VOL. XXXVI.—No. 13,076

GREEKS THREATEN RISING UNLESS KING CONSTANTINE YIELDS FRENCH AND SERBIANS MAKE FRESH GAINS IN THE BALKANS Russians and Roumanians Unite To Invade Hungary

PUBLIC REVOLT DANGER BEFORE GREECE'S RULER

Resolutions Demand That Constantine Dismiss His Pro-German Advisers.

CLEAR WARNING GIVEN

Other Steps Will Be Considered if King Disregards Demands.

ATHENS Sunday, Aug. 27, via London, Aug. 29.—After the pro-entente demonstration before the residence of former Premier Venizelos today, in which 50,000 persons took part, a committee was appointed to present to King Constantine the resolutions outlined by M. Venizelos in his address. These resolutions, as framed by M. Venizelos, concluded with these words: "If we the people are not heard now we must take counsel as to what must be done to minimize the ruin which awaits us."

The scene before the residence of the former premier was one of the wildest enthusiasm. All the surrounding streets were crowded when M. Venizelos appeared on the balcony. News of the Bulgarian occupation of the Greek port of Kavala intensified the feeling, and these in the "strongly" apparently were ready to follow the former premier in whatever he might advise. Unusual precautions were taken by the authorities in the vicinity of the residence of M. Venizelos. Plain words to monarch. Immediately following the meeting a committee of representatives was named to present King Constantine the resolutions outlined in the speech of M. Venizelos. The text of the resolutions, as given by M. Venizelos in his speech, follows: "By these resolutions, we the people

GERMAN SUB ATTACKED PORTUGUESE GUNBOAT

Torpedo Missed and U Boat Submerged to Avoid Fire.

LONDON, Aug. 29, 9:10 p.m.—The German submarine U20 attacked a Portuguese gunboat off the entrance to the harbor of Lisbon last night, according to an exchange telegraph despatch from the Portuguese capital. The torpedo fired by the submarine missed its mark and the submarine submerged when the gunboat opened fire on it, the despatch adds.

IRON CROSSES BESTOWED WITH GREAT LIBERALITY

Total is Approaching Half a Million, Says Kiel Zeitung.

COBLENZ, Aug. 29.—The Kiel Zeitung says that 430,000 Iron Crosses have been conferred up to the present, of which 420,000 were of the second class, each weighing 18 grammes, and composed of half cast-iron and half silver.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

"If we, the people, are not heard now, we must take counsel as to what must be done to minimize the ruin which awaits us." In these blunt words, resolutions framed by ex-Premier Venizelos, and endorsed in substance by a mighty gathering at Athens on Sunday, call upon King Constantine to beware lest he reject the demands of the mass of the Greek people for the dismissal of his pro-German court advisers. It is plainly set forth that the monarch's defiance of the popular will is deemed a menace to the free constitution of Greece, and that, to use colloquial English, the Greek people will not "stand for it." Not since King Manuel was driven from Portugal has a European monarch had to face so strong an arraignment by his subjects. Unless Constantine has a mind entirely unresponsive to the strongest kind of a hint, he will promptly give way and allow the Zaimis Government to extend to the entente powers "the most benevolent neutrality conceivable," as demanded in the resolutions. It will be observed that the Venizelists do not call for alignment with the entente allies in a full sense, but an unrestrained ministry could be trusted to see that little detail before long.

Gen. Von Falkenhayn, chief of the German general staff, has been superseded by Field Marshal Von Hindenburg, according to an official statement.

KING GEORGE CONGRATULATES ROUMANIA FOR ENTERING WAR

Action Brings Still Nearer the Approaching Triumph of Allies' Great Cause.

LONDON, Aug. 29, 8:10 p.m.—King George has sent the following congratulatory message to King Ferdinand of Roumania: "I desire to express to your majesty the great satisfaction with which the news of the entry into the war of Roumania has been received by myself and my government and the whole British nation. I rejoice that the valiant Roumanian army will now fight side by side with the armies of the allies, bringing still nearer the approaching triumph of our great cause and hastening thereby the fulfilment of Roumanian national aspirations."

Von Falkenhayn Loses His Post

Chief of German General Staff is Succeeded by Von Hindenburg.

BERLIN, Aug. 29, via Copenhagen to London, Aug. 30, 2:04 a.m.—The emperor has dismissed Gen. Erich von Falkenhayn and appointed Field Marshal von Hindenburg chief of the general staff.

SERIOUS DISORDERS IN DUTCH EAST INDIE

Punitive Expeditions Are Organized to Punish Murderous Band.

LONDON, Aug. 29.—A despatch to Reuters' 7-telegram Co. from The Hague, says there have been riots in the Dutch East Indies at Moertombel, in Jember. Twenty members of the armed police, the administrator, a native doctor and the village chief were murdered and the post-office and prison burned. Punitive expeditions have been despatched to the scene of the disorders from Palembang, according to the despatch.

MAKING LAST EFFORT TO PREVENT CHANGE IN NAME

Special to The Toronto World. KITCHENER, Ont., Aug. 29.—All eyes are turned toward Ottawa tonight, because a deputation of anti-name-changers are there today waiting upon Postmaster-General Casgrain, in an eleventh hour effort to prevent the change of name of Kitchener. The official proclamation was published locally tonight, which changes the name from Berlin to Kitchener.

MILK PRICE RAISED ONE CENT IN GUELPH

Special to The Toronto World. GUELPH, Aug. 29.—After September 1st Guelphites will have to pay eight cents a quart for milk, a raise of one cent. The price paid the farmer for his milk is \$1.35 per hundred pounds, and the dealers claim that this does not measure out as it should. The price of cream will also be raised from 10 cents for a half-pint to 12 cents.

U. S. CRUISER WRECKED TWENTY LIVES LOST

Memphis Was Swept Upon Rocks off San Domingo Harbor.

WASHINGTON, Aug. 29.—Rear Admiral Pond at San Domingo City admitted the navy department tonight that the armored cruiser Memphis, swept upon the rocks by a heavy sea in the harbor there today, would be a total loss, and although it was expected all on board would be saved, 20 men returning to the ship from shore leave, in a motorboat had been drowned.

BUGLER IS IN HOSPITAL WITH WOUND IN KNEE

Special to The Toronto World. WOODSTOCK, Ont., Aug. 29.—Mrs. David Mason, Bain street, received official notice from Ottawa this morning that her son, Bugler Charles Mason, who left Canada with the 18th Battalion, had been admitted to a hospital in France, suffering from a gunshot wound in the knee. Bugler Mason had been in the trenches more than eleven months. Before enlisting he was employed at the Thomas Organ Company.

Dineen Company, Toronto Agents for Henry Heath Hats

The first fall shipment has been received of the famous Henry Heath, London made, hats for men. This Oxford street hatter enjoys a world-wide reputation as "the King's Hatter." Dineen's are the exclusive agents in Toronto for the Heath hat. Men who are particular about their hats will find satisfaction in the Heath. Dineen's, 140 Yonge street.

QUEEN MARY INSPECTS "ROLLS OF HONOR"

The Queen yesterday made a tour of the east end streets of London, where the rolls of honor are exhibited, showing the number of soldiers contributed from each street. Her Majesty took flowers to place before each roll of honor.

SIR HORACE RUMBOLD MINISTER AT BERNE

Veteran Diplomat Succeeds Evelyn Grant-Duff in the Post.

LONDON, Aug. 29.—Sir Horace Rumbold has been appointed British minister at Berne, Switzerland. He succeeds Evelyn M. Grant-Duff, who is retiring on account of his health.

Sir Horace Rumbold has been long in the British diplomatic service. He was acting charge d'affaires at Berlin when war was declared, in August, 1914, and since has been attached to the foreign office in London.

Evelyn M. Grant-Duff has been British minister at Berne since July 1, 1913.

GERMANS SHELL DELVILLE WOOD

Heavy Bombardment Also Directed Against British Positions Around Pozieres.

ENEMY RAID FAILURE

Bad Weather Continues and Infantry Actions Are of Minor Sort.

LONDON, Aug. 29.—Hampered by persistent bad weather marked by recurring heavy thunderstorms, British infantry have been engaged during the past 24 hours in "minor enterprises" only, Sir Douglas Haig reports tonight. An attempted raid by a small German force on British positions near the Pozieres windmill was abortive. Tonight's official statement reads: "The only infantry action today besides the usual trench bombardments was the approach of a small hostile force toward our trenches near the Pozieres windmill, which was quickly dispersed by our fire, leaving seven men killed."

"Although heavy thunderstorms made observations difficult, there was considerable activity, the enemy shelling Delville Wood heavily this evening, and also the vicinity of the Pozieres windmill, Authuille and the Thiepval Wood during the afternoon."

"On other parts of the line there was artillery shelling by both sides, near Hohenzollern, in front of Cutauchy, Givency and the Ypres salient. "Twenty prisoners were taken in the last 24 hours, making the total captured 140."

RUSSIANS JOIN NEW ALLIES IN BIG OFFENSIVE

Hungary is Faced With Overwhelming Invasion.

SERIES OF SKIRMISHES Vienna Reports Falling Back of Teuton Guards Before Roumanians.

LONDON, Aug. 29.—Russian and Roumanian forces have effected a junction in the Carpathians in preparation for an onrush into Hungary. Thus far the fighting has been confined to clashes between advance guards, but it is believed that the Russo-Roumanian offensive will speedily gather great impetus.

Vienna last night sent out the following official statement from general headquarters: "At all the passes of the 600-kilometre Roumanian mountain frontier our frontier guards engaged the enemy successfully. Only a far-reaching encircling movement of strong Roumanian forces obliged our advanced detachments to withdraw, according to plan, to a position prepared in the rear."

The German war office reports: "In the Carpathians the Austro-Hungarian forces are engaged with the vanguards of Russian and Roumanian armies. Near Burszonon, on the Gula Lipa, a Russian aeroplane was forced to land."

"Junction With Russians. A Zurich despatch says: Roumanian troops, which had been concentrated at Jassy, near the Russian frontier, entered Transylvania at a point to the west of Piatra, and, according to information here, are reported to have joined forces with Russian troops coming from Bukovina. The first hostilities between Roumanian and Austro-Hungary broke out Sunday evening to the south and southwest of Kronstadt. Skirmishes also are reported to have taken place further to the west at Col Tour Rouge. "Roumanian troops have been de-

The Railway Situation in the States a Grave One

Nobody knows what is to happen in the United States in the next few days over the threatened strike of the railway brotherhoods for an eight-hour day and general improvement in their conditions.

Both the representatives of the brotherhoods and the presidents and managers of the big railways are now at Washington in conference with the president; and the president, having failed to bring the parties together in any kind of settlement, appealed to congress yesterday for additional legislation to carry out some rather surprising proposals.

The president is even asking that power be given to him, if the warring parties cannot come to an agreement, to enlist railroad men, both managers and workmen, into the army of the United States, and have these men so enlisted put to running the railways under the direction of the president, and in the service of the people of the United States.

This is a sweeping change, and practically means public ownership in a sudden and surprising way. Whether it will get this far or not, we do not know; but the railway men would be glad to turn the propositions over to the federal government, and let them work it out the best way they can; and put upon the government the responsibility of taking care of the securities already issued by these railways.

The president also wants additional legislation passed immediately which would create a body to adjust grievances between the managers of the railways; and to take into consideration not only the demands of the men for better treatment, but also the demands of the railways for an increase in freight rates if they have to give their employees better pay and better hours; and this seems only reasonable.

The regulation of the railways by government commissions in the States is getting so pronounced that quite a large number of people have come to the conclusion that the more the regulation the nearer you get to government ownership, as well as government control, and that the ultimate outcome of government regulation must be government ownership.

Many of the roads of the United States today are in need of vast sums of money for the betterment of their lines, and in view of the unsettled conditions of the railway situation it has been very hard now for some years back for the roads to put out securities other than short-date notes at a high rate of interest.

But the more the situation is discussed the more aggravated does it become, and the more serious the problem of settlement.

It is almost impossible to realize what a sudden strike of the men would mean, and the date of the strike is even set for Labor Day, on Monday next. If that were to happen, famine would be the result to threaten all the cities of the United States. The food supplies for these cities are only a few days ahead, and the stock is kept up by a constant stream of trains bringing fresh supplies into the large cities; and if the trains were suddenly cut off it would be impossible to feed the enormous number of people in these cities by provisions sent in by boats, by trolley lines, or motor trucks, or by wagons.

Most of the railways in Europe are state-owned and run by the state, and the men who work the roads are more of the status of men in the army of the country than the general employes of a big private concern. They are more or less under military discipline and their allegiance is more to the state than to any labor organization they may be connected with. In fact some of them are not allowed to be members of any labor organization.

So that rather stirring times may be expected in the States from now on. The president is already in a very hot box, and he invites congress to get in with him and to pass rather far-reaching laws; and the people are in dread of what may happen to them in the case of a strike as far as food is concerned; and the investing public think themselves to be in great danger of a disturbance in the securities which they hold, and for which they have paid good money.

And at the same time the presidential election is on, and Mr. Wilson, who is now the chief executive, is seeking reelection and apparently appealing to the masses of the voters, while it is alleged that Mr. Hughes, the Republican candidate, is making more or less of an appeal to capital and the great big industries and trusts of the States. So that a very grave situation has immediately arisen in the States and concerns all the people, whether they are working men, or farmers, or business men, or capitalists, or of any profession or other occupation that make up the balance of the community.

Even in Canada would immediately feel the seriousness of such a strike. We depend on the railways of the States for freight and many other things and a lot of freight for our railways.

IS SENTENCED TO JAIL; USED FALSE PRETENCES

SPECIAL TO THE TORONTO WORLD. HAMILTON, Ont., Aug. 30.—Charged with obtaining merchandise under false pretences, Charles Brady appeared before Magistrate Jelfs yesterday, and was sentenced to six months in jail. Brady obtained two watches from a local firm some months ago.

FINAL EFFORTS ARE BEING MADE TO STOP STRIKE

Wilson is Continuing His Attempts to Get Some Agreement.

MAY OPERATE ROADS

Crews and Officials Will Be Drafted Into Military Service.

WASHINGTON, Aug. 29.—President Wilson, laying the railway strike situation before congress today with recommendations for legislation, advanced the crisis to a stage where the next development depends upon two points. They are: Whether the legislation he proposes can be passed. If enacted, will it be effective to prevent a strike already called for 7 a.m., September 4?

Neither of these questions can be answered tonight. The brotherhood heads themselves, announcing their intention to fight certain portions of the president's program, are at loggerheads over whether its enactment would prevent the strike.

The railway presidents favorable to President Wilson's plan in the main, think it would make it difficult for the strike to begin.

Meanwhile altho negotiations between the employers and men were broken off today by the rejection of the railway presidents' latest proposal for arbitration, President Wilson is continuing his efforts to bring the two sides together on some form of agreement. Efforts which might well be described as almost superhuman are being exerted to that end tonight.

President's Plan. When the brotherhood leaders this morning rejected the latest proposal to the railroads, and definitely set the strike for Labor Day, without further notice, President Wilson decided to lay the whole situation before congress. Before a joint session of the house and senate.

(Continued on Page 10, Column 3).

FURTHER GAINS IN BALKANS BY ALLIED FORCES

French Pressing Toward Ljumnica River and Serbs Toward Vetrenik.

BULGAR CLAIMS FALSE

Enemy's "Successes" in Florina Region Were in Nature of Defeat.

PARIS, Aug. 29.—The French are making progress in the direction of the Ljumnica River and the Serbian army is advancing toward Vetrenik, says an official communication here this evening regarding operations in Macedonia. Strong Bulgarian attacks northwest of Lake Ostrovo were repulsed by the Serbians. This statement follows:

"There is nothing new on the Struma line. Since yesterday there have been lively artillery actions around Lake Doiran and on the banks of the Vardar, where we destroyed the Mraznitsa aviation field west of Lake Doiran. Our progress continues in the direction of the Ljumnica River.

Serbs Still Advancing. "The Serbian army yesterday continued its advance toward Vetrenik and repulsed strong Bulgarian attacks on Jilj 1506, northwest of Lake Ostrovo, and further to the south. A number of prisoners, including several officers, remained in Serbian hands.

"The Bulgarian official communications continue to allude to alleged successes on the wings toward the sea and south of Koritz, southwest of Florina. In reality, since the beginning of operations the Bulgarians have occupied only the undefended portion of Greek territory, while west of Lake Ostrovo the undefended wing of the Serbian army has stopped all enemy attacks and has inflicted heavy losses."

 "Do you know of any good investment I can make on the installment plan, Dad? I am earning more than I am spending and I would like to place the surplus where it will grow."  
 "How much life insurance are you carrying, Son?"  
 "Oh, I've lots of insurance. If I die Dorothy will get \$2000, besides there's our home and my other real estate."  
 "I didn't mean insurance just as protection. Though even at that \$2000 won't yield Dorothy a very big income, if safely invested, out of which you know she will have to pay interest on the mortgage, etc."  
 "Listen, Son. Last week my first policy in The Manufacturers Life matured. It was a twenty year endowment for \$5000. I never missed the money because once I got accustomed to paying the premiums and now your mother and I have a nice little nest egg. Besides the good returns, I have had the satisfaction of knowing that your mother and you had \$5000 protection during all these twenty years."  
 "I never thought of insurance in that way, Dad."

**SAYS LANCASTER'S OWN IS A LUCKY REGIMENT**

Trooper H. Stott Tells His Sister in Earscourt of Life in Egypt.

Mrs. G. Hughes, 31 Auburn avenue, Earscourt, is in receipt of an interesting letter from her brother, Trooper H. Stott, Duke of Lancaster's Own Yeomanry, stationed near the Suez Canal, Egypt, of which the following are interesting extracts: "Every morning we are sent out on patrol. The idea being to see the Turks or marauding Arab camps near the canal. We were fortunate to see three Turkish aeroplanes flying at a great height. The camp here is bounded by the canal on the east and the Suez to the west. It is a goodly one. I had to carry my flag, which was marked E.L.D. It is the luckiest regiment in the British army and the only yeomanry regiment of which there are no deserters, troops, etc. It is much better than being at Suez. I had the honor of being General Douglas' orderly (mounted) one day last week. I got on well with him; he is a good horseman. I had to carry his flag, which was marked E.L.D. It is the luckiest regiment in the British army and the only yeomanry regiment of which there are no deserters, troops, etc. It is much better than being at Suez. I had the honor of being General Douglas' orderly (mounted) one day last week. I got on well with him; he is a good horseman. I had to carry his flag, which was marked E.L.D. It is the luckiest regiment in the British army and the only yeomanry regiment of which there are no deserters, troops, etc. It is much better than being at Suez. # EATON'S DAILY STORE NEWS

STORE OPENS AT 8.30 A.M. CLOSES 5 P.M.

This is Interesting

THE nut steel and finger piece which equip the ordinary guitar for the playing of Hawaiian music with true native twang and croon. With the presentation here this week of the popular Hawaiian play, "The Bird of Paradise," interest will be stimulated in the quaint, plaintive melodies which have enjoyed such a vogue for the past few years. Apropos, all things Hawaiian are being featured in the Musical Instrument Department. Note a few of them—the nut above mentioned, priced 35 cents; the playing steel which produces the peculiar wailing effect, \$1.00; the thumb and finger pieces, 15 cents each; Hawaiian guitar, single or double string, \$1.00; the Victor-Victrola records for the Victor-Victrola and Columbia Grafonola, 9" and 10" sizes respectively, besides many new, perfection music rolls in clever imitations of Hawaiian stringed instruments, at 20 cents each.

THESE paragraphs from the latest fashion report from our Paris buying office: "Dreco's tailored suits and automobile coats are always good, but this season they are more than good. Every one is made on long, straight lines, length is almost a matter of course. All of the houses so far have shown longer skirts."

This regarding dresses and sleeves shown at the Maison Drecoil:

"The afternoon one-piece dresses made of the straight princess lines, but those at the waist, are prominent in the collection."

"The launching of the 'nut-ton' top sleeve has already been noted in other collections and Drecoil makes a feature of the 'western' which is big at the elbow, where there is a seam of two circular or oval edges, and are full and remains without fullness at the arm-hole and the wrist."

"And this concerning Douillet's Fall collection:

"That is the word for the afternoon dresses, which are especially chic. The long, straight, one-piece dresses are winning favor everywhere. Douillet's skirts are longer, of mitered length, and are full without appearing voluminous."

Some delightful stories to be had in "cheap" editions: That delicious amusing little yarn "Some Experiences of an Irish R. M.," by Somerville and Ross; "Iris Yesterday," a book of charming sketches, by the same gifted authors; and still another jolly little Irish tale by George Birmingham, called "The Inviolable Sanctuary." These are all available in the red cloth Nelson series at 15 cents each, and at 25 cents each, is a book of Joseph Conrad's best South Sea stories ("Wayfarer's Library," "Twixt Land and Sea"; and that charming volume, "Life and Letters of Lewis Carroll," by Hodgson, a relative of the famous author of "Alice in Wonderland."

## Fascinating Novelties and Up-to-Date Necessities for the Nursery

Drawing Your Attention to Some of the Enchanting New Things Just Opened Up in the Infants' Wear Section—Baskets, Bassinets, Cribs, Kimonas, Carriage Covers, Clothes Trees, Rubber Bathtubs, Rattles and Hobby Horses

SUCH AN ADORABLE MEDLEY OF BABIES' BELONGINGS! The little Grey Room and adjoining showcases are full of overflowing with a fascinating Autumn array of nursery playthings and necessities. You who have a baby of your own or a wee grandchild or godchild or particular pet to interest you in infantile affairs, just glance at the following items:

### Jolly Little Chairs, Hobby Horses and "Cut-out" Animals

They are made of wood, cut-out with a fret saw and painted by hand in the most clever and amusing manner. Any child of two years and upwards would delight in them. There are for example:

Cunning little brown and white bunnies with strings to draw them along the floor—price 60 cents; splendid hobby horses at \$1.25; coat hangers decorated with quaint figures at \$1.00; sets of two chairs with backs cut-out and painted in Red Riding Hood effect, together with a table amusingly decorated, at \$1.50 the set; single chairs with backs like cats, dogs, or cunning little girls with round, rolling eyes, at \$3.50 each; and the most enchanting Noah's Arks with giraffes, pigs, elephants, lions and a long procession of animals, wild and tame, ready to go into the fine big ark at the direction of Mr. and Mrs. Noah—all for the moderate sum of \$5.75.

### Charming Little Kimonas and Bassinets Covers

These are in white satin daintily embroidered in pink or blue flowers, cosily wadded, and lined with pink or blue silk, the set of kimona for baby of 3 months to 1 year, and cover for bassinette or perambulator—the two pieces for the incredibly moderate sum of \$4.75.

Carriage or bassinette covers in white silk patterned with pink or blue flowers, wadded and lined with pink or blue—price \$1.50; in white crepe de chine similarly flowered and lined, \$1.75; and in white satin, embroidered and lined, \$1.35.

Babies' sleeping bags in white silk, flowered in pink or blue, wadded, and lined, \$3.25.

The well known "Arnold-knit" underwear and accessories for babies—widely advertised in American magazines—being closely knit in white cotton; children's sleepers, 35 cents; children's drawers, \$1.00; towels, 40 cents each; face cloths, 8 cents; bath aprons, \$1.25; bassinette sheets, 85 cents; diapers, 30 and 35 cents each; and diaper pads, 15 and 18 cents each.

**Bassinets, Toilet Baskets, Rubber Baths, etc.**

White enamelled wicker bassinets, on removable stands, the most picturesque and convenient little cribs imaginable, are \$17.50.

Wicker cots, white enamelled, are likewise \$17.50.

Quaint toilet baskets in white wicker for carrying sponge, soap, powder, towels and other bath accessories, are \$2.50.

Extension baskets, with 4 drawers, for the baby's toilette, are \$15.

Folding rubber baths are \$8.

Collapsible dressing tables, convenient and sanitary, for laying the baby upon, when drying and dressing it, Price \$18.50.

Clothes dryers, white enamel, with top hinges, \$1.00; with wire hinges, \$2.

Clothes trees, pink blue or white enamel, \$2.25.

Feeding trays, for holding dish, mug, etc., are in white enamel, hand-decorated; price \$2.75.

—Third Floor, Queen St.

We Prepay Shipping Charges on all orders of \$10.00 or over to your nearest station in Ontario and Eastern Provinces on both Mail and City Purchases.

## You Who Want a Piano, Do You Realize That a Reliable Instrument Can Be Had for \$185.00?

Our "Leader" is Thus Low-priced Because We Are Able to Offer It at Little More Than the Actual Cost of Production

DOUBTLESS YOU HAVE HEARD OF the "Leader" before this. Possibly you have dismissed any thought of it, feeling that its value must correspond with its price—that at the small sum of \$185.00 it must necessarily be a piano of small merit.

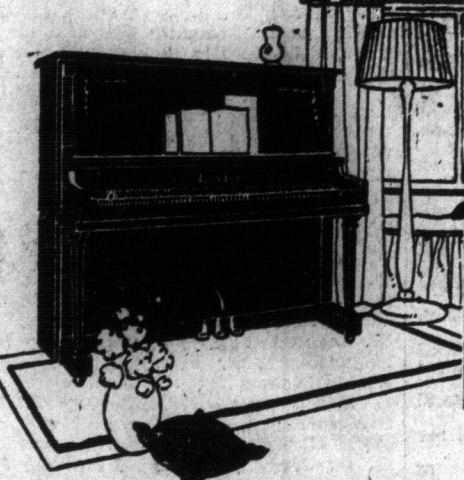

But in this you make a mistake. It is a piano that compares well with instruments sold in the ordinary way at double the price—a reliable piano offered at this low figure for several good reasons, namely:

Buying it for cash, we are able to make exceptionally good terms with the manufacturer, and, selling it for cash, we need allow nothing for the collecting of purchase money, etc.

Furthermore, we incur none of the usual expenses connected with the selling of pianos, such as agents' fees, warehouse rental and allowance for old instruments.

The "Leader" is, therefore, priced at a sum which represents but a small profit above the actual cost of its production.

In appearance it has that refinement of line and nicety of detail characteristic of much more

expensive models, the base being in simple Colonial style in walnut or mahogany finish.

In tone it is sweet, clear and of rich, full volume—an ideal home piano. That we have every confidence in its reliability is attested by the fact that with every instrument we give a ten-year guarantee. Price, to your nearest railway station in Ontario, \$185.00.

—Fifth Floor.

## THE BIGGEST BARGAINS

Yet Offered in the August Sales of Furniture and Housefurnishings Are Now Being Featured

A Few of the Extraordinary Price Attractions for Thursday

## ORDER WITH RIGID PENALTY IS PASSED

Officials Declare Wearing Uniform Without Enlisting, an Offence.

## FLAGS TO BE WATCHED

Camp Colors Eighteen Inches Square May Be Flown.

Special to the Toronto World. CAMP BORDEN, Ont., Aug. 29.—Notice was given by headquarters today that any person who without authority wears a naval or military uniform or any uniform so resembling as to deceive, or supplies such uniform to those not members of his majesty's forces or Canadian militia or without authority or right wears a naval or military decoration or medal is guilty of an offence under the criminal code, and on summary conviction is liable to a penalty not exceeding \$50 and in default of payment is liable to imprisonment for a term not exceeding three months.

Officers commanding brigades and battalions have been requested to ensure the discontinuance of flying Union Jacks and other unauthorized flags in battalion areas. Camp colors, 18 inches square, may be flown at the area corners.

## ALDERMAN BACK AFTER VISITING WOUNDED SONS

Ald. H. H. Ball, who has been visiting his two wounded sons in England, has returned to Toronto. His sons went overseas with the 19th Battalion and both were wounded about the same time. Herbert Ball is still suffering from the shrapnel wounds he received, and is at Grey's Inn Hospital, London. Ernest has recovered and has joined a base battalion at Shoreham.

## RESIGNS HIS CHAPLAINCY TO GO OVERSEAS IN UNIT

Special to the Toronto World. KINGSTON, Aug. 29.—Rather than be separated from his charge, Capt. Rev. S. J. Horsey has resigned his chaplaincy and has gone to France with his regiment, 38th Royal Ottawa, as a junior officer.

## LEGAL ROBBERY IS TERM APPLIED

A. O. U. W. Members Receive Notices That Policies Are Valueless.

## LEGAL FIGHT EXPECTED

Older Men Will Get Together to Test the Legislation.

## How to Lose Your Tan Freckles or Wrinkles

A day's motoring, an afternoon on the tennis ground or golf links, a sunbath on the beach or exposure to a sea trip, often brings on a deep tan or vivid crimson, or more perplexing still, a vigorous crop of freckles. A very necessary thing then is mercurized wax, which removes tan, redness or freckles quite easily. It literally peels off the affected skin—just a little at a time, so there's no hurt or injury. As the skin comes off in almost invisible flaky particles, no trace of the treatment is shown. Get an ounce of mercurized wax at your druggist and use this nightly as you would cold cream, washing it off mornings. In a week or so you will have an entirely new skin, beautifully clear, transparent and of a most delicate whiteness.

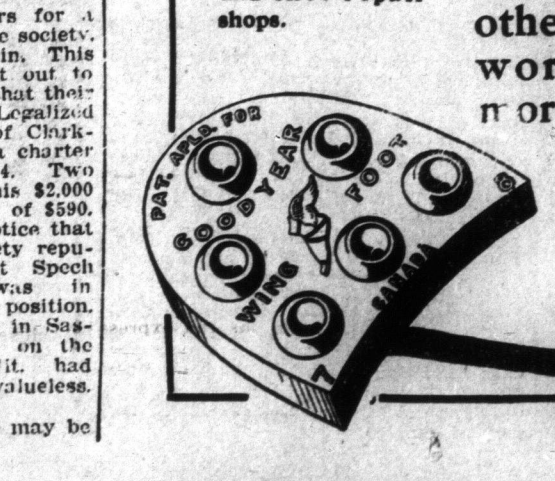

## BATTALION MAINTAINING STANDARD OF EFFICIENCY

Special to the Toronto World. BRANTFORD, Aug. 29.—The 125th Battalion is maintaining its high reputation for efficiency which it created before it left Camp Borden for further training in England. At an inspection held by Lord Dundonald and Gen. Sir Sam Hughes, at Brantford Camp, their excellent mastery of drill and their general efficiency brought hearty congratulations for the inspecting officers.

## 60c Goodyear Wingfoot Air Heels

a pair put on—Black or Chocolate—at shoe stores and shoe repair shops.

Cost a little more than other heels—worth far more.

## LEGAL ROBBERY IS TERM APPLIED

As for those who, after they had consented to a reduction of their policy to meet their premium, had been told that the actuary appointed under the act of 1916 had valued their policies as worthless, these did not appear to be any redress save in further legislation.

The act provides that the actuary appointed, M. A. Mackenzie, should decide the proportion of the assets due to each policyholder, and the value of the policy. The actuary has decided that the policy of the older members are valueless. They had the protection of the policy during their lives. They might have died and got their \$2000. They did not.

Hon. L. B. Lucas said yesterday that he was not surprised at the complaints made. They had expected that there would be complaints when the findings of the actuary were published.

We guarantee Goodyear Wingfoot Air Heels to out-wear any other rubber heels you have ever worn, or any others you can now buy. Should they not meet this guarantee, return them to us at Toronto, or to any Goodyear Branch, and get a new pair free.

Today's parade states shows 22,592

It is pointed out that there may be

The Goodyear Tire & Rubber Co. of Canada, Limited Toronto, Ont.

More Good Weather To Help Exhibition

SOCIETIES' DAY APPROPRIATELY CELEBRATED ON SECOND DAY OF EXHIBITION

Good Weather Brings More Large Crowds and Fraternal Organizations Hold the Centre of Interest, Society Row Being Headquarters for Various Brotherhoods.

Forty-one thousand people paid admission to the National Exhibition grounds yesterday. While the figures for the first day, the record year, they are one thousand better than the attendance on the second day last year, and the officials are out to beat the million.

This is Children's Day and a great crowd is expected. More good weather and more large crowds featured the second day of the Canadian National Exhibition and led all concerned to continue in the belief that Federation Year is going to be a record-breaker.

At the directors' luncheon an official welcome was given the various brotherhoods by President Col. Noel Marshall, and the speakers referred to the stimulus given the societies by the Exhibition.

Col. Fraser, past president of the Canadian Fraternal Association, voiced the sentiments of fraternalism in general and emphasized the point that the Exhibition must appreciate its importance, else a day would not be set aside in its recognition.

The value of co-operation, reaching far beyond the place touched upon by the latter speaker, how it had assisted in the building up of the Canadian National and how it proved beneficial to humanity in every walk of life.

Early in the day an attendance reaching fair sized proportions had entered the grounds, and each place of interest was inspected thoroughly. The buildings, with their many exhibits, attracted these among the largest of the day, and the special attractions were visited by all. While the "Day Headquarters" so to speak, was the row of tents on the boulevard facing the lake, where old acquaintances were renewed, and where many a half-hour visit took place, a large proportion of the crowd "did the fair" in a general way, seeing all that was to be seen and hearing all that was to be heard.

In the grand stand, for the afternoon performance, there was a fair-sized audience. Among the various entertainments was very pleasing. At Directors' Luncheon, Society Row brought a number of representatives of the various Canadian societies together at the directors' luncheon yesterday. Many of the guests were, as President Marshall said, men who had seen many years of citizenship.

Col. Fraser, the past president of the Canadian Fraternal Association, was the first representative of the societies to speak, and told of the splendid work of the societies in the past. He was deeply grateful to the legislators for the steps it had taken to protect and save these institutions.

IT'S CHILDREN'S DAY AT THE EX. EVERY GIRL AND BOY IS INVITED

Directors Have Made All Arrangements to Give the Little People a Splendid Holiday and Will Be Disappointed if the Grounds Are Not Crowded

Every street in Toronto will be deserted today—they will be as quiet as on a Sunday afternoon; the baker, grocer, milkman—yes, even the postman will notice the difference. The policemen who patrol the streets in the residential districts will be asked to seek a soft spot and spend the day in rest and peace. They will not even hear a suspicion of noise; they will be forced to report "no disturbances."

Every dog whose daily existence consists of being kicked around and ordered here and there will appreciate today. Every cat who, until now, had to sneak over the back fence, can make the climb in perfect confidence that no stones will be thrown.

It's Children's Day at the big Exhibition. A nickel—that's all. That's the charge for admittance. Regular day prices have been blown to pieces—have been blown to a five cent puff and today that amount will be the official badge for each and every child.

The directors expect more children today than have visited the grounds on a Children's Day of any other year, and they will be personally disappointed if the grounds are not swarming with children by noon. I want to see them all, and every little girl in Toronto for me that of Colonel Noel Marshall, the president of the Exhibition board. "Tell the little people to come for the day and bring their fathers and mothers and their sisters and brothers, for we are all ready for them, and will do our best to give them a good time," he said.

Inspector Soddies, in charge of the police arrangements, said: "Tell the little people not to be afraid if they get lost, but to go to a policeman and he will take care of them."

The Midway expects every boy and girl and has everything ready for them. Here, too, five cents will admit anywhere.

CONWAY'S BAND AGAIN PLEASES EX. CROWDS

Music Attracts Hundreds Who Spend Afternoon Hearing Program.

Numbers Get Applause Chopin and Lampe Compositions With Others Are Favorites.

Conway's Band is again delighting Canadian audiences at the outdoor performances at the National Exhibition. This splendid organization plays with an ease that adds greatly to the harmonious and pleasing production of the public, and the variety exhibited in arrangement gives opportunity for the exhibition of many moods and modulations. Among the favorites yesterday were the dreamy reminiscences of Chopin and the "Songs of Scotland," cornet solo by Joseph Dolan, the fine cello solo by Joseph La Monaca, together with the saxophone solos of H. Benne and the trombone work of Pedro Lozano, lent pleasing variety to the offerings of the band.

CHANGES AT ENTRANCE ACCOMMODATE CROWDS

Attendance on Second Day of Exhibition Pass Thru Gates Easily and Quickly.

A few slight changes were made last night at the eastern entrance in order that the handling of traffic might be done with greater facility. From the main entrance, the road was widened, and the leading platform and portions from showing those nearest the track enabling the police to guide the throng thru narrower passages with less danger of accident than heretofore. The crowds were much greater yesterday than the previous day, but the eastern entrance proved more than the equal to the task, people coming and going without any crowding or waiting.

SENTENCED TO JAIL FOR ROBBERY MAN ON TRAIN

F. Stoughton Stole While Intoxicated—Council Wants Battalion's Presence for Winter.

Special to The Toronto World. NORTH BAY, Ont., Aug. 29.—Frank Stoughton, a young man 28 years of age, was sentenced this morning to a three-month term in the Ontario Reformatory for stealing \$250 from a fellow passenger on the North Bay train. Stoughton is a resident of this town and has a wife and two children. The theft was committed while the man was under the influence of liquor.

DINE AT NASMITH'S.

Those who wish to have meals that are prepared and served under the best conditions will find in Nasmith's Dining Hall in the west end of the Canadian National Exhibition grounds a place of service.

FRED PLUM WINS OVERTURE TROPHY

Splendid Trap Shooting Seen First Day of the Tournament.

AMATEURS SCORE WELL

Mrs. Boa Attracted Much Attention by Her Fine Shooting.

The Canadian National Exhibition Trap Shooting Tournament opened yesterday afternoon under clear conditions at 2.30 p.m. Over 70 shooters from all parts of the United States and Canada entered for the tournament. The Canadian National Exhibition Overture, shot at 100 yards in five twenty-five events. The opening shot was fired by George Tuckett of Yonkers, N.Y., a Canadian by birth and a special shot, as his score shows. Five different events were started at the one time, so the spectators were treated to seeing an exhibition from twenty-five expert shots shooting at the one time over the five sets of traps. The conditions for shooting were not what one would call easy, as shooting over water always tends to cause misjudgment of the flight of the bird, and this, with the slight wind blowing in on the traps caused the birds to rise rapidly and the shooter had to be careful not to under-shoot his birds. However, all the shooters pronounced the shooting conditions good, and the scores show that the average shooting all round was of a high order. Fred Plum of Atlantic City, N.J., captured the Overture Trophy, a sterling silver teapot donated by the King Edward Hotel, Toronto, with a score of 97 out of 100.

Among the amateurs who shot mention must be made of the splendid scores of W. H. Gooderham, E. F. W. Salisbury, B. W. H. Smith, J. S. Fanning, Stanley Gun Club, Toronto; J. H. Barnes of the Hamilton Gun Club, and all with scores of 90 to 95 each. Geo. Tuckett of Yonkers, N.Y., shot 100. The professional scores were: Walter Sutton, E. G. White, J. S. Fanning, John S. Boa, G. M. Wheeler, J. S. Fanning, E. G. White and John S. Boa. The latter three had scores of 97 out of 100, followed closely by Walter Sutton, with 96 out of 100. As a professional trophy is given to the man making the highest score for all targets shot at during the tournament, it would be hard to pick the winner at this early stage of the competition.

The following are the scores: Fred Plum, 97; A. C. Skutt, 96; J. W. Hart, 95; W. H. Gooderham, 95; E. F. W. Salisbury, 95; P. Wakefield, 95; George Tuckett, 94; F. S. Wright, 94; J. E. Jennings, 94; H. Smith, 93; W. H. Smith, 93; H. Gooderham, 92; W. H. Fenton, 92; T. W. Wigle, 92; S. W. Edgar, 92; G. Ward, 92; W. Dillon, 92; Archie Blahup, 91; H. Lennox, 91; H. Harris, 90; H. E. Furnas, 89; G. Summerhayes, 89; E. Fletcher, 89; P. H. Willer, 88; E. C. Candee, 88; G. G. Jordan, 88; C. N. Candee, 88; W. Curdy, 88; J. Eberts, 88; S. D. Sprague, 88; J. Bedwell, 87; Mark Wason, 87; H. E. Fitch, 86; E. Sprague, 86; L. J. Tucker, 86; E. S. Seppon, 86; C. Con, 85; W. T. Ely, 85; G. L. Vivian, 85; D. Smith, 85; D. McGaw, 81; W. F. Stone, 82; T. R. Day, 77; J. D. Clay, 76; J. E. John, 76; C. A. Nichol, 70; J. N. Devin, 65.

TODAY'S PROGRAM

SCHOOL CHILDREN'S DAY. 8 a.m.—Gates open. 8.30—Buildings open. 9 a.m.—Model Camp open to public. 9 a.m.—Cat Show opens. 10 a.m.—Midway opens. 1 to 3 p.m.—Toronto Symphony Band. 2.30 p.m.—International Trap Shooting Tournament. 2.30 p.m.—Horse Judging starts. 2.30 p.m.—Grand Stand vaudeville show. 3.30 to 5 p.m.—Conway's Band. 5.45 to 7.45—Symphony Band. 5.45 to 6.15—Naval demonstration, watercraft. 7.30 p.m.—Hydroplane flights. 7.30 p.m.—Grand Stand vaudeville. 8 to 10 p.m.—Conway's Band. 8 p.m.—Federation of Empire spectacle. 9.45—Fireworks.

MUSICAL PROGRAM

CONWAY'S BAND. From 3.30 p.m. to 5 p.m.: Overture, "Masaniello"; Auber. Two pieces from "The Gipsy"; Mendelssohn. Euphonium solo, "Dance of the Dervishes"; D'Arlequin. Violin solo, "L'Amour et la Mort"; Puccini. Overture, "Tosca"; Reynard. Scotch Ballet, "Henry VIII". (a) "Gathering of the Saint-Saens"; (b) "The Gipsy"; (c) "The Scotch Idyll"; (d) "The Gipsy". Saxophone solo, "Berceuse from 'The Gipsy'"; Godard. Oriental Sketch, "Kismet"; Mackey. Scenes from "The Gipsy"; Offenbach. Overture, "Robespierre"; Liszt. Funeral March of a Marionette; Gounod. Piccolo solo, "Swiss Shepherd"; Mr. Joseph. "Moths"; Idyll, "Underneath the Stars"; Spencer. Fantasia, "Merrie England"; German.

PATRONS PAY HOMAGE TO CATS ON EXHIBITION

Less Entries This Year Because of Recent Hot Spell—Owners Feared Weather.

The cat exhibit, which always commands the interest of a large number of visitors to the Exhibition, is again a feature as numerous as last year, a fact attributed to the heat of the past months, during which period owners were afraid to send in the names of their pets for fear they might in the interim die under the disadvantages of their atmospheric conditions.

Many handsome felines are in the list catalogued, and as they lie in their various compartments there are as if they were the most precious possession of their owners. "Blues," the group which attracts much attention belongs to the long-haired blue Persian class.

Mrs. P. E. Hewitt of Grimsby shows a very good black cat, who rejects the name of Prince Ahmed. "Clumby," another of the same class, by the name of the class of "Blues." The owner is Mrs. Aird. Mrs. Blanche Dunsmoke, an exhibitor, having several fine two-fine "tabbies," "Colonial Lind" and "Sultan Delight." The exhibit will be open today and Thursday.

DINE AT NASMITH'S.

Those who wish to have meals that are prepared and served under the best conditions will find in Nasmith's Dining Hall in the west end of the Canadian National Exhibition grounds a place of service.

MODEL CAMP HAS INTEREST FOR ALL

Trenches Have Practically Been Completed and Duplicate Those at Front.

SOLDIER ADAPTABILITY

Odds and Ends Used in Construction of Works as Picked Up.

The military camp is illustrating to increasing crowds the way in which the soldier is gradually evolved from the Canadian civilian. Yesterday the drill and training work was really started. In the morning the company of the 16th Battalion practically completed the model trenches, which are as far as possible duplicates of those in use at the front.

About twelve different styles of trench "revetting" are illustrated. "Revetting" is the supporting material and structure that prevents the mud walls of the trenches falling in during wet weather or from mud bombardment.

All material used for this purpose was discovered in an old dump down near the seawall, which proved a veritable gold mine to the camp. Here flooring material, old chicken netting, and all the material needed to fill sand bags, build hurdles and other trench requirements.

This structure shows ingenuity in construction that is displayed at the front, and the result has been trenches that returned men can show their friends and tell them where in when—Bombing parties are being built in addition to the rear trenches, and later on bombing parties will illustrate the use of the trench structures.

At Level of Lake. It was the original intention of Major Cox to build a dugout fourteen feet under ground, but here he met with a difficulty that is not infrequently encountered at the front. First to be done was to dig a trench, which had to be deep enough to prevent the water from flooding the works. This was done, the party dug a little deeper to lake level, and further digging would make a water hole. The major is now constructing his dugout by cutting through the obstacles, and the adaptability of the soldier is being illustrated in the best manner.

The bayonet fighting course is being prepared and promises to be a most interesting feature. Dummy Germans are now being used to enter the front of the canvas heads of the men. The bayonet course will be held by the battalion band, at 8 o'clock every night. These men guard for 24 hours until the next night at the same hour.

Farmers who intend to build or remodel their barns in the near future should visit the Steel Truss Model Barn located at the east end of the poultry building at adjoining the grounds, where the Ontario Agricultural College is fitting up a model construction with all modern conveniences. Experts in the various types of buildings, which cannot be procured so conveniently in any other way.

The Steel Truss Model Barn is fire and lightning proof, and is rapidly replacing all other types of buildings and farmers are beginning to realize the advantage of having their crops protected from lightning and fire.

TO PROVIDE FINANCES ASSISTING RED CROSS

Lady White and Company of Nursing Sisters Dispose of Miniatures to Raise Funds.

Red Cross needs will be considerably benefited by the sale of the daintily colored miniatures of Princess Patricia, which are being sold in a booth of the Exhibition near the entrance to the Women's Building. The sale is in charge of Lady White and attracts more by the persuasiveness of the girls behind the counter, who garb as nursing sisters, and with the Red Cross and white well as distinctive features, do a busy trade with the passing pedestrians.

The miniatures have already had a Dominion-wide sale thru the medium of many societies, and the fact that they are still in eager demand speaks for the popularity of the fair princesses they represent and of sympathy with the cause which will be reached by the financial returns from the sales.

NEWSPAPER WOMEN GUESTS OF EX. COMMITTEE AT TEA

The women of the press were guests of the ladies' committee at the Exhibition yesterday. The tea being favored by the presence of Mrs. George and Lady Perley, Mrs. Hearst, Nool Mon-well, president of the Exhibition committee, and others interested in the members of the newspaper world. Mrs. J. E. Elliott received the guests, and a very pleasant hour was spent in the rest room of the committee.

W.C.T.U.

The breeze from the lake blows into the W.C.T.U. dining hall, which is situated at the south end of the government building. The meals are well cooked and homelike, and the members of the various unions wait on the counter. A cup of tea and cake, pie or sandwiches may be had at the lunch counter.

Children's Day Today Festival is Waiting

BIG TOY EXHIBIT OF SPECIAL MERIT

Made in Canada Goods Occupy Prominent Place and Attract Attention.

GIVEN BY GOVERNMENT

Building Well Equipped and Showing Large Number of Excellent Displays.

One look around the wonderful toy exhibit in the government building is quite sufficient to assure the most doubting that the Canadian child for years to come will spurn anything but "Made in Canada Toys." This will be because, the late in the day in starting this industry, the Canadian product is second to none.

Over thirty thousand toys from makers all the way from coast to coast are to be seen in their glory. Some of these, in many cases made by the same makers as the real articles, are true models of the furniture and utensils that mother is anxious to get for the spare room or kitchen. These models of the latest styles in furniture and household equipment cannot fail to display the toy of foreign manufacture modeled on the original article that is also foreign to the toy.

Not only are there rifles that shoot, but there are also a kind of artillery in which the bullets are not fired, but are merely a target, on which the practice is made. Some toys are whole sections of a modern battle field, in which armies of metal men can be moved in attack and counter-attack.

There are sleighs for the boys and dolls of every complexion and size for the girls. Juggling clover, acrobats, and animals are all to be seen in this exhibition of the newest industry that has sprung into being as a result of the war.

Not only does this toy exhibition delight the children, but financial men may be seen carefully scrutinizing the goods, and the exhibitors are busy with their heads together, in whispered conversation. These five booths contain toys that are representative of the toys most in demand in England, many of which were brought in from London, many of them manufactured in Germany.

They are now on exhibition in order that Canadian toy makers may know the type required for the exportation of their goods, and the prices of these may be seen in the department of trade and commerce, so that the rapidly growing Canadian industry may do business in the English market.

The government wool exhibit is very large this year, and will do much to interest in this material, the high price of which makes it very profitable for them to devote more of their energy to supplying the great demand for both the home and foreign markets.

The Dominion Government's exhibit of fish freezing, cold storage plants, models, show cases, articles of fish, and other interesting exhibits, animals, butterflies and insects are extensive than ever, and attract crowds of both students and sight-seers.

The standing field crop competition under the direction of Loddie White, has an entry list of nearly 8000 farmers. Five hundred farmers have their grain entered in the Exhibition. There are now over 400 agricultural societies in the province, and keen interest in the standing crop competitions. Prize winners are able to get at least fifty per cent more than the regular prices for their grain for seed purposes.

Manitoba Government has a pretty model farm layout that has a western character, and is a background in conjunction with the exhibit of grains and grasses. Alberta also has a nice exhibit of these natural products, and the exhibit is a very interesting one.

British Columbia exhibits with pride its fish, fruits and woods, as well as minerals. Ontario has large exhibits of fruits, grains and natural resources, and the exhibit is a very interesting one.

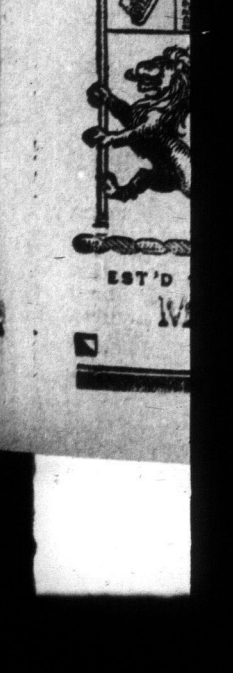

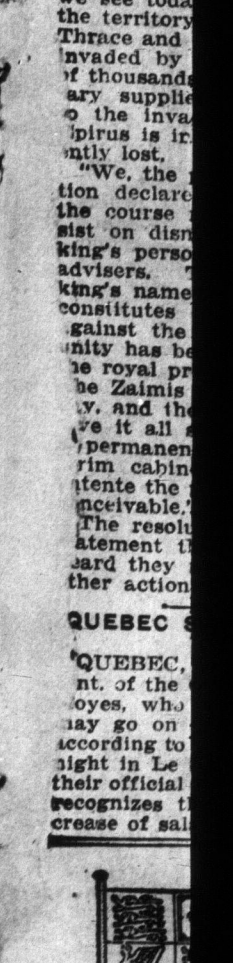

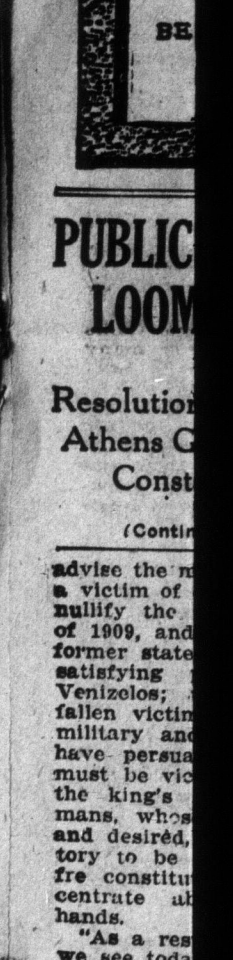

In the Canadian art section of the women's building R. J. Richards, of Hamilton, has several charts—one designed as an honor roll, another for the membership record of the 81st bowling club and a third Richards is the possessor of a high degree of skill and taste.

WELL WORTH SEEING.

A Player-Piano Not Affected by Climatic Conditions. Visitors to the Exhibition should not fail to examine the Player-piano in the exhibit of Ye Olde Firm of Heintzman & Co., Ltd. The player-action is made wholly from steel, and is not affected by dampness or any weather conditions. Having no joints of wood, and being made of steel, it is not affected by the ordinary wooden action player-piano. Demonstration may be had at the exhibit in the main building, or at Heintzman Hall, 193-195-197 Yonge street.

BOY, LOST, WITH POLICE WHILE MOTHER SEARCHES

A little boy spent over three hours in the charge of the officials at the Exhibition in the search of his mother, who during his rather long visit at the station was searching for him.

URGES CO-OPERATION OF COLONIAL LANDS

Sir George Perley Addresses Empire Club, Declaring Crisis Past.

GERMANY IS UNFEARED

Canada's Part in Great War Recognized by England.

"With closer co-operation between the colonies and the motherland, England and her allies will be able to set Germany in a position from which Prussian militarism will never rise again." So declared Sir George Perley, high commissioner for Canada in London, who addressed the members and friends of the Empire Club yesterday at the Cafe Royal.

"I know no one more desirous than I am," said Sir George, "that the British Empire should be kept together, as I believe that it is the greatest security force for good that the world has ever known."

"England appreciates Canada's help, and today she is beginning to realize the splendid value of the Dominion's confidence, and before long Canada will have a say in questions of common interest. We have now reached the crisis of the struggle, and today the end, a victorious end, is in sight. During the past two years we have been preparing to put ourselves on a level with Germany, who had been planning for war for 40 years. Today England is superior in money and munitions, and when the real offensive opens the world will be surprised."

"The burden that England has been carrying is most remarkable. She has raised an army of 4,000,000 volunteers, and not only equipped them, but has helped to equip armies of other nations. She has financed herself and several of her colonies, and is still able to carry the war on for years, if necessary. Britain has not even shuddered with her load."

Sir George spoke of conditions at the front. "It must be admitted," he said, "that conditions during the first year of the war were bad, in fact, so bad that it was hard to realize how a man could live under them. The lines were thin, ammunition was low, and the trenches were filled with water. Today it was like going into a clean house. Trenches had been remodeled and drained, dugouts were built with shrapnel-proof roofs, and, taking it all around, the men were exceedingly happy and comfortable. There was a realm of cheerfulness and an attitude of confidence."

The speaker paid a tribute to the Canadian Red Cross. Col. McNeil made an ideal head for that organization, and the manner in which the wounded were being cared for was perfect, he said. He complimented the hospital and army medical service, pointing out that very few of the men, probably about two per cent, die after reaching the hospitals.

TWO ARE CHARGED WITH CRIMINAL NEGLIGENCE

Court Commits George Webb and Mary McBane for Trial in Death Case.

In the women's court yesterday, George H. Webb and Mary McBane were committed for trial on a charge of criminal negligence, which resulted in the death of John English. Bail was renewed.

The testimony of Dr. Adams went to show that the gas used by Webb and McBane to fumigate the Beverley street house, where English met his death, was cyanide of potassium and sulphuric acid, and was dangerous in the extreme.

C. N. R. TERMINALS FREE OF FREIGHT CONGESTION

That the terminals are free from any congestion and that the Canadian Northern Railway Company is prepared to accept any kind of freight was the declaration of R. C. Vaughn, assistant to the third vice-president of that company, yesterday.

The statement was made as a result of the embargo on certain classes of freight causing congestion in other terminals besides those of the C.N.R., which has no line running to the United States-Canadian border. Mr. Vaughn was unable to say how the other roads were affected by the embargo.

LABOR DAY WEEK-END TRIPS TO BALA

For the convenience of those visiting the above resorts for the week-end, the Canadian Pacific will operate week-end and holiday service from Toronto as follows:

"Bala Week-End Train" will leave Toronto 12.15 p.m. Saturday, Sept. 2, arriving Bala 8.50 p.m.; returning will leave Bala 7.50 p.m. Monday, Sept. 4, instead of Sunday, Sept. 3, arriving Toronto 11.10 p.m.

"Bobbyay Week-End Train" will leave Toronto 1.30 p.m. Saturday, Sept. 2, arriving Bobbyay 4.30 p.m.; returning will leave Bobbyay 8 p.m. Monday, Sept. 4, instead of Sunday, Sept. 3, arriving Toronto 10.50 p.m.

"Point au Baril Week-End Sleeper" will leave Toronto 3.45 p.m. Friday, Sept. 2, arriving Point au Baril 4.03 a.m. Sept. 3, and may be occupied until departure of steamer. Returning leave Point au Baril 12.17 a.m. Tuesday, Sept. 5, instead of Monday, Sept. 4 (may be occupied Monday evening), arriving Toronto 8.20 a.m. Tuesday, Sept. 5.

Further particulars from Canadian Pacific ticket agents or W. B. Howard, district passenger agent, Toronto.

CRIMINAL JURY TO HEAR DRIVER'S EXPLANATION

On a charge of neglecting to return to the scene of an accident, Harry Cornell, who was driving the motor car which struck and seriously injured Mrs. Graham as she was alighting from a street car at the corner of Dundas street and St. Clarens avenue, August 21, was sent to a jury in criminal court when he appeared in the police court yesterday.

This week's art section of the Toronto World will contain a Sunday piece interesting war pictures depicting actual scenes at the front and in Great Britain.

PUBLIC REVOLT IS LOOMING IN GREECE

Resolutions Passed at Great Athens Gathering Give King Constantine Warning.

(Continued From Page One)

Advise the monarch that he has fallen a victim of evil advisers, who seek to nullify the results of the revolution of 1909, and achieve a return to the former state of misgovernment, while satisfying personal hatred of M. Venizelos; that the sovereign has fallen victim to advisers of purely military and oligarchical ideas, who have persuaded him that Germany must be victorious, and trading upon the king's admiration for the Germans, whose victory he believed in and desired, hoped by Germany's victory to be enabled to set aside the free constitution of Greece and concentrate absolute power in royal hands.

"As a result of these warped ideas we see today, instead of extension of the territory of Greece to Asia Minor, Thrace and Cyprus, that Macedonia is invaded by the Bulgarians, that tens of thousands of dollars' worth of military supplies have been surrendered to the invaders and that northern Greece is in danger of being permanently lost."

"We, the people, by this demonstration declare that we do not approve the course recently followed, and insist on dismissal from around the king's persons of the present sinister advisers. The introduction of the king's name into the electoral contest constitutes an internal revolution against the Liberal party. National honor and royal prestige is in jeopardy. The Zaimis ministry is necessary today, and the Liberals are prepared to give it all support to enable it to remain in power, instead of a mere incident, and to assure to the people the most benevolent neutrality conceivable."

The resolutions conclude with the statement that unless the people are heard they must take counsel as to their action.

QUEBEC STREET CAR STRIKE?

QUEBEC, Aug. 29.—About 50 per cent of the Quebec street railway employees, who are members of a union, may go on strike tomorrow morning, according to their threat announced tonight in Le Soleil, which is considered their official organ, unless the company recognizes their demands for an increase of salary.

THE STANDARD BANK OF CANADA HEAD OFFICE - TORONTO DEPOSITS RECEIVED SUBJECT TO CHEQUE. Savings Bank Deposits bear interest at highest current rates. MAIN OFFICE: 15 King St. West. 14 Branches in Toronto.

GERMANS SHELL DELVILLE WOOD

Heavy Bombardment Also Directed Against British Positions Around Pozieres.

(Continued From Page One)

tured by us since the first of July, 266 officers and 15,203 other ranks, in addition to 88 guns, 160 machine guns, besides other war material.

"Yesterday in aeroplane encounters four enemy machines were accounted for, two being destroyed and two badly damaged. Two of ours were missing."

Bombing Attacks. "The weather continues to be somewhat unfavorable, and the operations of the past 24 hours have been confined to minor enterprises and local bombing attacks. By these means we gradually established our hold on ground between the western outskirts of Guillemont and Ginchiv.

"Further north, between Delville Wood and High Wood, our troops captured a hostile barricade."

"Southeast of Thiepval some further progress was made and a hostile machine gun was captured. During these minor operations more prisoners have been taken, but the number has not yet been ascertained.

"An attempted raid by the enemy south of Arras failed. Our artillery carried out bombardments on selected parts of the enemy's line between Neuve Chapelle, and Bois Grenier, south of Arras. On the rest of the front there was ordinary trench warfare."

HAS LEG INJURED.

KINGSTON, Aug. 29.—As a result of falling from a temporary support in the new utilities storehouse, Edward Stanford is in the Hotel Dieu with a fractured leg and other minor injuries.

NEW BRIDGE OVER NIAGARA.

WASHINGTON, Aug. 29.—Under unanimous consent agreement the house today passed a resolution appropriating \$1,000,000 for construction of an international toll bridge across the Niagara River, with the American approach at Niagara Falls.

Michie Mara Co. Montreal (After Sept. 16) - a new service - a new address - two old established houses. Recent legislation has made necessary a change in the methods of retailing wines and liquors. One result has been the combining of two of the best-known and oldest-established retailers of Canada. The wine department of Michie & Co., Ltd., of Toronto, established 1835, and the Wm. Mara Co., Ltd., of Toronto, established 1871, will be merged after Sept. 16th in the Michie, Mara Company, of Montreal. There will be born of this merger a new name—a new address—and a new service. This service will be unique. It will add to the selling of wines and liquors by mail the personal touch, the courtesy and promptness, the completeness, that has long marked the houses of Michie and Mara. Wines and Liquors By Mail Order. Unchanged Quality Prompt Service. Moderate Prices. Write for Catalogue and Prices. VICTORIES FOR SLAVS IN EUROPE AND ASIA

Enemy Attack Upon Western Bank of Stokhod Was Repulsed.

TURKS AGAIN BEATEN

Russians Add to Successes in Region of Lake Van.

PETROGRAD, Aug. 29.—An official statement issued today by the Russian War Department says:

"In the region of Toboly-Helitin the enemy launched an attack upon our position on the western bank of the Stokhod River. The attack was repulsed. During the day the enemy fired 2,000 asphyxiating gas shells in this region."

"Southeast of Smolar the enemy attacked our detachments which were occupying the islands, but without any success."

"Caucasian front: On the line from Kyrbil to the western bank of Lake Van our troops, having driven the enemy out of his position, made an advance near Ognost, where we took 283 men prisoners. An attack launched by Turks to the west of Ognost was repelled by our troops with heavy losses to the enemy. Before the front of one of our battalions about four hundred killed were found."

"On the bank of the Euphrates, to the west of the region of Mush, we captured several guns and scores of

prisoners while pursuing the enemy. "Robert von Nimrod" was repelled enemy attacks and took five officers and 186 men prisoner."

SAYS COUNTRY HAS NOT DONE ANYTHING FOR HIM

Bartender Gets Lecture From Chairman of License Board on Patriotism.

G. E. Nightingale, a returned soldier employed by the license board, complained yesterday that Robert Bowden, bartender at Frank Barron's hotel, Oshawa, had used unpatriotic language. Bowden argued with J. D. Flavell, chairman of the board, that the country really had not done anything for him. He had done it all for himself and it had been hard work too. The chairman gave him a lecture on patriotism.

"The Rideau" and "The York" From and to Toronto Union-Ideal Day Trains Between Toronto and Ottawa.

The Canadian Pacific day trains, "the Rideau" and "The York," afford an opportunity to spend a half day in Toronto or Ottawa, returning by the midnight train. The route is via the "Lake Ontario Shore Line," through Whitby, Oshawa, Bowmanville, Port Hope, Cobourg, Trenton, Belleville, etc. "The Rideau" leaves Toronto (Union Station) 1.45 p.m., arriving Ottawa (Central Station) 10 p.m. "The York" leaves Ottawa 1.15 p.m., arriving Toronto (Union Station) 9.30 p.m. Most modern equipment. Particulars from Canadian Pacific ticket agents, or W. B. Howard, district passenger agent, Toronto.

MAKE YOURSELF AT HOME.

The United Typewriter Company invites out-of-town customers to make the freest use of their offices at 135 Victoria street. Here they may write their letters, meet or telephone their friends, or inspect the plant and equipment of the largest business of the kind in the Dominion. And the offices are so central and convenient at Queen and Victoria streets.

GOT BEER AND WINE LICENSE.

F. H. Collins, Kenilworth Park House, Sandwich West, was granted a temporary beer and wine license by the license board yesterday.

Low spirits, discouragement, the blues usually result from a tired brain and exhausted nervous system. Start the rebuilding process to-day by beginning the use of the greatest of nerve restoratives.

GUNNER, FORMER STUDENT HERE, DIES IN ENGLAND

Thomas Goldie, Son of Former Guelph Mayor, Dead After Illness of Jaundice.

Special to The Toronto World.

GUELPH, Ont., Aug. 29.—News reached the city this morning in a message from Ottawa of the death of another of Guelph's young men, who has made the supreme sacrifice for his country. The young man is Gunner Thomas Leon Goldie of the 16th Battery, son of Mrs. Thomas Goldie, 250 West Queen street. The dispatch received states that Gunner Goldie is officially reported as having died at the Second Western General Hospital, Manchester, England, on August 28, with infective jaundice. Gunner Goldie was in his 34th year. He was a son of the late Mayor Thomas Goldie, and was born and received his early education in this city. Later he attended Toronto University, taking an engineering course. Previous to his enlistment at Guelph he was assistant city engineer at Regina. The sympathy of the community will be extended to his mother, Mrs. Goldie; his sisters, Misses Frances, Ruth and Gwendolyn Goldie, and his brother, Boswell Goldie, who is at the present time a shell inspector at Sarnia.

PAYS OUT BIG SUM WEEKLY.

The Ontario Workmen's Compensation Board is paying out about \$22,000 a week. Its work is steadily growing.

There is an interesting picture of Sarah Bernhardt, as she returned from a visit to the French trenches. The Sunbury World may be obtained from any newsdealer or newsboy at 5 cents the copy.

NEW YORK STOCKS LIQUIDATED FREELY

Wall Street Becoming More Alarmed Over the Railway Situation.

LOSSES WERE GENERAL

Few Stocks Showed Firmness in Face of Persistent Selling.

NEW YORK, Aug. 29.—Stocks were under constant pressure today, the more ominous aspects of the railway labor dispute inducing further liquidation and professional pressure. Among the very few exceptions to the lower trend were Mercantile Marine preferred, Pacific Mail and some of the company's common stock.

Trading was irregular throughout with moderate activity in the first and final hours. The market's address to Congress was issued at that time, and was preferred, in which dealings exceeded 500,000 shares, registered a gross gain of 2 1/2 points on its rise to 10 1/2 and 3/4 points on the temporary gain of 2 points on the resumption of trading on the Pacific Ocean and publication of the company's semi-annual report, disclosing a substantial gain in earnings.

DIVIDEND ANNOUNCED AND STOCK REACTS

Second Dividend Made on Cement Common, But Effect Was Not Helpful to Market.

The declaration of a second three per cent dividend on cement common yesterday was the only event of consequence in the Canadian stock markets. This dividend was announced by those close to the inside, and the action of the stock on the declaration was accepted as a sign of the health of the market. From an opening price of 6 1/2 the quotations gradually advanced, and the market closed at 7 1/2. The erratic action of cement and the nervousness on Wall Street provided a basis for a general weakness, and earlier prices prevailed in all the issues traded in. With cement as the exception, trading was light, and the only other attempt at activity was in Eradlian, which lost almost a point for the day. Except in a few issues, the market was speculative and the sellers evidently had the advantage of the situation. Any strengthening on Wall Street would advantage the local position, but outside of this further selling would react on values.

ALLAN OCEAN LINE TO BE TAKEN OVER

Announcement is made in the C.P.R. annual report that in consequence of the extraordinary conditions created by the war it was considered advisable to postpone the effective date of the agreement with the Allan Line and the Canadian Pacific Ocean Services, Limited, authorized at the last annual meeting, for the acquisition by the Ocean Services of the Allan Line.

DIVIDEND NOT SATISFACTORY

Heron & Co. had the following at the close: MONTREAL, Aug. 29.—Canada Cement was the only local stock in which there was any activity. Opening strong, the market in this stock until the dividend announcement was made. Apparently the recent rise has discredited the dividend position, but counted the way in which the dividend was declared does not satisfy the public and the stock is on a regular six per cent basis. There is nothing to be said of the rest of the market, as there was practically no trading in other stocks.

TO ISSUE TREASURY STOCK

The People's Mining Company, whose property adjoins the Ophir in southwest Coleman Township, is making an issue of treasury stock at 25c per share. This company and the Ophir are sinking a shaft jointly on the line between the two properties, which reached the two properties, where a station is being cut when this is finished crosscuts will be run to cut the veins located on the surface.

NEWFRAY FIRM SPOT IN SOFT MARKET

Stock Heavily Traded in at New High Price—Big Domestic Declined.

The mining market yesterday was more active than on the preceding day, with Newray the outstanding feature of strength. The issue was heavily traded in especially in the afternoon session, and established a new high record at 62, closing at the top. Over one hundred thousand shares were dealt in on a local floor for the day. Otherwise the market was reactionary, with the general trend lower in sympathy with the bad break in Big Dams in New York. In the big city the premier gold stock related to \$22.75 at one time during the day, but closed with a rally at \$24.00. Locally it sold off 50 cents to \$24.00 with no bid on the close, and with stock offered at \$23.50. There seemed to be no explanation forthcoming for the decline brought about by heavy liquidation in New York.

Dome Extension eased off to 34 1/2, but Dome Lake, after very inactive, was given support and closed at 45 for an odd lot. Hollinger sold at \$28.00, and Holly Cons. went up to \$17.10, but lost the gain on the close at \$7. Jupiter eased off 1/2 point to 28, and McIntyre went back to 182. Conroy's Crown displayed early strength, selling up to 68 and 70 paid for an odd lot, but had a relapse to 67 in the afternoon.

There was no explanation for the buying of Vipond, which developed in the morning, but the filling of a fairly large order caused an advance to 124. Teck-Hughes was traded in at 36 to 36 1/2, and West Dome Consolidated went up fractionally to 39, but eased off 1/2 point on the close. On the silver stocks, Gifford, one of the smaller issues, gained a point to 7 and closed at 6 1/2. Nipissing firming up to \$7.00. LaRose changed hands and Kerr Lake at \$4.97. Peterson Lake closed easier at 21. Timiskaming was inactive, but steady at 58 1/2.

INTRINSIC MERIT BEHIND NEWFRAY

Action of Stock Consistent and in Accord With the Present Developments.

R. E. Kemerer & Co. issued the following yesterday on Newray: The action of the stock of Newray, since the reopening of the property, has been most satisfactory, and steady progress toward higher prices, has been made without any spectacular movement, which would tend to weaken the general position of the stock. The mine has been reopened on a basis which permits of aggressive development work, and the scale of operations can be gauged by the fact that a contract has been let for over 30,000 feet of diamond drilling; the first work of this kind is now close to the old No. 3 vein, from which some \$200,000 was taken before the faulting of the vein interfered with operations. The recent discovery of a very large surface vein on the property is regarded as being of importance, inasmuch as it appears to be of a better formation than the other veins, and also because indications are that it will be very productive. The property of the Newray has always been regarded as possessing great intrinsic value, and recent developments are such that it may well be that the Newray is a big mine in the making.

COARSE GOLD NUGGETS AT NEWFRAY MINE

New Ten Foot Vein Uncovered and Sampling Shows Phenomenal Values.

PORCUPINE, Aug. 29.—Development work at the Newray justifies the faith of the owners in the Pearl Lake and other mines in the Pearl Lake area. It is further shown by the discovery of another new vein on the property. A shaft is being sunk on the Hanson vein. This shaft has been put down a short distance north of where the first trenching was done on 134 and where the vein has a width of about 25 feet of solid quartz, all of which will make good mill ore. The shaft is now 12 feet deep and free gold is frequently found and values are steadily maintained. The similarity of Newray with Hollinger and other mines in the Pearl Lake area is further shown by the discovery of another new vein on the property. Trenching about fifty feet from the old mill a vein ten feet wide has been uncovered. In which coarse nuggets of free gold have been found, and the values across this vein are somewhat phenomenal. The vein is parallel to the Hanson vein, and looks as if it would be the big producer of the property. These new discoveries are all within a few hundred feet of each other and of the old workings. Time and work are alone needed to prove up the value of the discoveries to date. The present indications justify the belief that a big mine will soon be added to Porcupine producers.

CANADA CEMENT DIVIDEND.

The three per cent Canada Cement dividend, authorized yesterday, will be paid Sept. 16 to stockholders of record Sept. 5. The initial dividend was paid Feb. 16 last, and the disbursement comes along just seven months later. The books will close from Sept. 6 to 16 inclusive.
