

NUNS SAVED ALL CHILDREN FROM FLAMES

Over 1,300 Small Boys and Girls in Convent When Fire Starts.

WIND BLOWING HURRICANE AT TIME

Limoulin Convent Saved from Destruction After Three Hour Fight With Flames.

Quebec, Oct. 1.—With the wind raging at the rate of fifty miles an hour this afternoon, fire broke out in the Limoulin Convent on Esplanade Avenue, and for a while threatened to destroy the entire building, as well as sweep on a section of Limoulin. The fire caught in the roof and was thought to have been caused by a spark from a mill.

1,400 in Building

As soon as the fire was discovered, first thought was to get children out in safety. There were in all 1,300 very small children in the building at the time, and 100 nuns and novices. The children were promptly removed without any panic, and were taken to the St. Maurice School on the same avenue.

For three hours the flames battled with the flames before they could get them under control. While it was only the roof that was damaged by fire, the interior of the building on all four floors was flooded owing to the large volume of water required to fight the blaze.

CAMPAIGN IN CHARLOTTE IS GOING WELL

Opposition Speakers Receive Ovations Wherever They Appear.

St. John to the Standard. Oct. 1.—The campaign of the Opposition party in the Charlotte County is moving with the vigor of victory, an impetus being given by the accession to the working ranks of many who in other campaigns have been prominent workers for the Liberals.

These cannot stand for the waste and extravagance of the Premier Government, particularly in the matter of the roads.

There are scores of these men in all parts of the county who will cast their votes against the Government and are out working for the Opposition ticket.

U. S. DESTROYER HITS A MINE

Washington Has No Report. However, of Warship Accident at Riga.

Riga, Oct. 1.—The United States destroyer Kane suffered damage to her engines while outside Riga but is not in need of assistance, according to a wireless message received here yesterday. The Kane expects to reach Riga tomorrow morning, the message said. The United States torpedo boat destroyer Brooks sent a wireless message to the Kane, offering assistance, but the Kane replied: "Thanks and no assistance."

Early reports said the Kane had hit a mine at three o'clock this afternoon 15 miles North East of Windau and about two miles off the coast, that her starboard engine had been damaged, but that she would be able to proceed with her port engine.

Washington, Oct. 1.—There are three American destroyers in Baltic Sea. The Gilmer, the Kane and the Nevers, which arrived there a week ago, have been ordered to report today of any accident to these ships.

PRINCE OF WALES HAVE MENAGERIE ALBERTA RANCH

London, Oct. 1.—The Prince of Wales is collecting African big game as well as many small jungle animals and some from Australia for experimental purposes in a menagerie on his ranch in Alberta. The Australian animals which he collected on his Australian tour accompanied him on the cruise of the Renown. He plans to ship the collection to Alberta next spring.

WORLD NEWS TODAY

CANADA. One Big Union has called a strike of coal miners at Drummond, Alta., for next Monday. Veterans compelled foreigners here to take down Red Flags. Nuns saved 1,300 children in a fire that swept the Limoulin Convent last night in a fifty-mile per hour gale.

THE BRITISH ISLES. The British coal miners have deferred their strike for two weeks and in the meantime they will work on a reduced scale. The proposal made by Lloyd George, with the probability that it will be accepted. The copy of Lord Mayor MacSwiney, as reported much more serious.

EUROPE. General Wrangel, the anti-Red leader of the Crimea, has won a signal victory over the Soviets, capturing 10,000 Russians and a huge store of all kinds of munitions.

SHOES DOWN 15 PER CENT IN MONTREAL

Shoe Manufacturers' Association Declares Further Reduction Delayed by High Costs.

Montreal, Oct. 1.—Outs of from 10 to 15 per cent in the cost of footwear for next year as compared with last spring's figures were announced today by Henry Vian, Secretary-Treasurer of the Shoe Manufacturers' Association of Canada. Mr. Vian pointed out that these reductions were the lowest that could be expected, owing to the high price of labor, increase in freight rates, and the disappearance of manufacturers' surplus stocks.

PONZI MADE NO MONEY OUT OF HIS SCHEME

Paid Big Commissions for New Business, He Says, But Got Nothing Himself.

Boston, Oct. 1.—Charles Ponzi paid commissions of ten per cent, that ran into hundreds of thousands of dollars and are now working for the Opposition ticket.

Hon. Dr. Taylor, J. M. Flawell, and M. N. Cockburn were in the Boston section yesterday, where they received a splendid reception and addressed a very large audience in the evening. Opposition meetings were being largely attended.

Next Tuesday evening Hon. Mr. Baxter is to address an audience in St. Stephen, and his coming is eagerly anticipated.

BODY OF OFFICER SINN FEIN TOOK FOUND IN COFFIN

Dublin, Oct. 1.—The mystery surrounding the disappearance of Captain Ledecuma, resident magistrate of Kilmurphy, who has been missing for more than a week, has been solved with the finding by the constabulary of the officer's body in a coffin on the railway line near Kilmurphy, about ten miles north of Kilmurphy.

FALSE TAX REPORTS GOT THREE DOCTORS FINES OF \$6,000

Ottawa, Ont., Oct. 1.—Fines aggregating \$6,000 were imposed in police court this afternoon by Deputy Magistrate Kidd, upon three prominent local physicians, who were either found guilty, or entered a plea to this effect of having made false returns to the department in connection with their income tax.

The doctors, who were fined, are Dr. J. H. O'Brien, who pleaded guilty to making false returns for 1918, 1919 and last year, and was fined \$2,000 or \$1,000 on each charge; Dr. Gordon E. Booth, who also pleaded guilty to three charges and was fined \$2,000 on the first count and \$1,000 each on the other two; Dr. Rudolph Chevrin pleaded not guilty to having made false returns for the 1918 tax and was fined guilty and was fined \$2,000.

MacSWINNEY IS MUCH WEAKER AND IN PAIN

Murdered Officer Had Brilliant Career With Viscount Haig in Great War.

CLAIM GOVERNMENT SANCTIONS REPRISALS

Nationalist Paper Declares British Will Remove Troops from 24 Inland Towns.

London, Oct. 1.—A bulletin issued by the Irish League at 8 o'clock tonight said that Lord Mayor MacSwiney was much weaker and in considerable pain. His wife, who had not visited him for two days because of her indisposition, found him much wasted, the bulletin added.

Government's New Plan. Belfast, Oct. 1.—According to the Glasgow correspondent of the Irish News a nationalist organization in the Government is considering the advisability of withdrawing all garrison and troops from the inner areas of Southern Ireland to the seacoast towns and establishing a boycott of the south if "reprisals on the existing method and a more extensive scale prove abortive."

Had Brilliant Career. Dublin, Oct. 1.—Confirmation has been received here that reprisals followed the shooting from ambush yesterday of District Inspector Brady, near Tubbercurry, County Sligo, who was killed, and of two constables who were wounded.

Brady, when an officer at the front in the late war, was chosen by Field Marshal Haig to carry despatches to Windsor Castle to the King. After the shooting, four lorries containing "Black and Tans" entered Tubbercurry, fired their rifles, threw bombs and set fire to houses, destroying six important buildings and two creameries.

Inspector Brady was the son of the widely known former member of Parliament, J. H. Brady, and had a notable war record.

Blames the Government. Dublin, Oct. 1.—Sexual charges that the Government itself was responsible for reprisals in Ireland, that a certain number of Sinn Fein leaders were charged for assassination, were made today by Arthur Griffith, founder of the Sinn Fein organization, who said he was first on the list of intended victims.

Mr. Griffith, to support his statements, exhibited to the group, British, United States and continental newspapers, in which he made a long statement preferring the charges, alleged official documents secured by Sinn Fein agents, among the papers was an official permit alleged to have been signed by General Sir Nevill MacCreedy, military commander of Ireland, in which he made out to a man named Hardy, who has had a lifelong career of forgery and imprisonment, and who is alleged to have been released prematurely from prison on a ticket of leave, signed by Ian Macpherson, as Chief Secretary for Ireland, permitting him to move about freely in Ireland, unaccompanied by police surveillance, in the role, as Mr. Griffith asserted, of Government spy.

Dublin is Excited. Although accustomed to almost daily sensations, Dublin was greatly excited over the revelations of Mr. Griffith, which were published in one of the afternoon newspapers.

It is pointed out that if the documents are authentic, Mr. Griffith is unable to assist under the Defence of the Realm Act, and under the new Restoration of Order Act, for having taken a military order relating to a movement of troops not yet carried out. Similarly, it is said that every newspaper correspondent transmitting such an order, or the substance of it, and editors of British newspapers producing it likewise are subject to arrest.

Sure He is Starving. London, Oct. 1.—Annie MacSwiney, sister of the hunger striking Lord Mayor of Cork, told The Associated Press today that Sir Norman Moore, a noted specialist, who visited her brother recently in Brixton prison, told her after an examination he made into the Mayor's condition that he was certain MacSwiney was receiving no nourishment.

Sir Norman Moore is quoted as saying that he did not understand how the Lord Mayor lived, that despite his long absence from food he did not appear to be a dying man, in fact he did not consider him in immediate danger of death, said the physician.

STORM PREVENTED SUNBURY CONVENTION

Special to The Standard. Fredericton, Oct. 1.—Owing to the storm, the Opposition convention for Sunbury was cancelled this afternoon.

CANNOT CONFIRM REPORT.

Moncton, N. B., Oct. 1.—The report from New Scotland in reference to the loss of the 17th Regt. cannot be confirmed.

COAL MINER STRIKE MAY BE AVERTED

Britain Greatly Relieved by Decision to Take a Re-Ballot on the Issue.

EXPECTED TO END BY TAKING AWARD

New Schedule Brings Higher Pay When Production Has Been Increased.

London, Oct. 1.—The general belief prevails tonight that a strike of the coal miners will be averted as a result of a decision taken today to call for a re-ballot of the miners on the question of ceasing work. A re-ballot is expected to result in an acceptance by the men of an offer by the owners of an advance in wages of two shillings per shift when the output of coal reaches 248 million tons yearly. This was the rate of the output for the first three months of the present year.

NEVER CHARGED FARMERS "REDS" PREMIER SAYS

Hon. Arthur Meighen Denies Statements Ontario's Head Alleges He Made.

Ottawa, Oct. 1.—"Mr. Drury has invented a charge in order to have the pleasure of refuting it," said Right Hon. Arthur Meighen, Prime Minister, tonight when his attention was directed to a despatch from Ottawa in which Hon. E. C. Drury, Premier of Ontario, is quoted as having made a charge alleged to have been made by Mr. Meighen, that the farmers are labor were Bolsheviks. In connection with Mr. Drury's remarks, Mr. Meighen added:

"Not only were the words attributed to me not made, but no person could draw any such inference from what I did say. My words in Sherbrooke were precisely as follows: 'A new party had arisen in Canada, best described as a farmers' free trade party. It took its birth in the western provinces, and for some twelve years or more it has been gaining strength. It has adopted the old Liberal free trade policy of 182. It has issued a platform. It demands to be placed in power in Canada. It has gathered under its banner and trails behind it every class of theorists and malcontents, and today, be it said all doubt, it constitutes the most numerous and strongest organization opposed to the present Government.'"

Indeed, Mr. Meighen further remarked tonight, "I pointed it plainly in any sense inimical to responsible government, but unfortunately has aligned with them many others who were."

WRANGLER TAKES 10,000 PRISONERS

Vast Quantity of War Stores Falls Into Hands of Anti-Red Leader.

Paris, Oct. 1.—The forces of General Wrangel have annihilated a group of Russian Soviet troops in the region of Alexandrovsk, according to an official statement of Thursday on the fighting in South Russia, received here today. Several armored trains and large quantities of war material and rolling stock were captured by the Wrangel forces, the statement says. "After six days of fighting, we surrounded the Bolsheviks in the regions of Verkiyetski, Palyovsk and Alexandrovsk, along a 150 mile front." The statement says, "capturing 10,000 prisoners, enormous materials, cannon and several hundred machine guns."

T. C. AYER MONCTON LABOR CANDIDATE

Moncton, Oct. 1.—At an adjourned meeting of the local Opposition here this evening it was decided not to put a ticket in the field in Westmorland, but leave the field between the Foster Government ticket and the United Farmers and Labor. The independent Labor party in the City of Moncton held another meeting to night and T. C. Ayer consented to be

Opposition—Geo. B. Willett, Labor—Othello Ayer, Carleton. Farmers—Rennie Tracey, Samuel Bullock, Fred Smith. Government—Dr. M. E. Cummins, Robert L. Shuma. Independent—B. Frank Smith. Soldier—S. G. Barter. Victoria County. Farmers—D. Wetmore Pickett, Geo. W. Warnock. Government—Hon. Mr. Tweeddale, John R. McCleary.

Toronto So Cold Children Are Sent Home From School

Sudden Cold Snap Caught Boards Unprepared and Made a Holiday.

Toronto, Oct. 1.—Six thousand school children—not to mention one hundred teachers—in half a dozen public schools here, where new heating plants are being installed, were given a joyful surprise today, when, owing to the sudden cold snap they were sent home because the schools were ordered to be closed. In some cases the heating apparatus will not be ready for some time, but—there is always somebody taking the joy out of life—the weatherman promises warmer weather now for some time.

LLOYD GEORGE STANDING FAST BY MacCREADY

At Conference He Expresses Full Confidence in Military Commander and Chief Sec.

London, Oct. 1.—Premier Lloyd George with some members of the cabinet, discussed today with General Sir Frederick Nevill MacCreedy, commander of the military forces in Ireland, and Sir Hamar Greenwood, chief secretary for Ireland, the Irish situation, including the question of reprisals.

According to a semi-official statement issued after the meeting, the government found itself in entire agreement with the policy of the Irish executive.

FEARS EXPRESS RATES TO DRIVE TRADE TO STATES

Exchange on Prepayments Will be Decided at Conference of All Railroads Soon

Edmonton, Oct. 1.—That the granting of the application of the Canadian Express Companies for a rate boost of forty per cent would mean that the tariff in Canada would exceed that across the border by thirty per cent, was the statement made by F. T. Fisher, representing the transportation section of the Board of Trade when the Board of Railway Commissioners held their first session here this morning. The danger of such an adverse rate, causing trade with American firms to be stimulated, was pointed out by Mr. Fisher, although F. H. Phippan, K.C., representing the applicants, later asserted that this was a matter more for the concern of the express companies than the shippers.

Confer on Exchange. Regarding prepayments on freight shipments from the United States in Canadian currency, this being a matter that was brought up by J. H. Hinchinson, representing the Board of Trade, Mr. Carvell stated that there would be a conference of all railway companies within a month, when some solution would be attempted.

While in Washington, he had discussed the question with the Inter-State Commerce Board and found that it could be done to meet the situation created by the present exchange rate was being attempted.

GREAT WELCOME AT BERMUDA FOR PRINCE OF WALES

Hamilton, Bermuda, Oct. 1.—The Prince of Wales, homeward bound from Australia on the British battleship Renown, arrived here today from Antigua, for a three days' visit. He was given an enthusiastic welcome.

During his stay the Prince will take part in the concluding ceremonies of Bermuda's tercentenary, which is linked with the Jamestown, Va., tercentenary, and those of the sailing of the Pilgrims for America.

The celebration in honor of the Prince, who is concluding his long tour of the British Empire and the United States took on an international aspect with the presence here for the occasion of Rear Admiral Charles F. Hughes, on board the United States battleship Kansas, and that of a representative of the colony of the Bahamas, Harcourt Malcolm, speaker of the Bahamian House of Assembly.

All Out to Welcome. Virtually every one of Bermuda's 20,000 inhabitants was out early to the day for the festivities of the Prince's visit. Early this morning the Renown, bearing the Prince and his party arrived off the northern end of the island, accompanied by the cruiser Calcutta.

FARM-LABOR INDEPENDENT TICKET WINS

Opposition in Northumberland Endorses Two Labor and Independent Candidates.

FRED FOWLE FOURTH NAME

Government Hope of a Third Party in Field Fails at Chatham Convention.

Chatham, N. B., Oct. 1.—The county convention of the Opposition in Northumberland was held in the town hall here this afternoon, and despite the extremely disagreeable weather, was largely attended, delegates being present from all parts of the county.

Mayor Gaynor was chosen chairman, and Wm. H. Teed, secretary of the meeting. The convention unanimously endorsed the candidature of John W. Vanderbeck, of Milford, and John S. Martin, Chatham, Labor nominees, and Chas. J. Morrissey, of Newcastle, Independent, and proceeded to select a fourth candidate.

The names of Fred Fowle, of Black River, Farmer candidate; J. L. Stewart and J. Y. Mersereau, Chatham, and P. D. Swin, Doaktown, were placed in nomination, and the result of the ballot showed that Fowle was the popular choice of the convention to complete the quartette.

Expects to Win. The announcement of the full ticket was the signal for rousing cheers, and much enthusiasm was manifested. Strong addresses were given by candidates Morrissey and Vanderbeck, Messrs. Stewart, Anthony Adams and others, expressing confidence in the success of the ticket to defeat the four present members.

The hopes of the government party that the Opposition would nominate a third ticket and thus split to some extent the forces opposed to them, have thus been dashed to the ground, and the Opposition ticket, as now constituted, supported also by Labor and Farmers should prove a hard quartette to defeat at the polls, and removes any chance the government candidates might have had of an easy victory.

The nomination proceedings at Newcastle tomorrow promise to be of an interesting nature, judging from the interest manifested in the campaign so far.

RED FLAGS GONE WHEN VETERANS CAME ON SCENE

Foreign Workers at Drumheller Very Discreet When Returned Soldiers Appear.

Calgary, Alta., Oct. 1.—While the local officials of the United Mine Workers of America claim that there are more than seventy per cent of the miners working at Drumheller, reports from other sources claim there are very few men underground. The officials of the U. M. W. A. have a list giving exactly the percentage of men that are working. F. E. Harrison, assistant to W. H. Armstrong, director of coal operations, who is on the ground with Senator Robertson, minister of labor, makes a statement that sixty per cent of the miners are still at work and that only three or four of the mines are totally idle, which more or less corroborates the statement of the officials of the U. M. W. A.

Go Back to Work. At the Monarch mine, which is strongly One Big Union, no men are working today but after a meeting at noon the men voted to return to work Saturday morning. According to Robert Livett, of the U. M. W. A. committee in Calgary, the attempted strike on the strength of these figures is proving nothing but a fiasco, and he is confident that the men that have come out will follow the lead of those at the Monarch mine.

According to a report from Drumheller, some of the workers in the Monarch mine who were foreigners, this morning began waving the red flag. This created some disturbance and a number of returned veterans promptly convinced them that there was to be no such demonstrations.

TWO AND A HALF INCHES OF RAIN AT FREDERICTON

Fredricton, N. B., Oct. 1.—Almost two and a half inches of rain has fallen here in the twenty-four hours ending today, bringing the total rain-fall for the present week up to 3.86 inches, according to statistics given out by the Dominion Meteorological station here today. It is believed that the statistics for September, when completed, will show the rain-fall last month to have been far above the average. This week's rain has retarded work on the farms, and will, it is believed, still further reduce the

Canadian Patriotic Fund Activities

Book Issued Containing Description of the Work Accomplished by the C. P. F.

A very handsomely bound volume containing an account of the activities of the Canadian Patriotic Fund has been received by a number of persons in St. John. The book contains description of the work accomplished in each district with portraits of the most prominent workers associated with it, beginning with the Duke of Devonshire and the Duke of Devonshire. The New Brunswick page shows portraits of C. B. Allan, member executive committee, N. B.; His Honor Justice Forbes, chairman, St. John Branch, vice-chairman executive committee, N. B.; His Honor Justice Wray, D. C. L.; L. D. Prescott, of the N. B. Provincial Branch, member National Executive Committee; Mrs. W. D. Forster, president Women's Auxiliary, St. John Branch; Hon. W. H. Thorne, member National Executive Committee, F. S. West, secretary St. John Branch. In the account of St. John work the names of Mrs. Forster, Mrs. Lawrence, Mrs. Elkin, Mrs. Gordon, and Mrs. Hooper occur as being actively engaged in the reception of dependents from England, as well as Mr. F. S. West, who is highly praised. An inscription in the front of the book gives the appreciation of the National Executive Committee to the recipient whose name is inscribed.

Police Court Cases Dealt With

Several cases were dealt with in the police court yesterday. Wm. Hayes and John Lynch, who were charged with being out late at night and not giving a satisfactory account of themselves were remanded. Wm. Dawson, Acadia street, was charged with speeding on Main street on two occasions last Sunday. After Policeman Sheehan testified the case was adjourned. In the case of Wm. Golding, charged with assaulting Mrs. Ada Cook, on Thursday, the plaintiff testified that the accused pushed her in the face and twisted her nose. Golding admitted the assault but claimed that Mrs. Cook and her daughters had been interfering with his children and calling him names and that when he remonstrated Mrs. Cook came at him with a broom. Fined \$20. Daniel Britt, arrested by inspectors Journey and Henderson on a charge of having liquor in his licensed premises for illegal purposes, and released on a deposit of \$200 did not appear and forfeited his deposit.

WEDDINGS.

McPhee-Lounsbury. Special to The Standard. Moncton, Oct. 1.—A pretty wedding was solemnized at the Reform Baptist parsonage this evening when Miss A. McPhee, of the C. N. R. shops and Miss Nellie Lounsbury of this city were united in marriage by Rev. S. A. Baker. After a wedding trip to St. John, Fredericton and Carleton Place, Mr. and Mrs. McPhee will reside in Moncton.

Old Country Club Aims And Ideals

Committee Met Last Evening and Drew up a Constitution.

A committee appointed from the general meeting of the Old Country Club, held on Tuesday, to draw up a constitution, met last night and much routine business was done. All old country people are eligible for membership. The organization is non-political and non-sectarian. Its objects are:
1. To band together all old country residents in the city in social intercourse.
2. To assist sick members, or any people from the old land who may be in needy circumstances.
3. To help find employment for emigrants landing here.
4. To meet emigrants at the boat or train, and help find temporary accommodation till permanent homes can be secured.
5. To induce emigrants to locate in this province.
6. To induce our Provincial Legislature to boost the province on the other side by illustrated lectures, &c., as is done by the Western provinces and the C. P. R.
7. To seek to have existing emigration laws improved so as to have final examinations made on the other side.
8. To protest to the Dominion Legislature against people being brought here by false promises of agents or published misrepresentations, and to request the assurance that final examinations be made at port of embarkation instead of the port of arrival. This would be easily practicable if the minister of immigration would definitely determine the class of immigrants that would be accepted by his department, and the standard of health required.
9. All employers of labor in the city and province will be requested to keep the secretary in touch with their requirements in the way of help needed.
10. Persons having rooms and apartments will also be asked to furnish the secretary with their names and addresses and the accommodation they have to offer.
Over 100 members are already enrolled, and the association seems assured of success from the start. The rooms on the second floor of the Orange Hall in Germain street, opposite the Trinity church entrance, have been secured, and the next meeting will be held there on October 15 (Friday). Anyone wishing for further information, call W. Brindle, Main 2509-11.

Association Is Asked For Grounds

Delegates from St. John Athletic Assn. Heard at Playgrounds Meeting.
Delegates from the newly formed St. John City Athletic Association were present at the regular meeting of the St. John Playgrounds Association held last evening. K. Hale, President, in the chair. Three delegates of this Athletic Association which intends to develop various sports among amateur lines asked permission to use the grounds of the East End Improvement League, the Allison Grounds or other grounds which the Association might think suitable for their needs. The delegates said that the present absence of suitable ground entirely retarded the development of the aims of the Association. It was thought that they might put into good shape a section of the grounds adjoining those of the East End Improvement League which would be particularly suitable for football. The delegates promised to make further inquiries, and the Playgrounds Association offered every assistance in their power. An athletic meet is planned for the South End Improvement League Grounds was reported as having been most successful.

PONZI INDICTED FOR USING MAILS FOR FRAUD PURPOSES

Forty-Three Points in Each of Two Indictments Before Grand Jury.
Boston, Oct. 1.—The Federal grand jury today indicted Charles Ponzi, promoter of the scheme by which millions of dollars were obtained from investors on promises to pay 50 per cent profits, for using the mails in a scheme to defraud. The indictments of which there were two of 43 points each, were the longest returned here in years. Ponzi is now a Federal prisoner at the East Cambridge jail and is under indictment also by State courts for larceny.

LADIES OF THE CENTRAL WARDS Those in Favor of Opposition Organized for Campaign Last Evening.

The ladies of the central wards of the city favorable to the opposition party met last evening in the Congregational church and organized for the campaign. All of the wards were represented and the ladies promise to give a good account of themselves on polling day. Mrs. J. W. McKean was elected chairman of the executive, Mrs. H. H. McLaughlin, vice chairman and Mrs. I. Pades, secretary. Ward chairmen were elected as follows: Sydney, Mrs. T. William Barnes; Dukes, Mrs. H. S. Francis; Queens, Miss Powell; Kings, Mrs. L. P. D. Tilley; Prince, Mrs. J. W. McKean; Wellington, Mrs. J. Roy Campbell; Victoria, Mrs. R. R. Patchell; Dufferin, Mrs. Thomas Dean. The executive will be composed of the chair officers of the different wards and the following additional members: Mrs. R. W. Wigmore, Mrs. F. L. Potts, Mrs. James Lewis, Mrs. George Akerley, Miss Florence Fannie, Mrs. F. J. McInerney, Mrs. W. H. Irving, Miss Harrison, Mrs. Fannie Andrews and Mrs. M. E. Agan.

DRUMHELLA MINERS WANT \$1.50 INCREASE

Senator Robertson Trying to Prevent One Big Union Strike on Monday.
Calgary, Alta., Oct. 1.—Considerable unrest is evident in the coal fields at Drumheller, Alberta and Senator Robertson, Federal Minister of Labor, is investigating conditions today in an effort to avert a threatened crisis. United Mine Workers are demanding an increase in wages of \$1.50 for the day wage men and the O. B. U. have ordered a strike to become effective over the entire province on Monday morning, in an effort to abolish the compulsory U. M. W. check-off. A move one way or the other means peace or war, according to mine operators who do not minimize their fears that there may be serious trouble.

Delegates Return From Convention

Report Splendid Meetings of Presbyterian Women's Missionary Society at Moncton

Mrs. Robert Craikbank, Mrs. David Willett, Mrs. F. S. Dowling, Mrs. John H. Thomson and Mrs. Jamieson, delegates who attended the annual meeting of the Presbyterian Women's Missionary Society held at Moncton, Wednesday and Thursday, returned home yesterday. All are enthusiastic over the splendid meetings held, the successful year reported, and the kindness of their Moncton hostesses. It was stated at the meeting that the society had raised \$95,000, 35,000 of which is a special peace offering. This is the largest amount of money ever raised in one year by the society. Among the excellent speakers was Dr. Schofield, who is a lecturer and research worker in the Severance Medical College Seoul, Korea. Dr. Schofield was recently consulted by the Japanese Government on Korean questions, and has done much to get better conditions of government in that land. He is a very bright, interesting speaker, and his addresses were greatly enjoyed. He will be heard in St. John shortly on several occasions. Other good speakers were Miss McKinnon, a missionary nurse from Korea, and Mr. McDermid, of Halifax, who spoke on Home Missions. Mrs. Ernest Forbes, of Scotsburn, N. S., was re-elected president.

Association Is Asked For Grounds

Delegates from St. John Athletic Assn. Heard at Playgrounds Meeting.
Delegates from the newly formed St. John City Athletic Association were present at the regular meeting of the St. John Playgrounds Association held last evening. K. Hale, President, in the chair. Three delegates of this Athletic Association which intends to develop various sports among amateur lines asked permission to use the grounds of the East End Improvement League, the Allison Grounds or other grounds which the Association might think suitable for their needs. The delegates said that the present absence of suitable ground entirely retarded the development of the aims of the Association. It was thought that they might put into good shape a section of the grounds adjoining those of the East End Improvement League which would be particularly suitable for football. The delegates promised to make further inquiries, and the Playgrounds Association offered every assistance in their power. An athletic meet is planned for the South End Improvement League Grounds was reported as having been most successful.

LATEST IN HEADGEAR FOR MEN A CORKER

Paris, Oct. 1.—Here is the latest in headgear for men: A white silk and velvet hat shaped in Mexican style and trimmed with heliotrope ribbon. The experiment was launched at Etames yesterday by M. Pefrot, fashion creator. He wore the hat himself. Mannikins paraded the grounds in the latest aviation costumes. The texture mainly was leather of the thinnest quality trimmed with collars and immense hems of ermine and sable.

Tobacco Hardens the Arteries, Overtaxes the Heart and Shortens Life

Says Dr. Connor, Who Suggests a Simple Test to Find If It Is Hurting You. Can You Stand It?
New York.—Dr. Connor, formerly of Johns Hopkins hospital, says: Hundreds of thousands of men who smoke and chew and who believe themselves healthy are suffering from progressive organic ailments. They would never have been afflicted had it not been for the use of tobacco and most of them would soon get well if they would only stop the use of tobacco. The best known habit-forming principle of tobacco is nicotine, but the most deadly and demoralizing is tar. Both are deadly poisons, which, when absorbed by the system, slowly but surely, affect the nerves, membranes, tissues, vital organs and vitality of the body. The harmful effect of tobacco varies and depends on circumstances and the individual. In some it causes general debility, others catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, cowardice and fear, mental confusion, etc.; in others it causes heart disease, bronchitis, tuberculosis, hardening of the arteries, palpitation of the heart, tuberculosis, blindness, cancer and the common affliction known as tobacco heart. If you use tobacco in any form you are doing yourself a great deal of harm. Read about a full page from a book. If your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of very serious catarrhal trouble. RED GOLD POURS INTO COAL AREAS

(Copyright, 1920, by Cross-Atlantic) Copenhagen, Oct. 1.—Bolshevik gold is being poured into the coal mining districts of England and Wales to bring about a coal strike. This fact is disclosed in documents left behind when Litvinoff was forced to leave Denmark for Norway. The authorities are investigating. The records also show a number of extremist papers in various countries and some trade unions are receiving Bolshevik gold subsidies monthly. Two Copenhagen unions are receiving 50,000 kroner annually.

Drugs Excite Your Kidneys, Use Salts

If your Back hurts or Bladder bothers, drink lots of water.
When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt, which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

N. B. RED CROSS HOSPITAL COMMITTEE

At yesterday morning's meeting the
New Brunswick Red Cross Hospital
committee, Mrs. J. V. Anglin presid-
ing, the treasurer, Mrs. George Scott,
reported that the expenses for the
month amounted to \$439.45.

Reports were read by Mrs. W. P.
Bonnell of the buying committee
from Mrs. Fred Fisher, convener of
Stone Church Red Cross Circle. Mrs.
Fisher reported four quarts of ice
cream sent every month to West St.
John, with a special treat of straw-
berries and fruit.

Miss Jarvis reported on success of
Red Cross booth at Exhibition.

Reports were given from the con-
sults for East and West St. John Mil-
itary Hospitals. A letter from River
Glade acknowledging the receipt of
filled bags was read.

The convener for the drives report-
ed that the bill for drives for East St.
John for the month amounted to \$117;
for ice cream at West St. John \$27.50.
It was decided to send a letter of
sympathy to Mrs. J. H. Duddy on ac-
count of her recent bereavement.

A follow-up committee with Mrs.
George Harbour as convener was ap-
pointed.

Municipal Council Finance Committee

Matters Which Will Come Be-
fore Council Next Tuesday
Were Dealt With.

The finance committee of the mun-
icipal council met yesterday afternoon
at the office of the county secretary
to deal with matters which will come
before the council at its meeting on
Tuesday next.

Rev. George Scott and F. S. West
appeared on behalf of several depend-
ent children, who were unable to find
homes in the various orphanages of
the city owing to their crowded con-
dition and whom they were unwilling
on account of the feeling against the
placing of orphans of returned sol-
diers in the municipal home, to place
in that institution. No action was
taken but the mayor agreed to take
up the matter with the Salvation Army.

Two bond issues authorized at the
July meeting, one to net \$4,050 for
Lancaster sewers and the other to
net \$4,000 for County Hospital bal-
conies, were fixed at these sums today
because of the objection of the
comptroller general to the word net.

A bill of \$142.50 for his services as
coroner was rendered by H. A. Porter
and ordered paid. In the connection
a general discussion on the useless-
ness of coroners in general was in-
dulged in and the resolution passed
by the county council in October, 1919
asking the government to abolish the
office of coroner and have the district
health officer perform the duties was
reaffirmed and the government will
be asked to give effect to the resolu-
tion.

Bills amounting to \$74 for steno-
graphers at coroner's requests were
ordered paid with the proviso that in
future there must be submitted a de-
tailed statement of each individual re-
quest or the bills would not be paid.

A recommendation that in future
no supplies to the registry office or
hall be purchased or any work on
either be done without a requisition
by the sheriff endorsed by the chair-
man of the buildings committee. It
was also decided that in future the
court house should not be used for
polling booths unless by the approval
of the chairman of the buildings com-
mittee.

A number of bills were ordered paid
including one from Garritte for 95
tons of hard coal for the jail amount-
ing to \$1,678.86.

The Lancaster Police Board was
granted a further advance of \$1,000
and the loan to the Lancaster and In-

lantown ferry was increased from
\$5,000 to \$6,538, to be repaid in ten
annual installments with interest at
the current rate.

At his own request the county sec-
retary was instructed to destroy \$50,
000 3 1/2 per cent bonds, signed by the
late Robert Connolly and issued in
connection with Lancaster sewer but
never placed on the market, having
been replaced by a four per cent is-
sue. The bonds will be destroyed in
the presence of the warden and may-
or of the city.

Mayor Scheffeld presided at the

meeting and those present were Coun-
cillors Jones, Frink, Thornton, Gold-
ing, O'Brien and Donovan.

What They Read in the Klondike

By Mrs. Helen Green Van Campen, Author "Behind the Scenes," etc.
In The Morning Telegraph, New York.

"Every one wishes to hear about what is go-
ing on in the wide world, and you will be inter-
ested to know what is our most popular publica-
tion in the Northland. It is THE LITERARY
DIGEST.

"I was out in the wild country look-
ing over a mining prospect, and while on the
move toward my destination, an old miner ran
out from his shack and bid us stop. He said, 'Got
a LITERARY DIGEST for me?' I talked with
him and he said he wanted THE LITERARY
DIGEST because it told him about what was go-
ing on in the world — everywhere. He got his
news in condensed form and liked it that way. I
have since investigated and have found that vir-
tually everyone up here looks to THE LITERARY
DIGEST to tell them things. Not everyone takes

the publication of course, but when a man reads
it he saves it and passes it on to a neighbor, who
passes it along in the same fashion.

"It is interesting to see one of the old timers sit
down to read his LITERARY DIGEST. It is a
serious matter with him; he does not merely skim
through it; he reads it carefully, advertisements
and all, like old man Jucklin did his Bible—from
kivver to kivver."

"Then he gives it to another old timer who
also reads it from start to finish. Afterwards they
light their pipes and engage in debate on the topics
they have been reading about.

"And I, even I, have got the habit, too. Please
mail a LITERARY DIGEST to me every week if
you can think to do it."

FUNK & WAGNALLS COMPANY (Publishers of the Famous NEW Standard Dictionary), NEW YORK

ELECTORS,

What do you think of this as some of
the "business methods" of the
Foster Government?

A short time ago a tract of land at Brookville containing one
hundred and sixteen acres was sold by public auction at Chubb's
corner for \$5,000, or about \$43 per acre. It is a limestone tract.

A few months ago the Hon. J. F. Tweeddale, Premier Foster's
"Superman" in the Agricultural Department, bought thirteen acres
of the immediately adjoining land by private sale for \$10,000, or ap-
proximately \$775.00 an acre. This is also limestone land, and it was
bought on purpose to supply lime to the farmers here.

Does it strike you as good business for the Government to give
\$775 an acre for land that private purchasers would only give \$43
an acre for? This is a sample of the "economy" that the Foster
Government prides itself on practising. Does it not amply justify
the Opposition's contention that the Foster Government is, waste-
fully and wantonly extravagant?

And that is not all. Here is the rest of the story. THE LAND
THAT THE GOVERNMENT GAVE \$775 PER ACRE FOR IS
ONLY ABOUT HALF AS VALUABLE IN LIMESTONE AS THE \$43
PER ACRE LOT.

Here is a comparative analysis of samples of lime from the two
plots. It was made by Yocum Faust, Ltd., a well known firm of an-
alytical chemists, and the sample of the \$43 per acre plot was taken
out of the quarry and that of the Government plot from a consign-
ment to a farmer.

The analysis shows as follows:

\$43 plot.	Government plot.
Calcium Carbonate 91.4 p.c.	Calcium Carbonate 45.14 p.c.
Magnesium 2.4	Magnesium 7.81
Insolubles, Iron, etc. 6.2	Insolubles, Iron, etc. 47.05

The Calcium Carbonate is what is required for fertilizer. The
farmer has been receiving Limestone from the producers from the
\$43 land at \$4.00 per ton, f.o.b. shipping point, containing 91.4 p.c.
Calcium Carbonate; add the average freight rate to this would make
it \$6.35 per ton to the farmers all over the province. The Govern-
ment's selling price to the farmer is \$5.00 per ton, in which they are
only receiving 45.14 p.c. of Calcium Carbonate, AND 47.05 P.C.
INSOLUBLES OF NO FERTILIZER VALUE. Take this per cent.
against the above production and it means a cost to the farmers of
approximately \$11.00 per ton for Government production against
\$6.35 per ton from independent producers.

Under the Government sales arrangements of \$5.00 per ton to
all points in New Brunswick, they are asking the farmer at the near
shipping points to pay the freight loss for the farmers in the North-
ern parts of the province.

Do the farmers think this is good business, or do they think
that Mr. Tweeddale has gold-bricked them?

First \$775 per acre for land worth only \$43, and then \$11 per
ton for fertilizing ingredients that can be bought on the open market
for \$6.35!

Your Railways and the Cost of Living

BEFORE the Privy Council at Ottawa protest against the new railway rates has been made on the grounds that the giving of the new rates would raise the cost of living by a percentage many times higher than the percentage actually charged by the Canadian railways.

It was pointed out that the numerous middlemen who act as the distributors of goods would each add his percentage of profit to the freight rate, so that although the railways might only receive say 40 cents additional freight charge on a shipment, the public would be forced, by the distributing middlemen, to pay many times that amount.

The management of the various Canadian railways desire, through this their Association, to draw the attention of newspaper readers to the highly significant fact that the recent increase in United States railway rates—an increase similar to the increase in Canada—**HAS ACTUALLY BEEN FOLLOWED BY A DECREASE IN THE COST OF LIVING IN THAT COUNTRY!**

Furthermore

A great Canadian manufacturer recently made public—without any solicitation and without the previous knowledge of the railway managements—figures which proved that the retail selling-price of a yard of plain white cloth in Winnipeg after being hauled from Montreal to Toronto and Toronto to Winnipeg, would be increased only one-half a cent **EVEN AFTER THE WHOLESALE HAD ADDED 20 P. C. PROFIT TO THE NEW FREIGHT RATE AND THE RETAILER ANOTHER 50 P. C.!**

He showed that these distributors, whether rightly or wrongly, added 15 cents to his mill-price of 16 cents per yard!

Yet the railways, carried the raw cotton for this yard of goods from Texas to Montreal, and the finished goods from the mill to Toronto and Toronto to Winnipeg for one and one-half cents!

One and one-half cents as against fifteen cents!

We venture to believe that, whatever the explanation or the justification may be, the same serious additions to cost by the distributing trades will be found in relation to almost every article of common household use.

This is not to attack distributors. They may themselves be victims of a bad system or of an over-crowded trade. But it is to point out that if they add whatever percentages they, as a trade, find convenient **ON TOP** of the freight rates the railways cannot help either themselves or the public. The oppressive results of these practices should not be charged against the railway managements, nor cited as reasons for holding freight rates down—merely because railway rates **CAN** be held down—while other prices soar as the various trades find necessary.

RAILWAY charges always must be a serious item in determining cost of production; but the managements of your railways urge upon your attention this fact: that antiquated, over-loaded and wasteful systems of distributing goods are much more properly a subject for public anxiety!

Canada cannot prosper without prosperous railways. Canadian railroads cannot prosper unless Canada prospers!

In all sincerity let us suggest that the people of Canada Beware of those who would restrict and even strangle the railways of Canada **SIMPLY BECAUSE CONTROL EXISTS THERE—AND IS NOT SO CONVENIENT** in other departments of commercial activity!

THE WORKMEN'S COMPENSATION ACT.

Government spokesmen are forever telling the public that the Foster Government the laboring men owe all the benefits that are conferred by the Workmen's Compensation Act. Never was a more unwarranted statement ever made. Long before the present Government was ever heard of, when the Hazen Government was in power, the Compensation Act was passed which was a great improvement upon all its predecessors. This Act was several times amended and improved to meet new conditions as they arose. As each year went by the question of compensation to workmen for injuries was taken up in other provinces of Canada, and in England, and became a very live subject. With the view of getting the best possible measure in New Brunswick, the late Government appointed a commission to take up and study the whole question, find out what was being done in other places, and report so that the best information might be available upon which the most satisfactory Act could be drafted. A most capable commission was appointed, consisting of men best qualified to undertake the work and utterly regardless of their political affiliations, and they brought in their report, and upon this the existing Act was based. Had the late Government remained in power, such an Act would have been passed just the same, and the working man would have had just the same advantages as he possesses today.

While the Act is a good one, its administration is top-heavy and altogether too cumbersome. There is no earthly need for these commissioners to carry out its provisions; their appointment merely provided three salaried jobs. There is besides, a whole army of officials tumbling over each other and an elaborate suite of offices. The sum of \$39,619 was paid in compensation last year, and it cost \$22,321 to do it. Do the working men think this is "good business" for any but the officials?

MACKENZIE KING'S SPEECH.

Reading the speech with which Mr. Mackenzie King opened his political tour of the West, one is aided in understanding why the Liberals advocated to the Premier in Colchester and why a Liberal candidate lost his deposit in St. John. The leader of the Opposition, if he desires to impress the public, must really exhibit something more than high-sounding rhetoric. He must draw up a concrete indictment of the Ministry, must specify in regard to its sins of commission and omission, and must try to show wherein his detestation, in favor of himself and his friends, would bring benefit to the country. This Mr. King conspicuously fails to do. He merely charges against the Ministry. Although he mentions, in passing, that it has expended hundreds of millions of dollars, he does not say much as to that a single cent was diverted from its proper channel. The so-called Murdoch charges, he does not even mention. The only criticisms are that the Government and Parliament are "unrepresentative" and that the Ministry is extravagant. He cleverly ignores the elements which have been elected in 1917, and has two years yet to go before it exhausts its constitutional term, and that so far as extravagance is concerned there is no parliamentary record, with one minor exception, of Mr. King or his party challenging estimates of expenditure submitted to the House.

As for Mr. King's only other important criticism, namely, that no intimation that purchase of the Grand Trunk was contemplated was given to Parliament until the matter had all been summarized, it can only be hoped that he has been misquoted. For the truth is, as Mr. King well knows, that the intention of the Government was known to Parliament and to the Opposition for upwards of a year, and opportunity to challenge and discuss the question was afforded times without number.

In regard to the balance of Mr. King's speech there is, as the Ottawa Journal points out, little that needs to be said. One wonders, however, why he hearkens back to the War Time Elections Act. That act was drafted for the specific purpose of preventing Germans, Austrians, and other enemy aliens from voting to determine Canada's policy in a vital measure of war. As such it had the support of most Canadians, including hundreds of thousands of Liberals; and it is hard to imagine what Mr. King hopes to gain by insisting that in this support his old party friends, as well as the majority of the nation, were promoters of a "heinous, heinous measure."

As for Mr. King's own creed, as for what he would do in the event of his coming to power, nothing could be more vague. On the tariff, which is the real and only issue before the country, he criminalized his sails to suit the British Columbia protectionist breeze, the Free Trade flag, so dear to the heart of Mr. McMaster, being hoisted down. Talk about the Liberal platform being identical with that of the Farmers' was hushed, and, instead, Mr. King emphasized how a tariff was necessary to take care of the commitments of the country.

"Taken all in all," the Opposition leader's speech was not a very impressive one. Reading it, Mr. Meighan may well exclaim with a famous British monarch: "They will never cut off my head to make you King."

IMMIGRATION.

One of the items in the programme of further "reforms" which the Foster Government promise to inaugurate, given the opportunity, is to cooperate into the best methods of reducing immigration to the province. Some things must have suddenly moved them, for hitherto they have taken no interest whatever in this matter; in fact, the latest report of their activities in regard to it was that they had decided to close up the offices in London altogether. They cannot very well close up the office in the city; that must be kept open to provide Mr. F. S. Sharpe with a salary.

Just how far the Government will go with any immigration policy is problematical. It comes under the Department of Agriculture, and it is well known that Mr. Tweeddale has considerable prejudice against immigrants of any nationality. He does not hesitate to say so. If he is less prejudiced against any class, it is farmers from Scotland. And he has said in the House on several occasions that one native of the province is worth half a dozen from overseas, no matter how good the latter may be. Before the Government's programme can be satisfactorily carried out, Mr. Tweeddale's objections will have to be overruled, always assuming, of course, that he is still a member of the Government, which, from present indications from Victoria county, he is not likely to be. His former friends as cheer for whom he claims to have done so much, don't appear to want him; and if he has both the farmers as well as the supporters of the regular Opposition against him, he probably won't have much to say in shaping any policy at all in regard to anything outside his own personal interests for the next four or five years. Probably Premier Foster had this fact in mind when he included a reference to immigration in his programme.

CANADIAN IMPORTS.

The recent trade figures of Canada are really alarming. They show a continuously growing adverse balance which in the present fiscal year may amount to \$500,000,000 or \$600,000,000, unless the large crop shipments reverse our volume of exports. The August figures, coming on top of deficits aggregating \$200,000,000 in April, May, June and July, are astonishing. Our imports in August were \$42,000,000 more, or 50 per cent, than in August, 1919, while our exports were \$4,000,000 less. Imports of \$124,000,000 worth of goods in one month is a rate of a billion and a half for a year, and reveals a pace of buying that cannot last. From the United States alone, our imports were \$35,000,000, or two-thirds of the total. Per capita, Canadians are buying more than \$300 worth of United States goods annually, while the United States people buy \$40 worth per capita, from us.

Most financiers accustomed to conservatism in international trading would marvel at the easy facility of our purchases across the line. They would deem the tariff duties Canada imposes on goods made also in Canada to be too low, rather than too high. The adverse rate of exchange has been above ten per cent, since last winter, yet the purchases go on as if the penalty never existed. That is an extravagance which only a state of extraordinary plenty could possibly justify. The imports from the United States consist partly of essentials, such as coal, hardwoods for furniture, iron ore, construction materials, machinery and equipments, some of them duty free. These imports are evidences of commercial progress. But we have far too much importation of luxuries from across the line, and stiffer duties on these would be well warranted.

The Government organs owe a debt of gratitude to The Standard. But for having it to pull about, they would have very little to say.

The cultural policy of the Foster Government is rather too progressive or something else for the deputy heads of the department to stand for in the short space of three years since the Government came in. Two of these that the Minister engaged came, stayed awhile and then quit. Both Mr. Reek and Mr. Brad are practical farmers, who, presumably, know their work, but both of them took the first opportunity that presented itself and promised something better, so got out and leave Mr. Tweeddale to himself.

The Normal School some time ago needed a new dictionary, so one was purchased at a cost of \$20.25. To make the thing complete, \$12 was paid for a stand to lay it on. A table at a couple of dollars would not have done at all. A cushioned armchair to enable the reader to study the book at his ease would now seem to be in order—also a shaded reading lamp to stand alongside.

The Hon. Fred Magee is one of the soundest business men on the Government side of the House, and his appointment will strengthen the Government—which for a long while has badly needed strengthening. It is a pity, however, that the appointment has been delayed till the Government is about to quit.

A Government advertisement asks: "What more do the farmers want?" Well, for one thing they want to know why they have to pay \$11 to the Government to get a ton of lime of the same fertilizing value as that they can buy from private owners for \$6.35.

WHAT OTHERS SAY

All in the Bible.

An Experiment in Socialism. (Melbourne Argus.) We have men in Australia discontented, sour, cynical, or not, who were better off than themselves. They declared that our social system was all wrong, and such men as they were down-trodden sorts who had no opportunity to better themselves. They fell under the spell of William Lane, a sincere enthusiast, and at his behest many of them quickly saved £50 each in capital-ridden Australia, and were off to found a system after their own hearts in Paraguay. Even they had to depend on cursed capital for the scientific excitement. It was a fantastic hope that a collection of disgraced, unsuccessful men could strike their future as a snake sheds its skin and work together in harmony to establish a new and successful settlement. The venture was a miserable failure, ending in the death of some and the starvation of many; but at least it can be said of the men and their leader that they had the courage of their principles and they did make an effort to establish an ideal socialistic settlement and government.

Ex-Milk Boy's Romance.

(London Express.) Nottingham.—The romantic story of Mr. Samuel Knighton, formerly a milk boy of this city and now an American millionaire, has just become known here. Mr. Knighton left England for Canada 34 years ago. He experienced some rough times at the beginning. He was a victim of unfortunate land speculation at Winnipeg, and lost all his ready cash. He next settled in the Red River district, where he was again overtaken by misfortune, whereupon he returned to Winnipeg and secured employment as a postman. After a few years Mr. Knighton invested a little money that he had saved in a music business, in which he did fairly well by buying and selling pianos. When this undertaking was on a sound basis his enterprising friend formed a family orchestra, and went round the settlement giving concerts. This proved so successful that he amassed a moderate fortune, with which he made a bold bid in a new direction, securing the Canadian agency of a New York flour syndicate. The next step was to adventure on the New York produce exchange. Mr. Knighton's unflagging efforts were crowned with success. From that day he has never looked back, and is now the head of a firm handling millions and having agencies in practically every European country.

Which? The mistress of the house engaged a new servant and gave her instructions how to behave when answering her bell. One evening she rang for a glass of milk and was surprised to see Martha appear with the glass grappled in her hand.

"Oh, Martha!" she said, "always bring the milk to me on the tray and the milk emptied into it. Anxious to please, she complied and inquired: "Shall I bring a spoon, ma'am, or will you just 'sp it up?"

AVOID ALUM IN FOOD

Baking Powder is one of the most important food ingredients. Alum or other injurious acids are frequently used by some concerns to lower the cost of production.

MAGIC BAKING POWDER

Contains No Alum

It is a pure phosphate baking powder and is guaranteed to be the best, purest and most healthful baking powder possible to produce.

W. Matthew Williams, in "Chemistry of Cooking," says: "Phosphates are the bone-making material of food and have something to do with building up of brain and nervous matter."

WEDDINGS.

Tobin-Machey.

A very pretty but quiet wedding took place in the Church of the Holy Family, West Bathurst, September 28th, when Miss Barbara Machey, eldest daughter of Mr. J. Donald Machey, was united in marriage to Mr. J. Leo Tobin, son of Mr. and Mrs. John Tobin, of Wianipeg.

The bride was given away by her father. She wore a navy serge suit with a jet and ostrich hat and a mink tie. She carried a bouquet of Bridal roses.

A dainty breakfast was served at the home of the bride.

They were the recipients of many beautiful presents of silver, cut glass and china, as well as cheques, testifying to the esteem in which both are held by their many friends.

Mr. and Mrs. Tobin left on the Limited for their future home in Wianipeg.

McAuley-Sharp

Lower Millstream, Oct. 1.—The home of Mr. and Mrs. Albert Sharp, Sussex, was the scene of a pretty wedding on Wednesday afternoon, Sept. 29 when their daughter, Jennie Margaret, became the wife of Thomas S. McAuley of Lower Millstream.

The bride entered the parlor at the hour of three on the arm of her father, while her sister, Mrs. Warren Myers of St. John, played the wedding march. She was tastefully gowned in white lace-trimmed gown, set with the conventional veil and orange blossoms and carried a showy bouquet of white asters. The ceremony was performed by the Rev. A. V. Morash, under a floral arch. After the ceremony a sumptuous repast was served to sixty invited guests. The groom's present to the bride was a substantial check and to the pianist a pearl brooch. The other presents were numerous and costly and included a hundred dollars in cash.

The bride taught school for some years and has many friends in different parts of New Brunswick. The groom is a son of J. E. McAuley, Lower Millstream and spent four years overseas. At about six o'clock the happy couple left amid showers of confetti for a short motor trip to Prince Edward Island. Upon their return they will reside at Lower Millstream.

Walsh-Henderson

On Tuesday morning, September 14th at 9:30 o'clock at St. Francis Xavier church, Sussex, Miss Estella M. Henderson, daughter of Mr. and Mrs. William A. Henderson of White Mountain was united in marriage to Ernest J. Walsh of Corn Hill. Rev. Father Fraser celebrated the nuptial Mass. The bride was prettily gowned

OBITUARY.

Theodore Edward Brooks.

Gagetown, N. B., Sept. 29.—Friends of Mr. and Mrs. Beverley Brooks, of Gagetown, will sympathize with them in the loss of their little son, Theodore, which occurred on Saturday afternoon at the age of one year and twelve days. The little one had been ill only since Tuesday with spinal trouble following cholera infantum. He leaves, besides his parents, two sisters, Hazel and Eleanor, and one brother, Albert.

The funeral took place on Monday afternoon. Services were conducted at the home by Rev. L. H. Jewett, pastor of the Methodist Church. The hymns, "Safe in the Arms of Jesus," and "When He Cometh," were sung, and the pall-bearers were four little boys, Harry Reid Clayton Reid, Cecil Corey and Norris Cooper. Burial was made in the Methodist cemetery. Much sympathy is felt for Mr. and Mrs. Brooks in the loss of their little one, who was a bright, attractive little fellow.

Mrs. Mary Campbell.

Many will regret to hear of the death of Mrs. Mary Campbell, wife of the late John Campbell, which took place yesterday morning at the home of her daughter, Mrs. R. Hearn, 27 Horsfield street. For the last forty years Mrs. Campbell lived in Gagetown, but she was a native of St. John and there are many here who will remember her very well. She was 87 years of age. Besides her daughter, she leaves two grand-children, M. C. Hearn of this city and Mrs. A. L. Keir, head of Havana. The funeral will take place this afternoon from her daughter's residence.

in a dress of white silk and bridal veil caught with orange blossoms and carried a bouquet of white asters and was attended by her cousin, Miss Annetta McLaughlin of Springfield, Mass., who wore pale pink silk gown, cuffed with black hat and carried a bouquet of sweet peas. Misses Josephine and Florence Henderson, little sisters of the bride were flower girls and wore pale blue voile dresses. William Farnell supported the groom.

After the marriage ceremony the bridal party motored to the home of the bride where breakfast was served to relatives and intimate friends of the contracting parties. The groom's gift to the bride was a set of Iceland goat furs to the bride's maid a pearl neck lace and to the best man a set of gold cuff links. The bride received many suitable gifts of silver and linen, etc. also cash. Mr. and Mrs. Walsh left on the C. P. R. for St. Leonard's, Madawaska County to visit the groom's father, into his sister in Van Buren, Maine.

REPRISALS MUST STOP DECLARES LLOYD GEORGE

Dublin Officials Ordered to Take Instant Measures Against "Black and Tan."

(Copyright, 1920, by Cross-Atlantic) London, Oct. 1.—Premier Lloyd George has sent explicit instructions to Sir Hamar Greenwood at Dublin for the punishment of the perpetrators of the "black and tan" outrages in Ireland. It is understood the document which has the entire cabinet approval, provides for the dismissal of offenders from the force and possible incarceration in jail. The premier realizes that the "black and tan" reprisals are blackening England's case in the United States and hindering a settlement along Home Rule lines.

POOR HEALTH LIFE'S HANDICAP

Rich, Red Blood and Strong Nerves Needed to Win Out.

It has been well said that life is a race. The full-blooded man with sound nerves, the bright-eyed, rosy-cheeked woman invariably win. The nervous, dyspeptic man, and the sickly, anaemic woman are left behind. Success in life is largely a question of good health and sound nerves. It is never the shaky, undecided men who are chosen for promotion, the sickly looking, pale woman is not sought after like her happy, rosy sisters.

What makes all the difference is the condition of the blood. If your blood is thin and poor, your nerves are bound to suffer, because they have to depend upon good red blood for nourishment. Headaches, unsteady walking, a shrunken figure and pale, unattractive face tell only too plainly that the blood is at fault.

Both men and women in great numbers have found deliverance from their inferiority in life's race, caused by impoverished blood through the use of Dr. Williams' Pink Pills. They are a remedy that has been a household word for a generation, because they tone up the whole system, make the blood rich and red and strengthen the nerves. Mrs. S. B. Miller, Kimira, Ont., says: "I look upon Dr. Williams' Pink Pills as a family medicine, and have reason to praise them for what they have done in our home. Some years ago, while we were living in Alberta, my husband was so completely run down that he was unable to do any work, and even to carry a full water would exhaust him. A doctor was called in who said his heart was affected, and that medicine would be of little use to him. This greatly worried me and I finally urged him to try Dr. Williams' Pink Pills. He began their use and in a short time the swelling in his hands and feet disappeared. We decided to return to Ontario, but the doctor said he could not stand the trip. But the doctor was mistaken for through the use of the pills, he gained such strength as to be able to look after the harvest, and in a month later we returned to Ontario. My husband still takes a box or two of the pills twice a year and they keep him in good shape. I have also found the pills good for my growing daughters, and we are never without them in our home."

One of the best things about Dr. Williams' Pink Pills is that they do not contain the slightest trace of opiate or harmful drugs. While they are overcoming disease they are building up general conditions of good health. You can get these pills through any dealer in medicine, or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

COST \$50,000 TO END ACTION ON \$200 DEBT

Ponzi Declares He Was Only One Involved in His Get Rich Quick Scheme.

Boston, Oct. 1.—Charles Ponzi testified today that he settled for \$50,000 a suit of Joseph Daniels based on a loan of \$200, because the action brought by Daniels for a division of profits, had tied up \$512,000 of the money invested in Ponzi's get-rich-quick scheme, and, with a run on, Ponzi needed the money to meet demands.

As a further reason for paying \$50,000 to settle the suit, which he termed "propositional," Ponzi said he wanted to be able to withdraw all of his funds from two local banks against which he had developed "personal feeling."

The story of the settlement of the Daniels suit was developed from questions by Referee in-bankruptcy Olmstead regarding the beginnings of Ponzi's discredited international postal coupon scheme on which he promised profits of 50 per cent in 90 days.

Used Money for Furniture.
When he opened offices, Ponzi said, he bought his furniture of Daniels, paying \$50 in cash, and having no further funds, borrowed \$200 more from the furniture dealer. It was this \$200 which Daniels claimed as the basis of a partnership with Ponzi, and on which he sought to recover \$1,000, \$60 from the multi-millions of profits.

FIRELIGHTER

ENGLAND AND AMERICA HOLD WORLD CONTROL

Japanese Writer is Afraid They May Unite to Check Flowery Kingdom's Aims.

Tokio, Oct. 1.—A belief prevailing in Japan that the United States and America may join hands in restraining Japan in her Far Eastern policy has been the basis of much comment in the press.

Japan's brilliant writer, Ichiro Tokutomi, the editor of the military organ, the Kokumin, wrote a special article in which he called the United States the "enfant terrible" of the world.

Mr. Tokutomi regards the prospect of co-operation between England and America with some anxiety. The world will be obliged to agree with what they agree, he observes, but he consoles himself with the thought that such co-operation is unlikely owing to American suspicions of England and lack of world knowledge.

After summing up his conclusions as to the position of England as arbiter of the world, Mr. Tokutomi says: "But there comes England's competitor, whom England at least in her heart of hearts fears as a formidable

CONTROL DESTINY OF WORLD.

If they should co-operate in the work of solving the problems of the world, however unreasonable the results of such solution may be, the world will be obliged to agree,"

thinks Mr. Tokutomi. But he asks: "Is America willing to act the role of younger brother and follow England's lead? Americans want to be the first in everything. Will they be content to take the second place in the solution of world problems? He doubts it, saying: "To think that America will follow the lead of England as a younger brother dutifully obeying orders in the solution of the world problems and will be the

unique supporter of England in the exposition of the world's different races. But the majority of the Amer- ican people is the Anglo-Saxon. Eng- land and America are brother nations with the Atlantic between them. The destiny of the world is now entrusted to these brother nations.

Mr. Tokutomi describes the American in this way: "In a word, the American is a rustic person who does not know anything about the world. He enjoys globe trotting and Europe is his pleasure ground where he dumps his money. But on all occasions he carries his own country in his travelling bag. Consequently aside from satisfying his own desires for pleasure he does not enlighten himself very much by his observations of the world."

In short, Mr. Tokutomi observes, the war has Americanized the world rather than influenced America. Mr. Wilson's advocacy of the democratization of the world was in his opinion an illustration of how the American tries to measure the world with the rule he applies to his own country. The American considers that it is his mission to force Americanism upon other nations.

Pains

THOUSANDS of people suffer the agonizing pains of rheumatism, believing them to be inevitable. Yet, the truth is that rheumatism is generally caused simply by the failure of the kidneys to remove impurities from the system.

The action of Gin Pills is to help the kidneys perform their natural function again. With healthy kidneys, impurities cannot remain in the blood. That is why Gin Pills are recognized as so efficacious for rheumatism. If your life is made an intolerable burden through the pains of rheumatism, try Gin Pills without delay. RETURN BODY OF BRAZIL'S EMPEROR TO RIO JANEIRO

Former Monarch Has Been Lying in Glass Coffin in Lisbon Since 1871.

London Daily Mail and Cross-Atlantic.

Lisbon, Oct. 1.—As a sequel to the repeal by Brazil of the decree banishing members of the Imperial House, the body of Don Pedro II, who died in 1871, and which has been on view since then in a glass coffin, will be conveyed back to Rio de Janeiro.

The kindly features and full beard of Don Pedro II, last Emperor of the Brazils, have been seen by thousands of visitors at the burial place of the House of Braganza, in the cloisters of the Church of St. Vincent Without-the-Walls at Lisbon.

The bodies of dead Portuguese sovereigns were embalmed and interred in coffins with a glass panel in the lid, giving a clear view of the face of the deceased. King Carlos and the Crown Prince Louis, his son, who were assassinated in Lisbon, are also buried here, but only the Crown Prince's body is shown.

of which Ponzi boasted in the heyday of his scheme.

The immediate object of the proceedings before Referee Olmstead is to determine whether Ponzi had any partners who might be liable with him for the huge indebtedness outstanding after the collapse of his scheme. Today, for the first time, in answer to a direct question, he declared he had no partners and that he acted alone in his scheme.

YOUTHFUL IN BODY AND MIND

Never mind your age—as measured by years. How do you feel? That's the thing that counts!

Men scarcely in their thirties—baggard, listless, weak, nervous—men who take no interest in life, just dragging out a weary existence, all in, tired and worn out. Though young in years, they are, nevertheless, old men. Their vital forces are on the wane. They've lost their "punch" and "pep." They feel old—and they look it!

Stay young by keeping your body fit. Keep your nerves, stomach, bowels, liver, kidneys and bladder healthy and active. Build up your strength and health. Nothing will accomplish these results better than

THE WEATHER

Toronto, Oct. 1.—The disturbance which was over New Jersey last night now covers Northern Maine with greatly reduced energy. Pressure is very low over the northwestern portion of the continent and highest in the Gulf States. Snow and rain have occurred today over the peninsula of Ontario and rain from the Ottawa Valley to the Gulf of St. Lawrence. From Lake Superior westward the weather has been fine and continued warm in Alberta and Saskatchewan.

Table with 2 columns: Location and Temperature. Locations include St. John, Victoria, Vancouver, Kamloops, Battleford, Winnipeg, Toronto, Ottawa, Montreal, Quebec, and Halifax.

Forecast.—Fresh southerly to westerly winds; showers. Northern New England fair and cooler Saturday; Sunday fair, moderate to fresh westerly winds.

AROUND THE CITY

TOOK FAINTING SPELL.—John O'Neil, former C. N. R. policeman, was seized with a fainting spell on Mill street at noon yesterday and was taken to his home, 104 Paradise Row, in the ambulance.

SAVINGS BANK RETURNS.—During the month of September the sum of \$59,900.88 was deposited in the Dominion Savings Bank, Princess street. The withdrawals within the same period total \$54,022.25.

ARGUMENT CONCLUDED.—Argument was concluded yesterday afternoon in the Chancery Division of the Supreme Court in the case of George W. Hersey against Hollis Murphy and Nelson Greenlow, an action for alleged trespass, originating in Grand Manan. J. P. H. Teel appeared for the defence and Daniel MacIn, K. C., for the plaintiff. Judgment was reserved.

AUTOMOBILE ASSOCIATION.—The New Brunswick Automobile Association held its first Fall meeting last night in the Board of Trade rooms, with President T. P. Regan in the chair. Considerable routine business was transacted. The secretary reported that there was now a membership of eight hundred for 1920, which is greatly in excess of any previous year, which is larger in proportion to the number of car owners in any other Maritime Province or in the State of Maine.

PROBATE COURT.—The matter of the estate of Bliss B. Hinson, who died intestate on Nov. 14, 1918, Winifred Hinson was appointed administratrix. The estate consisted of \$2,500 personally. Francis Kerr, Esq., appeared for the estate.

IN THE MATTER OF THE ESTATE OF JOHN E. COLLING, letters of administration were granted to G. H. V. Belyea, after proof of will in solemn form. H. S. Keith appeared for Mr. Belyea, and Austin A. Allan for Mr. Devine, one of the legatees. The estate included \$4,500 personal and no real estate.

LATEST COMPANY OF GIRL GUIDES

The latest company of Girl Guides to be formed in St. John is that of the Witanstede school. Yesterday afternoon Mrs. Zela Lamereaux, Captain of the Trinity Troop addressed Miss Lawrence and told them of the aims and plans of the organization. Four patrols were formed with the following leaders: Constance Watson, Marjorie Gray, Leonora Belyea, Viola McAvity.

REV. D. H. LOWETH LEAVING ST. JOHN

It will be learned with regret that Rev. D. H. Loweth and Mrs. Loweth are leaving St. John. Mr. Loweth, who has been in Canada for some six years was for some time stationed at Hillsboro, and for the past three years has been curate of Trinity Church, St. John. Both he and Mrs. Loweth took an active interest in all the activities of the church, particularly in the Boy Scouts and Girl Guides. Mr. Loweth has also been identified with the Camera Club and with other organizations. He has accepted the position of Curate at St. John's Church, Providence, R. I. and will leave in a month to take up his new duties.

KING'S DAUGHTERS

The King's Daughters held their regular meeting at the Guild, Chipman Hill, yesterday and heard good reports from all committees. The president, Mrs. C. A. Clark, presided and conducted the devotional exercises. Mrs. Henderson gave a report for the Ways and Means Committee regarding the raising of funds for the Home at Fredericton. Birds are to be supplied by the order and a personal contribution to this will, it is expected, be made by each member. Plans for the winter's work included a rummage sale to be held shortly.

BEACONSFIELD LADIES

The women voters in Beaufield are invited to be present at a meeting in the residence of Mrs. H. G. Rogers, Dufferin Row, Monday evening at eight o'clock. All women in support of the Opposition are invited to attend.

H. M. S. Constance Crew Welcomed

Officers and Men Paraded from Steamer Dock to Depot—All Bound Home.

"In fine or stormy weather We are all together, Hello, Hello, Hello, Here we are again."

Such was the refrain typical of that always-on-the-job spirit of the British Navy—sung by the two hundred and seventy members of the old crew of the H. M. S. Constance, who are bound for home, as the Empress docked at Reed's Point about 6 o'clock last evening.

As the men, in charge of Capt. Kennedy, marched down the gangway they were met by Mayor Schofield, R. E. Armstrong, president of the Navy League, Capt. Mulcahy, E. T. Sturdee, E. L. Rising, Lieut.-Col. Alex. McMillan, C. B. Allen, secretary of the Navy League, and many others.

Special Train

A special C. P. R. train of ten cars was waiting, and as soon as the men arrived they were apportioned to their cars and the business of en-training was soon completed. The baggage was brought down in lorries, and as soon as this was loaded the train was ready. Amid the cheers of the sailors on the one hand and of the hundreds of citizens who had remained at the depot, in spite of the rain, the train pulled out at 7:30 o'clock.

Popular Officer Takes Up Farming

Major W. A. MacDougall resigns as Assistant District Superintendent of S. S. B.

Major W. A. MacDougall, M. GABE RUTH'S SECRET DISCLOSED At the Imperial Monday, as an added feature, there will be a moving picture analysis of Babe Ruth's method of hitting home runs, thus uncovering a real mystery. Ruth is frantic over this disclosure and has threatened law suit against the camera people who caught him unawares with a high-speed analytical camera. The picture also gives the slow-motion 'dope' on the other famous hitters of the big baseball game; also pitchers. Pity they couldn't get after the baseball crooks the same way.

BLAMES CITY WATER FOR PAINS

Many Victims Due to Poor Quality of Drinking Water is Claim.

"The poor city water in St. John has been causing a wave of diarrhoea and typhoid in St. John the past summer and present fall," says the Sunday Leader of Halifax. "Thousands have been attacked with diarrhoea in the city in consequence of the unsatisfactory drinking water."

It is understood there has been a number of cases of illness similar to that named in the despatch. A report on the water supplied the city was made recently.

Navy League Executive Meeting

Details of Campaign to Raise \$20,000 in New Brunswick Was Considered.

To consider details of a campaign to raise \$20,000 in New Brunswick for the work of the Navy League a meeting of the executive was held yesterday afternoon in the Board of Trade rooms, the president, R. E. Armstrong, presiding. After discussion in which Mr. Babcock, provincial organizer, Capt. Ferguson, of headquarters, Toronto, Colonel E. T. Sturdee, Mrs. M. B. Edwards, Mrs. Daniel Mullin, Miss Alice Fairweather, A. W. Adams, H. B. Schofield and E. L. Rising joined, it was decided to appoint a committee with E. L. Rising as chairman to see what can be done in the way of canvasses and subscriptions. Mrs. Mullin stated that the L. O. D. E. have endorsed the appeal leaving it to the Primary Chapters to take action upon and added that an entertainment had been suggested as a means of raising funds.

DOWN THE BAY FISHING REPORTS

Henry F. Morrisey, resident engineer of the Marine Department returned yesterday from a trip to Grand Manan and the outlying islands. He says the Government steamer, Aberdeen is at present supplying the lighthouses around Grand Manan with their winter supplies. The fishermen report that fish have been very plentiful, especially herring and the line fishermen say they have not had much of a catch. Lobsters are scarce.

FRANK L. POTTS TO HON. DR. ROBERTS

The Hon. Dr. Roberts states that "unless Mr. Potts retracted in a published signed statement his failure to do so would brand him as the author of a deliberate falsehood."

ANSWER

I challenge the Hon. Dr. Roberts to meet me on the platform of the Star Theatre on Tuesday evening October 5, at 9 o'clock and I will repeat what I said on Thursday, Sept. 30. Answer through The Standard.

Signed F. L. POTTS.

Tariff Board Coming To City

Sessions Will be Held Here Late in October or Early in November.

The past couple of weeks has been holding sittings in Western Canada, carrying out the policy of the Government to make a thorough study of the requirements of the Canadian Customs Tariff, will visit the Maritime Provinces during the latter part of this month or the first of November. Sessions will be held at St. John, Moncton, Amherst, New Glasgow, Halifax, Sydney and Charlottetown, the exact dates to be announced later.

Opposition Ward Chairmen Meet

Encouraging Reports Received from All Sections and Victory is Assured.

Victory is in the air and every passing day but adds to the confidence with which the Opposition workers in the city approach the battle of ballots on October 5, and their feeling that after that date St. John will be represented by a solid four supporting the government which will be formed by Hon. J. B. M. Baxter.

At a largely attended and enthusiastic meeting of the executive held yesterday at noon encouraging reports were received from all the ward chairmen. Each one had a story to tell of splendid success in organizing their wards, and of support coming from former followers of the government, but who had become disgusted at the orgy of spending inaugurated by the "master of administration" and by the inability of the "boy premier" to control the extravagant ideals of the minister of health, whose hobby is costing the municipalities a pretty penny without any compensating results.

The Opposition workers are full of optimism and predict that Messrs. Tibby, Campbell, Potts and Lewis will roll up one of the biggest votes ever recorded in this constituency. From the other counties in the province comes an equally favorable report. The Opposition candidates everywhere meeting with a reception which indicates their triumphant return and the utter rout of the government forces.

SHOES ARE LIKE MEN in the service they give

SOME men are cheap at many thousands of dollars a year, while others are dear at fifteen dollars a week.

Shoes are like men. Good shoes, shoes of long life and comfort, and whose refinement of design bespeaks good taste, cannot be made at a price to compete with those in which inferior materials are used.

Every wearer of Hartt Shoes will tell you that their purchase is true economy. They will tell you that the quality of the leather used in their manufacture ensures long life, that their grace of design means constant satisfaction, and that their scientific manufacture and care of workmanship has meant freedom from foot discomfort.

It is no exaggeration to say that one pair of Hartt shoes, in satisfaction and service, is worth two or three so-called cheap pairs.

In these uncertain times it is not safe to experiment. Only such shoes as those bearing the Hartt label, shoes which have won the reputation of being the best made, are being bought by the truly economical.

From a Hartt shoe you get more months of wear, save money in the long run and gain in foot comfort and style. Every Hartt shoe carries a double guarantee—the maker's and that of an honest reliable dealer.

If you don't know where to buy Hartt shoes write us direct.

Aroostook Jct.

Aroostook Junction, N. B., Oct. 1.—A very successful concert was held in the Union Hall tonight, under the auspices of the Ladies' Institute, before a large audience. Odell Graham presided at the piano, Mrs. L. Grant and Miss Jennie Weston first and second vocalists, Dr. Deakinson of Perth, conductor, and Master Dickinson were applauded by his masterly handling of the drums. Mrs. London and Mrs. Grantham sang a duet in good style, and the solo rendered by Miss Gatch was very prettily rendered. Some readings were given by the ladies, and Mr. Langley won loud applause by his original poem, "Passing through the Imperial Press delegates, dedicated to Sir Charles Stamer."

Mr. Hadley Sloat acted as chairman, and when the concert closed a lunch of tea, coffee and sandwiches was provided by the committee. Mrs. Sloat, secretary, wishes to thank those kind friends who worked so hard to make the concert a success for their work in this connection. Mrs. C. Balston is visiting her friend Mrs. L. True. H. L. Scott and wife left for Dalhousie, where they will spend a vacation. Mr. R. D. Davis, of McAdam, is acting locomotive foreman, relieving Mr. Scott.

Miss F. DeLong is principal and Miss C. McVey, primary teacher of the Aroostook schools this term. Miss Pearl True is visiting her sister, Mrs. H. True.

Miss Gatch is staying with Mr. and Mrs. P. Gibson.

Mrs. Emma Fredericton, is paying a visit to Mr. and Mrs. G. Griffin. Mrs. Spaulding, of Bangor, Me., is visiting Mr. and Mrs. W. Grantham. The tenements owned by the P. & N. have their drinking water supply from a reservoir situated above the farm of Mr. W. Brown, and during the past week everyone has been complaining of the water, which was practically undrinkable. On Saturday last some boys who were playing around the reservoir found the body of a defunct skunk in the water, and in order that no doubt should exist about the nature of the beast, they tied a rope about the little animal and dragged it around the village. People who like to take the fresh air in the evening seemed to be of one opinion that night—that injure was the best place. On Sunday morning our correspondent visited the reservoir and found it covered with foul green slime, and presented every appearance of a typhoid fever trap. As there is a board of health at Bangor, it is fair to presume that some steps will be taken in the near future to restore this water to its pristine purity.

The question of securing the winter's wood supply at Aroostook Junction is serious as all available wood between here and Edmundston and in the Timonon division of the C. P. R. has been bought by the P. & N. from Presque Isle, Fort Fairfield, and Houlton, Me., at high prices, and as coal is difficult or impossible to procure, those of the C. P. R. men who have the time are being compelled to go into the woods to cut a supply for winter.

THE purpose of paint is twofold—it should beautify of course; but, also, it must fully protect the surface to which it is applied. The high cost of repair-work has made us all fully realize the extravagance of letting a building "run down" for lack of a coat of paint.

It is equally important to understand the extravagance involved in the use of poor paint, and to know that there's one point which leads all others in the matter of economy:

It is equally important to understand the extravagance involved in the use of poor paint, and to know that there's one point which leads all others in the matter of economy:

No other paint can match it in covering capacity—no other brand can equal its record of permanence. Affording real protection over a long period, it has removed the false notion that a house must be repainted every year. If you use this paint of extreme durability your house is protected for years.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups and saves equally. It is easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 3/4 ounces of Pinex, pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves equally. It is pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "24 ounces of Pinex" with full directions, and don't accept any other else. Guaranteed to give absolute satisfaction, or money promptly refunded. The Elmer Co., Toronto, Canada.

Alberta Recipe - Steak and Kidney Pie

REMEMBER those savory meat pies most used to make? Flaky crust with delicious rich gravy and well cooked meat inside. Fairly melted in your mouth.

Bake one to-day with ALBERTA Flour for a palate treat your folks will long remember.

How to Make the Crust!

Take 4 ozs. butter, 2 ozs. lard, 8 ozs. flour. Put together in a chopping bowl, with a pinch of salt, and (in a cool place) chop together till the bits of butter are about the size of beans. Make a hole in the centre, and using about half a cup of ICE water, make it, with as little pressure as possible, into a firm dough. Roll out half an inch thick, put into any little bits of butter that have fallen from it, fold it in three, and roll out again, as quickly as possible. Dredge with a very little flour, fold again in three, roll out once more (three times in all), fold again in three, and set in the refrigerator for twenty-four hours, then use in the ordinary way.

Is Marriage A Success?

To the Editor:—
One of the big N. Y. newspapers has been running a series of articles lately on marriage and whether it is a success or vice versa and every day they are printing letters that were sent in to them by husbands and wives stating their views on the case and the editors seem to think they should be the people that should write to know, but as far as I am able to make out from their letters the same will go into extra innings and they will finally call it off on an act of darkness. It looks like what the papers call a hung jury and it should be.

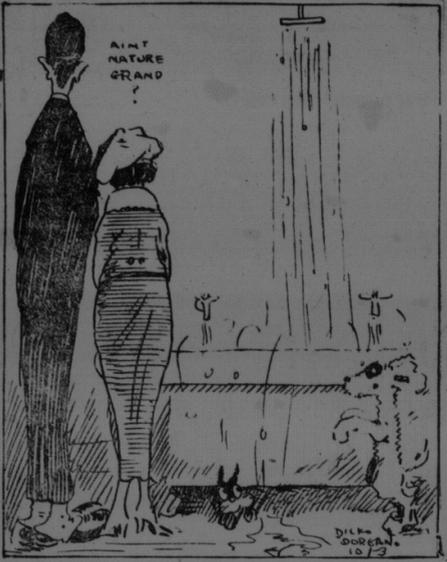

Most of the letters seems to be of the female persuasion, and they've been very few of them where the ladies, god bless them, has given their own worst of it. If their marriage has been a success it was their own fault and if it has been a failure the credit goes to God. That is with a few exceptions. The other day for instance they were a

she liked the idea and we engaged a bill by the hr. and came to find out they wasn't room enough in it for the 2 of us to ride at once, so I said we would flip a coin and if it came heads she was to go 1st. and I flipped a coin and sure enough it came heads.

"I sunk the \$10,000 in some highly recommended investments up to Saratoga that promised a fair yield but one of them was facing the other way when they sprang the barrier and the other one win but was disqualified by the jockey got confused and used his whip on another horse that didn't happen to be riding that day, but they looked a whole lot alike.

The Second Venture.

"The next gal I married was name Claire and she didn't have no dowry but she carried \$5000 accident insurance as she use to travel on the road for a vacuum cleaner. It wasn't only about a wk. after the honeymoon that

woman wrote in and owned up that her hymeneal nuptials had flopped, but maybe she was to blame. That was in the 1st paragraph. The rest of the letter give her husband one hell of a pasting as they say, but at least it shows that some woman can be fair minded even if it's only for one paragraph.

The trouble with the discussion and why it ain't liked to get us nowheres is on acct. of the big majority of the letters coming from people that has only been married one time. What they know about it? It's just like you was to go to a bird that had shot one round of golf in his whole life and ask him how to hit the ball in order to get a back spin. The only husbands and wives that has got a license to talk on the subject is the ones that is habitual brides and grooms and has made a practice of tying the conjugal sly knot. I got a friend of mine that is now running his 5th relay and ought to know what he is talking about, so the other night I asked him to give me his frank opinion on the subject, thinking my host of readers would be interested, and here is what he had to say in part.

Friend had 80 P. C. Average.

other words 80 per cent. is a howling success. The other 20 per cent. is a fiasco of the 1st. variety. I am at present in the midst of one of the last named, but if the success is more pleasurable to talk about than the busts, I will start in on the former.

"The 1st. gal I married was the daughter of a wealthy real estate man named Edna. The old man give her a check for \$10,000 for a wedding present and as we was waiting for the train to take us to the Falls, I got her to endorse the check on the grounds that maybe we would run short on the porters to cash the check. Well, we got to the Falls and set there looking at them for about a 1 1/2 hr. and finally I asked her how she liked it and she said her ft. hurt her in her going away shoes and besides if they was pleasure to be got out of staring all day at a bunch of running water why not do it in comfort by going back to the hotel and go in the bathroom, and turn on all the faucets. She said that as far as she was concerned Niagara was a choice. So I told her that of course they wasn't no sport in just setting there and gazing at it, but the real fun was to rent a empty tub, some towels and get inside it and nurse the stopper out so some air could get in and shoot the Falls. THE PRICE.

"They say my boy is bad," she said to me.
A tired old woman, thin and very frail;
"They caught him, rubbing salt out an' he
Must spend from five to seven years in jail
His Pa an' I had hoped so much for him,
He was so pretty as a little boy."
Her eyes with tears grew very wet an' dim
"Now nothing that we've got can give us joy!"

"What is it that you own?" I questioned then.
"The house we live in," slowly she replied.
"Two other houses worked an' slaved for, when
The boy was but a youngster at my side.
Some bonds, a took the time he went to war;
I've spent my strength against the want of age—
I've always had some end to struggle for,
Now share an' ruin smelt the final page.

His Pa has been a steady-going man,
Worked day an' night an' overtime, as well;
He's lived an' dreamed an' sweated to his plan,
To own a vast store of real estate he sold;
He never drank nor played much cards at night,
He's been a worker since our wedding day,
He's lived his life to what he knows is right,
An' who should soon of his now go astray?"

"I've rubbed my years away on scrubbing boards,
Washed floors for women that owned less than we,
An' while they played, the ladies an' the lords,
We smiled an' dreamed of happiness to be."
"An' all this time where was the boy?" said I.
"Out somewhere playin'!"—Like a rifle shot
The thought went home—"My God!" she gave a cry.
"We paid too big a price for what we've got."

THE DRY GOODS CLERK

The Dry Goods Clerk is a patient, selfless beneficiary of the will of a rich bea of burden with a vast store of knowledge and vanadium steel feet.

A great many people have attempted to become Dry Goods Clerks and have failed because their feet were not case hardened. The average set of feet is too soft and pliable for this work, and is liable to flatten out in the form of a twelve-egg omelet. The annals of business are strewn with the wrecks of promising young men who started out to learn the dry goods business, but who got no farther than the differences between organy and canton flannel between both feet gave way at the waistline and had to be jolled along by the hot sizz bath.

If a person has been sent forth into the world with a firm, durable form of feet, however, there is no reason why he should not succeed as a Dry Goods Clerk. Lots of men have done so, and by becoming the sole beneficiary of the will of a rich store of their own. One of the first things the Dry Goods Clerk learns is never to talk back to a customer who pays cash. It is too often the case that rich, aristocratic customers look down on the Dry Goods Clerk and run him up and down the store until he is glassy-eyed, but if the clerk could see their dying bed he would forgive all.

An expert Dry Goods Clerk knows the exact location of everything in the store, from the spring suits of the model of 1910 to the new and racy chemises that no modest man can look at without a blush. It is a painful sight to see an amateur clerk hunting aimlessly through the hosiery department for a piece of ribbon to match a purchase of a new switch, and this melancholy occurrence, teaches us that we should be up and doing in the race of life.

Would You Like to Be a Strong, Husky, Manly Fellow Once More? New Method Without Drugs

The attached coupon entitles you to one illustrated copy of my pocket manual, "How to Restore Manly Strength," which is a complete and authoritative restoration of lost strength. (See description below.) Upon hearing from you, this valuable little book will be sent by return mail in plain, sealed envelope. Please call or write to-day.

There is a new and marvelous method for restoring lost manly strength, for renewing vigor, which room-mates would not suspect that you were wearing it. You need not know of a self-restorer which operates without the use of drugs or medicines, a new way to treat yourself for your ills and weaknesses. See description below.

Please remember that a man is not one day older than he actually feels, and therefore no matter what your age, if you are young or elderly, married or single, large or small, if you can show you, reader, how you yourself, may actually add to your system, nerves and blood the very nerve force or vigor which may have been drained away, and which is necessary to make you strong, vigorous and capable again, then I have shown you the real secret of perpetual strength, and how you can attain it, and just as thoroughly manly in your capacity as the biggest, fullest bloomed, most successful fellow of your acquaintance.

The new self-treatment for the restoration of manly strength, to which I refer above is a little light-weight VITALIZING Appliance, and being used by men everywhere all over the world. This little VITALIZER, weighing only several ounces, is comfortably buckled on the body and worn all night. It is so small and so compact that even a room-mate would not suspect that you were wearing it. It, however, generates a great tangible FORCE which can be measured on scientific instruments a POWER which I call VIGOR or NERVE ENERGY, and it sends this marvelous FORCE into your blood, organs and nerves free from excess, and dissipates it, then use the VITALIZER, nothing more. If this is followed out and the VITALIZER does for you what these other say it does for them, then all the pain or weakness will disappear from the small of your back—possibly from the first night's use—and you will be restored to a strong, vigorous, manly, capable man, without a single ache, pain or weakness. Please remember, I am not asking you to buy one of these VITALIZERS, but merely request you to first send for the free book described below, a section of which is devoted to an explanation of this VITALIZER, and gives you its whole wonderful story, so that you may know what intelligent young and elderly men everywhere are saying about it.

This is the Book You Get Free

My 32-page illustrated booklet (pocket size) was compiled by me to answer fully and completely those questions which are asked privately by any man needing new strength and who seeks personal advice pertaining to the ailments and weaknesses he wishes to overcome. This book, fully illustrated, with photo-reproduction, contains much that a single or married man should know. It also fully describes my VITALIZER and tells how you may secure one to use in your own case, should you decide you want to use one.

Remember, the book is sent absolutely free in plain sealed envelope. Why not write for a copy today? Satisfaction guaranteed in every case.

EQUIPPED FOR A CRISIS

By WILLIAM T. ELLIS.

The International Sunday School Lesson for October 10 is "The Baptism and Temptation of Jesus,"—Matt. 3: 1-4:11.

No thoughtful person who has visited Europe since the war has failed to return home without a warning concerning the gravity and growth of the present world crisis. All sorts of remedies and preparations are proposed, many of them hysterical and absurd; and many are unworkable. Most of the views that are being expressed upon this subject are too general and too large. It is easier to tell what is "vague" than it is to say what is actually to insure something practicable.

It is time to wake up to the truth that what the world, and this favored land especially, requires to equip for the present crisis is not comprehensive and governmental in character; but that it is an old-fashioned as the New Testament.

All that we need to consider to make the country strong and fit for these critical days, is mirrored in the present Sunday School Lesson upon the baptism and temptation of Jesus.

Only by bringing ourselves to an individual can the community be saved. A new spirit in men and women will buttress society against the tests which lie ahead of us. Like the Master Himself, whatever brains and more than natural endowment for the supreme trials that our characters and our civilization are about to encounter.

Facing Fundamental Facts.

Our day is rich in schemes and theories. If intellectual astuteness could safeguard human welfare, so much of the horizon would not be dark and red. Whatever brains and wisdom can do is being done to reconstruct the disintegrating Old World. Despite all efforts, the war and welfare are on the wane, and this is no place to go into the depressing recital of what has befallen our land and is befalling this old world of ours.

"Each breeze that sweeps across the bridge brings more ominous than the last. Here in the New World, too, there are a multitude of disturbing manifestations. A recent magazine article enlarges upon the alarming conditions of our time of embroilment: violations of trust, by old and young, educated and illiterate. The quality of trustworthiness, it declared, is diminishing with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over ninety years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing Co., manufacturer of Aspirin. While it is well known that Aspirin means Bayer, Bayer is stamped with their general trade mark, the "Bayer Cross."

Paris and New York shops are now featuring bags of ostrich feathers. The entire bags, which are rather small, are covered with the feathers. Oval-shaped bags of suede and like material are also shown with conventional designs fashioned of breast feathers, such as a taupe suede bag with a design worked out in peacock feathers.

Wool embroidery will continue to be the favorite garniture for juvenile attire as long as the fabrics employed are conducive to their use.

The draped turbans of duvetyne and other fabrics are popular in browns and blues for immediate wear, and henna in better, plush, and velvet is smart with trimmings of coo and flowers of autumn shadings.

Shoe designers say that the simple pump of black kid will show broad average folk in smaller communities. What I have found has heartened and drilled me. The eminent leaders of Christianity may disappoint one; but there is only encouragement for the plain people. The salt of the nation are this uncounted and sometimes forgotten host of homes where life is animated by a desire to do the will of God. These unschooled Christians, who do not make public speeches or write to the newspapers, whose supreme ambition is to do what Jesus would like to have them do, are the bulwark of civilization, the hope of the world.

Bible-reading patriots are the best guarantee of the preservation of our liberties. Would that every troubled and pessimistic leader of men and especially every Christian official, could go out into the country and meet them. It would hearten every city-spoiled man and woman to catch a glimpse of the countless homes where domestic virtues, self-sacrifice, and the standards of Christianity are unquestionably accepted as the measure of life.

By Jordan's Bank.

Somewhat, it makes the Master seem more like ourselves—which was His constant desire—to know that He joined the crowd of heart-hungry ones who thronged to the Prophet of the Jordan to be baptized. Jesus identified Himself in every respect with us. "He was tempted in all points like as we are." He walked the common ways of life, seeking spiritual reinforcement even as we seek it likewise. Nor would He permit Him the Baptist to dissuade Him from fulfilling all righteousness.

Though John thrust upon Him the argument of which so many of us begin to weary, that He was superior to the ordinary needs of the general run of men, the Saviour waved him aside.

The example strikes straight home to the church membership. Sabbath observance and the like. If the Lord went with the multitude into the world with the divinity of His time, we may be sure He would be found at the Sabbath worshiping in the house of God rather than "resting" on the golf-course, or bending over trashy literature.

By His baptism, there came to Jesus a fresh endowment of the Divine Spirit; and a special testimony to His character and His mission. He thus knew Himself in His highest capacity as an united with the people and ord' aces of God.

SEVEN SENTENCE SERMONS.

To be feared of a thing and yet to do it, is just what makes the prettiest kind of man.—Stevenson.

No one is useless in the world who lightens the burden of it for anyone else.—Dickens.

Faith feels the sun is hid but for a night; She spies the Summer through the Winter bud.—Tennyson.

Remember on every occasion which leads thee to vexation to apply this principle, that this is not a misfortune, but that to bear it nobly is good fortune.—Marcus Aurelius.

And the fruit of righteousness is sown in peace for them that make peace.—James.

There are many kinds of love, as many kinds of light.

And every kind of love makes a glory in the night.

There is love that stirs the heart, and love that gives it rest;

But the love that leads life upward is the noblest and the best.

—Henry van Dyke.

Never hold anyone by the button or the hand in order to be heard of; for if people are unwilling to hear you, you had better hold your tongue than them.—Lord Chesterfield.

HUGE STORES OF GOLD FOR UNITED STATES

Nearly \$26,000,000 Will Arrive There During Next Few Days.

New York, Sept. 30.—Gold will literally pour into the United States at the end of this week. The Baltic, due to arrive tomorrow, is carrying a cargo of \$16,750,000 from London, while the Imperator, on Saturday, will arrive with \$9,500,000.

Of the Baltic's estimated \$9,500,000 represents the first shipment of gold to the Federal Reserve Bank of New York of the reserve system's re-accumulated in the vaults of the Bank of England. The shipment on the Imperator is also for the same account.

A SURE RELIEF FOR WOMEN'S DISORDERS

10 Days' Treatment Free

Orange Lily is a certain relief for all disorders of women. It is applied locally, and is absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief; the blood vessels and nerves are toned and strengthened; and the circulation is rendered normal. As this treatment is based on strictly scientific principles, and acts on the actual location of the disease, it cannot help but do good in all forms of female trouble, including delayed and painful menstruation, leucorrhoea, falling of the womb, etc. Price, \$2.00 per box, which is sufficient for one month's treatment. Spanish Common Forced Down to 154/4 With Slight Recovery—Sugar Higher.

Montreal, Oct. 1.—There was little activity on the local stock exchange today outside half a dozen issues. The feature was the strength in Atlantic Sugar common, which opened at the low price for the day and advanced to 128 3/4, of which 1 1/2 points were retained at the close of 125 1/2.

Brompton led the list, and was under pressure in the later trading, but firmed at the close, ending at a small fractional loss only. Laurentide was quiet, but firmed a fraction to 112 1/4 and 440 shares of Breweries common sold up a point to 65. Brazilian also gained a fraction at 37.

RAILS MADE MORE GAINS IN TRADING ON WALL STREET

But Many Popular Industrials Are at the Lowest Point in Many Months.

New York, Oct. 1.—The only appreciable change in the stock market today from that of recent sessions was the more divergent character of the trading. Ralls continued to improve, while numerous popular industrials and special notes were at lowest prices in many months.

Rails Are Booming.

On the other hand, the rails, it was claimed, are enjoying a boom partly because of heated recognition of their intrinsic worth, but more particularly because of the benefits they are expected to derive from the transportation of bumper crops.

Wisconsin Central Leads.

The rise in rails was the most impressive of the current movement, most of the junior western and south western shares gaining one to three points, with a gain of 6 3/8 for Wisconsin Central. Investment transactions and transfers rose one to three, and coalers, notably Norfolk and Western and Lehigh Valley, made similar gains. The entire list strengthened in the later dealings on reports of a probable avoidance of the British coal strike. Sales amounted to 925,000 shares.

PRESS BIG TOE TO STOP TOOTHACHE

Chicago, Oct. 1.—If you have the toothache just press one of your big toes and the pain will disappear. That's the zone therapy. It is the latest thing, according to Dr. William H. Fitzgerald, of Hartford, Conn. He was one of the speakers today before the Central Society of Physical Therapists, in convention here.

"Your whole body," Dr. Fitzgerald explained, "is divided into ten perpendicular zones, corresponding to the ten toes or fingers. There are hundreds of little—what we might call electric buttons—on the body. If you press one you switch off the pain somewhere else. It's a sort of medical jiu jitsu. It is nature's own relief."

GOSSIP AROUND THE MARKETS

Wall Street Prices.

Notwithstanding the general expectation of pro-war prices for everything, brokers on Wall Street have no idea that Stock Exchange seats will go back to the level they sold for in dull times before 1914. Block, Maloney & Co. has just paid the record high price for a membership in the New York Stock Exchange—well above the hundred thousand dollar mark.

Buy Iron Mine.

Nipissing Mines Co. has purchased Magnetite Mines Co., an iron property some 60 miles from New York. The property contains it is estimated, and reserves of many millions of tons, and up to 10% of its shut-down, 20 years ago, constituted the largest working iron deposit east of the Mississippi.

List New Stock.

A new listing on the Toronto exchange yesterday was the recent issue of \$1,900,000 additional Canadian General Electric common stock, which was authorized by the directors in December last. The paid-up common stock of the Canadian General Electric is now \$8,000,000 and the preferred \$2,000,000.

Norwegian Loan.

The Kingdom of Norway has closed negotiations with a strong American banking syndicate for a \$20,000,000 8 per cent twenty year loan and the bonds are being offered to the investment public today at par and interest.

R. M. WOLVIN OFF TO INSPECT STEEL PLANTS AT SYDNEY

Expected He Will Visit, Too, the Wabana Ore Mines Be- fore Returning to Montreal

Montreal, Oct. 1.—President R. M. Wolvin, of the Dominion Steel Corporation, left tonight for the East on an inspection trip, which will include visits to the Sydney steel plant, Cape Breton coal district and the company's ore mines at Wabana. Reports from Sydney, Mr. Wolvin stated prior to his departure, were most encouraging, with the production at the steel mills there working to capacity, the coal mines showing a great increase of production over the previous levels, the output for September being particularly satisfactory, although definite figures for the month had not been received at the Montreal office. Mr. Wolvin's visit to the Wabana mines is in connection with the resumption of the export trade in iron ore, which during the war period and since the armistice was reduced to negligible proportions. The steel president stated that it was hoped that the advent of 1921 would see a profitable trade in ore again established, the new overseas connections formed through the British Empire Steel Corporation being an important factor in the market for the ore.

New Offering of 8 Per Cent. Stock

An exceptional opportunity to become a shareholder in one of Canada's most progressive and successful industries is afforded by the new offering of Allen Theatres, Ltd., 8 per cent. preferred stock. This company controls fifty-eight theatres—the largest chain in Canada. The following features are convincing:

1. Assets securing the Preferred Shares are valued at more than \$7,500,000, or over three times the total amount of issue.
2. Earnings of the company for 1919 represented 15 per cent. on the Preferred Shares, and current fiscal year earnings are estimated at more than 28 per cent., or three and one-half times dividend requirements.
3. The management and control of the company is in the hands of Messrs. Jule and J. J. Allen, whose record of achievement and success is unsurpassed.
4. The craving for amusement comes first in the list of human wants and commercialized, under efficient management, represents an industry of the most permanent type.

Probably no business is less affected through labor conditions or hard times; it thrives amidst chaos and prosperity, and is still in the development stage. When one considers that in a comparatively short period of time this industry has become the fifth greatest in the world, one cannot help but appreciate its future possibilities.

An investment in the 8 per cent. Preferred Shares of Allen Theatres, Ltd. made now in the infancy of this company, and carrying a substantial free bonus of common stock, will likely prove more than ordinarily profitable. We have purchased this security for our own account only after most careful investigation, and for those having funds available, or in anticipation, we recommend these shares for investment.

VIENNA DOCTOR FINDS SECRET OF KEEPING YOUNG

Old Man Who Took His Cure Claims to Feel Like a Boy.

(Copyright, 1920 by Cross-Atlantic.) Berlin, Oct. 1.—Herr Eugen Steinhilber, Professor of Biology in Vienna University, whose remarkable claim to the discovery of the secret of youth has been announced, has published here a brochure explaining its theory and the results of his investigations. As long ago as December, 1912, the professor developed the idea of rejuvenation, and began experiments.

An Old Man's Case.

The most interesting of the first series was an old man of 71, who gives the following account reproduced in Steinhilber's book: "Soon after the operation, my appetite began to increase to such a degree that I could hardly satisfy it. While before the operation I was plunged in mental depression; now a few months afterward again I feel the joy of life. My appearance is again fresh and firm, my eyes, I am exceptionally bright. People meeting me for the first time take me to be about sixty, and refuse to believe I am really 71. Formerly, when I walked quickly or ascended a hill, I suffered from giddiness and loss of breath. Now, these symptoms have almost completely disappeared, and very frequently I take walks of several hours' duration.

Like a Youth.

In short, I do not in the least feel like a man who has entered the period of old age. It strikes me as one sign of increased vigor—that I have to visit the barber every week and have my hair and beard cut. My hands, which formerly trembled, are now quite steady, and able to perform the most delicate manipulations. "For women, the necessary operation was more difficult. But Steinhilber made several experiments, of which he says: "In cases of women, about fifty years of age, striking changes in outward appearance were noticeable. Weariness and weakness disappeared. Several such patients took spontaneously a youthful and energetic demeanor, and this was reflected psychologically in an increase in joy of living.

CEREMONY OF KEYS PICTURESQUE AFFAIR

London, Oct. 1.—Few Americans who have visited the Tower of London have ever witnessed the ceremony of the keys, though it has taken place regularly for many centuries. The yeoman porter, with an escort of guards, still nightly looks the gates. Behind him still walks a variety of two pence a night to carry the keys and, broad daylight or no, follows the bugler with the lantern. "Hark, who comes there?" demands the sentry. "The keys," replies the yeoman porter. "Whose keys?" asks the sentry. "King George's keys," is the answer. At the end of the ceremony the yeoman porter takes off his hat and says "God preserve King George," and guard and escort reply, "Amen." Then the band or drums and fife play "God Save the King" and buglers sound the "Last Post."

C. N. R. TIME CHANGES EFFECTIVE OCTOBER 3RD.

Do Not Greatly Affect Trains in and Out of St. John. Time changes effective October 3rd on Canadian National Lines do not materially affect the time of trains in and out of St. John. Suburban No. 338, now leaving for Hampton at 9.00 a. m. will be withdrawn and No. 337 leaving Hampton at 9.30 a. m. will also be withdrawn. No. 10 train for Halifax will leave at 11.25 p. m. instead of 11.45 p. m. Arrival and departures of other trains on the main line are unchanged, and the service on the Valley Railway remains the same. After October 3rd passengers for Prince Edward Island will make connections by taking No. 18 passenger train leaving St. John at 7.10 a. m. which will connect at Sackville with train leaving for Tormentine at 1.15 p. m. Steamer Prince Edward Island will make only one round trip during the fall and winter. The through sleeper from St. John to Quebec on the Valley Railway will continue in service and also the through sleeping car for Campbellton, leaving St. John at 11.25 p. m. on No. 10 (except on Saturdays). The Ocean Limited between Halifax and Montreal will continue as daily train and no change is made in the schedule of this fast express. The Sunday trains No. 49 and 50 between St. John and Moncton will be continued as usual and connection is thus given at Moncton with Sunday's Ocean Limited both for Montreal and for Halifax.

By Order of the Board of Examiners. H. M. STEWART, Chairman. N. B.—Blank forms of application can be obtained on application to the Workmen's Compensation Board.

SPAIN'S KING HUNTS CHAMOIS HIGH UP HILLS

No Exertion Too Great for King Alfonso When on the Chase.

(The Associated Press.) Santander, Spain, Oct. 1.—No fatigue or physical effort is too great for King Alfonso when he decides to go hunting the Chamois in the Pyrenees de Europa, as he did this year in August after attending the horse races and personally steering his yacht to victory in the regatta at San Sebastian. This time, as an exception, he was accompanied by a number of women, who love hunting and who are connected by family ties with the royal house, as well as by some of his personal sporting friends. The party included the Queen, Princess Alice of Albany, the Infanta Luisa, Infanta Carlota, Prince and Princess de Bourbon, Lord Athlone, the Marquis and Marchioness de Vienna, the Marquis and Marchioness de Villavicencio de Asturias, Luis de Bustamante and a number of court functionaries of high rank. The central point of the hunting is Pena Vieja, right in the heart of the Pico, and to reach the royal hunting box a very trying tree or four hours' horseback ride is necessary. The distance from Camaleño, where the party mounts, is only twelve miles but the ascent is sharp all the way and at places great care has to be taken in passing along narrow paths looking over abrupt precipices.

High up Hill

The site of the hunting box is Liorno, at a height of 8,450 feet above sea level and here has been built a miniature palace containing many modern comforts. At night it is always cold at this height and many of the mountain peaks are covered with eternal snow. Even during the day cool winds are constant. Activity is the watchword during the King's short stay. Everybody must have breakfasted and be ready to start at seven in the morning for the higher peaks where the Chamois is found. All the hunters are provided with ropes in case of danger in passing the deep precipices, on the edges of which the Chamois generally is found. Great agility is requisite once the game has been marked. The King's short stay. Small animals are usually noticed at a long distance like small black dots leaping from point to point. Shooting has to be extremely accurate and as a rule many shots are expended as he dashes headlong among the rocks. Sometimes a mountain mist arises and then shooting is almost useless while it causes the hunters to separate and oftentimes to get lost in the mountains, where parties of miners, who are numerous in the district, search for them. However, Alfonso was this year lucky as regards weather and each day the royal party brought back to the hunting box on the backs of donkeys a considerable bag of game. Notwithstanding the strenuousness of the day's work, the King was always ready the following morning to start out again at an early hour sometimes, however, leaving various members of the party behind. Thirteen is always an unlucky number to have at a table—when there is only dinner for twelve.

For the younger social set at least, the week has been one continual round of gaiety, with not only one social engagement each day, but in many cases two and sometimes three given for the most part in honor of the principals in the happy events which have taken place this week and other which are being anticipated with interest in the coming week. The weddings too demand attention, and these late September and early October days, generally golden are brightened by these happy events, and the air is filled with joy bells and the churches resound with more solemn but no less delightful melodies.

A wedding which has been anticipated with more than an ordinary amount of interest was solemnized on Tuesday afternoon at five o'clock in St. David's Church, when Miss Constance Eileen Campbell, youngest daughter of Mr. and Mrs. G. Wilford Campbell, 29 Leinster street, became the bride of Mr. Harold Olive Clarke, son of Mr. and Mrs. A. R. Clarke of West St. John. The ceremony was performed by Rev. J. A. MacKellan, minister of the church, in the presence of relatives and intimate friends. The full surplice choir was present and under the capable direction of Miss Blenda Thompson rendered appropriate music. Mrs. T. G. Gunn presided at the organ. During the signing of the register, Miss Jeanne Anderson, a close friend of the bride, rendered in her usual finished style, "Because." The bride was given in marriage by her father and wore a smart suit of mole colored velvet with mole skin cape, and hat of mole and French blue duvetyne, and carried a beautiful bouquet of opheelia roses. The couple were unattended. After the ceremony Mr. and Mrs. Clarke left for Boston and New York, where the honeymoon will be spent. On their return they will reside at the corner of Crown street and Elliott Row. Mrs. Campbell, the bride's mother, wore a becoming costume of navy tricotine elaborately embroidered in black silk, a seal stole, and hat of navy and show duvetyne with show plume. Mrs. Clarke, mother of the groom wore a becoming suit of taupe velvet with taupe hat to match. The popularity of the young couple was evidenced by the large number of beautiful gifts received.

The Methodist Church, Westfield N. B. was a bower of evergreens and rowan berries on Wednesday morning for the marriage of Miss Jeanette Conroy, daughter of Mr. and Mrs. Thomas Harrison Bullock to Mr. Arthur Gordon Shattford, son of Mr. and Mrs. Sidney Shattford of Halifax. The Rev. H. A. Goodwin of the church officiated. A quartette composed of Mrs. Crockett, Mrs. Gordon Likely, Mr. Lanyon and Mr. Grant Smith rendered appropriate music. Miss Alice Hies presided at the organ. The bride who was given in marriage by her father, wore a beautiful gown of ivory tulle and tulle made in panel effect over flesh colored georgette. Her veil fell in full folds from a band of orange blossoms across her forehead over the short skirt forming a train. She carried opheelia and sweet heart roses. Mr. Harry Barker and Mr. T. Harrison Bullock acted as ushers. Mrs. Bullock, mother of the bride was gowned in taupe chiffon cloth with silver lace trimmings over flesh colored georgette, a hat of taupe and pale pink with feather trimming and ermine fur. Miss Bullock, sister of the bride, wore saad colored tricotine, embroidered in self color, a large hat to match, trimmed with royal blue and flowers. Mrs. Sidney Shattford, mother of the groom wore a sand colored gown of silk and georgette handsomely beaded. After the ceremony the guests were conveyed to "Rita Don," the summer home of Mr. and Mrs. Bullock, where a buffet luncheon was served. Here the decorations were opheelia and sweet heart roses. Among the guests were Mr. and Mrs. Sidney Shattford, Halifax, Mr. and Mrs. Prentiss, Mrs. E. W. Chestnut, Mrs. C. F. Chestnut, (Fredericton), Mr. and Mrs. John F. Bullock, Mr. and Mrs. C. E. Allen, Mr. and Mrs. H. Barker, Mr. and Mrs. W.

The dining room, like other rooms, were decorated with quantities of mauve asters and potted ferns. Margaret McCavour conducted the guests to the dining-room. The tea table centred with a silver basket of pink and white asters, surrounded by silver vases containing the same flowers was presided over by Mrs. LeRolle King and Mrs. Kingsley Shields. Assisting in the dining-room were Mrs. Louis LeLacheur, Mrs. F. R. Blair, Mrs. William Welford, Miss Helen Robertson, Miss Marguerite Hall, Miss Elinor Clipp, Miss Winifred Blair, and Miss Nellie McCavour. In the evening Mrs. Kingsley Shields conducted the guests to the dining-room and Miss Amber Teed and Mrs. LeRolle King presided. Little Miss Muriel Krant attended the door.

A very pretty wedding took place Thursday afternoon, September 30th at 4.30 o'clock, at the home of the bride's parents, 17 Seely street, in the presence of relatives and friends, when Rev. H. A. Goodwin united in marriage Miss May Alice, daughter of Mr. and Mrs. E. A. Goodwin, to Lyle Stewart, son of Mr. and Mrs. L. L. MacDowall. The bride, who was unattended, wore a becoming costume of blue, trimmed with fur, and hat to correspond, and carried a beautiful bouquet of opheelia roses. After the ceremony, luncheon was served, and Mr. and Mrs. MacDowall left on the Boston train for New York and other American cities. On their return they will reside at 220 Duke street. They were the recipients of many valuable gifts, testifying to the high esteem in which the young couple are held.

Mr. Medley Scovill, of New York, entertained a few friends at luncheon at the Royal Hotel on Saturday, and afterwards at an Imperial party. Mr. Scovill's guests were: Mrs. Gillmor Brown, Mrs. J. R. Harrison, Parraboro; Mrs. D. P. Chisholm, Miss Rhona Thorne, Mr. Keith Brown and Master G. Baxter.

Mrs. Barclay Robinson entertained at the tea hour yesterday, in honor of Mrs. delancey Robinson, of New York.

Mrs. Turnbull, of Digby, is visiting Mr. and Mrs. Eber Turnbull, Parraboro. Mrs. Eber Turnbull entertained at the tea hour yesterday at the Green Lantern, in honor of her guest.

Mrs. F. J. G. Knowlton entertained at an informal family party on Tuesday afternoon, which took the form of a hand-knitting shower, in honor of Miss Rosamond McAvity. The gifts from those present were presented to Miss McAvity in a Japanese umbrella with trimmings of satin ribbons and rose-buds. Those present included: Mrs. A. W. Schofield, Rothsay; Mrs. Charles Schofield, Victoria; Mrs. Edwin Stewart, Mrs. Horace Porter, Mrs. Frederick Croby, Mrs. Malcolm McAvity, Mrs. George Blizard, Mrs. Clifford McAvity, Mrs. Frederick Stewart, Mrs. Frank Fairweather, Mrs. P. D. McAvity, Miss

McAvity, Miss Norah Stewart, Miss Cornelia Adams and Miss Louise Stewart.

Miss Blanche Beatey, Douglas Avenue, entertained delightfully at the tea hour on Wednesday afternoon in honor of Miss Marion Moore and Miss Rosamond McAvity. The tea table, with decorations of pink and white asters, was presided over by Mrs. Kenneth I. Campbell. Assisting with the refreshments were: Miss Louise Holly, Miss Eileen Morrison, Miss Edith Miller and Miss Gertrude Fleming. Among those present were: Miss McAvity, Miss Moore, Miss Cornelia Adams, Mrs. Guy Short, Mrs. H. O. Evans, Mrs. F. Lawton Foster, Mrs. H. Barker, Mrs. Percival Bonnet, Mrs. Campbell MacKay, Mrs. Laurence MacLaren, Mrs. Joseph Key, Mrs. Grant Smith, Miss Sibyl McCann, Sussex; Miss Anderson, Miss P. Kenney, Miss Gladys Dowling, Miss Jean Fenton, Miss Lorain, Miss Barbara Jack, and Miss Leslie Grant.

Mrs. F. R. Taylor gave a handsomely arranged dinner at the Cliff Club on Friday evening, last week, in honor of Miss Rosamond McAvity. Tables were laid for twenty. The table was artistically decorated for the occasion with rowan-berries and had in the

Smart Serge and Jersey Dresses

YOUTHFUL DESIGNS

Suitable for street, home or office wear.

In Serge, navy blue predominates and is most popular because of its smart serviceability.

Some of the models are braid trimmed, some have buttons or embroidery, while the Eton dress with accordian plaited skirt stands among the first in Dame Fashion's favor. Styles to suit all figures. Prices to suit all purses.

\$25.00 to \$95.00

Jersey Dresses are again to the fore in the lighter shades especially and are very charming; Pekin and Nankin blues, sand, taupe, and reindeer, all equally pretty. They are finished silk embroidery, braiding, or with skirt trimmed pin tucks. Sizes 16 to 40.

\$27.50 to \$38.50
