

men in America, front rank representatives from England, the doughty American rowers attended the big aquatic meet and rowed for the large purse, pure and simple; thus making excellent contrast. The single scull championship of America was decided and fell to Jake Gandard the Canadian. The official programme stated the race was the 'championship of the world' but where does St. John of Australia come in? The latter illuminated, men of war manoeuvres, field and track events were all well carried out the latter being very warmly contested.

Although St. John went in the boating events generally, yet the representatives of no city or section of country carried off so many all round honors as did the men from our city and it should be a source of pride to the people of St. John to know that even though a slim representation we can boast a generous supply of spoils and glory from one of the greatest sporting meets of the year.

On the opening day our Amateur crew met dire defeat at the hands of the Wanders and Dartmouth crews which was handsomely aided by a bungling officiating committee. The St. John men however felt little discouraged at the outcome of the event and claim today to be able to out row their foggy city rivals.

The second day of the carnival was a glorious one for St. John. All Halifax had eyes on the forward (upstream) event in which the St. John crew was to make its first official appearance. The Ferguson crew of Halifax was the only other boat in the race and after a pretty struggle which lasted over half the race the Fergusons away in the race gave out and the 'Pink' romped in winners.

In the evening of the same day Percy Holman and Norman Sanction, the only St. John men in the monster athletic meet of the Wanders club, carried off two first prizes in the bicycling event as well as gaining two secondary positions. There is still a doubt as to the correctness of the close decision given against Sanction in the two mile race. Many claim our rider was the winner of the first place but the judges said otherwise and Sanction quietly and in a gentlemanly manner acquiesced by the decision. The more men by our men were the one mile event by Holman in 2:37, and the five mile by Sanction in 14:13. Holman was also second in the one mile handicap and won the second heat of the half mile event in 1:11. Sanction lost the two mile event by less than a foot to say the least.

Among the crack bicyclists who took part in the Wanders' meet were Smith, Laidlaw, Nae, Unsworth, Cameron, Mitchell and others.

In the horse racing events at the Riding Grounds on Thursday E. Laidlaw, Halifax' training stallion Special Blend, gloriously captured the free for all race in straight heats in the presence of over 4000 spectators. At no time in the race was the pacer Halifax in the same with Lady Bag of Yarmouth. Times 2:23, 2:23 and 2:24. Mr. Willis drove his own horse, both staid and owner receiving a great ovation at the close of each trot. Special Blend broke at one stage of the race but Mr. Willis states that it was through his efforts to hold his trotter back that Blend lost his feet. At the same meet Katrina, Dr. Stevens' mare came in a good second to the fleet pacer Eke of Amherst.

It was at baseball that Halifax received its severest drubbing at St. John's hands. In the first game on Friday morning the Halifaxians were defeated by the Starlights of this city in a ten inning by a score of five to six. Henderson for our boys pitched a faultless game, striking out 14 of the 30 men who faced him at the plate. Shaw caught Henderson in an excellent manner up to the fourth inning when on account of a split palm he had to retire. Malcolm donned the mask and protector and belted the sphere every time. The Halifax men were the best procurable and put up excellent hitting. The reputation as most hospitable hosts is also fairly established in the estimation of our boys. Return matches are being talked of. In the first game the Starlights made 11 hits with a total of 12, their competitors only securing 7 with a total of 6.

The second game of baseball which was played on Saturday afternoon was a second and much easier victory for the Starlights, the first game on Friday morning the Halifaxians were defeated by the Starlights of this city in a ten inning by a score of five to six. Henderson for our boys pitched a faultless game, striking out 14 of the 30 men who faced him at the plate. Shaw caught Henderson in an excellent manner up to the fourth inning when on account of a split palm he had to retire. Malcolm donned the mask and protector and belted the sphere every time. The Halifax men were the best procurable and put up excellent hitting. The reputation as most hospitable hosts is also fairly established in the estimation of our boys. Return matches are being talked of. In the first game the Starlights made 11 hits with a total of 12, their competitors only securing 7 with a total of 6.

## BENT NEARLY DOUBLE.

THE STORY OF A WELL KNOWN DELHI MAN.

Tortured With Rheumatism for Nearly Twenty Years—Spent Large Sums in a Vain Search for Renewed Health—How He at Last Found It.

From the Delhi Reporter.  
recovery as follows:—He had been a sufferer from rheumatism since about eighteen years of age. At times he was confined to bed but obtained no rest nor night from the excruciating pains he was undergoing. Again he was able to go about and follow his employment, but even then frequently walked about in an almost doubled up condition. Then again he would have another relapse, and would be forced to take to his bed. During all these years he was almost continually doctored, but never obtained anything more than temporary relief for the large sums he expended in this way. Having failed to obtain relief at home he was very few troubles more wide spread and more difficult to eradicate from the system than rheumatism. The sufferer is racked with pains that are unbearable, and frequently feels that even death itself would be a relief. Among those who have found much of their lives made miserable by this dread trouble is Mr. Michael Scott, of Delhi, and having found a means of release from his agonies he is anxious that other sufferers should profit by his experience. Mr. Scott is in the employ of Messrs. Quance Bros, millers, and has a reputation for sterling integrity among all who know him. When one of the staff of the Reporter interviewed him, Mr. Scott gave the facts of his illness and went to Simcoe for treatment but received no permanent benefit and soon after coming home was as bad as ever. It will be readily understood that he was seriously discouraged, and had come to look upon his case as hopeless. Finally he was urged to try Dr. Williams' Pink Pills, and after hesitating at spending any more money, in what he now considers a vain pursuit of health, he at last consented to give them a trial. By the time he had used a half dozen boxes there was no longer any doubt in his mind that he was steadily improving, and the treatment was then gleefully continued. When he had taken a dozen boxes he found himself entirely recovered, entirely free from pain and from all stiffness of joints, and he is now able to do as hard a day's work as any man in the village. He has now been free from his old enemy for so long a period that he feels his cure is permanent, and is consequently an enthusiastic admirer of Dr. Williams' wonderful Pink Pills, and urges all who are similarly suffering to give them a trial, feeling confident that they will prove quite as efficacious as they did in his case.

Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these pills are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to pale and sickly cheeks. Men broken down by overwork, worry or excess, will find in Pink Pills a certain cure. Sold by all druggists or sent by mail post-paid, at 50c a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y. Beware of imitations and substitutes alleged to be 'just as good.'

**THE QUEEN'S HEALTH.**  
MAX CAUSE HER TO LEAVE THE THRONE—IN PRINCE OF WALES FAVOR.

LONDON, August 1.—The persistent rumors circulating in regard to the health of Queen Victoria and her intention to retire are almost immediately in favor of the Prince of Wales have caused quite a sensation in court and other circles. While it is admitted that such reports have become current frequently in previous years, there is no denying that Her Majesty's declining health is causing much anxiety to her entourage and it is generally believed that her retirement from public life is only a question of a short time. According to the programme, the Queen when not on the continent, will reside either at Osborne or at Balmoral and will turn over Windsor Castle and Buckingham Palace for the use of the Prince and Princess of Wales. The Prince may not be declared regent but may exercise the duties of a position to all intents and purposes according to the reports in circulation.

It is believed that the rumors of the approaching retirement of Her Majesty gained much strength from statements attributed to her during her last visit to this city, upon the occasion of the marriage of Princess Maud of Wales to Prince Charles of Denmark. The Queen was then said to have remarked that it was her last visit to London and to this cause is partly attributed Her Majesty's deep emotion when the cheers came of the crowds lining the route from the palace to the railroad station by Her Majesty where she took the train for Windsor. Tears were seen to be coursing down the Queen's cheeks and there were other evidences that she was deeply affected by the loyalty and sympathy displayed on all sides.

The transference of the West End to the palace of the changes should it take place, for there has been very much regret expressed among them at the very short and long—between visits paid by the Queen to London of recent years. But should Her Majesty retire, it is safe to say that from one end of Great Britain to the other and throughout the British empire generally there will be a profound sentiment of deep regret that Her Majesty's health is such as to compel her to retire from the duties which she has so long fulfilled to the satisfaction of her subjects. The key note touched by Colonel Walker, of the ancient and honorable company of Massachusetts, when he referred to Her Majesty's 'woman's life as queen, and queenless as a woman,' finds an echo everywhere throughout her Majesty's dominions. Though the queen may not actually be upon the point of retiring, it is stated by those who are in a position to judge of the situation that Her Majesty has felt the weight of her years more and more since the death of the late Prince Henry of Battenberg who was a most constant and devoted attendant upon the ancient sovereign, and that the retirement of the latter from active participation in the affairs of state cannot be much longer delayed.

**Scrofula**

Infects the blood of humanity. It appears in varied forms, but is forced to yield to Hood's Sarsaparilla, which purifies and vitalizes the blood and cures all such diseases. Read this:—  
"In September, 1894, I made a mistake and injured my ankle. Very soon afterwards

**A Sore**

two inches across formed and in walking to favor it I sprained my ankle. The sore became worse; I could not put my foot on and I thought I should have to give up at every step. I could not get any relief and had to stop work. I read of a cure of a similar case by Hood's Sarsaparilla and concluded to try it. Before I had taken all of two bottles the sore had healed and the swelling had gone down. My

**Foot**

is now well and I have been greatly benefited otherwise. I have increased in weight and am in better health. I cannot say enough in praise of Hood's Sarsaparilla." Mrs. H. BLAKE, No. 26, New York.

**Hood's Sarsaparilla**

Is the One True Blood Purifier. All druggists. Prepared only by C. I. Hood & Co., Lowell, Mass. Hood's Pills are the best family cathartic and give relief in five minutes.

## FOUND GUILTY.

LONDON, July 29.—A large crowd gathered outside the court room yesterday to witness the exit of Jameson and his fellow prisoners and cheered vociferously when they appeared. Many shouts of 'God bless you' were heard as the prisoners were brought out on their way to Holloway jail, where they are to be confined temporarily.

## NEWS NOTES.

**SPOKE THE 'FOX.'**  
LONDON, July 25.—The Norwegian boat 'Cito,' Captain Clausen, which arrived at Penryn yesterday from Quebec, reports that on July 15, in lat. 47 north, long. 31 west, she spoke the row boat 'Fox,' in which, on June 6, Frank Harbo and George Samuelson, two young Norwegian sailors, started from New York to row to Havre. Harbo and Samuelson were in good health. They were supplied with provisions and water by the 'Cito.' The men said that on July 10, the weather being rough, the heavy seas upset their boat and they lost several articles.

LONDON, Aug. 1.—The row boat 'Fox,' containing the two Swedish sailors Frank Harbo and George Samuelson, who started from New York on June 6th last with the intention of rowing to Havre, France, arrived at the Scilly Islands to-day. Both the occupants of the small craft were in good health.

New York, Aug. 1.—Vanderbilt wedding was reported this morning as off again. Now the hitch is said to be over a pastor to marry the Rev. Dr. John H. Hall happens to be at the Lakes of Killarney for his health. All the Wilsons came to town yesterday for the wedding. Young Vanderbilt was with Miss Wilson pretty much all day and last evening. Yesterday afternoon young Vanderbilt called to see Dr. Depey at his office but he was out. He was said to be out of town. In a newspaper young Vanderbilt went around among the clerks of the New York Central office bidding them good bye and then disappeared in the direction of the Wilson house. It is expected by many that the wedding will come off some time to-day.

LONDON, July 28.—The members of the team of Canadian riflemen who have been taking part in the Bisley tournament are spending the time sightseeing. Most of them will sail for home on the steamer Mongolia, which leaves Liverpool July 30. Major General Herbert will give a dinner to Messrs. Starke and Bruce, of the Canadian team, to-day, at Windsor Castle. Starke and Wilson will sail from Liverpool on the steamer Persia Aug. 20, Bruce and Weller on the Numidian, August 13, and Hayburn, on the Sardinian, on August 7. McDougal sailed on the steamer Enrica, which left Liverpool for New York Sunday.

RALEIGH, N. C., July 22.—About sunrise yesterday there was a snow fall at Duplin county at Warsaw which continued ten minutes. It fell from a narrow cloud which extended from the horizon to the zenith. The flakes were small but well defined. Hundreds of people witnessed this strange spectacle, unparalleled in North Carolina in July. The weather was not cool, though the air was fresh and there was a light breeze from the southwest.

BOSTON, July 31.—At the conclusion of the hearing to-day United States Commissioner Pike found probable cause in the cases of Thomas Brown and Charles Brown and they were held for the grand jury at the close of the hearing to-day on the charge of having murdered Captain Nash, his wife, Laura, and second mate Bamberg on the barkentine Herbert Fuller on the night of July 13. The grand jury of the United States circuit court will report on Oct. 15 and the trial will probably take place in the latter part of October. At the hearing the government placed on the witness stand two witnesses Monks, the passenger, and Lobose a seaman.
