Premier Canalejas Explains Proposed Action of the Government

THE RELIGIOUS ORDERS

Many Had Come into the Country He Said, Since Loss of the Philippines and in Troubles of France and Portugal

Madrid, Oct. 27.—Senator Canalejas, the premier in a long speech of considerable interest explained to the senate and congress the proposed future action of the government. After touching upon what had taken place since the closing of the Cortes, he declared that the law governing the entry of new religious orders must be enforced until the associations law could be laid before the Cortes. Senator Canalejas made also a statement on the subject of finance, stating that the credit of the country was better than it had ever been before. He much regretted the agitation which had been stirred up among the working men, culminating in the strikes at Bilbao, Barcelona and other places. The situation would, however, he declared, be summarily dealt with by the government.

Touching upon the question of the strength of the Republic, he maintained that they were unable to accomplish more than street brawls. Among numerous reforms which it was the intention of the government to carry out was included compulsory military service. With regard to the religious question, to which the premier referred fully, he declared that the clerical campaign in its recent developments had been purely factious and tended to kindle civil war. As to the negotiations with the Vatican he designated these as unassuming, pointing out that a difficulty was made by the curia, of concealing the freedom of worship which had already been conceded on three separate occasions, in 1869, in 1872, and in 1875. Senator Canalejas declared that the government had determined to remove what tended to present obstacles to progress and if the Vatican were not willing to advance with Spain, Spain would advance by herself.

After the loss of the Philippines islands a number of religious orders had, Senator Canalejas said, come into the country, and their number had been increased after the rupture between France and the Vatican. The recent affairs in Portugal would add still further to the number, and he pointed out that the new measures were urgent.

SEEK PARDON FOR MURDERESS

Clemency Asked For a Woman Who Killed Her Husband—Has Life Sentence

Augusta, Oct. 27.—A petition for the pardon of Clara Emma Getchell, who is serving a life sentence in state prison for murder in the first degree, has been received. A date for a hearing on the petition will be assigned tomorrow. Mrs. Getchell was convicted at the April term of the Superior court for Kennecott county, in 1894, of poisoning her husband by placing strychnine in gin which he was using for medicinal purposes. The case was taken to the law court on exceptions, which were not sustained, and sentence was delayed until September, 1896, or two and a half years after conviction. The third time petitions for Mrs. Getchell's pardon have been received. The last hearing was held about five years ago.

There are also petitions for the pardon of Daniel P. Murphy, who is serving a life sentence for murder. Murphy was sentenced in the supreme court for Aroostook county in 1910 for the murder of his father. The petitioners represent that Murphy has been fully punished. Counsel will produce newly discovered evidence and contend that the petitioner is affected with tuberculosis.

Bonar Law's Speech in Glasgow on Matters Affecting the Empire and Canada—Mayor of Rome Sends Copy of Speech to Monireal

Times' Special Cable London, Oct. 27.—An appeal in the Crippen case has been lodged with the registrar of the court of criminal appeal. The case will likely be heard in a fortnight. The date set for the hanging, Nov. 8, is only twelve days away and it may be necessary to postpone the execution.

London, Oct. 27.—Bonar Law, M. P. addressing a United demonstration in Glasgow, yesterday, uttered a warning about the danger of falling to respond to fiscal advances of the dominions. Canada in making her own treaties, could not and ought not to have done otherwise, but this tendency, taken by itself, was in the direction of disunion.

Fortunately there was a force in the dominions equally strong, namely a desire for closer commercial union within the empire. The fact that Britain was unable to do anything to counteract the former tendency, ought, surely to have made her all the more determined to do everything to encourage and develop the movement towards union. There were hopeful indications that this was coming about.

At a meeting to organize a British Empire League, it was resolved in the interest of the trade of the empire, that it was desirable to have a trade mark to be known as the British Empire trade mark, for the purpose of distinguishing the products of the various parts of the empire.

SWORN INVESTIGATION INTO COUNTRY MARKET MATTERS TO BE SOUGHT

Serious Stories Are Going the Rounds and Safety Board Will Be Asked Tomorrow Night to Hold Complete Inquiry Under Oath

In view of the discovery of conditions that are regarded as far from satisfactory and from information gleaned from holders of privileges in the country market, the sub-committee of the safety board of the opinion that an investigation should be held to make a full and complete inquiry into the charges that have been made. The monthly meeting of the safety board will be held tomorrow night and one of the members said this morning that he intended to move that an investigation be held under oath to determine the truth of the charges and to inquire into market affairs generally.

For several years it has been claimed that the by-laws of the market have been practically ignored and that practices were allowed that were directly opposed to the laws. It has been repeatedly charged that forestalling has been going on and it is also alleged that monies which should have been paid into the chamberlain's office have gone into the pockets of individuals.

Members of the sub-committee while declined to discuss the charges that have been made, stated that they considered conditions were such as to warrant the holding of an investigation. It appears that among the charges are some that involve persons directly and indirectly connected with market affairs. It is also claimed that the manner of leasing and caring for the rooms in the eastern and western ends of the building is far from satisfactory and that the city is not deriving the revenue that it might from these portions of the building. The companies that have been made are that the rooms should be thoroughly renovated and fixed up and a janitor employed to look after them. If this is done it is claimed that a much higher rental could be obtained. It is also contended that the city should look after the collection of the tolls instead of selling the privilege year by year as in the past. The argument is advanced that if private individuals can do this profitably, the city should be able to do the work and receive the extra money from it.

Judging from the stories being told, the investigation may result in some interesting disclosures and a consequent better condition of affairs in this public place.

EXPRESS TROUBLES MULTIPLY

Strike On Jersey City Side of Hudson River Has Grown MUCH DISORDER

Jersey Police Say There is no Need For Help But Express Companies Ask to Have Militia Out—Three Are Affected

New York, Oct. 27.—Express strikes troubles on the New Jersey side of the Hudson River multiplied today. Besides the drivers and helpers of the Wells Fargo Express Company, who went out yesterday, in sympathy with the striking employes of the United States Express Company in Jersey City and Hoboken, the helpers on the Adams' Express Company pier in Jersey City went out on strike this morning. They numbered several hundred.

The combined strike of men of the three companies has caused serious congestion of express company matters that has to be handled on the New Jersey shore front and little movement of the merchandise was visible about many of the piers today.

Disorders have been frequent and strong measures frequently have to be taken by the police to preserve order. There were no disturbances attending the walk out of the Adams men this morning, but the possibility of trouble that might ensue a serious phase at any time was admitted. The companies have asked Governor Fort to allow the militia to preserve order, but the Jersey police declare they require no assistance.

ENGLISH PAPER MUST PAY \$1,000 FINE IN THE CRIPPEN CASE

The Evening News Held to Be in Contempt of Court in Printing Story of Montrose Quartermaster

London, Oct. 27.—The high court today fined the Evening News \$1,000 for contempt of court in allowing to be published the story of a conference between Richard Muir, the prosecuting counsel, and the quartermaster of the steamer Montrose, during which the ship's officer revealed a plan which he and Dr. Crippen had made for the purpose of escaping from the vessel when he was being pursued by the British authorities.

The court held that the publication of the story was calculated to prejudice the case of Crippen when the latter was brought to trial for murder of his wife.

LOMASNEY GETS INTO BOSTON FIGHT

Ward 8 Democratic Leader a Candidate for House of Representatives

Boston, Oct. 27.—The name of Martin M. Lomasney, the democratic political leader of ward eight in Boston, was late yesterday, filed with the secretary of the commonwealth as a democratic candidate for the house of representatives in the eighth Suffolk district. He will fill the vacancy on the ticket caused by the withdrawal of Jeremiah J. McCarthy.

Boston was the scene of numerous political rallies last night. In various halls about the city, the leading republican candidates for state and local offices added their arguments on the general issue before the people. Governor Eben S. Draper, alone, was the conspicuous absentee from the rallies, a severe sore throat caused by his activity in the last few days, keeping him at home for a few days.

Lieutenant Governor Louis A. Frothingham, with former Governor Curtis Guild, Jr., and Congressman Geo. P. Lawrence, were the most prominent members of the automobile party which made a whirlwind tour about the outskirts of the city, while Senator Henry Cabot Lodge, Congressman Roberts and Representative Norman H. White, confined their efforts to Boston. Lieutenant Governor Frothingham had many questions which he wished the Democratic candidate for governor, Eugene N. Foss, to answer.

SIR WILFRID LAURIER'S NAVAL POLICY THE BEST THING FOR CANADA

Toronto, Oct. 27.—(Special)—Appealing in the strongest language to Canadians to be ready to assist Great Britain by becoming great naval power, Captain Wilfrid Laurier, who is president of the Canadian War League, declared he believed a crisis between Germany and Great Britain was near at hand as great Britain was the only country against which Germany would make war. He also expressed the opinion that Sir Wilfrid Laurier's naval policy was the best thing for Canada because the people wanted Canada to be a great nation, but the policy which would create a navy in twenty years was not enough. "Don't talk about a tin pot navy," Mr. Wolley said, "It is disloyal."

GET WIRE FROM BOSTON TO KEEP AT THEIR WORK

Developments in the German Street Paving Strike—Two Telegrams

Despite the strike declared by the Bricklayers and Masons' Union against the Hasmap Paving Co., the work in German street is going ahead. The sidewalks will be finished this afternoon and good progress is being made in excavating for the roadway. This morning a big plow, used in excavating in the street was broken by contact with the bedrock in the road.

The contractor will be permitted to use the implement can be used this afternoon. Contractor Love said this morning that he had engaged men to take the place of those who had gone out on strike and the work was going on as usual.

In support of the contention that the local union had no jurisdiction over the cement layers employed by the Hasmap Company the following telegram was shown to a Times reporter this morning. One is from the two men in their union in Boston and the other a reply thereto. The messages follow: October 25, 1910.

E. J. McGivern, Business Agent, Boston Plasterers' Union No. 10, 3 Mulvey street, Mattapan, Mass.

Bricklayers Union here have notified you of \$25, imposed for working after 5 o'clock. Have to finish cement sidewalk before leaving. If we wait until morning 5 and 6 in too hard to work. Understand trouble being caused through other contractors using this union as cater.

We're sorry what we are to do. We are receiving double time after 5 from contractors and are satisfied with their treatment so far.

WILLIAM KIRKLAND, DICK JILLON. The reply to this wire is as follows: October 26, 18, 1910.

William Kirkland, St. John, Bricklayer has no jurisdiction over cement layers. Keep work.

E. J. McGIVERN.

The following comes from New York with the suggestion that St. John send a team: The Evening Sun, New York, Oct. 24, 1910:

"An international team race of twenty miles for runners will be held at Madison Square Garden on Nov. 4. The contestants will be in teams of two men each, changing off as often as the members of each team might see fit. Invitations have been issued to many of the best long-distance professional runners and it is expected that half a dozen teams will start. Only the crack 'pros' will be allowed to start and not more than one team representing each country. Entries will close on October 31."

As there are no professional runners in St. John or vicinity St. John is not in line to send any representatives.

TOWNS AND HOMES

St. John people should be interested in what Mr. Vivian M. P. brought so forcibly to the attention of the Canadian Club last evening. This city is on the eve of a period of expansion. It will not experience such a boom as marks the rise of western towns, but it will increase its population steadily from year to year.

Mr. Vivian maintains that cities should be enlarged in accordance with a plan prepared before the work of building is begun; so that parks and playgrounds, arrangement of streets for public convenience, and due provision to prevent overcrowding should be assured before a single street is lined with houses.

There is still another important aspect of the case. Get people away from slums and into a garden city and there is less intemperance and vice. Mr. Vivian told of working people who removed from crowded tenements to garden suburbs who were so eager to work their little gardens that they would even use lanterns and work in the evening, when their daily employment did not permit them to get home in time to do it before darkness fell.

As already pointed out, Canada is interested in this matter. Mr. Vivian threw on the screen enough slum pictures from Toronto and Winnipeg to emphasize this fact. The new cities growing up in the west have an opportunity to guard against the slum. The older cities can remedy past mistakes, although this is an expensive process.

These statements are made by the Toronto Globe, along with the announcement that it has sent a member of its staff to write a series of letters on Newfoundland, New Brunswick, and Nova Scotia. These letters, it says, will tell about the Canadians of the east, their social customs, their industries, and the industrial possibilities of their country.

Lower province people will be glad to know that the Toronto Globe has decided to pursue this course. There has been a feeling, well-founded it must be confessed, that the upper province people took little interest in the maritime provinces except as a market for goods.

The Evening Chit-Chat

By RUTH CAMERON

Of course, you heard the scandal about Mr. Latimer and Mrs. Rice? "No, what?" "Why, he has been staying right down near the Rice's cottage and going about everywhere with Mrs. Rice, sailing and driving and riding. Everybody is talking about them. I guess Mr. Rice is the only person in the settlement who doesn't know what's going on. That's the way it always is, you know, the last person in town to know about a scandal is the woman's husband. But, my dear, I don't see how that can be news to you. I told your sister, Marcia, all about it yesterday."

Later I chanced to find out that the presence of these two in the city was absolutely innocent, that they were there on an errand of kindness, and that the wife knew and entirely approved. And, as you can imagine, I was very thankful to Marcia. Suppose I had told what I saw and had let the story be passed on with the inevitable addition of innuendo and suspicion. For, even if the truth had started to pursue the scandal half an hour afterwards, it would probably never have caught up with the mistake.

At a social affair recently I had a chance to see a sort of cross section of a rumor in process of growth. "Eleanor is sick," someone said to me. "Eleanor is sick," someone said to me. "Eleanor is sick," someone said to me. "Eleanor is sick," someone said to me.

GOES FOR THREE YEARS TO PRISON

Judge Forbes Sentences Smith On The Old Charge Against Him

A DIALOGUE

Judge and Prisoner Have Something to Say and Smith Gets His Sentence—Cases of John Nairn and David Higgins

John Nairn, Lorne E. Smith and David Higgins faced Judge Forbes at a special session of the criminal side of the county court this morning in chambers. Nairn elected to be tried by his Honor without a jury and pleaded guilty to a charge of stealing a number of articles from the office of C. H. Peters & Sons.

This is Nairn's first offence and his Honor intimated that if some reputable citizen would speak for him he might be let off. In the meantime the prisoner was remanded until Tuesday next at 11 a. m. when sentence will be given.

Lorne E. Smith, got three years on the old charge of stealing from a schooler. In April last Smith was before the court and allowed his liberty on entering into his own recognizance for his future good behavior. He was told that if he came before the court again he would get a term in the penitentiary.

The following dialogue took place between the court and Smith this morning. Judge Forbes—"Well, I've seen you before. At that time I gave you some good advice, but you did not follow it."
Smith—"I don't look like it."
Judge—"I promised I would give you five years in—"

Smith—"You promised me two years."
Judge—"Well, I go one better, the sentence is that you will be confined in Dorchester Penitentiary for the term of three months and there be kept at hard labor."
Smith was committed on charge of stealing a horse the other day, but was sentenced on the old charge.

David Higgins, who was charged with stealing a car fare box from a street car on the afternoon of September 24 last, pleaded not guilty, but after hearing the evidence of a number of witnesses, his Honor did not agree with Higgins and found him guilty of the charge. He will be sentenced next Tuesday.

C. H. Ferguson prosecuted and E. S. Ritchie defended.

OROMCTO POSTMASTER DEAD

Mrs. W. A. Gibson received word this morning from Oromocto telling of the sudden death of her uncle, Lauchlin McLean. Mr. McLean will be greatly missed by the whole community. He held the position of postmaster for more than thirty years and discharged his duties most faithfully. Mr. and Mrs. Gibson will leave for Oromocto this evening to make arrangements for the funeral.

MR. VIVIAN'S VISIT.

After having delivered his able address last evening before the members of the Canadian Club, Henry Vivian, English M. P., left on the late train for Halifax, where he will also speak before a similar organization in that city. From there he will go to Quebec, and later will leave on his return to his native land. Yesterday afternoon, accompanied by M. E. Ager and H. A. Porter, he was shown about the city, but had nothing to suggest in the way of reform, beyond his general reflections in his address last evening. He said, however, that there were many cities of the same size and population, worse off than St. John as regards living conditions.

SENTENCE PASSED ON GIRLS.

In the police court yesterday afternoon, Bella Scott, a young girl, charged with lying and lurking in a house in Harrigan's alley in company with men, was sentenced to six months in the Evangeline Home. On a similar charge Minnie Curbery will have to serve nine months in the Home of the Good Shepherd. Mabel Miller, charged with being an inmate of a bawdy house in Edmund street, was given a term in the Good Shepherd's home.

Before You Pay Too Much For Your Fall Suit It Would Be Wise To See The

FALL CLOTHING for Men at OAK HALL

IT IS EASY ENOUGH to fortify yourself with facts before you listen to arguments.

Once you have seen the clothing at Oak Hall and have made notes of the prices, you will be in a position to buy with your eyes wide open. For you will know what is the standard and what is the right price for the standard.

But this word of caution: You may be shown a great deal of clothing that looks like Oak Hall Clothing, and some of it may be priced as low as Oak Hall Clothing, but unless you can see the evidence of Hand-Tailoring in it, it is only a simulation.

Numbers of men are coming in to see the New Suits that are priced from \$15.00 to \$35.00. Some merely want to see what the Fall Fashions and the standard prices are; others are forehanded and are buying to be prepared for nipping days.

SUITS, at \$5.00 to \$35.00 **OVERCOATS, at \$6.00 to \$30.00**
