Hospital for Sick Children.

245 ELIZABETH STREET, TORONTO.

For the relief of Children as OUT-PATIENTS, from birth to the age of fourteen years; and for the reception of Children as IN-PATIENTS from the age of two years up to fourteen years.

No children suffering from **Small Pox**, or other infectious or any incurable disease, can be admitted into the Hospital.

The Parents or Guardians of Patients coming from the country are earnestly requested to communicate with the Matron, a few days (if possible) before the presentation of the patient, to ascertain whether the case is suitable for admission, or whether there is a vacancy in the Hospital. Such communication must be accompanied by a certificate from the Medical Attendant, stating the nature of the disease.

The Parents or Friends of Patients in the Hospital are NOT ALLOWED to give the inmates FRUIT, CAKES or CANDIES, without the sanction of the Matron.

The Hospital is open daily for inspection, from 2 to 4 p.m., and the Committee invite all persons interested to visit it.

The Committee beg to intimate, that donations of worn-out table, bed or other linen, articles of children's clothing, children's books and toys, will be most acceptable to the Charity.

Contributors are requested to send their contributions to the Secretary, Mrs. Samuel McMaster, who will be happy to give every information; but all drafts and Post Office Orders should be made payable to "The Treasurer of the Hospital for Sick Children."

The Hospital is supported by contribution, VOLUNTARY, in the fullest sense of the word. And, as there is no canvassing for funds, friends will kindly send such subscriptions as their generous hearts, guided by God's Spirit, may prompt, and state whether their gifts are for General Expenses or Building Fund.

REGULATIONS FOR ATTENDANCE AND ADMISSION.

The classes of children admitted to the Hospital are the following:

- 1. Sick children, destitute and friendless.
- 2. Sick children whose parents, owing to poverty, are unable to care for them.

Sick children who, from various circumstances, cannot receive the necessary care and attention at home, but whose friends are willing to contribute somewhat towards the expense actually incurred in their maintenance.

The Committee of the Hospital, unwilling to foster pauperism, have strictly enforced the rule of remuneration to *some* extent, whenever the relatives of applicants have been in a position to afford it.

Medical advice and prescriptions are given every day at 2 o'clock p.m.; outpatients are also visited and treated at their homes.

Parents and others from whom children are received into the Hospital, shall be required to sign an application for admission, in a form approved by the Committee, which shall state the terms on which the patient is received, and contain an agreement on the part of the applicant to be bound thereby.

In-patients are seen at 2 p.m., daily.

Out-patients are seen at 2 p.m., daily, Stindays excepted.

No child can be admitted unless brought by some grown person.

No child should be brought unless needing medical or surgical relief.

Persons desirous of obtaining medical advice for their children as out-patients, are requested to take notice:

That they must apply at the Hospital, at 2 in the afternoon.

The visiting days for parents and friends shall be Wednesday and Sunday, and not more than two shall be admitted to see any patient at a time.

The attendants are bound strictly to enforce these Regulations, which are intended to promote the general comfort. It is hoped that the friends of patients will feel it to be their duty to conform to these rules, and to behave with propriety to the attendants.

Patients once dismissed for breach of Regulations cannot be re-admitted to the benefits of the Hospital.

The Managing Committee will give immediate attendance to all complaints. These must be made in writing, and signed by the party making the complaint.

A WORK OF FAITH.

NINTH ANNUAL REPORT.

The close of each year brings the blessed duty of remembering and recording for our own good as well as others "what great things God has done for us." A glance over the ten years we have been kept by His Hand, the children fed and clothed from day to day, and all expenses met out of His Treasury, will be beneficial to all. It is now pretty well known that this work is what is generally called "a faith work," i. e., there are no canvassers or collectors. We depend solely upon our God to supply all our need, and even should our Treasury be empty we ask none but Him to fill it. By this, do not understand that we fold our hands and expect a miraculous shower of sovereigns, but we do expect God to fulfil all His promises; and knowing "one jot or tittle" of His word cannot fail, we both expect and act just as if we had an inexhaustible supply at a bank. We take in sick children whenever we have an empty bed, even if we have not a cent. Our duty is to look after the little ones and leave all the expenses to be looked after by our God, who has promised to "supply all our need according to his riches in glory by Christ Jesus."

That He has done so in the past our figures will show, and because there "hath not failed aught of any good thing which the Lord had spoken," nor can there fail, we trust Him for the future.

During ten years work we have received in answer to prayer the large sum of \$34,917.65, and we now own real estate as follows:—The land upon which the present Hospital stands, and the lots adjoining, where we intend, God willing, to build this year, valued at \$12,994.01: (including the Lakeside Home at the Island,) and we value the furniture of both homes, at \$3,266.45, altogether making the Hospital worth \$16,260.46; and all this from the good hand of our God upon us; so that we can enter into the spirit of David, as he thought over God's goodness, "For Thy Word's sake, and according to Thine own heart hast Thou done all these great things. O Lord God, there is none like Thee." These figures are not shown in a spirit of self-boasting, but that our readers may see that God does hear and answer the prayers of His children for daily necessities; nor do we who are connected with the work profess to be better than our fellows, that God thus gives us our requests; we have only put God's promises practically to the test, and watched trustfully for the answers. At our own meetings for prayer, held from 11 to 12 every Friday morning, we ask *unitedly* for what is required; whether it be money for daily bread, for the new building, for a new nurse, or a bed or two more, or that a naughty boy may be made better, or that some very great sufferer may be taken gently Home. "With one accord in prayer," is the position we take in faith, remembering the Master's words, "if two of you shall agree on earth as touching anything ye shall ask it shall be done for you of My Father. which is in Heaven." Many and seemingly marvellous are the answers received. We do not confine this hour of prayer to our own wants, but the Lord Jesus being present with us according to promise, "where two or three are gathered together in my name there am I in the midst of them," we bring before Him all requests either sent to, or brought before, us. We have seen rebellious children return to homes where the parents had refused them admittance, and these very parents coming many miles to welcome the erring one and take her back rejoicing. We have seen drunkards, of many years standing, reclaimed; we have seen a wife restored to her husband and children, and a drunken mother confess her fault and completely break down, when she knew that we had been praying for her. We have often seen our Treasury quite empty, and as often refilled.

We are always glad to welcome any ladies who would like to join us at this hour; or who have some special cause to plead before God.

In our last report we said the burden of our prayer during the year would be for

A PERMANENT BUILDING

suited to the work, as our present one is not only too small, but falling into decay. During the whole year we have only received for this purpose \$138.26.

"Unanswered yet? Nay, do not say ungranted;
Perhaps your part is not yet wholly done.
The work began when first your prayer was uttered,
And God will finish what He has begun.
If you will keep the incense burning there,
His glory you shall see, sometime, somewhere.

Unanswered yet? Faith can not be unanswered, Her feet were firmly planted on the Rock; Amid the wildest storms she stands undaunted, Nor quails before the loudest thunder shock. She knows Omnipotence has heard her prayer, And cries, "It shall be done," sometime, somewhere."

Now we have decided in the Name of our God to go on, and get out our plans; and with this money dig the foundation, asking for stones as they are needed: meanwhile renting the house next door, in the faith that as long as God sends the children He will send the money; if He enlarges our needs He is also able to supply them. At this present time there are nine applications for the one bed likely soon to be vacant.*

One other thought has been forcibly borne upon us; it is this, the want of a

SPECIAL WARD

for children beyond the reach of other Institutions: such as imbecile or idiotic children too young to be sent to the Government Institution at Orillia—paralyzed children and otherwise apparently incurable ones—a Ward where we can take all the *sorely* afflicted ones, the odds and ends of tiny humanity, in short, the cases that are refused by all other Institutions, keeping it a separate work, maintained by a separate fund and having special Nurses. We will be guided by circumstances in this also.

"In the dark city's lane
The little children cry,
Like old men bowed with pain,
Wearily dragging by;
Nothing but sin and crime on every breath of air.
These little ones of Thine, born early to despair,
Better that they should die!
Yet in each tiny breast,
Each aged and haggard form covered with filth and scorn,
Throbs a heart that could love—
Souls that could joy in God,
If not downtrod.

Sorrow! and Sin! and Shame!—
From all we turn to Thee.
We cannot understand, but Thou the whole canst see.
We only see a part—in that perhaps see wrong;
And we are weak of heart,
And Thou, O Lord, art strong.
Hold us to fix our gaze unswervingly on Thee,
To do the nearest work, contented not to see,
Helping the dark or sad
To come to Thee in rest,
Waiting Thine own good time,
To show that it was best."

THE LAKESIDE HOME

was opened on June 11, 21 children going over the first time, and although the "Queen's Own" Ambulance Corps was not on hand this year to carry them, the little folks thoroughly enjoyed the fun of being taken up from the Wharf in the grocer's waggon and wheelbarrow by the Clark Bros., (Island grocers) to whom we owe many thanks, not only for this, but for many courtesies during the entire season: notably in taking charge of the windmill for supplying the Home with water, keeping it oiled and in order.

Several were left in the City Hospital, not being able to bear the transfer from one Home to the other; and their sad faces as they saw the others departing, when they too had been hoping to go will linger long on our memories.

This year, as also last, all the Ferries took our children, their attendants, and all employees of this Home back and forth free, and once more we tender them our grateful thanks. As the same generous friend who built the Lakeside Home has decided to put up another wing to the Home in order to accommodate more little ones, large sums of money for maintainance will be required; and we would be glad if donors would say whether they wish their contributions to be used for the summer's outing of these little feeble ones at the Lakeside.

Twenty-five dollars provides a cot for the season, and the new wing will accommodate about 50 more cots.

It is with great pleasure that we add another Cot this year, to be sustained by the News-Boys; who have already paid in advance for it; and we shall take care that if any little News-Boy requires it he shall have the benefit of their generosity this summer.

Here let me state that these two works are identical, managed on the same principle, by the same Board of Managers, the same Treasurer, and in every way are one. In a word it is our work transferred for the summer season from the dust, heat, and noise, of the City to the cool breezes and quiet of the Island.

From the published statement accompanying the report it will be seen that the cost of the Lakeside Home and its operations appear as distinct items in the accounts.

Considerable sums received by the directors as specific donations for the Lakeside Home were given upon the understanding, that this branch of our work should be kept as a matter of account distinct from the transactions of our City Hospital.

Our readers will remember many names grown familiar, such as "Archie," Janie,

Maggie, Millie and Joie.

Archie is dead; at writing of last report his mother had written, saying he was so much better that she would bring him down to see us when the weather grew warmer; he died in August, and his mother in December sent in the contents of his money box, 50 Archie, when with us, gave the first money for the Lakeside Home, (one penny) which was placed towards that Building; we placed this 50 cents towards the New Hospital.

Janie too has at last found rest for her poor diseased body, after 8 years of terrible suffering; she left us for her own home on cur return from the Island in 1883, but soon

after was taken into the Hospital for Incurables, where she died. Millie and Joie are still with us, Joie occupying the Preston Cot, and this Xmas she

received a splendid set of dishes from the young people who keep it. The Orillia Cot has changed its occupant, Louie having gone to the Girls' Home;

her place is taken by Ada.

Maggie, a sweet child of 12, occupies Our Cot; (kept by the Queen street Methodist S. S.) she is better than at this time last year, and every Friday morning gives us a text for our meetings:—these have been often most helpful. One day when we were hesitating as to the wisdom of beginning to build with the amount of money we had on hand, which was \$250, she read over her text, "This same Jesus," making us feel that He who "is the same yesterday, and forever," and Who had helped us hitherto, was the same also to-day, and would supply all our need. Another time it was "Lord thou knowest," and none who were at that meeeting will ever forget its effect on all present. Maggie is Queen of the Ward, everyone waiting on her; she has also a number of admirers and friends, who bring her flowers, fruit, and various delicacies. She is visited very frequently by the the children of the Sunday School, and regularly every week by the Secretary. Maggie has never yet been strong enough to be taken to the Lakeside in summer, but counts upon going in the coming season.

Rebecca also was too ill to be moved, her leg having been amputated just about the time of going to the Island. She went over later in the season, and seemed to gain wonderfully in strength, but on our return became much worse and is now dying slowly, placing her trust in her crucified Lord, she asks Him to help her bear her pain, and is so thoughtful for the nurses. When asked one Friday morning, as was our custom, what we should ask the dear Lord for her that day, she said "ask that I may have patience to bear the pain and not distress nurse G. when she is doing my leg." Her thoughtfulness for those around her is marvellous. Her sufferings are intense, and she can only be quieted by one standing beside her, while the dressing is going on, and reciting helpful verses of Scripture, or singing helpful hymns; should you stop she would urge you "go on, go on please, never mind if I make a little noise, I can't help but make a little, but I'll try not if you sing again."

The Oddfellows' Cot contains a lad named Johnnie, with sore knee, whom we hope

soon to be able to send home cured. Although this cot is to be "kept available for an Oddfellows' child," we are permitted to use it in the meantime for any little sufferer whose parents are too poor to pay anything for him.

The Alpha Cot boys still take an active interest in their patient "Willie," who is very ill; and besides visiting him regularly have brought him presents of books, and other things from time to time.

THE CHRISTMAS TREE

was again displayed in the large Ward, and all patients were for the first time in the records of the Hospital taken into the room. Poor Rebecca had never seen a Christmas Tree before, and, although very ill, her doctor allowed her to be carried in, saying, that nothing could hurt her now, she was dying and we might try to make her few remaining days as happy as possible.

"Wait not till the little hands are at rest
Ere you fill them full of flowers;
Wait not for the crowning tuberose
To make sweet the last sad hours;
But while, in the busy household band,
Your darlings still need your guiding hand,
Oh, fill their lives with sweetness.

Wait not till the little hearts are still,
For the loving look and phrase;
But while you gently chide a fault,
The good deed kindly praise.
The word you would speak beside the bier
Falls sweeter far on the living ear;
Oh, fill young lives with sweetness!"

Could our readers take a peep into that room they would now fully understand these sweet lines, for in the centre stands "the gorgeous Tree" loaded down with its strange and motley fruit; all round its roots are Noah's arks, work boxes, boxes of toys, too heavy for its branches, and piles of books. Forming a half circle round is a row of tiny chairs in which are seated tiny children, all having past through suffering, and in different stages of convalescence; and forming a complete circle round the tree, as complete a circle as can be formed by cots pulled out from the walls, are the little ones who are not able to be moved; some cots contain two, as the boys are carried up from their Ward also.

What a strange sight is this for the dear Lord to look upon—children, sweet children, "from the dark city lanes," and some who never heard the name of Jesus, unless used as a curse, gathered together here looking with dilated eyes on this great Tree, and realizing that these beautiful things are for them: and as Santa Claus, dressed in soft wool to represent snow, hands each little mite their gift, no one could imagine they were sick or ailing children, but from the noise would fancy them as healthy a set as could be found. Surely those who have spent their days and weeks preparing this treat are now fully rewarded. Some of these little hands held up to-day to receive the dolls you have dressed so carefully will soon be still forever, and the eyes that respond now to yours with looks of gratitude will be closed and no work then will be needed. Oh, work (among the children) while it is called 'to-day' and fill their lives with sweetness!

Maggie, at all times a quiet child with large wondering eyes, is speechless with delight, and two deep red spots on her cheeks show this excitement will be too much for her, but Nurse goes quietly over beside her, and taking her hand moves as quietly off again, returning with a mug of milk, and bids Maggie to drink, for we all know she can never be well again, and so have not denied her this treat.

Our poor burnt Mary lies quietly on her face (as she has laid since October when she was brought in very badly burnt through playing with a bonfire.) Her cot is so turned that she can get a good view, and although as yet too ill even to smile, is thoroughly interested, and, as her gifts are laid beside her, shows her thanks in her eyes.

As usual, the occupants of the Orillia Cot and the Preston Cot had special gifts sent them, and always feel very important as they are singled out to receive them.

Mabel and Tommy who last year were both fastened to splints, are among.

those on the little chairs this year,

We would again gratefully acknowledge the unvarying kindness of the ladies who come regularly every Wednesday to mend the clothes for the children and their beds;

prosaic work, but done cheerfully; and of incalculable value to us.

These statements are made and the Report written, that our God may be glorified, who doth hear and answer prayer; and that many of His timid children may be led to watch and wait for the answer to their petitions; knowing the answers must come; for "He is faithful Who hath promised:—and, that even, "If we believe not, yet He abideth faithful, He cannot deny Himself," And, "Now unto Him that is able to do exceeding abundantly above all that we ask or think, according to the power that worketh in us, unto Him be the Glory in the church by Christ Jesus, throughout all ages, world without end. THE LAKESIDE HOME.

The Lakeside Home for Little Children, the convalsecent Home in connection with the Hospital for Sick Children, occupies a site on the West Point of Toronto Island, nearly one hundred yards north-west of the light-house and the same distance from the south shore of the island. The building is twenty minutes walk from the dock at Hanlan's Point, and the plot of ground on which it is built was leased by the Corporation of the City of Toronto, as the deed states, so that "a Convalescent Home for Sick Children" should be "erected thereon, in connection with the Hospital for Sick Children." The Lakeside Home is very prettily situated, just on the spot where the little sick ones can have all the advantage of the invigorating and health-giving breezes of Lake Ontario. The building, as will be seen by the engraving, is of very attractive appearance. It is constructed of wood, and built in that light and airy style, which architects consider best suited to places designed for summer residences. It has two stories, and each floor has a space of eighteen hundred square feet. It is lighted throughout with large windows, and a broad stairway leads from the entrance hall to the second story. On the ground floor, there is a large dining room, a pantry, kitchen board room, and two large apartments for the use of the Matron. On the second floor there is a large hall, on either side of which is a large ward for the use of the boys and girls respectively. Opening from these wards is a smaller room, which is occupied by children in advanced stages of disease. At the east end of the hall is a commodious bath-room, which is fitted up with the most improved appliances. The interior of the building has been finished in Canadian pine, and every provision has been made for the comfort of the inmates. A broad and shady verandah runs round the west and south sides of the building. This is two stories in height, and is reached by wide doors which open from the boys' ward, Here the little invalids are placed during portions of each fine day; and on the hottest day they receive the the full benefit of the cool breezes which blow in from the broad expanse of Lake Ontario. A laundry and washhouse have been erected at the east end of the building; and an ample supply of pure water is brought from the Lake by means of a windmill on the Lake shore. The generous gift by Mr J. Ross Robertson, of Toronto, in 1883, of \$2,000, enabled the managers to erect this building.

This sum was supplemented by other gifts from Sunday Schools and elsewhere, to \$1,915.80. Mr. Robertson attached to his gift the condition that "The Lakeside Home as well as the Hospital for Sick Children, Toronto, shall be open without charge to the children of Freemasons. Seven brethren, members of the Grand Lodge of Canada, of Ancient, Free and Accepted Masons, have been named as those who have the privilege of presentation. Each applicant must have the endorsement of any one of the following:—Messrs. Daniel Spry, Barrie; Dr. J. A. Henderson, Kingston; George Birrell, London; J. J. Mason, Hamilton; David McLellan, Hamilton; J. G. Burns, Toronto, and Wm. J. Hambly, of Toronto."*

^{*}In addition to his former generosity, Mr. Robertson is about to add a new wing and other improvements to the Building, at a cost of \$1,000.

J. G. MACDONALD.

TORONTO, 16th April, 1885.

DEAR MADAM,-

I have, as requested, carefully examined the Accounts and Vouchers submitted to me by yourself and the Treasurer; and have, after making necessary entries, prepared the foregoing statement, showing the financial position of your Institution as of 31st December, '84.

If you can conveniently do so, I would suggest you having an estimate made of the value of the *furnishings* of your City Hospital, the Expenditure for which I am at present obliged to include in the "Working Expenses." When such Estimate is made this value should be charged to the "Hospital Trust," and credited to the "Working Expense Account."

The latter will then show very closely the actual Expense of operating maintenance from the commencement; and the former will then represent the full Investment, Real and Personal, for the Trust.

I am, dear madam,

Yours faithfully,

J. GRANT MACDONALD.

MRS. SAMUEL F. MCMASTER,

President

Hospital for Sick Children, Toronto.

Cook's Automatic Postal Scales

Indicates instantly the Postage to be paid on Letters, Newspapers and Parcels

NO SMALL LOOSE WEIGHTS REQUIRED

These Scales are designed to meet a need of something simple, convenient and correct for Postal Weighing.

Their novelty consists in their SELF-ADJUSTING WEIGHTS and REGISTERING DIAL, giving instantly the weight of article and the amount of posage to be paid.

A single indicator tells the whole story by means of four circles of accurately divided spaces, properly figured.

The exterior circle shows the weight by half ounces; the next, the postage required for Letters; the third, that for Book Post, and the inner circle indicates the cost of Parcel Post All calculated for Canadian Postal Rates.

These scales are built for a capacity to the limit allowed to be sent through the mails, which is four pounds; but in order to offer them as low as possible to many who have no occasion to weigh over one pound, we give price (including weights) to weigh that amount only, and furnish additional weights for 15 cents per pound.

Every business office should have one, they are also a useful and ornamental addition to a private house or library.

Price (nickel-plated trimmings) \$6.00 each.
