MAIL ORDERS
We solicit out of town orders, which receive
our personal attention. The length of time tak-
en to fill orders is governed very largely by how
busy we are in the department of our factory in
which the particular goods are made. While
we have exceptional facilities for promptly
turning out goods, it is important to place or-
ders as far ahead as possible. Orders are filled
by us in the rotation in which they are received,
and customers can always depend on our doing
everything in reason to give prompt despatch.

BASEBALL NOTES AND JOTTINGS

**Great Pitchers Battle on Mon-
day Evening Between
Slipp and Shirley**

Great was the disappointment of
the fans when it was known that no
foreign game would be played last
Friday afternoon, and the attend-
ance was rather small in the even-
ing when Mechanics and Vics
brought off a schedule game, ending
in victory for the Mechanics 10-4.
The Vics seem to have struck a
bad patch these last few appear-
ances, but Duggan lent a decided
touch of color to an otherwise dull
evening, by appearing in part uni-
form of four different clubs, even
his socks not being on speaking
terms with each other. Notwith-
standing this handicap, however,
Chip caught a good game.

Monday evening's game between
I.C.R. and Mechanics was a hum-
mer, Slipp pitching well, receiving
poor support from Paterson who
was off his game. Shirley heaved
great ball, fanning ten men. Lutz
got the glad hand on going to bat,
and Ingram felt sore at being a
second late for Clyde's fly. Only
two safe hits were got in the game.
Cady punching one to centre, off
Shirley, and Mercereau first man up
in the second innings, walloped the
first one Slipp gave him to the cen-
tre field fence for two bags. In
this second innings with bases full
and two out, Lavoie fanned after
knocking out a foul drive over third
base line. The Mechanics could do
nothing with Shirley and were usu-
ally retired one too three.

Street Lights**

The Town Council met on Tues-
day evening His Worship Mayor
Andrew presiding. There were
present Councillors White, Quinn,
Ferguson, Miller, Ellsworth, Pin-
k and Alexander.

Minutes of previous meeting were
read and confirmed.

Communication read from Mrs.
B. Christopher asking reduction in
assessment and communication
from John Parker Sr. for refund of
poll tax were both referred to As-
sessment and Appeals Committee.

A petition was received from res-
idents in Lanesowne Street for
extension of water and sewerage
privileges. After discussion was re-
ferred to W.&S. Committee.

The following reports recom-
mending payment of accounts were
received and adopted. Councillor
Alexander, Water and Sewerage

Councillor Ellsworth from Assess-
ment and appeals Committee recom-
mended that the assessment of
Mr. P. M. Shannon be reduced
\$1000. Report received and adopted.

Report from Police and Licence
Committee recommended licences
for livery stables in accordance
with the by-laws to N. W. Le-
vesque and John Morrissey.

In a further report Councillor
White from the special committee
re gas producer recommended that
the offer of the Canadian Alis

installation of a gas producer as per

FIRE AT RICHARDS MILL ON MONDAY

**Blaze in Lumber Piles at the
Upper Mill Destroys Quan-
tity of Boards**

On Monday afternoon an alarm
of fire was sent in from Richard's
upper mill about two miles below
town, and a detachment of the Fire
Brigade responded with the fire en-
gine.

On the arrival of the firemen the
blaze had a good hold in two piles of
lumber, but aided by the mill hands
with bucket brigade and their own
hose the fire was kept from spreading.
It is figured that there would be
roughly about 100,000 feet of boards
in the piles valued at \$1,500 which
is fully covered by insurance.

The fire is supposed to
have originated from a spark either
from the chimney or the refuse bor-
ner.

The adjusters are now at work on
the loss. The fire is supposed to
have originated from a spark either
from the chimney or the refuse bor-
ner.

specification for the sum of \$5000,
this to include all requirements.
Councillor Pinault asked regarding
the correspondence and thought
that all letters should go through
the town clerk. He thought the
manager of the department had too
much latitude but knowing the ne-
cessity of having the producer
moved the adoption of the report
which was received and adopted.

Councillor White in a report
from the Electric Light Dept. re-
commended that the following lights
be placed on streets:

CUP RESOLVED FOR SHOOTING

**H.C. Montgomery Presents
Trophy to be Shot For on
Labor Day**

Following the splendid showing of
the North Shore riflemen at the
meeting just closed in Sussex, Mr.
H. C. Montgomery has presented to
the Restigouche Rifle Association a
handsome silver cup which will be
shot for on Labor Day September
1st at the local ranges. This com-
petition of which fuller details will
appear next week, will be open to
riflemen from Restigouche, Glouces-
ter, and Bonaventure Counties, and
should do much to encourage shoot-
ing in this district. Mr. Montgom-
ery is to be commended for his kind-
ness in providing this handsome tro-
phy which will no doubt be keenly
contested for on Monday week.

A silver medal presented by Mr.
P. W. Hamilton of Charlottetown will
also be shot for on that day, handicap
match, confined to members of the
Restigouche Association. The final
arrangements for the matches have
not yet been made but full details
will appear in our next issue. Any
information will be supplied by ap-
plying to Captain John White.

AN INVESTMENT PROBLEM FOR VOTERS

Silver and gold in uncounted millions have been delivered to King Alcohol, and in return for our good money he has given us the penitentiary, the lunatic asylum, and the insane asylum. The economic waste of the saloon is so axiomatic that it leaves no room for argument. I have sometimes thought that if there were more chance for an argument, more agitation against the frightful waste could be developed. It is generally conceded that in this country alone our annual drink bill is between one and two billions. That is simply the direct cost of the liquor consumed. But if we add to that the indirect cost in loss of labor, increase of crime, disease, poverty and insanity we have no figures adequately to estimate the economic waste of the saloon.

Perhaps we can see it more clearly if we take a concrete instance and apply the waste caused the saloon to legitimate trade. The CHICAGO RECORD-HERALD made the following comparison some time ago. If the 7,000 saloons of Chicago take in \$300 each per day, the total amount for all would be approximately \$67,000,000 a year. Apply this in legitimate channels of trade and you will have this result.

Employ 10,000 men cleaning streets and doing other public work at \$1.50 a day; employ 2,000 teams and men cleaning alleys and streets at \$4.00 a day; give each of 60,000 poor families \$1.00 a day; buy a \$25 suit for the father to each of these 60,000 families; buy one \$10 dress and one \$3 pair of shoes for the mother; buy two tons of hard coal and one barrel of flour for each poor family; buy one \$20 suit and one \$4 pair of shoes for 250,000 workmen, and pay the casiare and lunch of the same number; buy one \$4 suit of clothes for every boy and girl in the public schools (180,000 enrolled); establish one free library and museum in each division of the city at \$1,000,000 each; build 30 new school-houses at \$100,000 each; build 36 churches at \$50,000 each; give to fresh air fund for poor children \$75,000; give to the various hospitals of the city \$100,000; and have a balance left of over \$10,000. And yet all this money goes for waste and worse than waste.—Rev. John A. Earl.

FIRE AT HARCOURT LAST SATURDAY

Harcourt, N.B., Aug. 18.—A disastrous fire broke out in this village on Saturday afternoon shortly after one o'clock and as the result ten dwelling houses and as many barns and out buildings were burned to the ground.

The loss is estimated to be in the vicinity of \$20,000.

At one time it looked as if the whole village would be destroyed, but through the heroic efforts of the residents and friends from the surrounding districts many buildings were saved and after hard fighting the fire was got under control.

The fire broke out in Sankey Call's house and had got quite a headway before it was discovered. There was a very high wind blowing, which blew the sparks hither and thither and shortly after the Call house was discovered in flames it was noticed that the house of Miss Annie Campbell had also ignited. It was then seen that the whole side of the street was in danger and houses adjoining Miss Campbell's shared the same fate. Then the fire jumped Main Street and destroyed four more buildings, one being Buckley's house and store.

It was thought that the house of Dr. Fairbank on the west side and David Johnson's Blacksmith shop and dwelling on the east side would also go, but they were screened by trees, which undoubtedly saved them, coupled with the effort of the workers. Had they gone the whole village would have been wiped out.

Postmaster Gunn's house adjoining the Post Office caught at different stages during the fire, and it was thought that his house would be destroyed. All the furniture was removed, but fortunately the building was saved, the damage being very slight in comparison with the damage done to other buildings.

The day was hot and dry with just enough wind blowing to fan the flames and carry sparks. Water was also scarce and had to be secured from wells and the Intercolonial tank. Burning shingles were carried across the street and lit on the roofs of the houses, and the volunteer firemen could not concentrate their efforts on one house, as they were all burning at the same time.

As stated before the fire started in the house of Mr. S. Call, occupied by his mother, Mrs. Mary Call and family of his brother who is in Saskatoon.

The house of Miss Annie Campbell next caught and it was quickly burned to the ground but fortunately most of her furniture was saved, although her lodger, Rev. R.H. Staver of this place, lost his valuable library on which he had \$150 insurance.

The house of Mr. L.H. Wathen next caught and by this time it was evident that the whole side of the street was in danger.

The houses of Miss Bernice Pridie, Mrs. James Buckley, in which Mr. W.F. Buckley kept a general store, Mrs. George Bates, the Powell House and barn, Mrs. Archibald Ferguson were all partly destroyed.

By the above it will be noticed that out of the ten houses destroyed seven of them were owned by women, four or five of them being widows and at least two of them having no insurance.

The I.C.R. station and hotels were saved as the sparks were not carried that far. When the fire was at its height it was decided to acquaint Chief Ackman, of the Moncton Fire Department of the facts and accordingly he was telegraphed for. He arrived here on the Ocean Limited and directed the efforts of the volunteers to good effect and his kindness in coming to the village is greatly appreciated.

The following are the names of those who lost by fire altogether with an estimate of the amounts lost and the insurance on property.

On the west side: L.J. Wathen, house, one thousand, furniture eight hundred and three hundred in cash; insurance three hundred and fifty dollars.

Misses Augusta and Annie Campbell, house and barn, about six hundred, no insurance, saved most of her furniture. Her lodger, Rev. R.H. Staver, lost \$1500; insurance \$300.

Sankey Call, house and barn, about nine hundred, lost nearly every thing, no insurance. \$800 will cover his loss.

Miss Bernice Pridie, house and barn valued at nineteen hundred; part of furniture, over five hundred dollars, and about one hundred and fifty in cash; insurance one thousand dollars.

Mrs. Mary Wathen, house and barn worth one thousand dollars, insurance five hundred; occupied by Thomas Lambkey, who saved his furniture.

East side: Mrs. James Buckley, dwelling house, and barn filled with hay and some farming implements; value of property, twelve hundred; insurance \$300. Besides this there were boots and shoes and clothing owned by William F. Buckley. Mrs. Buckley had no insurance on furniture of which she lost some. W.F. Buckley had one thousand insurance on stock, while his loss is estimated at \$2,100.

Mrs. George Bates, of Vancouver, the Powell House and barn, six hundred, no insurance; most of her furniture was destroyed; no insurance.

James Carter lost about \$800, through building loss, Mrs. Geddes \$500 and the insurance is doubtful.

Much sympathy is felt for those who lost by fire, especially for those who were not fortunate enough to have insurance and practically everything they owned went up in smoke. Those who did not suffer by the flames were very kind to the sufferers and are doing everything possible for them.

What This Sectional Fire-pot Means to You

The "Sunshine" has a straight-sided semi-steel firepot, extra heavily ribbed and made in two sections. The two sections allow for contraction and expansion—which prevents cracking. The heavy ribs and semi-steel give extra strength and added radiating surface. Ashes cannot adhere to the straight sides which assures an all-over clear fire. This means the greatest heat from the fuel consumed.

EXAGGERATION

The Montreal Gazette says:—

The sensational story of two girls being kidnapped from a Toronto park in the daytime when many persons were around and whisked off in an automobile occupied by a woman and a man turns out to be without foundation in fact. The youngsters had been sent on a message and thought they could better pass the time by playing in the park. Anxious relatives investigated and were told by other children that the missing ones had been run away with. The story-tellers even described the dress of the kidnappers and the automobile they were in. The police were notified and also the newspapers, with the result that dispatches were sent all over the country and printed in the press of many cities. Some of the newspapers that printed the sensation ignored the denial and explanation of the following day, in some instances probably because to do so would spoil a good story, and in others because the denial was in the form of a small paragraph and therefore not worth printing.

Such incidents have been quite frequent of late. The juvenile imagination is as great as it ever was and the capacity for telling lies also. Periodically there come reports of boys being held up by rough-looking men with black whiskers and hats pulled down over their eyes who clap bags over their victims heads, bind their arms and legs and rob them of the money intended by parents or employers for purchases for the household or firm. Sometimes the victim is discovered by a companion, who notifies the interested seniors, who in turn notify the police. Then

there is a sensation and demands are made for the riddance of the town of all hold-up men. By the time a few outcasts have been arrested on suspicion police officers or stern male parents with lingering memories of their own youthful days have frightened the romancers into telling the truth, which is generally to the effect that the story tellers spent the money entrusted to them, so had to make up a tale to cover the crime. Candies and ice cream and beverages and visits to parks and moving picture shows look better than ham or coal oil or potatoes to the unpuritanical juvenile with money in his pocket even when it is not his own. The confession results in a spanking if the parent is wise, and one more youngster has been taught that the way of the transgressor is hard.

When wonderful experiences are related by juveniles they should be taken with a bucket of salt and then thoroughly investigated. After which the case should be dealt with on its merits. For not every child is as truthful as its fond relatives imagine.

British Columbia comes first amongst the fish producing provinces with output \$13,677,125; Nova Scotia is second with \$9,367,000, and New Brunswick third with \$4,886,157.

Aug. 15-25th

AN ABLE PREACHER

Those who attended the services in First Presbyterian Church last Sunday listened to able and helpful sermons by Rev. Thomas T. Drumm, of Campbellton, N. B., the church being crowded in the evening. The reverend gentleman was indeed a clever speaker. His subject matter was well arranged, his announcement splendid, and through all there flowed the irresistible power of splendid, wholehearted sympathy. Those in a position to know, say Rev. Mr. Drumm, who is a big hearted Scotchman, is greatly beloved by not only his own people but those in general of Campbellton, because of his genial disposition and untiring interest in all things that pertain to the interests of the people.—Truro Citizen.

PUBLICITY CAMPAIGNED OPEN

Mr. Geo. A. Lewis of London Representing Messrs. Sells is in Town

Mr. George A. Lewis is in town for a day or so. He is representing Messrs. Sells of London, England, the official publishers to the British government who are compiling an authentic reference work on the Dominion. The publication will deal with every phase of industrial and financial activity, covering all subjects of general interest, from openings for investment to physical geography, and will carry no displayed advertising. A staff of competent journalists will collect first hand information, which will be carefully authenticated, and the services of the firm's own photographers will be requisitioned to undertake the illustration of the work, which will be both copious and artistic. Mr. Lewis is staying at the Waverly Hotel and would be glad to meet the representatives of local industry and finance, to secure from them particulars of their activities, and the possibilities for the investment of capital in these parts. The publication of all such facts, after verification, calls for no obligation on the part of the concerns so represented.

CONDITIONS PERFECT FOR SHOOTERS

Restigouche Rifle Men Are in
Among the Money.
Cadets Make Good

The conditions at Sussex for the
P.R.A. matches, which have now con-
cluded, were all that could be de-
sired. Monday was taken up with
extra series and on Tuesday the mat-
ches properly were taken up. The
members of the Restigouche Rifle
Association all did well, and
were all in the prize money list.
Our cadet team finished third
in the cup competition which was
very creditable considering
that they had little or no practice
on the range. Next summer the
officials should see that ample time
be given for rifle practice and we can
bring the event here. Our cadets
made a good show, the three of them
being among the prize winners in
the individual competition.

The shooting for the Strathcona
cups, for junior and senior cadets in
the public schools, was carried on in
conjunction with the first two ranges
of the association match. The se-
nior cup was won by J.K. Oldham,
of Fredericton, while T. White, of
Campbellton carried off the junior
series.

Below we give a list of the scores
and prizes of local competitors:

GRATITUDE PROMPTED THIS LETTER

Prominent People Proud To
Testify For "Fruit-a-Lives"

130 ATLANTIC AVE., MONTRÉAL.

"For years, I suffered from Rheu-
matism, being unable to work for weeks
at a time and spent hundreds of dollars
on doctor's medicines, besides receiving
treatment at Notre Dame Hospital
where I was informed that I was incur-
able. I was discouraged when a friend
advised me to try "Fruit-a-lives".
After using three packages, I felt
relieved and continued until I had
used five packages when a complete
cure was the result after years of dis-
tressing failed. I consider "Fruit-a-
lives" a wonderful remedy. You are at
liberty to use this testimonial to prove
to others the good that "Fruit-a-lives"
has done me."

AUDIENCE ENJOYED MUSICAL COMEDY

Seven Hours in New York
Presented at The
Academy

Catchy songs, charming girls, pretty dresses
and fine scenery combined with clever acting
all go to make the musical comedy, "7 Hours
in New York" an attractive production. At
capacity house was on hand at the Academy
last night and showed by their repeated ap-
plause their appreciation of this production,
which is presented by Messrs Lee and Lam-
bert.

The plot of the play is amusing throughout
and the clever presentation of each and every
part by the members of the company combined
with a strong and well trained chorus and
pleasing singers assured the success of the
piece which will be played at the Academy
every night this week, with matinee on Satur-
day.

Morrill Lee was exceptionally well taken by
Henry Alexander, who gave a fine representa-
tion of the distracted husband who is making
a desperate effort to keep from his wife the
fact that he spent seven hours in New York,
between the hours of 9 and 4 o'clock.

Fred Bailey, apart from his clever presenta-
tion of the part of Lincoln Penny brother-in-
law of Lee, in which he kept the audience in
roars of laughter was heard in two catchy
songs "7 Hours in New York" and "The
Chief Song" being ably supported by the ch-
orus attractively dressed.

Will Herbert as Nifty, a taxi chauffeur is a
clever comedian. His jokes were all new and
evoked much merriment. His exhibition of
soft shoe dancing brought down the house,
this being in a class by itself. Violet Malvin
maid to Lee's wife was taken by Dottie Leig-
ton who is a charming actress, and also has
a pretty voice.

The raising of the curtain in the second act
showed an excellent scenic effect. The back-
ground was a representation of Coney Island
in the distance, with the lights in the different
buildings. This was well received. All the
songs were scored. Perhaps the most popu-
lar was "Rag time baseball game" in which
an amusing representation of the baseball
game was given in rag-time. Well-known
American ball players were represented, also
the local favorite Roy Innor. "Pussy Cat,"
"Honey moon," "I'd like to make a date with
you," were other favorites, while the finale of
the first act, "Sleepy Time" was very effec-
tively rendered by Elsie and the company at-
tenuated in light gowns with lighted
candles.

Stops Falling Hair

Hall's Hair Renewer certainly stops
falling hair. No doubt about it what-
ever. You will surely be satisfied.

Dr. Anna Howard Shaw, president
of the National Woman Suffrage
Association of the United States,
says a better name for the anti-suf-
fragists who call themselves the Con-
servativists would be destruction-

ists. The condemned body may
with truth reply that the title Dr.
Shaw suggests would better suit the
militant section of the vote-seeking
army. Their chief characteristic
certainly is destructiveness.

New Brunswick has lost one of its
foremost citizens by the death of Mr.
Alexander Gibson of Marysville.
In his career he showed that the
first element to the development of
a commercial or industrial commu-
nity is the presence and activity of
capable and enterprising men. In
the lumber and cotton manufactur-
ing business of the province Mr.
Gibson was a leader, as he was
also in the development of transpor-
tation interests. It may be said with
truth that he did more for New
Brunswick's trade than any other of
its men, public or in private life.
He gained in carrying out his enter-
prises both wealth and respect, and
deservedly.

Mr. W. S. Gunsalus, a farmer living near
Fleming, Pa., says he has used Chamberlain's
Colic, Cholera and Diarrhoea Remedy in his
family for fourteen years, and that he has
found it to be an excellent remedy, and takes
pleasure in recommending it. For sale by all
dealers.

A farmer in great need of extra hands at
hay time finally asked Si Warren, who was
counted the town fool, if he could help him
out. "What'll ye pay?" asked Si. "I'll pay
what you're worth," answered the farmer.
Si scratched his head for a

MEETING OF TOWN COUNCIL

Continued from page 1

entertained at present. Carried.

Councillor Miller brought up the matter of renting the Murray building for town offices at a rental of \$120 per month payable monthly.

In the discussion Councillor Pinault thought the building was a good one for the purpose and there should be no sub-letting. Councillor Alexander thought the rent too high but in the end the committee were authorized to close the deal if satisfactory repairs were made.

Councillor Alexander dissenting.

Councillor Pinault brought up the matter of the Quebec Exhibition which he proposed attending and requested the council to send Street Commissioner Taylor there to see the demonstration of road making.

This leave was granted by Council who voted \$20 towards expenses. Councillor Pinault while in Quebec will seek the advice of experts in roadmaking as to the suitability of the Sugarloaf stone for roads, samples of which will be taken with him.

Councillor Quinn brought to the notice of the Council the case of two persons who were in receipt of relief from the town who would be better if sent to the provincial hospital. After a statement from Councillor Pinault Councillor Quinn was requested to look further into the matter and report.

Councillor Miller notified the Council that a \$10 000 policy covering part of the electric light had been cancelled in one company but had been covered in another.

Councillor Ferguson from Fire Protection Committee stated that he had gone into the case of Wm. Noble regarding a substitute and although he would have preferred to have the increase of \$5.00 was quite satisfied to accept every second Sunday off in lieu of holidays. Council then adjourned.

Boston. About thirty guests were present. The parlors were beautifully decorated for the occasion. Music was furnished by the Dalhousie orchestra. Dainty refreshments were served.

The Misses Hamilton of Point la Nim are hostess this evening to a dancing party at their hospitable home.

Mr. and Mrs. J. P. Wall of Campbellton were visitors to town on Tuesday.

Miss Laura McIntyre, Campbellton, was in town on Wednesday the guest of her cousin, Miss B. Mercer.

Miss Boeureuf, Boston and Miss Lena Harquail have gone to Gaspe for a few days.

Mr. James Burgess, Ex-M.P.P., Grand Falls, N. B., was a visitor in town on Wednesday.

Invitations have been issued for a large dancing party to be held by Mrs. H. A. Hilyard on Friday evening in honor of her guests Mrs. Robertson and Mrs. S. Peters, St. John.

Mr. E. Rene Richard has returned from a visit to Dorchester and Sackville.

The Bazaar which has been held here during three evenings this week for the benefit of the Dalhousie convent to add further space for pupils was a great success in every particular. The affair was well patronized by all denominations.

Rev. J. H. Kirk who is to leave Dalhousie shortly was presented by a purse of gold by his Point la Nim parishioners last week. The presentation was made at the home of Mr. Daniel McCarty.

The Menominee Herald Leader dated August published the following about a Restigouche boy who cast his lot in the west some 25 years ago. "J. W. LaBilloy has returned from Louisville, where he attended the Biennial convention of the Catholic Order of Foresters, which was in session there four days. He was elected a high trustee, being one of the eight members of the board, and his new office will take him to Chicago once every month to attend the high court meetings."

Mr. LaBilloy was enthusiastic over the reception that Louisville gave the Foresters and the evidence of genuine southern hospitality that everywhere confronted the visitors, who were given a royal time after convention hours.

The next convention will be held in 1915 in Toronto, Canada. The other cities contesting for the privilege were St. Francisco, Portland, Me., Grand Forks, Dak., and Indianapolis. There were 200 delegates present and about fifty leading wives of the Foresters.

Rev. Sister Couture, of Montreal, who is on a business tour at Carleton, P. Q., the guest of her relatives there, was a visitor to Dalhousie on Tuesday and was the guest of her nephew, Hon. C. H. LaBilloy. She was accompanied by Rev. Sister Robert, Superior of the Convent at Carleton, P. Q. Questioned about education it was learned that great improvements had recently been made to the convent at Carleton to accommodate the increasing number of boarders.

Mr. and Mrs. Smith and the Misses Taylor of Fredericton and Mr. and Mrs. MacIndoo of Montreal are guests at Glen Cottage here this week.

Mr. Chas. Brown, Escuminac was in town this week. He had just learnt of the death of one of his brothers which occurred in one of the New England States. The remains are expected to arrive at Escuminac, where interment will take place.
