

GOOD THINGS COMING TO THEATRES OF ST. JOHN

NEW DETECTIVE SERIAL WILL AROUSE INTEREST

Story Readers Will Receive With Satisfaction Announcement That Craig Kennedy Stories are to be Seen on the Screen

Much interest centres in Imperial Theatre's announcement that Craig Kennedy, the scientific detective, the most popular crime detector of the world's fiction, is to appear on the screen in a new serial, "The Carter Case," starting this Friday.

Herbert Rawlinson is seen in the title role and is said to portray the physical and mental qualities of the great detective. He has as his co-star, Margaret Marsh, who played with Houdini in "The Master Mystery" and is now appearing as the star in the Goldwyn production, "The Eternal Magdalen."

GOING TO HALIFAX Charles Robinson, secretary of the New Brunswick Returned Soldiers' Commission and officers of the local dispensary, will leave for Halifax this evening to be in hand for the arrival of the Olympic, which is bringing home the 96th battalion and the ammunition column.

BURIED TODAY The funeral of E. H. Morrill took place this afternoon from his late residence, Kennedy street. Services were conducted by Rev. A. L. Tedford and interment was made in Cedar Hill. The Temple of Honor band attended. The floral tributes were numerous.

Notice of Births, Marriages and Deaths, 50c.

NEED THIS SPRING

Of a Good Tonic Medication, Nerve Builder and Blood Purifier.

Is greater than ever before. The nervous strain, worry and anxiety caused by the war. The debilitating effects of the terrible influenza, grip and pneumonia.

The depletion of the blood by indoor life in winter. Have tremendously overdrawn the reserve strength of nearly every man and woman.

This makes the favorite Spring medicine, Hood's Sarsaparilla, more of a necessity now than ever before. For your impure, exhausted blood, and for that extreme tired feeling sure to come, prepare yourself now.

Today begin to recover your lost strength by taking Hood's Sarsaparilla, the standard spring medicine and blood purifier, which creates a keen appetite, aids digestion and assimilation. Remember Hood's Pills if you need a mild laxative.

MRS. C. H. BAXTER VERY BADLY HURT

Her Arm Amputated as Result of Injuries Sustained Near Evandale

As the result of a serious accident at Evandale last evening Mrs. C. H. Baxter is in a critical condition in the hotel there. It is understood that Mr. and Mrs. Baxter, a returned soldier named Foster, Mrs. Irvine Young and her husband, who is the resident engineer at Hampstead, were riding on a motor trolley along the Valley Railway and while approaching Evandale saw an engine with flat cars rapidly approaching.

Fearing a head-on collision the men threw the women off the trolley. Mrs. Irvine escaped with a few scratches and a shaking up, but Mrs. Baxter's clothing caught and she was dragged under one of the wheels of the trolley and one of her arms was run over and badly mangled. She also sustained severe injuries to her head. Doctors Jenkins and Jack were summoned. It was found that her arm was so badly injured that amputation was necessary. Her condition today is said to be serious.

FREDERICTON BOARD OF TRADE AGAINST CHANGES IN TARIFF

FREDERICTON, N. B., May 14.—The Fredericton Board of Trade has passed an unanimous resolution by an unanimous vote against any change in the Dominion tariff at the present time. President H. S. Campbell will represent the board at St. John at the conference June 3 and 4. The board has received notification from Hon. P. J. Veniot that the provincial public works department has made an estimate for expenditure this year on the maintenance of sidewalks and streets about the provincial buildings in Fredericton.

The gatehouse at "Frogmore," the residence of Robt. Randolph, was seriously damaged by fire this morning. The building was occupied by William Davis and family.

A barn owned by Arthur Rice, of Barker's Point, was destroyed by fire on Tuesday afternoon. The contents, including farm machinery and some pigs, were lost.

The Canadian Cottons, Ltd., mill, beginning next week will operate on a fifty hour week instead of fifty-seven as heretofore. The hours will be 7 to 5, except Saturday, when the hours will be 7 to 12.

NINE CASES AT THE KINNEL COURT MARTIAL

Liverpool, May 14.—(Reuter's)—At the Kinmel Park Camp riot court martial yesterday Pte. George Harber of the Canadian cavalry pleaded not guilty. It was said that after "tin town" had been wrecked by the rioters on March 4 the accused was found hiding in a store and several new articles in his possession. In defence, Major Weyman submitted the prosecution had not proved the charge of making "tin town" was outside the camp and was composed of stores which were the property of civilians.

The court called for evidence of character and the accused was removed under escort. Private William Taylor of the Canadian artillery pleaded guilty to taking part in a mutiny. The evidence was that he was found in another part of a wrecked store picking things off the floor. He was removed under escort.

WHAT THE WAR COST THE ALLIES IN SHIPS

London, May 14.—(Reuter's)—The Ministry of Shipping announced the number and tonnage of Allied merchantmen lost through enemy action as follows: Britain—2,197, tonnage 7,638,000. France—288, tonnage 697,000. Italy—250, tonnage 742,000. Japan—729, tonnage 120,000. United States—Eighty, tonnage 341,000. In addition to these twenty British vessels, tonnage 95,000, were lost in admiralty service.

IN WALL STREET. New York, May 14.—Steels, coppers and equipments made substantial advances to yesterday's gains at the opening of today's stock market, rails and shipplings also sharing in the rise. The more substantial advances of the first half hour included United States Steel at 102 5/8, a new high for the movement. Anaconda Copper, Baldwin Locomotive, Marine common and preferred, Atlantic Gulf, Reading, Southern Pacific, Union Pacific, Great Northern preferred, Texas Company and Mexican Petroleum, also the electric and leather issues. Royal Dutch oils were the only shares of prominence to show comparative heaviness.

INDUSTRIALS, especially equipments and steels, gathered fresh strength on very heavy buying induced by reports that large domestic and foreign orders were about to be awarded. Rails were influenced by advices from western and southwestern agricultural centres confirming last week's official crop forecast. Baldwin Locomotive, Crucible Steel, Lackawanna, Gulf States Steels, Republic Iron, Pressed Steel and Altrake were two to four points higher by midday. Shippings and rails, notably Grangers, were extensively accumulated at further gains. Leather shares rose three to four points on trade conditions any many peace industrialists were at highest prices of the year.

The south, east and west ends of the city have strong improvement leagues getting vigorously behind playgrounds and amateur athletics for the benefit of the young. The north end is not organized and has not as yet made any attempt to organize, perhaps because no playground is in sight.

companies in this country are beginning to see that it pays them to provide good housing for their employees, quite apart from the return on the capital expended which is provided by the actual rents.

The Ottawa Journal asks if the method suggested by the London Times cannot be adopted in Canada, not only by erecting houses to rent as well as to sell, but by relieving the tenant of a portion of the burden of the rental.

"Is there not as great need here of a programme for the erection of homes for rent, in addition to houses for sale to people of moderate means on a small payment plan as under the Ontario Housing Act?"

THE HOSPITAL.

The municipal council is universally commended for its action yesterday in voting to provide a nurses' home and so make possible a larger accommodation for patients in the public hospital. The need is urgent.

HELP FOR THE TENANT.

Mayor Hayes and Mr. W. F. Burditt, after a careful figuring of the cost of building houses such as a workingman's family could be housed in comfortably, and enquiring as to the probable monthly rental such a family could pay, are unable to see how we are to bridge over the difference between what the family could pay and what would have to be paid to yield even a small return on the investment, or to secure ownership for the tenant at the end of a term of years.

The London Times takes the view that the state might well consider the bridging over of this difference. It argues that proper housing is a public service. The British housing scheme is for the erection of houses to rent, although there is provision for purchase by the tenant on long and easy terms.

"When Dr. Addison, minister in charge of the scheme, introduced the housing bill in the house of commons questions were raised as to the method of fixing the rentals. Dr. Addison's position was that, for the protection of the state and the local authorities, machinery would have to be set up to ensure that a fair rental was charged. He contended that an economic rent should be aimed at at the end of a provisional period of seven years, as otherwise private enterprise would be killed."

"It is not time the whole city adopted daylight time? The present mix-up is intolerable; and, as we cannot go back to the old time, why not make daylight time universal?"

Hon. Dr. Roberts hopes to see more hospitals like that at East St. John established eventually in different parts of this province to aid in the fight against tuberculosis. It is a dream that should be realized.

It is to be expected, after the recent vote in Quebec, that the prohibition measure will meet with sharp criticism in parliament at Ottawa. The opponents of prohibition are active. Its friends must be all the more alert.

Let us all get ready to welcome the 26th Battalion and the Ammunition Column. The city should be dressed for the event, with an abundance of flags, bunting and other decorations. But most of all, citizens should be ready to greet the boys with a roar of cheering that will extend from the railway station to the Armories.

Hon. Mr. Veniot is going ahead with a permanent road programme. He also has road patrols out on the highways fixing the bad places and generally keeping the country roads in as good condition as possible. So long as he pursues that policy the Standard's wall will be unheeded by the people, who know a good road-maker when they see him.

"Passing of Sherry's is not without its dramatic touch, antedating, as it does, by only a few weeks the date beyond which there is to be no more passing of sherry."

That convention on June 3 and 4 to boost New Brunswick will be a winner. The province at large is showing great interest.

Bolshevik Foreign Minister Turns Down the Nansen Proposal

Paris, May 14—(By the Associated Press)—A wireless message received here addressed to Dr. Fridtjof Nansen, head of the commission to feed Russia, from M. Tchitcherin, Bolshevik foreign minister, announces that the Bolshevik refuse to cease hostilities as a condition of the provisioning of Russia by neutrals.

Tchitcherin declares that a continuation of hostilities is necessary for political reasons and that it would be poor policy to stop them. The Soviet government, he adds, is willing to support a movement to feed Russia so long as it has no political character, "but will not be duped."

He then goes on to denounce Admiral Kolchak and General Denekine, and concludes by declaring that it will be impossible to give up fighting, as enemies are attacking on all sides.

Improvement League There With Frank Belyea Chairman

The West End Improvement League shows no signs of falling behind the other improvement leagues in the East and South Ends of the city in championing clean amateur sports and its members are as eagerly working to establish a playground as are the members of the other two leagues. The annual meeting of the West End League was held in the city hall, West Side, last evening and William Donohoe, the chairman of last year, occupied the chair. He called upon A. M. Belding to explain to the meeting the aims of the league and its methods as followed by the South End League.

Mr. Belding reviewed the situation in the city describing the progress made by the South End and East End Leagues, saying that he hoped to see within a short time active leagues in the North, South, East and West Ends, each developing the sports of their own neighborhood and working towards the establishing of a large playground and athletic field in Rockwood Park for the whole community. He said it was not the intention to confine the scope of the games to baseball but to include all outdoor athletics.

After Mr. Belding's address the election of officers was proceeded with and resulted in the following appointments: chairman, Frank Belyea; vice-chairman, W. E. Scully; secretary, R. H. Parsons; treasurer, T. T. Watters; additional members of the executive, J. F. Brittain, W. L. Harding, J. E. Morris, Stanley Painter and Murray Beattie. No ladies were present at the meeting and as the league is anxious to have lady members on its executive and committees a vice-chairmanship and three lady places on the executive were left vacant for the appointment of ladies at a later meeting.

Other committees appointed were: finance, J. E. Morris, M. Beattie, S. Painter; grounds and games committee, C. E. Price, Charles Morris, Samuel Joyce, William Stewart; publicity, W. Harding, J. F. Belyea, and one lady to be appointed later; entertainment committee, F. Belyea, Rev. W. R. Robinson, Harry Lingler.

There were between forty and fifty members present at the meeting including members of the recently formed West Side board of trade, who took a particularly keen interest in all the plans of the league. It was decided that 500 membership tickets should be issued and a vigorous effort made to get the whole of the West Side interested in the work of the league. The chairman said that it was the intention to proceed at once to improve the new playground in Queen square, and he also stated that Caledon had in the past been most successful in its sporting events and he saw no reason why it should not win greater renown in the future of athletics in St. John. Enthusiastic addresses were delivered by many of those present and the meeting was an eminently successful one.

BONAR LAW SAYS NO ALLIED ARRANGEMENT TO ATTACK PETROGRAD

London, May 13.—(Reuters)—In the House of Commons today Commander Wedgwood asked regarding a report that the Entente were preparing to attack Petrograd in co-operation with Finland. Bonar Law replied that a British squadron was available at Helsingfors in case of emergency, but no such arrangement as suggested had been made. Obviously, if anything of the sort were contemplated it would be impossible to say anything in regard to it. (Cheers.) Mr. Law declined, amid cheers, to give any undertaking that the government would not be committed to attack Petrograd in co-operation with Finland without the commons being acquainted with the operations, but he emphasized that no such definite proposal was at present contemplated.

Coal Points That Spell Economy in Anthracite

The money value of Coal lies in its heating power in which our American Anthracite is especially rich. The heating parts of Coal are carbon and volatile matter; the waste matter is ash, including clinkers, stone, etc., which keep it from burning, and ordinarily, increase its cost through excessive expenses in cartage for its removal from your home.

CONSUMERS' COAL CO'S AMERICAN ANTHRACITE

differs from ordinary kinds of coal in the very small quantity of ash it contains, having greater heating power than you usually find in Coal, and for this reason, is the most economical coal to use, this having been proven by experience over and over again.

VIOLENCE IF THEY SIGN THE TREATY

Threats Are Received by the Chinese Delegation in Paris. Paris, May 14.—(By the Associated Press)—Messages threatening violence if they sign the peace treaty have been received by the Chinese delegation from various parts of China. A despatch from 35,000 citizens of Shantung province, May 11, says: "Regarding the Tsing Tau problem Japan shows contempt for public right. The people of Shantung refuse to accept as effective such illegal demands. The traitors to our country, Tsao Yu-Lia (minister of communications, whose house was burned at Peking) and Chang Tsung-Hsiang (former minister to Japan, who was severely beaten by the Chinese) deserved death for the blow suffered by the Chinese people. "Should you sign the Japanese proposal you must receive the same treatment upon returning to China. We cannot give ear to apologies. Do not fail us. We are much in earnest."

NO RECOGNITION OF IRISH-AMERICANS

Lloyd George Will Not Receive Them and Colonel House Will Not Assist. London, May 14.—It was learned last night in official quarters that Frank P. Walsh, Edward Dunne and Michael F. Ryan, representatives of Irish societies in the United States, who have been visiting in London, will not be received by Premier Lloyd George on their return to Paris, nor will they be accorded any official or semi-official recognition whatever. According to a Reuter's despatch from Paris, Col. E. M. House, who had promised to endeavor to arrange an interview between the American delegates and the British premier, has now, in view of their activities in Ireland, decided not to act as an intermediary. The report that the premier had cancelled arrangements to receive the delegates and the British premier, has now, in view of their activities in Ireland, decided not to act as an intermediary. CURED OF DYSPEPSIA BY USING BURDOCK BLOOD BITTERS

The symptoms of dyspepsia are numerous and diversified in different individuals that probably no description could exactly represent them as they occur in any given case, but a few of the most prominent are a rising and souring of food, pain, flatulence and distention of the abdomen, a sensation of discomfort after every meal, which is sometimes followed by sickness and vomiting.

Vote of \$750,000 For St. John

Hon. F. B. Carvell Champions Port; Plans for \$1,250,000 Ship Repairing Plant

Ottawa, May 13—Parliament voted \$750,000 this afternoon for St. John harbor, but not until there had been quite a discussion as to the relative merits of St. John and Halifax harbors. Hon. Frank Carvell, minister of public works, said that the St. John drydock, which will accommodate the largest ships afloat in the world today, will probably be completed in the summer of 1921, and added that St. John harbor would be one of the finest in Canada when it was completed. "It is a costly development, but geographically it is in the place where most of the business is being done," asserted the minister. "The people of St. John deserve great credit. They had the courage to make it a National port and to plan for the trans-Atlantic business."

Put Up Over \$2,000,000.

They have put up over two million dollars themselves and the Dominion government has done less for the port of St. John than for any other, and there is more business done there than at any port but Montreal. In the last fiscal year, \$20,000,000 worth of business

passed through St. John port and \$175,000,000 the year before. That it is the natural port of Canada in the winter time and it is my duty and the duty of any man holding the position of the minister of public works to see that the port of St. John is played fairly with and not hand the business over to Port-

land or Boston. My only apology is to the people of St. John that I am asking parliament for so little. Notwithstanding all the war business that has passed through the port of Halifax, the port of St. John has done far greater business in the last few years."

Mr. D. D. McKenzie—"The three greatest ports in the world are Halifax, Sydney and Melbourne and the greatest of the three is Halifax."

Third reading was also given to the bill to amend the dominion forest reserves and park act. The house then went into committee on the resolution of the minister of trade and commerce, which provides that packages or closed receptacles containing human food, or any other commodity manufactured or sold in Canada, shall be plainly marked with the name and address of the fillers and weight or quantity of the contents.

Hon. A. K. MacLean explained that the bill was practically the same as that which had passed the house of commons last year, but for some reason was defeated in the senate. Certain features which had proven objectionable to the senate were left out. The resolution on which the prohibition legislation will be based, was passed, and several hours were spent in considering public works department estimates.

The allowance by Ontario of the sales of native wines proved to be a bone of contention in connection with the consideration of the resolution to extend the orders-in-council relative to prohibition for another year with certain modifications in recognition of provincial temperance enactments.

Replying to Hon. Dr. Beland, the acting prime minister said he intended to amend the proposed legislation so as to allow the importation and transportation of wines of a strength in accordance with the law of the province importing it.

When the house went into supply on public works estimates, the amount was voted for Fort Arthur and Fort William harbor and river improvements and when the item of \$750,000 for improvements in the harbor in St. John (N. B.), was reached, Mr. Carvell stated that such rapid progress was being made with the

drydock, which was to be ready in 1922 that he believed it would be ready in 1921. Besides the drydock, it was the intention to erect a ship repairing plant involving a cost of \$1,250,000. This plant will be financed by the company which is building the drydock under the subsidy act. The minister stated that there were only three other drydocks on the American continent equal to the one being built at St. John. The others are at Lewis, Quebec, Boston, and the entrance to the Panama Canal.

The vote for the St. John harbor improvements was passed.

Baseball Beats Bolshevism

(Brooklyn Eagle)
There is nothing like a seat in the grandstand at Ebbets Field for restoring a normal perspective to those burdened with a world of worries, including the belaboring of the Bolsheviki and the rest of the mundane turmoil. One thing is certain: Baseball and Bolshevism cannot exist in a given country at the same time, and from the enthusiasm aroused by the opening game of the season here baseball may be expected to hold on indefinitely. It is a bit strange that the statesmen in Paris have not grasped the fact that the real answer to Bolshevism is baseball. If Russia had known anything about the great American game the Romanoffs would never have gotten a strange hold on the empire and all the rest of the unpleasantness in the Moscovite territory might have been avoided. A little baseball mixed in with Hun kultur might have saved that pretentious creed from damnation if there had been enough character in the German makeup to grasp its fundamentals. But it is useless to speculate on what might have been. Suffice it that every sound whack of the baseball bat and every seventh-inning stretch reiterates the eternal truth that a people that loves clean sport and can get it is in no danger from the theories of the long-haired contingent that never reads the sporting pages or graces a bleacher in a sun-lit ball park.

BOWLING

Fredericton, May 12—The annual field and track events of the U. N. B. Athletic Association took place this afternoon under ideal weather conditions. One new record was put over by "Gus" Kuhring, of St. John, who made the best all around individual showing of the meet, breaking Baird's record for the shot put which had stood for over ten years. Kuhring put the shot out an even forty feet. Stevens made second on points. Kuhring's showing today practically means that he will be awarded the Sir Frederick Williams-Taylor medal as the best all round athlete.

They're all there — the irate father and mother, shocked to death. There's the monocold snob, who thought she'd marry him without fail, and prim and proper Eleanor, who thought she had no rival. But do the two young culprits care when they are caught in the act? He does look somewhat startled. But that is merely on first acquaintance. As for Priscilla, in her fluffy, lace-bedecked pajamas, she grasps the situation at once, and tells the whole crew what she thinks of them. Find out what she says.

MAY ROD AND GUN
Fredericton, May 12—The author of an excellent article entitled "The Dropping Off Place," in Rod and Gun for May. This wholesome outdoor magazine is replete with stories, articles and special departments dealing with Canadian wild life and nature. "Just Malards" is the enticing title of the cover page painting by F. V. Williams. It depicts a pair of mallards winging along to a well protected cover and would quicken the pulse of every lover of wild game. Two thrilling nature stories that appear in this issue are, "Ol' Eight Squar" by Kemper H. Broadus and "An Adventure in The Dark" by A. E. Jay. The first of an interesting series on conservation is contained in an excellent article by J. A. Belleisle, Inspector General of Fisheries and Game in the Province of Quebec. The high standard of the Fishing and Gun and Ammunition Departments is fully maintained in this interesting number which is now on sale. Rod and Gun is published by W. J. Taylor, Limited, Woodstock, Ont.

THE TURF
A Lucky Purchase.
Sir Barton, in winning the Kentucky Derby, graduated from the non-winners class. The best race shown previously by Sir Barton was in the Futurity on Sept. 14, when he ran second in the historic event for two-year-olds. Sir Barton was left at the post in that race, and finished second to Dunboyne, being beaten less than a length.
Sir Barton was purchased by J. K. L. Ross to represent him in the Futurity, and, like his victory on Saturday, furnished a surprise by his clever performance. He was not raced a great deal last season and was beaten off in all of his starts.
Billy Kelly was purchased by the Rosstable at Saratoga on Aug. 9, after he had won a stake event. The sum of \$80,000 was paid for Billy Kelly, which was a remarkable price owing to his being a gelding. Billy Kelly has won himself out for his owner many times over.

ST. JOHN SOLDIER IS MARRIED IN WALES

The following is from a newspaper published in Gwynedd, Wales—
A pretty military wedding was solemnized at St. John's Church on Thursday, the 10th inst., the principals being Miss Annie Corbett, W. M. A. A. C. who has served in France and Sergeant S. D. Smith, of 23 Delhi street, St. John, N. B., Canada, who has also seen four years service in France. The Rev. D. Mark, M. A., tied the nuptial knot. The bride was the only daughter of Mr. and Mrs. Alfred Corbett, of 215 High street. Gwynedd and was given away by her father. She was attended by four bridesmaids, three of whom were first cousins, Miss Florrie Ford, Miss Mary Ford and Miss Etta Garland, of Llyn-celyn, Forth, and the fourth was Miss Jenny M. Jones, of Gwynedd. The two tiny bridesmaids looked very sweet in white silk and carried bouquets of white and red carnations. The bridegroom was attended by Private W. Parsons as best man and also Corp. D. W. Jenkins, who has also served four years "over there." The wedding party, after the ceremony, returned to the home of the bride, where they were received by Mrs. Corbett and partook of a wedding breakfast. A number of relatives and friends were present and the bridegroom was warmly welcomed. Subsequently Sergt. Smith had to return to his depot at Ripon to await demobilization, after which he will return to Canada to prepare a home for his wife.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work on an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m., (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and change.

LOCAL NEWS IS COMPLETELY EXONERATED

School Board Committee Frees Mr. Nelson of Blame in Winter Street School Matter
After full inquiry, the board of school trustees has completely exonerated Principal W. A. Nelson of Winter street school in regard to charges preferred against him by F. W. Hewitson. The report of the committee in full is as follows:
The Chairman and Members of the Board of School Trustees of St. John:
The committee appointed by the board of school trustees to investigate the charges preferred by Mr. Hewitson against W. A. Nelson, principal of the Winter street school, have attended to that duty and beg leave to report as follows:
They visited the Winter street school on two different occasions, hearing the evidence of pupils in Miss Brown's room, and also that of pupils in other departments. The testimony of the pupils shows that Bruce Hewitson is a very troublesome boy and has often had to be punished by Miss Brown for misconduct. That at this particular time when Mr. Nelson took Bruce by the collar of the coat to make him go to his seat properly, he struggled and resisted so violently that the collar of his blouse was torn.
There is no evidence to show that in the struggle the boy's head was banged against the blackboard, but the evidence of several pupils shows that Bruce kicked at Mr. Nelson several times and tried to throw a blackboard eraser at him, and one pupil states that Bruce uttered an oath and used other bad language—language so offensive that it cannot be mentioned in this report.
The testimony of pupils in other departments shows that while Mr. Nelson is strict in his management of the school he is just, and is a thorough and very painstaking teacher.
The evidence of those who signed the petition requesting the removal of Mr. Nelson from the principalship of Winter street school was also heard by your committee.
When the petition was read one or two said that they did not know that the language of the petition was so severe and that they had not read it carefully before signing it.
Several who signed the petition were present to give their evidence. The statements made by those who signed the petition, with the exception of those of Mr. Hewitson, related to things which they said had happened several years ago and do not seem relevant to the present case.
Your committee, after carefully considering the case, wish to report that while Mr. Nelson is a strict teacher, he is also a just one. He is placed in a very difficult position, as he has been obliged to deal with the children of some parents who, if they do not openly urge their children to resist authority, are certainly giving the teacher very little support in the administration of the school.
It is the opinion of your committee that Mr. Nelson, in the discharge of the difficult duties of his office, deserves the support of the board of school trustees as well as that of the parents of the children attending Winter street school.

FINE BREAKFAST FOR BOYS AT ARMORIES

Plans of K. of C. Army Huts For 26th and Ammunition Column
With the consent and hearty approval of General MacDonnell, the Knights of Columbus Catholic Army Huts intend to give a special treat to the 29th and the 2nd Divisional Ammunition Column. This will take the form of an exceptionally fine breakfast for the boys at the armories.
A meeting is being held this afternoon with representatives of various societies, clergy of the Catholic Army Huts. These representatives are: Mrs. W. E. Scully, convenor for the K. of C.; Mrs. F. J. Power, Catholic Girls' Guild; Mrs. J. MacCarthy, St. Vincent's Alumnae; Mrs. R. O'Brien, Red Cross, and Miss Helen Church of the Y. W. P. A. The object of the meeting is to make arrangements for the breakfast and to divide the work amongst the societies taking part.
About sixty ladies will attend at the armories to assist in serving breakfast and it is the intention of these enthusiastic workers to make this a memorable event in the return of these units.
Major George Keefe, commissioner of K. of C., and A. E. O'Leary are busy getting things ready at the armories for the reception of the boys.
For the reception of the 29th Battalion the members of the G. W. V. A. will be given permission by the military authorities to wear their uniforms. The veterans of the breakfast will immediately behind the battalion while other members of the veterans will fall in line behind them.

POLICE COURT
Carleton Case — Story of Soldier, Liquor and His Money
The case of James Campbell, charged with stealing jewelry, was resumed today in the police court.
Policeman Gill said he helped Policeman Spinney to arrest and search Campbell. He said that the window of Adams' store was broken at one o'clock Saturday morning. The case will be resumed on Friday morning at ten o'clock.
A man was brought up on the charge of having liquor in his possession. Policeman Saunders said that he had arrested him in Erin street last night at 11:59 and that he saw accused take a bottle out of his pocket.
The defendant admitted that he was in Erin street but he had no liquor in his possession and had only been drinking "2 per cent." A friend was with him. The case will be resumed at nine o'clock tomorrow morning and the defendant was allowed to go upon depositing \$300 for his appearance.
The case of George Tait charged with stealing from Fred Colwell was resumed. L. P. D. Tilley appeared for Colwell and W. M. Ryan for the defendant. The plaintiff, Fred Colwell, said he was not yet 18 years of age and had enlisted under age with No. 2 Company Forestry Corps. He said he received \$100 the day of his discharge and \$465.95 later. In company with Mr. Tait's little boy, George, he went to Sussex from Apohiqui and bought numerous articles, among them, a carriage, a set of harness, a suit for little George Tait, and candy. He said he saw Mr. Tait at his house that evening and gave him \$2 with which to purchase liquor in Sussex. He met Mr. Tait at Apohiqui station next morning and came to St. John with him. Mr. Tait's little boy was with them. The men he said, both drank whiskey and when they arrived in St. John went to a restaurant where they had dinner. He said he gave Mr. Tait \$30 to get more liquor and Tait brought back a flask of gin and a long-neck of brandy. Then they went down City Road and got drunk on the railway tracks. They went to the depot about six o'clock, where he was arrested. At that time he had \$30 left, but said the accused took his pocketbook and taking out the money put the pocketbook back with 25 cents in it. He said that the little boy, George, was with him all the time.
When cross-examined by Mr. Ryan, he said they had been in two beer shops and went into a house in Brussels street, where there were women, but he had given the women money. He said Tait went out and brought back more whiskey. He said he was arrested at the depot by two policemen for being drunk at six o'clock Wednesday evening. Tait was arrested yesterday. The case is to be resumed at ten o'clock on Monday morning.
A man pleaded not guilty to non-support of his wife. The case was allowed to stand for a week to see if a satisfactory adjustment could be arrived at.

EAST END WILL HAVE BIGGEST PLAYGROUND
An Army of Men and Boys Were at Work There Last Evening—South and West End Busy
There was an army of men and boys on the east end playground last evening. Engineer Hatfield laid out the space for the diamond and before the work was completed most of the rubbish from the diamond itself. They worked with great enthusiasm. One active worker who lives beside the field declared that he would have a place for the girls to play just behind his house, and Harry J. Scott has his eye on another place for the members of the St. John Boys' Club, without interfering with the larger area. By Friday they expect to have a good deal of the field ready for the grader, and Engineer Hatfield says the East End Improvement League will have the biggest field of them all when it is put in proper shape.
Work continues on the south end ground, and will be starting on the west end ground this evening. Everybody is off to a good start.

DEATH OF MRS. T. BURNS AT AGE OF NINETY TWO
One of the oldest ladies in St. John passed away last evening in the person of Mrs. Tamer Burns, widow of William Burns. She was ninety-two years old, and died at the home of her daughter, Mrs. William A. Beckett, 80 Kennedy street.
Mrs. Burns had been in excellent health almost to the last hour of her life. She leaves two daughters, Mrs. Beckett of St. John and Mrs. C. M. Colwell of Upper Jemseg; one son, Davenport Colwell of Upper Jemseg; four grandsons, Clarence A. Beckett, Montrose Colwell, and J. Milton Colwell of this city, and Walter M. Colwell, overseas. There are also five great-grandchildren.
The funeral will take place at Upper Jemseg tomorrow afternoon on arrival of the steamer Champlaina. There will be a service at the home, 80 Kennedy street, at eight o'clock this evening.
