GOVERNMENT IS CRITICIZED BY ITS FOLLOWERS

Its Methods of Procedure in Motion on McQueen Report Held up to Censure by Those Who Believe in Fairplay.

OPPOSITION LEADER MAKES STATEMENT

He and His Colleagues Are Not to Be Driven from Public Life by Thursday's Performance.

Fredericton, March 28.—In an interview today, Hon. Jas. A. Murray, leader of the Opposition, said neither he nor his colleagues proposed to be driven out of public life because their political opponents wanted to get them out of the way.

"I regard the resolution simply as an exhibition of party spirit, based on the report of an obviously partisan commissioner, a report that is bitter, unfair, and extreme," said Mr. Murray. "My constituents will say whether or not I will retain my seat in the Legislature. I have nothing to be ashamed of in my public career. I am content to leave my case to the judgment of my constituents, and of the impartial people of the province. Even my bitterest political opponents in the House gave me a certificate of character."

There is a very pronounced impression here today that the Government also made an error of judgment in the way it handled its own political opponents. It is remarked that if the motives of the Government were as free from partisanship as it professed to be it would at least have been consistent in its manner of dealing with the Friel and McQueen reports. It postponed consideration of the Friel report on the very ground that before any action should be taken, Mr. Currie had a right to be heard in his own defence; and yet, in the course of action beforehand in the other case—had prepared and even printed its verdict before the members attacked had an opportunity to make their defence. There was no more reason for the Government not taking action on the Friel report without waiting for Mr. Currie to appear before the House than there was in the McQueen report in the way it did. So far as the attitude of the Government was concerned, the four Opposition members might just as well have remained at home.

By the un-British character of its procedure the Government has only strengthened the belief that its great desire was to make political capital against troublesome opponents. Its partisan purpose was so apparent that it rather defeated its ends; the fact that it had already prepared and even printed its verdict in pamphlet form ready for distribution, as a campaign too glaring manner, and has annoyed even some of the supporters of the Government, who feel that if their leaders were bent on playing the partisan game they ought at least to have played it with a decent regard for the proprieties.

The leader of the Government expressed doubt whether it was in his power to force the Opposition members to resign their seats without regard to what their constituents might think about it. But it is pointed out that if the Government really believes the charges for which it has stood sponsor, it is open to it to accept the challenge of the members attacked, and take proceedings in the courts. That the Government's zeal for political purity will induce it to submit its charges to impartial review is not, however, the opinion of the lobby.

MR. TILLEY EXPLAINS INSIDE OF THE POTATO TRANSACTION

Defends Honesty and Honor of Accused, But Deprecates the Poor Business Methods Employed—Appeals to the Government to Show a Spirit of Fairplay.

Mr. Tilley said that he did not intend to take up the time of the House for any great length. The man on the street wanted to know what the potato question was all about. There had been columns in the newspapers, notices had been printed and the opinion of a St. John editor had been circulated in pamphlet form. Still there were people who did not know what it all meant. It was his intention to speak out frankly and call a spade a spade. When the former Government had decided on a gift of potatoes it had sent notices to buyers asking

BUDAPEST SOVIET STRENGTHENS ITS AUTHORITY

Allied Commissioners Are Reported Safe Though it is Believed They Have Been Interned.

COMMUNISTS PROCLAIM MARTIAL LAW

By the Establishment of a Food Barrier Allies Intend to Fight the Revolutionary Movement.

Two Rumanian Army Corps Ready To Cross Frontier

Paris, Mar. 28.—(French wireless service)—The Rumanian and Czechoslovak governments have taken military measures against the Hungarian revolutionary government, a Geneva despatch to the Petit Parisien says. Two Rumanian army corps are said to have crossed the frontier of eastern Galicia.

London, March 28.—While the news from Hungary is both fragmentary and vague, it shows little improvement in the situation. The extremists have apparently extended their operations into neighboring towns, while the Budapest Soviet has further strengthened its authority.

Weheris, former premier, is reported prisoner along with scores of former officials. The members of the Allied Commissions have been reported as safe, though it is believed they have been interned. The Communist Government has proclaimed martial law and has begun the organization of a considerable army. By establishing a food barrier the Allies intend to fight the revolutionary movement, the British having informed Vienna that further supplies will be refused if the authorities guarantee the preservation of law and order. They seek, by this method, to localize the trouble and prevent its spread into Rumania and Serbia where the conditions are bad.

Paris, it is stated, has studied the situation both from military and economic angles, and orders have been issued for immediate execution. With Lenin, ready to support any movement which will further the spread of Bolshevism and with the German military too anxious to co-operate in any plan that will embarrass the Allies, the Paris delegates are naturally driving hard to reach a settlement before anarchy sweeps over the whole of Central Europe. The Bolshevist movement has become so strong in a military sense that there is imminent danger of its crossing the Russian border. Even though the communications are bad, the Allied leaders are inclined to regard the developments in Hungary much more seriously than the Spartacists' outbreaks. The majority of the Germans and Magyars fear Bolshevism as much as the Allies, because Bolshevism means a ruin of property, and there is always the possibility of Trotsky's army beginning a formidable offensive. This would displease plenty of Germans who are bent on revenge.

Rather than submit to humiliating terms these Germans are persistent in willing to let Bolshevism sweep westward. There are Germans, on the other hand, who see a possibility of turning the situation to their advantage by acting as buffers against Bolshevism and claiming, as a reward, more moderate treatment by the Allies.

Japanese Worked Up Over Question of Racial Equality

Tokio, Tuesday, Mar. 25.—(By The Associated Press)—At a mass meeting of prominent residents of Tokio tonight a resolution was adopted opposing any league of nations' covenant which does not contain a clause abolishing racial discrimination. The resolution also urged opposition to the abolition of conscription, the acquisition by Japan of the Shantung Peninsula and opposition to the international labor agreement, which, it was declared, is not adapted to the constitution of Japan and to Japan's internal condition.

A large number of Japanese newspapers recently have printed editorials looking with suspicion on the motives of the United States and Americans in the world politics, especially concerning China, Siberia and Korea. The editorial campaign is attributed in some quarters to displeasure over the 'league of nations' covenant.

WEIMAR GOVT RECEIVES DEMAND FROM THE ALLIES

They Must Allow Polish Troops to Land at Danzig and March Through German Territory to Poland.

Copenhagen, March 28.—The German Government at Weimar has received from the Allied high command a demand for permission for Polish troops to land at Danzig and to march through German territory to Poland, according to a despatch received here from Weimar.

The Allied note to Germany demanding that Polish troops be allowed to land at Danzig, declared that refusal by Germany would be regarded as a breach of the armistice, a Berlin despatch said. The German Government replied that it could not take the responsibility for permitting the Poles to land at Danzig, but was prepared to facilitate a landing at Stettin, Koenigsburg or Libau.

show any great amount of business ability. The potatoes were rushed in, and, instead of 40,000 barrels, the Province found itself with 68,000 barrels. After the shipment to the old country, a steamer was not available to take care of the surplus stocks. Mr. Daggett had been sent to Cuba, and had made some sales, but when he came to take the account he found that almost had been sustained. He (Tilley) held that the Dept. of Agriculture should then have come out and footed, and acknowledged the loss. Had they done that they would perhaps have been criticised, but that would have been the end of it. There was no doubt that had judgment had been used in connection with the transaction. Fortunately or unfortunately, there was a campaign fund and that the money was taken and put back in the Treasury so in reality there had been no loss. They had a reliable man in charge of the campaign fund in the person of Geo. B. Jones. Anyone would say that no man on the floors of the House could accuse Mr. Jones, Mr. Murray or Mr. Baxter, of a dishonest act. They all regarded that there had been no judgment and bad business methods in buying the potatoes and in not acknowledging the loss, but considering all the facts, he did not think that the hon. members should be asked to resign their seats. He thought in all fairness the House should accept the amendment and vote down the resolution. With regard to the resolution he noticed the Government had had it printed and a copy was then in his possession. It was unfair to the gentleman who had stood up in the House and made explanations of their conduct to have the verdict prepared in advance. He appealed in the interest of fair play to hon. members on the other side to withdraw the resolution, adopt the amendment and pass it unanimously.

THE BIG FOUR WORRIED OVER PEACE SITUATION

Criticism of Peace Conference Daily Augmented and Popularity of Big Four Steadily Recedes.

SOME MAY LOSE OFFICE AND POWER

Four Leaders Growing Anxious Over Their Deliberations for They Have Attempted to Explain Cause of Delays.

By Frederick Moore. Special cable to New York Tribune and St. John Standard.

Paris, Mar. 28.—The criticism of the peace conference is daily augmented and popularity steadily recedes from the three or four men who foregather twice daily in an effort to find a solution to the various problems their commission could not or did not solve satisfactorily. Evidence shows that the four leaders, Wilson, Clemenceau, Lloyd George and Orlando, are growing more anxious over their deliberations, for they have attempted repeatedly to explain the cause of the delays, means pointing out the difficulties that exist, the dangers that lurk ahead and, finally, how strenuously the four statesmen are laboring. Three of the men are certainly wiser and soberer than when they assembled in Paris last January amidst acclamations of a people intoxicated with relief and inspired with hope for the future upon the conclusion of a victorious war. But, as the days become weeks and the weeks months, will the armies not yet home and living conditions even more difficult, the hope of relief has dwindled. Three months ago Clemenceau was the idol of France who had rallied the French nation and brought it to its feet after defeat stared it in the face. Today he is a man whose name is scarcely mentioned in the newspapers. Three months ago Lloyd George triumphed beyond precedent in the British House of Commons, promising that Germany should pay the war costs in full. Today he is explaining that Britain can get but a small share of the spoils of the war, and that the conditions of peace are exceedingly difficult to secure. Three months ago President Wilson was heralded in the United States as the greatest statesman and prophet who had come to the aid of the harassed old world that it might begin a new life. Today he is a man whose name is scarcely mentioned in the newspapers. Three months ago the great peace conference was hailed as a landmark in the history of the world. Today it is a man whose name is scarcely mentioned in the newspapers.

CANADA'S PREMIER MAKING FIGHT FOR INDEMNITIES

Absurd Report That He Held the View Germany Should Not Be Made to Settle.

Ottawa, March 28.—Sir Thomas White, when the House opened this afternoon, referred to a report from London attributing to Sir Robert Borden the view that no indemnities should be exacted from Germany. Sir Thomas said he had taken the liberty of drawing the matter to the attention of the Prime Minister who, in reply, had sent the following cablegram: "Report alluded to is absolutely unfounded and indeed absurd. You are authorized to give absolute and explicit denial to any such statement. We are making every effort to procure from Germany the fullest indemnity that she is able to pay."

GERMAN-AUSTRIA BLOCKADE WILL SOON BE LIFTED

Paris, March 28.—The blockade of German-Austria will be lifted as soon as measures can be perfected for preventing imports into that territory which are exported to Germany. It was decided at a council of the foreign ministers of the powers held here this morning. The council named a commission to inquire into the Boreon question, and then took up the question of the frontiers of Schleswig.

GERMANS SHOW SIGNS OF FIGHT

Paris, March 28.—(By The Associated Press)—News was received here today that the Germans are increasing the garrison at Danzig. This is taken as indicating a decision to resist without deposition the peace conference intending to make of it a port.

Executions Follow Discovery of Royalist Revolt

Stockholm, Mar. 28.—An alleged Royalist conspiracy has been discovered at Pecos, northwest of Stavropol, in eastern European Russia, according to the Russian newspaper Kresnaya Gazetta, and twenty-one persons have been shot by the Bolsheviks in connection with the plot. The alleged leader was Sukolno, a former marshal of the Russian nobility, who was a local commissioner under the Bolshevik regime. Sukolno was executed. The conspirators, according to the newspaper, planned to palm off a novelty of the Bishop of Ufa as the Grand Duke Dmitri Pavlovitch, carry him to Moscow and demand the appeal to the people from the Kremlin. The former Grand Duke Dmitri Pavlovitch has been in England and is an honorary captain in the British army. He is next in succession to the Russian throne to Alexis, the only son of the former emperor.

SIX THOUSAND WERE KILLED BY ILL-TREATMENT

German Abuse Made Heavy Inroads Upon Belgians—7,000 Children Made Orphans.

Brussels, March 28.—Six thousand Belgian civilians died during the war, as the result of German ill-treatment, according to an official report made in the Chamber of Deputies this morning during a debate on the reparations due civilian victims of the war. Seven thousand children were made orphans and 125,000 men were deported from Belgium by the Germans.

BOLSHEVIK AGENTS ARRESTED IN PARIS

They Are Germans and Are Supposed to Belong to a Party Recently Escaping from Berlin.

Paris, March 28.—(French Wireless Service)—Two Germans named Bill Markonstein and Aaron Siegel, were arrested when they alighted from a Metz train in Paris on Tuesday, it became known today. They had no tickets but carried passports from Berlin. The authorities believe that the Germans are Bolshevist agents and M. Priollet was appointed to conduct an investigation. The Germans are now in the Sainte Prison.

NEW GOVERNORS FOR DALHOUSIE

The Alumnae Association Has Been Asked to Name One of Three for the Board.

Halifax, March 28.—A meeting of the Board of Governors of Dalhousie University, to fill vacancies caused by the death of Lieut-Governor McKewen, Chief Justice Sir Wallace Graham, and Dr. D. A. Campbell was held today. In order to show appreciation of the work the Alumnae Association has been doing, the board has offered the nomination of one member to that body, so that a woman will have a place on the board. The other two vacancies on the board were filled by the appointment of Hon. R. G. Beasley and T. S. Sherman Rogers, K. C.

GREAT INDUSTRIAL CATASTROPHE IS EXCEEDINGLY REMOTE

(By Arthur S. Draper, Copyright.) London, March 28.—While the railway men following the miners lead and accepting the government's terms, Great Britain's industrial situation was much easier today. Some 70,000 miners of Wales have gone on strike against the advice of their leaders, but it is expected that they will return to work quickly. Now that the triple alliance has reached a settlement, the danger of a great industrial catastrophe is exceedingly remote.

GOVT TO HAVE HAND IN POWER CO. AFFAIRS

Bill Introduced in Legislature Yesterday Carrying Many Pointed Features.

CALLS FOR THREE PUBLIC DIRECTORS

To be Appointed by Lieut. Governor and Paid from Earnings of the Power Co.

Fredericton, March 28.—An act relating to the New Brunswick Power Company, based on the report of the Commission appointed last year, was introduced in the Legislature by Premier Foster today. It provides that the control of operation, service, maintenance and rates of the company shall be vested in a board of seven directors, with equal voting power, except in specified instances. Four company directors shall be elected by the stockholders. Three public directors shall be appointed by the Lieutenant Governor in Council, for one, two and three years, respectively, and thereafter each for a three-year term. Directors' salaries shall be not more than \$1,000 per year, the company paying the company directors, and the City of St. John the public directors. The directors shall select one or more of the public directors to be members of any executive or other committee of the Board.

It shall be the duty of the Board of Directors to fix, from time to time, such rates for railway transportation and electric and gas services as in their judgment shall meet the cost of service, including operating expenses, taxes, maintenance depreciation, and return on investment as hereinafter fixed. An appeal may be had to the Public Utilities Commission on complaint of public directors that compliance is not being made with the foregoing provision.

The Act contains various other features, providing for the adjustment of rates at stated periods, and for reference of disputes between the company directors and public directors to the Public Utilities Commission, or the Lieutenant Governor in Council.

The company, in lieu of all other rates, taxes, or assessments in the City of St. John, and parishes of Lancaster, Simond and Robesay, or elsewhere, shall pay to the City of St. John and other parishes or municipalities 3 per cent. of its gross earnings in such city or parish, etc. The decision of the accountant as to the allocation of gross earnings to such city, parish or municipality, shall be final. If the company opens or disturbs a highway it must restore it to its original condition.

On acceptance of the Act by the company the common stock outstanding will be reduced from a par value of \$100 to \$25 per share, making the common stock \$500,000 in 25,000 shares. No dividends shall be paid on common stock until a reserve of \$200,000 has been accumulated, and this shall be kept intact.

The Act contains various other features, providing for the adjustment of rates at stated periods, and for reference of disputes between the company directors and public directors to the Public Utilities Commission, or the Lieutenant Governor in Council.

QUEBEC NEWSPAPER INDULGES IN FREE SPEECH ON TARIFF

Believes the Country Should Have a Canadian Policy That Will Ensure a Reasonable Measure of Prosperity to Farmer and Manufacturer Alike Without Ruining Either.

Quebec, Que., Mar. 28.—In a leading article dealing with the tariff issue the Quebec Chronicle will say tomorrow:

"In the earliest days of the great war when it roused both physical and moral courage to openly express an anti-Teutonic sentiment in the United States, Marsie Henry Watterson, the oldest and most distinguished of American journalists, proclaimed his patriotic loyalty through the columns of the Louisville Courier-Journal that was destined to ring around the world, 'to Hell with the Hapsburgs and Hohenzollerns.' Today, having regard to conditions in Canada, the Chronicle, taking example from that grand old light of democracy, will say:

PARLIAMENT GETS RUDE SHOCK ON LIQUOR CHARGE

Opposition Leader Claims Government is Conniving With Liquor Dealers in Smuggling Rum Into Nova Scotia.

COLLUSION BETWEEN GOVT AND FAVORITES

Alleges Illegal Warehouses Are Maintained at Sydney and Glace Bay.

Special to The Standard. Ottawa, March 28.—That for the past three years large quantities of liquor have been systematically smuggled into Nova Scotia in pressed hay shipped from Montreal, that the practice is still going on, and that this liquor is illegally stored in private bonded warehouses in Nova Scotia by persons possessing licenses, or claiming to possess licenses from the Dominion government, was the somewhat startling charge which Mr. D. D. MacKenzie, leader of the opposition, made in Parliament tonight.

Hon. J. D. Reid, speaking for the government, said he thought that Mr. MacKenzie must be mistaken, but upon Mr. MacKenzie persisting that there was no question regarding his information, and that he made his charges upon his responsibility as a member of the House, declared that such a condition could not exist unless there was collusion between government officials and the alleged offenders, and that there would be a thorough investigation by the department. Mr. MacKenzie said alleged Glace Bay and North Sydney towns where alleged illegal warehouses existed.

ENGLAND WILL OIL UP

To Develop the Most Powerful Oil Producing and Refining Enterprise in History of the Industry.

London, March 28.—(Thursday, Correspondence of the Associated Press)—The British government is going into the oil business. Profiting by the costly experience of the war, when it was compelled to send enormous sums into other countries in payment for petroleum and petroleum products, it has adopted a clearly defined oil policy and is already credited with financial backing which is expected here to develop into the most powerful oil producing, refining and transporting enterprise in the history of the industry.

The government's first important move, it was stated by authorities here, will be the creation of a permanent ministry, the machinery for which exists in the petroleum department which looked after the empire's oil interests during the war and which is still an active institution. This ministry will be entrusted with the task of oil adviser for all departments, including the army, and what is more important the navy, and will have control over concessions for the development of possible oil territory within the empire, and will advise and assist British companies or individuals in obtaining concessions and leases in foreign countries.

MR. POTTS DELIVERED HOT SHOTS ON THE McQUEEN REPORT

Called to Account, in no Uncertain Tones, the Government That Threw Aside British Justice and Fairplay and Brought in a Verdict Before the Accused Had a Chance to Defend Themselves.

Mr. Potts said he had no intention of wearing the House on a paper which had been much discussed. The last speaker had referred to the great moment of his life to the time when he was glorifying over someone who had fallen. He did what his constituents wanted. He rejoiced over the fall of those who had gone down through error. What a sentiment! He (Potts) was not there to uphold wrong-doing in any man. He would have been ready to support a government resolution if it had been brought in, in proper form. The speeches which had been made were the government side would make people think that this resolution had been introduced, not for purifying public life, but to form a big campaign issue for the next election. The honorable minister of public works had referred to the editorials of the St. John Globe, but he had said nothing of the pamphlet which had been placed upon each member's desk. That pamphlet contained an editorial from the Globe, a paper for which he had every respect, and it was easy to see that this was for campaign purposes. The honorable premier had introduced a resolution, longer than the moral law and more voluminous than the deliberations of the peace conference. It was noticeable that not one speaker on the government side had said a word of the province had been wronged out of one dollar. There had been no intimation of graft. No name name could vote for that resolution. He was there an independent and was under the control of no man and no party. He was not there to uphold wrong-doing, but he would like to see judgment handed out to others with a fairness which he would want himself. He would like to see the honorable attorney general stand in some impartial court and with the evidence which had been brought out in this transaction, defend the case of the four honorable members involved. He would have no difficulty with his ability, which was not the highest in his profession, in convincing any jury that they had been guilty of no graft. The reference by the honorable leader of the opposition to the services of his son overseas he did not think necessary to have been referred to by other honorable members, but such reference had been made. All that had been said by the honorable leader of the opposition was that he hoped that he could take his son's hand on his return as a man who had done his best for his country. The honorable premier was doing something which was not to his credit, in introducing a resolution against a man who was guilty of no graft. He was ready to damn a man forever in public life, and expressed satisfaction over his downfall. He had always been prepared to do this. He had always been there was a man on the opposite side who honestly and sincerely could support the resolution. It had been shown by his honorable colleague that this resolution had been prepared, even before the evidence had been presented. The honorable minister of public works had doubted that, but he (Potts) would ask the honorable premier if the resolution had not been prepared before the evidence had been presented. He would like to know if the honorable premier would not have introduced the amendment, if he had not considered it right. The fact was that in a country where British justice was supposed to be meted out, before honorable members were on their feet to defend themselves against charges against which had been prepared and brought in against them. If that was British justice he did not know the meaning of the term. It was his third session as a member

MAJOR McLEAN, D. S. O. ARRIVED YESTERDAY

Returned With four Other Original 6th C. M. R. Men—Sole Survivors of N. B. Unit Who Were Left in France.

Major C. Herbert McLean, D. S. O., who organized the New Brunswick squadron of the 6th C. M. R. in 1916, reached home yesterday having come across an entire officer in command of the military party. Major McLean stated that the men who arrived yesterday were the last of the three division, and among them were four, the sole survivors of the original New Brunswick C. M. R. These men were: William Crawford, Queens County; R. McDormand, Capt. Day and William Faulkner, of this city. All the others were either buried in France or had been returned home as casualties. The major reported a very pleasant trip across in the Pacific, and that he was in the entire party. He expressed his appreciation of the welcome accorded the returning men, both at Halifax and St. John. On the breaking up of the 6th C. M. R., Major McLean was transferred to the 4th C. M. R. and served with distinction with that unit. He won his D. S. O. at Valenciennes, in November, 1918, just before the signing of the armistice.

FRENCH AND BRITISH COULD STOP REVOLT

Berne, March 28. (French Wireless Service)—Two thousand resolute French and British soldiers would be able to put down the Hun revolution in the Balkans, it was stated in an interview in the Geneva Journal. The Prince declared that the new government does not represent anything outside of Budapest. The House with his honorable colleague. He had come up to parry the atmosphere. He had always been opposed to advertising New Brunswick as having a legislature containing the biggest thieves in the world. They had been accused of having stolen the province and had done all they could to humiliate man who had not profited to the extent of a single dollar. He thought his honorable friends should have gone back farther in their investigations. He was not going to uphold those who did wrong, and he felt sure that if mistakes had been made they were of the heart and not of the head. He would advise the government if they had any further investigation to take them to a supreme court judge where justice could be obtained. He was sure that the McQueen report had been prepared for campaign literature, but would not serve this purpose.

SONS OF ENGLAND WERE THE HOSTS

Enjoyable Social and Concert Given Last Evening in Honor of the Ladies, Wives and Sweethearts of the Members.

Marlborough Lodge No. 207, Sons of England, held a very successful concert and social in honor of the ladies, wives and sweethearts of the members, who had done so much during the great war to help keep things going. The hall was well filled and all present thoroughly enjoyed the programme provided. Every number was good, but the dancing of Miss Lomen and the sketch of Punter and Carson, seemed to meet with special favor from the audience. At the close of programme cake and coffee were served and a very social hour spent. Melody Beaman officiated at the piano. Following is the programme: Opening P. J. Punter Piano solo. Miss Till Solo. Miss Spencer Solo. Sketch—Herbert Newton, George Duplessis. Sketch—T. A. Merritt Dance. Miss Lemon Song. W. Brindle Solo. Mr. Denton Recitation. Mr. Parker Solo. In charge of the refreshments were: Mrs. C. Leiford, Mrs. H. W. Brown, Mrs. J. Silliphant, Mrs. E. J. Pettis, Mrs. B. Rayner, Mrs. A. S. Webb, Mrs. W. Stone.

GERMANY IS NOT BANKRUPT

Minister of Finance Says Whenever the Possibility of Working is Taken Away the Finances May go to Smash. Berlin, Thursday, March 27.—(By the Associated Press)—Germany is not bankrupt, because it has the possibility of work, Dr. Schaeffer, German minister of finance, told the correspondent of the Associated Press in the financial situation. "But," he continued, "she will become bankrupt, so far as it is possible to say at present, whenever the possibility of working is taken away." "The financial outlook simply disappears into nothingness in case of an unfavorable peace that does not leave us an opportunity to recover our equilibrium." Dr. Schaeffer, repeated the German plaint that delay in making peace increases the danger of Bolshevism, but expressed optimism for the future if Germany is able to obtain food and raw material.

WINTER SUNDAY SCHOOL PICNIC

Annual Event in Centenary Church School Room Last Evening Greatly Enjoyed—Excellent Programme Carried Through.

The annual Winter Sunday School Picnic of Centenary Church, was held last evening in the church school room when the scholars to the number of two hundred and fifty gathered to enjoy themselves. J. E. Arthur, Superintendent of the Sunday School, presided. Tea was served and at eight o'clock all converged to the assembly hall, where picnic games were indulged in. After this a programme was carried out consisting as follows: Selection by Sunday School Orchestra, assisted by some friends, members of the church; chorus, O Canada, by the girls of the school; orchestral selection and Little Blue Bird, "Candy and You," by the pupils of Mrs. LeLachur's class; selection by orchestra; drill exercises, "Living Pictures"; lantern views, and the National Anthem. A feature of the entertainment was the weekly meeting of the Blue Bird Class, at which the members exemplified to the visitors how they conducted their weekly meetings. Little Miss Lois Girvan, the president, acted in her own official capacity, and for the various questions as might arise at any of their weekly meetings. This feature was thoroughly enjoyed and the little ones showed much technical skill and business acumen, being received with much applause. Miss Faith Henderson has the honor of being the teacher of this splendid class, and her good work among them was reflected in their demeanor last evening. The other Sunday School teachers were on hand in an official capacity, and for them much is due of the significant success of the affair. After this feature the classes indulged in a half hour of games, and then departed for their homes. The annual winter picnic of Centenary is always looked forward to by the school children, and last evening's event met an equal success if not better, than all previous picnics. In spite of the inclement weather, many were in attendance and thoroughly enjoyed the entertainment.

OBITUARY

Mrs. Robert McFarlane. The death of Mrs. Robert McFarlane occurred yesterday morning at her home, 123 Metcalfe street, following a somewhat long illness. She was about sixty-four years of age and had lived most of her life in St. John. She was well known about the North End, and was highly respected and her death will be regretted by a large circle of friends. She leaves beside her husband, one son, William, and one sister, Mrs. French, both of this city.

Capt. C. Olsen. The death of Capt. C. Olsen, at Brooklyn, N. Y., of Capt. Christian Olsen, a ship master who formerly lived here and was well known in St. John, occurred at his home in Brooklyn, N. Y. His last command was the ship Eurydice. About 1888 he returned to Brooklyn with his family. He is survived by one daughter, Ida, and four sons, Edgar, Walter, Claus and Richard. Capt. Olsen was married in St. John to Miss Margaret Sullivan, (sister of Richard Sullivan, Rockland, who died a few years ago).

SPORTING GOSSIP

ON BLACK'S ALLEYS. On Black's alleys last evening the Emerson and Fisher and A. J. Goodwin quintettes met, the former team taking three counters. In the City League the usual Friday night special match was bowled when four two-men teams battled, Wilson and Beatty taking the counter in highest pin-fall. The work of Wilson was a feature of the match. Tonight Baird and Peters met in the Commercial League. This afternoon, the T. McVitty teams have the alleys for some special games. The scores of the games last evening follow:

THINKS FRANCE FAVORS CANADA

Australian Officer Suggests That France Honor Other Dominions as it Has Canada in Presenting it Vimy Ridge. London, March 28.—(Canadian Press Despatch from Reuter's Limited)—General Monash, of the Australian army in France, in paying tribute to the generosity of France in presenting Vimy Ridge to Canada, suggested that it would be a noble action if France similarly honored Australia, New Zealand, and South Africa, thus establishing an everlasting fraternity between the Dominions and the great republic.

EYES STRAINED?

If your eyes are work-strained or tired; if your vision is dim or blurred; if it bothers you to read; if your eyes burn or itch or ache; if you wear glasses, get a bottle of Bon-Opto tablets from your druggist, dissolve one in a fourth of a glass of water and use from two to four times a day to bathe the eyes. Come, Let Mother See!

When the child droops, won't play or is restless, pale and grumpy, look to see if the tongue is white, the breath feverish, the stomach sour. Then hurry, mother, but don't worry! Give Cascarets, the harmless candy cathartic. Children take Cascarets without coaxing—only 10 cents a box!

TO MOTHERS! Nothing else "works" the nasty bile, the sour fermentations and constipation poison so gently but so thoroughly from the little stomach, liver and bowels like harmless Cascarets. While children usually fight against laxatives and cathartics, they gladly eat a candy Cascarets. Cascarets never gripe the bowels, never sicken, never disappoint the worried mother. Each 10 cent box of Cascarets contains directions for dose for children aged one year old and upwards.

CANADIAN MILITARY OPERATIONS.

In view of the fact that Canadian soldiers were fighting in France almost from the time of their arrival early in 1915 until the cessation of hostilities, it is impossible to give anything like a comprehensive review of the operations in which they were engaged. But among the most notable experiences of our men may be mentioned the second battle of Ypres, commencing on April 22, 1915, in which the First Division bravely distinguished itself. This part of our army was again in action at Festubert and Givenchy in May and June of the same year. In 1916 the Canadian divisions, who by that time formed three divisions, were very heavily engaged at St. Elloi in April and at Sanctuary Wood and Hooge in June. In September, October and November of this year the whole of the Canadian Divisions fought in the battle of the Somme, especially distinguishing themselves at Courcellette, the Mouquet Farm and the Kenora, Regina and Desnoes Trenches.

In 1917 Canadian Troops carried the heavy end of the assault at Vimy Ridge on April 9th and at Arras and Fresnoy on April 23rd and May 3rd. They fought the great success in the assault on Lens and in the taking of Hill 70 in August of that year, and were again heavily engaged in Passchendaele, fighting in October and November, and capturing all their objectives, although at enormous cost. In 1918, although the main Infantry Brigades were not heavily engaged, the Canadian Cavalry, Motor Machine Guns and Railway Troops were active in their resistance of the German advance in March. The Canadian Corps formed the centre of the British front in the second battle of Amiens, commencing on August 8th, advancing 14,000 yards in one day, which record marked the deepest advance made by any corps in one day during the war. At the beginning of September the Canadians played an important part in breaking the Quentovic Line, a part of the Hindenburg System. And previous to this in the Battle of Arras the Canadians were engaged in two assaults in which, although their losses were heavy, the total casualties were not as numerous as the prisoners taken. The Battle of Cambrai, the last great engagement in which Canadian forces participated, began on September 27th, and on October 8th our troops after heavy losses took the town and made important captures of men and material. In the last stage of the fighting Denain was captured on Oct. 20th, Valenciennes on Nov. 2nd, and Mons at daylight on the morning of Nov. 11th, the day on which the armistice came into force. Thus Canada's troops in France and Flanders have, during the period of the war, captured 45,000 prisoners, 850 heavy guns, 4,300 machine guns, have retaken 130 towns and villages and liberated 310,000 French and Belgian civilians.

Canadian units have also served in Palestine, Macedonia, and Russia, and the Canadian Cavalry, although separated from the Canadian Army Corps for the greater part of the time, distinguished themselves in France and Belgium. In March, 1917, this Cavalry Brigade captured six villages in two days. In the German advance in March and April 1918, it was actively engaged and suffered heavy casualties. It fought as part of the Canadian Corps in the second battle of Amiens and in the great advance at the end of the fighting, capturing the town of LeCateau on Nov. 9th.

SHALE DEVELOPMENT.

The policy of the local Government in regard to oil shale areas in Albert County and elsewhere in New Brunswick seems to be one of passive waiting in the hope that English capitalists may do something. The speech from the throne contained a paragraph referring to the oil shale areas, which reference is pretty well stereotyped by this time. Nor does there appear to be any particular advantage in waiting for British capital to come this way, for such capitalists who have acquired interests in shale areas have been very much like American capitalists who, many years ago, secured power privileges at Grand Falls. They still hold these privileges, but up to the present there has not been the expenditure of a single dollar along the line of definite development, nor has anything whatever been accomplished in the Albert and Westmorland shale areas, although of course there has been a lot of talk. The only suggestion of value which so far has been made is Mr. Baxter's proposition that the Dominion Government be asked to employ the services of its mining engineers in making borings and making a report of the possibilities of the development of the whole shale area. If such a report proves satisfactory then the Provincial Government might undertake development as a New Brunswick enterprise. The success or otherwise of such a venture would depend wholly upon the actual commercial value of the shale areas, and although exploitation of shale areas in other countries has not always been profitable, still the information now available touching on New

Brunswick deposits, incomplete as this information may be, leads to the belief that the Albert County oil shale areas contain a higher average value than do those of the majority of other countries in which reduction processes are now in operation. Apart from the actual commercial value of the oil produced it should be borne in mind that development work, if carried on an extensive scale, would materially assist in ameliorating the fuel problem which is every year becoming more difficult in New Brunswick.

LEMON EXTRACT.

Men have no business with lemon extract. They are not the home bakers and it is only on rare occasions that a husband is sent out to the grocery store to buy a bottle of flavoring. So that finding quantities of this alcoholic preparation in the pockets of arrested drunks, is practical evidence of the consumption of lemon extract for purposes of intoxication. In this town conditions are such that lemon extract drunks can be distinguished on the streets from those who procure their libation by wood alcohol, red ink, Florida water, Worcester sauce and concoctions distributed by bootleggers under the name of whiskey. Yet the prohibitory law fails to provide punishment for those found with lemon extract in their possession, while it imposes a very high penalty upon persons carrying liquor. The law is not perfect—a law ever was—and there are many phases in the enforcement of prohibition which were not foreseen when the act was framed. It is intimated that amendments may be introduced at the present session covering some of these weak points. This is desirable, for substitutes are doing more physical harm under present conditions than would be caused by the consumption of an equal amount of whiskey.

A GREAT RELIEF.

Members of the Veniot-Poster party argue are no doubt feeling a bit better. Having got the load off their chests they may be expected to settle down to business. Now that the whole thing is over in so far as that widely advertised resolution is concerned, what good did it do Mr. Foster and his friends? They simply sought a further opportunity to attack a number of their associates in the Legislature. They knew perfectly well that such a recommendation as was introduced in the report, which by no stretch of imagination could be justified by reason of the evidence taken at the potato inquiry, would result in a division on party lines, and they must realize that condemnation in a vote such as this is not to the discredit of those against whom it was directed. The majority in a Legislature can do almost anything it wishes to do, and when a house divides on eretric party lines, as was the case on Thursday night, the immediate result is merely to increase the bitterness between parties.

B. R. MACAULAY.

Mr. Beverley R. Macaulay was not a public man in the generally accepted sense of the word. During his many years in St. John he has interested himself in matters touching the welfare of the people and the progress of the City, but his great pleasure was found in his home and in association with a circle of intimate friends. A man of delicate opinion, watch, however, he did not go out of his way to impose on others, unassuming in his manner, quiet, yet with abundant energy and a strong sense of humor, Mr. Macaulay represented a high class of citizenship and in his death St. John loses one who was in every way worthy of the respect of his fellows.

WHAT THEY SAY

Pertinent Question.
Salt Lake Tribune—Senator Fall says he will never vote to send a million boys to guard the harems of Turkey or protect the Indian Empire of Great Britain. Who asked him to?

3,000 Miles Away.
Toronto News—Naturally this was a situation not to be borne by an intelligent giant. Carefully assembling his "facts" and then throwing them away, Col. Pratt laboriously put three thousand miles of stormy water between him and the men he desired to destroy, and then did a little long distance flying. His foot was on his native heath, and he felt free to enter upon a course of sustained vituperation.

A Far Worse Evil.
Hamilton Spectator—And is not the instinct which bids the Britisher hold so firmly to his relaxations and his jollifications a sound one? The merry heart goes all the way; it is often more to be prized than the cool, calculating head. When life becomes too material, too utilitarian, even in the best sense of the word, without its care-free hours, its leaven of fun, its unrestrained enjoyment, it is a thing of little worth. Is it not possible to be too serious, too artificial, too prudish, too mechanical? Allowance must be made for differences of temperament, for the play of emotions, for the expression of personality. Citizens cannot be turned out by legislative machinery after an ideal, standardized

pattern. The same moral garment will not fit every soul. The charm of variety—the spice of life—should not be despised. In striving to eliminate the possibilities, let us make sure we do not succumb to a far worse evil—national self-righteousness.

Glory Enough for All.

Buffalo Express—Jealousy is bound to crop out and it is no secret that Canada, weary and badly bloodied, is annoyed at the claims that she hears to the south of her. She should not be. Canada's part in the war will take many pages in the history of this conflict. Hers was a gallant role. This country will never forget how her troops turned back the German hordes at the time of the first gas attack at Ypres, and saved the Belgian coast. That is but one of her glorious feats. At the same time, Canada must not forget how the United States turned back the Germans at Chateau-Thierry and saved Paris in one of the darkest moments of the war.

Industrial Understandings.

Chicago Tribune—It is a good sign, these days, when large employers of labor exhibit an honest desire to sit across the table with those they employ and get together on matters that concern them both. Lack of confidence has been the deterrent to complete industrial understanding. Tradition has made it seem impossible for the workers to take the employer into his trust. Tradition has made it impossible for the employer to speak frankly with his employees. Each always has been apprehensive of sharp dealing on the part of the other. Now there is a faint glimmer of the other's good intentions. It is a false banner.

Great Good Fortune.

Toronto Star—Mr. Fielding has, we think, expressed the opinions of the overwhelming body of the Canadian people. The desire is to stand fast with the British Empire, forming a part of it ever growing in importance, but retaining complete Canadian self-government within the larger organization. What the future may have in store for us no man knows, but the present state of the world serves to illustrate the great good fortune that is ours in forming part of so great and powerful an organization as this Empire—which, as we see it, is shaping into a group of British nations, held together by sympathy, interest, tradition, and sound purpose and understanding.

A BIT OF VERSE

When I Have Time.
(Providence News-Democrat)
When I have time, so many things I'll do
To make life happier and more fair
To package up Stuart's Cactum
Now with care;
I'll help to lift them from their low despair.
When I have time.

When I have time, the friend I love
I'll lead her feet in pleasant paths
I'll cheer her heart with words of
sweetest praise.
When I have time.

When you have time the friend you hold so dear
May be beyond the reach of all your sweet intent.
You may never know that you so kindly meant.
To fill her life with sweet content.
When you had time.

Now is the time, Ah! friend, no longer wait
To scatter loving smiles and words
To those around whose lives are
now so dear.
That may not meet you in the coming year.
Now is the time.

BOARD OF TRADE COUNCIL SESSION

Favored Daylight Saving for the City—Abattoir Matter Referred to Committee—Rimouski Recommended as Port of Call for Mails.

The council of the Board of Trade met in fortnightly session yesterday and dealt with several matters of importance. The port of Rimouski was recommended as a port of call for mails during the summer months. Communications from the Halifax Board of Trade and the Retail Merchants' Association, to the business profits tax were endorsed, being along the lines of a resolution already passed by the board and forwarded to Ottawa. No action was taken on a communication re revision of the tariff.

The resolution passed at the recent meeting of the Farmers' and Dairy-Abattoir was referred to a special committee. The council passed a resolution in favor of daylight saving for the city. The proposed bankruptcy act, followed by the Canadian Creditors' Men's Association, was referred to a special committee for report. Action on the decision of the Railway Commission re sugar rates was referred until further information was available.

The following resolution was unanimously adopted:
"Whereas fire waste in Canada far exceeds per capita that of any other country in the world, amounting to over \$50,000,000 in the year 1918; and
"Whereas, as long as such state of affairs continue no reduction in fire insurance rates can be expected; and
"Whereas, a large percentage of the fires in the province of New Brunswick are due to human carelessness, individual carelessness, and defective building construction; and
"Whereas no adequate provision for the thorough investigation of the origin of fires exist in New Brunswick;
Therefore resolved, That in the opinion of this council the Legislative Assembly of the Province should be urged to enact the necessary legislation and to prosecute in all cases where carelessness or fraud appears to be in evidence. Such Marshal to be appointed by the government on the joint recommendation of the Premier of the Province and the New Brunswick Board of Fire Underwriters."

DIVERTED FROM HALIFAX TO ST. JOHN

Many Cargo Steamers Leave the Other Side for Halifax Only to be Ordered to St. John or Portland—Eleven Recently Sent Here.

Halifax is having a hard time in procuring freight steamers this season, while this port is almost full and overflowing with ships, and all are receiving full cargoes for overseas. Diversions of cargo steamers from Halifax continues and during the past few days no less than six steamers which left the other side for Halifax have been ordered to Portland, Me., while eleven others were instructed to proceed to St. John for cargoes. Some of these ships are now on their way across the Atlantic, while others have arrived at their destinations. The steamers diverted to Portland to load are: Francisco Carpio, which left Gibraltar on March 13th; Corwin, which left Gibraltar on March 10th; Treloke, which left Gibraltar on March 8th; River Orontes, which left Gibraltar on March 8th; Joranic, which left Gibraltar on March 13th; Grellhead, which left Gibraltar on March 10th. The steamers diverted to St. John are as follows: Irish Monarch, which left Gibraltar on March 9th; Witton, which left Gibraltar on March 8th; Canadian, which left Gibraltar on March 5th; Gothic, which left Gibraltar on March 8th; Wimbledon, which left Gibraltar on March 5th; Dalham, which left Barry Road on March 18th; Greden and Bankdale, whose port of departure are not known. The steamers Glendhu and Alaska and Romera to load at St. John. Of the above named ships, the Irish Monarch, Wimbledon, have already arrived in this port. Forty steamships have already arrived here this month, and it promises to surpass the business for any other month of march in the history of the port.

B. R. MACAULAY DIED
YESTERDAY MORNING

Prominent Citizen and Member of Macaulay Bros. & Co. Dry Goods Firm Had Been Ill Since Monday With Pneumonia.

St. John was yesterday called on to mourn the loss of one of her leading citizens in the person of Beverly R. Macaulay, member of the firm of Macaulay Bros. & Company, the well known dry goods merchants of King street. He was seized Monday night with pneumonia and passed away about 9.15 yesterday morning.

The deceased was a native of St. John, and had been in the dry goods business all his life. As a boy he entered the employ of Stewart Bros. and later was with the London House. In 1876 he joined his brother, Alexander, who had opened a store on Charlotte street, and the two with D. F. Brown formed the firm of Macaulay Bros. & Company.

Mr. Macaulay was an active member of St. Andrew's Society, and for some years its president. For the past ten years he has been an elder of St. Andrew's church, and previous to that was for some years on the trustee board.

Mr. Macaulay, who was 66 years of age, leaves his wife, a daughter of the late Henry Russell, and five children. There are two daughters, Mrs. John A. Cameron, London, England, now on her way to St. John to visit her old home, and Mrs. E. Percy Howard, of this city. There are three patriotic sons, all of whom are still in service overseas; Lieut. Robt. A., who was in the west when war broke out and enlisted there, and Donald and Norman, both in Major Barber's Siege Battery.

Nova Scotia Man
Is Enthusiastic

For Dodd's Kidney Pills Have Made Him Well.

A Year of Growing Kidney Trouble Brought Bright's Disease, but He Found a Help in Dodd's Kidney Pills.

Bellefleur, Yarmouth Co., N.S., March 28.—(Special)—"You can tell everyone that it was Dodd's Kidney Pills that made me well." This is the joyful remark of Mr. Alcide Meuse, a well-known and highly-respected resident of this place. Mr. Meuse, who suffered for a year from kidney trouble, is enthusiastic in his praises of Dodd's Kidney Pills. "I think everybody ought to use them all the time," he says. Then he gives the reasons for his enthusiasm:

"I first caught a cold," Mr. Meuse states, "and kidney trouble followed. My sleep was broken, my eyes were puffed and swollen and I had dark circles around them. I was often dizzy and always thirsty. My skin itched and burned at night. I was troubled with nervousness and my limbs were swollen.

"I had cramps in my muscles, back-ache and headache. Then Bright's Disease developed. A doctor attended me but the first real relief I got was from Dodd's Kidney Pills. I took eight boxes of them and they cured me."

All of Mr. Meuse's troubles came from sick kidneys. Dodd's Kidney Pills cured his kidneys and he felt well all over. That's why he's enthusiastic. For sound kidneys make pure blood and pure blood is the foundation of health.

GRAND CHANCE FOR
THE CITY SCHOOLS

Fine Colored Picture of Wolfe Monument in Westminster Abbey Given by War Savings Society to Schools Showing Hundred Per Cent.

There has been received at the War Savings Headquarters a very fine colored picture which it is proposed shall be given to each school which can show 100 per cent. membership in a War Savings Society. The picture is of the Wolfe monument in Westminster Abbey with the Canadian Regimental flags upon it as they were left for safe keeping during the time the regiment were on the battle line. The coloring is very beautiful, and the subject chosen particularly appropriate as linking the past and present of British patriotism in Canada. The painting will serve to remind the children of today of the necessity of upbuilding and uplifting this Dominion for which such sacrifices have been made.

The inscription which it is proposed shall be inscribed beneath the picture is: "Presented to our School by the National War Savings Committee, Ottawa."

THOUGHT IT WAS A BOIL
Doctor Said Abscess.

Mr. Gleason B. Young, Kingsport, N. B., under date of Feb. 24th, 1919, writes us as follows:—"About five months ago, a lump came on my jaw bone. I thought it was a boil, and after it had been there quite a while it began to get larger. I went to a doctor and he said it was an abscess, and bled it. He gave me a wash for it, so I went by his directions until it healed up, but it commenced coming again, and in about three weeks it broke itself. I thought it would get better, but it didn't. A neighbor advised me to get a bottle of Burdock Blood Bitters, so I sent and got a bottle, and by the time it was all gone, the abscess had disappeared, and now it is all better."

Burdock Blood Bitters will heal and dry up sores, ulcers, and abscesses, no matter how large or how long standing. If you have never applied it to a cut, wound, sore or ulcer, just try it and see what soothing, healing, cleansing power it possesses. It takes out itching, stinging and burning, and promotes the growth of healthy flesh. So, too, when taken internally, by its power of eliminating all impurities from the blood and making that vital fluid rich, red and pure, it cuts off the origin and source of the foul matter that goes to make boils, pimples, sores, ulcers, abscesses and the like, and at the same time the purified and enriched blood creates healthy tissue where there was formerly, perhaps, a sore full of pus.

Burdock Blood Bitters has been on the market for 40 years. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

The Best Cough Syrup
Is Home-made

Here's an easy way to cure it, and you have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a 16-oz. bottle, pour 2 1/2 ounces of Pinex (50 cents worth); then add plain granulated sugar syrup to fill up the bottle. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you 18 ounces of better cough remedy than you could buy ready-made for five times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded.

WEIRMEN HOLD
ANNUAL MEETING

Have Placed a Minimum Price of \$20 Per Hoghead for Fish This Season.

Special to The Standard.
St. George, March 28.—The annual meeting of the Weirmen's Union was held in the Imperial Theatre this afternoon. There was a large attendance although the "flu" epidemic prevented many from being present. However it was an enthusiastic meeting.

The minutes of last meeting were read and approved. The report of the secretary-treasurer was read showing a balance of \$389.25 on hand at date. Some discussion then took place in regard to the membership fee. It was finally moved, seconded and carried, that the annual fee be \$1.00 and a \$2.00 assessment on each weir. The secretary then read a resolution which had been passed at the meeting of the executive of the Maine Weirmen's Association, the substance of which was as follows: That \$20 per hoghead be the lowest price accepted for sardines for the present season.

It was moved by John Catherina, and seconded by Harry Belyea, that the recommendation be adopted by this meeting. An animated discussion then took place, those participating being Alonzo Calder, John Catherina, M. N. Cockburn, George M. Byron, Charles Johnson, George Ellis, Mr. Cassidy and Mr. Wallace.

The consensus of opinion was in favor of the resolution. Some of the weirmen from Mace's Bay, however, objected as they had had a meeting of their executive which passed a resolution in favor of a flat rate of \$25.00 per hoghead.

Telegrams were read by the president from Mr. Ingalis of Grand Manan and also from some weir-owners in St. Andrews expressing regret at their inability to be present at the meeting, and asked that no change be made in the price of fish.

Election of officers was next proceeded with. The following were elected for the ensuing year: George E. Franley, president; Harry Belyea, vice-president; Oscar Hanson, secretary-treasurer, members of the executive to be left in the hands of the various sections at meetings to be held by them.

The question of salary for the secretary was then discussed. It was finally agreed that Mr. Hanson be paid \$100 per month and expenses, he to visit the different sections of the association, thus keeping in touch with the weirmen and adding new members whenever possible.

The meeting then adjourned.

Look and Feel
Clean, Sweet and
Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

MEN
Something New

Men Are Always In The Game.

Shaken nerves and blood.
The little VITALIZER mentioned above was designed by me to render aid to the man who really wants to make a reasonable ANTS to get strong, and who wants to regain his manly vigor, the man who persists in living an unnatural life of excess and dissipation, no hope can be offered, it for the other kind there is very hope and encouragement, cause in regulating his habits has taken the first grand and necessary step, which prepares the way for the action of any natural treatment which may resupply a body with the FORCE which has been drained off.

With respect to my VITALIZER, it is simply buckle it on your body when you go to bed. Thus, while you sleep, it sends a great, nervous power (which I call FORCE) into your blood, nerves and muscles while you sleep. Men have said it takes an or weakness out of the back on one application; that 60 to 90 days' use is sufficient to restore normal, manly strength.

Therefore, first get the free book which describes my VITALIZER. Then, if in the future you feel you could like to use one of these little appliances in your own case, will make some special proposition whereby you may have one near this city, I would be pleased to have you call. Otherwise, use the coupon and get the free book by return mail. Office hours, 9 to 6.

Words Free
Send above, my little book or illustrations and 8,000 words of text to men certain errors which are made today by those who do not in condensed form, and in easy to read from years upon years of many power as against weakness describes my little VITALIZER, one volume. Please write or call my case.

OBITUARY

Charles H. Floyd. He leaves his mother, three brothers, John and Ormond, of Boston, and Alonzo, of Alabama, also two sisters, Mrs. J. A. McMillan, of Chicago, and Miss Margaret Floyd, at home. The funeral arrangements have not yet been made.

James L. Eagles. Many will regret to hear of the death of James L. Eagles, which occurred at his residence, Durham street, at an early hour yesterday morning after a lingering illness. He was the eldest son of the late Capt. William Eagles, of this city. Besides his wife, he leaves two brothers, Lorenzo A. and George, of this city.

H. Roy Maxwell. Miss Bertha McLuskey, of 470 Main street, Thursday evening received word of the death of H. Roy Maxwell, Grand Bay, who passed away in Lethbridge, Alberta. Mr. Maxwell was a railroad engineer, a native of Durham, N. S., and is survived by his wife and three children. His wife was Miss Margaret Donohoe, formerly of St. John and Grand Bay.

JEWS FLOGGED AND PLUNDERED, REPORT ASSERTS

Investigator Blames Polish Troops for Many Outrages in Galicia and Russia.

WOMEN CRUELY TREATED

Most Serious Outbreak at Lemberg—Many Killed—Rawhide Whips Are Used.

The British Zionist organization sent Israel Cohen to Poland to investigate the pogroms against the Jews in the new Polish state. He has given a summary of the results of his investigations in an article in "The London Times," in which he says:

"Hostilities against the Jews in Galicia began to manifest themselves immediately after the collapse of the Austro-Hungarian monarchy, which those against the Jews in Congress Poland followed very soon after. The departure or desertion of the Austrian troops anxious to return home left numerous towns without proper protection. The general state of confusion that arose was taken advantage of by peasants as well as by town-folk, incited by anti-Semitic agitators, to make attacks upon Jewish shops and dwellings.

"Polish troops, instead of defending the Jews and their property, remained either passive or participated in the plundering expeditions. Attempts of the Jews to defend themselves were frustrated by the Polish military and civil authorities. As soon as the news of threatened disturbances in neighboring towns reached the Jews in Cracow they organized a militia numbering close upon 1,000 for defence.

Sanctioned by Commission.

"The Polish Liquidation Commission which assumed the government of Galicia, agreed to the formation of this corps. The Jewish militia was supplied with arms, and detachments were sent to various towns, but only in very few cases, and then only for a very brief period, were they able to render any protection. For the military commander in Cracow, General Roja, objected to the creation of the Jewish militia, and ordered that it should be disarmed and dissolved both in Cracow and in the provincial towns to which detachments had already been dispatched. Moreover, the local Jewish communities were not allowed to form any self-defence corps, nor were Jews admitted to the town militia, so that they were at the mercy of any armed band that chose to attack them.

"The utter helplessness of the Jews still continues, as is shown by the frequent assaults made upon Jews almost daily in different parts of the country.

"During November alone there were pogroms of varying dimensions and gravity in 110 different towns and townlets. In all of them shops were plundered, in many houses were also looted; and in several synagogues were desecrated. In every riot Jews were brutally assaulted, often severely wounded and in several towns they were killed. The robbers were generally peasants from neighboring villages, reinforced by the hazy elements of the town, while only in a few cases did they include deserters.

Troops Committed Outrages.

"The Polish legionaries remained either passive or else took an active part in looting and assaulting, but never defended the Jews from their attackers. The troops that marched southward against the Ukrainians were particularly active in onslaughts upon Jews. In several towns large contributions were exacted from the Jews, either as a fine for alleged disloyalty or under the pretext of supplying military protection, which was usually refused after the money was paid.

"The most serious pogrom was that at Lemberg, which, by reason of its magnitude and ferocity, and also of its political significance, requires separate consideration. Of the other pogroms, the most important were those at Przemysl, Kielce, Brzesko, and Gzrznow. The riot at Przemysl was begun on November 11, immediately after the city was captured by the Poles. The excuse given was that the Jews had shot with a machine gun at the Poles—an accusation for which not the least proof was offered. The Polish authorities disarmed and disbanded the Jewish militia, and uniformed legionaries took active part in the sacking of shops and houses, the profanation of synagogues, and the assaulting, arresting and robbing of Jews.

"The climax was reached by the demand of a contribution of 3,000,000 kronas (about \$120,000) from the Jews by the commandant, Colonel Tokarzewski, who threatened that if the money was not forthcoming within three days his soldiers would get it by force. The commandant had shot his bow too far; his outrageous demand led to his recall.

Many Hebrews Killed.

At Kielce the Jews held a public meeting on November 11 to proclaim their satisfaction at the creation of an independent Poland and to demand Jewish national rights. The rumor was spread that anti-Polish speeches were delivered, with the result that an anti-Jewish riot was started by the deputy commandant of the town militia, in which four Jews were killed, over 250 wounded, and numerous shops were plundered.

"A diabolical originality was displayed in certain places in the brutalities that were committed. At Chtyrow over 100 Jewish girls and women up to seventy years of age were driven by soldiers out of their homes, stripped of boots and stockings and forced to tramp in the cold under military escort to a neighboring town. On the way the commanding officer took the rifle of a different soldier in turn,

threw it into the river and compelled a girl or woman each time to fetch it out, which necessitated her wading up to the neck in ice-cold water.

"After the Poles captured Sandowa, Wischaya, legionaries, under the pretext that Jews had poured boiling water over them, not only plundered but cut off the beards of aged Jews and put ropes round the necks of some rich Jews, whom they threatened to strangle unless they surrendered their daughters.

Jewish Girls Mistrusted.

"A diabolical savagery ten strokes for each Jew, who had to pay one ruble (fifty cents) for each stroke. They had also to pay for a chain which broke beneath them. Two other Jews and a Jewish girl were arrested and taken to Przemysl, where they were kept in prison nine days and beaten with a stick three times daily, the men receiving thirty blows each and the girl fifteen.

"On Saturday, November 30, the soldiers plundered all the Jewish shops while their owners were in the synagogue. Then, by order of their commanding officer, they arrested thirty-two Jews, and took them to Przemysl, where they were flogged daily on the bare flesh. On the first day they were given one hundred strokes, the torture being inflicted by four soldiers, two on either side, with rods, while a fifth soldier sat on the victim's head and a sixth on his feet. On the next day (December 1) each Jew received another ten strokes. On the following day a Jewish girl came from Komarowka to Przemysl to buy potatoes; she was seized by the soldiers and dragged into the same room where the other victims were, and there given thirty strokes on the naked flesh. Later in the day six soldiers, in the presence of the Jews, outraged the girls one after another. On December 3 the officer ordered another ten strokes for each Jew, who had to pay after each blow, "Thank you, sir!" Thereupon he allowed four of his prisoners to go into the town and secure provisions for the day.

"A memorandum narrating the outrage in detail was presented to the Polish government.

Denmark Will Seek Market for Its Hogs Among the Germans

England Expected to Supply Its Own Bacon Hereafter and Stockmen Will Alter Breed to Suit Teutons.

Washington, March 28.—An official report from Copenhagen on the altered position of the Danish export market says:

"Before the war practically all of the export of bacon and more than 95 per cent of the butter went to the United Kingdom. During the war some large proportions of both these products had to be sent to Germany for political and neutrality reasons. Just at this time very little of either product had to be sent to Germany for political and neutrality reasons. Just before the war for export anywhere, at this time little of either product is but it is confidently expected that the imports of foodstuffs will again be possible and that these industries will immediately resume their export status.

"For some unknown reason there has been a rumor current in Denmark for some time that the United Kingdom was preparing to supply itself with butter and bacon from within the empire and that Denmark would be forced to find other markets. Germany would be the obvious resort; but for that market certain changes would be necessary in the character of the products.

"The lean bacon so much prized in England, the so-called 'English breakfast bacon,' is not so much demanded in Germany. Fat pork and bacon are demanded there. Such a change in the product would involve considerable changes in feeding and possibly also in the breed of the hogs.

"In the matter of dairy products,

December 10th, 1917.

"I was a great sufferer from Rheumatism for over 16 years, I consulted specialists, took medicines, used lotions; but nothing did me good. Then I began to use 'Fruit-a-tives'; and in 15 days, the pain was better. Gradually, 'Fruit-a-tives' overcame my Rheumatism; and now, for five years, I have had no return of the trouble. Also, I had severe Sciatica and Constipation, and 'Fruit-a-tives' gave me a good appetite; and in every way restored me to health."

Germany would gladly take the butter to compensate for the large amounts formerly imported from Siberia, but no longer available. But the dairy interests think they can get better profits by exporting milk to Germany instead of butter, and they are now experimenting on a process of 'homogenizing' which is expected to change the character of the milk that it can be shipped long distances, reaching destination after a week or more in practically a fresh state, and without having the cream separate.

"Milk powder also will be made and the condensing factories are preparing to increase capacity.

"Denmark has never been an extensive cheese country. The skimmed milk, from which cheese naturally would be made, has been fed to hogs for production of lean bacon. There is a chance that the change in the kind of bacon wanted may result in a more extensive production of cheese. In any case, there probably will be greater diversity in the animal products made for export, with a view to catering to more than one market."

RED ROSE TEA is good tea

THE British are noted as great tea drinkers and are naturally good judges of tea.

So when we learn that over 70% of the tea used in Great Britain is Indian tea we can be sure that Indian tea is of the very best quality.

In Canada the preference for Indian tea has become just as strong, as evidenced by the success of Red Rose Tea which consists chiefly of ASSAMS—the richest and strongest of Indian teas.

Red Rose is always sold in sealed packages.

Makes Most Nourishing and Delicious Bread

Every mother, who has the great responsibility of bringing up growing children, knows the importance of selecting the flour that will provide the highest possible nourishment in the bread that children use. When Cream of the West is used, old favorites, like bread and milk, become rare treats. What could be more nourishing!

When baking bread you surely owe it to yourself to select with care the flour that will provide the most nutrition and energy-producing power.

You can always depend upon the fullest nutrition value and rising quality of Canada's best hard wheat when you use

Cream of the West Flour

(Milled according to Government Standard)

You can afford to try our flour because it is made by one of the best equipped mills in all Canada, with every facility for maintaining its splendid reputation for nourishing quality. How everyone does enjoy the delicious bread Cream of the West Flour makes! And what genuine satisfaction to have those great big loaves rise right up out of the pans, with crumb so white and even and the rich golden crust, crisp and sweet! Because it is made from Western Canada hard wheat, Cream of the West Flour is rich in gluten; this is not only a highly nourishing substance, but to it is due the rising quality of bread. Decidedly you should give Cream of the West the good trial it deserves.

Your Recipe Comes out Right

Wheats differ in strength in different localities. Our testing laboratory finds out the exact strength of the wheat we use; thus it is easy to keep our flour always at uniform strength. You have no baking troubles due to varying strength of your flour.

THE KENNEL CLUB'S FOURTH AND FINAL

Last Evening Show Brought Out Some High Class Dogs—Some Expert Opinion on the Good and Bad Points of Different Winners.

The New Brunswick Kennel Club's fourth and final show of the season was held on Thursday evening in the rooms in the Market Building, and was even more successful than any of the previous exhibitions. Patrons of the sport filled the rooms to capacity and speculation was rife as to the outcome of the judging.

The dogs taken on in regular class were Saint Bernards, Boston Terriers and, in fact, anything that had not already been adjudicated upon.

Saint John is not a city where the fancy runs to the larger breeds, and as a consequence the judge's work in these classes was almost nil. Boston Terriers furnished the largest class, but outside of the regular winners, dogs were a very ordinary lot, and could not be called show dogs.

The one Pomeranian shown is a nice little toy, but very timid. However, this little dog possessed enough merit to induce the judge to hand her the ribbon for best in regular classes.

The Pekingeses is also a good little dog and was awarded the blue. The regular classes were judged by Sergt. T. McCullough, and the final for best dog shows this season called for the services of Sergt. McCullough and Ralph Preston. W. W. Laskey was named as referee in case of a difference of opinion, but was not called upon to act.

The result of the judging was as follows:

Saint Bernards—Barney Oldfield, owned by Little Eric Goding, and about twice as large as his owner, was the only entry and was handed a First ribbon. Barney is a dog of good size; has good head and muzzle, good eyes, but poor teeth. His front is good, with well boned, straight legs; has good chest, ribs and back, but is badly used up in his legs.

Boston Terriers—Of the five entries in this class Evergreen Poppina, owned by Capt. H. O. Evans, was the winner. This dog is a very typical Boston and was easily the best in the class. The bitch winner, Alex Lesser's Queen Regs, is also of good type, but is a bit pinched in muzzle and slightly undershot. Her general conformation and markings are good.

Truckston King, owned by Mrs. Beaver is long in face, long in back, light in bone and poor in ear carriage. In bitches, Alex Lesser's Queen Regs captured the blue without much exertion. She has good color, and markings and is nice type, but, like most of the others, is a little undershot. Wm. O'Keefe's Judy, placed second, is undershot, long in back and has poor feet.

Jay's Captain, owned by J. Begg, was handed a First ribbon, being the only entry.

Pomeranians—Only one entry, Mr. A. Bauer's Twinkle, a nice little black, with good head, ear and coat; has good body, legs and feet, but is too timid for showing.

Fox Terriers—Only one entry, Mrs. H. Crampton's Ypres, a well bodied and nicely marked dog, was given a First.

Pekingeses—Had only one, Mrs. H. C. Simmons' Polly Mount Ridge, but she is a good one and well entitled to her First ribbon.

After these classes were judged, Sergt. McCullough introduced the Alsatian war dogs of Major Legere, Lieutenant Barnes and Mr. Hunter. These dogs were in for exhibition only, and certainly proved an attraction. Five puppies about six weeks old were turned loose in the ring, and expressions of admiration could be heard in all corners of the room. These belong to Lieutenant Barnes and are now at Mr. Hamilton's kennels in Fairville.

Next came the event of the evening, the judging of the cup winners throughout the winter, in competition for the challenge trophy presented for Best Dog of the Season. Four dogs Mrs. E. A. Sturdee's Irish Setter Glencho Consmara; Leil Wilson's wire-haired fox terrier, Chris Corporal; Bliss Smith's Cocker Spaniel Sir Namsie and Mr. A. Bauer's Twinkle, made up the class, and the judges had their work cut out. After a short time the Pomeranian was sent out and the competition really began. All three of these dogs are choice specimens, and it was a place where small defects counted. Finally after half an hour or more, the judges awarded the cup to Mr. Wilson's dog.

All three dogs were in the pink of condition, an object lesson to most exhibitors in these parts, and the handling of the spaniel by Mr. Smith is certainly worthy of mention. This little dog posed like a statue—thoroughly educated—and showed all that was in him. The Irish Setter seemed to be a bit restless and hard to manage, while the Fox Terrier appeared listless. In these shows, which are really meant as educators, type is the first consideration, and on this the prize was awarded.

Now that the shows are finished for this season, congratulations to the Show Committee of the Club are certainly in order. While everything may not have been as promptly attended to as it might have been, the exhibitions have been wonderful successful; much has been learned by exhibitors and next winter will surely be looked forward to by the dog lovers of Saint John.

The judges wish to express their appreciation of the manner in which their decisions have been received. A man's home town is a hard place in which to judge dogs or anything else, but it must be said that throughout, the shows the very best of feeling has prevailed, and kicking was almost nil.

How the Hot Spot Makes Chalmers One of the Few Great Cars

The cylinders of an engine are like the stomach of a man. Unless food is thoroughly chewed up before it reaches the stomach there is liable to be indigestion.

In most cars today gas arrives in the cylinders in too large globules. The Hot Spot in the Chalmers prevents this. For it "cracks up" and heats the gas. As soon as it strikes the Hot Spot gas is "pulverized" into a most minute "vapor powder." Engineers call this "dry gas."

Then the gas is passed quickly through the Ram's-horn which equally distributes the gas among six cylinders and makes it arrive at each cylinder at exactly the same time and travel the same distance.

Which means not only more power from less gas, but hitting on all six all the time, amazing ease in starting on a cold day, less friction, less vibration, and hence a cool running engine on a red hot day.

To miss a demonstration in a Chalmers nowadays before purchasing a car—no matter what price you pay—is to miss an experience worth making a day's march to find.

HOW THE PEOPLE OF ST. JOHN CARE FOR OUR SOLDIERS AND THEIR FAMILIES

Not Only Men from New Brunswick, But Soldiers from All Parts of Canada Have Reason to Feel Grateful to Women and Men of St. John for the Reception Accorded Them Here on Their Arrival, and for Kindness Shown Their Wives and Children—A Work Which Has Been of the Greatest Value to Canada During the Winter Now Ending.

Have you ever set out on a journey where you did not expect a friend in the world to meet you at the other end? If so, you know something of the loneliness which comes to all other travellers on life's highway and can perhaps picture the feelings of some seventy per cent. of the party of soldiers' dependents who landed at St. John from overseas a week ago.

Representatives of organizations that are doing splendid work at the Port of St. John.

JEAN'S CONSPIRACY

By Phoebe Sheffield.

It was one of those mild days that have a way of pushing in ahead of time, an April day in the month of March, and Gilbert Preston standing at the open window, smiled as he inhaled long breaths of the balmy air. His thoughts quickly left New York with its traces of melting snow on the sidewalks and travelled South, to Florida to be exact. Gilbert had often been there as a little fellow, but the family fortunes had changed and now he stayed at home during the winter and took his two weeks vacation during the summer as a well regulated clerk should.

cheery greeting and a warm handshake for her. "Some mistake here, is her inner comment, but no it was intended for her.

"I want to welcome you to Canada," says a cheery while you go to the customs. "He won't go to strangers," says the mother doubtfully yet hesitatingly.

"Oh I think he will, let us try anyway," and two minutes later master-baby, who has a keen instinct for genuine friendliness, has his fat little hand clasped around the fingers of the new friend, while the mother is plicated by another willing helper over to the customs office. This duty through the entire party, with many other little families, are escorted to the cosy waiting room.

He is so proud and I like him much better than the other one, and I am a horrid creature," she added to her father's puzzled amazement.

"Of course Lord Beacon is a nice young man but fail to see what I can do for him. And I am a little disappointed, my dear, I had hoped it would be young Preston instead of a foreigner."

Strangers in a Strange Land Receive the Warmest of Welcomes on Their Arrival at Sand Point—Wives and Children Given Very Best Care by Members of Local Organizations Who Have Provided Everything Imaginable for Their Comfort During the Hours of Waiting—Committees on Hand to Meet Every Steamer—Passengers Looked After Until the Trains Start.

Wonderful are the stores which are carried on the train for emergency purposes. Hot water bags, camphorated oil and aromatic spirits of ammonia, for chance patients, are some of the good things found in the nurses' equipment. In addition to these medicinal remedies there are garments and helpful things which no one but the minds of very thoughtful and motherly women could think of. Many of the strangers who arrive have been used to a warmer climate overseas and wear short socks, which leave the knees uncovered. So among the garments provided are stockings for the children from 4 to 8 years of age, cosy little woolly ones. Also flannelite undergarments, so that the baggage carried by each nurse makes a considerable basket-full.

Party of soldiers' wives and children just arrived from overseas, St. John, N. B.

WHO WON THE WAR?

Recently a military correspondent summed up the German ambitions at the beginning of the war, thus: "In his vast scheme of world power, he rested his right flank on the North sea, his left on the Persian gulf and sought by pressing down to Salonica to establish a Mediterranean bridge-head which should take Gibraltar in reverse and threaten the flank of our communications eastward. His laboring by means of railroads and alliances and submarines to smash Britain and conquer the world; for he knew she knows better now that a necessary condition precedent to world dominion is the elimination of Britain as a power, and especially as a sea power.

ST. JOHN

On Monday afternoon in the era Steamship Company's new line, which had been pretty decorated with flags and bunting for the occasion, the exhibition of original water-tures numbering about one hundred and fifty, and captured German was officially opened by Premier Foster, His Honor Lieutenant Governor Pugsley not being able to be present. Mrs. E. Atherton Smith, regent of the St. John Standard Chapter, under auspices the exhibition is being occupied the chair and called Premier Foster to declare the exhibition open. During the week the exhibit has attracted many interested citizens, who through the medium photography have got a better idea of what the Canadian boys have done in the struggle for right against wrong. A tea room where light refreshments are served by a committee of from the Chapter, is much appreciated by the visitors to the exhibition. The forming of a Municipal League of the I. O. O. E. in St. John, this week started a long list among the primary chapters. Officers elected were: Hon. Regent, Mrs. William P. Foster, Treasurer, Mrs. Helen E. RED TRIANGLE CLUB EXECUTIVE

Encouraging Reports Received at Meeting Yesterday—Committees Appointed and Capt. Dixon Outlined Programme.

The ladies' executive in connection with the Red Triangle Club held a meeting in the amusement hall of the club yesterday morning.

The new secretary, Captain Dixon, was introduced to the members, and he was asked to give an outline on a plan of programs that he might have in view, and show how the ladies could assist in the working out of these plans.

The entertainment committee reported they had provided special entertainments on Friday evenings, which were called on by the retiring secretary, Captain Dixon, and all expressed their appreciation of the work performed by him.

Liverpool, March 27.—Ard stmr Manchester Brigade, St. John.

Makes Deferred Trip.
The schooner Isiah K. Stetson, which entered this port last December and has since been tied at the Rodney slip, has cleared for Liverpool, N. S. Yesterday's Arrivals.
Two of the vessels which arrived yesterday, the S. S. Gothic and the Grellwin, came in ballast and will load grain. The Philadelphia brought 15,000 bags of wheat and is at the Long Wharf waiting for a berth at the Rodney pier. The other two are lying in the stream.

Due Today.
Another sugar boat, the S. S. Carib, is due here today with a large cargo for the refiner's from Santo Domingo.
Sails Today.
The S. S. Lord Antrim, grain laden, sails today for Belfast.
Service for Magdalen Islands.
Halifax, March 28.—The Magdalen Island steamship service was again discussed by the council of the board of trade, A. B. Wiswell appearing before the council on behalf of the Magdalen Island merchants. Apparently without it being generally known a contract was given a Quebec firm to conduct a service from Quebec to Gulf points and also another service from Pictou to the Magdalen Islands calling at Souris. This contract is for the sum of \$70,000 for five years, and is said to have been entered into last fall. It is now reported that the company has been unable to obtain a suitable boat and propose placing a steamer on the route, which is considered, would be unsatisfactory from every standpoint. A telegram from the Magdalen Island merchants, was read, asking the board to co-operate in obtaining a suitable service on this route; after discussion it was decided by the council to ask the government to place on the line steamers on this service if the Quebec company failed to procure a suitable steamer. It was announced that the steamer Stanley would make a trip for the purpose of carrying mails and freight, leaving Halifax tomorrow morning.

The Ice Report.
The following was the ice report received yesterday:
Quebec to Malene—Very little ice. Eastward to Gaspe—Open ice. North Shore—No ice. Money Point—Close packed inshore. Gut Canoe—Clear off Point Tupper. Cape Bay—No ice. Flat Point—Close packed; stationary. Cape Race—Heavy close packed; stationary. Magdalen Island—Heavy close packed.

ONE DRUNK ARRESTED
One drunk was arrested last evening and placed in a cell at police headquarters.

A CHIMNEY FIRE.
A chimney fire in the house owned by G. H. Whitaker, called the North End firemen out about nine o'clock last night. The blaze was extinguished before any damage was done.

ADOPTS DAYLIGHT SAVING.
Commencing Monday morning the St. John-Digby steamer Empress will adopt daylight saving time, in conjunction with the railway systems. Those travelling by that steamer should put their watches ahead an hour.

DESERTED HER HUSBAND.
A few days ago when a man returned to his home after a hard day's work, he was surprised to find that his wife had deserted him taking their children with her. He has since learned where they are located and hopes to induce his better half to return home.

TRAIL RANGERS CLASSES.
The Trail Rangers classes from the associated churches held their weekly meeting in the Y. M. C. A. last night and were entertained by Captain Dixon of the Red Triangle, who related some of his experiences in France during the past two years. Arthur M. Greag, director of boys' work, presided.

HAD NARROW ESCAPE.
A boy who was stealing a ride on the rear of a street car had a narrow escape on the corner of Charlotte and Princess streets yesterday afternoon. He fell to the pavement and at the same time only the prompt action of a chauffeur prevented an automobile from running over the youngster.

THE BOARD OF TRADE.
Word has been received at the office of the Board of Trade, that J. Grove Smith, of the Dominion Conservation Commission, would be present and address the April meeting of the board. It has been decided to throw the meeting open to the public and all citizens are invited to attend and hear Mr. Smith.

RECEIVES APPOINTMENT
Major S. C. Hill, formerly of the Canadian Engineers, who resides in St. Stephen, has been detailed for duty with the C. R. S. C. E. in Military District No. 12, with headquarters at Regina. Major Hill is a returned officer and his new appointment is looked upon as a promotion. He will leave in the near future for the West.

THE BIG DRIVE.
At a meeting held at the provincial office of the War Savings Committee, the following committee was appointed to make arrangements for the big drive, which is to be held in May: A. C. Skelton, chairman; T. Simpson, T. F. Drummie, A. P. Sainders, J. C. Berrie, R. D. Paterson, F. E. M. George, E. Ellis and a representative from the Knights of Columbus.

MORE SOLDIERS RETURNING.
Next Wednesday should see the arrival at Halifax of the troopship Canada, with 146 officers, 69 cadets and 1,137 other ranks. The R. M. S. Scotian left Liverpool last Tuesday for this port with 13 nurses, 54 officers, 40 cadets and 1,619 other ranks, an unusually large military sailing, mostly men from Kimmel Camp. Only 56,000 Canadians now remain in France.

GALES OFFSET FISH MARKET.
Due to the recent offshore gales, the local fish market suffered a lack of fish during the week, but the outlook is bright for next week. A few lobsters have come in, but they are mostly small ones. It will be about ten days before the lobster season will start in earnest. Prices are holding firm, no change being reported since last week.

FOUND NOT GUILTY.
The case of the King vs. Connell, Kelly and Cain, charged with breaking and entering, was before the county court yesterday. At the morning session evidence was given by L. R. Ross and others, and address of counsel heard. At the afternoon session His Honor Judge Armstrong delivered the deliberation returned a verdict of not guilty. C. H. Ferguson for the Crown, and W. M. Ryan for the defence. Adjournment was made until Monday morning at ten o'clock.

INTERFERED WITH THE POLICE.
One of the police while carrying out his sworn duties Thursday afternoon in arresting a drunk was prevented from doing so by a companion of the inebriate, who interfered to such an extent that the policeman was compelled to allow his prisoner to go. A warrant has been sworn out for the arrest of the man, who will have to answer the charge of interfering with the police while in the discharge of their duty.

THE ARMY HUT.
The Knights of Columbus Hut in the Y. M. C. A. Club street, is the scene of much activity at the present time. On Thursday evening there was a large crowd of returned soldiers and others on hand. Over 160 cups of coffee were served, over twenty pounds of cake and something over 500 cigarettes issued to the boys. All went to the returned men and women. Many of the boys enjoy the numerous games which have been installed for their special benefit. The swimming pool and shower baths are being visited daily by large numbers of the boys.

AN "AERO-SLED."
An "Aero-Sled," so called, was observed in Union Depot yesterday and attracted considerable attention. The sled is en route from New York to Newfoundland for one of the residents there. In construction it resembles an ordinary ice cutter, two runners behind and one in front, steered by a device similar to an automobile. Two seats, as on a tandem bicycle, were attached to the top frame. At the rear of the sled is a device where an ordinary two horse gasoline engine was to be attached, and a worn runner along the ice next the right hand runner forced the sled along when no wind was available.

TRADES AND LABOR
COUNCIL SESSION

Urge Legislature for an Eight Hour Day — Call Public Meeting on Housing Problem — Decide to Assist Union Men on Strike.

Daylight Saving went down to defeat last evening at a meeting of the Trades and Labor Council, in Odd Fellows Hall, when, after a discussion of the matter, the following resolution was drawn up and unanimously accepted:

"Whereas, certain interests are conducting the usual annual agitation in favor of Daylight Saving; and whereas the results to be obtained are problematical from the standpoint of the working man's benefit, therefore, be it resolved that the Provincial Legislature be urged to pass legislation for eight hour day, as being of more prominent benefit to the people of the province."

President F. A. Campbell presided at the meeting, which was largely attended, and at which much business of vital import was transacted. A communication was received from the Board of Trade relative to the housing situation in the city. After discussion it was decided to hold a public meeting in the near future relative to the communication.

A communication was read from the International Union of Metal Polishers, Toronto, regarding their recent strike there as a direct result of their wages being cut fifteen cents per hour since February. The meeting went on record as giving this union all support possible in their just fight.

George P. Hutcheson, Assistant Superintendent of the Dominion Employment Bureau in the city, addressed the meeting, asking for the loyal support and co-operation of all unions. President Campbell was appointed to act on an advisory board at this suggestion.

The question of the Pulp and Paper Workers' recent strike was next discussed and mention was made of several of the local mill owners, who refused to give employment to the men now on strike. The Trades and Labor Council again went on record as helping the pulp workers in their struggle, and a committee was appointed to further the object of the Pulp Handlers. Again the Council went on record as favoring the citizens of St. John in their fight with the New Brunswick Power Company, and will lend all assistance to the city in its struggle.

International Organizer J. Sullivan of the Cigar Makers' Union, addressed the meeting regarding the recent lock-out of the cigar men in the cities of Hamilton and Toronto, in their fight with the "Trust" Cigar Company and the Andrew Wilson Company, respectively, both of which firms no longer hold the Union Label. As a result of this, a discussion followed in which it was decided to lend support as far as was possible to the men on the lock-out and to ask for the Union Label.

The drawing in connection with the lottery, which was to have been held at the meeting last evening, was postponed until the next meeting, on Friday evening next, as all the tickets had not been turned in. All members are requested to have their tickets in by next Friday night so that the drawing may then be held.

RESOLUTION OF
SYMPATHY PASSED

At Meeting of Retail Merchants' Association Last Evening Members Expressed Regret on Death of Beverley R. Macaulay, a Member of the Board.

At a special meeting of the Retail Merchants' Association, held last night under the presidency of A. O. Skinner, and favored with a full attendance, the following resolution was unanimously adopted:

"Resolved, that the members of the Retail Merchants' Association of St. John desire to express their keen regret and deep sense of loss in the passing of Beverley R. Macaulay, a valued member of the Board. "Mr. Macaulay has for long been an example and inspiration to younger business men, and his advice was eagerly sought and greatly appreciated. From the first he took an active interest in the Retail Merchants' Association and his death now comes as a great shock to his fellow members."

"Further resolved that this Association wishes to express its deep sympathy with his family."

SERG. KENNETH TODD
RETURNS FROM WAR

Went Over With 52nd Battalion and Escaped Wounds or Sickness—His Brother Paid Supreme Sacrifice.

Sergt. Kenneth Todd, son of Mrs. Alice Todd, 1 Portland street, who enlisted with the 52nd battalion when that unit was in St. John, reached home yesterday and was given a warm welcome. Two sons, all Mrs. Todd had, enlisted and only one came back, the other lies in a Canadian cemetery "somewhere in France," having given his life in defence of the liberties of the world.

PRESENTATION TO
REV. F. H. WENTWORTH

Purse of Gold Given Retiring Minister of Waterloo Street Baptist Church Last Evening—Excellent Programme Thoroughly Enjoyed.

A delightful Sunday School entertainment was held in the class room of the Waterloo Street Baptist Church last night, when the congregation, especially the younger folks, gathered to enjoy a social hour and also bid farewell to their pastor, the Rev. F. H. Wentworth, who preaches his farewell sermon tomorrow.

There were many affecting scenes, when W. McElli, superintendent of the Sunday School, presided. A very interesting break in the entertainment was made when Senior Deacon James Paterson, in a neat speech, and on behalf of the congregation, presented the retiring pastor with a purse of gold, which Mr. Wentworth graciously acknowledged.

The programme, which was opened by the National Anthem, and prayer by the pastor, included the following: Piano solo, Miss Florence Klenstead. Recitation, "How Can We Sinner," Chorus, by the school. Exercises, "How the Rose Grew," Recitation, Helen Wetmore. Exercises, "How Can We Sinner," Recitation and Exercise, "Buttercups."

Power Drill, Girls of Miss Smith's Class. Exercise, "Sacrifice," Reading, Mrs. Wentworth. Exercise, "Symbols," Tableau.

HAVE PURCHASED
LARGE BUILDING

Marr Millinery Company Now Own Large Wooden Building in Rear of Present Premises and Fronting on Union Street.

The Marr Millinery Company has purchased the large wooden building in the rear of their present premises, fronting on Union street. This four story structure was the property of the D. R. Jack estate, represented by the Eastern Trust Company, through which company the deeds of transfer are now being arranged. Mr. Marr has had his premises too cramped for his growing business, and is planning to make immediate alterations which will give him on the ground floor one of the finest show rooms in the city. The property now being taken over is four stories in height, having a frontage of thirty feet on Union street and a depth of sixty feet. The dividing partitions will be removed and the whole ground floor made into one room while upstairs, in addition to storage and work rooms, there will be arranged a millinery room for children and another for the finest goods.

The contract for alterations is now in the hands of Edward Bates, and the work of re-erecting will be commenced within the next couple of weeks. On its completion the Marr Millinery Company will possess a very attractive store and a better position than ever to care for its rapidly growing business.

WAS THREE YEARS
AT THE FRONT

Louis Barker Christie Arrived Home Yesterday — Went Over With 104th and Was Once Wounded.

Among the St. John boys who reached home yesterday was Louis Barker Christie, youngest son of Mr. and Mrs. B. A. Christie, of 25 Victoria street. This young hero, who is one of two sons who has been fighting the Hun for the past three years, enlisted with the 104th battalion and sailed from Canada with that unit in June 1916. In July of the same year, a call for recruits for the 5th C.M.R. reached the camp at which the 104th was stationed and Mr. Christie was one of the first to respond.

He carried on until the Passchendaele affair, where he received a bullet through the arm. This caused a trip to "Blighty" and he was in England until the spring of 1918, when he returned to the front and took part in the retreat and advance of the Allied forces last summer and fall and was one of the Canadians who captured Cambrai. He was warmly greeted by many friends at the depot yesterday who the train pulled in.

ENTERTAINMENT AT
RED TRIANGLE CLUB

The regular Friday entertainment was held in the Red Triangle Club last evening, and was thoroughly enjoyed by a large number of soldiers and sailors. At the commencement of the entertainment three reels of motion pictures were shown, one of which was a comic feature and thoroughly enjoyed by the lads.

Then followed a programme of songs and instrumental numbers, of whom the following took part: Solo by the Misses Hanington and Magee, and a quartette of men from the C. F. O. S. Metagaram, who delighted the lads in songs, music and story. The instrumental selections of this number consisting of violin, banjo and guitar, were thoroughly enjoyed and elicited much applause. Mrs. A. J. Muebay was the accompanist.

Captain Dixon presided and introduced the musical secretary of the Y. M. C. A., Mr. McAllister, who delivered a brief address.

Next Tuesday evening it is proposed to have motion pictures from Canada in 1914. He served with the artillery for some time as a driver and this proving too tame, transferred to the battery as a gunner. On July 9th, 1916, he paid the supreme sacrifice and lies a hero's grave in Europe.

RETURNED HEROES
WARMLY WELCOMED

Large Party of Soldiers from Overseas Greeted With Cheers on Arrival at Union Depot Yesterday.

Greeted by the reception committee, the military band and a vast concourse of friends and relatives, over two hundred and thirty New Brunswick boys returned home yesterday to enjoy a social hour and also bid farewell to their pastor, the Rev. F. H. Wentworth, who preaches his farewell sermon tomorrow.

There were many affecting scenes, when W. McElli, superintendent of the Sunday School, presided. A very interesting break in the entertainment was made when Senior Deacon James Paterson, in a neat speech, and on behalf of the congregation, presented the retiring pastor with a purse of gold, which Mr. Wentworth graciously acknowledged.

The programme, which was opened by the National Anthem, and prayer by the pastor, included the following: Piano solo, Miss Florence Klenstead. Recitation, "How Can We Sinner," Chorus, by the school. Exercises, "How the Rose Grew," Recitation, Helen Wetmore. Exercises, "How Can We Sinner," Recitation and Exercise, "Buttercups."

Power Drill, Girls of Miss Smith's Class. Exercise, "Sacrifice," Reading, Mrs. Wentworth. Exercise, "Symbols," Tableau.

INTERESTING EXPERIENCE.

Among the arrivals was Signaller N. A. Kee, a former employe of Manchester, Robertson, Allison, Limited, who went overseas a year ago with the 9th Siege Battery and was later transferred to the 40th Battalion as a signaller. He was with the battalion in Belgium at the time of the signing of the armistice, and later had the opportunity of standing on the site of the old battle of Waterloo. The interesting souvenir he carries is a copy of the first Belgian paper published after the Germans were forced out of the invaded country.

Won Military Cross. One of New Brunswick's bravest sons, returned yesterday in the person of Major Allan Leavitt, who sailed from Valcartier with the first contingent as Lieutenant in the 1st Battalion of the 10th Brigade of the 4th Canadian Division. He was with the battalion in Belgium at the time of the signing of the armistice, and later had the opportunity of standing on the site of the old battle of Waterloo. The interesting souvenir he carries is a copy of the first Belgian paper published after the Germans were forced out of the invaded country.

Another overhauled hero returned yesterday, Sergeant Leslie C. Holder, formerly of Holderness, who sailed from Valcartier with the 10th Brigade of the 4th Canadian Division. He was with the battalion in Belgium at the time of the signing of the armistice, and later had the opportunity of standing on the site of the old battle of Waterloo. BUSINESS BOYS MEET.
The fortnightly meeting of the Junior Business Boys' Club was held in the Y. M. C. A. Thursday night. A break was made from the usual form of entertainment, several reels of moving pictures being projected under the direction of Capt. Dixon of the Red Triangle. The refreshments served later were greatly enjoyed.

FUNERALS.
Mrs. Edgar T. McHarg, 169 St. George street, West Side, was buried yesterday afternoon at Cedar Hill cemetery, funeral services being conducted by Rev. W. R. Robinson. The funeral of Mrs. Catherine Linton, Fairville, took place yesterday afternoon. Rev. Thomas Marshall conducted services; interment at Cedar Hill.

SURPRISING VALUES FOR SATURDAY'S SHOPPERS.
Snowy white Gowns and Chemises, daintily trimmed with lace and insertion, \$1.40 and \$1.39. Remarkable values that can better be gauged by personal inspection than any price comparison. They are small reminders, and regular values recited in an account consideration in reprinting them for Saturday clearance. Gowns are made of exceptional fine cambric in silver style, with short sleeves, and V or square necks, daintily trimmed with lace, insertion and ribbon run. A remarkably good value at \$1.49. Envelope Chemise also of fine white cotton, lace and embroidery trimmed with shoulder straps. Saturday special \$1.39. Dykeman's Whitesep Section, third floor. Take Elevator.

THE OWNERS PROTEST.
It is hardly likely that Germain street from King to Union will be paved this summer, as a petition from the property owners protesting against the work being done under the local improvement act, has been placed in the hands of Common Clerk Wardrop. It is understood the property owners of Union street will file a similar petition in the near future. Unless the work is done under the local improvement act, it will not be done this year, as Mayor Hayes has stated emphatically that he will not vote for a bond issue for this work, if it is to be charged to general taxation.
