application and set out in determined language the purpose of the United States Government to maintain the freedom of the seas, might have influenced the British foreign office to deal with that subject in the same spirit which has characterized the council.

Caveat Filed.

This communication, known as a caveat, recited that in view of the difference of opinion as to the interpretation of the two governments as to the principles of law applicable in prize court proceedings, cases involving American interests, and in order to avoid any misunderstanding as to the validity of the blockade, the British Government would insist upon the recognition of the rights of neutrals under the principles of international law as hitherto established.

Conforms to International Law.

The British note, delivered yesterday, is understood to set forth that the order in council does not transgress the rights of neutrals as laid down in international law. It is admitted that in some respects the application of the legal principles is not in accordance with the stipulations by the United States to the order in council made in the caveat.

Metamorphosis Case Does Not Apply.

The decision of the United States Supreme Court in the *Metamorphosis* case during the civil war, where a similar right appears to be denied, is understood to be inapplicable to the present conditions, because at the time, except at Brownsville, supplies landed from the confederate states overland through Texas because of a lack of inland transportation.

ATTACKS EXHAUSTING RUN OVER BY A TRAIN

Offensive of Germans Undertaken Against Russia at Tremendous Cost.

(Continued from Page 1).

Even less progress apparently has been made, while along the Narva where Field Marshal Von Hindenburg has been directing operations in an effort to drive a wedge in behind the city, he is now largely occupied in meeting the Russian counter-attacks.

The counter-attacks, according to Petrograd, have succeeded in forcing the Germans to recross the river to return to the northern bank at several points, but Berlin asserts that they failed and that the German force is advancing in an easterly direction.

The Russians, who retreated in the Baltic provinces recently, have also turned, and according to the Berlin official report, have delivered an attack from Mitau, which Berlin says was repulsed. The Russians may have another story to tell.

Further to the south the Germans continue their advance eastward, toward the Yana-Petrograd railway, but there is a lot of territory to cover before this is reached, and it is considered more likely that General Von Suckow, who is in command here, will turn to the southwest to threaten the Russian armies which are facing Von Hindenburg.

Everywhere the battles are at their height, especially that in which Von Mackensen is engaged. All the military critics here believe that the Russian offensive is critical of the campaign, for the whole German plan depends on his reaching the Lublin-Chelm railway.

G. Spademan receives a salary of \$80 a month as an instructor in first aid in the employ of the hydro-electric, according to his evidence before the Hydro-Electric Concession Board.

Fred Baneroff asked him if he did not think the position was one of importance, to which he replied that he thought it ought to be. "It is the position in which a man can be engaged," he said.

P. E. Hart, managing engineer for the hydro-electric, corrected his former statement in their objections. He said that he did not know whether half of the staff had laid off last spring, he knew some of them were laid off on account of slackness of work. He also admitted that it was intention to divide the work and not lay off the men.

How To Prevent Acid Stomachs and Food Fermentation By a Stomach Specialist.

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach troubles possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation.

BULLET EXPLODES BOY IS INJURED

Frank Siegel and Other Boys Were Playing With Cartridge.

Philip Lever Loses Right Leg, But Will Likely Recover.

While a number of boys were experimenting with a big Ross rifle cartridge, about 5.15 o'clock last night, it accidentally exploded, and as a result Frank Siegel, 8 years of age, 28 McKenzie crescent, is now in the Western Hospital with a bullet hole through his right leg. The bullet struck the Siegel boy and he was taken to the hospital in Bates & Dodds' ambulance, where Dr. Frank Scott operated on him.

Seriously Injured. Injuries necessitating the amputation of his right leg just below the knee, were received by Philip Lever, 124 Maria street, West Toronto, a boy 6 years old, at noon yesterday, when he was run over by a C. P. R. freight train going east along the tracks in the rear of his home.

Dr. James Dow had him removed to the Western Hospital in Speers' ambulance, where T. H. Norman and C. M. Mooney attended. The boy, it is thought, will recover.

Stopped Runaway. Officer Mitchell of Court street did a piece of good work at 1.15 o'clock yesterday, when he stopped a runaway team of horses hitched to a Dominion Express wagon. The team was in charge of Peter Stevenson of 48 Alcorn avenue.

Charge of Theft. Ernest Smith is a soldier with the Cobourg Heavy Battery. He came up in the police court yesterday, charged with the theft of \$75 from the Metropolitan Life Insurance Co., and he admitted that he owed the company \$60, which he had collected but not turned in. He was remanded for sentence until Friday.

Deserters in Court. Ed Phillips and Charles Diggle, who it is alleged deserted the military camp at Kingston, will come up in the police court today. It is understood that they chafed at the length of time they were being trained.

Comes Up Today. George Neale, accused of keeping a betting house at 117 John street, will come up in the police court again today. The case commenced yesterday, when the coroner's department officer gave evidence and was cross-examined by T. Herbert Lennox, K.C., who is acting for Neale.

GERMAN WITH BOMBS CAUGHT AT KINGSTON Believed Engaged in Plot to Destroy Gas Works, — Patrol Boat Aground.

Special to The Toronto World. KINGSTON, July 27.—Early this morning Constables McCarey and Cotter, doing duty near the civic gas works, rounded up a German who had a valise filled with explosives. He had been hiding in the cellar of a vacant house near the gas tank. A woman living nearby saw the stranger get thru a window into the house and informed the police. It is believed that the German was laying a plot to blow up the works. The German spent the night in the police cells and today he was taken over to Fort Henry. Bishop Bidwell is anxious to go overseas, and after the meeting of a general synod in September, he hopes to be able to get to the front for at least three months.

COL. BIRCHALL WOOD POSTED IN ENGLAND Lieut.-Col. G. R. Frith Appointed A. A. and Q. M. F., Canadian Division.

Canadian Associated Press Cable. LONDON, July 27.—Col. Birchall Wood, A.A. and Q.M.F., Canadian division, is now stationed in England, his appointment as head administrative and departmental staff of division being taken by Lieut.-Col. G. R. Frith. During Gen. Alderson's leave of absence from division, Brigadier-General Turner, V.C., was in command. Lieut.-Col. Romer has left the division to take up an appointment with the third army corps.

Among the recent arrivals from Canada are Mrs. and Miss Ashton, Brantford, Ont., wife and daughter of Col. Ashton, commanding the infantry. Premier Borden has brought back from France as souvenir the cases of two eighteen-pounder shells, and he will take them with him to Ottawa.

KILLED IN BREAKING JAIL. That William H. Wilkinson came to his death by falling over a cliff at the Ontario Prison Farm in an attempt to escape, and was killed, was the verdict brought in at the inquest tonight on the old man whose body was found lying at the foot of the limestone cliffs at the provincial farm Friday afternoon.

COL. STEWART HEAD OF EIGHTY-FOURTH

Accepted Command of New Battalion in Reply to Telegram.

TO ORGANIZE AT ONCE

Establishment of Clearing Station Sending Men When Qualified.

Col. W. T. Stewart will command the 84th Overseas Depot Battalion. Last night he telephoned his acceptance in reply to a telegram, which stated as follows: "Col. Stewart, O.C. 109th Regiment, Toronto: Will you accept command 84th Overseas Depot Battalion? (Signed) O. C. Second Division. The answer was to the effect that he, Col. Stewart, would be honored to do so.

This means that the organization of a new battalion in Toronto will be commenced at once. Col. Stewart is now well known as an organizer, and it is expected that under his guidance the strength of the new unit will soon be reached.

Success With 109th. The success which has attended the 109th is expected to be characteristic of the battalion about to be formed. Col. Stewart leaves this morning for Niagara, where he will confer with officers in charge of details connected with the command.

It is not known as yet whether headquarters will be established in England or not, but in the event that they are the depot would act as a clearing station sending men to the front as soon as they are qualified to go.

FIREMEN'S TOURNAMENT OPENS AT BELLEVILLE

Officers of Ontario Volunteer Association Were Elected Yesterday.

Special to The Toronto World. BELLEVILLE, July 27.—The sixth annual tournament of the Eastern Ontario Volunteer Firemen's Association opened in this city today, under chairmanship of Chief Henry Trenchard, and will continue tomorrow.

Officers were elected as follows: Hon. President R. Weddell of Trenton; president, Chief Van Alstyne of Napawan; vice-president, W. Senn of Eganville; secretary-treasurer, E. James of Trenton. Councillors Iren and Leam. The tournament extended an invitation for next year, and it was accepted.

1000 ISLANDS—\$9.00. Civic Holiday Opportunity.

A trip to the Thousand Islands over the holiday is an outing de luxe. An excellent dinner on the R. and O. steamers, the evening on the water, and a restful sleep in a comfortable berth, sounds good, doesn't it? You can enjoy it over Civic Holiday at small expense. You can see the lights of the Islands from the observation yacht, and return in time for business Tuesday morning. The Canada Steamship Lines are issuing low rate tickets good going 3 p.m. July 31 and August 1st, and returning, leaving Alexandria Bay up to August 2nd. The fare, \$9.00, includes dinner and berth each way, and the ramble trip among the islands. Tickets at 46 Yonge street or Yonge street wharf.

LATE FRANK MURPHY CARRIED SOME MONEY

Further Evidence Required by Jury and Inquest Was Adjournd Until Tonight.

The inquest on the body of Frank Murphy, a cornice-maker, who was killed on Wednesday last by falling from the third storey of a building under erection at 97 Ontario street, was adjourned by Coroner Lynd until tonight thru insufficient evidence regarding the amount of money which was in his person at the time of his death.

According to the dead man's sister, Murphy's landlady had said that when he left the house that morning at 8 o'clock he had a considerable amount of money with him and intended paying some bills. After the accident occurred at 9.30 a.m. and the body was not examined until it reached the hospital, only 40 cents was found in the pockets.

An unpaid tax bill was also found. The jury was of the opinion that further evidence was required in this connection and the enquiry was adjourned until tonight, when the landlady and the nurse at the hospital will appear.

FRENCH FORCES GAIN SUCCESS IN KAMERUN

Important German Post Occupied — Nzemou Region is in Revolt.

PARIS, July 27.—The governor-general of the French Congo, which adjoins the German colony of Kamerun in equatorial Africa, reports by telegram that after a series of combats at Monso Besam and Assobam a French column occupied the important German post of Lomic on June 25. The column then advanced as far as Dechaposten, where it effected a junction with another French force, which occupied strong positions to the north and northeast as far as Nanganga.

The entire Nzemou region, according to the governor-general, has been in open revolt against the Germans.

Special to The Toronto World. NIAGARA FALLS, Ont., July 27.—An unidentified body of a man was found floating in the Niagara River near No. 2 power house of the Niagara Falls Power Co. at 1.10 o'clock this afternoon. The body is that of a man 30 years old, weighing about 160 lbs. and about 5 feet 3 inches tall. The hair is dark brown and the head slightly bald. The body was clothed in an negligee shirt, gray worsted trousers, tan socks and tan oxfords.

NO MORE DOCTRINES ABOUT SOCIALISM

"We Have Been Too Tolerant With Bourassa," Says Mayor Church.

RECRUITING CAMPAIGN

All British and Workingmen's Clubs Unite to Secure Men.

"We don't want any more doctrines of socialism; we have been too tolerant with Bourassa. In 1889 he preached the gospel of treason. He said we have nothing to do with England's war. The heart of Canada is strong. The heart of the empire is strong. We will not let up until Kaiserism is crushed," said Mayor Church at the recruiting meeting last night, held under the auspices of all British clubs and the Workingmen's Club of Rhodes Avenue Presbyterian Church.

His worship continued with an appeal for the evening. He has the present conflict. "When the Hun is at the gate; when men, women and children are being massacred, when the house of God is being destroyed it is time every respectable man should rise up and say: 'Mr. Kaiser, with the brand of Cain on your brow, I denounce you!'"

Joseph Russell, M.L.A., acted as chairman of the evening. He impressively stated that the call that goes out for recruits is a call from the King.

Claude Macdonell, M.P., felt that the people of Canada would back up everything Premier Borden had done for the defence of Canada and assistance to the empire. He said the present fight is for the liberty of the world against the domination of Prussianism.

"We must admit there are some shirkers but we must win this fight. Over 10,000 men who have laid down their lives must be remembered; we must reinforce the ranks," he said.

Controller Spence, M.L.A., Kaiser Wilhelm could have been present to give the spirit which animates British people today.

Rev. D. Wallace Christie said: "Canadiana are vindicators of the rights of their country."

Leit. Simpson of the Queen's Own Rifles, and a supporter of President Garfield, and Sergt. C. F. Garling of the Princess Patricia's were among those who spoke. Moving pictures of war scenes in Flanders were shown.

LITTLE GIRL PERISHED IN JACKSON'S POINT FIRE

Paul Jarvis of Toronto Lost Four-Year-Old Child and Summer Home.

JACKSON'S POINT, Ont., July 27.—Fire, believed to have been caused by a number of children playing with matches in an upper room of the two-storey frame cottage of Mr. and Mrs. Paul Jarvis of Toronto, at 4 o'clock this afternoon, was responsible for the death of their four-year-old daughter Dorothy. The other children ran downstairs and out of the front door, but the fire gained such headway that little Dorothy was unable to follow them.

Mrs. Jarvis, who was outside, was only restrained from entering the burning building by the forced efforts of a number of the cottagers who had gathered to fight the fire.

The charred remains of the little girl were found after the building had been totally destroyed. Mr. Jarvis is the Toronto representative of Spencer, Trask & Co., bond merchants of New York, with offices in the Traders' Bank Building.

FRENCH SUBMARINE IS REPORTED SUNK

Berlin Says Mariotte Was Destroyed in Dardanelles Straits.

BERLIN, July 27.—The French submarine Mariotte was destroyed by a German submarine on July 26 in the Narrows of the Dardanelles according to a despatch from Constantinople to The Mittag Zeitung. Thirty-one members of the French submarine's crew were captured.

The Mariotte displaced 680 tons (submersed). It was one of four experimental boats and was completed in 1911. It was 213 feet long, had six tubes and its speed was 15 knots on the surface and 10 below. The complement would be about 28 men.

IN CHARGE OF DEPOT TODAY. The Princess Elizabeth and Gladstone Sewing Circles will have charge today of the depot which was opened on Monday at 130 Yonge street, to receive donations of tobacco and chocolates for the soldiers. The place will be open for the remainder of the week.

HERE'S NEWS FOR SABBATH BREAKERS

Police Board Decides It is Quite Legal to Rent Bathing Suits.

LAW RIGHT FOR ONCE

Lord's Day Alliance Official Instigated Police in Making Inquiries.

The last word in connection with the Sunday swimming fight was spoken yesterday at the meeting of the police commissioners...

The commissioners then declared that bathing was a necessity and therefore legal.

The clause of the Dominion Lord's Day Act which the commissioners consider provides for bathing and any incidental works is specifically included in No. 12, the first part of which reads as follows:

The only Lord's Day Act, apart from the Dominion act, which applies to Ontario dates back to the 8th year of Victoria's reign and originally was passed in England in the tyrannical days of Charles I.

Some of the clauses in the act could be considered as nothing but blue laws, but the way out was provided for in the first clause of the provincial statute which is as follows:

It is not lawful for any person on that day to bathe in any exposed situation in any water within the limits of any incorporated city or town or within view of any place of public worship or private residence.

Section 8 of the act relates to bathing and is as follows:

It is not lawful for any person on that day to go out fishing or to take, kill or destroy any fish, or to use any gun, fishing-rod, net or other engine for that purpose.

The progress we have made since this act was passed can be gauged from section 5, which reads:

It is not lawful for any person on that day to go out fishing or to take, kill or destroy any fish, or to use any gun, fishing-rod, net or other engine for that purpose.

CANADIANS MARCHED MANY MILES BY NIGHT

Eighteen Mile Tramp in Darkness and Rain Very Fatiguing to Men.

OTTAWA, July 27.—The following interesting letter has been received from Lt.-Col. Morrison, commanding the 1st Artillery Brigade, by Mrs. Morrison, of Ottawa:

Any Old Place in Belgium, July 3, 1915.—This division has been on nearly every part of the British front from Ypres to La Basse, and now we are here.

By the way, nearly all our marching has been done at night, so the aeroplanes won't spot the movement of troops.

The division came here in three night marches, the first 18 miles on a black, rainy night. The march back to Ypres was half hour and was hard on the troops, just out after a greivous fortnight in the trenches, and a proportion of whom were just back from hospital.

It was tiring even for mounted troops, but toward the end the infantry were completely done up. As the artillery passed, they formed silent rows beside the route of the streaming gutters of the towns we passed thru.

At one place, they threw the light of my electric lamp on something that startled my horse, and here were two tired lads asleep on a heap of road metal in the shape of broken stone.

At the last halt they had probably sat on this by no means downy resting-place thinking to keep awake, but they had been "gassed" by Morphine and lay huddled on the stone heap in the pouring rain, their rifles had dropped from their hands, and from the pure lips of one hung the golden flag-end of a cigarette, his last soace.

All these wornout men who fell out, the pure lips of one hung the golden flag-end of a cigarette, his last soace.

PREMIER INSPIRED BY VISIT TO FRONT

Sir Robert Borden Refers to High Esteem in Which Canadians Are Held.

DINED WITH JOFFRE Met French President, Prince of Wales, Prince Arthur and Sir John French.

Canadian Associated Press Cable. LONDON, July 27.—Premier Borden, who has returned to London today after having spent a week at the front, gave some particulars connected with his tour today.

Sir Robert was accompanied by R. B. Bennett, M.P. for Calgary, spent a most strenuous time visiting the Canadian headquarters, as well as those of the British and French forces before leaving France with the British ambassador, he had the honor of dining with the French president and meeting the minister of foreign affairs and the minister of war.

Concluding his remarks on the tour he said: "The impression made upon me is that the men hardly realize how profound an impression their achievements have made upon the people of the whole Dominion. They appeared to me as being thoroughly conscious of the world-wide issues involved in this war, and inspired by an unwavering determination to perform their duty in the future as in the past."

French-Canadians at Front.—"Among the troops at the front, I found many Canadians of French origin; several of them have already distinguished themselves. Among them Capt. Piquet, who has been decorated by his majesty."

Sir Robert described how, proceeding from London on Tuesday last, he was met by Admiral Boscawen and received by French military naval officers and a British transport officer. While in France he was accompanied by Col. Barry of Sir John French's staff, Major Storr of Lord Strathcona's staff, and Mr. R. B. Bennett, M.P., acting as secretary, and Sir Max Aitken, the Canadian eye-witness. During one afternoon and evening he inspected four Canadian hospitals near Boulogne and one British hospital, all of which he found highly efficient and well equipped.

Maple Seeds Planted.—At Boulogne and at Treport Sir Robert planted seeds of the Canadian maple on the graves of all Canadian officers and men there buried.

"Early next morning," continued Sir Robert, "we left for Sir John French's headquarters. We stopped a few moments at an aviation base. Strange to say, the first officer to greet me was a Canadian, the son of F. L. Wanklyn, of Montreal. Proceeding to British headquarters we visited John French and the members of his staff, including Prince Arthur of Connaught, who accompanied us through the day."

The prime minister then proceeded to the front and obtained a general view of the country surrounding the famous battlefields.

"While there," he remarked, "we saw a German mine explode on Hill that no damage was done. From this point we proceeded to the headquarters of the Canadian division and occupied the afternoon visiting the various units, to all of whom I had the privilege of speaking. We visited the front and had an opportunity of going thru their observation trenches and of seeing some of their work."

"All the Canadian officers and men were in the best of spirits and seemed thoroughly fit for their work. They were naturally very pleased to see someone straight from Canada. Their inspiration, their spirit were really an inspiration. They all appeared inspired with confidence in the cause, and they were fighting, and a determination to make it triumphant."

At the British headquarters, as well as at those of the French, and everywhere in France as in Britain, the highest appreciation was expressed.

This is Baby Hillson of Welland, Ont. He was relieved of a monster tapeworm by Prof. Mulveney's World-Famous Remedy, without any bad results or after-effects.

Mr. and Mrs. William Hillson desire to recommend this wonderful remedy to all who are afflicted with one of these horrid monsters, as it is easy to take and certain in results. No starving necessary.

Words would fail to express their delight. Their address is 37 Griffith street, Welland, Ont.

### MOTHERS' FRIEND AND RHEUMATICIDE

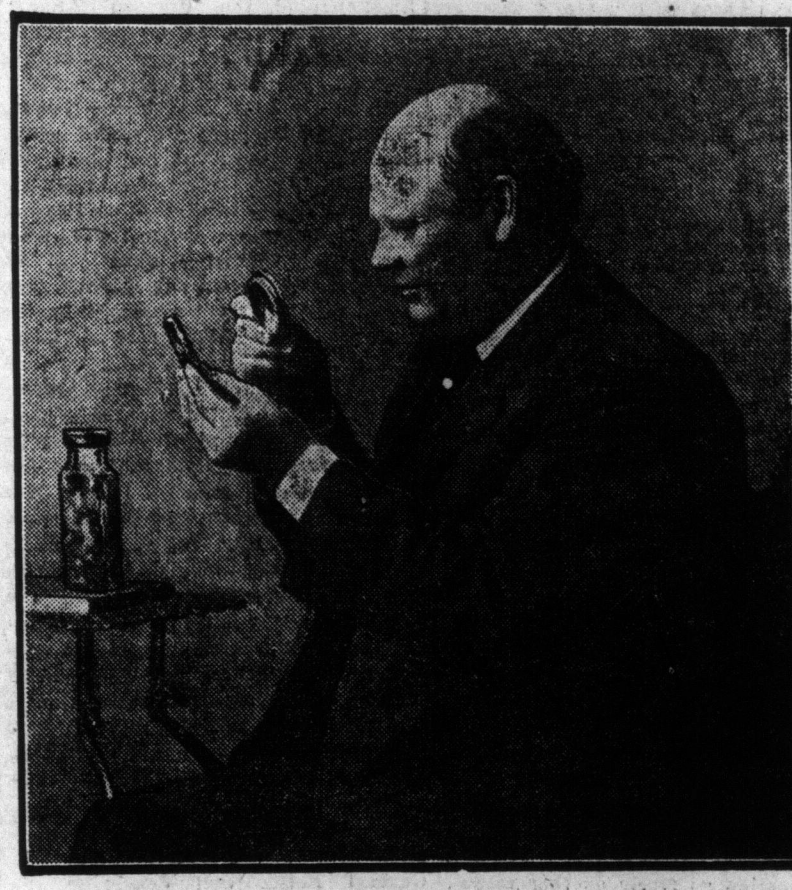

Work Wonders When Used Together

Mother's Friend, the great remedy for sick children, cures Diphtheria, Tetanus, Adenoids, Appendicitis, Mumps and Inflammation in any part of the body. Cures Coughs, Colds, Whooping Cough, Mothers' Friend cures children from wetting the bed; it also destroys Worms, cures General Debility, Nervousness, St. Vitus Dance. It is a real Mother's Friend, as it restores sick children to health and quietness—makes them joyful and happy.

**RHEUMATICIDE**  
Rheumatoid kills Inflammation, cures Headache, Earache, Toothache, Neuralgia, Diphtheria, Tonsillitis, Laryngitis, Lumbago, Rheumatism, Sciatica, Mumps, Coughs, Colds, Consumption, Asthma, Bronchitis, Stomach or Bowels, Appendicitis, Bronchitis, All Swelling or Inflammation, Deafness, Catarrh, Croup, Tuberculosis, Whooping Cough, Corns, Bunions, Pleurisy or Inflammation of the Lungs, Adenoids, and all pain. It takes the place of the surgeon's knife. In most cases operations are unnecessary where Rheumatoid is used. It has been used for over 25 years and proved successful.

### How People Feel When They Have Tapeworm

Have you seen the wonderful collection of these death-dealing monsters at 167 Dundas street, Toronto, that have been expelled by Prof. R. L. Mulveney's world-famous Tapeworm Exterminator? It is surprising. Yes, it is certainly wonderful when you see the thousands of horrid tapeworms that have been expelled by this most wonderful of all remedies. Men, women and children of all ages have been relieved and saved from a life of misery and an early grave. Some of the horrid tapeworms have been sent thousands of miles from the far west and some of them from far across the sea. Distance makes no difference, as the directions tell how to accomplish the extermination of the vile parasite if you are interested, call and see for yourself. The evidence of what has been done is to be seen; also hundreds of letters and testimonials from those who have been freed from them, with words of praise as to the most marvelous way it acts without causing sickness or any bad

Prof. Mulveney Examining the Head of Tapeworm.

**BABY BROOKS**  
of Toronto.

**PINWORMS**  
are very troublesome, causing terrible itching of the back passage. They are an awful tormenter. There is also a growth that has often been mistaken for pin worms. They are from a fly resembling the bot-fly. It lays its eggs on cooked vegetables or meat, these men enter hatch on the stomach, and make their way down to the lower bowels. It is now a grub, having a black head, two suckers and eight little legs, as illustrated below. This is the most dangerous and irritating thing that lives in the lower bowels. They make life most miserable. These grubs also are destroyed by Prof. Mulveney's famous Tapeworm Cure. A child in this city was relieved of a tapeworm over 20 feet long, also a blood-sucker or leech came with it. I have the leech in alcohol. It is white, about one inch and a half long.

The symptoms of worms depend a great deal on the constitution of the one afflicted with them. Some children in a strong and healthy condition can stand the irritation without showing any signs of trouble, while others are restless, roll and toss in their sleep, grind their teeth, have bad breath, are feverish, with bloated abdomens. The sick at the nose, are peevish. Some children wet the bed, also take convulsions and fits, waste away and die. My Worm Cure saved a child pronounced to have brain fever and was only given a few hours to live. This child had all the symptoms of brain fever. Two doses brought a lot of stomach worms in about six hours, which saved the child from an early grave. I feel it a duty to let all who need help, as I did, know of your worthiness, for what you can do for me I know you can do for others. I hope you may be spared a long life to continue your noble work, but sincerely hope you will in some way leave your discovery, so that it won't die with you, for it is so easy to take and acts so quickly.

Gratefully yours,  
Mrs. Near Ingersoll, Ont.

Sept. 24, 1914.

Dear Sir,—Your wonderful remedy received, and I took it according to directions, and am pleased to say the Tapeworm was expelled, the head and all, in one hour and a half—first motion of the bowels. Your medicine is certainly a wonderful discovery, and no words can express my thankfulness to you. During the last nine years I have taken five other doses of medicine and starved from 36 hours to 48 hours and 16 hours before I took their medicine, and it would only fetch part of it away. I shall tell my doctor all who direct others to you: I know of another lady who has been troubled longer than I, and will send your address to her. I feel it a duty to let all who need help, as I did, know of your worthiness, for what you can do for me I know you can do for others. I hope you may be spared a long life to continue your noble work, but sincerely hope you will in some way leave your discovery, so that it won't die with you, for it is so easy to take and acts so quickly.

This is to certify that I, Mrs. Pitchford, suffered from Tapeworm over three years, and I am pleased to say that one dose of Prof. Mulveney's famous Tapeworm Exterminator expelled it, and relieved me of that deadly monster, the head and all. I am pleased to recommend his wonderful cure to others. You are at liberty to use my name in advertising. This testimonial is unsolicited.

Hamilton, June 23, 1913.

This is to certify that my son was in poor health for some time. We did not know what was wrong with him. He consulted with several doctors without any success. I went to the drug-gist and got medicine for him several times, without any benefit to him whatever. I sent for a Toronto paper on the counter. I picked it up and looked at it. The first thing I saw was Prof. Mulveney's Wonderful Tapeworm Cure. I felt my son about it. This is how I found out about the Tapeworm Cure, so we decided to try the remedy. I sent for the medicine; he took it according to directions, and one hour and thirty minutes after taking the medicine the tapeworm was expelled from the system. Words would fall to express my gratitude. It is my earnest prayer that Prof. Mulveney may long be spared for the sake of suffering humanity.

Sept. 24, 1914.

Dear Sir,—Your wonderful remedy received, and I took it according to directions, and am pleased to say the Tapeworm was expelled, the head and all, in one hour and a half—first motion of the bowels. Your medicine is certainly a wonderful discovery, and no words can express my thankfulness to you. During the last nine years I have taken five other doses of medicine and starved from 36 hours to 48 hours and 16 hours before I took their medicine, and it would only fetch part of it away. ### Rheumatoid \$1.00 Mothers' Friend \$1.00 Three-day Corn Cure 25c

**Boon to Suffering Humanity**

(Hamilton Herald, April 3, 1914.)

It will repay every reader of The Herald to carefully peruse the announcement of Prof. Mulveney, Toronto, which appears on another page. To state that Prof. Mulveney and his wonderful Tapeworm Remedy has permanently relieved thousands of sufferers from this terrible malady is but stating a fact. Letters and testimonials from all parts of the civilized world bear testimony to what he has done and that he has effected, not only in Canada, but from Great Britain, India, the United States of America, etc., patients have been successfully treated. The following letters are in possession of grateful patients who thank him for the relief afforded them. His famous remedy for the removal of tapeworms is positive and without doubt. Read the numerous testimonials in his announcement. If in Toronto, call at his office, 167 Dundas street, or write to him for a representative, Mr. H. E. Smallpeice, J.P.

NOTE:—The above paragraph is from The Hamilton Herald, one of the leading newspapers in Canada, and was written for them by their Toronto representative, Mr. H. E. Smallpeice, J.P.

### All the Way From Ireland

**A Monster Tapeworm About 20 Feet Long.**

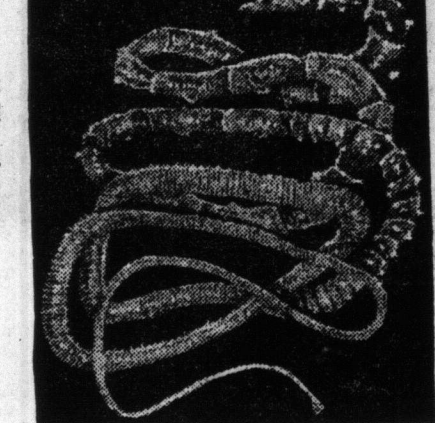

Mr. John Campbell of 23 Napier street, called on Prof. Mulveney and purchased a remedy to destroy tapeworm. His wife's sister, Miss Hill of Glenshirr, Ireland, had been suffering for some time with a Tapeworm, and had been treated without success. He sent her the remedy, which expelled the monster, head and all. Mr. Campbell received the worm by parcel post from Ireland on Nov. 28, 1912, and took it to Prof. Mulveney the same day, and it was found to be all there, a four-hooked demon. Mr. Campbell states that on July 29, 1908, his little girl, three years old, was relieved of a monster Tapeworm, head and all, without sickness or trouble, and the little one is healthy and well at the present time. This is how he came to recommend his sister-in-law in Ireland to try the same remedy. And now they are rejoicing over a friend who has been freed from the monster, and who is restored to health and happiness by Prof. Mulveney's world-famous cure, which may be purchased at 167 Dundas street, Toronto, Ont.

after-effects. The joy and satisfaction expressed by those relieved of them must certainly bring joy and pleasure to the proprietor of such a valuable remedy and convince all that it is a blessing to humanity from the Most High. The symptoms of tapeworm are many and differ, as some constipations seem to stand the ravages of this vile parasite without causing much for the relief that he has been able to afford them. His famous remedy for the removal of tapeworms is positive and without doubt. Read the numerous testimonials in his announcement. ## B'Well Makes People Feel Well

### Why Look Yellow And Feel Blue When B'Well Will Pull You Through?

B'Well makes people feel well. It is the Greatest Blood Purifier, Tonic, Physic and Appetizer in existence. It tones up the Stomach, regulates the Liver and Kidneys, carries all Poison out of the System, removes Pimples, Boils, Blackheads, heals Ulcers and Sores of long standing. It is the sufferer's friend, cures Constipation, Piles, General Debility, Nervous Weakness, revives the Faint, makes the Weak Strong and the Old Feel Young again. Words would fail to express the value of this wonderful remedy. It has cured people of diseases and complaints that have baffled the skill of some of the most learned physicians, St. Vitus' Dance, Paralysis, Locomotor Ataxia, Convulsions, Fits, Loss of Memory. In fact it has restored people to health who have had Nervous Breakdown and saved them from the lunatic asylum, people who were thought to be in a hopeless melancholy condition. If you are Weak, Sick, Run Down and Miserable try B'Well. It has cured others; it will surely help you. It takes away the appetite for liquor, and is an excellent remedy for Nervous Headache caused from drink—it settles the stomach at once. It cures Gout, Inflammatory Rheumatism, Sciatica or Muscular Rheumatism, Lumbago, Neuralgia, Bronchitis, Colds.

About ten years ago a gentleman came into my office on crutches. The doctors pronounced his trouble to be Consumption, which is known better now as Tuberculosis. He had coughed until he wasted away to a living skeleton, as he was only skin and bones. He had spent \$700 traveling in the West to get dry air, \$300 with specialists in New York City without relief; he was sent to get my remedies, called B'Well and Rheumatoid, by a gentleman whose leg was saved from amputation by using Rheumatoid. He purchased them, and using Rheumatoid on the chest externally and taking B'Well, he was entirely cured in about two weeks, and I think everyone in his neighborhood bought medicine from me. I am told the gentleman is still alive and weighs over 200 pounds. This is only one of many that B'Well and Rheumatoid have cured who were pronounced to have Consumption.

B'Well is composed of Roots and Herbs, Nature's Remedy for disease. Cannot possibly do you any harm. It cures Catarrh of the Nasal Passage, Catarrh of the Stomach, Bowels and Bladder. It is a life saver; it is a blessing from the Most High to man in his weak condition, as it brings relief to the sufferer, and health and pleasure are sure to follow. You say it is a cure-all. I say no. If you are suffering from a Tapeworm it will not cure you, as it is not a Tapeworm exterminator, but it will expel Stomach or Pin Worms. If you know you have a Tapeworm my remedy is sure. In that case you would require my World Famous Tapeworm Remedy that has saved thousands of people from a life of misery and an early grave. There is only one way you can learn the value of B'Well—that is to try it.

The names and testimonials of people who have used it are sufficient evidence to convince the most sceptical. It would take up too much valuable space to publish them, but all who are interested can see the letters from those who have used B'Well and have benefited; yes, restored to health and happiness, who do not hesitate to speak words of praise for what is done for them, and no one can read them without being convinced it is a valuable Remedy and a great blessing to humanity. My World Famous Tapeworm Remedy is saving thousands of valuable lives, and B'Well is doing just as much for those suffering from disease, restlessness and misery, and disease is sure to vanish as a piece of ice will in the heat of the sun in Midsummer. Do not put off any longer, but send for B'Well; it makes people feel well. Price \$1.25 per bottle. Six bottles, \$6.00 by express. You pay charges.

## The New Canadian Loan

Finance Minister White is to be commended for borrowing the \$40,000,000 he needed in New York. That course was no doubt suggested to him by the British Government. Under the circumstances, therefore, he had to choose between borrowing the money in the United States or borrowing it in Canada.

The Globe thinks he should have invited the depositors to take their savings out of the chartered banks and lend them to the government. But we venture to think that money in the bank is better for business than money locked up in treasury vaults. The banks can and do lend their deposits to the business men of the country. Perhaps they have not been lending as freely as they might, but certainly they would lend even less if depositors withdrew their deposits. Does The Globe think it would be a good thing for the government to pay 5 per cent. for post-office savings and thus attract all the money from the banks?

The fact is our volume of currency is too small for our volume of business. Again, our banks have to carry vast reserves because we have in this country no national bank of issue and rediscunt. We need more money in Canada, and we welcome fresh capital from the United States, even though we have to pay something for the use of it.

Neither are we depressed by the fact that the Canadian loan has gone to a premium. That fact speaks well for Canada. If the United Kingdom has to pay 4 1/2 per cent. and the City of New York 6 per cent., we may be sure that 5 per cent. is not an excessive rate for the Dominion Government to pay at this time.

## Canadian Municipal Securities

No sooner were the subscription books opened in New York for the \$45,000,000 Dominion notes than they had to be closed, the applications received being far in excess of the amount available. This affords additional evidence of the increasing attention given in the United States to Canadian securities. Since the beginning of the current year investors in that country had absorbed some \$60,000,000 of these securities, apart from the Dominion offerings. This means that after the war Canada will have New York as well as London to draw upon, and will be able, without difficulty, to obtain whatever money is needed for the development of her resources and for municipal and other requirements. Should there come that increase in immigration so confidently expected by some authorities of recent date, provision must be made for them in industrial centres, and on the land, which simply means that the course of expansion now checked, will be resumed with possibly an even more rapid advance.

Writing in the current issue of The Magazine of Wall Street, on opportunities in Canadian municipal securities, Mr. William W. C. Buxton remarks that the history of the rise and popularity of these issues, as it does, less than five years. The four basic principles used in the investigation of all securities, as applied to Canadian bonds are, he states: First, strong security; second, a high return; third, prospects of appreciation; and, fourth, better marketability. All these, Mr. Buxton finds in the bonds of Canadian municipalities. Incidentally, he takes the opportunity to remove the impression of many United States investors, that Western Canadian cities are much like the Western American cities 30 or 40 years ago. This, he says, is entirely wrong—they are like American second-class cities with beautiful homes, tall office buildings, well paved streets, with car lines and well kept parks. Mr. Buxton looks upon the growing popularity in the United States of Canadian municipal securities and concludes that with a good demand in London and a new market in New York, they should rise to a point as yet untouched in their history.

## A Brilliant Campaign

From the further information that is now available it appears that Gen-

## eral Botha's conquest of German South-west Africa was an even more brilliant achievement than at first supposed.

It was not at all a case of overwhelming superiority in numbers, since the Union forces, it is believed, did not exceed 12,000 men as against a German force of about 10,000. The enemy might have been much stronger than this had the scheme to ship German reservists from South America across the Atlantic been carried out. Britain's command of the sea made this impossible of accomplishment and correspondingly lightened General Botha's work. But, as it was, the difficulties to be met and overcome were great and formidable and might have proved insuperable to a commander less resolved and experienced. On a smaller scale the problem was similar to that presented in the Boer war, with an addition of waterless deserts and poisoned wells. Nevertheless the campaign proceeded without a hitch from the landing of the main force at Swakopmund, the German Atlantic port, on February 12, to the unconditional surrender of the enemy in the field on the ninth of this month.

When the operations began General Botha had four separate forces on the field, the northern under his own personal command, Major-General Duncan Mackenzie, who had landed at Luderitz Bay in December, moved from the west; Brigadier-General Van de Venster from the Orange River, in the south, and Colonel Berrange from the east. The three latter forces had Keetmanshoop as their objective and were there amalgamated under General Smuts, the Union minister of war. They had some desultory fighting on the way, but the Germans made no stand. General Botha, however, had a sharp engagement at Tretskoppe, where he defeated the enemy. His march was delayed by poisoned wells, but he finally entered Windhoek, the capital, on May 12, the Germans retreating north. Botha began his second advance in the middle of June and ended the campaign in three weeks. It had lasted in all four and a half months, a remarkably brief period in which to conquer a territory of 350,000 square miles, defended by forces nearly equal in number and well supplied with artillery and munitions. General Botha well deserved the thanks of parliament and the splendid tributes paid him by the prime minister and the secretary of state for the colonies.

## Prices After the War

In the July number of The American, published by the National City Bank of New York, there is an interesting article on prices and world trade after peace returns. It looks for the keenest international trade rivalry, with many economic factors having play in the situation. But it finds no general agreement as to the effect of peace upon the world's prices. "For a dozen men, any one of whom would be regarded as almost final authority, the opinions range so widely as to find direct opposites among them. The majority look for an increase in European manufacturing costs through most industries, requiring sound bodies, strength and skill." On the other hand, not a few of the authorities consulted are apprehensive of a flood of European goods at low prices, and a general disorganization of markets everywhere. But the prevailing view is that Europe cannot possibly manufacture as cheaply as heretofore.

## WANT FARM LABORERS

WORK IS PLENTIFUL

Bureau at Station is Overrun With Orders for Scores of Good Men.

A shortage of good farm hands is reported by the Dominion Government Immigration Bureau at the Union Station. In fact the bureau is overrun with orders for farm laborers which at present cannot be filled. Any good men desiring work on farms can be quickly accommodated by applying at the bureau at the Union Station.

## FAILED TO SETTLE SMITH-GUNN ROW

Board of Control Does Not Want to Take Sides and Matter Stands.

When the board of control met yesterday morning the acting chief of the fire department, Smith, and District Chief Gunn were telephoned. After discussing both sides of the question for about an hour the controllers were unable to come to any definite ruling as to whether to sustain Smith's action in dismissing Gunn, or whether to reinstate Gunn. It was finally decided to have Smith modify his report, which read to the effect that his former decision stood if ratified by the board of control. The members thought that this was putting the onus upon them entirely and would not agree to it.

## COMPLAINT AS TO JAIL

Practice of Confining Women in Dungeons Must Cease at Once.

So that the recording of returned soldiers will be held in control of the board of control ordered that a list be compiled by the city clerk. In answer to a delegation from Deer Park, who appeared before the controllers to seek relief from the inconvenience caused by the lifting of the trucks from Furnham avenue to the subway by the city, Mayor Church said that maybe a bus service would be put in operation, and at any rate some means of aiding the citizens who were affected by the action of the city would be provided soon.

## GRADUATION TESTS AT FLYING SCHOOL

Several Students Scheduled to Finish Course at Long Branch Today if Weather is Good.

Several students of the Curtiss Aviation School will be put thru their graduation tests at Long Branch today if the weather is favorable. The large biplane which was constructed for the Russian Government was tested out yesterday. The machine carries a 160 horsepower engine and is much larger than the other flying machines on the island. The machine ascended over 1000 feet in 15 minutes. Henry Kerckin, superintendent of the Curtiss factory at Buffalo, will be made in the machine to find out if there are any flaws in the construction.

## EMPHASIS ON DANGER OF RUNNING BOARD

Hon. I. B. Lucas Interviewed by Ald. Gibbons in Reference to Recent Fatality.

Hon. I. B. Lucas, attorney-general, was interviewed by Ald. Gibbons, business agent of the Street Railway Employees' Union, yesterday at the office of the latter. The subject was the running board of street cars and the recent fatality. He argued that the law should be enforced which calls upon the company to use centre aisle cars.

## TORONTO TO WINNIPEG BY GOVERNMENT RAILWAY.

Editor World: From time to time the readers of The World at Parry Sound peruse the above headlines. Henceforth, and we would call your attention to a serious defect in this all-government railway-link which your paper so loudly champions, namely, the fact that the Grand Trunk from Toronto to North Bay, a distance of some 250 miles. If it is the ultimate intention to acquire or construct a line between Toronto and Northern a transcontinental railway service from Toronto to Pacific coast, why not advocate the building of a line northward and westward, connecting with the present Canadian Northern line at a point in the Township of Burpee, near North Bay. This link, the people of Parry Sound and the surrounding district have on different occasions in the past sent delegates to urge the government to build the line. In all common sense what is the use of paying out expensive charges to run over a competitive road way for 250 miles when the building of a 50 mile link thru a fine country, rich in timber and agricultural resources, would complete this all-Toronto and Pacific or Winnipeg gap, the distance being about the same via Toronto, Parry Sound and the new link as outlined to North Bay as present old route via G.T.R.?

Papers have been filed at Osgoode Hall by Philip G. Gnam, late Roman Catholic priest at Wingham, Ont., requesting that D. S. McMillan, of Sarnia, be stricken from the solicitors' roll, and that he be awarded judgment against him for \$672.46.

## POLICE WHO ENLIST WILL LOSE PENSIONS

Benefit Fund Cannot Take Care of Any More Who Go to Front.

Four more members of the city police force handed in their resignations yesterday to the police commissioners in order that they might go overseas on active service. The policemen who resigned were S. Wil-son of the Agnes street station, Benjamin Reynolds (455), Robert Thompson (287), and P. C. Chapman (318). In accepting their resignation the commissioners expressed their appreciation of the action of the men in enlisting, knowing as they did that they would forfeit all they had already paid into the Police Benefit Fund if they were killed, wounded or failed to return active the war to rejoin the force. Chief Graesser explained that as the commissioners at the beginning of the war had decided that only 40 men could be allowed to go to the front and still hold their pensions in the police benefit fund, and that these had already gone, those who enlisted now could not expect to hold their pensions.

## BRITAIN TO KEEP GOLD FROM REACHING FOE

Government Studies Best Methods in Economizing Coin for Circulation.

LONDON, July 21.—The best method of economizing gold for the industrial circulation is engaging the attention of Reginald McKenna, the chancellor of the exchequer, who is desirous that the public utilize currency notes as far as possible. No steps will be taken to interfere with legitimate exports of gold. Mr. McKenna told the house of commons this afternoon, but means will be taken to economize gold when required for the purpose of foreign exchanges.

## RESCUED ART TREASURES COMING TO EXHIBITION

Belgian Masterpieces From Brussels to Be Features of This Year's Fair.

A representative collection of the art treasures saved from the vandal Germans and safely conveyed from Belgium after the invasion, is promised the Canadian National Exhibition by M. ## POLICE WHO ENLIST WILL LOSE PENSIONS

Benefit Fund Cannot Take Care of Any More Who Go to Front.

Four more members of the city police force handed in their resignations yesterday to the police commissioners in order that they might go overseas on active service. The policemen who resigned were S. Wil-son of the Agnes street station, Benjamin Reynolds (455), Robert Thompson (287), and P. C. Chapman (318). In accepting their resignation the commissioners expressed their appreciation of the action of the men in enlisting, knowing as they did that they would forfeit all they had already paid into the Police Benefit Fund if they were killed, wounded or failed to return active the war to rejoin the force. Chief Graesser explained that as the commissioners at the beginning of the war had decided that only 40 men could be allowed to go to the front and still hold their pensions in the police benefit fund, and that these had already gone, those who enlisted now could not expect to hold their pensions.

## BRITAIN TO KEEP GOLD FROM REACHING FOE

Government Studies Best Methods in Economizing Coin for Circulation.

LONDON, July 21.—The best method of economizing gold for the industrial circulation is engaging the attention of Reginald McKenna, the chancellor of the exchequer, who is desirous that the public utilize currency notes as far as possible. No steps will be taken to interfere with legitimate exports of gold. Mr. McKenna told the house of commons this afternoon, but means will be taken to economize gold when required for the purpose of foreign exchanges.

DETROIT CLASSIC FOR SINGLE G.

Indiana Wonder Captures Chamber of Commerce in Straight Heats.

By a Staff Reporter. DETROIT, July 27.—The attendance today at the Blue Ribbon meeting was very much larger than on opening day. The track was in first-class condition and fast time was the order. Four races were on the card with the feature event being the Chamber of Commerce stakes for 2.07 pacers, purse \$1000.

The favorite won the final heat in handy fashion. They were sold down until they reached the 3/4 pole when Gonnell turned on the steam and he drew away to a long lead, finishing first, but very tired in 2:05 3/4.

RAILWAY SHARES UPWARD BOUND

Five Point Advance Suddenly Recorded in C.P.R. on New York Curb.

MANY OTHERS HIGHER Bethlehem Steel Rose Twenty-Nine Points—Other War Stocks Active.

NEW YORK, July 27.—The demand for stocks broadened today, and the market gave the best exhibition of sustained strength which has been witnessed in some time. Of particular significance was the reawakening of activity in the railroad shares. Today a wave of optimistic feeling pervaded all quarters of the market, and the railway issues gradually came into the lead in speculation. Total sales were \$90,000 shares.

ACTIVITY RETAINED IN STEEL STOCKS

Most of the Business on Toronto Market is in Industrials With Steel Connections.

The industrial stocks with steel connections continued buoyant and active on the Toronto market yesterday and Canadian General Electric broke away from its minimum for the first time.

WAR STOCKS BOOMING IN MONTREAL MARKET

Several Issues Reached Highest Levels in More Than Year.

MONTREAL, July 27.—Stocks of the war order group were active and high levels for the year this morning under a demand even more vigorous than that which marked Monday's trading.

M'INTYRE RECOVERS FROM EARLY DIP

Traders Cease Pressure When Support is Extended and Shares Advance.

DOME AGAIN STRONG But Dome Extension Loses Two Points on a Selling Order Late in Day.

Yesterday witnessed rather tame trading on the Standard Mining Exchange. Fluctuations were narrow and there were no changes of consequence from the previous day. McIntyre showed some resiliency and after settling down a point late Monday the shares made a smart recovery of three points and considerable stock was wanted around 49.

BLACK RUST SCARE GROWING GREATER

General Rains in Western States Aided in Advancing Prices.

FEAR SERIOUS INJURY Warmer Weather in Spring Wheat Area Has Aggravated Trouble.

CHICAGO, July 27.—Black rust becoming more serious in Minnesota and North Dakota, gave additional impetus to an upward wheat market, the rise being helped by general rains through the west.

STEEL AND IRON TRADE CONTINUES TO MEND

Total Earning of U. S. Steel Corporation for Last Quarter Double Previous One.

NEW YORK, July 27.—The quarterly report of the United States Corporation, covering the period ended June 30, as given out here today, reflects a decided improvement in the steel and iron industry. Total earnings of the corporation were more than twice those of the first quarter of the year.

EXCHANGE RATES

Glaxo-Brook & Cronyn, Exchange and Bond Brokers, report exchange rates as follows: Buyers. Sellers. Counter.

LONDON, July 27.—Money was rather more plentiful today and it is believed the proceeds of further sales of American bonds are being utilized in the market.

QUALITY OF PLUMS SO FAR NOT GOOD

First of Season Have Arrived, But the Demand is Slow.

RASPBERRIES DECLINED Falling Off in Price With Expectation of Few Choice Lots.

Plums appeared on the market for the first time this season Monday and yesterday, but they are a slow sale, as the quality is not very good, the six-quart baskets selling at 85c to 95c.

Strawberries reappeared yesterday in fairly large shipments, too, some very good ones coming in, which sold at 70c to 80c per box, a few extra choice bringing 10c, but the bulk going at 85c.

Cherries are scarce, and the demand is much better than has been, therefore the price advanced, the 11-quart ones selling at 60c to 75c, principally 75c.

Apples—New, imported, \$1.50 per hamper. Blueberries—10c to 12c per box, 11c to 14c per box.

ST. LAWRENCE MARKET

There were ten loads of hay brought yesterday, the prices remaining stationary. Grain—Fall wheat, bushel, \$1.20 to \$1.25.

Beef, hindquarters, cwt., \$15.00 to \$16.00. Beef, forequarters, cwt., \$12.50 to \$13.50.

Butter, creamery, lb., 22c to 24c. Eggs, per dozen, 22c to 24c.
