'89—The Weekly Herald.—'89
ONE DOLLAR A YEAR.
To be posted on the News of the Entire World
and sent to the
Y. Y. Weekly Herald.

It is and will continue to be the Greatest and
most valuable Family Journal
in the UNITED STATES.

The current year promises to be crowded with
stirring events.
In the United States the entrance of new
States into the political arena has been followed
by the great question of admission. But the great
question on which the campaign turned
is still undecided, and its solution is now
committed to a Congress almost equally divided
between the two great parties.

Europe is a vast camp. Army corps patrol the
frontiers. Herd millions of men await the signal
for the most terrible war the world has ever seen.
The Herald's news-gathering machinery is
unparalleled. Its correspondents do the headlines
globes. Nothing escapes their vigilance, and
no expense is spared in spreading the results
of their efforts before the world's readers.

All the news of America will be found each
week in the Herald, while the foreign department
will contain a panorama of the Old World, flashed
under the eye over the Commercial Cable.

Miramichi Advance,
CHATHAM, N. B. — FEBRUARY 28, 1889

GENERAL NOTES AND NEWS
The C. P. R. Telegraph Co. has opened
an office at Fredericton, N. B.

Bain's French Ointment is an excellent
article for any kind of Hamor, such
as Salt Rheum, Eruptions, Pastules, Rash,
and a sure cure for the Itch. It quickly
heals obstinate sores and ulcers. Sold by
dealers.

The total number of settlers in the
Dominion last year was 88,700, an increase
of 4,200 over 1887.

Children naturally object to nauseous
medicines. When troubled with worms
they often suffer for want of sound sleep
and their food does not seem to nourish
them. Give promptly McLean's Vege-
table Syrup.

Monies is going to spend \$25,000 in
paving the streets, and \$15,000 to complete
the sewerage system.

Ferrous Ivy Quotation.
For poison ivy eruption and all burns,
sores, rheumatism, etc., Mr. C. W.
Wood, of Hall's Bridge, Ont., advises the
use of Hagar's Yellow Oil, which has
been in use in his family for years. He
regards it as a perfect cure.

The Amber Quinine is to have a dynamo
to light its offices and supply the
power for the newspaper and job press.

Let quality, not quantity, be the test
of a medicine. Ayer's Sarsaparilla is the
concentrated extract of the best and purest
ingredients. Medical men everywhere
recommend it as the surest and most
economical blood medicine in the market.

The Government has decided to allow
an increase in the weight of letters that may
be sent for one rate, from half an
ounce to an ounce.

A Fertile Fact.
Constipation is the most frequent cause
of headache, bad blood, humor, dizziness,
vertigo, etc., and because of this
should never be allowed to exist. It may
be readily cured by using Hop Bitters,
which never fails to cure even the most
obstinate and chronic cases.

The St. John general public hospital is
to have a new \$10,000 wing built. The
Commissioners are to ask the N. B. legis-
lature for permission to borrow the money
for the purpose.

The great majority of so-called cough
cures do little more than impair the
digestive functions and create bile. Ayer's
Perry Pectoral, on the contrary, while
it cures the cough, does not interfere with
the functions of either stomach or liver.

An Apt Quotation.
From a letter by Mrs. Sullivan, 124 West
Ave., Hamilton, Ont.: "After trying a
number of medicines for liver complaint,
from which I suffered for years, I bought
two bottles of Burdock Blood Bitters and
found it a complete cure. My house is
never without it."

Druggist's Clerk.—Here's a prescription
so illegible I can't make it out.
Druggist (in the back room)—"Who
brings it?"
Clerk—"Mr. Rambo."
Druggist (heavily)—"Why didn't you
say so? Whisky four parts; water one
part."

The Field of Chateaugay.
From this historic ground Mr. Frank
Carotte writes that he was greatly af-
flicted with constipation, together with
pain and swelling of his body. "I tried
Burdock Blood Bitters, and it gave me
immediate relief. I can now sleep well,
and eat heartily without any ill
effects."

A Useful Article.
"I can certify to the great usefulness of
Hagar's Yellow Oil. We use it for
burns, bruises, cuts, sores, rheumatism,
sore throat, croup, etc., and recommend it
to all as an excellent remedy." T. W.
Applby, Wingham, Ont. All medicine
dealers sell Yellow Oil.

An alarming epidemic broke out cold
Lake, 175 miles north west of Battleford.
At the close of a visitation by the Mount-
ed Police 30 deaths had taken place. The
tribe afflicted are not treaty Indians, but
are remarkable for cleanliness and thrift.

Ticking Torture.
Mrs. Henry M. Kitchin, St. George,
Ont., says: "I had a bad cold which
settled in my throat, causing a continual
tickling, and I just coughed all the time.
I got Hagar's Pectoral Balsam and in 10
days was getting better, and in 10 days
I went to church. Our neighbors know
this to be true."

If you can only restrain a child from
wrong conduct by hurting it, I fear you
will have little to hope for in the future.
At first it should be good from love for
you. It should obey because you have
proved yourself wise and loving in the eye.
After, because you have taught it to be
honorable.

How to Gain Flesh and Strength.
Use after each meal Scott's Emulsion
it is as palatable as milk. Delicate peo-
ple improve rapidly upon its use. For
Consumption, Throat affections and Bron-
chitis it is unequalled. Dr. Thos. Prim,
Ala., says: "I used Scott's Emulsion on a
child eight months old; he gained four
pounds in a month." Put up in 50c and
\$1 size.

"John," said Mrs. Billings, affectionately,
"I wish I could do something to relieve
your toothache, or at least, help you to
forget it. Shall I sing for you?" And
she seated herself at the piano.
"I—guess I can stand it, Maria," moaned
Mr. Billings, bracing himself in his chair;
"go ahead!"

"Malden, Mass., Feb. 2, 1880. Gentle-
man:—I have been afflicted with
I suffered with attacks of sick headache
Neuralgia, female trouble, for years in
the most terrible and excruciating man-
ner.
No medicine or doctor could give me
any relief or cure until I used Hop Bitters.
"The first bottle
"Nearly cured me."
"The second made me as well and strong
as when a child."
"And I have been to this day."
My husband was an invalid for twenty
years with a severe
"Kidney, liver and urinary complaint"
"produced by Boston's best physi-
cians."
"Incurable!"
Seven bottles of your Bitters cured
him and I know of
"the relief of eight persons."
In my neighborhood that has been saved
by your Bitters.
And many more are using them with
great benefit.
"They almost
"Do miracles!"
—Mrs E. D. Slack.

High-Pressure

Living characteristics these modern days,
The result is a fearful increase of Brain
and Heart Diseases—General De-
bility, Insomnia, Paralysis, and In-
sanity, Chloric and Morphia suggest
the evil. The medicine best adapted
to do permanent good is Ayer's Sar-
saparilla. It purifies, enriches, and
vitalizes the blood, and thus strengthens
every function and faculty of the body.
"I have used Ayer's Sarsaparilla in
my family, for years. I have found it
invaluable as

A Cure
for Nervous Debility caused by an in-
active liver and a low state of the blood."
—Henry Bacon, Xenia, Ohio.
"For some time I have been troubled
with heart disease. I never found any-
thing to help me until I began using
Ayer's Sarsaparilla. I have only used
this medicine six months, but it has re-
lieved me from my trouble, and enabled
me to resume work."—J. P. Carzant,
Perry, Ill.

"I have been a practicing physician
for over half a century, and during that
time I have never found so powerful
and reliable an alternative and blood
purifier as Ayer's Sarsaparilla."—Dr.
M. Mearns, Louisville, Ky.

Ayer's Sarsaparilla,
PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Price \$1.50 a bottle, \$5.00 a dozen.

Herring For Sale.
Good Spring Herring

Miramichi and the North Shore, etc.

HAY, OATS, POTATOES, etc. for sale. See adv.

The small lots for private families at cost price at L. Harris & Son's.

OLD! The thermometer at the Dominion Meteorological Station, Chatham, is estimated at 37 1/2 below zero on Sunday morning.

KNIVES, FORKS and brooms in the table and chest at half price at L. Harris & Son's.

A HOUSE on "Cat" is on view in the ADVANCE Office messenger. Unlike the World's leading attraction "It is alive."

BEAR and Moosehamp pipes almost given away at L. Harris & Son's.

INSURED AND - Mr. Warren C. Winslow has been authorized by the British American Assurance Company to accept all classes of fire risks, marine policies and marine underwrites, without delay or reference to the head office.

MR. FLEMING WILKINS, the London Graphic's War correspondent and artist is to lecture in Chatham about 18th March. Mr. H. C. Stovel, late of the Niagara Express was his own secretary in connection with Mr. Wilkins' proposed visit.

MR. PALMER'S SUCCESSOR - Mr. G. U. Harrison, B.A., who has been teaching in St. John's, has been engaged as principal of the Chatham Grammar and High School. Mr. Harrison is a nephew of Rev. F. W. Harrison, and comes with excellent recommendations as a scholar and teacher.

GO TO L. HARRIS & SON'S for bargains in Wines, Cloths, Jewellery and Fancy Goods. They are selling reductions of coats, frocks, dresses, etc.

BURIAL SERVICE - Mr. J. G. Keith of Newcastle, received a telegram on Friday last, conveying the sad news of the death of his eldest son in Brooklyn, N. Y., where he lived with his young wife. The deceased was a fine young man, and was married in Boston in July last. He was 31 only four hours.

DON'T FORGET the enormous clearing out sale going on now at L. Harris & Son's.

PLAIN AND FANCY WORK - The ladies of St. Mary's Guild, Chatham, are prepared to receive orders for all kinds of plain and fancy sewing, knitting, etc., and to promptly execute the same. They will supply both materials and work, or make up materials furnished by patrons. Orders will be received by Mrs. Blair, President, or any other of the ladies of the Guild.

I HARRIS & SON are selling Photo Albums and Fancy Goods of all descriptions. They are on hand in large quantities in those goods.

A NEW TELEPHONE COMPANY - "The Chatham Telephone Company" will seek incorporation for the purpose of erecting a line of telephones from Bathurst to Carleton Place, through to Point St. Charles and through to Newcastle via Pokemouche and Thickett. Also a line from Bathurst to St. John's, and another line from Dalhousie to Campbellton.

WHO KNOWS JAMES CHAMBERLAIN - An enquiry comes to us from Bathurst, N.S., for information in reference to James Chamberlain a native of Scotland who is supposed to have died at or near the Miramichi between 1840 and 1855 - possibly 1857. Anything on the subject known to our readers may be communicated to the editor of the "Advance" or Mr. Wm. T. Connors, Town Clerk.

CHAMBERLAIN - If you want a box of good cigars, such as the Oello, Harris & Son's is the place to get them.

ACCIDENT AT NEWCASTLE - A winged play vessel, engaged in clearing the wharf at Newcastle on Saturday, with the tender foremost struck a drift and jumped the rails. Section Foreman Dressboud, who was in charge of the plow, jumped and was struck by one of the wings, which threw him under the tender. He grabbed the side of the tender and hung to it as his only chance for life. For had he let go, the engine would have crushed him. He was dragged some yards before the engine was stopped. It was found that four ribs were broken and his hip injured.

FEEL SO - A correspondent of the World has - according to that paper - written a letter for publication in its columns, applying just such epithets to another correspondent as the World applied to the editor of the ADVANCE. The World, however, in defending its first correspondent, says -

"It does not follow that he is a willful liar, venemous libeller, etc., etc., etc., who has himself indulged in prosecution for slander. Such talk is childish."

Just so, Mr. World. Think of that when next you are tempted to get so angry as to go for striking the truth.

If you want a good reliable gold or silver watch at a bargain, I Harris & Son's is the place to get it, as their large stock of watches must be sold on account of their closing up their business.

THE MILLER WILL CASE - A Halifax dispatch says that the contest over the will of the late Alex. Miller, in which Mr. J. J. Pierce of this town is interested has taken a sensational turn. The deceased was supposed to be worth half a million. He made several wills and left the residue of his estate to Dalhousie College, cutting off any friends for whom it is alleged he was promised to provide. Legal steps were taken to open the will, and they were being going on for two years. Yesterday Dr. Stayer, who attended the deceased, advised that he was mentally unfit to transact business for two months before his death. It was during this period that the alleged final will, now contested, was made.

THE OYSTERS' DANCE - The Chatham Curlers Dance on Wednesday evening of last week in Masonic Hall, Chatham, was, if possible, even more enjoyable than that of three winters ago in the same place. The members of the Club had given particular attention to the renovation and decoration of the hall the result being that it was completely transformed in appearance. The walls being draped with flags and fabrics of different kinds, evergreens, brooms, pictures, etc. all in a combination of the most artistic harmony. The stage was set in drawing room style, with fine curtains at the rear centre, a row of curling stones taking the place of the foot-lights.

St. Mary's Juvenile Guild Entertainment

The main floor was laid out to represent two theatres with centre and high-line. Heating and ventilation were duly looked after and it is no wonder that the hundred and sixty ladies and gentlemen who attended pronounced the affair thoroughly enjoyable.

The refreshments and supper were in the best possible order and the entertainment was provided over by Mrs. Leonard, who was assisted by fifteen gentlemen of the Chatham and Newcastle Clubs as ushers and waiters. It will be understood that it was a great success.

The music was in charge of Mr. McEachron who was assisted by Mr. Stewart of Newcastle, the piece being violin, cornet and organ. This essential feature was also all that could be desired.

Small Sugar-coated Biscuits sold at not more than 10c per dozen.

St. Mary's Juvenile Guild Entertainment. The popular evening entertainment given by the members of St. Mary's Juvenile Temperance Guild, on Thursday evening last, was a very great success.

The members of the Guild, under the direction of Vice-President Mrs. Howard, acquitted themselves in a very creditable manner, and so thoroughly pleased the audience, that a very large number could not be found and some of the later comers were obliged to go away being unable to gain admittance.

The following program was presented, and called forth frequent and loud applause. The tableaux were deservedly admired, and there was a marked improvement in the rendering of several recitations. There were also more variations in the character of the choruses, the only deficiency being in speaking in too low a tone.

"Aunt Beth's Journey" was well rendered, Miss Lena Goggin, as Aunt Beth being perfect. "Dance Dances" brought down the house and received a well merited encore, the parts taken by Rupert Blair, F. Gillespie, Stafford Goggin, Geo. Howard and Frank Blair, with Lena Goggin, Marion Johnson, Susie Gillespie, Lila Howard and Florie Blair being true to life.

PROGRAMME. Opening Chorus, Happy Day of Joy returning. Instrumental Music. The Temperance Year - By 12 boys. Pledge your own Oath - By 6 girls. Recitation, Giving - By 12 girls and others. Recitation, What can we do - By 6 girls. Recitation, The Wrong Truck - By 6 girls. Recitation, The Last Call - By 6 girls. Recitation, About Tobacco - By 6 boys. Song, Love at Home. Recitation and Tableau, Departed Dreams. Recitation, Aunt Beth's Journey. Recitation, The Temperance Year. Recitation, The Temperance Year. Recitation, The Temperance Year. Recitation, The Temperance Year.

Before and after the entertainment, the Editor addressed a few words to the audience welcoming them, and thanking them for the interest they had shown in the work of the Juvenile Guild by attending in such numbers. He referred to the valued help of Mrs. Howard in preparing the program, and expressed his pleasure at meeting the members who were growing up to manhood and womanhood taking part with the younger ones in working for the purposes of the Guild. He mentioned that some of the older members had removed to other localities, but as they still retained their cards of membership he hoped that through them the good influence of the Guild would be abroad as well as at home. He trusted that the audience had been pleased and profited by the proceedings of the evening.

"Camp Chatham." Following is Lt. Col. Mansfield's official report of the Brigade Camp held at Chatham last summer:

There can be no doubt of the advisability, as pointed out by the General Officer in command, of having one or more large camping grounds in each District. Such Camps being selected principally with a view of having a good and convenient rifle range.

It is desirable to have two such camping grounds in this District, one to the east and west of the Province respectively.

This year, however, there were special reasons why Chatham should be selected as the place of assembly for the Brigade Camp. The weather was unusually good, and the authorities were most liberal in their offer of grounds, etc., having seen in turn in previous years had Brigade Camps formed in their respective Counties, Kings and Westmorland.

The following is a list of Staff and Camp assembled in Camp at Chatham, 28th June -

Total strength - Officers and men 727
Non-com. officers and men 727
Total 1454

Staff:
Lt. Colonel Mansfield, B. & G. Commandant.
Major Gordon, J. B. G., Brigade Major.
Major Gordon, J. B. G., Brigade Major.
Major Gordon, J. B. G., Brigade Major.

Just so, Mr. World. Think of that when next you are tempted to get so angry as to go for striking the truth.

If you want a good reliable gold or silver watch at a bargain, I Harris & Son's is the place to get it, as their large stock of watches must be sold on account of their closing up their business.

THE MILLER WILL CASE - A Halifax dispatch says that the contest over the will of the late Alex. Miller, in which Mr. J. J. Pierce of this town is interested has taken a sensational turn. The deceased was supposed to be worth half a million. He made several wills and left the residue of his estate to Dalhousie College, cutting off any friends for whom it is alleged he was promised to provide. Legal steps were taken to open the will, and they were being going on for two years. Yesterday Dr. Stayer, who attended the deceased, advised that he was mentally unfit to transact business for two months before his death. It was during this period that the alleged final will, now contested, was made.

THE OYSTERS' DANCE - The Chatham Curlers Dance on Wednesday evening of last week in Masonic Hall, Chatham, was, if possible, even more enjoyable than that of three winters ago in the same place. The members of the Club had given particular attention to the renovation and decoration of the hall the result being that it was completely transformed in appearance. The walls being draped with flags and fabrics of different kinds, evergreens, brooms, pictures, etc. all in a combination of the most artistic harmony. The stage was set in drawing room style, with fine curtains at the rear centre, a row of curling stones taking the place of the foot-lights.

Drill commenced in earnest on the following morning.

When country Corps have not been in Camp for a period of two years it is unquestionably a difficult matter to take up drill where it had been left off so long ago; Officers become "rusty" in their manner of imparting instruction. Better things cannot be expected from Non-Commissioned Officers. The instructor, it is true, eager to acquire knowledge. It is marvellous, therefore, in view of this, to observe the steady progress from day to day. This progress could only be secured by the attendance from time to time of Officers and Non-Commissioned Officers at the Schools of Military Instruction at the different arms of the service to which these officers and Non-Commissioned Officers belong.

I need only here refer in brief to my remarks in previous reports as to the advantages accruing from the presence in Camp of "A" Company and Staff Infantry School Corps. The instruction was not less appreciated in this Camp.

I regret extremely that the General Officer in command was unable to inspect this encampment, for highly as he commended the Brigade Camp at which last year, I am of opinion that the force in Chatham Camp was not a whit inferior in point of zeal, nor as regards efficiency; the conduct of the men being exemplary and the Brigades in all respects an admirable manner.

Beginning with Squad and Company drills, particular attention being called to the firing exercises preparatory to target practice, tactical drills and evolutions. Field followed as far as time permitted.

The General Officer's orders were complied with, as to (a) instruction in rifle practice; (b) instruction in evolutions and men in extended order; and (c) instruction in the use of the bayonet, when possible one day, at least, devoted to route marching with advance and rear guards, and when halted the opportunity to take of interesting the men in the disposition and duties of outposts as far as time and circumstances would admit.

On the last day in the Camp when the force was marched in column on route through Chatham, a pleasure on Lobo's farm having been selected for the honours, the advance and rear guards and flanking parties became at once the outposts of the Brigades with pickets and sentries, and supports and reserve.

Before returning to camp after field manoeuvres in which the Cavalry, Artillery and Infantry were engaged, the prizes were in target practice were distributed by the Hon. P. Mitchell, M. P. for the county. The breaking up orders (copy herewith) were also read by the Brigade Major. I was most fortunate in the selection of Staff.

In Major Gordon I found an efficient Brigade Major, accurate in detail, attentive to general results.

In an officer of Lieut-Colonel Baine's standing in the force, I had an instructor of Musketry who carried out both in letter and spirit the orders relating to target practice.

The duties of Camp Quarter were conscientiously performed by Major Lipsett.

The rationaries were of excellent quality, Lieut-Colonel Gillespie, of Chatham, being the principal contractor, and the accounts most carefully kept by the efficient supply officer, Captain Selby.

I must again bear testimony to the satisfactory working of the plan recommended by the General Officer in command, of appointing a Principal Medical Officer, with one large hospital tent, and the patients of each Regiment or Corps would be treated by their own medical man.

The Report of Surgeon Bishop is submitted herewith. I beg to support that officer's suggestion as to the issue of a rubber stamp for the hospital tent. I also direct attention to the recommendation for the improvement of the supply of medicines.

I have only to add that in this camp, as on all previous occasions, I had the hearty co-operation of the Officers commanding Corps in carrying out Brigade orders and in contributing in every possible way to the success of the camp.

Transports of troops to and from camp by the N. & W. Railway was efficiently carried out, as was that by the C. R. Railway, but for some delay in the transport of Cavalry in returning from camp.

The Reverend D. Fogarty, with his usual kindness, conducted Divine Service in Camp on Sunday. The service choir of his church assisted in the singing. Many citizens from Chatham and the neighborhood attended the service.

The Young Men's Christian Association in this camp, considered a necessity in Brigade Camp, Mr. Dixon, the active secretary always receives a cordial welcome and he leaves nothing undone for the pleasure and profit of the men.

I now submit the following details -

6th Prince of Wales's Own Regiment of Cavalry.

I consider that no previous annual training had the Regiment appeared to greater advantage than in this Camp as represented by "A," "B" and "D" Troops.

This is owing, I think, to the fact that the officers commanding Troops, in carrying out Regimental Orders, made careful selection both of men and horses before leaving local headquarters, and besides a fresh issue of clothing, there was an issue much required of new soldiers.

The Officers and Non-Commissioned Officers trained at the Royal School of Cavalry did as heretofore good work and the result was daily improvement in drill and discipline.

ARTILLERY. Newcastle Field Battery - Lt. Col. Calli. My report of inspection of this Battery was inadvertently omitted in my printed Report for 1897, I regret this the more for I had no word of praise to submit. From the soldier-like manner in which the Battery was marched into Camp and in which their tents were pitched on the ground, marked for it and in which the routine of duties was taken up, it was apparent that the advantages of being drilled by annual training, as compared with biennial drill cannot be over-estimated.

The Assistant Inspector of Artillery, Lt. Colonel Cotton, will, I doubt not, report favourably on the progress of the annual drill applied equally to this highly efficient Company and its officers, who, when speaking of duty and their manner of performing it, may be termed "Old Soldiers."

So great indeed is the knowledge and experience of the Commander of the Company - Major Vines - that it is customary for any Officer in camp in doubt or difficulty to "consult the officer Commanding Engineers."

The Officer being the Senior Officer of Engineers in the Maritime Provinces has the advantage of being a member of the Staff, Lt. Colonel, as a special case; I earnestly hope this reappointment may be favourably considered.

The Inspector of Engineers will report as to the work done by this Corps in Chatham Camp.

I have again occasion to thank the Inspector of Engineers for kindly assisting me in my report.

Drill commenced in earnest on the following morning.

When country Corps have not been in Camp for a period of two years it is unquestionably a difficult matter to take up drill where it had been left off so long ago; Officers become "rusty" in their manner of imparting instruction. Better things cannot be expected from Non-Commissioned Officers. The instructor, it is true, eager to acquire knowledge. It is marvellous, therefore, in view of this, to observe the steady progress from day to day. This progress could only be secured by the attendance from time to time of Officers and Non-Commissioned Officers at the Schools of Military Instruction at the different arms of the service to which these officers and Non-Commissioned Officers belong.

ent, whereupon George Augustus Sala was summoned and "light made" the confession referred to at the opening of the Court-to-day.

Mr. Russell also stated that whatever course was adapted by Attorney General Webster he should persevere his own course, and should insist that the whole matter be thoroughly investigated.

All sorts of stories, according to the political bias or perhaps wishes of the editor are current concerning Pigeot's disappearance.

Many believe he has been driven by remorse, despondency or fear to commit suicide on account of the unfortunate end of some of his testimony.

Others assert with great positiveness that he (Pigeot) has escaped from the country with the connivance of the Times. Those who hold this view also assert that the Times is now a national disgrace, and that the whole case from further investigation, and that the disappearance of Pigeot is the first step taken by the manager of the journal toward its end.

London, Feb. 28. Before the commission this morning, Sir Charles Russell demanded that the court summon the constable and detectives who were with Pigeot in order that they might explain how he succeeded in getting away.

Houston testified that Pigeot had not taken his luggage with him. He produced letters left for Pigeot at Anderson's hotel, but they contained nothing of importance. He also stated that Pigeot had addressed to him on Saturday, asking for a balance of £33, which Pigeot said had been often promised. Pigeot in the practice, Pigeot's Drills and Evolutions, and the promotion of Captain A. McDonald to the command of that Company has been a success.

There is improvement in the case of Government property generally in Company Armories, although I had to find some instances as my last inspection.

Letter from the Editor of Progress. To the Editor of the Advance: Allow me, Mr. Editor, to make a statement of what I feel is due to the readers of Progress in Chatham. The correspondent of the paper, there, under the signature of "Rambler," has taken advantage of our ignorance of locality and person to insert items in his letters which are not only untrue, but are calculated to excite the passions and insulting to the people of Chatham.

Permit me also to thank the gentleman who furnished me with the necessary proof to make this statement. "Rambler" has received an affidavit and is being treated from us, and I regret exceedingly that he has so far forgotten himself as to make this reference to my correspondence and to oblige us to engage a correspondent to make all disclosures necessary.

I am yours faithfully, EDWARD S. CARTER, Publisher "PROGRESS."

Pale, Weak Women need a tonic, strength giving, flesh building medicine like Milburn's Iron, Bile and Wine.

The Small Letters. The London Times has made a sad mess of it in its attack upon Mr. Farnell and the Home Rule party by its "Parliament and Crime" letters which have, for some time, been the subject of enquiry by a royal judicial commission.

The Times' principal writer, Mr. Pigeot, formerly editor of the Irishman - through whom the Times procured the alleged Farnell letters - has turned out to be a needy creature who, as everybody knows, has received a considerable sum of money in selling them to the Times, and who has been guilty of perjury in his evidence given before the commission.

Such an utter break-down of a great case has never been known in political history. The Times charged that Farnell and his associates were connected with the assassination club and in proof published letters alleged to have been written by Farnell and others, at the same time challenging them to deny their guilt in a court of law. The exposures indicated in the above are the result of the challenge having been accepted.

The Times and Government have become one of the business shamefully and the Home Rule cause is relatively strengthened.

Castoria is recommended by physicians or children's toothache. It is a purely vegetable preparation, its ingredients are published on each bottle. It is pleasant to the taste and is a most effective remedy for colic, diarrhoea, and wind colic. It always cures, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea - the mother's friend, 35 doses, 35 cents.

JOB - PRINTING 'ADVANCE' Building, CHATHAM, MIRAMICHI

Having completed the removal of the ADVANCE establishment to the old Methodist Church building, corner Duke and Cunard Streets, we are now prepared to execute all kinds of BOOK AND JOB - PRINTING

in first class style. This establishment was the only one in the Province in a position to enter into competition with the city offices at the Dominion Centennial Exhibition

at St. John, where it received a MEDAL AND DIPLOMA

for "Book and Job Printing" and "Letter-Press Printing." This is good evidence of the fine character of its work.

We have also, constantly on sale a large line of blank-forms, such as RAILWAY SHIPPING RECEIPTS, FISH INVOICES, (newest form), MAGISTRATE'S BLANKS, DEEDS AND MORTGAGES, SUPREME AND COUNTY COURT BLANKS, SHERIFF'S BLANKS, TEACHERS' AGREEMENTS, SCHOOL ASSESSMENT FORMS, ETC., ETC., ETC.
