BISHOP RICHARDSON IN STRONG CHARGE AT SYNOD OPENING

Against Raising Funds By Holding of Picnics
THE DIVORCE MATTER
Sets Church Position on This—Hopes for Advance in Stipends to Clergy—His Position on Prohibition and Local Option

Fredericton, N. B., Nov. 3.—(Special)—Bishop Richardson in his charge to the diocese opened this morning reviewed the work accomplished in the diocese during the past year. He paid a tribute to deceased members, ably assisted the claims of Kings college, defined the church's position in regard to marriage and divorce, and made a strong divergence on the temperance question.

The synod meeting opened in church hall, at 10 o'clock, with upwards of 200 clergy and lay delegates in attendance. Bishop Richardson presided and members of the cathedral chapter occupied seats on the platform. The secretary, Archbishop Newham, called the roll of delegates and the Bishop led in prayer. The reading of minutes of the last meeting were dispensed with.

The Bishop's Charge
The bishop's charge occupied upwards of an hour in delivery, and was followed with the closest interest. He spoke of the pleasure it gave him in welcoming the delegates to Fredericton for the first time since he became bishop of the diocese, and called attention to improvements made to the cathedral since they met here three years ago. He referred to the loss of the year

HEARST AND BANNARD ISSUE STATEMENTS AFTER DEFEAT

New York, Nov. 3.—William R. Hearst declares himself satisfied with the result of the election yesterday, inasmuch as an anti-Tammany board of estimate was elected. He said: "If an anti-Tammany board has been elected, I consider my efforts well rewarded. I went into the campaign to accomplish exactly that, as I have stated in my letter of appreciation to the board of estimate. I did not desire any friends by getting more votes, but I am glad to have the opportunity of expressing my thanks for the hard work done by my willing friends and organizations. I congratulate Judge Gaynor on his large vote."

BARRISTERS REGRET DR. MACRAE'S DEATH

St. John Law Society Resolution Passed at Meeting This Morning
The St. John Law Society met this morning and passed a resolution in connection with the death of Dr. W. MacRae. President Amon A. Wilson, was in the chair. The resolution, moved by Hon. J. D. Hazen, and seconded by A. P. Barnhill, K.C., was as follows:—Whereas the members of the Saint John Law Society have heard, with feeling of the most profound regret, of the death of Alexander W. MacRae, Esq., K.C., D.C.L., a member of the society and an active and public spirited citizen, and whereas he has passed since his admission as a member of the legal profession, he has commanded the respect and esteem of his brethren at the bar, and has ever been loyal to the interests entrusted to him by his clients, and has steadily but surely been advancing to the position of a leader in the profession, a position for which his education, as well as his industry, ability and forensic talents admirably fitted him, and whereas, he found time, not only to give his services to the demands of an exacting profession, but also to take an active part in the public affairs of the community, having been for many years a most valued member of the common council, and having at all times evinced the deepest concern in all questions affecting the most interests of New Brunswick and the Dominion of Canada, which resulted in his being selected at the last general election as a candidate for the political party with which he was associated for the constituency of the City and County of Saint John, and which would no doubt have caused him to occupy at no far distant day, a conspicuous place in the public life of Canada, therefore Resolved, that the members of this society place on its records this resolution as a slight evidence of the esteem and appreciation in which Dr. MacRae was held by his associates in the legal profession, and further Resolved, that a copy of this resolution be forwarded to his widow, to whom, and to whose children, he was a loving and devoted husband and father, with the expression of the most sincere sympathy and respect, on the part of the members of the St. John Law Society.

ACTIVE WAR ON WHITE SLAVE TRAFFIC BEGUN

San Francisco Restaurant Man Arrested on Charge of Importing a Girl
San Francisco, Nov. 3.—Jules Toussaint, proprietor of a restaurant in this city, was arrested today on a charge of importing a girl into the United States for immoral purposes. He is charged with having imported Hemolite Perrin, a French woman, whom he met in London three years ago. According to the federal immigration authorities in Washington, on whose complaint Toussaint was arrested, the accused man induced the girl to come to this country on a promise of marriage. Torre declared that the arrest will be the opening gun in a wide-spread war to stamp out the white slave traffic in this country.

PAY \$200 FOR SEATS AT SENSATIONAL PARIS TRIAL

Paris, Nov. 3.—Not since 1902 when Frederic and Theres Humbert were convicted of a \$12,000,000 swindle, has a trial in Paris attracted so much public attention. The case of Madame Adolphe Steinhil which was opened before Judge Devalline today. Steinhil is on trial for her life charged with the murder of her husband and her mother-in-law, Mme. Jany. The alleged motive in both cases is based on the fact of the husband in the first case and the mother-in-law in the second, a wealthy man who had become infatuated with her. The talents and attractiveness of the woman, combined with the mystery of her career and her connections with persons high in the public life of France, have led the popular imagination and led the public to believe that the most startling disclosures are imminent. Judge Devalline had received 25,000 applications for seats in the court room but refused all but the exceptions of those made for members of the press, the bar and others directly concerned with the trial. The first hundred persons who stood in line outside the court house were admitted. Places of vantage in this line commanded as high as \$200. Seats of honor were also secured with the selection of a jury and the reading of the indictment.

Herron declared a navy would be nothing more than an expensive luxury and of little utility to either Canada or the Empire.

FOUND ON TRACK NEAR SUSSEX, BULLET IN HEAD

Sussex, N. B., Nov. 3.—(Special)—The body of an unknown man was found by trainmen of No. 6 train going east at 1 o'clock this afternoon, lying on the right hand side of the track at Salmon River bridge, about two miles east of Sussex, with a bullet hole through the head and revolver lying by his side. The man was of short, stout build, and dark complexion. It looks as though he took his own life intentionally. The freight train backed into Sussex and notified the agent, who advised the coroner of the facts. The coroner, Dr. Burnett, and section men left for the scene. After viewing the body the coroner ordered it taken to Sussex, where a inquest will be held, probably this evening.

ABDUL HAMID FAILED TO ESCAPE

Belgrade, Nov. 3.—The ex-sultan, Abdul Hamid, has again attempted to escape from the Villa Allatini. A communication from Salonika states that the ex-sultan, wishing to have his beard repaired, had a workman brought into his house. Annoyed by the man's dirty appearance, Abdul Hamid ordered that he take a bath before proceeding with his task. While the man was in the bathroom his clothes were brought to the ex-sultan, who at once donned them, and thus disappeared. He was seen by the guards on the street. At this point he was recognized by one of the guards, stopped, and sent back.

Jones, yesterday sent a telegram to Sam Berger, manager of James Jeffries, offering to post \$75,000 if he would hold the Jeffries-Johnson fight here. The association has deposited ten per cent in the First National Bank at Hilliard, which is five miles north of Spokane.

FINAL MEETING OF W. G. T. U. CONVENTION

Refuge For Released Convicts—Against Sensational Newspaper Reports—Mrs. Gordon Delegate to Glasgow
The final session of the convention of the W. G. T. U. was held this morning, when the executive met. Mrs. Gordon Wright of Ontario, occupied the chair. The meeting opened with prayer, led by Mrs. J. H. Gray, of Fairville. The first item of business was the presentation of the Loyol Temperance Legion banner, awarded to Bradford branch. A unanimous vote of thanks was tendered to the retiring officers for their work. These ladies are Mrs. E. G. Waycott, Mrs. Annie M. Bascomb, and Mrs. Odell. The executive passed a resolution memorializing the governments of Canada to have refuge homes for the benefit of released prisoners. These homes would be governed by masters of different trades, who would teach the former convicts whichever art or trade they fancied. A hearty note of thanks was tendered to Rev. Dr. Pringle for his lecture last evening. A strong resolution was passed condemning newspaper reports of murder trials, divorce suits and other sensational matters. It was decided to send a protest to the Canadian Press Association. The report of the plan of work department was submitted by Mrs. Sanderson of Quebec. The executive decided to ask Mrs. B. R. Johnson, of Ontario, to edit the Sunday School Temperance quarterly. Mrs. Gordon Wright was elected a delegate to the world's convention in Glasgow in June next. This afternoon the officers of the executive are to be photographed, their pictures to be used as a frontispiece for a coming issue of Collier's magazine. A large number of the delegates have already probably leave today or tomorrow. The delegates express themselves as being heartily pleased with the manner in which they had been entertained while in the city, and said they would cherish with pleasure the memory of this convention.

AGAINST RAISING FUNDS BY PICNICS

His Lordship strongly deprecated the adoption of indirect methods, such as parish picnics, adopted for raising funds for church purposes, such methods, he said, were unworthy of the end in view, and served to discredit the church. Public dances, which were sometimes carried on in connection with these picnics, he regarded as indefensible and exposed young people to a moral menace. In his opinion, churches should be supported by free will offerings of the people. He was convinced that the trouble experienced in some parishes in raising stipends was due to lack of systematic effort and it was for the clergy to bring about improvement. The bishop strongly endorsed the Laymen's Missionary Movement, and he sincerely hoped the Church of England would not disregard the call now being made throughout the land. The people were inclined, he said, to sometimes refer to New Brunswick as an insignificant province. He knew something of conditions in the west, but after ten years' residence in New Brunswick and three years spent in travelling over it, he dared to say that New Brunswick need not fear comparison with other provinces. It has fertile soil, good climate, and he believed had splendid future before it.

GAREY MCFETERS WEDS MISS DRYDEN IN SUSSEX TODAY

Town Treasurer Takes as Bride Daughter of Alderman—Honeymoon Later
Sussex, N. B., Nov. 3.—(Special)—A wedding of much local interest will take place here this afternoon at five o'clock at the home of the bride's brother, Alderman H. E. Dryden, Main street, when Miss Annie E. Dryden will be united in marriage to W. Carey McFeters, the town treasurer. Rev. W. P. Alton will perform the ceremony. Only the immediate relatives will be present. The bride will be beautifully gowned in cream moirah with satin and lace trimmings. After the ceremony a dainty supper will be given and Mr. and Mrs. McFeters will go to their new home in Church Avenue near the Baptist church. The bride, who is a popular and well known Sussex lady, was the recipient of many valuable and useful gifts. Mr. McFeters, who has had charge of the town treasury for some time, is widely known and the business men of the town speak in the highest terms of the manner in which he has conducted his civic duties. Owing to civic affairs and it being near the close of the fiscal year it is impossible for the groom to get away and the honeymoon trip will be deferred until next Christmas time.

LOOKS MORE LIKE CARS TO MILLIDGEVILLE

Separate Company With St. John Railway Interested May Open Line
In connection with the talk of the proposed trolley car line to Millidgeville, for which a survey is being made, and it is stated that the scheme is likely to become an accomplished fact within the near future. The proposition now is said to be to run the cars from Main street to Millidgeville by a separate company in which the St. John Railway Co. would be interested together with some of the Millidgeville summer residents. A five cent fare would be charged on this line, and passengers would have to pay another fare if they wished to go on cars from the junction at Adelaide and Main streets, to any other part of the city. If certain property owners along the Millidgeville road can be induced to agree to sell lots at a reasonable figure, so that the place would be built up, it is practically certain the line would be commenced almost immediately.

MEMORIAL IN ST. JOHN

He spoke highly of work being done by Canon Smithers, the Medley memorial missionary, and hoped arrangements would soon be made to provide him an increased stipend. His Lordship next defined duties of archdeacons and rural deans, and explained some changes he had lately made in the regulations. He trusted that the synod would take some action with reference to the proposed memorial to the late Bishop Kingston, which would be a lasting recognition of his work in the diocese and his brilliant, scholarly attainments. He was inclined to think that the memorial should take the form of a church house at great St. John, as the most popular and useful.

San Francisco Has Gone Back to the Rule of Graft But Henry Says Fight Will Go On—Massachusetts Democrats Jubilant

New York, Nov. 3.—Complete returns on the vote for mayor tabulated this morning, show the following:—Gaynor, 230,678; Bannard, 177,662; Hearst, 153,843. Gaynor's plurality, 73,016. The complete vote of New York City for president of the board of aldermen, gives Mitchell (Fusion) a plurality of 71,031 over Galvin, the Democratic nominee. London, Nov. 3.—The election in New York yesterday was watched here with keen interest. The Pall-Mall Gazette says:—New York is like London, has achieved a substantial victory in municipal reform and will receive the congratulations of the municipal reformers under all skies. The Westminster Gazette says:—The result again demonstrates that New York City has sufficient forces working for good to rid itself of Tammany if only they would unite. New York, Nov. 3.—In Kings county the Democrats saved their county ticket. While a Fusion borough president was chosen, the Democrats' candidates for sheriff and other county officials pulled through on the Gaynor wave in Brooklyn by pluralities ranging from 5,000 to 7,000. Hearst received eighty-seven more votes than Bannard in the borough of Manhattan and the Bronx. Tammany elected twenty-two of its candidates for the board of aldermen in New York county as against twenty-three elected by its two years ago. It will have forty-two votes in the new board for the greater city and the fusionists thirty-six. Latest returns indicate that the New York state assembly of 180 will contain ninety-four Republicans and fifty-six Democrats, a Republican majority of thirty-eight. The Republican assembly has a majority of forty-eight. Every one of the candidates elected to the assembly yesterday are pledged to the support, in some form or other, of Governor Hughes' direct primary plan. New York, Nov. 3.—The forces of fusion will be in practical control of New York city's government after January 1 next, although Tammany Hall's candidate for mayor, Wm. J. Gaynor, was chosen yesterday by approximately 73,000 plurality. With the exception of mayor the fusion sweep was complete. Not another Tammany candidate on city or county tickets won. The success of the fusion forces in electing their candidates for controller and president of the board of aldermen, together with the victories of the fusion and anti-Tammany candidates for the residencies of aldermen, boroughs will give the opposition to Tammany thirteen out of sixteen votes in the important board of estimate. This board will have its hands full in its turn of office the expenditure of practically \$1,000,000. The county ticket the fusionists elected their candidates for district attorney, sheriff, county clerk, register and city court sheriff county clerk, register and city court judge, which with their other victories will place nearly every bit of patronage in the greater city in their hands. Below mayor, the fusion candidates on the city ticket voted by substantial pluralities. The borough presidencies all went to the fusion or anti-Tammany candidates. The strength of the fusionist cause in New York county was indicated by the plurality of 22,000 votes, which Charles S. Whitney, the fusion nominee for district attorney, received over George Gordon Battle, the Tammany candidate. Even more significant was the victory of John S. Shea, fusionist for sheriff, an office with rich emoluments, over Christopher D. Sullivan, Tammany, by a plurality of approximately 27,000. The fusion triumph in New York county extended to its candidates for supreme court judgeships, all three of its nominees for those offices being successful. Democrats Jubilant Boston, Nov. 3.—The Democrats of Massachusetts were far more gratified in looking over the results of yesterday's election today than the Republicans, for while the latter succeeded in keeping Governor Eben S. Draper and the balance of the state ticket in their present positions, their victory by a margin of 8,000 votes in a total of 370,000, was too close for comfort. The election was the closest in this state since 1892, when Wm. E. Russell was elected governor by the Democrats by a margin of only 2,500 votes. It was the narrowest victory in the history of the Republican party in Massachusetts. The Democrats also made gains in the legislature and today some of them went even so far as to predict a defeat of Senator Henry Cabot Lodge two years hence. San Francisco, Nov. 3.—After three years reform government, which followed the bribery graft disclosures in the Reuf and Schmitz union labor administration in 1907, San Francisco yesterday again chose a union labor administration by electing P. H. McCarthy mayor and district attorney. Charles M. Fickert district attorney. Opposed to Fickert was Francis J. Henry, who for three years has conducted the bribery graft prosecutions. Mr. Henry's defeat was decisive, his vote running behind that of W. H. Crockett, Republican, for mayor, and that of Dr. Leland Demorest, Democrat, for district attorney. Continuation of the graft prosecutions was the dominant issue. Mr. Henry promised, if elected, to carry it on with unabated vigor. Mr. Fickert asserts that he will prosecute only such of these cases as can probably be carried to a successful result.

GOUNCIL TODAY

Busy Session Promised—A Claim for Damages By Mr. and Mrs. Michael Wall

The monthly meeting of the common council this afternoon is likely to be a very busy session. The reports and recommendations from the various boards and committees are unusually heavy, and several matters are likely to provoke considerable discussion. A number of communications have been sent in to the council. Charles A. McDonald claims remuneration from the city for injuries to his clients, Mr. and Mrs. Michael Wall, by stepping into a hole in the sidewalk on Geo. street on Sept. 11.

Geo. R. Vincent, county secretary, writes that Councilman Barnhill, Curran and Fox have been appointed by the municipality to confer with a committee from the council to consider the question of severance in Lunenburg. He also states that a committee has been appointed to act with a committee from the council regarding the building of a city hall for the city and county offices and court offices. A. C. Sherwood applies for appointment as a constable.

Mrs. Hurd Peters acknowledges the receipt of a resolution on the death of her husband, the late city engineer. Resolutions for the issue of debentures for \$8,500 for the Milford water main and for \$21,000 for the construction of catch basins, will be considered. It is possible that the proposition for the establishment of a sugar refinery will be taken up, as it is felt that this matter should be disposed of as quickly as possible.

NEW DANCE MUSIC

Two new companion pieces of dance music have been received, entitled "Westfield Outing Association Two Step," and "The Gulf Club Militaire," composed by Byron C. Tapley. The title pages are arranged very tastefully, being printed in fire bronze and copper bronze in text and script. Of the music, Mr. Tapley's ability and talent are sufficient commendation. They should prove a welcome and valuable addition to the dance music this season.

BROUGHT WOMAN INTO HOUSE; TROUBLE THEN

William Guthroe Makes Lively Time in Erin Street—Fines of \$40 Struck Against Him

There was a lively time in Erin street last night, and as a result Wm. Guthroe, in the police court this morning, faced three distinct charges, on two of which he was fined \$20 each. He was charged with assaulting Mrs. Mary George Moses and her son, Salem Moses, in their home in Erin street and with breaking windows in Simon Moses' house, causing \$2 damage. This latter charge was stood aside for consideration.

Mrs. Moses testified that last night Guthroe, who has rented apartments in her house, brought into them a married woman named Scott and this procedure was strongly objected to, as Guthroe was said to be a married man with a family. On telling Guthroe of her objections, he became angry. Mrs. Moses said he was drunk at the time, and before she knew it he had choked her by the throat and throwing her to the ground, pounded her unmercifully. She exhibited a bruised countenance to bear out her evidence. Mrs. Moses said she called for help and her son Salem, came to her assistance. He is partially blind and was unable to aid her very much, breaking his spectacles. Salem was called to the stand and corroborated what his mother had said, but added more strongly that he had been willfully assaulted before the police arrived.

Simon Moses, another Syrian, bore out the complainant's story and added that Guthroe had pushed his hand through a pane of glass in his house, valued at \$2. He said that the prisoner threatened to throw a lighted lamp on the floor. Guthroe was fined \$20 on each charge of assault, but remanded on the count of breaking the windows. James Almon and Thomas McAnulty were each fined \$8 for drunkenness.

THEIR 18th ANNIVERSARY

Clan Mackenzie Had An Enjoyable Celebration of Event Last Night

The members of Clan Mackenzie, O. S. C., met last evening in their hall, Odd-fellow's building, and spent a very pleasant social time in celebration of their eighteenth anniversary. Chief H. L. McGowan presided, and welcomed the gathering. Dr. J. R. McIntosh, president of St. Andrew's Society, and Joseph Murdoch delivered brief addresses.

An interesting programme was carried out, including the following: Mrs. Marion Campbell, character song; Mrs. Jamieson, Scotch reading; Rev. L. A. McLean, vocal solo; Wm. Robertson, piano solo; S. J. McGowan, vocal solo; J. D. Gordon, song; C. K. Cameron, song; John H. McLeod, sword dance; Macdonald and Willett, Highland fling; Mrs. Harding was accompanist.

After the programme several Scotch sets were danced by those present, and the gathering closed with the singing of Auld Lang Syne.

PUMPING WATER OUT OF SCHOONER LAVONIA

With the powerful steam pumps of the tug Togo steadily lowering the water in the hold of the schooner Lavonia, which hit on "The Sisters" at Sambro, on Sunday morning, and was subsequently beached in Mill Cove, is now at Book's wharf, Dartmouth, discharging her cargo of hard coal. When this is completed, the schooner will be put on the Dartmouth slip, examined and repaired. All Sunday night the Togo worked at the schooner. When beached the Lavonia's decks were under water, but gradually the pumps gained on the mastery and the schooner steadily lightened.

Captain Atkinson expressed surprise that the vessel did not founder before assistance reached her. After wearing her off the shoals, the vessel began to fill rapidly. Every man who could be spared was put on the pumps but the water rose rapidly as the vessel slowly made her way up the harbor, with her ensign at the foremast, down as a distress signal. When the Togo ran alongside, the decks were almost awash and the crew expected the vessel to go down almost at any moment. The Togo's pumps reduced the water somewhat but they broke down and when the vessel was beached, with the aid of the Scoteman, the water was lapping over her decks again.

The Domes of Silence, or Patent Invisible Castors

Bright little steel domes, which enable all furniture to glide softly, silently and smoothly over carpets or any kind of flooring. They are quite different from the old unsatisfactory wheel castors, which, as a rule, are only used for heavy armchairs and sofas and may be fitted in an instant to any kind of furniture.

They are the most delightfully comfortable when used on all chairs and tables and are marvellously effective for Cabinets and Heavy Wardrobes.

They have no wheels, and need no screws or nails. The housewife can apply them herself with a gentle touch of the hammer. For heavy furniture, if placed underneath, the weight alone fixes them permanently in position.

Try a set on your dining-room chairs. Per set of 4, 15c.
