked over the bottle and it spilled on the floor.

The defendant was next called and told of other fights between the dogs and on one occasion he had been bitten by the terrier while trying to break its hold on his dog's throat. He said he used pepper on the terrier explaining that when the dogs started to fight he threw a bucket of water over them and as it failed to separate them he had secured a pepper shaker and sprinkled some on the terrier's nose. Last Sunday, he said, the two dogs were fighting and as he approached them his mother in law passed him a bottle of ammonia. He said he intended holding it to their noses, but in the scramble they knocked the bottle over and it rolled under a chair. He denied pouring it in the dog's eyes. He acknowledged warning Mrs. Smith that if the incident occurred again he would shoot her dog. He said he was willing to bring his dog to the court and when the two started fighting he would like to see S. M. Wetmore, secretary of the S. P. C., separate them without being bitten.

Mr. Porter announced that this ended the defense. He contended there was no evidence of malicious intent and that his client had been endeavoring to make the dogs stop fighting.

Mr. Kerr said that the defendant had used a very severe remedy to separate the dogs. He asked for a conviction advocating that the court show no more mercy to the defendant than he did to a dumb brute.

Magistrate Henderson said it was evident that the court show no mercy to the defendant than he did to a dumb brute. He said that in a case of this kind people usually separate them by separating them from them. He said that in the case of the ammonia if a rag had been saturated with it and this applied to their noses, but he did not approve of pouring it out of a bottle. He said he did not accept the theory that the ammonia had poured on the floor and the dog in the scramble had got it into its eyes. He said it was not necessary that the act be willful; that it was in itself unlawful. He said the fine was \$10, but he would allow the defendant to go by paying \$10. He suggested that the Boston terrier be muzzled.

"Little hard-up, was you?" said Hiram. "You mean the head tax?" queried the reporter.

"No, sir," said Hiram. "But I seen a feller that was down there an' he said he went over to Calais an' bought a box o' matches fer five cents. He said 'twas five cents an' in some places fifteen cents on this side o' the line."

"What has that to do with me?" asked the reporter. "I 'jest thought, mebbe," said Hiram, "you might hev wanted to go over to Uncle Sam seekin' the light—as they say in prayer meetin'."

"You are entirely wrong," said the reporter. "It was quite unnecessary for me to go over the bridge, I had a very nice about it."

"Good Lord!" said Hiram. "Amen," said the reporter.
