A PRAYER FOR THE INFANTS' HOME.

O GRACIOUS God and Saviour, who hast promised that when two or three are gathered together in Thy Name, Thou wilt ~~me~~ them and answer their petitions, mercifully look on us Thy servants, and grant us Thy blessing.

We thank Thee that Thou hast put it into our hearts, and those of others, to care for these little ones whom we are gathering into this Home.

We thank Thee for the measure of success Thou hast bestowed on our efforts; and we pray Thee still to bless and prosper our humble endeavours to save both mothers and children. May we not grow weary in our labour and love, and do Thou increase the number of our helpers. Enable us by Thy grace to persevere against all discouragements, and to feel ourselves, and to show to others, that Thy blessing rests with us. Fill our hearts with zeal on behalf of these helpless little ones, that we may do them good.

Gracious Saviour, who, in the days of Thy flesh, manifested Thy goodwill to little children, rebuking those who would have kept them from Thee, bless those who may be admitted to this Home from time to time. If their lives are spared, may they live to Thy Glory; or, if Thou seest fit to remove them, take them to Thyself, since Thou hast said, of such is Thy heavenly Kingdom. O Lord, hear us and bless us, and give us, we beseech Thee, a right judgment in all things, for the sake of our Saviour Jesus Christ. Amen.

*The above prayer was composed for the use of the Managers of the Home, by the late Canon Givins, always one of our warmest friends.

INFANTS' HOME AND INFIRMARY.

TWENTIETH ANNUAL REPORT.

The Twentieth Annual Meeting was held at the Home, 21 St. Mary Street, on Friday, 25th of October.

His Honor the Lieutenant Governor presided. A letter from Mayor Kennedy, regretting his unavoidable absence was read.

The meeting was opened with prayer by the Rev. John Pearson, and after a few opening remarks by the Chairman, the Managers' Report was read by the Acting Secretary, Mrs. Alfred Hoskin, the adoption of which was moved by Rural Dean Sweeney. The Treasurer, Mrs. Boulbee, presented her annual statement.

The following gentlemen moved and seconded the various reports:—Sir William Howland, Mr. Herbert Mason, Rev. Mr. Milligan, Mr. Thomas Hodgins, Q.C., Prof. Mavor, Mr. Hoyles, Q.C., and Dr. Palmer.

After closing prayer by the Rev. Mr. Drummond, the meeting adjourned to afford an opportunity of inspecting the Home, and to partake of refreshments provided by the Managers.

MANAGERS' REPORT.

This, the Twentieth Annual Report of The Infants' Home and Infirmary, will seem very crude when compared with those prepared for us in the past; for with very great regret we

were compelled in July to accept the resignation of Mrs. A. E. Williamson, who, for seven years had been our faithful and most able Secretary. In looking over the Report presented by Mrs. Williamson in 1894, it seems to us, that with great thoughtfulness she must have prepared it as our reference for the future, it is so comprehensive, entering so fully into the origin, needs and working of this Home from its very incorporation, that we may call it THE Report of the Infants' Home and Infirmary ; merely supplementing it with details of the passing years.

The number of inmates in this Home on October 1st, 1895, was 84, 60 infants and 24 women, an increase of 27 on the corresponding date in 1894. During the year 73 women and 157 children have been admitted, a total of 230. Our monthly average of 80 may not appear very large, nor the proportion of children too great, until the ages are considered ; the infants, many only a few days old, with so frail a hold upon life that each one requires (could it be given), the entire care of Nurse Young. Then, the so-called women, many of them only girls, irresponsible, ignorant, knowing very little how to care for themselves, and certainly, still less of how the little life they are responsible for, should be cared for and guarded, they are, in fact, only older children, to be watched, trained and guided. A grave responsibility, and we cannot express too strongly, how greatly our anxiety for the well-being and well-doing of these our charges, is lessened by our safe reliance upon the wise judgment, and the constant kindly care shown to each one by our Superintendent and her Assistants.

Of the many causes we have had for thankfulness during the past year we may mention one or two. Our freedom from any serious epidemic, our comparatively healthy house-

hold and the support we still continue to receive from our many friends and the general public, notwithstanding the depression that still hangs heavily over the city.

We have been so fortunate as to have adopted into good homes four of our motherless ones, for it is only from the ranks of those little ones, that we allow our adoptions to be made, and it has been very cheering to us to receive from time to time letters telling of the satisfaction and happiness existing between the adopted parents and children.

Through the kind interest of Mr. J. K. Macdonald we have obtained a share, with other Charitable Institutions, in a ward in the General Hospital for infectious diseases such as not already provided for, as in diphtheria and scarlet fever cases.

During the year attention was called by our Advisory Board, to certain discrepancies existing between the original Charter, and the Constitution as printed. Acting under their advice amendments have been made and clauses inserted. The Constitution thus amended will be the one printed in future Reports.

To the Clergy of St. Luke's Church, for their Sunday Service, to the Rev. John Pearson, of Holy Trinity, who attends monthly to baptize our little nameless ones, to our most efficient House Staff and Medical Staff, to the ladies in charge of the Work-room and of the Woman's Bible Class, and to our Treasurer, we would wish to record here, our sincere thanks and gratitude to them, one and all, for their regular and untiring service in behalf of this Home and its inmates.

Acting Secretary.

MEDICAL REPORT.

LADIES AND GENTLEMEN,—We have much pleasure in submitting to you the Report of the Medical Staff of the Infants' Home for the year ending 30th September, 1895.

The year has been a very encouraging one. Starting with 36 children there were 121 admitted during the twelve months, making a total of 157 little ones. Out of this large number we have had only 26 deaths, or a death rate of barely 17 per cent. Last year the death rate was considerably higher than this.

A death loss of 17 out of every hundred children admitted during a period of 12 months and drawn from all sources, some healthy, robust, and of respectable parentage, but many of them neglected, forsaken and starved, often diseased and of unhealthy parentage, speaks strongly in favor of such a Home and of the manner in which it is conducted. Its success in saving the life of the helpless babe regardless of where it comes from or what have been its surroundings, apart altogether from its further usefulness in developing its physical and moral health, is alone sufficient to commend such an Institution to the favorable notice of the charitably inclined.

The Home has not been free from threatenings of infectious diseases. We had one case of diphtheria which necessitated the whole house being placed in quarantine for three weeks. The afflicted child was sent to the Isolation Hospital where it died. This same child came to us from the Children's Aid Society and almost immediately upon entering developed chicken pox which spread in spite of care and isolation until we had 56 cases none of whom died.

There were 36 children vaccinated during the year. These were all satisfactory with one exception, that of a delicate diseased child.

During the intensely cold spell in February last we had several cases of dysentery from which we lost some four or five.

Cancrum Oris, a somewhat rare affection, accounted for the death of one little inmate.

We closed the year with 60 children, babies, in fact, for there are only some twelve out of the number walking, yet they are mostly in good shape and thriving well.

Amongst some of the features which tend towards the good health and success of the Home and upon which the Board are to be congratulated are : the almost complete system of isolation when necessary, the now good sanitary condition of the building, the securing of efficient as well as increased supervision both of nurses and children and the encouragement of even a more liberal and a more varied dietary than heretofore.
