Single Copies 5 Cents.

LOCAL HAPPENINGS

THE GUIDE-ADVOCATE welcomes all items of interest for this column. Call Phone 11, sent by mail or drop item in GUIDE-ADVOCATE Letter Box.

SUNDAY next is St. Andrew's Day. TAILORING in city style.—SWIFTS'. THE most miserable people are the ones who make pleasure a business. J. W. McLAREN'S south window is entirely devoted to a display of PEP'S. Did you ever use Peps? THE season will soon be here when we compare the smallness of our purses with the largeness of our hearts. RAYO LAMPS \$1.65 and \$2.00, Rayo Ringers \$5.50, fancy parlor lamps \$1.25 to \$6.50 at HOWDEN'S. SPECIAL sale of men's and boys' Overcoats Saturday.—SWIFTS'. No Housewife can make a "business matter" of the buying for the home unless she is a persistent reader of the ads. A NUMBER of the friends of Mr. W. J. Trenouth enjoyed some very tasty venison which he generously sent round to them last week. THE Strollers' Male Quartette is under the auspices of the Board of Education. Give a good thing a boost. In the Lyceum to-night, (Thursday.) SEE our fine display of skates and accessories.—T. DODDS & SON. GIRLS' coats, fine warm ones, ages 8 to 12 years, \$2.50 and \$3.50.—SWIFTS'. AN item on the changes in the election law will be found on another page. As the municipal elections are drawing near workers and others should post themselves regarding these changes. THE Postoffice Department has issued a circular announcing that the postal service to Turkey and the Balkans has been completely re-established, and that firearms cannot be mailed to Mexico. If people were as careful about their religion as they are about the clothes they wear to church, what a pleasant place this old earth would be. GIRLS' coats, heavy grey and tan chinchilla coats, ages 8, 10 and 12, special price \$6.50.—SWIFTS'. WHEAT taken in exchange for bread and pastry flour at E. HASKETT'S. THE blacksmiths of Watford and Warwick Village have raised the price of horse shoeing. After Dec. 1st new shoes will cost 35¢ cash or 40¢ credit; setting 15¢ cash or 20¢ credit. MR. FITZGERALD was wearing a buttonhole bouquet of pansies on Monday, picked from his garden. This beats the second-growth raspberries exhibited in the early part of the month. If some people spent half the time attending to their own business that they do looking after and into other people's, what a happy and prosperous home they would have and how intensely delighted would be their neighbors. CHRISTMAS raisins, currants, nuts, peels and all other holiday supplies now in. Everything choice and fresh.—P. DODDS & SON. OUR ladies' coats are smart in style and right in price, heavy, warm garments, \$7.50, \$9.00, \$12.50. You save \$3 on every coat.—SWIFTS'. SINCE the recent big storm that swept over Lake Huron there is now about forty feet more of beach at the shore in the vicinity of the new Sarnia water-works. The water extended so far up the beach during the storm that the ballast for the railway track and switch was completely washed away. ON Sunday evening next, Nov. 30th, in the Congregational Church, Rev. R. Stevenson will deliver a special lecture on "The Scottish Covenanters." This will be the first of a series of monthly evening lectures on historical subjects which Mr. Stevenson intends delivering (D.V.) throughout the coming winter. A cordial invitation is extended to all. CUT GLASS, fancy china and brass goods in pieces suitable for Christmas and wedding gifts just arrived.—THE N. B. HOWDEN EST. WHEN the publisher of a local newspaper advertises that his paper at \$1 a year is the best value to be had in the town, do not put him down as a falsifier. Remember that when turkeys were \$1 each and eggs eight cents a dozen, every local weekly newspaper in the country was \$1 a year and the majority of them have still stuck to the one dollar rate. HERE is a bargain. Fifty up-to-the-minute suits and overcoats made to order. No better goods made. Correct in cut, style and finish.—SWIFTS' Tailoring Dept. To those merchants who are not regular patrons of our advertising columns we wish to offer our services in bringing their business prominently before the public during the Christmas shopping season. Our charges for advertising space are very moderate and we are firmly convinced that the merchants of Watford are offered no better means of putting their goods before the public and thus increasing sales and profits. RUBBER boots, overshoes and rubbers, all of the best quality, new goods, all sizes, also a full line of boots and shoes for men, women and children. Get our prices. See the goods.—P. DODDS & SON.

THE real Scotch blanket at Swifts'. COUNCIL meeting next Monday night. SEE our display of carpet sweepers.—T. DODDS & SON. R. E. JOHNSTON shipped two cars of turkeys for Ivor & Son on Wednesday. A MAN with ideas always has enemies—but seldom as many ideas as enemies. GET your next order of groceries here, we sell good goods.—R. HASKETT. THE increased cost of living doesn't seem to make any difference with the bed bug. THE man who thinks he is a lady killer is what the ladies designate as something soft. MR. W. J. MITCHELL, of Toronto, is visiting his brother, Mr. S. H. Mitchell, Main street. THE original Khorassan Persian tufted rugs, 27 x 36 and 36 x 63. See these beauties.—SWIFTS'. BROWN BROS., Arkona, shipped a car of apples this week from Watford to Montreal. MR. NEWMAN, night-operator at Watford Station, has returned to his home in New Ontario. MR. CLEM HINDS, night watchman, at the Avapapor, left for his home in Conway Ont., this week. TAX COLLECTOR CAMERON requests all who have not yet paid their taxes to do so as soon as possible. TABLE cutlery, carving sets, pocket cutlery and razors, all prices and best quality possible for the money.—THE HOWDEN EST. MR. SAM COOKE, of the Empire Hotel, Regina, who has been spending a couple of weeks in this vicinity, returned home on Monday. PROBABLY the most noteworthy event in the grocery trade is the decline in the price of canned tomatoes. This is one bright spot in the high cost of living gloom. THERE will be a special meeting of Court Lodge, C. O. F., this (Friday) evening. Organizer W. H. McLeish will be present and several candidates will be initiated. 500 MEN'S corduroy trousers, all the new attachments, \$3.50.—SWIFTS'. THE regular meeting of the Daughters of the Empire will be held Dec. 2nd at the home of Mrs. S. Mitchell, Mrs. Bennett assisting. Quotations, Suggestions on Xmas giving. Members are requested to be there at 3 o'clock sharp.—SWIFT. HORSE BLANKETS, halters, cow chains, lanterns, pails and stable fittings of all kinds. See our \$2.00 "Stayon" blanket.—THE N. B. HOWDEN EST. THE Strollers' Quartette, of Chicago, to-night, (Thursday.) This is one of the best male quartettes in town. Aside from their singing they give a varied program, which is sure to be appreciated by all. Redpath concerts are always good. THE campaign of self-denial in the matter of eating eggs is rapidly spreading over the entire country. There are 12,000 club women alone who have joined the ranks of those who will refrain from using eggs until the price becomes reasonable. WALL PAPER in a great variety of patterns, from the cheapest to the best. Also a few remnants at remarkably low price.—P. DODDS & SON. AS the Christmas season approaches there will be as usual a number of people writing Christmas in an abbreviated form—Xmas. How would Christian look written "Xian"? And yet it would be just as proper as the other, which, of course, is not proper at all. AN address will be given in the Presbyterian church on Friday evening at 8 o'clock by Rev. Gillies Edie, of Honan, China, on "China and Our Work There." Mr. Edie is a most interesting speaker and no one should fail to be present. YOU will confer a great favor on our firm if you pay your account before Dec. 4th.—E. D. SWIFT. SOME time next year a tour of the principal towns of Canada will be made by a train containing exhibits of British factory products. It is probable that each class of exhibits will be grouped in a car by itself. The exhibition train will stay in a town at least two days and in the more important centres a week or longer. To make the farm pay all it can pay, should be the object of every good farmer, not to impoverish the land, but to handle it as a business proposition. Do this and you are bound to succeed. The Weekly Sun, Toronto, the farmer's business paper, can help you. Send the publishers a post card, they will be pleased to furnish free sample copies. NEARLY time for that Christmas cake. Raisins 10c, currants 10c, seeded raisins 12½c, mixed peels 25c, shelled nuts 50c, raw sugar, gingerbread molasses, highest quality and reasonable prices.—THE HOWDEN EST. AT the public school one day this week, a teacher asked a young boy a question that required an affirmative or negative answer, and he replied, "Yep." "Yep," said the teacher, "is not a good word. If you mean yes, why say yes, not Yep. Now will you remember that?" The little fellow unhesitatingly replied, "Yep." READ our ad., it will save you dollars during the month.—SWIFTS'.

WATFORD ARMORY—OPENED NOV. 20TH, 1913.

THERE is a slight drop in the price of hogs. SEE our north window for skates.—T. DODDS & SON. A NUMBER of new books have been received at the Library. The list will be published next week. MR. AND MRS. HUGH WHITE, of Ewart, Mich., are the guests of their nephew, Mr. P. J. Dodds.

FRANK RESTORICK shipped to Montreal on Monday last one of the finest lots of heavy horses ever exported from here. ALL persons having accounts against the corporation of Watford are requested to send them in to the Clerk by Monday next, Dec. 1st.

BATHROOM towels, 40c. per pair, linen department.—SWIFTS'. THERE will be a special arch meeting of I. O. L. 505 in their lodge room this (Friday) night at usual hour. Important business.

WEDNESDAY was turkey shipping day and a string of teams two blocks long could be seen waiting to unload the fowl at the freight sheds.

THIS has been a grand week for the masses to finish up their fall work. The brick work on Dr. McGillivuddy's new building is about completed.

WE have a very handsome assortment of china, lamps, etc., suitable for Christmas. Selections made now will be placed away until you need them.—P. DODDS & SON. THE A. Y. P. A. purpose holding a bazaar in the basement of Trinity Church on Friday, December 5th. Useful articles for Christmas will be offered for sale. MISS TILLOTSON, from Hawaii Islands, an electionist and entertainer, will give an entertainment in the school room of Trinity Church on Wednesday, December 10th. Particulars later.

MISS WILLIAMS will have a special clearing sale of children's hats and bonnets for one week. Everything at half price, in order to make space for our new Christmas goods.

IF you are looking for a dinner set, we can please you from \$9.00 up. Genuine Bridal Rose dinner set with every piece stamped \$20.00 per set. Tea sets \$4.00 to \$8.50 at HOWDEN'S.

THE regular meeting of the A. Y. P. A. was held in the school room on Tuesday evening, November 25th. Interesting and instructive papers were read by members of the society on "The Life and Epistles of St. Paul."

A copy of the Maple Creek News, published in Maple Creek, Sask., gives a description of the thriving little town of Forres, where Mr. Murdo McLeay, formerly of Watford, is located. His son-in-law, Mr. J. P. Mitchell, erected the first building in the town, and is now postmaster of the place. Mr. McLeay is assistant postmaster.

MISS NESBITT will have a display of her Christmas goods at Harper Bros.' store this year, commencing Friday, Dec. 5th, until Christmas. Have a pretty line of water color work in cards, silk work, and pictures. Kindly call and see if I cannot suit you in a pretty present for the holidays. n28-tx \$20.00 tweed suits for \$16.50, Irish, Scotch and English, made to order.—SWIFTS'.

MR. THOS. PAUL, Wyoming, D. D. G. M., of St. Clair District, A. F. & A. M., made an official visit to Hazelock Lodge on Tuesday night. After the business of the lodge had been concluded a delicious oyster supper was served at Lovell's popular restaurant. Mr. Paul was the guest of W. M. Millar over night.

A MEETING to re-organize the hockey club for the season was held in P. Dodds' store on Monday evening. A number of enthusiastic hockey players were present. P. J. Dodds was elected president, C. W. Wilson manager, and T. L. Swift secretary. It was decided to join the O. H. A., and enter the Inter-mediate series.

THE municipal pot is not yet simmering. Talk is plentiful as to what should be done in municipal affairs but so far we have not heard anyone state definitely that he is a candidate for municipal honors. A number of names are being put forward as being good men for reeve or councillor and in all probability there will be several new names on the ballot for 1914.

off his hands last week. Mr. McLeay did the work in a conscientious manner and in the best way possible. The brick work was done by W. Marwick and the carpentry work by Stevenson and McClelland, the painting by P. J. Hughes, the heating and plumbing by the Howden Est., and the electric lighting by Geo. Chambers.

The Armory Ball

The long looked forward to ball in connection with the opening of the new Armory was a grand success. About 100 dancers were in attendance. The rooms were decorated in a most tasteful manner with flags, bunting, patriotic pictures, crossed rifles, etc., and excellent music was furnished by Finney's orchestra, of Detroit. The charming women, many of whom were richly and beautifully gowned, the brilliant uniforms of the officers, and the regulation evening dress of the other men, as they intermingled in the dance to the entrancing music, made a kaleidoscopic picture long to be remembered by those present. A dainty lunch, presided over by some of the matrons, with redcoated assistants, was served in one of the rear rooms. Dancing was kept up till about 3 a. m. Owing to the almost impassable state of the roads, driving was out of the question, consequently nearby towns were not largely represented, but among the guests from a distance were noticed Col. W. E. Hodgins, Major Shannon, Mrs. McConnell, Miss M. Taylor and Mr. Ger. Taylor, of London; Mr. John Farrell, Forest; Miss Davis, Mitchell; Col. and Mrs. Bentley, Mr. and Mrs. A. K. Wanless, Miss A. L. Kelly, Mr. J. M. McAdams, Mr. R. V. Lesueur and Mr. John Simpson, Sarnia; Miss Brock, J. E. Armstrong and Neil McDougall, Petrolia; Lieuts. Cuddy, Campbell, Chesham, Jay, McDougall and Gough, of Strathroy; Miss Mustard, Miss R. Robinson, Miss S. McIntyre, Miss McIntosh, Dr. W. Reid, Mr. J. Anderson and Mr. A. Canton, Wyoming.

WE are showing fine heavy made trousers for \$1.75, \$2.00, \$2.50, \$3.00.—SWIFTS'. COLONEL HODGINS expressed himself as being exceedingly pleased with the reception given him on entering the Armory Thursday evening, where he was met by a squad of the Militia in charge of Lieut. Browne. The moment the Colonel entered the building the boys came to attention and saluted. It tickled the jovial Colonel as he was not expecting anything of the kind, and he thinks the boys are made of the right stuff to make good soldiers.

A LANTERN LECTURE will be given in the Congregational Church Watford on Thursday Evening, Dec. 4th, at 8 o'clock, by the Rev. H. D. Arty, Whitmore, first Congregational Church, London. Subject: Ten years missionary labour among the deep sea fishermen of Newfoundland. The Lecture will be illustrated with beautiful slides and will prove exceedingly interesting to all who can attend. Admission: Adults 25c., Children 15c.

YOU will save from \$2 to \$4 on every set of furs. Will you save it?—SWIFTS'. GUY BROTHERS MINSTRELS gave a most amusing performance in the Lyceum on Saturday evening to a good sized audience. This was the first appearance of this excellent company in Watford and they were warmly received, and had it not been for the bad roads they would have had a capacity house. Every number on the program was good, and the band and orchestra music was greatly enjoyed by all. It is to be hoped that they will take Watford in their next tour.

AT a caterer tea in connection with the anniversary services of the Brantford Congregational Church last week the pastor, Rev. Mr. Kelly, (formerly of Watford) gave a splendid outline of the history of the church which was organized in 1835. The church enjoys the distinction of being one of the oldest in the oldest in the city. The present building was erected in 1864. The Courier says:—"The church has enjoyed the services of the best of pastors. Under the present pastor the work has gone on exceedingly well."

INTERESTING facts regarding the results of a decade's warfare against the ravages of consumption are contained in a circular which has just been issued by the National Sanitarium Association in order that Clergymen taking part in Tuberculosis Sunday, on Nov. 30th, may be possessed of the latest statistics. The most striking result of the analysis of vital record for the Province of Ontario is that, compared with eleven years ago, and despite the large increase in the population during that time, there is a total decrease of 300 in the annual number of deaths. In 1911 there were 3240 victims of consumption; in the death statistics last year the total was 2250. This is the more remarkable, too, in view of the large increase in the population of urban centres, where the overcrowding contributes largely to the spread of the disease. In its history of fifteen years the National Sanitarium Association has had under treatment 70,000 patients, many of whom were in advanced and hopeless stages. Of these over 4000 have been sent back to their homes either cured or in such improved health.

LADIES' SUITS, size 34 and 36, \$10.00, regular \$15.00. Come quick.—SWIFTS'.

AILING WOMEN OF MIDDLE AGE

Mrs. Doucette Tells of her Distressing Symptoms During Change of Life and How She Found Relief.

Belleville, Nova Scotia, Can.—“Three years ago I was suffering badly with what the doctors called Change of Life. I was so bad that I had to stay in bed. Some friends told me to take Lydia E. Pinkham's Vegetable Compound and it helped me from the first. It is the only medicine I took that did help me and I recommend it. You don't know how thankful and grateful I am. I give you permission to publish what your good medicine has done for me.”—Mrs. SIMON DOUCETTE, Belleville, Yarmouth Co., Nova Scotia, Canada.

Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

HARRIS & CO. PROPRIETORS

Guide-Advocate

HARRIS & CO. PROPRIETORS.

WATFORD, NOVEMBER 28, 1913.

NOTE AND COMMENT.

Prof. Mackenzie told a Toronto audience that eating meat is unhealthy. Comforting advice this, considering the most prohibitive price of that article of diet.

Evidence comes from different quarters of a slowing down in commercial activity. In a number of smaller cities and towns of Ontario some factories are running on short time or have shut down altogether. In Toronto 2,500 people are out of work, with a prospect that the number will reach 5,000 before Christmas.

A short time ago the Scientific American offered prizes for the subject "What are the Ten Greatest Inventions of our Time?" The following is the result of the vote reduced to a percentage basis: Wireless telegraphy, 97 per cent.; aeroplanes 75; X-Ray machine 74; automobiles 66; motion pictures 63; reinforced concrete 37; phonograph 37; incandescent electric lamp 35; steam turbine 34; electric car 34; calculating machine 33; internal combustion engine 33; radium 27; submarine boats 24; picture telegraphy 24; electric furnace 21; Diesel engine 18; color photograph 17; dictograph 16; type-setting machine 15.

Dr. Morse's Indian Root Pills

are just the right medicine for the children. When they are constipated—when their kidneys are out of order—when over-indulgence in some favorite food gives them indigestion—Dr. Morse's Indian Root Pills will quickly and surely put them right. Purely vegetable, they neither sicken, weaken or gripe, like harsh purgatives. Guard your children's health by always keeping a box of Dr. Morse's Indian Root Pills in the house. They

Keep the Children Well

It may surprise many to learn that the maple sugar and syrup crop in Canada is worth about two million dollars per year. In the province of Quebec the industry has maintained a strong foothold, more especially in those counties that contain more or less rough and rocky land. In Ontario it also bulks large, and in New Brunswick and Nova Scotia considerable quantities of sugar and syrup are made each spring.

Allison Star:—How time flies! It is only twenty-two years since Sir John McDonald passed off the scene, and yet Sir John never dodged an automobile, never heard the stuttering of a motor bike, never held a strap in a trolley car, never posted a letter regularly for less than three cents, never listened to the squeaky voice of a phonograph, never saw an aviator capering round in the atmosphere with a heavier-than-air machine, never dispatched a message by wireless, and never was kept awake at night by the frantic howling of an "emergency."

Prof. E. E. Prince, Dominion Fisheries Commissioner, who has returned to Ottawa after a fortnight at Washington, reports that President Wilson and the United States Fisheries Department are now anxious to promptly clear up all the difficulties which have so far prevented the international fisheries treaty of 1909 from coming into actual operation. Dr. Hughes Smith, the United States Commissioner on the joint international board will come to Ottawa during the first week in December to further confer with Prof. Prince and the Fisheries Department there in reference to putting the draft regulations prepared three years ago, governing fisheries in all boundary waters, into effect without further undue delay.

Dr. Hastings, in his report to the Toronto board of health, said: "The number of cases of pneumonia for October is somewhat in excess of that for the corresponding month of last year. The disease has been on the increase for years, and no efforts put forth by the departments of health seem to have had any influence in its control. The increase in all large cities has been approximately ten per cent. Attention has recently been drawn to the influence of city smoke in the increase of this disease."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

A School Teacher's Enterprise

One of the most interesting letters recently received by the Dairy Commissioner, Ottawa, is from a school teacher in Alberta who asks for milk record forms and literature on the subject of cow testing, because—now listen: Some of the boys in the school are starting a contest in recording the production of individual cows to last one year. This opens up a new field for every school teacher and for thousands of boys in our country schools. In this we would be following somewhat slowly in the wake of many schools in the United States and

SHILOH

quickly stops coughs, cures colds, and heals the throat and lungs. 25 cents.

New Zealand where the use of the Babcock milk tester has been taught for some time. In a dairy country like this, we should be out blazing trails for other teachers and boys to follow.

No better work could be taken up by such lads, for any record work of that kind must infallibly lead to better, vastly better, conditions on dairy farms. Probably these Alberta lads will soon be excellent dairymen obtaining seventy-five or one hundred dollars per cow.

Needless to say the Dairy Division of the Department of Agriculture will be only too ready to supply blank forms and instructions in all such cases.

St. Andrew's Day

Sunday next is St. Andrew's Day, the day much honored by Scotsmen in every part of the earth. When memories of Scotland and her sons are recalled in various ways. All that is known of St. Andrew from revelation, history and tradition has been told time and again, at St. Andrew's banquets, in response to the toast "The Day an' wha' Honor it."

Many reasons have been given why St. Andrew was chosen as the Patron Saint of Scotland. One of these states, it was due to the fact, that Andrew was the disciple who discovered the loaves and fishes. His keenness in this respect being regarded as emblematical of a predominant trait in Scottish character. Modern Scotsmen, however, maintain that Andrew was chosen as the patron saint of their country because his life and character are symbolical of the peculiar good works that are naturally inherent upon Scotia's sons to perform.

Tradition says it was about the year 809 that Saint Andrew was formally adopted as the Patron Saint, of Scotland, and that St. Andrew's cross then became part of her insignia. About this time an order of knighthood was instituted, called the Knights of St. Andrew or of the Thistle.

But, when the custom of having a special St. Andrew's Day first came into existence, cannot be ascertained, nor yet why the 30th of November be should have been fixed upon, seeing this particular day, so far as known, has no special connection with the life or death, of St. Andrew. Practically St. Andrew's day is just a day specially set apart for Scotsmen to "blow their ain horn," and well may they be excused for doing so, for there is perhaps no part of the world which has not been and is not being benefited by Scotsmen. Wherever they have gone, they have carried with them an intense love and an undying memory of their native land. It is that which induces Scotsmen wherever they may be to get together and celebrate St. Andrew's Day.

The Kind You Have Always Bought

Bears the Signature of *Wm. D. Druggists*

The next move of the dissatisfied "pre-ninety-niners," who are up against the proposition of paying a higher rate or losing all they have or losing all they have paid into the Independent Order of Foresters, may be Government investigation into the affairs of the order. At a meeting at Toronto of the dissatisfied section of the order, a letter was read from Hon. W. T. White stating that the first time he was in Toronto he would be pleased to hear their side of the case. It is not known just what course can be taken to overrule the decision of the Supreme Court, but the securing of a lawyer may make this clear. According to an old member of the order nothing has been done in this section but he intimated that whatever step was taken by the Toronto faction would be supported both morally and financially both here and elsewhere.

There is a likelihood that the next session of the Ontario Legislature may be called a few weeks earlier than those of precedent. An idea to this effect has been gaining strength among those who are in close touch with provincial affairs, and who claim that the large program of legislation to be handled will necessitate a lengthy session at all events. Several bills or measures of unusual interest to the province are looked

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands? That fluid is the famous D. D. D. prescription for eczema. THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient. "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression." How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid? DR. GEO. T. RICHARDSON frankly

writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent." To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see! And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled! All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap. But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge. T. B. Taylor & Sons, Druggists, Watford, Ontario.

D. D. D. Prescription—for 15 years—the standard skin remedy

for during the sitting. There is no doubt that the commission on good roads will have an interim report on the year's work and an outline of the practical steps to be taken in different parts of Ontario. In this connection it will probably involve something in the nature of a subsidy. The announcement of the Premier some time since that the Government was considering the appointment of a medical commission to examine the theory and practice of medicine in the Province is looked upon to show development before the House adjourns. Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels' fastidious to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs. The German village of Remborn has a linden tree which is said to be more than 1,200 years old.

Every

Home Buttermaking Market reports invariably creamery butter higher than country butter which is the designation for that which is made on the farm. It is unfortunate that circumstances at times make it impracticable for dairy farmers to patronize a creamery. When this can be done, not only the profits, as a rule, increased, much hard work is taken away from the overburdened members of the family. There is no good reason why cream made in the home dairy should not be as fine as that made in a creamery where cream produced under any manner of conditions has to be shipped. All that is necessary is the buying out of a well established system in feeding the cows, caring for the milk and cream and the churning and putting up of the butter in order to teach the proper method.

Home Buttermaking

Market reports invariably quote creamery butter higher than dairy butter which is the designation given to that which is made on the farm. It is unfortunate that circumstances at times make it impracticable for dairy farmers to patronize a creamery. When this can be done, not only are the profits, as a rule, increased, but much hard work is taken away from the overburdened members of the family.

There is no good reason why butter made in the home dairy should not be as fine as that made in a creamery where cream produced under all manner of conditions has to be made up. All that is necessary is the carrying out of a well established system in feeding the cows, caring for the milk and cream and the churning and putting up of the butter. In order to teach the proper method of

carrying out these various operations, there has been prepared, under the direction of the Dairy and Cold Storage Commissioner at Ottawa, a bulletin entitled "Buttermaking on the Farm," written by Mr. Geo. H. Barr, Chief of the Dairy Division.

This work, which may be secured free from the Publications Branch of the Department of Agriculture, explains the common defects of dairy butter as well as the conditions that are necessary to produce fine flavoured cream. It then deals with churning, washing, salting, working and packing butter, and considers the modern necessary utensils and their care. These are shown in clear illustrations.

This bulletin, which is No. 17 of the Dairy and Cold Storage series, concludes with the following recommendations:—"Keep good cows, feed them liberally, keep them comfortable and clean when in the stable, skim a rich cream and keep it cool, churn at a temperature that will give a flaky granule in the butter; use clean, pure water for washing butter not more than three degrees colder

or warmer than the buttermilk. Put the butter up in neat, clean, attractive packages, and keep everything in and about the dairy clean and attractive."

The Quick and the Dead

It was an old-fashioned habit of readers to turn first of all to death notices on picking up a newspaper.

Nowadays people turn more often to the advertisements of the live merchants. They are interested in the quick and the quickest men in town are the merchants who advertise.

They are the business progressives, men with a message to deliver.

They back up words with deeds. They make good.

It is a safe axiom that it is always safest to trade with the man who advertises. He has a promise to live up to and he knows his future depends on his ability to make good.

IT HAS MANY QUALITIES.—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will cure a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, cure the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself, and can be got for a quarter of a dollar.

THEIR EYES BELIEVE THEM.

Seals Are Ferocious and Devour Live Fish Inch by Inch.

Seals are still numerous and are disliked by Labrador fishermen because their skill is so much greater. Dr. Grenfell says that he has known a seal to hunt a net so persistently that to get any fish the owner had to watch all the while at one end of it, and even then the seal would almost snap off the fisherman's hand as he raced to be first to disentangle the salmon.

The large, gentle eye makes the seal's appearance exceedingly attractive and those inclined to be sentimental have found in him a great scope for their effusions. As a matter of fact, he eats his prey alive. He will take a bite out of a fish and leave the rest to struggle away and die slowly. They are fierce fighters and will catch and eat birds swimming on the surface of the water.

One was seen devouring a salmon alive. The seal swallowed him by inches, swimming a mile while the struggle lasted. It seemed an open question whether he would succeed or not. Another seal was seen to capture a gull on the water, but the persistent harrying he got from the rest of the birds persuaded him to let the wounded victim go.—Chicago News.

MANAGERIAL ABILITY.

If You Think You Possess It Here is a Test You Might Try.

Any one who has to manage men or things must be able quickly to bring order out of confusion. Test your friend's talent in this respect by writing on your paper five words of a special class, such as the names of five flowers or of five animals or of five famous poets, with the first letter always in the right place, while the order of the other letters is changed.

The person on whom you are experimenting knows only to which class the words belong—whether they are the names of animals or of flowers or of poets. See how long it takes him to write the five correct words in place of the misspelled ones.

The animal card may read, "Tetral, etalenth, dykeno, serdip, galliro," and the vegetable card, "Vellto, diloflad, melap, moroshmu, cuttnesh." Some persons will be able to read at once, "Turtle, elephant, donkey, spider, gorilla," and the other card, "Violet, daffodil, maple, mushroom, chestnut."

Others who have no talent for rearranging the elements of a confused situation will stare at the words, unable to make any sense of them.—Hugo Munsterberg in Youth's Companion.

Reasonable Mistrust.

"Now let us try," she said, "to keep the other passengers from discovering that we are a bride and bridegroom."

"All right, dearest," he replied. "How shall we deceive them?"

"Buy a couple of magazines, and we will pretend to be busy reading them and avoid noticing each other."

"That's a fine idea, sweetheart. I'll get them right away."

Twenty minutes later:

"Lovey!"

"What is it, dearest?"

"You are holding your magazine upside down."

"Oh, George! If you are going to begin being critical now how shall I ever be able to please you after we have been married for five years."—Brooklyn Eagle.

Oriental Gems.

All gems of the finest quality, irrespective of the part of the world from which they come, are generally spoken of as "Oriental," because the supply of precious stones came only from the east for many centuries; and when mines were discovered in the west, it was at first assumed that the stones were inferior. "Occidental" is the term applied to inferior stones to this day.

On the other hand, "Oriental topaz," "Oriental emerald" and "Oriental amethyst" are really all sapphires, and are given these names only on account of their color.

THEY SOOTHE EXCITED NERVES.—Nervous affections are usually attributable to defective digestion, as the stomach dominates the nerve centres. A course of Parmelec's Vegetable Pills will still all disturbances of this character, and by restoring the stomach to normal action relieve the nerves from irritation. There is no sedative like them and in the correction of irregularities of the digestive processes, no preparation has done so effective work, as can be testified to by thousands.

While Angus McDonald, of Kingsville, was soldering a gasoline tank it exploded and he was severely burned about the face.

Dr. C. B. Langford was in Howard on Tuesday conducting a post mortem examination on the body of the late Henry Albright, of the 4th con., six miles north of Ridgetown. Some days ago Albright was at a corn husking and got into an altercation over ditch matters with a neighbor named Babcock. As a result of the fight, it is alleged, Albright was struck a blow which caused a rupture in the bowels. An operation was considered advisable, but the injured man took ill with peritonitis and died Monday morning. County Constable Peters has been on the scene and it is reported that an arrest will be made.—Blenheim Tribune.

We have a Special Children's Xmas Display, everything for the wee lady of the house. You should visit the Department and see what we are showing.

Swift, Sons & Co.

Swift, Sons & Co.

Baby Footwear

The babies, bless them! should be as much attended to as the "grown-ups" so far as footwear is concerned. Too many shobmen make more of an effort to please the mothers than the babies when fitting the tots with footwear. And yet the babies have their rights. Many a child's feet is spoiled in its early infancy through improper fitting.

We have studied this matter closely and we respectfully ask you to call in and discuss the question with us before you buy that next pair.

Here are some little novelties we have for the babes:

High Cinchillo Button Boots... 50c.
All sizes in Rubbers at old prices.

P. DODDS & SON

of his right hand while making sausage

The Alvinston milk vendor has raised the price of the necessary fluid to eight cents a quart.

Rev. K. C. Masters, of St. Stephen's church, Thamesville, has given up that charge and gone to Wiarion.

The birth rate of the province is the lowest in ten years. The number of illegitimate births shows an increase of 168.

Dr. L. Hyttenrauch, the well-known and popular medical practitioner at Appin, is leaving for Walkerville, where he intends to locate, after taking a six months' rest for the benefit of his health.

The recovery about three miles from Goderich of the body of Calvin Smith, chief engineer of the steamer John A. McGean, lost in Lake Huron, makes the fifty-third body recovered up to date from southern Lake Huron.

From now on till the close of navigation all vessels of the Lake Carriers' Association will carry their flags half-mast out of respect to those who lost their lives in the recent marine disasters on the great lakes.

Burglars entered two business places at Point Edward on Friday night and were frightened away when attempting to break into a third. O'Neil's store and the Hotel Balmoral were robbed, and it was at Hill's grocery that the thieves were frightened away by the awakened proprietor. At O'Neil's store \$25 in silver was taken.

During the recent blizzard, one of the chickens on the farm of John McWhinney, Caradoc, sought shelter in a hole and was almost completely buried under three feet of snow, where it remained for six days. The hen finally worked its way out of winter quarters and was as healthy and as much alive as when it went in.

THE INDUSTRIAL MORTGAGE & SAVINGS CO. SARNIA, ONT.

Absolute security should be the first consideration when making an investment. On this ground the Industrial Mortgage & Savings Co. can appeal to the public for patronage as the Government by an Order-In-Council made it a legal depository for trust funds. Deposits and Debentures are the first claim upon the entire assets of the Company. Deposits of one dollar and upwards received and Debentures issued for one hundred dollars and upwards.

Miss Thorpe, of Flint, is the guest of Miss Reta Herrington this week.

WHEN BABY CRIES

Do not get out of patience or scold or shake your baby for crying. He does not do that to be ugly—that is not a baby's nature—he wants to laugh and be happy but when he cries that is the way he takes of telling you he is in pain; that his little stomach is out of order or that his new teeth hurt him. Instead of being cross give him a dose of Baby's Own Tablets and you will soon see him laughing and happy again. The Tablets sweeten the stomach; make teething painless; breaks up colds; cure constipation and expel worms. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

KERWOOD

Miss Abbott spent the week end at her home in London.

Mrs. T. F. Mills is visiting in Toronto.

J. M. Brunt went to Buffalo with cattle this week.

Toronto

Toronto, Nov. 25th.—Receipts at the Union stockyards to-day were 64 cars, with 1,033 cattle, 105 calves, 729 hogs and 653 sheep and lambs.

The run of cattle was again very light to-day and included only a very small proportion of good to choice butcher cattle. There were a few odd choice steers, which sold up to \$8, but probably not more than a load of real choice cattle all told. There was an active market for even the poorer grades and prices were strong all round. The lighter run of cattle coming to the market just now does not necessarily mean that there are no cattle left in the country after the recent heavy shipments across the border. On the contrary it is believed that there are still plenty of cattle tied up for the winter and that a good proportion of these will come out for the Christmas trade.

Lambs were strong to 10c higher. Hogs steady at yesterday's decline to \$8.50 fed and watered.

It is declared at the stockyards that entries are coming in very fast for the annual Christmas fat stock show and exhibitors will probably be about three times the number of last year.

To-day's quotations.

J. Lapham, of Forest, has sold his milk business to Jos. Duncan and A. Levitt, of Warwick.

The New Carnegie Library

The New Carnegie Library was thrown open to the public on Friday evening last and was visited by a goodly number of people. Precisely at 7.30 o'clock, Rev. S. P. Irwin, Chairman of the Library Board, inserted the key in the door, entered and switched on the lights, and on behalf of the Board, declared the Library open to the public.

The building is a very substantial structure and is handsomely furnished. Going in at the main entrance a vestibule is entered with five or six steps leading up to the main floor. On this floor the books are arranged in racks forming three sides of a square, the fourth side forming the Librarian's business counter for the recording of books lent or returned and the transaction of other business. To the left is the reading room, and at the right the reference room. These rooms are furnished with quarter cut oak tables and chairs of comfortable design.

There are two entrances to the basement, one by stairs in the vestibule and the other by a door on the south side of the building. This basement contains two good-sized furnished rooms suitable for board or committee meetings, and several smaller ones for lavatory storage, coal, etc.

The building is finished throughout in white pine in the natural color, and the walls are artistically decorated. The electric light fixtures are handsome and are controlled by eight switches inside the vestibule door. The building is heated by a Pease Economy furnace. Both building and equipment are up-to-date in every particular and a valuable asset to the town. The \$8000 donated by the Carnegie Corporation covered all expenses in connection with the new building, even to the removal of the books and paying the insurance premium for three years. The Library Board is to be congratulated on the management of the fund, as the town was not put to one cent of expense in the matter, except the purchase of the site. Mrs. Reid, the painstaking and efficient Librarian is in charge of affairs in the Library, doing her utmost for the accommodation of its patrons, and finds the work a pleasure under the new conditions.

Death of Mrs. Jane Burchill

Widow of Michael Burchill, one of the oldest and most respected residents of the 4th line, east, passed peacefully away in her 75th year, after an illness which extended over two years, at her home, Tuesday, November 11th.

Deceased's maiden name was Jane Curley, she was born in the county of Glengarry on Dec. 17th, 1838. She was twice married. Her first husband was George Cline, five children being born to them: Jacob, Warwick Tp.; Wm. J., Adelaide tp.; Mrs. M. J. Cowan, Detroit, who has been with her mother the past year; Mrs. Jas. Dunkeld, Stouffville, and Eliza, who predeceased her about four years ago.

In May, 1873, she became the wife of Michael Burchill, who died Feb. 9th, 1911. From this union two children were born: Samuel S., Warwick Tp., and Mrs. E. W. Crummer, Chatham. In addition to her six children, she leaves to mourn her demise, one grandson, Roydon B. Cowan, Detroit, and one infant grand-daughter, Margaret Helen Burchill.

The funeral, which was largely attended, took place on Friday afternoon at 2 o'clock, service being held at the house by the Rev. H. R. Diehl, pastor of Grace church, of which deceased was an active member. Interment was made in the Watford cemetery. The family were all present at the funeral, also her grandson Roydon B. Cowan, of Detroit, and Mr. E. W. Crummer, of Chatham. The pallbearers were: Wm. Greer, Wm. McKenzie, Joseph Eastbrook, Robert Hollingsworth, Geo. Conkey, Wm. Pike.

Mrs. Burchill was a lady of sterling qualities, always sympathetic, a kind neighbor, a devoted mother and true friend, and one who bravely met the stern requirements and disappointments of life. Her life was a blessing and her death a benediction.

BORN.

In Warwick, on Friday, Nov. 14th, 1913, to Mr. and Mrs. Ern. Hume, a son.

In Bosanquet, on Saturday, Nov. 8th, 1913, to Mr. and Mrs. Jacob Richter, a daughter.

In Plympton, on Nov. 15th, to Mr. and Mrs. Archie Smith 6th line—a daughter.

In Plympton, on Sunday, Nov. 9th, 1913, to Mr. and Mrs. W. A. Fleming, a daughter.

In Warwick, on Saturday, Nov. 15th, 1913, to Mr. and Mrs. Jas. Catt, a daughter.

In Bosanquet, on Wednesday, Nov. 12th, 1913, to Mr. and Mrs. Geo. Evans, a daughter.

In Watford, on Wednesday, Nov. 26th, 1913, to Mr. and Mrs. Jos. McManus, a daughter.

MARRIED.

In Sarnia, on Wednesday, Nov. 19th, 1913, Mr. Wm. Minielly, of Kertch, to Barbara Hayward-Minielly.

At the Sacred Heart Church, Parkhill, Thursday, Nov. 20th, Miss Helen Marquerite Phelan, only daughter of Mr. and Mrs. James Phelan, of Parkhill, to Mr. Ronald Francis Graham of Toronto.

At the Methodist Parsonage, on Tuesday, Nov. 11th, by the Rev. J. W. Pring, Mr. Geo. Kell, of 12th line, Enniskillen, to Mrs. Margaret J. Reid of Petrolia.

DIED.

In Carleton, on Nov. 12th, Mary Dodge, beloved wife of James Sabin, aged 24 years, 3 months and 17 days.

WATFORD'S SHOE PARLOR

SALE REGISTER.

Saturday, Nov. 29th, at Roche House, Watford, at 3 p. m., a good driving mare, 8 years old, an open buggy and set of single harness. Terms cash. J. F. Elliot, auctioneer.

Death came on Monday, Nov. 10th, after four months' illness to Lillie L. Bothwell. Deceased was born on town-line, Plympton, 1873. The daughter of Mr. and Mrs. George Donald was married to Wm. J. Bothwell, 8th Aug., 1900. To this union came four

children, all survive their mother. The funeral was held at the home of her father on Sunday, November 16th.

There is nothing in the report that the bodies found at Port Frank had been robbed. When Undertaker Woodhall took charge of the bodies at the beach he emptied the pockets, placing the contents in paper bags, and numbered each one to correspond with the numbers on the bodies. Then somebody saw the pockets inside out and spread the false report.

The Baptists of Alvinston have organized a Young People's Society.

SEVERE COLD ON LUNGS AND CHEST QUICKLY RELIEVED

by Na-Dra-Co Syrup of Linseed, Licorice and Chlorodyne.
Mr. J. Seward, Bromptonville, Que., writes:
"Two weeks ago I took a severe cold which settled on my lungs and my chest was very sore, breathing tight and severe hacking cough. I was feeling miserable. I bought a bottle of Na-Dra-Co Syrup of Linseed, Licorice and Chlorodyne and after a few doses I felt great relief and I went into a sound sleep, a thing I was not able to do for some nights. Next day I was able to be around again, and before completing the bottle, felt as well as ever. It is a fine cough and cold cure."

Na-Dra-Co Syrup of Linseed, Licorice and Chlorodyne relieves the irritation and "stuffed-up" feeling in the air passages, soothes the tickling which makes you cough, loosens the phlegm and drives out the cold before it gets troublesome.

In 25c and 50c bottles, at your Druggist's, National Drug Chemical Co. of Canada, Limited.

FOR YOUNG FOLKS

Patriotic Young Germans in Military Pose and Attire.

SALUTE FOR KAISER WILHELM

Many Things of Interest to Boys and Girls—A Mystifying Trick With Figures—Bits of Useful Information, Riddles to Puzzle and Amuse.
In Germany, as in most European nations, militarism is very much more in evidence than in our own land of the free. In all the cities there are constantly to be seen soldiers in the uniforms of their respective arms of the service. Parades are a matter of

BOY SALUTING THE KAISER.

everyday occurrence, and it is therefore not surprising that the German little folks, especially the boys, should become imbued with the military spirit. When the Kaiser turns out at a review of troops there is always a large crowd to cheer him and his gallantly attired soldiers. At the recent Potsdam review the camera man snapped a couple of boys perched on a window ledge just as they were saluting the Kaiser in true military fashion. One is in the uniform of a naval officer and the other in the gorgeous uniform of the royal hussars.

A Trick With Figures.

Desire a person to think of a number. Tell him to triple it and take the exact half of that.
Triple that half if the number is even, if odd multiply the larger half by three. Then ask him how many times that answer contains nine, for the answer will contain the double of that number of nines and one more if it be odd.
Thus, if the number thought of is five its triple will be fifteen, which cannot be divided by two without a remainder. The greater half of fifteen is eight. If we multiply this by three we have twenty-four, which contains nine twice. So we shall have 2 plus 2 plus 1 equals 5, the number first thought of.

Game of Mosaic.

A writing game for any number. Each writes a word on a slip of paper, and after the slips are mixed one of the players draws and reads them aloud in the order in which he draws them, and each player must write them down in the same order. Then each one must write a little story or paragraph, using the words in the same order. The game may be made more difficult by requiring the story to be of a specified length or written within

PAIN IN MY BACK IS ALL GONE

Since I Got a Box of Gin Pills

CHURCH ST., CORNWALLIS, N.S.
January 23rd.
"About a year ago, I was suffering so much with a dreadful Lame Back and Hips, that I could not stand up straight. I was informed by a friend about GIN PILLS. I got a box. It helped me immensely. I have taken about twelve boxes and the pains in my back and hips are all gone. I cannot speak too highly of the wonderful effects of your GIN PILLS."
B. C. DAVID.
Liniments and plasters won't cure Lame Back—because they never reach the part that is causing the pain. The whole trouble is with the Kidneys and you must cure the kidneys in order to stop the pain. GIN PILLS cure weak, sick, strained Kidneys and nothing else will. GIN PILLS drive away the pain every time—or your money promptly refunded. 50c. a box. 6 for \$2.50. Sample free if you write National Drug & Chemical Co. of Canada, Limited, Toronto.
MANGA-TONE BLOOD AND NERVE TABLETS help pale, nervous women to get well. 50c. a box. '199

a certain time, or it may be made easier by allowing the player to use the words in any order they please.

A Water Experiment.

Procure two pieces of glass about six inches square, join any two of their sides and separate the opposite sides with a piece of wax so that their surfaces may be at a slight angle. Immerse this apparatus about an inch in a basin of water, and the water will rise between the plates and form a beautiful geometrical figure called a hyperbola.

A Proverb.

"Haste makes waste," the sages say. It's a proverb old, yet true each day. If our work is done with haste, Something will surely go to waste. Careful movements are what tell. A hurried task is never done well.

TRICKS OF AIR-MEN.

Pieces Cut Off Wings of an Aeroplane Increase Its Speed.
At the present time aeroplane constructors are engaged in a strenuous fight to outdo each other in the production of a machine that can break the standing aerial records. For an aeroplane that can climb into the air more quickly than its rivals, carry a great number of passengers, or in other directions excel in aerial navigation generally, is likely to attract substantial orders for machines of similar pattern.

A REAL ASTHMA RELIEF.

Dr. J. D. Kellogg's Asthma Remedy has never been advertised by extravagant statements. Its claims are conservative indeed, when judged by the cures which it performs. Expect real relief and permanent benefit when you buy this remedy and you will not have cause for disappointment. It gives permanent relief in many cases where other so-called remedies have utterly failed.

BONNY BLUE BONNETS.

And the Towns in Scotland Famed For Their Manufacture.

Since 1500 the town of Stewarton, Scotland, has been noted for its manufacture of the "blue bonnet," famed in song. In the infancy of the trade Glasgow was its chief market, and was visited yearly at the great July fair by the bonnet makers with their year's manufacture of nightcaps and bonnets. A record of 1850 shows that the Stewarton corporation was penalized by the Glasgow trades because of the insufficiency of its yearly product.

In 1720 the Stewarton corporation consisted of thirty-five members, who were bound by very stringent rules to keep up the price of bonnets, by periods of compulsory distance from trade. In one instance an offender was fined \$20 for going to work at Kilmarnock.

The Stewarton bonnet makers held themselves and their goods superior to those of Kilmarnock, and a fine of \$250 was imposed for the offense of selling Kilmarnock bonnets as Stewarton ones.

In 1750 a law was passed enforcing the use of indigo only as the dyestuff. In the early days of the industry the bonnets were knitted in the open air, when the weather was favorable.—Argonaut.

HE KNEW THE ENGLISH.

Consequently the "Heathen Chinese" Took No Chances.

An Englishman who was appointed to an important post in China got married soon after. Among the recipients of the usual little cardboard boxes containing a piece of wedding cake was a Chinese merchant with whom the bridegroom had an outstanding account for goods supplied. After the honeymoon one of the first persons the newly-wedded husband met was his celestial creditor.

"And how did you like the cake?" said the Englishman laughingly, after the usual congratulations.

"Ah, ha!" returned the Chinaman, with a cunning leer. "Me no such big fool to eat him, sah. Me put cakee in fire. Burn him up. He, he!"

"Oh, that's too bad!" said the Englishman, very much hurt. "You might have tasted it at least, out of compliment to my wife and myself. Why didn't you?"

"Me too clute, sah," said the celestial, with the same cunning smile. "You owe me monce, sah; sendee poison cakee; I eat him; I die; you no payee up! Houpla! He, he, he! I know your Inglessh!"—Exchange.

Karlsbad.

The question as to how to spell the name of a watering place in Bohemia was submitted by a New York woman to a resident of the spa. The answer did not decide the point, but it afforded those who were interested some amusement. "The place is named after a name which by you is Charles," says the writer. "No person will be deceive if Carl or Karl is written. Each one is entire right. So your letter with Karlsbad will come equal time as with Karlsbad address. Us business people care us very little of the name how it is spelling." The evident desire on the part of the writer to be on both sides of the question was frustrated, however, by the printed letter-head, which had "Karlsbad" on the date line and contained in a corner also the legend, "English spoken."—New York Tribune.

Best Side of a Cemetery.

Probably few people know that there is a choice side to every cemetery. Thus in some parts of the world the eastern portion, without regard to its situation, is always deemed the most desirable. This preference arises from the old tradition that our Lord will appear from the east. It is also believed that the dead in the eastern portion will be the first to rise, then those in the southern, western and northern in order. In England it was once the custom of laying felons and other bad characters on the north side of the church. The custom of laying the dead in a certain direction is responsible for the Welsh designation for the east wind, "The wind of the dead men's feet."—London Express.

Children Cry FOR FLETCHER'S CASTORIA

Essex county sportsmen, farmers and others interested in the conservation of game birds and wild fowl, especially the wild duck, are getting up a petition to the Hon. Minister of Public Works for the better protection of game birds and the abolition of the marketing of wild game.

On Tuesday afternoon a colt belonging to Mr. D. F. Stewart, Ailsa Craig, fell into a well. The rescue gang consisting of about twenty local stalwarts armed with ropes and tackle managed to rescue it little the worse for its escapade though only its nose was above water when work began.

Corns cripple the feet and make walking a torture, yet sure relief in the shape of Holloway's Corn Cure is within reach of all.

The Sacque is Baouque

It might be mentioned that the seal-skin sacque has recently been taken from the racque and happy girls that wear it have the racque of making those less fortunate look baouque. It brings to hubby's mind a great big cheque, he wrote one morning when he was a wreequa. His wife caught him in stories by the peoque and that is how to get it in the neeque. It is too bad the weather now is getting so severe that clinging skirts and fluffy waists can't stand the atmosphere. It really is regretful and almost causes pain, to think the girls must don their sombre winter garb again. For months I have enjoyed them in their angel-like attire, which looked so neat and saucy that I could not but admire. Still, we must like the fashions that the winter days do bring, for girls that grow in Canada look nice in anything. So let us all rejoice, even if our funds are sacque, to notice that the saucy seal-skin sacque is coming baouque.—Sherwood Hart.

Prayer of the Horse

What He Humbly Asks of His Master For Services.

To thee My Master, I offer my prayer: Feed me, water and care for me, and when the day's work is done, provide me with shelter, a clean, dry bed, and a stall wide enough for me to lie down in comfort. Always be kind to me. Talk to me. Your voice often means as much to me as the reins. Do not jerk the reins, and do not whip me when going up hill. Never strike, beat or kick me when I do not understand what you want, but give me a chance to understand you. Watch me and if I fail to do your bidding, see if something is not wrong with my harness or feet.

Do not check me so that I cannot have the free use of my head. If you insist that I wear blinders so that I cannot see behind me, as it was intended, I should, I pray you be careful that the blinders stand well out from my eyes.

Do not overload me, or hitch me where water will drip on me. Keep me well shod. Examine my teeth when I do not eat. I may have an ulcerated tooth, and that, you know, is very painful. Do not fix my head in an unnatural position, or take away my best defense against flies and mosquitoes by cutting off my tail.

I cannot tell you when I am thirsty, so give me clean, cool water often. I cannot tell you in words when I am sick, so watch me and by signs you may know my condition. Give me all possible shelter from the hot sun, and put a blanket on me, not when I am working, but when I am standing in the cold.

Never put a frosty bit in my mouth. First warm it by holding it a moment in your hands. And finally, O My Master, when my useful strength is gone, do not turn me out to starve or freeze, or sell me to some human brute, to be slowly tortured and starved to death; but do Thou My Master, take my life in the kindest way, and your God will reward you Here and Hereafter. You will not consider me irreverent if I ask this in the name of Him who was born in a stable. Amen.—Evening telegram.

The catcher was having an argument with the umpire.

"I'll fix you so you won't be an epidemic any longer," threatened the umpire, beginning to lose his temper.

"What do you mean, I won't be an epidemic any longer?" asked the catcher.

"I'll send you to the bench," returned Charley, "and then you won't be catchin'!"

If you trade in Watford you go home satisfied.

Men talk during courtship; women after marriage.

A successful man may owe it all to his wife's father.

Often a girl encourages a young man just to keep in practice.

There are as many different ways of being mean as there are people.

About the cheapest brand of amusement is watching a pretty woman eating corn off a cob.

China now has 34 electric light plants and plans to add to the list.

Beeswax and turpentine, mixed into a paste, effectively clean bronze.

Holland's production of potato flour is increasing rapidly from year to year.

A patent has been issued for a pencil-holding clip to be fastened to a person's ear.

Direct wireless communication between America and Alaska has been accomplished, the United States army station at Nome, Alaska, frequently exchanging messages with a Russian station in Siberia.

Experiments by the Japanese government of producing camphor by distilling the leaves and branches of camphor trees have reached a stage at which 317 gallons of distillate are produced from each 400 pounds of leaves.

To widen the bases of concrete piles and thus add to their supporting strength a cartridge has been invented to be inserted when work on the pile is begun and exploded later to form a cavity to receive more concrete.

Mothers can easily know when their children are troubled with worms, and they lose no time in applying the best of remedies—Mother Graves' Worm Exterminator.

Dismal Outlook For Workers

Agents, scrutineers or solicitors who work at election time for candidates will have to either turn the cold shoulder to any offer of financial reward or suffer the penalty of going without the satisfaction of recording their own vote.

This new turn in affairs, which will undoubtedly reduce either the number of workers or the number of voters, is caused by a change in the election act of this year.

Should one candidate be flush and another willing to retire if offered sufficient inducement, no money must be used in persuading him to take his name off the list of aspirants. This is another offence under the new law. This latter would apply more to municipal elections than to elections for provincial or dominion representation.

The clause which will cause the greatest consternation in the ranks of the scrutineers is that which says any person acting for pay for a candidate, may not vote. It is a very specific clause, and disqualifies any agent, counsel, solicitor or person who acts in any capacity whatever for pay for any candidate. Inside or outside scrutineers are included in the category. It simply means that candidates' workers must hereafter give their services gratis unless they desire to be disqualified.

Another change in the act prevents the distribution of cards, "respectfully soliciting your vote and influence" on election day. It is apparently lawful to distribute such cards or reminders previous to election day, but on polling day that practice in future will be banned. The penalty is a twenty dollar fine.

A city clerk, who is also returning officer cannot vote at municipal elections, except for bylaws, because of his position. He could vote for a candidate only where there is a tie. His position in such a case would not be an enviable one.

Shiloh

The family remedy for Coughs and Colds. Small dose. Small bottle. Best since 1870.

Cocoanut trees begin to bear at the age of eight years.

Six hundred and twenty acres of land on the shore of Lake Erie, just beyond the mouth of the river and on the Canadian side are to be converted into a Venice for Masons only, at an expense of \$417,000 and a summer population of 10,000 is expected within a few years. The site is about four miles from Amherstburg.

New French automobile wheels are equipped with both pneumatic and solid tires, the latter being slightly smaller and arranged to share the burden when heavy loads depress the former more than ordinarily or they are punctured.

COMMUNICATIONS.

(We do not hold ourselves responsible for opinions expressed by correspondents.)

EDITOR, GUIDE-ADVOCATE.

Sir—Permit me, Mr. Editor, to use a small space in your valuable paper to voice what should be for the good of the community in general and for the man in particular who deserves success.

It is now the time of year when we hear considerable on the streets of the coming municipal elections, and while our Reeve and Council have accomplished a great deal of good work, for which they deserve more credit and thanks than they possibly receive, yet I am of the impression that our present "city fathers" would feel much relieved if the ratepayers would take it upon themselves to induce other prominent men of the town to do their share.

Who is responsible for bringing about two important events which have taken place in Watford the past year, and through the success of these events have brought Watford into the line light in the whole of Western Ontario? I refer to the laying of the corner stone and the opening of the Armory.

In a quiet, strong and determined way, our townsmen, Dr. Kelly, has brought these events to the success they have attained. The Dr. didn't do it all and couldn't have attained these achievements without the help and co-operation of the council and citizens in general, but it was Dr. Kelly's quiet and strong undecurrent that have made these events, as well as others, possible.

It seems to me, therefore, that a man who can move the whole community, as well as many of the prominent men of the Dominion, at his behest, without any apparent exertion on his part, is surely the man to hold the highest position the municipality can give and to keep it in the high standing it has attained. I would therefore suggest that pressure be brought to bear on Dr. Kelly to induce him to take the Reeve's chair for 1914.

T. S. K.

Cowan, Towers & Cowan.

Stewart Cowan has joined the legal firm of Cowan, Towers, of Sarnia, Watford and Oil Springs, and this well known firm is known as Cowan, Towers & Cowan. Mr. Cowan, son of John Cowan, K. C., needs no introduction to the people of Lambton, having resided in Sarnia during his whole lifetime, except during the past seven years, when he was pursuing his studies at Toronto University and Osgoode Hall, Toronto. He was called to the bar during the present term of court. The firm which he now enters is an old and well established one, having been founded by the late Justice Lister. The present members of the firm are John Cowan, K. C., and R. J. Towers. Stewart Cowan is well and favorably known to a large circle of friends throughout the county and we congratulate him on the commencement of his professional career in which we wish him long and continued prosperity.

Extracts From Postal Regulations

The following may be of interest to owners of mail boxes on rural routes.

"It is required that roads on which rural delivery service is established shall be in good condition and so maintained, and that there be no unbridged creeks or streams not fordable at all seasons of the year.

Failure to maintain impassable conditions at all seasons of the year the highway traversed by rural couriers will be considered sufficient reason for the withdrawal of established service from a locality.

SPARKLING EYES AND RUBY LIPS

The Birthright of Every Girl With Rich, Red Blood

The sad eye that goes with bloodlessness is a sure sign of misery and weakness. Anemic—that is bloodless—girls and women have dull, heavy eyes with dark lines underneath. The eyelids are pulled down, looks pale and bloodshot inside. This is not all. Anemia works havoc all through the system; girls grow painfully weak and irritable; they are breathless and incapable of much exertion, while older women who are anemic complain of being "never really well."

There is only one way to brighter, better health for pale, pinning girls and women. That way is to invigorate the body with new blood—the rich, healthy blood that imparts strength, cleanses the system of all impurities, and restores the bright eyes and red lips of perfect health. Thousands of girls and women know that Dr. Williams' Pink Pills for Pale People make this new, rich, red blood, and so restore health and strength more surely than any other medicine known. There would not be an anemic woman or girl in the land if those suffering from this condition would give Dr. Williams' Pink Pills a fair trial. That is why so many recommend these pills to their suffering sisters. Mrs. R. B. Keith, Steves Settlement, N.B., says:—"At the age of 13 my daughter Sadie began to complain of constant headaches, and did not have her usual good appetite. I went to a doctor and got some medicine but it did not help her, and finally she had to discontinue going to school. She seemed to be growing weaker every day and wanted to lie down all the time, and would continually complain of being tired." The doctor gave her another bottle of medicine, but with no better results. There was not a bit of color in her face or lips, and I was afraid she was going into a decline. A friend who was in to see her said "if she was my child I would try Dr. Williams' Pink Pills," and I decided I would take the advice. In a couple of weeks we could see a difference, as her eyes looked brighter, and she would try to eat a little. When she began the pills she could not dress herself alone, but little by little her strength came back until she could go for a walk. She continued the use of the Pills several months with the result that she was again strong and active. This was over two years ago, and she has been a strong healthy girl ever since. We have since used the pills for other purposes and find them a good family medicine."

Dr. Williams' Pink Pills are sold by all medicine dealers, or will be sent by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Wonderful Value

The best dollar's worth offered to-day is a year's subscription to The Family Herald and Weekly Star of Montreal. Any home not now receiving that paper is missing a treat for every member of the family—from the grandfather down to the youngest tot. Try it for a year and you will be convinced. The Publishers will refund your money if you are not satisfied. It is certainly worth your while to try it for one year.

Uncle Mose's Sayings

When she is homesick and he is sick of staying home evenings the poor old love sick business has gone weak in the knees.

Some men think they have married the wrong woman. It is then a safe bet that the wife thinks the same thing.

Some girls can't wait to select the right husband; they are afraid they'll get left.

If a man spends an hour or two in an art gallery studying the curves of the female form divine done in oils or marble he is inspired; let him take a peek at the original model in warm flesh he is degenerate.

Some people who claim to be high born speak truthfully. They may have been born in an attic.

A wife sometimes carries a handsome bag in her hand while her husband carries two at his knees.

Sometimes a man is such a shrewd business man that one is afraid to do business with him.

Some men will put off ordering a new suit for a couple of months, but when they do order it they want it in two days.

The man who is always telling how he is overworked, generally isn't very busy.

Knowledge may be power in anything but making money. A prize fighter will make \$10,000 in an hour while a college professor will make about one-tenth of that amount in a year.

When a man busts a garter when he is dressing he is helpless. Nothing can take the place of that garter. But when a woman wants a garter, anything from an old necktie to the hem of an old sheet will fill the bill.

They're "Seals" This Year
Little Stickers May be Used on Christmas Mail Matter

Last year's confusion in the minds of Canadians, caused by the order of the Post Office officials at first prohibiting Christmas Seals on letters and later permitting their use on the backs of mail matter, has been cleared up this year by the issue of a timely statement from Ottawa, explicitly stating the Department's regulations. The "Stamps" henceforth to be known as "Seals," may be placed on the backs of letters, where they will not confuse mail clerks. They must also be unlike Postage Stamps in design.

A year ago, when the ban was first put on the little tokens of good cheer, the effect on the various charitable societies using them promised to be severe. The National Sanitarium Association, which derives considerable of its support from the Muskoka Free Hospital for Consumptives from their distribution, led the van in a protest to Ottawa and the order was modified. The prompt action of the Department this year, in stating the regulations, will avert last year's uncertainty and more of the Seals will be used this year than ever before in the history of the movement.

Strathroy will be without a covered skating rink this winter.

The death of Harry Thomas, aged twenty-two, eldest son of Mr. and Mrs. John Thomas, of Camlachie, occurred on Monday, November 10th. On the Friday previous to his death he was loading cornstalks in the field, when the horses suddenly started up, throwing him over the back of the wagon, with the result that he sustained severe injuries to his spine which paralyzed him and caused his death.

BOOKS FOR XMAS

SOME OF THE NEW ONES JUST ARRIVED.

- John Barleycorn 10
- The Way of Ambition 10
- The Mart 10
