BAD TRAIN WRECKS ON THE N. B. SOUTHERN R.V.

Two Wrecks Entailing Much Damage Occurred in Twenty-four Hours

Train Wrecked at Dyer's Station Whie Wrecking Train Bound to Rescue Left the Rails at St. George—No One Injured.

Two very bad wrecks within twenty-four hours is the record of the New Brunswick Southern Railway, and that line is severely tried up as a result. Much property was destroyed or damaged, but fortunately, no one was hurt.

HOCKEY MATCH MAY END IN THE POLICE COURT

Management of Sussex Hockey Team Asks for Police Inquiry Into Case of Rough House Moncton Hockeyists.

Moncton, Feb. 2.—(Special)—As a result of Friday night's intermediate hockey game here, between the Moncton Mohawks and the Sussex team, from which several Sussex players emerged with serious injuries, police action may be taken by the Sussex team management.

CONFERENCE MAY BE SIGNIFICANT

Premier Murray, of Nova Scotia, Has an Interview With William MacKenzie, Head of the Canadian Northern Railway.

Toronto, Ont., Feb. 2.—(Special)—Hon. George H. Murray, of Halifax, Premier of Nova Scotia, accompanied by Messrs. W. D. Barley and Hector McInnes, from the same city, were guests at the King Edward yesterday. During the party Murray had a talk with Mr. Wm. MacKenzie, president of the Canadian Northern Railway, regarding the company and the eastern province. Asked as to the probable future of the Intercolonial Railway, Premier Murray confined himself to the simple statement that he held no opinions on the matter at all. The party left for the east this morning.

CARVER IS IN A BAD SCRAPE

Man Arrested Last Night May Face Several Serious Charges in the Police Court.

In a bad predicament was Robert Carver, one of the offenders before Police Judge Ritchie, this morning. Carver, who attempted to terminate his earthly existence in the Water street lock-up several weeks ago, was the centre of a tumult in Costigan's boarding house on Smythe street at midnight last night, and this morning confronted allegations of intoxication and resistance in consequence of his escape.

Patrolman Cavanaugh, who was sworn, testified that he was accosted on Dock street between 12 and 1 and requested to direct a drunken man to the lock-up. The man, who was identified as Robert Carver, refused to go, and amid the pandemonium he ascertained that the delinquent had assaulted a policeman and bruised him to such an extent that a physician was called. After some parley the man, who proved to be Carver, hoisted the flag of defiance, and threw himself on a schooner truce from a room wherein he was barricaded, and the policeman escorted him to the exterior. After loitering in the neighborhood for some minutes, Carver fled down Dock street, pursued by a number of policemen, and threw himself on a schooner moored to South wharf. His behavior resembled that of a maniac, and his shouting aroused the neighbors, who inferred from his flight that he intended to leap into the slip. It is fortunate for Carver that he was not dealt with roughly, but as he did not sustain a mark in the struggle, four bystanders assisted the officer to carry the biting, kicking and struggling man to the Water street lock-up.

MONCTON TRAINMEN HAD NARROW ESCAPE

Men Who Were in the Wreck of the Mail Special on Sunday Were Very Near to Death.

Moncton, N. B., Feb. 2.—(Special)—That the Moncton trainmen on the mail special which was wrecked on Sunday morning had a most miraculous escape from death is evidenced by the accounts of the wreck that are given by themselves. Driver Fryers was the man who was on the second engine, Fireman Walter Carson and Thos. Clark, returned home this morning and when interviewed by a reporter, gave an interesting account of the accident. Fryers is now confined to his bed and will be unable to get about for some time. Speaking of the wreck he said he had given up all hope of getting clear as he was held down by the heavy boiler. He was badly scalded about the legs.

Fireman Carson received a bad blow on the neck, also on the chin, but nothing serious. When the engine left the track he was thrown over the boiler and fell headlong in the snow, while Clark was the most fortunate of all. He received only a slight scratch on the leg.

Thomas Hayes, the former local baseballer, who has been in the city attending the funeral of his brother, will return to New York late in the week. He is employed as the captain of policemen on one of the railroads entering Manhattan.

The annual meeting of the R. K. Y. C. will be held this evening, when officers will be elected and reports received. It is understood that Commodore Robin Thomson and a number of other officers will be re-elected by acclamation.

JUDGE HANINGTON ILL; RELATIVES SUMMONED

His Condition Today is Such That His Recovery is Not Expected

Members of His Family Hastily Called to His Bedside at Dorchester—A Brief Sketch of a Notable Career.

Hon. Daniel L. Hanington, judge of the supreme court of New Brunswick, is reported to be dying at his home in Dorchester. He has been ill for some time but last evening he had a bad turn and slight hopes are now held out for his recovery. Dr. Case, of Dorchester, is in constant attendance, and relatives have been summoned to the bedside. Dr. James Hanington, of Montreal, and A. H. Hanington, K. C., of this city, are on their way to Dorchester. Mr. G. Teed, a son-in-law, who was in Protection in connection with the McArthur & McVey suit, also passed through this morning on his way to Dorchester.

Judge Hanington is a son of the late Hon. Daniel Hanington, M. L. C. He was born at Acadia, June 27, 1833, and was educated at the local grammar school and at Sackville Academy. He was called to the bar in 1861 and soon acquired a large practice and became clerk of the circuit and county courts. He was created a Q. C. by the Marquis of Lorne in 1881 and was subsequently elected a governor of Kings College, Windsor, where he was also professor of Procedure and Ecclesiastical Law, and received the honorary degree of LL.D. from Memorial University.

As a member of the Church of England he has been elected a delegate to the Diocesan Synod and has been a most earnest advocate of the union of the church in Canada, by the establishment of the general synod. Mr. Hanington has taken an interest in the educational work of the church.

PROHIBITION IN A QUARTER CENTURY

Tennessee Clergyman Predicts that Labor Traffic will be Eliminated from United States in Twenty-five Years.

Birmingham, Ala., Feb. 2.—The whole world will be prohibition territory within five years, and the entire union in 25 years. It will not be many years until we will see as soon think of returning to slavery as to the open saloon.

This was a sentiment expressed last night by Rev. E. E. Pills, of Tennessee, at the Southern Anti-Saloon League conference.

According to the report of the league in Tennessee, Rev. Mr. Pills said: "I have to give credit to the man who did more than any other for the cause in the south, the lamented, the noble, the true, the brave N. W. Carmack. They killed him to get rid of him, but they forgot that out of martyr is the seed of the church. The Tennessee legislature carried out that for which he lived and died. The conference will continue until Thursday."

COUNTY COURT CHAMBERS

In the county court chambers this morning, Judge Forbes adjourned the case of Garrison vs. Drake until February 25. A. Sinclair, who is inspector of the property left by Drake after his assignment, was desirous of obtaining the return for the property from \$300 to \$1,200. He considered that cross-examination of the plaintiff was desirable. J. King Kelley acted for the plaintiff, and J. Porter for the other creditors of Drake.

THE DEANERY OF ST. JOHN

The St. John Deanery met this morning in the school room of St. Mary's church. Ven. Archbishop Raymond presided, and there was a full attendance of the city clergy, and some out of town clergy. The meeting was presided by vice in St. John's church, conducted by Ven. Archbishop Raymond, assisted by Rev. R. A. Armstrong, secretary of the Deanery.

Matters under discussion were the appointment of curate cards, those that have received no notice, the annual Sunday school services in the Episcopal churches, and preparations for confirmation, which is shortly to be held by His Lordship Bishop, Richardson, commencing the 28th of March. Confirmation will take place in the following churches: Trinity, St. John's, St. Pauls, St. Luke's and St. George's. The next meeting will be held in the school house of the Mission Church of St. John Baptist, Paradise Row. The members were entertained at dinner by Ven. Archbishop Raymond.

DR. SPROULE TO RETIRE

It is understood that Dr. Sproule, Grand Master of the Sovereign Grand Body of the Grand Orient of the United States, will retire from that position at the annual meeting to be held in St. Thomas in March. It is believed that he finds the correspondence and other duties associated with the position take up too much of his time. The probable retirement of the doctor is much discussed in Orange circles in this city. Among the candidates for the position should be held in the school house of the Mission Church of St. John Baptist, Paradise Row. The members were entertained at dinner by Ven. Archbishop Raymond.

W. N. Collins, checker, grand vice-president of the Canadian Brotherhood of Railway Employees and James W. Nairn, engineer, Mr. Thomson, conductor, and Fred Tapley, freight agent, have been nominated by the employees of the I. C. R. as representatives on the I. C. R. Provident Fund Board.

Pittsburg, Feb. 2.—Fifty lives were imperilled early this morning by a fire which partially destroyed the Old Homestead Hotel at Homestead, a suburb of Pittsburg. The sleeping guests aroused by firemen, escaped in night attire and three children were carried out of burning rooms by firemen. Joseph Wagner, a bartender, was overcome by smoke, while aiding the women, and was carried out unconscious. From being revived he went back to bed, but was again overcome, but was carried out a second time and revived. The loss is about \$5,000.

JAPAN RELIES ON A SPIRIT OF JUSTICE

Baron Kamura is Confident There Will be No Complications Between Japan and U. S.

Tokio, Feb. 2.—Foreign Minister Komura, addressing the Lower House of the Diet today, declared that Japan is confident the Anti-Japanese measures pending in the California legislature will not lead to international complications. He said Japan is relying upon the justice of the American people and the friendly disposition of the United States government.

WOMAN TO SIT AS JUDGE IN COURT

Paris, Feb. 1.—I swear to perform my duties with zeal and integrity, and to maintain secrecy as to my judicial deliberations.

She is the first woman to be elected to this capacity under the new law authorizing women to be elected as "Pardonnemes," and will take her seat on the judge's bench at the first sitting of the court.

Her judicial insignia will consist of a large silk sash passed over the shoulders and meeting on the breast, in front of which hangs a large silver medal representing the figure of the French Republic.

She is by trade a dressmaker.

HE GOT DRUNK ON A PATENT MEDICINE

A former resident of this city who returned after thirty years' absence found the lid on tight, but managed to get through to get a jug of last week, and was released the next morning from the police station upon depositing \$5. On getting his liberty he could only get a patent medicine, which the police call "pain killer," to appease his thirst. This "pain killer" is said to contain 35 per cent. alcohol, and is intended to be taken externally. The man drank it, and on Saturday afternoon found himself repeatedly vomiting in the cells again. This morning he made enough good resolutions to secure his liberty without further depleting his finances.

P. E. I. HOUSE WAS OPENED THIS AFTERNOON

This is the First Session Since the P. E. Island Election and is Expected to be a Lively One - - - Summary of the Speech From the Throne.

Charlottetown, P. E. I., Feb. 2.—(Special)—The provincial legislature opened this afternoon, this being the first session since the general election, when 17 Liberals and 13 Conservatives were returned. The governor's speech from the throne states that some of the outstanding claims against the Dominion were satisfactorily adjusted. Reference was made to the success of the government's agricultural policy and to the benefits to be derived from a short course at the Tross Agricultural College; to the completion of a new provincial university and to the proposed extension of the rural telephone system. Among the proposed legislation is the repeal of the Commercial Travellers' tax, the improvement in revenue rendering the election reports on the educational commission and on the commission to prepare a statement of opinion against the Dominion, will be submitted. Owing to the closeness of the parties, the session promises to be lively. This is the earliest opening of the legislature held for some years.

Yesterday the remains of Mrs. Anne Wilson, widow, aged 83, were found near the door of her house in Vernon River. She lived alone in a little house in the village, and when going to the barn to feed the hens, slipped and fell, became unconscious and perished. Her face was badly frozen when she was discovered.

Owing to the ice blockade at the mouth of Pictou harbor, the steamer Stanley could not get out and the Minto can not get in. Mails were transferred to the Capes route today, the boats crossing both ways.

No trace has been found of the grip stolen in the depot from an Austrian. It is the belief that one of the looser countrymen pilfered it.

Messina, Feb. 1.—(Special)—The weather, accompanied by snow has added to the suffering of the earthquake survivors, but still the work of relief is being conducted with energy. Edmund Billings, representative of the Massachusetts Relief Committee, with Billings has placed \$4,000 at the disposal of the Duchess of Aosta for relief purposes. NO CHANGE IN SIGHT

The work of reorganization will not be carried out by the present city council. A committee devoted considerable time to the preparation of a report, which has been turned down by the council.

A MEDICAL INSPECTOR

The Times desires to return to the subject of a medical inspector for the city of St. John. Such an officer is especially necessary in connection with the schools.

On another page of today's Times is quoted an article contributed by a Montreal financier to the Star of that city.

Some people have said that St. John should be satisfied with the Scott Act, rather than provincial prohibition. The best answer to this is the interesting condition of affairs in Fredericton, where the city council and the police authorities are warring over the enforcement of the law, while the dealers go on selling.

of the inspector, and there would be more likelihood of a remedy being applied. Perhaps St. John cannot at once enter upon an era of great industrial development, but it can clean up. That of course is much more prosaic. We would rather think of huge factories than fifty gutters, plugged sewers or squalid tenements.

THE EXTREMES

A glance at the society pages of the newspapers reveals the fact that evening parties, afternoon bridge, teas and the like have many votaries in St. John. One of the enumerators in the recent religious census informs the Times that he alone found eleven families in destitute circumstances. In one case a number of children were without shoes or stockings, and the family suffering greatly.

Reason for Lack of Pressure at Sunday Morning's Fire Was That Water Was Not Turned Full On.

A communication from the board of trade calling attention to reports that there was a lack of water pressure at the fire in King street early Sunday morning and asking that this matter be investigated and also the way the fire was handled generally, was read at the meeting of the common council yesterday afternoon and referred to the water and sewerage board. The board of fire underwriters yesterday also wrote to the chairman of the water board, asking for an investigation.

BRONCHITIS, THROAT TROUBLES

Cured Permanently by Catarrhose, a Pleasant Inhalant, Treatment that is More Agreeable Than Stomach Drugging.

Having medicine into the stomach isn't going to help your lungs or your bronchitis. Inhalant treatment must be sent right to the diseased parts, and this can be done only by means of Catarrhose.

Its soothing vapor is inhaled at the mouth and passes every air passage in the throat, bronchial tubes and lungs, before being exhaled through the nostrils.

No matter how remote the inflammation or diseased spot, Catarrhose is sure to get there. It will relieve quickly and is sure to cure the most chronic cases. Unlike cough mixtures it contains no opium or debilitating drugs. It is simply the vapor of antiseptic balsamic oils in combination with the best healing agents.

Mr. A. H. Calkins of Santa Monica, Cal., writes, "Catarrhose is pleasant and soothing to the membranes of the lungs, throat and nasal passages. I have found it more valuable than any other preparation I have used for Bronchitis or Catarrh. I am sure it is Catarrhose that cured me."

Catarrhose is nature's way caring—prompt, sure and pleasant. It is guaranteed to cure Bronchitis, Asthma, Lung and Throat Trouble, and money will be refunded if it fails. Two months' treatment costs only \$1.00; trial size, 25c. Sold by all druggists or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A. Order Catarrhose now.

BOUITS OF THE WEEK

Some Important Glove Contests Are Scheduled for Settlement in the Next Few Days.

Probably the most important of this week's bouts is the one scheduled for Los Angeles tonight, when Freddie Welsh, the English lightweight, meets George Meeneir, the Bohemian boxer from Chicago. Welsh is in the front rank of the lightweights, and although Meeneir's style differs from that employed by the lad from across the pond, nevertheless he is a worthy foe. Welsh is a scientific glove artist, Meeneir is the reverse, using slashing, aggressive tactics. It is doubtful if he will solve the Englishman's manoeuvres. Welsh is probably the cleverest lightweight in the ring today.

Sailor Burke, the New York middleweight, will look up Mickey McDonough tonight at Troy, N. Y. Tonight also celebrates the re-entry of the famous Kid Broad to the arena. Several years ago Broad was on the top wave of the lightweights, and once scored a victory over Young Corbett. Like the Donkey, he is now lurking in worldly goods, and is anxious to rehabilitate himself in the good graces of sport lovers. Charley Griffin, Cleveland, with one George Fraser, will be a criterion on his.

Tomorrow night at Philadelphia, Peter Maher is due to clash with boxer Ghost, the ominous sobriquet Fighting Ghost. Peter will doubtless appear heavily with the "ghost" walk.

Abel Attell meets Eddie Kelly, of Buffalo, in New Orleans, Thursday night. Also has two victories over Kelly, who at one time furnished as B. Nelson's sparring partner. It required the champion less than ten minutes to knock out the first at San Francisco, and the repetition at Seattle, Wash.

Charley Griffin, the Australian, and Battling Hurley, of Passaic, N. J., will be the contenders in a lightweight encounter at Manhattan on Friday night.

Last night Jim Driscoll met Tommy Sandigan of Philadelphia, at the Quaker City.

The bouts carded for the remainder of the week are: Tonight--Billy McKinnon vs. Harry Lewis, Boston; Kid Broad vs. George Fraser, Cleveland; Ben Douglas vs. Dick Nelson, New York; Patsy Brennan vs. Young Fitzgerald, Pittsburgh; Young Pierce vs. Frankie Moore, Philadelphia; Sailor Burke vs. M. McDonough, Troy, N. Y.; Billy Hurley vs. Jim Williams, Glen Falls, N. Y.; Fred Welsh vs. George Meeneir, Los Angeles.

Wednesday--Peter Maher vs. "Fighting Ghost," Philadelphia; George Alger vs. Billy Nixon, Brockton; Kid Locke vs. Jack Sullivan, Wilkes-Barre, Pa.; Young Zinger vs. Danny Dunne, Pittsburgh; Bert Kree vs. Battling Hurley, New York.

Thursday--Amateur bouts, Riverside, N. C.; Cambridge; Abel Attell vs. Eddie Kelly, New Orleans; Yankee Swartz vs. Willie Hancock, Lancaster, Pa.; Tom Crawford vs. Frank Jeffries, Bradford, Pa.; Patsy Brennan vs. Young Driscoll, Hammond, Chicago; Charley Griffin vs. Battling Hurley, New York; Young Clifford vs. George Atkins, Baltimore.

Friday--Johnny Lynch vs. Tommy LeVine, New Orleans; Billy Clark vs. Mike Cunningham, Portland; bouts at Long Acre A. C., New York; National A. C., Brooklyn; National A. C., Philadelphia; Frankford A. C., Philadelphia.

Tonight's contest at the Army A. A., Boston, with Harry Lewis, the Philadelphia, and Bill McKinnon, the Hub midweight, who surprised the onlookers by excellent in the Jack Twin Sullivan bout is evoking much comment. McKinnon will have several pounds in weight on his adversary when the duo enter the ring.

NEWS AND VIEWS OF SPORT

J. J. McCafferty is pleased at signing Joe Kelley, and is now relieved of the doubt duties of presidency and manager-ship of the Toronto Eastern League.

Cartwell, of U. of Pennsylvania, it is said, will turn professional, and will make the time comes for Mike to join the team at Marlin Springs, McGraw is not likely to know the great slugger's plans for the season. McGraw has given him until March 20 to report.

There is considerable uncertainty about Mike Donlin's intentions, and until the time comes for Mike to join the team at Marlin Springs, McGraw is not likely to know the great slugger's plans for the season. McGraw has given him until March 20 to report.

Donaldo has signed a contract to run at Louisville, Feb. 15, in a 15-mile race against three men, each of whom will run five miles.

When the friv of stand builders finish work at the Polo grounds, New York will have a ball park with a seating capacity of 35,000. This will do away with over-flow crowds on the field.

The Providence, R. I., Amateur Athletic Club will conduct a Marathon on Washington's birthday in which Roy Walton, the Lawrence, Mass., boy, who won fourth position in the Olympic Marathon, may be one of the entrants.

Abel Attell, who boxes Eddie Kelly at New Orleans, Feb. 4, before the Southern A. C., said on Sunday that he would box Jim Driscoll, weigh in at 124 pounds at 6 o'clock on the night of the bout, before the club in New York offering the most money. Attell said he would fight, any date between Feb. 18 and Feb. 24. "I'm champion," Attell declared, "and the featherweight title won't be in jeopardy if we box at 124; but Driscoll realizes that he cannot make 122 and that I would make 122 without a hit or run, and didn't allow a man to reach first base.

Big Ed Walsh, of the Chicago White Sox, who established a wonderful pitching record last year, would have probably set a record for years to come had Jones not warded him against Cleveland. The Naps beat Walsh with more consistency than any other club in the league. That Cleveland was his Jonah club was proven when he struck out 15 Naps in eight innings, but was forced to lose his game, 1 to 0, because Eddie Jones shut Chicago out without a hit or run, and didn't allow a man to reach first base.

Within three or four weeks the New York Giants will start south on their training trip. Donlin and Cy Seymour have not yet accepted McGraw's terms.

The recent controversy over the severity of four-mile racing, which resulted in Dr. W. G. Anderson, of the Yale gymnasium, presenting some interesting figures. Of 171 who won their Y. Y. since 1850, 111 were introduced in 1855, only 10, or about 11 per cent, are dead, a remarkably low average.

Joe Fogler defeated Jimmy Moran in two straight mile heats at Kansas City on Saturday night in the feature race of the preliminary events at the six-day race which opened yesterday afternoon. Fogler was an easy winner in both heats, while Moran complained of a bad knee, which may handicap him in the grid. Frank Kramer, Moran's partner in the six-day race, captured the two-mile scratch race.

OTTAWA BEATS THE WANDERERS

Capital Hockey Players Won From the Montreal Team by Five to Four.

Ottawa, Feb. 1--The Wanderers of Montreal were beaten at hockey by Ottawa on Saturday night, the score being five to four. The game was one of the hardest and hottest ever played here. Ottawa had the best of the play in the first half, which closed with the score three to nothing. The Wanderers began the second half strong and scored three goals in twenty minutes. Then Ottawa scored, and the Wanderers followed with another making the teams even with five minutes to play. After a successful continuation, Ottawa scored the final and winning goal for Ottawa.

TO PLAY ST. ANDREWS

Arrangements have been made to have the Presbyterian High School basketball team play the St. Andrew's church team on Friday evening in St. Andrew's church school room. This will be the first Presbyterian basketball team to visit St. John's since, and a large crowd of interested people are expected to witness the game, as both teams have an excellent record. St. Andrew's won the Church League, not losing a game, while the Presbyterian team have been playing excellent basketball.

In St. Andrew's rooms the lights have been raised to the ceiling and the baskets placed in the middle of the room.

In accordance with the terms of the invitation extended to them by the Royal Caledonian Curling Club, each team had its own captain and skipper, with the chief of the Presbyterian team, James Stewart, and the chief of the Caledonian team, James Stewart.

CALLERS AT THE HOTEL
Owing to the stormy weather yesterday during the greater part of the day, but the time was pleasantly filled in the evening. There were many inquirers at the hotel regarding friends in various parts of Canada, and the Canadian curling team was particularly popular. The Canadian curling team was particularly popular. THE SCOT IN CANADA
They came to this old land of their forefathers with pleasure, and he knew they would stay in it, and afterwards leave it, with profit. (Cheers) The Scot in Canada, at least the Scot in Canada, would complain as they liked, but some of the other descendants of the Scots in Canada without any resolution passed or meetings called held their own with any and every outsider who came to the Scot in Canada. (Laughter) As a small indication of that fact--and he did not wish to claim any distinction for himself in making the statement--in the nine provinces of the Dominion six of the Governors were Scotsmen or of Scots descent. (Cheers)

ARRIVAL IN EDINBURGH AFTER SNOW-BLOCK
With the noisy war sent-off from the English curling representation at Liverpool still ringing in their ears, the Canadian visitors, with their Scottish friends, settled down in the special train for what was anticipated to be an uneventful run to Edinburgh. But the weather was glorious, and to the visitors not unlike a welcome had an unexpected drawback. It hurried an early, and somewhat of a surprise, incident for the history of the visit. When the special train drew up at Newcastle it was found that the train had been delayed for a time as a result of a snow-block a few miles ahead. The visitors, however, treated the matter lightly, and their delay of an hour in wintry surroundings seemed to furnish them with quite an enjoyable experience. As a result of the delay, the large party of Edinburgh curlers who had assembled to welcome the visitors had a much longer wait than was anticipated. But the delay had the effect of stimulating rather than chilling the welcome. Shortly after five o'clock the series of explosions of detonators arranged on the rails announced the incoming of the special train. Welcoming shouts were raised by the Scotsmen on the platform as the train drew up, and the unusual stir brought many people who were about the station to the scene. In these circumstances, it was a large crowd that greeted the curlers from the "land of the maple leaf." With the cheering and shouting and much hand-shaking, the Canadians must have been at the outset impressed with the cordiality of their reception in the capital of Scotland. Several of the Scotsmen were their distinctive hat of shaggy bonnets, and the enthusiasm of the crowd found its expression in their "buns," which they had taken to the station with them. In many cases scraps of heather were spotted by both Canadians and Scotsmen. Heated by Pipe-Major Duguid, of the Queen's Edinburgh curlers, the visitors marched to the North British Station Hotel, which will be their headquarters while in Edinburgh.

THE VISIT OF THE CANADIANS
In conversation with our representative Mr. H. G. Willis, the secretary of the visiting party, referring generally to the visit of the Canadian curling team to Scotland, he said that the members of the Canadian party wished to express their high appreciation of the manner in which they had been entertained so far, and the arrangements which had been made for their reception in various parts of Scotland. No complaint had been made, and so far as he could see, there was no chance of a difficulty of any kind to mar the pleasure of the trip. They would have been glad to see colder weather. The majority of the party were visiting Scotland for the first time, but most of them came in the true sense to the land of their forefathers, for most of them could trace their ancestry to Scottish homes. Alluding to the incident of the snow-block at Newcastle, he said it was no novel experience of the Canadian party, for such things were not uncommon in the Dominion. Such a snow-block as they had experienced on Saturday would have caused no inconvenience in Canada. But in this country the carriages and the engines were lighter, and it would have taken ten times as much snow to have caused a block in that country.

Referring to his party's prospects, he pointed out that the players were together and practically strangers, as they had never played together before. They had met in the team, and they were a most representative side so far as Canada was concerned; because the men who were the greatest parts of the Dominion, as far apart as Halifax and Dawson City. They had never curled together, and those who were the greatest parts of the Dominion, as far apart as Halifax and Dawson City. They had never curled together, and those who were the greatest parts of the Dominion, as far apart as Halifax and Dawson City.

MASONS HONORS FOR CANADIANS
On the return of the party from Peebles on Tuesday, an interesting evening will take place in the evening in Edinburgh, when Lieutenant-Governor Fraser will receive a Masonic honor. Mr. James Ross, of the Grand Lodge of the Province of Nova Scotia, will be the guest of honor at the reception. The party will be met at the Lodge on Tuesday evening, when Lieutenant-Governor Fraser will be conferred upon him the somewhat unusual honor of Honorary Warranted Grand Master. Lieutenant-Governor Fraser, who is a past Grand Master of Nova Scotia, will be accompanied at the ceremony by twenty members of his party.

DRIVELL (MILNATHORT)
The following have been chosen to represent the club in the Lochleven Provinces match against the Canadian players on the 11th February--Mr. A. E. Bett, lead; Mr. James Simpson, second; Mr. Charles Archibald, third; Mr. John A. Hepburn, skip.

SEVIERE IN ST. GILES

PRACTICE GAME BY CANADIANS
After the storm which raged about midnight on Saturday night, the ice was kept from setting in, and it was ascertained that a rink game could be played at Myrtle-side. The Watsonian curlers having their ice in good order, they extended a hearty invitation to the visitors, and a rink composed of the following Canadians--Messrs. Alex. Macdonald, Alex. Milne, Monty Macmillan, Bette, Monty, skip, had a practice game with the president and Mr. T. Simpson, vice-president. Mr. James Hastie, secretary, Mr. John Hay, of Dundigton, and Mr. J. Lewis, Watsonian, were the result of a most enjoyable match, in which it may be mentioned the visiting players were the triumphant ones. Seven spots in favor of the Edinburgh players, who were skip by Mr. H. G. Willis, were the result of the match.
