LEADING CHANGES IN THE CANADIAN PACIFIC.
Sir William C. Van Horne to Follow Chauncey Depew's Example and Become Chairman of the Board.
Mr. Thomas G. Shaughnessy Will Soon Succeed as President of the Great Concern, With R. B. Angus as Vice-President.
SIR WILLIAM C. VAN HORNE, Chairman of the Board of Directors. THOMAS G. SHAUGHNESSY, President. R. B. ANGUS, Vice-President. D. McNICOLL, Assistant General Manager.

Ottawa, May 1.—(Special.)—Your correspondent learns that the above are the leading changes contemplated in the executive of the Canadian Pacific Railway Company and that they are likely to take place pretty soon after Sir William Van Horne's return from California.

These changes will, of course, necessitate others of a less important nature, and, as it has been decided that the new vice-president will not be actively engaged, as in the case of the late Chauncey Depew, it may possibly be that Mr. E. B. Oeler will become vice-president, rather than Mr. Angus, but it is quite likely that the last-named gentleman will be second in command.

Those who have attended the two last annual meetings of the C. P. R. have not failed to notice that the present head of the executive has been constantly passing important work over to his able vice-president, and men in the inner circle felt that the time was near at hand when Mr. Shaughnessy would be president of Canada's great transcontinental highway.

It is frequently being asked what the Canadian Pacific would be without the wonderful genius now at its head, but Sir William Van Horne, although a great man, will be none the less a great power in the councils of the road. The position of chairman of the board is a new one in Canada, but it will be remembered that when Chauncey Depew ceased to be president of the New York Central he be-

came chairman of the Vanderbilt lines, and that gentleman's example is about to be followed by Sir William Van Horne. It will be interesting to watch the effect these changes will have upon the Laurier Government, as it is no secret that the risen sun has little in common with Hon. Mr. Blair, Minister of the Interior and Canada, and that Mr. Shaughnessy's relations with Hon. Mr. Tarte are scarcely as cordial as of old, when he was to loan a few thousands to the Grand Trunk System, and to the then struggling politician and allow the latter boys, Joseph and Eugene, to pay the loan in printing.

But there is a still broader meaning to these important changes, which cannot now be very long delayed, and which has found echo in the C. P. R.'s splendidly buoyant stock of the past ten days. Profitable alliances with the Great Northern, the New York Central, and last, but not least, with the Grand Trunk System, are all cards which President Shaughnessy has up his sleeve, and which may at any moment become the settled policy of the new order of things. The king is dead. Long live the king!

100-lb. Rails for the C. P. R.
Montreal, May 1.—(Special.)—The Canadian Pacific Railway Company have decided upon a most important change in construction, which may have far-reaching effects in the Dominion. The company have ordered for immediate use 50 miles of 100-lb. rails, to be laid on a portion of their line between Montreal and Ottawa, and on the main line from Montreal Junction southward over the St. Lawrence bridge.

WILL THIS MESS BE STIRRED UP AGAIN?
Once More are the Charges of Civic Boodling of '94 Enquiry Revived.
A WARRANT FIVE YEARS OLD Resurrected, and Ex-Ald. W. M. Hall Was Arrested on His Return to This City.
SAYS HE WILL FIGHT IT OUT NOW

The Evidence Given by the Ex-Alderman on Which the Warrant Was Issued Before He Skipped.

The same feeling of anxiety, which pervaded the minds of more than one Toronto man in 1894 over the investigation into the civic boodling charges in connection with the granting of the charter for the Toronto railway, has returned. Anxiety can be plainly seen on the faces of several individuals.

The cause of all this was the arrest in the city yesterday of ex-Alderman William Middleton Herby, who, it will be remembered, disappeared from Toronto after the sensational revelations extracted from him by lawyer Nesbit, who was acting for the city, while Hall was in the witness box. Hall, it is said, fled from the city before the necessary charges against him could be got into formal shape. He got away to Buffalo and off-till yesterday.

The ex-alderman, it appears, went out to British Columbia not long ago, and came to Toronto on Tuesday for the purpose of promoting a mining company. After the ex-alderman had shipped the money for his return, he was arrested by police headquarters. There it lay apparently useless until yesterday, when it was granted that the matter would not be resurrected as far as he was concerned, but not so.

The ex-alderman's surprise may be imagined when Detective Gaddy stopped up to him at the corner of Court and Dundas streets and placed him under arrest. There was no scene, however, and the ex-alderman, whose nerve must be supposed to be shattered by his previous experience with police headquarters, where the formal charge was entered and the prisoner was taken to the city jail.

The charges against ex-Alderman William Middleton Herby number four. One is that of accepting a bribe of \$1000 from Marshall P. Barr, agent of the Edison General Electric Company, to vote to establish a trolley system.

The second charge is that of conspiring with Edward Hewitt to accept a bribe of \$2000.

The other two charges are of perjury in connection with the investigation.

Sworn to by Sergeant Reburn, it was a question yesterday as to whether he had laid the charges against ex-Alderman William Middleton Herby. Some stated that they were said by order of Attorney-General's Department, but Deputy Attorney-General Cartwright stated last night that his department had nothing to do with the matter. It transpires that after ex-Alderman Herby's admissions in the witness box.

ON THE OFF THE STAGE

Mr. Mansfield as Cyrano. Mr. Richard Mansfield's appearance in Toronto as Cyrano de Bergerac will long be remembered as a dramatic event of exceptional interest.

BUT RULES CAN'T BE CHANGED

British North America Act Too Good a Work to Be Tampered With Lightly. Ottawa, May 1.—(Special)—Mr. McInnes in the House today moved for an address to His Excellency, praying that he may be pleased to request Her Majesty's Imperial Government to amend "The British North America Act, 1867," so as to provide for the next general census of the population of Canada to be taken in the year 1900.

WIFE'S VIEW

Sir Wilfrid's View. Sir Wilfrid Laurier's view might be taken in 1900, instead of in the year 1901, by the census of 1900, which would be a better show at the Paris Exhibition.

AT THE PRINCES

Most theatre-goers know the old story of "The Two Orphans," and it is being told over again this week by the Cummings and Company at the Princess Theatre.

AT THE EMPEREUR

A neat curtain-raiser, "My Niece," opens the show at this bright little house this week. Zella Clayton appears as smartly as ever.

AT THE BISHOP

After a week of darkness the Bijou opened yesterday with the Robin Hood, Jr., Burlesque Company. The olio consists of a variety of songs, a laughable comic sketch by Conroy and McCoy, acrobatic dancing by the Howard Sisters.

Most theatre-goers know the old story of "The Two Orphans," and it is being told over again this week by the Cummings and Company at the Princess Theatre.

AT THE EMPEREUR

A neat curtain-raiser, "My Niece," opens the show at this bright little house this week. Zella Clayton appears as smartly as ever.

AT THE BISHOP

After a week of darkness the Bijou opened yesterday with the Robin Hood, Jr., Burlesque Company. The olio consists of a variety of songs, a laughable comic sketch by Conroy and McCoy, acrobatic dancing by the Howard Sisters.

THREE GAMES IN EASTERN.

Providence, Rochester and Montreal Winners and Toronto Took a Rest.

BROOKLYN BEAT IRWIN'S TEAM

Directors Soole and Campbell Return and Speak Well of Their Men and Manager.

Directors Soole and Campbell returned to the city yesterday after seeing their Toronto win two games at Hartford. They are well pleased with the team and Wally Taylor's manner of handling the aggregation. Toronto will surely run one-two-three this year, they think, and no one need be surprised if the Islanders land the pennant. Manager Barrio has a strong nine, and Alloway had considerable luck in winning his game on Friday. Toronto did not play yesterday the opening contest counting instead. To-morrow the teams move around, Toronto going to Springfield, Montreal to Providence, Rochester to Hartford and Syracuse to Worcester. The record: Won. Lost. Pct. Providence 3 0 1000 Toronto 2 0 1000 Rochester 1 1 500 Worcester 1 1 500 Montreal 0 1 000 Springfield 0 2 000 Hartford 0 2 000 Syracuse 0 3 000 Games today: Toronto at Hartford; Montreal at Worcester; Rochester at Springfield; Syracuse at Providence.

Montreal Won a Game.

Worcester, May 1.—The game to-day between the Worcester and the pennant flyers from Montreal was a red-hot contest up to the seventh innings, when the local team went to pieces, after two men were out, and the visitors batted out nine runs. Score: Montreal—A. B. R. H. O. A. E. Schiebeck, ss. 6 2 1 3 2 0 Bannan, 1b. 3 2 1 3 1 0 Sheehan, rf. 3 2 2 0 0 0 Johnson, 2b. 5 1 1 3 2 0 Dooley, 3b. 5 1 0 0 1 0 Henry, cf. 4 1 0 0 1 0 Felix, c. 5 1 1 2 0 0 Jackson, p. 6 2 1 0 0 8 Souders, p. 2 1 0 0 0 8 Totals 40 14 9 27 16 2 Worcester—A. B. R. H. O. A. E. Kubus, 3b. 4 1 2 0 4 0 Hickert, lf. 4 0 0 0 0 0 Frisbee, cf. 1 1 0 0 0 0 Harrington, 2b. 5 0 0 2 2 1 Bowman, 1b. 2 0 0 0 1 1 Bransfield, c. 2 4 0 6 1 1 Wilder, rf. 5 1 1 2 0 1 Smith, ss. 4 2 1 3 1 1 Vian, p. 4 1 2 0 4 1 Totals 35 9 10 27 13 3 Montreal 0 14 0 0 0 0-14 Worcester 0 2 0 0 0 10-9 Two-base hits—Bannan, Smith. Three-base hits—Jackson, Bransfield. Home run—Bannan. First base on balls—Off Vian 1, off Bannan 2, off Souders 1. Struck out—By Vian 5, by Souders 2. Balk—Vian. Time—2:10. Umpire—Doeschler.

Providence Wins the Third.

At Providence: Providence won the third straight game from Syracuse by timely hitting. It was not until the eighth inning that Syracuse could do anything effective against Clements. Then a couple of misplays by Leahy gave them life. Score: Providence 0 11 0 0 0 3-0-5 9 4 Syracuse 0 0 1 0 0 0 3-4 8 1 Batteries—Clements and Lamar; Villanow and Williams. At Springfield: The Ponies were outplayed by Rochester and lost game that was devoid of all features. Phelps was spiked at second in the fifth inning and retired from the game. The home team players were unable to do anything with Morse. Rochester 0 13 0 1 2 0 0-7 3 3 Springfield 0 1 0 0 0 1 0-0 2 4 Batteries—Morse and Smink; Pappalau, Ferry, Adams and Phelps.

Western League Results.

Kansas City 2, Minneapolis 2. Milwaukee 3, St. Paul 7. Indianapolis 11, Columbus 2. Detroit 5, Buffalo 8.

A Game at Chatham.

Chatham, May 1.—Four hundred people witnessed the first game of the season to-day at Athletic Park, when a team from Saginaw played an exhibition game with

THE LOCAL LEAGUE TEAM.

The local league team. The Reds were entirely too speedy for the visitors. Score: R.H.E. Chatham 3 0 7 0 4 2 10-7 14 4 Saginaw 0 0 0 0 0 0 0-0 0 0 Batteries—Wagner and Sanders; Pangburn and Sanders. Umpire—Hagerman.

National League Results.

At Baltimore: R.H.E. Baltimore 0 0 0 0 0 0 1-0 2 3 Boston 0 0 0 0 0 0 0-0 0 0 Batteries—Nops and Robinson; Klobedanz and Clarke. At New York: R.H.E. New York 1 0 2 2 0 0 0 3-0 8 12 7 Philadelphia 1 0 0 4 1 2 0 0 0-0 0 12 4 Batteries—Doherty and Grady; Donahue and McFarland. (Called at end 10th, darkness.) At Pittsburgh: R.H.E. Pittsburgh 0 2 0 0 0 0 3 0-0 5 2 St. Louis 4 3 0 0 0 0 0 0-0 7 8 Batteries—Leever and Bowerman; Young and O'Connor. At Washington: R.H.E. Washington 0 0 0 0 0 4 0 11-4 10 3 Brooklyn 1 0 1 4 0 0 1 0-7 12 3 Batteries—McFarland and Maguire; McJames and Farrell. At Cleveland (first game, 14 in.): R.H.E. Cleveland 0 2 0 0 0 0 0 0-0 14 0 Louisville 2 0 1 0 0 1 0 0 0 0-0 4 18 1 Batteries—Sudhoff and Zimmer; Cunningham, Powers and Kittridge. At Cleveland (second game): R.H.E. Crickets Clubs Organize.

At the annual meeting of the Guelph Cricket Club the election of officers resulted as follows: Patrons, C. Kloepper, M.P., James Jones, John Mutrie, M.L.A., D. Guthrie, Q.C., Dr. Gerald O'Reilly, C. N. Daly, L. S. Conall, E. P. Hawkins, Lieut.-Col. White; President, Dr. Henry Howitt; Vice-Presidents, Dr. B. Lett, H. Lockwood, A. Stone, Frank Hall, R. Mitchell, T. W. Saunders; Committee, W. H. Harding, H. O. Howitt, K. Lett, Stewart Saunders, J. R. Howitt; Hon. Treasurer, A. E. Colson; Hon. Secretary, W. H. Harding. At a large and enthusiastic meeting for the purpose of organizing the Strathroy Cricket Club, the following were elected: Officers: Hon. Presidents, Dr. Bethune, L. H. Smith; President, L. H. Damper; Vice-President, Rev. W. T. Clark; Secretary-treasurer, George H. Richardson; Captain, H. C. Pope; Umpire, Lieut.-Col. J. Irwin; Scorer, W. E. Smith; Executive committee, Dr. A. S. Thompson, R. F. Richardson, J. H. McIntosh, W. A. Armstrong, E. J. Malone, S. J. Thompson, Dr. George Billington. Strathroy has been without a cricket team for the past few years, but the outlook for the present season is most favorable.

McDowall's Shooting Grounds.

Mr. McDowall, manager of the Toronto Sporting Goods Company, after a careful consideration of all the available sites for a suitable ground for blue rock shooting, has finally selected those at the south end of the Eastview, immediately west of Woodbine. The grounds are of easy access, being within 100 yards of the King-street cars, a good walk all the way, a shady grove for a hot day and a delightful breeze always off the bay. Owing to the many improvements when all the members cordially invited to be present. Those wishing to have a practice shoot over the new grounds can do so Wednesday, May 3, at 3 p.m., when a series of open sweepstakes will be shot.

Young Teamsh-Elms.

The first annual meeting of the Young Teamsh-Elms was held at the Athenaeum Club last night, with about 50 members in attendance. The boys have bright prospects for the year, having secured such players as C. Dixon (Ottawa), Tweed (Montreal), McKendall (Barrie), Cameron (Orillia), Buntsey (Aurora), Ferguson (Orangeville), with Raine, White, Shoemaker, Greer and O'Neill. The team will practice on the Island oval. The club colors will be purple and white. These are the officers chosen for the year: Hon. presidents, Dan Rose, F. Thompson; hon. vice-president, T. Foster; president, R. Willis; vice-president, C. O'Malley; secretary, F. C. Wagborne; treasurer, J. Lee; captain, E. White; committee, A. Hallitt, T. Hodgson, J. Neale, E. Irwin, W. Black. The club would like to arrange an out-of-town match for May 24. Address Secretary F. C. Wagborne, 44 Albert-street.

For the Argos' Henley Fund.

Messrs. W. Wingate and Johnston, 17 and 18 Adelaide-street, London, Eng., the well-known shipping firm, in a letter to their Canadian representative, Mr. W. S. German, at Toronto, announce a subscription of \$25 to the Argonauts' Henley Fund and invite the members of the crew to make their headquarters at the above address while here on the water.

Burns Beat Joe Youngs.

Buffalo, May 1.—Eddie Burns of Detroit got the decision over Joe Youngs, after a fight of twenty rounds before the Olympic Athletic Club to-night. The fight was a fierce one throughout, with Burns doing most of the leading. Youngs belongs to Buffalo and the decision was not a popular one in the preliminary. Youngs' manager, Tony Murphy, was outbought by Joe McMahon and the bout was stopped in the third round.

Permanently Knocked Out.

Albany, N.Y., May 1.—Frank Martin, better known as "Young James," and Frank McHenry, both of Albany, were to go six rounds as a preliminary at the White Hall

A.C. this city, to-night. In the third round Martin received a terrible right over the heart. He dropped to his knees and was counted out. He never regained consciousness, and died before medical aid could be procured. The principals, all local men, were arrested, and will be arraigned to-morrow morning.

Gossip of the Turf.

Trainer John Graver has added Master Fred, owned by Mr. Jones of Brockville, to his lot in training.

At Wheatley Hills, L.L. Saturday, before the Meadowbrook Steeplechase Association, Trillion, ridden by Mr. Hayes, won the Whitney Cup.

A San Francisco despatch says: Fred Foster, the horseman, was yesterday held in \$20,000 bail by Judge Conlan to answer a charge of obtaining money under false pretences. Foster is said to have secured \$15,000 from a millionaire, A. Howard, and invested it in the horses Yellow Tail and Sam McKeever.

George Swift, who is well known to horsemen, having had charge of the ring at the Exhibition and Horse Show, has been given full charge of the Woodbine track by the Jockey Club, and is having both the field and track put in good shape.

The regular monthly meeting of the Queen City Yacht Club will be held in the club house to-night. A full attendance of members is requested, as business of importance will be transacted.

The Red Bird, Best To-Day and Good for Years.

A Gentleman's Mount Such as Critical Wheelmen Choose

THERE are such a number of important '99 features in the handsome Red Bird Special, Model 51, shown in the accompanying illustration, that riders of experience are almost unanimous in pronouncing it the most perfect bicycle ever offered for sale in Canada.

There is a new handle bar adjustment, a new seat post adjustment, new front and rear hubs, new front forks and new improved caged bearings.

Every new feature was thoroughly tested and proven valuable before being adopted. Every wheel must pass the most careful examination before being permitted to leave the factory.

Quality is the watchword throughout the entire big factory at Brantford, and every workman has instructions to spare neither time nor labor in his endeavors to turn out an absolutely perfect bicycle. The wheels at your nearest Red Bird Agency show how well we succeed.

The Good Bicycle Co., Limited Toronto Branch, 68 West King St.

TORONTO ROWING CLUB AT SUNNYSIDE

The West End Property Leased and Boats Will Be Moved From the Island To-Day.

The deal between the owners of the Sunnyside boat house and the Toronto Rowing Club has been closed, the owners taking a year of years, where they will take up their headquarters at once. The boats will go out from Hanlan's Point today, and work on the water will commence on Wednesday. Most of the members favor the move on the part of the club. The building will be fitted up as one of the most modern club houses, and a large increase in membership is expected. A formal opening will be held in May during race week. After that meals will be served to the members.

The Athlete Larocque Club Will Hold a Meeting Friday Night to Pick the Team for Next Saturday at Richmond Hill. All members are requested to attend.

Buy Goodrich-Reflex Single Tubes for your old wheel—\$10.

Or have them put on your new wheel—cost nothing. If you want Goodrich rubber in a detachable tire get a G. & J. Goodrich rubber is absolutely pure. That is why Goodrich-Reflex Single Tubes are good.

American Tire Company, Limited, 106 King St. W., Toronto.

TORONTO SWIMMING CLUB

Officers Elected at the Annual Meeting—Lively Season's Program Arranged.

The Toronto Swimming Club held its fifth annual meeting at the Auditorium last evening. The report of last season's work was read, which showed a very prosperous year in swimming, water polo, etc. The election of officers for the ensuing year resulted as follows: Hon. President, ex-Ald. R. F. Butler; hon. vice-presidents, Messrs. W. J. Gage, A. Cochrane, D. Simpson, R. Bach; vice-president, C. Norris; hon. secretary, Wm. Jones; hon. assistant secretary, Fred Wood; hon. treasurer, Fred Wood; captain, W. B. Wilkinson; committee, F. A. Nott, George B. Fudger, A. Firth; auditors, B. H. Brown, A. Gray; handicappers, B. T. Lewis and R. J. Lennox; swimming committee, G. Freehand, A. Firth, C. Norris. A lively season's program has been arranged for the coming summer.

An Unsolicited Testimonial. In visiting a friend last summer in Detroit, we decided to take a tour of about 3000 miles. The roads proved very rough, and at the start I congratulated myself on being mounted on a roadster, C., for which I paid \$100 in Toronto, my friend being mounted on an Eldredge Racer, weighing 22 lbs., for which he paid \$60. My friend had the laugh on me, however, for my spokes kept breaking, new ones being put in at almost every town we stopped at, and finally I had to have the rear wheel re-spoked. It cost me over \$7.00 for repairs that trip, while my friend got through at an expense of 15c.

WILL THIS MESS BE STIRRED UP AGAIN

Continued from Page 1.

Less box during the investigation Detective Sergeant Reburn issued the warrant on order of Judge McDougall. This was the warrant upon which the ex-Edison man was taken in custody yesterday.

Ex-Ald. Gets Bail. Police Headquarters at noon he was not locked up, but sat in the Detective Department until arrangements were made whereby he could be released on bail. Crown Attorney Curry consented to accept bondmen for \$2000 and on their caution went on the bond for Hall's appearance this morning. He left Police Headquarters at 9 p.m.

That Boogie Enquiry. Hall's present position came about in this way, as shown from evidence given below. When he went into the witness box he denied in the most positive manner that he had made any corrupt bargain with the Edison Company. A few minutes later original documents were produced to the witness to show that both he and Hewitt had been involved in an improper bargain in connection with the adoption of the electric system. When ex-Ald. Hall left the witness box he did not wait for later developments.

Judge McDougall's Report. In his report to the City Council Judge McDougall went at length into the evidence in the Hall-Hewitt deal with the Edison Company, by which the Edison secured and divided up \$5000 given by M. D. Barr of the Edison Company for Hall and Hewitt's influence in the adoption of the trolley system by Council, and also in securing for the Edison Company the contract for motors for the Street Railway Company because of their influence with Everett. After detailing the negotiations and the first payment of \$1000, His Honor continued: "While these negotiations were going on from day to day and from week to week, Johnson states that below, Hewitt were constantly clamoring for money. Finally the end of the year arrived without the City Council having taken any action towards adopting the trolley system. At the municipal election of '92 Hall and Hewitt were defeated, but they nevertheless continued to urge that they still possessed as much influence over the Council as in the year 1891, and they agreed, after much negotiation, that if they got a cash advance of \$4000 they would abandon their claim to the contemplated commission and enter into a fresh written agreement or contract for their services and influence. On Feb. 4 the document was duly signed and delivered, and the \$4000 paid over to Hall and Hewitt. Hall admits that he received \$2000 himself. In his first examination Hall utterly denied ever having any dealings with Hewitt whatever, directly or indirectly, or that he ever had any money paid to him on account of any negotiation or agreement in relation to the trolley system with Hewitt, or with the Edison Company, or with anybody else, or through the influence of any third person. When the agreement was produced he reluctantly admitted his signature, and admitted, as I have said, that he received \$2000 or \$2000 on the amount of the consideration.

The Boogie Agreement. Judge McDougall also included in his report the full text of the document referred to so that it would not appear that he had attached undue importance to it. The Judge continued: "The Edison Company subsequently got the contract from the Kieley-Everett syndicate, and Barr says, made an enormous profit out of the same. Hall says that he only got part of the \$1000 (ostensibly paid as a retainer) and that Hewitt got the rest.

Hall and Hewitt. Upon this evidence and the admissions of Hall I find that William M. Hall and Edward Hewitt, who were Aldermen in 1891, corruptly received the sum of \$1000 from the Edison Electric Company to improperly influence them as Aldermen, and to induce them to support in the City Council a resolution for the adoption of the trolley system of applying electricity to the street car rolling stock. And that, after they had ceased to be Aldermen, in substitution of a previous corrupt bargain and agreement which they had made with the Edison Company while they were Aldermen of the City of Toronto, whereby they were to receive a large commission for procuring a contract for the Edison Company, they entered into a fresh written agreement with the Kieley-Everett syndicate, and Barr says, made an enormous profit out of the same. Hall says that he only got part of the \$1000 (ostensibly paid as a retainer) and that Hewitt got the rest.

It was a dramatic scene. When Ex-Ald. W. M. Hall was in the Box and Mr. Nesbitt Produced the Document. On Nov. 23, 1894, ex-Ald. William Middleton Hall was placed in the witness box before Judge McDougall. As The World reported it: "His evidence at first did not attract much attention from the visitors, but before he had proceeded far under Mr. Nesbitt's hands, the listeners had reason to prick up their ears."

Here is the evidence as given in 1891. Were you an Alderman? Yes, in 1891. You took a pretty active part in the

question of the tenders for the street railway? Not more than the others. It was in the city's interests entirely. You were a most prominent supporter of that tender? I did take a deep interest in that tender. How much that you incurred the displeasure of the other tenderers? Yes. "Held a Brief for the Company." It was said that you had a brief for the company? Yes, but that does not follow it was true.

And you knew that suspicious were directed towards yourself? Yes. Do you remember a visit from Mr. Kieley? Yes, the only time I remember seeing Mr. Kieley was in Leader-lane. It was when their first tender had been thrown out. Mr. Kieley asked what kind of a tender I thought would be best, and I told him that the winning tender would have to purchase the share in a transaction between us.

Did any financial benefit or advantage accrue to you on account of your advocacy of the Kieley-Everett tender? None whatever. In fact, you never had any pull upon them; no means of obtaining any information about them? No. No person save the Edison system in Toronto at any time. "Dated at Toronto this 23rd day of February, 1894." Mr. Barr before the acceptance of any tender, and that an opportunity will be given, if necessary, to Mr. Barr to make another tender on behalf of the Edison Company.

"We further agree not to advocate any system save the Edison system in Toronto at any time. "Dated at Toronto this 23rd day of February, 1894." Mr. Barr before the acceptance of any tender, and that an opportunity will be given, if necessary, to Mr. Barr to make another tender on behalf of the Edison Company.

"What is the trend of public opinion on this matter?" was the frequent query of Mr. Hall during the half hour's chat. "What is the trend of public opinion on this matter?" was the frequent query of Mr. Hall during the half hour's chat.

"Not that sort of a man." "Well, now that you have come are you going to speak out in meeting?" "No, I am not that sort of man. I have nothing to do with the matter."

"Why the Firm Wants It." Mr. J. K. Niven said the Simpson firm were bound to have Knox's money, whatever they paid for it. They could not get on without it, otherwise they would have to close their doors.

An Amendment. Mr. A. McFarren moved as an amendment: "That the present meeting be adjourned; also to consider whether the present is a favorable opportunity to dispose of the property."

Brought in Victoria-Square. Mr. McFarren read a letter from an estate agent that the land exclusive of the church is worth \$142,000. For myself, said Mr. McFarren, I would not sell it for less than \$200,000.

Cheap at \$2000 a Foot. Mr. James McGregor said the site was cheap at \$2000 a foot. The price at King and Yonge streets was \$3600 a foot.

Various Voices. Dr. Davidson urged the acceptance of the

THE "IDEAL" TEA

Because it is a friend on every table in the land, giving forth a delicious infusion and aroma from every tea pot test

turned by the said Hall and Hewitt in equal shares. "No Oriental teas."

CEYLON TEA Is guaranteed to be all Pure Ceylon Tea. In sealed Lead Packets only—25c, 30c, 40c, 50c, 60c.

fore his departure from Toronto in 1894 had met him only about six times.

Thoughts He Can Answer the Charges. "I will have the charges made against him had preferred in no way to prevent his securing employment elsewhere."

Who is Pushing It? Mr. Hall said that the warrant for his arrest was in the hands of the police.

Will Have the Matter Settled. "I will have the charges made against him had preferred in no way to prevent his securing employment elsewhere."

A Talk With Mr. Laidlaw. Mr. Laidlaw, Q.C., was seen by The World late last night.

World Talks With Mr. Hall. Did Not Think He Would Be Molested as Coleman Had Not Been.

Continued from Page 1. The recent session of the Legislature in reference to the sale of the Knox Church site and that the present was necessitated by Act of Parliament.

Figures Noting Decline. Mr. Clague said that his congregation is extremely critical. Year by year the attendance has been steadily decreasing.

Nothing Short of Folly. To reject this offer of \$120,000, Mr. Mortimer Clark urged, would be an act of folly.

He Had Seen Mr. Stark. "On what authority were you arrested?" "I don't know. I suppose it was on the warrant issued in 1891, but whether by the Attorney-General or the city police, I do not know."

Not a Business Transaction. "I quite agree with you," said Mr. Nesbitt, in a sneering tone, "it was not a business transaction, but it was a business transaction in the eyes of the law."

Most Advantageous Offer. Mr. William Galbraith praised the Simpson offer as most advantageous.

Why the Firm Wants It. Mr. J. K. Niven said the Simpson firm were bound to have Knox's money, whatever they paid for it.

Nervous Debility. Exhausting vital drains (the effects of early follies) thoroughly cured: Kidney and Bladder affections, Unnatural Discharges, Syphilis, Pains, Loss of Fatigue, Manhood, Varicose, Old Glands and all diseases of the Genito-Urinary Organs applied to cure you. Call or write. Consultation free. Medicines sent to any address. Hours—9 a.m. to 9 p.m.; Sundays, 3 to 5 p.m. Dr. Reeve, 235 Jarvis Street, sub-basement cor. Gerrard Street, Toronto.

DR. SANDEN'S ELECTRIC BELT. Snap! Mm. Life! Vigor! Are given to weak, nervous men by using Electricity properly applied. The Dr. Sanden Electric Belt is an easy home-self-application of the life-giving element. Cures permanently all results of youthful errors or later excesses. Write to-day for free book explaining all, sent sealed, or drop in and consult me free of charge. DR. C. T. SANDEN, 140 Yonge St., Toronto. OFFICE HOURS 9 TO 6.

THE NEWCOMBE PIANO. Candidates have made it famous because they appreciate merit. OCTAVIUS NEWCOMBE & CO., 100 Church Street, Toronto. Honest Advice Free to Men. All men who are nervous and debilitated or who are suffering from any of the various troubles resulting from overwork, excess or youthful errors, are aware that most medical firms advertising to cure these conditions cannot be relied upon. Mr. Graham, a resident from the above troubles, and after trying in vain many advertised remedies, electric belts, etc., became almost entirely discouraged and hopeless. Finally he consulted an old clergyman, who directed him to an eminent and reliable physician, through whose skillful treatment a speedy and perfect cure was obtained. He is now able to give his fellowmen the benefit of his experience and assist them to cure by informing anyone who will write to him in strict confidence where to be cured. No attention can be given to those writing out of mere curiosity, but anyone who really needs a cure is advised to address Mr. Graham as above.

Men's Fine Shoes. Made by the leading makers to order. We have a beautiful range black, tan and patent calf—in all the latest styles. Our prices are much the lowest for this grade of shoes. Woman's World...

Devoted Specially to the Interests of our Women Readers.

Conducted by Katherine Leslie.

Said a woman who is very romantic, to the "Woman's World" last night: "You keep your eyes and eyes open when you are in the trolley cars, and observe as though you observed not, you will hear and see many amusing and interesting things. The King-street car in which I was, stopped the other evening, a week or two ago, to let on a young couple, and it was easy to see at a glance, though I was not a lover, that the girl was a beauty. She was always making me more or less of a laughing stock, she added, apologetically. I knew, but begged her to proceed. "Well, the girl was extremely pretty; she had the sunniest hair, a sweet red mouth, and the sweetest eyes you ever saw. Her mouth particularly attracted me, with its pretty curves and dimpled corners, and I noted that the young man seemed to be of a similar idea, for he gazed and gazed, and seemed unable to take his eyes away from the riant red lips, with the dimples at the corners. I admired his taste, and felt quite sure that he was a good fellow. How they did laugh and talk, and how the young man gazed! He was really very pronounced, but there was only one other passenger in the car (that was me), and apparently she was not looking. And she was spring with the youth and the maiden, and they had just come in from the young spring night! Well—we were in a car, and the three of us dismounted to get a Belt Line car. I stood in the shade of a tree, still sympathizing with the young man, and in the full blaze of the electric light. And this, my dear, was the romantic conversation I heard, and it is very interesting. "I say, laugh again, won't you?" "Why, the ideal! Why should I laugh?" "But do laugh. I have been trying to see something all evening, but the light was too bright to see anything." "But I can't do anything of the sort!" "With that she laughed so prettily and musically that again I admired the youth's taste. The young man bent his head and peered at the girl's mouth with what appeared to be excessive proximity, did not happen for a moment. But presently he raised his head triumphantly, and what do you think he said? "I am very much interested, with respectful effect. "There is a root there that ought to be removed. Why don't you have it seen to?" "Suppose you come to me and I will crown it for you. And you need a little bridge work, but I can do that for you. I have a great favorite; those dainty Dresden spoons, or the dainty Dresden spoons, with the division of delicate work, and the beauty and effectiveness of the wide rose of a design—a plate with fringed gold, with delicate pink and white roses, that is very charming." "Another exhibit is a 5 o'clock tea set, by Theodore Wanke, late of the Royal Meissen Works. The Dresden china has always been the favorite of the aristocracy, and the division of delicate work, and the beauty and effectiveness of the wide rose of a design—a plate with fringed gold, with delicate pink and white roses, that is very charming." "The executive and members of other committees in connection with the Ontario Historical Society's Exhibition met yesterday morning at the Victoria College, Mr. Ed. Ward Leigh presided, in the absence of Mr. Forsyth Grant, who is indisposed, and among the present were: Mrs. McNeilson, Mrs. Arthur Sprague, Mrs. Aemilias Jarvis, Mrs. Scobie, Mrs. R. A. Harrison, Mrs. Wynn, Mrs. Lane, Mrs. Armstrong, Mrs. Dignan, Mrs. Thompson, Miss Carty, Mrs. Small, Miss Barnhart, Mrs. Havelock, Mrs. A. A. Ross, Miss Windet, Miss Rolph, Mrs. Ritchie, Mrs. Kennedy. "Lectors were read from the report of the Executive Committee, and the report of the Chateau de Remoy, who offers loans of some money to the Society, and his own property. Among these last, an ordinance signed by Bagot was very interesting, and was read and discussed by the club, and when finally disposed upon, copies were made and sent to members. The membership of the club will be limited to 200, with not less than 100 active members. The day from Monday to Thursday, the day having been voted more convenient. The most important committee in connection with the exhibition is the Finance Committee, whose duty it will be to arrange the work of the club for the whole year. Associated with them will be the

THE LAST OF THE UNKINNED

If City's Legal Advisers Consent, Whereon to Occupy the New City Hall.

JOB IN IT ARE ALREADY GIVEN OUT

By Mayor and Woods, They Say—Yesterday's Council—Control—Yester and Market Plans.

Something seemed to be preying on Mayor Shaw's mind all day yesterday. He alternated between an arbitrary and a pettish humor all day. At the Board of Control in the morning his feelings were given most unfeeling vent, while at the Council meeting in the afternoon his condition was augmented by the fact that a vote to sustain his ruling carried only by a vote of his own vote.

Mayor's Own Vote Saves Him.

Council is different from other territorial bodies, in that, instead of becalming, only serves to trouble its never placid waters. It was on a question of oil that the vote of the ruling had been taken. For many years the Board of Control has supplied the Works Department with oil. They tendered again this year, but the Engineer, Mr. J. H. Wood, advised the Board of Control to re-advertise, fixing a standard specification. No report came to Council, so the Board of Control, Mr. Scott, moved to give the contract to McColl Bros, as being a Canadian firm and tendering a better price.

He was immediately met by the Mayor with the point of order that the motion was irregular, as the Board of Control had no authority to make any recommendation in the report.

There was some discussion of the merits of the firms, and Mr. Scott and Gowlock unseemingly the doctrine that all the other tenders, being advised to use the oil of Rockefeller, who purveys Standard oil in large quantities, should not be considered.

"The only men in Canada not gobbled up by the Standard Oil trust, and this city cannot afford to hamper their oil right."

But the Mayor persisted in his ruling. Mr. Lamb and Mr. Scott appeared from the gallery. The Mayor only averted disaster by voting for himself. The motion to sustain the ruling was carried by a vote of 12 to 10.

Yest.—Ald. Burns, Lynd, Woods, Saunders, Dunn, Frankland, Hubbard, Crane, H. H. Graham, Lamb, Hallam and the Mayor.

Nays—Ald. Davies, Denison, Spence, Steiner, Stewart, and the Mayor.

Gowlock, J. J. Graham and Score—11.

As a consequence, the Board is re-tendering the contract to other local competitors in the interim.

Must Move May 31.

"D. V." and other local objection, the civic departments are ordered to set their houses in order and to prepare for an exodus of the population of the city this month. It was Ald. Saunders who thus urged the Property Committee to get the city in order, and the point in an unfeeling, roundabout way.

In reply to his enquiries, the City Treasurer reported that the amount of the city's debt, as at the end of the year, was \$1,138,158.25. Maintenance of Court House, \$344.92. Conveyance of prisoners and \$189.19. Division Court accommodation, \$1,435.00.

Total \$1,138,158.25. This amount is 80 per cent of the total cost, the remaining 20 per cent being paid by the county, as per agreement.

To cause a cessation in this annual expense Ald. Saunders moved a resolution, the effect of which was to instruct the heads of the departments to move into the new City Hall on May 31.

"But what have our departments got to do with stopping the contract for the City Hall?" asked Ald. Gowlock.

The mover's reply was ambiguous.

Heard—Ald. Sheppard, and Mr. H. H. Graham. The building was not ready and no occupation had been made.

Then Ald. Sheppard advanced the complications which would arise if the city business for a period of five or six months were to be carried on in the old City Hall.

Ald. Gowlock moved to send the resolution to the Board of Control. Ald. Score offered to compromise if the mover made a statement to the effect that he would not insist on the resolution.

Mr. H. H. Graham moved to carry the resolution as amended, and the resolution was voted down, to the following: Yest.—Ald. Denison, Spence, Steiner, Russell, Bowman, Gowlock, R. H. Graham and Lamb—Ald. Burns, Lynd, Woods, Saunders, Dunn, Frankland, Hubbard, Crane, H. H. Graham, Lamb, Hallam, and the Mayor.

This vote was partly the result of the fact that the Board of Control had not yet received the report of the City Engineer, and the latter had not yet reported on the cost of the carrying out of the plan.

The City Engineer denies his reported sudden and late conversion to Symons. He says he reported the way he did April 22, and has since held out on that line.

FROM MAKER TO WEARER

"Tiger Brand" clothing and furnishing goods for men and boys—ready-made.

Cost him a dollar a minute here and left him 8 minutes to get to the "Union."

We've good strong, neat bicycle suits for 5.00—bloomers 2.00.

AEMILIUS JARVIS, Secretary, 170 tem.

Grand Musical Vespers at St. Mary's

The various branches of the C.M.B.A. at the Cathedral of St. Mary, will give a grand musical vespers at St. Mary's Church last Sunday, the 30th inst. The programme will be most eloquent and impressive. The Rev. Father, Vicar-General, will give a sermon on "The Devotion of Catholics to the Blessed Mother of God." The music will be under the direction of Mrs. George G. McPherson, and that was a sufficient guarantee of its value. Mrs. D. A. O'Sullivan, the able organist, presided at the organ in her usually excellent style. The rendering of "An Evening Hymn" by Reinecke, who, by the way, is in Germany, was magnificently executed. Mr. M. Costello sang the tenor solo, "The Lord is My Strength," and was exquisitely accompanied by a chorus of no less than 6 voices. Sig. Lou Bajour's artistic singing of Faure's "Credo" was a delightful treat. The soloists of the vespers were: Mrs. D. A. O'Sullivan, Wignone, Miss Walsh, Miss Haines, Miss Memory, and Messrs. B. Fulton, G. McPherson, J. D. W. Ross, Miss G. W. Walsh, and Mr. W. W. Yarker, Banker. H. S. Strathly, Manager.

MR. G. C. JONES' APPOINTMENT.

The Midland Superintendent of the Grand Trunk Will Have Headquarters at Toronto.

Montreal, May 1.—(Special.)—Mr. G. C. Jones' appointment is announced to-day as superintendent of the Midland Division of the Grand Trunk system, with headquarters at Toronto, while Mr. L. J. Ferritor is appointed joint superintendent of the Southern Division, with headquarters at St. Thomas, Ont. Vice Mr. G. C. Jones, transferred. Mr. F. W. Egan has been appointed superintendent of the Midland Division, with headquarters at London.

Where is Captain Rockefeller?

Washington, May 1.—General O'Leary reports from Manila that Capt. Rockefeller of the Ninth Infantry has been missing since April 28. On that day he was on the line, commanding a battalion near Calococa. He was reported to have been captured by the rebels.

Medical to Mary Kerr.

Chatham, May 1.—This evening His Worship Mayor Smith, on behalf of the Canadian Humane Society, presented the body of a baby, strangled by a woman who saved Nellie Carwell from drowning. The presentation took place in the City Council Chamber.

Rev. David MacRae's Lecture.

The plan for Association Hall in connection with Rev. David MacRae's lecture on Thursday evening, the 4th day of May, 1899, at the hour of 8 o'clock in the afternoon, to receive a statement of affairs, to appoint inspectors and for the ordering of the affairs of the estate generally.

Persons claiming to rank upon the estate of said insolvent must file their claims, duly verified, with the undersigned before the 1st day of June, 1899, after which date the assets will be distributed, having regard only to those claims which are duly verified and have been received.

GEO. CLAY, Assignee.
Dated this 27th day of April, 1899.

Was Thomas Snell Murdered?

The Evidence is That He Was Not Killed by Accident, But There Was Foul Play.

A BLOW ON THE SIDE OF THE HEAD

Caused the Death of the Man, But There is Enough of Doubt to Justify an Investigation.

Parry Sound, Ont., May 1.—On Friday evening last the body of a man was found floating in the water near Rose Point. From a paper found in the clothing it proves to be that of Thomas Snell, who was supposed to have dropped off the railway bridge near the spot last November. The body was in a good state of preservation, and the features recognizable.

An inquest is now being held by Coroner Stone. The post-mortem examination made by Drs. Walton and Appleby indicates that the man was not drowned, but that death was caused by a blow on the side of the head, inflicted by a pointed instrument. It is believed that the point of the instrument penetrated to the base of the brain. It might have been inflicted with a piece of wood by a man driven through an investigation made by a Provincial detective shortly after the disappearance of Snell, but reveal anything as likely to indicate foul play. Snell was a railway fireman, and was in the company of two others, whose whereabouts are now unknown. The night of his disappearance they had all been drinking, and the body was drawn from the railway company, and nothing pointed to anything but accidental drowning. It is believed that the point of the instrument was a piece of wood, and that the man was in a good state of preservation, and the features recognizable.

DOCTOR STEPMAN'S TEething POWDERS

certified by Dr. Bassell to be absolutely free from opium or morphia—hence safest and best. It is distinguished for the public's protection by trade mark—a gum lancet.

Five Hundred or Five Thousand.

A Lady Customer of Forget & Co. of Montreal Gave an Order and a Mistake Was Made.

Montreal, May 1.—(Special.)—An incident with remarkable consequences is being freely talked of here in financial circles. Some time ago a customer of L. J. Forget & Co. entered that office and ordered 500 shares of Anaconda. At this Senator Forget dictated a cablegram to London to this effect, but the lady secretary, by mistake, made the order 5000 instead of 500. Two days after the order went down, and as the buyer would only be responsible for the 500, the Forget firm had to cover the extent of \$37,000. However, a few days later the brokers in question profits equaling \$113,000 and an easy mind once more to the worried stenographer.

FITZGUGH GENERAL MANAGER.

Charles M. Hays Chairman of the Executive of Vermont Central.

St. Albans, Vt., May 1.—At a meeting held here to-day the following Board was confirmed: Charles M. Hays, chairman of the Executive; C. S. Smith, president; E. H. Fitzgugh, vice-president and general manager; R. H. Ingram, clerk and treasurer; and Reynolds, auditor.

WARNING.—The frequently fatal effects on infants of soothing medicines should teach parents not to use them. They should give only

THE NEW DEVELOPMENT.

The Canada of to-day is quite a different country from the Canada of twenty, or even ten, years ago. The idea used to prevail that Canada was purely an agricultural and lumber country. The late D'Alton McCarthy founded his free trade theories on this supposition. His idea was that the Dominion's future was bound up almost exclusively in the development of its agricultural resources. Holding this contracted view of Canada's possibilities, he naturally regarded free trade as necessary to the development of the country. The farmer being the great producer, it was in the interests of the Dominion that he should be supplied with the most possible taxation. And Mr. McCarthy was not the only one who entertained this narrow idea of Canada's resources. His views were shared by a large section of the community, and they entered largely into the campaign that preceded the general elections of 1886. Mr. McCarthy, if he were alive to-day, would find himself compelled to withdraw his contracted estimate of his native land. Far from being a one-sided country, Canada is one of the most self-contained nations in the whole world. We lack the population of the older countries, but we possess all the essential elements for the upbuilding of a popular commonwealth. We possess possibilities that Great Britain herself cannot boast of. The Mother Country is proud of her past. Canada glories in her future. Great Britain looks out upon the horizon with more or less uncertainty. Canada views it with a welcome, hopeful expectancy. It is hardly less self-contained than the United States. We have agricultural resources more than sufficient for a population equal to that of Great Britain. We have mineral resources not less extensive than those of the United States. In the matter of its minerals, Canada need reckon itself second to no country in the world. As the development of her mineral resources proceeds, Canada will become less and less dependent upon European markets for the disposal of her agricultural products. A single mine in British Columbia pays out \$40,000 a month in wages. The actual cash value of some of these mines is equal to the assessment of the Township of York! Not only has Canada great possibilities as a producer of the precious metals, but she possesses great stores of the useful metals. Our supplies of lead and iron are inexhaustible. We have as much copper as the United States, and no country in the world can compete with us in nickel. As for coal, we have immense deposits on the Atlantic and Pacific, and in the mineral country, where it is especially needed. Hitherto the smelters of Montana have been supplied with coke from Pennsylvania. In the near future they will derive their supplies from British Columbia. The intensity of Canada's mineral development is to some extent reflected in the stock and mining exchanges of Montreal and Toronto. Canada has never before seen anything comparable to the activity that characterizes the exchanges in these two financial centres. But it is not the mining stocks that absorb the most attention in the one-time popular bank stocks are being neglected in favor of mining ventures, which promise so much larger and quicker profits. The mining industry has attracted the attention of the most prominent capitalists of the country, and has opened a profitable field for the investment of large and small sums of money. Most of the projects that have been presented to the public are meritorious. When so many first-class propositions are available, there is no excuse for pursuing wild-cat ventures. The mining exchanges will study their own interests in regulating the business in such a way as to weed out the false and confine the business to bona-fide projects. But mining and agriculture are not the only industries that are booming in Canada. The paper and pulp industry is making great headway, while there is every prospect of our developing a big iron and steel business and a ship-building industry. Our shipping is increasing and Canada will soon enjoy the proud distinction of having continuous steamship and railway routes encircling three-quarters of the globe. Canada has indeed entered upon a new era. There is no lack of projects for the investment of capital, and, fortunately for

89 King Street West.

Canada, there is quite a lot of capital in the hands of its own people. Canadian capital is behind most of the projects of recent date. But the success of our enterprises is now becoming isolated abroad, and it will not be long until foreign capital finds its way in enormous quantities to this country, than which no country in the world offers better inducements for its profitable investment.

THE TROLLEY IN THE POSTAL SERVICE.

The use of the street cars for the collection and distribution of mail matter seems to be a success wherever the system has been tried. In Des Moines the cars contain boxes, in which the public may post their letters. During the year 1898 over 60 per cent. of the first-class mail matter collected in that city was collected in the boxes attached to the cars. These figures speak for themselves and prove the convenience and efficiency of utilizing the trolley for the collection of mail matter.

STREET RAILWAY THROUGH THE PARK.

Amongst the many schemes which have been proposed for relieving the congestion of traffic on Yonge-street and also for giving a good service to those citizens who reside in the crowded district lying north of College-street and between Yonge and Spadina, there is none which seems more reasonable than the one suggested some time ago by those who have considered the subject carefully, namely, a line through the Queen's Park. It has been objected that this line, if built, would destroy the sanctity of the avenues and park, and would be a source of danger to the many children and others who frequent the gardens. But there seems to be no objection to a road being built through the unused ravine, which runs from College to Bloor-streets, and lies just west of the park fence. The University authorities no doubt might be induced to allow such a line to be built, especially as it would be of such service to the two thousand or more students who, for eight months in the year, attend the University and who are entitled to some consideration from the city authorities. Such a line, being an extension of the McCall-street road, would pass up the ravine to Bloor-street, then up Avenue-road to Upper Canada College, and thence to Mount Pleasant Cemetery. It would be a most popular route in summer time, a boon all the year round to the many residents in the district north of College and west of Yonge, and also to the employes and others whose business takes them to the Parliament buildings or to the University, and would give a thorough route from the bay to the extreme northern limit of the city, and to those who live in that large district, containing fully a square mile of territory, for which at present the Street Railway Company have made no provision. The utility and convenience of such a route as we have described ought to outweigh all sentimental ideas as to the sanctity of the Parliament buildings or the Queen's Park.

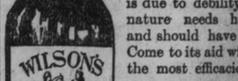

TRIBUTE TO THE HON. N. C. WALLACE

His Services at Washington Fittingly Appreciated by the Manufacturers' Association.

Ottawa, May 1.—(Special).—Hon. N. C. Wallace received a day or two ago the following letter and resolution, passed at the recent meeting of the Manufacturers' Association in Toronto. It is the general im-

Canadian Manufacturers' Association, Secretary's Office, Toronto, April 27, 1899.

Hon. N. C. Wallace, M.P., Ottawa. Dear Mr. Wallace.—At a general meeting of the Canadian Manufacturers' Association, held in Toronto on April 18th inst., a resolution having reference to you was adopted unanimously, and a secretary was instructed to forward a copy of the same to you, which please find enclosed herewith.

I have the honor to be, sir, Your obedient servant, (Signed) J. J. CASSIDY, Secretary.

At the regular annual meeting of the Canadian Manufacturers' Association, held at Toronto on April 18, 1899, the following resolution was passed: Resolved, that thanks of the Canadian Manufacturers' Association are due to Hon. N. C. Wallace, for the service he has rendered it in connection with the International Commission, appointed to adjust matters in dispute between Canada and the United States, and to procure, if possible, closer trade relations between the two countries. In rendering this service Mr. Wallace gave much valuable time in attendance upon the Commission, both at the city of Quebec and at the city of Washington.

Resolved, that the members of the Association, in recognition of the sense of having performed a patriotic duty; and in the spirit of the resolution, the intimate knowledge of tariff details, and of the manufacturing industries of Canada, and the high character of his views were so entirely in accord with the sentiments of this association, that the following resolution was adopted: Resolved, that the members of the Association, in recognition of the sense of having performed a patriotic duty; and in the spirit of the resolution, the intimate knowledge of tariff details, and of the manufacturing industries of Canada, and the high character of his views were so entirely in accord with the sentiments of this association, that the following resolution was adopted:

MINING STOCKS.

Crow's Nest Coal Company Gets Contract to Supply Coke to the Northport Smelter.

MINING OUT IN NEW ONTARIO.

Customs Mill for Republic Camp - Mining Stocks Easier Yesterday on Exchanges.

The Ferris, B.C., Free Press of the 22nd ult. states that Manager Blakemore of the Crow's Nest Coal Co. had just concluded a contract with the Le Roi Mining and Smelting Co. for 3000 tons of coke for their Northport smelter.

MINNETAKIE AND NEW KLODICK.

The Lake Minnetakie country to the north of Watkinson in the Lake Superior region, is attracting considerable attention. It is only a few weeks ago that the Le Roi Mining Co. took a \$100,000 mill for the purpose of crushing ore on the John Ryan property in the new Klondike.

THE OLD EMPRESS.

Mr. James C. Beebe, who recently left Toronto to begin operations on the reopening of the Empress mine near Jackson Bay, on the north shore of Lake Superior, is engaged in pushing the drifts from the main tunnel, which is being driven at present on a level of 1000 feet.

CUSTOMS INSPECTION AT REPUBLIC.

It is said that a body of Spokane capitalists will erect a customs camp mill in Republic Camp this summer. Extensive experiments with Republic ore have been carried on at Butte, and it is now a question that the granite process can be very successfully used on it.

RE-SUMMIT OF BOUNDARY.

The following is an extract from a letter just received by Messrs. E. & B. Ross, dated at Columbia, B.C., April 25: "The main is improving in every respect, and of this week samples are being taken and a number of assays made, the result of which will be forwarded to you at once."

DEER TRAIL AND GRAY EAGLE.

Spokane, Wash., April 26.-Charles Thies, president of the Deer Trail No. 2 Mining Co., returned recently from a trip of inspection to the property.

Mr. Thies was seen at the office of the company by The World's correspondent, and said: "We found the mine in very good condition and the ore is of the same grade as usual. While there we inspected some of the additional properties recently acquired by the company."

Upon being asked of the probability of the dividends being increased during the summer, as has been rumored on the stock exchange of this city, Mr. Thies replied: "We wish our boys to think that point has not been definitely decided by the directors and probably will not be for a while, but I see no reason why the output should not be considerably increased and without a great additional amount of expense. Our treasury is in excellent condition and the company has acquired considerable additional property recently, paying therefor in cash in full, and being in good condition."

Mr. Thies said that the property is not new, but that it is being developed and also that the mine to Springleade on the Spokane Falls and Northern Railway, is built, as usual, on a small force to develop the same.

With the acquisition of this property, it gives the company a total of 1000 acres of land, including timber land, ore sorters and miners, of 200 to 400 acres, and taking into account the same grade as usual, averaging about \$200 per ton net, smelter returns ranging from 200 to 400 cents per ton in silver and from 10 to 20 per cent. lead. The property is, therefore, remarkable to me in the one thing, that the values are almost always the same, being the same now as they were three years ago, when I first became identified with it.

When being asked of the probability of the dividends being increased during the summer, as has been rumored on the stock exchange of this city, Mr. Thies replied: "We wish our boys to think that point has not been definitely decided by the directors and probably will not be for a while, but I see no reason why the output should not be considerably increased and without a great additional amount of expense. Our treasury is in excellent condition and the company has acquired considerable additional property recently, paying therefor in cash in full, and being in good condition."

Mr. Thies said that the property is not new, but that it is being developed and also that the mine to Springleade on the Spokane Falls and Northern Railway, is built, as usual, on a small force to develop the same.

With the acquisition of this property, it gives the company a total of 1000 acres of land, including timber land, ore sorters and miners, of 200 to 400 acres, and taking into account the same grade as usual, averaging about \$200 per ton net, smelter returns ranging from 200 to 400 cents per ton in silver and from 10 to 20 per cent. lead. The property is, therefore, remarkable to me in the one thing, that the values are almost always the same, being the same now as they were three years ago, when I first became identified with it.

Upon being asked of the probability of the dividends being increased during the summer, as has been rumored on the stock exchange of this city, Mr. Thies replied: "We wish our boys to think that point has not been definitely decided by the directors and probably will not be for a while, but I see no reason why the output should not be considerably increased and without a great additional amount of expense. Our treasury is in excellent condition and the company has acquired considerable additional property recently, paying therefor in cash in full, and being in good condition."

the ore can then be taken out for about one-half what it now costs by taking it to Vancouver on the Washington Central Railway, the distance from the mine to Springleade being about 20 miles, as against 40 to Vancouver.

While there we also visited the Grey Eagle mine, located about five miles from the Deer Trail, which latter property is owned by capitalists of this city. The ore from this mine is quite similar to that of the Deer Trail and of very nearly as high a grade. Mr. Andy Forster, superintendent in charge, is busy with a small force, in taking out the ore, and will soon have another car ready for shipment.

The owners of this property are also interested in the building of the Springleade road, as they were compelled to pay the same price, viz. \$8 per ton, to get their last car of ore to the market. I looked over several other properties while in Cedar Canyon, and was much pleased with the showing that camp is now making.

TORONTO MINING EXCHANGE.

Table with columns: Morning, Afternoon, Bid, Ask, Bid, Ask. Lists various mining stocks like Empire, Polley, Hiawatha, Golden Star, etc.

STANDARD MINING EXCHANGE.

Table with columns: Morning, Afternoon, Bid, Ask, Bid, Ask. Lists various mining stocks like Big Three, B.C. Gold Fields, etc.

ABOUT REPUBLIC CAMP.

Mr. E. G. Garity writes: From the Rossland Mine to hand I take the following relative to Lone Pine: Lone Pine is booming up again. On the north vein a foot of ore has been struck, which runs from 850 to 1000 feet. The Lone Pine is developing full richness as development proceeds.

ON HIS WAY TO JAPAN.

Toronto Receives a Visit From the Mikado's Ambassador at the Court of St. James.

A distinguished party, which enjoyed a short stay in Toronto yesterday, was composed of Hon. Mr. Kato, Mikado's representative of the Japanese Government at the British Court, his wife and sister-in-law and suite. The Ambassador arrived in Sir William O. Horn's private car, Earlcliffe. He spent Sunday at Niagara Falls.

From the same paper I direct that "work is being pushed with remarkable vigor to the Mountain Lion, the showing in the mine being finer than ever. The shares have advanced from \$10 to \$11.00 in two weeks. The new San Pol has six feet of ore running 25 to 30 feet. Another property of which the mention is made is the surprise in the San Pol Gulch. Assays taken from single samples from surface assays show 100 to 150 ounces of silver out of that camp in the first time in the history of the mine where the ore is so high.

HIS DEAD MOTHER.

The Son of a Lady Whose Body Had Been Recognized in the Dead Remains.

Kingston, Ont., May 1.-The dead body of a woman packed in a barrel arrived by the steamer Hero this afternoon, addressed to Miss Spokane, and was recognized by Mr. Percy successfully arranged for the woman's remains to be buried in the cemetery at Kingston. This, to my mind, is the best argument that can be made in favor of the gold and silver, and what is being done as a rule undertake the bodies of both the deceased and their relatives.

PUT BALL IN THIS.

Report of Warlike Doings in Alaska Which May Be True, But the Probability is the Other Way.

Skagway, Alaska, April 24, via Seattle, Wash., May 1.-The report of a war between the Indians and the whites in the Yukon Territory, which has been in the news for some time, is being investigated by the United States Army. The report is that the Indians are attacking the whites in the Yukon Territory, and that the whites are fighting back.

ANOTHER NEGRO HANGED.

He Was Charged With Burning a Barn and Confessed the Crime.

Memphis, Tenn., May 1.-Information was received in Memphis last night that Willis Ford was hanged for the crime of burning a barn. The man was charged with the crime of burning a barn, and he confessed the crime.

LIFE ON THE CROW'S NEST PASS.

Reminiscences Related Before the Architects' Club Yesterday.

The Architects' Club held a regular weekly lunch at Webb's yesterday. An interesting description of life on the Crow's Nest Pass Railroad during construction was given by Mr. E. H. Rolph, who was in charge of the construction of the pass. He related many interesting incidents and anecdotes.

NOTES OF BOATS AND BOATMEN.

The Lakeside Takes Over a Big Load—Other Incidents of a Day on the Wharves.

A large number came over yesterday from St. Catharines on the Lakeside, the trip being delightful. On the return voyage she carried her largest cargo of the season and also a big cargo of freight.

On Saturday afternoon locking was resumed at Port Colborne. The rules at that port will be the same as the ones in force last season, the locks opening at 9 o'clock every Sunday evening.

The steamer office of the Garden City was opened yesterday after being closed all winter. The building will be thoroughly renovated and made attractive for the season. Manager Thomas Nilan is expected to arrive in the city to-day.

The Hamilton wharves Montreal Thursday and will arrive at Millroy's Wharf next Saturday night.

The Emerald clears this morning from Church-street Wharf.

The W. T. Emery, which has been under going repairs at Church-street Wharf for several weeks past, is now ready for service. It is likely to sail this evening.

The Van Stralene cleared for Oswego yesterday to take on coal for a Hamilton firm.

The Antelope came in yesterday from Charlotte with 602 tons of coal for the Dougal Coal Company. After unloading she cleared light for the same port.

The steamship Niagara cleared light for Toledo yesterday in command of Capt. Morgan. Her first cargo will be a load of timber for a Kingston firm.

No service has as yet been arranged to Long Branch, although it is likely that the steamer plying to Grimsby Park will touch at that pleasure resort.

THAT SCHOLES RECEPTION.

A Correspondent Says That Rev. Mr. Neel is a Very Narrow-Minded Man.

Editor World: I notice that the Rev. T. W. Neel of the McCaul-street Methodist Church has taken it upon himself to lecture the Mayor for publicly doing honor to a young citizen, who has distinguished himself abroad, and by his many public advertisements not only his native city, but the entire Dominion.

The Mayor is quite capable of defending his own actions in this regard, and I shall only say that by showing his appreciation of physical culture generally, and his appreciation of Mr. Scholes' wonderful victory, the Mayor made many friends, and will not soon forget his kindness and affability in according to the wishes of the Reception Committee.

It may surprise Mr. Neel, however, to learn that Mr. Scholes never engaged in a prize fight in his life, and if declarations of contempt for anything, the chances are that he never will.

Mr. Scholes went to England under the auspices of the Athenaeum Club, and I beg to say that that club has persistently and consistently opposed prize fighting, and has never encouraged it in any way, in spite of large money inducements offered from its ranks. Nevertheless, like every other athletic club in the world, it has endeavored to encourage a prize fighter, and a prize fighter as a physical exercise.

David Harum says that there are men in the world with views so narrow that fourteen of them could ride in one buggy seat. I think I could pick out two or three parties in Toronto who would enjoy such a ride.

May 1, '99. C. B. J.

Provincial Appointments.

The Ontario Government has made the following appointments: W. H. McCrea, to be Clerk of the Fifth Division Court of Leeds and Grenville, vice Whitmarsh; Jas. Yates, to be Clerk of the First Division Court of Huron; Court of Senegal; Councilor Murray, to be bailiff of the First Division Court of Lincoln; John H. Fete, to be bailiff of the Fifth Division Court of Hamilton; and J. Wesley Macneer, to be bailiff of the Seventh Division Court of Norfolk.

Beautiful Surrounding Grounds.

The grounds surrounding the Parliament Buildings have been made very beautiful by the small army of gardeners who have been employed there for the past couple of weeks. The completed lawns, which are all the beds, the new trees are all in, and the lawns are delightfully green. The seats have been placed along the walks, and a large number of people spent a pleasant hour there yesterday.

Caterer Kennedy's Departure.

Mr. William Kennedy, who has resigned his position as caterer and Speaker's messenger, moved out of the Parliament Buildings yesterday, and leaves this morning for Detroit, where he will reside. His successor at the buildings is Mr. Tolchard, late of Osgeode Hall.

O'KEEFE'S Liquid Extract of Malt

The best cannot be too good, especially if you are sick. Leading doctors all over Canada pronounce O'Keefe's the best Liquid Extract of Malt made. If you are run down and need a tonic, try a few bottles, it will surely do you good. Price 25c. per bottle; 30c. per dozen. Allowance for the empty bottles when returned. Refuse all substitutes said to be just as good. W. LLOYD WOOD, Wholesale Druggist, General Agent, TORONTO.

THE DOMINION ALLIANCE

Executive Committee Met in This City Yesterday and Issued a Manifesto.

EACH PROVINCE MUST DECIDE

Whether It Wishes a Prohibitory Law - Grounds of Appeal - Plan of Action.

The Executive Committee of the Dominion Alliance has issued an appeal asking its friends to support the plan adopted by the Dominion Alliance, composed mainly of members of Parliament, favorable to prohibition.

Only an instalment. The Alliance Executive regrets that no more comprehensive action than that proposed is at present open for their support. They will not accept a settlement of the liquor question anything short of total prohibition. Nothing less can be fully satisfactory. Nothing less is meant. The new proposal, though far ahead of any other, will only be taken as an instalment. Whether or not it is secured, the agitation must go on for a still better law, and for what is now, more needful than ever, the election to Parliament of men who will fairly voice the demand of the liquor traffic.

Government Should Have Acted. The prohibitionists of Canada claimed and claim that the substantial majority for prohibition in the Dominion, including the splendid majority of 107,948 in that part of the Dominion outside Quebec, ought to have been sufficient to warrant the Government in introducing into Parliament such legislation as would fairly embody the will of the people thus expressed, and they were deeply disappointed and disgusted when informed that the Government had refused to take such action.

When the Dominion Alliance met at Ottawa, they had to deal with the situation in view of this refusal, which was found to be endorsed by many members of Parliament. The recorded vote of the Dominion Alliance, namely, 25,000 for prohibition, and 122,614 against, and the fact that this great vote against prohibition is peculiarly significant, such as being mainly polled in one large area of the country, and by the electors of one special national constituency, were advanced as reasons against interfering with existing conditions in that province. The committee had to decide on a course of action, knowing that the Government had a strong majority in the House of Commons, and being convinced that Parliament would not enact a prohibitory law to take effect in the Province of Quebec.

Only Course Open. There is much in the argument that Quebec, being a part of the Dominion, ought to be treated as a part of the Dominion, and that the Dominion should be treated as a part of the Dominion. The Dominion Alliance would be a benefit to that province. We have, however, to take into account the facts that in the opinion of our friends Parliament could not be induced to enact a law of national prohibition, and that at present we can only secure prohibitory legislation for the other parts of the Dominion.

Substantial Progress. The legislation proposed in the report of the committee will be a long step in advance. It will enable each province to secure prohibition of a more thorough and effective character than is now provided by a Provincial Legislature.

It was suggested that Parliament might be asked to enact such legislation directly without any further voting. In reply to this it was claimed that Parliament would not accept even such a measure for the Dominion prohibition in different provinces, and that the people of the provinces would support a narrower measure.

It was also argued that the right of Parliament to enact special legislation for the Dominion, which is not a matter of local concern, is a matter of local concern, which principle is already recognized in the Canada Temperance Act.

For similar reasons it was thought that the aim aimed at might be most readily attained by a direct appeal to the people, and that a strong, comprehensive, and effective measure, applicable to a whole province or territory. The sub-committee appointed will, however, continue to work for a determination to have the new law as thorough-going and as workable as it can be made.

The further voting proposed will be, not like the previous one, a matter of local concern, but a matter of national concern, and will be a matter of national concern, and will be a matter of national concern.

The proposal to vote at the time of a general election, and to have no repeal voting before the law has had a fair opportunity to go good. Penalties and provisions for enforcement must also be strong, definite and simple.

THE QUEEN'S REQUEST.

Wants All Her Immediate Relatives to Be on Hand on the Next 24th of May.

New York, May 1.—The London correspondent of The Journal says that Queen Victoria has expressed a desire that all members of her family who can possibly be in England shall attend at Windsor Castle, May 24, when she celebrates her 80th birthday.

Some Points About Canada.

Messrs. Hunter, Rose & Co. have just turned out one of the handsomest works yet given to the Canadian public. It is entitled, "Canada, from Ocean to Ocean," and was printed by Messrs. Hunter, Rose & Co., for the Dominion Publishing Company of Toronto. The work has been compiled by J. Lawlor Woods, and the different Provincial Governments have all given their aid in the way of supplying suitable information, etc. "Canada, from Ocean to Ocean," deals with facts as they are at present throughout the Dominion, and its editor has not built any castles in the air, nor allowed any romantic ideas of this country to appear in its columns. It is a plain, matter-of-fact work, dealing with Canada as she is to-day. The work contains a vast amount of interesting matter, and both business men and he who takes pride in the history of his country will take much pleasure in perusing its columns.

A Brahmin to Come. In the near future, Mr. J. C. Chatterji, translator of the Bhagavad Gita and otherwise eminent for his literary and scholarly attainments, will visit Toronto and expound as only a learned Brahmin can, the philosophy of the Vedas and other of the East. It will be interesting to hear what "the heathen" has to say for himself and his religion.

The Demon Dyspepsia. In-often times it was a popular belief that demons were invisibly through the ambient air seeking to enter into man and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who are careless of their living habits. And once he enters a man it is difficult to dislodge him. He that fits himself so possessed should know that a valiant friend to do battle for him with the unseen foe is the famous Vegetable Pills, which are ever ready for the trial.

COUNTY THIEVES GALORE

Make Chief Lawrence Hustle for His Reputation as a Terror to Wrongdoers.

Chief Lawrence of North Toronto has all he can handle these days. He has been kept busy working on the burglary at the Rosedale Hotel last week, and the theft of E. Gallanough's horse and buggy from Thornhill on Saturday night. Another case of shoplifting was reported yesterday morning. It was at Dennis Daniel's coal and wood office, corner of St. Clair-avenue and Yonge-street. The thieves ransacked the office on Sunday night and rifled all the drawers. When Mr. Daniels opened the place yesterday morning he found it in a state of disorder. An attempt had been made to open the safe. The handle was broken off and the lock tampered with. William Henry of York Township had a shirt, collar and two pocket handkerchiefs stolen from him on April 18 and three days later Alex. Bryce of Eglington reported the loss of a shirt, collar and two pocket handkerchiefs. Similarly, the case of John Robinson, a 14-year-old lad, and information was laid yesterday against him before Magistrate Justice, charged with stealing the articles. Alex. Robinson, the boy's father, has also been summoned on a charge of receiving the stolen goods, knowing it to have been stolen. The father and son will be tried on Thursday.

IS ALIAGED OUT OF IT?

People Are Saying That He Has Fought His Last Political Battle, and He Knows It.

Chicago, May 1.—Ex-Governor John P. Altgeld has fought his last political battle. Dr. Nicholas Senn says the ex-Governor is certainly a very sick man, and it seems probable that he will not fight his last political battle, which is in itself serious, the ex-Governor is completely broken down in spirit, and is dependent to the last degree. The chief cause of his despondency is the loss of the fact that his present illness is but a development of his old ailment, locomotor ataxia. In this knowledge, the ex-Governor is naturally depressing of feet upon him, is the great danger. It is quite clear he can never again be a strong competitor in the may ring still longer than anyone would expect.

THE RACIAL TROUBLES.

A Colored Preacher Holds Out a Threat and Predicts a Conflict, Black v. White.

Syracuse, N.Y., May 1.—The Rev. H. J. Callis preached last night at the A. M. E. Zion Church, colored, on the racial troubles between the white and colored people of the south had not protected their own chastity. He made a plea for the colored people to stand up and fight. He predicted that 2,500,000 were able to carry arms and predicted that, if the carriers of colored men in the south did not stand up and fight, a conflict between the black and white men of the south. He said that his brethren in the south looked to the north for salvation.

WHOLESALE DOG-POISONING.

Pet Canines of All Breeds Have Been Killed and Their Owners Are Desperate.

Highland Falls, N.Y., May 1.—Mourning and grief talk are heard in nearly every household in this village over a wholesale poisoning of dogs, which took place here on Thursday night. The dogs were poisoned by a man who did it for a reward. The man who did it was a member of the staff, and there would be a big whitecap party. If the poisoner could be located several prizes would be offered. The dog was about midnight, and in at least two instances a man was seen running away from the scene. A reward of \$1000 is offered for the man who can identify the dog. A prize of \$500 is offered for the man who can identify the dog. A prize of \$500 is offered for the man who can identify the dog.

A PRINTERS' UNION

Preceded by a Presentation and a Gift.

One of those pleasant incidents which make "life's dull round" more bearable took place at the printing establishment of Imrie, Graham & Co., Church-street, on Saturday last, when Mr. Edward Taylor, president of the union, presented a gift to the staff, and there would be a big whitecap party. If the poisoner could be located several prizes would be offered. The dog was about midnight, and in at least two instances a man was seen running away from the scene. A reward of \$1000 is offered for the man who can identify the dog. A prize of \$500 is offered for the man who can identify the dog. A prize of \$500 is offered for the man who can identify the dog.

Green's Mission to Detroit.

Inspired Green, Attorney-General's Department left yesterday afternoon for Detroit. The department has received a writ of habeas corpus in the case of Roland R. Molieux, accused of the murder of Mrs. Adams, and ordered that the prisoner remain in the Tombs. The grand jury will now decide upon the issuance of another indictment.

The Harriston Mystery.

Deputy Attorney-General Cartwright stated yesterday that, so far, the department had not set a detective to look into the alleged murder case at Harriston, as the authorities there were investigating the matter.

New Division Court in Nipissing.

A new Division Court has been established in the Nipissing District, to be known as the Seventh Division Court of Nipissing.

Spanish Government Upheld.

Madrid, May 1.—The latest returns from the Senatorial elections show a Government majority of forty over the combined opposition parties.

Premier Hardy's Visit.

Premier Hardy is not expected to return to the Parliament Buildings until Wednesday or Thursday.

BOLLY'S BLOOD, BONE & BRAIN BUILDERS

An Ellixir of Life. Conquers Disease by Destroying the Germs.

LATEST EUROPEAN DISCOVERY

A. J. TRUSS, CHEMIST

Will furnish Medical Reports.

BOLLY'S BLOOD, BONE & BRAIN BUILDERS

Lost flesh lately? Does your brain tire? Losing control over your nerves? Are your muscles becoming exhausted? You certainly know the remedy. It is nothing new; just the same remedy that has been curing these cases of thinness and paleness for twenty-five years. Scott's Emulsion. The cod-liver oil in it is the food that makes the flesh, and the hypophosphites give tone to the nerves.

See and get all druggists. SCOTT & BOWNE, Chemists, Toronto.

NOTICE

Take notice that the Municipal Council of the Corporation of the City of Toronto intend to carry out the local improvement works set out in the schedule hereon, and to assess the final cost thereof upon the property abutting thereon to be benefited thereby. A statement of the proposed works, and the names of the owners thereof, as far as they can be ascertained from the last revised Assessment Roll, is now filed in the office of the City Clerk, and is open for inspection during office hours.
