COATSWORTH-KIPP

A pretty private wedding took place yesterday afternoon at six o'clock at the residence of Mr. and Mrs. H. Kipp, Dover street, when their daughter, Miss Mabel Louise Kipp, was united in marriage to Mr. Kenneth Coatsworth. Rev. Dr. J. R. Batisby officiated.

The bride was assisted by her sister, Miss Clara Kipp, and the groomsmen were Harry Coatsworth. The bride wore a becoming gown of white batiste, and the bridesmaid was attired in white lawn. Many beautiful presents testified to the esteem in which the couple are held by their many friends.

After the wedding a dainty lunch was served, and the happy pair left on the evening train for Detroit. On their return they will take up their residence on Dover street.

BOWLING ASSOCIATION OFFICERS RESIGN IN BODY

Red Hot Row at Meeting Held by Members Yesterday Afternoon

New List of Officers Elected for the Season of 1908

The big row among the members of the Chatham Lawn Bowling Association came off yesterday afternoon on schedule time, as predicted by The Planet. The meeting was held in County Clerk Jonas Gosnell's office, and was attended by nearly all of the old and new members of the club, and was one of the stormiest that has taken place in this city for a long time. It was, however, a gentlemanly row, and there were no insinuations of a nasty nature. The men who had grievances to air did not beat about the bush, but came in a straightforward manner and made their complaints without any pros or cons. The complainants came up well stocked with charges against the officers of last year, and the latter were present, and well supplied with a bunch of excuses, which, in the opinion of the meeting, "did not go."

As has been previously outlined in this journal, the prime cause of the fracas was the alleged Cheap John reception tendered the visiting bowlers at the time of the tournament on July first. At the meeting yesterday afternoon, this was referred to, and was laid at the door of the officers for the past year, whom it was claimed had shown very poor management. The President, Vice-President and Secretary-Treasurer, who were all present, were brought up on the carpet to answer to these charges. They each had all claimants and they were not responsible for the lack of reception, but the other members could not see it that way, and the upset of it all was that last year's officers had executed a bad plan in a body.

The claim was made that the officers had not aided by the constitution and by-laws of the club.

"Let us see the constitution and by-laws, then," demanded one of the members.

The Secretary explained that the club had no copy of the constitution and by-laws, as they had all been left. This statement was followed by a roar of laughter, and more denunciations.

Afterwards, the election of officers for the coming year took place, resulting in the following being appointed:

Honorary Patron—N. H. Stevens.
Honorary President—Robert Gray.
President—Lieut.-Col. J. B. Rankin.
Vice-Pres.—Rev. J. W. Hodgins.
Secy-Treas.—E. Fremlin.

Executive Officers—The above officers along with Messrs. Montgomery, L. E. Tilsen and A. E. Fike.

Was She Poisoned?

Dr. George T. McKeough, coroner, left this afternoon for Raleigh, where he will investigate the death of the late Mrs. William Bell.

It is suspected that the deceased woman died of some kind of poisoning. She lives on the 9th Concession of Raleigh, and she has been in poor health and melancholy for some time.

She died Wednesday night at nine o'clock. The circumstances surrounding the death are very sad, and it is expected that the coroner's investigation will be all that will be necessary to solve the mystery of her death.

FLEMING IS FOUND

Mrs. Ada Hardis of 4 Wellington St., Says He is Alive

Is in Wallaceburg, Where He is Working at Sugar Factory

The Planet had barely gone to press yesterday afternoon, and the carrier boys were still busy delivering it to subscribers, when a lady called at the office of this G. H. J. and stated that she could give information regarding the young man David Fleming, about whom an article appeared in yesterday's issue stating that his relatives in England were anxious about him, and had heard that he was dead.

The lady was Mrs. Ada Hardis, who keeps a boarding house at 4 Wellington street.

"Fleming is alive and well," she announced, "and there is no truth in the story that he was killed. As was stated in your paper to-day, he boarded at my place after coming to Chatham, and he was employed by the Board of Works Department."

"He had been living right here in this city till a week ago Wednesday, when he left for Wallaceburg to accept an offer of a position in the sugar factory there. He was in the city last Sunday, and he said that he would be in again this coming Sunday. His name is David Fleming, he came here last September, and he is about nineteen years old, so I feel sure that he must be the same man as the one inquired for in to-day's Planet."

HAS RETURNED

Dr. J. P. Rutherford and Mrs. Rutherford have returned from a trip to Chicago, Ill., and Rochester, Minn., where the Doctor visited some of the noted operating rooms. He combined business with pleasure and had a very enjoyable trip.

At Rochester, Minn., he visited Mahew Bros., and at Chicago, he called on Ochsner Bros., both surgical firms of the highest reputation. His object was to get the latest surgical technique.

"There are just two brothers in each of these families, and both of these firms are doing as good work as you will see anywhere," said Dr. Rutherford, when asked for an interview this morning. "We had only one shower while we were away, and that was in Chicago yesterday morning. The frost was even more severe in the country I passed through than it was in this section. I noticed that much of the corn in the various States along our route of travel was withered up. From what I saw of the farming country out there, I have come to the conclusion that our own Kent county is away ahead of any other agricultural district in the world."

WAS KILLED ON M. C. R.

George Smith, Colored Section Man, Meets Terrible Death

Run Over by Freight, Which Severs Leg and Arm From Body

George Smith, colored, aged eighteen years, a section man employed on the Michigan Central Railway, was struck by a freight engine on that road near Fargo at five o'clock yesterday afternoon, and received injuries from which he died at St. Joseph's Hospital, here, at 9:30 last evening. The remains were afterwards conveyed to Burrows & Sons' morgue, King street, where they at present remain awaiting removal to his home near Dresden.

The killing, it appears, was purely accidental. Smith was working with the rest of the section gang near Fargo yesterday afternoon, when the alarm was given for an oncoming freight and all got off the tracks. Smith, it appears, forgot his coat between the rails. He made a hurried effort to snatch it from in front of the engine, slipped and fell lengthwise on the track, the wheels passing over his left leg and right arm, almost severing them from the body.

The unfortunate man was at once brought to this city and taken to St. Joseph's Hospital, where amputation of the injured limbs was attempted. Smith had, however, sustained such a loss of blood already, that he could not stand the strain, and he breathed his last at 9:30.

Burrows & Sons' ambulance was sent for and the remains were taken to the morgue. They will be conveyed to Dresden this evening, from whence they will be taken to the deceased's late home on Concession 11, lot 17, Chatham Township, where he formerly lived with his widowed mother.

The deceased was a bright, industrious young man who had won the esteem and respect of his associates, and his family will have the sympathy of the community in their sudden and terrible bereavement.

The late Mr. Smith was unmarried, and besides his mother, he leaves two brothers, Charles and Madison, to mourn his loss.

The funeral will take place to Dresden to-morrow.

OUT ON BAIL

Charles Coleman was allowed out \$200 this morning. This is the young man who is charged with firing a revolver at Morley Tickner, with the intention of doing actual bodily harm. His stepfather put up the necessary security for his appearance and Charles is again enjoying free air and freedom.

Mr. Coleman's employer thinks a lot of him, and in fact he has many sympathizers in his present trouble. He is evidently a good workman, and he claims that he only discharged the revolver in order to scare Tickner, who bothered him.

It is alleged that Coleman is the young man who some time ago was walking along the street with his lady friend when another young man came up behind them and, it is claimed, made an insulting remark. Coleman did not hesitate for a minute, but, turning around, hit Mr. Fresam Man somewhere near the mouth, and there was a groan and a dull thud as the mouthy one hit the pavement. The incident became public property on the streets, and all who have heard of it sympathize with Coleman, and think he did the right thing.

THE PASSION PLAY

Large crowds are daily thronging to Wonderland to see the Great Passion Play which is being put on there this week. In spite of the inclement weather, the attendance has been far larger than was expected. Perfect satisfaction is expressed by all who witness it.

There are only two more days now, and those who have not seen it should not miss this last opportunity. Every person in Chatham should see this production, and those who overlook this chance will indeed have cause for regret.

SUNDAY PAPERS

Windsor, Oct. 3.—At a meeting of the Lord's Day Alliance, Ald. McNece charged the city police with not doing their duty. Others pointed out lax observance of the clause relating to Sunday papers. Ald. McNece said he proposed to take steps to have the law relating to the police commission changed so that two commissioners instead of one would be elected to office and thus be responsible to the police.

THE GAS PURIFIERS.

The fact that the gas purifiers are not yet installed in the city, is the cause of much protest among the merchants, and probably there is considerable ground for this complaint. It is now some months ago since the announcement was made by the Gas Company that the purifiers would be installed within two weeks' time, and the users of gas are still called upon to put up with the disagreeable and unsanitary odor from the raw, unpurified air.

A long-suffering people will put up with considerable inconvenience in order to assist a new enterprise, especially when it is a worthy citizen, but the most public-minded citizen will protest if he considers that his patience is being imposed upon. There may be sufficient reasons for the delay, but these must be owing to exceptional and unlooked-for difficulties which have cropped up before the company, to cause such a long delay. It is hoped that the company will heed the complaints and get the purifiers in at the earliest possible moment. It would be unfortunate if means should have to be resorted to other than verbal complaints to the company.

While all of this complaint is being heaped upon the shoulders of the Chatham Gas Company, there is one bright ray of light in connection with the management of its affairs, for which all due credit should be given. This is the happy conditions prevailing with regard to the Electric Light service.

In Hamilton, last Saturday night, the whole of the business on the main streets was suspended for fully an hour through a poor electric light service. Chathamites who were in the city at the time had a splendid opportunity to compare the conditions in Hamilton with those in Chatham. It is understood that these costly delays are quite frequent in Hamilton, a city of much larger size than Chatham, while here, such a wretched service is entirely unknown.

The company should undoubtedly receive credit for this, but at the same time they should see to it that the gas service is kept up to the same degree of efficiency.

A PUBLIC ABATOIR.

In Guelph the Board of Health has recommended that a public abattoir be established in that city, at which all animals intended for consumption shall be slaughtered. It is estimated that fifty cattle and one hundred small animals are required weekly. The Board's recommendation makes the point that a public abattoir should contain a cold storage department sufficiently large to hold one week's meat supply, without which it would consider the abattoir more or less a failure. It is then proposed to slaughter all animals intended for food and which have passed inspection, under the supervision of a city official. The abattoir and yards would be constructed by the city of Guelph, and the meat dealers would pay the cost of maintenance. It would be self-sustaining.

Its Board of Health claims the following advantages for the proposed system:

1. By strict control exercised in public abattoirs meat injurious to health is prevented being offered for food. All unfit for human food is destroyed, while that which comes from animals not perfectly sound, yet not dangerous to health, may be sold according to quality.

2. In abattoirs fitted with all the latest machinery and improvements, including cold storage, the work is conducted with the greatest cleanliness and economy. Small dealers who cannot afford a slaughter-house can more easily compete with the large dealer and thus ensure by competition a fair price.

3. The offences and pollutions caused by the present system of private slaughter-houses are done away with.

4. A most important feature is lessening the unnecessary cruelty to dumb animals. At the present time in hundreds of small private slaughter-houses all over the land an appalling amount of cruelty is exercised in connection with the killing of animals which is entirely unnecessary.

5. The quality of the meat becomes better.

6. A cold storage chamber will not only be of very marked advantage to the butcher, but will also improve the quality of the meat.

7. It appears to me that if an establishment of this kind were erected

here, the only one so far as I know in Canada under municipal control, the business would develop into one of considerable magnitude.

8. We have every reason to think that at the present time the law compelling the boiling of all animal products before feeding to hogs is persistently and systematically violated. Under municipal control the incentive to violating this law would vanish.

BURNED BY STOVE WOOD

Organist's Tribute to Zam-Buk.

When you get a burn or a scald lose no time in putting on a little Zam-Buk balm. It soothes the pain at once and heals quickly. H. E. Jenner, organist of Carman, Man., writes: "Some little time ago I took hold of a piece of wood in a box stove that I wished to move, thinking it had not caught fire. Unfortunately it was very hot and burned my thumb severely. I had some Zam-Buk handy and applied it, then bandaged up the thumb. The Zam-Buk took the fire out of the wound almost instantly and eased the pain. It seemed to penetrate to the very seat of the injury and give quick relief. I was very glad of this, because I had an engagement to play at an organ recital a few days later. Thanks to Zam-Buk I was able to keep the appointment. Zam-Buk heals sores, cures eczema, skin eruptions, ulcers, ringworm, itch, burbs rash, blood poison, bad leg, salt rheum, abrasions, abscesses, cuts, burns, scalds, and all skin injuries and diseases. At all stores and druggists at 50 cents, or from Zam-Buk Co., Toronto, for price; three boxes for \$1.25.

Theatre on Shipboard.

Liverpool, Oct. 3.—It was announced yesterday that the Cunard steamship Co. has accepted the offer of Charles Frohman to give theatrical performances on the big liners, by regular players who for the time being may be travelling to and from the United States and England. The company is now planning specially designed halls for plays and concerts on board three of the ships of the line.

Other transatlantic line companies are considering Mr. Frohman's proposition.

THIS TONIC BUILDS UP.

Many medicines stimulate, break down, leave you worse than ever. Ferrozone is different—it's a blood-former, a nerve-strengthening, a body builder. Pale anemic girls are given color and vigor. The tired and sleepless are strengthened and restored. "Better than all tonics I found Ferrozone," writes Mrs. F. F. Castleton, of Woodstock. "I was completely run down, cheeks were blanched, lips white and had every sign of anaemia. Ferrozone added to my weight, gave me strength, ambition and good health." Nothing better; try Ferrozone yourself. 50c. per box at all dealers.

A Sample of What V.S.C. Does.—Mr. Merrifield, I was so severely stricken with Joint Rheumatism that I was confined to bed for a long time with swollen and stiff joints; it even affected my stomach. I gave up all hope of ever being cured. The doctor finally told me he could "ease my pain but could not cure me." My sister heard of your Veteran's Sure Cure, and sent for a bottle. I took half of a \$1 bottle. This enabled me to walk about as usual. This was about six years ago, and I have had no return of Rheumatism. Mrs. H. Privat, Williamstown, Ont., Sept. 11th, 1907.

A NEW CARRIAGE WORKS FOR THE MAPLE CITY

Messrs. I. Teeter, A. Cook, F. E. Fisher, Dr. J. P. Rutherford and W. A. Hadley are the Enterprising Officers of this New Concern.

A concern which promises to become one of the leading institutions in the city, and one which will materially aid in making Chatham the hub of the vehicle trade of Canada, has recently been hatched amongst us with a speed and substantiality that will be surprising to those of our readers who may not be personally familiar with the gentlemen comprising its management. The Chatham Carriage Company, Limited, on the first of the month took possession of the McKeeugh & Trotter property on William street near Milner's Carriage Works. They have equipped it for a body and gear factory, which, will shortly become a big factor in that branch of the vehicle trade in Canada, judging from the business which the company is now booking.

This concern has been organized and chartered within the last thirty days and it is the purpose of the company to go in for all classes of high grade carriages and automobile body work, as well as gears.

The success of the enterprise is assured, judging from the personnel of the company, which at its inaugural meeting elected the following officers and directors:

President and Manager—Ira Teeter. Vice-President—A. Cook. Associate Manager and Secretary—F. E. Fisher.

Directors—The above officers along with Dr. J. P. Rutherford and W. A. Hadley.

The gentlemen who will have charge of the active management of the company are all well and favorably known to the citizens of Chatham, having all until the last month been associated with the Wm. Gray & Sons Carriage Works in different capacities.

Mr. Teeter, the president and general manager, started in the carriage business in Whitchurch, N. J., at the age of fourteen years. He was born in that city in 1864, and it was there that he served his full apprenticeship. After learning the trade as general wood-worker and body-maker, he removed to New Haven, Conn., taking up fine heavy body building and carriage drafting. He spent several years in the best carriage factories of the Eastern States. His progress in the carriage trade rapidly fitted him for higher positions, and in 1891 he was appointed superintendent of the R. N. Bingham Company, of Rome, N. Y., one of the best carriage concerns of the day. During his connection with this company, a competition was in progress covering the whole of the United States, conducted by The Hub Carriage Journal, which is recognized as the leading journal of its kind in the world. Mr. Teeter submitted vehicle drafts and designs in this competition, and was successful in carrying off the award given by The Hub for the best original design and drawing.

The Carriage Monthly, one of the leading trade journals of the States, took occasion in its fortieth anniversary number to refer to Mr. Teeter as one of the leading carriage men of America. After spending six years with the Bingham Company, Mr. Teeter associated himself with the H. H. Babcock Company, of Watertown, N. Y., as designer, draftsman and general superintendent of construction, which position he resigned at the end of three years to become general superintendent of the Watertown Carriage Company of the same city, where he remained for three years. Both of these companies are among the best manufacturers of high class work in New York State. He came to Canada at this time as general superintendent for the Gray Company, which position he has held for more than four years, severing his connection in order to devote his energies and abilities on his own behalf in the formation of the Chatham Carriage Company, Limited.

Mr. Teeter has found time to interest himself in other lines besides carriages, being one of the original shareholders of the Chatham Motor Car Company, where his counsel and advice was appreciated to such an extent that at their last shareholders' meeting he was elected vice-president. It therefore goes without saying that the traits which have elevated Mr. Teeter to a position of master carriage builder will continue to be felt in the general supervision and oversight which he will exercise in the management of the Chatham Carriage Company, Limited.

Mr. Arthur Cook, the vice-president, is a thoroughly practical carriage builder, having had 26 years' practical experience. He learned the trade at Hanover, Ont., under a

carriage man who has since become one of the foremost carriage builders in the city, and one which will materially aid in making Chatham the hub of the vehicle trade of Canada.

Mr. Cook's next position kept him with the Wingham Carriage Company for eighteen years, when he was induced to come to Chatham to take charge of the blacksmithing and gear department of the Gray Company, from which position he resigned to go into business for himself. Learning the trades 25 years ago means being capable in every department of the work, which is somewhat different from the course now pursued, and it goes without saying that Mr. Cook's department in the new Chatham Carriage Company will receive the care and attention which he is so eminently qualified to render.

Mr. F. E. Fisher, O. A., the associate manager and secretary-treasurer, has had an experience both varied and unique. He was brought up on the farm, and obtained his first business' experience in a country store, twelve miles north of the town of Oakawa, Ont., where he was born in the year 1871. At the age of 21 he became associated with the Massey-Harris Company, Ltd., at their head offices in Toronto. He remained with them for over eight years, obtaining a training and experience which eminently fitted him for the position which he has been occupying with the Gray Company for the past three and one-half years. During these years he has become intimate by personal visit with almost the entire Dominion, and those in it who are handling implements and vehicles. It is needless to say that his acquaintance with the trade will in no small measure aid in the successful conduct of the Chatham Carriage Company, Limited.

In addition to his interests in the Chatham Carriage Company, Mr. Fisher is also a director of the McKeeugh & Trotter Company, Ltd. He has found time to devote some time to matters which are closely identified with all classes of trade in the Western portion of this Province, having successfully presented the claims of the shippers of Chatham and vicinity to the Board of Railway Commissioners some two years since. He is also a member of committees of the Chatham Board of Trade. Mr. Fisher is a member of Wellington Chapter and Wellington Lodge, A. F. & A. M.

The Planet understands that this company have a large stock of the best quality of lumber on the way here now, and that they are rapidly installing their machinery, some of which is already on the premises, and further understand that they will within a few days start active operations.

The Planet joins with the citizens of Chatham in general in extending the heartiest well-wishes to the new concern.

DISTRICT

DAWN VALLEY.

The copious rains of the last few days will probably do good to the fall wheat, which has been very dry. We regret to hear of the indisposition of Mrs. Currie, Sr., from a slight stroke.

Miss Annie Woods is visiting her parents, Mr. and Mrs. Chas. Woods, concession 2.

Mr. Murray, of Petrolia, canvassed

this vicinity last week in the interest of E. D. Smith, nurseryman, and Mr. James Haydon took orders for the Pelham nursery.

We extend congratulations to Mr. John Currie, who was married on Wednesday to Miss Dora Shaw, a very pretty and popular young lady of Dawn Valley. The young couple will reside on the groom's farm, 16th Side Road.

Mr. Robert McBrien is the guest of his sisters, Mrs. O. Stevens and Mrs. James Stinson.

Stand out for what is right.

BRUTAL DOUBLE CRIME

Mother and Son Found Murdered in Barn.

Woman's Body Suspended by Rope From Rafter—Son's Lying Short Distance Off With Crushed Skull—Axe Was Used—Husband Is Held and Police Are Searching For the Hired Man.

Albany, N. Y., Oct. 3.—Believing that he can throw some light on the double murder committed at Londonville, on the outskirts of Albany, the police of various places in this vicinity searched for hours yesterday for trace of Jacob Besche, a farm hand, but up to midnight had not located him.

The search began directly after the discovery of the bodies of Mrs. Katherine Dargatz, wife of John A. Dargatz, a farmer, and their nine-year-old adopted son.

The woman was bound about the neck and arms with ropes, her body suspended from a rafter in the barn in the rear of her home. Nearby was the body of her son, lying in a pool of blood, his skull crushed in with an axe. John A. Dargatz, husband of the woman, was taken into custody and will be held for the present at least.

The clothes of Besche were found in his room. His trunk was found later in the hayloft of the barn, concealed under a large quantity of hay. Besche, it is said, was in Albany on Tuesday.

500 LOAN IS RENEWED.

But In Six Months Reduction of the Amount May Be Made.

Toronto, Oct. 3.—Hon. Col. Matheson, Provincial Treasurer, announced yesterday that the guarantee on the million-dollar 500 loan, principal and interest at 5 per cent., had been renewed by the Government from Oct. 1, which means an extension until April 1 next, when, judging from present appearances, another extension will be sought.

The promise, however, is made that a serious effort will be made to reduce the amount of the principal substantially by the date mentioned, and the reason given for not having done so at this time is the familiar one—the undoubted existing financial stringency.

"We have not appointed anybody; nor do we intend appointing anybody," said Premier Whitney yesterday, in reference to the item concerning the probable appointment of R. A. Prince, M. P., to the board of the Soo Consolidated Co. "The statement," he said, "was without foundation."

"Of course, there may be all sorts of conjectures, but we are not appointing anybody on the board of directors, or recommending anybody for appointment," continued the Premier. "If the board, however, appointed anyone, and the appointment were bad on its face, we have power to disapprove of the appointment after it is done. I really do not know what changes of board may make. But we have received no intimation that any of the Government representatives have resigned."

Thomas J. Drummond and ex-Mayor Wilson Smith of Montreal, C. D. Warren of this city, and F. H. Clergue of the Soo, are the members whose appointments are subject to the approval of the Provincial Government.

Ex-Mayor Wilson Smith of Montreal is the only member of the present board who has been appointed since the change of Government, and he has proved himself a most useful director, as it is understood that it was largely through his instrumentality that the original loan of two millions was reduced one-half.

NOSSE GOES TO JAPAN.

Will Give Government Details of Riots on the Pacific Coast.

Ottawa, Oct. 3.—Japanese Consul-General Nosse is to pay his first visit back to his native land, after acting as consul-general to Canada for the last six years, first at Montreal and then at Ottawa, to which he moved, as he considered it would be more convenient for him, as the representative of a foreign power, to reside at the capital.

"I have been granted six months' leave of absence," said Mr. Nosse yesterday, "but it is only on condition that I return to Canada and resume the duties I have been attending to. It will be my first visit back there since I came to the Dominion."

He will leave for Vancouver possibly on the 20th, or, if not, about the last of the month. He has not decided yet as to whether his daughters will accompany him.

While he did not discuss it in detail, he will, of course, be able to give the Japanese Government the whole details as to the Japanese troubles on the coast, and also much valuable information concerning Canada's growing trade with Japan.

Accident at Berlin.

Berlin, Ont., Oct. 3.—H. L. Janzen, prominent citizen and ex-mayor of this town, was probably fatally injured in an accident here yesterday. He was removing some store fixtures from a store on King street to his residence. When about Francis street the fixtures began slipping off, which scared the horses, and in the runaway he was thrown off and wedged in between the fixtures and the wagon, with the result that he was badly crushed. He is unconscious and his medical attendant fears for the worst. Besides holding several important positions he is a director of the Economical Insurance Co. and The News-Record newspaper.

French Ship Ashore.

Kilrush, Ireland, Oct. 3.—The French ship Leon XIII, from Queenstown Sept. 26, at which port she arrived recently from Portland, Oregon, is ashore near Seafield, County Clare. The seas are breaking over the vessel and the coast guards are unable to communicate with her.

More Than Half Sober.

Ottawa, Oct. 3.—Speaking Tuesday night at Wright County Sunday School Union convention Rev. G. G. Huxtable stated that in Quebec there were over 400 municipalities in which no liquor licenses existed and 307 where licenses were held.

WE CANNOT SAY TOO MUCH FOR PE-RU-NA

These Women Say, in Substance, That Before They Took Pe-ru-na They Were Miserable.

They Were Weak and Wretched.

After Taking Pe-ru-na They Were Restored to Health and Usefulness.

This Is the Whole Story in a Nutshell.

If Pe-ru-na Can Do Such Wonders For These Women It Can Do the Same For You.

The housewife is the one who is best able to judge of the relative merits of family medicines. It is she that knows the many uses of Pe-ru-na in the family. It is upon her testimonial that chiefly depends the popularity which Pe-ru-na enjoys.

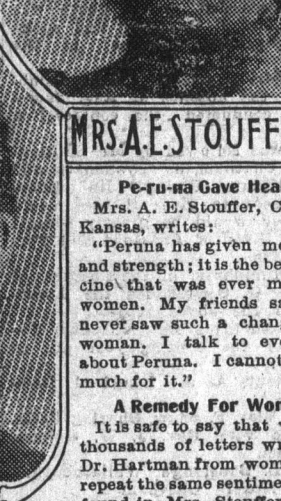

MRS. CAROLINE SUNDHEIMER

Stronger Than for Years.

Mrs. Caroline Sundheimer, Clarke, La., writes: "I am feeling quite well now. I can work again and am stronger than I have been for years, and I do believe that Pe-ru-na saved my life."

"I am very thankful to you for your advice. I will advise all I can to take your medicine."

MRS. A. E. STOFFER

Pe-ru-na Gave Health.

Mrs. A. E. Stouffer, Capoma, Kansas, writes: "Pe-ru-na has given me health and strength; it is the best medicine that was ever made for women. My friends say they never saw such a change in a woman. I talk to every one about Pe-ru-na. I cannot say too much for it."

A Remedy for Women.

It is safe to say that we have thousands of letters written to Dr. Hartman from women who repeat the same sentiment to be found in Mrs. Stouffer's testimonial: "My friends say they never saw such a change in a woman." Over and over again this sentence is penned by grateful women who are more than willing that we should use their words to assist other suffering women in finding a cure.

Pe-ru-na is a great medicine for women. It cleanses the inside of the body in much the same way that water cleanses the outside of the body.

MRS. E. T. GADDIS

Mrs. E. T. Gaddis, Marion, N. C., writes: "Before I commenced to take Pe-ru-na I could not do any hard work without suffering great pain. I took Pe-ru-na and Manalin, and can say with pleasure they have done more for me than any other medicine I have ever taken. Now I am as well as ever, I do all my own work and it never hurts me at all. I think Pe-ru-na is a great medicine for womankind."

From Grateful Women.

"I was troubled with suppressed and painful menstruation. I took Pe-ru-na according to your directions, and now I am well."—Mrs. James Elmyre, Grape, Mich.

"We have been using Pe-ru-na for some time. To speak from a standpoint of experience I can candidly say that Pe-ru-na is the remedy for female weakness. "From a personal test and from the testimony of many others I shall not hesitate to recommend it, especially to all suffering women."—Mrs. M. F. Jones, Burning Springs, Ky.

"I suffered from catarrh for many years, but since taking Pe-ru-na I feel strong and well. As I used Pe-ru-na and Manalin while I was passing through the change of life, I am positively convinced your beneficial remedies have relieved me of all my ills."—Mrs. Mathilde Richter, Doniphan, Neb.

"I suffered with pelvic catarrh until I wrote to Dr. Hartman, and after taking treatment as he advised, I can say I am cured of this most trying affliction, for which I am truly thankful. I never felt better in my life than I do at present."—Mrs. Etta Booker, Dundurn, Sask.

N. W. T. Can.

PE-RU-NA FOR PELVIC DISEASES.

Will Nominate King.

Elmira, Ont., Oct. 3.—North Waterloo Liberals meet today to nominate candidates for the next general election.

It is understood that W. L. MacKenzie King, Deputy Minister of Labor, will be tendered the Federal nomination, and that John Fisher, of Waterloo, county, will be named for the Legislature.

The Modesty of Women

Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyances and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispels with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also a booklet of free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days trust on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing. Send to Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent stamps for paper-covered, or 50 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

Emigration Free.

St. Petersburg, Oct. 3.—The Minister of Commerce, M. Filossoff, has completed drawing up a project of law, which will be introduced in the new Parliament when it assembles, removing the restrictions placed in this country on emigration.

More Than Half Sober.

Ottawa, Oct. 3.—Speaking Tuesday night at Wright County Sunday School Union convention Rev. G. G. Huxtable stated that in Quebec there were over 400 municipalities in which no liquor licenses existed and 307 where licenses were held.

AFTER RUNAWAY WIFE.

Soldier Alleged to Have Flown With Sergeant's Spouse.

Rochester, N. Y., Oct. 3.—Harry Gallaway, just discharged from the Canadian Mounted Infantry at Wolseley Barracks, London, is in Rochester in search of his wife, who, it is alleged, deserted him two years ago and ran away with a private named Thompson of Stanley Barracks, Toronto.

Gallaway said he was a sergeant and that two years ago he married Mary McGregor.

A few weeks after their marriage, Gallaway says, his wife went to Toronto. There she received calls from Thompson. She received a telegram from Buffalo signed with Gallaway's initials, directing her to come there at once. She left Toronto and Gallaway says he has not seen her since. Gallaway said he traced his wife and Thompson to Rochester.

Trucker Left Fortune.

London, Oct. 3.—A. J. Bates, a baggageman at the Grand Trunk station, who came out here from England a few months ago, has received word from home in England to return at once to take his share of a large estate left to him and a few of his relatives by a death in the family.

Bates came out here to work his way in the world, preferring an independent life to dependence upon rich relatives. He secured a position as a trucker at the baggage room. The announcement came as a complete surprise to him.

Caught Under Heavy Wheel.

Ingersoll, Oct. 3.—A large flywheel, which he attempted to move, fell on William Phillips, night watchman at the nut works, Tuesday night, breaking his leg in two places, and injuring him internally.

He was released by citizens who heard his cries.

THE QUALITY OF "QUALITY BEDS"

leaves nothing to be desired. Dainty and in harmony with any furnishings, "Quality Beds" possess all the quality that modern machinery and capable mechanics can put into brass bed making.

QUALITY BEDS, LIMITED, WELLAND, ONT.

Kipling's Confession.

Winnipeg, Man., Oct. 3.—Rudyard Kipling arrived in Winnipeg, yesterday morning and spent the day in the city.

Last evening he addressed the Canadian Club in Manitoba Hall before a large and enthusiastic audience. He confined his remarks principally to the growth of Winnipeg since his last visit, 15 years ago, and the development of Canadian spirit.

He said: "I make one confession, for the past 20 years, I have been doing all in my power to draw together the various parts of the Empire."

Compulsory Education.

Tientsin, Oct. 3.—An Imperial edict, dated Sept. 30, decrees compulsory education for everybody in China and declares, furthermore, that the people are to be taught the principles of constitutional government, in order that they may be better fitted to elect representatives when a parliament is created.

New Officers Were Elected
at Morning Session
Yesterday

Meeting at Wallaceburg is
Concluded—Chatham-
ites Present

Wallaceburg, Oct. 3.—The morning session opened with devotional exercises and a practical address by Rev. W. H. Taylor. He dwelt on the importance of being alive with God to all workers in leagues and Sunday schools.

Rev. W. H. Graham took the subject "Our Missionary" in the absence of Miss Mae Bell. The gentleman spoke of the Japanese trouble existing in Vancouver, and the amount of good one missionary was doing. The Chatham district had contributed \$34.00 for his support.

Mr. J. W. Humphrey, of Chatham, disclosed the secret of the decrease in the fund towards mission support, owing to negligence. The Victoria Avenue Church intended raising \$125.00 this year.

The next on the program was "Seeking the Conversion of the Children of School." This was taken by the Rev. C. J. Miskowich, of Tupperville.

The discussion on the above was led by Mr. J. B. Clark, and spoke of evangelistic services in the church.

Rev. Mr. Reysaert, of Port Lambton, in the absence of Rev. James Currie, conducted the consecration service.

This was followed by Mr. Shillington, of Chatham, on "Systematic and Proportionate Giving." He advised all present to give all they could and they would be greatly blessed by the Giver of All Good and Perfect Gifts.

Mr. Humphrey, in the absence of Mrs. G. G. Gasker, led the discussion on the above subject.

The committee for Chatham district for the ensuing year are as follows:

President, A. J. Langford, Dresden.
First Vice, F. Shaw, Charing Cross.
Second Vice, Rev. J. W. Holmes, Blenheim.

Mrs. L. Bamslaugh, Wallaceburg.
Mrs. Noxell, Chatham.
Conference Representative, Rev. T. W. Cosen, Wallaceburg.

The afternoon session opened with devotional exercises, led by Mr. Gordon Allen, while Rev. Mr. Armstrong acted as presiding officer.

The first address, "Class Organization," of the afternoon was delivered by Rev. Mr. Graham.

This subject aroused much discussion, in which Rev. Mr. Pentland, Rev. Mr. Knight and others expressed their views.

Rev. C. Bristol then gave a very clever and earnest paper on the vital subject of "Pledge Signing and Temperance Work in the Sunday School."

Mr. R. Huff advanced still further the value of this temperance work.

A very interesting talk on "The Value of Memorizing the Scriptures" was then delivered by Rev. Mr. Edmunds.

Mr. J. W. Humphrey, of Chatham, then responded to this question, stating that the true worth of this memory work cannot be fully realized at the time of learning and that the time of this learning should be during one's childhood.

The last address, "Temperance and Moral Reform, Socially and Politically," was ably dealt with by Mr. T. B. Dundas, of Wallaceburg.

The secretary-treasurer, Mr. Chas. Aikin, of Dresden, then read the minutes of the convention in full, which were adopted. After hearty congregational singing, Rev. T. W. Cosen dismissed the meeting.

W. M. S. TEA

On Tuesday evening the Women's Missionary Society held their quarterly meeting at the home of Mrs. C. Austin King street west. There was a large attendance, nearly all of the one hundred members being present.

At the conclusion of the routine business of the day, the following program was carried out:

Vocal Duet—Mrs. Bogart and Miss Richards.
Address—Rev. Dr. Daniel.

Solo—Miss Parker.
Talk on Mission Work Among the Galicians—Mrs. Stinson.

Vocal Duet—Mrs. Bogart and Miss Parker.
Instrumental—Miss Bogart.

After the program the ladies served tea to those present, amongst whom were some of the gentlemen friends, who were invited in to enjoy the program.

SMALL FIRE

At two o'clock yesterday afternoon fire broke out in V. J. Bosworth's grocery store on William street, but was put out before any serious damage was done. The fire department responded promptly to the alarm sent in, but Will Collart and some others who happened to be passing at the time had the fire extinguished before the firemen arrived. A large hole was burned in the basement ceiling by the blaze.

The fire chief says that the fire was caused by lightning, which came in on the electric wires and exploded the gas metre. The explosion shook the whole building, and set the ceiling of the basement on fire, at the same time springing a leak in one of the gas pipes. The escaping gas was ignited and added to the danger of the blaze.

MAKES FIRST TRIP

Windsor, Oct. 3.—The first car of the Windsor, Essex & Lake Shore Electric Railway, containing President Piggott and other officials, made the journey from Kingsville to Windsor to-day.

A LITERARY TREAT

The grand rendition of Macbeth by Mr. C. F. N. Griffith given at the Ursuline College last evening proved his reputation as America's greatest reader of Shakespeare to be a just one. Mr. Griffith is indeed a true artist and his reading was to say the least, both inspiring and educating. The flexibility of his voice was evidenced by the wonderful manner in which he assumed the roles of the different characters, especially in the witches' scene, which was most realistic.

At the close of the reading the few fitting remarks made by Mr. D. E. Patterson bespoke the gratitude and appreciative sentiments of the audience for the rare treat given them.

The musical numbers of Misses Ila Stephens and Danella Foreman and Miss Evans were executed with artistic taste and skill and added greatly to the evening's enjoyment.

NOTICE TO CONTRACTORS

CLARIFIED AND BOTTLED MILK

To clarify and bottle milk is the only sanitary and up-to-date way to handle such an important product of the dairy as milk, for while it is one of the best and most necessary foods we use it properly cared for, it is certainly one of the most dangerous if neglected or carelessly handled, and should never be exposed to street dust, as is done in the ordinary way of peddling milk from large cans with open measures.

The Steam Turbine Machine used to clarify all the milk sold from the

Maple City Creamery

will certainly take all the impurities out of the milk, thereby removing the danger of many cases of sickness, especially among children, that can be traced directly to the milk supply. Don't take such chances this hot dry weather when you can get

A number of farmers who were in the city to-day complained of the present state of Queen street south. The C. W. & L. E. tracks run along the centre of the street, and as the recent rains have made the side very slippery and dangerous, the roadway has become almost impassable. It is claimed that this state of affairs has turned a lot of farming trade coming in from the south Blenheim way, the farmers preferring to go to that town rather than take chances on the bad road leading into this city.

Elegance, Refinement and Individuality in Men's Apparel

THIS strikes the keynote of the 2 T's Display—for, in spite of the unprecedented greatness of the stock and the unlimited variety offered for selection, there is an entire absence of the commonplace, the garish and the tawdry—and this applies to every garment shown, and at whatever the price, be it large or small—thus demonstrating the absolute supremacy of the 2 T's establishment.

Opening Display of The Complete Fall and Winter Lines of The 2 T's

Suits Topcoats, Overcoats and Raincoats

For Men and Young Men

Is announced for this week, beginning Saturday and a cordial invitation is extended to every man interested in the correct new fashions and the finest ready-to-wear clothing produced in America to see this remarkable display.

Suits \$7.50 to \$25.00.

Topcoats, Overcoats and Raincoats \$7.50 to \$30.00

Whether you seek fashion's extreme novelty, the most sedate and conservative design, or something "just between"—you find here exactly what you wish to completely satisfy your individual taste and fit your own figure—and at an outlay that is never more—frequently less—than it should be. Every garment is guaranteed to be strictly hand-tailored, of pure wool fabrics only. Let us show them to you.

Swell New Fancy Vests.

The Autumn display is complete in every particular, and shows all the newest styles, patterns and colorings in both washable and dry clean fabrics in all regular and special sizes for men and young men. The most comprehensive gathering ever made hereabouts.

Smart Autumn Furnishings.

A comprehensive exhibition of the correct new fashions in men's swell wear for all occasions, formal or informal.

Men's Medium Weight Underwear.

Men's Fall Weight Twisted Grey Worsted Shirts and Drawers, extra strong value, per garment \$1.00.

Display of Boys' Apparel

A splendid collection of clothing, Hats, Caps and Furnishings for Boys, and affording those unequalled opportunities that have made the 2 T's famous.

The 2 T's Special \$3.00 Hat

Is the best \$3.00 worth put in a hat. We are now showing it in every new style of Derby, Alpine and Telescope, to fit any face.—We positively guarantee these hats to hold their shape and keep their color. See them Saturday.

See Our Lines of Men's Hats at \$1, \$1.50, \$2, and \$2.50

JOHN B. STETSON HATS. In all new styles, shapes and shades, in all sizes. BURLINGTON FLEXIBLE.—The highest, strongest, stiff hat made at \$2.50. MEN'S FALL AND WINTER CAPS.—All the new shapes and styles, 50c up. THE HERALD HATS. Your name stamped in every hat you buy from us.

Boys' Suits \$5; that Are in a Class by Themselves.

A distinct feature of these Suits is the fact that they are practical—they have character, individuality and style—are built to stand rough wear, hold their shape, and maintain their original handsome appearance. They are shown in a splendid variety of styles and fabrics to meet all tastes. They are beyond all question the best values to be had anywhere. Boys' Fall and Winter Suits, Boys' Topcoats, Overcoats and Reefers. All the new ideas for "young fellows" from 2½ to 17 years. A great collection of clever effects and surpassing values, throughout.

LAID AT REST

There was laid to rest yesterday morning in St. Anthony's cemetery Peter Frances, eldest son of Annie and the late James Woods. The deceased young man had been a resident of Chatham during his entire life, having come here with his parents at a very early age. He was of an exceptionally gentle nature, and his devotion to his mother had often been spoken of by his many friends and acquaintances. His death was very sudden and came as a great shock to everyone. He had been in apparent good health and was out Sunday evening. On Monday morning he came down to breakfast as usual, but complained of a slight illness, but grew rapidly worse and the end came shortly after noon. The cause of death was heart failure. He leaves beside a mother, two sisters and three brothers, Mrs. George Bixler, of Chicago; Miss Mary Woods, of Chatham; Thomas Woods, superintendent of the Manson Campbell foundry; James Woods and Charles J. Woods, cigar manufacturer. Deceased was a member of the Catholic Order of Foresters, and his funeral was in charge of that organization. His mother, sisters and brothers have the sympathy of a host of friends.

THE MODERN REVIVAL
SERVICE A FAILURE

(By R. C. Russell, of L. D. S. Church)

Before Christ's ascension He commissioned His apostles to "go into all the world and preach the gospel, teaching them, said He, to observe all things whatsoever I have commanded you and lo I am with you always even to the end of the world." But should they change His doctrines? He said He would withdraw His presence and the tree would not bear fruit, but be heaved down and cast into the fire. For a time all things went well until apostasy set in and gradually the Spirit of God was withdrawn and there were no spiritual visions, dreams, prophecies or other manifestations of God's approval and what was called Christianity by the masses was a mere assembling on set occasions of a society people for the greater part to see and be seen. They of course are called believers in Christ, but in works they deny Him, for in all the Catholic and Protestant churches combined they fail to prove their claim to the title of "believers" by their lack of the signs which were to characterize such godly people. When Christianity died and formality was born the former's doctrines were rejected and others instituted, obedience to which the votaries though honest and sincere could not win for themselves the gifts promised by God to the true believers.

Christ and His ministry always kept the thought before the minds of the people that there was but one way for a man of sin to get rid of the sins he had committed from boyhood days, and that was by coming into the Kingdom of God, out of the Kingdom into which Adam and Eve had plunged the whole human race. The God-sent ministry all agreed on the plan and taught faith, repentance and baptism of water and spirit as an initiation into that Kingdom, and then when a candidate was admitted through the doorway all their evil habits were left behind, as Paul says we rise out of our watery grave—baptism in Jesus, all old things have passed away, that is our sins and all the evil habits by which Satan has gradually fettered us, from all these we are by baptism—when performed under the hands of a God-sent ministry—at once set free. And as we are now in the Kingdom of God to live by adding to our faith virtue, temperance, patience, knowledge, brotherly kindness and charity, and thus we will grow in grace. To such the Lord's prayer was given as a sample prayer, and in the first epistle of John, first chapter, we are taught that those in the Kingdom are to confess their wrongs done to each other and then ask God to pardon them and He promises to do so when they are honest and sincere in such confession. Thus the line is drawn between sinner and saint. But to-day all distinction is removed and there is by the sects nothing said about a Kingdom and all are taught to confess to God without coming into the Kingdom, and we readily see their utter failure to free themselves from the evils Satan has bound them down with and how they were to confess for 12 hours as Saul of Tarsus did at the penitent bench or other places, they would as he, remain outside of the Kingdom and could not get in only as he did by being baptized and washing away his sins, Acts 22:15, 16. Where such godly doctrines were edged the converts got a knowledge of their acceptance with God and they were not carried about with every wind of doctrine, Eph. 4. But to-day when a young man or woman tries to get religion in the churches their pastor does not induct them

into God's Kingdom, but advises them to confess to God in Christ's name; thus claiming Christ as an advocate of theirs when He says He will not plead their cause until they accept Him as such by coming into His Kingdom by being baptized by a man sent of God. But the failure to obtain a remission of sins at the penitent form brings disappointment to the candidate and causes backsliding and ruin.

MILLIONS FOR CHARITY.

Wealthy Philadelphia Lady Bequeathes Millions in Good Causes.

Philadelphia, Oct. 2.—By the will of Miss Anna T. Jeanes, well known for her philanthropic work among the Society of Friends and the negro race, which was admitted to probate yesterday, she left almost her entire estate, valued at about \$5,000,000, to charity. By the will \$1,000,000 is bequeathed for the benefit of the negro race. Some time ago this bequest was paid over to Booker T. Washington and Hollis Burke Friselle, as trustees, and a codicil, dated Feb. 27, 1907, revoked that particular portion of the will. Among the institutions benefited are Swarthmore College and a score of hospitals in this city and elsewhere.

GREAT DISTRESS IN HER THROAT.

Not an uncommon experience was that of Mrs. H. S. Wilmet, of Shuler, N. S. Doctors failed, still a quick cure was found in Catarrhazone. Notice of this statement: "I have been a most dreadful sufferer from bronchial trouble and catarrh. On damp days I would hawk and suffer great distress in my throat. I used all kinds of medicines, but didn't get permanent relief till I used Catarrhazone. It has strengthened my throat, cured my cough and made me entirely well." Refuse substitutes for the one reliable bronchial and throat cure. All dealers sell Catarrhazone in 25c. and \$1 sizes.

Kipling Predicts the Great Canadian Book Will Be Written by Native.

Ottawa, Oct. 2.—Before leaving for the west, Rudyard Kipling was asked as to his opinion of Canadian literature, and he replied that he might, but could not say. But he added: "The great Canadian book will not be by me or any outsider. It will be by a Canadian. You are a young country. You are growing. Go on developing your resources. Go on developing your fullness of time will come the Canadian book."

LIKE A THIEF IN THE NIGHT.

That's how pain comes. We sit near an open window, get stiff neck or sore back. Perhaps cool off too quickly after exertion—rheumatism develops. Spend what you may, but money can't buy anything better than Pilsen's Nervine. It's penetrating power enables it to reach deep tissues, and that's why it cures aches that all else can't touch. For outward application we guarantee five times more strength than in any other liniment. Inwardly it's harmless and as sure as the hereafter to ease at once. Don't accept a substitute for Pilsen's Nervine, which is the one great household panacea of today.

No Farewell Tour This.

Schenectady, N. Y., Oct. 2.—General William Booth, commander of the Salvation Army of the world, was given a warm welcome in this city last night. This is the second place he has visited since coming from Canada. The opera house, where he spoke, was crowded to the doors, and the venerable religious worker was loudly cheered. Commander Eva Booth also made a brief address. In the course of his address, General Booth said: "This is no farewell tour, and I have never given the matter of discontinuing my present active work a thought, for as long as there is sufficient strength left in my body, I shall be found on the firing line, fighting vice and lending a helping hand where wretchedness and poverty stalk."

OH, FOR A CLEAR COMPLEXION!

A clear complexion is the outward evidence of inward cleanliness. In bad health the face becomes a sign-board, telling of disease within. If yellow, bile is not properly secreted; if pallid, the kidneys are faulty; if skin is murky and dark circles beneath the eyes, look for constipation. Whatever the cause, no remedy compares with Dr. Hamilton's Pills, which are mild, safe, purifying and vitalizing in their action. They give a marvellous new tint to the cheeks, brighten the eyes and establish health that defies age and disease. Sold everywhere in 25 cent boxes.

Bishop Won the Match.

Washington, Oct. 2.—Before leaving for Richmond, Va., yesterday, to participate in the triennial convention of the Episcopal Church, the Bishop of London held an impromptu reception at the station. He admitted that he won the tennis match at the White House on Friday between himself and President Roosevelt.

NOVEL FRUIT DRINKS.

Iced Chocolate, a French Punch and a Delicious Pineapple Lemonade.

Now's the day and now's the hour when the cooling draft is sought for. Fruit drinks that are novel are especially desired. Iced chocolate is rather unfamiliar, and is perhaps more nourishing than the other recipes here offered to fill a wide felt demand.

Iced Chocolate.—This beverage is so generally served hot that the cool summer drink is far less familiar than it should be. When carefully made and served it is delicious as well as wholesome, and can be safely recommended for delicate children and elderly people. Put one ounce of unsweetened chocolate into a saucepan and pour on it gradually one pint of boiling water, stirring all the time. Put the saucepan on the fire and stir until the chocolate is all dissolved, then add granulated sugar to taste and stir until it begins to boil. Cook for three minutes longer without stirring, then strain and cool. Add one teaspoonful of vanilla extract, bottle and store in a cool place. When needed put two tablespoonfuls of crushed ice in a tumbler, one gill of milk and half a gill of carbonic or apollinaris water. Stir thoroughly before drinking.

Tea Punch.—While fresh fruits are always preferable, canned berries and pineapple may be substituted. Steep two generous teaspoonfuls of tea in two quarts of water for five minutes. Then strain and add one pound of lump sugar, stirring until thoroughly dissolved. Grate the peel of eight good sized lemons and extract all the juice. Cut three oranges into slices, shred one pineapple, slice five bananas very thin, and hull one pint of strawberries. When the tea is cold add the fruit and let stand in the refrigerator for several hours. Place a cube of ice in the punch bowl; pour the mixture around it. When chilled serve in punch glasses. To get the best results from the pineapple peel and remove the eyes, tear apart with a sliver of fork, reject the cores, sprinkle with sugar, and let it stand on the ice for twelve hours.

A French Punch.—The French are noted for their delicate and delicious drinks. A favorite Parisian recipe calls for five pounds of raisins, five pounds of dried apples and five gallons of water. Put all together in a small earthen jar and let stand uncovered for three days, stirring occasionally from the bottom. At the end of that time bottle, with half a teaspoonful of sugar and a stick of cinnamon in each bottle. Cork tightly and store in a cool place. The fruits having fermented the drink will keep for a considerable length of time and is really delicious when served cold. It is claimed that over 50,000,000 gallons of this punch were drunk in France in a single year.

Pineapple Lemonade.—Pineapple lemonade is refreshing and is prepared with very little trouble. Pare and grate a ripe pineapple; add the juice of four or five lemons and a sirup made by boiling together for a few minutes two cups of sugar and the same quantity of water. When quite cold, strain and ice. A maraschino cherry in each glass is an agreeable addition, as are a few strawberries or raspberries.

Egg Pique.—A drink that combines nourishment with refreshment is sure to be welcome on a warm day. Break a whole egg in a glass and add two tablespoonfuls of any fruit sirup preferred. Fill with iced bottled soda water and mix thoroughly in an egg shaker until light and foamy. Pour into a glass, add a dash of phosphate and grate nutmeg lightly over the top.

For Afternoon Wear.

This lingerie frock of sheer batiste and eyelet embroidery for afternoon wear is made in a simple but stylish fashion that will be becoming to the majority of young matrons. The em-

broidery extending in panels from the shoulders to the bottom of the skirt is an effective way of decorating that will doubtless be much used during the coming season in lightweight silks.

Cold Water Plain Cake.

A cold water plain cake is made by creaming together one quarter cupful butter and one and a half cupfuls of sugar. Add two well beaten eggs, one cupful water and two and a half cupfuls flour sifted with two teaspoonfuls baking powder. Flavor with anything preferred.

AWFUL RECORD OF CRIME.

Very Few N. Y. Murderers Pay Penalty in Electric Chair.

New York, Oct. 3.—On an average 240 murders are committed in New York City every year. Sixty-five arrests are made for these murders. Thirty-three alleged murderers are brought to trial.

Twenty convictions result. Two of the convicted men are sentenced to death.

Three others receive life sentences. A murder in New York City stands a chance of 1 in 100 of escaping the penalty of its crime.

In the first 25 years of the nineteenth century there were only two unsolved murder cases in New York. From 1900 to the present day there have been over 300 unsolved murder cases in New York City.

These figures were furnished by William C. Clemens, the criminologist, in a talk to the members of the Greely Council, National Union, on Tuesday night. The causes, Mr. Clemens says, are inefficient and ignorant detectives, men who are excellent patrolmen, but who know nothing of the science of tracing crime and criminals.

Besides the known murders in this city every year, he says there are at least 25 which are never heard of. These take place in every walk of life and are usually accompanied by the use of poisons, although frequently a knife or a pistol inflicts a death wound, and members of the family conceal the facts. Appendicitis, heart failure or some similar cause is marked down as the medium of death.

Burglars Sentenced.
Belleville, Oct. 1.—In the County Court yesterday morning three young Montreal Frenchmen, Arthur Villeneuve, Lucien Leclair and Arthur Delaire, came up for sentence for burglary before Senior Judge Deroche. Leclair induced Delaire to leave Montreal on the burglarizing expedition. He was sentenced to three months in jail. Villeneuve got two years, and Leclair was sent down for five years.

Found Mother Dead.
St. Thomas, Oct. 2.—Mrs. Annie Muir passed away some time during Monday night at the home of her brother Mr. Dan Grant, Canal Street east. Deceased had not been in good health for some time, but her sudden demise was not expected. When her daughter went into her bedroom yesterday morning she found her mother dead. Deceased was a daughter of the late Mr. and Mrs. Donald Grant, and was born in Peel Township, Wellington County, 50 years ago.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

Almost Missed Funeral.
Montreal, Oct. 3.—Alphonse Jardin, a young French-Canadian, came very near to missing his mother's funeral yesterday, owing to the importunities of one of his creditors.

Jardin has been living at Chicago for some years, and before going neglected to pay a \$100 grocery bill. He forgot the matter, and returned on Tuesday to attend the funeral of his mother, which was held over until his arrival.

But yesterday morning the grocer swore out a capias against Jardin, and he was landed in jail. He immediately made great efforts to secure bail, and managed to get security just in time to leave the cells and hasten to church for the requiem mass.

Drowned in Stony Lake.
Peterboro, Oct. 3.—Stoney Lake Tuesday night claimed its first victim for this year, when Francis Costello, the six-year-old son of Michael Costello, Peterboro, who was taking a trip for pleasure on the steamer Stoney Lake, of which his uncle is owner, fell overboard as the boat was nearing McCracken's Landing, and was drowned in 50 feet of water. He was not missed until the boat had docked. The body was recovered.

Sick Emigrants Sent.
London, Oct. 3.—Marcus Helfman and Max Block Meyer of Danzig are charged at Liverpool with conspiring to defraud the C. P. R. in connection with an attempt to smuggle Russian emigrants suffering from trachoma, into Canada. Eleven emigrants gave evidence, six of them had been deported from Canada. The case was adjourned.

Return to Work.
Ottawa, Oct. 3.—The services of the Labor Department will not be needed in the Rosamond Woolen Mills' strike at Almonte. It is settled and the 200 employees locked out through five wrappers striking for an increase of pay from \$1.65 a day to \$2, will return to work in a day or so.

Marconi Tests Successful.
London, Oct. 3.—Messages to test letters of the alphabet have been exchanged successfully on the Marconi system across the Atlantic Ocean for several days. The first public message will be sent about the middle of October.

Killed While Hunting.
Quebec, Oct. 3.—Joseph A. Saquerre, aged 32, was accidentally shot in the thigh while out hunting with a party of friends Sunday last, and died on Tuesday.

EAT WHAT YOU WANT

Science Has Now Found the True Way to Cure Indigestion.

A few years ago, when a sufferer from indigestion went to a stomach specialist, the result was a rigid diet list that almost meant starvation. But the first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a Mi-o-na tablet before each meal.

This restores strength to the stomach muscles and stimulates the pouring out of gastric juices, so that the food is digested readily and its nourishment retained in the system to build up energy and vitality.

Do not think the sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion, will go away of themselves. The stomach must be built up and strengthened by Mi-o-na before you can be well and strong, free from suffering and distress.

The guarantee that C. H. Gunn & Co. give with every bottle of Mi-o-na, to refund the money unless the remedy cures, shows their confidence in the treatment.

Buried Under Slide.
El Paso, Texas, Oct. 3.—News reached here Tuesday night of another slide in the Mexican Central quarries, near Victoria, in which 16 laborers were buried. Eleven more were fatally injured.

A puny child is always an anxiety to the parents. There seems generally no reason why the little one should be weak when it is so well fed. But the fact is that it does not get how much food the child takes if the stomach cannot extract the nourishment from it. No benefit can be derived from just eating. That is the condition of many a sickly child. The stomach and organs of digestion and nutrition are not doing their work, and the body is really starving. It is little use to give fish foods, like cod liver oil or emulsion in such a case, because these also have to be digested. Strength is what the stomach needs. Dr. Pierce's Golden Medical Discovery strengthens the stomach, nourishes the nerves and increases the action of the blood-making glands. It is superior to every other preparation for children's use, on account of its body-building qualities, and also because it is pleasant to the taste and contains no alcohol. The virtues of native medicinal roots are extracted, and their value enhanced by the use of triple-refined glycerine, which of itself is a most valuable nutritive and promoter of digestion. Send to Dr. E. V. Pierce, Buffalo, N. Y., for free booklet.

HE WORKED AT TWO JOBS.
Dead Motorman Was Making Heroic Sacrifice For His Family.

Ottawa, Oct. 3.—In the inquest opened last night to ascertain how Hugh A. Hayes, a motorman, came to his death here, it developed that Hayes held two jobs.

He had been working for the gas company here from 7 a. m. to 5 p. m. On Friday last he worked from 7 a. m. to 1 a. m. 16 hours, excluding meals, for this company.

On Saturday he worked from 7 to 5 at night. Then at 6.30 the same night he went on duty for the Street Railway Co. as motorman.

His car that night in some way collided with another one and he was so badly crushed that his leg had to be amputated and he died. Hayes held down the two jobs in an effort to offset expenses due to illness in his family.

He lost his wife only a few months ago and had much sickness in the family. One boy was lame and a girl was threatened with typhoid fever at the time of his death, but has recovered.

MAJESTIC METEOR SEEN.

New York, Oct. 3.—A meteor of majestic proportions swept the western sky early Tuesday night. To onlookers it appeared larger and brighter than an air light seen a block away, but was of a more bluish hue.

Despatches from Suffern, N. Y., said that the heavenly body, as seen from there, had the appearance of a huge sky-rocket, which rose to a great height before it broke into half a dozen pieces.

RHEUMATISM IS OVERCOME

This Relieves the Worst Cases and Anyone Can Mix it at Home

Acts on the Kidneys and Bladder and Should be Given a Trial

Cut this out and put in some safe place, for it is valuable and worth more than anything else in the world if you should have an attack of rheumatism or bladder trouble or any derangement of the kidneys ever.

The prescription is simple, and can be made up by anyone at home. The ingredients can be had at any good prescription pharmacy and all that is necessary is to shake them well in a bottle.

Here it is: Fluid extract dandelion, one-half ounce; compound kargon, one ounce; compound syrup of sarsaparilla, three ounces.

Take a teaspoonful after each meal and at bedtime. A few doses is said to relieve almost any case of bladder trouble, frequent urination, pain and scalding, weakness and backache, pain above the kidneys, etc. It is now claimed to be the method of curing chronic rheumatism, because of its direct and positive action upon the eliminative tissues of the kidneys. It cleanses these sponge-like organs and gives them life and power to sift and strain the poisonous waste matter and uric acid from the blood relieving the worst forms of Rheumatism and kidney and bladder troubles. The extract dandelion acts upon the stomach and liver and is used also extensively for relieving constipation and indigestion. Compound sarsaparilla cleans and enriches the blood.

As you or anyone of your family, especially the old folks, may be attacked at any time it would be wise to cut this out and save it.

A well-known local druggist is authorized that this prescription is safe to use at any time.

Mix it yourself.

"Bu-Ju" costs fifty cents, and is for sale by W. W. Turner, Druggist, 28 King Street.

GRIMWOOD-AUSTIN

(Contributed).

One of the prettiest weddings of this season was solemnized at Park street Methodist church at high noon on Wednesday, October 2, by the pastor, Rev. Dr. Daniel, the contracting parties being Annie Elizabeth, the eldest daughter of Mr. and Mrs. James Austin, 79 Harvey street, Chatham, to Mr. Edward T. Grimwood, of The Planet bookbinding staff, and formerly of Ipswich, England.

The bride looked charming as she entered the church on the arm of her father to the strains of Lohengrin's wedding march, beautifully rendered by Prof. F. Phelps. The bride was elegantly gowned in white chiffon tulle, her wedding veil being caught by fillets of the valley, and she also carried a large bunch of the same flowers tied with tulle ribbon. Miss Daisy, who was gowned in blue satin and carried pink roses was bridesmaid; and Lily, the youngest sister, also gowned in blue satin, made a charming little flower girl, she carrying a pretty little basket filled with ferns and roses, in which rested the wedding ring.

The groom was ably supported by Mr. Thomas Clark, of Glasgow, Scotland. The ushers were two brothers of the bride, Frank and Walter Austin. Three hundred guests attended the church to witness the ceremony.

After the ceremony the wedding party proceeded to the home of a bride's parents, where a sumptuous wedding dinner was served. The house was beautifully decorated with asters, ferns and palms.

The bride's travelling costume was fawn cloth with rose silk waist with hat to match. The happy young couple left on the 3:07 Wainah and the happy congratulations of their many friends. They will visit St. Thomas and other points. On returning the happy couple will reside on Wellington street.

LACROSSE

From the following comment in the Adelaide Advertiser, of Adelaide, Australia, it will be seen that Australians do not appear to appreciate lacrosse as it is played in Canada.

The following comment has reference to the All-Canadian team of which Frank Grace, formerly of the Chatham Tecumseh, is a member. The comment is as follows:

The Canadian lacrosse team sailed for Western Australia on Saturday after the third test match on the Adelaide Oval, for some reason it is just as well they have gone, for if there remained further contests to be fought here the exceedingly bad temper manifested on Saturday might have developed into bitter feeling, and if in the meantime the peaceable and not intervened the public would have attended the next match in expectation of seeing a series of fights instead of an interesting international contest on the lacrosse field. The Canadians are accustomed to a rough style of play, but some of them in the field on Saturday behaved with inexcusable brutality.

A number of unpleasant incidents happened during the game for which the overseas team were responsible. During the first quarter Camplin was punished by being ordered off the ground for five minutes for a most deliberate breach of the rules—hitting an opponent on the head with his crosse. Immediately after Camplin left the ground Grace, another Canadian, caught the ball and threw it right amongst the crowd in the southern stand as if to manifest his disagreement with the decision of the referee, Mr. R. W. Sellers, in punishing Camplin. It is evident that rough play is a feature of Canadian lacrosse, for the members of the team all wear padded caps, padded jerseys, and gloves, but in Australia followers of the pastime find it possible to enjoy the game without introducing such roughness as to necessitate padding for protection.

In the second half Camplin again distinguished himself by coming into collision with Kell, and the latter had to defend himself against the unruly Canadian. Still later Camplin gave a display which ended in his disqualification for the remainder of the match, and unfortunately Noblett was involved, so that he had to pay the same penalty. The Canadian purposely pushed his crosse against the jaw of Humphris, and Noblett, who was close by, remonstrated with him, saying, "Play the game, Camplin, none of that." Camplin replied, "I'll hit you, too," and he did so. In the circumstances Noblett could not be blamed for retaliating, and in a few seconds the two players, locked in each other's arms, fell to the ground. The umpire whistled "cease play," the players crowded round the fighters, and two troopers entered up to the spot, but the services of the mounted men were not required, as Camplin and Noblett were separated. The referee immediately ordered the men off the field, and they retired to their dressing-rooms.

These were the only incidents which the public were aware of, but the Australians made no secret of threats which were made during the play by members of the Canadian team and the unfair way in which

GRAY'S CHINA HALL

Opposite Merchants' Bank.

W. Hanley obstructed Humphris when there was not the slightest occasion to do so was enough to provoke strong action on the part of Humphris, who, however, bore the punishment bravely. Other Australians were subjected to similar treatment, but they did not lose their temper. It is hard to reconcile the rough play of some of the Canadians with the behaviour of gentlemen. To their credit it can be said that some of them played the game. Others forgot the game and played "the man" or "the fool" as a great many of the onlookers remarked.
