## Gift Granny

Someone should start a campaign that has for its slogan: "Buy a Christmas Present a Day" Buy all of your Christmas presents while you still have time to remember that pink isn't becoming to Susie, and that Jack detests stripes and that Aunt Abigail sniffs disdainfully at any gift that isn't "practical"

You'll be glad you did, Christmas won't seem nearly so expensive for one thing, and for another, you'll be quite sure that what you have bought is exactly the appropriate thing, a well chosen gift should be.

However, to clear the path of difficulties, we devised a plan to aid you in selecting the gifts your friends or family want—we are the Santa Claus for grown ups.

We won't coax!— you to help you!

Tell our 'Gift Granny' and she'll tell your family or friends what you want most for Christmas, come in and we'll explain.

To tell you the present, with description, color, sizes, etc., that your family or friends would like to receive from you, would be great service would'nt it? No more wondering over their conversation for the past year as to what they "wish they had" you will have it

### When You Need It, In Black and White

and so far as possible we will give the items to you in their own hand writing.

There is no mystery about it, just a plan to aid you in giving the greatest happiness to those in whom you are most interested.

### The Gift You Make Yourself

The loving thought and care you spend in working out a bit of embroidery stitch by stitch will be appreciated by the recipient far more than the dollars that might be spent on a gift of a less personal nature. Incidentally, fancy work will prove a very pleasant pastime for the long evening hours.

In our "Art Section" you will find hosts of lovely things ready made and stamped for embroidery. There are Pillow Cases, Nightgowns, Bed Spreads, Card Table Covers, Cushions, Scarfs, Runners, Centres, Aprons, Baby Rompers, and many other little things that would prove a great and inexpensive gift to give. Needle workers all agree that our "Art Section" as young as it is, shows the finest materials and styles and the very best workmanship.

## Bathurst Is Strong For Hockey

At a meeting of the Bathurst Hockey Association held last week it was decided to organize a club for the carrying on of the game in that place during the coming winter. Officers were elected as follows:—President W. B. Stanton; vice president, W.G. Fenwick; secretary treasurer, H. O. Schryer; manager A. Audit.

Bathurst is not discouraged by an unfavorable showing last winter and it is expected that the team this year will get into the winning circle. It has a team entered in the N. B. and P.E.I. League, and will also have a local league in which three teams are expected to enter.

## Chatham Rink May Not be Opened

It has been reported that there would be no games played at Chatham this season owing to the fact that the management of the College Rink had decided to use the rink for College purposes only. While the rink may not be open for public skating, we are informed that it will be available to the Hockey Club for practice and matches.

Chatham will have a hockey team in readiness for the opening of the schedule, despite the handicap of the loss of several members of last year's team, who have removed from Chatham.

## REQUEST OF PUBLIC WORKS COMMITTEE

The rule "Turn to the Right", comes into effect on Friday of this week, December 1st. On and after that date all vehicles and pedestrians must keep to the right. The Public Works Com. of the Town of Newcastle requests that the merchants of this town who have delivery teams would instruct their teamsters to keep to the right of the streets throughout the town, leaving the centre free. In this way, our streets would have two distinct roads, which would do away with any turning out whatever. The Public Works Com. will give all assistance in their power to carry out this method, and the merchants who have delivery teams are requested to assist in this matter, because of the fact that they are usually the ones who first break out the roads after a storm, and if the teamsters would keep this idea always in their mind, no difficulty in having two roads throughout the winter months would be met. If once tried the advantages would soon be realized while better roads and easier driving would be the result.

## St. John Contracts For Max. 15,000,000 K.W. of Hydro

St. John, N. B., Nov. 24—The contract between the city of St. John and the N. B. Electric Commission for a minimum of 10,000,000 and a maximum of 15,000,000 kilowatt hours of electric current per year from the provincial development at Musquash was signed today by representatives of the city and the committee.

Payments under the contract will not begin until May 1 next as it is not expected that preparations for the use of the current in the city will be completed much before that date.

Today also Mayor Fisher mailed to the N. B. Power Company an offer to purchase the entire property of the company including electric light, power and street car equipment and gas plant at a fixed figure. If the offer is not accepted within ten days preparations will be made at once for the erection of a civic system for the distribution of current for light, heat and power.

## Scheme of Confederation Has Been Agreed Upon

Halifax, Nov. 22—Representatives of the Universities of Acadia, Dalhousie, Kings, Mount Allison, Pine Hill and New Brunswick, the Roman Catholic archdiocese of Halifax and the government of Nova Scotia today agreed upon a scheme of federation which while not binding upon the constituencies of each, would in their judgment meet, the requirements of all. In addition to the above announcement given out at the close of the concluding session this afternoon the two day's committee meeting held at the Province Building here it was stated that the scheme agreed upon would be in the hands of all members of the general conference by November 28, two weeks before the scheduled meeting of that body on December 12. It will be the duty of the conference to pass on the scheme agreed upon today, for submission to the governing board of

## WOULD BURN ALL GIRLS' COLLEGES

New York, Nov. 23—Alonso B. See, head of a big elevator company would burn all women's colleges to the ground and put all college girls at hard manual labor for a year "to put into their heads some little trace of sense."

Mr. See expressed his spleen against these institutions for higher learning for women in responding to a form letter appeal from Adelphi College of Brooklyn, in which borough he lives, to contribute toward a \$1,000,000 endowment fund. His reply read:

A. B. See Electric Elevator Co., Nov. 17, 1922

Adelphi College:

Gentlemen:

I have received a copy of your letter asking me to subscribe to a fund for a new college building.

If I had my way I would burn all the women's colleges in the country. The young women of our country do not need to be educated, but the education they need is to leave off smoking cigarettes, stop using slang, stop their swaggering, give up their bold and brazen manner, their paint and their powder, and their lipsticks and their high-heeled shoes and to cease to dress indecently.

Of all the fool things in the world I think the college for women is the worst. When they graduate from the colleges they cannot write a decent hand. They know nothing about the English language. They cannot spell. They are thoroughly ignorant of the things they should know, and they have their brains twisted by studying psychology, logic and philosophy and a lot of other stuff not only utterly useless but absolutely harmful—a lot of stuff which could have been concocted only in the diseased brains of college professors.

Women used to be highly honored and respected by the men. But that day is largely passing away, and this is due more, perhaps, to the effect that the colleges are having on the college women than anything else.

Nothing could be better for the girls that are now in the colleges than to be taken out of the colleges and put to hard manual labor for at least a year so that there might be put into their heads some little trace of sense.

ALONZO B. SEE

The letter was made public last night by James F. Herrick who is handling publicity for the endowment drive. Mr. Herrick said he had Mr. See's permission to give it out.

## HIGH TEA AND SALE

the various colleges involved. While the details of the plan were not announced the opinion was freely expressed that a great step forward had been made in the development of the federation idea.

## CHIEF TEWANNA AT OPERA HOUSE

Chief Tewanna (White Elk) Chief of the Indians of North America and member of the Vancouver Rotary Club was at the Opera House last night. He attracted much attention and was attentively listened to by an appreciative audience. The Chief is a very talented speaker, a physician and surgeon, a devout athlete and a fine musician. He speaks twenty-one languages and delighted the audience with interesting anecdotes on his travels not only in Canada but on his four tours around the world.

He is very much interested in the east, especially the Maritime Provinces, which he has heard spoken of very disparagingly, as not of very much account. He expressed himself as delighted with his visit to the provinces. He is now en-route to England to present matters of importance to His Majesty The King concerning the Indians of North America.

The Chief in a masterly address explained to the audience why he was going to interview the King, which he said was for the purpose of having His Majesty intercede with the Federal Government in matters concerning the Indian tribes of North America. He wished the Canadian people to pray that he would be successful in his mission, and thereby help the Indian to rise up to such a standard, spiritually, morally, mentally and physically as his brother white man. He rendered several vocal selections in a most creditable manner and was loudly applauded. George Champion, accompanied as the piano. He also gave an exhibition of a real old-time Indian waltz, which almost brought down the house. In an interview with the Chief after the entertainment he expressed his deep appreciation of the Newcastle people, and said that on his return from England he proposed stopping off at three places in the Maritime Provinces, those being, Halifax, Moncton and Newcastle. On his return he will be accompanied by fifteen western Indian. He also stated that as soon as the Universal Film Co. released the picture "Before Civilization," he would make arrangements to have it shown at the Opera House here. The Chief left this morning again for Moncton where he will be the guest of the Rotarian Club, and is to be met at the station by a large and representative body of that organization. The Chief will be gladly welcomed on return to Newcastle as he made his friends on this his initial visit.

Women used to be highly honored and respected by the men. But that day is largely passing away, and this is due more, perhaps, to the effect that the colleges are having on the college women than anything else. Nothing could be better for the girls that are now in the colleges than to be taken out of the colleges and put to hard manual labor for at least a year so that there might be put into their heads some little trace of sense.

## Labor Yields Six Front Seats To The Liberals

London, Nov. 23—The Labor members of the House of Commons who originally demanded the withdrawal of front opposition benches have reluctantly consented to yield six seats to the Liberals ex-ministers and ex-whips, J. Ramsay MacDonald, permanent Liberal leader, and J. Clynes, deputy Labor leader, ever, insist upon occupying those seats and places immediately opposite despatch boxes on the table, which vantage point the recognized leader of the opposition has also heretofore addressed the House.

**Classical Music And Its Tunefulness**

Because a lot of tommy-rot has been talked and written about music, a great many people are afraid of it. That is, they are afraid of what is usually called "Classical Music" (a horrid term, that should be done away with). They have been told that it is uninteresting stuff, dry, stupid, all noise and no tune. So they fight shy of the "classical."

The term "classical music" is like a red shawl to a mad bull with some folk. This is simply because they don't know, or don't stop to think what it means. Of course it simply means that certain music has stood the test of time and has thus achieved universal recognition as great. But instead of saying "classical music" I prefer to say simply "good music" to differentiate between it and the so-called "popular" airs that go the rounds and die in a season.

Now there is nothing very difficult about listening to good music. If one will only give it a chance it will tell its own story, and a beautiful and wonderful story it has to tell in most instances. One does not need a deep and expensive musical education to appreciate its loveliness and as for its being all noise and no tune, some of the simplest and most exquisite melodies we have, come from the pen of the great masters. These are known and loved by the simplest of folk as well as by advanced music students the world over.

I once heard a man express the utmost boredom with the grand opera "Lucia di Lammermoor," while, at the same time, he thought a certain popular song, whose melody was taken from that same opera, "one of the best ever." Just a few weeks ago a performer in a Toronto vaudeville theatre treated his audience to a song, the air of which was a shocking theft from Chopin's "Fantasia Impromptu." The name of the song—there is no need for secrecy—was: "I'm Always Chasing Rainbows."

Nearly always, when a popular song writer wants a tune, he gets out his well thumbed volume of Rossini, or Chopin, or Mendelssohn (who doesn't remember what the song writers did with the "Spring Song?"), or Verdi or one of the other great masters, and without much effort he finds a melody that every street urchin will be whistling, quite unaware that he is really whistling "classical music." Of course the master's music is usually distorted, twisted and mangled until the original becomes only vaguely recognizable and it is never half so lovely as it was in the original.

Some of these days I am going to print some of these melodies, so that those who have been fighting shy of "classical" music, may get a taste of its beauties and learn to love it and long for more—Exchange.

**Here's To The Weekly**

When you hear someone speak of the "Country Weekly" you never think of newspapers printed in the country. Your impression is rather of a neat little publication issued from a small shop in a small town which is probably the centre of a fairly large and prosperous community. Isn't that true?

Then why do we not call the newspaper a "Community Weekly"? That would be a broader title and one far more characteristic of its service. It does not limit its news to items from the country. Its service covers city, town or village and surrounding community. It is a public utility on a small scale. Give the weekly its just dues, for it is always a power in the community. The large daily may carry more foreign news and more scandals of the day, but the truly wholesome news of the community will be found in the "Community Weekly."

Along with its wholesomeness

**No Treatment for Coughs and Colds Was Ever So Satisfactory**

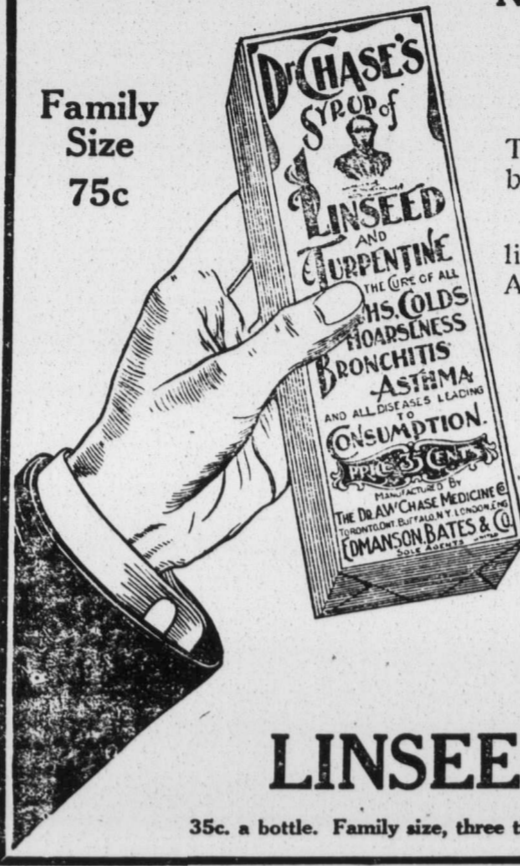

All these years Dr. Chase's Syrup of Linseed and Turpentine has held its place in the family medicine chest because there has been nothing to equal it.

It holds the confidence of all as the most certain relief from Croup, Bronchitis, Whooping Cough and Asthma.

**Saved from Pneumonia Stubborn Cough**

Mr. W. O. Kidder, R.R. No. 1, Noyan, Que., writes:—"I think Dr. Chase's Syrup of Linseed and Turpentine is just wonderful for coughs and colds. Two bottles entirely freed my cough after I had tried every other cough medicine I knew of. I feel sure it saved me from having pneumonia, and I cannot recommend it too highly."

Mrs. Jeremiah M. Bigelow, Bigelow, Ont., writes:—"I had a very stubborn cough for over four years, and I tried doctors and almost everything without results. One day an old friend asked me to try Dr. Chase's Syrup of Linseed and Turpentine. I used five bottles, and it worked like magic. I have never been bothered since, and that is some years ago."

goes ACCURACY—more than any daily paper can possibly possess. The community editor takes the time to collect his news personally or his friends, upon whom he can depend, hand it to him, thereby safeguarding its reliability. Where will you find the big city editor who can afford to check each item, large and small, for accuracy in details? And that is the stronghold of the weekly, thoroughness of its service to the community, the publication representing your district and town deserves the broader title of the "Community Weekly" --- and it also deserves every bit of the support you and your neighbors can give it.

**Here's A Healthy Sign**

It is interesting to note that more and more big city concerns are distributing their printing concerns to job offices in the smaller towns, and that many of magazines owning plants of their own are moving out of the great centres of population. It breaks down the old belief that the bigger the town the better the printing. Business men have come to know that good printing is a matter of brains and machinery, and that these can function in the small town as well--- quite often better---than in the stuffy, soot-laden city. The matter of raw materials, such as paper and ink is not a problem. The smaller towns buy from the same mills and the same dealers as the city printing offices, and at the same price. Then, too, greater care is taken with the job in the smaller offices, because the workman is anxious to prove beyond question

that he can turn out as neat, attractive and business getting printing as comes from the mammoth city institutions. The fact that expenses are not as high and that the work can generally be done cheaper by the smaller printing offices is also tending to bring more and more job work out of the cities and into the small town plants.

The December term of the Supreme Court which was scheduled to open on Tuesday, Dec. 5th has been postponed one week.

**OPENING OF THE NEW PARLIAMENT**

London, Nov. 23—The Royal Standard and the Union Jack of old England tugged and tore in the brisk wind from the spires of the houses of parliament to-day, a silent token of the fact that the day designated for the assembling of the new parliament had arrived. The usual crowds began to assemble outside the gates of Westminster Palace yard at an early hour, and by noon thousands of people were massed about the outer entrances to the legislative chambers, and the services of the police were called into requisition to make a pathway through which the members might pass without being compelled to fight their way through the ranks of their friends or opponents, as the case might be. The throng was mainly Tory in its make-up, although there was a plentiful sprinkling of Liberals and Radicals who cheered themselves hoarse whenever one of their favorites put in an appearance. Naturally, however, the Conservatives, widely enthusiastic over the fact that their party had been returned to power by such a substantial majority, did most of the shouting, and as one after another of the supporters of Bonar Law came upon the scene they cheered and yelled with characteristic British energy.

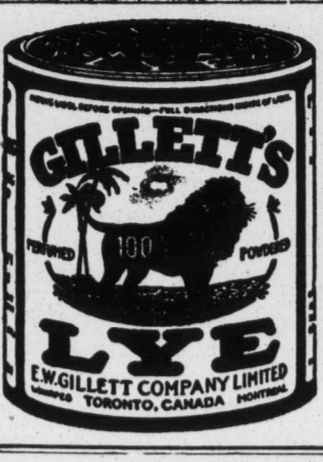

Particularly noisy were the greetings bestowed upon the Labor members, including C. H. Wilson, who scored an unexpected victory in one of the Sheffield divisions; C. P. Trevelyan, one of Labor "intelligentsia," and the veteran Ben Tillett, who retained his seat by a narrow margin. Lady Astor, who retained her seat for Plymouth, was also given an ovation by the crowds.

Looking down from the press gallery the veterans who have seen parliaments come, and parliaments go could not fail to be struck with the number of old faces that were missing, as well as by the greater number of faces that were to be seen for the first time.

**Royal Bank Names Assistant Managers**

Announcement has been made by C. E. Neill, general manager of The Royal Bank of Canada, of the appointment of four assistant general managers to become effective on December 1, the commencement of the bank's new fiscal year.

Mr. W. Wilson, who has been named senior assistant general manager, entered the Royal Bank at Lunenburg in 1897, and was subsequently stationed at Halifax, N.S., Charlottetown, P.E.I., and Montreal. His first important appointment was that of assistant manager at Truro, N.S. This was followed by his appointment as manager at Vancouver. Mr. Wilson was taken to Montreal as chief

Inspector in 1916 and was appointed superintendent of branches in 1917.

S. R. Noble, general inspector in charge of foreign business, becomes assistant general manager, with supervision over foreign business. Mr. Noble is a Fredericton man, and was formerly in St. John and Sydney branches.

S. G. Dobson, general inspector in charge of Canadian business, becomes assistant general manager, with supervision over Canadian business.

G. W. MacKimmie, general inspector in charge of staff, bank premises, etc., becomes assistant general manager, and will continue supervision over these departments of the bank's business. Mr. MacKimmie's home is in Pictou, N. S. He has been or some years general staff supervisor in the head office, Montreal.

**A SUGGESTION**

For the purpose of generating enthusiasm in the matter of aiding and increasing local enterprises the following resolutions in verse, might be suggested to the Board of Trade and Town Council with the hope that they will be moved by some influential member of the board. They are commended to the thoughtful consideration of our readers. Here they are:

"I will start anew this evening with a higher, fairer creed;  
will cease to sit repining while my duty's call is clear  
shall waste no moment whining and my heart shall know no fear.  
will look sometimes about me for the things that merit praise;  
will search for hidden beauties that elude the grumbler's gaze;  
will try and find contentment in the path that I must tread.  
will cease to have resentment when another moves ahead.  
will not be swayed by envy when my rival's strength is shown,

**ADMITTED THAT HE MURDERED BLANCHE GARNEAU**

Quebec, Nov. 23—The sworn statements that one of the men originally charged with the murder of Blanche Garneau, a young Quebec girl, two years ago, but acquitted by a jury after a sensational trial, had admitted that he had actually committed the crime when produced before the Royal Commission this afternoon, roused the interest in the enquiry to fever heat. Raoul Binet, according to affidavits made in St. Vincent DePaul penitentiary as recently as the end of January this year by three convicts, companions of Binet in the jail, not only confessed to the murder of Blanche Garneau, but promised he would also kill his own wife as soon as he was liberated.

The affidavits with a most emphatic denial by the deputy attorney general of the Province of Quebec, Chas. Laclot, that he or any of his officers had ever attempted to shield or protect anyone in connection with the Blanche Garneau case, were outstand-

**A QUESTION FOR PRESBYTERIANS**

Can the London, Presbytery override the regulations of the General Assembly of Canada? This question is involved in a test case, which came before the district Presbytery in the appeal of that congregation and minister of Tempo for a stipend of \$1,500 per annum. Since the Assembly stipulates that the minimum must be \$1,800 it is a moot question as to what steps the officials can take. For some time there has been a good deal of opposition to the introduction by the Assembly of a minimum stipend which was felt to be higher than conditions warrant.

ing features of today's session of the Royal Commission which is investigating whether or not the attorney-general's department did all it could to find the real murderers of the young Quebec girl.

Mr. Lanclot, who was the chief witness at the afternoon session of the commission in the course of his review of the effort of his department to find the murderer or murderers made the following statement: "We have been accused all over the province and even outside of Quebec of having tried to convict certain parties knowing them to be innocent in an attempt to shield and protect the real murderers. I most emphatically deny we ever did anything of the kind and on the oath I have taken here in this court I solemnly declare we never used those two men (Binet and Palmer, who were tried and acquitted) as a blind or a shield to protect any one."

**Found Health by Taking Lydia E. Pinkham's Vegetable Compound**

Melval, Saskatchewan.—"I saw Lydia E. Pinkham's Vegetable Compound advertised for women's troubles and when a friend recommended it to me I tried it and it has done me so much good in the two years in which I have been taking it that I find I am a different woman since then. I recommend your Vegetable Compound as much as I can and you may use my letter as a testimonial."

—Mrs. Wm. J. Thomas, Melval, Saskatchewan.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Thomas writes that she is a different woman now. If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Thomas and many, many other women.

This medicine has been helping sick women nearly fifty years—surely a long record of service.

Where great throngs are blocked by the sign S.R.O.  
Is this man the star that no ticket he buys?  
Star nothin'—He's one of those newspaper guys."

"I see a man start on the trail of a crook,  
And he scorns the police, but he brings him to book.  
Sherlock Holmes? I enquire—  
Sherlock H—Naw, he's one of de'se newspaper guys."

"And some day I'll stand by the great gates of gold  
And see a man pass through unquestioned and bold.  
A Saint? I will ask and Old Peter'll reply  
No! he carries a pass—he's a Newspaper guy."

**PENURIOUS TREATMENT**  
The Lord Beaverbrook Chapter I. O. D. E. is an organization instituted for the promotion of charitable, philanthropic and other uplifting acts. The ladies of this organization have done some most worthy and commendable work, and the citizens should at all times show their grateful appreciation of the many good acts performed by this body. Among many other worthy causes which this body of faithful women strive to help, is the Miramichi Hospital, an institution which was given to the community without costing it one cent, and it behooves every citizen to take an interest in its connection, the doing of which, would be the least any person could do to show their appreciation of the gift of one who has passed to the Great Beyond. Now the I.O.D.E. were obliged to pay the Town Council the sum of \$15.00 recently as rental of the Town Hall, when they were endeavoring to make some money, which they in turn would use for some charitable purpose.

The I.O.D.E. petitioned the Council to rebate them the amount, but their request was refused. Isn't this philanthropic spirit of our Town Council a most commendable one? They sure must be hard up or else penury is the actuating influence governing them. It is alright

to be economical but this is going altogether too far. If the I.O.D.E. had not used the hall, it would have been vacant anyway, and the light which was used was some of the current that is going to waste everyday, so the Town would not be out anything because the hall was used for the evening, excepting a few barrels of coal for heating purposes.

How can the Town Council or any other public body expect co-operation, when they themselves refuse to assist in such a small matter of this kind. It is so ridiculously small and narrow that it makes one wonder how on earth is our town ever going to amount to anything. The I.O.D.E. has the sympathy of the general citizenship in the matter.

#### NOT HAVING TIME

When people say they "haven't time to do this or that" it usually means just one thing. It means they do not WANT TO DO IT. People take time to do the things they want to do and make the excuse that they haven't time when they are faced with the demand or the request or the obligation to do the thing they don't care to do. There are twenty-four hours daily at our disposal—vastly more than most of us ever use intelligently. There is time to do everything, if we exercise judgment and some sense of orderliness and don't run around in silly circles. You say they don't "have time" to attend a committee meeting or go to a lecture or read a book or give proper attention to their families, but they HAVE TIME TO PLAY GOLF AND PLAY BRIDGE AND PLAY POKER AND TALK POLITICS AND MAKE MONEY. This not having time is all bunk. At least be honest with yourself. Stillman, once president of New York's greatest bank, didn't "have time" for some duties and bank duties, but he did have time for his chorus lady friends. We have time for the things we like. Very well, then—see how important it is to exercise judgment and WANT TO DO THE THINGS THAT ARE BEST FOR US.

#### SALVATIONIST ILL

Friends will be sorry to hear that Mrs. Capt. Goodwin of Charlottetown is laid aside through sickness and will not for the next few months be able to share with her husband in his progressive work. Mrs. Goodwin is to enter the Prince County Hospital in the course of a few weeks. The Captain will probably be receiving an assistant from S. A. Headquarters. Mrs. Chas. Dicker, of the Salvation Army, Halifax, is nursing Mrs. Goodwin. The Captain, however, is forging ahead with his Christmas plans which include a Chicken Supper on Thursday, Dec. 7th, by the Home League Ladies and a Poor Children's Treat about Christmas, with baskets to a number of needy people, as in other places.

### Life Term For Garfield Tebo

W. R. Scott, who defended Garfield Tebo at his trial at Clare, N. S., has received a telegram that the sentence of his client had been commuted to life imprisonment. The trial of Tebo took place in September. The crime for which he was on trial was committed on August 7th last. At the trial Mr. Scott raised the question of accident and after the jury returned a verdict of guilty of murder the case was taken up with the department of justice on the question of reasonable doubt as to intent to kill.

Tebo, who is only eighteen years of age, will now be sent to Dorchester to spend the rest of his life.

The telegram received by Mr. Scott was as follows:—

Ottawa, Nov. 24

W. R. Scott:—  
His Excellency the Governor General has commuted to life imprisonment the death sentence passed upon Garfield Tebo, tried for murder at Clare, N. S.

THOMAS MULVEY,  
Under Secretary of State

### Given Ten Years In Penitentiary

Richibucto, N. B., Nov. 24—Ten years in the penitentiary was the sentence imposed by Mr. Justice Crockett tonight on Ernest McEachern, who was found guilty of manslaughter in connection with the death of Gordon Mesheau, near Bue touche, in May last. McEachern was tried on the charge of murder, but the jury found him guilty on the count of manslaughter. H. A. Powell, K.C., concluded his able and exhaustive address to the jury in behalf of the accused this morning and was followed this afternoon by William Ryan, St. John, for the crown.

Judge Crockett finished his charge to the jury about five o'clock and the jury retired at 5:15 returning at 6:15 with a verdict, guilty of manslaughter. Court was adjourned until 8:30 this evening when Judge Crockett sentenced the accused to serve ten years at the Maritime Penitentiary in Dorchester, the term to commence on the first day of May last, the day on which the fatal fight occurred at the Mesheau farm.

**Little "Itchie" a  
 Three-Year-Old Star**

Only three years old and a motion  
 picture star!

Doesn't sound possible, does it.

And yet that is the case of Richard  
 Headrick, who appears in "The Child  
 Thou Gavest Me", the John M. Stahl  
 picture for the Associated First National  
 Pictures, Inc., which will be  
 shown at the Empress Theatre next  
 Monday and Tuesday.

Little Itchie—that is what he  
 calls himself—doesn't care whether  
 he is a star or not, he gets a lot of  
 fun out of "playing" in front of the  
 camera. But when "The Child Thou  
 Gavest Me" was completed the other  
 players, all of them famous on the  
 stage and screen, gave the stellar  
 honors to "Itchie" by unanimous  
 consent.

 and maiden-hair fern. Miss Dora

 Mr. and Mrs. George A. Flett and  
 Mr. Ronald Pike of Newfoundland.

The bride who was given away  
 by her father looked very attractive  
 in a travelling suit of navy blue  
 broadcloth with squirrel fur and  
 tappé duvetin hat to match, and wore  
 a corsage bouquet of pink carnations  
 and maiden-hair fern. Miss Dora  
 Flett of Millerton, cousin of the bride  
 played the wedding march, and the  
 ceremony was performed under an  
 arch of smilax and maiden-hair fern  
 Mums were the decoration for the  
 drawing room.

The dining room was also artist-  
 ically decorated for the occasion with  
 carnations and smilax. Miss Annie  
 Flett and Mrs. C. Stothart poured,  
 and Mrs. Brown, Miss D. Flett, G.  
 Watters and M. Hubbard served.  
 Mrs. Herman Murray and Mrs. Fred  
 Locke cut the ices. The happy pair  
 left on the Ocean Limited for the far  
 West where they will reside, and  
 their many friends wish them all  
 kinds of good luck.

### OMAR ROBERTS HANGED AT YARMOUTH

Yarmouth, N. S., Nov. 24—Omar Roberts, self-confessed and convicted murderer of his nineteen year old housekeeper, Flora Gray, on August 28th, was hanged here this morning at 12.17 o'clock.

The execution took place within the walls of the Yarmouth County jail. Those present were Sheriff Lewis, who supervised the hanging, the Sheriff's assistant, William Smith, Jailer Simms, Dr. C. A. Webster, jail physician, and Rev. Dr. Edwin Crowell, spiritual adviser.

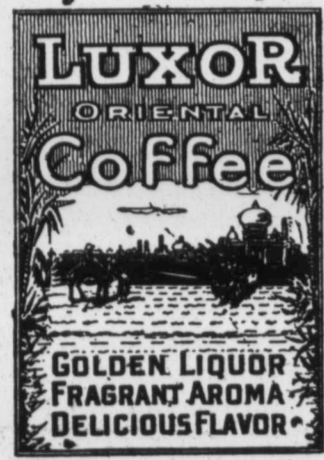

The condemned man was notified at 12.15 that the hour of his execution had come. Accompanied by Rev. Dr. Crowell and William Smith he walked with firm bearing to the scaffold. The trap was sprung at 12.17, the body being cut down at 12.23 and Dr. Webster pronounced life extinct. There was no hitch in the carrying out of the death sentence.

It was said at the jail that with the exception, perhaps, of a few hours recently when the sound of the carpenters building the scaffold was brought to his cell, Roberts had showed no signs of faltering since his incarceration last summer.

The crime for which Omar Roberts was hanged was committed on the night of August 29. Roberts, according to his confession, carried gasoline to the door of his housekeeper's bedroom. He entered the bedroom and made advances which were rejected. He thereupon threw gasoline over the girl's bed and set fire to it. The girl was fatally burned before being rescued by neighbors. Roberts gave "jealously" as the motive for the crime and said he had previously made an offer of marriage to the girl which she had rejected. Previous to his crime Roberts had been a lifelong and respected citizen of the county and was widely known as a guide and keeper of hunting lodges.

### Borden Opposed Canada Becoming Separate Nation

Montreal, Nov. 23—"I do not agree with the opinion that Canada should be a separate, independent nation," said Sir Robert L. Borden, in the course of an address before McGill University Canadian Club here this afternoon. "I think our power, our voice, our influence and our service to the world will be infinitely greater if we remain within the empire than if we should become an independent nation. But if we remain within the British Empire, we must accept the responsibilities of the connection. If war should come again, I believe our responsibilities will be far less if we remain one of the great nations in the British commonwealth than if we take up responsibilities on our own account."

This prize was won by the boys while at the Competitive Shoot in Petawawa during the first week in August and was competed for by batteries from all over Canada. The mark made was 97.7 out of a possible 100—in Gunlaying 97.7 out of a possible 100 and in Signalling 39.7 out of 40.

### A GOOD IDEA

Dr. Marven, of Chatham, N.B., suggested that on FRIDAY morning, DECEMBER 1ST, every automobilist in this province should have a special notice fastened to the front of his car, where the registration tag is usually attached. Have the board painted white, and have printed on this board in black letters the following:

### TURN TO THE RIGHT

No doubt there will be many head-on collisions on that day, and possibly some persons badly injured or killed. The old thread bare excuse, "I never thought," will not justify the mistake or revive the killed. Think out your plan of procedure for Dec. 1st, and keep cool. Drive slowly when you see a car approaching and keep well to the right side of the road. If the one whom you are soon to meet does not get over to his own side, do not make an effort to avoid him by your going to the wrong side. Stop your car, but do not turn to the left. The other person may at the last moment go to his proper place, and then where will you be? Again I say keep cool and hold your position on the right.

### British Paid Tribute to The U.S. Unknown Soldier

Washington, Nov. 22—"Among the fading tributes to the Unknown Soldier laid on the tomb at Arlington cemetery on Armistice Day more than a week ago is one great wreath bearing the legend "In Undying Memory," and below the inscription, that it came from the British Embassy. And only now has it become known that with solemn ceremony that day the British officials paid this tribute to the heroic dead. The visit to the tomb of the American unknown was unheralded and limited exactly to coincide with the ceremony of the day at Westminster Abby. For two minutes the group stood rigidly at attention at the grave of the United States comrade in the great fraternity of hero dead then turned back to the ordinary things of life.

### Preliminary Hearing In Stabbing Case

The preliminary hearing in the case of Vincent Albert charged with stabbing George Royal at Grand Down in October last was resumed yesterday morning. The first hearing took place at the Miramichi Hospital where Royal is a patient. Royal's condition is much improved now and the authorities are going ahead with the preliminary hearing.

### CANCER FACTS

There are twelve known cancer facts. They are gathered by Dr. J.L. Campbell, Chairman of the Cancer Commissions of the Medical Association of Georgia, under arrangement with the American Society for the control of cancer:

- 1.—If an early cancer is completely removed, it will not return.
- 2.—There is a time when every cancer can be cured, for it exists in what is known to scientific men as "pre-cancer."
- 3.—Cancer is first a lump or sore that can be felt with the fingers or seen with the eye, or gives certain definite warnings. If we knew how to interpret these warnings, cancer could be cured.
- 4.—Nine cases out of ten do not cause pain in the early stages. This is unfortunate.
- 5.—Cancer starts as the result of long continued irritation. If irritation is removed, cancer will not develop.
- 6.—Cancer develops at the edge of a scar—where the scar and normal tissue meet. If the scar is removed, the cancer will not develop.
- 7.—Certain definite symptoms precede every cancer, just as surely as wind clouds precede the rain storm. There is a time coming when these symptoms will be heeded.
- 8.—One hundred thousand people in the United States are annually afflicted with some form of cancer. This is on the authority of the Public Health Service.
- 9.—One woman in every eight, who is forty years of age, dies of cancer. Three times as many women, as men die with cancer between thirty-five and forty-five years of age. From that time on, the ratio is more nearly equal.
- 10.—Every person over thirty-five years of age who is not sure about a lump, sore or unnatural discharge should consult a competent physician and demand a thorough examination. If the first doctor consulted cannot give a rational opinion, ask for a consultation.
- 11.—Procrastination has caused the loss of many valuable lives.
- 12.—Any doctor that tells you he has a sure cure for cancer is a fraud. There is no such a thing as a cancer serum or any remedy that will cure cancer by being injected into the veins or rubbed on the skin.

J.W. Brankley, general manag-  
er of the Miramichi Lumber  
Company for New Brunswick and  
Maine, with headquarters at  
Chatham, was in St. John, last  
week. Speaking to a reporter Mr.  
Brankley said that the prospects  
for a good lumber cut along the  
Miramichi during the coming  
winter were exceptionally bright.  
A great deal of the old cut has  
been cleared up during the sum-  
mer, as the shipping was very sat-  
isfactory. He said that the Mir-  
amichi Lumber Company's cut  
this year would amount to 20,000,  
000 feet and that Fraser Com-  
panies Ltd; intended to cut in the  
vicinity of 25,000,000 feet. The  
cut of the smaller firms will be  
considerably less, ranging from  
4,000,000 to 7,000,000 or 8,000,000  
In all the cut would be about  
two-thirds of the normal. Trade  
conditions along the Miramichi  
are improving and it is thought  
that by spring they will have re-  
turned to normal.

**United States  
Dollar At Discount**  
TORONTO, Nov. 23.—Canadi-  
ans who receive checks or other  
paper drawn upon banks or other  
financial institutions in the United  
States must pay Canadian  
banks one-quarter of one per cent  
for converting the same into Cana-  
dian money. Announcement to  
this effect was made yesterday  
and it was not unexpected, as for  
a number of weeks the United  
States dollar has been at a dis-  
count of from 1-16 to 1-8 per cent.  
At one time in the post war pe-  
riod New York funds sold at as  
high as 19 per cent; and for a long  
period the rate hung around 14  
per cent. Early this year the dis-  
count began to melt away stead-  
ily.

passage of the Irish constitution  
bill. The debate on the address  
begins tomorrow and will be con-

next week.  
The three intervening days will  
thus be given for the passage of  
the Irish bill through the House

## The Half-Speed Man

What it Means When You Feel  
Run Down and Out of Sorts

You know what it means to feel  
"all out of sorts." Most people have  
felt this way at some time. Nerves  
out of order, irritable, languid, de-  
pressed. An aching head, appetite  
bad and digestion weak. With some  
people this condition comes and goes  
with others it is chronic—they can't  
shake it off. It interfered with busi-  
ness, spoils recreation and robs life  
of all its joys. These men and women  
are only able to work at half-speed.  
The trouble is caused by poor, watery  
blood. You can improve your condi-  
tion to-day by taking Dr. Williams'  
Pink Pills. These pills enrich and  
stimulate the blood, strengthen the  
nerves and give you fresh vigor.  
Here is proof. Mr. William F. Bell,  
Bracebridge, Ont., says:—"I have  
been recommending Dr. Williams'  
Pink Pills for a number of years, be-  
cause of the benefit I got from their  
use. I was in a terrible run down  
condition. I was scarcely able to do  
anything all winter. To make things  
worse I took the mumps and caught  
cold, and as a result was confined to  
bed for six weeks, part of the time in  
a terrible fever. Of course I was doc-  
oring, but instead of getting better I  
was growing weaker. At this time  
my father-in-law urged me to try Dr.  
Williams' Pink Pills, but I had lost  
faith in all medicine and refused.  
However, he had such faith in them  
that he bought me six boxes, and of  
course I could not refuse to take them.  
Now I am glad I did not. I had not  
taken them long before I began to  
have faith in the pills myself. There  
was no doubt I was improving. Day  
by day my strength came back and I  
gained in weight from 115 to 145  
pounds. Therefore, I feel that I can  
not speak too highly of Dr. Williams'  
Pink Pills and I hope my experience  
will convince some other sufferer of  
the value of this medicine."

You can get these pills from any  
medicine dealer or by mail at 60 cts.  
a box or six boxes for \$2.50, from  
The Dr. Williams Medicine Co.,  
Brockville, Ont.

## NEW CANADIANS GO HOME FOR CHRISTMAS

1—The Canadian Pacific liner "Montcalm," one of the new "Mono-cabin" class ships which will this year be engaged in the "Home-for-Christmas" travel.  
2—The saloon of the "Montcalm," typical of the comfort and high standard of decoration of this class of ship.  
3—A cabin board the "Montcalm." This ship carries second and third class only.

**H**OME for Christmas — to many  
thousands of Britishers now liv-  
ing in various parts of Canada that  
is more than a thought, it is a senti-  
ment. Christmas probably means  
more to English people than to most  
others, while to the Scotch, New  
Year's Day is the Day of Days. For  
both of them the holiday season  
brings a heart pull towards the Old  
Country that will not be denied, and  
to many of those who will not ad-  
mit the "touch of human nature that  
makes us all kin," the holiday season  
comes as an excellent opportunity,  
and something of an excuse to make  
a trip back "Home." For Christmas  
week old London draws all the world.  
The fascinating splendour and in-  
comparable facilities of entertain-  
ment are at their best, and like April  
in the English countryside, it sets all  
who know her longing to be there.  
"It is already apparent that the holi-  
day travel to Europe will this year be  
rather heavier than it has for some  
time, which may perhaps be taken as  
one result of the more generally sat-  
isfactory crop year through which

the country has passed. Then, too,  
conditions in Great Britain are some-  
what better stabilized than they have  
been, and the welcome home will  
probably be all the heartier.  
The Canadian Pacific Railway has  
made special arrangements to meet  
the expected increase in traffic.  
Trains carrying passengers will run  
alongside the ships at St. John, N.B.,  
thus guaranteeing a practically un-  
interrupted journey from any point in  
Canada to the British port. A fea-  
ture of the trans-Atlantic holiday  
travel this year will be the employ-  
ment of the new Canadian Pacific  
Mono-class steamers. Technically  
these steamers provide second-class  
and steerage accommodation, but  
their appointments and service are  
such as to make them adequate for  
almost any standard of taste. The  
"Montcalm," which will be included  
in the holiday sailings, is typical of  
that class. She is an oil-burner of a  
total length of 563 feet, with the ut-  
most in spacious and luxurious ac-  
commodation. In the short time in  
which she has been running, she has  
proved comfortable to the last de-

gree, and her fittings include a cellu-  
lar double bottom and the very latest  
and most perfect operating safety  
devices. Lounges, drawing, card  
and smoking rooms and dining sa-  
loon are the last word in modern  
interior decoration, with first  
thoughts given to comfort and good  
taste. A special Children's Room is  
a new feature, and the steerage, or  
third class, accommodation is of the  
most modern description. Here  
again the lounges, smoking and other  
rooms, and the dining saloons pro-  
vide unexcelled comfort and ample  
space.  
By way of guaranteeing a thorough  
service for holiday travellers, the  
Canadian Pacific will run special tour-  
ist sleepers from Edmonton, Calgary,  
and other Western points. These  
will connect with special trains at  
Winnipeg, and will run through to the  
ship's side.  
Sailings from St. John are ar-  
ranged as follows:—"Tunisian" to

Last week was "Pay Up Week" in the state of Michigan. It was a decided success and many citizens who had never been square with the world before in their lives paid up all their bills. The campaign was responded to heartily and many customers who had not been in certain stores for months, called, paid their bills and made purchases for cash. This would be an excellent idea for the County of Northumberland to carry out. Everyone would be benefitted and have a clean sheet for the New Year.

**To Replace Rafet Pasha As Gov. At Constantinople**

Constantinople, Nov. 22—It is understood that the decision of the National Assembly at Angora to replace Rafet Pasha as Military Governor of Constantinople, was taken for three reasons. The first was that the Assembly took exception to certain of Rafet's speeches; second he was considered as showing a too conciliatory tendency in his relations with the allied generals here and, lastly, the nationalists disapproved his remarks to the effect that native Christians would be unwise to leave Constantinople.

On the latter count the view in Angora is said to be that the more Christians leaving voluntarily, the fewer there will be to expel later.

**EXPENSIVE WATER**

**SEIZURE OF STILL AND MOONSHINE**  
On Friday Inspectors Stewart, Quarterman and Manderson, with Provincial Constable Adam Dickson, made several searches in the vicinity of Neguac and Barryville. At Neguac they found quite an elaborate still made from a wash boiler and several tin cans, and pipes well soldered together, and very neatly finished, also an eight-gallon keg of finished moonshine whiskey. The party on whose premises the seizure was made will likely face charges under both Inland Revenue and Prohibition acts. One member of this family was fined \$200 a short time ago.

**The Direct Action Of a Vaporizing Salve Is Best**

Treat one cold with Vicks VapoRub and, as in the case reported below, you will adopt this external method for all the cold troubles of the family.

When the little ones come in wet and sniffling, just apply Bicks over throat and chest and cover with a flannel cloth. Repeat at bedtime.

Vicks acts like a liniment or plaster. In addition, its ingredients, vaporized by the body heat, are inhaled all night long.

The child is usually better next morning and the bad after-effects of internal dosing are avoided. Just as good, of course, for adults.

Mrs. Wm. White, 44 Sebastopol St., Montreal, Que., writes: "I find Vicks splendid. I used it for headaches and sore throat and also used it on baby for bronchitis and when I called in the doctor he said it was the best thing I could have done. I have recommended it to others and they have used it. I apply it freely to the affected parts and leave it to do its work."

**SHOP EARLY**  
Do your Christmas shopping early is advice which thoughtful citizens will adopt. Christmas is less than a month away and the stores are already making preparations to serve the Christmas trade. It is not too early to start Christmas shopping, but, in fact, this is the ideal time to start, because it gives lots of opportunity for looking around, avoids the congestion of the last hurried week, and moreover, provides a much better stock of all kinds of articles from which to choose.

**THE NEXT REDUCTION**  
It is reported that since the smelt fishing above Chatham has been prohibited, the next prohibitory step will be that of bass fishing on the North-West. The big tick among both the up-river and down-river fishermen over these prohibitions. We wonder what the next pose of allowing bass to accumulate. Up river fishermen blame the smelt by the King Government.
