MISSING LINKS.

Chinese house servants are gradually coming into favor in England. Napoleon's campaigns made 1,000,000 French women widows and 3,000,000 children fatherless.

SO GAY AND FESTIVE.

All microbes are not enemies of mankind and here are facts every- one should know.

WHAT MEANS THIS MOVE?

The ubiquitous microbe has no respect for boundaries. It follows out its life history. It is an invader of the human body...

LANDLADIES VICTIMIZED.

An English Duke Working the Well. The police of No. 2 precinct were notified yesterday that a young Englishman, of broad aspect, broad face and aristocratic manner had been living in high style for a few weeks past at the expense of landladies in different sections of the city.

Business is Just Fair.

New York, Oct. 26.—Bradstreet says: No gain in business is reported from Montreal, but at Quebec city there is improvement noted among shoe manufacturers and dealers in leather. Trade has been fair at Toronto, but mild weather is acting as a check on the sale of winter goods.

Undoubted and Reliable Proof.

Of the great merits of the Wilkinson Truss over all other trusses. Mr. Lindman in the Rossin Block shows a bona fide testimonial from a man 70 years of age, stating he has been permanently cured of rupture by using the Wilkinson Truss, after having been tortured for twenty years by almost every other truss in the market. Experimenting stopped when he put on the Wilkinson truss; adjustable and easy fitting.

A Remarkable Event.

An event which has been the talk of the town for some weeks is the cure of Mr. Edw. White, of Toronto, who had been suffering from rheumatism for some time. The cure was effected by the use of the Wilkinson Truss.

Doctors Say It is the Best.

Genlman.—Last July I took Congestive Truss for my rheumatism. It was very weak, and could not speak above a whisper. Dr. Lawson of Toronto attended me, and he said it was the best truss for my case. It soon restored me to my usual strength.

CHINESE HOUSE SERVANTS.

Chinese house servants are gradually coming into favor in England. Napoleon's campaigns made 1,000,000 French women widows and 3,000,000 children fatherless.

THE "FIY-EATER" OF CUBA.

The size of the humming bird, and is the smallest bird in the world.

THE PHOSPHORESCENCE NEAR CAPE VERDE ISLANDS.

During the last 2,000 years Britain has been invaded by fogs from over the sea no less than forty-six times.

PHILADELPHIA CITY HALL TOWER WILL BE 547 FEET 4 INCHES HIGH.

The first tall building in America was on a small farm in the mountains of Wayne County, Kentucky. It was discovered by the well visiting card in China is an oblong piece of paper about 4 inches wide and one inch long, with the name in black characters.

THE SPEED OF THE NEW BRITISH TORPEDO BOAT.

The speed of the new British torpedo boat, the Darling, makes it the fastest boat afloat. It is nearly thirty-four miles an hour. The boat is 135 feet long.

THE BEES OF BRAZIL HANG THEIR COMBS OUTSIDE OF THE BRANCHES OF TREES AT THE VERY SUMMIT AND AT THE END OF THE SLENDREST TWIGS, TO BE OUT OF THE REACH OF MANKIND.

Every able-bodied male in Norway has to serve in the army. The first year he serves fifty-four days, the second twenty-four and the third year twenty-four. He gets only his board.

Three-tenths of the earnings of a Belgian convict are given him on the expiration of his term of imprisonment.

Some of them thus save more money in jail than they ever saved before.

The fish-hooks used to-day are of different lengths, and are called "twenty centuries ago." The only difference is in the material. Then they were of bronze; now they are of iron.

A catapult has been used in Germany and Switzerland. It is a jar of water, with a frog and a step ladder in it. When the frog comes out of the water, it carries the step ladder with it.

A certain young prince of Milan, Italy, had a high opinion of the British "metro talk" about a year ago. Now he thinks "there is no place like London." He not only has his clothes made in London, but he sends his linen to be laundered there.

A storm overturned a large oak tree on the farm of M. D. Carrington, at Ridgeley, Ontario. The tree was 120 years old, and had a circumference of 20 feet. It was blown down by a strong wind from the west.

A Maryland man has a hunting terrapin, the only one of which there is a record in the world.

The fish-hooks used to-day are of different lengths, and are called "twenty centuries ago." The only difference is in the material. Then they were of bronze; now they are of iron.

In proportion to the population France has more money in circulation than any other country.

In France there is more money in circulation than in any other country. In the United States there is \$24,341,000,000; in England and Germany, \$18,492,000,000; in Japan, \$4,900,000,000; in China, \$1,790,000,000.

A benevolent gentleman in Paris gave a franc to a street beggar who held a babe in her arms.

He chuckled the young mother, and took the babe in his arms. He said: "Why, your child is only a pastebread figure! 'Yes, monsieur,' he replied, 'the night being cold, I let you have the babe in my arms. It was very warm, and I like to have it in my arms. It was very warm, and I like to have it in my arms.'"

The foreign fashion of serving various articles of food in individual dishes is becoming so universal and doing so much business that it is in great demand.

Something new for the breakfast table combines two egg holders, a toast rack, a salt cellar and a butter dish, the whole not taking up much more room than an ordinary dish.

The Chinese bride, like the English one, is richly dressed upon her wedding day.

"Lily-Shoot," as she is called, braids her hair with a red silk cord, and wears a little crown of evergreen on her head. When the ceremony is over the wedded pair go solemnly forth to the altar of the ancestors and pray before that erected to the memory of their forefathers.

A horse that belonged to a family of Bloomfield, N.Y., for twelve years was sold two years ago.

It was a fine horse, and was sold for \$100. The owner was Mr. John Smith. The horse was named "Old Bill." It was a fine horse, and was sold for \$100.

There is a proposal to connect the Delaware and Hudson Canal with the Pennsylvania Canal.

The proposal is to connect the Delaware and Hudson Canal with the Pennsylvania Canal. The canal is to be built through the mountains of Pennsylvania.

A pack-trail freight train went through the Hoosac tunnel recently.

It consisted of fifty-seven cars loaded with Worcester salt, on its way from the Hoosac Tunnel. The train was the longest that ever passed through the Hoosac tunnel.

It is very necessary in order to keep the freshness of flowers that they should be carefully and frequently attended to.

Of course they will not last so long in hot weather as in cool. All flowers with fleshy stalks should be stripped before they are placed in water, and the vessels should only be filled in with water. If the stalks may not decay as soon as they would otherwise do. Pinks require very judicious treatment; a summer drench is even more harmful to them than winter water. They should be watered in the evening.

THE AGUE DUT COMPANY WITH-DRAWS ALL ITS PROPOSALS.

Mayor Kennedy has received a letter from the Ague Dut Company's solicitor, the Georgia Bay Ship Canal and Power Ague Dut Company, stating that the company withdraws from the present, all proposals to enter into an agreement to supply the city with electric energy.

Major Kennedy receives a letter from the Georgia Bay Ship Canal and Power Ague Dut Company.

The letter is dated Oct. 23, and is worded as follows: Sir,—I have the honor to address you on the 15th inst., enclosing an agreement between the city and the Georgia Bay Ship Canal and Power Ague Dut Company, which would have been then accepted by the city if it had been satisfactory to the city.

The city is not to be taken effect until the completion of the power agreement.

The agreement contained in the enclosed 10 contained restrictions upon the company, which were all inserted at the instance or for the protection of the city.

The company desired me to meet the wishes of the city in every possible way.

So long as the conditions to be imposed were not calculated to embarrass or destroy the success of the enterprise, and for that reason they would have agreed to the onerous conditions then proposed, and would not have objected to have added some fair provision to the rate of wages to be paid to men on the work of construction.

Conditions Obviously Hostile.

It appears, however, that the council have considered it necessary to add a number of new provisions to the agreement calculated in every way to hamper the present and the future of the enterprise, and whether intended or not, these proposals are so obviously hostile and unfair that no company with a reasonable business project on hand could possibly accept them.

All Proposals Withdrawn.

I am therefore instructed to express the regret of the company that their application has not been met in a more reasonable way, and to say that for the present they withdraw all proposals to enter into an agreement to supply the city with electric energy at a rate not to exceed one cent per horse-power per hour. Yours, etc., J. D. EDGAR.

ROYAL CITY CURLEES.

Guelpi Brothers Will Not Affiliate With the Ontario Association.

Guelpi, Oct. 26.—The annual meeting of the Royal City Curling Club was held last night. The election of officers for the following year was then proceeded with, with the following result: Taylor's Burr Oak and T. Shuman's Lexington to take place on Nov. 6, for \$200 a side, 2 miles over the steepchase course.

The pigeon fanciers of the East End met at Charles Ayre's Hotel and formed a club, to be known as the Toronto Eastern Homing Club. They will meet again Wednesday evening next, at 8 o'clock, when any fancier desiring to join will be admitted.

Wild geese are very plentiful around Mooseville, N.W.T., just now. Two young birds were out one afternoon for a couple of hours and returned with 25. Another one was out three days and brought in 401. On Tuesday, Oct. 9, a farmer brought in 176 in one load; in a field of six acres they could not throw a stone into it without hitting one. The birds are usually sold at 50c apiece.

The first meeting of the year of the Harbour Collegiate Old Boys' Club will be held to-night in their rooms, Spadina-street, at 8 o'clock. The election of officers for the year will take place and several prominent gentlemen will make addresses. The membership of the club is very considerable and they intend giving a dinner and an at home during the coming winter.

Only a Few Left.

Mr. N. Rooney, 62 Yonge-street, has only a few of his large stock of mantles left. Ladies in want of a fine, rich mantle at low prices should see Mr. Rooney's stock.

West Bruce Reformers.

Kincardine, Ont., Oct. 26.—The annual meeting of the West Bruce Reform Association was held here to-day, upwards of 150 delegates being present. The date for a convention to select a candidate was set for the 11th inst. in the hands of the Executive Committee.

ESTABLISHED 1843

Good serviceable gloves, made to wear at \$1.75, \$2.50, \$3.00, \$4.00 and upwards per set of 4 at P. C. ALLAN'S, 35 King-st. W., Toronto.

TO BEAR THE TIGERS IN THEIR DEN

Osgoode Hall Raugbyites Will Go Hot-Foot After the Huns' 'Heath the Mountain' Afterward.

The legalists' supporters firmly believe that the Tigers will be beaten out to-day and will be prepared to back their opinions at even, but whether or not Osgoode can surmount those seven points and reach the final in another question. The fifteen are nicely on edge for the battle, and so are the Huns for that matter. Both teams will be slightly altered from a week ago. If Harry Southern does not return from Kingston his brother Dick will be in the Tiger's half-back line. Glasco replaces Lightbourne on the wing. The chief officials will be the stationers at Rosedale, viz: Bayley, referee; Clays, umpire. The special will be held until 1.30 at the Union. Tickets, 50c, can be secured at the train.

The match at Kingston was, indeed, very disheartening to the Lornes, because after a junior team travels 180 miles to play a junior team, they expect to meet a junior team; but the Lornes did not. Consequently, if there were restrictions made the other way to force clubs entering a junior team to play such, it is not a little unlikely that junior players will become very shy shortly terminate their football career.

Football Ricks.

The Riverdale play the Gore Vale Club on the Baseball grounds this afternoon at 3 o'clock. St. Charles' Rugby team scored a victory over the R.M.C. cadets at Kingston yesterday 7 to 4.

The College of Pharmacy Association team play a game in Newmarket this afternoon.

Queen's champion Rugby men meet their old opponents, Ottawa College, at the Capital to-day.

Upper Canada College Rugby men play the Victoria's of Hamilton in that city to-day, starting at 8 o'clock.

Victoria's team will be O'Flynn, Armstrong, Shore, Gilpin, Thompson, Parry, Kerr, Ward, Reid, Wren, Irving.

The following team will represent Gordon and briefly summed up in the Athletes this afternoon on the Baseball grounds at 8.45 p.m.: Meron, Wright, McInnis, McMillan, Evers, and Somerville. Their opponents are the Victoria's of Hamilton. Their opponents are the Victoria's of Hamilton. Their opponents are the Victoria's of Hamilton.

CHATTELLE ADMITS HIS CRIME

[Continued from first page.]

prisoner on the Listowel platform, avowed after he saw the prisoner walk and with a chair in his hand, that he was standing at about 11.30 about one and a half miles from the bush and going in that direction.

Chattel's supporters firmly believe that the Tigers will be beaten out to-day and will be prepared to back their opinions at even, but whether or not Osgoode can surmount those seven points and reach the final in another question. The fifteen are nicely on edge for the battle, and so are the Huns for that matter. Both teams will be slightly altered from a week ago. If Harry Southern does not return from Kingston his brother Dick will be in the Tiger's half-back line. Glasco replaces Lightbourne on the wing. The chief officials will be the stationers at Rosedale, viz: Bayley, referee; Clays, umpire. The special will be held until 1.30 at the Union. Tickets, 50c, can be secured at the train.

The match at Kingston was, indeed, very disheartening to the Lornes, because after a junior team travels 180 miles to play a junior team, they expect to meet a junior team; but the Lornes did not. Consequently, if there were restrictions made the other way to force clubs entering a junior team to play such, it is not a little unlikely that junior players will become very shy shortly terminate their football career.

Football Ricks.

The Riverdale play the Gore Vale Club on the Baseball grounds this afternoon at 3 o'clock. St. Charles' Rugby team scored a victory over the R.M.C. cadets at Kingston yesterday 7 to 4.

The College of Pharmacy Association team play a game in Newmarket this afternoon.

MARCHING ON MOUNTAIN

Japs Express Great Hope of Their Ultimatum Success—A Decisive Battle Expected.

London, Oct. 26.—The Central News correspondent at Wi-Ju telegraphs that advice from Gen. Nolan state that the dead body of General Nolan was found on the bank of the Yalu on the evening of Oct. 24. The work of the Japanese was an extraordinary one and at daybreak on Oct. 25 all the camp, horses and men had crossed without a single word of protest or complaint. In the meantime Col. Sato, who had taken a flying column on the morning of Oct. 24, had taken the Japanese to the mouth of the river. The Japanese then occupied a fortified position near the mouth of the river. The Japanese then occupied a fortified position near the mouth of the river. The Japanese then occupied a fortified position near the mouth of the river.

Victoria

JOHN AYRE LEFT HIS WIFE.

Probate of the will of John Ayre of the Lakeview Hotel has been granted for the total value of the property is placed at \$21,650, leaving a balance of \$15,339. The property is to be divided between the widow and three children.

Artists of Toronto and neighborhood will learn with interest that at 3 p.m. on Tuesday, Oct. 30, Messrs. Dickson & Townsend, auctioneers, 22 King-street west, will hold at their rooms a sale of original oil paintings and water colors. The collection comprises specimens from the easels of Messrs. F. A. Verneer and F. McGilvary, the Canadian artists, whose works are so well known to connoisseurs in England, Canada and the United States. Among the pictures are a number which have been exhibited at the Royal Academy, the Dudley Gallery and other English exhibitions as well as at the Royal Canadian Academy. The paintings are now on view.

Rebecca Hodgson is in Peterboro. Rebecca Hodgson made application to Judge Ward to-day for an absolute divorce. About two years ago Mrs. Hodgson secured a limited divorce from her husband Isaac J. Hodgson, and it was also ordered that she be given possession of their only child, Frank, a boy of 12.

A lady sees her lawyer. Lawyer W. R. Willoughby is accused by Miss Jennie Bell of Bolton, Ont., one of his clients, of investing \$1400 of her money in real estate without her consent. Mr. Willoughby loaned the sum on a second mortgage loan on some Mill-street property. The mortgagee has since changed hands several times and Miss Bell, leaving the safety of her cash, has filed a document in the Court of Queen's Bench, setting forth her grievance against her leading man and asking for \$200 damages.

Foreclosure on a \$10,000 mortgage. The Anglican Synod of the Diocese of Toronto yesterday foreclosed a mortgage on the Board building recently erected at the southeast corner of King and Jarvis-streets. Mary Rebecca Beard and her husband, the wife of S. W. Beard, are the mortgagors of the building. The amount of the mortgage, with interest, is \$75,000.

Bullfinch pleaded not guilty. Bullfinch, Oct. 26.—Clarence Robinson and his wife Sarah Robinson were arraigned in the Supreme Court to-day for the murder of Montgomery Gibb. Both pleaded not guilty to the indictment. As Mrs. Robinson was being led from the room she sprang away from the deputy sheriff and threw herself on her husband's neck. They kissed each other pathetically, and the officers had to pull them apart. Nothing was said by either of them.

A great sale. Mr. John Dryden of W. A. Murray & Co., accompanied by the Rev. Canon Kennedy, has just returned from visiting the Boston, New York, Philadelphia and Montreal markets, in all of which places they made heavy purchases of black and colored dress goods, silks, ribbons, lace, hosiery and mantles. They took advantage of the depressed state of the markets occasioned by the overproduction of goods and purchased heavy stocks at much lower prices than usual, knowing they could sell the goods at a profit.

Grand trunk to Niagara Falls. On Tuesday and Wednesday, the 30th and 31st inst., the Grand Trunk will sell round trip tickets to Niagara Falls and return for \$1.00, good on all trains, valid for return on date of issue and the following day. This is a very cheap rate and should be taken advantage of by parties intending visiting the great waterfall.

Lead in the grave. The funeral of the late William Martin, one of the Six Nation Indians, took place at the Six Nation Baptist Church on Wednesday, Oct. 24. The deceased was 70 years of age and had been in this district for years.

An Ottawa girl missing. On Oct. 20, Miss Hilda May Campbell, aged 14, disappeared from Ottawa Public school on Wednesday, 24th, at 3 o'clock and her friends have since been unable to find her.

Man and furniture by auction. Attention is called to the important auction sale of the elegant mansion, No. 28 Jameson-avenue, Parkdale, together with the costly household furniture, pianoforte, etc., which takes place on Thursday, Nov. 1. To any party wishing to procure a first-class residence this offers a grand opportunity. Mr. Chas. M. Henderson will conduct the sale.

On the inside. As a remedy for internal use Hagar's Yellow Oil is wonderful in its curative power. One or two doses of the ordinary dose of Hagar's Yellow Oil, with the ordinary dose of Hagar's Yellow Oil, will cure the most obstinate cases of Hagar's Yellow Oil.

Spontaneous combustion. Mr. Sproule of No. 234 Yonge-street has instructed Messrs. Dickson & Townsend and Co. to sell by public auction, commencing on Friday next, Nov. 2, at 11 and 2 o'clock, a large and valuable collection of profect engravings, water colors, oil paintings, mirrors, etc. To any parties wishing to secure a rare opportunity.

Try it. — It would be a great inducement to contend that standard heating agents, such as kerosene, gas, and electricity, are not as safe as water. Water is a safe and reliable heating agent, and is the best heating agent for all purposes.

White coats gotten up at each. Bartenders and Barbers' Toronto Steam Laundry 106 YORK-STREET. Telephone 102.

Varcoe is showing a fine line of Water-proof Coats; also a fine line of Silk Umbrellas. Call and see them at the new building, 131 King-street west, Rossin House Block.

A SURGEON'S KNIFE

There is no longer necessity for the use of many diseases formerly regarded as incurable without cutting. The Triumph of Conservative Surgery is well illustrated by the fact that RUPTURE only cured without the knife and without pain. Clumsy, unskillful operations can be removed away never cure but often induce inflammation, stricture and death.

PAINTED IN CHURCH

THE DEPLORABLE CONDITION OF A YOUNG LADY IN BROOKVILLE

A Case That Created Much Interest—Weak, Almost Bloodless and Frequently Confined to Her Bed—Again Rejoicing Complete Health.

(From The Brockville Recorder.) Readers of The Recorder have no doubt followed with interest the most interesting instances related in these columns of recoveries—sometimes of a very remarkable nature, of persons afflicted with diseases of different kinds, by the use of Dr. Williams' Pink Pills. Apart from the marvelous recoveries, the accounts were interesting to the people of Brockville and vicinity from the fact that this town is the home of the Dr. Williams' Co., and the place where the celebrated medicine is made. The family of Mr. Thomas Humble, residents on Park-street north, furnish a case of such recovery no less notable than many previously published, that will be of particular interest in this community. Mr. Humble is an employe of Bowie & Co., brewers, and is well known and highly respected by many of our citizens. The member of his family whose cure we have mentioned is his eldest daughter Carrie, a girl of about nineteen years of age. The facts in the case were first brought to the notice of the Recorder by Mr. William Birks, a well-known merchant tailor, who on one occasion assisted in removing Miss Humble, who was attacked with a fit of extreme weakness while attending services in the George-street Methodist Church. The other evening a reporter visited the home of the family in question, and upon stating his mission to Mrs. Humble, she related the case as was briefly related, not, however, with any desire of notoriety, but rather a willingness to let it be known that it should be given if it might in the least be of benefit to other similarly afflicted. Miss Humble's illness dates back to the summer of 1889. Her trouble was extreme weakness and exhaustion, caused by weak and watery blood. She was subject to severe headaches, heart palpitation, and other symptoms which followed a condition of the blood. Often while down-street on business the young lady would become so exhausted by the walk as to be scarcely able to get home, and she was frequently confined to her bed for weeks at a time and had to have her meals carried to her. For a period of over three years she was almost continually under medical treatment. The doctors' medicines would prove of benefit while being taken, but as soon as the treatment was discontinued the patient would become worse. Her friends were much discouraged and feared she would never recover. In the winter of 1892 Mrs. Humble read of a similar case where a cure was brought about by the use of Dr. Williams' Pink Pills. This prompted her to give them a trial in her daughter's case, who was at the time so weak that she could not leave her room. The result was remarkable. There was soon a marked improvement, and by the time two boxes were used Miss Humble appeared to be so much recovered that the treatment was discontinued. But it later became evident that the patient had not been fully restored, for after a few months there was a return of the trouble. Miss Humble was then visited to some friends in the United States in the hope that a change of air would prove beneficial, but she returned to her home worse than when she went away. Her mother was then determined to give Dr. Williams' Pink Pills a further trial, and the result proved most gratifying, as the girl's health has been completely restored, and she is now as well and as strong as any girl of her age. Mrs. Humble told the story of her daughter's illness and recovery with an impressiveness that carried conviction of its absolute truthfulness. Miss Humble corroborated her mother's statements, and they can be vouched for by many of her friends in the church, the Sunday school and others.

An Act of Justice.

The World wishes to state that an error was made in reporting the trial of A. H. Keith, manager of the Toronto "VAIV" Company for an alleged infraction of the Ontario Medical Act, in our issue of August 4. The article conveyed the impression that Mr. Keith was charged with an alleged misdemeanor, by stating that "Mrs. Keith gives lectures on charts to families, and the pictures are then turned over to Mr. Keith, who acts as doctor and prescribes for the afflicted." Mr. Keith does not represent himself as an M.D. nor are the pictures handed over to him for advice as stated. A competent medical man has charge of the department. Mrs. Keith does not give the lectures. They are given by a traveling lecturer furnished by the San Francisco House.

Stopped the Sale of a Newspaper.

London, Oct. 26.—Mr. W. S. Gilbert, the librettist, made application to the Court Chancery this morning for an injunction to restrain the sale of the issue of The Star containing the description of the plot and situations of his new opera, "His Excellency," which is to be produced at the Lyric Theatre in London, Oct. 27. The ground upon which application was made was that the publication of the details would injure the copyright of the opera in the United States if The Star's article should be called to America before the production of the piece in London. The court granted an ad interim injunction.

Was Born in Ontario.

New York, Oct. 26.—J. Kennedy Smyth, one of the old-time members of this city, died at his home in Morris Heights at noon yesterday. For many years Mr. Smyth was a member of the importing firm of Henderson, Smyth & Co., and later he bought the European rights of the Goodspeed Rubber Company, and conducted the business on the other side, having his factories there. For the last ten years he had been out of active work. He was born in Bradford, Ont., in 1812, and in 1834 married Miss Ogden of this city. His wife and 11 children survive him.

Independent Order of Foresters.

Dt. Oronoyatkeka, S.C.R., returned this week from Vermont, where he had interviewed with the Secretary of State and State Treasurer regarding the admission of the order to the state. Mr. John A. McGilvray, S.R., who has been appointed by the High Court of California, has been a tour of some courts and delivering addresses in the States of California, Oregon, Washington, British Columbia, Northwest Territories and Manitoba, is expected to return about Nov. 15.

Those troublesome scalp-humors are cured by the use of Ayer's Hair Vigor. 267

PUBLIC SCHOOL BOARD.

Notes for Improvements to Fern-avenue School—Gearing Contract.

The Supply Committee of the Public School Board met yesterday afternoon. The following resolutions were presented: Messrs. Clark, Burns, Baird, Whiteside and Dr. Fraleigh. The principal of Bolton-avenue School reported that several scholars, who had left the school, had failed to return the text books, and that he had endeavored to secure the same from the parents, but was unsuccessful. The matter was referred to the solicitor. The secretary was authorized to procure medals and certificates for distribution at Christmas. Accounts were passed amounting to \$239.

Three bids were received for the contract to supply gongs to the following schools: Bolton-avenue, Devon-street, Fern-avenue and Givens-street. The contract was awarded to Shipway & Co. After the adjournment of the Property Committee a meeting of the Supply Committee was held. Mr. Hodgson in the chair. Those present were Dr. Ogden, Dr. Fraleigh, Dr. Thompson, and Messrs. Burns, Whiteside and Fitzgerald. Two communications were received offering accommodation for scholars of Palmerston-avenue School, which is greatly overcrowded. The matter was referred to the sub-committee composed of Dr. Ogden and Dr. Fraleigh for consideration.

How People Catch Colds.

Dr. J. G. Lavolette, a well-known Montreal physician, is recommending the public his remarkable remedy for chronic bronchitis, coughs, colds, croup, whooping-cough and other diseases of the respiratory organs, syrup of turpentine, which he calls attention to a few scientific facts as to how these maladies are caused, the truth of which will be acknowledged by every medical man. Coughs, colds, bronchitis and other ailments of this sort are diseases of the mucous membranes, with which most of the internal organs of the body are lined; they are usually caused by the absorption of uric acid into the blood, owing to its secretion through one of the natural channels, the pores of the skin, being suddenly checked or prevented. For example, a person in a profuse perspiration, overheat, gets into a cold draught, the sudden chill drives the urea, contained in the perspiration, back into the system, and thus overcharges the blood with uric acid. The consequences of the presence of this acid in the blood may vary according to the state of the individual's constitution; it usually affects the organ of the body which is most delicate, and thus most exposed to attack; in some cases it produces rheumatism or neuralgia, in others it attacks the delicate mucous membrane of the lungs, bronchial tubes, or throat; congestion and inflammation of these organs ensue and causes coughing, sore throat, sneezing, or the many respiratory symptoms of a cold. In other words, the person has "caught cold." It has been for many years the custom to treat affections of this sort with preparations of opium, morphia, paregoric, chloroform or other narcotics, to cure the disease, but to relieve the spells of coughing, produce rest or sleep, and trust to nature to effect the cure. These opiates are the principal ingredients of almost every cough medicine, but as they do not touch the cause of the malady, merely soothing the symptoms or effects, they never of themselves can be of any service.

Physicians know this and have long sought for a cough remedy which would act directly on the diseased mucous membrane, and enable them to discard the old system of narcotic treatment, but hitherto with little success. Turpentine is well known to be a powerful, pre-eminently over all others, and the medical profession as an almost infallible remedy for affections of the mucous membrane, but its use has been prevented as a general rule by its unpleasant taste, and the irritation it causes on the kidneys and the intestinal tube, and here comes Dr. Lavolette's great discovery, he has succeeded in what the medical world had despair of, in making turpentine palatable and harmless. After many years' experience as a physician and practical chemist, and after numerous experiments, he has at last succeeded in compounding a syrup, most palatable to take, and as harmless to the system of an infant in arms as to that of the robust man, yet possessing all the balsamic and astringent qualities of this invaluable remedy, and thus for ever doing away with the objections to the use of turpentine.

Syrup of turpentine contains no morphia, opium, chloroform or other narcotics or poison, it immediately stops spells of coughing, soothes the nerves and produces natural sleep without drugging the patient, it attacks the seat of the disease, goes right to the sore spot, drives the uric acid from the blood through its natural channels and effects a permanent cure where all other remedies fail or only give temporary relief. It has cured cases of chronic bronchitis of 22 years standing; it has cured infants of 4 months old whooping-cough, colds and of bronchitis, and it has had the same wonderful effects on old men and women of 70 and 80 years. It has now been in use about five years, chiefly in Montreal, where it is prescribed by all the leading physicians, and daily used at all the hospitals. No remedy has ever before, in so short a time, sprung into such universal favor and demand. No remedy has ever produced such remarkable cures. In cases of coughs, colds, bronchitis, croup, whooping-cough, asthma, influenza, consumption, chronic inflammation of the bladder, etc., etc., curative, whether of the bronchia, lungs or bladder, it is an almost infallible remedy.

During the fall and winter in the advertising columns of The World will be found a few of the hundreds of unsolicited testimonials daily received attesting to its wonderful efficacy. What it has done for others it will do for you. Beware of counterfeits and always ask for Dr. Lavolette's Syrup of Turpentine at your druggists, see that the maker's signature, "Dr. J. G. Lavolette," is across the wrapper in red ink, and take nothing else, and will be more than satisfied with the results. The price is 25c. and 50c. a bottle.

certified as follows: Mr. W. B. Beeten, No. 205 Bolton-avenue, Toronto, Ont., says: My wife suffered for five weeks from a severe, hacking cough, and tried several remedies without effect. One 50c. bottle of Dr. Lavolette's Syrup of Turpentine effected a complete and permanent cure.

Miss Etta Lake, Parkhill, Ont., says: I have used Dr. Lavolette's Syrup of Turpentine for a severe cough and cold. Two 25c. bottles effected a complete cure. I can honestly recommend it.

Mr. W. M. E. Bracker, No. 86 Elizabeth-street, Toronto, says: I have used Dr. Lavolette's Syrup of Turpentine for a severe cough and cold. Two 25c. bottles effected a complete cure. I can honestly recommend it.

Mrs. H. M. Brown, Galt, Ont., says: My children had croup and I find that Dr. Lavolette's Syrup of Turpentine

gives speedy relief, therefore, I take pleasure in recommending it to the public.

Mr. Chas. Reed, No. 44 Oak-street, Toronto, says: I have used Dr. Lavolette's Syrup of Turpentine and consider it the best remedy for severe coughs and colds, and can highly recommend it. I suffer very much with my bronchial tubes, and always find after taking two or three doses of the syrup that I am immediately relieved.

Mr. George T. Gorrie, 67 Yonge-street, Toronto, says: It is with pleasure that I can testify to the good effect secured by using Dr. Lavolette's Syrup of Turpentine in cases of coughs and colds. I took a bad cold on the train coming from Montreal, but fortunately happened to have a bottle with me, and after taking three doses I felt the good effects immediately. I recommend it highly to all my friends.

And any number of others. Sole Importer, J. Gustave Lavolette, M.D., 232 and 234 St. Paul-street, Montreal.

Saturday Will Be Once More.

Saturday is welcome alike to the employed and to the employer, chiefly because it brings a brief cessation to labor and partly because it brings among other blessings the Toronto World. To-night's paper will not only contain news of the greatest importance, but as usual, it will present many articles and features of absorbing interest and entertainment, including the following: Cartoon, by Sam Hunter. A Page of Society News, by Donna. French and English Fables, by Touchstones.

The Car's Strange Past, illustrated. The Making of Wine. Death and Drink. Pious and Pity. Manchester's Great Aqueduct. On How to Enjoy Music. The Wealth of Shon Maclean. Riley Graduan, with portrait. From Day to Day, by The Captions Club.

Horse and Racing Notes, by Pop. Once More the O.C. Trouble, by Pop. A History of Watches. Echoes of the Stage. The Sleeper of Thelones. Municipal Theatre, by Henry Irving. School Days of the Young Roman. The Lady's Secret, a step-by-step chase story, by Finch Mason. The Lesson of the Hour, or Rise of the Factor. Short Stories, Humor, Poetry, Etc.

The terms of subscription to The Toronto Sunday World, mailed or delivered free, are: \$2 a year, \$1 for six months, 50c for three months, 20c a month, 5c a copy.

A Successful Business System. There is no greater obstacle to success in business than the obsolete and disastrous system of long credits. Since J. S. S. & Son have inaugurated the cash system they have found a marvelous change for the better, business is more lively, customers better satisfied and prices something like 25 per cent. less than similar goods can be bought for elsewhere.

The cash system is a stupendous success. To quote the words of the immortal bard "It is twice blessed; it blest him that gives and him that takes." The prompt payments they now receive enable them to visit the British markets twice a year, and to pick down the coal for their furnaces. The difference in their purchasing power is almost incredible, and enables them to offer such prices as cannot be approached by any other house doing a first-class trade.

HE WAS A PRISONER Thirty-Five Years of Suffering.

Experienced Many Sad Failures and Disappointments.

A Strong Hand Brings Pain's Celery Compound Deliverance.

Pain's Celery Compound Releases and Cures.

Few men or women, made captives and prisoners by dyspepsia, have ever suffered so much pain and agony as fell to the lot of Mr. Ambrose Budd of Shaanty Bay, near Sarnia, Ont. Thirty-five years in the toils of cruel disease, meeting with failures and disappointments from medicines that promised to cure, but which proved utterly worthless, is worse in some respects than being confined in a walled dungeon.

Established 23 years. Strictly first-class house. HEAD OFFICE AND WORKS—103 KING-STREET WEST. Tel. 1258. Branch Office—200 Yonge-street, just below Union-ave., telephone 388. Branch Office—723 Yonge-street, just below Spadina, telephone 512. Bigger any of the phone numbers and your goods will be called for. Ladies' and gents' goods of every description cleaned or dyed by the latest and best method.

AMBROSE BUDD.

Mr. Budd's efforts to escape from suffering and sickness were all in vain until he laid hold of that mighty and powerful deliverer, Pain's Celery Compound. His escape from death, and his complete cure, is known to hundreds in his district and has given Pain's Celery Compound a name and reputation as a true life-giver that will never fade from the memory.

Mr. Budd has communicated the facts of his case for publication, he says: "For the benefit of sufferers I gladly give my experience with Pain's Celery Compound. After suffering from dyspepsia for thirty-five years, and meeting with many failures with other medicines, I decided to use Pain's Celery Compound, having heard of so many wonderful cures effected by it. The Compound, after I used it for a time, produced miraculous results, and banished my troubles."

"From a condition of helplessness—being unable to sleep or eat—I now feel well and strong. I am astonished at the results, as my trouble was an old and chronic one. I have recommended Pain's Celery Compound to some of my neighbors, and in every case it has given satisfaction. I will always strongly recommend its use when I have opportunity."

RUPTURE —AND— DEFORMITIES ARTIFICIAL LIMBS. AUTHORS & COX, 185 Church-st., Toronto. Gentlemen—My rupture was very large, and getting larger all the time. I could not get a truss that would hold it until you fitted me with one of your New Era Trusses. I never expected such complete relief and comfort that I now experience.

Dear Sirs,—I have much pleasure in saying that the truss I got from you is the best I ever got, either in the States or Canada. It is a perfect fit. I would warrant every truss, and anyone not entirely satisfied can have their money refunded by returning truss within 30 days. We make this offer to show our faith in our truss.

John Macdonald & Co. TO THE TRADE: NEW STYLES IN WATERPROOF GARMENTS

John Macdonald & Co. WELLINGTON AND FRONT-STREETS EAST, TORONTO.

SCIENCE AND PROGRESS.

A series of exhaustive experiments, as published in the engineering journals, has been made to determine the value of different fuels as compared with crude petroleum, and the following results are recorded: Coke that has about 84 per cent. of carbon is found to contain 13,840 heat units, requires nearly eleven pounds of air for complete combustion, the rise in temperature being 4,877 degrees, F., and the maximum amount of water that it will evaporate is 14.15 pounds for each pound of coke.

A Novelty in Gas Burners. A novel and useful departure is to be noted in the construction of heating gas burners of the Bunsen type, the new feature consisting in having outside of and surrounding the flame a metal tube with air-receiving openings at its under surface, and air-discharging apertures in its upper portion, impinged by the flame, thus effecting more perfect combustion and producing an intense heat.

is inserted the threaded part... of the burner; the latter consists of a casting with lateral apertures through which the gas issues, and with lugs at short intervals, the top of the casting being closed by a disk which rests upon the lugs and is secured in place by screws.

The Strength of Different Materials. Some comparisons of an important practical character, in their bearing upon engineering construction, have recently been made by Prof. Thurston. From these it appears that cast-iron weighs 444 pounds to the cubic foot, and an inch square bar will sustain a weight of 16,500 pounds; bronze, weight 525 pounds, with a tenacity of 36,000; wrought iron, weight 480 pounds, with a tenacity of 50,000; hard "struck" steel, weight 490 pounds, with a tenacity of 78,000; titanium, weight 168 pounds, with a tenacity of 28,000. Singular enough, if equal weights of metals and wood be compared, it is found that several varieties of wood are stouter than ordinary steel.

New Coloring Material. Accounts are given of a new and beautiful material for coloring fabrics, dyeing tannin-tannin mordanted cotton a turquoise shade—a very greenish blue—and represented to be fast to light, alkalies, and acids; the fastness to washing, even with strong alkalies, is also said to be excellent, the color going slowly on to the fibre and dyeing level without difficulty. On silk, which is dyed in a curdled soap bath, shades of great brilliancy are obtained—in cotton printing, likewise, the turquoise blue is distinguished by its fastness to light and washing. In this connection the quantity of tannin employed affects the shade of the color in so far as that, if a small amount of tannin be taken, the shades are bluer, while a larger amount produces greener shades; the fastness of the color lake is, however, increased by the addition of larger quantities of tannin.

Utilizing Wave Power. A correspondent from Maryville, Mo., who obtained the idea from a spouting rock in California similar to the spouting rock of Newport, suggests a plan for collecting and utilizing sea water for power. His idea is to excavate a conical tunnel in the rock or the building of such a tunnel in the sand, through which the waves may force water intermittently into an elevated reservoir; the pipe between the tunnel and the reservoir being provided with a check valve. The water stored in the reservoir could be utilized for power at pleasure.—Scientific American.

A Curious Potato Growth. A correspondent from Somerset, Pa., W. M. Schrock, sends us a specimen of a last year's garnet potato, which, having sprouted, potatoes grew on the parent potato. On each side of the

original potato are slits, from which protrude the new growths. On removing one of these other potatoes, others are seen in the heart of the original.—Scientific American.

Paper Making Materials. There are many patents relating to the manufacture of paper. Some of the patents provide for the making of paper from the leaves of trees from pop plants, bean stalks, yea vines; from the trunks and stems of Indian corn and every variety of grain; from moss, hay and more than 100 kinds of grasses; from straw and coconut fibre; from fresh water weeds and seaweeds; from sawdust, shavings and asbestos.—Scientific American.

"It must be strange for the Spaniards to feel that they are ruled over by a mere infant." "Why?" "It's so uncommon." "Humph! It's plain you never had an infant."—Harper's Bazar.

"Mrs. Snipsey is almost frantic about her little boy having measles." "Is he dangerous?" "No, but four of her near neighbors have new bonnets, and she can't go to church."—Chicago Inter-Ocean.

Widow—Wall Mr. Brief, have you read the will? Brief—Yes, but I can't make anything out of it. Heirs—Let us have it patented. A will that a lawyer can't make anything out of is a blessing.—Milwaukee Sentinel.

Mrs. Flatter—George, dear the cook is going to marry. George—Why, what is the matter with her? I thought she liked the place. Mrs. F.—That is the trouble. She says she is too contented with us.—Brooklyn Life.

Friend—You still employ Dr. Hardhead, I see. Mrs. De Syle—He's just too lovely. My husband and I both like him. When we are ailing he always recommends old port for my husband and Newport for me.—New Haven Palladium.

"What your story needs," said the critic, "is more atmosphere." "Well, that goes to show that there's no pleasing everybody," said the discontented author. "The editor who read it last says it's too breezy."—Washington Star.

"I tell you, women are coming to the front," said the woman's rights man. "That's a fact," said the bald-headed man; "there was one in front of me at the theatre last night, and I never saw the stage once."—New York Press.

Father—He says that he loves you, but can he support you in the style that you have been accustomed to? Daughter—Even better, father-dear, if you will just turn the money; that is all that discourages him.—Chicago Inter-Ocean.

A New Enterprise The Half-Dime Cunch Rooms and Counter, 123 Yonge-st.

SOMETHING that has been wanted for a long while. It is fitted up first-class. Everything new and neat.

Any Article on the Bill-of-Fare Costs Only 5 Cents.
