In Smashing Attacks British and French Go Through Enemy Lines

Haig's Troops Advance to Depth of Hamel—French Gain Three-Fifths of Mile and Take 1,066 Germans

London, July 4—British troops this morning delivered an attack in the region of Amiens, capturing the village of Hamel, northeast of Villers-Bretonneux, and advancing their line in this region to a depth of more than a mile.

Paris, July 4—French troops last night attacked the German lines on a front of a mile and a quarter in the neighborhood of Autrech and Souissons, and pushed into enemy territory for a distance of nearly half a mile.

Later the French delivered another attack in the same region, between Autrech and Moulin-Sous-Troutvent, giving them further gains of territory. The entire operation netted the French a gain of ground on a front of more than three miles to a maximum depth of approximately three-fifths of a mile. The French took 1,066 prisoners including eighteen officers.

WOULD SELL LEASED LOTS TO OCCUPANTS

City Unable to Secure Higher
Rentals

NEW POLICY ADOPTED

Grants For Four Playgrounds
Authorized by Council
This Morning—Buildings
at Mispep and Spruce Lake To
Be Sold

The policy of the common council decided to sell lots under lease was modified by a resolution moved by Commissioner Bullock and adopted at a meeting of the council in committee this morning. Several years ago the council decided to secure increases of five and ten per cent on all renewals. Some leaseholders paid the increased rentals and secured renewals; others refused and invited the city to put on arbitrators and take over the improvements. The council today decided to renew leases at the old figures or to permit the leaseholders to purchase the freehold on the basis of a four per cent capitalization.

Grants of \$300 for the South End, \$200 for the West End, \$200 for the Shamrock grounds, and \$1,000 for Rockwood Park for playground purposes were authorized.

Authority was given to sell the buildings on the city property at Mispep and Spruce Lake.

Mayor Hayes presided and Commissioners Fisher, Bullock, McLellan and Hilyard were present. The city engineer and the road engineer were present.

Commissioner Fisher said that he had received a report from the road engineer to the effect that with \$300 from the city and the aid of volunteers he would be able to put the playground at Rockwood Park in condition in a very few days. Mr. Hatfield also had recommended the expenditure of \$300 to prepare a baseball diamond in Queen Square, W. E. and further improvement in 1918.

The Victoria Square, N. E. street, which is in a very poor condition, is being improved by the city. The street is being widened and the sidewalks are being laid.

Commissioner Bullock doubted if any more could be secured for a bond issue of that size for such a purpose.

Commissioner McLellan and Commissioner Hilyard agreed that the price was too high.

The mayor, the road engineer said that \$1,000 in two months would be required to prepare a playground at Rockwood Park. The south end and west end grounds could be completed in about three weeks.

Reverting to the Shamrock grounds, Commissioner Hilyard said that the attention of the assessors should be drawn to the grounds placed on the property by the trustees.

On motion the sum of \$800 was approved for the lower cost and \$800 for Queen Square, W. E. Authority was given also for the expenditure of more than \$200 on the Shamrock grounds if the latter were offered for use free of charge.

Commissioner Fisher then moved that \$1,000 be expended on the Rockwood grounds. The south end and west end grounds could be completed in about three weeks.

Commissioner Hilyard explained that the ground would have to be ploughed, harrowed, leveled, some filling and ditching done. If the building could be sold to the city, the ground would be sold to the city and the building would be removed. This was granted.

Commissioner Hilyard reported on a visit to Mispep where he found the roof of the mill building had fallen in and several wooden houses were going to pieces. If the building could be sold to the city, the ground would be sold to the city and the building would be removed. This was granted.

Commissioner Hilyard reported on a visit to Mispep where he found the roof of the mill building had fallen in and several wooden houses were going to pieces. If the building could be sold to the city, the ground would be sold to the city and the building would be removed. This was granted.

Hundred Thousand People in Line In New York

ALL ENGLAND CELEBRATES

King George Throws First Ball In
Baseball Match in London—
Wilson Must Reciprocate in
Football Match After War

New York, July 4—More than 100,000 men and women were in line today behind a contingent of American fighting men in the greatest patriotic parade and pageant ever witnessed in New York city.

London, July 4—No country ever celebrated the national anniversary of another country as the people of Great Britain today are celebrating the fourth of July. Not only in London, but in cities and villages throughout the kingdom, in town halls and in churches the American anniversary is being commemorated.

Announcement from Washington that the United States has sent overseas her first million troops kindled immense enthusiasm and great impetus to the celebration. Wherever there are American soldiers and sailors they are being entertained with great hospitality.

The outdoor event which attracted most attention was a baseball game between American soldiers and sailors which King George will attend with the queen and Princess Mary. The king is to throw out the first ball. The newspapers say that President Wilson must reciprocate after the war by coming over to England and kicking off a football game.

From Fredericton, July 4—General Pershing today sent the following message to Premier Lloyd George: "The American army in France feels satisfied in knowing that you are beside it for the anniversary of the declaration of independence. I have learned with equal pleasure that the people of England are celebrating the fourth of July with unusual brilliancy—fitting for a manifestation of the friendship and solidarity of the two nations which will remain a memorable one in the history of our two nations."

From St. John, July 4—Independence Day greetings from the British army in France extended by its distinguished commander-in-chief are most deeply appreciated by all ranks of the American forces. The firm unity of purpose that binds the Allied nations together stands as a new declaration and a new guarantee of the sacred principles of liberty shall not perish but shall be extended to all peoples.

"With the most earnest good wishes from myself and entire command to you and our brave British brothers-in-arms, remain, always in great respect and high esteem."

"Yours very sincerely,
"PERSHING."

In Washington, July 4—Nations allied with the United States in the world-wide war, united in the celebration of Independence Day at the nation's capital. More than 100,000 people took part in a gigantic pageant entitled "Democracy Triumphant," on the grounds surrounding the Washington monument.

FROM BOSTON TO ST. JOHN BY AUTO IN 57 HOURS

An automobile party of eight, including Dr. H. H. Morris, Dr. M. A. Morris and sister, of Charlottetown, Mass., are in the city visiting relatives and friends. Both medical men and their sister are former residents of Fairville. They moved to New England eighteen years ago. Their trip east was very enjoyable. Leaving Boston on last Sunday at 7:45 a. m., they reached St. John on Tuesday at 5:10 p. m. Good roads were ridden for nearly the whole distance. Especially the state highways of Maine.

The Doctors Morris report a decided improvement in New Brunswick. They have traversed the same route several times.

TRY FOR SETTLEMENT THAT WILL AVERT BIG CANADIAN STRIKE

Ottawa, July 4—Throughout this morning representatives of the railway companies and of the federated trades were in conference with members of the government with a view to reaching a settlement of matters in dispute. Fifty thousand railway employes, it is estimated, are affected by the demands for increased wages submitted. The men say they must have a final answer by 2 o'clock today.

The funeral of Mrs. Eva Almon took place this afternoon from her late residence, Loch Lomond road. Services were conducted by Rev. Mr. Tefford, and interment was made in Fernhill.

The funeral of Betina Daniel, daughter of Mr. and Mrs. F. W. Daniel, took place this afternoon from her late residence, Rothsay. Services were conducted by Rev. Mr. Daniels and interment was made in Fernhill.

MUST BE NO COMPROMISE

IRELAND'S PLEA TO PRESIDENT OF UNITED STATES

Summary of Document From
Anti-Conscription Conference

Says Irish Required to Bleed To
Make World Safe for Democracy
"In Every Country Except
Our Own"

Dublin, July 4—The Mansion House anti-conscription conference last night issued a message sent to President Wilson through Ambassador Page in London. The document recounts all the well known grievances concerning British misgovernment in Ireland. It asks sympathetic judgment from the United States at a time when Great Britain, which, it says, strove a century and a half ago to crush the American colonies for asserting the principle of no taxation without the consent of its representatives.

The document emphasizes that until the year 1900 the privilege of free citizens to bear arms in self-defence had always been refused to Ireland, and continues: "During the American revolution the champions of your liberties appealed to the Irish parliament against British aggression. . . . today it is our turn to appeal to America against British aggression. . . . Today, as the people of the American republics have been furnished from the descendants of our Irish ancestors."

"Yet, while self-determination is refused, we are required by law to bleed to make the world safe for democracy in every country except our own."

"Declaring that the lives of 1,000,000 children of Ireland lie waiting on the battle fields of the present war which to allow, alike to be their reward, and to the friends with whom we have the happiness to be associated in action, the faith and purpose with which we act."

The president's speech in part follows: "This is surely a fitting place (Mount Vernon) from which ality to look out upon our country, that we may study our spirits for its accomplishment. And this is the appropriate place from which to allow, alike to be their reward, and to the friends with whom we have the happiness to be associated in action, the faith and purpose with which we act."

U. S. SEIZES BIG TEXTILE COMPANY

New York, July 3—The International Textile Company Inc., a \$1,500,000 lace manufacturing company of Bridgeport, Conn., a branch of the largest corporation of its kind in the world, has been seized by the United States government. It was announced here today by A. Mitchell Palmer, alien property custodian.

STRAWBERRIES GOING DOWN

The strawberry situation today is more stabilized. Sixteen cents was the country market quotation with a few lower figures due to the condition of the fruit or in anticipation of fresh supplies by river boats. The river supply arrives in the afternoon usually and berries at 12c and 15c is the prospect before closing time today. The late heavy rain has delayed picking activities, but before Saturday a decidedly heavy market is expected with prices down to preserving quotations.

A DOUBLE PRESENTATION

At the regular meeting of Sapphire Rehearsal Lodge on June 27, Miss L. M. Hill, in a pleasing speech, presented a beautiful chart showing the beauty of this degree and its great fraternal relations to the one great family, the whole human race. On behalf of the members, Sister Budge presented to Sister Hill a fountain pen on the eve of her departure to take up further the obligation of a good Rehearsal.

No Halfway Decision In the War, Says Wilson

STRONG SPEECH ON JULY 4

There Must Be a Reign of Law
Based on Consent of The Governed and Sustained by Organized Opinion of Mankind—The American War Aims

Washington, July 4—At an Independence Day gathering at Mount Vernon, home and tomb of George Washington, President Wilson today addressed a small gathering of officials and of diplomats of the allied nations. But he spoke to the world and he spoke the logical sequel to his "force without stint or limit" declaration of several weeks ago.

Unreservedly, the president declared that there could be no thought of a peace which did not mean the destruction of military autocracy or its reduction to virtual impotence.

"A reign of law, based on the consent of the governed and sustained by the organized opinion of mankind" was the way he summarized in a single sentence the objects of humanity in the world war.

Whether the president was addressing his remarks directly to the recent speakers of German Foreign Secretary Von Kuhlmann or to the forerunners of a renewed German peace offensive, whether he merely took the occasion of the celebration of American independence to emphasize to the world the war aims of the nation can only be guessed. He did not deal with the progress of the war or any particular phase of it, but he spoke eloquently of America's attitude toward Germany's so-called peace treaties in the east by grouping the people of Russia "for the moment unopposed" among the peoples of the world standing against the enemies of liberty.

The president's speech in part follows: "This is surely a fitting place (Mount Vernon) from which ality to look out upon our country, that we may study our spirits for its accomplishment. And this is the appropriate place from which to allow, alike to be their reward, and to the friends with whom we have the happiness to be associated in action, the faith and purpose with which we act."

NO CHANGE IN PLANS UNDER M. S. ACT

Ottawa, July 3.—Pending the hearing by the Supreme Court of an appeal from the finding of the Alberta High Court in the case of Norman E. Lewis, the government declares that it will proceed as heretofore in the execution of the powers conferred by the regulations. Moreover, it is stated officially that the judgment pronounced by the Alberta court will not be permitted to affect the custody or moving of the troops authorized by such and that drafting men will be carried on as though the judgment declaring the regulations invalid had never been given and did not exist. In the meantime the appeal to the Supreme Court will be prosecuted with the utmost expedition.

SIR GILBERT PARKER STORY AT IMPERIAL A FINE PICTURE

Strong Story of Western Canada With Theodore Roberts in Leading Role—Fine War Pictures

The Imperial's advertisement heralding Sir Gilbert Parker's well known story, "Wild Youth," was frank enough to state that this film fiction pointed out the mistake of times made by mere girls in marrying aged husbands. Truly Theodore Roberts, as the grizzled old wolf, Louie Hart, as the "poor little lamb" and Jack Mithall as the handsome young rancher laid bare this subject with all the force and verity that the famous Canadian author must have intended when he penned his trenchant work. J. Stuart Blackton, whose name graces the trade-mark of the picture, has made a powerful play and a careful reproduction of the book. The scenes are laid in Western Canada and are very beautiful and no detail is left unattended to in making the picture an epic of its kind. It will be concluded today.

For laughing matter the Imperial is showing big good natured slap stick Fatty Arbuckle in a maze and muddle of grotesque fun aided and abetted by such contortionist comedians as Al St. John and Buster Keaton. The British Cinematograph Weekly winds up the picture programme with a burst of patriotic pictures including some views of the Canadians in London being reviewed by King George.

On Friday and Saturday the Imperial will have Victorien Sardou's famous opera-story "La Tosca" with emotional Pauline Frederick in the title role. The production is most elaborate. In the same week-end programme the first of the Imperial's two-reel melodramatic subjects will be presented under the title "The Flying Express"—a railway thriller.

SARDINE FACTORY IN OPERATION TODAY

The new sardine factory built and equipped in West St. John by the Booth Fisheries, Limited, commenced operation today. The plant is one of the largest in America, is equipped with the very latest machinery throughout, and contains many modern features of sanitation and comfort. It is capable of handling 100 highheads, or two thousand cases, of sardines per day, and when the fish are running well, the plant will turn them out to the limit of its capacity.

The staff of the new factory will consist of about 130 girls and 50 men. All of these, with the exception of department managers, hostesses, and a few of the office staff, are local people. Five girls, expert packers, have arrived in the city from Eastport, and will act as demonstrators and instructors to the inexperienced girls engaged here. Today's output will probably be a small one, but in a short time the factory will be going in full swing, and millions of sardines will be packed, sealed and shipped daily.

MUST GIVE BACK BIG FLOUR PROFITS

Hoover Orders Millers to Make Restitution to Government in Form of Products

Washington, July 4.—A statement by the Federal Trade Commission in its report to the senate that many millers had made at least 40 cents a barrel profit on flour, although the food administration had fixed the maximum profit at 25 cents a barrel, was explained by Food Administrator Hoover.

That some of the millers had exceeded the maximum profit and had figured income and excess profits taxes in operating expenses, Mr. Hoover did not deny. He said, however, that these millers had been instructed by the food administration that all profits in excess of 25 cents a barrel must be returned to the government, and also that income and excess profits taxes must be borne by the millers. This action was taken if the plan is to permit the millers to readjust their accounts as of July 1, and where it is shown that a profit of more than 25 cents a barrel has been made, the millers are to sell flour to the food administrator at \$1 a barrel for distribution to the army and the navy, until the government has in this manner been reimbursed for all unfair profits collected by the millers.

DEATH IN WAR LIKE A BOND

Captain Peterson Writes Parents Not to Mourn if He Dies. Honesdale, Penn., July 1.—Captain David McKelvey Peterson, who is an officer in charge of flying with the American expeditionary force, has written a letter to his parents here, Dr. and Mrs. P. B. Peterson, in which he says: "I suppose that you have seen the letter that Lieutenant Dinmore Ely wrote to his parents before he was killed a month or so ago. It went like this: 'And I want to say in closing, if anything should happen to me, let me have no mourning in spirit or in dress. Like a Liberty bond, it is an investment, not a loss, when a man dies for his country.'"

"This is one of the best things I have seen or read in many a day and I wish to suggest that you do likewise if I happen to be the victim. I can think of nothing that would be more expressive."

A year ago Captain Peterson was a corporal in the French army.

Another 50,000 railroad troops for service in France are being raised across the border.

THE WAR SITUATION

It is now predicted that there will be two and a half millions of Americans in Europe by the end of the year. By the time the weather is suitable for operations on a large scale next year the number will be large enough, with the mastery in the air which will then be assured, to give the Allies a great advantage.

THE CRY FOR MEN

We can readily understand why England rejoices that so many Americans have landed in France. An American writer estimates that out of all males in England from the cradle to the grave one out of every four is or has been fighting Germany either on land or sea.

His First Performance.

"Who's dead?" asked the stranger, viewing the elaborate funeral procession. "The bloke who's inside the coffin," answered an irreverent small boy. "But who is it?" the stranger pursued. "It's the Mayor," was the reply. "So the Mayor is dead, is he?" mused the stranger. "Well, I guess," said the small boy, wretchedly. "I've thought he's having a rehearsal!"—Millstones.

DUST MULCH

The surface of the ground in your war garden should never be allowed to become so hard that a crust is formed. Regular stirring of the top soil creates a perfect dust mulch which is invaluable if you want successful growth. Ordinary dust mulch may be supplemented by the mulch of manure or lawn clippings which serves to keep down the small weeds and retain the soil moisture. It is doubtful if the heavier mulch is always beneficial to plants in cool locations. It keeps the ground rather cold, with the result that the invigorating influence of the sun's rays is excluded from the surface roots, and growth is retarded.

The condition of your mulch depends very largely on how you water your garden. Before the ground is entirely dried out after rain the soil should be stirred and during periods of drought it should be gone over at least once a week. In the case of the most of all plants is the cabbage, which needs continual watering.

DEACONESS TELLS OF WORK IN ST. JOHN

Miss Cara Sinclair Addresses Presbyterian—Other St. John Ladies on Programme

Moncton, July 3.—At the annual meeting of the St. John Presbyterian church today Mrs. J. H. Anderson, of St. John, conducted devotional exercises. Miss Cara Sinclair, deaconess of St. John, in her report on community welfare work urged the establishment of a rescue home. "As you are aware," she said, "it is a deplorable truth that there is not one female reform institution for Protestants in our province. In our scattered work we cannot get near enough in a physical or spiritual sense by meeting this class for a few moments now and then.

"While conditions in St. John are no worse than in other cities it is more difficult to solve problems in our community welfare work, owing to the lack of organized effort, which is very necessary to do successful city missionary work. We have great cause to rejoice that progress has been made along certain lines. After numerous attempts a Young Women's Christian Association has been organized. Another much needed step in advance is that of medical inspection in schools which will be introduced when the fall term begins. I rejoice in this because it is more than likely to bring about some solution of the housing problem.

"Another call for help we should quickly answer is that of child labor when it involves neglect of schooling, also exerting an influence to have a female factory inspector appointed by the provincial government so that conditions of factory life could be made more favorable to health and morals, especially for women."

Mrs. R. A. Jamieson, of St. John, read an excellent report on "Woman in Social and Religious Work."

The secretary, Miss Walker, of Woodstock, read a report giving the statistical standing for the year. Miss Emma Murphy gave a very interesting account of the good work which is being done among foreign children at Minto (N. B.). At the close of the session lunch was served to all the delegates at the church, after which Miss Jennie Robb, of Kores, gave an after-dinner talk on her work as a missionary.

K. of C. Convention.

New York, July 3.—Delegates from councils of the Knights of Columbus throughout the United States, Canada, Cuba, Porto Rico and the Philippines will attend the annual convention of the order in this city August 6 and 7. An announcement issued at headquarters of the organization here tonight said that the assembly will be a "victory convention," devoting itself largely to plans designed to help America win the war.

Of 400,000 Knights of Columbus in the United States and its territories according to the announcement ten per cent. are in the army and navy.

GREEN CROSS SOCIETY

Women of England, Who Can Drive Motor Cars, Doing Valuable Work (From Women's Section, Office of Director of Public Information.)

The woman motorist in England has come into her own and was one of the very first to mobilize when war was declared. Unlike her male relatives she mobilized uninvited. On countless occasions since that fateful August women motorists have proved themselves indispensable. Today they are unnumbered and asked to do national service. Any woman from eighteen to fifty years of age may join the society provided she has had one year's experience in motor driving and is willing to serve at any hour of the day or night, without expense or allowance.

So far but one unit has been abroad (to Serbia) but individual members have joined other overseas units. In London the duties of Green Cross women include everything in assisting soldiers, W. A. C.'s, Wrens, Imperial Nurses arriving by train, munitions women needing to reach ports of London remote from cars or trains. The Y. M. C. A. in its British, Canadian and American divisions depend upon the Green Cross women entirely. Hospitals also rely on

THEIR FUNNY CAR. Amherst News: One of the curios in Amherst today was a silver—not the ordinary every day fiver, but another variety. Its engine and other internal workings were of the regular type, but neither garments were mostly in evidence by their complete absence, unless a coat of mud, and wooden frame, can be taken as sufficient clothing for a "flea". The car was occupied by two St. John boys—Messrs. Dykeman and Stammers, returned soldiers, who are motoring through to Windsor. But it was surely some car. The motorists struck rain from St. John to Moncton and all the mud on the road was plastered over their makeshift car.

The last German daily paper in Brooklyn has discontinued, as a patriotic act, after fifty-five years.

IMPROVEMENT IN THE LONG DISTANCE TELEPHONE SERVICE

St. John Will be Able to Talk Clearly With Montreal, Boston and New York

That St. John people will before long be enabled to converse conveniently and with clearness on long-distance phones as far as Montreal, Boston, New York and points further away is declared with certainty. N. B. telephone officials say so. At present messages to such far distant places are unsatisfactory and in many instances not possible at all. For some time past telephonic engineers have been looking over the situation. Repeaters—instruments which make extra long distance talking possible—will be installed in St. John and Moncton with co-operating apparatus possibly at Bangor and other points to the west. The Moncton repeater will probably care for Nova Scotia traffic and the St. John instrument the New Brunswick business. It is assumed that much new telephone patronage will be worked up by reason of this extended service. Just now when United States and Canada are allied in war the need of long-distance phone service is particularly apparent. The usefulness of such means of communication is also obvious should enemy war craft ever penetrate the coastal defences of either nation.

WOULD TAKE SEATS ON CANADIAN CAR AND FOUNDRY CO. BOARD

Montreal, July 3—In connection with the proposed additions to the board of The Canadian Car and Foundry Co. Ltd., it is said that Wm. McMaster, president of Canadian Explosives, Ltd., and a director of the Bank of Montreal, will probably become a director. Others who have intimated their willingness to accept a seat on the board are Mark Workman, president of the Dominion Steel Corporation; Senator G. G. Foster, H. W. Beauchamp and Victor Drury.

It is now said that the management has proposed for about 50,000 shares out of the 125,000 shares.

President Wilson has agreed to hold up the new revenue bill until December, pending the autumn elections.

BIRD SHOT FOR A BOOT-LEGGER

(Amherst News)

The preliminary hearing of William Moses is being held this afternoon, as we go to press before Stipendiary Magistrate Ousey. Moses was first placed under arrest for a charge of bootlegging, and while at the police court, picked up his cap and walked out. On being rounded up at a later date he threatened Officer McDonald with a length of rubber hose and continued to do so despite the warnings of Chief of Police Pickern. A charge of bird shot was then introduced into his system and until recently Moses has been recuperating from the effects of the gunshot wound at the Highland View

WERE OVER THE TOP in value on this TWENTY DOLLAR SUIT proposition.

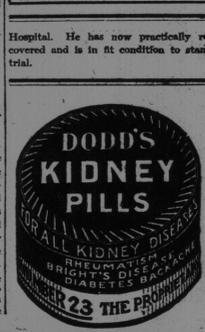

You'll find a good bunch and good variety—all mighty good quality these times for this price.

And the indications are there will be no more at this price.

AUTO MISHAPS INCREASE.
New York State Fatalities 344 in Six Months as Against 324 Last Year.

New York, July 3.—A report issued by the National Highway Protective Society states that during June ninety-nine deaths were caused by automobiles in New York state, including New York

city. In June last year the fatalities were seventy-two. In New York city motor cars caused the deaths of fifty-seven persons, wagons eleven, and trolley cars six, as compared with thirty-three by automobiles, nine by trolley cars, and seven by wagons in June a year ago.

Colonel Edward S. Cornell, secretary of the National Highway Protective Society, calls attention to the fact that in New Jersey automobiles caused the death of eighty-three persons in the first six months of the year, as compared with 100 during a similar period of 1917, and Massachusetts and Connecticut also showed a corresponding decrease. In New York State the automobile deaths for the first six months of this year were 344, while in 1917 the

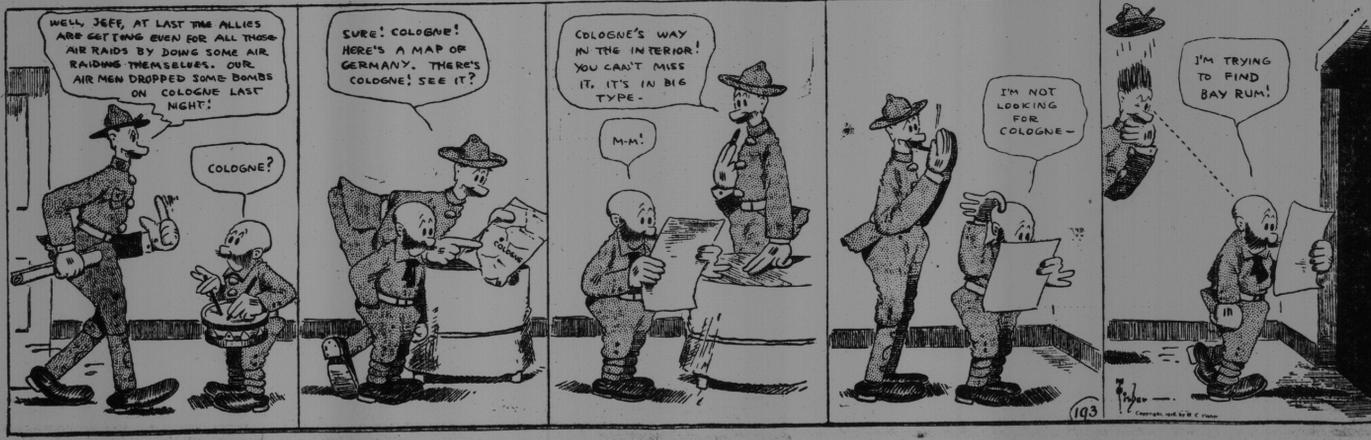

six months' fatalities were 324. The record for New York state, says Colonel Cornell, shows the need for more radical legislation in the operation of motor vehicles.

PLAYGROUNDS VISITED.
Through the courtesy of Walter H. Golding the president and secretary of the Playgrounds Association, with Miss Miller, the general supervisor, were able to pay a flying visit yesterday afternoon to the six supervised playgrounds. Yesterday was really the first day for the children because of the rain on Tuesday. At the Allison playground they found

170 children; at the Centennial, 150; at the Aberdeen, 225; at the Alexandra, where only a portion of the apparatus had been set in working order, 72; at the Bentley street, 165. They did not arrive at the Carleton grounds until after the teachers had gone, but judging from the number of children still present the attendance there must have been large. The visitors took note of the various requirements and these will be met and by the first of the week every playground will be going under full steam.

LOCAL NEWS

ST. JOHN BOY BROKE LEG.
Gordon Rye, eight year-old son of Frank Rye, C. P. R. telegraph operator, is confined to Victoria Hospital, Fredericton, with a broken leg. The little chap was visiting at the home of his uncle, Mayor Henry South Devon, York County, when the accident occurred. He is getting over his injury as well as can be hoped for.

HAS CERTAINLY MADE GOOD.
Arthur King, formerly of this city, now of the general managerial staff and directorate of the Dunlop Tire Company of Canada, with his headquarters in Toronto, arrived in town at noon. Mr. King is being warmly welcomed to his home town and congratulated upon his signal success.

YOUTHFUL TRAVELLERS
Addie Millican, aged fourteen, and Fred, aged twelve—two spirited types of western Canadian children—are in town from Medicine Hat, Alberta, visiting their uncle, Walter H. Millican, Douglas Avenue. They came from "the Hat" alone and are having a dandy time with their cousins and friends. They are the children of James R. Millican, a former St. John boy and son of the late I. C. R. conductor, James Millican.

DR. TOWNSEND AWAY.
Dr. David Townsend, who has been superintendent of the Jordan Memorial Sanitarium since it was opened, and who resigned to enter the U. S. military service, passed through the city yesterday. Dr. Townsend will report on next Thursday at New Brunswick, where he will join the staff of a hospital for tubercular soldiers which is being opened there. Dr. Townsend expressed his regret at leaving New Brunswick, but said that he felt it was his duty to do what he could in the war effort.

SUCCESSING IN OTTAWA.
Miss Ruth M. Blaisdell of Boston, who occupied the position of chief chorister and instructor in Central Baptist Church a year ago, is visiting Misses Blanch, Leinster street. Since leaving St. John Miss Blaisdell has opened a studio in vocal training in Ottawa, the suggestion of Miss Bertha Lav. Worden, a former leader in music circles here. Miss Blaisdell is meeting with deserved success in the Canadian capital, as is also Miss Worden.

PRESENTATION.
Friends of Walter Darrah gathered at the home of his parents, Mr. and Mrs. Thomas Darrah, Baywater, on Saturday night and tendered him a surprise party. The large gathering showed the esteem in which Mr. Darrah is held. After everyone enjoyed a nice evening in dancing, etc., the gathering was called to order and Mr. Darrah was made the recipient of a wrist watch on behalf of the family. The presentation was made by Leonard Belyea of Millish, who gave a very interesting speech, as Mr. Darrah is expected to serve his country overseas. Also a little chorus was sung and refreshments were served. At the close of the evening his many friends gave him their best wishes for luck. Stanley Delong and Misses Millard and Agnes Millard, who are also of his country overseas, were among those present.

A NAVAL WEDDING; ST. JOHN GIRL IS BRIDE

An event of interest to many friends in St. John took place in St. James Church, Harrison Avenue, Boston, Mass., on Wednesday, June 26, 1918, when Rev. Father Lee united in marriage Mary Dorothy Pitts, daughter of Mr. and Mrs. Daniel W. Pitts, formerly of West St. John, and Walter W. Abel, Indianapolis, Indiana, at present with the paymaster's division of the U. S. Navy, stationed at Commonwealth pier, Boston.

The church was decorated with summer flowers and foliage. The bride, who was given away by her father, wore a charming gown of pink crepe de chine embroidered with pearls, and carried a long tulle bouquet of white roses, the streamers of which were tied with tiny bunches of lilies of the valley.

Miss Lillian F. Smith of East Boston, the bridesmaid, wore a blue silk dress and blue hat with sand and ostrich trimmings. She carried pink sweet peas. William Moran of Arlington, Mass., was best man.

A short honeymoon was spent at Ponds Springs, Maine. Many very beautiful gifts were received, an evidence of the popularity for the happy pair, who are beginning their married life followed by the heartiest good wishes of hosts of friends.

CHEERY LETTER FROM THE FRONT

Frank I. Cochran, son of Mrs. Mary Cochran, 29 High street, North End, a member of the 4th Siege Battery, in which unit his brother George is also serving, writes a long and cheery letter to his parent under recent date. Frank enlisted in Regina but was fortunate in securing a transfer that placed him alongside his St. John brother. He writes a very clear incisive review of the late German offensives—the three big blows and tells brightly and with marked optimism how the Allied forces withstood them. Mr. Cochran goes so far as to express the opinion that Fritz will get "his" for good and all before Christmas and that many of the new soldier boys will never smell real powder.

The whole letter was particularly cheerful, indicating that quality of morale which the high commands are certain will win the war.

EX-ST. JOHN KIDDIES WIN IN HALIFAX

Lillian E. Smith, daughter of Louis Smith, formerly clothing dealer in Braintree street, here, but now of Halifax, is again a prize winner in the sister city schools. In the recent examinations she won the Col. F. H. Oxley prize books for the student making the highest average on the subjects of the course.

Last year Miss Smith was a gold medalist. The other Smith children also did very well, one entering High school with a high average, two boys leading their respective classes and a seven-year-old lad capturing a special prize. In the face of serious family difficulties brought on by the explosion catastrophe and the general upset to home and business, Louis Smith feels rather proud of his children and well he may. The Smiths, both father and mother, are Hebrews of Russian nativity, their old homes now being in the hands of the Hun in the Rigas territory. Canada certainly profits by this particular immigration.

LIKELY IN NEW SCHOOL WHEN TERM STARTS

St. Malachi's Boys to Cliff Street Building

Old Sydney Street Structure To Come Down, Perhaps Before Winter—Fine Building Some Day To Take Its Place

The most notable change probable to take place in school affairs upon the resumption of studies after Labor Day will be the occupation of the handsome new St. Vincent's building, Cliff street, by the boys of St. Malachi's classes. One important proviso is of course inserted, namely, the completion of the large structure.

Every effort is now being put forth to make the St. Vincent's school ready. Plasterers in extra large number and other classes of workers are racing with time each minute of the day. One of the chief difficulties being encountered is in getting materials through by freight. Much of the modern construction employed in the building comes from outside places where war measures on transportation lines are holding things back.

If it is assured the new building will be ready for occupancy in early September the seats, desks, etc., will be removed from the St. Malachi's building during the present vacation period and temporarily installed in the new school. The decision to utilize the new Cliff street school for St. Malachi's pupils until a new and modern building could be erected corner Sydney and Leinster streets was reached some time ago. The old school has really passed its usefulness as a suitable part of the educational equipment. It never was fully intended for a school with numerous classes and there has been a bit inconvenient for teachers and pupils these many years.

If the present plans carry the St. Malachi's school will be entirely torn down—possibly before winter—and work commenced on a structure worthy of St. John in every particular and second to none at present existing here. The ages of boys attending St. Malachi's represent a formative period in life when none but the best educational facilities should be accorded them. These facilities it is expected their new building will possess.

The occupancy of St. Vincent's school by the St. Malachi's pupils would naturally delay the Catholic High project a term or two, possibly longer. However, those in authority feel that the more pressing need is in the direction of the boys. Therefore their big sisters must give way to them graciously for a little while and content themselves with their present cozy though rather crowded quarters.

SOLDIERS THANK GOOD FRIENDS IN FAIRVILLE

Sample Letter From the Front—United Soldiers' Helpers Receive Permission to Incorporate

The United Soldiers' Helpers of Fairville have received permission to incorporate under the War Charities Act, and are making preparations to increase their funds. Last evening one half of the proceeds from Gaiety Theatre were turned into the society by Manager O'Rourke, who has also promised 50 per cent of tonight's income. This money will go to help along the work of the society.

In April the ladies sent overseas \$215, being \$5 to each of the Fairville boys on active service and in hospital. All the khaki men have received the money, and in most cases have acknowledged it. A few extracts from Fairville boys' letters recently received are interesting.

Private T. C. McKinnon writes—"So many thanks for money received. You may think the part your society is doing is very small, but we out here in France appreciate the good work you are doing for us. If you really knew how your efforts cheer the Fairville boys you would realize you are doing your bit quite as well as we are."

When I read your letter and held up the \$2 bill, it was greeted with many cheers for the helpers in the Home town."

Private W. Pineau says—"I cannot thank you enough for your kindly gift of money. It helps us more than I can say, to carry on, when we know we are not forgotten by the people at home."

Leonard J. Tufts writes—"Although the year is now in its fourth year, the ladies of Fairville have never once forgotten their boys from home. If it was not for the cheer and encouragement you women give us, we would not be able to do so well as we are able to now. Many thanks for the \$5, and also to the acts of kindness often received from your society since I've been out here."

Gunner H. J. Kane has this to say—"Your gift of money came just in time, as we had no smokes for two days. All the other boys who shared the treats provided by your money join with me in sending best thanks."

There are upwards of 170 Lancaster boys and five nursing sisters on the list of the United Soldiers' Helpers, and, judging by the letters received, the work of the ladies is much appreciated by the lads "over there."

BAPTISTS TO MEET AT LOWER MILL STREAM

Rev. Dr. Hutchison of Main Street Baptist Church, left by the noon train for Lower Millstream, Kings County, to attend the district meeting of his denomination, which will open this evening. Revs. Messrs. MacPherson, F. H. Wentworth, S. S. Poole and others will be present from this city. Rev. Dr. DeWolfe of Acadia University will attend the meeting, also Rev. F. W. Patterson of Winnipeg, who will talk on mission work in the prairie provinces and British Columbia. Rev. F. H. Wentworth of Waterloo street church, here, is president of the district. Routine business will occupy the delegates.
