He was able to predict accurately

Dr. Ellis' experiences during the

DIGBY BOYS WON FROM YARMOUTH

Junior Teams Played An Interesting Game Of Ball.

Yarmouth, August 9—A good game of baseball was played here this evening between the Juniors of Digby and the Academy team of this town. There was a good attendance, particularly of the younger set and the rooting for the home team was loyal. Digby went to bat first, and in the first inning scored one run. In the second they raised their tally by three more, but for the next two Yarmouth held them at a blank. In the fifth they made four more runs, and in the sixth they enhanced their lead by two, with one in each of the eighth and ninth.

The visitors were a much heavier team than the home aggregation and for the first six innings they were held at a blank while the visitors rolled up run after run, and it appeared that the Academy boys would go down with a blank. In the seventh, they rallied slightly and succeeded in getting two runs safe over the plate. In the ninth they made a great stand rally, but too late to win, and for a time had the visitors completely in the air, while the grand mercy go round was in full swing. Before the last man went down in that inning the Yarmouth boys increased their tally by six runs, the score at the close being as follows:

Yarmouth 0 0 0 0 2 0 6 — 8
Digby 1 3 0 4 2 0 1 — 12

The batteries were, Digby—Dakin and Maise; Yarmouth, Moseley, Corning and Crosby.

Tern schooner Omonete, Captain Longstre, arrived at Hillsboro, N.B. on Monday to load plaster for New York.

MANY HAPPY AUGUST EVENTS

Marriages of Particular Interest to Our Readers in Annapolis and Digby Counties

STEADMAN-COSSABOOM
The Baptist Church in Smith's Cove was the scene of a beautiful wedding on Wednesday last, when Miss Nellie Dyer Cossaboom, a daughter of Mr. and Mrs. Wm. M. Cossaboom, became the bride of Joseph Edward Steadman, son of Mr. and Mrs. Allan Steadman, of Young's Cove.

The pretty church on the hill had been most artistically decorated by the girl friends of Miss Cossaboom and was a perfect fitting for the lovely bride, who looked regal in her gown of white satin.

Her veil was of tulle held in place by a coronet of point-duck lace and orange blossoms and carried a shower bouquet of white sweet peas.

The bride was attended by her sister, Mrs. Alistair Cameron MacIntyre as matron of honor and Miss Florence M. Cossaboom as bridesmaid.

Mrs. MacIntyre looked very chic in a French frock of pink and yellow rainbow taffeta; with this she wore a large black tulle hat trimmed with a garland of roses. Miss Florence Cossaboom looked very dainty in a gown of peach crepe de chene and chintilly lace. She also wore a large black hat. Both carried bouquets of white sweet peas.

The bride entered the church on the arm of her father, and walked to the altar to the strains of the wedding march, played in a most finished manner by Miss Frances J. Austin, whose sweet music entertained the guests while they waited for the bride to appear.

Ralph E. Cossitt and Cecil Raymond acted as ushers and attended to seating the guests who filled the church to overflowing.

George Opodyke attended the groom as best man.

The ceremony was performed by the Rev. A. M. McIntach, the double ring service being used.

After the wedding the guests walked over the fields to the Cossaboom home, to congratulate the happy pair, and then were given an opportunity to see the many beautiful gowns worn by the ladies present.

Mrs. Cossaboom's gown was dark blue georgette embroidered in bronze beads; with this she wore a black lace hat. Mrs. Ralph Shepard, another sister of the bride, looked entrancing in a lavender organdy with a hat to match.

Space is too limited to describe the many beautiful costumes worn by the fair guests from many parts of Canada and the United States. The wedding supper was served in the Harbor View House and over two hundred sat down to a delicious repast which had been prepared by the excellent chef of that house. The bride's table was decorated with white snap-dragon and candytuft arranged in a large wreath around the three tier bride-cake. The guest tables were decorated with sweet peas and the dining-room presented a beautiful and artistic picture. The happy pair left by motor for a trip through the province. On their return they will reside in Bear River where Mr. Steadman is principal of the school.

The bride's travelling costume was sand color tulle and embroidered in self tones; with this she wore a toque of sand and blue. The feathery presents there were many and beautiful. Among them were exquisite sets of china, glass and silver, all attesting to the popularity of the bride. She received many substantial checks, one being a present from the groom.

PARKER-STEEVES
A wedding of much interest was solemnized at the home of Rev. O. E. and Mrs. Steeves, Clementsville, on Wednesday morning at 10 o'clock, when Hazel B. Steeves, eldest daughter of the officiating clergyman, became the bride of Oswald Waldo Parker, of Wakefield, (Mass.) The spacious drawing room had been tastefully decorated for the occasion by girl friends. The bridal party stood beneath an arch of green and white. The bride entered the drawing room on the arm of her father, and was girlishly lovely in an embroidered suit of blue garbardin with hat to match. She wore a dia-

mond lavalier, the gift of the groom, and carried a shower bouquet of pink roses and streamers of narrow white ribbon fastened in tiny lovers' knots. She was attended by her sister, Miss Helen Steeves, gowned in peach georgette over taffeta with black picture hat, and carried a bouquet of white roses. The bridegroom was supported by his brother, Harry Parker, Middleton. The wedding march was played by Miss Georgie Balcom, graduate from Acadia in piano with the class '15. The double ring ceremony was impressively and appropriately performed by the bride's father. At the conclusion of the ceremony Miss Georgie Balcom sang very sweetly. Following congratulations, a buffet luncheon was served. Amid a shower of confetti and farewells, the happy couple departed by automobile for Annapolis Royal en route to Halifax, Quebec, Montreal, and New York. Later they will return to their future home in Melrose, (Mass.) Many gifts were received, including chest of silver, cut glass, linen, and substantial cheques. Among out of town guests were: Mr. and Mrs. Ira D. Parker, Mrs. Perley Ward, and Mr. Harry Parker, Middleton; Mr. and Mrs. Fred Warner, Plympton; Mrs. (Capt.) Leon Everett, New York; Mrs. Vernon Marshall, Boston; Mrs. G. Clifford Smith, Ottawa; Mr. C. B. Manzer, Commerce member of Class '16 Acadia College and now is a Public Accountant in Boston, (Mass.) The bride is a graduate of Acadia College, class '16. Mr. and Mrs. Parker carry with them the good wishes of their many home friends.

POTTER-HICKS
The Methodist Church, Clements-ville, was the scene of a pretty wedding on Wednesday, Aug. 10th, at 2 p.m., when Lillian Ruth, youngest daughter of Herbert Hicks, became the bride of Howard Gordon Potter. The church was decorated by the girl friends of the bride, with golden glow and ferns, the bridal party standing under a wedding bell of water lilies. Ribbons were suspended from the bell and held by the ushers, who were Katherine Parker and Dolly Powers, members of Miss Hicks' Sunday School class. The bride was attired in white satin with silk lace trimmings and wore the conventional bridal veil held in place by a band of pearls. The groom was over-seated with the 85th battalion. The wedding march was played by Miss Mable Ingham, of Somerville, (Mass.), and the ceremony was performed by Rev. W. H. Langille, of Bridgetown. As the party left the altar the ushers drew the ribbons and the bridal party were showered with confetti. After refreshments were served at the home of the bride's father the happy couple dressed in khaki suits, left on their honeymoon which will be spent camped at Millford. Among the out of town guests, were the following: Mrs. A. M. Richardson, New Hampshire; Mrs. H. Lanbinger, Somerville, Mass.; Mrs. J. Liggett, Chicago, Ill.; Miss Coggins, Berwick; Mrs. Rupert Peters, Westport; Miss Ingham, Somerville, Mass.; Mrs. J. Harry Hicks, Rev. and Mrs. W. H. Langille, Mr. and Mrs. Ralph Berry, Bridgetown; Mrs. T. Bateman, Mrs. G. Wells, Mrs. G. Saunders, Mrs. G. Rice, Mrs. E. Wentzell and Mrs. D. Weir, all of Annapolis.

ILLISLEY-JACKSON
An event of social interest took place in the Clarence Church on Wednesday 10th, at 9.30 a.m., when Miss Edith Gertrude, daughter of Mr. and Mrs. Avar Jackson, was united in marriage to Mr. Emmerson A. Illisley, of Lakeville, Kings Co., N.S. While the wedding march was being played by Mrs. V. B. Messenger, the bride entered the church accompanied by her father, where she took her place beside the groom, under an arch of Hemlock and Queen Anne lace. Rev. A. H. Whitman, of Lawrencetown, performed the impressive ceremony, assisted by Rev. I. A. Corbett, of Canso. The bride wore a navy blue travelling suit and carried a bouquet of bridal roses. The ushers were Messrs. Clyde Wilson, Gordon and Earle Banks, and Harold Marshall, all cousins of the bride. Immediately following the ceremony the wedding party returned to the bride's home, where a wedding breakfast was served, after which the happy couple motored to Paradise, en route to Yarmouth, and other points of interest. On their return they will reside at Lakeville, where

ODDFELLOWS' GRAND LODGE

Over 1200 Attended the Session Held in Halifax Last Week.

Over 1200 Odd Fellows, Rebekahs and their friends who attended the Grand Encampment, Grand Lodge and Rebekah Assembly in Halifax Tuesday, Wednesday and Thursday, have left for their homes, the session having ended last Thursday evening, when a band concert, attended by about 5,000 people, was held in their honor at the Public Gardens. It was announced that nearly 1250 had registered during the three days, including about 400 Odd Fellows and their friends, who came in on the excursion from Dominion Atlantic points.

Truro won out in the fight for next year's meeting, although several other places put up attractive offers. The Grand Lodge meeting takes place the second Wednesday in August of each year, the Grand Encampment and the Rebekah Assembly going to the same place and at the same time.

The committee which has had in hand the matter of establishing a home for Odd Fellows in the Maritime Provinces, the chairman of which is W. Stetson Rogers, of Halifax, was asked, after a brief discussion on the point, to consider it during the ensuing year, and report to the lodges by June 1st next, so that some action may be taken next year. Meanwhile all propositions will be investigated fully. This action was taken largely on the advice of Grand Sire Joseph Oliver, of Toronto, who urged the Grand Lodge to proceed carefully, and told of the difficulties met with in Ontario when the first Odd Fellows' home was built in that province.

In all, \$65,000 has now been subscribed for this home, \$54,000 by the Odd Fellows and \$11,000 by the Rebekahs. Included in the subscriptions was \$1,000 given by John A. Craig, of Yarmouth, past grand master and this year elected Grand Representative. Mr. Craig had promised to give \$1,000 if the total fund reached \$50,000 or over. The new officers are:

Grand Master—Charles L. Wood, Windsor.
Deputy Grand Master—R. E. MacLeod, Inverness.
Grand Warden—W. A. MacKay, Truro.
Grand Secretary—J. J. MacKinnon, Charlottetown.
Grand Treasurer—J. M. Donovan, Halifax.
Grand Representative—John A. Craig, Yarmouth.
Grand Chaplain—Rev. G. W. Whitman, Granville Ferry.
Grand Herald—Murdoch M. MacKenzie, Pictou.
Grand Conductor—George Grimes, St. John's, Nfld.
Grand Marshal—A. E. Jener, St. John.
Grand Guardian—Thomas W. Baker, Woodstock.

The officers were installed by the Grand Sire, assisted by Past Grand Master D. G. Whidden, of Antigonish. The Grand Sire, for the first time in the history of the Maritime jurisdiction, was in the chair at Thursday afternoon's session. In the morning W. T. Hamilton, of Fort William, Grand Master of Ontario, was in the chair.

One of the most pleasing functions of the whole meeting took place, when J. H. Balcom, of Halifax, was presented by the Grand Sire, for the Grand Lodge, with a beautiful silver service, on his retirement from the service, of Grand Treasurer, which he had occupied for 27 years.

A resolution was passed appreciating the action of the Ancient Order of Hibernians, for advancing the date of their convention one week, so as to allow the Odd Fellows to have this week in Halifax and facilitate the accommodation of delegates, which was in the hands of the housing committee, under the chairmanship of F. Scriven.

At the meeting of the Rebekah Assembly Mrs. Fred E. Bath, of Bridgetown, was installed Grand Conductor and Mrs. J. W. Peters of Bridgetown, assisted in the installation of the officers.

QUEBEC GIRL SWIMS ACROSS ST. LAWRENCE
Quebec, Aug. 9—Miss Frances C. Caisley, swimming instructor of the Y.M.C.A., successfully accomplished the feat of swimming across the St. Lawrence River to-day between the cliffs of Quebec and Levis as well as from the riverside. The young lady has the honor of being the first to attempt the cross-river swim which was about one mile distant, but which had to be fought all the way owing to a very powerful current.

The distance was crossed in 36½ minutes, Miss Caisley finishing almost as fresh as when she started. She used the breast stroke the entire distance.

The Most Wonderful of All Medicines

W. A. Warren, Phm. B., Your Druggist, Has Secured the Agency for This Great Stimulating and Invigorating Tonic

REDMAC

It is made from Herbs, Roots and Plants, gathered from The Jungles of The World

It Makes You Feel a Different Person After a Few Doses

Science is bringing us something new every day, especially is this true in Medicine, as much has been found out in the last five years as in fifty years before.

We have discovered at last, there lies in the Sleepy forests and Jungles the greatest medicine for the healing of diseases, the dumb animals knew this, from the beginning of creation, as soon as they felt out of sorts, they found their appetite was not good, or they had a pain, their liver was not working, they immediately went to one of these Herbs, they knew which one to go to for their particular ailment and they knew that by eating such they would be put right, nature has endowed them with this instinct.

Redmac the Tonic has brought to you this wonderful medicine from far away, but instead of having to eat the herbs as the animals do, the medicinal properties have been extracted and concentrated, and you have them in a palatable form, in liquid.

If you are troubled with stomach trouble, indigestion, or you feel out of sorts, no ambition, no energy to do your work, your appetite is not good, you feel tired, sleepy and all run down, Redmac comes to you to put you right. You will wake up in the morning feeling bright, no bad taste in the mouth, life will be worth living, you will see things in a different light. That little ailment that you have, if left to go on doing its deadly harmful work, no one knows what may develop from same, if you do not drive it away. The road to happiness is good health.

Redmac comes to put you on that road, you will be surprised and pleased at the results. Remember this Tonic is purely Vegetable. No harm can come from taking it—only good—then start today. Go and get a bottle before it is all gone. A large bottle can be procured at a trifle. You could not get the same results for ten times the money in any other way.

It creates an appetite, drives away that pain after eating, and places your stomach in a good healthy state.

You will have lots of energy, pep and ambition. It purifies the blood, regulates the liver and kidneys, and will drive away that pain in the back. To bring Redmac into your home brings the greatest blessing and happiness.

We don't claim Redmac to remove every disease, but we strongly advise you to try it, no matter what your ailment is. It can only do you good, in any case, and it may be just the thing you needed.

Get the genuine. Every package has the head of an Indian Chief on same. Mr. Warren has been appointed special agent for Redmac, and has just received a large shipment from the manufacturers.

Sold in Bridgetown by W. A. Warren, The Rexall Store. In Annapolis Royal at Atlee's Drug Store. In Bear River at the Bear River Drug Store.

What She Found

Mrs. Jobson had gone away from home, leaving Mr. J. lamenting. On arriving at her destination she missed her gold brooch and sent a postcard to her servant, asking the girl to let her know if she found anything on the dining room floor when sweeping it next morning. The servant duly replied: "Dear Madam—You ask me to let you know if I found anything when sweeping the dining room floor this morning. I beg to report that I found thirty matches, three corks, and a pack of cards." Mrs. J. returned home.

LABOR DAY IN BRIDGETOWN

Everything is pointing towards a successful celebration in Bridgetown for Labor Day. Mr. A. C. Charlton, chairman of the entertainment committee, informs us that he has secured the best Vaudeville company in Halifax to give an entertainment before the grand stand, both afternoon and evening.

THE HARVEST EXCURSION

The following announcement was issued by the C.P.R. Wednesday. The second harvesters' excursion advertised to be run from St. John on August 17th, will be cancelled owing to the fact that the first excursions run by the railway have sent forward sufficient help to meet the demands at this date.

ANOTHER SUCCESSFUL MOVING EVENT

The Digby Courier says: W. A. Chute, of Bear River, has just completed moving two residences at Mt. Pleasant, those of Leo VanTassel and Anstin VanTassel. The former, which was some distance from the road, had been brought forward several hundred feet, and the latter was moved to the street a little beyond Leander Woodworth's.

Local Happenings

There will be no service in St. Mary's Church, Belleisle, to-morrow (Thursday) evening.

Lieutenant W. H. Stronach was successful in obtaining five prizes at the recent Rifle Association meet at Bedford.

We wish to call particular attention to Mr. MacCoy's adv. in this issue. Farmers can be supplied with help on application.

Several Bridgetown merchants are busily engaged in building floats for the Labor Day parade, which promises to be a good one.

The thanks of the Bridgetown Public Library Society are due to Mrs. Hector McLean for a set of Scott's novels and other works recently donated.

A supper and social will be held in the school house at Ingewood to-morrow (Thursday) evening under the auspices of the school committee. Proceeds for repairing school house.

Mr. Elburne Nichols, maker of auto tops, who is one of the MONITOR'S regular advertisers, is noticing the effect of our Digby County circulation. He has recently received many customers from Digby, among whom were Mr. Geo. Condon, and Mr. W. L. Holdsworth.

Next Wednesday afternoon, August 24th, the members of Crescent and Autumn Leaf Lodges, I.O.O.F., will hold a picnic at Clementsport. Transportation will be furnished for all. Those who desire to go will please apply to Mr. C. L. Piggott, chairman of the Transportation Committee.

LARGE STRAWBERRIES

(Kentville Chronicle) While the present season was an extremely disappointing one in strawberry production on dry soil, Mrs. Noble Sanford, at Coldbrook, had an unusual return from a small plot.

On a strip of ground 1 1/2 rods wide and 16 rods long, she produced 1,500 boxes of berries. They were extra good ones also, as Mrs. Sanford forwarded us a box, and they were the largest we saw produced in Nova Scotia this year.

CARD OF THANKS

Windsor is Defeated by Middleton

Windsor, August 10—In the baseball game for the championship of the Valley League, Middleton defeated Windsor here to-day 5 to 3. It was an exciting contest. Windsor had a half holiday, and the grand stand was crowded with spectators. The game was keenly contested throughout. Wigmore, Windsor's sturdy pitcher, played a star game, his spectacular run in the eighth inning won round after round of applause from the home fans. Although they failed to land the championship this year, the Windsor vets are to be congratulated on their splendid play. This is the first season this town has put a team in the league, whereas Middleton has 30 to 40 players to pick from.

Wigmore fell in the seventh inning, hurting his pitching hand, but he pluckily held to the ball and batted his best in the eighth.

The umpires were Mackenzie and Mackie. The lineups:

Windsor—Wigmore p., Marrel c., Mounce 1 st., Black 2nd, W. Singer 3rd, H. Smith s. s., F. Clark r. f., Fogarty, l. f., M. Singer c. f., Middleton—Dodge p., Bowly c., Andrews 1st., B. Phinney 2nd., B. A. Fisher 3rd., Harlow s. s., Fisher l. f., J. Reagh c. f., Foster r. f.

The summary: Hits off Dodge, 8; off Wigmore, 6. Errors: Middleton, 6; Windsor, 6. Stolen bases: Middleton, 1.

If you enjoy good music, and if you have refrained from investigating the Amberola because you naturally believe it to be expensive, come in today, ask us for full information. The low price of the Amberola will astonish you—particularly when you hear the convenient payment terms which we will be happy to arrange.

FUNERAL OF A. W. SMITH

Impressive Ceremonies Were Held At Grave of Another Victim of an Auto Crash

Kentville, Aug. 9—An immense throng of people gathered this afternoon to pay their last tribute to Allison Wylie Smith, victim of the auto accident at Wolfville, Sunday. The services were conducted at the home at 2:45 o'clock, with Masonic honors. A short address was delivered by Rev. A. M. Bent, rector of St. James', and prayer was offered by Rev. R. B. Layton, of St. Paul's, Rock of Ages was sung by St. James' choir. A male quartette, composed of A. B. Clark, John Clark, S. L. Cross and Burpee McGowan, sang two selections: "Beautiful Land" and "Some Time Some Where".

The pall bearers were brother Masons, James Merkel, W. A. Hiltz, Gordon Embree, Harold Pelton, Fred Wardrobe and William Quilty. The wealth of floral offerings completely covered the casket. At the close of the service the remains were conveyed to the grave, preceded by Kentville Lodge, A. F. and A. M., followed by an auto filled with flowers and accompanied by a long procession of autos, teams and pedestrians. The last rites were performed at the "Oaks" by the Masonic order.

BRIDGETOWN BOYS BEAT WOLFVILLE

Wolfville, August 10—The Bridgetown Juniors, who have not lost a game since their defeat by Annapolis, aided by a couple of seniors in their opening match of the Junior League series, emerged victoriously from their contest with the Wolfville Taxis on Porter's Hill this afternoon. It was a close match from start to finish. Both sides suffered from errors in the fourth innings, but those of Wolfville proved the most expensive, since Bridgetown scored three runs, and Wolfville only one when they had a chance of equalizing.

Likewise in the eighth, when it looked odds in Wolfville's favor to equalize and more, they only got one home, bad judgment preventing the other two to succeed, as well as enabling Bridgetown to steal and then run in the last innings, to which the home lads failed to respond, and had to acknowledge defeat by four to two. The teams were: Bridgetown—Hoyt c, Todd 2 b, Troop c, Longmire s, Roberts p, Fay 1 b, Gatti 1 b, Williams r, f, Little 3 b, Mr. Geo. Dixon, base umpire. Wolfville—Bartea c, Kennedy c, f, Taylor s, s, Kinney 2 b, Russell r, f, V. Rand 3 b, G. Rand 1 b, Taylor s, s, Kenney 2 b, Russell r, f, V. Rand 3 b, G. Rand 1 b, Smiley c, f, Blair Elderkin p, Fred Eagles, umpire.

CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months, and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints. Concerning them Mrs. Fred Ross, of South Bay, Ont., says: "I feel Baby's Own Tablets saved the life of our baby when she had cholera infantum and I would not be without them." The Tablets are sold by medicine dealers or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

FRUIT SEASON OPENS IN VALLEY

First Apples Shipped From Berwick On August 1st.

(Berwick Register)
The first shipment of 1921 apples from Berwick—and we believe we might be safe in saying the Annapolis Valley—was made on August 1st, when six barrels of Astrachans went from Berwick over the D.A.R. to Halifax, the growers and consignors being Messrs. L. L. Caldwell of Somerset and B. B. Spicer, Welsford. Another shipment of Crispin Beauties from Mr. D. B. Fuller's orchard, went out from Berwick yesterday. We believe this constitutes a record for early apples in Nova Scotia, as last year the first apples to be shipped from Berwick station were sent out on August 12th.

NO HAPPY MEDIUM

(Berwick Register)
After a scorching July—the hottest for many years—August was ushered in with a noticeable change to cooler weather. While the first day of the eighth month brought relief from the intense heat of July, the sudden drop in temperature was almost suggestive of winter garments. Isn't it strange how elusive is the happy medium.

HE FEELS FINE IN MORNING NOW

Dartmouth Man Says He Found Relief After Years of Suffering by Taking Tania

"For four long years I suffered beyond words with the worst kind of stomach trouble, but thanks to Tania, I am now a well man and can enjoy three good square meals a day," said Robert Langille, who lives on Tulip St., Dartmouth, N. S.

"I couldn't eat a thing but what would sour and ferment on my stomach and I would bloat up with gas until I would almost suffocate. I lost all desire for food and was really afraid to eat because of what I would suffer afterwards. I was constipated and had dull throbbing headaches. For hours at night I would roll and toss from one side of the bed to the other, and when I got up in the morning I just felt all in and unfit for my day's work."

"After taking only a few bottles of Tania all my ailments have disappeared and I am feeling as well as I ever did in my life. My appetite is splendid and I can eat things that I haven't dared touch for years and never suffer the least bit from sourness, gas, or indigestion. I am no longer bothered with constipation or headaches and I sleep so well at night that I get up in the morning feeling just grand."

Tania is sold in Bridgetown by S. N. Wearne and by leading druggists everywhere.

TWO OUT

(From the Brooklyn Eagle)
The baseball fan takes his small daughter to see her first (and last) game.

"See that place in the centre? That's called the diamond."

"Daddy, can I have an ice cream cone?"

"That beautiful lawn is the outfield."

"Why can't we sit down on those other seats?"

"That man in the blue suit is called the umpire."

"Daddy, I want an almond bar."

"That bell means that the game is going to start."

"What has that man in the white coat and hat got in his basket?"

"Watch that man with the bat; he's trying to hit the ball."

"What does it say on those flags over there?"

"Where the man stands is called the home plate."

"Daddy, that fat man bought some popcorn! Why don't you buy some, daddy?"

"Watch the ball; see it go?"

"Daddy, why don't you buy some popcorn?"

"See that man catch the ball? That's one out."

"It says 'Peanuts' on that man's hat, daddy."

"Let's go."

Two out.—Brooklyn Eagle.

SPORTS AT WINDSOR

(Hants Journal)

Our Cricket team put over a nice win at Kentville and have only lost the game played at Bridgetown, when Caudle was injured. We do not throw over our wince, neither do we like the idea of other teams trying to make us eat crow. That was a nice defeat we handed Bridgetown when they played our town team here. Our sports such as Baseball, Cricket and Curling should all come together and a Municipal Athletic field would take care of the outdoor sports.

STEAM IS USED IN NEW \$1000 CARS

American Manufacturers To Market Unique Motor Car of Simple Design

Rumours current at the New York and Chicago shows that an important enterprise in steam motors is soon to be launched have been definitely confirmed by an Indianapolis, Ind., capitalist and representative of large steam interests.

He announced that he will manufacture and market a five passenger six cylinder steam touring car of 110 inch wheel base, with electric lighting and starting, to retail at about \$1000 in the States.

On the same chassis he will also build a commercial speed wagon for all light delivery purposes. The boiler is of the combination fire-and-water-tube type, so arranged that it will go under a hood of any shape.

The insulated steam line leads directly to the rear axle with divided flow to each half of the axle, the direct application of the steam to the wheels absolutely eliminating the gearing differential.

The rear axle is the engine, or the engine is the rear axle, which ever way you choose to consider it.

Engine, axle and differential function all in one, the engine in its housing being just about the size of the ordinary rear axle gear case. The housing of each half of the axle carries three fixed cylinders set at 120 degrees apart, or one third the circle. These cylinders are exactly like those of the automobile engine, with poppet valves, pistons and connecting rods. The bore is 2 3/4 inches, stroke 3 inches. Three connecting rods in each half are pivoted to a crank pin integral with the drive shaft of each wheel. At a speed of forty miles an hour the engine is running at the very low speed of 500 revolutions per minute.

It will be observed that an overlapping stroke is obtained. Before one cylinder is entirely off pressure another has begun to take hold and the third is completing its exhaust.

In tests the cars are doing 20 to 40 miles on one gallon of kerosene.

With the steam and water cycle, one filling of the water tank runs the cars from 100 to 200 miles.

The exhaust steam is taken by the return pipe to the condenser, which is located in front of the boiler in the position of the ordinary radiator.

The initial heating for starting is electrical, controlled by a switch on the cowl board.

The vital point of difference between the steam car and the other is its store of reserve energy.

In the new car the great energy stored in the boiler is always instantaneously available. It is built up in advance, is on tap for any emergency. It does not have to wait on combustion. It is a constant flow of power—free from the vibrations.

The flywheel is its only point of storage and power can be stored there only by speeding up—after the need of extra power is on the car.

The car completely equipped, weighs less than 1800 pounds.

NEWSPAPER COSTS

(From the Brantford Expositor)

The reason the newspaper morgue is so full is shown by an editor who has been investigating the cause of so many newspaper demises. He figures out that in 1907 wages were at 100. In 1914 they had advanced to 178, and in 1921 the figure was 338. Newsprint from 100 jumped to 177 in 1914, and to 822 in 1921. Newspaper postage, which cost the normal of 100 in 1907, was 147 in 1914, and 337 in 1921. It was 100 in 1907, 200 in 1914, and to-day stands at 331. Editorial expense jumped from 100 in 1907 to 120 in 1914, and 241 in 1921. Miscellaneous expenses went from 100 in 1907 to 125 in 1914, and to 244 in 1921. Taking the average of all newspaper costs, it was found that while the average in 1907 was 100, in 1914 it was 159, and in 1921 it reached the high mark of 411. It is not surprising with such figures that over 4,000 newspaper publications have gone out of existence in the United States and a corresponding number in Canada.

ANOTHER GOOD C.P.R. FEATURE

To have baggage examined by the customs officials before arrival at the port, and checked to its inland destination, is one of the most highly appreciated features of service on the Canadian Pacific Express lines arriving at Quebec. By putting customs officials and a staff of baggage checkers on board of the Express ships at Father Point the C.P.R. overcomes the long and sometimes tedious delay otherwise experienced, and by the time that the ship docks at Quebec the special trains in readiness there to convey passengers to their inland destinations, and through this service able to proceed immediately.

Interesting Facts About Sea Fishes

SWORDFISH

Some Atlantic fishermen say:—"Where you see swordfish you may know that mackerel are about". Corollarily, it is he so, where you know there are mackerel you may look with assurance for swordfish.

Fishermen who seek the swordfish off our Nova Scotia coast, as well as scientific men, will hardly support this statement. While the mackerel make their appearance early in May, swordfish are seldom taken until August, so that if they are seeking the mackerel for food they're a bit late unless they expect to meet the schools on their southward migration.

The swordfish does appear to follow the same course as the mackerel up the Atlantic coast and Professor Goode would intimate that along the New England coast they follow quite close upon them.

The fishermen of Nova Scotia spear the swordfish. A platform, specially built and elevated upon the bowsprit, gives the observer, who is also the spearthrower, a commanding position. It swims near the surface, allowing its dorsal fin to appear above the water as also the upper lobe of the caudal. It frequently leaps out of the water, and none of all the fishes of the sea can swim more swiftly or is more agile in its movements. The observer when he sees the fish breaking water, must be quick to throw the lance. When the weapon does go home the fisherman must prepare for a lot of deep, because no creature of the deep has such a pugnacious disposition. It is played out and finally hoisted on board. The same method of capture is employed in fishing the tuna or horse mackerel on the Nova Scotia coast.

The swordfish derives its name from the fact that the bones of the upper jaw are consolidated into an elongated sword. This is its chief weapon of attack. The teeth are wholly wanting, there are no ventral fins, while the second of the two fins on the back is reduced to a slight finlet. The pointed head, the fins of the back and abdomen snugly fitting into grooves, the absence of ventral fins, slim, muscular body, adapt the fish for swift and powerful progression.

Professor Richard Owen, testifying in a British court as to the power of the swordfish, said:

"It strikes with the accumulated force of fifteen double handed hammers. Its velocity is equal to that of a swivel-shot, and is as dangerous in its effect as a heavy artillery projectile."

Professor Goode adds:

"Many very curious instances are on record of the encounters of this fish with other fishes, or of their attacks upon ships. What can be the inducement for it to attack objects so much larger than itself it is hard to surmise.

"It surely seems as if a temporary insanity sometimes takes possession of the fish. It is not strange that, when harpooned, it should retaliate by attacking its assailant. An old swordfish fisherman told Mr. Blackford that his vessel had been struck twenty times. There are, however, many instances of entirely unprovoked attack on vessels at sea.

"It is the universal testimony of our fishermen that two are never seen swimming close together. Captain Ashby says that they are always distant from each other at least thirty or forty feet.

"The pugnacity of the swordfish has become a byword. Without any special effort on my part numerous instances of their attack upon vessels have in the last ten years found their way into the pigeon-hole labelled 'swordfish.'"

Swordfish are common on both the European and American shores of the Atlantic. They do not breed on our shores, but probably do so in the Mediterranean and other warm seas. They undergo great change in the process of development. The very young ones have the head armed

with rough spines and in nowise resemble the adults.

The swordfish is available in the Canadian markets most plentifully during the months of August and September. As a food fish it is one of the best, its dark-colored, oily, flesh making excellent steaks. Its average weight is three hundred and twenty-five pounds, and it attains a length of fifteen feet.

Nova Scotia fishermen in 1919 captured fish of the species to the value of \$96,017, representing a weight of 741,100 pounds. It was practically all marketed fresh.

NEWSPAPERS

(From the Vancouver Sun)

In the course of its travels the newspaper goes into some very curious places. The huge rolls of paper on the press receive the imprint of type and come out in thousands of copies, each exactly alike. Like peas in a pod these copies go through the various stages of circulation. It is only when each copy reaches its ultimate destination that it takes on a character, an individuality of its own. Sometimes an old torn newspaper is picked up in the desert or on the plains, and seems like a breath of civilization to the foot-sore and weary traveller who longs for the fresh spots of comfort. Sometimes the home newspaper turns up in a foreign land and carries a tender message to the man who is forced to temporary exile. It means a great deal then, even though it be a week or a month old. Everywhere, every day, the newspapers leave the press to start on a journey of service across continents, oceans, mountains and plains. Everywhere they carry the news of the world—to the man on the street, to the old greybeard by the fireside and to the child in his cot. But if each copy of a newspaper had a soul, and a mind and a tongue to talk, it might wish to choose its own journey. And of all the places where newspapers go we think perhaps these copies would like best to find themselves in the sick room. A paper that goes into the places where weak, emaciated people lie, where hopeless men and women lift up their thin arms to spread the sheets to the light, has a great and enviable service to perform. To these sick ones, cut off from the world's activities by bodily ailments, the paper brings all the cities of the earth; it allows them to sit in the visitors' galleries of identified Parliaments. It takes them to every country on the globe, to the seaside, to the cool mountains, or to any spot where their fancy or their memory would lead them. And in doing all these things the newspaper perhaps eases some of their pain and takes away some of their hopelessness. This is part of the service which the daily newspaper willingly, gladly and regularly performs.

LITTLE GIRL MURDERED AT ST. JOHN

St. John, N. B., Aug. 9.—One of the most gruesome murders on record in the annals of crime in this city came to light this morning when the body of little Sadie McAuley, aged nine years, was found hidden beneath two large boulders on the hill leading down to Marble Cove, the victim of a human monster. The child had evidently been criminally assaulted and then murdered. A large boulder had been unheeded and the body placed in the hole, the legs doubled up and covered with another large flat rock, which, with the aid of a little earth and leaves, entirely obscured the body.

This morning a boy named James Kimball was picking berries on the hill and stepped on a large boulder which he moved, and he felt backwards, disclosing the body.

STOPPED AT YARMOUTH

A man halting from Halifax was stopped by Chief of Police Gill at Yarmouth on Tuesday evening of last week, as he was about to board the Prince George for Boston. The arrest was made on advices from Halifax that the man was attempting to leave the country without first settling a board bill he had contracted, amounting to \$220.37. The man was held in jail there awaiting further instructions from that city.

The Modern Mary

Mary had a little calf that she found was a scrub. She sold it, bought a pure-bred one, and joined the Girl's Calf Club. To-day her other pure-bred calves sport ribbons from the show. And little Mary may be seen in her own big auto.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for babies. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The well known hospitality of Round Hill was extended to the visiting clergy. All return home with very pleasant memories of still another successful meeting. The next meeting will take place (D.V.) in Annapolis Royal next December.

SUCCESSFUL EVENT AT LOWER GRANVILLE Bible Class Anniversary The Island Bible Class held its second anniversary in the Union Church on Thursday evening, July 28th. The church was well filled with an interested and attractive audience. Capt. J. V. Robble, President of the class, in a few well chosen words, opened the proceedings, which consisted of a solo by Rev. H. P. and Mrs. Patterson, a song by William H. Robble and Miss Siebert, and addresses by Archdeacon Watson, Reverend Messrs. Brindley, Pat-

erson and McWilliam and greetings from the Kardale Bible Class extended by the President of that class, E. H. Porter, congratulating the Island class upon the wonderful success attending their Bible study and the growing interest manifested by the large and appreciative audience. Appropriate music was interspersed and then Rev. Mr. Brindley closed the proceedings with prayer. The President then extended a cordial invitation to the members of both classes and all who took a friendly interest and part in the proceedings to go to his house and partake of refreshments. This was readily accepted and his spacious rooms were soon full of enthusiastic and happy people who enjoyed ice cream and cake bountifully supplied. At a late hour the company broke up, all expressing the opinion that it was the best occasion of the kind they had ever attended.

Mr. Baggott bears the distinction of being the one chosen to star in "The Eagle's Eye," the big Secret Service story, written by Chief of the U. S. Service William Flynn, and produced by the government during the war. Ottawa, Aug. 12—R. B. Maxwell, Dominion President G. W. V. LOCAL DEATH ROLL HIRAM G. BETTS (St. John Telegraph) By the death of Hiram G. Betts, who passed away at the General Public Hospital Wednesday morning, St. John loses an estimable citizen and a man who at one time occupied a prominent position in the community. Mr. Betts was born in Clementsport, (N.S.), but received his education almost entirely in this city. He attended the classes of the old St. John Grammar School in Horsefield street, at that time under the principalship of Dr. James Hutchinson, and took a high rank in all the subjects of the course. After leaving school he carried on a commission and warehouse business with success until the great fire of 1877 destroyed the greater part of the city. He also built and owned several schooners. In 1877 he was appointed clerk in the mayor's office and was a most capable official during the strenuous days following the great fire. Subsequently he determined to study law and was enrolled as a barrister in October, 1881. He at first practiced his profession in St. John, but after some years moved to Boston and later to New York. In both of which cities he practiced law with marked success. Mr. Betts returned to St. John about eight years ago and owing to failing health had lived quite a retired life. In his younger days Mr. Betts was very prominent in the Masonic fraternity. He was a Past Master of St. John's Lodge, No. 2, and Secretary of this lodge for several years. He was also High Priest of Carleton Chapter for one year and a Knight Templar in the encampment of St. John. Mr. Betts was of Loyalist stock. He was a man of keen and vigorous intellect, loyal to his friends and a most patriotic citizen. His death will be much regretted by a wide circle of friends. He leaves two sisters: Mrs. John R. Elliott and Miss Elizabeth Betts, of Grandville, (N.S.), and one brother, Craven L. Betts, of New York City. Mrs. George G. Hare, of this city, is a niece, and Dr. James Manning a nephew. Interment will be made at Bear River, (N.S.), on Friday.

WILMER H. HORSFALL The death occurred on Wednesday morning, August 10th, at Upper Clements, of Wilmer H. Horsfall, at the age of 67 years. Mr. Horsfall was a son of the late James Horsfall, a native of England, who was for many years engaged in the dry goods business in St. John, (N.B.), the firm of Horsfall & Sheraton, of which he was the head, being one of the largest of its time. When Mr. Horsfall, senior, retired from business about 1870 he removed to Annapolis Royal and purchased the well known Ryerson Farm, where the family has since resided. The deceased, Wilmer H. Horsfall, has carried on the farming business for many years and was a man of sterling qualities. His candor, in tergity and straight-forwardness were natural and unaffected and he was highly regarded by everyone in this community. He had been ill for the past two or three years, and his death was not unexpected. He leaves a widow, Mary LeCain, and two children, James, who served three years overseas in the late war, and Zaidee, a student at Kings College, Windsor; Edward L. Horsfall, of Newton, (Mass.), and Dr. Arthur Horsfall, of Annapolis Royal, are brothers, and Mrs. Harris, wife of Chief Justice Harris, is a sister of the deceased.

BRIDGETOWN CRICKET CLUB

They Play Their Best Game of the Season At Halifax Last Saturday. Although defeated in a two innings game by 194 runs to 182, the Bridgetown eleven gave an excellent display of cricket at the admiralty grounds in Halifax on Saturday. Their opponents were the West Indians, who, with the possible exception of Stellarton, are the strongest team in Nova Scotia. They have played cricket for a number of years and their batting, bowling and fielding are of a high class standard. Going in to bat first, the West Indians scored 75 runs. They have some very powerful hitters; Braithwaite, Husbands and Coulthwaite all reaching double figures. W. Donat and C. Ollerhead shared the bowling, the former securing 7 wickets for 32 runs and the latter 3 for 39. Bridgetown started well and thanks to scores of 14 by O. Ollerhead, 14 by R. Whiteway and 13 by C. Ollerhead reached exactly the same total as their opponents, namely 75—the game thus being a tie on the first innings. At their second attempt the West Indians scored very freely and put up the large total of 119 runs. Braithwaite and Nicholas each playing very stylish cricket and scoring 32 and 26 respectively. Johnson, Husbands and Wenham also reached double figures. Bridgetown was therefore faced with the rather formidable task of getting 120 runs to win. H. MacKenzie and C. S. Bothamley opened for Bridgetown and put on 18 for the first wicket when the former was bowled by Braithwaite. The score was then brought to 36 when C. Ollerhead was unfortunately run out after compiling a useful 10. With only one more run added to the score C. Bothamley suffered the same disaster. He had made 16 runs by excellent cricket, his play on the off side being particularly good. The next two wickets brought the total to 54. At this stage of the game, the excitement was intense, as Bridgetown had scored almost half the required number of runs with just half the men out. W. Donat, who was batting with the greatest confidence, was then joined by R. Whiteway and 21 more runs were added before the latter was dismissed after scoring 10. Another good stand was then made by W. Donat and O. Ollerhead, the former giving a really remarkable batting display, repeatedly driving the ball to the boundary. Seven wickets were down for 90 runs and Bridgetown thus required 20 runs to win with 3 wickets in hand. The large crowd of spectators were following the play with the closest interest and excitement. At 100, W. Donat was caught in the deep field for 42 runs. His innings was one of the finest ever played in Nova Scotia, his driving being extremely powerful, scoring no less than 6 boundary hits. Although C. Palfrey, G. Wheeler and J. Donat all batted pluckily, it was impossible to reach the required total against the smart fielding of the West Indians and the last wicket fell with a total of 107. Bridgetown thus losing by 12 runs. All the spectators agreed that they had witnessed one of the finest exhibitions of cricket ever played in Halifax. Although beaten, the Bridgetown eleven feel they put up a good fight and certainly do not begrudge the West Indians, who are a bunch of thoroughly good sportsmen, their victory. The visiting eleven were most hospitably entertained to lunch at the King Edward Hotel by the home team.

PICNIC AT BELLEISLE Ideal weather, a picturesque rendezvous, an indefatigable host, a charming hostess, a jolly crowd of men, women and children, baskets replete with provisions of all sorts and kinds—these were the outstanding features which combined to make the picnic held on Thursday last, in connection with St. Mary's Church, Belleisle, congregation, and Sunday school, an unqualified success from first to last. The party gathered at the church at 1 o'clock, and very shortly afterwards, in vehicles, gaily decked, started for Mr. Sam MacAndrew's farm at Granville Centre. The committee on arrangements had been well advised in selecting this spot for this year's picnic. Nestling as it does, at the foot of the North Mountain, and lying upwards of a mile back from the main road, it affords a splendid combination of advantages for an out-door frolic. The drive in is full of surprises to the uninitiated. Whilst the view, when you reach your destination, is one not soon to be forgotten. After a warm welcome on the part of the host and hostess, the children soon fell to the playing of games, whilst the grown-ups either wandered round "looking over the farm", or sat chatting in restful ease or swapping yarns. Some, too, played quoits, though not with the regulation outfit. (It is wonderful what you can do at a picnic.) Then came the inevitable contests and races for the children in which, whilst the boys improved as the afternoon wore on, the girls were the more adept. Supper was partaken of in true picnic style, at 5:30, and when it is said that even Belleisle ladies had seemed to have excelled themselves in the culinary art, those who know of their just fame, will also know that this particular supper was no ordinary affair. Justice done to this, a candy scramble was in order for the younger element, and then the descending sun gave warning that it was nearly time to make a start for home. When all was in readiness three hearty cheers (and a tiger) were given to Mr. and Mrs. MacAndrew for their generosity in granting the use of their place and the many other kindnesses so much in evidence throughout the afternoon. It can safely be said that the picnic was thoroughly enjoyed from beginning to end, by all concerned.
