W. D. Ellis will open up on Saturday in the Smith brick block, a stock of fancy goods, small wares, stationery, toys, etc.

Alderman Martin Riepert killed a snake alongside the railway track here on Friday last.

Mr. Alex Ste. Marie, of the Howick-Carrick town line, brought in on Tuesday a load of what we would judge were the best hogs which have passed over the scales for some time. There were 15 and they weighed 3,130 pounds. Porkers like those are few and far between these days.

Mr. Jacob Maurer has received the collector's roll, and be able to render unto Caesar that which belongs to Caesar when he calls. The rate this year is 13 mills on the \$, same as last year. Of this amount, only 3½ mills on the \$ is controllable by the council, the county rate, 2 mills, is demanded and fixed by the county council. The school rate, 6½ mills, is fixed and demanded by the school board, and the council dare not say a word.

DISTRIBUTION OF SEED GRAIN.

By instruction of the Hon. Minister of Agriculture a distribution is being made this season of samples of superior sorts of grain and potatoes to Canadian farmers for the improvement of seed. The stock for distribution has been secured mainly from the Experimental Farms at Indian Head, Sask., and Brandon, Man. The samples consist of oats, spring wheat, barley, Indian corn (for ensilage only) and potatoes. The quantity of oats sent is 4 lbs., and of wheat or barley 5 lbs., sufficient in each case to sow one-twentieth of an acre. The samples of Indian corn and potatoes weigh 3 lbs. each. A quantity of each of the following varieties has been secured for this distribution:

OATS—Banner, Wide-Awake, White Giant, Danish Island, Thousand Dollar, Improved Ligowo, all white varieties. Black oats are not recommended for general cultivation, a few samples, however, are available which can be sent if specially asked for.

WHEAT—Red Fife (beardless); Preston Pringle's Champlain and Huron (early bearded sorts); Percy and Stanley (early beardless varieties).

BARLEY—Six-rowed—Mensury, Odesa, Mansfield and Claude. Two-rowed—Standwell, Invincible, Canadian Thorpe and Sidney.

INDIAN CORN (for ensilage).—Early sorts—Angel of Midnight, Compton's Early and Longfellow; later varieties—Selected Leaming, Early Mastodon and White Cap Yellow Dent.

POTATOES—Early varieties—Early White Prize and Rochester Rose. Medium to late varieties, Carman No. 1 and Late Puritan. These later varieties are as a rule more productive than the earlier kinds.

Only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of wheat, barley, Indian corn or potatoes. Lists of names from one individual, or applications for more than one sample for one household, cannot be entertained. The samples will be sent free of charge through the mail.

Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time before the 15th of February, after which the lists will be closed, so that samples asked for may be sent out in good time for sowing.

Sir Wilfrid Laurier was presented on his 66th birthday with an automobile by Lord Strathcona.

Additional Locals.

—Bargains in suitings for the next thirty days at G. Flach's.

—L. C. Karstedt, tinsmith, has returned from the West and has taken a situation at Chesley.

—Read the Corner Store's advt. this week. Every thing you need for Xmas is to be found at the Corner Store.

—Wm. Duffy held the ticket that won the horse that was awarded in the drawing contest held by a Carrick farmer. The animal cost Mr. Duffy 29 cents.

—Great reduction in cutters during the next 30 days, a large variety to select from, at J. Schuett's carriage shop.

—The meeting of the License Commissioners of South Bruce to consider the transfer of the Railway Hotel license will be held on Dec. 18th, at the Hartley House, Walkerton, instead of at the Railway Hotel, Mildmay, as advertised.

—The law requires that births, deaths and marriages shall be registered with the clerk of the municipality, within 30 days after the event has taken place, and a penalty of \$10 may be collected from the man whose duty it is to make the registration and does not do it.

—Tommy Burns, alias Noah Brusso, formerly of Hanover, won the world's heavy weight championship by defeating Gunner Moir in a ten round fight at England on Monday night. Brusso is 27 years old. His parents formerly resided near Neustadt. Brusso has made his fortune in the ring, and is now worth some \$60,000.

—Clearing furniture sale during the next 30 days at J. F. Schuett's furniture store.

—We take the following from yesterday's World:—"This afternoon Judge Monck sentenced three of the men arrested for stealing wire from Woodman Bros., as follows: William Brooks four years, Joseph Goldberg three years, Harry Weinstein one year, Louis Levy was acquitted. John Neville, Napier-street, was arrested this morning as a member of the same gang.

To reap the best results from your poultry, always starve for twenty four hours before killing, kill by bleeding at mouth or throat, dry-pick while warm, leaving no feathers on whatever. Take the heads off geese and ducks, and leave them on turkeys and chickens. If our readers will follow these instructions they will receive the top prices, providing of course that their fowl is in good condition.

—Joseph Anderson of Cargill, assistant burner at the Owen Sound Portland Cement Company's plant at Shallow Lake, was so badly injured by being caught in a belt shortly after 7 o'clock on Sunday morning last that his death followed about half an hour later. The unfortunate man had just come on duty and was in the act of throwing on the belt when a heavy pea-jacket which he was wearing caught on the shaft and he whirled around several times. His left arm and right leg were broken in several places, besides having his head badly bruised and lacerated. His death was directly due to the shock following his injuries. He was 28 years of age and leaves a wife and two children.

The stationery printed at this office is giving the best satisfaction. Last week we printed 1000 statements for a man and by their aid collected a small fortune. Two months ago a man bought of us some note paper and envelopes to use when writing to his sweetheart and now he is married. Another young man forged a name on a cheque printed at this office and he is in the penitentiary. Another young man stole some of our paper to make cigarettes with—he is dead. A young lady bought some of our paper to curl her hair on and now she has a beau.—We have only a few packages of this kind in stock. By using our stationery a person can collect old account, tell fortunes, make rain, change the color of the hair, have the teeth extracted without pain, find out the name of the future husband or wife, be successful in business, triumph over enemies and get elected to office.—Exchange.

FORMOSA.

Joseph Schumacher has sold his house in Formosa to William Schill.

Peter Strauss has moved on his farm near Riversdale.

Mr. and Mrs. Philip Oehring were in Mildmay on Monday, on business.

Drs. McCue and Sinclair operated on Joseph Kuntz of Culross last week. Mr. Kuntz suffered with appendicitis.

Tony Opperman has been on the sick list for the last two weeks.

The Graf brothers, Joseph and Raphael, shot three foxes in the woods last Saturday, they were fine large animals and made a heavy load to carry home.

Albert and Joseph Bildstein and Wm. Giessler have returned from the Northwest where they spent the summer working.

Mr. A. Symons of Culross was the first man to bring a load of logs in with his sleigh this winter.

—Mr. Henry Hauch of Walkerton was in town last Monday.

—Mrs. McCormick of Pinkerton is visiting her sister, Mrs. N. Vollick.

An exchange says—"Beer will make a man fat." Yes, and we have known it to make him lean, that is if there was anything near for him to lean against.

American land buyers are beginning to flock into Alberta again, although not in such large numbers as last year.

Agnes Thomas, who was tried at Walkerton at the Fall Assizes for manslaughter in connection with the Warton riots was arrested in Strathroy last week for drunkenness.

John Henderson has sued John Leifso of Brant, for \$30, the price which he places on the watch, which he lost in the Saugeen River, a few months ago. It will be remembered that Mr. Henderson and Mr. Robertson on their way down the river in a canoe ran into a wire fence, which Mr. Leifso had strung across the river, and in the mix-up Henderson lost his watch. Mr. Leifso, we understand claims that the township is liable.

About the House

SEASONABLE DISHES.

Cranberry Roll.—Make a rich biscuit dough; roll out one-fourth of an inch in thickness, spread with cranberry sauce. Roll up and press the edges well together. Sew up in a floured cloth and steam for over an hour. Serve with cream and sugar or sauce.

Turkey Legs Broiled.—Place the legs and thighs left over from the turkey on a gridiron over a low fire and turn every three or four minutes. When well broiled on both sides take them off. Roll in mustard and bread crumbs and pour melted butter over them.

Turkey Toast.—Chop cold turkey fine and let it simmer for fifteen minutes, with just enough gravy or stock to cover it, a lump of butter, and salt, pepper, and mustard to season. Have ready small squares of buttered toast, spread the turkey over it and serve.

Cranberry Sauce.—Wash four cupsful of cranberries and put in a saucepan with four cupsful of granulated sugar and one cupful of cold water; cover and allow them to boil for fifteen minutes; then remove from the fire, skim, and pour into the dish in which they are to be served.

Rice Pudding.—Wash in several waters one cupful of rice and mix with it four cupfuls of sweet milk, one-half teaspoonful of salt, one-half of a cupful of sugar and the grated rind of a lemon. Stir in two eggs not previously beaten, turn into the pudding dish and bake for three hours.

Cranberry Olives.—Spread slices of roast turkey, chicken, or veal with rich cranberry sauce, sprinkle with grated bread crumbs, a little minced celery, and some little bits of butter, season delicately, roll up, and fasten with tiny skewers, or tie. Dip in melted butter, roll in seasoned crumbs, and brown lightly in a quick oven.

Cranberry Batter Pudding.—To a cupful of sour milk add half a cupful of sugar, a teaspoonful of salt, two eggs, and one teaspoonful of soda. Beat until light, then add enough flour to make a thin batter. Flour a pint of cranberries and stir into the batter. Bake in a moderate oven until baked through. Serve with sauce.

Turkey Olives.—Select the nicest slices of turkey, cut thin, and spread each with a mixture of bread crumbs and chopped oysters. Season this with melted butter, salt, pepper, minced celery, and a little tomato catsup. Roll up tight and tie. Dust with seasoning, dredge with flour, and fry slowly in hot butter until a golden brown.

Pumpkin Pie.—Pumpkins vary in gelatinous substance so much that the amount of milk in proportion to the mashed pumpkin must vary also. A cupful of pumpkin, a quart of creamy milk, two eggs, one-half cupful of sugar and spices should make a good pie. When there are only two it is nice to take individual pies in patty pans.

Cranberry Snow.—Cook a pint of cranberries in as little water as possible and when tender put them through a colander. Add almost as much sugar as cranberries and return to the fire a moment. Beat the whites of two eggs very stiff and add slowly the cooled and jellied cranberry. Serve in oatmeal dishes with splashes of whipped cream about it.

Turkey Rolls.—Two cupfuls of minced turkey which has been seasoned highly. Bind it together with butter, working it into small oblong rolls with the hands. Mix up a light biscuit dough, roll it into a thin layer, cut into squares and wrap one around each meat roll. Bake in a quick oven and serve hot with cream sauce or with the gravy left from the day before.

Chicken Patties.—Chop meat of cold chicken coarsely and season well. Make large cupful of drawn butter, and while on fire stir in two eggs. Boiled hard, minced very fine, also a little chopped parsley, then chicken meat. Let almost beat. Have ready some patty shells of good paste, baked quickly to light brown. Fill with mixture and set in

oven to heat. Arrange upon dish and serve hot.

Chocolate Cakes, Marshmallow Frosting.—Cream half a cupful of butter; add a quarter of a cupful of cocoa, the beaten yolks of three eggs, one cupful of sugar, one teaspoonful of cinnamon, and half a cupful of water, then the beaten whites of three eggs and a cupful and a quarter of flour, with three teaspoonfuls of baking powder. Decorate with boiled frosting, to which dissolved marshmallows are added.

Rice Snowballs.—Boil rice in salted water till very tender. Wet small cups and while rice is still hot pack tightly into the cups, leaving a shallow hollow in the centre. Set in cool place for about three hours. In serving fill hollow with red jelly and pour custard sauce around. **Custard Sauce.**—One pint of milk, three eggs, one and one-half cupfuls of sugar and a little salt, cooked in double boiler until smooth and creamy. When cold flavor with vanilla.

THINGS WELL TO KNOW.

Potatoes may be warmed up in sour cream better than in sweet cream.

Clean wringer rollers with kerosene and keep the wringer well oiled.

Clean mica in heating stoves by washing with hot vinegar and salt.

Add a little cream to icing for cake to prevent its cracking when cut.

To clean glass bottles or vases, put vinegar in soap suds and wash thoroughly.

Chloride of lime, sprinkled around places that rats frequent, will drive them away.

Turpentine restores the color of yellowed knife-handles when rubbed well into them.

Hot water and soda will usually remove stains from wood, such as the door, table, etc.

In lining a jacket, put plait in middle of the back to allow for strain across the back.

Gilt frames can be cleaned with a small sponge dipped very lightly in oil of turpentine.

A good filling for sofa cushions is made from strips of old clothes, torn as for rag carpets.

When seeding raisins, pour boiling water over them and let them stand a few minutes.

Heat the milk to be used in custards, pies or puddings, and they may be baked much quicker.

To wash woodwork wring a cloth out of soft warm water, dip it in soda, and rub on the woodwork.

Peppermint sprigs laid around shelves and places which mice frequent, will drive them away.

A button hook hung to the door with about three yards of tape can be used in any part of the room.

When washing white stockings either of silk or thread, add a few drops of oxalic acid to the water.

To save enamel, have a wire frame on board to set in sink for pails while heavy work is being done.

Put a clean napkin under the cover when boiling potatoes, and you will find them much nicer when done.

Time and trouble may often be saved if the writing desk is kept supplied with good pens, paper and ink.

A simple method of cleaning lamp chimneys—hold in the steam of a kettle and polish with a newspaper.

When washing glassware do not put it in hot water bottom first, as it will be liable to crack from sudden expansion.

To give a fine flavor and good color to a meat roast add to the water for the broasting one tablespoonful of sugar.

Boiled meats should be eaten immediately after being cooked, in order that the best results may be obtained.

An oil refrigerator which has a lining of tin may be made to look cleaner by applying coats of white enamel.

To renew the stiffness of a veil, wrap it around a pasteboard roll, stretched at full width, steam and dry it on the roll.

Patch the torn places of old carpets, then spread on the floor or grass and give two good coats of paint, a dark green or maroon.

To remove the cover from a jar of fruit, place a hot flatiron on top of jar cover and in five minutes cover may be removed.

To clean black goods sponge with one pint warm water and one teaspoonful

of ammonia. Press with hot iron on the wrong side.

To sugar doughnuts evenly and thoroughly without waste, shake four or five together in a paper bag containing a cup full of sugar.

Put a few grains of rice in the salt cellar to keep the salt from caking; as the cellar is shaken the rice will keep the salt moving.

Instead of using a knife to rip machine stitching, insert the sharp point of your scissors under every third stitch far enough to cut it!

BADLY RUN DOWN.

Dr. Williams' Pink Pills Came to the Rescue After Doctors' Treatment Failed.

The life of any constant traveller is always a hard one, but those whose work compel them to take long tire-some drives over rough roads, exposed to all conditions of weather, are in constant danger of losing their health. The extreme heat of summer or the piercing winds of winter sap their strength, the kidneys become diseased or rheumatism sets in. What is needed to withstand this hardship is rich red blood—the pure blood that Dr. Williams' Pink Pills alone can make. These pills are the travellers never-failing friend. Concerning them Mr. George Dolpe, of St. Eloi, Que., says: "I am a grain dealer and am obliged to make frequent trips, sometimes very tiring. I returned home from one of these trips last summer very much fatigued. I was overworked and tried to cool and rest myself by lounging on the verandah till late at night. I caught cold, and the next day I did not feel at all well. I had a headache, pains in my stomach and was very weak. I went to see a doctor, but he said I would be alright in a day or so, so I started on another trip. I had not gone far before I felt very ill and had to return home and go to bed. I had chills, headache, pains in my stomach and kidneys. The doctor came to see me and he said I was overworked. He treated me for several months, but instead of improving I continually grew worse. I wasted away almost to a skeleton and really thought I was going to die. One day my wife returned from the village with a supply of Dr. Williams' Pink Pills. She urged me to take them, as she said they had been very highly recommended to her. I did so, and by the time I had taken four boxes I felt enough benefit to decide me to continue them and I look about a dozen boxes. They fully cured me and to-day I am able to go about my work without feeling fatigued."

Fatigue, on the least exertion is a sign that the blood is poor. Replace the bad blood with good blood and labor will be a pleasure. Dr. Williams' Pink Pills make pure, red blood. That is why they cure anemia, rheumatism, kidney trouble, indigestion, neuralgia, palpitation and the nerve-racking ills of girlhood and womanhood. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Co., Brockville, Ont.

DEBTS IN AFRICA.

They Are Never Outlawed Among the Natives of that Country.

In civilized life debt is regarded as a purely personal matter, for which the individual who contracts it is alone responsible. Almost the only important exception is in the case of a wife or minor children. In that case the husband and father is responsible. But in Africa an older practice still persists, and debts may be collected from other relatives, or, indeed, they may among many Oriental peoples.

A debt among the native tribes of Africa is never outlawed. It descends from the father to the children, even unto the third and fourth generation. In the journal of G. Harry Agnew, a missionary, the following account of native law and methods of dealing with offenders is given:

If a man has committed some misdeed and runs away, it is customary to arrest his father, or his wife, so that the relatives may be forced to look for him.

Elephants ceased to exist in the neighborhood of Iuhumbane many years ago, there are debts among the people of elephants' tusks perhaps forty years ago. An instance of this kind will illustrate the matter.

Fazenda is a native Christian. Her father is a petty chieftain for a white man, who would give him cloth with which to purchase ivory.

One day a native came to him with a lot of ivory, more than he had cloth to pay for, so he invited the native to go with him to the white man, who would buy it.

Instead of paying for the ivory, the white man took it and drove them away. The owner then made claim against Fazenda's grandfather, who could not pay, so the debt descended to his son.

The son, to settle the matter, gave a girl to the son of the man who had lost the ivory; but this girl died, so, according to native custom, he had to give another girl. This he did by handing over Fazenda.

The matter finally got more complicated, as the man who got Fazenda died, and she became the property of his brother.

She left this man, and another offered to buy her. Accordingly, her father took cloth from the second man in order to settle up with the man she left. But Fazenda refusing the bargain, the second man would not take back his cloth, but demanded gold sovereigns instead.

Finally Fazenda went to work for a missionary, earned some money of her own, and was able to settle up the complicated affair.

FAIR EASTERN SMUGGLER.

How a Turkish Woman Evaded the Customs Officer.

Of course women are better smugglers than men. Every Customs House officer of the Western world is well aware of that fact. But notwithstanding Pierre Loti's recent revelations as to the modernization of the Turkish harem and the revolt of its daughters, it seems strangely incongruous that the veiled ladies who sit in ghost-like fashion about the streets of Constantinople should not only travel alone by train, but defy the Customs House officer with a brazenness that would do credit to a globe-trotting woman of the North or West. Such, however, is the case, according to a lady correspondent who some time ago travelled in a ladies' carriage from Constantinople to Sofia in the company of a wealthy Turkish lady.

By the help of a few French, Turkish and Greek phrases we began a queer sort of conversation, and my travelling companion explained that she was going on a visit to a married sister in Bulgaria. Perhaps, in order to impress one with the idea of her wealth, she showed all manner of beautiful presents which she carried with her in her various pieces of luggage. There were towels with wide embroidered borders, handkerchiefs with fine needlework corners and hems, veils and scarfs of Eastern silk, and ever so many other things, which I duly admired. Then she pointed to the enormous hassock under her feet. "Coffee," she said. There must have been twenty pounds in it.

Knowing that the Bulgarian Customs House officers keep their sharpest eye on coffee and cigarettes, and that we were rapidly nearing the frontier, I gave vent to my feelings by exclaiming: "But the Customs House!" But my Turkish lady, with the characteristic movement of the head which with Orientals implies negation, clicked her tongue and said, "Non, ne vient pas ici," obviously meaning of the Customs officer.

At daybreak we reached Hermanli, the frontier station. The officer came to our carriage, cast a glance into our compartment, saw that her "feridshi" (her head) and disappeared at once, in deference to the Mohammedan objection that a woman should be seen by any man outside the harem. After a while an old woman appeared. "Hannum (madam)," she said, "the Customs officer sends me to ask whether thou hast anything upon which a duty should be paid." "Say to the child of the desert," was the dignified reply, "that I have nothing but the things I require. A little coffee for the journey."

And she put down the front of her dainty little travelling coffee machine and a spirit lamp and began to prepare her breakfast, throwing, as an after-thought, a few coins and cigarettes at the old woman's feet. With a blessing and a grin on her lips she crone left the carriage. The Customs were passed and I thought sadly of all sorts of beautiful things which I had not bought at the large bazaar at Constantinople for fear of the Customs.

PASS RECIPE AROUND

TELLS HOW TO MAKE THIS SIMPLE RHEUMATISM CURE.

Prescription Given Which Sufferers of Dread Disease Can Make Up and Try at Home at Small Cost.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from any druggist in the smaller towns, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well-known authority in a Montreal morning paper, forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it you want it badly.

Give a man a good dinner and he will remain in a good humor for at least an hour.

THE BARBER'S UNION Of Montreal, Canada.

MR. EDWARD BOUSQUET.

PE-RU-NA SCORES Another Triumph in Canada President Edward Bousquet Lands in Glowing Words.

Mr. Edward Bousquet, 248 a Panet street, Montreal, Can., president of Barber's International Union, Local 455, writes:

"For several years I have suffered from cataract. I tried many remedies with little or no results."

"I was advised by a friend to try Peruna, and after using a few bottles, I am much relieved."

"I believe Peruna to be the greatest known cataract remedy of the age. I cheerfully recommend Peruna for cataract."

The truthfulness of Mr. Bousquet's statements cannot be questioned. He has given a clear and frank recital of his experience with chronic cataract, and how Peruna helped him when all other remedies failed.

JUST HIS CASE.

A man who was famous for never paying his bills owed a considerable sum to his tailor. Sending bills had no effect upon the debtor, so the tailor decided to make a personal attempt to collect the amount. He called several times upon the delinquent, but was never able to catch him. Finally he succeeded, just as he was going out, and accosted him with the modest inquiry:—

"Will you pay me this bill, sir?"

"The man looked at it for a moment, and then said, innocently:—

"Did you ever owe anybody anything?"

"No, sir," replied the tailor.

"Then you can afford to wait," said the wagtail debtor, and off he walked.

The tailor again made several attempts, and at last was successful in cornering the man a second time.

"The debtor looked very solemn, and said: 'Are you in debt to anyone?'"

"Not to be caught this time, the tailor replied:—

"Yes, sir; I am sorry I am."

"And why don't you pay?"

"Because I haven't got the money," said the tailor, with significant look.

"That's just my case exactly, my dear sir," replied the debtor. "I am glad that you can appreciate my position. Good morning!"

DRIVEN FROM HOME.

A wealthy American, who had read much about the hardships which the Irish peasantry are supposed to suffer, determined to travel about in the Emerald Isle and learn the state of affairs for himself.

While motoring through a remote part of the island he came across a poor old woman, seated, with all her humble furniture about her, in the middle of the road before her little cabin.

The traveller was profoundly moved. Here, before his very eyes, a real Irish eviction was taking place. He got out of his car, and he gave the old woman a sovereign.

"Tell me," he said, "what is the trouble my poor friend?"

Bobbing and curtseying her gratitude the old woman replied: "Shure, sor, me ould man's whitewashing."

A woman would rather be tailor-made than self-made.

One kind of charity always has a card attached to it.

Girlhood and Scott's Emulsion are linked together.

The girl who takes Scott's Emulsion has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, Scott's Emulsion provides her with powerful nourishment in easily digested form.

It is a food that builds and keeps up a girl's strength.

Owing to the panicky feeling that exists throughout the country the banks have been piling up their reserve fund and reducing the line of credit to patrons and in consequence this fall, if business men are to exist throughout it, a sharp collection of accounts will be necessary.

If it gets colder all the way up, our old ideas of heaven will have to change a whole lot. That a balloon has reached a height of 466,690 feet (or about nine miles) and there recorded a temperature of 111 degrees below zero was one of the startling statements made in the course of an address in the last year's session of the Aeronautic Congress at New York.

After having worn widow's weeds for two years, supposing that her husband was dead on the Isthmus of Panama, Mrs. Archibald Winters, of McKeesport Pa., collapsed with joy when he walked into her home. She is still in a critical condition, and it is feared she will not recover. Winters went to Panama to work on the canal, and soon afterward word came back that he had died of fever.

To Stop A Crying Baby.—It may be cramps, perhaps colic, pain or gas on the stomach—but in any case a few drops of Nerviline soothes the pain and allows the child to sleep peacefully. Nerviline cures minor ills such as colds, headache, internal and external pains as well as any doctor,—safe to use because a small dose is required. Mothers, you will find Nerviline an invaluable aid in preventing and curing sickness. Keep a bottle right at hand, some day you will need it badly. Sold everywhere at 25c.

The shooting season always has its harvest of death, and this year this vicinity has not escaped. A week or so ago Jimmy Brown, the popular fourteen-year-old son of Mr. William Brown, of Mulock, accidentally shot himself in the foot with a 22 calibre rifle. It appears that no great stress was placed upon the mishap, and the lad went to school again in a couple of days. But blood-poisoning set in, followed by lock-jaw, and his condition at once became critical, death following last Saturday night.

A sub-contractor on the Guelph and Goderich Ry., named Nicholson, nearly lost his life in the vicinity of Listowell last week. A charge of dynamite failed to explode within the proper time, and when going to investigate, the charge suddenly went off, tearing his hat to shreds and burning his face, endangering his eyesight. The full force of the explosion must have passed within an inch or two of Nicholson's head.

Great Danger in Headaches—It's often dangerous to consider headache a trifling ailment. If the head aches, the stomach is out of order and some serious disease may be impending. To tone up the stomach, to give it healthy action, nothing in modern medicines is so successful as Dr. Hamilton's Pills. The concentrated vegetable extracts in Dr. Hamilton's Pills have a quieting healthful effect on the stomach and remove all disorders. Your headache will be cured and they won't return, if you use Dr. Hamilton's Pills. Sold everywhere.

The present tightness of money is explained thus by a contemporary. Ordinarily A pays B, B pays C, C pays D, and lets the money go promptly to pay some one else. Thus in a few days A will receive back his money and so with the others. Thus money is kept circulating and afloat all the time. But if A is tardy in paying B, and B is tardy too in paying C, and C keeps the money under lock and key for a month or so, the circulation is broken and money becomes tight. This may be an explanation, if so, lack of confidence would appear to be the real cause of the stringency of money at the present time. Last year and the year before money was plentiful, what has become of it? It has not been destroyed therefore it must be in existence somewhere.

A simple rule for finding the number of shingles required to cover a roof, is as follows: Find the number of square feet in one roof by multiplying the length and width of one side together. Double this and multiply the total by eight, and this will give the number of shingles, laid about four and a half in. to the weather.

She Is White As A Ghost.—Is it a matter of pride to be pale as a lily,—certainly not. What every woman wants is strength, color, vigor. Buoyancy and health are the right of every woman, and these she need not lack if she only uses Ferrozone. It gives appetite, creates strength, enriches blood, gives vigor to the nerves, color to the cheeks and brightness to the eyes. Ferrozone is at once convertible into health, beauty and strength. There is power in Ferrozone—try it, and know what you have missed 50c at all dealers.

Constable Armstrong is working on a daring case of shop-breaking in Teeswater, and already one arrest has been made in connection with the case. It appears that one night recently a Teeswater work-shop was entered and a quantity of money stolen. The authorities investigated the case and suspicions began to settle on one or more parties, with the result that the law is now being invoked in an effort to round up the thieves and bring the guilty parties to justice.

Memphis, Tenn., is to have a woman as official dog-catcher, she will work without any remuneration. Mrs. Laura Comstock Dunlap asked the city to appoint her city dog-catcher, agreeing to do the work for nothing. She was the only applicant and was appointed. The city has been paying \$150 a month to the dog-catcher, but the last man to hold the job was discharged because he caught blooded dogs and sold them in other cities, while he left the curs to run about the streets.

The best way to manage a kicking cow says the Breeder's Gazette, is to fasten her by the head, then put a rope on her hind leg below the hock. Pick it back so she cannot kick forward but back all she wishes to; she will soon stand alright. SICK WOMEN MADE WELL

THOUSANDS FIND THE WAY BACK TO HEALTH THROUGH FERROZONE.

No need for so many sick girls and women.

Their ills are curable if they give them proper treatment.

Nutrition must be supplied, blood must be enriched, nerves strengthened, and additional power given to digestion. Ferrozone does this and more; it cures such cases as Mrs. N. E. Peabody, of Trenton. She was a wreck,—never though medicine was made that could restore her, yet Ferrozone was successful.

Among her trouble were: Headaches, Weariness, Nervousness, Weakness, Palitation, Loss of flesh, Dizzy spells, Poor appetite.

HER STATEMENT.

"I was stricken with nervous disease of the heart and stomach. Violent headaches made life a torture. I was so nervous and weak I could scarcely walk. Work was impossible. I couldn't eat or digest anything. When completely wrecked Ferrozone restored me. Today I am vigorous and strong and well."

If you lack power of either mind or body it's an evidence you need Ferrozone.

If you have nervous spells, feeling of weakness in the limbs, tiredness in the morning, you are sure of cure with Ferrozone.

Think of it, Ferrozone gives back the energy of youth, restores vital stamina and creates a surplus of vigor simply because it supplies the concentrated nourishment your system needs. 50c. per box or six for \$2.50 at dealers.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the stomach, etc. A weak Stomach, causing dyspepsia, a weak Heart with palpitation or intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop of Racine, Wis., will mail samples free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by J. Coates.

LIVE STOCK MARKETS.
TORONTO.

Receipts of live stock at the City Market, as reported by the railways, were 79 car loads, composed of 1449 cattle, 194 hogs, 1371 sheep and lambs, with about 90 calves.

The quality of cattle generally was about the same as for some time past. Trade was fair considering all the circumstances.

Prices were no better or worse than last week.

—Exporters—The export trade is dull, few offerings and few wanted; one lot of 38, weighing 1400 lbs each, sold at \$4.50 per cwt., and one lot, 1350 lbs each, at \$4.25.

Butchers—The best lots of butchers offered sold from \$4 to \$4.25, and a few single animals at a little more money; loads of medium to good, \$3.75 to \$4; common, at \$3.25 to \$3.50; cows, \$2.50 to \$3.50; canners, 75c to \$1.50 per cwt.

Feeders and Stockers—Harry Murby reports the feeder and stocker trade as being about steady with few of the good kinds offering. Mr. Murby reports prices as follows: Best feeders, 1000 to 1100 lbs of \$3.50 to \$3.90 per cwt; best feeders, 900 to 1000 lbs, at \$2.90 to \$3.50; best stockers, 800 to 900 lbs at \$2.85 to \$3.15; best stockers, 600 to 800 lbs., at \$2.40 to \$2.75; common stockers, unchanged, at \$1.50 to \$1.75.

Milkers and Springers—Good to choice milkers and springers were scarce, the best on sale being quoted at \$40 to \$55 each, and one extra choice cow would have brought a much higher quotation had she been sold separately; common to medium cows sold at \$25 to \$35 each.

Veal Calves—Trade about steady at unchanged prices at \$3 to \$6 per cwt.

Sheep and Lambs—Receipts were not large; prices easy, especially for exported sheep. Export ewes, \$3.75 to \$4.

Hogs—Receipts light. Mr. Harris reports prices unchanged at \$5 for select's \$4.75 for lights, and \$4.50 for stores.

There will be a keen contest over the Toronto Mayoralty this year. Those who so far have announced themselves as in the field are Messrs. Joseph Oliver Miles Vokes, Ald. Geary, and James Simpson, Socialist.

Two men on a South African ostrich farm, aided only by dogs, have succeeded in catching a lioness alive. Mr. C. Trichardt saw four lions on Messrs. Langridge and Taylor's ostrich farm on Athi Plains. He called Mr. Langridge, and the two went together to try to shoot the lions. When the two men approached, three of the animals made off, but the fourth, a half-grown lioness, lay down and waited, charged twice when the men came up to within about fifteen feet of her. The farm dogs arrived and began to worry the lioness, which crept into a patch of bush and tried to hide behind the projecting roots of a tree. Messrs. Langridge and Trichardt determined to try to capture her alive. They made a loop of raw hide rope, fastened it to a stick, and attempted at close quarters to pass the noose over the lioness's neck. They failed. The dogs were then set to worry the lioness again, and while the brute defended herself loops were passed round each of her hind legs. The nooses were drawn tight and the lioness held fast until her other limbs were bound. Then a cart was fetched and the lioness hoisted into it and conveyed to the farm buildings.

When the Stomach Heart or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test.—J. Coates.

POETRY WITH A POINT.—Mary had a little lamb, its fleece was white as snow, it strayed away one day where lambs should never go. And Mary sat her quickly down and tears streamed from her eyes; she did not find her lamb because she did not advertise. And Mary had a brother John, who kept a city store, he sat him down and smoked a pipe and watched the open door. And as the people passed along and did not stop to buy, John sat still and smoked his pipe and blinked his sleepy eyes. And so the sheriff closed him out, but still he lingered near, and Mary came to drop with him a sympathetic tear. How is it, sister, can you tell, why other merchants here, sell all their goods so readily and thrive from year to year. Remembering her own bad luck the little maid replies, "These other fellows get there, John, because they advertise."

SIMPLE HOME RECIPE.
Get from any prescription pharmacist the following:
Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take a teaspoonful after each meal and at bedtime.
The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve backache, Kidney trouble, Weak Bladder and all forms of Urinary trouble. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.
Some persons who suffer with the affections may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.
Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.
A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

HIS BUSINESS.
"You say the officer arrested you while you were quietly minding your own business?"
"Yes, your Worship. He caught me suddenly by the collar and threatened to strike me with his truncheon unless I accompanied him to the station."
"You were quietly attending to your business; making no noise or disturbance of any kind?"
"None whatever."
"It seems very strange. What is your business?"
"He's a burglar, your Worship," said the constable.

THEY WENT TO CHURCH.
Attendance at church service is obligatory upon the part of soldiers at certain English posts, and amusing stories are told of the excuses that are sometimes resorted to in order to escape this requirement.
At one post where a number of recruits were temporarily stationed an old sergeant was ordered to ascertain to what religious sect each man belonged, and to see that he joined the party told of for that particular form of worship.
Some of the men had no liking for church, and declared themselves to be atheists. But the sergeant was a Scotsman and a man of experience.

"Ah, well," said he, "then ye hae no need to kape holy the Sabbath, and the stables hae naeben claned out lately." And he ordered them to clean out the stables. This occupied practically the whole day, and the men lost their usual Sunday afternoon's leave.
Next Summer a broad smile crept over the face of the sergeant when he heard that the atheists had joined the Church of England.

About 20 car loads of cattle have been shipped out from the Bruce Peninsula in the past few weeks.
Apple exporters complained to the railroads that one million dollars' worth of apples are tied up for lack of transportation facilities.
Here is a bird of a story:—The wife of a Methodist minister in West Virginia has been married three times. Her maiden name was Partridge, her first husband was named Rabin, her second Sparrow, and the present one's name is Quale. There are now two Robins, one Sparrow and three little Quales in the family. One grandfather was a Swann and another was a Jay, but he's dead and is now a bird of Paradise. They live on Hawk Ave., Eagleville, Canary Island.

La Grippe Coming Again.—Europe is now in its grasp, and in a short time America will be run over with this awful epidemic. Get ready, use preventive measures. Build up a surplus of vigor by Ferrozone, and inhale Catarrhozone three times each day. Nothing destroys the grippie germ like Catarrhozone. It cures the cold, breaks up the fever, relieves the headache and destroys every vestige of catarrh and sore throat. For Bronchitis, Grippe and winter ill Catarrhozone is best. Sold by all dealers 25c and \$1.00.

A good motto, since the hanging of mottoes is an approved fashion of the day—to put up before every sewing society, every corner store crowd, and to hang from every village steeple, is the Ninth Commandment, "Thou shalt not bear false witness against thy neighbor." This is the common offence of good people. Men and women who would not hurt a fly, think nothing of sticking the knife of scandal into a neighbor's back; and persons who would not steal a straw take a fenshish pleasure in robbing a man of his good name.

LEARN DRESSMAKING BY MAIL
In Your Spare Time at Home, Or Take a Personal Course at School.
To enable all to learn, we teach on cash or installment plan. We also teach a personal class at school once a month—class commencing last Tuesday of each month. These lessons teach how to cut, fit and put together any garment, from the plainest shirt waist suit to the most elaborate dress. The whole family can learn from one course. We have taught over 7,000 dressmakers and guarantee to give \$500 to anyone who cannot learn between the ages of 14 and 40. You cannot learn dressmaking as thoroughly as this course teaches it if you work in shops for years. Beware of imitations, as we employ no one outside the school. The people of Goderich are evidently experiencing a very thorough small-pox scare this week. A despatch of the 25th from that town says:—"Some forty cases of smallpox have been quarantined here; schools have been closed and a general vaccination of children and citizens ordered to be made within seven days. The Catholic church was the only one in which services were held yesterday. Most of the cases are of mild type, and it is due to the fact that they were thought to be chickenpox that the epidemic was allowed to spread as it has."

At a meeting of the presidents of the different societies of Chatham, it was decided to petition the council to force a number of the loafers of the city to work. There are a number of families in destitute circumstances. The men refuse to work, although there is plenty of employment for all, and the city is put to the expense of keeping them. The trouble is mostly among the immigrants recently arrived. It is understood that the council will adopt the suggestion, and the men will either be forced to work or leave the city.

Canadian ports and towns along the United States front are being flooded with an army of unemployed men from the cities across the line. These have been thrown out of work by the bad business conditions and they came to Canada because of the reports of prosperity and the demand for men in railways, etc. Many are penniless and are likely to spend the winter in Canadian jails.

The Denver police have adopted the photograph as the latest cure for drunkenness, and say it is doing wonders. Whenever an inebriate is brought to the station his picture is taken. Next morning he is shown how he looked the night before and then allowed to go. His shame and the knowledge that the police have his picture and will punish him severely next time are said to do much toward keeping him from becoming intoxicated again.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation, even to very young babes. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Always demand Dr. Shoop's Cough Cure. J. Coates.

Heart Strength
Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.
This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.
If you would have strong Hearts, strong digestion, strengthen these Nerves—re-establish them as needed, with
Dr. Shoop's Restorative

MISTAKES THIS TIME.

Doctor—"I diagnose all sicknesses from the patient's eyes. Now, your right eye tells me that your kidneys are affected."
 Patient—"Excuse me, doctor, but my right is a glass eye."

How to Cleanse the System.—Purmer's Vegetable Pills are the result of scientific study of the effects of extracts of certain roots and herbs upon the digestive organs. Their use has demonstrated in many instances that they regulate the action of the liver and the kidneys, purify the blood, and carry off all morbid accumulations from the system. They are easy to take, and their action is mild and beneficial.

It's almost as easy to lie as it is to lose money.

WEAK WATERY BLOOD causes much trouble. That tired feeling and many more symptoms follow in its wake. Try "Purmer's." It is the best tonic to make you strong and well. All druggists sell it.

The restaurant-keeper hung out the following sign: "Coffee such as mother used to make." A customer, pointing to the sign, asked: "Is your coffee really such as mother used to make?" "It is," replied the proprietor. "Then," said the customer, with a reminiscent look, "I'll take a cup of tea."

MOTHER'S SACRIFICE.

Every mother knows how fretful the little ones are when they develop Mumps, and the many rights rest she is called upon to sacrifice.

Mrs. S. A. Hammond, of Mimico, says: "My three children have had the mumps, and I used Zam-Buk for all of them with excellent results. Zam-Buk did my children a world of good, and I will always keep it handy as a household remedy. I would recommend it to all mothers, and think that no home should be without it."

Zam-Buk cures Cuts, Burns, Chapped Hands, Ringworm, Sprains, Bad Legs, Bells, Ulcers, Running Sores, Scalp Irritation, Poisoned Wounds, Piles (blind and bleeding), Abscesses, Eczema, etc. Of all stores and druggists 50 cents a box, or Zam-Buk Co., Toronto, on receipt of price. 3 boxes for \$1.25.

"I'll give one of you boys ten cents to carry my bag to the station," said a cross-eyed man, pausing before three ragged fellows. "Which one, mister?" piped the boys in chorus. "You," said the cross-eyed man. "Which one?" "You!" There was a pause. Finally one little fellow said: "Fair do, mister; close one eye and look at the kid you want, will you?"

AWARDED SILVER MEDAL

NEWCOMBE PIANO WINS LAURELS AT JAMESTOWN EXPOSITION.

Mr. Albert Shaw, the well-known editor of the Review of Reviews and president of the jury of awards of the Jamestown Exposition, has notified the Newcombe Piano Company, of Toronto, that a silver medal has been awarded them on their new patent piano equipped with the Howard Patent Tension Rods, which they are exhibiting at the Exposition. The Newcombe's success is another tribute to the skill of Canadian manufacturers.

"I haven't got any case," said the client. "I have money." "How much?" asked the lawyer. "Ten thousand dollars," was the reply. "Pshaw! You have the best case I ever heard of. I'll see that you never go to prison with that sum," said the lawyer, cheerfully. And he didn't—he went there "broke."

It Keeps the Muscles Pliant.—Men given to muscular sports and exercises and those who suffer muscular pains from bicycle riding will find Dr. Thomas' Electric Oil something worth trying. As a lubricant it will keep the muscles pliant and free from pains which often follow constant use of them, without softening or impairing their strength. For bruises, sprains and contusions it is without a peer.

HOW THE YOUNG IDEA SHOOT.

Many children are so crammed with everything that they really know nothing.

In proof of this, read these veritable specimens of definitions, written by public-school children:

"Stability is taking care of a stable."
 "A mosquito is the child of black and white parents."
 "Monastery is the place for monsters."
 "Tobacco is something to do with getting drunk."
 "Espionage is to have the small-pox."

"Cannibal is two brothers who killed each other in the Bible."
 "A to y is the human body, which consists of three parts, the head, the chest, and the stomach. The head consists of the brain and eyes, if any. The chest consists of the lungs and a piece of the liver. The stomach is devoted to the love of food, which there are five, a, e, i, o, u and sometimes W and y."

He said to his wife—"Do you believe in the story that the greatness of a father often proves a stumbling-block to the advancement of his son in life?"
 Wife—"Certainly do. I am thankful, John, our boy will never be handicapped in that way." Husband—"Oh!"

Managing Director—"Well, and what are your qualifications for the post of night watchman?" Applicant—"Well, sir, for one thing, the least noise wakes me up."

AN EASY VICTIM TO CONSUMPTION

The run down system is an inviting field for the germ of Tuberculosis. You cannot avoid breathing in the germs—they are everywhere—but a robust system is immune from their attacks. To rebuild a weakened system there is nothing that contains so much virtue as **BRICK'S TASTELESS**, but the virtue is not in the grease. In fact the grease retards the beneficial action of the really valuable principles of the OIL by deranging the digestion.

In "BRICK'S TASTELESS" the grease is eliminated. It presents the valuable principles of **OD LIVER OIL** in a palatable form, combined with phosphorus in the form of the Compound Syrup of Hypophosphites, the nutritious Liquid Extract of Malt and the Brominal Tonic and Salative Fluid Extract of Wild Cherry Bark.

ARM YOURSELF AGAINST CONTAGION.
 "BRICK'S TASTELESS" will build up the enervated system and will cure Bronchitis, Pulmonary & Pleurisy, and the deranged or disordered nervous system. Make your body healthy and you need have no fear of germs or disease.

Head Brick's guarantee with each bottle.
 "BRICK'S TASTELESS" is put up in eight (8) ounce bottles, retail price fifty (50) cents, and in twenty (20) ounce bottles, retail price one (1) dollar.

A PROSPEROUS COLONY.

In the State of Victoria, Australia, the railway revenue for 1907 fiscal year was \$20,050,000, the highest on record, while the working expenses were less than 52 per cent. of the revenue, the lowest for twenty-eight years. The number of savings bank depositors increased by 25,000. Forty per cent. of the entire population has deposits. The amount at their credit on June 30 last was \$64,000,000, an increase for the year of \$5,140,000. Overseas exports exclusive of gold, amounted to \$62,000,000, an increase of 250 per cent. over 1903. The colony's overseas imports amounted to \$75,000,000. The exports to other States were nearly \$25,000,000. The Government revenue for the year was \$41,565,000, and the expenditure only \$37,500,000, creating a surplus of \$4,060,000.

A cough is often the forerunner of serious pulmonary afflictions, yet there is a simple cure within the reach of all in Bickle's Anti-Consumptive Syrup, an old-time and widely recognized remedy, which if resorted to at the inception of a cold, will invariably give relief, and by overcoming the trouble, guard the system from any serious consequences. Price 25 cents, at all dealers.

BY BRIBING THE NERVES with opium you may stop a cough but the inflammation goes from bad to worse. Allen's Lung Balm, containing no opium, goes to the root of the trouble and cures deep-seated affections of throat and lungs.

Not a Nauseating Pill.—The excipient of a pill is the substance which enfolds the ingredients and makes up the pill mass. That of Parmer's Vegetable Pills is so compounded as to preserve their moisture, and they can be carried into any latitude without impairing their strength. Many pills, in order to keep them from adhering, are rolled in powders, which prove nauseating to the taste. Parmer's Vegetable Pills are so prepared that they are agreeable to the most delicate.

MURDERED FOR A FORTUNE.

Russian Woman Confesses That She Killed Her Sister-in-Law.

Mme. Rastzreff, the widow of a professor at the university of Moscow, was recently found murdered a short distance from her country residence, a few miles out of Moscow.

Mme. Terpinsky, a sister-in-law, lay in a fainting condition under some bushes not far away. When she had sufficiently recovered she stated that she and Mme. Rastzreff had been attacked by robbers.

Mme. Rastzreff, who was enormously wealthy, had died intestate, and as Mme. Terpinsky was her nearest relative suspicions were aroused that she had invented the story of the murderous attack.

Mme. Terpinsky has now confessed that she committed the crime, and is in prison awaiting trial.

FEELING WORDS.

HELP YOUR BABY.

No mother can expect her little ones to escape all the minor ailments of childhood, but she can be reasonably sure that her child will be healthy if she gives it an occasional dose of Baby's Own Tablets. And she can feel absolutely safe in giving this medicine, as she has the guarantee of a government analyst that it contains no opiate or poisonous soothing stuff. Mrs. Uria Cressman, New Hamburg, Ont., says:—"I have used Baby's Own Tablets for stomach troubles and constipation with the greatest success. BEER* IS GOOD FOR MOST FOLKS
 (HARDLY ANOTHER BEVERAGE FEEDS SO WELL)

BEER really excels milk as a food-drink for most grown people. And many, many people cannot digest milk easily, because it is so lacking in solid food-contents.

Moreover, milk is so liable to contagion that it is seldom pure when we get it in the cities. But Ontario-brewed beer is really pure,—brewed in cleanliness, of sound materials, in a sanitary way, and brought to the user in the same fit-to-drink state.

Beer Is No Stimulant

Drink beer with meals and at bedtime, as an item of diet that will help the stomach do its work better, and will feed the body besides. Don't choose beer as a stimulant, though,—it does not contain enough alcohol for that. Use it as a food-drink that induces lazy stomachs to do their work well, and so helps them get more good out of all food.

Beer Makes Better Nerves

Ontario beer is not only deliciously appetizing and refreshing, because brewed of pure malt and hops only; but, besides, all the power that hops possess to repair nerve wastes is kept in these brews. That is what makes beer so particularly good for women to drink regularly. Ask your own doctor what he thinks of beer for your household.

***BEER** is a term which covers lager, ale, porter and stout; and, in the practice of Ontario brewers, implies beverages made under most hygienic conditions from Ontario barley (the best in the world) malt, hops and pure water.

Get Your Roofs Shingled Right

It's Less Money and Less Work

Tools A-Plenty

You can put on a roof that will last a hundred years and be the right kind of a roof every minute. Or you can put on a ten-year roof that will probably leak after the first rain hits it, and keep leaking till it is rotted away.

Either roof will cost you about the same in money at the start.

But the "Oshawa" shingled roof will be FIRE-PROOF—literally; and wind-proof—actually; and lightning-proof—positively. That's the hundred-year roof!

And that "Oshawa" shingled roof will be weather-proof for a century. We'll **GUARANTEE** in every way for a quarter-century—from now till Nineteen-Thirty-Two.

Guaranteed in writing for 25 years—and you needn't ever paint it, even! That's saying something, isn't it?

What would your mill-man say if you asked him to guarantee cedar shingles for even ten years? He certainly would make remarks!

And even the best cedar-shingled roof will be leaking badly inside of ten years. Seven out of ten of them leak the first time it rains. No wood-shingled roof is fire-proof for a minute, and the first high wind that catches a loose shingle—whooosh! goes half your shingled roof over into the next township.

Yet cedar shingles cost you just about the price of these guaranteed "Oshawa" Shingles—28 gauge toughened steel, double galvanized—good and wind-and-weather-proof and lightning-proof. Four-dollars-and-a-half a square buys "Oshawa" Galvanized Steel Shingles—ten feet by ten feet. Compare that with the present price of cedar shingles—how does it strike you?

And you can put on these "Oshawa" Galvanized Steel Shingles yourself, easily, with no tools but a claw-hammer and snips. Simplest thing you know—can't get 'em on wrong.

"Oshawa" Shingles lock on all four sides—whole roof is practically one sheet of double-galvanized steel, that never needs painting.

And **GUARANTEED**—don't overlook that. Guaranteed in writing, over the seal of a company with a quarter-million capital—guaranteed in plain English, without any ifs or buts, for 25 long years.

That's the argument in a nutshell—cost the same as wood-shingles; fire-proof, water-proof, rust-proof, lightning-proof; easier to put on; and **GUARANTEED**. That's the "Oshawa" proposition!

Tell us the measurement of any roof, and we'll tell you exactly what it will cost to roof it with less work and for less money.

Plenty of facts that concern your pocket-book come to you as soon as you ask for our free book, "Roofing Right." A post card will do to ask on.

"Oshawa" Galvanized Steel Shingles are GUARANTEED in every way for Twenty-Five Years Ought to Last a Century

Why don't you ask now?

 M. MALONEY, Mt. St. Patrick.
 WILFRID MALONE.

A despatch from Ottawa says: A ter- rible accident occurred at 11.45 on Thursday night near Moore Lake, on the C. P. R., 35 miles west of Pembroke. A light engine was proceeding west, and trying to make Moore Lake ahead of the Soo Express coming east to Ottawa. The express was sharp on time, and the two met with fatal re- sults.

even people were killed and cre- mated, and eight others injured, but not seriously, in the affair.

FAILED TO TAKE SIDING.

The big locomotive was running light from Chalk River to North Bay when it met No. 8, the east-bound ex- press from the Soo. The accident is the most serious since that at Azilda. It was apparently due to the engine sound light for North Bay failing to take a siding at the proper place to allow the Soo express to pass. No specific orders were necessary, as No. 8 was on her time, and had the right of way.

It may never be known just how the

rule was violated, as the crew of the west-bound engine was killed.

RUN OF LOCOMOTIVE.

The extra locomotive, No. 1715, which figured in the accident, was being transferred from Chalk River to North Bay division, and was in charge of Engineer Hendrie and Fireman deau. The east-bound Soo train was in charge of Conductor A. E. Wright of Ottawa, the rest of the crew being Engineer Younge, of North Bay, W. Kent, and Baggage man Irvine, of tawa.

The Soo train was travelling a good rate of speed towards Chalk River, the divisional point, while locomotive, which was on its way, going equally fast in the opposite direction. At the point of the accident there is a curve, preventing a clear view of any great distance ahead. When the heavy engine met with palling impact they completely moralized each other, while the mail and baggage car of No. 8 and part of the forward passenger car were smashed.

HOW FIRE STARTED.

The crash caused the fire boxes to be emptied, and a moment later wreckage of the front cars were aff Eddie Roberts, the mail clerk, Ottawa, managed to crawl out, but fireman of the Soo train and the other on the locomotives, the baggage mail cars were pinned in the wreckage and before they could be rescued the wreck took fire.

CARS CAUGHT FIRE.

The demolished cars burned up 1 tinder, while those pinned in them under the locomotives were still burned to death or cremated at death had resulted from their injur received in the collision. Those arou were powerless to aid. The pass- engers on the forward car were thro from their seats while broken door windows and roofing resulted fro the crash and passengers sustain more or less severe injuries. No are likely to be fatally hurt, howev.

Wrecking auxiliaries were sent fro Chalk River and North Bay, doc were hurried from Pembroke and M tawa; to the latter hospital most of t injured were taken.

SHOT HIS WIFE DEAD.

Crime Committed Before a Car Full of Passengers.

A Los Angeles, California, despatch says: "Asserting that he had shot his wife on a Los Angeles street car on August 19, Frederick D. Cook gave him- self up at the south-western detective agency. Cook said he was separated from his wife and children after the San Francisco earthquake, and later learned that she was in Los Angeles. Going there he discovered her, threatening her with instant death if she refused to give up her children. In order to gain time she consented to take him to the place where they were. His suspicions being aroused at the long trip on the car, he charged her with playing false, and on her declaring that she would disclose the hiding place next day Cook pressed the muzzle of his revolver against the body of his wife and began shooting. She fell dead, and the passengers fled to the platform. Cook covered the train crew with his gun and escaped in the dark- ness." Mrs. Cook was a Miss Jennie Harvey, daughter of Mr. Henry Harvey of Linkletter, Prince Edward Island. Cook formerly lived in Summerside.

A band of outlaws in the Island of Formosa killed ten Government officers, but were repulsed with heavy loss.

LAUGHTER KILLED HIM.

Old Man Died While Watching Bo Scramble for a Quarter.

A despatch from New York says: fit of laughter, due to the efforts of crowd of boys to recover a 25-cent piece which he had tossed into the fountain at Madison Square Park, caused death of Cornelius Keenan on Tues- day. Mr. Keenan, who was 83 years old, was a frequenter of the park, feeding squirrels and the birds and occasions tossing a quarter into the basin to the boys' scramble. When he laugh- ed on Tuesday the blood rushed to his head. He fell, striking his head. He was dead when an ambulance surgeon car-

FOUGHT WITH WOLVES.

Chief Thunderer of the Chipewy Nearly Killed.

A despatch from Winnipeg says: Chief Thunderer of the Chipewyas r rowly escaped being devoured by wolf near War road, Minn., across from t Frances. The pack attacked him in woods, but he succeeded in stand- ing them off with an axe, with which killed one and maimed another. Help arrived from his camp. The Ind believe this early fury of the wolves indicates a severe winter.

EFFORT TO MOVE CROP

Navigation Will Be Kept Open As Long As Possible.

A despatch from Ottawa says: There is considerable speculation as to the manner in which the Government will co-operate with the banks in assisting to market the Western wheat crop. Mr. Fielding is still reticent on the subject, presumably because he has not yet definitely formulated his plans. One sug- gestion is for the Government to utilize some of the gold reserve which is de- posited with the Finance Department as security against the note circulation. The idea is put forth to place, say, ten million dollars at the credit of those banks that are recognized in the West as being grain banks, that is, loaning money to move the crop. Some four banks are mentioned as likely to get

part of this loan. They are the Ban- commerce, the Imperial Bank, the Union Bank and the Bank of Ham- The railway companies have assured parties concerned that they will do they can to facilitate the movement of the crop. The principal difficulty is the lower grades of grain that have to be moved before navigation closes, wise they may be damaged, if not destroyed.

The Marine Department has arranged to keep navigation on Lake Su- perior open until Dec. 10. A telegram was sent to Washington asking that the House at Passage Island, near Pe- tersburg, be kept going until that date. Dominion will pay the extra ex- pense. This has been agreed to.

FROST LOCKS
 Make a Fence of Strength

The heaviest, strongest wires made can't make a strong fence unless the locks are as strong as the wires. A fence, like a chain, is only as strong as its weakest spot.

The New Frost Lock and Frost Wedge Lock are the most unyielding parts of a Frost Fence. They make the whole fence as strong as the strongest wire.

We guarantee to repair—free of charge—any Frost Fence that goes wrong.
