**THE BRITISH DEFEATED**  
IN AN ENGAGEMENT WITH ARABI PASHA'S TROOPS.

Lively Scenes at the Battle—Delesep Becoming Obsolete—The Rebel Leader Addresses the Sultan—Vote of Credit Passed.

ALEXANDRIA, July 27.—The threatening activity within Arabi's lines is increasing. Arabi's forces are advancing upon the British lines in great numbers and well arranged. The native troops have approached within range of the British between Ramleh and Aboukir, and have opened fire. The English have been defeated in two engagements, leaving forty killed.

A tremendous conflagration broke out in Alexandria this morning. As seen from the harbor the fire seems to be larger than any since the bombardment.

An official telegram from the rebel government, dated Cairo, July 26, says that the armaments continue on an extensive scale. Volunteers are arriving from Upper and Lower Egypt. Some chiefs of Bedouins, who prior to the bombardment were known as partisans of the khedive, have promised to join the rebel army.

Eight hundred soldiers are being landed from the troupe of Orontes. The Orontes will proceed to Port Said and will land there. Great activity prevails in the city. Egyptian soldiers, disguised as Bedouins, have carried off ten miles of supplies from Port Said, near the khedive's army. The rebels have been pushing in messages at Mahkabe almost daily. It has been therefore decided to occupy the fort, and also the fort commanding the road along Lake Mareout, near which the patrols of the enemy are frequently seen. The fort here is in the native quarter, and believed to be of indigenous origin.

ARABI'S FRONTIERS.  
The Orontes has been published a letter from Arabi, declaring that any person found in possession of the proclamation dismissing Arabi from the ministry, circulated in the city, will be held responsible for the same. The army will do its duty, and defend the country to its last extremity. If the commercial and political interests of the power do not induce them to stop the present invasion a terrible struggle must ensue. Some Italian, Swiss, German and French residents in Alexandria remain in the city, but the public administration, and continue to receive marks of confidence, notwithstanding the British intrigues to depopulate Egypt.

**THE TWO OLD GENTS.**  
Good morning, Gordon!  
Have you had a good night's sleep?  
The first thing every morning.  
So do I in bed in the morning.  
Good morning.

**COMMON DELUSIONS.**  
Those who go in at the front door of Head quarters are just going in for a cigar.  
The man who asks for a letter at the post office expects one.  
That the Union depot is for the accommodation of the traveling public.  
That spring chickens have been seen for three years.

**WHAT THEY ARE SAYING.**  
THE MAN IN THE PULVER-TOWER.  
Twas a very hot day in the summer time,  
And the clock had just struck twelve,  
High up in the clouds above the throng  
Sat the paper-maker slinging his song.  
"Brimmy" there took a looking awfully sour,  
For things weren't working alright at the tower,  
The ink in his well was all dried up,  
And the other two "centers" on mischief were bent.  
The big evening clock in glancing like mad,  
And by twelve o'clock no "World" to be had,  
Now "Brimmy" why don't you push invention,  
This summer you must have a very vastion.  
But work up sets for the Mail and the News,  
Says Brimmy I wish I've got the blues,  
They say the pink-ink is gone to wash,  
And I don't care if it goes to wash.  
Then the paper-maker smelt a smelt,  
That might have been smelt half a smelt,  
But Brimmy knew that smelt smelt power  
And instantly he left the tower.  
For his paper-maker when he gets cross  
Is sure to let them know who his boss  
He cocked his hat upon his nose,  
And from his seat as one he rose,  
And to the lower chambers went,  
There to his feelings to give vent,  
He said he was well, he was well,  
And then the door was loudly slammed.

BOB PARK. Picnic of the West Presbyterian Sunday School—An Afternoon Among the Lakes in December.

With many of our city Sunday schools the custom of holding excursions to distant points is very common. But much more enjoyment in a short time can be had by holding a picnic in one of the many groves or city possessions. In excursions whose destination is some distance from town there are several disadvantages, especially if there are many small children, and Sunday school excursions should be got up to visit the groves of the city.
