GOVERNMENT PEACEFUL IN INTENT

Internationalism Will Be One Feature of Its Policy.

HERRIOT SPEAKS

Says Foreign Policy Will Be More Humane—European Parley Expected.

Paris, May 17.—Internationalism will be one of the principal features of the new government programme, it appears from a joint statement of the principles of the new parliamentary majority, issued by M. Herriot, leader of the Radicals, and Leon Blum, head of the Socialists.

"The programme of the future majority is a programme of conciliation and of international understanding," they say. The rather vague declaration adds that the new majority will have a financial programme with the object of obtaining a real balance of the budget and involving a fight against the high cost of living, which means a struggle against the depreciation of the franc.

Separate declarations by the leaders of the different factions in the new majority support the idea that the future government will endeavor to reach a complete understanding with Germany. M. Herriot in one remark characterizes the foreign policy of the forthcoming cabinet as "more humane."

This attitude on the part of the new masters of the French political policy is regarded in diplomatic circles as certain to bring on another series of international conferences.

SAYS COLUMBUS WAS NOT THE FIRST

Antiquarian Declares Whole Atlantic Coast Was Known as Ireland The Great.

Montreal, May 17.—That there were Irish in New York before Columbus ever saw western land and that about the year 1000, all of the coast of America from Nova Scotia down to Florida, was known as "Ireland the Great," was a statement made here last night at a meeting of the Antiquarian and Numismatic Society by Rev. Father Devine, well known Canadian antiquarian.

Blind Woman Reads To Deaf and Dumb

Colorado Springs, Colo., May 17.—(United Press).—An address read by a blind woman from a manuscript written in Braille characters and interpreted by a man beside her on the platform into sign language for the benefit of deaf members of the audience, was the outstanding number on a programme that marked the fiftieth anniversary of the founding of the Colorado School for the Deaf and Blind here.

Cop's Nose Brings Thief To Justice

London, May 17.—How a policeman's nose brought a thief to justice was related to the court at Ely. P. C. Miller, of the Ely constabulary, was informed of the theft of six fowls from a farmer's yard. After making investigations he struck a trail of feathers and followed it for a mile. It led to the home of Robert William Crabb. He entered the house and saw Crabb.

TORRANCE CASE IS HEARD AT OTTAWA

Reference is Made in Commons on Item in the Estimates For Agriculture. Ottawa, May 17.—After a brief period of rest, following the all night budget sitting, the House of Commons in committee of supply yesterday considered estimates of the department of agriculture. A somewhat acrimonious discussion developed in regard to the dismissal of Dr. Torrance, a former official of the Health of Animals branch of the Department, when an item of two million dollars for this branch came before the committee.

Build Oil Burners And Oil Curers

London, May 17.—Lloyd's shipping returns for the first quarter of 1924 show that there are 55 steamers and motorships, each of more than 1,000 tons, with a total tonnage of 183,880 tons under construction in the world for the carriage of oil in bulk. Of these tankers, 12 of 74,000 tons are under construction in Great Britain and Ireland.

Province Escaped Well This Spring

Fredericton, May 17.—Hon. P. J. Veniot, Chief Bridge Engineer, A. R. Wetmore are feeling considerable satisfaction because of the great contrast between the present spring and that of a year ago, regarding damage to roads and bridges by freshets. Last year the damage ran into hundreds of thousands of dollars.

Wire Briefs

Ottawa, May 17.—The Canadian National Railway bills were given third reading in the Commons yesterday. Fredericton, N. B., May 17.—Fredericton's tax rate for 1924 was announced today as \$2.48. Last year it was \$2.24. Ottawa, May 17.—Estimates for the departments of labor and trades and commerce will be taken up in the House of Commons on Monday. The Senate will not sit. Paramishiru Island, Kuriles, May 17.—(By Associated Press).—The three U. S. army fliers arrived this morning at 11:35 o'clock from Attu Island, the Aleutians, on their flight around the world. Detroit, Mich., May 17.—(United Press).—More than 100 delegates from various nations have already registered for the World Motor Transport Congress, to be held here May 21-24. It is the first event of its kind ever held. Pekin, May 17.—(United Press).—The American consul at Canton today informed the legation here that Dr. Sun Yat Sen, head of the South China Republic movement is still alive. Persistent reports and denials of Sun Yat Sen's death have been circulated all this week.

BUSH FIRES RAGE IN NORTH ALBERTA

Edmonton is Cut Off From Communication With District—Rain is Needed. Edmonton, Alta., May 17.—With all wire communication from points 100 miles north of the city cut off due to bush fires burning the poles, the situation in the north country is shrouded in uncertainty. According to the telegraphic companies, it is hoped today are worse than yesterday so far as any attempt to keep communication open is concerned. The fires are spreading to the northern settlements or merely that the fires have reached the railway and telegraph lines, it is impossible to say.

NINE NURSES ARE GIVEN DIPLOMAS

Interesting Exercises at Fisher Memorial Hospital in Woodstock.

(Special to The Times-Star.) Woodstock, N. B., May 17.—The graduation exercises for the nurses of the Fisher Memorial Hospital took place in the Assembly Hall of the town last evening. Mayor J. R. Brown presided, and on the platform with him were Dr. W. D. Rankine, Rev. S. C. Prince, T. C. L. Ketchum, Mrs. W. P. Jones, the graduating class and the student nurses. Mayor Brown gave a brief history of the hospital, and paid high tribute to the efficiency of the training. Mrs. S. C. Prince, and her able assistant, Miss Myles. Mrs. S. C. Heckert sang a solo. In an address the arduous training of a nurse, the attitude of a nurse to her patient, to the doctor and to the hospital in which she trains. In congratulating the class he urged upon them to be loyal to the profession, to the doctors, and to the hospital in which they received their training. Mrs. Haig sang a solo and responded to an encore. The diplomas were presented by T. C. L. Ketchum, and the class pins were pinned on each graduate by Mrs. W. P. Jones, president of the Ladies' Hospital Aid.

Want Millerand Ousted From Office

Paris, May 17.—The executive committee of the Republican Socialist party, of which Aristide Briand, former Premier, is a member, today resolved to refuse to participate in any government which does not promise to realize a programme the first point of which is the resignation of President Millerand.

To Attend Wedding of Prince in New York

New York, N. Y., May 17.—Prince Erik and his bride, who was Miss Lois Booth of Ottawa, have arrived in New York on the Polonia. They will attend the wedding of Prince Viggo of Denmark and Miss Eleanor Margaret Greig of New York, in Calvary Episcopal Church on June 10.

Heinrich Knows Much Better Now

New York, May 17.—(By Canadian Press)—Heinrich Remke, fifteen-year-old boy on the steamship America, was warned by his mother, Hamburg, to be careful with wild animals, but she forgot to tell him not to "make faces" at baboons. A few days ago Heinrich was sent back to his quarters. He had to pass a place where a baby elephant, two zebras, two particularly wild baboons, thirty-five swans and a thousand canaries, consigned to dealers here, were quartered. He "made faces" at the baboons and showed them the egg. The elephant, jealous, trumpeted, and Remke ran to look at him. He was stroking the elephant's trunk on his way to retrieve the egg, but the baboons wouldn't let them. The elephant trumpeted louder and the baboons put off more and until they exhausted their ammunition.

Unpopular Rich Man Gets Even, But From The Grave

Penarth, Wales, May 17.—George Lewis Norris, a rich merchant of this place, universally considered the most unpopular man who ever lived here, who quarrelled with everyone and was invariably howled down whenever he tried to speak in public meetings, has turned the tables effectually in his will. Of his estate he apportioned about \$150,000 to these purposes: Twenty-five dollars to every club, society, church or other organization in the town provided they will display in their rooms or headquarters, perpetually, Mr. Norris' picture suitably framed. Annual prizes of \$25 in each school in the town for the best original essays produced by the children. The subject of each essay, however, must be on the life of George L. Norris. His picture must be hung in every school or the prize offer will be void. A fund to provide free cigars and cigarettes for each meeting of the Penarth District Council. A fund to provide for the yearly celebration of his birthday on March 16, by a dinner to which all the town officers, clergymen and teachers are to be invited and each allowed to bring a friend. The first clause in the will provides that a tombstone bearing the following inscription must be erected over Mr. Norris' grave in the town cemetery: "Here lies the remains of G. L. Norris, who lived and died the happiest man on earth, who was always busy doing good and trying to advise people and helping those in trouble. Those who followed his advice never went wrong."

FOLEY COLLAPSES

Choice for Tammany Hall Leadership is Forced to Reject Position.

New York, May 17.—Surrogate James A. Foley has declined his election as leader of Tammany Hall, to succeed the late Charles F. Murphy, on the ground that his health would not enable him to stand the strain of leadership. Word of Judge Foley's declination, followed his prostration by what his physician, Dr. John E. Herrity, characterized as a "complete nervous collapse." Dr. Herrity described the Surgeon's condition as serious but not dangerous. "He is in bad shape and has suffered a complete nervous collapse with nervous indigestion," Dr. Herrity said. "He will be in bed for a week or ten days." Judge Foley has been under a great strain ever since the death of Mr. Murphy. There is no organic trouble. It would be suicide for him to take the leadership. He could not stand the strain. After his recovery from this illness I shall order him away for a rest."

Death Has Taken Many Vets Since War

Boston, May 17.—Few people realize what a heavy toll of service men the Grim Reaper has taken since the close of the World War. According to figures printed in the American Legion Weekly, 125,000 U. S. veterans have died since July 30, 1919. They equal the total number killed by the enemy and those who died of disease during the war and six months after the Armistice.

Two Men Injured in Ontario Train Wreck

Port Arthur, Ont., May 17.—Fireman T. McLeod, Port Arthur, and Baggageman J. J. Dohm, also of this city, suffered bruises in a collision which occurred west of Hematite, on the main line of the Canadian National. A passenger train, west bound from Port Arthur to Winnipeg, and an east bound freight train collided. Both injured men were members of the passenger crew.

Nine Arrested For Aiding Communist

Berlin, May 17.—(United Press).—Nine persons were arrested today, charged with assisting the flight of the Communist leader, Botzenhardt, search for whom was the cause of the recent raid on the premises of the Russian Soviet Trade Mission. Botzenhardt was arrested yesterday in a flat occupied by members of the Russian delegation, where he had been in hiding since last Saturday. He is wanted on a charge of treason.

EX-PREMIER TO COMBAT SOCIALISTS

Aims to Take Liberal Leadership From Asquith, Events Indicate. MIDDLE PARTY Coalition of Lloyd George and Churchill Thought Likely Now. (British United Press.) London, May 17.—Ex-Premier David Lloyd George made a great bid for the leadership of the Liberal party during a speech yesterday, condemning the nationalization of mines. Political circles, knowing that Asquith's retirement is merely contingent on the unanimous choice of a leader, see in Lloyd George's speech the opening gun of a campaign to dominate the party. The Asquithian Liberals are still bitterly anti-Lloyd George, and since Asquith's downfall and the formation of the second coalition, they distrust the Welsh leader. Sir John Simon is the only competitor for the leadership, but he lacks Lloyd George's compelling personality and political acumen. Lloyd George and Churchill Lloyd George is evidently willing to dispense with the Asquithians, and is aiming to join Winston Churchill in the formation of a middle party, to combat socialism in an endeavor to repeat the 1906 victory by taking a middle road. He knows that Labor will be unable to gain the coming election, without promising more than it would be possible for them to give. He is thus preparing a programme of social reforms appealing to the middle class as revolutionary progress. The developments in the next three weeks, with three by-elections, should be most interesting.

SHARP CRITICISM BY REV. DR. CURRAN

Centenas Immigration Department for Treatment of Italians at Halifax. Halifax, N. S., May 17.—Charges of gross injustice levelled at the Canadian Department of Immigration, of discrimination being exercised against the Italians and other races of Southern Europe in favor of immigrants from northern countries, and a demand that "in the name of fair play and friends of a defenceless stranger" the case of 400 Italian immigrants who have been held here under orders of the immigration authorities since Tuesday night be allowed a lawyer of their own nationality, are contained in a statement made to the Canadian Press today by Rev. Dr. Charles Curran, of St. Mary's Cathedral. "I charge the Canadian Immigration Department with an act of gross injustice," said Dr. Curran. "I have no wish to censure the action of the local authorities—they are acting only on instructions from Ottawa." Dr. Curran added: "The present instruction is to detain a few individuals now vested with automatic powers to decide which and which race of people shall be made welcome to Canada. Four hundred inoffensive Italians are being held in the goal of exceedingly disagreeable red tape and bureaucratic procedure, simply to satisfy a most un-Christian spirit of international revenge."

Going Back To Simple Standards

Washington, May 17.—(By Canadian Press)—Iceland has decided to return to the simple life and test the primitive standards of living of the days before mankind let factories supply its needs. U. S. Consul General Marion Lethoer at Copenhagen has sent the Department of Commerce a report on the new law of the Icelandic Parliament, effective for two years, which greatly extends the list of articles prohibited from import.

barred. When present footwear stocks are exhausted the population will have to use Icelandic hairy stocking shoes. Importation of nearly all dry goods is prohibited and home-spun will soon be the vogue. The exclusion list includes all kinds of bread, butter and margarine, cheese, salt pork, salt meat, pork, sausages, eggs, fruits, leather goods, oils, soap, furniture, pictures, films, watches, clocks, motorcycles, automobiles and all jewelry and novelties. The law was adopted as one step to improve the value of the Icelandic crown.

Ready made clothing and shoes are Minard's Liniment for Distemper.

EUROPE'S CLOUD.

The idea that there will be peace in Europe before the snow flies runs through the latest article on European conditions written by Frank Simonds, an observer many of whose contributions have appeared in The Telegraph-Journal.

There is justification for thinking that Mr. MacDonald may, indeed, do a great deal in the way of coming to a working agreement with France, and that he will go as far as he safely can in that direction is not to be doubted.

Upon his success in this, upon the French willingness to adopt a firm but not militant attitude, the fate of Europe largely depends.

It has been said that Germany, as a result of the elections, will be willing to accept the Daves report "in principle." But Mr. Simonds points out that it may well be found that no German government can live which does not insist upon the withdrawal of all French soldiers from German territory.

The Daves report does not provide for that. It would permit French and Belgian troops to remain in the Ruhr, but would give the Germans economic freedom there.

The new French Government may consent to the evacuation, but that is thought unlikely, in which case the trouble is likely to be worse before it is better.

It is expected that France will want from Britain binding guarantees of assistance and support should Germany accept the Daves report and then fail to live up to its obligations. It is suggested that Britain might be willing to come to some such arrangement if French military occupation were to cease, but with all the goodwill in the world the British Government would be disposed to go slowly in underwriting French policy toward Germany at this time.

If Germany refuses to accept and live up to the conditions laid down in the report of the experts unless the French absolutely withdraw all troops, the situation will be black enough. Mr. Simonds thinks that Germany cannot fight, and yet may go to the edge of fighting, and he points out that France and Belgium need tranquility and business recovery quite as much as the Germans do.

The first new light on the subject to come now will follow the formation of the new French ministry and the discussion of an agreement between France and Britain. If they can unite in a course of action which will give the Germans a chance to pay and still guard sternly against any fresh attempts at evasion the skies will begin to clear.

After all, Mr. Simonds is right in saying that a very great deal depends upon the British Prime Minister. Unfortunately it is true also that the majority of the newly elected German representatives are at heart ready to seek any avenue of escape, however dishonest, from almost any policy upon which the British and French can agree.

They will submit ultimately only if they are convinced that attempted default, further open or passive resistance, will be met by measures at once prompt and severe.

THE INCOME TAXES.

The war thrust the Federal income tax upon Canada and in many quarters there is a gloomy conviction that we shall never again get along without it. At least we should be justified in expecting that, difficult as the raising of revenue is, the income tax will be gradually scaled down from year to year and that in the meantime the Dominion Government will examine some aspects of it in order to determine whether as at present constituted it does not result to some extent in discrimination which a fresh study of the problem might avoid.

HOW NATIONS PAY.

While certain allowances must be made owing to different conditions in various countries, the statement made by Chancellor Snowden in his budget speech on per capita taxation before the war and at present is one of striking interest. The rates he gave for some of the leading countries were:

learn exactly the incomes of men and women who receive salaries or wages. If necessary the officials may have access to the books of the employers, and in fact most employers are required to furnish complete information as to the amounts paid their employees.

So this class pays in full, and it is only a reasonable supposition that the other classes do not pay to the same extent because of the difficulty in ascertaining exactly how much is due from them under the law.

There is no such means of checking up in their case as there is in that of those who are classed as employees. In suggesting possible improvements, which by the way might not be welcome in every quarter, the Globe says: "No fault can be found with the thoroughness with which wage and salary owners are 'combed' for tax purposes. Granted the necessity of an income tax, no persons liable to it should escape. But if it is not enforced equally an injustice is done to those who must pay to the full."

Apparently collections are proportioned to the difficulties of assessment, or, conversely, the ease with which payment may be evaded. The Department will be justified in improving the machinery so as to make the Act, if possible, equally enforceable against all groups and individuals. Such perfection may be unattainable, but it should be the ideal, even if examples must be made of influential delinquents.

Perfection in regard to taxation is indeed unattainable, but these improvements and others are by no means impossible. Still more important is a study of conditions looking definitely to a reduction of income taxes. The United States Senate has just agreed upon a cut in Federal income taxes amounting to something like twenty-five per cent, to take effect this year, and the taxation bills which Congress is evidently about to approve will reduce taxation in other directions also.

Canada has somewhat reduced indirect taxation this year, and the Government, it may be hoped, will see its way clear before another budget is due to give some relief in the matter of direct taxation also.

GROWTH AND STRENGTH.

How the rate of growth affects the strength of various Canadian woods is the subject of an interesting statement by the Dominion Forestry Branch of the Department of the Interior. Within the last year some new light on this matter has been obtained through experiments in the forests products laboratories in Montreal.

A department bulletin explains that the fact that rate of growth exercises an important influence on the mechanical properties of timber had been brought to light by previous research. It was known that in softwoods, such as pine and spruce, slowly grown material tended to be stronger than that of very rapid growth, and that in the so-called ring-porous hardwoods, such as ash and oak, the reverse was true, slowly grown wood being inferior in strength to that of more rapid growth.

Analysis of the results of many thousands of strength tests, made at the laboratories, has now enabled the investigators to go a step farther, and to determine definitely the rates of growth at which maximum strength is developed in a number of the important commercial woods of Canada. This information finds practical application in a large number of uses of wood in which the strength of the material is a primary consideration.

It is to be said, of course, as the Chancellor pointed out, that the British taxes are local as well as general while the taxes quoted for Canada and the United States are federal only. France also takes exception to the figures, protesting that there is not now, since Poincare increased taxation twenty per cent, and there was not even before that as much difference as that claimed by Mr. Snowden between British and French taxation.

Assuming, however, that the figures supply a substantial basis for comparison, the present day taxation in

Britain, New Zealand and several of the other countries mentioned, Canada included, shows how lightly Germany is taxing herself, by these standards, and how much more she must be compelled to do before she will be paying anything like the peoples who conquered her and to whom she owes reparations.

"The people of the United States must realize that the world is eager to have their help in establishing peace and international co-operation," says the Toronto Star. "Outsiders cling to the belief that it is only a matter of time until force of circumstances, if not the surge of idealism, will lead Americans to throw in their lot with the rest of civilization. But when that time comes, the people of the United States will scarcely expect to dictate to fifty-four other nations the basis on which world society must function."

The Baltimore Evening Sun gave a prize for the best answer to the question, what is the difference between a Democrat and a Republican. The winning answer was: "A Republican is a person who thinks a Democratic administration is bad for business; a Democrat is a person who thinks a Republican administration is bad for business; both are right."

Press Comment HIS BIG TEMPTATION. (New York Times) It is not creditable to the state of human morals that a display of plain, simple honesty, like that of the taxicab driver who took to the police station a case of jewels worth something like \$100,000, should excite almost as much surprise as admiration, and cause the man who did it to be regarded as the best of virtuous. This is not the first time, however, that taxicab drivers have done things like this and probably, though as a class they have not the best of reputations, many others of them are capable of a like demonstration of the ability to resist temptation.

And such a fortune, in a shape so portable and of disposition so easy, certainly would be a temptation, and a strong one, to—how many? To not a few, it is safe to say, who, never having had such an opportunity to acquire sudden riches, still are honest in deed if not in all imaginable circumstances.

Somebody, when asked if there were any men who would yield to no temptation, replied that the question was as foolish as to ask if there was a metal which no degree of heat would melt. The cynical implication was that the right sort and amount of temptation, the sort and the amount depending on individual idiosyncrasies, would conquer anybody. That, if true, is carrying an argument to its absurd extremity, and in fact begs the whole question.

Those who are told, perhaps by an inward monitor, that they themselves would have done a good deal of thing before they gave up those jewels, may be inclined to wonder whether the taxicab driver's action was entirely due to honesty—whether he did not reflect that in the inevitable and prompt search for the lost jewels he probably

soon would be identified as having transported the forgetful "fare" and that his arrest and conviction would follow. That theory involves the possession by this driver of more wisdom than is a common possession except in the higher moral circles, and therefore hardly is as plausible as is the kinder theory that the man merely followed his first impulse which was to return property that did not belong to him.

Y.M.C.A. SENDS 20 BOYS TO EUROPE

"Friendship Trip" of Ten Weeks to Advance International Amity.

New York, May 17.—Embarking June 21 on a "friendship trip" through Europe, 20 American boys will constitute the first group of this kind to advance international amity in accordance with a resolution adopted by the League of Nations Assembly. The tour, which will occupy ten weeks, will be under the auspices of the Young Men's Christian Associations of North America.

The boys, ranging in age from 16 to 19 years, are selected on the basis of outstanding leadership qualities.

Seventeen boys have already been selected. They are Henry J. Harding of Brooklyn, N. Y.; Robert L. Harding, also of Brooklyn, who attends Amherst College and will represent Massachusetts; Harding Mott of Flint, Mich., attending the Hotchkiss School in Lakeville, Conn., who will represent Connecticut; Stuart E. Hockenbury, Harrisburg, Pa.; Howard S. Kennedy, 2nd, Troy, N. Y.; James Edward Rice, Jr., Trumansburg, N. Y.; Will S. Mitchell, Jr., Little Rock, Ark.; Robert M. Shafer, New York City, representing the Hill School of Pottstown, Pa.; William Ballenger, Jr., Flint, Mich.; Lowell E. Frantschi, Madison, Wis.; Allan B. Wright, Rockville Center, L. I.; John Alden Behnke, Appleton, Wis.; David S. Hunter, Brooklyn, N. Y.; James Lyman Bidwell, Hartford, Conn.; Dallas Webb Dort, Flint, Mich.; John Jacob Gunther of New York City and the Gunnery School of Washington, Conn., representing the Brick Presbyterian Church of New York, and William Gorman McMillan, Baltimore, Md.

Europeans to Tour.

Invitations have been sent to twenty European countries, asking that each select, through its national Y. M. C. A. secretaries, a representative boy to accompany the American travelers on a 20-day cruise through the Norwegian fjords, including a trip to North Cape. It is believed that through this contact with various nationalities, by means of daily companionship with boys of their own age, these possible future leaders in their respective countries will gain a broader outlook and develop a more sympathetic understanding of foreign points of view. Assurances have already been given of the hearty cooperation of the countries to be visited.

The itinerary includes, besides the Norwegian cruises, trips to England, France, Belgium, Holland, Sweden and Denmark. Outstanding features will be visits to Oxford, Stratford-on-Avon and the British Empire Exhibition in England, the Olympic games in France, and the International Boy Scout Jamboree which is to be held in Copenhagen from August 16 to 20.

Future similar tours are planned if this summer's experience is successful. At present it is expected that there will be two optional tours offered for 1925, one taking in northern Europe, and the other the principal countries of southern Europe.

Other plans under consideration call for an educational "friendship trip" of older boys to Japan and the Far East, tours in the United States for European boys, and a possible cruise around the world occupying an entire year.

MESS FUND FOR POILUS BOOSTED

Dusseldorf, May 16.—The municipality of Dusseldorf recently presented General Degoutte, the French commander-in-chief in the Ruhr, with the sum of one thousand trillion marks for the mess fund of the "Poilus" who aided in the installation of the German sample fair in Dusseldorf.

General Degoutte politely asked the municipality to devote the sum to the city's charities in the name of the French soldiers because the army regulations forbid the acceptance of such gifts.

LA HAVE YOUTH INSTANTLY KILLED

Bridgewater, N. S., May 16.—Parker Richards, 18-year-old son of Captain William Richards, of La Have, was instantly killed late tonight when he climbed a tower carrying a high tension transmission line and was electrocuted.

Young Richards went up the tower in a spirit of adventure and in contact with the wires. His body hung suspended for nearly an hour while a message was sent to the power station to have the current shut off.

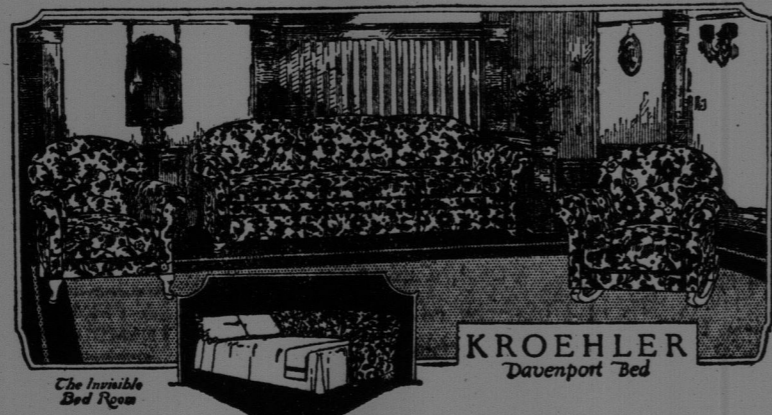

MISSION BAND MEETS.

A pleasing programme was given at the annual public meeting of the Louise Lewin Mission Band last night in the Fairville Methodist church rooms. Miss Muriel Kirkpatrick, president, was in the chair and Miss Buella Clark, secretary, gave a report of the year's activities. Rev. J. M. Rice, pastor, made the presentation of a life membership certificate to Miss Bertha Scott. The programme was supplied by the following: Marie Lister, Dorothy Rice, Narmas Linton, Marion Kirkpatrick, Evelyn Sargent, Pansie Bunnell, Helen Phillips, Violet Graham, Hazel Craft, Bertha Linton, Vera Wayland, Audrey Morrison, Mildred Crosby, Margaret Stout, Dorothy Rice and Hazel McCumber. Mr. Rice expressed hearty appreciation of the way in which Mrs. Arthur Long, the leader of the band, was training the children. During the evening candy was sold.

VISITS QUADRUPLETS.

Four of the oblong boxes of the Red Cross which have been kept for supplies are now being put to a new use. They have been made into out-of-door bunks for the Mahaney quadruplets as they take a nap outside their home. The babies have been given their nursing care by the Red Cross Society. Mrs. W. F. Todd, wife of the Lieutenant-Governor, paid a visit to the children yesterday.

COMFORT AND BEAUTY UNITE IN THIS KROEHLER SUITE

Why select your new living room furniture suite for appearance alone, when you can secure beautiful Living Room Furniture that serves a double purpose—is as convenient at night as it is handsome by day. We are showing a wide assortment of the famous Kroehler Davenport, which are instantly convertible into full size. Wonderfully comfortable beds.

With such a Davenport as this you need never be at a loss in caring for the extra guest or providing sleeping space for a member of the family in emergency. You sacrifice nothing in appearance when you choose a Kroehler Davenport with its concealed bed. It is just like any fine Davenport in appearance. No one can tell by looking at it that it serves a double purpose.

Be sure and see our Furniture store window display. You will see in it a Davenport very similar to the one above pictured. It is really a beauty and is priced at \$174.50, complete with mattress. The covering is of broadcloth mohair in brown and gold changeable effect. The Fireside chair is priced at \$73.00.

Other Kroehler Davenports in stocks are upholstered in Leatherette, Tapestry, and mohair. Some of them are much lower priced than the one shown above.

Rheumatism Left Him As If By Magic!

Had Suffered Over 50 Years!

Now 83 Years, Yet A Big Surprise to Friends

Regains Strength Goes out Fishing, Back to Business, Laughs at "URIC ACID"

How the "Inner Mysteries" Reveals Startling Facts Overlooked By Doctors and Scientists For Centuri

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army over fifty years ago," writes J. E. Ashelman. "Like many others, I spent money freely for so-called 'cures' and I have had about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now, strong and healthy, I am again in active business and can walk with ease or free by an authority who devoted over twenty years to the scientific study of this particular trouble."

NOTE: If any reader of this paper wishes the book which reveals these facts regarding the true cause and cure of rheumatism, facts that were overlooked by doctors and scientists for centuries past, simply send a post card or letter to H. P. Clearwater, No. 25-B Street, Hallowell, Maine, and it will be sent by return mail without any charge whatever. Cut out this notice, fasten it on, and if not a sufferer yourself, hand this good news to some afflicted friend.

WEDDINGS

Dupuy-Connor.

Of interest to people in St. John and Montreal, as well as other leading cities, will be the marriage this afternoon at 2 o'clock in St. Michael's cathedral, Montreal, of Miss Margaret Connor, daughter of the late Mr. and Mrs. P. L. Connor, of this city, and niece of John Connor, of Paddock street. The groom-elect is Fred S. Dupuy, son of Mr. and Mrs. Dupuy, formerly of Amherst, N. S., where Mr. Dupuy, sr., was manager of the Bank of Montreal, and now of Brockville, Ont., where he conducts a large brokerage concern. Owing to the recent death of her mother the wedding will be very informal. The bride-elect will wear a traveling suit of grey pique with hat to match, grey shoes and stockings and accessories in orchid shades. Her bouquet being a Bobby design with orchid tie. She will wear a corsage bouquet of orchids and lilies of the valley. The bride-elect will be attended by her aunt, Miss Joan Connor, of Kansas City, Missouri, and the groom-elect by Robert Marshall, of Montreal. Rev. Luke Callahan will perform the ceremony. Among those attending the wedding will be Mr. and Mrs. Alexander Angus, of Quebec, the latter a sister of the groom-elect and the former a brother of W. A. Angus, of this city; Mr. and Mrs. Dupuy, of Brockville,

DEATHS

Mrs. Mary Folkins. Mrs. Mary Folkins died last evening at the home of her son, David Folkins, Millstream, Kings county. She was the wife of late Asa D. Folkins, and leaves to mourn three daughters, Mrs. George Folkins, St. John; Mrs. Arthur Scribner, Hallowell, Mass.; Mrs. Heber Huggard, Norton, N. B., and four sons, Horace G. of Chauvin, Alberta; Silas J., of Vancouver, and David G., of Millstream. The funeral will be held at Berwick, Kings county on Monday.

The Genuine Silmerine Hair Curling Method

If your hair is straight, flat, dull looking, you need not be asked if you long to possess perpetually wavy, soft, glossy, beautiful tresses. What to do? Take a clean tooth brush, dip it in a saucer of pure liquid silmerine and run this through the hair just before doing it up. This will give you a real surprise. Your hair will have a prettier and more natural-looking curl and lustre than it has ever had before—and there will be nothing unpleasant about it. A few ounces of liquid silmerine from your drugist will last for months. This is just the finest thing imaginable for the purpose and it keeps the hair in curl a considerable time.

CABLE SYMPATHY.

Immediately on hearing of the bereavement of the Countess of Ashburnham, in the death of the Earl of Ashburnham, the King's Daughters' City Union of St. John, requested Mrs. W.

H. Nice, their secretary to cable sympathy, which she did. In a few hours a reply was received from the Countess, thanking them for their message in her sorrow. The Countess has been an active member of the King's Daughters in Fredericton and was provincial president several years ago, choosing the winners.

Social Notes Of Interest

Mrs. T. H. Somerville attended the ecumenical of the U. N. B., at Fredericton this week, where her daughter, Miss Annie Bernice Somerville, is a student.

Mr. and Mrs. Simeon A. Jones, who have been in Nashville, Tenn., for the winter, returned yesterday to their home and were the guests part of yesterday of Mrs. Jones' mother, Mrs. John K. Schofield. In the afternoon they proceeded to their summer home in Rothesay, where they will spend the season. Their daughter, Miss Margaret Jones, who was ill in the winter, recovered sufficiently to return to her studies at Trafalgar Institute, Montreal, from which she will shortly return for her summer vacation.

Miss Mary Rowse, daughter of Mr. and Mrs. W. Frank Rowse, 114 Elliott Row, celebrated her fourteenth birthday Thursday afternoon, at her parents' home when her mother entertained 14 young girls in her honor at

a delicious supper and jolly party. The cake was decorated with rose buds and violets, and the time honored candles, burning brightly. A Jack Horner pie with all kinds of funny surprises provided much of the fun for everybody. Those present besides Miss Mary Rowse, were Miss Frances Montford, Miss Frances Kerr, Miss Evelyn Mooney, Miss Nancy Lee, Miss Ruthanna Foster, Miss Beatrice McKinney, Miss Betty Williams, Miss Helen McFarlane, Miss Muriel Langstroth, Miss Gertrude Golding, Miss Smith and Miss Joan Rowse. Miss Kathleen Rowse, elder sister of the guest of honor, assisted in entertaining the younger people. Mrs. Rowse was also assisted by Mrs. Harold Mooney, Mrs. Frank F. Hayward and Miss Harriet Vincent.

Miss Marion Belyea entertained at the tea hour yesterday afternoon in honor of Miss Constance Ewing, who is one of the many bride-elects of the season. The occasion gave opportunity for a shower of novelties to be given Miss Ewing, who was greatly pleased. There were 40 guests. Mrs. William Ewing, mother of the bride-elect, presided over the tea cups.

Miss Olive Golding was honored last evening by a kitchen shower, given by Mrs. Reginald G. March, who was assisted in entertaining by her mother,

Mrs. John Golding, and Mrs. H. D. Fritz, who presided at the supper hour. Those who served were Miss Josephine Humphrey and Miss Florence

Titus. The twenty-five guests were ushered into a room, in which a large white bell was conspicuous. When the large basket was brought in for the bride-elect, she sat under the bell, which had a string attached and which, when pulled, showered Miss Golding with confetti. The beautiful narcissi and daffodils, which decorated the rooms, were presented her.

Miss Regina Lawlor, another of the season's bride-elects, was the occasion for a delightful bridge and shower at the home of Miss Kathleen Doherty, Wright street, Thursday evening. The gifts were presented the surprised guest of honor in an umbrella and were of pretty linen for her new home. Little Miss Catherine Doherty made the presentation, carrying the prettily decorated umbrella. Auction forty fives and bridge were played by the guests, the prizes being won by Miss Mary Brennan and Mrs. P. Brennan. Miss Josephine Higgins assisted the hostess in serving.

MONEY FOR MISSIONS.
At the executive meeting of the Carleton Methodist Church W. M. S., this week, encouraging reports of the work for the year were given. The meeting was held at the home of Mrs. I. O. Beattie, with Mrs. George Barrett, president, in the chair. An increase was reported in all departments of mission work, with a total of \$374.47 raised. The report of the Mission Circle showed \$122.84 raised for all purposes and the Mission Band had \$125.10 to its credit.

ARRANGE FOR CHAUTAUQUA.
The local Chautauqua committee met last night in the Y. M. C. A., with J. W. Flewelling presiding. Mr. Reeves, Chautauqua supervisor, was present and preliminary arrangements were made for the coming of the big tent. The dates will be one week later than last year. A programme of great attractiveness was outlined.

MAN'S RIBS BROKEN BY STARTLED COLT

James Owens, Manawagouah Road, received three broken ribs and was badly cut about the back in a distressing accident a few days ago. Mr. Owens was engaged in ploughing, and had a young colt harnessed to the plough. For a moment he stooped to make some adjustments to the front of the plough and the colt became startled, dragged the plough forward carrying it across Mr. Owens' back, crushing three ribs and leaving deep flesh wounds. Mr. Owens is making a satisfactory recovery but will be laid up for some time.

What Will You Put in the Pot?

When you drink tea every cup should be a delicious refreshment—a distinct pleasure. But this demands good tea in the pot. You cannot possibly get satisfactory results from inferior tea.

Now consider the small cost of a cup of King Cole Tea—a mere fraction of a cent. Surprising isn't it? But its secret is in the rich liquoring King Cole blend which yields so generously in the number of cups to the pound. It makes King Cole the truly cheap tea. From whichever point you view it—economy—quality—or the wise combination of both, King Cole Tea claims your preference.

TWO NAMED FOR MUNICIPAL BOARD

The executive of the Women's Council yesterday nominated Miss M. H. McCloskey and Mrs. J. D. Seely for appointment on the Municipal Home Board, and was urged to take a strong

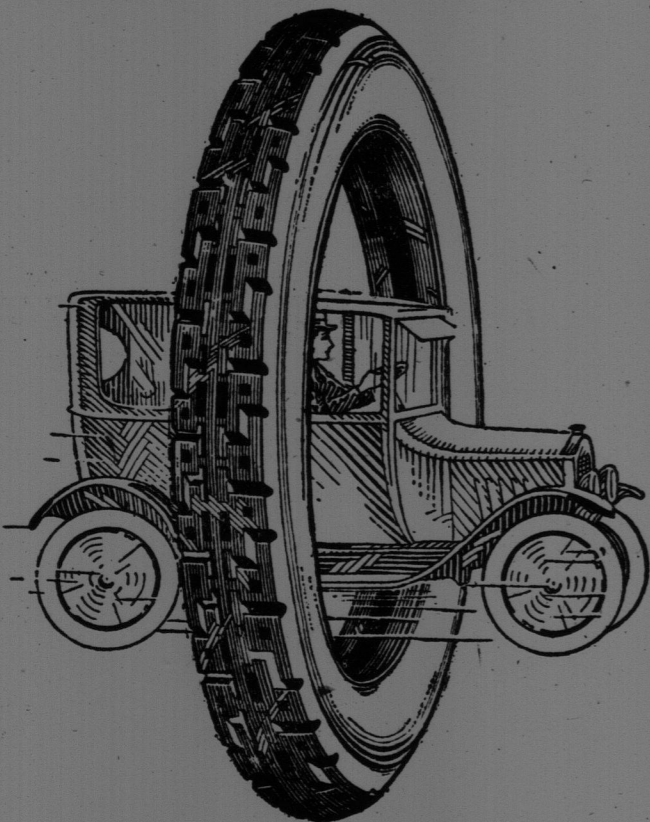

stand for the appointment of a woman factory inspector. It named its nominations for the officers of the National Council to be elected in Toronto in October. Mrs. J. H. Doody, first vice-president, was in the chair, in the absence of Mrs. A. W. Estey. Mrs. T. H. Carter acted as secretary. The council was asked to make nominations for the National Council annual meeting in Toronto in October. Mrs. E. Atherton Smith, honorary president, who is on a world cruise, sent greetings. The North End C. W.

L. wrote to name Miss M. H. McCloskey as the council's nominee for the Municipal Home Board. Because of the future absence Mrs. J. S. Flag, Mrs. T. Wilford Campbell, convenor, sent the report of the finance committee. Mrs. Estey, president, sent regrets at inability to attend and suggested sending flowers to Miss Alice Estey, treasurer, and greetings on arrival in Canada to Mrs. E. Atherton Smith. These suggestions were unanimously endorsed. Mrs. Hooper said there was now legislation for the appointment of a woman inspector, and that the council should make a determined stand for the appointment of a woman factory inspector. Nominations for the National Council of Women were received as follows:

President, Miss C. E. Carmichael; vice-presidents, Mrs. W. Dennis, Mrs. Willoughby, Mrs. Adam Shortt, Mrs. C. P. Purdy, (Moncton), Mrs. William Allan and Miss C. Derrick; recording secretary, Mrs. Parsons; corresponding secretary, Mrs. H. Carpenter; treasurer, Mrs. S. Tweed. The convenors of standing committees now in office were endorsed with some exception. Mrs. A. C. D. Wilson, St. John, was

named as National convenor of the committee on films and objectionable printing matter, and Mrs. Margaret Lawrence, St. John, as convenor of the committee in immigration. Mrs. E. Atherton Smith was named national vice-president for New Brunswick. Mrs. T. H. Carter was appointed to act as secretary during the absence of Mrs. G. C. Poole, with Mrs. L. Isaacs as assistant secretary. Miss Grace W. Leavitt consented to accept the office of acting treasurer during the illness of Miss Alice E. Estey.

The Vital Things in a Car

WHEN you go to look at a Gray-Dort there will be no attempt to side-track you from the vital things in a car. There will be no side-stepping when motor, chassis, axle, clutch, transmission come up for discussion. There are no trick selling points in the Gray-Dort.

And any Gray-Dort salesman can prove it by the car itself. He'll prove it by the smooth, quiet, never-failing flow of power from the motor; by the gentle, positive, new Gray-Dort disc clutch; by the over-strength new Gray-Dort rear axle. He'll prove it by the wonderfully careful workmanship in every part of the car.

The new management of Gray-Dort Motors stands or falls on the quality of the Gray-Dort and on that alone. Not one car will be permitted to leave the factory until it is absolutely right in every detail. You can see this kind of car at the Gray-Dort showroom now.

Ride on Hasslers

TODAY— Ride in this world-famous Six —the outstanding car in the \$1500 field

POWER, luxurious roominess, low upkeep and long life at low price! . . . a world-famous Six, the outstanding sensation of motordom today at \$1465.

Now ride in it. Feel the thrill of its powerful six-cylinder L-head motor. Note that it embodies features found only in the most expensive cars. Consider that it is a product of a \$90,000,000 company with 72 years of fine vehicle making to its credit.

Compare it with competitive cars at near its price; then with cars that sell for several hundred dollars more. Compare it for beauty, comfort, roominess, upholstery, for obvious refinements.

Compare it, too, for ease of handling, flexibility, power, quietness and lack of vibration. Don't take anyone's word that this car or that car at its price is "just as good." Find out for yourself.

Studebaker will place a Light-Six at disposal for this purpose any time you wish.

Being the world's largest producer of quality automobiles, Studebaker is thus in a position to give the utmost for the least.

Buy no car at \$800 or more without making this test. Don't buy blindfolded.

No Coalition With The Liberals, British Labor Dictum

DEFINITE STATEMENT BY SNOWDEN

Chancellor Acknowledges the Wholehearted Support Given on Budget.

POLICY ANNOUNCED

Taxation of Unearned Increment on Land in Britain is Foreshadowed.

London, May 16.—(Canadian Press Cable)—Speaking at Colne Valley today Philip Snowden, Chancellor of the Exchequer acknowledged the generous and wholehearted support of the Liberals in regard to the budget but added that there could be no such thing as coalition or an arrangement between Liberals and the Labor party.

After reviewing the Government's accomplishments since assuming office, particularly in the direction of removing the handicaps pressing on the unemployed, he foreshadowed the introduction of a policy of taxation of unearned increment on land.

The Chancellor accused the press of carrying on a campaign against abolition of the McKenna duties and declared that he was not going to be bullied into sacrificing principles of national interests under the terrorism of the newspaper press.

"Industrial Fatigue" Geneva, May 1.—(United Press)—A world wide investigation of "industrial fatigue" as one of the most effective means of increasing world production is the latest task that has been suggested to the International Labor World.

The question, briefly stated, is that in various lines of industry the special conditions under which men work, in some degree of "industrial fatigue" that greatly decreases the output of production of each individual.

1094 ATTEND AT 117 CITY CLINICS

Two New Services are Instituted in Month by the Health Centre.

It was reported at the monthly meeting of the Health Centre, held last evening, that two new services had been established during April, the cleaning of the teeth of school children by one of the Health Centre nurses, and a survey of the city to discover those who would be benefited by attending the various clinics at the Centre. It was decided to charge from 50 cents to \$3 per week for children attending the summer camp, if the parents were able to pay.

J. S. Gregory presided in the absence of Hon. H. A. McKeown, and it was reported that Mr. Gregory had been instrumental in enrolling as life members, W. H. Harrison, W. J. Swann, John Russell, Mrs. John Russell and George Warwick, and securing the following donations: \$100 each from J. S. Gregory, Thomas Bell and Manchester Robertson Allison, Limited, and \$20 from F. H. Flewelling, a total of \$645. Mr. Gregory said he hoped to raise \$1,000 through memberships and donations. A balance of \$1,209.50 was reported with \$64.50 in the special fund for the new floor in the lecture hall.

ALLIANCE HEARD BY CITY COUNCIL

Better Observance of Sabbath Discussed—Investigation Promised.

Better observance of the laws governing selling on the Lord's Day, the use of profanity on the streets and the prohibition law were matters discussed yesterday afternoon by a delegation from the Evangelical Alliance with the members of the city council and consideration of their request was promised by the commissioners.

The delegation was composed of Rev. Messrs. H. A. Goodwin, Dr. Hutchinson, W. H. Sampson, Hugh Miller, William Lawson, A. L. Tedford, H. E. Thomas and F. T. Bertram, and Major Burrows, of the Salvation Army. The members of the Council present were Mayor Potts and Commissioners Wigmore, Bullock and Harding.

Rev. Mr. Thomas said the strength of citizenship lay in respect for law and order and if the Council could see its way clear the delegation would like to have the civic officials more active in enforcing some laws that were now freely violated. Among these he named the open selling of goods on the Lord's Day and the prevalence of profanity, particularly the taking of the name of the Lord in vain. He also referred to the violation of the prohibitory law and asked that the police take a hand in putting an end to this.

Rev. Mr. Tedford said it was not expected the Council could go ahead and clean up the city without the support of the churches and it was to assure them of this support that the delegation had come. He often wondered, he said, what the city would be like in another decade if this open violation of law was allowed to continue. Commissioner Harding said this all seemed to be up to the Commissioner of Public Safety and the delegation had given him much food for thought. He would give the matter his best consideration and do what he could to bring about an improvement. With regard to alleged violations of the prohibitory law he said this was a matter for the Provincial Government.

Hutchinson said the delegation represented the Protestant Christians of the community and they would back the Council to the limit in dealing with the matters which had been under discussion. Mayor Potts speaks. Mayor Potts said that the delegation had referred to some things about which they should not have had to come to City Hall. With regard to profanity in the streets he thought if the police would arrest one or two men and they were fined, it would have a great effect in putting a stop to this reprehensible practice. In regard to stores selling on Sunday he thought that some of the smaller stores were enabled as they enabled persons to get fresh milk and bread.

CHURCH CHOIRS WILL BE IN COMPETITION

Several Thousand Voices in Sacred Music Festival in Indiana.

Columbus, O., May 17.—(United Press)—Church choirs, numbering several thousand voices, from the states of Ohio, Indiana, Illinois and Michigan are preparing for a Sacred Music Week at Winona Lake, Ind., to be held Aug. 10 to 21.

For the first time, church choirs will be brought into competition for prizes after the manner of the Elks' festival. Church singers will be divided into choirs of 50 voices and over, choirs between 25 and 50 and choirs between 10 and 25 voices. There will be mixed quartets, soprano, alto, bass solo, Gospel solos and in addition a special class for Sunday school orchestras. Prizes aggregating \$1,000 will be awarded.

All the choirs will contest, both with accompaniment and unaccompanied. Various standard selections will form the contestants' numbers for the quartet and solo singers. The adjudication will be under the direction of Dan Protero of Chicago. The concluding features of the week will be a rendition of one of the standard oratorios, in which the prize-winning chorus will participate and nationally known singers, including Mme. Schumann-Heink, will sing the solo parts.

Sacred Music Week is an institution known to all lovers of sacred music, and, if the event comes up to expectations, it will be made an annual affair. MT. ALLISON CLOSING. The closing exercises at Mount Allison were begun last night with the grand reunion reception given in the gymnasium by a large number of students and graduates of the University. Sir Robert Falconer, who is to deliver the baccalaureate sermon on Sunday evening, is expected to arrive at Sackville this afternoon. On Monday the Ladies' College and Academy closing will take place and on Tuesday the intercollegiate tennis tournament between Mt. A. and Acadia is on the programme.

SAYS ST. JOHN POSSESSES IDEAL SITE FOR ERECTION OF BIG COKING PLANT

S. R. Cann Investigating the Project—Addresses Engineering Institute.

The annual meeting of the St. John branch of the Engineering Institute of Canada was held at the Union Club last evening and was attended by 45 members. G. N. Hatfield, vice-president, acted as chairman in the absence of H. F. Bennett, president, who has been promoted to Halifax in the Dominion public works service. The guest speaker was Mayor Frank L. Potts, who spoke after the banquet. Other guests were S. E. Elkin, S. R. Cann, of Philadelphia and J. H. Byrne, of the Ottawa branch of the Institute.

The coking plant proposed for here was spoken of by Mr. Cann, who is here in connection with the proposal. He remarked that coke would be cheaper, would burn more freely and would make less ash than the bituminous coal now burned by the citizens of St. John. Mr. Cann declared that, after making a rough survey, he would say that St. John seemed to possess the ideal site for such a plant. If installed, would, moreover, give employment to many St. John men.

E. Elkin, one of the promoters of the proposed coking enterprise, said that he was and always would be a strong believer in the use of natural resources. The people of New Brunswick were just beginning to realize how abused their home products had been of late years and that drastic conversion was necessary. Mr. Byrne spoke along the same lines, and thanked the local branch for kindness bestowed upon him.

Mayor Potts speaks. Following the banquet the toast to the King was proposed by the chairman and responded to by the singing of the National Anthem. The toast to the city was proposed by the chairman and responded to by Mayor Potts in a witty and amusing speech. He said that he had always looked upon the engineers as builders of cities and that if any of them found difficulty in solving their hydro problems he would be only too happy to render them any assistance in his power.

A film entitled "Up and Over" as lent by the C. P. R. for the occasion, was then shown on the screen. It took a recent act of the Legislature which granted the same protective rights to architects as were granted to the engineers.

The annual closing banquet of the German Baptist Y. M. A. was held last evening at Loch Lomond and proved a big success. A chicken dinner, served at the Johnston House, was thoroughly enjoyed by all. After dinner a short business session was held.

H. E. Magnusson, president, was in the chair. Among the guests of honor were Rev. J. S. Bonnell, minister of St. Andrew's Presbyterian church, and George Parker, secretary-treasurer, of the Gyro Club, gave a short address. A solo was given by Dr. Bonnell and George Parker contributed two humorous solos.

A toast list was duly honored and apt speeches made. The toast to the King, proposed by Mr. Magnusson and responded to by the singing of the National Anthem. Everett Hunt proposed the toast to "Our Guests" and Fred Smith, president of the St. Andrew's Y. M. A., replied. "Our Leader," was proposed by J. H. Marr and responded to by W. C. Cross. The toast to "The Churches" was proposed by Dr. Bonnell and responded to by Rev. J. S. Bonnell and Rev. Dr. S. S. Poole.

"Our Association" was toasted by F. T. Lewis and replied to by H. J. Machum. "Our City" was proposed by J. C. Earle and replied to by E. L. Rising. E. F. Jamieson proposed the toast to "The Ladies" and Stanley Mealy replied. A short business session was held and the party returned to the city shortly after 10.30. It is an established custom of the association to open each season and close each season with a banquet at Loch Lomond.

SCHOONER ASHORE. The four-masted schooner C. M. Page, bound for Hillsboro to load plaster, went ashore yesterday on the Grand Acre Ledges, opposite Hopeville Cape and remained hard and fast for several hours. She grounded on the ebb tide and was floated at high tide. A survey will be made to ascertain the extent of the damage sustained.

WANTS MORE TO ENTER CANADA

Calgary, May 16.—"While it is true that more people are entering Canada than during the same period of last year, it is still necessary that we should still increase the numbers, especially in those cases where definite arrangements to place the settlers have been made by one or the several agencies engaged in the work of locating prospective immigrants," remarked E. W. Beatty, president of the Canadian Pacific, who arrived in Calgary at noon Friday in continuing his inspection trip to the coast.

JAPANESE ANXIOUS OVER WORLD FLIGHT

Regret That They Must be Merely Watchers of the Performances.

Tokio, May 17.—Mingled admiration and envy, tinged with a vague fear that Japan be left too far behind in the development of military aviation, characterizes the comments of Japanese on the round-the-world flight by American and British aviators already under way. Intelligent Japanese are aware of their country's backwardness in aviation. Therefore their admiration for the exploits of the Anglo-Saxons, although genuine, is accompanied by regret that they cannot enter the competition for globe-gridding honors.

The Osaka Asahi, after describing the American and British flight plans and expressing admiration for the daring of the flyers, says: "Although we would like to see our aviators to participate in the competition, we must realize that they are in no position to do so. It is highly regrettable that we must be content with watching and studying the progress of aviation shown." The Asahi, then remarks that no aviators have ever crossed the Pacific Ocean, and that the Japanese because of their position, will study the success of the American attempt.

"Whoever may win the laurels," continues the paper, "the achievement will be an important point in the history of aerial navigation, perhaps a turning point in the record of civilization. From this standpoint we hope for their success. However, we must not forget the fierce competition in aerial expansion now in progress between America, Great Britain and France."

The Asahi expresses hope in the possibility that the Pacific British Labor government may do something to lessen the dangers of the competition, and then continues: "The competition to girdle the globe by air may have no connection with the aviation expansion plans of the powers, but it seems that in the United States was influenced by the British and French competition to plan this round-the-world flight. Announcement of the American plan brought out similar projects in Britain and France. This being the case it is natural that discussion is going on of a new disarmament conference.

"If these flights are planned to further peaceful communication throughout the world they should receive every support. If, however, they are intended to assist in the expansion of military air forces they must be discouraged; they should be stopped. If the British and Americans seek only to demonstrate the feasibility of traveling around the world by air, Japan can be content with her role of onlooker; but if their flights are preparation for expansion of their military aviation defenses, Japan must adopt plans to meet the situation."

There should be a "Maritime Esprit de Corps" he said. It was necessary for the success of the provinces in the endeavor to solve the problems of their maritime, for them to get away from provincialism and begin to think with a Maritime mind. "The Board of Directors would consist of 18 men, six from each province; and one from the C. P. R., one from the C. N. "The Maritime members in Ottawa, he said, had had the project explained to them, and were all in favor of the scheme, with the additional argument, in having the prominent business men signing the application, he was sure that the members would back the proposal stronger than ever.

The New Brunswick directors, he said, were E. A. Schofield, A. D. Long, J. A. Reid, C. C. Avara, Angus McLean and a leading French-Canadian yet to be appointed. George E. Harbour, president of the Board of Trade endorsed the proposal heartily, saying that the provinces were hungry for just such a scheme and organization as had been proposed. He hoped that it would not fall along the wayside with the rest of similar schemes which had been started and were forged to dust.

Those who signed the application were George E. Harbour, A. E. Masie, A. P. Paterson, C. H. McDonald, P. R. L. Fairweather, Leon A. Keith, E. J. Terry, R. F. Wright, J. H. Barber, R. E. Armstrong. Colonel Innes left for Montreal last night.

MARITIME ASSOCIATION ENDORSED

St. John Men Sign Incorporation Application of Development Body.

SCHEME OUTLINED

Plan is to Co-ordinate Agencies for Betterment in These Provinces.

After having endorsed the aims and objects of the Maritime Development Association, as outlined by Colonel Robert Innes, twelve members of the Board of Trade, including some of the most prominent business men of the city, signed the application asking that the Association be incorporated, at a meeting yesterday afternoon held for that purpose.

The movement Colonel Innes said arose out of the action of the Maritime Board of Trade in appointing a committee, of which he had been appointed secretary, to investigate conditions in the Maritimes and make recommendations for the betterment of those conditions. The New Brunswick representatives were Angus McLean of Bathurst and E. A. Schofield of St. John. The formation of the association was his recommendation.

The scheme, Colonel Innes said, coordinated the agencies in the different provinces which were trying to accomplish the same thing on a respect to each, and because of their restricted authority were unable to accomplish any satisfactory results.

The Maritime members of the Federal Parliament, the three provincial governments, the two transportation companies, the C. N. R. and the C. P. R., and influential business men of the provinces, he said, would be leaders in the movement.

The association, he said, would begin by taking stock of the natural resources of the provinces so that it would know what they had to sell when it started to sell.

One of the objects was to keep the people on the land, and here reparation would be attempted, thus bringing back those who had migrated elsewhere, in preference to bringing in new ones.

There should be a "Maritime Esprit de Corps" he said. It was necessary for the success of the provinces in the endeavor to solve the problems of their maritime, for them to get away from provincialism and begin to think with a Maritime mind.

WHITE ANSWERS BANK CRITICISM

Sir Thomas Denies Irregularity in Reception of Retainer.

Ottawa, May 16—Sir Thomas White, former Minister of Finance, who it is claimed, by counsel for depositors of the Home Bank, showed negligence in not ordering an independent investigation of that institution, opened his reply to criticism levelled against him yesterday.

An Important Bearing.

Sir Thomas raised one point, on the constitutional aspect of the case, which may have an important bearing on the finding of the commissioner. He submitted that the portion of the order in council which authorizes the commissioner to pronounce as to whether or not an investigation of the Home Bank by the minister was justified, is ultra vires of the executive government of Canada.

Sir Thomas referred to the payment of \$1,500, to him shortly before the bank failed, claiming that the way the story of this payment had been given out was unfair to him. The impression had been created in certain quarters that he had received this retainer as a minister, instead of receiving it nearly four years after he resigned office, he said.

"That is what I call hitting below the belt," he remarked.

An impression had also been created that he had carried off his private file of correspondence in regard to the Home Bank when he resigned from office. This was absolutely false.

Sir Thomas contended that if he had closed up the Home Bank in 1916, the year when the complaints of the western directors were made, an agitation would have resulted which would have been second only to that of today.

It took years to build up the good will of a bank and only a day to wreck it, he said. You do not close up a bank even if it had lost half its capital, if it had a good chance of recovering.

Sir Thomas opened his case following the completion of argument on behalf of the depositors. He will continue on Monday morning when the commission resumes. Following his argument it is expected that R. A. E.

'BUY AT HOME' CAMPAIGN BEGINS

Movement to Increase Purchase of Maritime Products on Foot

A campaign to foster buying at home, purchasing Maritime made goods and favoring local enterprises has been in process of organization here for some time and is now well under way, according to announcement made yesterday.

Some weeks ago, a prospectus of the campaign was prepared by P. H. Butler, editor of The Business Review and Maritime Retailer, and R. A. Macaulay. This prospectus was placed before the Provincial Branch of the New Brunswick Retail Merchants' Association, at their last meeting in St. John, and was unanimously endorsed by the following resolution:

"Resolved, That the New Brunswick Provincial Board of the Retail Merchants' Association of Canada endorse the 'Buy at Home and Maritime Made

'Campaign,' and approve of a movement such as this is. We feel that the time is ripe for such an endeavor and are convinced that very beneficial results will be realized. We appear in the strongest sense to all the retail merchants throughout the province to support in every way possible the complete platform presented in the prospectus, and also approve of our President, A. E. Everett, our Past President and Dominion representative, W. G. DeWolfe, assisting in this campaign as patrons.

"It was further resolved that the President, A. E. Everett, furnish R. A. Macaulay and A. L. Crosby with letters of introduction to the President and Secretary of the Nova Scotia and Prince Edward Island boards of the Retail Merchants' Association of Canada, requesting that they give this movement full consideration."

On May 16 the prospectus of the campaign was placed before the council of the St. John Board of Trade, and the idea was approved.

Cut Down Housekeeping Costs with a Beautiful "KROEHLER"

--The Invisible Bedroom

The Kroehler Davenport Bed finds a place in the most attractively furnished homes, because of the beauty, comfort and economy it contributes.

Every purpose of a regular Chesterfield is equally well served by this supreme Davenport Bed—and you have the added convenience of an extra bed, hidden but always ready. You can manage with one less bedroom, and the saving in rental and fuel and in the cost of furnishing an extra room will much more than pay for the "Kroehler."

By day, a Kroehler Davenport Bed imparts charm and coziness to any room—by night, it provides deep restfulness. It is a real davenport and a real bed, with strong and resilient springs and thick soft mattress. A complete bed is concealed until a single, easy motion opens it out—all made up and ready for occupancy. In the morning it folds up and goes back into place as easily as closing a drawer.

No matter what type of furnishing you prefer, you can always find a "Kroehler" in the style you like. Kroehler Davenport Beds are made in overstuffed and period styles, with a wide variety of upholstery, ranging from mohair plush, velour and tapestry to genuine leather and leather substitute. Accompanying chairs round out suites of distinctive beauty for living room, sun room or library.

Where "the invisible bedroom" advantage of the Kroehler Davenport Bed is not a consideration, the Kroehler Chesterfield will be found to be the most luxurious obtainable. Deepest seats, distinctive designs and the very best of new, sanitary filling.

All "Kroehler Made" Furniture bears the name plate shown below, which is our guarantee of quality and your assurance of satisfaction. Always look for the name "Kroehler."

Leading furniture dealers are this month prepared, with full stocks of Kroehler Furniture, to meet your special requirements. Ask your dealer—or let us send you the Kroehler booklet. It is free.

INTEREST NOT KEEN IN MARKET

Prices Moved Within Narrow and Irregular Limits This Morning.

New York, May 17.—Speculative interest was at low ebb at the opening of today's stock market. Prices moved within narrow and irregular limits. New 1924 highs were established by Atchafson at 10 1/2, and Union Pacific at 13 3/4. Steels held relatively firm. U. S. Steel common opening fractionally higher at 9 1/4.

Montreal, May 17.—Consolidated Smelters was again the chief feature of trading at the opening of the Montreal Stock Exchange this morning. This stock came out with an over-night loss of 1/4 to 40 1/2. The next most active issue was B. E. Steel 2nd, that stock registering an advance of 1/4 to 10 1/2. The balance of the list was quiet and firm. Toronto Railway sold up 1/4 to 90 1/2, Canada Cement was up one point to 88 and Brazilian at 60 1/2 was up 1/4.

Chicago, May 17.—Opening Wheat—May, 1924; July, 1924. Corn—May, 75 1/2; July, 75 1/2. Oats—May, 47, July, 44.

She Found Them Very Satisfactory Saskatchewan Lady used Dodd's Kidney Pills For Dropsy and Diabetes. Mrs. P. Shaw Says Dodd's Kidney Pills Are Certainly Doing Her Good. Weyburn, Sask., May 16.—(Special.)—That Dropsy and Diabetes are caused by weak kidneys and that the right way to treat them is to use Dodd's Kidney Pills, is again shown by the experience of Mrs. P. Shaw, a well-known and highly respected resident of this place.

"I suffered from Dropsy and Diabetes. My back and head used to ache, and I always felt tired and nervous. My limbs swelled and I was depressed and low spirited. I have taken Dodd's Kidney Pills during the winter. Twenty boxes in all, and they are doing me a lot of good. I have found them very satisfactory."

SPORT NEWS GLEANED FROM WORLD'S CENTRES

STRONG CONDEMNATION OF HARSH RULINGS MADE BY AMATEUR HEADS

W. E. Findlay, President of the Canadian Amateur Union, Characterizes as "Tyrannical" the Slogan "Once a Pro, Always a Pro"—J. Howard Crocker Says Amateur Union Officers Act Like "Policemen."

President W. E. Findlay of the A. A. U. of C. spoke forcefully last week at Montreal at an informal meeting of the amateur moguls, when, in a sportsmanlike address to the members of the Olympic Committee, he stated that the rules and regulations of the organization are old-fashioned and it is imperative that an immediate step must be taken if the association hoped to remain in control of sport.

"Our system is all wrong," declared the president. "As governor of the body I am forced to see that our laws are carried out, but I tell you frankly that in my heart I do not always believe these laws are right. Take the slogan or perhaps our motto, 'Once a Professional, Always a Professional.'"

"Is it right? Is it fair? Is it tyrannical and absurd? I believe it is. Suppose a boy of tender years commits an infringement on the laws of society, a theft of something or the sort. Do judge and jury at once sentence him to life imprisonment? Never, but we do. And I tell you, gentlemen, that we are thus aiding the professional athlete cause and not our own."

"We are forcing athletes to become professionals by our drastic rulings. I do not believe it is right, that it is British justice and British fair play, to catch some misguided youngster who has inadvertently accepted a five or ten dollar bill for an afternoon's game, and condemn him to eternal, inexorable exile."

"It reeks of Puritanical intolerance, and I believe that the time is not far distant when we shall be forced to seek from this position and to use our judgment in re-instituting those who have taken money for sport. Our ruling is too far wide, too sweeping and too drastic."

While Mr. Findlay made it clear that the officials were not falling by the wayside he realized that a broader view must be taken. The amateur game is for athletes who are anxious to play with men who are doing the exercise as recreation and not as a vocation.

Drugs Have Never Cured Constipation

Internal Bathing the Only Permanent Remedy

It is a surprising fact to note the number of persons who persist in taking drugs of various kinds for constipation and go on, year after year, gradually becoming worse all the time. The system is continually becoming poisoned, not only with the poisonous waste which accumulates in the intestines, but the drugs themselves become absorbed, until the system becomes weakened, resistance to disease is lessened, the blood becomes thin and poisoned, you therefore become liable to any disease that is prevalent.

Internal bathing with the J. B. L. Cascade has restored thousands to perfect health. It completely removes constipation, keeps the system clean so that the blood circulates through a healthy condition. Soon the blood becomes purified again and you feel just like a different person.

Now this is not fiction, it is the experience of thousands who have pulled themselves out of the drug and medicine rut and used their own common sense. The J. B. L. Cascade is the perfected invention of Dr. Chas. A. Tyrrell, of New York.

When in charge at Cleveland, Ray Chapman, who was killed by a pitched ball thrown by Carl Mays, was his shortstop. He was rated the best in the league.

Taking over the St. Louis Browns, he discovered the club lacked a competent shortstop. Fohl rejected the purchase of Walter Gerber, who previously had been tried out by Pittsburgh and turned back.

"I don't care what Pittsburgh did with Gerber, he's a good shortstop now, capable of holding his own in the majors, and in a few years will be a star," was Fohl's reply to the critics who pointed out that Gerber had failed at Pittsburgh.

Gerber is today rated by many of the experts the best shortstop in the American League.

SCORED 28 RUNS IN THIS CONTEST

Giants and Cubs Had Slugging Bout—Ty Cobb in Fight.

New York, N. Y., May 17.—Abandoning science and the ordinary conventions of the big leagues, the Giants and Cubs relapsed into primitive slugging yesterday. When it was over McGraw's team perched atop of the league after four days in second place. Ten pitchers were among 33 players who scored 28 runs on 31 hits, of which four were homers.

The Boston Braves drove Luque from the box for the second time in two days and pulled Cincinnati out of first place. Yeargin, a recruit, right-hander, kept the Reds' hits scattered in the 8 to 3 victory.

Rain held George Sisler's aggressive Browns off the backs of the offending Yankees in New York and also prevented the Washington-Cleveland game. Ty Cobb warmed up in an informal battle with a negro attendant at Philadelphia, after which the attendant was dismissed and the Tigers beat the Athletics 3 to 1.

Boston retained third place by winning a 12-inning battle with the White Sox, 4 to 3. The Brooklyn Robins tied the score in the ninth and again in the tenth, but could not match Fleck's homer in the eleventh and St. Louis Cardinals won, 6 to 5.

Loose fielding in the first inning beat Kremer, Pirate recruit, although he allowed only one hit between the first and tenth of a 10-inning contest, which Philadelphia won, 4 to 3, on two hits and a sacrifice in the final round.

FORMER STARS NOW COACHES. If good pitching coaches mean a thing, the Washington rookie twirlers should profit greatly. In Nick Altrock and Jack Chesbro, the Nationals have two old time stars to tutor the recruits.

Minard's Liniment for Distemper.

Ball Problems By Billy Evans

QUESTIONS. 1. Is it possible to make a substitution for a base runner, and still have the original player remain in the game?

ANSWERS. 1. Only by consent of the captain of the other team. 2. The manager or captain of the home team is the sole judge as to the status of the field for starting play. After play once starts, it is entirely up to umpire during the rest of the game.

"SCOTTY" STIRLING TO REMAIN HERE

Abandons Proposed Trip to Montpelier—Good News for Fans.

Baseball fans in this city will be pleased to learn that "Scotty" Stirling has decided to remain home and will again appear in left field for one of the teams in the New Brunswick professional league. He was to have left this evening to report to the Montpelier team of the Eastern Canada League, but owing to some difficulties which arose he finds he is not in a position to leave home at the present time.

When word was received that "Scotty" was offered a chance with the Montpelier team his many friends were pleased to learn that his all-around good work had attracted the attention of baseball moguls outside the province, but keen regret was expressed that it would necessitate his removal to other centres.

When word was received that "Scotty" had abandoned his plans, local fans will await his appearance in a local uniform and will watch his progress with interest.

If he continues to improve in his batting he should develop into one of the fastest fielders ever produced in these parts, and friends are confident that the day is not far distant when he will be given a chance to make one of the leading minor leagues.

COACH FORECASTS KEEN COMPETITION

Captain J. R. Cornelius Says Athletics are Deterrent to Crime.

Keen struggles for places on the Canadian Olympic team are anticipated by Captain J. R. Cornelius of Hamilton, head coach of the Olympic team, who looked over several Maritime aspirants at the Rothery Athletic grounds yesterday afternoon. He predicts close finishes in every event and believes the final Olympic meet will produce some surprises.

When asked for his opinion of the showing made by "Billy" Mayne, Erin Smith, Frank Campbell, "Beet" Malcolm and Timothy yesterday at Rothery, the head coach declared it was a little too early yet to make any statement. With three weeks' careful training at Rothery and a final week of polishing up at Montreal, Captain Cornelius said they should make a showing creditable to themselves and the province they represent.

The head coach expressed himself strongly in favor of athletics as a deterrent to crime among the young people. "It is the young that are committing the crimes," he pointed out. "An athlete cannot be degenerate. The cities should develop their young men and young women physically and there would be less work for the policemen."

RACE HORSES HAVE ARRIVED HERE AND ARE NOW AT MOOSEPATH PARK

Stilas E. Rice Has String Working Out—Plans for Season.

From all indications Moosepath Park will be the scene of some real racing this season. Due to the interest of Stilas E. Rice, present owner, the racing game in St. John is coming back to its own and bids fair to be one of the leading pastimes during the summer and early fall. Mr. Rice is one of the keenest racing enthusiasts in the Maritime Provinces and has spent a large sum of money getting the park in good condition and importing fast steppers.

The enthusiasts who display in the game has meant for its uplifting and as a result fans interested in harness racing are looking forward to the proposed meets, which should bring together some of the best trotters and pacers in these parts.

At the present time Mr. Rice has a string of five racers working out at the park. They are his new green colt, Guy Spear, sired by Guy Axworthy 2.02 1/4, sire of Axworthy 1.59 1/2, first dam Purdie Silk. His second new racer is a chestnut gelding, David Hal, by John R., mark 2.03 1/4, dam Direct Hal 2.04 1/4. In addition to these horses, which arrived Thursday from Redville, he has a green stallion, Melting Pot, by Dingara, dam by Crinlin; also Miss Abbie Brino by the Abb, dam by Wild Mambree Jr.; also Wilfred C. by Orwell Boy, dam Bingetta Wilkes.

These horses are being worked out twice a week in addition to having a jog around the track daily. The horses are well stabled and are fast rounding into shape. Mr. Rice is well pleased with his two recent importations and is confident that they will make a name for themselves when they start on the circuit.

The first Maritime Circuit meet will be staged in this city during the week of July 9 and from all indications a record number of spectators will be on hand for the various events. Mr. Rice has already received communications from Frederick and St. Stephen horsemen asking for data regarding the meets to be held here and assuring him that they would be on hand with their strings. G. C. McCoy of Fredericton has signalled his intention of bringing Margaret McGregor 2.16 1/4, George Moore 2.18 1/4 and a green pacer, John Conroy of Fredericton will bring Bud Hal, and E. O. McDonald will come with Dervin 2.15 1/4 and Kate Volo a green pacer.

At the present time a crew of men are employed at the Park installing new water pipes, repairing buildings and making some improvements to the track. It is expected that the Park will be in better condition this year than it has been for many seasons and that the sport will "come back to its own."

AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape. While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned.

Burdock Blood Bitters quickly and effectively banishes pimples and all other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood.

Mr. Conrad Anderson, Kelfield, Sask., writes—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle he had to spare. After using it I noticed a change, so I bought three more bottles and now I don't know there is such a thing as pimples."

SCHOONER HITS ON "MAHOGANY"

Vilda A., From Parrsboro, is Freed and Towed Into Harbor.

The two-masted schooner Vilda A., bound from Parrsboro, N. S. for New Haven with lumber, struck on a reef off Manawagonish Island about three miles west of St. John in a dense fog at about 11 o'clock last night and was with difficulty pulled off this morning by the tug Neptune and towed to the Market Slip here with decks awash and a decided list to port. Captain Claude Winters of Parrsboro was unable to say to what extent his 98-ton schooner had been damaged. A survey will be made on Monday and provided authority is received from her owner, Oliver Allen of Fort Greville, N. S., Captain Winters says he will have repairs effected here and proceed to New Haven with the lumber cargo, which is consigned to the Blanchard Lumber Company there.

Struck Heavily. In addition to Captain Winters, the other members of the crew are William Lake of Port Greville, N. S., Gus Olsen of Parrsboro and Lester Bliss of Five Islands, N. S. The crew had a trying experience soon after the schooner struck, says Captain Winters. "I heard the fog alarm on Partridge Island, but the fog was so dense you could hardly see your hand before you. We drifted in a channel between two islands but we were half way through before we saw either one. I immediately dropped my anchor. There was a strong tide running and the anchor did not check us. The schooner struck heavily, leaving from the mainmast to the stern deep water." Had the schooner slid up on the ledge another five feet, it would have turned over and Captain Winters believes the tug would have been unable to pull her off the ledge.

When it was seen little could be done by staying on the vessel, Captain Winters says he ordered the men to rescue their personal belongings, and all four then commenced the long row to Partridge Island through the fog and heavy seas. It required four hours' hard work before the island was reached, the tide being so strong against them. Arriving there, they notified Mr. Day, the lighthouse keeper, who immediately got in touch with the pilots. When J. C. Chesley, local agent of the Marine and Fisheries Department, was notified of the accident, he secured the tug Neptune to try to pull the Vilda A. off of high tide. Captain Winters and his men rowed back to the stranded vessel after notifying Mr. Day and were on her when the Neptune arrived at 8 o'clock this morning.

A Hard Pull. The Neptune attached a line and commenced pulling. It required nearly two hours before the vessel could be moved, so firmly was she caught on the reef, and for a time it was feared that the services of another tug would be required before the vessel could be pulled off this morning. "It was fortunate for us that we got her off this morning," said Captain Winters, "as it is my opinion she would have pounded to pieces, there being a heavy swell there today." The vessel was towed up the harbor, arriving at the North Market wharf about 11 o'clock. Captain Winters said he was very grateful to Mr. Chesley and the pilots for the timely assistance rendered him.

The Vilda A. is a comparatively new vessel, being built in October, 1923. She has been engaged in lumbering and general cargo work since her launching and this is her first mishap.

T. C. OLIVE OF WEST ST. JOHN IS DEAD

West St. John lost one of its oldest and most respected citizens this morning when Thomas Carleton Olive passed away at the age of 83 years. He had been in failing health for the last year or so and while his death was not unexpected it came as a blow to his many relatives and friends. Somewhat of a retiring disposition, he was a man of sterling qualities and his passing will be a great loss to the community in which he lived.

Mr. Olive was born in West St. John on December 15, 1842, and had spent his entire life there and in the Manawagonish road district. His wife, who was formerly Miss Eliza Belyea of Westfield, died several years ago. Mr. Olive was in the fire insurance business on the west side for many years. He took a keen interest in politics and was always a staunch Liberal. He leaves to mourn four sons and four daughters. The sons are John A. Olive, secretary-treasurer of the N. B. Power Co. in St. John; George E., of Chicago; Walter B., of New York, and Willard C., of St. George. The daughters are Mrs. George E. Price, of St. John; Miss Jessie, at home; Miss Ella S., of Boston, and Mrs. E. H. Seely of Hampton.

The funeral will take place on Sunday afternoon at 3 o'clock from his late residence, 189 Watson street, West St. John. Burial will be in the Church of the Good Shepherd cemetery, Manawagonish road. The sympathy of many friends will be extended to the bereaved family.

IS HERE FOR MARKING OF HISTORIC SITES

J. H. Byrne of Ottawa, representing the Historical Sites and Monuments Committee, arrived in the city yesterday in connection with the placing of tablets to mark the sites of Fort La Tour and Fort Charnissay. This morning accompanied by Commissioner Frink and Police Magistrate G. A. Henderson, he made an inspection of the proposed sites for these markers and a meeting of the local committee will be held in the near future to decide on the location for these monuments.

BURIED TODAY. The funeral of Miss Margaret Fleming was held this morning from P. J. Fitzpatrick's funeral parlors to St. John Baptist church for high mass of requiem by Rev. J. J. McDermott. Interment in the old Catholic cemetery.
