Linking Up Two Red Governments

Diplomatic Relations Between Russian and Bavarian Soviets—Serious Conditions in Some Parts of Germany

Berlin, April 9.—(By the Associated Press)—Diplomatic relations have been established between the Russian and Bavarian Soviet governments, according to the Zwoelfuhrblatt.

As late as April 8 the Russian Soviet government had not got into touch with the Bavarian Soviet authorities, according to a wireless message from Nikolai Lenin, Russian Bolshevik premier, who sent the message to Belakim, the Hungarian revolutionary leader, asking him to send details of the revolution in Bavaria.

Against Soviet Republic.

Copenhagen, April 9.—Despatches from Klasinger report that the citizens and officials of Wuerzburg, thirty miles to the northwest, have struck against the Bavarian Soviet republic and that the town is now in the hands of government troops. Heavy fighting against Spartacist forces occurred when government troops stormed the royal palace and captured the railway station, but the fortress of Marienberg, across the Main river from Wuerzburg, was handed over without opposition.

Most of the Spartacist leaders are reported to have been arrested, but railway communication with the city has been interrupted.

Plotting in Berlin.

Berlin, April 9.—(By the Associated Press)—Discordant elements seeking to disturb law and order are making a strenuous effort, according to an official announcement, to bring about a demonstration by wounded soldiers, in conjunction with the Soviet congress, now in congress here. The idea behind the plan, it is said, is to provoke loyal troops to pursue civil tactics with the result that any conflict that might arise might be used as a pretext to call a strike and institute the establishment of the Soviet government at Munich. Parades are forbidden under the martial law which still applies to Berlin. The government announces it will be impossible to permit parades to be held on Wilhelmstrasse, where it was reported the demonstration was planned, so that the paraders might march before the chancellery and the foreign office.

Berlin, April 10.—(By the Associated Press)—The Bavarian diet opened at Bamberg on April 8 and members of the newspaper men regarded the situation with great confidence and that outside assistance was not needed and would be refused.

At Essen.

Berlin, April 9.—(By the Associated Press)—Government troops are reported to have entered Essen and have occupied the Krupp plant, which, according to previous reports had been seized by the Essen strikers. The result, the advice state, was that two-thirds of the workmen resumed their labors. The people of Essen, the messages add, became greatly excited during the operations of the troops, the latter having thrown hand grenades in the midst of a crowd plundering a baggage van.

From Saxony much unrest is reported. The communists of the Vogtland district in southwestern Saxony have issued a demand that Saxony be made a Soviet republic, while the metal workers at Zwickau, southwest of Chemnitz, and a large proportion of the Saxon miners have gone on strike.

London, April 10.—Violent fighting has taken place between Hungarian and Czechs at Ungvar, near the Moravian-Hungarian border, says a Central News despatch from Amsterdam today. One hundred and fifty Hungarians were killed. The Czechs also had considerable losses.

London, April 10.—The proclamation of a Soviet republic in Salzburg, German-Austria, is reported in an Amsterdam despatch today by the Central News. Salzburg is near the Bavarian border.

LOOKS WELL FOR BOWLING TOURNEY

Arrangements are being made for the coming bowling meet in the Y. M. C. I. for the championship of the maritime provinces and eastern Maine. The entries are already being received and all cities and clubs wishing to compete must have their entry with the Y. M. C. I. Usually entries are received from Bangor, Eastport, Calais, St. Stephen, Amherst, Halifax and other outside points, and it is expected that there will be a strong line-up of teams this year to bid for the cup now held by the Y. M. C. I. The senior bowling league of the local institute will be finished by Monday next, after which a banquet will be held and the league winners will receive the cup first, second and third positions. It was announced this morning that the medals won by the skaters at the recent skating championships of the maritime provinces, held under the institute's auspices, will be presented on this occasion also.

BURIED TODAY.

The funeral of William O'Keefe took place this morning from his late residence, 171 Rodney street, West St. John, to the Church of the Assumption, where high mass was celebrated by Rev. A. J. O'Neill. Interment was made in Holy Cross cemetery. Charles Stewart took place this afternoon from his late residence, 6 Sydney street. Service was conducted by Rev. Mr. Penna and interment was made in Fernhill. The funeral of Jonas Kowalsky took place this afternoon from O'Neill's mortuary chambers, where service was conducted by Rev. Father Bennett of the Mission church. Interment was made in Cedar Hill.

SENSATIONS IN HUMBERT TRIAL

President Poincare Asks to Be Given Another Hearing

ACCUSATION BY LAWYER

Noro-Giuffrè Threatened by Disbarment for Remark—Humbert Asks to be Confronted With President

Paris, April 10.—(By the Associated Press)—The situation created at the trial of Senator Charles Humbert by the reading of President Poincare's testimony, accusations by M. Moro-Giuffrè, Humbert's lawyer, that the French president made "voluntary errors," and subsequent threats by Captain Mornet, public prosecutor, to have Moro-Giuffrè debarred from practice, is one without precedent in France's spectacular law courts. Senator Humbert is on trial on the charge of having had commerce with the enemy.

President Poincare, in view of the bitter attacks to which he was subjected by Humbert's lawyer, asked today to be heard anew, and Colonel Masselin, after reading the president's letter, acquiesced, as the president wished to explain further regarding his relations and relations with Senator Humbert.

President Poincare's testimony related to the conversations he and Humbert had had regarding Pierre Linder, a defendant, and Bolo Pasha. He said he had advised Humbert to make a charge before the military tribunals, which Humbert had refused from doing, asserting that he had informed the first magistrate of the republic and that the latter had promised him that action would be taken.

"Perhaps one politician found it to his advantage to have another prominent politician disappear from the public eye," shouted Moro-Giuffrè. Thereupon Captain Mornet asked the counsel to withdraw his remark, threatening his disbarment.

"It will be to the glory of my career to be disbarred under such circumstances," shouted Moro-Giuffrè. In summing up the long discussion, the whole trend of Moro-Giuffrè's argument was to show that President Poincare was anxious to have Humbert acquitted, and that he had done so.

The question of hearing President Poincare passes the legal men, the French law providing that during cases under investigation the president being the first magistrate of the republic, must be heard at Elysee Palace; but no provision is made for the hearing of such testimony while the case is actually under trial.

Humbert's lawyer declared this afternoon that he intended to demand to be present when President Poincare was heard at Elysee Palace, and that he would insist upon bringing the president to the court house, the latter's testimony must be handled the same as that of an ordinary witness.

Senator Humbert asked to be confronted with the president whether at Elysee Palace or in court.

OPPOSITION CONVENTION ON APRIL 30?

It is reported in Fredericton today that a convention of the provincial opposition is likely to be held in St. John on April 30. If the report is correct it is safe to say the gathering, in view of prevailing party conditions, will be an exceedingly lively one.

Stirring Scene As Saturnia Docked

Joyous Welcome at Sand Point for Home Coming Soldiers Including Some of Our Very Own—Youthful V. C. Aboard

Bronzed and weather-beaten faces, that had been grim and hard and unrelenting in the shell torn areas of France and Belgium, were bright and smiling in the early April sunshine of this morning, when some 1,600 veterans gazed down from the decks of the Saturnia upon the waiting people on the pier at West St. John.

The liner moved slowly to her berth, and there was constant cheering and the varied noises of a great crowd of happy Canadians in the highest spirits home from the war. When the steamer had been warped close to the pier some of the men in khaki began tossing pennies and other coins to be scrambled for by a jolly group of youngsters. Now and then one of the waiting groups on the pier responded in a similar fashion, and there were quick calls and waving of hands. When A. O. Skinner and other members of the reception committee appeared through the door of the big warehouse, wearing their badges, a great cheer went up. Then came the band and when the vessel had made fast the strains of O Canada thrilled the home-coming heroes and the waiting crowd.

Very quickly the gangway was swung up into place, and it was but a few minutes before the New Brunswick men were hurrying down, each with his kit, and each given a hearty welcome, as he passed through the lines of the welcoming committee, with their little gifts so much appreciated as an evidence of the thoughtfulness of the home-folk. Following them came the men for Nova Scotia, and the process of debarkation went on with remarkable smoothness and despatch.

It was good to be there to see the big ship come in, to see the splendid fighting men who thronged her decks and every point of vantage, with here and there the blue of the nurse's cloak and the eager face of a soldier's young wife en route to a home in Canada. Just outside the warehouse a train was waiting to carry western men on the long land journey that cannot end too soon for them.

At 9:30 o'clock the first train got away, taking the Montreal, Kingston and Ottawa men; at 9:55 o'clock the train for Toronto pulled out from the pier. At 10:15 o'clock another train carrying more Toronto men as well as many for Hamilton and London started on its journey west. At the last train was on the way, taking with it the men for the coast. The record established for quick and efficient work in unloading the troops and baggage, and in getting the men on their way, was the proud winner of the V. C., and as soon as he landed, on the pier the crowd standing about, including the young boys, took up the "cry" and cheered lustily for the young hero. He was carried to the train and the bystanders went wild with enthusiasm.

While Victoria Cross winners come this way quite frequently, it is safe to say that this was the youngest that had ever landed in Canada since the boys started to come home. Sergeant Holmes enlisted as a private in his home town and was carried down. He was but seventeen years of age when he enlisted and was just a few months older when he performed what his khaki clothing term "some stunt."

He is probably the youngest V. C. winner in the British Empire, and is beyond doubt the youngest in Canada. Other New Brunswickers were: Major Malcolm MacKay, St. John; Major C. M. Tidouant, Four Falls; Acting-Captain Irvin P. Price, Moncton, and nursing sister Alice A. Thompson, Chance Harbor.

The Saturnia, the second Donaldson liner to bring troops to this port, is a splendid ship, well built, of graceful lines and looks a very stable seafaring steamer. She is of 5,496 tons. Captain David Taylor brought the ship across on this voyage, which was uneventful. There were a total of 1876 souls on board.

The following officers and men for this district were on board: M. A. McLeod, 30 DeMons street, St. John. Lt. C. F. J. Nause, 25 Simonds street, St. John. Spr. J. A. O'Neill, Meaford, N. B. Spr. F. Agreement on The Saare Valley Reached

One Big Obstacle To Peace Is Thus Removed

SOVEREIGNTY IS UNCHANGED

France Gets Coal Rights—Provision for Tariff Arrangement Between Allies and Germany—Matters Affecting Work of the Delegates in Paris

Paris, April 10.—(By the Associated Press)—The council of four yesterday afternoon reached an agreement on the Saare Valley. It leaves sovereignty over the valley unchanged, but accords to France free of duty sufficient coal for the Lorraine iron industry and to replace the production of the mines destroyed in the Lens mining district, with the privilege to the Germans of restoring the Lens mining production in the Saare Valley of that charge. This agreement removes one of the most difficult obstacles to the conclusion of peace.

Tariff Matters. Paris, April 10.—(By the Associated Press)—Provision for the most favored nation treatment in the German customs system for the Allied and associated countries and a single tariff, and no tariff discriminations based on the flag of the vessels in which goods are transported, or the route of importation or exportation, will be incorporated in the peace treaty with Germany, according to the present provisional agreement. The restriction is to be enforced for five years after the conclusion of peace, and it will probably include the proviso that the tariffs in force upon imports from the associated countries during that period shall be based on the most favored nations schedules of 1914.

The obligation to maintain under a single tariff the 1914 schedules will be specified only for a limited period, since there is a fairly general realization that Germany will be able financially to raise the maximum of reparations payments and limit or exclude unnecessary imports only by the imposition of higher customs rates. And the proposal is under consideration to give Germany a period of study and revision of existing tariffs, absolute freedom to increase all her duties.

Quebec, April 10.—Voting started here today in this city on the beer and wine referendum. According to "checkers" of the lists of voters, Quebec city will give a huge majority in favor of the sale of beer and wine. In the rural districts, according to reports coming in, the voting will be light, owing to the poor condition of the roads, the suffering season and the general apathy noted in rural districts when it comes to losing a day to cast a vote.

In Sherbrooke. Sherbrooke, Que., April 10.—The people of Sherbrooke are today casting their votes at twenty-four polls throughout the city, while fifteen more in the country districts are also receiving votes on the beer and wine referendum.

In Sherbrooke the vote is likely to be rather light, especially in outlying districts. There are few teams working in the interests of the voting, while in outside counties the farmers do not appear to be taking a very great interest in the result, they, in a great many instances preferring to get things about their farms in place rather than journey to a voting poll.

Premier Foster Says No Doubt o It—Statement By Standard Absurd (Special to Times) Fredericton, N. B., April 10.—Premier Foster said this morning that the government had not yet considered the matter of a general election and characterized as absurd the Standard's statement that it was proposed or intended to go to the people before the women have a vote. They will have a vote in the next general election, without doubt, he said.

SAW HIM IN BERLIN Mrs. Gerard Identifies American Soldier Who Served Germany New York, April 10.—Because Mrs. James W. Gerard, wife of the former American ambassador to Germany, has an excellent memory for faces, Henry Bode, the only American soldier convicted of serving Germany as a spy, is now serving a ten year sentence in the disciplinary barracks at Governor's Island. Bode, according to his confession, after Mrs. Gerard had identified him as a man in German uniform who had appeared one day at the American embassy in Berlin, wearing the Iron Cross, deserted from the American army at Fort Bliss, Texas, in July, 1914, and made his way to Germany where he entered the German army.

After winning his iron cross in action against the Allies, Bode entered the German intelligence service, was sent to New York, and eventually to Mexico, where he was ordered to work toward embroiling Mexico and the United States and to blow up the Tampico fields. Fearing for his life in Mexico, Bode crossed the American border into California and surrendered to immigration authorities. At his court martial at Governor's Island, Mrs. Gerard identified him as the man in German uniform who had appeared one day at the American embassy in Berlin, wearing the Iron Cross, and Mr. Gerard's valet, corroborated her statement.

GRADUATE NURSES. The results of the nurses' provincial retraining examinations have been received. The following candidates were successful: Miss Madeline K. Dolan, Miss Rosa D. Keirstead, Miss May Butler, Miss Evelyn Bedford, Miss Mary K. Harrington, Miss A. Elsie Lewis, Miss Mary E. Wetmore, Miss Agnes L. Estabrook, Miss May H. Buckley, Miss Florence I. Goodspeed and Miss Mary Doherty.

MINNEDOSA IS ON WAY HERE London, April 10.—(Canadian Associated Press)—The C. P. R. O. S. Minnedosa sailed yesterday for St. John with fifty-one officers and 848 other ranks from Buxton. The liner also carried 148 wives and 242 children and twenty-two imperial officers.

PLACED FIRST BUOY IN ST. LAWRENCE Quebec, April 10.—The Canadian government steamer Druid laid today for the Lower St. Lawrence to place the first buoy that will guide the vessels expected from overseas by the end of the month.

CLEAN UP YOUR BACK YARDS. Following specific instructions handed out by the board of health at its recent meeting, inspectors McConnell, Kelly and Walsh have started out on a campaign of seeing about the cleaning up of the back yards, alleys and areas that will either have the desired effect of making St. John a more healthy place in which to live or fill the police court. Instructions to see that the advice of the board is carried out are most emphatic and whatever leniency may have been shown the city's good little "promisers" in the past will not be repeated. Today the inspectors, who are in the vicinity of Bristol street and side streets.

URGING MORE FREQUENT AND FASTER WEST INDIES SERVICE Montreal, April 10.—At the meeting of the council of the Montreal board of trade yesterday letters were submitted from different people, one advocating the securing of a more frequent and faster steamship service between Halifax and St. John on the one hand, and another from the British chamber of commerce, Chile, desiring the establishment of a steamship service between Canada and that republic. The council, which has persistently advocated the establishment of service between Montreal and Newfoundland, without any successful result so far, ordered that these communications be referred to the department of trade and commerce, so that it might be made aware of the desire for increased trade with other countries.

WOMEN WILL HAVE VOTE IN NEXT ELECTION

Premier Foster Says No Doubt o It—Statement By Standard Absurd

(Special to Times) Fredericton, N. B., April 10.—Premier Foster said this morning that the government had not yet considered the matter of a general election and characterized as absurd the Standard's statement that it was proposed or intended to go to the people before the women have a vote. They will have a vote in the next general election, without doubt, he said.

LOCAL NEWS

The superintendent and teachers of the Sunday school of Knox Church gave an at home yesterday afternoon to the Sunday school pupils in observance of the anniversary of the church.

The steamer Corsican, which is expected about April 25, will be the last troopship to dock at St. John this season. Three others are expected before the Corsican.

H. A. Northrup has recovered his automobile which had been taken from King Square on Tuesday evening. It was not damaged. It was found in Cannon street where it is believed boys had left it.

The Women's Canadian Thrift Club was organized at the home of Mrs. Z. Cowan, King St. East, yesterday. Mrs. Cowan was elected president; Mrs. C. E. Harper, vice-president; Mrs. H. H. McLellan, treasurer; Mrs. F. C. Colwell secretary.

The case of Albert and Joseph Connell, charged with breaking and entering and stealing axes from Campbell's axe factory, was resumed in the police court yesterday afternoon. G. W. Campbell gave evidence. The case was postponed until Saturday.

Miss N. Yeomans, girls' work secretary of the Y. W. C. A. here for several weeks was the guest of honor at a gathering in the Y. M. C. A. rooms yesterday. Miss Yeomans was made recipient of a lovely bouquet of roses by Mrs. J. D. Hunter. She is to leave for Ottawa next week.

The Red Cross Circle of St. David's Church held its closing meeting yesterday afternoon, but will not disband but hold in readiness for any further call. Nearly fifty members were present yesterday and enjoyed afternoon tea given by the president, Mrs. G. Wilford Campbell. Mrs. R. D. Paterson presided at the tea table.

N. J. Wootton of Andover, who is in the city, received an encouraging letter from his only son, Flight Lieut. George B. Wootton, who was seriously injured over the German lines on Oct. 30, and is now in the Prince of Wales Hospital, Mary-le-Bone, that he is recovering rapidly. Lieutenant Wootton enlisted when he was only twenty and went from St. John in a draft of the 140th Battalion.

Among the soldiers recently returned to the city Private Carl I. Parlee, son of Mr. and Mrs. Arthur Parlee of Barker street. He enlisted when seventeen in the 8th Highlanders of Nova Scotia, spent three years in France, and took part in the Vimy Ridge and Passchendaele affairs. He wears two gold stripes, having been twice wounded. A brother, Sergeant Gordon Parlee, is at present in Belgium.

The ladies of St. Matthew's church, Douglas avenue, held a successful tea and sale yesterday. Mrs. James Leggett and Mrs. Annie Adams presided at the tea table. Mrs. Robert Brittain and Miss Jennie Edgar were in charge of the work table. The sum of \$160 was realized for church work. Rev. H. C. Fraser, of Knox church, gave an interesting address on the Forward Movement.

One simple flushes the entire bowel tract so completely it relieves any case sour stomach, gas or constipation and prevents appendicitis. The instant, pleasant action of Adler-le surprises both doctors and patients. Leaves stomach clean and strong. J. Benson Mulhony, druggist.

INSURANCE BANQUET. The New Brunswick general agents of the Sun Life Assurance Company of Canada were tendered a luncheon yesterday at the Union Club by the company, through Gilbert C. Jordan, of this city, New Brunswick manager. Those present were J. W. Simpson, of Montreal, superintendent of the home agencies throughout the Dominion; Lyle Reed, manager of the Ottawa office; General Agents W. A. Kennedy, of Woodstock; N. J. Wootton, of Perth; Edward Corburn, of McAdam; A. E. Vessey, of St. Stephen; R. C. Cross, of St. George; S. Dayton, of Moncton; S. W. McMacdon, of St. John; Roy Shanklin, of this city; George Roberts, cashier of the local office; Councillor John T. O'Brien, of Fairville, and W. T. Freeman, of St. John. A friendly contest between representatives of the company in the province of New Brunswick was arranged. The contest will be between the representatives of the city and those in the outside districts for the months of April and May. A six months' competition between the different divisions in Canada was won by Quebec, but New Brunswick was a close second. The New Brunswick men present expressed their thanks to Mr. Jordan for his aid, and voted him one of the best entertainers in the Dominion.

Since 1914, the number of automobiles owned in Maine has more than tripled, going from 14,478 in 1914 to probably 50,000 today. One reason for the increase is improved highways.

GUM TENDERNESS
—A TOOTH-MENACE
It is true that four out of five people over forty suffer from gum-shrinkage, or Pyorrhoea (Riggs' Disease). But many people even under thirty have Pyorrhoea. Women, particularly after the baby comes, are peculiarly subject to Pyorrhoea. At such time they cannot be too careful about their teeth.

How You Can Quickly Remove Hair Growths
(Aids to Beauty.)
A well known beauty specialist advises this treatment for the removal of hair from the face. Mix into a paste some powdered lactone and water, apply to hairy surface and after about 2 minutes rub off, wash the skin and every trace of hair has vanished. This method is quick and entirely safe. To avoid disappointment, however, it is well to make certain you get genuine delatone.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, APRIL 10, 1919

The Evening Times and Star

ST. JOHN, N. B., APRIL 10, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

SEE FREDERICTON TOMORROW.

Tomorrow morning the legislature will take up consideration of the bill relating to the New Brunswick Power Company and the various amendments proposed by the city. A strong delegation should be there to support the city's contention. The future relations of the city and a company, which is giving a most unsatisfactory service are to be determined.

Standard knows it is not true. The elections have not been fixed for June, no member of the government has said they were, and there is no intention to hold them until the names of the women voters have been placed on the lists.

IN QUEBEC TODAY.

Today the people of Quebec will decide whether they want total prohibition or light wines and beers. Some very false and foolish assertions have been made by the liquor advocates in an effort to excite prejudice and restore a portion of the traffic. It remains to be seen whether the contention that the clergy approve of light wines and beers is correct. They were chiefly instrumental in having local option adopted in practically all of rural Quebec before prohibition was enacted. It does not seem reasonable to assume that their attitude has changed. The people of Quebec have before them the example of the state of Michigan, which rejected light wines and beers this week by a larger majority than originally carried prohibition. Quebec has reaped an enormous and untold profit from the sale of liquor in prohibition territory, but when it is a question whether the traffic should continue at home or not the people as well as the trade will speak. The rest of Canada would like to believe that Quebec does not desire to remain out of step with the other provinces in this matter of such vital importance to public and individual welfare. The sale of light wines and beers would open a door that should remain closed.

MAINE'S EXAMPLE.

The Times-Star desires to direct the attention of the members of the New Brunswick legislature and the people of the province generally to the summary printed on another page of the bills relating to education passed by the Maine legislature at the session just closed. No less than thirteen separate acts were passed, dealing with schools, school attendance, teachers, vocational training, and other educational matters. It is clear that the Maine legislators regard it as of the first importance not only that all children should be educated, but that they should be given some choice in training to fit them for the avocation they are likely to take up in life. Under one of the acts it is provided that the first six years of the elementary school shall be regarded as a period for the development of personality. The next three years give opportunity for pre-vocational training, and the last three for instruction preparatory to college or for the trades and industries. This is in line with the policy Chief Supt. Carter advocates for New Brunswick. He would have the course of instruction so divided that after the sixth grade the pupil could pursue a classical course, or preparation for a commercial course, or, thirdly, for an industrial course. There would of course be a similar division in the high schools and the necessary provision made for later college courses along the different lines. This would not mean that the education of any boy or girl for intelligent citizenship would be neglected, but that opportunity would be given for vocational training suitable to the desires or the needs of the pupil. In this respect New Brunswick is far behind, although there is a law on the statute books which would enable it to introduce vocational training, and instead of lagging in the rear advance to a foremost position. It will be observed that the Maine legislation provides for the schooling of children in unorganized territory; for special training of rural teachers for rural leadership; for evening schools for adults; for physical education in the public schools; for better school buildings and wider school work; for a proper classification of high schools, and for part-time classes for young men and women who left school before their elementary education was complete. New Brunswick may well consider what its neighbor is doing and follow that example. Far more attention must be given in this province during the next few years to child welfare, to education, to public health, and other matters affecting community welfare, than has ever been given before.

THE UNTRUTHFUL STANDARD.

The Standard this morning took another excursion into the realms of pure fiction. It said: "It is provided under the proposed legislation that this extension of the franchise to women should become effective on July first of this year, and announcement is made that immediate action will be taken toward the preparation of lists containing the names of women who will then be qualified to vote. Strangely enough, the first of July will arrive a week or two after the provincial general election, as already announced by members of the government. Those women of New Brunswick who are to be granted the boon of the franchise by the Veniot-Poster government will thus have an opportunity of exercising this privilege some time during the next four or five years, but will not be permitted to vote in the approaching election. That election, as stated, had been fixed by members of the government and friends, to take place early in June and since the new lists will not be prepared until July, and since the women will not be permitted to vote until July, they will have no opportunity of expressing at the polls their opinion of the present administration in the approaching contest." Two remarks may be made about this story. First, it is not true. Second, the

Readers of the Times-Star have read many letters on the subject of prohibition and the evils of the liquor traffic that were written by Rev. J. T. Hazziwood of Toronto, whose death is announced. Mr. Hazziwood was field secretary for the Methodist church of Canada, and a man of outstanding ability. His death is a loss to his denomination and to the great cause of Christian social service.

Mr. Lucien Cannon is a very unwise person. His tirade in parliament yesterday against conscription and those who supported it brought out speeches which showed his own record and that of some Quebec constituencies during the war, in sharp contrast to that of more loyal citizens. Such men as Cannon should have no seat in the parliament of this country.

Try as it may the Foster government cannot please the Standard. No one is surprised thereat, for the government has tried to keep its pledges to the people, and that is something the Standard does not understand.

Everybody knows that the members of the provincial opposition are not good at bookkeeping, but why do they talk so much about it?

Forget those other things and go to Fredericton tomorrow morning. Do it for St. John.

ST. CLEMENT'S RED CROSS CIRCLE.

The report of the Red Cross Circle of St. Clement's church, Millidgeville, shows a very successful year. The amount of work completed is as follows:—108 suits pyjamas, thirty-four hospital shirts, fifty-nine pairs socks, eighteen caps, four pairs slippers, one bandage, two quilts, six infants' dresses, six infants' shirts, six pairs drawers, six petticoats. The receipts of the circle total \$82. Of this \$22 was contributed to the local Red Cross work and \$10 sent to Rev. E. A. Green for use in his work as chaplain in a soldiers' hostel in France. Mrs. R. W. White is president of this circle, Mrs. Annie M. Stackhouse secretary and Miss Gladys Codner treasurer.

JAMIESON-WEBB. At the residence of the Rev. H. C. Fraser, pastor of Knox Presbyterian church, on Tuesday afternoon, Corporal Ross Edwin Jamieson of Prince William Station, York county, was united in marriage to Miss Dorothy Webb of England. They will reside at Magaguavic. Rev. Mr. Fraser officiated.

The Story of the Diamond

Chapter 14.—Its Marketing. A word or two about the marketing of the rough or uncut diamonds may be of interest. This, of course, is done in London, and is in marked contrast to the methods prevailing in ordinary competitive trade.

Although not so specified, it is well understood that, should such invitations be ignored, or a too frequent failure to purchase, it may be a long time before another such invitation to their little "tea-party" is forthcoming.

When prepared to market any of their output, it is carefully assorted, according to the company's ideas entirely, as to sizes, quantities, prices, etc. Notice is then forwarded to a limited number of cutters that they may have the opportunity of a "view" at a certain hour, on a certain date—appealing for trade by the Dealers is not necessary being the closest kind of a corporation.

RECENT DEATHS

James Warnock. The many friends of James Warnock will regret to hear of his death, which occurred Wednesday evening, April 9, at his late residence, 156 Market Place, West End. Mr. Warnock had been ailing for the past few months, but had only been confined to his bed recently. He was in the seventy-first year of his age. For twenty-three years he was employed with the ferry department, but during the later portion of his life he was in the wood business. He was a very well known citizen of West St. John, and will be missed by a host of friends. He is survived by his wife, four sons, Charles W., of Brookline (Mass.); John F., William C., and J. Gordon, all of the C. P. R., West St. John; and by six daughters, Mrs. A. E. Harris of Swampscott (Mass.); Mrs. A. Cruikshank, Mrs. Joseph Tibbett, Mrs. J. C. Williamson, all of West St. John; Mrs. W. A. Patterson, of Regina (Sask.); and Miss Grace M., at home.

Rev. J. T. Hazelwood. Toronto, April 9.—Rev. J. T. Hazelwood, field secretary of evangelism and social service of the Methodist church of Canada, died suddenly today at his home in this city from heart failure. He was born at Brockville (Ont.) and was in his sixty-second year. His wife, one daughter and four sons survive, all the sons having served in the Canadian expeditionary forces.

Rev. Dr. Hazelwood had been pastor of a number of Methodist churches in Ontario, and had occupied the pastorate of two churches in this city.

Mrs. Wade B. Rogers. The death has occurred in San Jose (Cal.) of Mrs. Wade B. Rogers, formerly Miss C. Annie McG. Hamilton, of Shediac. Mrs. Rogers was a daughter of the late Robert and Elizabeth (Hanington) Hamilton, of Shediac. She is survived by her husband, a brother, William Hamilton, of Shediac, and a sister, Mrs. E. H. Gray, of San Jose. The Misses Margaret and Ada Hamilton, of this city, are nieces, and Frederick H. Glasby, also of St. John, is a nephew.

Mrs. Manning Milton. Moncton, N. B., April 9.—The death of Mrs. Manning Milton occurred this morning at her residence here after a brief illness of pneumonia. She was thirty years of age and was the wife of Miss Loretta Calhoun (N. B.). She leaves to mourn her husband and little son, her father, being one of the first and five brothers. The sisters are Leonie, Moncton, Mrs. A. Belliveau, Manchester (N. B.), and Mrs. R. Weatherbe, Williamsdale (N. S.). The brothers are Ramsford, Calhoun's, Wilfred and Marten, overseas, Ernest of St. John, and Eddie at home. A grand feature was the expected arrival of her two brothers at any time from overseas.

Mrs. Virginia Purdy Bacon, widow of Walter Rathbone Bacon, traction magnate of the British Isles, and granddaughter of the late Commodore Cornelius Vanderbilt, died on Monday at her home, 247 Fifth Avenue, New York, of a complication of diseases. She was the youngest daughter of the late J. P. Morgan, and her husband was the late Edward R. Bacon, of auctioneer and banker.

Until her marriage to the late Mr. Bacon she lived in Bordeaux. In recent years she had divided her time among New York, London, and Bordeaux. She had been active in philanthropic work since her marriage, being one of the first to donate to the Red Cross and other war work societies—paintings from the extensive collection of her husband, the late Edward R. Bacon, for auction and sale.

Mrs. Bacon, who was an accomplished musician, was a patron of painting and music, and had devoted much of her time and money to the advancement of the arts. In the Metropolitan Museum there were recently installed two important works taken from the Bacon collection, being presented in commemoration of her husband and brother-in-law.

Alfred Hamilton died at his home at Hopewell Cape this week. He is survived by his father and mother and two sisters.

Miss Maria Horn died at Coal Creek, Queens county, on April 3. She was a native of Sweden.

James Prescott died on Sunday at his home in Pennfield. He leaves his wife and two daughters.

Funeral of George D. Titus. The funeral of George D. Titus was held on Tuesday afternoon at 2:30 o'clock at St. Luke's church. Mr. Titus was the proprietor of the Adams House, Halifax, and is a son of Mr. and Mrs. George W. Titus, of 123 Chesley street. The body arrived in the city from Halifax on Monday, and the funeral was held from his parents' residence. Interment was made in the family plot at Cedar Hill. The funeral was very largely attended, and the Knights of Pythias, St. John Lodge, walked in a body. The floral offerings, which were extremely numerous, testified to the high esteem in which Mr. Titus was held, some of which follow: Pillow of white roses, from his wife; wreath of roses and carnations, from the guests of the Adams House; wreath of roses and carnations, Lodge No. 12, K. of P., Halifax; wreath, officers of St. George's Y. M. C. A.; spray of carnations, Mrs. Lehan; spray of roses, Miss Greer; pillow of roses, carnations and sweet peas, Mr. and Mrs. McCulloch; wreath of roses and carnations, Mr. and Mrs. A. M. Phillips, Victoria hotel; spray, Mr. and Mrs. T. L. Wilson; wreath of carnations, roses and sweet peas, Allan Kennedy, Fred. Logan and Alex. McCausland; spray of roses, Sister Bertha.

Funeral of Mrs. A. D. Ross. Amherst, April 7.—The funeral of the late Mrs. A. D. Ross, took place yesterday afternoon. The mists of the morn-

New York, April 10.—A petition in bankruptcy was filed in the United States District Court against Ben Ali Haggin, of 871 Madison avenue, artist,

and grandson of James B. Haggin, millionaire mine owner. The creditors are Teape, Inc., of 9 West 67th street, which says it has a judgment for \$2,987 for wearing apparel; Charles V. Miller, 249 8th avenue, doing business under the name of "The Louis XIV," \$846, and the Motion Picture Apparatus Company, 110 West 83d street, \$199 for motion picture camera and supplies. In 1916 Mr. Haggin married Bonnie Glass, Broadway dancer, after a divorce from Mrs. Faith Robinson Haggin. It is said he inherited \$12,000,000 of the \$50,000,000 estate of his grandfather.

CATHOLIC DRIVE TO HELP FRENCH PARISHES Ex-Judge Morgan J. O'Brien of New York, has announced that a Catholic drive for \$5,000,000 to rehabilitate French Catholic parishes which were wiped out in the devastated regions of France would be started. The campaign would be conducted under the patronage of Cardinal Gibbons, Cardinal O'Connell of the Archdiocese of Boston, Cardinal Lucon, Cardinal Amette, Archbishop of Paris, and with the active support of the Most Rev. Patrick J. Hayes, Archbishop of New York. An organization known as the Society to Help Devastated Churches of France has been formed.

Accessories "Make" a Costume Every woman knows that a Hat is more becoming if a Veil is flattering. The Costume appears more slender if the Umbrella is smart. The face is framed in a more artistic setting if the Neckwear is well chosen. The Costume is correct in its ensemble only when the Hose and Gloves are right. This "Women's Apparel Shop" holds the key to the secret of accessories, and you will find the latest expressions of the mode in all those little things that mean so much to a costume—those little things by which the personality of a woman is identified. USE POWER FOR BENEFIT OF GERMAN IMPERIALISM

Paris, April 10-(By the Associated Press)-A wireless message from Belukun, Hungarian foreign minister, to M. Tchitcherine, Russian Bolshevik minister of foreign affairs, under date of April 8, has been intercepted by the Paris wireless officials. The message follows: "The German papers are publishing the stupid story that our dictatorship is only a patriotic mask and the only way the Bourgeoisie of the Central Powers could deceive the imperialism of the Entente. "We do not want to use the dictatorship of the Hungarian proletariat to fire the Bourgeoisie chestnuts out of the fire for the Bourgeoisie. When the German proletariat shall have power they will not use it for the benefit of German imperialism, Ebert, Hoske, David and their press valets. "Another despatch under the same date from Nikolai Lenine, Bolshevik care minister, to Belukun says: "Please send details of the revolution in Bavaria. We have only the barest announcement. Wireless statement of how the new state was established." Lenine also sent a message to Belukun asking him to advise the entire world that Odessa had been taken by the Ukrainian Bolsheviks.

SENATORS VOTE FOR

SENATORS VOTE FOR BOUTS IN NEW YORK Albany, N. Y., April 10—The Gibbs bill, designed to legalize boxing bouts in the state of New York, was passed without debate in the senate last night, 27 to 18. A bill introduced recently by Senator James J. Walker of New York which also is intended to restore boxing to its former legal status, was reported favorably by the judiciary committee. It is understood this will be also passed in the senate, and the determination as to which, if either, measure be enacted, will be left to the assembly or the governor.

GOOD DAY'S WORK IN LEGISLATURE BUT A LOT OF DISCUSSION

Fredericton, April 9—The legislature accomplished a good day's work on the estimates. There was a lot of discussion and considerable speaking but when the house arose it was with the estimates nearly all passed. Very little time should be required to complete this feature of the session's work.

One fact which stands out prominently in the discussions which marked the proceedings is the inability of the opposition to learn by past experience. When that party was in power they had several lessons on how the affairs of the country should not be run, but they proceeded to repeat their errors until relieved of the burdens of office.

Consideration of supply was resumed at the afternoon session and half a dozen items were passed before recess. Hon. Mr. Tweeddale had not spoken on the budget debate and he took advantage of the opportunity afforded by the consideration of agricultural estimates to reply to some statements which had been made by opposition members during the debate.

With facts and figures which could not be denied he showed how baseless was the charge that he had shown political favoritism or partisanship in the distribution of fertilizer and seed grain, and went on to show that the results secured in the greater production campaign in New Brunswick were greater compared to any other province in the Dominion.

The charge that his department was not governed by business principles he said came with poor grace from Mr. Smith, of Carleton, whose ideas of business had been revealed in the patriotic potato inquiry.

The premier neatly took the wind out of Mr. Potts' sails during the course of a discussion on the amendment that member from St. John, had been using more than his share of the wind in criticism of this tax but his remarks fell flat when the premier drew the attention of the house to the fact that Mr. Potts was forever criticizing the government for not spending more money, but was equally critical of the government's efforts to raise the money needed for the regular expenditures.

Colonization roads and the need for greater expenditures for this purpose have been opened, was given by the premier. He said that the federal authorities first had asked the province to pay half of the expenses, but on hearing his explanation of conditions in the province had agreed that the province would do its part by helping to pay for the establishment of the office. Mention was made of the fact that the labor agent in Moncton had been advertising for laborers for the west and the premier promised to take up the matter with the bureau at Ottawa.

On the item of \$8,000 for exhibitions the Carleton county members asked for assistance for the Woodstock exhibition, and members from Moncton suggested that their city soon would be in line for a grant, as they hoped to see the exhibition there revived. The minister of agriculture said that the grant would include aid for Chatham and Fredericton, and possibly Woodstock this year.

Mr. Baxter took exception to the lieutenant-governor's expenses, and suggested that his honor should be called upon to pay more from his own pocket. The suggestion that New Brunswick should follow Nova Scotia's example and carry on the business of the province with a cabinet of four members who should be paid enough to permit them to devote all, or practically all, of their time to the work was made again by Mr. Tilley.

When attention was drawn to the amount of public works contingencies, Hon. Mr. Veniot showed that the largest item was \$2,500 for postage, a heavy outlay being required by the new audit act which requires a separate check under separate cover for every payment.

Urges Better Pay for Teachers. An eloquent plea for better pay for school teachers and the university professors was made by Dr. Crockett, of Fredericton, who pointed out how small the salaries were in comparison with those received by men in other walks of life whose standard of qualifications was much lower.

The discussion on education led to a very interesting exchange. Mr. Baxter, referring with appreciation to the work done by St. Joseph's University among the young men of the French race, called the minister of public works to task for a jocular remark the latter had made about his list to the institution, and appealed for united efforts for harmony.

NO CONSTIPATION NO PILES

We think, without a doubt, that constipation is the most prevalent, and at the same time, one of the greatest troubles human nature is afflicted with, and causes more sickness than anything else.

Unless a free action of the bowels occurs at least once a day, constipation is sure to ensue, then comes the sore and uncomfortable piles, sick and bilious headaches, coated tongue, obstinuous breath, sour stomach, heartburn, water brash, and many other ailments.

Milburn's Lax-Liver Pills will regulate the flow of bile to act properly on the bowels, thus removing the constipation and its allied troubles.

Mr. Dan Doucette, 221 River Crossing, N. B., writes: "Having been troubled for years with constipation and trying everything I knew of, a friend advised me to use Milburn's Lax-Liver Pills. I used four vials and am completely cured. I can gladly recommend them to anyone who suffers from constipation."

Milburn's Lax-Liver Pills have been on the market for the past 25 years, and have been used with best results by thousands of people in that time, and we have yet to hear of a complaint as to their curative powers.

DELEGATION TO CAPITAL TOMORROW, MAKE IT BIG

A representative delegation of citizens will go to Fredericton tomorrow morning to support the city council in pressing for its amendments to the Currier bill relating to the New Brunswick Power Company.

Interest was left to the meeting by the presence of William Hawker, a holder of preferred stock, who at the outset of the meeting stated that the proposed amendments might operate to the loss of holders of that stock.

Mr. LeBlanc moved for leave of absence for Hon. William Currie until the next meeting of the committee.

Mr. Robinson introduced a bill to enable the city of Moncton to issue debentures for school purposes.

The house grants leave to the committee with Mr. Leger (Westmorland) in the chair and took up further consideration of supply.

GAME ACT AMENDMENTS Reception by Governor and Mrs. Fugle—Premier's Birthday Observed

Fredericton, N. B., April 9—The bill to amend the Game Act which will be introduced in the legislature by Hon. E. A. Smith, minister of lands and mines, will contain several important changes.

Important changes will be made with respect to permits and bounties. It is understood that there will be a considerable increase in the fee for beaver permits. Wild cat bounties will be increased, but porcupine bounties will be withdrawn.

John Neill, son of ex-Warden A. B. Neill, of Devon, and Miss Alice Brown, daughter of Mr. and Mrs. Clarence Brown, of the same place, were married tonight at the bride's residence.

Fredericton, N. B., April 9—Premier Foster's forty-fifth birthday, which occurred today, was gracefully recognized before the house opened this afternoon.

Abbey's Effervescent Salt Drives Away Headache

Whoooping cough is one of the most dangerous diseases of children, especially to those under five years of age. It first starts with a fever and cough, sneezing, watering of the eyes and an irritation of the throat.

On the first sign of whooping cough we would advise the use of Dr. Wood's Norway Pine Syrup. This famous remedy will clear the bronchial tubes of the collected mucus and phlegm, and in a short time make it disappear entirely.

There are many imitations of Dr. Wood's Norway Pine Syrup, so be sure you get the genuine by insisting that the package is put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c and manufactured by The T. Milburn Co., Limited, Toronto, Ont.

DETERMINED ON RESPONSIBILITY OF KAISER FOR THE WAR

Paris, April 9—The responsibility of the German Emperor for the war and means for bringing him to trial by one of the allied governments has been definitely determined upon by the council of four.

Thus, two of the great obstacles which stood in the path of the rapid attainment of peace have been removed within the last twenty-four hours, and the period of extreme tension over the inaction and the failure to secure tangible results, is succeeded by revived confidence over the great advance towards a permanent settlement.

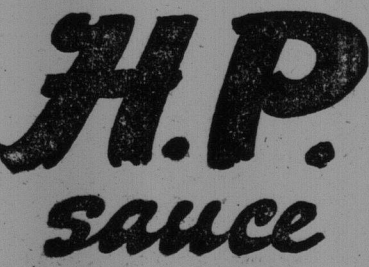

While the tension has been greatly reduced, it is not entirely removed as much depends on the continuance of progress with respect to the remaining obstacles, notably the Saare Valley, the Rhine frontier, the Adriatic issue and a number of lesser issues which are still short of final agreement.

The agreement on responsibilities for the war is understood to have been a compromise between divided reports presented by the commission of which Secretary Lansing is chairman.

Enemy Countries Held Responsible. The text as finally approved on reparations specifies that the enemy countries must admit responsibility for all loss and damage to allied and associated

nations and their citizens caused by the unjustifiable aggression. But in view of inability of the enemy countries fully to recompense these losses, the clause states, an inter-allied commission will assess the losses on a just basis for thirty years, beginning May 1, 1921, with an initial payment of five billion dollars.

120 VESSELS NOW BRINGING TROOPS

Plan to Return 300,000 Men a Month

Washington, April 10—Approximately 120 ships now are engaged in returning American troops from overseas and additional vessels are being fitted out for this service with a view to increasing the homeward movement to 300,000 or more men a month.

Of the ships now in the transport service more than 100 are vessels commandeered or built during the war, former German liners seized in American waters, some few foreign ships held under charter and bathships and cruisers fitted out for this purpose since hostilities ceased.

In addition five German liners recently sent out from Hamburg are being used as troopships, and seven others will be so employed.

Besides the troopships the navy department is operating more than 200 cargo steamers which are carrying supplies to the troops overseas and for the civil populations of Europe.

THREE BROTHERS DIED IN FOUR WEEKS. Cadet Sergt. Macdonald Reports Two More Deaths in Family.

A Sydney despatch of April 7 says:—Cadet Sergt. D. A. Macdonald, who has been visiting at his home in Mira, called there by illness in the family, returned to the city to make arrangements for the funeral of two of his brothers, Ewen and Arthur, who died from influenza within a few hours of each other.

There are quite a number of cases of influenza in the district and the difficulty of securing medical attendance is proving serious.

An Example For New Brunswick

Maine Legislature Passes Thirteen Acts Relating to Education

Important Measure

Provision for Vocational Training, Evening Schools and Continuation Classes—Special Training for Rural Teachers—Physical Culture

Augusta, Me., April 9—The Maine legislature, which just adjourned, passed the following laws in regard to the education of the state:

An act relating to the schooling of children in unorganized territory. This measure has been on the statute books for some time, but the legislature this year broadened its provisions and strengthened the law so that all the children of the state may be given an opportunity to attend school.

An act to provide for the training of rural teachers. The act provides that 100 rural teachers, who have shown their fitness to teach and who are now teaching in the rural schools. These teachers are to be taken into a six weeks' training for rural leadership.

An act providing that the English language shall be the basis of instruction in all of the public elementary schools and all schools approved under the compulsory education act.

An act providing for the maintenance of evening schools for adults. The act virtually extends the privilege of the public schools to all men and women who need instruction.

An act to provide for physical education in the public schools of the state. The bill also provides the foundation for co-operation in a financial way with the federal government through which it will be possible for the schools of the state desiring to do so to install physical directors and supervisors who will have charge of the instruction provided for in this measure.

Act relating to the training of teachers in service. This is a means of educational extension and will help those who are already engaged in teaching to gain the knowledge necessary to put into effect the provisions of the physical education bill, the state-wide course of study and the new program to improve the corps of teachers and their instruction.

Act for the rating and standardization of schools. This is one of the far-reaching measures which will have a tendency to bring not only the physical conditions of the school concerning light, heat and ventilation but the standard of instruction and public service to a desired level.

Act for the extension of industrial education. This measure provides for the extension of industrial education to the end that the boys and girls of the state may have placed around them at the proper age a wide appeal and give them a chance to accept such instruction as will aid them in training with intelligence to the parents, the state and the nation.

Act providing a detailed programme of extension of the normal school facilities. This measure provides a reasonable fund, which will be used to extend the program of normal education more universally among the teachers of the state.

Act relating to the classification of high schools. This act relates to the classification of high schools using the first six years of the elementary school as a period for the development of personality, the three years following to give opportunity for pre-vocational instruction and vocational guidance, while the last three years of the public school course may be used for instruction preparatory to college or for the trades and industries.

Act relating to the school equalization fund. The act provides for an equalization fund to be applied to superintendency unions which will give opportunity for superintendents of schools to render more efficient service to the several towns of their unions and to equalize the burden of the more extended unions and in the more sparsely settled sections of the state.

Act for an equalization fund for secondary schools. This act makes it possible for every school doing high school work to conserve the educational credits and standing of its pupils and opens a door from primary grade to college for those who desire to enter.

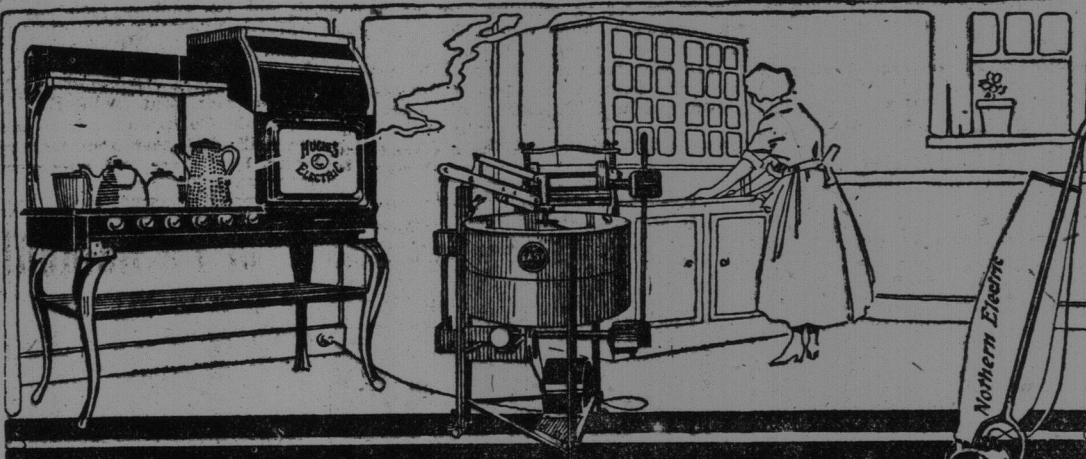

Act to provide part-time classes for those young men and young women who found it necessary to leave school before their elementary education was complete. In these part-time continuation schools and classes these young people may be given instruction in elementary subjects, the duties of citizens and in subjects related to their jobs in order to make promotion easier, increase their efficiency and their earning capacity.

B. C. OFFICIAL SUGGESTS GRAND FLEET BE USED TO TRANSPORT CANADIANS.

London, April 9—(Canadian Associated Press)—The recent suggestion by Agent-General Wade of British Columbia, that the grand fleet be used for relieving the pressure in returning the Canadian forces here, has received some endorsement of American Secretary of the Navy Daniels, who announced to United States soldiers in Paris that the American government is returning troops on fighting ships, despite objections originally raised by naval authorities. The same idea also is being now considered by the British authorities.

Death of Joe Hall, A Noted Hockey Player

(By E. W. Ferguson in Montreal Herald) The tragic death in Seattle of Joe Hall...

Known wherever hockey is played as "Bad Man" Hall—a title which was first given him in the days of the strenuous International League...

Strenuous is the word which characterized his work. He checked the men regardless of their size, and kept them from getting goals...

Hall died in harness, as he probably would have chosen had he been given a choice in the matter.

There is little doubt but that his devotion to hockey was the direct cause of the illness which caused his death Saturday night.

That Hall finished out the season at all was a notable tribute to his general health. In January Hall developed a bad case of varicose veins...

Hall was far from being the vicious player that he has frequently been painted.

He played hockey as a man's game, as a strenuous, dashing sport in which hard knocks were to be given and taken.

Regardless of his methods, none could gainsay the sheer power of the smallest man physically playing hockey.

One could not but admire Hall's frankness when he would occasionally remark: "I do not pretend to be an angel, I get them hard, but there are others who do worse, and why should I be the goat?"

The famous Hall-Lalonde duel of the 1913-14 season is still fresh in the memory of those who have followed the game here.

Long in the Game.

Hall, thirty-seven years old and of English birth, was a remarkable figure in hockey if only for the number of years he had been in service.

With Many Champions.

He joined the Quebec Hockey Club on the formation of the National Hockey Association in 1910 and played on the team when they won the championship in 1912 and 1913...

Insanity, Not Unwritten Law, Is His Defence

London, April 9—Lieut.-Colonel Norman C. Rutherford, of the medical corps of the British army today was ordered detained as insane by the judge in his trial for the killing of Major Miller Charles Seton, of Melbourne, on January 13.

The case was one of the most remarkable ever tried in England. Colonel Rutherford was said to have shot Major Seton, also an officer in the medical corps, under circumstances which led everyone to believe that the "unwritten law" would be raised in his defense.

Army medical officers testified that Colonel Rutherford suffered from shell-shock and insomnia and also had contemplated suicide because his arms were diseased as the result of the constant use of antiseptics.

The judge said he agreed with the verdict and ordered Colonel Rutherford detained.

"I Am So Short of Breath"

"I MUST be your heart, Grand Dad." "Yes, I suppose it is. I am getting old, you know."

"Oh, you are not so old. You have got run down after the cold you had and will be all right when you get your blood built up again."

"Well, I hope so, dear."

"You remember how weak my heart was, Grand Dad, when I used to be pale and anemic. It was no joke for me to climb these stairs then."

"You are all right now, aren't you?"

"I never felt better in my life, Grand Dad, and if you will use Dr. Chase's Nerve Food for a while you will get strong and well, too. That is what cured me."

"But do you think that the Nerve Food is any good for old men like me?"

"I am sure it is. I often read letters in the newspapers from old people telling about what a great benefit it has been to them by enriching the blood and increasing their vitality."

As an example of what Dr. Chase's Nerve Food does for people of advanced years, here is a letter from Mr. James Richards, 73 Dundas St., Belleville, Ont., who is 89 years of age. He writes:

"I was suffering from a weakness of the heart, shortness of breath and frequent dizzy spells which used to force me to go and lie down for a time. I secured Dr. Chase's Nerve Food and received such splendid results that I continued its use until I am now feeling fine and am not troubled with these symptoms any more."

Alkali in Shampoos Bad for the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mullified coconut oil (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mullified coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

FOUR DEANS NAMED IN BOSTON DIOCESE

Boston, April 10—Cardinal O'Connell presided at the Cathedral of the Holy Cross at a synod of the Boston diocese attended by 500 priests. It was the first synod of the Boston diocese in ten years and the sixth in the history of the diocese.

The Cardinal announced the appointment of the following prominent priests as deans: Rev. James F. Stanton, rector

of the Church of the Immaculate Conception, Stoughton, for Norfolk county; Rev. Bartholomew F. Killilea, rector of St. Patrick's Church, Brockton, for Plymouth county; Mgr. William O'Brien, permanent rector of St. Patrick's church, Lowell, for Middlesex county; Mgr. Arthur J. Teasing, D. D., permanent rector of St. Mary's church, Lynn, for Essex county.

These are the first deans ever appointed in the Boston diocese.

THREE HEROES FACE COURT AS AGREED

Fourth Reported Killed Fighting Overseas—Case Against Soldiers for Taking Auto 18 Months Ago Dismissed

New York, April 10—Three Brooklyn youths appeared in the county court to redeem a pledge made a year and a half ago that they would return to face a charge of grand larceny if they were permitted to sail for France in answer to their country's call to arms.

Three of them fulfilled the pledge, but when the fourth name was called a gray-haired man stood up to apologize for his son's absence. He explained that the boy had been killed in action. The three who appeared were Michael McTigert, 27 years old; Joseph Madigan, 24, and Thomas Callow, 23. The missing youth was James McVeigh, 26.

The quartet enlisted in the 106th Infantry early in the war. One night they took out an automobile without the formality of asking the permission of the owner. When arraigned their case was postponed until after the war. Now the three survivors pleaded guilty and were promptly dismissed.

Before going home they presented three German helmets to George McCloskey, clerk of the court. They told him that McVeigh, their dead comrade,

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m. (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

ST. JOHN OFFICERS ARE HOME TODAY AFTER DOING GOOD WORK IN THE WAR

Lieut. Col. J. H. Parks, D. S. O., and Major M. MacKay on Saturday

Major Rideout of Edmundston also Came Across in This Ship—Capt. Nase, Flight Lieutenants Fred E. Power and F. P. J. Travis Home via Halifax, Which They Reached on Megantic

Two very distinguished St. John officers returned on the S.S. Saturnia today—Lieut.-Col. John H. Parks, D.S.O., and Major Malcolm Mackay. Both have seen extensive active service and have made good records overseas. Colonel Parks, Distinguished Service Order, has a very fine record. He enlisted in Vancouver with the 1st Contingent as a member of the 9th Battalion and proceeded to Valcartier, thence to England and on to France. He went overseas as a captain and by his excellent work as an officer he won steady promotion in rank as well as being awarded the D.S.O. for gallantry and general efficiency shown in France. He was wounded on one occasion.

Dr. Margaret Parks who served overseas for some time and was decorated by the king with the Royal Red Cross is a sister. Colonel Parks said this morning that he would likely proceed to the west again in a short time.

Major Mackay, son of W. Malcolm Mackay, and one of three sons who has served at the front, returned this morning and was given a royal welcome by his friends. Major Mackay crossed with Colonel Fowler's 104th Battalion and upon arrival in England was transferred to the 1st Imperial Regiment. He has been on active service in France for two years and came through unharmed. Major Colin Mackay, a brother, is still carrying on as O. C. of the 12th Siege Battery. Another brother, Captain Reay Mackay, was killed in action in August last.

Major C. M. Rideout, of Edmundston, was among the New Brunswick officers to get back home today. He went overseas in the early part of the war from Halifax as a member of the 140th Battalion following a transfer from the Composite Battalion under mobilization in the garrison city. He served in France with the infantry and was later transferred to the Forestry Corps with which he finished the last part of his active service in Flanders. He was, previous to joining the army, employed on the Transcontinental Railway. He has many friends throughout the province who will extend a warm welcome on his safe return.

Flight Lieut. F. P. J. Travis of 102 Dorchester street, who came across in the Megantic, reached home this morning after three years of active service, most of which was spent in aerial observation work. When at home in pre-war times the St. John boy was a 62nd Battalion member. On joining to go to war he was taken across with a draft of young officers—very young in his case as a matter of fact, for he is only twenty now—and was placed in the famous old 87th Battalion Grenadier Guards. Then Lieut. Travis was allowed to enter the Flying Corps and was successful in winning his commission. It was while making observations in the last big push on Cambrai early in September of last year that a German sniper "pinged" him in the arm. His pilot flew back with him to the Canadian Squadron where his wounds were treated. There were five months Lieut. Travis was invalided in England; then the armistice came and then the homeward journey.

Flight Lieut. F. E. Power, son of Mr. and Mrs. Fred J. Power, 10 Wentworth street, sat at table with his delighted parents and household today after many months crowded with active service in the cause of freedom, although at least one incident in his aeroplane career might easily have cut off any such happy reunion as that now existing.

Lieut. Power was on channel patrol duty at the time when Hun subs were especially bothersome. Noticing what he thought to be a U-boat under water, the St. John flyer dropped down towards the ominous looking tide. There was a heavy mist and the plane went under water, carrying the young lieutenant down. He miraculously escaped from the submerged plane, but was quite unconscious of what had happened to him until he awoke in a comfortable bunk aboard a British destroyer, with ship's doctors looking after him. When he left home to be prepared for the Imperial air force, Lieut. Power proceeded to Fort Worth, Texas, and there won his right to fly alone. In this school the late Lieut. Jarvis McLellan, Lieut. Joseph Brosnan, Lieut. Cuthbert, Lieut. Balfour Paterson and Lieut. Royden Foley, all of St. John, were taught aeronautics. It will be sadly recalled that Lieut. McLellan was killed while on flight duty in England and Lieutenants Brosnan and Cuthbert succumbed to injuries at Fort Worth.

Proceeding to the mother country via Halifax Lieut. Power was soon put on bombing work, but later on the channel patrol. He also served at Cherbourg in France and before coming home spent two months in Shorncliffe. The aviator is reticent about his work and wants to talk about home and everything else but war. He is being warmly greeted.

Lieut. C. R. Curry. Among those who reached St. John today via Halifax was Lieut. C. R. Curry of the Royal Air Force. He enlisted at the age of seventeen with Major, now Lieutenant-Colonel G. G. Corbet, as a half an hour.

LOCAL NEWS

SALE OF HORSES.

A public auction of horses that have been used in connection with military transport and supply in this city took place this morning on Market square. Seven were sold and prices ranged from \$20 to \$15. Mr. Webber was the auctioneer.

SOLDIER HONORED.

Friends Sergeant and Mrs. Gordon B. Smith called at their home in Charlotte street, West Side, on Tuesday evening and tendered them a surprise party. The affair was arranged principally by a group of friends in appreciation of Sergeant Smith's services overseas. During the evening he was made recipient of a beautiful gold watch chain. John Carleton, on behalf of those present, made the presentation. The evening was pleasantly spent in games, music and dancing and the party dispersed in the early hours.

VETERAN FIREMAN HONORED.

Richard Walsh, sanitary inspector of the board of health, who tendered his resignation as lieutenant of the hook and ladder company, Monday street, some time ago, was made recipient of a case of pipes and an address at a largely attended gathering of firemen in the Moose lodge rooms, Colburn street, on Monday evening. A repast was served and the men had a fine evening of it. Mr. Walsh thanked his friends for the most acceptable mark of good-will and expressed his regret at severing his connection with the department, but his new duties made it imperative that he should. The retiring fireman was for twenty-seven years a hard working fighter and was one of the conspicuous figures in that gallant crew who handle the towering ladders and use the axes.

ONLY THREE WEEKS FROM TODAY.

With feelings of trepidation and a sigh of apprehension many households are today contemplating that in three weeks' time they will be called upon to leave their present homes and enter their new abodes as if it is going to be a very busy May day for the percentage of movings is reported unusually high this year. Some people, by a happy chain of circumstances, will be able to get into their new premises before the fateful May 1, others will not be enabled to shift until the full noon-hour of the day. Because of rental disputes and warnings-out, etc., it is said there is indication of a spirit that will not tend to co-operation as between some tenants and their landlords. Teamsters are booked up solid for the week before and the week after May 1, but the additional number of spring trucks to be put on the job this season will doubtless facilitate matters some and relieve the pressure on horse-drawn teams, which naturally move more slowly.

private in the 16th Field Ambulance and left St. John on March 25, 1917. He applied for a transfer to the Royal Air Force and in April, 1918, went to England to qualify and in August of 1918 returned to France lieutenant in that service.

From August until the signing of the armistice he was kept busy in the air and did good work. Lieut. Curry is the youngest of three brothers, all of whom saw service in France. The other two are Capt. Nase and Lieut. Power.

Among the St. John men arriving in Halifax on the S.S. Megantic was Captain Otto Nase, a prominent dentist in this city, who before enlisting had practiced dentistry here for more than eleven years. Captain Nase, enlisted in the dental corps in 1915, was in Canada six months before going overseas in a draft from the corps. He was attached to a hospital in Shorncliffe for one year when he was transferred to London, where he spent three months before going to France. After serving a year in France, he was again transferred back to London and was attached to Pembroke house, and from there went to Liverpool to the Kirkdale Hospital, where he remained until coming to Canada. Captain Nase has a large circle of friends who will be pleased to hear of his safe return.

At the Depot

The sixty-two New Brunswick men who came over on the Megantic arrived in St. John at seven o'clock a. m. They were met at the station by Charles Robinson and several members of the reception committee. The men enjoyed breakfast in the station dining room where they were served by Mrs. Kuhn, assisted by V. A. D. nurses in charge of Miss Monroe. During breakfast the men were treated to fruit, chocolates and cigarettes. They enjoyed their breakfast very much and were quite pleased with the attention shown them. It is contended that soldiers on arrival here from Halifax should always be given their first meal at the station, where they can sit down more comfortably instead of marching them immediately to the armory.

The Vancouver special with troops arrived here at 6 a. m. and stayed for a half an hour.

BEFORE-THE-WAR STYLES WON'T DO

Both the man who has fought and the man who has served the fighter are feeling the new spirit of the times.

The man who has given his best is now reaping dividends in a broadened horizon and a keener appreciation of values—so that hastily revised copies of before-the-war patterns and styles will not satisfy the present-day man,—in buying

The Season for WONDERMIST

With Spring cleaning in the air, the prudent housewife will want a furniture polish and cleanser that is quick, safe and efficient—in other words, Wondermist.

Illustration shows Wondermist in operation. A slight push of piston and a spray of Wondermist chases away in a cloud of cleansing mist—dust and fog from furniture, floors, linoleums, woodwork, etc. It may be applied on cheese-cloth as well as in sprayer.

Thousands of sprayers in use in churches, homes, banks, clubs, etc., all over the land.

Wondermist comes in handy sizes at \$2.60 a half gal., \$1.50 a quart, and 90c. a pint. Sprayer, 75c. each.

Why not "Wondermist" your home this Spring?
