MUCH INTEREST BEING MANIFESTED IN Churches Being Well Attended. SUNDAY'S PROGRAM

The evangelistic meetings under the leadership of Mr. Ritchie, which are attracting large audiences and much interest is being manifested. On Tuesday evening the audience consisted of the Baptist church, Mr. Bell gave a very earnest address on Personal Work from the text "He that winneth souls is wise".

On Wednesday evening a very large congregation was present in the Presbyterian church. Mr. Bell sang two songs which were much appreciated. He spoke from the text "He brought him to Jesus" and made a strong plea to Christian people to go out and bring the unconverted to the service.

Great preparations are being made for the Sunday meetings in the Opera House. A great chorus choir will lead the singing.

In the afternoon a special meeting will be held for men only. The subject of the Evangelist's address will be "The Problem of Problems". It is expected that this afternoon meeting will be one of the most interesting services of the whole series.

On Sunday at 8 a.m. Mr. Bell will address a mass meeting in the Opera House open to all. He will address himself especially to a very large class of people, namely, the Backsliders. His subject will be "Christ crowded out".

The meetings during the coming week will be in the same churches as the present week.

Mr. Bell will occupy the pulpit of the Methodist church Sunday morning.

DON'T FOOL WITH THE GRIP

The after results of the grip are apt to be exceedingly serious. It leaves its mark weakness and a run down condition in general.

Prof. R. E. R. Hicks of Maplewood, Ala. says that after grip Vinol restored his strength and cured his cough after different physicians and cough syrups had failed and he considered Vinol one of the greatest blessings ever offered to the public.

Britain had five deaths in twenty years as a result of competitive athletics. United States has an average of fifty deaths yearly from the same cause. That is but one convincing result of play for the sake of the game as against play for the sake of victory.

NORTH SHORE BOY WELL THOUGHT OF Even Conservative Papers Say That Attorney Gen- eral is O. K. BELONGS TO BATHURST

Somehow or other Mr. Turgeon the attorney general has a nice way about him. We have always admired him, despite the company into which he has been thrown by the turn of the political wheel.

The Standard never intentionally misrepresents anyone but the other day we inadvertently misrepresented the attorney general. In connection with the debate on the subject of securing copies of the printed votes lists Mr. Turgeon was quoted as having agreed that under the act only government members could get copies of the printed list until within ten days before an election, when all members could get them. The misrepresentation arose during the cross fire between the Government and Opposition members. Mr. Turgeon said that "apparently members could not get copies until within ten days of an election" and Mr. Turgeon admitted that under the act this was so, although he saw in the discussion a possibility for an acceptable amendment of the law.

Now Mr. Turgeon recognizes the difficulty under which the members of the press gallery labor by reason of the acoustic properties of the room in which the Legislature meets. When he noticed the error he didn't rise in his place on the floor of the House and demand with great gusto and superciliousness of an already over-punished clerk that the House exclude the press from its sessions. He didn't suggest the adoption of stamp chamber methods, nor the appointing of a press censor. What did he do? He invited the representatives of the Standard into his private office—about modestly furnished room where schemes of government and of politics are concocted—and there he pointed out the error. With the blandest of his very bland smiles he assured the newspaper man that he fully understood how the mistake might occur. He didn't even suggest that an explanation be published.

But the Standard doesn't want to misrepresent or to misreport anyone, much less the gentleman attorney general and so this explanation is freely given to all.

How Mr. Turgeon's manner stands out in contrast to the attitude some of his colleagues would have adopted with a case like this. Mr. Turgeon, we like your ways and we hope you do well.—Bodina Standard.

ICE RACE MEET DREW LARGE CROWDS TO CAMPBELLTON Much Interest Taken in Events and Good Races Result of the Committee's Efforts. FINISHED THURSDAY.

The ice race meet held here on Wednesday was most successful in every respect and the committee in charge of the arrangements are to be congratulated on the large number of spectators who were on hand to witness the events.

The ice track was in good shape and every race was of more than usual interest. The day was fine and a very large number of spectators were on hand to witness the events.

Messrs. F. F. Matheson, Geo. St. Onge and P. M. Anderson acted as judges while D. A. Stewart was starter. The events were pulled off as follows:

GOOD WATER PRESSURE

He must be a very prejudiced person indeed who will not admit the benefit to this town of the sixteen inch main. Notwithstanding that so many additional water services have been added to the system during the past summer, the water pressure is over forty per cent greater than it was before the sixteen inch pipe was connected to the service. When there was a foot of water running over the spill way and when there is now running over the pressure seems to be practically the same. Campbellton has now without doubt one of the best water systems in the province, if not in the Dominion.

The tender leaves of a harmless lung healing mountainous scrub give to Dr. Shoop's Cough Remedy its marvellous curative properties. Tight, tickling or distressing coughs, quickly yield to the healing soothing action of the splendid prescription—Dr. Shoop's Cough Remedy. And it is so safe and good for children as well as adults, containing no opium, chloroform or other harmful drugs mothers should use it in safety always demand Dr. Shoop's Cough Remedy. And if other remedies are offered tell them No. Be your own judge. Sold by all dealers.

A WELCOME ADDITION TO MARINE INDUSTRIES

The enterprise and large business capacity of Mr. T. H. Estabrooks has given him a commanding position in the trade of Canada. And it is St. John the principal port of entry for Indian and Ceylon Teas in the Dominion. This success is especially remarkable because it has been won within a very few years. Persistent and judicious advertising has made Red Rose Tea a household word from the coast of British Columbia to the coast of Labrador. Mr. Estabrooks' success has been his unwavering adherence to his conviction that quality pays, and to his straightforward and generous business methods. There is no man held in higher regard by the retail trade of Canada.

This is not a sudden impulse, however. For more than a year preparation on a large and comprehensive scale have been under way. A plant, fashioned after the most scientific and commercially approved methods has been installed and is now in operation. The coffee, instead of being ground, is now crushed between steel rollers, which turn it out in grains of uniform size. This is the most modern and approved method of preparing coffee for use.

The same day, it is reported, the coffee is crushed and put in pound and half pound doubly sealed air-tight tins.

Only one grade of coffee will be put on the market and it will be a grade to appeal to particular people. With coffee as with tea Mr. Estabrooks will adhere to the principle of quality.

Coffee blending, roasting and packing by new, scientific methods and on a large scale, will be a welcome industry in the Maritime Provinces, and for this reason as well as for his own sake, the trade will wish Mr. Estabrooks' unbounded success in his new venture.

The new coffee will bear the name "Estabrooks Red Rose Coffee." The labels are very handsome, and will attract the attention of the trade. A description of the new crushing process.

MR. M. J. BUTLER LEAVES THE I. C. R. Has Been Appointed Manager of New Coal and Steel Merger. A CAPABLE MAN

MONTREAL, Jan. 12.—Mr. J. Butler, deputy minister of railways and canals and chairman of the board of management of the government owned system was today working in the office of the president of the I. C. R. in Montreal.

The appointment of Mr. Butler was made at a meeting of the steel company held at the Bank of Commerce under the presidency of J. H. Plummer. The meeting lasted barely forty minutes and apart from the appointment there was no important business transacted.

President Plummer at the close intimated that the accounts will be worked on the verification of the figures in connection with the steel company claim against the coal company, but their labors are not drawing towards an end. Until they are completed no announcement can be made regarding the deferred dividend, nor can further action be taken concerning the amalgamation of the Dominion Steel and Coal Companies. So far as the accounting has gone it is understood to be favorable to the steel company's position.

TWO HOUSES AT BATHURST BURNED Loss Wednesday Morning About Two Thousand Dollars. FIREMEN WORK HARD

BATHURST, Jan. 12.—An alarm of fire this morning at 6.30 was rung in the little Candy Cure Tablets act as by magic. A few hours—and your threatening cold is broken. Candy like in taste. Preventive please the children—and they break the feverishness, always. And best of all is the economy. A large box—48 Preventives—25 cents. Ask your druggist. He knows. Sold by all dealers.

And the gardens of this wonderful country? In the towns and on the farms one sees a veritable riot of roses, spring lilacs and hollyhocks, mixed with the less familiar meadow sweet, whose fragrant blossoms on the breeze already heavily freighted with the sweetness of mountain ash bloom and the faint perfume of wild-berry bushes. Quaint cottages overgrown with vines nestle in the seclusion of cloistered terraces, through which neat curtained windows peer at the gleaming sweeps of sun kissed eaves and the quiet resplendence of the surrounding hills.

The days are marvellously fair, set down unforgetably warm and always tempered by a stirring breeze. The freshness impels one to walk, to climb to explore. On the shore one may look or gaze at once formed the ballast of foreign schooners; in the hills one may read or dream of mosquitoes, breathing into one's lungs the healing scent of spruce and pine—tubercular troubles are practically unknown in this district. One's eye and soul upon the nature glories that face one on all sides. Across the fields come the faint chiming of convent bells; far below sounds the soft murmur of busy mills; over all hangs the peace, the restful quietude of the day itself, and one gratefully feels that "all's well in the world".

The nights are equally entrancing. The most exquisite sunsets of gold and amethyst and green give place to a long shadowy twilight, almost imperceptibly the greys and purples, faintly tinged with the aftermath of a deepening violet. Beacon lights flash out from the harbor; on the Quebec tiny gleams shine from lonely farms across the hills, and on the darkening river the untidy radiance of acetylene buoys of the slow moving flambaux of fishermen float on appearing lights. From a tall masted schooner float the sweet strains of a mouth organ and the unfamiliar waltz of a weird Norwegian folk song, sung by men whose homely hearts are in countries o'er or less remote. One by one the twinkling stars shine out upon the summer sea, the moon rises slowly from behind tree crested hills. A great silence falls upon mountain and vale. The day is done.

Indigestion

Stomach trouble is but a symptom of and not a true disease. We think of Dyspepsia, indigestion, and flatulency as if they were separate and distinct ailments, when in fact they are all symptoms of a certain condition of the stomach.

It was this fact that first convinced Dr. Shoop of the necessity of a new remedy. Going direct to the stomach nerves, Shoop brought them back to normal, and thus cured the indigestion. With this object in view, Shoop's Restorative was created. It is a simple, natural, and effective remedy, and it is the only one that will cure indigestion, flatulency, and all the other ailments that result from a weak stomach.

THE CHARM OF RAY CHALEUR

By Cameron Nellie Wilson

For the weary searcher after pastures new, for the man or woman to whom summer resorts have become mere bromides, flat state and pure with this region is a word to conjure with. This region is not the petted darling of railway magnates, nor the fustian of fulsome guide books; in fact, its history has been a chequered one in which progress and enterprise have suffered to no small extent. However, is no cheap counterfeit, but the real thing.

Leaving the main line of the Intercolonial at Dalhousie Junction, one takes a grotesque branch line consisting of a diminutive engine, a phreatic coach of nondescript class and four seats, and a baggage car, spooling its way through a desolate and desolate country. After a short and tedious run, followed by the conversion of a friendly conductor most interesting in its itinerary of each passenger, the train stops and cracks into the station with triumphant acclaim. Dusty and tired, one descends to the platform; then and only then do the trials of a wondrous journey become "worth while" as one takes long deep breaths of invigorating freshness.

Before one rolls the wide waters of the Restigouche and on the Quebec shore, in deceptive nearness, the blue roof reaching Laurentides. The small town of Dalhousie itself rich in legendary lore, both personal and provincial, spreads along the harbor on the New Brunswick side, its white dwellings and spires standing out in clear contrast against a beautiful background of emerald hills.

The town is most picturesque. The main street, with its gambrel roofed houses and stores, its quaint sign-varying in character from that of the French Canadian restaurant to the Georgian board of the new Kiondyke store, runs parallel to the river and terminates where the white cap waves of the sea sweep the shore, sea scented heavy with odors of kelp and dulse rich in the delicious tang that breathes of wide illimitable reaches of salt water. A second street devoted chiefly to comfortable homely dwellings runs terrace like about the main thoroughfare, and above this another on which are cozy, vine covered cottages, the Roman Catholic church and the convent of a Sisterhood who shared in the exodus from France, high on a hill, a rough road through the dense woods and from behind thick screens of spruce and sunnich, peep the small houses of Dalhousie. The shingled walls of silvery grey mingled softly with the varied greens the thin pale lines of smoke floating from chimneys that seem to peep inquisitively from among the treetops. The windmills and rock strewn fields are glorious with

Caught Cold By Working In Water.

A Distressing, Tickling Sensation In The Throat.

Mr. Albert MacPhee, Chignecto Mines, N.S., writes—"In Oct. 1908 I caught cold by working in water, and had a very bad cough and that distressing, tickling sensation in my throat so I could not sleep at night, and my lungs were so very sore I had to give up work. Our doctor gave me medicine but it did no good so I got a bottle of Dr. Wood's Norway Pine Syrup and by the time I had used two bottles I was entirely cured. I am always recommending it to my friends."

Dr. Wood's Norway Pine Syrup combines the potent healing virtues of the Norway pine tree with other absorbent, expectorant and soothing medicines of recognized worth, and is absolutely harmless, prompt and safe for the cure of Coughs, Colds, Whooping Cough, Sore Throat, Bronchitis, and all the troubles of the Throat and Lungs.

Beware of imitations of Dr. Wood's Norway Pine Syrup. Ask for it and insist on getting what you ask for. It is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cents.

MATTER NOT SO BAD AS STATED, SAYS THE CAMPBELLTON CHIEF

Chief of Police Crawford of Campbellton, who was suspended several days ago pending an enquiry into his conduct on New Years Eve, told the Telegraph over the long distance phone that the matter was all settled and that he has now resumed his position as chief again. Chief Crawford wished to state that the matter was not half so bad as represented in some of the St. John papers at the time of his suspension and most of the comment was, he said, entirely unwarranted. He said he would act as prosecutor in five liquor violations which will come before the court at Campbellton today. The Graphic regrets that Chief Crawford is endeavoring to make light of the serious offence of which he was guilty. We were in hopes that he would see the seriousness of his actions and that it would be so impressed on his mind that in future he

much so that citizens were saying unpleasant things about the inspector. However, we trust things have taken a turn for the better and that law and order will prevail.

Chamberlain's Cough Remedy is not a common, every day cough mixture. It is a meritorious remedy for all the troublesome and dangerous complications resulting from cold in the head, throat, chest or lungs. Sold by all druggists.

The horse is in no more peril of extinction by the automobile than he is of being driven into oblivion by the airship. We are no nearer to the horseless carriage age than we are to the manless age. The two great urea begin business in partnership before the dawn of civilization and will continue together at the end of the world.

Chamberlain's Cough Remedy is a very valuable medicine for throat and lung troubles quickly relieves and cures painful breathing and a generally sounding cough which indicates congested lungs. Sold by all druggists.

GRAND RIVER

The death of Mrs. Peter Sheehan of this place occurred at her home here on Monday Jan 10. The deceased lady had been ill for almost a year. She was about sixty years of age. Four children survive. Frank at home; George of Sayabec, who was at his mother's bedside when she died; P. D. of Edouard, and Joseph of Webwood Ont.

The funeral was held on Thursday and was very largely attended, after being held at Notre Dame Church burying ground. The pall bearers were Peter Gault, Elias Brown, James Shannon and A. P. Shannon. Mrs. Sheehan was formerly Miss Eliza Lamb of Perce and was one of the most highly respected residents of the county of Gaspé.

WOMEN TO HAVE THEIR OWN COLONY

Mrs. F. J. Walker, an Australian in New York, is much interested in stories circulated among them regarding the formation of a great island continent in the Pacific. These have to do with women in the hustling Commonwealth to take themselves apart from the rule of man. The chief against man had been spoken in the voice of the English Woman's House holders' League.

The League has secured from the Western State Government of Australia a tract of land that is to be all its own, all and solely woman's own. The land is a large tract at Wilson's Inlet and is to be used for the establishment of a farm colony on a large scale.

"No prohibition," say the proud Australian women, "has ever so rigidly guarded from its arch enemy as this settlement will be from the machinations of the thing that is known as man."

LOCAL AND GENERAL NEWS.

BORN:
At Dawsonville, to Mr. and Mrs. Gray,
W. Styles, a son.

TOWN COUNCIL.
The regular meeting of the Town
Council will be held on Tuesday even-
ing, 18th inst.

THE CARDBOARD JAIL.
The young fellows breaking out of
the reformatory at St. John reminds
us of a certain cardboard jail so pre-
minent a few years ago.

BAPTIST CHURCH.
Rev. P. J. Stuckhouse will occupy
the pulpit of the First Baptist church
of Alberton on Sunday. The assist-
ant pastor will preach in the church
here on Sunday morning and will also
speak at Flatlands at 3.30 p.m. and
at Moore's Settlement in the evening.

PRESENTATION.
Previous to his leaving Bathurst,
Roy Kerton of the Bank of Montreal
staff, was waited upon by a commit-
tee of citizens who presented him
with a handsome set of military brushes
and a gold mounted umbrella. Roy's
many friends at Bathurst were sorry
that he was transferred.

LAST HORSE.
Leonard Court, of Edmundston, lost
a valuable horse yesterday afternoon
while crossing from Miramichi to
Dalhousie. The road was bused. Mr.
Court went ahead to try the ice with
an axe and found it in so bad that
the dropping of the axle would break
through. Before he could get the
horse turned the animal broke through
and was drowned.

WENT THROUGH ICE.
That the ice road from Dalhousie to
Miramichi is unsafe is ascertained
yesterday. Mr. Leonard Court of Dal-
housie while attempting to cross, lost
a valuable horse and harness and had
it narrow escape. Several men
walking across also had narrow escape.
It seems strange that this road
was bused before the crossing with
teams was safe.

A POPULAR PICTURE.
The Graphic's premium picture is
being greatly admired by all who have
seen it. Already a large number have
renewed the subscription price of the
Graphic and if the demand keeps up
the supply will be exhausted before
the New Year. We have only a lim-
ited number of these pictures and
those desiring same should remit at
once. The picture is given to all
new subscribers paying one year in
advance, and also to any of our pre-
sent readers who pay us all arrears
and one year in advance.

OUR NEW TERMS BEGINS

DEATH OF DR. WALKER.
A telegram was received at New-
castle by Miss Jean Aitken last Wed-
nesday announcing the death of Dr.
Horatio Walker at Los Angeles, Cal-
ifornia on December 30th. No partic-
ulars as to the cause of death have
been received. Dr. Walker was a na-
tive of the Isle of Orleans, P. Q., and
a graduate of McGill. He married
Miss Aitken, eldest daughter of Rev. and
Mrs. Wm. Aitken of Newcastle, who
survives him with no family. Miss
Aitken who had been spending the
last year with her sister in Los
Angeles, returned home for Christmas
and when she died the doctor was in

MEETING TODAY.
The Restigouche Boom Company are
holding a meeting here today.
COUNCIL TO MEET.
A meeting of the Council Chambers on
Tuesday evening, Jan. 18th. The Pol-
ice Committee's report on the matter
of the suspension of Chief Crawford
will also be dealt with.

HOCKEY.
The first game of the season will
be played here Wednesday evening,
Jan. 19th, between the High School
and Merchants. Both teams are work-
ing hard to get into shape and good
clean hockey is promised. It is to
be hoped that the citizens will con-
cure the boys by attending the game.

BOYS CAPTURED.
Robert McRae and William Mulvey
the two boys who ran away from the
reformatory recently, were captured
near Moncton yesterday and returned
to St. John.

DEED AT BATHURST.
The news of the death of Arthur
McKenzie at Bathurst, on Wednesday
morning, after a comparatively short
illness was heard with regret by a
large circle of friends. Deceased who
was eighteen years of age had been
the only surviving son of a widowed
mother and his loss will be the more
keenly felt since his father predece-
ded him but a few months. Much sym-
pathy is felt for the bereaved mother
and sister.

DISSOLVED PARTNERSHIP.
The firm of Messrs. Duncan & Mc-
Lennan, machinists, have this day
dissolved their partnership. Mr. W. D. Duncan
retires from the firm and Mr. Alex. Mc-
Lennan continuing the business.

SNOW ON ROOFS.
Too much snow is allowed to accum-
ulate on roofs of buildings to melt
and form ice along the eaves which
in time will constitute a barrier to
the escape of the water and cause it
to leak through the roof into the attic
and through the plaster. Way not to
remove the snow and ice at once and
save further annoyance.

TRANSFERRED TO NEWCASTLE.
P. J. Stuckhouse, of Campbellton, who
has been manager of the Liverpool
branch of the Bank of Nova Scotia,
has been transferred to the Newcastle
branch, where he will act as manager.

Given Up To Die

No. 100 George St., Sorel, Quebec.

"I suffered from womb disease for seven

years, with dreadful pains over the front

of the body, over the back and down

the legs. I had indigestion and chronic

constipation and the constipation was

so bad that I went sometimes for ten to

fifteen days without any action of the

bowels. I was ill in bed for one whole

year. At one time I was so low that

everyone thought I was going to die,

and the last rites of the Church were

administered to me. I was treated by

six different doctors without any benefit.

MADAME JOSEPH LIRETTE

Then I got a sample of "Fruit-a-tives,"

but I had no faith in them at all, and I

would not have taken them only my

husband begged so hard for me to try

them. As soon as I began to take

"Fruit-a-tives" I grew better, the

bloating was relieved, the sleeplessness

was cured, my stomach acted, and the

bowels were moved, but above all the

fearful womb pains were made easier.

I have taken eighteen boxes in all

and I am now perfectly well again."

SEASON'S GREETINGS

M. L. NELSON & CO.

FOR X'MAS NOVELTIES.

The True Test

of value is not the price you pay but the style, comfort and fit you get. Don't imagine that all tailors work is alike. Nor the goods alike in garments sold at similar prices. Not at all. Good, bad and indifferent describes it. Some excel. We make it a point of honor to give value and perfect fit. Can we do more.
