Technical and Bibliographic Notes / Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Metropolitan Toronto Reference Library
Baldwin Room

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Reference Library
Baldwin Room

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

NOTICE.

On issuing this second Catalogue, the Subscriber begs to return his thanks to the Public, for the very liberal patronage extended to the AMERICAN BOOK STORE since its establishment in 1848, and at the same time to announce its removal one door south of the old Stand; where he will still be happy to serve those who may favor him with their custom.

His stock of Books at this time, to persons desirous of forming or enriching their Literary collection, to Libraries connected with Colleges and District Schools, to professional men, in short to all, from its extensive collection, its wide range in the several departments of Literature, its exceeding cheapness, presents an opportunity for purchasers unprecedented.

His facilities and experience with the American Trade, gives him advantages, he believes, inferior to none, in the execution of orders of all kinds, and which cannot fail to be appreciated by those who may favor him with their business.

Particular attention given to orders from the country. An order for a single volume will receive the same careful attention as larger orders.

E. G. FULLER.

FIRE! FIRE! FIRE!!

INSURANCE FOR FARMERS!

The attention of Farmers is particularly invited to the system of the

WASHINGTON COUNTY INSURANCE COMPANY,

Where they may insure on their HOUSES, BARNs, HAY, GRAIN, LIVE STOCK, &c., at a much less expense, and on more favorable conditions than with any other Company now existing, the system differing from any other. It has hitherto cost comparatively nothing, and in all probability will cost very little to insure with this Company for years to come. It has now more than 84,000 members, and is issuing at the rate of 50,000 Policies per annum, principally on FARM PROPERTY. No property in blocks or exposed parts of villages, or Mills, Shops, or other property considered hazardous, is insured by this Company.

FARMERS may insure their Furniture, Crops, (Hay, Grain, &c.) Live Stock, &c. the year through, whether contained in buildings insured by this Co., or otherwise. Many Barns and their contents are destroyed by lightning every year, often occurring after the Crops are in, and without insurance. Let no Farmer be so unwise as to be without insurance on his Barn and contents, however separate and detached it may be from other buildings as the expense of insuring with this Company will probably be very small.

Those whose Policies with other Companies are about expiring, and all others will find it for their interest to call on the subscriber, or any authorized Agent of the Company.
