CALGARY, THURSDAY, AUGUST 22, 1912

ELEVENTH YEAR—No. 150

Launching of Great Stamped Show Will Mark Observance of the Most Prosperous September in the History of Calgary and All Southern Alberta

WHY SEPTEMBER IS MOST PROSPEROUS IN CITY'S HISTORY

A seventy million bushel grain crop is being harvested in the province. Every man desiring work is employed. There is no poverty in the city. The business of the city is at its peak. The population is at its highest. The city is at its most prosperous. The city is at its most beautiful. The city is at its most interesting. The city is at its most enjoyable. The city is at its most wonderful. The city is at its most magnificent. The city is at its most sublime. The city is at its most divine. The city is at its most glorious. The city is at its most radiant. The city is at its most brilliant. The city is at its most dazzling. The city is at its most magnificent. The city is at its most sublime. The city is at its most divine. The city is at its most glorious. The city is at its most radiant. The city is at its most brilliant. The city is at its most dazzling.

The crowds from and to their homes. Through the service is taxed to its utmost at the present time with the heavy traffic that is moving in western Canada, the management has shown its ability to meet conditions as they arise by sending a requisition east for the latest and best equipment of every description to handle the crowds comfortably and safely.

REMARKABLE GROWTH OF TELEGRAPH IN CALGARY

From Four Operators Nine Years Ago, C. P. R. Now Employs Fifty-Nine

Business Now Housed in Big New Offices, Equipped With Modern Appliances

Rapid Strides Furnishes Illustration of the City's Marked Advance

WITH the installation of a new distributing board and the arrival of furniture for some departments, the new C.P.R. telegraph headquarters in the east end of the depot will be one of the best and largest in the Dominion.

Unlike most communities where big cities have grown to stupendous dimensions, the C. P. R. telegraph has not identified with its operating department men and women who sat at the key when, to accept popular rumor, the wires were strung along "Cy Perkins' line fence on the barbed wire, and business had to suspend when some obstreperous bull yearling broke the pasture fence and likewise the circuit.

Transfer Great Achievement.

It is the proud distinction of Superintendent D. Coombs that he was one of the pioneers of the service, and the transferring of the establishment from its old quarters to the modern establishment in the east end of the new depot building is another marked achievement in his career. This work was accomplished under his supervision between Tuesday and Thursday without serious interruption of service. It was necessary to put in temporary motor-generators, rig a temporary distribution board, and prepare the army of operators that daily send out over the world the telegraphic business of Calgary and all that portion of the west extending from Winnipeg to the Pacific coast.

DETROIT'S ALDERMEN WERE EASY VICTIMS OF DETECTIVE

Walter J. Brennan, Burns Man, Tells How They Came Into His Net

Gives Names of Aldermen Bribed and Various Amount of Money Given Out

Tells of Telephonic Device by Which Conversations Were Recorded

DETROIT, Mich., Aug. 21.—Alderman Thomas E. Glinnan, president of the common council, and alleged receiver of bribe money, was late today bound over to the recorder's court on an \$1,000 bail at the conclusion of his examination in the police court, which started yesterday.

Detective Walter J. Brennan, testifying today in the examination of Alderman Glinnan, gave further details of the "Boodle trap" which resulted in the arrest of Glinnan and seven other aldermen, and Council Committee Clerk Edward Schreiber, Glinnan. It is alleged that \$1,000 was used to secure the passage of an ordinance for closing Seventeenth street for the benefit of the Wabash railroad.

Brennan told of receiving \$2,500 from Andrew Green, a local manufacturer, to give to the aldermen for the passage of the ordinance, and urged on by Attorney James McNamara, for the defense, he gave the following list of aldermen for whom the money was intended.

Glinnan \$1,000, Thelton \$500, Tossy \$200, Ostrowski \$200, Mason \$200, Walsh \$100, Lorch \$100, Hindle \$200, Brose \$100, Delmei \$100, O'Brien \$100, and Guttman \$100.

All of the aldermen mentioned are under arrest, but only nine of them are charged with receiving the money. When asked what he did with the money given him by Mr. Green, the witness said:

"It was counted out in the presence of Mr. Green and the serial number of the bills, and pictures on the bills, were taken. The money given to Glinnan was retained and the number of the bills were taken."

The money, the witness said, was taken directly to the office in the building which had been previously arranged for the reception of the aldermen.

In this connection the telephonic device with which it is alleged a great part of the evidence against the aldermen was obtained, was brought into the testimony.

The detective testified that he had the device installed early in May. When questioned regarding the conversations that are alleged to have been recorded, the witness gave the name of an office who had not been arrested. To this the prosecutor made emphatic objection, holding that the recorded conversations were immaterial except so far as they concerned Glinnan. The court, however, ruled that the witness should answer the question, and the names of the office were now awaiting trial. The attorneys would not state when the telephonic records will be brought into court.

RICHMOND BOY TOOK \$27,500; ROLAND HARRIS' TAKINGS SAID TO BE \$20,000

Young Richmond, Who Attempted Suicide, Will Recover; Was Unable to Appear in Court Yesterday and Case Went Over Until Wednesday

TORONTO, August 21.—Although he is now out of danger, Arthur Richmond, the young teller of the Bank of Toronto, who attempted to commit suicide just before he was arrested on a charge of stealing \$27,500 from the bank, was unable to appear in the police court this morning.

The case against him then went over till next Wednesday.

"I think that we shall be able to show that he took \$27,500 from the bank," said one of the Pinkerton men who was working on the case.

"He might have been all right if one of his hand-book men had not given him a phone check for about \$2,000. If he had got this money all right, he would not have needed to take any belonging to the bank."

In the case of young Roland Harris, assistant clearing house teller of the main branch of the Standard Bank, the accused was remanded until the 23rd, and allowed out on bail of \$20,000.

The charge read against Harris this morning was for stealing \$7,000 of the bank's money.

PEOPLE SHOULD ELECT CITY COMPTROLLER, DECLARES AN ALDERMAN

Would End Pitiful Subservience to His Bosses, the City Commissioners

And Stop the Comptroller From Criticising Treasurer for Saving City Money

Strange Sights Are Seen on the City Streets Where Workmen Loaf Their Time Away

Cash Short in the Treasury, But Parks Superintendent Has Plenty of Freak Ideas

"It seems to me that some radical change in the method of placing the city comptroller in office should be inaugurated," said a well-known alderman yesterday, discussing affairs in the department of that official. A good deal of the trouble that has arisen in civic management, it seems to me, is due to the fact that a proper check is not kept on the city's finances.

"The comptroller is supposed to be the official who keeps such a check, but being subservient to the city commissioners it is but natural that he should fail to raise strong objections to any of their acts, whether wasteful of the city's money or not. Apparently the best way to settle it would be to have the comptroller elected by a direct vote of the people.

"In that event, we would not have the spectacle presented as now of the comptroller criticizing the city treasurer for attempting to conserve the interests of the citizens. Of course, it must be taken into consideration that the comptroller is doubtless voicing the sentiments of his bosses, the city commissioners, but I think every citizen will agree that such a situation is strange, to say the least.

"It appears to me that the offices of these two officials were intended as a check on one another, and because the city treasurer has been doing his duty in urging restriction of expenditures, it will be the duty of the comptroller to publish a statement of his opinion on this matter."

KILLING OF JAMES ROGERS NOT LIKELY TO CAUSE INTERNATIONAL COMPLICATIONS

Foreign Office Has Received No Communication From the United States; and the Incident is Regarded as Closed

LONDON, Aug. 21.—The death of James Rogers, a native of Weyland, Algonquin county, Michigan, while being paroled by Captain C. V. Fox, an officer of the British army in the Egyptian service in Central Africa, is not likely to result in international complications. The British foreign office has not so far received any communication from the United States government and the incident is considered closed so far as Great Britain and Belgium are concerned.

It is stated that the foreign office today that Rogers' companions, whose names are Pierce and Lane, are British subjects and not Americans. Rogers' death occurred on Belgian territory and when Capt. Fox became aware of that fact, he promptly sent a report to the nearest Belgian fort and apologized for his mistake.

A Belgian force escorted Capt. Fox by boundary and took charge of the prisoners, who included two men, Pierce and Lane. Officials of the foreign office believe that these were afterwards released, but have no official information to that effect. Pierce was the man who was given the title of doctor, although it appears doubtful that he was a medical man.

CONSTABLES, ARMED WITH MAUSERS, GUARD CREWS WHO UNLOAD LAKE BOATS

Situation of Port Arthur Dock Strikers is Bad; Almost Certain to Lose

Failure to Interest Fort William Workers Puts Them at Disadvantage

PORT ARTHUR, Aug. 21.—A fight to a finish is the attitude adopted by the Canadian Northern this evening in connection with the strike declared by the truckers, who went out Wednesday morning. The men refused their compromise offer. They have arranged to start unloading the boats independently. The Ames and Pellat, with package freight, were docked tonight and their crews will be put to work removing their cargoes. There appears absolutely no chance for the strikers or their pickets as with water on three sides there is only one approach left to the docks and that is guarded by a force of special constables heavily armed with Mauser rifles. With the failure of the Port Arthur strikers to get a sympathetic strike in Fort William, it looks as if the company had the better of the situation but whatever strength the strikers have may be shown tomorrow morning when the company attempts to resume operations.

Cadets Off for Toronto

Vancouver, Aug. 21.—A party of New Zealand cadets have arrived here by the Australian liner and have left again for the East on a tour arranged at the expense of the Canadian government.

CLARENCE DARROW—prominent labor lawyer, who made an impassioned appeal to the jury at Los Angeles in defense of his own case. He is charged with bribery of the McNamara jury.

Weather for Today Will Be WARM and that means another MILLION dollars for the farmers, and money for the farmers means money in the pockets of the city. The time to start the fall advertising campaign is now, Mr. Calgary Business Man.

Prince Albert Plasterer Missing

Prince Albert, Aug. 21.—A plasterer contractor named Hill, after securing an advance from his employer on the pretext of paying off his men, whom he told to meet him at the station, has disappeared suddenly, leaving the men unpaid. He must have had about \$600 when he disappeared.

FIRE CHIEF SMART IS CAPABLE MAN FOR DECORATING

Committee Decides "Cappy" Shall Continue Attending to Stringing of Bunting

Tenders of Private Concerns Much Higher Than Estimate Made by the Fire Chief

Lights Will Be Strung Across Streets at Intervals and Not Lengthwise

THAT Fire Chief "Cappy" Smart is fully capable of attending to the stringing of decorations and bunting along the streets of the city was decided yesterday at a meeting of the general reception committee for the Duke and Duchess of Connaught, presided over by the chairman, Alderman Whaley.

The meeting was called to consider the tender of the two decorating concerns who wanted the job.

One concern put in a tender for \$700, and the other a little more than half that, \$350. "Cappy" believes that with the use of half his fire ladders he can do the work for about \$200, and the committee showed their confidence in him by referring the matter to the decorations committee, of which Alderman Alex. McDougall, Alderman S. B. Ramsey, and "Cappy" Smart are members.

The fire chief was instructed to use his own judgment in securing the services of any person or persons for doing any part of the work if he thought they could do it at the same cost and relieve him of the labor.

SASKATCHEWAN CO-OPERATIVE ELEVATOR COMPANY HAS VERY SUCCESSFUL YEAR

Will Have 140 Elevators; Handled 3,261,000 Bushels of Grain and Made a Profit of Approximately \$50,000; Plans to Expand

REGINA, Aug. 21.—A highly successful year's trading on the part of the Saskatchewan Co-operative Elevator company, during their first season's operation, was disclosed at the annual meeting of the company held here today under the presidency of J. A. Maharg.

The net profit for the year shown by the balance sheet submitted by the directors to shareholders amounted to \$52,461. Of this amount the directors recommended using \$3,662 for the payment of maximum dividends of six per cent. permitted by the act of incorporation leaving a balance of \$48,799. Of this amount under the act fifty per cent, or \$24,399 was placed to the elevator reserve fund, the remaining \$24,399 being placed to the credit of the fund to be known as the "trading reserve fund," which is to be built up to enable the company to trade in those commodities required by the farmers in their agricultural operations.

The steady growth of the company is shown in the total subscribed capital which now stands at 1,177,200 shares being held by 8,922 farmers.

At the conclusion of this year's building operations the company will possess 140 elevators, representing approximately capital outlay of \$1,115,000.

The directors' report in reviewing the work of the year, referred to the establishment of sales and commission department with office in Winnipeg, though under the direct supervision of the head office in Regina, this department superseding the Grain Growers' Grain company as selling agent for the Saskatchewan concern.

Up to the end of the fiscal year July 31, the company though handicapped by exceptionally difficult season and great delay in getting their forty-six elevators built last fall, had handled 3,261,000 bushels of grain, 1,474,355 bushels of which was purchased by the company and 1,786,555 bushels specially binned for the farmers.

The report refers gratefully to the loyalty shown by the farmers to their own company and claims in return that the company, both directly and indirectly, has been able to very materially benefit the farmers in the profitable marketing of their grain.

Employers of Labor Decline to Allow Organization to Gain Foothold in Camp

Two Recruits for Steady Employment Turned Back at Train Steps

If the I. W. W. gains anything in Alberta or those centers that are being supplied with labor from Calgary it will have to do it by stealth. Evidence of this fact was given yesterday when an employer who had recruited a force to take good jobs out of town arrived at the train, tickets in hand, to convey the party to the scene of operations. Just before boarding the train he lined up the men and asked:

"Who are members of the I. W. W.?" Two stepped forward and proclaimed the fact.

"All that are not members of this organization are welcome to board the train; others are not wanted," said the employer, and three out of the five were hired. The other two retraced their steps.

NOTED ROUGH RIDERS OF UNITED STATES HERE

Winners in Frontier Competitions at Cheyenne, Wyo., Add to Stampedo Horses

Swept Field Before Them in Roping Events; Bring Famous Bucking Horse

Arriving in the city yesterday from Cheyenne, Wyo., a number of the winners in the competitions of the big frontier show have added their presence to the long list of equestrian celebrities that will participate in the Calgary Stampede.

In the party are the Tipton brothers, of Denver, Colorado, and Barney and Goldie Sinclair. The Weir boys of New Mexico are coming in a couple of days, Charlie Tipton, the elder of the Tipton brothers, is a famous bulldozer and rider. Harry Tipton, the younger brother is one of the best roping riders in the States.

He has the distinctive honor of having rode that famous Cheyenne outlaw, Old Steamboat, until the wicked horse had no more steam left.

Goldie Sinclair and her husband are well known riders, and have a string of bad horses with them. In fact, Goldie has just purchased a horse especially for the Stampede, the worst bucking horse in Colorado, "Tornado" by name. She and her husband are seriously thinking of selling their ranch in Montana and buying in this province.

The Weir boys created a furore in Cheyenne. They dropped off there en route to the Stampede, and they had their horses coming several days behind. Seeing that the celebration was on at that city, they stopped off for the roping, borrowed some roping horses, and entered. They simply cleaned up with the rope honors, and not satisfied with that they have waited over a few days in Cheyenne to learn if any of the Wyoming rope experts wish to take up their thousand dollar wager that they can rope and tie twelve steers before any other roping can rope and tie ten.

MARQUESE ATTEMPTS TO KILL HERSELF AND CHILDREN

Courcelles, Belgium, Aug. 21.—The Marquise Delamotte de Arenberg d'Esso yesterday in a sudden fit of insanity threw herself and three children, aged 11, 8 and 6 years into a canal near here. The cries of the drowning children, however, help in time to save the entire family.

The police arrested the marquise, who is a prominent resident of Brussels.

Bonar Law, Canadian Born Leader of the Unionist Party, Will be the Next Premier of Great Britain, is the Prediction of R. B. Bennett, K. C., M. P.

THAT Bonar Law, the Canadian born leader of the Unionist party, will be the next premier of Great Britain, is the prediction of R. B. Bennett, K. C., M. P., who returned yesterday on a brief visit in England.

"The impression prevails that the Asquith government will be replaced within the next six months," said Mr. Bennett last evening. "Apart from the agitation over the Home Rule question and the Insurance Act, it appears that a feeling prevails the electorate that the present government has outlived its usefulness. Artisans as well as members of the business class are more or less weary of the constant agitation that has arrayed class against class in the last few years.

"The people of England," declared Mr. Bennett, "cannot conceive the possibility of a great nation like the United States repudiating its obligations. The general impression is that no English speaking country could be guilty of such a breach of honor. I may say that it was anticipated that President Taft would pursue the course he has taken and find some way of safeguarding the rights of other nations under the treaty if in law those rights existed. Hence, President Taft's course is not surprising."

A LESSON FOR CALGARY

In the interview given by him upon his return from a recent trip to the Pacific coast, Mr. Johnston, the secretary of the City Planning commission, was careful to emphasize the impression made upon him by the carefully kept lawns and gardens surrounding private residences in the American coast cities.

He had reached an age at which it was no longer reasonable to expect that he could long continue in active work. He has gone to a rest which was earned by a long and honorable career in the service of his fellows.

No condemnation of the action of the United States senate upon the Panama Canal bill has been stronger than that expressed by many American journals as the following from The New York World will clearly indicate.

"What at Washington they call a compromise Panama Canal bill retains the feature against which most complaint has been made. The compromise consists in the introduction of provisions wholly unrelated but some of them having merit in themselves that are expected to win votes for the treaty-breaking proposition which is the backbone of the measure.

"Thus there are many members of congress who want free ships and free materials for ship building. They get them by voting to violate the Hay-Pauncefote treaty so that American coastwise vessels may use the canal free of tolls.

"There are members who want to amend the Anti-Trust law and the Interstate-Commerce law respecting railroads that own water lines, and they have done so by supporting this bill.

"There are members who would like to confer legislative powers upon the Interstate-Commerce commission, and this measure accomplishes the purpose.

"In a routine law designed in the first place to provide only for the operation of the canal we have gone around Robin Hood's barn to repudiate the solemn obligations of a treaty, to accept the principle of ship subsidies, to legislate on the tariff and to amend in an important way the two laws that bear most powerfully upon the conduct of commerce and industry.

"Was it necessary to use all of these inducements in order to get votes enough to break a treaty? If so, our perfidy will come high in more ways than one.

"Is it wise for a Nation supposed to be devoted to peace and justice to turn its greatest engineering achievement into a prize-ring and by bad faith to invite the powers of the earth to meet it there with bare fists?"

EDITORIAL NOTES

The city treasurer does well to remind the comptroller, who deprecates an interest on the part of the newspapers in the finances of the city, that the newspapers represent the ratepayers who pay the comptroller's salary. It is the right of the ratepayers to know what is being done with the money and any objection on his part will only serve to convince them that in the payment of his salary money is being mis-spent.

stupidity or insincerity can its vagaries be explained. The charge of insincerity is a serious one. We hesitate to make it and fall back upon that of stupidity pending further evidence.

A GREAT RELIGIOUS LEADER

The death of General Booth robs the modern religious world of one of its most impressive and interesting figures. Emerging as a young man from comparative obscurity he established, and until his death directed, a religious organization which has proved to be one of the most remarkable the world has ever seen.

London, Aug. 20.—The execution of Chang Chen Wu by Chinese government officials is compared by the Pekin correspondent of The Daily Telegraph to Napoleon's shooting of the duc d'Enghien at Vincennes in 1804 and what followed. It is the turning point, the writer asserts, in the life of the Chinese republic.

President Yuan Shi Kai, alarmed at the outcry, is publishing Vice-President Li Yuan Hing's telegram in order to fasten the blame on that official and, fearing assassination, surrounds himself by troops.

No student newspaper during the execution was carried out in a fiendish manner. The bannerman general, Yuan Chi Keul, who was entrusted with the execution, actually dined with the victim in a European hotel and toasted him repeatedly.

Chronicles of the Khan

When Greek Meets Greek. The suffragette question is becoming acute in the old land, and it is more than probable that it is causing the government as much if not more uneasiness than the German peril.

They can carry the war into Africa, and Gallagher did in Missouri town. A banish-the-saloons campaign was started by the women, and they upon the streets would march in a body down Pueblo street and demolish the saloons.

Felix knew quite well that it would not do for him to remove the girls when they laid his hand upon a woman. Save in the way of kindness, is a wretch. Whom were flattery to name a woman?

Now, in London, Dublin, and such places the trouble is, what to do with the girls. One hates to see a burly policeman manhandle an otherwise respectable woman.

Let them patrol the parks, the great thoroughfares and the precincts of the parliament. Let them see that the suffragettes will go warily.

They have no reason to complain. One of their strongest arguments is that men drag them round when they are disorderly. Perhaps they would prefer to have the clothes torn off their backs by Constable 'Arriet Harkins. 'Arriet would just revel in the job.

Seven shilling a day, a helmet and a badge would look good to 'Arriet. Female police are no new thing. We have had them on this continent, and the female detective is numerous, particularly in cheap novels.

The woman police would look after our juvenile reprobate, and they would show

the streets the young women who ought to be at home with their mothers. No glib-tongued little hussy could fool them with a song-and-dance. She would be chased home and she wouldn't dare come back.

All of which is respectfully submitted, and your petitioner will ever pray. —THE KHAN, in Toronto Star.

TRAGIC FATE OF THREE BROTHERS

Quebec, Aug. 20.—Within the space of three years three brothers from Levis have met with tragic fates. The eldest was Pierre Fortin, who perished this morning on the railway line near his work at the Davies yards.

Fortin was about 70 years old, and as he was walking along the tracks he was struck by the special conveying the Connecticut governor's footguards to Quebec. The deceased was deaf and did not hear the approaching train. He had stopped to light his pipe when the train struck him, and when picked up his skull was fractured and both legs broken.

Three years ago Damase Fortin, brother of the deceased, met death by falling head first into the dry dock. Another brother, Narcisse, met a similar death a year later.

DEFALCATIONS OF BANK CLERKS GROWING FAST

Toronto, Aug. 20.—The combined defalcations of Arthur Richmond and Roland Harris, two young Toronto bank clerks now under arrest for embezzlement, will, it is estimated, approximate \$50,000.

Harris was taken into custody today charged with stealing \$20,000 from the Standard Bank. Richmond, who attempted suicide before being arraigned Monday, is still too ill to appear in court.

The two young men were not acquainted with each other.

GOVERNMENT WILL BONUS MONTREAL PULP MILL

Montreal Capitalists Will Establish Paper Mill at Abitibi on G. T. P.

Toronto, Aug. 20.—Shirley Ogilvie and F. Hanson, of Montreal, are the successful tenderers for the Abitibi pulp mill offered by the Ontario government.

The amount of the bonus to be paid to the government is \$5,000 per year for 21 years, making \$105,000 from this source. In addition, spruce pulp wood cut on the limit will be subject to the usual tax of 40 cents a cord. There will be other timber dues and water power rentals. The company must build a half million dollar pulp mill immediately and a paper mill.

An additional undertaking, not required by the government, which Ogilvie and Hanson have inserted in their agreement is that they will expend \$50,000 in preparing buildings and land for settlers near Ironopolis Falls. A pulp stock company with a capital of \$1,500,000 is to be organized to carry on the enterprise.

MANITOBA GOVERNMENT TO HOLD EXCURSIONS

Will Give Farmers of Province Opportunity of Visiting Experimental Farm

Winnipeg, Aug. 20.—Prof. S. A. Bedford, deputy minister of agriculture for Manitoba, yesterday announced the intention of his department to hold next year a series of excursions from every railroad station in the province to the experimental farm at Brandon.

It is anticipated that this innovation will prove extremely popular, and will in the course of a few years prove as important a factor in the development of the agricultural interests of the province as are the special college trains which are now run annually on the Canadian Pacific and Canadian Northern railways.

Two Charged With Murder

Regina, Aug. 21.—Besto and Shitovskiy, two foreigners, were today charged jointly with the murder of a fellow countryman following a fracas in the east end. They were committed for trial. Evidence shows that Besto held the victim while Shitovskiy dealt the fatal blow with a club.

Grainger, Alta., Aug. 13, 1912

The Grand Trunk Pacific arrived here today. The Grainger Lumber Company arrived with their first car of lumber. It was highly interesting to see the number of ladies and gentlemen that were there from the immediate surroundings to welcome the first advent of one of the best towns in Alberta.

Grainger is situated on the Grand Trunk Pacific near the Knee Hill Creek and ten miles from Carbon on the east and has an acreage of over 20,000 acres of grain for this year and it all looks the best. Barley and oats are nicely turning and the prospects for the town are highly gratifying.

ROW IN PRINCE RUPERT KILLS MONEY BYLAWS

Vancouver, Aug. 21.—Bylaws aggregating one hundred and twenty-one thousand dollars recently passed by narrow margins by the citizens of Prince Rupert have been quashed in court here. One of the bylaws was for sixty thousand dollars for a new city hall, which, by the way, is built and ready for occupation. The fight to have the bylaws quashed on technicalities was carried on by J. J. Hildich, an unsuccessful candidate for majority at the last Prince Rupert elections.

The decorations were pink and white carnations and ferns in the living room while bowls of sweet peas adorned the dining room. After the game a four course luncheon was served. Miss B. Gibbons sister of the hostess assisted in serving.

RAILROAD CONTRACTORS MUST KEEP RECORD OF ALL MEN THEY EMPLOY
Ottawa, Aug. 21.—A circular has been issued recently by the department of labor and sent to various railway contractors on government work. The circular contains certain regulations calculated to protect men employed on such work, and it requires that all contractors, sub-contractors, and other employers of labor shall keep a complete record of names, nationalities, place of birth, and latest address in Canada, together with home addresses and names and local addresses of nearest relatives of employees. In the past such record has not been kept, and as a result many foreign laborers with families at home, in case of death, explosions or other accidents, have been buried unidentified. Inquiry from existing relatives at home in many cases has been futile. Under the new regulations the names, addresses, etc., will be forwarded to the department of labor for reference in case of death.

USING THE WANTS
Many have had occasion to make use of the wants column in the morning paper. It is a good opportunity for advancement. The wants part of the paper is a good place to buy, sell, and exchange of real estate, securities, and other valuable property. The real estate section, too, comes within the influence of the morning paper. It is a good place to buy, sell, and exchange of real estate, securities, and other valuable property. Success is within the reach of many who take advantage of the opportunities to good account.

MOUNT ROYAL SAILS AWAY WITH NON-UNION OFFICERS

London, Aug. 21.—The Canadian Pacific railway has gained the first point in the dispute with its ship officers, the third and fourth union officers who refused to sign on Tuesday having been replaced. The union secretary states, however, that although the company succeeded in getting the Mount Royal away, information would be sent to Montreal in advance so as to secure the ostracism of the non-union officers on reaching that port. The Montreal is still held up for want of men.

It's queer how suddenly some men become total abstainers when it's their treat.

NAOMI MOTHERS MEET TO DISCUSS PHYSICAL CARE OF CHILDREN

Education of Women an Important Factor in Proper Care of Children

The Naomi Mothers' Society was delightfully entertained yesterday at the home of Mrs. Jessie Motter, 316 Fifteenth avenue west. The Rev. Mrs. Ramey, who was to have addressed the meeting was absent from the city and Mrs. M. C. Creighton of the Salvation Army gave a very helpful talk, choosing as her subject, "The physical care and training of children." Mrs. Creighton emphasized the importance of the formation of early habits of children which go to make up a strong healthy body.

In speaking of the care of babies during the hot weather, mothers should remember that improper food is often the cause of summer complaint. It is frequently caused by babies becoming chilled during the cool, windy evenings after a hot day. Perhaps they have been perspiring most of the day and unless properly protected against the sudden change they become chilled by the cool evening air. Many little ailments in children might be prevented by proper care which means an intelligent mother, ignorance being to blame in many cases.

It was thought in the old days that it was not necessary for a woman to be educated. She need only know how to cook, wash, etc. But we are waking to the fact that it is of vital importance that women should be well educated, especially if she is to be a mother and a home-maker.

During the social hour the hostess, assisted by Mrs. Laine, served refreshments. A number of visitors were present and one new member was enlisted.
At the close of the meeting Mrs. Motter graciously gave the flowers used as decorations to be donated to the "Shut-In".

GOOD HOUSEKEEPING

(By Jane Eddington.)
Pepper Salads.
One of our dining tables is cosmopolitan ways of eating is shown by our wider use of the sweet green pepper. We now use it much in our salads. We have found that it is as good with a simple meat stuffing the cold season as with the more elaborate and expensive one. We boil it with our fish to flavor it, and we chop a bit of pepper and warm it with cold chopped potatoes in milk with other seasonings. In this combination it gives the characteristic touch to O'Brien potatoes, which may be fried and ridged into one of the most welcome of potato delicacies.

The sweet pepper is an excellent salad constituent. It is sometimes sliced and served alone on a lettuce leaf and eaten with either French or mayonnaise dressing. Tomatoes, cucumbers, and peppers are used to make quite a standard salad which is popular with eaters of rather heavy food.

The tomato, green pepper, and an onion make one of the family salads and are good for the stomach. The combination is good for the health. The amount of onion used is small in proportion to the other ingredients. It is often to four or six tomatoes and two green peppers.

Slings of green pepper are used to garnish both salads and fish. A fish salad is as good with pepper as with salad materials, as well as with fish. One fish salad which is popular is fruit, celery, and English walnuts for a filling. Use two mats to a pound of fish and two mats of walnuts.

To one not accustomed to handling peppers, but directly about each seed and take off the seeds. It is a little vague. For cutting out the stem end and serve in any preferred way. Run this around the stem at something more than half an inch from it. The seeds may easily be scraped off and the inside of the stem is still in the shell. If there are other seeds on the veins they can be easily scraped through this opening.

Sweet Pepper Salad.—Chop four peppers and a cup of cold boiled beets separately and mix together. Garnish with cucumber, pointed celery, or mix the same with one onion and sliced cucumbers. Water been in cold water for one hour.

Pepper Lilies.—Cut sweet peppers in petal shaped points. Remove the seeds and stems. Remove the pulp and seeds. Make spheres of cottage cheese. Dip each sphere in egg and hard boiled eggs and sprinkle over the spheres, press the pepper petals together and serve on a lettuce leaf. BRANDIT OF OLD DAYS IS CANDIDATE FOR OFFICE

At Jennings, One Time Bad Man, Making Race for Office in Oklahoma

Says He Was a Good Train Robber and Outlaw Will Make a Good Official

Oklahoma City, Aug. 20.—"When I was a train robber and outlaw I was a good train robber and outlaw. If you choose me as prosecuting attorney I will be a good prosecuting attorney."

That was the platform upon which Al Jennings, notorious desperado of the "bad man" days in Oklahoma, and once sentenced to life imprisonment for mail robbery, ran for the Democratic nomination for prosecutor of Oklahoma county, the most populous county in the state. Preachers, lawyers and representative business men took Jennings at his word, and in the primaries the ex-bandit received the nomination by a large majority. And the Democratic nomination being equivalent to election, Al Jennings will be the peace officer in the territory he once terrorized as a bandit.

While the Democrats of Oklahoma county were nominating Jennings for prosecutor, the Republicans of Muskogee county were naming "Bud" Ledbetter, former hunter of "bad men," and deputy United States marshal, as candidate for sheriff. Jennings and Ledbetter met fifteen years ago when Ledbetter, at the head of a posse, captured the outlaw. "Life now are good times."

Jennings' Life Story

Jennings told the story of his life in his campaign, keeping back only the details of some of the robberies in which others besides himself were involved. This is the story as given by him.

"I was born in Virginia in 1863 and spent my early youth in the West. I went back to Virginia later, where I was educated in the common schools and attended law in the state university. I came to Oklahoma in 1889 to practice law. I found, though, that the older men got all the practice. I settled at Muskogee in the Canadian county, and was elected county attorney in 1892."

"After my term of office was over I went on a visit to my father at Woodward. I became involved there in a quarrel with Temple Houston, a son of Sam Houston of early Texas fame. (Alec Houston and I had been separated and went home, and it was agreed between my father, my brother, Ed Jennings and myself that the matter should go over until the following morning and that I should then go to Houston, hoping that he would be sober and apologize for his action."

"About midnight there was a loud rapping at the door and somebody called out to father: 'Judge Jennings, get up quick! Two of your boys have been killed.'"

"No one can imagine the sick feeling that came over me. I dressed hastily and ran out to the gate, where I met my brother John, who was sorely wounded. He told me Ed was dead."

"I knelt there beside my brother, taking his head in my lap. He did it in my arms. I found two bullet wounds, one in the back of the head and one over the left ear, both of them fanning forward."

"I knew then that he had been assassinated, and all of the ambition of life went out of me. The future, which had seemed so bright to me as a young lawyer in a new country, died there with my brother when he drew his last breath. I admit here and now that I reverted to the primitive man that was within me. There on my knees on the floor, with my dead brother's head in my lap, I swore to kill the man who had murdered him."

"The trial day came and through the perfidy of the county attorney the two men charged with the murder were acquitted. Then I telegraphed for my other brother, Frank Jennings, who was living at Denver, and when he arrived we arranged to avenge the murder."

Falsely Accused of Robbery

"One evening I went to my father's home at Tecumseh, where he was then living, and he told me I was accused of train robbery. He was greatly distressed, but I convinced him of my innocence. He insisted that I face my accusers, but I had to tell him that it would be impossible for me to prove an alibi. We had some heated words and I rode away again."

"I slept out in the open that night and the next morning went to Muskogee to get some breakfast. Standing around the general store were several men with revolvers. I knew they were either deputy United States marshals or horse thieves. In those early days there was hardly any way to distinguish between them."

"I went into the store and bought cheese and crackers, which I ate, while the men stood around and watched me. Then I went out, mounted my horse and rode quietly away. When I was a hundred yards away the officers and the merchant opened fire on me, killing my horse and wounding me."

"The horse fell on me, but I extricated myself and returned the fire. I put so many bullets close to them that they fled for the timber. I jumped back to the store. I was frantic with madness and believed that the whole world was against me. Laboring under that belief, I committed the first crime against the law. I robbed the store of \$27.50 out of pure revenge. I had seen the merchant shooting at me, and at the time it seemed right that I should take his money. My own horse being dead I took one of the horse thieves there and rode to the Spike S ranch, fifty-five miles away. When I arrived after midnight, I became a 'Long Rider'."

Became a "Long Rider"

"The men on the ranch had been branding cattle and were eating supper when I arrived. I told them the story of my adventures. They were glad of it. These men had long wanted my brother and myself to join them, and now they knew we were with them."

"Well, we joined the 'Long Riders' and for two years we went as wild as March hares. It was a wild, reckless country, filled with outlaws, but we were the wisest of them all. It is not to be denied that we belonged to a band of outlaws, but there seemed to be no other way. We were outlawed before we had committed the first crime. We had been accused of train robbery long before we had thought of doing such a thing. In the next few years we stopped only about of murder. We drew the line there, all of us, and that is more than can be said of many of the outlaws in the territory at that time."

"Dances of deputy marshals hunted us day in and day out, but we had reason to believe that for months they did not want to find us. October, 1897, five of us stopped the southbound passenger train on a siding between Mimco and Chickasha at 3:45 in the morning. We attempted to rob the express and failed. Then we ordered everybody out on the right of way,

lining them up against the wire fence, where we robbed them."

When the Posse Found Them

"There had been many train robberies about which we knew nothing, although they were charged to us. During the next two months things were awfully hot. Hundreds of men and officers were 'burning the woods.' Finally, December 1, we rounded up at the Spike S ranch, staying all night. About 9 o'clock the next morning Mrs. Harless's brother, 'Dutch,' went to the well at the barn for water. He stayed so long that Mrs. Harless went after him, but soon she returned, rushing into the house and exclaiming: 'You are surrounded and will be killed!'"

"Then she grabbed her little brother and fled through the door. Just as she left the door the first volley was fired and dozens of bullets went crashing through the house. I was standing by the kitchen window when the volley came, breaking the glass and cutting my face with the flying pieces. It was also wounded above the left knee. Probably four hundred shots were fired there and finally we left the house, running to a small peach orchard on the south. There we made another stand and silenced the pursuers."

"We escaped by wading Duck Creek and then went into the mountains. Three of us were wounded. My brother Frank had twenty-two bullet holes through his clothing, but he was not injured."

Betrayed By Supposed Friend

GERMAN SOLDIER GETS FULL MEAL BY RUSS

Berlin, August 24.—An amusing story of an incident at a masked ball given at the capital of one of the smaller German principalities is being told in Berlin. The rule was printed upon the invitation cards that everyone must come either in fancy dress or in a black domino.

In one of the rooms of the court a buffet had been set out, and the attendants there soon came to remark the unusually active appetite of one guest, duly masked and cloaked, who consumed extraordinarily large quantities of the more expensive delicacies and wines. After several minutes of vigorous eating he would leave the buffet and disappear among the throng of dancers. Soon, however, he would be back again, his appetite apparently as strong as ever.

After the fourth visit at short intervals of this hungry guest the head waiter called the attention of the master of ceremonies, who waited at the buffet until the masked stranger once more returned. He was again served with a full supply of food and wine, and as he turned away was politely asked to show his invitation card.

At this some confusion was noticed in his bearing, and the master of ceremonies requested him to remove his mask and cloak. To the astonishment of the servants and the amusement of the guests there was revealed the shamed figure of one of the soldiers of the guard on duty in the hall below. The guard had found a spare domino lying in the hall and they had been putting it on after the other during the evening, so as to be able to go boldly into the ballrooms and eat their fill at the buffet unchallenged. So amused at the story was the Grand Duke that he refused to allow the greedy soldiers to be punished.

ROAR OF BATTLE MINGLED WITH STRAINS OF HYMN

"Old Hundred" Stirred the Confederate Army to Action

Macon, Mo., August 21.—"The discussion of the oldtime hymns by J. M. Lowe was of unusual interest to me, because I thoroughly agree with him when he says that modern music as adapted to old hymns does not greatly strengthen the pulpit, and because of a southern incident in the fall of 1862."

"Scarecrow" Was the Bishop

"A couple of days later we camped in luka an hour commander said that Bishop Cavanaugh was in town and would talk to those who cared to hear. Fully five thousand soldiers assembled at the meeting place. When the 'scarecrow' of the road was introduced to us as Bishop Cavanaugh, a man noted all through the south for his devotion, you can imagine how some of us felt, and as we faced him we knew he knew."

"One day a queer looking man rode slowly by the camp. He was on a mule, and his stirrups were so high that his knees seemed to come up to his breast. He wore an immense Tuscany hat, bent down in front to shade the eyes, and tilted up behind. The rest of the rider's apparel was in harmony with that outlaw hat."

"All sorts of astroscopic allusions were hurled at the rider as he slowly passed along the line. But he neither turned to the right nor to the left, never quickened his pace, but looked stolidly ahead."

"Bishop Cavanaugh began by lining the first verse of Old Hundred: 'Before Jehovah's awful throne, Ye nations! bow with sacred joy; Know that the Lord is God alone; He can create, and he destroy!'"

"What power the old hymn had in the earnest tones of that man! How it resounded through the forest like a declaration from the Almighty himself! I have heard eminent pulpit orators, but never have I been so thrilled as I was then."

"Five Thousand Joined in Song." "A Missouri soldier led and five thousand lusty voices joined in. His sovereign power, without our aid, Made us of clay and formed us men, And when like wandering sheep we strayed, He brought us to His fold again! I have forgotten many things since then—the charge, the hand-to-hand fights with clubbed muskets over the breastworks—but never will I forget that song."

"And then the bishop talked to us. He told us to be good soldiers; to do our duty to our God and our country, and to let him cast up the result."

"I bring to you today a battle hymn," he said, "the battle hymn of Christ. It is grand enough to fight for; it is grand enough to die for. Take it with you on the march; sleep with it in the camp; let it swell aloft on the red field of battle! It is a beckoning hand to the striving; a radiant halo for the victor; a guardian for the dying!"

Roar of Cannon the Benediction.

"God bless you, my men; may He keep you true to the hymn, and whatever the adventure of the conflict!"

"B-o-o-m! B-o-o-m!"

"May He bring you safe into His beautiful home at last!"

"B-o-o-m! B-o-o-m!"

"Rosecrans' cannons were thundering in the distance, and our guns were rushing to the front, but not a man of the soldier congregation stirred until the final word:

"Fall in, company!"

"Officers galloped about delivering commands to their companies; the battle line was formed; the artillery barked savagely and the beautiful

autumn day went down in a canopy of smoke and flame—

"Far into the night you could hear the soldiers singing the hymn as they worked with the dead and wounded. Under the trees, over the meadows, across plain and valley, tenderly, lovingly, as a hope for the living and a benediction for the dead, the solemn cadence filled ear and hand sky, rising to the very stars."

BARENKAMP WAS ON THE JOB AGAIN YESTERDAY

The Bronchos Won, of Course, the Figures Being Six to Two

Jack Clayton Was Driven From the Mound in the Third Round

Too much Barenkamp! That phrase is getting a little thornier and hackneyed, and can no longer be called original, but to be that is may, the reason for the laughter of the 25,000 times last night was simply Big Bill in the superlative degree. The score of the contest was 6 to 2. Of course the Bronchos backed him up with timely and lengthy hits, but it was not until a victory after a rather bad first inning in which the Bronchos got their only two runs.

Pete's Big Trip

Pete's big trip, the first of the season, was made last night. The ball lands far away in the city of the pink and blue, but a few feet short of the longest seat in the house. Then Jack Roche followed with a single into left which scored Pete, but he was out at first base. The single into left was the only one of the game. Pete's big trip was something else for fair. Roche got down to the ground, took a turn at the plate, and four runs came over the home plate.

The Lacrosse Game Between Moose Jaw and Regina Ended in Fight

Moose Jaw, Aug. 21.—The lacrosse game between Moose Jaw and Regina ended in a fight. The game was a close one, with Moose Jaw leading 2-1 in the third period. The fight broke out in the fourth period, with Moose Jaw players attacking Regina players. The game was suspended for several hours, and the police had to intervene to separate the players.

Predicted That Battle Will be Resumed With Fall Let-Up of Building Operations

The Calgary stonecutters and stonemasons a short time ago were engaged in a battle against each other, but that there were no differences between the unions and never had any fight. Under the surface the strife is still existent and is expected to break out again just as soon as the work begins.

Owing to the enormous amount of buildings being erected in the city, there is work for both unions, without the usual contention, on the question of which union has the priority in the building work.

The bankers are on a tour of inspection of the various branch institutions of the Dominion, and will journey to the west before returning East.

PEOPLE SHOULD ELECT
CITY COMPTROLLER

(Continued From Page 1)

Strange Sights May Be Seen. While the city is short of ready cash, as no one denies, some strange things are taking place in city departments where day labor is employed. A citizen called attention yesterday to a flagrant case in the construction of the large sewer on Tenth avenue to the Suburban district. During the course of the morning, the attention of a number of citizens was called to the fact that of nearly a hundred men on the job, three of them were at work. So interested did the citizens become that one of them pulled out a watch and timed the loafers. It was just ten minutes before they resumed work.

Another one of a group of citizens who discussed this incident pointed out the flagrant abuses the parks department, which are the talk of the town. The investigating committee, Richard, Iveson and recommended changes in the department which as yet have been given no heed.

He is Some Expert—Aber Nichey. "I notice the investigating committee admitted Mr. Iveson was a good technical man," said the citizen referred to, "but if that is the case, it is interesting to have the technical explanation of the matter covers the ground in progress in Central park this summer. First, the superintendent had the ground all levelled and raked over. When this was complete, he set to work and had long ditches dug through it. Then he filled the ditches up and the ground was all carefully levelled over again. The work just being completed recently. Now I see that they are again digging the ditches. Of course, I realize that the occupation of the parks department for some of Mr. Iveson's park employees, but I didn't know that the city parks department had degenerated into an extraordinary institution. This is all aside from the fact that the so-called bandstand which has been erected in Central park should cause the superintendent's discharge. He certainly must have a powerful drag around the city hall to keep hanging on like he does."

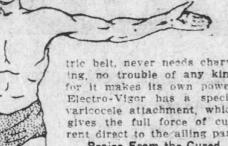

Some More Technical Management. Each one of the other inspectors where he spent fifteen terms out on a certain job, and sent with them only seven shovellers. Incidentally, it might be remarked that the citizen making the remarks is a contractor himself, and knows what he is talking about. "If I ran my business that way," he concluded, "I would be broke before two months. But I guess the city has lots of money."

FEAR STRIKE OF MEN ON
QUEBEC CAR LINES

Quebec, Aug. 21.—Although it was openly stated by the employees union of the Quebec street railway that even if their demands for an increase of wages and for the recognition of their union were not acceded to by the company, they would not go on strike, the men on the line remained unconvinced and suspicious, with the result that a number of strange men have arrived in this city from Montreal in the last few days, and have been picked out as agitators and strikebreakers.

MEN, LISTEN!

There is not a drug on earth that can cure varicose veins. A great many doctors claim to remove this troublesome disorder with poisonous applications and nerve-wrecking dops, but they never show any proof of their cures. The reason is plain—they never cure.

Electric-Vigor is an electric body battery, applied while you sleep. It is not an electric belt, never needs charging, and makes its own power. Electric-Vigor has a special varicose attachment, which gives the full force of current direct to the ailing part.

Dear Sirs—Find your best cure I have ever come across. It is an absolute cure for rheumatism, nervous debility and varicose veins.

LOWER INSURANCE RATES
FOR CALGARY

Chief Smart is Compiling a Report Which Will be Used to Get a Reduction

Will Show Small Fire Losses and Call Attention to City's Equipment

Calgary is to get cheaper fire insurance rates than at present, if the report of Chief Smart will count for anything. For a long time the chief has been working on a report, that he hopes will prove conclusively that Calgary is entitled to cheaper rates. At present the rate is about the same as that of other cities in the West.

While no charge has been laid against the man, or possibly ever will be laid, the mounted police express the belief that he is the perpetrator of the crime.

Attractive Young Woman Has Disappeared

Mrs. Arthur Newcombe, Who Left England August 2 for Quebec, Cannot be Found

Winnipeg, Aug. 21.—Mrs. Arthur Newcombe, young and attractive, sailed from England August 2nd on the Empress of Britain, with her three-year-old son, both returning from a subsequent visit to their parents in London to her husband here, where they have lived happily for four years. She is supposed to have landed at Quebec, but has since disappeared, and the husband fears she has been lured away. The Dominion secret service is being asked to investigate.

LONDON ARCHITECTURE UNDERGOING MANY CHANGES

Skyscraper is Contemplated at Corner of Park Lane and Oxford Street

London is Excited Over the Automatic Telephone, Long in Operation in Calgary

Enormous Bookings to Canada; Many Who Would Go First Class Ride in Steerage

(By W. Hamilton Rhodes) London, August 22.—A wonderful transformation is taking place in the architecture of London.

One of London's most prominent architects of the old school today said: "Real English classic work of the eighteenth and nineteenth centuries is fast losing their identity."

"Contrast the modern transformation of London with that fine intellectual street, Pall Mall. There is not a false note in the whole of that street."

"Again, take such buildings as the Bank of Oxford and the Royal Exchange, really the London forum. You may take foreigners to see such buildings as these."

"Going from east to west, look at Regent street. The crown architect never to have allowed the Piccadilly hotel to intrude upon the graceful curve of the Quadrant."

"In Oxford Street the height of the new buildings has been increased out of all proportion to the surroundings. Then there is the Strand. It is a grand old street, but it is being sacrificed in order to give people an address in the 'West End.'"

Old in Calgary A telephone without a "Hello" girl seems strange, but it is within the bounds of possibility.

The king's policy of visiting industrial centres, which has met with such warm approval, will, it is probable, be extended during the coming winter.

Denver, Aug. 21.—The Denver police force are to be depleted of their chief, George Creel, machine writer, editor and reform police commissioner of Denver.

Creel's order follows the arrest of an I. W. W. speaker here Sunday. After being committed to jail the man wrote to Creel, complaining that he had been told a policeman that he "was no gentleman" and that he had been given no opportunity to defend himself when committed to jail.

Every year during the last decade there has been added to the number of the certified insane in England and Wales the equivalent of something like three legions of the British army.

It is now morally certain that the shortcut through the Panama canal will presently give the steamship a practical monopoly.

British owners, conscious of the trend of events, have for years past been quietly getting rid of their sailing ships.

Never in the history of this or any other Piano Business have Price Reductions been so radical, or the range of pianos been so thoroughly representative of all that is best in modern Piano Making.

WHAT TEN DOLLARS WILL DO NOW THAT OPPORTUNITY IS RIPE

No one regards the purchase of a piano lightly—such purchases are usually made only once in a lifetime. Will your piano, when it does come, be a source of lifelong satisfaction and refinement—a Piano of Quality—or will it bring continual and increasing disappointment, as a "Commercial" piano is apt to do?

Mason & Risch Great "Forced Removal Sale" of Quality Pianos

is literally bringing to hundreds of opportunity of a lifetime. For, not only is it possible to choose here the piano you have always desired and should have, but in doing so, to effect a saving of \$50 to \$200 from the regular price.

The Mason & Risch Great "Forced Removal Sale" is of limited duration. The list of new and used high-grade pianos and player-pianos is rapidly diminishing, but tempting bargains—fine used pianos from \$140, new pianos from \$272, etc.—still await your early visit.

THRILLING EXPERIENCE OF LOG DRIVERS

Wall of Water Fifteen Feet High Sweeps Down Upon Men on Flimsy Raft

Quick Action Saves Lives, But Belongings Go Down With Flood Waters

Edmonton, Aug. 21.—With a solid wall of water fifteen feet high sweeping down upon them, forty lumberjacks, about a hundred men up the river, were forced to jump for their lives on Sunday morning from a flimsy raft which the next instant was whirled away in the swollen river.

As one man, the forty jumped for the jam of logs nearby, a sure place of safety. All reached the jam and escaped what would have been sure death had they been caught unprepared on the raft.

The river men were not altogether unprepared for the flood. The river had been rising steadily ever since Saturday night and the keen eyes had detected this.

The thousands of logs had been jammed over Sunday. When the flood struck the jam the logs were carried down stream, although the men made heroic efforts to stop the flow of logs.

CABINET MINISTERS HAVE STRENUOUS LIFE

London, Aug. 21.—The career of a cabinet minister "ought really to be chased among the dangerous trades. Since the spread of the Votes for Women movement many ministers have been struck, pushed, kicked, or even whooped."

The other day a small brown-paper parcel was discovered near Mr. McKenna's private room. As it contained a chunk of powder it was handed over to Scotland Yard.

The cigar-bands bore an excellent name, and the Home Secretary talked of trying them. But an official strongly dissuaded him, and the box was sent to Scotland Yard for examination.

CALGARY IN BRIEF

Jack Landry of Edmonton was in the city yesterday, en route for Banff. C. P. R. left yesterday for Edmonton. The case of Hyman King, charged with attempted bribery, was again adjourned yesterday until next Tuesday. Alderman R. A. Brocklebank returned yesterday from a business trip to Edmonton. H. M. Rogers of Rogers & Co. returned from his farm near Airdrie yesterday. A. Foote, police court stenographer, is taking a vacation and has gone to Seattle, Spokane and other points. J. W. Morley of Edmonton, the newly appointed liquor license inspector for the Calgary district, is in Calgary to assume his duties. The council of the Calgary board of trade will meet tomorrow afternoon. The regular meeting of the full board will take place next Wednesday. The following Calgaryans are registered at Edmonton hotels: H. D. Marr, D. McDonald, W. J. Mills, K. L. Stewart, W. C. Fisher, and A. D. Wilson. Work was commenced yesterday by McQuinn and Foster on the East Calgary Methodist church. The building will be completed by January 1. Owing to the large number of cases which Magistrate Sanders has on his docket, he was assisted yesterday by City Treasurer Burns, who held the magistrate's private chambers. A. F. McLaren of North Perth is in the city. Mr. McLaren announces that it is his intention to organize a large dairy company, and will place fifty factories in western Canada. Miss Annie Bolton, 413 Underwood block, left the city on Saturday on a trip to the old country, where she will visit at her old home, Shepherd's Bush, London. She expects to return early in November. R. Haynes, arrested in Calgary, and who is wanted across the line for forgery, was turned loose this morning. He was released on the order of Mr. Justice Walsh, who maintained that it was not right to detain him any longer. The Central Methodist Sunday school, which was postponed last Saturday on account of the weather, took place yesterday afternoon at St. George's Island. It was ideal weather for such a function, and the children spent an enjoyable time. By an order-in-council of the lieutenant-governor, six Calgaryans have been appointed commissioners for taking affidavits. The appointees are: E. A. Victor, A. Salberg, C. G. King, P. R. Barton, Percy Peel and James McCullin. George Stanley Rees, originator of the 1908 project, is building a grand stand opposite the city hall from which the ceremonies in connection with the visit of the Duke of Connaught to Calgary can be viewed in comfort. Mr. J. M. Baker, manager Hudson's Bay company, Calgary, has just returned from a visit to the Eastern provinces, where he has been engaged in selecting buyers and transacting other business in connection with the new store. Miss Agnew, 241 Wilson ave., Toronto, has written the chief of police seeking information of one Joseph Hampton, who was last heard of in Calgary in 1907. Hampton, who was employed as a motorman on the street railway, he quit his job at that time and has not since been heard of. J. G. G. of Clarendon is registered at the Hotel Clarendon. He is one of the prospective buyers of that district who has been making a tour of the city and the yield per acre will be larger than in any other section during the past six years. Has anyone in Calgary lost a bicycle? If so, it is quite possible that the missing article could be located at the police station. Some parts of the station resemble the show rooms of a manufacturing bicycle firm. These are machines that have come from time to time to the station, as stolen or lost articles. The Calgary firemen are out for increases in salary, and are backed up by Chief Smart. Yesterday the fire chief, in a letter to the commissioners, was entirely inadequate, considering the high cost of living and the risk were called upon to take. The present schedule of the fire department is as follows: Firemen and chauffeurs—first year, \$80; second year, \$85; third year, \$90; fourth year, \$100. Firemen—first year, \$110; second year, \$120; third year, \$125. The fourth year salary in each case is the maximum.

ABUNDANCE OF VEGETABLES IN THE MARKET

Prices Are Lower Than Any Former Year, and Market is Fairly Glutted. Ranch Eggs Scarce—Poultry High; Chicken Sells at 24 and Turkey at 32 Cents. With abundance of vegetables on the market and stores piled high, the Calgary housekeepers are having the time of their lives. Never in previous years has there been so plentiful a supply of vegetables as there is at this time. The storekeepers declare that there is no shortage of any kind. In fact, the market for beets, cabbages, lettuce, carrots, and celery is glutted, with the result that prices are very much lower than in previous years. Potatoes are from ten to twenty-five cents cheaper than last year this time. British Columbia potatoes are sold today at \$1.00 per bushel, and Alberta at \$1.00 per bushel. The storekeepers claim that potatoes this winter will be very much cheaper than last year. Tomatoes are in great demand, especially native or greenhouse grown. For these tomatoes, twenty-five cents a bushel, and thirty cents per pound is asked, while shipped tomatoes can be purchased at twenty-five cents for twenty-five cents. Cucumbers sell at ten to fifteen cents per pound, with possibilities of being cheaper in a few days. Other vegetables on the market are: abundance of green beans, green peas, 7 pounds for 25 cents; cucumbers, 15 cents each; green peas, 10 cents per bushel; lettuce, 4 and 5 cents per head; turnips, 8 pounds for 20 cents; cabbages, 7 pounds for 25 cents; cauliflower, 20 cents each; carrots, 6 and 7 pounds for 20 cents; new onions, 7 pounds for 20 cents. Ranch eggs are scarce, selling at 30 cents. Poultry is no cheaper, although just as plentiful. Chickens cost 24 cents and turkeys 32 cents per pound, which is high for the season.

LAUNCHING OF THE GREAT STAMPEDE

Orders have gone forth that the old depot, the case of the building and the department is to be razed next week to make room for additional tracks. This will mean that the depot building erected in Calgary that process may have its way. Half Mile of Seats. Out at Victoria park an army of carpenters are erecting more than a half mile of seats that will inclose the big amphitheatre where knights and ladies of the quirt and spur will spend the great panorama of frontier life celebrating the thousandth that comes to drink in the thrilling spectacle. With everything practically completed save for the decoration of the site, the show to be launched. The number of good things to be unrolled Stampede week offers a variety calculated to appeal to the taste of every man, woman and child in attendance. Besides the battle between man and beast in the big arena at Victoria Park, there will be something for every man, woman and child. His Royal Highness, the Duke of Connaught, accompanied by the Duchess of Connaught and Princess Patricia. In the Roped Arena. For the strenuously inclined sportsman Joe Bayley, lightweight champion of Canada, and Billy Allen will meet in the ring for a scheduled fifteen-pound sparring match with the gloves. But it is the kaleidoscope, picture-sequé performance in the big arena that will awaken echoes of the days when the white man heaved an empire from prairie, wood and mountains, and when the conqueror of the untamed steed of the great free range provided the transportation now superseded by the great link of the Atlantic and the Pacific. From the ranks of the Royal North-West Mounted Police with their flashing uniforms and flashing presence will come riders who have striven to shove the borders of civilization from the southern boundary to the Arctic. As picturesque and clad in a different story and tanned by the perpetual sun of the far southland come the descendants of the conquerors of Mexico, who will pit their skill in the saddle and with their riding whips against the men of the plains; who will defy death and struggle for mastery of the outlaw of the herd. From the Rio Grande. From the sluggish pathway of the Rio Grande, the lightest and most fertile land of the Aztecs, the rolling prairies of the great Canadian west, the carpeted plains of the United States and the rugged mountains of the west will be recruited those to whom the swish of the lariat, the leaping steed and the free life of the open air is as breath in the nostrils. Along the busy thoroughfares of the city the jaunty "dandy" blend with the sober garb of the business man, the showy colors of the fair sex, the exposure of all eyes, the envy of the small boy and the admiration of the old man. Arch Going Up Rapidly. Alderman McQuinn, speaking of the work right along on the arch of welcome, and said yesterday he thought the arch would be finished in time to allow Alderman Ramsay a full week to supervise the decorating of the arch. City Clerk Miller has been ransacking the local stores to secure carpets of the correct royal hue to be laid in the interior of the city hall and the council chamber, and assured the committee that there would be plenty of the right material on hand. Mr. Miller is right on the job for the interior decoration of the hall, and the city hall will be a thing of beauty and plenty of fresh greenery and flowers are available to use in the interior decorations of the city hall.

THE UNITED STATES IS GONE FROM CALGARY

The United States is gone from Calgary. Up until yesterday the big republic to the south existed intact, but during yesterday, so far as the city is concerned, it is territory that is, until Colonel Hotchkiss, United States consul to Calgary, returns from Madison, Wis., where he was called yesterday on business. What might happen to the Calgary United States in the meantime is terrible to contemplate. A wing of the Bull Moose party may capture it, raise the standard of the lion hunter of Oyster Bay, and proclaim him emperor, whitewash the New York police department, and demand that the colonial show his passport when he returns. REV. P. H. MUEWEN DEAD. Vancouver, Aug. 21.—Rev. P. H. McEwen, one of the best known pioneer Baptist clergymen of British Columbia, died today at the home of his son in New Westminster.

BONAR LAW WILL BE NEXT PREMIER OF GREAT BRITAIN

Taft's recent message to the senate advising that the legislation be submitted to the supreme court of the United States to determine if the proposed legislation judicially affected the rights of other nations under the treaty, was quite what was expected. "The denunciation of the action of the United States congress by the newspapers of the United States has been much stronger than any comments of the English press." Mr. Bennett said he had seen the press dispatches yesterday indicating that congress had rejected President Taft's proposal to submit the question to the United States courts. "I would say," continued Mr. Bennett, "that if the legislation goes into effect, it undoubtedly will be the subject of diplomatic action, and it is probable that ultimately it will go to the Hague tribunal." War Menace No Myth. The German war menace is no idle myth is the impression gained by Mr. Bennett on his visit to the Congress. In brief, he said: "Germany, a great empire with rapidly expanding population, must have an outlet. German population, commerce and wealth has been built up by industry and a scientific protective tariff. It now requires the natural complement of colonies. Germany has none. Great Britain has and they are the ones most valuable for Germany's purpose. Germany is building a fleet of warships rivalling that of Great Britain, heretofore undisputed Mistress of the Seas. Germany has no ocean commerce to protect, no sea routes to keep open. There is only one answer. The English taxpayer is overburdened and for self-interest alone, Canadians must share the responsibility of preserving the empire's supremacy of the seas." A large reason for the favorable impression created by Premier Borden in England, said Mr. Bennett, was the fact that Mr. Borden is a man of plain speech and an original mind. The English taxpayer is overburdened and for self-interest alone, Canadians must share the responsibility of preserving the empire's supremacy of the seas. Parliament Members to Visit Canada. That there will be from fifty to sixty members of the imperial parliament present at the opening of the Southern Alberta Land Company's plant at Gleichen, is pointed out by Mr. Bennett as a significant fact in relation to the growth of the imperial spirit. Such visits, he thinks, cannot but promote the understanding and cordial relations between the mother country and the overseas Dominions.

MOOSE JAW NEEDS A COMMISSIONER

Moose Jaw, Aug. 21.—The matter of an industrial commissioner for the local board of trade was before that body tonight. Several applications were mentioned, and on the assurance of the chairman of committees that there was no pressing need for appointing a man until the beginning of the year, the subject was shelved. A secretary and bookkeeper was appointed some time ago.

LAUNCHING OF THE GREAT STAMPEDE

Orders have gone forth that the old depot, the case of the building and the department is to be razed next week to make room for additional tracks. This will mean that the depot building erected in Calgary that process may have its way. Half Mile of Seats. Out at Victoria park an army of carpenters are erecting more than a half mile of seats that will inclose the big amphitheatre where knights and ladies of the quirt and spur will spend the great panorama of frontier life celebrating the thousandth that comes to drink in the thrilling spectacle. With everything practically completed save for the decoration of the site, the show to be launched. The number of good things to be unrolled Stampede week offers a variety calculated to appeal to the taste of every man, woman and child in attendance. Besides the battle between man and beast in the big arena at Victoria Park, there will be something for every man, woman and child. His Royal Highness, the Duke of Connaught, accompanied by the Duchess of Connaught and Princess Patricia. In the Roped Arena. For the strenuously inclined sportsman Joe Bayley, lightweight champion of Canada, and Billy Allen will meet in the ring for a scheduled fifteen-pound sparring match with the gloves. But it is the kaleidoscope, picture-sequé performance in the big arena that will awaken echoes of the days when the white man heaved an empire from prairie, wood and mountains, and when the conqueror of the untamed steed of the great free range provided the transportation now superseded by the great link of the Atlantic and the Pacific. From the ranks of the Royal North-West Mounted Police with their flashing uniforms and flashing presence will come riders who have striven to shove the borders of civilization from the southern boundary to the Arctic. As picturesque and clad in a different story and tanned by the perpetual sun of the far southland come the descendants of the conquerors of Mexico, who will pit their skill in the saddle and with their riding whips against the men of the plains; who will defy death and struggle for mastery of the outlaw of the herd. From the Rio Grande. From the sluggish pathway of the Rio Grande, the lightest and most fertile land of the Aztecs, the rolling prairies of the great Canadian west, the carpeted plains of the United States and the rugged mountains of the west will be recruited those to whom the swish of the lariat, the leaping steed and the free life of the open air is as breath in the nostrils. Along the busy thoroughfares of the city the jaunty "dandy" blend with the sober garb of the business man, the showy colors of the fair sex, the exposure of all eyes, the envy of the small boy and the admiration of the old man. Arch Going Up Rapidly. Alderman McQuinn, speaking of the work right along on the arch of welcome, and said yesterday he thought the arch would be finished in time to allow Alderman Ramsay a full week to supervise the decorating of the arch. City Clerk Miller has been ransacking the local stores to secure carpets of the correct royal hue to be laid in the interior of the city hall and the council chamber, and assured the committee that there would be plenty of the right material on hand. Mr. Miller is right on the job for the interior decoration of the hall, and the city hall will be a thing of beauty and plenty of fresh greenery and flowers are available to use in the interior decorations of the city hall.

SPECIAL TRAIN FROM U. S. TOURING CANADA

Pennsylvania Railroad Takes Large Party of Excursionists Through Rockies. Visited Yellowstone Park and Will Stop at Banff and Other Points. On a sight-seeing tour of the Canadian Rockies and other points of interest along the Canadian Pacific railroad, a special train of the Pennsylvania railroad, consisting of six sleeping cars, an observation car and diner, will reach Banff Saturday and after spending one day in the Switzerland of America, will journey by way of Calgary to St. Paul, Minn. The special has just completed a tour of the United States, including Yellowstone Park, and is journeying from the coast to Vancouver. Included in the party of excursionists are ninety-five persons from various parts of the United States. The train will reach Calgary Monday evening. A sleeping car from the Grand Trunk Pacific containing eight-seats will arrive in Calgary today on No. 13 of the Canadian Pacific road. Owing to the reduced rates to Toronto on account of the exposition the Imperial Limited today will comprise one of the heaviest trains ever pulled over the Canadian Pacific. It is estimated that all outgoing trains bound east will be filled to capacity. In order to accommodate increased daily traffic a large number of passenger coaches are arriving in Calgary from the east. These will be distributed over the various C.P.R. lines. Vice-President and General Western Manager George Bury's private car, Champlain, bearing members of his family, stopped overnight in Calgary Tuesday and proceeded to Winnipeg Wednesday morning.

BRAMWELL BOOTH IS NEW GENERAL

Dead General Appointed His Son to Succeed Him 21 Years Ago. London Newspapers Suggest That Creator of Army Should Repose in Westminster. Messages of Condolence Are Received From King George and Many Other Notables. LONDON, Aug. 21.—In the presence of all the Salvation Army commissioners and the principal officers in London, at the international headquarters on Queen Victoria street, General Booth's testament entrusted to the army's solicitor twenty-two years ago, appointing the late commander-in-chief, Bramwell Booth, to succeed him, was opened today and read. Bramwell Booth, who has been chief of staff of the Salvation Army since 1880, accepted the succession formally with much feeling. His speech was a prayer, and the scriptural reading was followed by an impressive service. Mrs. Bramwell Booth and Mrs. Booth, Helberd, and other well-known army leaders, were among the participants. General Booth's funeral will be held on the afternoon of August 27, at Abney Park cemetery, in Stok Newington, where his wife is buried. The funeral procession from the international headquarters, which will pass through some of the principal thoroughfares of the city, will start at noon. Many thousands of persons are expected to participate in the funeral service for the army, which will be held on the preceding night at the great hall of Olympia, the scene of the international horse show and various pageants and exhibitions, which has been chosen for its spaciousness. Several newspapers suggest that the general's work entitles him to lie in Westminster or St. Paul's, where many other of the nation's greatest heroes of war and peace are entombed, but his wish was to be buried beside his wife, and it is doubtful if the church authorities will make the offer to place the body in the cathedral. Bramwell Booth presided at the meeting held in the international headquarters after calling on Commissioner McKie for a prayer, the chief of staff announced that he had called the officers together to hear the reading of the document appointing General Booth's successor. The army solicitor produced a large sealed envelope which had lain in his safe just twenty-two years to a day. It bore in the general's handwriting: "The appointment of my successor, William Booth, 21st August, 1890." After the envelope was passed round the circle of officers, Solicitor Ranger cut open and read the formal appointment of the late commander-in-chief, General Booth, as successor. A Practically Perfect Preparation. Years of experience have enabled Mr. Fletcher to make Castoria a practically perfect preparation. These years of labor; the amount of money required to introduce its merits to the public; the investment in its manufacture, including the most modern machinery, mean a vast amount of invested capital. It follows that the greatest care is exercised in the selection of each ingredient, and the greatest attention is paid to every detail of its preparation. The result: The practically perfect preparation in the finished product; Fletcher's Castoria. Herein lies the guarantee of the absolute safety in the use of Fletcher's Castoria for the baby, and the warning against irresponsible makers of imitations and counterfeits. The signature of Chas. H. Fletcher that is printed in black on the wrapper and red on the bottle is the mother's safeguard.

Children Cry For Fletcher's CASTORIA The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher and has been made under his personal supervision since its infancy. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. What is CASTORIA Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend. GENUINE CASTORIA ALWAYS BEARS the Signature of Dr. J. C. Up-to-Date Chinaman

A Chinaman in San Francisco recently threw away his two-thousand-year-old Chinese Calculating Machine (the Swapan) and bought a Burroughs Bookkeeping Machine.

He wouldn't exchange his new Burroughs for a car-load of Swapan's — and you wouldn't either.

Most Americans do not even have a Swapan — proving them some 2000 years behind the Chinaman in handling figures.

Want to see a Burroughs in your office, without cost or obligation?
