

SMUTS MAY BE MAN TO BREAK THE DEADLOCK

Rumored in London That He May be Sent to Belfast to See Craig.

SINN FEINERS ARE STILL VERY HOPEFUL

Next Conference Between De Valera and Lloyd George Will be Held on Thursday.

London, July 19.—Events which apparently had been proceeding smoothly and with fair rapidity toward a common ground upon which the British Government, the Irish Republicans and the Ulsterites, could find a basis for settlement of the troubles in Ireland, have fallen into a lull and for the moment the negotiations, both official and private have ceased.

Figuring Out Status.

With Sir James Craig, the Ulster Premier, again in Belfast, having before his departure from London delivered a pronouncement which seemed at the time to spell the end of the discussions between the three parties, the English people are trying to figure out what will eventually happen with respect to Ulster and more particularly with respect to the whole of Ireland and at the next conference between Lloyd George and Mr. De Valera, which is set down for Thursday.

Smuts for Belfast.

In the meantime, General Smuts, the South African Premier who proceeded to Belfast as intermediary, and the fact that the Ulster leader has declared that his services and those of the officials under him "are available at any moment," leads to a hopeful view that the final word of the Ulsterites has not yet been spoken.

King Greatly Concerned.

The King, greatly concerned in the outcome of the Irish discussions, was visited today by the Marquis of Londonderry, Ulster minister of education, who, it is understood, gave His Majesty details of the conversations the Marquis had with Mr. Lloyd George yesterday. The continued presence of the Ulster cabinet in London is considered significant and of good augury.

CANADA TO HAVE FEWER TROOPS

Four Hundred Men in Regular Force to be Discharged August First.

Ottawa, July 19.—Canada is reducing the strength of her permanent force by ten per cent, it was officially announced by the militia department today. This step, taken on the ground of economy and effective as soon as possible after July 31, will mean there being a maximum of 3,500 officers and men, as against 4,000 as heretofore. Commanding officers were instructed to select those for discharge who will suffer the least hardship.

Four Hundred to Go

The reductions in the Canadian Permanent Force, taking effect on July 31, for as soon as possible after that date, will affect all units. The Royal Canadian Dragoons will lose 17 men; Strathcona Horse, 13; Royal Canadian Artillery, 59; R. C. B.'s, 31; Royal Canadian Engineers, 14; P. P. C.L. and 2nd Regiment, 20 each; Machine Gun Brigade, 15; R.C.A.S.C., 40; R.A.M.C., 2; R. C. Ordnance, 80; B.C.A. Veterinary, 20; R.S.A.P.C., 2; Y.M.C.A., 11; Miscellaneous, 50; making 400 in all, or a total reduction of ten per cent.

U. S. TARIFF BILL

Washington, July 19.—The House finished consideration of contested schedules in the Fordney Tariff Bill today by placing asphalt on the free list and thus in four of the five paragraphs open to separate votes, overruled the action of its ways and means committee in framing the measure. Dye control provisions of the bill as drawn were in the only section of the bill not acted by the House.

QUEBEC MEMBERS

Quebec, July 19.—Premier Taschereau has sent a telegram to Hon. G. H. Murray, Premier of Nova Scotia, on the completion of 25 years as premier of that province.

CANADA CAR GETS BIG RUSSIAN ORDER

Montreal, July 19.—W. W. Butler, president of the Canadian Car and Foundry Company, Limited, is back here today after a four months' tour of Europe. He states that he has secured a \$2,000,000 order for 500 fifty-ton tank cars for the Russian Soviet Government. Work has already been started on this order and will be completed by the end of November this year.

DEVONSHIRES EN ROUTE HOMEWARD FROM DOMINION

Fine Send-off at Quebec for Vice-Regal Party as it Quits Canada.

VETERANS' GUARD AT THE WHARF

Acting Premier of Canada There to Say Good-bye to Departing Gov.-General.

Quebec, July 19.—Canada's farewell to Their Excellencies the Duke and Duchess of Devonshire this afternoon was a most impressive affair. The Governor-General and the Vice-Regal party boarded the Empress of France at 4 o'clock.

On the wharf were Sir George Foster, Acting Premier; Rt. Hon. C. J. Doherty, Minister of Justice; Sir Charles Fitzpatrick, Lieutenant-Governor of the Province of Quebec; Hon. F. E. Blondin, Postmaster-General; Premier Taschereau, of Quebec; Hon. Martin Burrell, Lady Fitzpatrick, Mrs. Taschereau, Mrs. Bates Lady Foster, Mrs. Doherty and Mrs. Blondin.

Veterans Supply Guard.

A guard of honor was supplied by the 22nd Battalion in charge of Major J. P. U. Archambault, D. S. O., M. C., Legion of Honor, was present and was inspected by His Excellency, accompanied by General Landry, G. O. C., M. D., and his staff. He said a few words to the officer in charge and Lieutenant-Colonel Chasse, and then joined the group of ladies who accompanied their Excellencies bidding farewell to those gathered around. The vice-regal party proceeded to the reserve suite, which had been decorated with pink, and roses through the kindness of Mrs. L. A. Taschereau, wife of the Premier, Lady Foster and several of the ladies present boarded the vessel and then returned to the wharf. His Excellency and the Duchess appeared on the deck a few minutes later and at 4:15 the Empress started to move slowly away.

Duchess Remembered.

Previous to her departure the Duchess of Devonshire was presented with bouquets from the ladies present and she expressed her appreciation of the Canadian people and her regrets at leaving.

At noon Their Excellencies entertained the following at luncheon in the citadel: Sir Charles and Lady Fitzpatrick and Miss Fitzpatrick; Sir George and Lady Foster, Premier and Mrs. Taschereau, Mrs. Bates, Hon. Martin Burrell and Mrs. Burrell. Previous to their departure they thanked officers of their household who are not leaving for England, and also spent some time with Captain Balfour, Mr. Sladen and Lord Richard Nevill.

High Wire Walker Plunges To Death

Fell Thirty Feet When Pin Supporting Wire He Performed Upon Broke.

St. Catharines, Ont., July 19.—John Soper, aged 47, a native of St. Catharines, died at the General and Marine Hospital this morning from injuries received last night when he fell thirty feet from a tight rope upon which he was giving a performance in connection with the Old Home Week celebration. While walking with a barrel about his legs, a pin holding a guy wire broke, causing the rope to sway and unbalancing him. With the barrel hanging to his legs he grasped the rope and endeavored to reach a telegraph pole hand over hand. Fifteen feet from the pole he lost his grasp. He leaves a grown up family.

NIHILIST WOMAN IS DEAD AGAIN

Copenhagen, July 19.—Vera Sasulitch, a notorious nihilist known twenty-five years ago throughout the world, died at Moscow yesterday, according to a report received here. The death of Vera Sasulitch at Petropod was also reported in July, 1919. Included in her crimes was the killing of General Trepoff, prefect of police of St. Petersburg, in 1874.

MEIGHEN LIKELY TO BE DETAINED UNTIL AUGUST 4

Anxious to Get Back to Ottawa as Political Situation Is So Uncertain.

PRIVATE SITTING OF THE PREMIERS

Highly Confidential Discussion on Disarmament Biggest Feature of the Day.

(By GRATTAN O'LEARY)

Canadian Press Staff Correspondent, London, July 19.—As the result of an important communication sent to Washington yesterday, it may be necessary for Premier Meighen of Canada to remain in London until August 4, it was learned tonight. The communication was confidential, but it is believed was connected with the desire of the British Government to hold a preliminary conference on Pacific problems in London before the main gathering is called to take place in Washington.

Anxious to Sail

The Canadian Prime Minister is anxious to sail on Thursday, as reports reaching England indicate the desirability, from a political standpoint, of his returning as soon as possible; but on the other hand, the question of the Pacific is so vitally related to Canada and he has taken such an active part in bringing the conference about, that his presence here is essential if the conference is held.

GERMANY PAYS MORE ON DEBT

Thirty-One Million Gold Marks Sent, Making 310,000,000 Marks to Date.

Paris, July 19.—The reparations commission today issued an official statement that the German Government has just paid to it 31,000,000 gold marks in European currency on account of the three months' notes given in the latter part of May in settlement of the one billion gold marks due before June 1. Including the remittance of 31,000,000 marks paid today, Germany now has redeemed 114,949,000 marks, making a total of 275,375,000 marks paid on account of the one billion marks. The German Government has informed the reparations commission that it is ready to remit immediately 41,000,000 marks more in European currency, which will bring the total paid in specie and currency to more than 314,949,000 marks.

JAPS TO QUIT SIBERIA

Tokyo, July 19.—Announcement by the press that Hajime Matsushima, permanent secretary of the foreign ministry, had gone to Siberia in connection with negotiations for a general agreement with the government of the Far Eastern republic at Chita, and also for the evacuation of Siberia by the Japanese, received today what appeared to be official confirmation.

REVOLT PLOT IS DISCOVERED

Moscow, July 19.—According to the Moscow Pravda, a wide spread counter-revolutionary organization has been discovered in Odessa. It was plotting an uprising for next week. One hundred officers and several hundred soldiers were said to have been arrested.

British Premier Coming To States

London, July 19.—It is announced as provisionally arranged that Mr. Lloyd George will attend the Washington conference on limitation of armaments.

LIBERALS BRING BACK ONLY SIX FORMER MEMBERS

Farmers Secure 39 Seats in Alberta With Liberals 14, Labor 4, Independents 4.

NEW CABINET IN ABOUT THREE WEEKS

Agrarians Likely to Contest Seat Given to Liberal by Acclamation.

Calgary, July 19.—Probably within one week the United Farmer members-elect of the Alberta legislature will meet to choose a political leader, who in turn will be invited to undertake the formation of the first Farmer Government in this province. With a fortnight from this time it is expected that Premier Stewart will have handed over the administration to a new prime minister and a new cabinet. There is good authority for these statements, although no action has been taken officially at this time to put into effect the vote of yesterday. The standing now is 39 Farmers, 14 Liberals, 4 Labor and 4 Independents.

Only Eleven Old Members

It is a fact of note that only eleven members elected held office in the old legislature, and only six Liberals out of 34 former members are returned, though not all of them were candidates. These six are Premier Stewart, Ministers Boyle, Mitchell and Cote, and Messrs Tobin and Mills. Two U. F. O. men, Moore and Headley, sat in the last House, though Headley was there as a Conservative. General Stewart and Pearson and Ross, of Calgary, completed the eleven.

Two Women Elected

Two women were elected out of eight nominees. Mrs. Nellie McClung, the well-known writer, went in with the government ticket in Edmonton, and Mrs. Walter Parby, member of the last legislature, was returned for Lacombe. Officials of the United Farmers of Alberta have no precedent, they say, for the steps which have to be taken. It is the general expectation, however, that a call will go from headquarters here for a conference of Farmer members-elect, with the general officers of the organization. Defeated candidates will not participate in the deliberations.

Another One Gone

Word from Edmonton today is that Victoria constituency has left the Liberal column, reducing the Liberal representation to fourteen and increasing the Farmer to thirty-nine. W. Fedun, U. F. A. candidate there, has a majority of thirty-nine with all polled. The U. F. A. will contest in the courts the validity of the declared election by acclamation in Whitford of the Liberal candidate.

COAL STILL DEAR

Montreal, July 19.—A leading coal merchant of this city said today that the public must realize that anthracite coal has passed into the luxury class in connection with the fact that buying was never so low as at present owing to the belief that freight rates on the railways would shortly be reduced and consequently coal prices would fall. This, he said, was an entirely erroneous impression.

PIRATES CAPTURE SPANISH VESSEL

Melilla, Morocco, July 19.—Moorish pirates are again active off this coast, an attack by them upon the Spanish ship, Antonia Torres being reported today. One seaman was killed and the Captain, Jose Martinez Soto and four seamen were taken prisoner. The vessel was found abandoned off Penon Gomeza with the dead seaman aboard. It is supposed to be refused to surrender. The vessel left Albuemas, July 14.

BUILDING PLANS FOR HUGE WORKS IN TORONTO OFF

Over \$8,000,000 of Work Tied up Because of Labor and High Prices.

SENATOR ROBERTSON TRIED A SETTLEMENT

Conference Between All Parties Concerned to be Held There This Week.

Ottawa, July 19.—Eight million dollars worth of projected building is being held up in Toronto at the present time, according to a statement made by Senator Robertson today. The work is not being proceeded with because the present cost of construction would be unjustifiable from the investors' point of view. No fair return could be expected upon the outlay, it is said.

Conference Arranged.

On Thursday next a second conference will be held between representatives of the building trades organizations and contractors, sub-contractors, dealers in builders' supplies, as well as the Canadian Manufacturers' Association and the Toronto Board of Trade. The purpose of these conferences is to stimulate local building, and at Thursday's meeting each of the interests represented has agreed to continue prepared to say what they are prepared to contribute towards a decrease in the prices of construction—both labor and materials.

Rents Not Decreasing.

The public at large, said the minister of labor, is deeply concerned in this matter in view of the fact that the only item that enters into the ordinary household budget that has not decreased during the past year is rent; that, notwithstanding the fact that everything else is on the decline, rents have continued to advance. The present situation is that, with many millions of dollars waiting to be invested in building, and with thousands of men out of employment, and rents continuing to ascend, the building industry remains stagnant.

Garden Party Beat Lloyd George Party

Members Went There and Left the Government to Take Its Chances.

London, July 19.—The Prime Minister and Mrs. Lloyd George gave their first garden party at their Downing Street residence today, to which the whole House of Commons and the wives of the members were invited.

Partly as a consequence of this hospitality the government suffered a defeat in the House of Commons tonight on the proposal to exempt co-operative societies from paying a corporation tax, which was carried against the government 137 to 135. Many of the government supporters had not returned from the garden party, while the opposition mustered a strong force and raised jubilant cries of "resign" when the figures were announced. Assien Chamberlain, the government leader, however, said business would proceed.

Hon. Mr. Murray Not To Resign

Rumor That He Will Announce Resignation Today is Not Believed.

Halifax, N. S., July 19.—A current rumor that the resignation of Hon. George H. Murray, Premier of Nova Scotia, might follow the celebration tomorrow of the twenty-fifth anniversary of his appointment as the first minister of the province, is denied in circles close to Mr. Murray. Hon. W. S. Fiddling, the Premier's predecessor in office, arrived in the city tonight for the celebration and today and tonight Liberals and friends of Hon. Mr. Murray of all parties have been coming into Halifax from provincial points and other provinces.

CONGRATULATES N. S. PREMIER

Ottawa, July 19.—A congratulatory message on the completion of his 25 years of service as Premier of Nova Scotia was despatched to Premier G. H. Murray today by Hon. W. L. Mackenzie King, leader of the Liberal party in Canada.

STEAMER HITS GARNET LEDGE AND EXPLODES

"Binghamton" En Route from Boston to Russia Wrecked in Dense Fog.

HEAVY SEA RUNNING WHEN SHIP ABANDONED

Little Hope Entertained That Vessel Will Ever be Released from Reef.

Halifax, N. S., July 19.—The American steamer Binghamton three days out from Boston for Riga, Russia, with a general cargo, went ashore in a thick fog early this morning on Gannet dry ledge about fifteen miles from Yarmouth, N. S. It was learned when Captain M. L. Gilbert and her crew of thirty men came safely to land in the ship's boats at Chebogue Point tonight. When the men left their ship lying in an exposed position with a heavy sea running, about two o'clock this afternoon, numbers 2 and 3 holds were flooded. There was about six feet of water in the engine room. They had lightened the vessel of several tons of cargo. Little hope is held out that she may be got off the dangerous ledges. The steamer Binghamton is a vessel of 1540 net tons, owned by the Bergen Navigation Company of Panama. She had cargo of cloth, shoes, clothing and other commodities.

Boilers Blow Up.

Halifax, N. S., July 19.—Captain Gilbert expressed the opinion that the Binghamton was doomed. Shortly after he left the vessel with her fires still burning and pumps working, although she was pounding heavily and in imminent danger of breaking in pieces, he heard a terrific explosion, and supposed that the boilers blew up. He thought it probable that even supposing his theory about the boilers was incorrect, the Binghamton would break up during the night.

TEAR BOMBS TOO MUCH FOR SQUAD OF BEST POLICE

Attempted Repeatedly to Reach Bomb Throwers But Could Not Stand It.

CHIEF CLAIMS IT GREAT PROTECTOR

Sees in it Way to Guard Banks and Break Up Unruly Mobs.

Philadelphia, July 19.—The effectiveness of tear gas as a mob disperser received the emphatic endorsement of 200 stalwart Philadelphia policemen today after it broke sent them into a hasty and fearful retreat during an official test here.

Superintendent of Police Mills took a battalion of his heartiest men into a roped-off enclosure with instructions to capture six men who were armed with 150 tear gas bombs. Three times they charged, but each time were driven back, weeping violently, as they came within range of the charged vapor.

Not Dangerous

Major Stephen de La Noy of the chemical warfare division, United States army, inventor of the gas assured the men before they entered the mimic battle that the substance was "absolutely not dangerous." "It is merely a tear-producing, choking, nauseating gas, but be careful you don't swallow too much," he said. Police officials declared the test had undoubtedly proved the value of tear gas in police work. Not only is it immediately effective in dispersing a mob but may be used to drive a fugitive from a barricaded building, they said.

A container of the substance placed in a bank vault in such a position that it would be released if the door was opened outside of banking hours, would also thwart burglars, the authorities said. In addition the gas leaves reddish brown stains on clothing which would aid in identifying those taking part in riots or criminal adventures. Victims who inhale the fumes are rendered helpless for a short time but not endangered. Officials asserted it was likely the gas would replace older instruments used to subdue mobs and criminals.

RIDEOUT ONLY MAN TO BREAK WHISKEY RINGS

Nova Scotia Gov't Visited by
Big Delegation in His
Behalf.

CLAIM SITUATION GROWS DESPERATE

Ten Thousand Voters En-
dorse Request That Chief
be Cape Breton Officer.

Halifax, July 19.—That there is an organized liquor ring in Sydney and vicinity, and that conditions there will not be improved unless George R. Rideout, formerly temperance act inspector for Sydney, or some other equally competent official is appointed to cope with the illicit traffic, was the statement made by a delegation of Cape Breton citizens which today waited on the provincial government to ask for the appointment of a deputy inspector to have jurisdiction over the whole island.

Members of the delegation reiterated that the condition of affairs in the mining towns with regard to the enforcement of the Nova Scotia Temperance Act was desperate and demanded remedies that were out of the ordinary. They asked that Rideout be appointed inspector for Cape Breton under an amendment to the Temperance Act recently passed.

C. P. Moore, a business man of Sydney, told the government members that the delegation had come to Halifax not at the instigation of a few "cranks," but on solicitation of over ten thousand voters of the counties of Cape Breton and Inverness. They asked, he said, that the government should do what lay in its power to alleviate the evil which every right thinking citizen deplored.

Premier's Statement.
Premier George H. Murray, expressed his whole-hearted sympathy with the delegation in their desire to have the law enforced, but pointed out that at present the onus of responsibility in regard to the enforcement of the Temperance Act rested with municipal bodies. He realized the necessity for a special officer for Cape Breton, but A. E. Lamont was already carrying on that work as far as the province is concerned. He said that the government would give consideration to the matter.

Threatens Revolution in Russian Church

Monk Pledges Himself to
Fight Priests on Behalf of
the People of Russia.

Riga, Latvia, July 19.—The monk Ilodor (Heliodorus), former preacher and afterward antagonist of the notorious Rasputin, is again attracting attention in Russia by announcing his purpose to start a revolution in the Orthodox Russian Church. He had fled from Russia after his break with Rasputin in the early part of the war, but recently returned after the Bolsheviks gained control. He was untroubled by the church.

His reappearance in public in Russia has almost since the start of the revolution of fever in the Orthodox Church, which the Bolsheviks now are trying to combat. In an address at the "Iskritin" (of which he was formerly abbot) he recently declared: "I consecrate myself to the fight for the people's cause and to start a campaign against the popes (priests) which is to make a revolution within the church."

Every Sunday and on many religious feast days in Russia the churches now are crowded. Communists, themselves, are attending the services, and this has brought down on their heads a warning from the government "not to set so bad an example for the peasants." On that subject, the Moscow Pravda says that some of the Communists even have used Soviet official automobiles to take their families to church services, weddings and christenings. The newspaper printed the following warning from the party heads:

"The Soviet power has no intention to compel anyone by forcible means to leave off the services of professional darkness, but the Communist party as a whole has a right and is bound to demand from its responsible members that they not only should not take part in religious ceremonies and services, but should try by example and explanation to others to overcome all religious superstitions. Every member of the party directly and openly should recognize and strengthen by the example of his own conduct the truth that religion and scientific Communism are absolutely incompatible."

The New Excuse.
Rorrified Old Lady (sympathizing with crippled beggar)—Mercy sakes! How did you ever happen to become so disabled?
The Object of Her Inspection (good naturedly)—I ran me legs off, mum, lookin' fer 'n apartment.

Less Danger Now In Bush Fires

Reports from Various Parts
of the Province Indicate
Blaze is Smaller.

Fredericton, N. B., July 19.—The report from the McLeod fire which before the rains gave so much trouble is now very favorable. Yesterday a call was sent in for more men and about fifty were sent to it, but this crew is necessary to keep the fire from spreading. Aside from this there is no danger as the fire, in its present location is under control.
Recent word from the Busby's Sliding fire is that the flames have not reached the railroad. It is reported controlled.
The last report from the Mill Stream fire is also favorable.
A fire has broken out three or four miles from Ripples, and two crews have been sent to it. It is now thought to be controlled.
The fire which broke out on Bald Mountain just before the heavy shower of Thursday is now under control.
Two hours rainfall last night at Newcastle and heavy rainfall at Campbellton were enjoyed. No fires are reported from Madawaska County. The smoke has been very dense for the last few days and this makes the work of the look-outs difficult. It is thought that last night's rain was rather general and will aid somewhat in the work of controlling the forest fires.

Swear In The New York-Sunbury Judge

Hon. A. R. Slipp Takes Oath
of Office Before Mr. Justice
Barry.

Fredericton, N. B., July 19.—This morning at 12 o'clock at the Judge's room, Parliament buildings, Hon. Arthur R. Slipp presented his commission appointing him county court judge of the counties of York, Sunbury and Queens, when the oaths of allegiance and of office were duly administered by His Honor Justice Barry of the Supreme Court. The proceedings were carried out in the presence of Hon. Mr. Justice Crockett and H. G. Penney, clerk of the York County Court.
Judge Slipp, who now enters upon his duties as Judge of the County Court of York, Sunbury and Queens, is the third person to occupy this position since Confederation, extending over a period of 64 years. Hon. Jas. Steadman, who had formerly been a member of the executive council, was the first appointee, and on his retirement in June, 1898, on account of having reached the age limit, the Hon. Wm. Wilson succeeded, and after serving 23 years, was retired in March last on the same ground as his predecessor.
The swearing in of Judge Slipp this morning means that the machinery as far as the jurisdiction of the county courts in the above named counties go, is once more set in motion. For over four months these counties have been without a judge.

FIRE AT GEORGETOWN.

Georgetown, July 19.—Fire early Sunday morning completely destroyed the grocery store at Georgetown owned by Mr. Fred Onnell. The contents were not saved, but it is understood that the loss is mostly covered by insurance.
The alarm was rung in from Box 18 about 1:50 o'clock in the morning, but it was impossible to save the store. The all-out sounded at 3:10 o'clock.

AGREE TO SILENCE.

New York, July 19.—Women's prerogative is fully protected in an unusual domestic agreement just signed by Mr. and Mrs. Chas. Y. Bauman. Under its provisions Mrs. Bauman may talk when, where and as much as she pleases.
The husband, however, agrees that, though living in the same apartment with his wife, he will not speak to her for nine years except when it is absolutely necessary.
The same agreement was entered into nine years ago after a disagreement. It expired yesterday and was renewed.

Canadian Whiskey Caught At Caribou

Houlton, July 19.—Sheriff Grant, assisted by Deputies James Jackins and James Ross, made a seizure of a car containing 214 quarts of Canadian whiskey at 3 o'clock Monday morning at a point a little below Caribou. The car, the officers state, was driven by W. C. Maynard of Bangor.
An unusual feature of the case is found in the fact that Sheriff Grant was called by telephone Monday forenoon and was informed that the car and the liquor is the property of Benny Violette and that the car, loaded, was taken from in front of his store at St. Leonards, N. B.

REAL FREEDOM TO BE FOUND IN ENGLAND

British Are a Freer Race

Americans.

UNITED STATES HAS YET MUCH TO LEARN

Sir Charles Sykes After Tour
Through U. S. Expresses
Faith in Her Friendship.

London, July 19.—Sir Charles Sykes, M. P., who has just returned from a visit to the United States and Canada, says in an article contributed to Lloyd's Weekly:
"So far as the United States is concerned, I have brought back two dominant impressions; first, the deep, and I believe, all but universal friendship toward Great Britain, and secondly, that except in certain more or less technical directions the United States has less to teach this old country than some people seem to think."
"And, after all, it is natural that it should be so. All that is highest and best in the political and social life of the great republic of the west has been derived from Great Britain."

"In working out legislative and administrative principles which we hold in common, the United States has, in my view, not preserved as much of the freedom as we have ourselves retained. The tendency toward grandiose, motherly legislation is very strong in many states and there is a narrow and repressive spirit at work which it is impossible to ignore."

"On the whole I had the feeling that there is more personal freedom in the Old World than in the New and that liberty and dignity of the individual mean rather more to us than to our cousins."

Loves Old English Ways.
"I confess to be a lover of our old English ways and customs and at the same time a believer in British capacity to produce the best."

"We have nothing to fear from the United States. Of that I am assured. America is our friend and that friendship is real and vital, not only to us both, but to the world."
"As to business, America is in possession of great natural advantages, yet she is not, on the whole, in a better position than we are, and if we settle down to work, we shall come out of our post-war difficulties stronger than ever."
"The tendency in the United States, as in this country, is not to realize that the days of artificial prosperity are numbered. Today the whole world is hard up, and the only real cure for that is hard work."

Jemseg Chicken Has Four Legs

J. A. Colwell Possessor of
Freak Bird for Which He
is Offered Fancy Prices.

Jemseg, N. B., July 19.—Mr. J. A. Colwell, of Jemseg, N. B., has in his flock of chickens hatched out last May, one Plymouth Rock chicken which might be called a freak of nature. This chicken is of normal size, but has four legs and a double back; the two legs which it walks on seem to be of ordinary size, although the two on its back are not quite up to size of standard, but are very little less. The two legs on its back seem to be connected with the double back, which is fastened on the back of the chick. This chick appears to be in first class health and condition and runs around at leisure, except when it gets tangled in shrubbery and heavy grass these extra feet get entangled and sometimes has to be helped out.
Mr. Colwell has been offered quite a substantial sum; in fact, has been offered a horse for this chick, but he is curious, not only around Jemseg, but from quite a distance, seem to want him to keep it just to have the neighbors and friends call on him and see this extraordinary domestic bird.

The newest and purest thing "Under the Sun."
The ice cream industry of the world has been turned topsy-turvy by a wonderful new method of making super pure ice cream which is known as "Carbonating." By means of a tiny device attached to the freezer, all ordinary air is forced out of the cream and replaced by atmosphere a hundred times purer than air. The result is ice cream far purer and finer than anyone has ever imagined was possible.

Practical Joke Has A Tragic Ending

Lille, July 19.—A party of young men returning from target practice at the rifle ranges of Oost-Capelle in Belgium met an old farmer from a nearby dairy and decided to have a little fun with him. Serbs Unfriendly To The Bulgarians

Belgrade, July 19.—Serbia still maintains an unfriendly attitude toward Bulgaria, despite efforts of some Bulgarian statesmen to compose the differences between the two countries.

D. Dimitroff, the Bulgarian Minister of the Interior, recently visited Serbia, but this does not appear to have effected the improvement in the relations between the two countries that he hoped for. The press was anything but cordial to his mission.

Serbian newspapers reproach the Bulgarians with trying to avoid the fulfilment of their obligations toward Serbia and with persistently encouraging the hostile acts by Bulgarian armed bands on the Serbian-Bulgarian frontier.

The agitation fostered by the Macedonian committee on the Albanian frontier aggravated the tension.

Rattle-Brained Are Designated

War Has Produced 100,000 "Folletes" in Paris—Hospital Provided.

Paris, July 19.—"Folletes" is the name which Paris mental doctors have given to those of their patients who are what, in plain language is called, rattle-brained. There is need of a semi-scientific name to describe them, it seems, for since the war, the "folletes" of this world have increased enormously in number and in proportion.

In Paris, says one of the foremost French authorities, Dr. Toulouze, there are 100,000 of them. That means that among a population of 2,000,000 one has a fair chance of meeting a "follette" in every street. They were most of them not born with their brains rattling, but became so in the war, and since, according to doctors.

"But, now that they are 'folletes' the question is what to do with them. The nervous state which has caused a slight mental derangement may be only temporary. In most cases it is so. But while it lasts it leads to suicide, to violence of all kinds, to crime of the pettiest variety, to indulgence; and so what was a temporary and curable trouble may become chronic, and even worse, may become perpetuated.

So the League of Hygiene in France has opened a hospital—it must not be called an asylum—for the rattle-brained. The difference between their establishments, at the head of which is Dr. Toulouze and other establishments for mental cases is that, the "folletes" will be at liberty to leave whenever they consider themselves cured. There will be no restraint.

Weddings

Manchester-Paris.

Apothegai, July 19.—Friends and relatives here have received the announcements of the wedding of Dr. John H. Manchester to Miss Frances Elizabeth Parlee, which took place at Winnipeg, Man.

The ceremony was performed by Dr. L. F. Dimmitt in Broadway Methodist Church. During the signing of the register, F. Watkin Mills sang Grieg's "I Love Thee," and Mrs. Mills presided at the organ and played the wedding marches.

Given in marriage by her father, the bride was unattended and wore a travelling suit of navy blue tulle with a molestin and ermine neck-piece. Her blouse was of sand georgette, beaded, and trimmed with navy blue taffeta, and her hat was a chic tailored French model of navy straw. She wore a corsage bouquet of pink roses and sweet peas.

Dr. and Mrs. Manchester left immediately after the ceremony to spend a short honeymoon in the east and south.

The bride is the eldest daughter of Mr. and Mrs. Frank S. Parlee of Winnipeg, formerly of New Brunswick, and is a talented musician. Dr. Manchester until several years ago, was a resident of this place and the eldest son of the late Mr. and Mrs. John Manchester. James H. Manchester of Apohaqui, is a brother and James H. Manchester of Manchester, Robertson and Allison Ltd., St. John, is an uncle of the groom.

Curry-Hoke.

A wedding of interest to many St. John friends took place in New York on July 2 at the officiating clergyman when Rev. William N. Hubbell united in marriage Mrs. Ora W. Hoke, of Asheville, N. C., and Herbert G. Curry, of St. John, N. B. After spending some time visiting American cities Mr. and Mrs. Curry will reside in St. John, where the groom is engaged in business.

Steecher-Breen.

The marriage of Miss Lola Breen of St. John to Harry Paul Steecher of Chicago, took place at the parsonage, 111 Paradise Row yesterday morning. Rev. H. B. Clarke of Portland street Methodist church, officiating. Mr. and Mrs. Steecher left for Detroit, where they will reside.

Rheuben Higgins

On Serious Charge

Sent up for Trial for Indecent Assault on Two Little Girls.

The case against Rheuben Higgins, charged with indecent assault Saturday, July 2, on two little girls, Frances Baig, aged seven, and Della Baig, aged five, was concluded in the police court yesterday afternoon. The mother of the two children gave her testimony. No witnesses were called for the defense, and the accused, after pleading not guilty, was sent up for trial. He was defended by J. Star Tall.

Mother Testifies

Mrs. Baig, mother of the two children, stated that they resided with her and husband at 29 Brook street. That the first time she saw the accused was on the night in question when he was brought to her home by a policeman. On the same night while putting the children to bed, Frances, the eldest, told her of the relations "the man downstairs," the accused, had had with her in the basement of the house, a flat occupied by Mrs. Beiman.

Mrs. Baig said that when Della, the younger child, heard what her sister said, she said, "Me, too, mamma."

The Elliott Case

The hearing of the case of Joseph T. Elliott, charged with misappropriating to his own use tools, the property of the D. S. C. R. to the value of \$150, was continued.

William J. Ryan, of Brookville, industrial surveyor for the D. S. C. R., was sworn and stated that he had known Elliott when the accused was a vocational student under the D. S. C. R., and later when after completing a course in motor mechanics, he applied for a vocational loan to enable him to secure tools to start a business of his own.

Mr. Ryan said the loan was authorized by the department and the tools delivered to the accused in three lots. One of these were delivered personally by the witness, and the tools were vouchered for by the receiving slips produced in court, and which bore the defendant's signature.

Mr. Ryan said he had seen the tools at the shop set up by Elliott on City Road, when he visited it in November. On a visit paid in December he was unable to locate Elliott and was unsuccessful in his efforts to find him elsewhere here. Some two months later he did meet Elliott, who told him he was working at the winter port and that the equipment supplied to him by the department was at his lodging house on the west side.

Later in March, in the office of the D. S. C. R. on Prince Wm. street, Elliott said he had disposed of part of the equipment and offered to replace it. He was informed that the chattel mortgage held by the department had become automatically due, and an adjournment was made to the law office of J. B. Dever, where the matter was talked over in the presence of L. McC. Ritchie, vocational officer, and Fred McLean, provincial constable.

At the conclusion of Mr. Ryan's evidence, the case was allowed to stand over until this morning at 10.30. J. B. Dever appeared for the D. S. C. R. and Col. E. C. Weyman for the defendant.

Plea of Not Guilty

A plea of not guilty was entered to the charge of being drunk and using profane language, preferred against Samuel Taylor, Inspector Caples, who made the arrest, said he placed Taylor under arrest Monday evening after finding him under the influence of liquor and using profane language at the corner of King and Charlotte

Bicycles for Everyone

ANY BOY OR GIRL in the Maritime Provinces can secure a sixty-five dollar "Pathfinder" bicycle, complete with mud-guards, air pump, parcel carrier and stand, with coaster brake, reinforced frame, spring saddle, and in fact everything that goes to make a bicycle complete, and at the same time earn fifteen dollars pocket money, payable in cash.

If there is a boy or girl who does not want a bicycle, any of them may earn a watch or any other prize they desire by the most generous proposition that has ever been made to the young people of the Maritime Provinces.

Pictorial Review is desirous of securing one million additional readers and in order to do so offers the Pathfinder bicycle mentioned above to any boy or girl who will, before October 15th, sell three hundred copies of this popular woman's magazine. Pictorial Review retails at twenty-five cents per copy. Anyone who wishes to enter this competition pays only twenty cents per copy for the magazine and thus makes five cents on every copy sold. To win the bicycle it is necessary that you shall send your money and your order for whatever number of copies of the July issue you may require, to H. V. Mackinnon & Son, P. O. Box 1109, St. John. These magazines will be delivered to you free of charge by Dominion Express. Sell them as quickly as you can and order more. A strict account is kept of all you buy and as soon as you have sold three hundred copies the bicycle will be shipped to you; all charges prepaid. In case you do not desire a bicycle write for particulars about the number you have to sell to secure one or other of the various watches which will be given as prizes. Already boys and girls in different places have sold more than one hundred copies of the June issue of Pictorial Review, and at the rate they are going will have earned their bicycles by the middle of July. Any one can do it!

The generosity of this magnificent offer will be realized when it is remembered that three hundred copies of the magazine costs the competitor only sixty dollars and that the bicycle is worth more than the entire sum paid for these magazines. No such offer was ever made to the boys and girls of these provinces. Do not lose time. You can secure scores of customers this month who will take the magazine from you every month, and in a very short time you will have finished your three hundred sales and be in possession of an up to the minute bicycle. Let us hear from you at once.

JALOUSY WAS THE CAUSE OF TRIPLE TRAGEDY

Rejected Lover Shot Widow and Her Suitor—Latter Dies. Murderer Then Killed Himself.

Hanged Himself to Tree and Then Fired Three Shots from Revolver into Breast.

Hanover, Pa., July 19.—Crazed by jealousy, Samuel Bowman, 39 years old, laid in wait at the home of Mr. and Mrs. F. Scheiberger, at Krentz's schoolhouse, two miles south of Hanover, and when their daughter, Mrs. Minnie Resh, 27 years old, a widow, and her suitor, Emanuel M. Rohrbach, 26 years old, returned home at 11:30 o'clock last night, he opened fire with a double-barreled shotgun, wounding Rohrbach badly that he died seven hours later and seriously injuring Mrs. Resh.

When Mrs. Resh was questioned as to the identity of the murderer she was reluctant to say, but finally mentioned Bowman's name. Special Officer Frank Schiever, accompanied by five men, drove to the Bowman house and saw a man slip out from behind a window shade, but being armed only with revolvers, they were afraid to enter the house.

Chief Crabbs was summoned and Bowman's father told him there was no use searching for his son, as he believed the boy committed suicide. Shortly thereafter Corporal Snyder, of the state constabulary, stood on a porch post reading as follows: "Father and mother: You will find my body under the pear tree back of the barn. Please bury my body at Dub's Church. Samuel." Going to the place directed about 4:30 this morning, Snyder found the body, clad only in a shirt and overalls, suspended from a tree.

The triangular tragedy, which has aroused the entire section of York County, was the result of a lovers' quarrel. Bowman called on Mrs. Resh for a year. About four months ago Rohrbach began paying attention to Mrs. Resh and she rejected Bowman. He became very angry and personally threatened her, remarking that three weeks from time she would be buried in a coffin.

WHAT WOMEN ARE DOING.

The English Lutheran synod recently denied women equal voting and council rights with the men of the church.

The Bahal women conform to a certain extent to the ancient traditions and veil themselves when they appear in the street.

Twenty-two-year-old Amelia Gade, recently established a record when she swam around Manhattan island in 15 hours and 57 minutes.

As soon as the National Parliament of the Assyrians is organized it is expected that they will elect Lady Suma as president.

By a decision of the General Assembly of the Presbyterian Church of England women now are eligible to the eldership and deaconship.

The first woman college trustee in Ohio is Miss Hazel Purcell, recently elected to be one of the trustees of Mt. Union College.

Miss Marguerite Lindsay, a junior student at Montana State College, is the first woman ever to be named as ranger in Yellowstone Park.

Figures show that 20,000 women paid an income tax in Maryland for 1920, an increase from the last official report in 1918 of 100 per cent.

REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND (Copyright, 1927, by The Wheeler Syndicate, Inc.)

Youth will be served—but, matters of love. Youth is beginning to look upon life as a cafeteria, and to help itself.

Next to an old pair of stays, the hardest thing for a woman to get rid of with dignity and secrecy is a useless husband.

The average man, it is said, speaks in the course of a year about eleven million words—of which his wife hears only two million grunts, two million monosyllables, and seven million swear-words.

The worst thing about being unhappily married is not the unhappiness, but the golden chance it gives all your family and friends for saying, "I told you so!"

A man's life must be awfully monotonous. At ten, he wants to eat all the time, at twenty to flirt all the time, at thirty he works all the time, at forty he worries all the time, at fifty he golfs all the time, and at sixty he sleeps all the time.

When the girls admire him, a young man takes it as a matter of course; but when a widow selects him for her attentions, he thrills with the knowledge that he is being stamped with the approval of a connoisseur.

How women flatter ourselves! Oh well, if we didn't flatter ourselves, in these prosaic days, who would?

VOGUE FOR ORGANDIE.

Every fashion popularized seems to have its particular pitfalls for those who follow any and every fashion regardless of consequences. Thus organdie, charming at its best, is being somewhat over-exploited.

of increasing the apparent size, and altogether should be left to the younger and the slender. Another point is that while organdie fresh and crisp is charming, organdie crushed and wrinkled is very much the reverse. It is a fabric to be used with discretion.

Bill Burns Turns State's Evidence to Tell Inside Story of Alleged Ball Conspiracy.

Chicago, July 19.—The State today turned its full strength into the prosecution of the Chicago White Sox baseball players and others charged with the alleged conspiracy which resulted in the 1919 world's series scandal, sending Bill Burns, who admitted being an accomplice of the defendants and who turned State's evidence in return for immunity, to the witness stand to tell the inside story of the reported sell-out of some of the game's greatest players to gamblers who wanted the series thrown to Cincinnati.

Burns, who was only about one-third through his story, when court adjourned for the day, was the stand long enough to name Arnold Rothstein of New York, Abe Attell, former feather-weight pugilistic champion, David Zoller of Des Moines, one of the defendants, Billy Mahars of Philadelphia and himself as among the organizers of the alleged conspiracy.

Burns testified that Eddie Cicotte, one of the American League's greatest pitchers, said he would "throw the first game if he had to throw the ball over the fence."

Burns identified David Zoller, defendant, as a man he had known as Bennett during the forming of the alleged conspiracy and declared that Bennett or Zoller was present at most of the meetings when the reported sell-out was arranged.

Burns said Abe Attell had termed Rothstein a "walking bank" who would pay up all he promised but that after the first game Attell refused to give him any money, saying he would not pay the players until he collected the bets made. The players were to get twenty thousand dollars after each game lost, Burns said.

AROUND THE CITY

USE NEW HYDRANTS.

Some of the new hydrants which are being installed in Lancaster's new fire district were used for the first time in fighting a fire in D. C. Clark's garage, West St. John.

ST. VINCENT DE PAUL FEAST.

Tuesday, July 19, is the feast of St. Vincent de Paul, founder of the Order of Sisters of Charity. He is patron of the Mother House of the Diocesan Sisters of Charity, Cliff street.

NORTH END ALARM.

An alarm was rung in from Box 135 about 7 o'clock last evening, when smoke was seen coming from a house on Murray street. Upon investigation, however, there proved to be no fire, but only smoke from a stove in the house.

MANY TOURISTS COMING.

The Boston train yesterday brought many passengers en route to Nova Scotia and P. E. Island. The summer travel during the past two weeks has been very heavy. The Governor Dingy arrived from Boston yesterday morning with 320 passengers. The latter end of the voyage was very cold and foggy.

RIVER TRADE LIGHT.

The river traffic is experiencing a poor season, the prolonged dry weather having spoiled the crops, to a large extent, and there has been a falling off in river traffic. An increase in the number of motor boats and automobiles and in railway travel have brought about the latter feature.

CITY SAVED MONEY.

Mayor Schofield yesterday called attention to the very satisfactory returns from the discounted period for paying taxes and the city would save over \$4,500 in interest by the earlier date over last year. The amount received was paid in by about fifty per cent. of the ratepayers.

A WORTHY INTENTION.

Charles Tilley, of the Customs Department has issued invitations to the various organizations to attend a picnic at Seaside Park on August 27th. for the benefit of the city's orphans. As soon as the institutions fall in line with Mr. Tilley's plans he will go ahead with the work.

ST. JOHN POPULATION.

Copies of the new city directory has been distributed by the McAlpine Publishing Co. There are 22,350 names listed, an increase over last year of 913. The population is given as 67,050, using the factor of 3, which is the figure applied by directory publishers to the number of directory names, to determine the population. There are 1,100 corrections reported.

GRANTED CERTIFICATES.

At the examinations for stationary engineers, held on July 14 and 15, the following local men were successful in obtaining their certificates: Loren Gordon, West End; Harold Brass, Duke street; Frank Mosher, Chapel street; A. Roy Colwell, Victoria street; Harold Green, Golden Grove; Harold J. Humphrey, Fairville, and Cecil B. Bonnell, Public Landing.

THE TOTAL SHORTAGE.

The case of G. Langbein charged with the misappropriation of funds of the International Longshoremen's Association, was before the Court yesterday morning. The previous evidence given by M. Decker was read over. The total shortage was set at \$1,140.57, according to the audit of May 10, 1921. The case was further postponed till Thursday at noon.

CLOTHING WORKERS' CHARTER.

Application for a charter has been made by Fred A. Campbell, president of the Trades and Labor Council, to the United Garment Workers' Union of America on behalf of the garment workers of the city. The local branch which has 100 per cent. membership will be the first local of this organization in the Maritime Provinces. The membership of this union will include the makers of men's garments. St. John already has a branch of the National Lady Garment Workers, which is a union of those engaged in the manufacture of women's wearing apparel.

WILL PACK SARDINES.

The sardine factory in West St. John, owned by the South Fishermen, Ltd., will be operated by that company, beginning August 1st. It was reported yesterday. Captain Anderson, of Eastport, is expected here on July 25 to get the plant ready and to organize a staff.

The plant has been closed for several seasons and when in operation employs at least seventy-five people in all departments.

Women between Point Lepreau and St. John are getting their nets strung and schools of sardine herring are said to be moving in the Bay.

Protest Against Oil Depot On West Side

C. Herbert Green Re-appointed to the School Board—Protest Assessment.

A protest against the establishment of an oil depot in McIntosh's Field, west side, was received at the city council yesterday and G. Herbert Green was re-appointed to the board of school trustees for another term to succeed himself.

Mayor Schofield presided and Commissioners Thornton, Prink, Bullock and Jones were present.

The report of the committee of the whole, as published yesterday, was adopted.

The common clerk read a largely signed petition from residents of the west side protesting against the establishment of an oil depot in what is known as McIntosh's Field, claiming that it created a fire hazard and reduced the valuation of their property. Commissioner Bullock moved that the communication lie on the table until such time as the application of the oil company seeking the privilege was before the council, when both could be taken up together. Carried.

A letter from W. Grant Smith asking that the council hear an appeal from the assessment levied against the estate for the present year was referred to the mayor to arrange a time for the hearing. The assessment for this year is \$8,200 on the land and \$29,800 on the building and machinery and the assessors refused to make them any rebate on it.

Commissioner Jones moved that G. Herbert Green be appointed to fill the vacancy on the board of school trustees caused by the expiration of his former term. Carried.

New Brunswick Medical Society

Dr. L. G. Pinault of Campbellton Elected President at 41st Annual Meeting.

Dr. L. G. Pinault, of Campbellton, was elected president of the New Brunswick Medical Society at the concluding session of its forty-first annual meeting which was held in the Board of Trade rooms yesterday afternoon. The other officers elected were: Dr. S. H. McDonald, St. John, first vice-president; Dr. E. Stanley Briggs, St. John, second vice-president; Dr. W. P. Kirby, Moncton, corresponding secretary; Dr. E. J. Ryan, St. John, recording secretary; Dr. J. B. Lawson, St. Stephen, treasurer. Trustees: Dr. A. F. Emory, St. John; Dr. A. E. Longie, St. John; Dr. A. J. Sornay, Shediac. Executive: Dr. L. G. Pinault, Campbellton; Dr. Murray MacLaren, Hon. Dr. Roberts, Dr. E. J. Ryan, St. John; Dr. J. Vesiot, Bathurst; Dr. J. D. Lawson, St. Stephen.

Considerable routine business was transacted at the afternoon meeting.

Morning Session

The morning session was held at the General Public Hospital and was attended by Doctors Thomas Walker, G. A. B. Addy, Murray MacLaren, Stewart, St. John; Dr. A. J. Sornay, Bentley, Hon. William F. Roberts, J. H. Allingham, F. L. Kenney and L. M. Curran, of St. John; V. D. Davidson, Fairville; F. H. Wetmore, Hampton; S. C. Mosnay, of Albert, and G. P. Vanwart, of Fredericton.

Hon. Dr. Roberts presided, and Dr. Thomas Walker, St. John, acted as chairman pro tem. The minutes were read and commented upon and certain communications from the Canadian Medical Society, containing resolutions, were submitted. No papers were read at this meeting, as the Canadian Medical Society held its convention only last week.

Simon Gueter Pleads Guilty

Was Arrested for Being One of Disorderly Crowd During the Stoning of a Street Car.

Simon Gueter, the young lad who was arrested during the stoning of a street car at Haymarket Square on Sunday afternoon, July 10, on the charge of being a member of a disorderly crowd, changed his plea of not guilty to the guilty when arraigned before the police magistrate yesterday afternoon.

At a previous hearing Detective Biddescombe had sworn to seeing the accused stooping down to pick up a stone and of finding a stone in his pocket. His evidence was corroborated by that of Sergeant-Detective Powers.

L. McC. Ritchie, who appeared for the defendant, made an eloquent appeal for the clemency of the court at yesterday's hearing. He pointed out the youth of his client, and the fact that as a matter of justice he should not be made the scapegoat and bear the penalty for an offense of which a mob of over three hundred persons were jointly liable. Work had been procured and he was awaiting the defendant, and he asked that he be dismissed from custody to enable him to redeem his standing in the community by an assiduous application to an honest means of livelihood.

The magistrate instructed that Gueter be remanded for the statutory period of three days, during which interval he would reassess himself as to the young man's past record. Some details of the case would bear explaining, he remarked, before he would be disposed to grant an acquittal.

Salvage Corps Annual Outing

Members of Nos. 1 and 2 Companies Spent Enjoyable Time at Lorneville.

The annual joint outing of Nos. 1 and 2 Salvage Corps and Fire Police held at R. W. Dean's, at Lorneville, conveyed by 11 autos, 52 members of Nos. 1 and 2 Salvage Corps and Fire Police left the city at 2 p.m. On arriving at Dean's the following programme was carried out:

A sharply contested game of baseball was played—No. 1 faced by No. 2. The batteries for No. 1, Robert Geldert and William Stewart; No. 2 had Charles Cunningham and Robert Pirie. It was agreed to play 5 innings and the score was as follows: No. 1, Co. 6; No. 2, Co. 4. Unhappy for the game were John Tonge and Rev. J. L. Kennedy of Western Minasippi.

The 100 yard dash won by the following: 1st prize Charles Cunningham; 2nd prize Percy B. Howard; 3rd, H. B. Gault.

50 yard dash—1st, Robert Bartlett; 2nd, William Stewart; 3rd, Saddy McBeath.

Obstruction log race—1st, William Stewart; 2nd, Charles Cunningham; 3rd, William J. McAuley.

Three-legged race—1st prize Stewart and Howard; 2nd, Brown and Cunningham; 3rd, Sullivan and Haman.

Standing jump—1st, William Stewart; 2nd, Walter Campbell; 3rd, Charles Cunningham.

Running jump—1st, Robert Bartlett; 2nd, Harold Gault; 3rd, William Stewart.

Tug-of-war, pulled by 9 of the strong men of No. 1 Company, and 3 of No. 2. After a tug lasting five minutes No. 2 Company proved the greatest strength and won the pull.

A very interesting race was completed in by Captain MacRae of No. 1, Captain Cunningham of No. 2. Both being so eager to win that the starter was compelled to ring his bell several times to get them going.

On the word it was a whirlwind, both crossing the line together and on the second run Captain MacRae won over Captain Cunningham.

A special race arranged by a number of the wind blowers of 50 yards was easily won by A. M. Rowan, the honorary member and chaperon of No. 2 Co.

A challenge race between the captain of No. 1 and the mayor of the North End was then drawn. Mr. Rowan defeated the challenger.

Pitching the stone weighing 16 pounds was contested by 10 men. The Rev. Father Kennedy easily winning by tossing the stone 32 feet.

The other officers sounded for dinner, some 52 sitting down and partaking of a dinner. Great credit is due Mr. and Mrs. Dean in the arrangements of the tables and decorations, ten courses being served.

After justice had been done to the good things provided Captain Cunningham in a few pleasing remarks called upon His Worship Mayor Schofield, who proposed a toast to His Majesty the King, all rising sang the National Anthem. His Worship then made a forcible appeal to the boys, Commissioner Thornton also addressed the corps followed by Captain MacRae.

The assemblage received a rich treat when the speaker of the evening was called on the Rev. Father Kennedy, who held the boys spell-bound for 30 minutes. His wit and humor could not be surpassed at any gathering.

The prize for the baseball game is a silver cup donated by E. A. Ellis, and to be competed for by the two companies at the next meeting.

No. 1 has now one game to their credit.

The party arrived in the city at 9:30 all voicing the splendid treatment they had received from Mr. and Mrs. Dean and cheerfully recommend their hospitality to any party who wishes to have a genuine day's outing.

The committee in charge was composed of T. A. Armour, chairman; G. H. Tapley, secretary; Joseph Irving, Charles Robinson, Sandy McBeath, Fred Dolg, Edwin Ellis and F. W. Haman.

The ability of the two captains in the athletic game is well known by the members under their command, and while in years past they were looked on by large crowds while performing, they don't desire that the date when they were at their best be made public. Captain MacRae was one of St. John's best runners and performed in many athletic meets, while Captain Cunningham will be remembered as a star outfielder with the Rosses baseball team. Although getting on in years it is remarkable what proper training will do, and those who witnessed the two captains compete yesterday were given a real surprise.

Liquor Boards Meet Here Today

Maritime Commissions to Study Trade in the Three Provinces.

A joint meeting of the three boards of liquor commissioners for New Brunswick, Nova Scotia and Prince Edward Island, will be held this morning at ten o'clock in the government rooms, Prince William street.

The meeting was called at the suggestion of the P. E. I. board, and although no agenda has been prepared, the meeting will in all probability include an interchange of ideas to the mutual advantage of all concerned. It may be also, that the meeting will result in a standard of prices being set for liquors in the three provinces. Those of Nova Scotia and New Brunswick are much similar at the present time.

New Brunswick Board.

The New Brunswick commission will be represented by the chairman the Hon. Mr. Tweeddale, and Mr. Maguire. Mr. Bentley, the third member, is absent from the province.

The Nova Scotia commissioners will attend. They are Messrs W. R. Wakely and C. P. Wood, of Halifax, and Mr. P. A. Proudfoot, of Pictou County. The Nova Scotia commissioners arrived in the city on the Digby boat last evening. The Prince Edward Island commissioners arrived in the city on the late train last evening.

All Well Here.

Mr. Tweeddale stated last evening that the New Brunswick commission had their work well organized at Fredericton and that there had been no sign of friction with the retail vendors. The latter have been supplied with board's price lists, and will be required to book all further orders with them.

The commission has completed the taking over of the stocks of the wholesale vendors with the exception of one small shipment which was on order at the time, and is now being unloaded from a ship at Halifax and shipped direct to Fredericton. Owing to the large stocks carried by the wholesalers, the commission has not been obliged to order direct from the distillers as yet, except for one line in which the wholesalers were somewhat weak.

Mr. Wakely, of the Nova Scotia board stated last evening that the commission in his province had been functioning since May. There were no wholesale vendors' stocks to take over there, as no wholesale vendors' licenses had been granted for some years, but the stocks of all the retail vendors were taken over by the board.

Paid a Salary.

In Nova Scotia, he said, the retail vendors were paid a salary and did not work on the commission basis as they do in New Brunswick. Another point of difference is that all orders for liquor are required by law to be filled by the retail vendors, whereas in New Brunswick liquor may still be imported from outside points direct to the home of the consumer.

Mr. Wakely said that considerable drunkenness prevailed in Nova Scotia, and that but one drunk out of nine became intoxicated from liquor supplied by vendors, the others were drunk by home brew or alcohol splits. It was generally felt that a number of illicit stills were being operated throughout the province, and that the worst liquor was being put in large quantities into the country, on the northern seaboard and in Cape Breton, from the island of St. Pierre Miquelon.

Will Ventilate Harbor Question

H. R. McLellan Invites Public to Meeting at Pythian Castle on Thursday.

In a statement given to the press last night, Mr. McLellan says: I have engaged the Knights of Pythian Castle for Thursday evening, the 21st inst., at 8 o'clock, to hold a meeting when I propose to give those in attendance some information in regard to the present act, under which we are asked to surrender the harbor on August 1st.

There is no desire on my part to direct the citizens of St. John in this regard, but believe it absolutely necessary that all information available should be afforded the voters in order that they may come to some intelligent conclusion.

It is the duty of the Mayor and Commissioners to call the meetings, and any delay in doing so does not appear to me at least as evidence of their desire to have the taxpayers properly informed. It is all very well to say that any statements made on the eve of the election will be of more effect than any made some time in advance; but this is not an ordinary election, when it may appear more effective to have the last say.

The decision on August 1st is for better or for worse, and not only for those of us of the present generation, but for many coming after us. Not alone for the City of St. John, but for the Province of New Brunswick.

The sides of the case should be ventilated, and while I expect to take sufficient time to present the case from one angle, I will be pleased to have others present who may have the privilege of voicing their opinions, either for or against the act.

The question is not one of Harbor Commission, but whether the present act is good enough to warrant the people surrendering the harbor.

It may be that the citizens of St. John will not take enough interest to attend this meeting, but the opportunity is afforded them, and I hope that it may be proven that there are enough interested in the question to fill the auditorium.

If the meeting is well attended, it will be encouraging to those whose duty it is to provide a larger auditorium, whereby the people may have an opportunity to learn more of a subject which is the most important the citizens of St. John have had before them since Confederation.

SETTLEMENT IN McDONALD CASE

The case of James Franklin McDonald, who was arrested in Shediac on a charge of obtaining money from Dr. O. Comeau, of Fairville, under false pretences has been settled. After a hearing before Magistrate Allingham in the Fairville court a settlement was arranged whereby the accused made restitution and was allowed his liberty.

SEEK IRON AND COAL.

Two prospectors are engaged in searching for coal and iron in the Parish of Simonds, along the Black River road, a resident of that section stated today. He told of a kind of pottery clay and said that iron and coal were plentiful in Simonds.

The Simonds' assessment book has been filed.

Don't Judge a Carbon Remover by the Black Smoke
 which comes out through the exhaust.
 Many Carbon Removers contain a fuel oil which causes smoke.

D. B. Carbon Remover

CONTAINS NO OIL OR GREASE. The process of removing Carbon with D-B Carbon Remover is similar to the way Peroxide works on a wound. A demonstration on a spark plug will show you the effect it has on carbon and the way it works in the cylinder.
 Take out No. 1 spark plug (be sure it is warm, not hot.) Fill it with D-B Carbon Remover. Watch results.
 The chemical action separates the carbon from the metal in such a way that it is pulverized at the first explosion and passes out through the exhaust. Won't interfere with spark—Won't hurt metal—Won't affect oil.

SETTLEMENT IN McDONALD CASE

The case of James Franklin McDonald, who was arrested in Shediac on a charge of obtaining money from Dr. O. Comeau, of Fairville, under false pretences has been settled. After a hearing before Magistrate Allingham in the Fairville court a settlement was arranged whereby the accused made restitution and was allowed his liberty.

SEEK IRON AND COAL.

Two prospectors are engaged in searching for coal and iron in the Parish of Simonds, along the Black River road, a resident of that section stated today. He told of a kind of pottery clay and said that iron and coal were plentiful in Simonds.

The Simonds' assessment book has been filed.
