BRITISH GAIN SUCCESS IN RAID NEAR HULLUCH

German Scouting Detachments Repulsed at Widely Separated Points—More Than Nine Hundred Prisoners Taken in Friday's Offensive.

London, Oct. 14.—The infantry on both British and German sides rested in Flanders today, but there was considerable artillery activity, according to the official report from Field Marshal Haig tonight.

Field Marshal Haig's forces last night repulsed German reconnoitering detachments north of Poelcapelle and west of Beccleare, on the extreme left and left ends of the new British battle line east of Ypres, in Belgium.

The text of the afternoon British statement follows: "The enemy's artillery was active during the night northeast of Ypres. Hostile reconnoitering parties were repulsed west of Beccleare and north of Poelcapelle.

A Berlin despatch received tonight gives an official statement issued by the war office tonight as follows: "There was an artillery duel of varying intensity in Flanders and northeast of Soissons."

Steady Downpour of Rain on the Flanders Battlefield on Saturday.

FIELD A SEA OF MUD

Troops of Opposing Armies Operate Under the Most Trying Conditions.

British Front in France and Belgium, Saturday, Oct. 13.—(By the Associated Press.)—With the exception of two brief intervals of sunlight, there was a continuous hard rain today on the Belgian front.

Troops in the first line of the opposing armies were lying out in this wilderness of mud and water, with little protection from the cold, driving rain, watching each other intently, but making few attempts to stir from their mud-bound positions.

NINETY WARSHIPS COVER HUN LANDING IN RIGA GULF

Enemy Forces Occupy Greater Portion of Oesel Island—Operation Seriously Affects Russian Strategic Position, But Does Not Constitute an Immediate Menace to Petrograd—Kerensky Appeals to Fleet.

Petrograd, Oct. 14.—The German forces which landed on Oesel Island, in the Gulf of Riga, under the cover of ninety war vessels, had occupied up to 10 o'clock Saturday morning, the whole northern and eastern part of the island, and were within twelve versts of Arensburg, on the southern shore, according to an announcement made today by the Russian naval general staff.

It now develops that the Germans did not occupy Dago Island, north of Oesel, and at the head of the Gulf of Finland, but contented themselves with making a demonstration against it.

Telegram to the commander-in-chief of the northern armies, in which he said: "Tell the redoubtable Baltic fleet that the hour of trial has arrived."

Nine dreadnoughts, a dozen light cruisers, 49 torpedo boats and 30 minesweepers participated in the German landing on Oesel Island.

REARRANGE THE DUTIES OF CABINET MINISTERS

More Equable Distribution of Responsibilities—Bigger Representation for New Brunswick—Labor's Claims Are Being Considered.

Ottawa, Oct. 14.—Labor representation in the union government will be a matter of early consideration.

Hon. Mr. Mousseau, the Hon. Mr. McLellan and the Hon. Mr. Colby.

Thomas is about 35 years of age and the police say that he is an ex-street boy.

Hon. J. D. Hazen, New Brunswick representative in the former cabinet, is relinquishing his portfolio as minister of marine and fisheries and minister of naval service after three years of work.

Hon. Mr. Hazen is to be succeeded as minister of fisheries by Hon. C. C. Ballantyne, the first Liberal to join the cabinet.

Policeman Hansen has been on the force for over 30 years.

LAURIERITES TO FIGHT FORCES OF UNIONISTS IN COMING ELECTIONS

Ottawa, Oct. 14.—The following statement was authorized tonight: "Sir Wilfrid Laurier has lost no time in rallying the forces of Liberalism to meet the conditions created by the formation of the new Borden government."

"The Liberal leader has arranged to hold two conferences with the Liberal candidates in Ontario and the representatives of the county Liberal associations. The first of these conferences will be held in Ottawa on Friday next, October 19, and will be attended by candidates and representatives of the counties east of Kingston.

The second conference, for western Ontario, will be held the following week at a place to be decided on later."

UNION CABINET FACING PROBLEMS OF WAR-TIME

Must Finance Wheat Crop—Limitation of Profits to Be Considered—Will Try to Swing Quebec Into Line.

Ottawa, Oct. 14.—Another Liberal, the greatest fighter of them all, Frank E. Carroll, joined the union government on Saturday, leaving only one portfolio yet to be filled.

Hon. George H. Murray left for home Saturday afternoon.

Hon. Mr. Carroll was given the choice of either the public works or marine and fisheries portfolio.

Hon. Mr. Rowell may possibly run in North Toronto, but prefers a rural constituency.

GERMAN ADMIRALTY TRIES TO HIDE TRUTH

Not Mutiny, But Propaganda on Single Ship, it is Asserted.

Copenhagen, Oct. 14.—The German admiralty has been forced to issue an explanatory statement regarding the mutiny in the fleet, in which Chancellor von Michels and Vice-Admiral von Capelle endeavored to place the blame upon the independent socialist party.

By a Staff Reporter. Ottawa, Oct. 14.—Now that the unionist government is virtually completed the next most pressing subject is the holding of an election under its direction, and apparently it will have more to do with the direction and control of an election than ever before in Canada.

Generally speaking, the new cabinet will be anxious to have a few election contests as possible, but Sir Wilfrid Laurier and his friends will oppose this, and it may result in a better election than the one now being held.

standing together in a progressive war policy. Word already comes from Montreal of a wing of the Liberal party being formed to go into the union government with Hon. Dr. Behand, now a prisoner of war in Germany, and Hon. J. L. Perron, chosen as leaders.

Among the immediate problems which the new government must face is that of financing the wheat crop. With a high price fixed there will be a holding back by the farmers and will return to Ottawa during the week to be sworn in as secretary of state.

Hon. Mr. Carroll was given the choice of either the public works or marine and fisheries portfolio.

The successful formation of a union government intensified the desire for an early election and the 10th or 17th of December is now most generally favored.

TRIBUTE PAID TO DEAN HAND'S WORK SMOOTH RUNNING OF SERVICE ACT

Congregation Presents Him With Illuminated Address and Purse. Starts Off Saturday Morning at General Postoffice Building.

CELEBRATES JUBILEE MANY EXEMPTIONS

Members of Church Overseas Also Send Greetings. About an Hour Before First Active Service Man Was Secured.

Immediately following the celebration of 11 o'clock mass yesterday morning at St. Paul's Roman Catholic Church, Queen and Power streets, the congregation, as a mark of their esteem for the valuable work performed by Rev. Dean Hand, parish priest, in his 25 years' connection with the parish, presented him with an illuminated address and a very valuable purse. The address was read and presented by Controller John O'Neill, who added his deep appreciation of the services rendered by the dean. Rev. Father Doherty of Mimico delivered an eloquent address on the work of the parish priest.

Rev. Dean Hand made a very neat reply and referred particularly to the valuable assistance which had been given him in carrying out his work in the church. Many of the old parishioners were specially mentioned by the dean in connection with the different organizations of the church and warmly thanked for the loyal support they had given him.

The address paid a noble tribute to the worth of Dean Hand and his splendid organizing ability. The 25th anniversary of the dean's entrance to the parish, it said, was an occasion for rejoicing and, in fact, a family festival, as he had been so long identified with the life and activities of the church. Such had been his devotion to their interests that they had one and all learned to look upon him as a true father in the midst of many spiritual children.

The occasion marked the completion of a period of singular prosperity and wonderful development of St. Paul's, which has been 31 years in existence. He had entered the church when it was burdened with great financial obligations, but his remarkable skill as a financier had enabled him to clear the church of all its indebtedness within a few years after assuming charge of the congregation. The church stood as an enduring monument to his zeal for the worship of Christ and was eloquent testimony to his executive and administrative ability. He also received an address from St. Paul's A. A.

Rev. Dean Hand who was ordained in 1882, succeeded the late Bishop Timothy O'Mahony who died on September 2, 1912, taking charge of the parish on October 14, following. St. Paul's was built by Bishop O'Mahony, but was completed by his successor, who added the marble altars and embellished the interior of the edifice. A few years ago he presented himself to the parish as a young man, one of the finest institutions in the city for the social recreation of the young men of the parish.

PROTEST AGAINST WASTE.

Sault Ste. Marie Organization Passes Resolution.

The Men's Christian Workers' League of Sault Ste. Marie and Steelton, at a meeting held on Sunday, October 7, drew up and sent to the various denominational and other organizations of the Dominion, a resolution putting itself on record as emphatically protesting against the alleged enormous wastage of foodstuffs occasioned by the manufacture of intoxicants. The resolution also called upon the Dominion Government to "show its sincerity in its endeavor to conserve the foodstuffs of the country by prohibiting forthwith the destruction of food occasioned by the manufacture of intoxicating beverages." At the same time the league recorded its hearty approval of the government's efforts to save the country's food supply.

HORSES FOR RED CROSS BENEFIT.

Entries of horses donated by owners for the benefit of the Red Cross Society are being received daily. All contributions to the Great Red Cross Horse Sale will be acknowledged in writing by Col. Noel Marshall, chairman of the society. Horses may be delivered at the Stock Yards at once, or any time up to the day of sale, Monday, October 29th. Freight will be paid by the society on out-of-town entries. No commission will be charged by the Stock Yards Company on horses sold for Red Cross benefit. No horses will be offered at this sale excepting those given to the Red Cross Society. It is estimated that at least one hundred horses will be received, and that the sale will be one of the events of the Red Cross campaign. Write to Walter Harland Smith, Union Stock Yards, Toronto, for entry forms at once. Any kind of a horse, buggy or harness will be gratefully acknowledged.

more enthusiastic is the Extra Power user.

High quality, properly designed fabric—fine rubber—sound construction—these give Extra Power its long life. Rubber forced through and through the fabric prevents ply-separation. Adds flexibility, too, so that Extra Power hugs the pulleys. Solid rubber seal guards this belt at the seam. A friction surface grips the pulley, prevents slipping, delivers more power.

Almost daily we hear from some customer whose hardest belting problem has been solved by Extra Power. It may be a "wet" drive. It may be a high speed drive. Or a drive with turns. Or just a long, hard pull.

The next time that troublesome drive bobs up, phone or write for a Goodyear belting man. The nearest branch has a man trained in solving such problems as yours.

Extra Power is efficient and economical on all kinds of drives—large and small, continuous and intermittent. But it is built good enough for the hardest drives. It has features of construction that make it a superb belt. And the harder the drive, the

GRAVEURE, THE GREAT BARTONE. On Thursday night in Massey Hall this celebrated baritone singer will be heard in a most delightful program. Graveure is a wonderful artist. To hear him sing is a privilege, and there is no doubt that a large audience will listen with rapt attention at the forthcoming concert. It is a pure joy to hear a man sing who sings as if it were the easiest and most delightful thing in the world—and this describes the effect produced by Graveure's singing. As The San Francisco Examiner puts it: "He sings as the wind blows, as the brook flows, and if we are to judge by this program and performance, he is a poet and an actor as well." He will be assisted on Thursday by Rosamund Young, a new-Boston soprano, and Samuel Gardner, the eminent violinist. The sale of seats opens this morning at Massey Hall.

Pacific. Mr. Dewey promised help and got busy, then Mr. Ireland communicated with G. M. Bosworth of the C.P.R., who also set wheels in motion. Next he wired to President Cunningham of the Canadian Manufacturers' Association, Vancouver, who arranged with the Union Steamship Company and secured at once quick response. All this means that the fishermen got a small supply of distillate—enough to see them thru for the present—and more will be on hand by the first of this week. Canada will get its usual supply of fish from that section, and there will be no hardship on that account. Thus are the officials co-operating with Food Controller Haana, and every facility being used to meet the extraordinary demands of war time.

POLICY OF CHURCHES MAY NEED RENOVATION

Spiritual Victory Over Evil Must Result From Present Conflict of Nations. "From every rostrum we hear assertions that at the end of the war international conditions will be bettered so as to bring about a brotherhood of man," said Dr. A. E. Ribour of St. Alban's Cathedral on Sunday evening. "But there cannot be any guaranty that such will be the case unless local and national conditions are sanctified first." "Man's Chief Greatness," was the subject of the speaker's sermon. He declared that a spiritual victory in the lives of men was a necessity at this juncture if the world were to reap any benefit from this war. Spiritual victory over the evils and wrongs perpetrated was almost as important as material victory over the foe of temporal freedom. "To accomplish this transformation and this spiritualization of the heart of man is the

WOMEN'S STATUS IN PARLIAMENT

Earlscourt Branch of Liberal-Conservative Association Discusses Question. OFFICERS ELECTED Support Promised to New Federal Union Government.

The annual meeting and election of officers of the Earlscourt branch Liberal-Conservative Association was held Saturday evening in Loblaw's Hall, Ascot avenue, Earlscourt.

President R. MacNicol, in his opening remarks congratulated the 24 captains for their strenuous work during the past year and said he was proud to have a finer group of stalwarts.

"You did a good stroke of business in returning him," said Mr. MacNicol, "because since his election he has signified his anxiety to help the district of Earlscourt and the Dominion of Canada in every way."

The election of officers resulted as follows: President, Alex. Gordon; vice-presidents, Dr. G. W. McIntosh, John Moon, W. Sanderson; secretary, J. Cudmore; assistant secretary, R. M. Russell; treasurer, H. J. Heley; executive committee, A. Craig, T. Moffatt, Geo. Wells, N. G. Chessel, J. Baldwin and J. Russell.

Considerable discussion ensued regarding the election of women to duplicate offices in the branch organization. Mr. MacNicol pointed out that the matter might be discussed at a public meeting shortly to be held in the district. It was decided to leave the matter in the hands of the executive committee.

R. Clarke, chairman of Ward 6, pointed out that it has not yet been decided upon what basis to allow women to act in the present ward association.

"There will likely be a lady captain in each subdivision," said a long discussion took place regarding representation on the central association advisory board.

Dr. G. W. MacIntosh inquired if there was any patronage for disposal. Mr. Clarke pointed out that the patronage for the district comes through the

URGES ABOLITION OF DEATH PENALTY

Lecturer Advocates Life Imprisonment for Murderers. OPPOSES VIVISECTION And Claims Eating of Meat is Not Necessary for Strength.

The abolition of the death penalty, the universal adoption of vegetarianism, and the doing away with vivisection, were some of the points in the address in "The Life Sublime" of L. W. Rogers at the meeting of the Philosophical Society last evening at the Foresters' Hall.

Mr. Rogers, who is a physical defectologist, the speaker stated, he is true to God who is true to man, for God and man are but two phases of one eternal consciousness and there cannot be any sin against God that is not a sin against man, an taking this as a line of argument, he stated that the murderer, the criminal and the degenerate must be considered as being within the pale of universal brotherhood.

"If a man is physically defective, we pity him, but if he is morally so, then society will draw its skirts on one side and pass by on the other. But why?" asked the speaker. "It is simply a defect in the human being, and we must deal with it. Everyone has faults, and that is why we are here in this human evolution. It is easy to see the defects in the other man, but very hard to see it in ourselves. It seems that in executing a criminal we fall in the very purpose we set out to accomplish. We do not kill the man, we only kill his physical body. And he advocated imprisonment for life, saying that by this society is safe and the criminal is reformed. "When a man goes to his execution, we give him his liberty, and that is why we have not abolished it, but it may be in a terrible form, for he goes to his death in a terrible rage and feeling heated and bitter against the human race. That man will come back again, somewhat improved by his experience in the astral plane, but we have not abolished it." He predicted that within a few years the death penalty would be abolished all over the world, and then asked if it were possible to go beyond that in the principles of this brotherhood, and he expressed the opinion that this universal brotherhood could be extended beyond the human kingdom to include the animal kingdom.

To Higher Level. Speaking of the human race, he maintained that animals must be regarded as man's younger brothers, and coming from a lower to a higher level, he described this as a present time the slaughter of animals by the millions is continued for the human race, to provide food and clothing. He pointed out that at present time the slaughter of animals by the millions is continued for the human race, to provide food and clothing. RETURNS FROM FRONT.

Lieut. J. H. Firstbrook Arrives From England. John Firstbrook, accompanied by his son, Lieut. J. H. Firstbrook, R.F.C., arrived at the North Toronto station Saturday morning from England, whither he went early this year to look after his son.

Under command of Lieut.-Col. T. Cooper Mason, D.S.O., the 10th Royal Grenadiers, 450 strong, attended divine service yesterday afternoon at the Church of the Redeemer. The regiment mustered at the armories at 2 p.m. and marched to the church via Albert, Yonge, Shuter, Jarvis and Bloor streets.

Hydro-electric power in the city was cut off last evening between half-past six and a quarter to seven, and the residences supplied by this power and the civic street car service were without either light or power for that length of time.

Enquiries at the hydro offices elicited the information that the trouble originated not in this city, but in Niagara, and was said to be due to a cut-off at the source, necessitated by the lack of sufficient power there.

APPEAL TO JEWS.

Preaching at the Holy Blossom Synagogue on Saturday Rabbi Jacobs made a strong appeal for the British Red Cross campaign. He pointed out the great work this organization is doing on the battle field for the sick and wounded.
