SUPREME COUNCIL'S REPLY TO WILSON'S NOTE TO BE HELD SECRET FOR PRESENT

Washington Not Willing to Add a Possible Complication to Situation in Italy by Giving Publicity to Communication.

DID NOT CONSULT UNITED STATES

When Plans Were Modified Regarding Adriatic and Thereupon Pres. Wilson Picks up the "Big Stick."

Washington, D. C., Feb. 17.—Whether the Supreme Council's reply to President Wilson's note will be made public has not been decided. The President's communication has been withheld since taking the view that they did not wish to add a possible complication to the situation in Italy, or any country, by giving publicity to the changes in advance of an entire agreement between the principals. The original agreement, arrived in Paris on December 9th, was handed to the Italian Foreign Minister December 12, and was described by former Premier Clemenceau in the French Chamber of Deputies as a joint agreement between Great Britain, France and the United States. Early in January after the American Peace delegates had returned home, and the United States was represented at the meetings by Ambassador Wallace in the capacity of an observer, there was a meeting of the Supreme Council in which Premier Lloyd George stated some modifications had been made in the original plan of Dec. 9, and on January 14, it was stated that Premier Nitti, of Italy, had accepted the revised plan. The agreement then was communicated to Jugo-Slavia in the form of an ultimatum, and while Ambassador Wallace communicated the fact to the State Department, the American Government was not consulted about the changes. The United States at the end of January notified the Supreme Council that its position regarding the matter was unchanged.

Meanwhile, the Jugo-Slavs protested against the settlement and the time allowed them for a final reply was extended. On February 10th the President's note was despatched and in it the Entente Powers were told that the United States would have to consider what its position would be if the President's note was despatched and in it the Adriatic question without consulting it.

When the negotiations on the Adriatic question were initiated, it was clear there was an understanding that all matters relating to this question should be settled through negotiation between the Foreign Offices of all the powers represented on the Supreme Council at Paris.

While the American notes are withheld, it is known that they establish the Entente's contention that the transfer to Italy of the "boardwalk" along the Adriatic from Trieste to Fiume and the possession of most of Dalmatia would not be accepted.

WLAND LIBERALS IN CONVENTION AT MONCTON

Unanimously Nominate A. B. Copp, M. P. as Candidate in Next Federal Contest—Pass Resolutions.

Moncton, N. B., Feb. 17.—Westmorland County Liberals, in convention here today, unanimously nominated A. B. Copp, of Sackville, as their candidate in the next Federal contest. Mr. Copp accepted.

A number of resolutions were passed, including one expressing regret at the passing of the late Sir Wilfrid Laurier, another expressing confidence in the leadership of Hon. W. L. Mackenzie King, also in the work of the Provincial Government under the leadership of Hon. W. E. Foster. Resolutions were also adopted welcoming the advent of women into politics; expressing disapproval of the present Federal Government's "lack of policy" towards the alleviation of labor unrest. The convention also passed a resolution regretting the illness of John T. Hawke, editor and proprietor of the Moncton Transcript. James McQueen, barrister, of Shediac, president of the Westmorland County Liberal Association, presided.

Over 11,000 Cases of Influenza in Ontario So Far in February

Toronto, Feb. 17.—During the month of February to date 11,150 cases of influenza have been reported in the Province of Ontario, with 529 deaths from influenza and pneumonia, and 388 deaths from primary pneumonia. It was stated at the Provincial Board of Health today. In the month of February, 1919, there were 819 deaths from these diseases, but in February last year the influenza epidemic was at its wane. "We may have reached the peak now," it was said by the statistician.

"The epidemic is general throughout the province from Prescott to Essex. Windsor has been hard hit with 75 deaths out of a population of thirty thousand."

Best Friends of Treaty Not Hopeful Of Agreement In U. S. Senate

Washington, Feb. 17.—The best friends of the Peace Treaty in Washington were not very hopeful tonight of the possibility of agreement between Republicans and Democrats in the Senate on the reservations. It looks as though we might come out at the same hole as we went in," was the description applied by Senator Hitchcock, Democratic leader in the Senate. He added that the Republicans evidently wished to avoid any compromise on the matter. On the other hand, he declared that there would be no ratification unless there was first a compromise. It is generally agreed that the debate will be allowed to run its full course without any effort to hasten a roll call on ratification. No progress was made today towards a vote on the first of the proposed modifications of the Republican reservations, the entire day being occupied in talk on other features of the Treaty.

PRODUCE AND SAVE ADVICE OF DR. ROBERTSON

Deals With Questions of Marketing and Other Economic Conditions of Interest to Canada.

Montreal, Feb. 17.—(Canadian Press.)—Addressing members of the Board of Trade here today, Dr. J. W. Robertson, C. M. G., former Fuel Controller for Canada, dwelt exhaustively with the subject of marketing and other economic conditions of interest to Canada resulting from the Peace Conference. Stressing the need for greater production in Canada, he said that it would probably take about two years for the production of breadstuffs to meet the world's requirements and leave over a moderate reserve as security against scarcity the following year.

He stated that on all wheat bought by Great Britain in Canada from the crops in 1918 and 1919 there was an average loss to the United Kingdom of probably over 75 cents a bushel.

One of the primary causes of the high cost of living, he said, was that there are not enough of the necessary commodities to go around and because of the fear that there will not be enough to meet demands. The remedy was to produce and save.

THE PARLIAMENT BUILDINGS MAY NOT BE READY

Some Doubt as to Whether Opening Session Will be in the New Quarters.

Ottawa, Ont., Feb. 17.—Some doubt has been expressed by members of Parliament coming to Ottawa in the last few days that the new Parliament Buildings would be ready to house the session which opens on February 26. "Sir George Foster, acting Prime Minister, however, stated that he had no reason to believe that the opening of Parliament would be delayed for such a reason. The office of the leader of the opposition, Hon. W. L. Mackenzie King, will be moved to the new building at the end of this week."

MONTREAL PRESS EMBARRASSED BY PAPER SHORTAGE

Montreal, Que., Feb. 17.—The Montreal Herald today makes the announcement: "Refusal of some of the Canadian paper-makers to supply the Canadian market is causing serious embarrassment to some newspapers. Unless the situation is relieved within the next day or two the trade will be forced to suspend publication. The first papers to suspend as a result of the paper combine were the Winnipeg papers, but the results of the suspension to them were not so serious as they will be to the Herald. Although the Herald will have a claim for damages this will not repair the injury."

URGES U. S. GOV'T TO CONTROL R. R.'S TWO YEARS LONGER

Washington, Feb. 17.—Urging the Federal operation of the U. S. railroads for at least two years more, P. M. Jewell, acting President of the Railway Employees Department of the American Federation of Labor, in a letter to members of Congress today declared that the return of the roads to private ownership at this time will lead inevitably to bankruptcy with the possible further result of a national panic and worldwide bankruptcy. "For two years," he wrote, "traffic has been sent over selected roads. A great part of the mileage of the country is not earning operating expenses and fixing charges. Receiverships are inevitable if the railroads are unscrambled and each text to shift for itself."

The letter was signed by heads of 14 railroad unions including the four big brotherhoods, who have been acting as a unit for government ownership as an alternative. Reversion to private ownership, the letter said, would mean an increase in rates of 25 to 50 per cent, an addition of a billion dollars a year.

REFUSES TO GIVE INFORMATION ON PEACE TALKS

Bonar Law Declines to Answer Questions in Parliament Relative to Peace Conference Discussions.

London, Feb. 17.—Information on questions pending before the Peace Conference was refused in the House by Andrew Bonar Law, the Government leader.

Bonar Law's refusal came after Lord Robert Cecil had asked whether it was true, as reported in the press, that the Allies had abandoned their demands for the surrender of German criminals; whether it was true that a note had been received from the United States expressing dissent from the proposal of the Allies for settlement of the Adriatic question, and complaining that the United States had not been consulted before such proposals were made; and whether it was true that the Allies had decided to leave the Turks in possession of Constantinople and a large part of Armenia, including Cilicia.

In reply, Bonar Law said that he must ask the House not to expect an answer at present to any questions under consideration by the Peace Conference from day to day. He declared that premature publication of discussions of part of the settlement dealing with the peace as a whole could have no other effect than to make the work of the Peace Conference more difficult.

Regarding the demand for surrender of war criminals, Mr. Law said that the German Government, and this would be published as soon as it was known that it had reached the German Government.

QUESTIONS PUT BY LORD ROBERT CECIL

Gov't Spokesman Regards the Publication of Conference Happenings Now Would Work Ill-Results.

London, Feb. 17.—Information on questions pending before the Peace Conference was refused in the House by Andrew Bonar Law, the Government leader.

NO BIDDERS AT AUCTION OF FORMER GERMAN VESSELS

Washington, Feb. 17.—Chairman Jones, of the Senate Commerce Committee, introduced a bill, today, prohibiting the sale of former German liners until Congress passes legislation governing their disposition and instructing the Shipping Board to place the vessels in first-class repair. The bill was referred to the Commerce Committee.

Contrary to expectation, only one bid for any of the thirty former German liners was received today when the Shipping Board auction to receive competitive offers was resumed, with the ships offered one at a time. A bid of \$550,000 for the *Otago*, by E. J. Roberts, Acme Operating Corporation, New York, was the only one made for the nineteen steamers offered. Commissioner Scott then asked if there was any desire to bid further on groups of vessels, and closed the auction when no offers were coming forth.

CHICAGO GANGLAND GIVEN SEVERE JOLT BY COURT RESULTS

Death Penalty to be Asked in Every Case Where Indictments Have Been Returned Against Enright's Slayers.

Chicago, Feb. 17.—Chicago's gang world has not recovered from the murder of "Mokey" Enright, king of gunmen received two more shocks today. A grand jury returned four indictments charging murder in the first degree in connection with Enright's death, and the state announced it would ask the death penalty in every case. Two of those indicted, Peter Tim Murray, former secretary to Congressman McDermott, and one-time member of the Illinois legislature, and Mike Carozzo are both presidents of Chicago unions.

The second shock came when John O'Brien, sentenced to hang Friday for the murder of Policeman Richard Burke, appealed to Governor Lowden and the State Pardons Board to save him, and offered to reveal the secrets of gangland in an effort to prove that he did not fire the shot that killed the patrolman. In his appeal O'Brien charged he took blame to save a relative of Enright, who promised to get O'Brien off with not more than two year sentence. Even after this conviction, O'Brien says, Enright insisted he could get a pardon, but with the gang leader murdered, and the sheriff preparing to hang O'Brien Friday in the presence of 300 prisoners, as an object lesson, the convicted has given "up hope in his former friend's efforts."

WILLIAM IVENS BEING TRIED ON CONTEMPT CHARGE

Alleged to Have Remarkd That Russell Had Been Tried by "Poisoned Jury, Poisoned Jury and Given Poisoned Sentence."

Winnipeg, Man., Feb. 17.—(Canadian Press.)—The contempt of court proceedings against Wm. Ivens, of the seven strike leaders accused of seditious conspiracy, will be opened at 10 o'clock tomorrow.

Today Mr. Justice Metcalfe gave Ivens liberty to leave the court and complete his task of showing cause why he should not be convicted of contempt of court, for, among other things, saying, as alleged, that E. B. Russell had been tried by "poisoned jury and a poisoned judge, and had been given a poisoned sentence."

The cross-examination of George Lovett, police member of the strike committee, was concluded.

\$25,000 Garage Fire Occurs At Halifax

Charlottetown, P. E. I., Feb. 17.—The damage by fire in Arthur Campbell's garage, yesterday, is estimated at about \$25,000, as follows: Building and equipment, \$18,000, and automobiles, \$15,000. Six cars were totally destroyed, and nine partially. The loss is partly covered by insurance.

British And Italian Operations Against Mad Mullah Successful

London, Feb. 17.—The combined operations of the British and Italians with tanks and aircraft against the "Mad Mullah in Abyssinia" have been very successful. The enemy was heavily defeated and the operations have been virtually concluded, but the Mad Mullah escaped.

The Mad Mullah has recently been preaching a holy war, according to the Somali tribes, and during the recent war continually receded the country, necessitating the maintenance of a garrison by the Italians. The Colonial Under-Secretary announced today in the House of Commons that the Derwishes had been attacked by airplanes in Somaliland, that the Mullah had escaped, but his positions were captured with much booty, and the power of the Derwishes had been entirely destroyed.

CANADA MUST ACT INDEPENDENT OF UNITED STATES

Speaker Before Board of Trade, Halifax, Delivers Fervid Address on Trade Matters in Dominion.

Halifax, N. S., Feb. 17.—(By the Canadian Press.)—At the Board of Trade rooms, this afternoon, Mr. Hance J. Logan, ex-M. P., delivered a fervid and comprehensive address on the restriction of the British preference to goods brought through Canadian ports, before a large number of Halifax business men.

Mr. Logan first spoke of the need of cooperation between the Maritime Provinces; then he passed to the theme which he has energetically and consistently advocated for years. He advanced a number of reasons for the restriction of the preference; the advisability of increasing western freight traffic, thereby lowering east-bound shipping rates; the desirability of developing Canadian ports and stimulating industry, and a number of others.

Among them was the British ignorance of Canadian harbor facilities, and Mr. Logan cited a British firm which believed that all Canadian ports were ice-bound in winter. The only objection of importance was the belief that such action might irritate the United States, and he pointed out this idea, and claimed that it was merely following the policy of the country below the line. He said that Canada must assert her independence of the United States, and denounce the exchange situation as unfair punishment upon Canada for having fought for the liberty of the United States. To hesitate such a score would be derogatory to the dignity of the Dominion.

ST. JOHN GIRL HELD IN BOSTON ON THEFT CHARGE

Boston, Mass., Feb. 17.—Charged with the larceny of a fur coat, valued at \$235 and \$42 in money, Miss Lucie McKay Hayes of St. John, N. B., at present stopping at a lodging house on Tremont street, was arrested this afternoon by Inspector McNabb of Division 16.

According to the story told, Miss McKay Hayes of 461 Massachusetts Ave., attended the policeman's hall in Mechanics' Hall about two weeks ago. She did not intend to remain long, but had an invitation to dance, which she accepted. She removed her fur coat, placed it on a chair in front of the orchestra, and joined the dance. The money was in a pocketbook in the coat. When she returned to get her coat, it was not to be found. She reported the larceny to station 16, and Special Officer McNabb was assigned to the case. Learning from Miss Hayes' landlady that the former had a new fur coat, Inspector McNabb visited her room this afternoon. At first she denied any knowledge of the coat, but when arrested and lodged in station 16, the young woman told the officers where the article might be found, stating that she found the coat on a fence on Huntington Ave. Later the young woman told her story at police headquarters. The Standard correspondent being present, Miss Hayes, answering a few queries of the Standard man, stated that she came here from St. John three weeks ago, having formerly held a position as a stenographer with the Cornwall and York Cotton Mills Company, Ltd., a position she had held since her graduation from the Carri Business College, at St. John. She will appear before Judge Duff of the Municipal Court in the morning.

INDICTMENTS RETURNED AGAINST N. Y. BOND THIEVES

Revelations of Those Arrested Give Promise of the Solution of the Mysterious Murder of One Messenger.

New York, Feb. 17.—Seven indictments were returned today against the thefts of millions of dollars worth of bonds in the financial district by brokers' messengers and others. Five of those indicted were already under arrest. Edward J. Furry, a chauffeur, Canada must assert her independence of a solution of the mysterious murder of one messenger and Irving and Joseph Gluck and Rudolph and Herbert Duners, brothers who were employed as messengers. The names of the other two indicted were withheld pending arrests.

ALTA. ASSEMBLY OPENED YESTERDAY

Most Important Legislation Forecast by Speech from Throne.

Edmonton, Alta., Feb. 17.—The completion of three new schools of agriculture, provision for the public institution of an educational character and provision for large additional expenditures for telephone extensions of the Province were among the most important announcements contained in the speech from the throne, which was read before a notable gathering by Lieutenant-Governor R. L. Brett at the opening of the third session of the Fourth Legislative Assembly of the Province this afternoon.

Actual and Prospective Increase In Prices Announced in England

London, Feb. 17.—An actual and prospective increase in prices announced today include one penny to two pence increase on cigars and an ounce of tobacco, and a half penny increase on a package of ten cigarettes. Sewing cotton is increased 2-3-4 a real. The recent increase in the petrol, which caused a day's strike of taxicab drivers, is expected to bring an announcement of higher fare tomorrow, when the home secretary will receive a deputation representing the taxmen. The postal employees demand higher wages also involving an aggregate of about £11,000,000 yearly, and it is expected that a half penny extra will be placed on letter postage.

TEACHERS WAGE IN CANADA MUST BE INCREASED

Nation-Wide Propaganda to be Undertaken Looking Towards Better Conditions for the Teaching Profession.

TO MAKE CANADA FEEL RESPONSIBILITY

Salaries So Small There is No Inducement for Men and Women to Enter the Noble Profession.

Ottawa, Feb. 17.—(Canadian Press.)—That the teaching profession all over Canada should be better paid, thus taking away all inducement to those who would otherwise devote their lives to it, and that a nationwide propaganda should be instituted to offset this condition, as well as to awaken public interest in the fundamentally important nature of the teaching profession as the basis of national advancement, were some of the features of today's opening session of the National Council of Education. A committee of three was appointed to bring in a report on how best such a campaign can be undertaken. This committee will report before the close of the conference Thursday night.

Dr. McMillan, of Charlottetown, P. E. I., made an impassioned appeal for a propaganda which would stir the people of Canada to a sense of their obligations towards teaching as a profession. "Teachers' salaries are too small in all provinces," he declared, "and there is no inducement to men or women to give up their lives to this noble profession." Next to the clergy, the teacher had more to do than any other person with the future moral and spiritual welfare of the race, he added.

Today's proceedings, after organization had been completed, were devoted entirely to drafting resolutions designed to better the status of the teaching profession and to secure for children a better chance of being taught the fundamentals of good citizenship before they begin to earn their own living.

BRITISH LABOR LEADERS OPPOSE ELECTION NOW

General Election at This Time Would Not be in the Best Interests of the Labor Party.

London, Feb. 17.—By Canadian Press.—The Westminster Gazette, Liberal, says that responsible labor leaders are agreed that a general election at the present time will not be in the best interests of the party, and that every month the election can be delayed within the next two years is likely to benefit them. It is added that the extreme section represented by such men as Smilie, the miners leader, are coming also to this view.

No Relief in Sight From Sugar Shortage

Ottawa, Feb. 17.—There is no immediate prospect of a respite in the sugar shortage throughout Canada. It is learned today that February output in domestic plants is still below normal. Some of the plants are still closed as a result of alterations in machinery made necessary by the change from beet to cane milling, and the dock strikes in Cuba still interfere with the import of raw sugar.

Snow Blockade in Northern New York Broken

Syracuse, N. Y., Feb. 17.—The snow blockade in Northern New York, which has blocked transportation for more than 48 hours, was broken tonight.

S.P.C. Annual Meeting Yesterday

Reports Received Showing Work Accomplished During the Year—Officers Were Elected.

The annual meeting of the S. P. C. was held yesterday afternoon with the President, D. C. Clinch in the chair. The secretary and agent submitted the following tabular report of the past year's work:

Horses removed from work for lameness \$28
Sore under harness 11
Units for work 31

Horses, owners and others out-looked for

Overloading 39
Overworking 35
Overdriving 35
Lameness 115
Irritated 118
High check 154
Sore under harness 5
Thin in flesh 8
Neglect to blanket 32
Destroyed 22

Cattle and other stock

Irritated 119
Tied down 4
Neglected 28
Shipments 73

Other animals

Dogs irritated 8
Cats irritated 6
Dogs destroyed 6

Children and others

Children irritated 17
Children neglected 13
Women neglected 9
Women irritated 6

Total 434

Cases taken to court, included in above:

Irritating and overdriving horses 1, fined \$50.
Irritating and overworking horses 1, fined \$25.
Irritating and injuring horses 3, fined \$1 each and one week in jail.
Irritating horse 1, admonished by court. Total 6.

The secretary in his report spoke of the great loss on the death of the late President, Lillian Hazen, and by the excellent work of the new President, D. C. Clinch. He also extended thanks to ladies who established the Animal Rescue League; to J. King Kelley as legal counsel, and Dr. G. R. Bowyer, V. S., also to chief of police and officers for assistance.

A report from the Fredericton society, one from Harcourt, also New castle and Hillsboro were also received.

The sixth annual report from the Animal Rescue League was submitted by the secretary, Lillian Hazen, showing many cases that had been attended to during the year.

A strong plea was made at the meeting for the formation of S. P. C. branches, and the appointment of agents throughout the province. The secretary stated that among the cases he had on hand to deal with was one of cruelty to a horse in Willow Grove, and some half starved cattle at Millish.

The officers elected were as follows:

Patron—His Honor William Pugsley, Lieut. Governor.

President—D. Corleion Clinch.

Vice-presidents—W. L. Hamlin, Dr. Walker, W. Frank Hatheway, Judge J. R. Armstrong, A. M. Belland, F. B. Ellis, Hon. J. E. Wilson, Miss E. Agor, John B. McIntyre, Dr. J. M. Magee, H. A. Powell, K. C. H. P. Hayward.

Executive—W. S. Fisher, G. O. Dickson, O. J. Bell, C. H. Ferguson, Hon. J. B. M. Baxter, Mrs. C. J. Coster, Mrs. Thomas Walker, Mrs. J. V. Ellis, Mrs. W. P. B. Paterson, Miss Lillian Hazen, Miss A. M. Grey and Miss Isabel Roling.

Secretary—W. L. Hamlin.

Treasurer—W. L. Hamlin.

Counsel—J. King Kelley, K. C. Veterinary Surgeon—Dr. T. Fred Johnson and Dr. L. A. Donovan.

WINDSOR CHAPTER I. O. D. E. MEETING

It was reported at a meeting of the Windsor Chapter I. O. D. E., held last evening that the dance held recently under the auspices of the members had cleared the sum of \$75. A donation of \$50 was voted to the High School Alumni War Memorial. Plans were made for another dance to be given shortly. Miss Gertrude Lawson, hostess, presided at last evening's meeting which was held at the residence of Miss Lois Fraser, West Side.

Had To Go To Bed Headaches So Bad

Milburn's Laxa-Liver Pills Made Her Well.

When your liver gets sluggish and inactive, your whole health suffers. Your bowels become constipated, your head aches, your tongue is coated, breath bad, specks float before the eyes, you are bilious, have heartburn, water-brash, pain under the right shoulder, audibly and brown spotted complexion, etc.

Help the liver to resume its proper functions by removing the bile that is circulating in the blood and poisoning the system.

Mrs. E. Bainbridge, 30 Maple Ave., Amherst, N. S. writes:—"I take pleasure in writing you of the good I have received by using Milburn's Laxa-Liver Pills for headaches. I was so bad I had to go to bed, and could not sit up. A friend told me about your wonderful medicine, and two vials have made me as well as I can be."

Milburn's Laxa-Liver Pills are small and easy to take, do not grip, weaken or sicken do not leave any bad after-effects. Price 25c a vial at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

Moncton

Moncton, Feb. 15.—Capt. and Mrs. Irving of Sunny Brae are leaving their son, Rev. Stephen Irving at Cayley, Alberta.

Miss Mahoney, daughter of Hon. P. O. Mahoney of Montreal, are guests of Mr. and Mrs. J. A. Geary, Botsford street.

Miss K. McDermott, who has taken over the J. J. McDonald Co., left this week on an extended business trip to Boston, New York and Upper Canadian cities.

Mr. and Mrs. Percy Wilbur of Sussex, were recent visitors in this city. Mrs. Smith of Halifax, is spending a few days in this city, having been called here owing to the illness of her father, Judge Steves.

Mr. Jack McWeeney left on Sunday on a business trip to Montreal, Toronto, New York and Boston.

Messrs. Roy Crossman and William Guy of Mount Allison University, are also guests of Mr. J. Reginald Barracough, Queen street.

Mr. and Mrs. A. E. McWeeney, left this week on a trip to Montreal, Toronto and Upper Canadian cities.

Mr. W. H. Pakke of Quebec, is in the city on a business trip.

Mr. L. B. McDermott, left this week on a business trip to Bathurst, Campbellton and Newcastle.

Miss Mildred Hinton of Summerside, P. E. I., was a recent guest at the home of Mr. L. B. McDermott.

Miss Lillian Hinton left for Calgary to visit her sister, Mrs. D. Robertson. George Linkletter and daughter, Miss Lillian, left this week for Montreal and Toronto on a business trip in connection with the Canada Ry. News.

Mr. Frank Moore of the General Passenger Agent's Office in Toronto and Western Canada, is spending a few weeks at his home here.

Dr. Fred G. Thomson has arrived in the city from Boston to attend the funeral of his sister, Miss Jessie Thomson.

Mr. H. E. Johnston left on Friday for Chatham to spend a few days.

Mr. Fred A. Lano of P. B. McCardy's Office in this city, left on Friday for Montreal, where he has been transferred.

Mrs. B. G. Pearson and Mrs. Percy Moore of St. John, were recent guests of their sister, Mrs. Robert DeWitt.

Mr. E. C. Elliot has been appointed District Passenger Agent of the Grand Trunk, to succeed Mr. Quinlan, with office at Bonaventure Station, Montreal.

BAGDAD
Bagdad, Feb. 11.—Mrs. Panjoy, who was operated on for ruptured appendix by Dr. Casswell, of Gagetown, and Dr. Hetherington, of Cole's Island, in December, 1919, is gaining slowly.

Mr. Blain Stridwell and Frederick Carton, of Union Settlement, were visiting friends in this place.

Friends of Miss Clara Jeffrey are sorry to hear of her illness. She is under the careful attention of Dr. Hetherington of Cole's Island, and it is hoped she will soon recover.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. "Mother! You must say 'California'."

WEDDINGS

Armstrong-Guild.
John Herbert Guild, of the city water and sewerage department and Miss Jennie Winifred Armstrong, daughter of Mr. and Mrs. George Armstrong, of Armstrong's Corner, Wolsford, were united in marriage by the Rev. R. P. McKim, at St. Luke's rectory last evening. The bride was assisted by her sister, Elvira Armstrong, and the groom had the support of Charles A. Donald. The happy couple after a honeymoon trip will reside at 33 Cranston avenue.

Mr. Guild was a member of the 9th Siege Battery and saw considerable service in France.

Salisbury

Salisbury, Feb. 16.—The teachers and pupils of the Salisbury Superior School held a picnic social here on Friday evening, Feb. 13th in the United Baptist Hall. Proceeds, which were in the vicinity of fifty dollars, are to be used for a school library. The pupils of the Intermediate Department, under the direction of their teacher, Miss Cozue P. Tingey, furnished a programme of dialogues, recitations, etc. in spite of the most unfavorable condition of the weather and roads, quite a number were in attendance.

The financial drive in connection with the Inter-Church Forward Movement is receiving splendid support here. Three days' canvass shows all three churches—Baptist, Episcopal and Methodist, over the top, with their objectives.

Miss Spicer, of Apple River, N. S., who has been the guest of Mr. and Mrs. Thos. Taylor for several weeks, has returned to her home.

Mr. John B. Gaynor, travelling salesman of Torrington, Conn., who is making his regular semi-annual Canadian trip in the interests of his firm, is spending several days, at his old home in Salisbury, and meeting with a cordial welcome from old friends. He is the guest of his father and sisters, Postmaster George W. Gaynor and the Misses Margaret and Josephine Gaynor.

Miss Helen Wheaton, who has been ill at her home here for a few days returned to Moncton this week and has resumed her duties at the General Offices.

The many friends of Miss G. Allison Trites regret to learn that she and her little sons, are confined to their home here owing to an attack of influenza. Dr. H. A. Jones of Moncton is in attendance.

Miss Laura P. Lingley is spending the week-end at her home in Petticoat.

Mr. James McWilliam and Miss Annie McWilliam, went to Moncton on Friday to attend the funeral of their relative, Mr. Sam West.

Mr. Amos Wortman, of Bangor, Me., is visiting at the home of his parents here, Mr. and Mrs. Miles Wortman.

Mrs. A. W. Reeder, who has been quite ill for some time, has fully recovered.

Much credit is due the C. N. R. for the service given the public on the Salisbury and Albert branch this winter.

ter. In spite of the heavy storms traffic has been open continuously and the road is now in good condition.

Squeezed.
The editor received this letter from a fresh youth: "Kindly tell me why a girl always closes her eyes when a fellow kisses her."

To which the editor replied: "If you send us your photograph we may be able to tell you the reason."

Or a Howling Wilderness.
"Now that you have heard my daughter, where would you advise her to go to take singing lessons?"

"To a thinly populated district."

GALEANT TEMPER.
(Calgary Herald.)
Liberals, Conservatives and Unionists have all tried to settle Ireland's trouble and failed. Now the Labor party is to take a hand. The Labor men are to be commended for their bravery, at any rate.

PILES

Do not suffer another day with itching, burning, bleeding piles. No surgical operation required. Write for a sample box free if you mention this paper and enclose 10c stamp to pay postage.

Dr. Chase's Ointment will relieve you at once and as certainly cure you. See a post all dealers, or Edmondson, Bates & Co., Ltd., Toronto. Sample box free if you mention this paper and enclose 10c stamp to pay postage.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of
Chas. H. Fletcher
In Use For Over 30 Years

THE CENTAUR COMPANY, NEW YORK CITY

Does your work include ditching? Buy a Keystone!

THE Keystone Excavator Model 4 has a capacity of 150 to 300 cubic yds. per day at ditch work, and it digs down to 18 feet. Its powerful drag-line action eats up the ground. Hand labor isn't in its class. Does faster work. Replaces 30 to 100 pick and shovel men. Rapid back-filling in Keystone work too.

Same equipment will handle cellar digging. The Keystone stays on the level. "Takes the cellar with it," drag-line fashion. No teams in excavation.

Different scoops may be secured for different duties—they are quickly changed. Suitable for Ditching and Filling, Road Grading, Side Hill work, Car Loading, etc.

Weight 12 tons. Immense strength. Easily handled. 32 h.p. steam engine. It travels. It digs. Pays for itself in short order.

Six years in use. Made and guaranteed in Canada. Price—moderate. Write for our illustrated Bulletin today.

ENGINEERING & MACHINE WORKS OF CANADA,
ST. CATHARINES, ONT. LIMITED

KEYSTONE EXCAVATOR MODEL 4

Get Your Money's Worth

Hearing The New Edison for the first time is like opening the blinds to the sunlight.

You expect to hear the familiar "talking machine tone."

Instead—there pours forth the voice, or the music of the instrument, in all its natural beauty—pure and full, and indistinguishable from the living artist.

When you choose an Edison RE-CREATION, you receive the actual voice of the artist or his masterly instrumental performance—nothing more, nothing less.

We know that when you select an Edison RE-CREATION, you are getting your full money's worth because we have proof.

Two thousand musical critics have endorsed our claim that

The NEW EDISON

"The Phonograph with a Soul"

RE-CREATES the human voice and the music of human played instruments without the slightest deviation from the original.

"What the Critics Say," tells the story completely. Ask for a copy; and also for our beautiful new book "Edison and Music" when you come to hear the New Edison.

ST. JOHN, N. B., WEDNESDAY, FEBRUARY 18, 1920

IMMIGRATION.

Commissioner Lamb, of the Salvation Army, says there are great numbers of people in the Mother Country who are anxious to emigrate. He complains that the Canadian officials in England are discouraging emigration to Canada at present, and that as a consequence those who wish to go abroad are turning their attention to Australia. An opinion expressed by Mr. Lamb deserves consideration; no says that agricultural laborers in England are not now disposed to come to Canada, as, with the breaking up of the great estates, they hope to go in for farming at home. For years it has been the policy of the Canadian Government to encourage the immigration of people willing to go on the land, but no particular inducements have been held out to industrial workers to come here. That being so, there is no particular reason to reverse the policy simply because Commissioner Lamb thinks that the attitude of Canadian officials in England is developing some unkind feelings among those who wish to escape from the Old Country. There are in our cities this winter quite a number of returned soldiers out of employment, and until they are provided for there is no good reason to encourage immigration which would increase the competition for jobs in this country.

The British Government would doubtless be glad to assist a movement to get rid of the half a million or so men who are now out of employment there. One thing that is making the British worker dangerous is the spectacle of hundreds of thousands of his fellows out of work and his fear of falling into the same predicament; his anger is aroused against a system of society which cannot find employment for all its workers except during a great war.

Commissioner Lamb says that there are tens of thousands of young girls in Britain anxious to migrate to Canada. It is suggested that they should be brought over to solve the domestic service problem, but probably a good deal of discrimination would have to be exercised to obtain that result.

FOREST FIRES.

If Hon. M. Smith succeeds in organizing a forestry service which will put a stop to forest fires there will be justification for his big increases in expenditures. Last year the destruction caused by forest fires in this Province amounted to \$139,700, according to officials of the forestry department, or about \$2,000 more than was spent on the whole forestry service.

Thirty-nine neglected settlers' clearing fires caused a damage of \$54,363, or 39 per cent. of the total damage for the entire province. The neglected camp fires of fishermen, hunters, campers and picnic parties caused a damage of \$46,351, or one-third of the total.

Another \$14,250 of damage was caused by the careless use of fire by industrial operators, such as portable mills, open burners, roasting plants, etc.

Incidinary forest fires totalled seven, with damage aggregating \$12,770; and 17 fires of unknown origin, with estimated damage \$7,640.

There were 306 railway fires, but most of them were of no material importance. The total damage caused by these fires was but \$1,340, or only three per cent. of the total for the Province. Of this amount, \$4,230 of the damage was caused by fires along the Canadian Government Railways, which are not under the jurisdiction of the Board of Railway Commissioners. Lines in the Province under the jurisdiction of the Railway Commission caused only \$110 of damage by forest fires during the year.

A TALE OF TWO CITIES.

London, Ontario, claims to be the third city in Canada in point of wealth and population. "Canadian Municipal Statistics" for 1919-20 gives the population of London as 58,421, and of St. John as 56,000. The same publication gives the area of London as 6,302 acres, and of St. John as 12,440 acres. London now claims a population of 59,100, and St. John of 60,000. The following comparative figures relating to last year are of interest:

Total assessment	\$44,121,915	\$46,010,510
Taxable land	17,017,027	
Taxable buildings	22,789,800	
Exemption	20,686,436	
Income assessment	7,500,000	
Income assessment	2,569,335	14,987,350
Tax rate	2.25	2.62

London's business assessment was \$3,849,117; St. John's assessment on personal estate, mostly stock-in-trade, was \$7,241,350.

Last year London's general tax rate was 20.65 mills and the school tax 11.85 mills. Its local improvement debt was \$630,868. Its revenue

from its public utilities, deducting operating expenses only, were \$311,268. The value of its municipal assets were \$653,933, its waterworks debentures were \$934,585; its electric light and power debentures were \$1,080,769. Its general debenture debt was \$7,574,520.

When we are told that landlords in St. John are over taxed it may be well to remember that landlords in London are paying on an assessment \$14,000,000 greater than in St. John, though the land area of that city is only about one-half the area of St. John.

As for income payers, in St. John they are paying on an assessment six times as great as in the Ontario city.

CANADA'S FIRE RECORD.

Canada keeps up its unenviable record of waste by fire. In 1919 the fire losses, according to official estimate, were \$23,500,000, or \$2.90 per capita. Here were 288 fires which caused losses of more than \$10,000. Fire underwriters attribute a great percentage of the losses to carelessness. Doubtless there is a certain carelessness in the construction of houses and factories; a communal carelessness which intensifies the consequences of individual carelessness. Apart from the great annual waste of the products of labor, the high rate of losses means high insurance. In European countries the fire waste is only a few cents per capita, even in the countries where the climatic conditions are somewhat similar. Movements begun to educate the people in habits of carefulness as regards fire should be continued on a greater scale. In some countries if the owner of a house in which a fire starts is convicted of carelessness he is liable to severe punishments if the fire spreads and does damage to his neighbor's properties.

Councillor Mosher told the County Council yesterday that the manager of a tanning company had made enquiries about a site for a tannery near St. John and found he would have to pay four times as much for land as he would have to do in Montreal. High prices for land are keeping manufacturers from locating at St. John, said the Councillor. Such a statement is astonishing. The city of St. John owns a lot of land, and doubtless would be glad to offer site for new industries for next to nothing. There would seem to be need of the Commercial Club's proposed survey of the situation with the object of finding out what suitable sites are available for industrial purposes.

In asking the County Council to send to Fredericton a bill requesting that the Parish of Lancaster be authorized to expropriate private property for industrial sites Councillor O'Brien painted a rosy picture of the future of Fairville. He pointed out that there were many fine sites for industrial enterprises along the line of the C. P. R. as it runs through Lancaster, and he intimated that Fairville was going to make a decisive move to induce manufacturers to realize their opportunities. The Lancaster councillors are exceedingly optimistic about Fairville's future, and they probably have reason, as the line of the C. P. R. may become a manufacturing district of importance.

The Telegraph wants nationalization of the harbor. The Globe wants to know what nationalization is anyway, and how long since it has been a policy of Canadian governments with respect to harbors. Probably Mr. King, the champion of national unity after the war, might be able to provide a definition of nationalization.

Probably the Board of Education will endeavor to secure moving pictures to instruct the young people in regard to Canada's part in the Great War. In Great Britain they are talking of introducing moving pictures in the schools, a method of making life interesting for school children which doubtless has great possibilities.

If the Provincial Government increases the stampage it may be able to meet that bank overdraft, but the revenue will have to be pretty buoyant to enable it to pay off last year's deficit as well, and give the Minister of Works a little leeway in spending.

Commissioner Fisher is making progress in clearing his streets, and he is not making half the noise about it that the Mayor of New York did. If ex-Commissioner McLellan runs for Mayor the elections are bound to be interesting. He has a faculty of making the people sit up and take notice.

WHAT THEY SAY

Exactly. (Atlanta Constitution.)
 What do the statisticians mean by

the "peak of high prices"—something upon which to impale the long-suffering "ultimate consumer".

Legal Fiction.

(Cleveland Plain Dealer.)
 A New York Judge has ruled that a dollar is still worth 100 cents in the eyes of the law. Now you know what is meant by a "legal fiction".

A Pessimist.

(Houston Post.)
 The combined debt of the world is now \$200,000,000,000. And when the world shall have finally paid this debt, grasshoppers will be wearing furs and frogs will be professors of Greek in the leading universities.

No Chance.

(Columbia Dispatch.)
 Probably no married man, no matter how well trained his hand and brain, is quick enough to take his knife and scrape up a small quantity of red raspberry jam, adulterated with rhubarb, from the luncheon cloth without getting caught.

IN THE EDITOR'S MAIL

Editor Daily Standard,
 St. John, N. B.

February 16, 1920.
 Dear Sir,—Reference to the article which appeared in the Daily Telegraph on Saturday, last, eulogizing the chief superintendent of education for the banning of the latest edition of Myers' History from the schools of the province.

The ground taken in this article seems to be that in the withdrawing of this book from the curriculum the authorities have fulfilled their duty and have removed all stigma of neglect from themselves. But the fact remains that the book was introduced into our schools for the study of our students just at the age when facts once learned are most apt to be assimilated. Moreover, the book was not ordered to be removed by the authorities, but by a storm of protest had been raised by the parents, and I am informed in many instances by the students themselves.

Now, how did the book get into the schools? There are only two ways in which this could have happened. Either it was introduced after having been read and authorized by the board, or else they did not read it. In the latter case they are quite as culpable as in the first. In the first case only a very regrettable error of judgment could be charged against them; in the second, the body who are supposed to oversee every textbook that goes into our schools have been so lamentably remiss in their duty that a history abounding in distortions of the true facts and gross historical inaccuracies has been put into the hands of those who in a very few years will be called upon to see that Canada occupies and retains her proper place in the family of nations.

If the board did not know what was in the book they have failed in this most important duty that was entrusted to them. If they are to be justified in his instance, who knows what books may eventually find their way into the hands of our students. It is up to the Board of Education to know what is in the books that go into our schools, and they must be made to realize that. The Telegraph speaks of a committee who are appointed for this purpose. Some of us would like to know where, in view of the wording of the Schools Act this committee derives its authority. Aside from that, surely at this time when history is being made every day these people could not have been so shortsighted as to believe that an American history would remain many months without an account of the war.

The statements that objection was raised because the book did not contain an appropriate reference to the deeds of the Canadians is an error. Objection is made to the fact that an

Benny's Note Book

BY LEE PAPE

Me and Leroy Shooter was getting on each side of the fire plug this afternoon and Sid Hunt turned around the corner with his fox terrier Teddy, which if you ever see one of them other ones and I sed, I bet he's going to tell us about some new trick he just tawt Teddy, wats you want to bet?
 G, I tell you lets wats do, lets kid him about Teddys tricks, and make him mad, sed Leroy.
 Wich we started to do wen he came up, Leroy Shooter saying, Hello Sid, have you tawt eddy any new tricks, can he stand on the end of his tale and wiggle his eers yet?
 Wich Teddy started to jump up on Leroy and make sniffs with his nose Leroy saying, wats he doing, Sid, is that a new trick, is he giving a imitation of a train coming into a station?
 Teddy jest keeping on making sniffs at him, and I sed, Have you tawt him to play a mouth organ yet, Sid?
 Aw, I know wats a matter with you fellows, youre jellies, thats wats a matter wich you fellows, sed Sid.
 Jellies, haw, haw, have you tawt him how to beet eggs with his tale and dance a jig at the same time? sed Leroy Shooter.
 Jellies, haw, haw, have you tawt him how to speak Spanish yet, Sid? I sed.
 He knows how to do mind reeding all rite, come heer, Teddy, sed Sid. Wich Teddy ran over to him and Sid sed, Reed sumbodys mind, Teddy. And he put his face down to Teddys face, saying, Wats that, Teddy, wats that, I cant hardly heer you—he says Leroy Shooter has sumthing to eat in his pocket.
 He's krazy, sed Leroy. But me and Sid quick grabbed him and scotched him and wats in his coat pocket but a half of a pretzil, and Leroy looked sorry he ever sed anything about Teddys tricks but he had to give us each a hunk onyways to prevent himself from looking stinky.
 Proving wat Teddy was making sniffs about.

(inaccurate version of the war is given, tending to produce the idea that the United States forces were the main factor in the war, and to belittle the achievements of Great Britain and her Allies.
 The argument that only a few copies of the book were sold is fatuous. At the beginning of the next school year copies would necessarily be sold by the hundred to students entering our high schools. So is the statement that it would be too expensive to banish the book completely. Far, far better drop the subject of history for the year than to expose our students to daily contact with this miserable effusion which has entered our schools stamped with the approval of what-over body that is at present prescribing our text-books. The authorities must look at this thing in its proper light. They must be made to realize that it is no trivial thing that at this time when all our students should be impressed with the matchless endurance and self sacrifice that saved Europe and mankind during four and a half years of war, with the wonderful exploits of British and French soldiers in the days when our American friends had not yet realized that there was a war on, and the important part played by Canada in the struggle, that the only history in use in our high schools should be one containing such venious and mischievous perversions as Myers' General History.
 It appears to be up to the Chief Superintendent of Education to issue a complete and lucid explanation of his position in this matter; and furthermore, to take such action that never again shall such an insult be offered to the teachers and students of our schools.
 Thanking you for your valuable space,
 Yours truly,
 R. E. MACLAUGHLAN,
 23 High street,
 St. John, N. B.

OBITUARY

William H. Horn
The death of William H. Horn, took place at his residence, 19 Elliott Row yesterday morning after a short illness, the deceased gentleman was a native of Great Yarmouth, Norfolk, England. He came to this country many years ago, and entered the employment of the well known firm of Daniel and Boyd, and continued with that firm until the closing of their business some few years since. He was connected with the firm of A. Miller and Company and at the closing of this business he entered the employ of Gordon McKay and Company of Toronto the large wholesale dry goods men and has represented that firm in the Maritime Provinces up to the time of his death.

His wife, formerly Miss Lina Nelson, predeceased him a few years since. The surviving relatives are one sister, residing in London, Eng. The Misses Bernice C. Mary L. and Isabella J. Nelson, residing at home, are nieces; there are also four nephews surviving, Charles L. of Halifax, Fred. E., of St. John, Otto and William Nelson, of Boston. The funeral services will be held on

Exhibit of Etchings At Art Club Rooms

Fine Display of Artist's Skill to be Seen at Rooms on Peel Street—Amateur Photographs Submitted in Standard's Contest Also on View

Those who visit the exhibition of etchings on view at the Art Club Rooms in Peel Street will be well rewarded. There are one hundred and twenty-five of these copper plate etchings all of which have some interest. They come from the Painters' Etchers' Society of Ontario and while a few will be remembered as having been shown here last year the recollection of those seen before is like the pleasure of once more viewing a familiar scene. Artists of our time are giving serious attention to the various reproductive processes—Engraving, Lithography and Etching. All these processes, originally invented through the genuine need of the artist, have been more or less abused and misapplied by commercial uses and in turn neglected by the artist.

It is the intention of the Painters' Etchers' Society, together with such new workers eventually elected to the Society, to continue and develop in Canada the great tradition of the artist's spirit in its many phases—the traditional born of such men as Durer, Holbein, Rembrandt, the great Japanese, Hokusai, Hiroshige.

Among the very beautiful etchings may be mentioned: "The Storm" and "The Birch Tree" by Major Ernest Fosberry, "Ponte Vecchio," "Tiziano," "Child with a Doll" by Dorothy Stevens, "Morning," by A. Phillips, "Woodland Brook" by John W. Coffin, "The Game," by T. G. Greene, "Fishing," by W. W. Alexander, "The Canals," by Wm. J. Thompson, "The Dutch Homestead," by W. R. Stark and Winter Scenes by E. Laur.

Among these the work of E. Laur will be noticed for its softness of treatment and the beauty of the scenes depicted. In the "Child with a Doll" of Dorothy Stevens the artist's made on tinted paper the artist's forward adding a few touches of color with a very fine effect. Another colored print made from blocks of wood and called "The Pathway of Gold," shows a curious treatment. Some landscape pictures by G. A. Reid are made; it was explained by an expert, with a rapid sketch executed in printer's ink on glass. The brush used is the artist's finger. The pictures are "The Bell Ringer," "Man's Head," and others are interesting examples of what is called a monotype.

Fred Haines of Thornhill, Ont., whose fine etchings will be recognized, made the posters which are displayed. These are made from carvings on wood.

In addition to the etchings, the amateur photographs taken in this city and submitted in the Standard's contest will be on exhibition. The exhibition will continue today and probably on Thursday.

showing death to have been due to cerebral pneumonia.

Mrs. Bank arrived here last night with the body of her husband and was ill upon arrival. She was unable to see the funeral which was held in St. Stephen's Church, where they were taken from here this morning for interment, and was conveyed to Victoria Hospital where she died this afternoon. Two children survive.

Frederick E. Law.
The death of Frederick E. Law, a well known citizen and business man of the city, which occurred yesterday morning at his home, 79 Mecklenburg street, has occasioned much sympathy for the members of his family in their bereavement, from a wide circle of friends by whom he was held in highest esteem. He had been in failing health for some time and for the last three weeks had been confined to bed. Mr. Law, who was sixty-four years of age, was a native of this city and had for years conducted business as a broker and commission merchant in North Market street. He is survived by his wife and four daughters, Mrs. S. J. Lean of Dorchester, Mass., Mrs. H. W. Wilson of this city and Miss Maude at home, and one sister, Mrs. J. J. Lean of Dorchester, Mass. He was not a member of any society but belonged to Queen Square Methodist church. His funeral will be conducted on Thursday afternoon at 2.30 o'clock from his late home, 79 Mecklenburg street.

Mrs. E. Goes, of 385 Union street, who has been in the general Public Hospital for some months has returned home.

DANDRUFF SOON GETS YOUR HAIR

Let "Danderine" check nasty scurf and stop hair falling out.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Soon every hair on your scalp shows new life, vigor, brightness, thickness and more color.

DELIGHTFUL PARTY AT DOUGLAS AVE. HOME

Mrs. J. Cecil Mitchell Entertains at a Valentine Party in Honor of Her Daughter, Miss Edythe.

On Friday evening a delightful Valentine dance was given by Mrs. J. Cecil Mitchell for her daughter, Edythe at the family residence, Douglas Ave. An orchestra provided excellent music for the programme of sixteen dances. Valentine decorations prevailed. A pleasing feature was the candle-light dance after which dainty refreshments were served.

Those present were Messrs. Gertrude Ewing, Florence Warwick, Edith Kerr, Dorothy Evans, Josephine Morrison, Helen Skinner, Clem. Fenon, Kathleen Branscombe, Margaret Dunlop, Agnes Watson, Jean Paterson, Marion White, Agnes Hanington, Dorothy Hunt, Isabel Walker, Heta Dykeman, Margaret Nixon, Frances Campbell, Dorothy Roach.

Messrs. Allison Cushing, Douglas McKean, Tom Pugsley, Harrison Bullock, Oranston Millidge, Charles Pihon, Alister Morrison, Lawrence Manning, Douglas Humphrey, Ralph Seord, Reginald Harbour, Ernest Allwood, Douglas Clark, Murray Nixon, Ralph Stevenson, Tom Manning, Horace Brittain, Tom Robinson, Evan Tansley, Edgar Pritchard, Stanley Clark.

The New Home Treatment for Ugly Hairy Growth

(Boudoir Secrets)
Here is a simple, yet very effective method for removing hair and fuzz from the face, neck and arms. Cover the objectionable hairs with a paste made by mixing some water with a little powdered delatone. Leave this on for 2 or 3 minutes, then rub off. Wash the skin and the hairs have vanished. No pain or inconvenience attends this treatment, but results will be certain if you are sure to get real delatone.

CANADIAN CLUB EXECUTIVE MET

The Executive of the Canadian Club held a meeting yesterday afternoon in the office of H. A. Porter, and in the absence of the president, Sir Douglas Hazen, Sheriff Wilson presided.

The Club is endeavoring to get Frank H. Keefer, Parliamentary Under Secretary of State for External Affairs, to speak at the British West Indies as to Canadian trade relationship. Mr. Keefer is at present attending a meeting of the Associated Chamber of Commerce of the West Indies, which will be held in Bridgetown, Barbados, on the 20th instant, and the Club are trying to have him speak to them as soon as possible after his return to Canada.

Some routine business was transacted, and John F. H. Theed, George M. Robertson, Harry Ervin and E. C. Rice were elected members of the Club.

When Time Drags

Dick—Time must hang heavily on your hands.
Frank—Why?
Dick—Well, you wear such a large wrist watch.

BAD COLD LEFT HIM WITH BRONCHITIS

However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected. Bronchitis is one of the most common afflictions of a neglected cold, and neglected bronchitis the most general cause of consumption.

Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this by loosening the phlegm and mucous, and stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts and thus prevents it becoming chronic.

Mr. R. P. Sandblad, Francis, Sask., writes: "I had a very bad cold which left me with bronchitis. I tried several cough remedies and oils of all kinds, until they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds."

Don't accept a substitute for Dr. Wood's. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 25c and 50c. Manufactured by The T. Milburn Co., Limited, Toronto, Ont.

Macaulay Bros. & Co., Ltd.

POLICE COURT CASES YESTERDAY

In the police court yesterday Mrs. Laura Goding, alias Bessie McIntyre, pleaded guilty to stealing a complete outfit of men's clothing, the property of Frank Jackson. She was previously arrested in Halifax for wearing man's attire and sent back to St. John. An examination of her mental condition is to be made.

A fine of \$20 or two months in jail for fighting, and \$8 or two months for drunkenness, was imposed on Edward McKay, Augustin Gavin and Edward Arsenault.

One man pleaded guilty to drunkenness and was sent to jail until he was willing to tell who sold him the liquor. A juvenile charged with the theft of \$61 was given an indeterminate sentence up to two years in the Boys' Industrial Home.

BRING YOUR KIDDIES IN and have their eyes examined today. It takes but a few moments time.

London House - DANIEL - Head of King St.

COUNTY COUNCIL SPECIAL MEETING HELD YESTERDAY

Adopted the Recommendation of Hospital Commissioners to Award B. Mooney & Sons Contract for Building Nurses Home—Total Cost of the Building Will be \$189,108.

At a special meeting, yesterday, the County Council adopted the recommendation of the Hospital Commissioners to award B. Mooney & Sons a contract for building the Nurses' Home. Mooney's tender, which was the lowest for the whole work, was as follows:

Building	\$169,985
Tunnel	5,116
Elevator	6,917
Total	\$180,018

Architect's fees will be \$9,090, making the total cost of the building \$189,108. A bill will be sent to the Legislature to provide for payment of the same. J. A. Grant & Co.'s tender was \$172,820 for building and \$2,850 for tunnel. John Flood & Sons tendered for masonry and carpentry work, \$136,000 and \$19,000; Frank E. Jones for electric wiring, \$6,547; R. & E. Fitzgerald for plumbing and heating, \$18,480; E. A. Farren, carpenter work, \$85,000; R. A. Corbett, building, \$178,000; J. H. Dallen, painting and glazing, \$4,000; P. H. Walker, heating and plumbing, \$19,000; J. H. Doody, heating and plumbing, \$18,990.

When Council met, a letter was read from the Hospital Commissioners recommending acceptance of B. Mooney's tender. Councilor O'Brien moved that the recommendation of the Hospital Commissioners be adopted.

Councilor Donovan seconded. Councilor Jones wanted the minutes of the last meeting read. He thought they had previously agreed on a limit of expenditure.

This was read, but apparently fixed no limit of expenditure. Councilor Thornton wanted to have all the tenders laid on the table. Councilor Donovan—Can't we trust the Hospital Commissioners?

Cost of Delay \$50,000. Councilor O'Brien said they entrusted the details to the Hospital Commissioners, and they could be trusted to do the right thing. The County Council had been fooling with the matter for years, and had cost the taxpayers \$50,000. It was time to act. The building was needed, and the lowest tender for the whole work should be accepted.

Councilor Thornton said that asking for all the tenders was not to question the veracity of the Hospital Commissioners. He repudiated the suggestion that the County Council had cost the taxpayers \$50,000.

Mayor Hayes said there is no reason why the Council should not have full information about the other tenders. He requested Councilor O'Brien did not want to get the matter through a long time ago; every delay meant an increase in price.

Councilor Jones wanted the information about the other tenders. He did not think the County Council could be held responsible for the delay and increased cost.

Loud Talk. Councilor O'Brien said Councilor Jones was one of the gentlemen who cost the municipality \$50,000.

Councilor Jones—I rise to a point of order. Councilor O'Brien—I intend to hold the floor. Everybody knows where Councilor Jones' interests lie today.

Councilor Jones—I don't understand you. Councilor O'Brien said they should understand that the Hospital Commissioners' recommendation had been made after going thoroughly into details.

Councilor Thornton—Why the argument? The Hospital Commissioners have offered to lay the tenders on the table. Councilor Mooser said it was the Council that ordered the call for tenders—and should therefore examine them.

A motion to receive the other tenders was the n adopted. Councilor Fisher wanted to know if something could not be omitted now when cost of building was high.

Council met in committee, and M. E. Agar, of the Hospital Commission, said they might get along without some improvements, but the amounts that would be saved would be hardly worth while.

Neil Brodie, the architect, was heard, and explained the tenders. Councilor Fisher expressed dissatisfaction. He thought some items might have been cut out.

Councilor Hayes—What items would you cut out? Perhaps we can cut out the architects' fees. Councilor Fisher thought they might cut out the elevators.

The motion of Councilor O'Brien to accept the Hospital Commissioners' recommendation was then put, and carried. Warden—Unanimously, I take it.

The warden and secretary were authorized to negotiate a loan of the money required from the Bank of Nova Scotia, pending an issue of bonds.

A motion to pay the architects' fee of \$9,090 was adopted, and the same will be provided for by bond issue. New Taxation.

The Council then considered bills to be presented to the Legislature. Councilor O'Brien moved adoption of a section of the bill to levy a rate of \$3 on every \$100 of valuation of a horse, or power-driven vehicle in Lancaster.

Councilor O'Brien—We are going to get \$1,500 in the parish for good roads without assessing the ratepayers. Instead of criticizing, Councilor Fisher should adopt our methods in the city.

The section was adopted. A section providing for the prohibition of the use of highways in a manner to injure or destroy them by a fine of \$20 or 20 days was objected to by Councilor Fisher.

Councilor O'Brien—We only want the Provincial Act made applicable to Lancaster. Councilor Mooser strongly approved the idea of prohibiting misuse of the roads when the frost was coming out of the ground. This was done in the other parishes.

Councilor Fisher—Why not fix the time? Councilor Mooser—The time when the frost is coming out of the ground varies. The section was adopted.

Hospitals and Foreigners. A bill to help the county collect fees from other counties on account of patients from other counties treated at the General Public Hospital was adopted.

Councilor Mooser said the Hospital looked after foreigners for nothing; last year they cost the county \$12,000. They should ask the Government to bill foreign governments for the free treatment of foreigners.

Councilor O'Brien—Most of our foreigners are Syrians, and I think they all pay taxes. We can't deprive them of the benefit of public institutions. Loud Talk.

Councilor Mooser—The foreigners I referred to paid no taxes here. They can't be taxed unless they've been living in the county six months. To Boom Fairville.

One bill to be submitted to the Legislature asks that the county be given power to expropriate property required for industrial sites. Councilor O'Brien said there were numerous concerns in Canada seeking industrial sites, and there were plenty of fine sites in Fairville along the line of the C. P. R. They did not want business concerns held up by high prices for lands now assessed at low valuations.

Councilor Hayes said the bill asks for large powers to take away a man's property. It may not go through at Fredericton. Councilor Mooser thought the bill was in the right direction. Too many people were holding lands at such high prices that manufacturers were kept away from here. A farmer told him he could buy a factory site at Montreal at one-quarter what he would have to pay near St. John.

Councilor O'Brien said Fairville expected a boom, and wanted advanced legislation. Authority was given to pay for a loose-leaf record book and two Remington typewriters desired for the registrar's office, in compliance with directions of the Provincial Secretary, subject to approval of the St. John Law Society.

OBITUARY Mrs. W. F. Cronk. Following closely upon receipt of the news of the death of his brother, George C. Cronk in Richmond, N. H., W. F. Cronk of High street has received word that within thirty-two hours of her husband's death, Mrs. Cronk also passed away. Both deaths were due to influenza followed by pneumonia. Other members of the family are also reported ill.

Mrs. Cronk who was formerly Miss Frances McConkie of Long Reach, is survived by her five sons and five daughters in the United States, and two brothers, Harry and Christopher McConkie of Long Reach, N. B. Many friends in these parts will learn of the added bereavement with much regret. Marilyn Comeau. A telegram received by Mrs. Louis Comeau, 38 Elliott Row, Monday brought sad news—announcement of the death of Marilyn Comeau, in Detroit, Mich., where he had been a patient in hospital for the last two years. He was but twenty-four years of age, son of the late Nicholas Comeau and nephew of the late Louis Comeau. He was a young man of exemplary character, and a patient sufferer. Mr. Comeau for five years was a student at the Sacred Heart College in Carleton Place, N. B. He joined the American army during the war but was unable to go overseas, because of his health. His death is the seventh in a short time among Mrs. Louis Comeau's family and connections and many friends will sympathize with her in her new sorrow.

30 Days Hard Labor or— JUST a minute, your wor- ship. AN Officer in uniform steps forward, and holds a quiet conversation with the magistrate and other court officials. THE story is simple and oft-repeated. Just a lad—in this case from N— Got into fast company. Gambled, took money from employers. Hoped to win and pay it back. FOUND out—arrested and jailed. OF course he's sorry—but the Officer has seized him up. Believes he has the stuff to make a man of. Knows that a jail sentence will only harden him and start him toward continued criminality. THE Officer in uniform was the Salvation Army Probationer. By many counsel, supervision and prayer he enables the lad to regain control of himself and get another start, free from the stigma of a prison sentence. IF someone you know makes a false step don't judge them harshly. THERE is so much good in you know. 308 Service Posts in this Territory. Use them!

ALMOST IMPOSSIBLE TO SUPPLY ENORMOUS DEMAND FOR TANLAC

Although Huge Laboratories Turn Out 36,000 Bottles Daily Thousands of Dealers Cannot Be Supplied.

40 CARLOADS SOLD IN JANUARY ALONE

After Shipping 838,400 Bottles of Celebrated Medicine in One Month Factory is Still 380,000 Behind With Orders.

Although the big Tanlac laboratories at Dayton, Ohio, and Walkerville, Canada, have been running at top speed for months, it has been a physical impossibility to supply the phenomenal and every increasing demand for this celebrated medicine.

During the first ten weeks of last year One Million Three Hundred and twenty-seven thousand bottles of Tanlac were sold, breaking all World records of the sale of proprietary medicines up to that time. This record now pales into insignificance, however, as orders received during January alone of this year reached the astonishing total of One Million Two Hundred and Twenty Thousand bottles, showing an increase of approximately one hundred per cent. over the corresponding period of 1919.

To say that Tanlac now has the largest sale of any medicine of its kind in the world expresses it mildly. It does not begin to tell the story for no other preparation has ever even approached the marvelous record that is now being made by Tanlac; and it is now conservatively estimated that the sales for the present year alone will amount to from seven to ten million bottles.

Of the orders received during January it was possible to ship only eight hundred and thirty thousand bottles and thousands of dealers scattered throughout Canada and the United States have been unable to obtain the medicine for weeks.

"Phenomenal and Bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand for Tanlac.

"We know that the day of miracles has passed, and we all know that there are no unfathomable mysteries in the drug business, but this Tanlac proposition smacks of both," writes another leading wholesaler, druggist, whose firm has sold over 24 car loads, or an average of nearly one car per month since they began handling Tanlac a few years ago. Thousands of similar letters and telegrams have been received, but for lack of space they can only be referred to briefly.

Most proprietary medicines are sold by the dozen or by the gross; a few are bought by the trade in quantities of from ten to twenty gross; a very few are sold by the car load, and then only to the largest jobbers, covering extensive territories. The fact therefore that scores of jobbers in Canada and the United States have a demand sufficient to justify them in ordering not one carload, but from two to three car loads of Tanlac at a time makes Tanlac's pre-eminence in the field of medicine all the more noteworthy. It is the biggest thing of the kind in the world.

SHIPPED TO ENGLAND

An English poultry expert and breeder, in the service of Lord Derby, recently purchased two white leghorn hens from John Armour, Lansdown Ave., and shipped them to England on the S. S. Metagama yesterday. The visitor while here made a thorough investigation of local fowl and pronounced Mr. Armour's hens to be among the finest specimens of white leghorns that he had met with anywhere. The domestic birds were purchased as pullets from the provincial experimental farm and were exceptionally good layers.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

CATARRH and DISCHARGES Santal Midy

Relieved in 24 Hours

world and nothing like it has ever happened in the drug trade before.

Think of one retail firm selling one-third of a million bottles of any one medicine right over the counter direct to consumers in only two years' time! It seems incredible, but such is the record made by the Owl Drug Company, through their retail stores on the Pacific Coast.

Think of one retail firm in a single city of 200,000 population, selling approximately eighty-eight thousand bottles, an average of over two bottles for every family, in only four years' time! Such is the record of the Jacobs Pharmacy Company, of Atlanta.

Think of one retail firm giving a single order for an entire car load, twenty-three thousand and forty bottles and agreeing to pay cash for the goods promptly on arrival. Such an order has been received from the Lewis K. Liggett Company, of Winnipeg, Canada.

Another big Canadian retail firm, G. Tamblin, Limited, Toronto, Canada, recently gave their order for one hundred gross, amounting to \$10,800.00. Orders from retailers for from fifty to seventy-five gross are not uncommon, and practically all of the leading retail firms buy Tanlac in from ten to twenty-five gross lots to supply their normal demands.

When the magnificent new laboratories at Dayton, Ohio, and Walkerville, Canada, with a combined floor space of seventy thousand square feet and a combined capacity of thirty thousand bottles were completed, it was thought that the production would be sufficient to supply the demand for years to come. It is now apparent, however, that additional facilities must be provided if the supply is to keep pace with the demand. And this is true in spite of the fact that there are now on the market from fifty to one hundred preparations claiming similar therapeutic value.

Tanlac has now been on the market for five years. It has stood the acid test of time. It is known and honored in every city, town, village, and hamlet on the American Continent from Key West, Florida, to the North-western wilds of Canada, where even the Indians and Fur Traders have learned of its wonderful powers as a medicine.

Its enormous and ever-increasing popularity is the one great outstanding proof of its wonderful merit. No medicine, no matter how extensively advertised, could sell and continue to sell and establish new world records year after year, if it did not produce actual and positive results.

Tanlac is composed of the most beneficial roots and herbs known to the scientific world. The formula conforms with all National and State Pure Food and Health Laws of both the United States and Canada, and although Tanlac's claims for superiority are abundantly supported by leading authorities, it is the people themselves who have made Tanlac what it is. Millions upon millions have used it and have told other millions what it has done for them.

That is why Tanlac has become the real sensation of the drug trade all over America.

Tanlac is sold in St. John by Ross Drug Company, F. W. Munro; John E. Porter, Wilson's Beach; Newton M. DeLor, Annapolis; Jones Bros., Appleton; Z. Saunders & Son, Havelock; J. N. Inch & Co., Oak Point, under the personal direction of a special Tanlac representative.—Adv.

F'TON SOCIETIES LINE UP AGAINST MYERS' HISTORY

Insistent it Shall Not be Employed as a Text Book in Public Schools.

Fredericton, Feb. 17.—Fraternal organizations are joining in the protest against the continuance of Myers' history as a text book in the schools of New Brunswick as a result of the recent revelations that in its latest edition the historian fails to make any mention of Canada's part in the war.

Graham Orange Lodge, of this city, last night passed a resolution demanding the immediate withdrawal of the board of education of Myers' history and its banishment from the schools of New Brunswick.

This afternoon the provincial executive of the Imperial Order of the Daughters of the Empire are meeting here to prepare for the provincial convention of the order in Fredericton in April, and at this meeting action will be taken on the resolution passed last week by Sir Howard Douglas Chapter, demanding that the Dominion executive of the order take action regarding the objectionable text book.

Tonight Wellington Lodge, Sons of England, at their regular meeting, are to take action also, according to statements made by officers of the lodge this morning. They said there would be a resolution demanding that Myers' history be no longer used under any consideration or in any form in the schools of the province. It is said they will suggest that the educational authorities have a Canadian writer compile a history of the war for use in the schools.

The McAdam branch of the G. W. V. have by letter endorsed all the objections that have been taken to Myers' history and have demanded immediate action by the board of education to ban the use of the text book in the schools.

HEAVY STORMS HAVE DAMAGED FRUIT TREES

Important That Forks or Crochets of Trees Now Filled With Snow be Cleaned Out.

Fredericton, Feb. 16.—The recent heavy storms have brought the depth of snow in many orchards well up into the forks of the trees, a heavy crust first forming a considerable distance from the ground—from 18 to 20 inches—and on top of which subsequent storms have piled in.

It is important that the forks or crochets of all trees now filled with snow should be cleaned out or the snow broken down by foot or club—otherwise branches may be broken off by the heavy weight or crotch damage may result from alternate freezing and thawing and consequent injury or destruction of the tender growing cells of the bark.

In the case of young trees—from one to ten years—unprotected against winter burrowing over the sale and purchase of a Chinamen Limousine automobile was taken up this morning at the King's Bench sittings for York County by Judge Crockett.

FREDERICTON COURT HEARS DISPUTE OVER LIMOUSINE

Interesting Case, Involving Fine Point of Law, Being Heard Before Judge Crockett

Fredericton, Feb. 17.—The case of the Fredericton Motor Sales Co. vs. Earl of Ashburham over the sale and purchase of a Chinamen Limousine automobile was taken up this morning at the King's Bench sittings for York County by Judge Crockett.

After five challenges from both the following trial jury was chosen; Walter R. Hillman, Alfonso Kelly, J. E. McNabb, Elzer Booms, Patrick Graham, Duncan Reid and John McAdam. The amount in suit is almost \$4,000, a sum of \$1,000 having been paid over with defendant's order for the car last March.

Since action was entered last July the court, upon motion, granted an application for a commission to take evidence in Windsor, Ont., of some of the officials at headquarters in Canada of the manufacturing company which dispositions will form part of the testimony to go before the jury.

These two wide divergences between contestants in such cases is manifest in the pleadings by which on one hand the claimant alleges a delivery as per order and according to what on its face is a copper fastened contract and the defendant recites a long list of accessories and factors upon which he claims that the goods were not according to order. The former's plaintiff contends that timely notice was not given of defendant's non acceptance of the vehicle.

Not Valid Now. (Buffalo Courier.) "Six days shall thou labor" may be all right as a Biblical teaching but it does not conform to modern propaganda.

It Makes a Difference. (Cincinnati Inquirer.) The man who tries to reform Others is an Inspired Missionary. The man who tries to reform You is a Hypocritical Humbug.

MARKET REPORTS STOCKS, BONDS AND PRODUCE

NATIONAL CITY CO. MAKE INITIAL INDUSTRIAL ISSUE

New Issue is in Form of 7 Per Cent. First Preferred and Participating Stock of Gunns Limited.

Montreal, Feb. 17.—The National City Company are making their initial industrial issue in Canada today, together with their associates, Messrs. Greenshields and Company. The new issue is in the form of the 7 per cent. Cumulative First Preferred and participating stock of Gunns Limited, who are well known throughout Canada in the meat packing and produce business having been established in 1872. Brigadier General Gunn, the president of the company, is well known in Montreal, having been a resident in the city for many years prior to his organizing a regiment and subsequently commanding it overseas. General Gunn is now a resident of Toronto and the latter part of last year he was in his military activities as O. C. of Military District No. 2 to resume the chief executive position in Gunns Limited.

SHAREHOLDERS OF GRAND TRUNK NOT WHOLLY SATISFIED

Will Meet in London Thursday to Take up Dom. Government's Offer for Purchase of Railroad.

London, Feb. 17.—(Canadian Press)—The Grand Trunk shareholders' meeting to consider the terms offered by the Government for the purchase of the railway, takes place on Thursday. Most commentators have prophesied that the shareholders will accept the present offer, although, however, a letter in today's Financial News from Robert Walsh, head of a noted firm of Belfast shareholders' agents, who, after criticizing the deal generally, proceeds to declare that the worst feature is the clause practically confiscating the shares of dissentient shareholders by electing their stock to His Majesty. His Majesty will be well advised to decline this responsibility as, under British Company law, these dissentients would be entitled to have their claims settled by arbitrators, says Mr. Walsh. Continuing he writes: "Under all these circumstances British investors ought to be warned to abstain from the offer, which is not to be meted to them by Canadian statesmen as a warning to avoid future investments in Canada."

1000 EGGS IN EVERY HEN

Tells How

"The great trouble with the poultry business has always been that the laying life of a hen was too short," says Henry Trafford, International Poultry Expert and breeder, for nearly a dozen years Editor of Poultry Success. The average pullet lays 150 eggs. If kept the second year, she may lay 100 more. Then she goes to market. Yet, he has been scientifically established that every pullet is born or hatched with over one thousand minute egg germs in her system—and will lay them on a highly profitable basis over a period of four to six years' time if given proper care. How to work to get 1,000 eggs from every hen; how to get pullets laying early; how to make the old hens lay like pullets; how to keep up heavy egg production all through cold winter months when eggs are highest; triple egg production; make slacker hens hustle; \$5.00 profit from every hen in six winter months. These and many other money making poultry secrets are contained in Mr. Trafford's "1,000 EGG HEN" system of poultry raising, one copy of which will be sent absolutely free to any reader of this paper who keeps six hens or more. Eggs should go to a dealer or more a dozen this winter. This means big profit to the poultry keeper who gets the eggs. Mr. Trafford tells how. If you keep chickens and want them to make money for you, cut out this ad and send it with your name and address to Henry Trafford, Suite 620E, Tyne Bldg., Binghamton, N. Y., and a free copy of "THE 1,000 EGG HEN" will be sent by return mail.

Beginning and End.

Mrs. Bacon—"Do you remember the night you proposed marriage to me, Henry?" Mr. Bacon—"Oh, yes, very well indeed." "I just hung my head and said nothing, didn't I?" "Yes, you did; and that was the last time I ever saw you that way."

BRIG. GEN. JOHN A. GUNN, whose Company, Gunns Limited, are placing on the market an issue of \$1,500,000 Preferred Stock.

SEVERITY OF SNOW STORMS CAUSE MANY HARDSHIPS

Inland Settlements of Newfoundland Are Facing Serious Shortage of Foodstuffs.

St. John's, Nfld., Feb. 17.—Owing to a railway tie-up, due to the severity of snowstorms in January, inland settlements are faced with a serious shortage of foodstuffs and feed for cattle and horses. Lumbering camps are hard hit by the loss of work due to the scarcity of food and other essential supplies. The railway tie-up is partly due to the severity of the weather, but, in a great measure, to inefficient motive power and snow fighting apparatus, such as rotary plows. The government cannot remedy matters very much and the Railway Company is powerless to cope with the situation, unless a prolonged period of mild weather sets in.

RECORD-BREAKING SALES OF PELTS AT N. Y. AUCTION

Brown Muskrat Was Star of the Second Day, Touching Mark of \$5 Per Skin.

Special to The Standard. New York, Feb. 17.—Touching the record mark of \$5 per skin, the highest price ever paid at an auction of raw furs in this city, brown muskrat was the star of the second day at the sale in the Masonic Hall here. Mink easily captured second honors, with marmot, stone marten and marten following as named. Sales for the day reached \$1,000,000, which is the largest total for a single day's selling ever touched here, and which brought the grand total for the first two days up to \$3,100,000. Compared with the corresponding prices obtained at the October sale of the New York Fur Auction Sales Corporation, today's figures showed these percentage advances: Mink, 100; marmot, 75; stone marten, 65; brown muskrat, 60; and marten, 35.

RAILS FURNISH THE SENSATION

(McDougall & Cowans) New York, Feb. 17.—Some sections of the industrial list carried their recovery further in the early afternoon but the real feature of the entire day was the movement in the Rails which took place in the last two hours and particularly in the final hour. Advances of three to six points took place in the standard rails, and the whole rail list moved up vigorously. This was clearly enough a belated appreciation of the street of the importance to railroad security holders of the pending railroad bill. Consideration of this factor was rather suddenly brought to a head today by Washington assurances that the conference report on the completed bill would be presented in the House tomorrow. Eleventh hour changes have been

LEADING STOCKS MOVE UP FEW POINTS ON MONTREAL

Montreal, Feb. 17.—The local stock market today was practically a story of dealings in Atlantic Sugar, the price rising to 91 1/2 with the close at 91 1/2, a net gain of 2 1/2 points on sales of 9500 shares. Despite the otherwise inactive trading in the market, the stocks showed little signs of weakness. A board lot being generally higher to steady at the close of the day. Steel of Canada, was however, earlier opening and closing at 78, a fraction below yesterday's close. Spanish River opened 1 1/2 points down and advanced to 84, the final sale being a fraction under Monday's close. Quebec Railway in quiet trading moved up a large fraction to 29 1/2. Textile added a 1/2 to 1 1/2 and Kingston added 3 points at 17 1/2. Abitibi fell a further 5 points to 250 and Tooke Brothers dropped three points to 69. Cement Preferred lost two points at 85; Forgings lost a point at 250; Iron Preferred 1 1/2 points at 89 1/2; and Shawinigan 1 at 140. In the unlisted North American Pulp moved up to 7 on sales of 389 shares. Total trading, listed, 13,789; bonds, \$223,960; unlisted, 465 and vouchers, 15. made and these all appear to be in the direction of improving the bill. The market as a whole was strong in the late trading, the industrial list, or the larger part of it, moving up in sympathy with the railroads. Sales 921,900.

BANK OF MONTREAL

NO BONDS Banking and investment circles have always considered the packing business with confidence. Dealing in the necessities of life, the business has a stability, the history of which has proven that its securities afford safety, even during periods of financial depression.

The following information is summarized from a letter from Brigadier-General John A. Gunn, President of the Company: 1. Net tangible assets of \$294.00 per share. 2. Net liquid assets of over \$137.00 per share. 3. Strict provisions against the ratio going below \$275.00 and \$125.00 respectively. 4. Sinking fund provision for the gradual redemption of the preferred stock. 5. No mortgage indebtedness permitted to be issued ahead of the preferred stock, except with the consent of seventy-five per cent of the preferred shareholders. 6. The stock will participate in increased earnings to the extent of 1% before the common stockholders receive more than 8% in any one year. 7. The income from preferred stock dividends is free from normal tax. 8. Exceptional security with ample earnings assuring the investor a return of over 7%.

Morris & Company, of Chicago, one of the three largest packing companies in the world, recently acquired a substantial common stock interest in Gunns Limited, the purchase price being par. The importance of this alliance is appreciated, when consideration is given to the inestimable value of Morris & Company's experience, co-operation, systems, etc. We consider the Morris connection with this fundamentally strong Canadian industry, which has recently doubled its capacity, will materially increase its volume of business and net earnings.

We offer you this stock after a most complete investigation, at: \$97.50 per Share (\$100 par value) yielding 7.18% and strongly recommend it as a thoroughly well secured investment.

Temporary Certificates will be ready on or about February 9. The National City Company, through its experts, has made a careful analysis of the official statements, earnings and values of the properties of this Company, and while it does not guarantee them, it believes the statements in this advertisement to be correct and has itself acted upon such information.

CHANCERY SALE.
Take notice that there will be sold at Public Auction at Chubb's Corner (so called), corner of Prince William and Princess streets, in the City of Saint John, on Saturday, the sixth day of March, next, at the hour of twelve o'clock noon, pursuant to the directions of a certain Decreeal Order of the Supreme Court, Chancery Division, made on the sixteenth day of November, 1919, in a certain cause there pending wherein Alexander C. Jardine is plaintiff and C. Herbert McLean and Joshua Tobin are defendants, with the approbation of the undersigned Master of the Supreme Court, pursuant to the provisions of "The Judicature Act, 1909," at which sale all parties have leave to bid, all the right, title and interest of the said defendants, or either of them, in and to the lands and premises described in the plaintiff's statement of claim, and in the said Decreeal Order as "All that piece or parcel of land conveyed by Joshua Tobin of the City of Ottawa to the said C. Herbert McLean by Indenture dated the twentieth day of November, A. D. 1912, and therein described as "All that piece or parcel of land conveyed by John Ross, of the said City of Saint John to the said Joshua Tobin by Indenture dated the third day of October, A. D. 1912, and recorded at the office of the Registrar of Deeds for the County of the City and County of Saint John as number "87115, Book 121, pages 207 and 208, and therein described as ALL that lot of land and premises situated, lying and being on the western side of "Brussels street, in the said City of Saint John and bounded and described as follows: BEGINNING at a point on the western side of Brussels street forty feet distant from Carson's Alley, so called, and at the southeastern angle of a lot formerly owned by one Robert Carson, thence southerly along the western side of "Brussels street to the southern boundary of the said Carson lot, and thence easterly therefrom one hundred feet; thence northerly parallel to the said "Brussels street to the southern boundary of the said Carson lot, and thence northerly along the western side of "Brussels street now under lease to one Thomas Proud; thence running westerly along the south line of the said Proud's lot (100) one hundred feet; thence at right angles northerly along the west side of Brussels street (18) eighteen feet to the place of beginning."
"Together with the right with others to use the alley in the rear of said lot hereby demised as an open alleyway."
"Subject, however, to a lease to one Hugh McDermott, dated the nineteenth day of September, A. D. 1912."
For terms of sale, and other particulars apply to the Plaintiff's Solicitor, DANIEL MULLIN,
Master of the Supreme Court, TED & TED,
Plaintiff's Solicitor

AROUND THE CITY

NEEDLESS ALARM.
 Some person seeing flames issuing from the blast chimney of the Iron Works furnace thought the place was on fire about 7 o'clock last evening and sent in an alarm from box 45.

OFF STRENGTH.
 Captain James H. Sowerby was struck off the strength of military district No. 7 on Feb. 6.

WEST END FIRE.
 The West End firemen were called out yesterday evening at eleven o'clock for a fire in James Beattie's on the corner of Prince and DeMonts streets. The fire broke out in the basement and caused considerable damage to the parlor and dining room. The loss is covered by insurance.

THANKS EXTENDED.
 C. B. Allan, secretary of N. B. Division of the Canadian Red Cross, St. John, received the following telegram yesterday morning:

"To Officers and Members of New Brunswick Division:
 "Grateful thanks for kind thought and lovely flowers."
 (Signed) "EVELYN DEVONSHIRE"

MEETING POSTPONED.
 In consequence of the absence of Frederickton of the president, Chief Justice Sir Douglas Hazen, it will be proposed at the annual meeting of the St. John Horticultural Association called for today, that the same be adjourned until Monday next, the 23rd instant at 4 p. m., at the Board of Trade rooms.

HARBOR MASTER'S ORDERS.
 A question turned on orders of the harbor master in regard to a C.P.O.S. freighter, was discussed in the mayor's office yesterday afternoon in the presence of the mayor and commissioners. The harbor master was present. The hitch arose in the docking of the steamer at a berth where it would be convenient to effect repairs. There was a misunderstanding about the harbor master's orders in the matter, it was reported. The dispute was finally settled and the steamer will not be shifted. It was suggested that henceforth, orders of the harbor master be put in writing and Commander Elliott regard the principle with favor.

HOUSE PLANNING.
 Commissioner Bullock, chairman of the St. John Housing Commission, was in conference yesterday morning with Premier Foster, Thomas Adams of Ottawa, chairman of the Town Planning Commission; W. F. Barditt, chairman of the Local Town Planning Commission, and Charles Archibald, architect for the St. John Housing Commission. The matters discussed were chiefly with regard to the necessity for an amendment to the Housing Act to provide for an increase in the amount of loans, on account of the increased cost of materials.

SOUTH AFRICAN VETERANS.
 At a meeting of the South African War Veterans held in the G. W. V. A. rooms last night it was decided to hold the annual banquet on Paardeburg Day the 27th of February. A committee was appointed to draw up a programme for the occasion and another meeting will be held at the G. W. V. A. Friday evening, when the final arrangements will be made.

TOMORROW IS DOLLAR DAY.
 Dollar Day, the day of days, comes round again tomorrow—another six months before another one arrives at all but you possibly can. The F. A. Dyceman Co., have been busy preparing a veritable feast of bargains that will open the eyes of many a shopper as to what Dollar Day really means. Amongst them are beautiful silk dresses in the latest mode for only \$17.00; handkerchiefs, Navy Serge Suits for \$29.00; silk Camisoles for \$1.00; silk Waists for \$3.00; colored undershirts for \$1.00 and many other bargains that must be seen to be appreciated. Come down town this morning and see the good things on display in the show windows. Large ads. in tonight's papers give full particulars.

BOY WANTED.—Messenger to carry telegrams between Standard and Telegram newspaper offices every night. (Saturday night included). Hours 7 p. m. to 6.15 a. m.

Additional Forward Movement returns were received yesterday, and many places have gone well over their objectives.

The Anglican New Brunswick district had an objective of \$30,000, and from the latest returns received last night it was shown that \$104,000 had been subscribed, and it is felt that before the week closes the amount will reach \$110,000.

The following parishes made returns yesterday, announcing their totals reached to date:

Trinity, St. John \$12,300.00
 Stone, St. John 9,330.00
 St. Paul's, St. John 6,593.00
 St. Jude's, St. John 1,724.75
 Moncton 6,400.00
 Trinity, St. Stephen 5,500.00

 Blisville 130.00
 Gordon and Loton 135.00
 Canterbury Station 118.00
 Gladstone 103.00

Methodist.

J. Hunter White received a telegram from the headquarters of the Methodist National Forward Movement campaign, last night, advising that the objective for the Dominion of \$40,000 had been over-subscribed and congratulating the New Brunswick and Prince Edward Island Conference on their splendid showing.

Queen Square Church reported over the top yesterday, with \$515 over their objective. Sussex is the first circuit outside of the city in the St. John district to go over the allotment, with an objective of \$1,750, the reports show over 2,000 subscribers. Their pastor, Rev. Mr. Wright, being sick delayed their collections.

While the city has exceeded its allotment, St. John district is still behind. It is hoped the city churches will endeavor to still further assist in reaching the \$40,000 asked. The Conference may not be embarrassed in reaching its objective, \$150,000. The latest reports advise the amount still needed relatively small. The canvassers in the various churches are being asked to try and have their reports in the hands of the committee treasurers at the earliest possible date, as the final reports should be made to headquarters immediately.

Natural History Ladies' Assn. Met

Reports have been received from certain Presbyterian congregations in the Province totalling \$64,161, this being \$6,641 over the total objective. This may be taken as representative of the work of the Presbyterian Churches in supporting the movement. Several rural congregations have delayed a canvass until the men return from the lumber camps. Knox Church, St. John, only recently secured, will make a canvass next week, when it will doubtless reach its objective of \$4,500.

A large section of the Presbyterian Church in the Province consists of mission fields, where the canvass is not being made until the beginning of the regular services in the spring. It is confidently expected that the Presbyterian objective will be largely over-subscribed.

Objec Sub-
 Fredericton \$5,000 \$5,250

Great Change In The Armories

Staff of Carpenters from Royal Canadian Engineers Have Converted Building to Meet Needs of Regiments With Headquarters Here.

The St. John Armories of today would hardly be recognized by the boys of the old 26th or other overseas battalions quartered there during their period of training in St. John.

A staff of carpenters from the Royal Canadian Engineers have been busy employed during the last few weeks converting the building to the original plan so that it may meet the needs of the militia regiments with headquarters in the city.

The rooms along each side of the drill hall have been remodelled into company rooms, of which there will be nine for the infantry and five for the artillery companies.

A large room upstairs hitherto devoted to the Sergeants' Mess is being fitted up for a band room and it is expected that this summer will see both an infantry and an artillery band in full swing.

Musicians of the city are looking forward to the concert which may be expected from these two units of picked overseas hand-picked.

It is the intention of the military authorities to foster the friendship made by the soldiers in France and Flanders, and at the same time to make militia training attractive to the young or generation. For this purpose six bowling alleys are being opened up. Some games have been rolled on some of them, drawing forth enthusiastic comments from the players who expressed the opinion that the alleys are the best in the city.

In addition to the bowling alleys a shooting gallery with some fifteen targets have also been installed and will prove a great attraction, as well as a splendid training ground for those aspiring to be members of future Canadian Bisley teams.

The drill hall upstairs furnishes the best diamond for indoor baseball in the city and it is quite possible that in the near future the galleries will be filled with as large and enthusiastic a bunch of fans as ever greeted the outdoor bleachers of St. John.

The beauty of the whole thing is, as one officer stated, that everything is free to the boys, they can enjoy themselves to their heart's content and never be asked to pay a cent. "Every Soldier is Welcome, every thing is free."

LUCILLE ROBERTS DIED THIS MORNING

Eight Year Old Daughter of Dr. and Mrs. W. F. Roberts Died as Result of Pneumonia and Scarlet Fever.

The sincere sympathy of the entire community is extended to Hon. W. F. and Mrs. Roberts on the death of their only daughter, Lucille, aged eight years, which took place at an early hour this morning at her home No. 4 Douglas Avenue.

It was reported yesterday that the young girl was critically ill with pneumonia and scarlet fever, but the many friends of the Minister of Public Health and Mrs. Roberts were in hopes that the patient would revive and live, but she steadily grew worse and death came this morning.

Miss Roberts was a bright little lady and a great friend with all who knew her, and the death will prove a great shock to her loving father and mother.

William Howes of New York is the guest of his sister, Mrs. W. F. Roberts.

Fine Horses And Pure Bred Cattle

Some Fine Animals Arrived on S.S. Cabotia Yesterday for the Prince of Wales' Ranch—Stock from Royal Farms in Great Britain.

Some fine horses and pure bred cattle for the Prince of Wales' ranch in the west arrived on the Donaldson liner Cabotia, which docked here yesterday. Although the liner had a rough trip, the horses bore the voyage very well. This, it is understood, is the first consignment of stock for the ranch which the Prince bought while on his trip to Canada last year. The stock is from some of the Royal farms in Great Britain, and is very valuable. The Prince proposes to stock his ranch with pedigree horses and the best cattle obtainable, and it will doubtless become an object of interest.

The Donaldson boat brought also a large consignment of real whiskey which will be available for the civilian population of prohibition Canada.

George Northrup Inquest Yesterday

Jury Recommend That Caution be Taken by Having Hatches on Steamers Protected to Safeguard Workmen — Death Was Accidental.

The jury empaneled by Coroner P. L. Komes to enquire into the death of George Northrup, a houseworkman, who was killed by falling through a hatch in the C. P. O. S. Scotland, on Friday evening last, shortly after seven o'clock, heard evidence yesterday afternoon on board the Scotian. Following is the verdict brought in by the jury after all the evidence had been taken:

"We, the jury empaneled to enquire into the death of George Northrup, find that he met his death by falling into Hold No. 5 on the steamer Scotian on Friday night, February 13, 1920, by accident, and we strongly recommend that caution be taken in the future by having all hatches protected to safeguard workmen and also that all hatches be lighted at all times."

(Signed) P. Kays, foreman; P. Nies, Harold Mackay, Thomas Armstrong, William Stewart, William Wright, P. Desjardins.

FRANCES WILLARD DAY OBSERVED

Regular Meeting of the W. C. T. U. Held at Residence of Evangelistic Superintendent, Mrs. Seymour, Yesterday—Address by Miss Straith.

As yesterday was Frances Willard Day the regular meeting of the W. C. T. U. was held at the home of the Evangelistic Superintendent, Mrs. Seymour, Carmarthen street, Mrs. Seymour taking charge of the programme. Miss Stella Fox presided at the piano and after the singing of a hymn, Mrs. Seymour read the "Crusade Psalm," the 146th, reminding all present that all W. C. T. U. members the world over would read that Psalm at the same time.

Mrs. J. Gillies then read two papers, one called "Suggested Thoughts," the other "Our Girls," both dealing with incidents in the life of Frances Willard. A paper by Mrs. Popham entitled "The Power of the White Ribbon," was given and Mrs. Seymour spoke on "What the White Ribbon should mean to every woman who wears it.—Purity, Consecration, Helpfulness, Loyalty." Others spoke on this subject.

Miss Straith, secretary of the Dominion Council of the W. C. T. U. was introduced and gave an address dealing for sympathy with the work being done by the association. She told of the work of the work among girls in the churches and at the Recreation of Centres, of the help given, travelers, and of the fact that the Blue Triangle is known and recognized as standing for helpfulness all over the world. Miss Straith closed by asking for assistance with the finances of the association and personal support by the members of the W. C. T. U.

A vote of thanks moved by Mrs. D. Hines, seconded by Mrs. E. D. Christie, was passed to Miss Straith, as well as one to Miss Fox and Miss Stella Fox who had rendered beautiful solo during the afternoon. Mrs. Seymour was also thanked for her hospitality.

Women's Hospital A.M. register meeting Board of Trade, Thursday afternoon at three o'clock.

Knight of Pythias anniversary service St. David's Presbyterian church, Sunday, 4 p.m.

Carbide, Acetylene Burners, P. Campbell & Co.

Thinking About a New Kitchen Range?

If you are you should see **THE ENTERPRISE STERLING RANGE**

This stove has a fine large firebox, dampers and draft which are easily operated—burns either coal or wood. Can be supplied with reservoir, high shaft or high closet.

Well and strongly built so it will last for many years with a minimum of expense.

A Range any woman would be proud to have in her kitchen.

Emerson & Fisher Ltd.
