WANT SWEEPING POWERS UNDER LIQUOR ACT

P. E. I. Prohibitionists Staved Off By Government

ISLAND SHEEP INDUSTRY

New Financial Plan For Reviving It—The Matter of Cheaper School Books—Motor Cars to Take Place of Railway Laurier Would Have Given People

(Special to Times) Charlottetown, P. E. I., April 21—There was quite a lively time in the government caucus last week over the prohibition amendments asked for by the Temperance Alliance about two weeks ago. There were many revolutionary changes asked for, such as the right to search, without a warrant, any store or dwelling where the officer of the law suspected liquor to be sold; the right to search vehicles at pleasure; the restriction of the sale of liquor for legal purposes, such as medicine, to vendors alone (where such are appointed), and forbidding sale by druggists under any conditions; prohibiting the sale of liquor by club, and placing all liquor which contains alcohol under the scope of the act. The amendments would enlarge the original act to almost double its size.

The caucus appointed a committee to deal with the matter, and the committee recommended in view of the large number and drastic nature of the amendments, that they be laid over till next session, and that in the meantime they be printed and distributed.

There is not much love for the Temperance Alliance among members of the government. The latter had made several disavowals of prohibition officials for purely political reasons, and the new men have proved so unsatisfactory to the alliance that they have asked for an investigation and removal. The government has promised an investigation.

ARSON SQUAD TORCH COSTS INSURANCE MEN MILLION AND QUARTER

Liverpool, April 21—It was said at a meeting of the directors of an insurance company here today that the various insurance companies had lost \$1,250,000 through fires started by suffragettes during 1913.

CONDENSED DESPATCHES

Victoria Avenue Baptist church in Belleville will accept a gift of \$1,000 from Andrew Carnegie for an organ fund. The difficulty as regards berthing the Royal liners at Montreal has been arranged by allowing the C. N. R. boats to share their last year's pier with the C. P. R.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—A disturbance which formed near the middle Atlantic coast yesterday, is now centred in Nova Scotia, and is causing gales with snow on the Gulf of St. Lawrence. The weather has turned much cooler in the western provinces and also in Ontario and Quebec.

Fair and milder. Maritime—Fresh to strong north and northwest winds, clearing tonight. Wednesday—Moderate westerly winds, fair and milder.

Washington, D. C., April 21—New England forecasts—Partly cloudy tonight, Wednesday fair, warmer in the interior, moderate west to northwest winds, becoming variable.

ROYAL EDWARD, AWAY TOMORROW NIGHT, LAST OF LINE THIS SEASON

Local Offices of Canadian Northern Will be Closed in Few Days

The Royal mail steamer Royal Edward, which will sail for Bristol tomorrow evening, will close the sailings of the Royal line from St. John for the season. The local offices of the Canadian Northern Railway will be closed about the end of the week, and the staff will return to Montreal. The Edward will have passengers, mails and a full cargo.

Royal Mail Steam Packet Liner Chignecto is due to arrive in port this evening. She leaves for Cape Sable in a fog this morning about 7 o'clock.

Steamer Blackheath, from Cardiff, arrived at Sydney at 3 o'clock yesterday afternoon.

C. P. R. Liner Montrose is due in port tonight or early tomorrow morning. She sailed Sable Island last night at 6 o'clock.

The Empress of Ireland, bound for Halifax, was reported 780 miles east of Cape Race last night at 11 o'clock.

The Empress of Britain, bound from Halifax to Liverpool, was 450 miles southeast of Cape Race at 11 o'clock last night.

Donaldson Liner Letitia, from St. John to Glasgow, was 387 miles east of Cape Race this morning at 8 o'clock.

FORMER GOVERNOR LEFT \$4,000,000

Large Public Bequests in Will of Eben S. Draper

Boston, April 21—Public and charitable bequests amounting to \$250,000 are left by the will of the former Governor Eben S. Draper. The estate will inventory about \$4,000,000. A permanent fund of \$100,000 was left to the Massachusetts Institute of Technology. The Milford Hospital, one of the testator's gifts to that town, received a permanent fund of \$100,000. The hospital is also given real estate estimated to be worth \$250,000.

The Hopkinton Unitarian Parish received \$20,000 as a permanent fund, the income to be applied to the care of the church in Hopkinton, which was the gift of the former governor and his brother, George A. Draper, in memory of their parents.

The sum of \$10,000 is given to the American Unitarian Association. The Hopkinton Unitarian Association is left the care of the Draper family plot. A few small personal legacies including gifts to certain household employees, are named.

The residue of the estate is given to trust for the equal benefit of his three children: B. H. Bristow Draper, Mrs. Dorothy D. Gannett and Eben S. Draper, Jr.

MONKS OF ST. BERNARD IN FINANCIAL DIFFICULTIES FROM GIVING HOTEL ACCOMMODATIONS AT AVERAGE OF TWO CENTS

Geneva, Switzerland, April 21—The St. Bernard monks gave shelter and food to nearly 40,000 persons last year. The average voluntary contribution dropped into the box at the gate was equivalent to two cents a person. The monastery finds itself in financial difficulties, and the chapter is considering whether a fixed charge must not be made in the future for the rich travelers who visit the monastery during fine weather, stay for a week and drop a franc or two into the box in payment for themselves and a chauffeur for two days' keep.

The monks have carried on their charities for nine centuries without asking any visitor to pay. They have been able to do so by the income from lands vested in the monastery. But in the last ten years the cost of everything has gone up about 40 percent, while rentals have remained stationary.

"We hope to continue," says the Abbot Bourgeois, the head of the chapter, "giving free hospitality, as we have done since the 11th century. If the burden becomes too heavy for our means, we shall be obliged to charge a small sum, much against our inclination and our principles."

BURIED TODAY One of the largest funerals that has been seen in the North End for some time was that of Edward C. Harvey, which took place this morning from the residence of his brother-in-law, Daniel Lunney, Millidgeville avenue, to St. Peter's church, where requiem high mass celebrated by Rev. Simon Grogan, C.S.S.R. Interment was in the Catholic cemetery. A large number of members of the ship laborers' and seamen's unions attended the funeral in a body, and among the floral remembrances was a wreath of crimson and cream roses from the members of the union. Relatives acted as pall-bearers.

The funeral of Timothy McCarthy was held this afternoon at 2:30 o'clock from his late home, 4 Delhi street, to the Cathedral. Rev. Miles P. Howland officiated, and interment was in the new Catholic cemetery.

The funeral of Wm. G. Gray was held this afternoon from his late home, 10 Cannon street, to Fernhill. Rev. Mr. Lawson officiated.

TAKEN TO AMHERST Hugh Stewart of Amherst, arrested here on a wire from Amherst was taken back this morning by Policeman James Ross of the Amherst force.

Wilson Orders Vera Cruz Customs Seized

Cut Off Large Supply of Ammunition From Huerta

(Canadian Press) London, April 21—King George and Queen Mary, accompanied by a large staff, including Sir Edward Grey, the foreign secretary, and his private secretary, Sir William Tyrrell, left for Paris today to pay a state visit.

Their Majesties crossed the English Channel from Dover to Calais on board the royal yacht Alexandra, which was convoyed by British and French warships.

Paris, April 21—The tenth anniversary of the intimate friendly agreement between France and Great Britain in international politics is being celebrated here by a three days' visit of King George and Queen Mary as the guests of the French government. Much has been done by both governments to render the visit significant politically and pleasant personally.

All the main arteries of Paris were decorated with garlands of evergreens and intertwined flags of both nations, and crowds of Parisians awaited from an early hour the arrival of Their Majesties.

COMING ON GERMAN STEAMER Several Million Rounds and 200 Field Guns—British Minister Hastening to Mexico City to Urge Dictator to Accede to President's Demands—Meanwhile Rebels About to Attack Monterey

(Canadian Press) Washington, D. C., April 21—Orders were sent to Rear Admiral Fletcher early today to seize the customs house at Vera Cruz in time to prevent a large shipment of arms for Huerta, about to be landed there, from being transported to Mexico City.

The orders did not stipulate when Admiral Fletcher should take the port, but simply left it to his discretion as to when best to prevent Huerta from getting several million rounds of ammunition and 200 field guns from a German steamer about to arrive.

At 11:20 a. m. no word, so far as was announced, had been received here as to what action Rear Admiral Fletcher had taken.

Messinas, Rebels Active. Chihuahua, Mexico, April 21—Orders to march on Monterey has been issued at Torreon, according to an official message received by General Carranza from General Pablo Gonzalez. Gonzalez said he expected battle to open at any moment.

Mexico City, April 21—To show that Mexico is moral and civilized by giving full protection to foreigners, and Americans in particular, Huerta today ordered a large mass of military police placed at important points in the city. General Aguilar says.

No Troops Yet Landed. Washington, April 21—The landing of American bluejackets and marines on the coast of Mexico was delayed today while President Wilson awaited congressional approval of his purpose to use armed force. Objection to the form of the resolution passed the house last night prevented action in the senate, and had body adjourned until noon today to take up a substitute measure reported by its foreign relations committee.

This substitute, which administration leaders expected to see adopted after a brief debate and sent over to the house for concurrence, would broaden congressional declaration and eliminate direct reference to Huerta. It also would specifically disclaim on the part of the United States, any hostility to the Mexican people or any purpose to make war upon them.

In the meantime, the war fleets of the United States, are nearing Mexico. Rear Admiral Badger, commander-in-chief of the Atlantic fleet, now crossing the Gulf of Mexico, with four dreadnoughts, is expected to reach Tampico tomorrow. Two of his ships probably will go on to Vera Cruz.

Two will join the vessels already at anchor off Tampico. Seizure of these two ports has been determined upon as the first step. When Vera Cruz has been taken, a force probably will be marched inland at once, to seize and hold the railway bridge upon which connection with Mexico City depends.

High administration officials said that while no blockade could be ordered to keep foreign vessels from landing cargoes, without a declaration of war, prompt occupation of Vera Cruz by marines could prevent any munitions of war from being rushed to the Mexican capital.

It was made plain at the white house, by Secretary Tumulty, that the president approved the resolution as amended by the senate foreign relations committee, that the president did not wish to individualize Huerta because of any personal resentment, but merely to differentiate him from the remainder of the Mexican people, with whom the United States has no quarrel. The language of the amended resolution adopted by the senate foreign relations committee is satisfactory to the president because it specifically disclaims any purpose of making war on Mexico.

Britain Seeks to Have Huerta Change. Vera Cruz, April 21—That Great Britain will use every effort to prevent hostilities by inspiring Huerta to accede to demands of President Wilson, became known yesterday afternoon, through the unexpected arrival of Sir Lionel Carden, former British ambassador at Mexico City. He came on the British cruiser Berwick from Galveston in record time.

Sir Lionel had orders to make all speed to the Mexican capital and use his good offices with Huerta in every manner reasonable to reconsider his stand toward the United States.

Mexico City, April 21—President Huerta said last night—"Mexico awaits with tranquility the development of events growing out of the controversy with the United States and in the remote use of fiction between the countries the people of this republic will bear no animosity toward the people of the United States, whose neighbors they are."

Defence Force Placed. Vera Cruz, April 21—Huerta late last night ordered his commander-in-chief at Vera Cruz, General Maas, to place a por-

tion of the defence forces and establish a strong colony on the islands in front of Vera Cruz. At a late hour the forces had taken their stations.

Mexico City, Mex., April 21—Fifteen Pullmans filled with American women and children left for Vera Cruz last night.

WHAT THE PAPERS SAY "It is War," Says New York Herald—Comment in England, Germany and France New York, April 21—The Herald says "It is to war that the United States is going, and to call it by any other name, will avail little."

London, April 21—The Manchester Guardian says that war would be purely ridiculous if the stakes were not human lives and national reputations. If both sides are itching to be at each other throats it would be creditable to them both to have no better occasion for beginning.

Berlin, April 21—The Post in a bitter and reasonable tone says: "Germany has no reason to desire an American victory. The American colossus would thereby grow still more gigantic and become more dangerous for us economically, than it already is."

Paris, April 21—The view taken generally in the press, and in some quarters, is pessimistic, and in some quarters, there are cynical and hostile references to Washington. Most of the papers agree that the rupture was bound to come sooner or later, and sustain both from criticism of President Wilson and prognostications. They express the fear that blockade will culminate in war and the greatest sufferers will be the foreign residents.

FELLOW TRAVELERS; AN INTERESTING GROUP

It Just so Happened That They Met in Pullman on Way to St. John

It is said that politics makes strange bedfellows, and it may be added that Pullman car smokers sometimes make strange companions. For example, on the train between McAdam and Fredericton Junction last evening a number of gentlemen casually drifted into another other into the smoking compartment of the Pullman. They were from various places, and the meeting was entirely the happy atmosphere—A. R. Gould, P. B. Carvell, W. H. Berry, E. S. Carter and Hon. Geo. J. Clarke.

ASQUITH AND LAW FACE TO FACE; STORMY SCENE IN HOUSE

London, April 21—A stormy scene was created in the House of Commons today when Andrew Bonar Law demanded a judicial inquiry into the naval and military movements said to have been recently contemplated by the government.

Premier Asquith refused a judicial inquiry, as he said the charges had been proven false, but he challenged Mr. Law to make any accusations he wished to make in the house itself, when he would be given the fullest opportunity for discussion.

Amid the cheers and angry shouts of their supporters, the two leaders took their places alternately at the table challenging each other.

The scene ended when, amid ministerial cries of "Vote your day for discussion" Mr. Law said that after he had seen what the promised white paper contained he would consider what steps it was worth while to take.

ACTOR HACKETT MAY SEEK THE PEERAGE

Heir to Much Wealth, Also Wants Title of Baron

London, April 21—Now that James K. Hackett, an actor, has become a wealthy man through an inheritance of \$1,500,000, he has an ambition to become a peer. If he persists in his present determination, he will file a claim to be recognized as Baron Hackett of Hackettstown and Sheldon Abbey, county Carlow, Ireland.

According to his pedigree, which Mr. Hackett has worked out, he is descended from Helot, one of the barons who came over from France with William the Conqueror, whose name, he asserts, is described in "William's Six and Thirty Nobles" dated 1066, upon a pillar of Battle Abbey, near Hastings.

In 1839 Mr. Hackett says the court journal contained the announcement of the death of Edmund, Baron Hackett. The true inheritor, whose title Mr. Hackett claims, was James Henry Hackett of New York. The estates were lost during the revolution in Ireland.

While the peerage is extinct, Mr. Hackett is confident that it could be revived in his favor. He is, therefore, meditating over the idea of attempting to secure a peerage.

FABRE THINKS HE MIGHT HAVE WON MARATHON

Montreal, Que., April 21—Edward Fabre, who came second in the Boston marathon, was met by an enthusiastic crowd at the station this morning and showered with congratulations.

"If I had followed my own inclination," he said, "and not listened so much to Duffy, I might have won."

NOTED BRITISH GENERAL DEAD

London, April 21—General Sir Henry Brackenbury died at Nice, yesterday, aged seventy-seven. He saw active service in the Indian mutiny suppression, the Ashantee war, the Zulu campaign, and the Nile expedition.

THIRTEEN ARE DEAD IN SOLDIERS' BATTLE WITH THE STRIKERS.

Trinidad, Col., April 21—Thirteen were believed to be dead and the number wounded was unknown when day dawned on the Ludlow battlefield here, yesterday. 100 militia men and deputy sheriffs fought a battle with strikers.

ST. GEORGE'S SOCIETY DINNER

More than 100 tickets have already been sold for St. George's Society dinner, and a record attendance is assured. The principal guest will be Lieut-Governor Wood, who was met by an enthusiastic crowd to be the observance of the 350th anniversary of the birth of William Shakespeare, who was born on April 23, 1564. The toast of the evening, St. George and Merrie England, will be responded to by Rev. Canon Sisson, of Moncton.

NEW SECRETARY POINTS TO THE PROBLEMS HERE

R. E. Armstrong Of Board Of Trade, To People Of St. John

A CALL TO CITIZENS

All Can Render Much Assistance In Work In Which Board Is Engaged—Shows The Way In Which This Can Be Done

A progressive policy for upbuilding the city, improving local conditions and reaching out after trade and commerce with the people of St. John—with those who are really interested in the welfare and the future of the city.

As the first and chief winter port of Canada, St. John has the measureable responsibilities thrust upon her—responsibilities that she cannot escape from—that she must bear unflinchingly. These responsibilities have a local as well as national and imperial bearing.

There is the responsibility of providing adequate port accommodation for the great ships that are coming here in increasing numbers with immigrants to people our farms and waste places, and to carry away from here across the golden grain of the west and the other products of Canadian soil and Canadian industry.

There is the responsibility which imposes upon the people of St. John the task of providing terminal facilities of the most approved type for the trans-continental and other lines of railway which are to bring the products of our soil to the markets of the world.

There is the responsibility to protect in every possible manner the varied interests which are represented in this magnificent metropolitan area.

WATER IN UPPER SECTION OF RIVER TWO FEET HIGHER

Up-river reports tell of water rising rapidly, ice running and snow falling. Here are some reports:

Woodstock, April 21—About three inches of snow fell last night. It is cloudy today, but clearing with northwest winds. There was a heavy run of ice in the river this morning. The water raised two feet during the night.

Fredericton, N. B., April 21—About three inches of snow fell during last night, and it was still snowing this morning in the city.

Andover, N. B., April 21—Northwest winds, clearing; water raised two feet and still rising.

CÆSAR, KING EDWARD'S DOG, IN LITTLE CEMETERY

London, April 21—King Edward's dog Cæsar, has been buried in a little cemetery in the grounds of Marlborough House, near to Malvern, one of Queen Alexandra's favorite dogs.

Several dogs are buried there and each grave has its wooden memorial bearing name and date of death.

DRIVE BLIND HORSE OVER LEDGE; LIKELY TWO DEATHS

Warton, Ont., April 21—Driving home from town late last night, Dr. Andrew Craig and William Davidson, who were driving a blind horse, took the wrong turn at the top of a hill, and drove over a rock, falling about fifteen feet. Mr. Craig was instantly killed, and Mr. Davidson may die.

Raising Food Standards

Advertising is playing a wonderful part in the raising of food standards because it has opened the way for distributing standard brands of assured quality.

An article for article, the advertised food products are of better character than the unknown kind. They are kept to a fixed standard all the time.

Food products advertised in this newspaper are deserving of confidence; and the stores which specialize on these brands and cooperate with the manufacturers in giving them distribution are well worthy of your confidence.

pieces of pattern in place, arranging each on a lengthwise thread of the material. Now fold, and on the edge of the fold lay the band, sections, collar and back. Cuffs and remaining band sections may be arranged opposite on a lengthwise thread of the material.
Now tuck the front of the blouse, stitching the tucks carefully in place. Close under-arm seams as notched; then close the shoulder seam. Gather the lower edge of front and back between double "T" perforations. Try on the blouse to see that it requires no alteration. The center-front is indicated by large "O" perforations. Join Japanese collar sections as notched, sew to neck edge as notched. Now sew the standing collar to shield as notched. Arrange sections of the band together according to notches. Turn under edges of slit perforations, lap to small "o" perforations and stitch, leaving edges to left of center-front free for opening. Sew to lower edge of front and back, notches even, double "oo" perforation at under-arm seam.
Close the sleeve seam, and, if desired, a cuff may be added. A plain hem or a bias fold makes a nice finish. In case a fold is used, turn the material back on the outside of the sleeve and stitch the bias fold along the edge.

Materials costing from 25 cents a yard upward may be used for this outing costume. Khaki, linen and serge are in greatest demand.
Linen, khaki, serge and plique may be used successfully in carrying this design. For a girl of average size, 5 yards of 1/2-inch material will be required for the dress.
In cutting out the blouse, the material will have to be laid on the table "open" for the sleeves and front. Pin Fill in this blank and mail it with price of pattern:

MISS HELEN DUNECE AND GUY H. TAYLOR IN ARTISTIC CONCERT

While the audience which assembled last evening in the York Theatre at the recital given by Miss Helen Dunece, soprano, of New York, and Guy Holly Taylor, tenor, of this city, was not so large as the merits of the programme warranted, it was deeply appreciative of the delights of the evening, and was quick to realize that a distinctly rare treat was being accorded all music lovers present. Had the weather been more agreeable, many more would probably have attended. The recital was greatly enjoyed. Miss Dunece and Mr. Taylor are both pupils of Professor J. D. Mehan of New York, and Miss Dunece has won popular favor with the audience. Mr. Taylor's initial effort was the aria, from Pagliacci, "Put on your Smock." The singer at once established himself in favor with the audience, and showed marked improvement in vocalization since he was last heard here in public. His treatment of the subject was accurate and well merited the applause given.

Miss Dunece then sang a group of four numbers. Her rendering of them revealed distinct artistic taste. The pretty idyll by Edward MacDowell was, perhaps, most appreciated, providing, as it did, the opportunity for displaying the remarkable flexibility of her voice. A group of three numbers, "My Star," "My Snowy Breasted Pearl," and "What Care I?" formed Mr. Taylor's next contribution, the execution of the latter showing that the vocalist possesses a voice of unusual range and volume, with the capacity of distinctness in enunciation. The singing of this group was much appreciated. Then came a delightful rendering by Miss Dunece of Verdi's difficult aria, A Fors E Lul. In tones of much beauty the artist showed that she was able to respond to every demand of the composer, the clearness of her sustained notes being of a high order. A recitation and aria from Sullivan's "Come ye Children," given by Mr. Taylor with good effect, was followed by a group of four morceaux, all sung by Miss Dunece with due attention to artistic detail, and with any variation, it may be remarked, of tiredness on the part of the soloist. "Fairy Pipes" was exceptionally pleasing in this group.

The pleasant and high-class musical even was brought to a close by the singing of a group of three songs by Mr. Taylor, his rendering of "Macushla" being very fine.
Bloomer—"After all beauty is only skin deep."
Spatt—"In many cases it is not so deep as that. It is often laid on the skin's surface."

Apple Tree Campaign

The Board of Trade of Cadillac, Mich., is financing and directing an apple tree planting campaign to cover the territory within a radius of forty miles of Cadillac. The board will buy the trees in carload lots at wholesale prices and will sell them to farmers at cost. To aid in the distributing of the trees the Northern District Apple Association has been organized. The campaign includes supervision of planting and cultivating of the trees, so that the work is sure to be done properly. Officials at the Michigan Agriculture College have been interested, and they will provide speakers for apple meetings that are to be held later.

The Spring Diet

Calls for a change from the requirements of colder weather

The system is apt to be more or less clogged as a result of hearty eating for resisting cold. And so Nature has provided in the field grains wholesome nourishment to meet changing weather conditions, and rebuild played-out nerves

Grape-Nuts

FOOD
—made of wheat and barley—serves a double purpose—

It not only furnishes true nourishment for body building, including the mineral phosphates especially required by nerves and brain, but, being partially pre-digested, it relieves the digestive organs that are overworked and clogged by a heavy diet

Every spring new thousands take on Grape-Nuts as a part of their regular breakfast

How to Buy City Real Estate, or How to Find Purchasers

Somebody Wants to Locate in Every Part of This City

City realty is the bed-rock of financial worth. It is an investment that presents liberal returns and steady appreciation in value. Owing to business demands, removals, deaths, settlements of estates and many other causes, there are always rare bargains to be picked up for cash or on terms. Many owners who are considering offers now would listen to your proposition if you were on hand.

Why not reach all those who have offers on the same day? Our Little Want Ads will reach the people you want to reach.

Also these columns open the way for quick sales to owners. It makes no difference what class of property you wish to buy or sell. There is always somebody waiting to talk business to you. It will cost you but a few pennies and will enable you to deal direct with principals, if you—

RECENT DEATHS

James Morgan.
The North End lost one of its most prominent citizens late last night in the death of James Morgan, proprietor of the well-known dry goods business bearing his name, and with which he had been actively associated all his life, first with his father and later as sole owner. Mr. Morgan was fifty-eight years of age, and until a few months ago personally conducted his business. He was attacked with heart trouble and had been confined to his room for about two months. The end, which came at 11:30 o'clock last night, was not unexpected.

The late James Morgan was the son of Patrick Morgan, a native of County Armagh, Ireland, who came to New Brunswick in 1855 after experience in the mercantile trade in Durham, England, and founded the business to which James Morgan succeeded, the year before the latter was born. Patrick Morgan married at Wigtown, England, Mary Ann Robinson, and she was the mother of five children, of whom four now survive. Mrs. Patrick Morgan's brother and two sisters came to St. John at the same time as the Morgans, and one of the latter, Margaret Robinson, became the wife of James E. Hogan, of St. John. Patrick Morgan was an old freeman of the city.

The late James Morgan spent his life in the business, and on the death of his father, succeeded to its control. His career has been characterized by the same enterprise and honest business methods by which his father succeeded, and he will be sincerely mourned by a large circle of friends and acquaintances to whom he displayed every courtesy. Mr. Morgan performed the duties of citizenship unostentatiously, but faithfully, and the city is the poorer by his death. He was a staunch Liberal in politics, and his counsel was valuable at all times. He was an active member of St. Peter's church, and Mrs. M. B. A., and had served as president of St. Peter's Temperance Society and of the St. Vincent de Paul Society of the church.

He married, in 1887, Miss Fannie C. Hayes, daughter of the late Edward Hayes, of this city, who died in 1904. One son, Cuthbert, and one daughter, Mrs. E. L. O'Regan, both of this city, survive. Thomas J. Morgan, of M. R. St. Ltd., is a brother, and Mrs. Frank A. Foster, Mrs. Joseph Harrington, wife of the principal of St. Malachy's school, and Mrs. Elizabeth Callahan, are sisters.

THE CARLETON MEETINGS

A large and interested audience gathered in the public hall, Carleton, last evening to hear Dr. Burrows declare the unsearchable riches of the Word of God. Last evening marked the beginning of the last week of the campaign which was started on March 18th. Three churches—the Methodist, the Ludlow street Baptist, and the Charlotte street Baptist—were instrumental in obtaining the services of Rev. Dr. Burrows of Youngstown, Ohio, and his assistant Mr. Van Horn, of Sidney, New York, for the work. From every view point the campaign has been a success. The ministers are more than pleased with the large gathering of souls, and the evening which embodied sentiment for the cause of the Cross. Through these services men have been enabled to free themselves from the power of sin. Many families have been brought closer together in the bonds of love because of a change in the life through Christ.

Last evening Dr. Burrows used the story of Zacchaeus as a basis for the sermon that he delivered.

Monday services were conducted today by the evangelists. Doctor Burrows spoke to the employees of the Simms brush factory and Mr. Van Horn to the employees of the Cornwall cotton mills.

ELECTION CARDS

To the Electors of the City of St. John:

Ladies and Gentlemen:
I desire to express my sincere appreciation of the very gratifying support accorded me in the primary election of Tuesday. May I voice the hope that in the final you will by your ballots permit me to serve your wishes for a further period, in returning me to office, and that your opinion as expressed at the polls on Tuesday may be accepted as satisfaction with the manner in which my duties have been performed in the past.

In the department over which I have had the honor to preside I have tried to meet the demands of the public as well and faithfully as my abilities and the facilities at hand enabled me to do.

The policy of improving our streets with permanent pavement and better sidewalk regulations I will continue to urge and popularize. Daily committee meetings are most essential and should be revived. The Assessment Act should be readjusted so as to meet present day objections.

Should you again express your confidence in me by placing me in office I will do my best to justify your support and to conscientiously discharge my obligations and responsibilities which your trust will impose upon me without fear or favor. I have the honor to remain,
Your obedient servant,
M. E. AGAR.

To the Electors of the City of St. John:

Ladies and Gentlemen:
When a candidate appeals for your support upon his past civic record and estimates that his record of services rendered has been sufficient to warrant the continuance of your support, he should be prepared to establish by a statement of facts, his claim to that support.

I repeat NO MORE GENERALITIES. Let my opponent get down to business and deliver a statement of facts. What has he done for Saint John? Can he conscientiously serve two masters?

Respectfully yours,
H. R. McLELLAN.

To the Electors of the City of St. John:

Ladies and Gentlemen:
I beg to announce that I will be a candidate for the office of mayor at the coming civic election. I trust that my record and service in the Common Council, extending over a number of years, has been of such a character as to meet with your approval, and should you honor me with your support and elect me for that which I had marked out as the closing term of my career in municipal politics, I shall endeavor to perform such service as may fall to my lot to the best of my ability.

Yours respectfully,
JAMES H. FRINK.

To the Electors of the City of St. John:

Ladies and Gentlemen:
As you have honored me by election in the primary to a place in the final contest on April 28th, for the office of Commissioner, and my platform has been well advertised, I think that this card should be brief. The reforms for which I especially pledge myself to work are better streets and more equitable taxation, in both of which matters I have had a considerable amount of experience and gained a stock of knowledge.

I again thank you for the splendid support so far accorded to me, and I look forward to being chosen as one of your representatives.

Yours Sincerely,
GEORGE FREDERICK FISHER.
Everybody's Candidate

To the Electors of the City of Saint John:

Ladies and Gentlemen:
I wish to state most emphatically that I am an independent candidate in the election now pending, for Commissioner, and the canvass that is being used against me that such is not the case, is entirely without foundation and has, no doubt, been originated by some jealous rival. I think that for the short time I had to canvass the public, my belief on the 14th inst. was very true, factory, and with a little more hard work, there will be a great change in the returns on the 28th. And I hope my friends and the public generally will bear in mind that I am in this game to stay until the finish, and if elected will, at all times, give the laborer the same consideration as I should to the more wealthy populace and will endeavor always to play on and play the game, and do it in a straightforward manner.

Yours very truly,
CLARENCE W. DEFOREST.

THE BOARD OF TRADE

The letter of Mr. R. E. Armstrong, which appears in today's Times should be carefully read by every citizen. It shows that Mr. Armstrong, in taking up his duties as secretary of the board of trade, is fully conscious of the very large place the board should occupy in relation to the promotion of the welfare of the city.

There is sometimes a disposition to charge the board of trade with failure to do all that it should do, and yet a review of what it has done during the last six months would rather tend to cause surprise that busy men had been able to accomplish so much in promoting matters which are not related directly to their own personal concerns.

THE STANDARD CONFESSES

The Standard this morning devoted nearly two columns of space to a reply to some observations made by the Times yesterday. From a careful perusal of the long and labored article in the Standard the reader learns:

(1) That the Dominion government still has "under consideration" the question whether it will or will not pay for the bridges across the St. John and Kennebec rivers.

(2) That the route of the Valley Railway between Gasquet and St. John has not yet been decided.

(3) That the route between Centreville and Grand Falls has not been decided, nor is there a Dominion subsidy for this section available.

(4) That no arrangement has yet been made for connecting the Valley Railway with the Grand Trunk Pacific.

(5) That the Standard heartily approves of the additional bond guarantee of \$2,000,000 to the St. John & Quebec Railway Company in spite of the truth of the four preceding statements.

In addition the Standard expresses the belief that Mr. Dugal and his friends are disappointed because a Royal Commission is to investigate the Dugal charges, and says that "a Royal Commission was the only thing the men responsible for the charges did not want."

struction of the bridges has made it possible to complete the road, but until Mr. Dugal's charges are answered, additional public money should not be placed to the credit of the company.

THE MACHINE TREMBLES

The Conservative machine, both at Fredericton and Ottawa, dreads the exposure that may come as a result of the inquiry into the Dugal charges. The brave show that is made by the Standard hides an uneasy conscience.

Even Conservatives are now beginning to ask what the province has gained by the advent of Hon. J. D. Hasen into public life, and by subsequent career. He succeeded after many efforts in defeating the former provincial government, and replacing it with one infinitely less worthy of public confidence.

AN INDIAN TALE

How Great Eagle Saved Life of Bravo Only to Help to Double Murder

Talismanists in Spokane recently preserved an eagle killed but which also has played an important part in the romance of the Colville Indians. The bird has a spread of six feet and is the property of Clair Hunt, sporting agent of the Indians on the south half of the Colville reservation in eastern Washington.

The story, as told by one of the tribesmen, is substance follows: About thirty years ago two young Indians, twin brothers, fell in love with the most beautiful and attractive young squaw on the reservation. The rivalry existed for two years. Finally one captured the prize, much to the disappointment of the jealous brother. For several months the successful brother lived happily with his young and beautiful bride in a teepee in the shadow of the cliff where this eagle's nest was located.

"One day the disappointed brother rode up to the teepee and proposed to his fortunate brother that they climb to the top of the mountain and secure eagle feathers from the shelf on the cliff. The proposition was agreed to, and after reaching the brink of the cliff it was agreed that the married brother, who was much the lighter, should be let down by means of a long rope to the shelf. As soon as he was lowered to the shelf the brother above dropped the rope and retreated to the teepee, took his brother's bride behind him on his cayuse and rode away down the valley, leaving his unfortunate rival on the shelf of rock 900 feet from the bottom and 100 feet from the top with no possible means of escape.

From his high perch the Indian husband could see his bride being carried away down the valley for a distance of seven miles. It was nearly sunset when the old eagle that is now perched in the Bank of Colville came soaring down in front of the nest and with a shrill scream swooped down upon the unwelcome visitor, burying his talons in the face and neck of the dependent young brave. The jittered husband, not caring whether he lived or died, grasped the legs of the infuriated bird and plunged over the cliff. Down, down the bird and his human passenger floated to the valley below and landed within a few yards of the deserted teepee. The big eagle soared back to his home on the cliff; the young Indian mounted his cayuse and rode in pursuit of the brother who had stolen his bride. About ten o'clock that evening the enraged husband caught up with the runaways and in the heat of passion and jealous rage he killed both. It is a fact that the great eagle's nest was on a ledge of rock 900 feet from the bottom of the chasm and 100 feet from the top, and that the Indians were wont to lower themselves on ropes to this refuge to get eagle feathers for their head-dress.

BIRTHDAYS OF NOTABILITIES

MONDAY, APRIL 20 Rev. Canon Dyson Hague, one of the most prominent clergymen of the Church of England in Canada and now rector of the Church of the Epiphany, Toronto, was born fifty-seven years ago today in the city where he now resides. His father was George Hague, former general manager of the Merchant's Bank and at that time accountant of the Bank of Toronto. He was ordained a priest thirty years ago and was given a curacy in St. James Cathedral, Toronto. He then became rector successively of St. Paul's church, Brockville; St. Paul's church, Halifax; and Bishop Crown Memorial Church, London, whence he was removed to Toronto three years ago. He serves on various church committees, lectures at Wycliffe College, writes books and articles and generally leads a busy life.

TUESDAY, APRIL 21 His Honor D. B. MacTavish, judge of the county court of Carleton, Ontario, and a prominent and public-spirited citizen of Ottawa, celebrates his sixty-second birthday on this date. He is now one of the most eminent county court judges in Ontario, possessing an excellent reputation among members of the bar. Before being raised to the bench he practised in the capital, being for some time city solicitor. He was retained at various times by the Dominion government to argue cases before the privy council. Since becoming a judge he has more than once acted as a royal commissioner to investigate charges of corruption. In private life he has been active in the promotion of education.

A NIGHT OF HORROR Motorman Had to Wear Old Gray Suit at the Opera. Boston, April 20--The horrors of a fourteen-year-old gray suit and sitting surrounded by men in evening clothes were dramatically explained by Motorman Richard I. Lakeman at the hearing for employees of the Middlesex and Boston Street Railway. "You gentlemen cannot realize the discomfort of going to the opera with your wife and having the men all about you in evening clothes," Lakeman told the arbitration board. To press his point today Lakeman wore the old coat in which he had attended the opera. "I had obtained excellent seats for 'Tristan and Isolde' through the kindness of a friend," said Lakeman, "and would have enjoyed the performance immensely but for the constant feeling that three meals a day, we do only about one mile in exercise," said Sir Thomas. "Out there in British East Africa the native on one meal a day composed of water that is often half mud, and a handful of mealie flour, is able to run fifty miles, live in nature's open air, and keep, as I kept during my stay, perfectly fit and vigorous. That is why I am to make still another expedition--to the White Nile this time--in November." ARE WE TOO CIVILIZED? Sir Thomas Dewar Says So--East Africans Healthy Race. London, April 21--The world is over-civilized, according to Sir Thomas Dewar, who says his big game hunting expedition to British East Africa after which he has just returned, was largely due to his wish to escape from civilization, with its many barbarities. "We dwell in a vicious atmosphere, in small rooms, over here, patronize heated restaurants, and, though we eat

WELL PRESENTED

The Liars Proved Attractive Bill at the Opera House

Cast of Characters: Colonel Sir Christopher Eversing, Sam A. Mehary, Edward Falkner, Cecil Drummond, Gilbert Nepean, Kenneth Fleming, George Nepean, Edwin Hodge, Freddie Tatton, Arthur McClosky, Archibald Coke, Daniel Fanger, Walter, Charles Gasan, Taplin, Lisle Campbell, Mrs. Crespin, Elsie Bishop, Beatrice Ebernoe, Kathleen Walker, Dolly Loke, Kathleen Walker, Ferris, Kathleen Walker, Lady Rosamund Tatton, Edith Derby, Lady Jessica Nepean, Francis Brandt.

The Thompson-Woods Stock Company, with the cast here given, gave a creditable production of Henry Arthur Jones' English society comedy, "The Liars," in the Opera House last evening, and will continue its presentation all this week.

The chief interest lies in the struggle between Falkner, who is in love with Lady Jessica, and wants her to elope with him, on the one hand, and Sir Christopher, arguing for the conventions, on the other.

Sir Christopher's rather material, but practically practical and logical exposition of "possibility number one" possibility number two, and so on, carry more weight in his particular circle than any amount of moralizing, and his effective demonstration that "it won't work," forces the lovers to forget their infatuation and continue their careers upon the lines which fate has laid for them.

In the role made famous by Sir Charles Wyndham, Mr. Mehary made a decidedly favorable impression, and his interpretation was thoroughly satisfying. It was a strain upon Miss Brandt's great ability to bury her real force of character and her vigorous intellect in the role of the light-headed Lady Jessica, and while giving a very clever and charming impersonation, she was hardly as convincing as in some other roles. Mr. Drummond was rather better than usual as the popular British hero, and won the sympathy of the audience in a difficult role. The husband who did not want to be a spher, but who was, was ably presented by Mr. Hodge and Mr. Woyler was seen in an important, although small part as Lady Jessica's husband.

A delightful bit of character work was contributed by Mr. McClosky as the pompous Archibald Coke, and Miss Davis was seen in the pleasing role of his wife. The other members of the company all contributed their share to the success of the production.

IMPERIAL

Good Pictures, Good Singing and Good Orchestral Music—Large Audiences Well Pleased.

Good houses greeted the Imperial's new programme yesterday, although the weather was not so favourable to create large attendance. The programme was up to the usual high standard, especially a two-part Vitagraph entitled, Iron and Steel, dealing with the accurate surrounding patent rights to rapid-firing guns.

The whole story was strongly suggestive of the Krupp concern in Germany and the adventures of an American gentleman who was competing against these people. Maurice Costello played the leading role and his support, both male and female, was especially good. The comedies were "Vatclining the Villages"

"I HAVE GAINED FIFTEEN POUNDS"

Since Taking "Fruit-a-tives" And Feel Like a New Person

Drysdale, Ont., June 18th, 1913. "I am a general storekeeper at the above address and, account of the great good I have experienced from using "Fruit-a-tives," I recommend them strongly to my customers. They were a great boon to me. I was laid up in bed with vomiting and a most terrible pain at the base of my skull. This pain nearly drove me mad. Doctors feared it would turn to inflammation of the brain, but I took "Fruit-a-tives" steadily until I was cured. I have gained fifteen pounds since taking "Fruit-a-tives" and I verily believe they saved me from a disastrous illness."

by the Kalem Company, and "Between Love and Flour," a Universal face. (Myrtle), somewhat of a novelty to local music-lovers, and for an encore sang "The Hymns of the Old Church Choir." A. C. Smith, Jr., proved an excellent character in singing Victor Herbert's "Bring Me a Rose" from that exquisite work, The Arcadians. He was generously applauded.

UNIQUE

Unique Theatre Presents First of Exclusive Film Series—E. P. Sullivan in The Bell.

In line with the growth of the introduction of well known artists into the world of screened pantomime is the Reliance Company's presentation of Edward P. Sullivan in "The Bell," made famous by Sir Henry Irving. Mr. Sullivan is an actor of recognized ability, and of the many great characters he has portrayed that of Mathias in "The Bell" stands out as his masterpiece. Recognizing the fact that with Mr. Sullivan in his favorite role of Mathias, "The Bell" offered a rare opportunity for a splendidly produced picture production, the Reliance Company put forth every effort to present an offering that would be a real credit in the history of the picture pantomime art. The result as shown at the Unique Theatre yesterday is a noteworthy success. "The Bell" stands out as a masterpiece, which is well known all over the civilized world, is even better adapted to picture than its stage production. By double and triple exposure the desperate crime committed in the bleeding snow storm is nicely handled, and the wonderful climax that ends in his death, are presented in a splendidly realistic manner. A combination of masterful direction, artistic acting and scientific work with the studio will be repeated to-day, with a highly amusing-Keystone comedy.

GEN

Adventures of Prairie Pioneers' Theme of Striking Film Drama—King Baggot and John Bunny in Other Pictures.

A striking story of western life in the days of the earlier colonists, wending their way in great caravans across the rolling prairie to establish homes for themselves in the wilderness, was ably presented yesterday at the Gen. The story by the Biograph Players in a two-part production, "The Massacre." It is undoubtedly a masterpiece of film-art, and the impression which it makes upon the Gen patrons was lasting. It will be shown again today. King Baggot and other Imp Co. favorites appeared in an entertaining story, "King the Detective and the Smuggler." The Gen orchestra led by H. W. Burnham, had a charming new programme, while the latest pictorial feature was a Vitagraph comedy, "Bunny's Scheme," in which John Bunny and Flora Finch created roars of hearty laughter.

AT THE STAR

A Varied Programme of Interest including Singing, Wrestling Feature.

The Star theatre gave a remarkably fine show in photo plays last night, "The Shadow of the Canadian Mountains" is the title of Thos. A. Edison's company's famous training story. The picture is undoubtedly a very clever dramatic production and is displayed in two long parts with a strong cast of prominent performers.

Another thrilling picture on the programme is "The Taming of Texas Pete," by the Selig company. After Texas Pete gets the girls taken out of him by the tenderness of a little child he proves a benefactor to the child's parents. In his wrestling with a half breed he displays great skill and uses Dan McDonald's famous toe hold to conquer his victim. Those who go to the Star tonight to see this remarkable programme will witness two of the most amusing comedy pictures imaginable. The crowds were kept in roars of laughter last night.

KHAKI FOR MILITIA CAMPS

All the Units to be Dressed in the Same Color

Ottawa, April, 21—The Canadian troops will go into camp in khaki uniforms this year. This marks the passing away of the various uniforms which used to mark the annual training camps. In the days of the red coat, there were an artillery man in blue with red stripes, the cavalry in dark blue with white or yellow stripes, the rifle regiments in black, the engineers in scarlet coats with plush trimmings, and so on.

This is to be all changed, and the corps will go into camp in the khaki uniforms only. Nearly all the most useful and beautiful uniforms from Brazil, a country which is still capable of immense development.

Princesses Object to Made-to-Order System of Royal Betrothals

London, April 21—European courts face what is practically a widespread strike on the part of princesses against matrimony made to order of others. Individual protests against being made a victim of the old system whereby royal children have no voice in the selection of life partners are as old as the system itself, but the stand now taken, particularly by the princesses, is said to appear like a concert of action. In this connection it is said that many of the royal dowagers are inclined to lay the responsibility for this state of affairs on the fair shoulders of Princess Patricia of Connaught.

The recent birth of a son to the Duchess of Brunswick, the only daughter of Emperor William of Germany, has served to call attention again to the small number of princesses and has given further force to the excuse of the royal bachelors that they are unable to find suitable partners of their own rank.

This excuse may or may not be entirely valid, but it is undoubtedly true that both the young men and women of the royal circles show a distinct disinclination toward matrimony made to order.

Among the eligible princesses who seem in no hurry to accept the partners selected for them by their royal parents, are the elder daughters of the Emperor Nicholas of Russia, notably the Grand Duchess Tatiana, the beauty of the Russian Imperial family, and the Princess Elizabeth of Roumania.

THE WORLD'S BUSIEST SPOT

Not Charing Cross Station in London, but the New York Times Says in Boston.

(New York Times)

Charing Cross Station, London, cables over its "claim" to be the busiest spot on earth. It may be, but not on the figures offered in support. Nine hundred thousand trains a year, and 15,000,000 passengers yearly is "going some" but not enough to equal the Grand Central Station and that is not the American record.

The world's record quite naturally is at the Hub of the Universe, that is to say at South Station, Boston. For the year ended June last the Grand Central Station could do no better than 23,405,395 passengers. That suffices to put out Charing Cross, for all that it runs trains on four different levels, and that is not a world's record either. For that same year South Station accounted for 28,847,899 passengers.

The South Station runs twice as many trains as the Grand Central, but both

the higher quality of business. The South Station business is mainly short distance commuters' traffic, a sort of a cross between steam railways and city street cars, whether surface or subway or elevated. The Grand Central trains have more cars and more of the riders are for continental distances, therein rivaling Charing Cross.

It is true that Charing Cross traffic is growing but so is New York's and growing faster than London's. If street car business is barred from comparison with Charing Cross, then the honorable secretary is invited to consider the 450 trains daily at the Grand Central and the 848 at South Station, which has ninety-one trains in sixty minutes at one time of the day. This is without counting "service" trains, or train movements in switching duty, which makes a total of 1,860 trains there. But Grand Central Station is coming strong. There are twenty-one train tracks still to be completed there, whereas South Station is practically completed, although some of its facilities await the electrification of the outer tracks.

"LET WELL ENOUGH ALONE"

Conservative Policy Attacked By Liberals—Laurier to Move The Amendment on Wednesday

Ottawa, April 20.—The debate on the budget, which has now entered upon its second week and which will not conclude until Thursday or Friday next, was continued in the commons today.

The Liberal amendments voting the Liberal stand for wider markets for the farmers, and demanded taxation for the consumers, will be moved by Sir Wilfrid Laurier on Wednesday.

Today the doctrine of "let well enough alone" was again preached by the high protectionists on the government side of the house, despite the admitted industrial depression and the steadily increasing cost of living.

On the Liberal side the reply came from both eastern and western members. Mr. Turgeon, of New Brunswick, who resumed the debate today, complained strongly of the treatment accorded farmers, fishermen and artisans in the present

House Approves After Hot Debate—Senate Should Act Today

Washington, April 20.—After a spirited debate of more than two hours the resolution approving President Wilson's purpose to use the armed forces of the nation to obtain from General Huerta the fullest recognition of the honor and dignity of the United States. The vote was 87 to 87.

The Joint resolution passed by the house and which was before the senate at a late hour tonight read as follows:

Resolved, That the president is authorized to employ the armed forces of the United States in enforcing certain demands against Victoriano Huerta, Resolved, That the president is authorized to employ the armed forces of the United States in enforcing certain demands against Victoriano Huerta, Resolved, That the president is authorized to employ the armed forces of the United States in enforcing certain demands against Victoriano Huerta.

Representative Underwood closed the debate in support of the resolution. As he took the floor the Democrats cheered. "This resolution," he said, "may mean war—it may mean peace. Let us hope that the ultimate result of the passage of the resolution will be peace and good order in the republic of Mexico and the establishment of friendly relations between the two countries."

Mr. Underwood deprecated the position taken by Representative Mann and recalled how the Democrats in congress supported the resolution of the McKinley administration. Mr. Mann said the resolution was "a declaration of war."

PROTEST AGAINST WATER ASSESSMENT IN LANCASTER

Rate Stands But Owners May Be Heard—Telephone Company's Request—Will Provide Meals For Election Officials at City's Expense

At a meeting of the common council yesterday the matter of providing meals for deputy returning officers, scrutineers and constables was discussed, and it was decided that the city should pay \$1.00 per man for two meals on election day.

The first business of the meeting was the confirmation of the rate for Lancaster water assessment.

Councilman Golding said he would like to see the assessment last year with some committee have the power to adjust any unreasonable assessments.

Com. Wigners said that he had gone over the assessment last year with Councilors Bryant and Golding and that after spending a whole morning on the matter they had admitted that the valuation was very fair. He thought there was no cause for complaint from Lancaster.

Com. O'Brien said he had been informed there was a considerable surplus from the Lancaster water service and he thought it unfair for the city to look to the parish for revenue. Many wealthy people had water measured by meter, and over valuation for water purposes tended to increase rents and bear harder on the working man.

Com. Wigners replied that it was not correct that a surplus was received from the Lancaster water service. He was quite satisfied that a re-assessment would bring in much more money to the city. Only three people had taken advantage of his invitation last year to come over and have their assessment adjusted.

Com. O'Brien: "It is easier for Fairville property owners to take a few dollars on to their rentals than to come over to City Hall and fight over rates." The Fairville councilors finally agreed to accept the rates provided that an opportunity was given to have any unfair assessments adjusted.

Commissioner Agar was given power either to refuse or grant the application of the N. B. Telephone Co. to place three poles in Carmarthen street, objection being urged by Mayor Frink and Commissioner McLellan, as it would be necessary to string a cable across King street east at a height of thirty feet.

front the people of St. John, as they do the people of every other ambitious, progressive city in Canada.

The board of trade is a non-political organization, established for the purpose of promoting and protecting trade, of preventing discrimination against the trade of the port, of aiding the city in the carrying out of its responsibilities and in the solving of difficult trade problems as they arise.

We have a magnificent city, occupying an impregnable position as the chief winter port of Canada, unexcelled as an industrial centre and as a distributive point for the rest of Canada.

The people of St. John can render a very great assistance to the city and to themselves—by continuing to cultivate a spirit of optimism, by manifesting their faith in their city—by speaking well of it to strangers, by giving publicity to its trade and industrial advantages whenever the opportunity arises, by advertising its scenic beauties, by encouraging outsiders to establish industries, by investing their money in local enterprises instead of sinking it, as often done, in outside ventures of a doubtful character, by aiding to attract desirable immigrants, the farm lands of the province, by utilizing their influence in behalf of good government, by providing clean streets, adequate police and fire protection, by beautifying and purifying their own premises, and by doing everything that good citizen and a patriotic Canadian should do.

Very sincerely yours, R. E. ARMSTRONG, Secretary Board of Trade

WHEN RHEUMATISM STRIKES THE HEART IT KILLS—"NERVILINE" THE CURE

Effect of Nerviline on Chronic Cases is Almost Magical. Exposure to wet or cold is apt to bring on an attack. The muscles stiffen, the joints swell, and exertion brings on excruciating twinges.

At this time of the year everyone needs something of the nature of a tonic to strengthen the system against bad condition, due to the weather and season. In Germany it is customary at Easter to use a beer made from high-dried or black malt.

Three Sisters Cured of Weak, Watery Blood

A Splendid Example of the Great Blood-Forming Qualities of Dr. Chase's Nerve Food

It is in the red corpuscles of the blood that the nutritive qualities lie. If on analyzing the blood it is found to be deficient in red corpuscles the doctor will say you are anemic, that your blood is weak and watery.

Other symptoms of a watery blood are indigestion, headache, feelings of weakness and fatigue and lack of energy and ambition.

There is nothing like Dr. Chase's Nerve Food to overcome this run-down condition. Here is a letter to tell you what this food-cure did in one family by curing these daughters:

Miss Edie Bancroft, Longwood, Ontario. "I have written you a long letter to tell you what this food-cure did in one family by curing these daughters."

SPRING FEVER!!

GIVE RED MAN SQUARE DEAL AND SAVE "VANISHING RACE"

"For one wistful moment they looked and waited, then the bill upbore them no longer. They fled down the narrow barren ridge, lined on either hand by sullen and impassable gulfs. Their eagle feathers fluttered from war bonnet and coup stick, encarnadined by the sun's red rays. Steeper and more rugged became the paths until they were confronted by the sharp edge of the bluff. There was danger in the untrodden descent. It was a pathway of struggle. Once in the valley—

Secretary of Labor Wilson, although a native of Scotland, drinks nothing but water. He is the anomaly of the cabinet. So far President Wilson has refused to let himself be drawn into the liquor question. He says he thinks it is a local matter politically. It is assumed that he thinks it is also local personally, every man to suit his own taste. The chances are, therefore, that for the present, at least, it will take more than the grape juice and navy prohibition issues to disrupt the cabinet.

HUERTA MEANS TROUBLE, SAYS MESSAGE SENT TO LOCAL FIRM TODAY

Despatches to J. M. Robinson & Sons say that a clash is expected at Vera Cruz today as Huerta has given orders to oppose landing of American marines at Vera Cruz to prevent ammunition going forward to Mexico City; also that Washington has been warned that mines have been placed in Tampico harbor to blow up United States battleships.

WOMAN HAS "SPIDER SENSE"

An extraordinary story of a woman's spider sense has been related to the London Times by a medical correspondent. This woman can detect her husband's presence in a room before he enters it without having seen the insect, or, indeed, without having any reason to suppose that it was there. The discovery was accompanied by violent sickness, malaise and even delirium, but all these symptoms at once pass away when the spider is caught and removed from the room.

THE LABORER'S VOTER'S COURAGE

One of my greatest pleasures at the election of April 14, as I visited polling booth after polling booth, was to be taken by the hand by men who labor and have them to exclaim in a loud voice so none could mistake their sincerity: "Potts, I have voted for you and I don't care who knows it."

ASTOR CONVULSING SLOWLY

New York, April 21.—It is reported that Vincent Astor is convulsing slowly and is not in danger. In regard to the wedding plans, Mrs. Huntington said: "It is about settled that there will be no church wedding, at least it seems so now. We shall have to alter many of the plans."

RID YOUR FEET OF SORE CORNS

Quite easy now to extract any kind of a corn—just apply Putnam's Corn Extract. It works wonders. It goes right to the heart of the corn. In a few hours the hard core is loosened and separated from the toe. Out comes the corn. Use only Putnam's Painless Corn Extract, recommended by druggists and sold in 25c bottles.

Modern Garden Will Help In Promoting City Beautiful Plan

(American Lumberman.) In almost every city and village, are to be found near the business centres vacant spaces, lots or squares—that are blots upon the landscape, not only marring the beauty but often endangering the health of the people. Often they are owned by estates or are held for speculation by non-residents who are indifferent to their appearance and are without any public spirit whatever.

NEW WATER SERVICE

The water and sewerage department is now laying mains for both services from Douglas avenue through Brunswick Place, the new property being developed by the New Brunswick Realty Co., Ltd. In addition to the mains, service pipes are being laid to the two houses under construction. The department is also running mains down through the Murray & Gregory property to their mills above the falls.

ONIONS SCARCE

The wholesale grocery market has record of very few changes in quotations, at the moment. Onions are of interest because of their scarcity. Valencias have been replaced by Americans quite high in price. New cheese is now on the market while stocks of old are becoming exhausted. Flour and sugar remain unchanged in price, but molasses is slightly easier with reports from the West Indies indicating good supply.

CONJUNCTION

"Say!" exclaimed George, "how can a fellow make his coat last?" Fred pondered for a minute then looked up at George and said: "Why, that's easy. All he has to do is to make the vest and trousers first." Talking about coats reminds me of another riddle—How can a fellow make his suit last? He hasn't got enough money to pay cash down for it? Why, that's no riddle at all. Everybody knows that you can get ladies' gents' suits for \$1 when at Brager's, clothes, 185-187 Union street.

Big Smash-up in Baseball! Hugh Fullerton Says Court's Decision Means Anarchy in The Game

In a Nutshell, the Decision on the "Reserve Clause" Makes Every "Reserved" Player Free to Sign With Any Team He Pleases--But He Must Not Be Coaxed Away By a Third Party

(By Hugh S. Fullerton)

TWO BIG JUMPERS OF '14 BASEBALL WAR

Bill (Red) Killefer, catcher for the Phillies, and Earl Hamilton, star pitcher for George Stovall's Kansas City Feds, are in the limelight now...

Judge Sessions' decision on the validity of the reserve clause in baseball contracts means the freeing of players, allowing them to sign where they please...

It will make the baseball war one of extermination. It will upset the entire fabric of organized baseball.

It will change the dope on nearly every team in the three big leagues. It will throw the jumping season wide open.

It spells anarchy in baseball. Judge Sessions has held that the contracts by which the baseball trust has been held together for the last twelve years are worthless because they lack mutuality and are inequitable.

Organized baseball has known for many years that their contracts would not hold in court. Since the formation of the Federal league they have tried

When I Did you see "Bill" Richardson tumbling 'em down in those first two strings.

Seems as though McDonald is not satisfied until he gets a big one. His 100 last night was a good one.

Percy Howard jumped into the limelight last night with a 124 string. Percy is a good little anchor.

Coughlan, of 5, was the fourth man to get better than the century last night.

The scores in the five men team league are improving steadily. Five men in the nineties and the rest hanging close by.

FORESTRY CONVENTION IN NOVA SCOTIA THIS YEAR

Ottawa, April 21--For five or six years, those interested in the forests of Nova Scotia have been endeavoring to secure the annual convention of the Canadian Forestry Association...

At a meeting of the directors of the Forestry Commission in this city, the president, William Power, M.P. of Quebec, in the chair, it was decided to hold the convention in Halifax, Sept. 1, 2, 3 and 4.

The decision is a terrific blow to the minor leagues. Under the decision it is evident that major league clubs cannot maintain their claims to players who are turned back to minor league clubs.

Therefore, if the player is not satisfied, and is held only by an inequitable contract, he is at liberty to seek employment elsewhere.

Killefer, having been satisfied and not seeking freedom himself, changed the aspect of the suit.

Organized baseball has known for many years that their contracts would not hold in court. Since the formation of the Federal league they have tried

Two New Lightweights in England

(FROM T. S. ANDREWS)

Milwaukee, April 21--The defection of Matt Wells from the lightweight ranks, will no doubt be appreciated by Freddie Welsh, the present holder of the British title.

However, there are two lightweights coming along in England who may give Freddie Welsh quite an argument. One is Willie Farrell and the other Jerry Delaney.

Wells is returning to England in a few months to defend his title for the Londale belt, and the chances are that his opponent will be either Farrell or Delaney.

THE INTERNATIONAL CONFERENCE TO BE HELD IN TORONTO

During the last five years national conferences on city planning have been held annually in various cities of the United States, and have aroused such widespread interest that many American communities are now anxious to have the conference held in their city.

The financial difficulties have been overcome by a generous grant from the Dominion government, which has appointed the Commission of Conservation to act as hosts.

The Ontario government and the city of Toronto are also contributing. The question of city planning is thus recognized to be of national, provincial and municipal concern.

The substantial assistance given by the Dominion government is evidence that the town dweller, equally with the agriculturist, is receiving attention.

Money could be spent to no greater advantage than in giving some city councilors the opportunity to come into touch with experts in civic problems from all over the continent.

REDISTRIBUTION BILL

Ottawa, April 21--A large delegation of both Liberals and Conservatives came to the capital this afternoon to enter a protest against the proposed taking out of the constituency of L'Assomption, as contemplated by the government in the redistribution bill.

L'Assomption is the birth place of Sir Wilfrid Laurier and the delegation after waiting on Hon. L. E. Fillion, the minister of the government's redistribution plans in Quebec, visited Sir Wilfrid Laurier.

The Conservatives in the delegation led Sir Wilfrid that they were strongly opposed to the proposed merging of the riding--Sir Wilfrid's native constituency--with the neighboring constituencies of Montserrat and L'Assomption.

They suggested that part of the Island of Montreal be added to the constituency in order to bring the population up to the required number. The matter will be further discussed by the redistribution committee before any final decision is reached.

The committee will shortly be ready to report the draft bill to the commons. There has been comparatively little difficulty with the maritime provinces, Manitoba, Saskatchewan and British Columbia, and so far as these provinces are concerned the Liberals and Conservatives on the committee may be able to reach an amicable agreement.

The government's redistribution plans for Ontario, Quebec and Alberta, however, are not acceptable to the Liberal members of the committee and unless modified, especially in some glaring instances of injustice, there will be strenuous opposition to the majority report in regard to these provinces.

GOLDEN WEDDING OF MR. AND MRS. J. MCKINNEY

Hearty congratulations are today being showered upon Mr. and Mrs. James McKinney, of 67 Broad street on the culmination of fifty years of wedded happiness.

Three generations assembled about them, including nineteen grandchildren and one great-grandchild. Mr. McKinney was born in 1838 in the county of Antrim, Ireland, and came to St. John in 1866.

He was twice married, his first wife being Miss Mary Ann Miller, of County Derry, Ireland, who died in 1883, a year and a half after her marriage, leaving one son, Charles H., who is now in Calgary. His second wife, who today shares the honors of the anniversary celebrations, was Miss Susan Dixon, of St. John, to whom he was married in 1864.

Mr. McKinney, upon his arrival in St. John, was apprenticed in the bakery business with the late James Armstrong, and later conducted a meat and grocery store in his own behalf. He took an active part in athletic sports in his younger days. He was a member of the old volunteer fire brigade, and was also a lieutenant in the artillery, which he joined after having been a member of the County's Own Rifles. In 1857 he joined the ranks of Lodge No. 1, L. O. L., and has since retained active membership. He is also a member of the Gurney Division, Sons of Temperance, and at present holds an office therein.

Mr. McKinney has by his first wife, a son, C. H. McKinney, C. N. R. conductor, Calvary, children and one daughter, Mrs. George A. McArthur. There are nineteen grandchildren, and one great-grandchild, son of Mr. McArthur, a graph operator at Fifth Station. Mrs. A. L. J. Nason is a daughter of James McKinney, Jr.

Thought Nothing But Death Would End Her Misery.

WAS TROUBLED WITH Heart Disease.

Mrs. J. D. Talbot, Owen Sound, Ont., writes: "I have been a great sufferer from heart disease, and leaking valves. I had had recourse to every kind of treatment I could think might help me, including the skill of several doctors. I suffered so for years that at times I have felt that nothing but death could end my misery. I was advised by a friend, who had suffered untold pain and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills to give them a trial, so I decided to do so. I am delighted with the result, as I am now completely cured, and can eat and sleep as I have not done for years.

You are at liberty to use my name at any time as I am convinced they are the best pills on the market for any form of heart disease."

Milburn's Heart and Nerve Pills are 50 cents per box, or 2 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ARBORICULTURE SOCIETY HOLDS ANNUAL MEETING

At the annual meeting of the Arboriculture Society yesterday afternoon the old board of officers were re-elected and reports presented telling of the work done by the association. Since the organization of the society 784 trees have been planted but there are a total of 1,498 trees under their care. A balance of \$26.87 is due the treasurer.

The officers of the society re-elected were, W. E. Foster, president; Mayor Frink, vice-president; Lt.-Col. E. T. Sturdee, T. H. Estabrooks, Dr. W. A. Christie, W. J. Burditt, W. H. White, E. E. Aggr, William Hawker, W. C. Allison, David Megey, J. B. Jones, Judge J. G. Forbes, and R. T. Hayes, executive.

The report of H. E. Gould, as forester, told of the work of the last year. It was most satisfactory, he said, to note the encouraging growth of the trees set out during the last few years, and there were many signs of appreciation by the citizens. This public sentiment would help in the protection of the trees.

A BLACK FOX JOKE

Amherst News--That man in Sackville who found a litter of foxes last week is poor again. The fortune he expected to make by the sale of the foxes and the five red Reynards faded away when the entire family starved to death. They were too young to be taken away from their mother and all efforts to feed them were futile. Another explanation is that the fox feeder did not organize a company soon enough.

Local Sport Briefs

Despatch says that two games in the American League were postponed yesterday on account of cold. The icy waves seem to be general. Too bad if the pro. league does not materialize. There are hopes yet, but they are mighty slim. However, if organization does not go, the St. John club cannot be blamed; they did all in their power, within reason, to have their clubs come to terms. Tom Barrett failed to get a championship title in the Boston championships, but he worked his way into the semifinals. Tom weighed in for the 145-pound class at 136.4, while some of his opponents went the limit. Canada showed up well in the Boston marathon, getting three out of the first four places. Gallett and Garnett are two young local boxers, who are expected to make names for themselves. How about their entry into the next American championships? Kind of backward weather for the surf enthusiasts. They are waiting patiently for a break. Some Moncton men are considering re-opening of a swimming tank that will be open to the public all the year round. With St. John's lack of bathing places, and the difficulty experienced in reaching those that are available, how would this suggestion work out? Tom Daly, a former North End boy, who distinguished himself in the world's tour of the Giants and White Sox, is keeping up the good work in the American League series.

SAYS UTILITY COMMISSIONS ARE BEING OVERWORKED

So Much Detail Forced on Them That Machinery is Clogged.

Whatever may be said as to the desirability of state or national regulation of public utilities, the administrative difficulties are unquestionably enormous. The amount of detail work put upon the commissions of the various states, by the public utility laws, is so great that it is questionable whether any of these commissions is even yet equipped to make available for intelligent use the vast mass of information, which the utilities are compelled to furnish them. Indeed in many cases, commissions are forced by the very volume of duties imposed upon them to devote their attention to those which they consider the most important and to neglect others of seemingly less importance. This point was strikingly illustrated to the House Committee on Interstate Commerce during the course of the hearing on the steel car bill. One speaker advanced the argument that under the jurisdiction of the Interstate Commerce Commission, the affairs of electric railways would be neglected in favor of the seemingly more important matters connected with steam roads, and pointed out that after six or seven years' jurisdiction over electric railways, the commission paid so little attention to this branch of its work that it was impossible to compile a list of the electric railways reporting and their mileage. The administration of the affairs of a single railway company is a work of complexity and magnitude. Multiplied by the number of companies in our larger states it assumes colossal proportions and while regulation is, of course, not administration, in many instances, in some of its aspects, it is fast approaching it and in consequence the detail assumed by the commissions is swamping their forces, clogging their machinery and is responsible for those delays, which are hampering to the companies, annoying to the public, and costly to the state. It is a constantly increasing cause of criticism of public service commissions, that they are so overwhelmed with detail, that they have not the time to devote to the broader and more essential duties assigned them. In bare administrative efficiency, the commissions have much to learn from the companies over whose destinies they preside, and whose affairs they guide.—April Aera.

OWEN MORAN SAID TO BE DYING IN ENGLAND

He is a Clever English Featherweight, Contracted Tuberculosis, and Has Not Long to Live, According to Despatches from London.

Owen Moran, a clever English featherweight, has contracted tuberculosis, and has not long to live, according to despatches from London. Moran is one of the best fighters ever produced across the pond. His last appearance in the United States was in January against Young Shugrue, and he showed then that he was not right, being forced to quit in the seventh round.

HOW SOME ANIMALS SLEEP

The elephant apparently invariably and the horse commonly, sleep standing. This is really astonishing. Aside from the apparent difficulty of maintaining the balance of the body during these long periods of unconsciousness, one would have supposed that a recumbent position in the case of both these animals was imperative. Cattle and their kind commonly sleep lying down, and during many hours of the day they lie down, as when chewing the cud. More curious still, there are creatures which invariably sleep hanging head downward, suspended by their hind feet. The bats afford a case in point. Among the birds we meet with the same strange habit in the little hanging parrots of India and the Malayan region. In this they differ from all other birds, which invariably sleep with the head turned tailward over the back and the beak thrust in among the feathers between the wing and the body, not under the wing, as is commonly believed. No explanation has ever been offered to account for this strange habit. It is folk loved even by the penguins, whose feathers are so short as to fall completely to cover even the back. Owls are, perhaps, the only exception to the rule. And, by the way, the only other animals which thus turn the head backward after this fashion during sleep are certain peculiar tortoises. No animal, save man, sleeps upon his back.—Illustrated London News.

BORROW "CAVE MAN" FASHIONS AND BE STYLISH

A learned college professor is saying that women are not the equal of men, because they still retain their love of the uncivilized and barbaric. Many of the new fashions that are now exploited in Paris give some semblance to the truth of this. Many of the new styles can be traced directly to the savage races of the Philippines. But in the barbarian countries it is the male and not the female that makes himself beautiful; who decks himself with beads, feathers and other goods. The hat shown is called the Igorrote, and its inspiration was the head dress of the Igorrote head hunter whose picture accompanies it. The cap crown is made a little larger, and a few feathers, instead of a tomahawk, decorate its side, but the beads and general idea are the same, even though the face below the modern head dress is Miss Today and that facing it is the head of a savage.

THE AGRICULTURAL GRANT

Dr. C. C. James, special commissioner of the federal agricultural department, of Ottawa, was in Fredericton yesterday in conference with Secretary Daggert, of the provincial department regarding the plans for the expenditure of the special grant from the dominion towards agricultural education in New Brunswick. The grant this year will be \$49,000 more than last year, and will be approximately \$49,000.

LOSS OF \$300,000 BY FIRE IN LONDON, ONT.

Dominion Savings Building Destroyed—Tenants Suffer Heavily

London, April 21.—The Dominion Savings Building, London's chief office building, at the corner of Richmond and King streets, was destroyed by fire at three o'clock this morning. Only the walls remain. The loss on the building is \$300,000 with insurance of \$100,000. It is estimated that the loss to tenants will amount to \$100,000.

The building contained the head offices of the Northern Life Insurance Company; the quarters of the Western Fair Association; the rights of the Macebees; the Woodmen of the World; the Fidelity Trust Company, the Dominion Savings and Loan Association, and the C. P. R. and G. N. W. Telegraph offices. Luke Tucker, the janitor, and his housekeeper, Mrs. Russon had a remarkable escape.

U. N. B. MAN BECOMES PROFESSOR AT BROWN

Dr. Perry B. Perkins Was Graduate in 1902 Class

Providence, R. I., April 21.—Perry B. Perkins, Ph. D., has been appointed assistant professor of mechanics and mechanical drawing in Brown University. He will take on some of the work formerly carried on by Dean Otis E. Randall, who is professor of mechanical drawing.

Doctor Perkins graduated from the University of New Brunswick in 1902. He took the degree of A. B. at Harvard in 1908, and A. M. at Yale in 1904. After serving as professor in Western Maryland College, he received the degree of Ph. D. in Yale in 1908. He has taught at Trinity College, Hartford, Conn., and at Howard University in Washington, D. C. He is now an honorary research fellow at the University of Manchester, England. He will begin his work at Brown in next September.

WANT SWEEPING POWERS UNDER LIQUOR ACT

(Continued from page 1) The government will not pay any money direct to the men who have lost their sheep, but they will give a grant to the Sheep Breeders' Association, incorporated by the legislature last week. The association will levy a tax of one or two cents a head on the flocks of each member; the government will supplement the amount so raised, dollar for dollar. In the case of sheep killed by dogs, the owner will bear one-quarter of the loss, the association will pay one-half out of the general fund, and the government one-quarter in addition to the supplementary grant to the association.

Compensation will be the first charge on the fund. The balance will be spent in promoting the purchase of pure bred rams and in encouraging sheep breeding by various other means. The government collected last year \$6,000 from the dog tax. This goes into the general revenue and is allocated to the sheep on the roads. There was a demand that this sum be given for compensation, where sheep had been killed by dogs, but the demand was not complied with.

Cheaper School Books The bill to provide cheaper school books and school supplies is generally commended. The Liberal government, by a special arrangement with the Ontario government, had procured cheap readers. The present government will provide the rest of the text books at a cost of half what parents have to pay at present. The government buys the books, stationery and other supplies and sells them to the people. Poor children, who cannot afford to buy books will be given them free.

I. C. R. Motor Car Service

An act has been passed by the provincial legislature making it lawful for the Canadian government to operate daily, except Sunday, in connection with the F. E. I. Railway, motor trucks for the carriage of freight and passengers along the public highways of the island on such routes and subject to such regulations as the provincial government may, from time to time, approve. This service is to take the place of the branch railway which the Laurier government had surveyed, and would have built to serve the people on the north side of the island.

The service will be useful for prompt handling of the large quantities of fresh fish caught at Rustico and other points, so that they can catch the morning train connecting with the boat at Summerside and routed through to Montreal on Boston in twenty-four hours. A bill to provide for a motor bus service in Charlottetown was dropped, because the proposed company could not get authority to operate its motor cars every day.

SUIT OVER NOTE FOR A LARGE SUM

Thos. Nagle Brings Action in \$12,000 Matter

HEARING BEGUN TODAY

His Evidence Taken at Morning Session—A. R. Gould of Valley Railway Expected to be on Stand This Afternoon

The case of Thomas Nagle vs. The Quebec and St. John Construction Company, and The St. John and Quebec Railway Company came up for trial in the Circuit Court this morning before Mr. Justice McKewen, and the following jury:—John H. Hamilton, Edward P. Watson, William Charlton, Frank E. Coleman, Frederick French, Harold Sully, William A. Stackhouse, William Tait and William H. Pyne were challenged by the defendant's solicitor, and Harry J. Short by the plaintiff's solicitor. Dr. W. B. Wallace, K. C. and H. O. Melnerney appeared for the plaintiff, and D. Mullin, K. C. and P. A. Guthrie for the defence.

This suit is brought to recover \$12,000 the amount of a promissory note, dated February 17, 1913, by the defendants and payable one year after the date thereof to James D. Sealey, by whom the note was subsequently assigned to the plaintiff. Mr. Melnerney outlined the plaintiff's case, and then called the plaintiff, Thomas Nagle, to give evidence. There was a lengthy argument between counsel as to whether or not the note should be admitted in evidence, without first being proved in the usual way. Doctor Wallace contended that it should be admitted in as much as it was admitted by the defence, that the defendant's were makers of such a note, but Mr. Mullin said that the note was not given by the defendant but by A. R. Gould in payment of a moral claim on the company. Finally the note was admitted and was identified by the witness.

Mr. Nagle then said that he paid \$11,500 for the note, giving two notes of his own at three months, one for \$1,800, and the other for \$9,700. Mr. Sealey discounted the lesser note on that day.

Cross examined by Mr. Mullin he said that the notes were made out and the smaller one given to Mr. Sealey before he saw the defendant's note. This took place on February 17 of the present year which was three days before maturity of the note in question. Mr. Sealey, Mr. Nagle told the witness that Ross Thompson told him \$2,000 would be paid on the note. The witness expected this to be paid but it was not. The note was dishonored, and was protested at the request of the witness. Mr. Nagle said that Mr. Sealey told him he needed the money of \$1,800 in the Bank of Nova Scotia on that day. He said he did not ask Sealey what the note was for but had heard that he was a promoter of the defendant's company. The witness had several transactions with Sealey before, both in a company and privately. The plaintiff then rested his case and adjournment was made until 2:30 o'clock when the defence will open. A. R. Gould and Ross Thompson will then be witnesses for the defence, and it is expected that Mr. Sealey and others may be called in rebuttal.

MRS. PALMER DEAD

Widow of P. E. Island Chief Justice—Summerside Harbor Opened

Charlottetown, P. E. I., April 21.—Mrs. Edmund Palmer, aged ninety-four, widow of Chief Justice Palmer of the supreme court of this province, died yesterday. She was a native of Quebec and mother of James H. Palmer, ex-premier of this city.

Summerside harbor was opened by the steamer Minto today. The summer boats are expected to start on Monday, three weeks later than last year.

ELDRIDGE B. KNOWLTON AND MISS ROWAN WED

An interesting nuptial ceremony will be performed this afternoon at six o'clock in St. Luke's church, when Rev. B. P. McKim, the rector, will unite in marriage Eldridge Byson Knowlton, son of Mrs. B. M. Knowlton of West St. John, and Miss Jessie Bertaux Hatheway, daughter of Mr. and Mrs. A. M. Rowan, of North End. They will be attended. Mr. Rowan will give the bride in marriage, and she will be attired in a grey traveling costume with hat to correspond. Immediately after the ceremony the bride and groom will leave on the Boston train on a honeymoon trip. They were the recipients of many substantial remembrances from numerous friends. Both are well known about the city and best wishes for future happiness will follow them.

Another Baseball League—Barrett Stays in Boston For Few Days

While there seems to be some doubt to whether professional ball will be seen here during the coming summer, but there is no reason to expect that amateur ball will not flourish. Several minor leagues have been formed, and another was added last evening at a meeting in the school room of Trinity church, when representatives of several churches formed a church league. Walter S. Dunlap was elected president, and William Welsford, secretary-treasurer, while a committee was formed composed of representatives from each of the churches. Those included in the league are Trinity, St. Luke's, St. James', and St. Stephen's. The grounds have not yet been decided upon, but the opening date was fixed for May 18. Tom Barrett, who competed in the American boxing championships in Boston last week, will spend a few days with friends in Boston before returning home.
