OUR POLICY

"Prompt Service and Close Attention To All Orders"

In this policy strictly adhered to, we consider that our customers have been largely benefited, as people dealing with us have always felt sure that they would get exactly what they wanted promptly and at reasonable prices.

Our modern plant and large stocks always on hand enable us to fill all orders in the very best service.

We can ship made to order goods within a reasonable time, and in quality, as stock goods for the reason that it takes time to manufacture special or odd material. However, our up-to-date plant and splendid organization enable us to do this work in a way to meet your hearty approval.

NEWCASTLE TUXIS BOYS WIN

Fast Clean Return Game With
Clean Hockey in Win for
Visitors.

The cleanest exhibition of hockey on Campbellton ice this season was witnessed here last Thursday night by about four hundred spectators when the C. S. E. T. Tuxis boys of Newcastle crossed sticks with the Tuxis hockey squad here in a fast and closely contested return game.

The ice was in good condition and the players were in good form. The first period started with a rush and the Newcastle boys kept up a steady bombardment on the Campbellton goal. Despite the well-angled efforts of the home team, the visitors kept the puck on Campbellton territory throughout most of this period. The Campbellton forward line made some clever breaks through the Newcastle defence but failed to score. LeBouffe, on right wing made several spectacular rushes up his side of the ice breaking through the well organized defence of his opponents without resorting to any rough checking, but on each occasion failed to find the net. McMichael, playing point for the visitors, was a dependable man at his position and his speed and accurate shooting notched a goal for his team in this period, which ended 1 to 0.

In the second period the Campbellton boys showed that they were not discouraged and continued to play good clean hockey. They made several spirited attacks on the Newcastle goal but the efficiency of their opponents defence working in union with the clever combination play of their forward line contrived to defeat their objective and carry the puck back into Campbellton territory. A Jardine in goal for Campbellton defended the net in a most commendable manner against the well-armed shots of his opponents but in this period another goal by him and when the bell rang the score stood 2-0 in Newcastle's favor.

In the last period the play was a little slower until a goal was notched for Campbellton. Then the North Shore chaps took from courage and the game became such a whirlwind that the spectators could hardly follow the darting bit of rubber. The Campbellton boys fought hard and fast but could not score again. The Newcastle players were everywhere at once with brainy combination and good stick handling. R. O'Donnell at centre played some choice hockey. He has speed to burn but uses his head as well as his feet. Sargent, the Newcastle goalkeeper did good work. Dickson on the right wing and Murray on the left played fast, clean hockey. The game ended thus giving Newcastle the victory by a score of 2 to 1. Ray Matthews refereed the game to the satisfaction of all.

After the game the teams and their officials were royally entertained at a banquet in the S. S. Hall given by the girls of the C. C. I. T.

The line-up was as follows:—

Newcastle	Goal	A. Jardine
Sargent	Goal	B. McMichael
C. O'Donnell	C. Point	H. Jardine
R. O'Donnell	Centre	Dunham
Dickson	R. Wing	A. LeBouffe
C. Murray	L. Wing	G. McMichael

NIGHT OF SPORTS A SUCCESS

World Renowned One-Legged
Skater Gives Astonishing
Exhibition.

While over two hundred spectators held their breath in tense expectancy, Norman A. Falkner, world renowned one-legged skater, performed incredible stunts and exhibited prize-worthy skill at fancy skating in the rink here on Monday night—and did it all on one leg, for he had only one.

The crowd was delighted with his exhibition, which was an unprecedented event of its kind here.

The evening's entertainment also included several skating events. Why there were not more entries in an unsolved mystery. Surely Campbellton with its scores of graceful skaters who can be found at the rink at least three nights a week, can produce breaks through the Newcastle show, even on short notice several skaters who can give a commendable exhibition of speed.

As it was, two men took all the honors. Joe Laviolette won the one mile race and the spectators a genuine thrill by his demonstration of a terrific speed.

Frank Steeves captured the rest of the honors in admirable style, winning the half mile, and the potato, sack, and barrel races.

IMPROVEMENT IN LUMBER BUSINESS

Total Cut in New Brunswick
Will Exceed Early
Estimates.

Reports received from various sections of the province are to the effect that there has been a steady improvement in lumbering conditions and that the total cut will exceed considerably the first estimate made. This is true of both crown lands and private lands.

Quite recently new preparations have been begun in various parts of the province, the evident expectation being that the lumber market will show an improvement.

One hundred million feet is said to be an estimate for the cut on crown lands, according to reports from Fredericton. This total is far below the usual cut of the last few years but is much larger than what has expected last autumn.

All parts of the province report conditions for lumbering as excellent. There has not been too heavy a fall of snow and yarding has been carried on under most favorable conditions.

There is general complaint on the part of those interested in lumbering and pulpwood that freight rates are so high that business in both lines is being stifled. If relief in that direction were given there would be marked revival.

An optimistic view of the situation is taken by the Boston Commercial Bulletin, of February 4, which discusses the provincial marketing conditions as follows:

"The manufacturers in New Brunswick and Nova Scotia are taking a more confident view of the outlook. The frantic desire to sell, as common a short time ago, is disappearing rapidly and is not likely soon to return if only a fair proportion of all that is being said about the shortage in the Sussex play Charlottetown for the interprovincial honors to decide which team should meet the winners of the Nova Scotia League for the Maritime Provinces championship. Aside from that feature of the matter, local fans contend that Sussex has a most unfair schedule; Chatham looks to have picked out the softest spots and in the matter of schedule seem to have something on the other contenders that should work to their advantage.

PLAY-OFF IN N. B. & P. E. I. LEAGUE

Schedule of Six Games
At Meeting of N. B. & P. E. I. League

At a meeting of representatives from the winners of the three sections of the N. B. and P. E. I. Hockey League was held at the Brunswick Hotel, Moncton, on Thursday afternoon, a schedule of six games was arranged to decide the Amateur Championship of N. B. and P. E. I. for 1921-22.

Those present were, Ted Vickery, Sussex; Sam Doyle, Charlottetown; Rev. Father Pickett, Arthur Leggett and George McDade, representing Chatham.

Mr. Vickery was appointed chairman and Mr. Leggett, secretary of the meeting.

Frank Brown was appointed official referee and Sandy Staples, of Fredericton, alternate referee.

A series of six home and home games will be played, and if a final play off is necessary the game will be played in the Sunny Brae rink.

The schedule is as follows:

Feb. 15—Sussex at Charlottetown.
Feb. 17—Sussex at Chatham.
Feb. 20—Chatham at Sussex.
Feb. 22—Charlottetown at Sussex.
Feb. 24—Charlottetown at Chatham.
Feb. 28—Chatham at Charlottetown.

The Fredericton Mail of Saturday says—Local fans have been wondering if the schedule of games for the play-off in the N. B. & P. E. I. league, as published in yesterday's paper, is correct. The contention here is that the league, to have served its real purpose, should have the winners of the New Brunswick playoff and thus settle New Brunswick playoff and thus settle the provincial championship and then let the winners between Chatham and the Sussex play Charlottetown for the interprovincial honors to decide which team should meet the winners of the Nova Scotia League for the Maritime Provinces championship. Aside from that feature of the matter, local fans contend that Sussex has a most unfair schedule; Chatham looks to have picked out the softest spots and in the matter of schedule seem to have something on the other contenders that should work to their advantage.

DECISION OF THE REFEREES TO STAND

In Awarding the Campbellton-
Chatham Game to the Latter
Team.

A meeting of the Executive of the N. B. and P. E. I. Hockey League was held at the Brunswick Hotel, Moncton, Monday, to consider the protests made by Campbellton in connection with the game played here Wednesday evening last between Campbellton and Chatham, when the former, having refused to continue play left the ice, and the referees awarded Chatham the game.

The several protests regarding matters of proper referees, counting of goals and penalizing of players, were fully considered and discussed, and arguments put forward by representatives of the teams involved.

The executive finally declared his intention to uphold decision of referees.

Those present were Dr. Allan Sterling of Fredericton; Max Mowatt of Campbellton; Mr. Stokoe of Sussex; (S. Doyle of Charlottetown registering his vote by wire.)

The Campbellton Club was represented by Charles Alexander, Ray Matthews and Pete McLean; and the Chatham Club by Rev. Fr. Pickett and E. W. Watling.

REFEREE MURRAY HAS RESIGNED

Makes Full Report of Chatham-
Campbellton Game to Pres.
of League.

C. M. Murray who refereed the Campbellton-Chatham game has resigned as a referee in the N. B. & P. E. I. League.

Mr. Murray's resignation and report of the game to the league president, Dr. Sterling of Fredericton, was as follows:

Chatham, N. B.
Feb. 9th, 1922

Dr. Sterling,
Fredericton, N. B.

Dear Sir:—

Re Campbellton and Chatham game:—

Enclosed and you will find a protest lodged by the Campbellton Hockey Team previous to starting the above game. Kindly give this your immediate consideration.

The game started a little late but was well refereed by the referee at attendance as the fastest game they had seen in this ring and ended in a tie, the score being 2-2. The teams then agreed to play two five minute periods. In the first period Chatham scored 1 goal and just as the first five minute period was over a dispute arose, Chatham claiming that a Campbellton man who was penalized did not leave the ice and Campbellton claimed that a man was in the penalty box for an offence at the time the argument arose. Mr. Thom, Gilbert, the other referee who had penalized the above player, will explain the dispute as he saw it. The game ended in a dispute with the score standing Chatham 3, Campbellton 2.

It was a very unsatisfactory ending and it is impossible for me to express regret at having to referee it.

My suggestion would be if the game had to be played over again to play it on neutral ice and import a referee who knows absolutely nothing about either team.

Kindly give this your immediate consideration and your final decision as it is very unsatisfactory the way it now stands.

Yours very truly
C. M. MURRAY.
No. 46 King St., St. John, N. B.

P. S.—Kindly accept this as my resignation as a referee in the N. B. & P. E. I. Hockey League.—C. M. Murray.

NEW MINISTER OF RAILWAYS HERE

Was Accompanied By Mr. Han-
nah and Other Officials of
Railway.

D. B. Hanna, Pres. Canadian National Railway and Hon. W. C. Kennedy, minister of Ryas, passed through here Tuesday evening enroute to Moncton and on their way to the railway centre, on an official trip in the interests of the road. R. H. Martin, vice president here, accompanied the officials.

ARCHER CUP GAME

Two teams of "Delinquents" entered, shipped by Andrew Barberie and Chas. Cabot played ships Fred Wetmore and Jas. Jardine Monday afternoon for the Archer cup. The score was as follows:—

Barberie 9 W. Wetmore 18
Cabot 6 W. Jardine 21

SPECIAL MEMORANDUM PAPER

A special memorandum paper has been received at the Graphic Office.

WOULD HAVE WIFE AN EQUAL PARTNER

Ontario Women Say Wife Entitled
to Proportion of Husband's
Income.

Toronto, Feb. 8.—The Ontario provincial committee of women protest against the economic position of the wife and consider that she should be legally entitled to a certain proportion of her husband's income. At the present time she is wholly dependent economically on the character and varying moods of her husband, and is too often as wife and mother and housekeeper the only valuable worker unpaid.

"Whereas the wife as the business partner of her husband is conserving, if not producing the wealth that supports the family.

Therefore be it resolved, that the wife be recognised as an equal partner in the marriage relationship and entitled to income."

Of the numerous resolutions submitted to Attorney General Ramsey at noon today by a deputation representing the local councils of women in this province.

Another resolution urged that as children were the greatest asset of the nation, the state should provide medical attendance free in all maternity cases. It was asked that the juvenile court act apply to all boys and girls up to 18 years of age, that domestic violence should be established in the larger cities, that any person old

PLAYING FOR NAPIER CUP

Rinks of Campbellton and Bath-
urst Curlers Meet To-Day
At Both Towns.

The annual play off for the handsome Napier curling trophy, now held by Bathurst is taking place to-day. Four Campbellton rinks went to Bathurst on the limited this morning and four rinks of Bathurst curlers are expected here to begin play at 2.30 o'clock.

These games will be very interesting as Campbellton and Bathurst are very evenly matched in the curling game.

The following Campbellton skips went to Bathurst: Fred J. McLean, F. P. Wetmore, H. G. Millican and Jas. P. Wetmore.

The skips to play on the home ice are Geo. F. Miles, H. A. Carr, E. P. Mowat and A. A. Andrew.

"FRUIT-A-TIVES" SAVED HER LIFE

This Fruit Medicine Always Gives Relief

917 DUNDAS ST. MONTREAL.
I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good. I read something about "Fruit-a-tives" being good for all Stomach Trouble and Disorders of Digestion, so I tried them.

After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored; and I am writing to tell you that I owe my life to "Fruit-a-tives".
Mlle. ANTOINETTE BUCHER.
50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid to Fruit-a-tives Limited, Ottawa.

GAMBLER MEETS TRAGIC END

Fate Deals Cards Against "Doc" Owens, World Famous Gambler.

New York, Feb. 11.—News reached New York to-day of the death at Havana on January 14, of W. J. (Doc) Owens, a notorious old-time gambler, considered one of the most expert card manipulators of his time. He fell down stairs at a hotel in the Cuban capital and died soon afterwards.

Gamblers here said Owens' bout never failed. He mainly operated on the great trans-Atlantic lines until the steamship companies barred him from sailing. In 1916, he was reported to have won \$200,000 from William Shaw of Pittsburgh, although both denied the story. When he arrived on the Majestic from England in 1905 the passengers pressed him with a loving cup for refraining from card playing during the voyage.

He broke into the headlines at the time of the Titanic disaster, when it was reported in the press on both sides of the ocean that he had escaped in a life boat by disguising himself as a woman. He denied the report.

DOCTORS ARE AT WAR

THEY TRY TO DISCREDIT DR. ADOLF LORENZ

Many Charges Aimed at Austrian Specialist Who is Now in United States Handling Cases of Congenital Dislocation of Hip—Who Did the Most Good to Miss Lydia E. Pinkham.

Dr. Adolf Lorenz, the famous Viennese orthopedic expert, continues to be a centre of interest in the United States. He went to the country a few weeks ago to repay, as he said, in whatever degree was in his power the debt that Austrian children owed to the American people who raised funds for their relief.

His reputation for his relief of the hip—Many of his clinics were free, but after a while the fact developed that charity was being made to patients who were able to pay, and that the charges were very modest even in view of Dr. Lorenz's great reputation.

Then the state authorities declined to give him a license. The profession began to discuss him in the medical journals and in the newspapers. As to his skill there was a considerable difference of opinion. Most of the lay correspondents attributing to him remarkable powers, while the experts were almost unanimously declaring him to be greatly overrated.

Then the point at issue shifted, one hand contending that Dr. Lorenz had violated the ethics of his profession by the blatant advertising that he had done while the other

said that his advertising was the best thing to be said about it, since it had the effect of bringing to light scores, perhaps hundreds, of cases of congenital dislocation of the hip.

There is another move in the controversy. Hitherto those who defend Dr. Lorenz have rested their case upon the assertion that at least he cured a number of those who had the American profession had failed. It was brought to the United States in 1902, and it was the publicity attending this operation that made him as famous as his fellow-Turton, Dr. Friedman, who was supposed to cure tuberculosis with a serum, and who visited Toronto under rather distinguished auspices about 1900.

Now, the physicians in the best position to know the facts assert that Dr. Lorenz did not cure Miss Armour, who is at present Mrs. John J. Mitchell, Jr. Miss Armour was originally the patient of Dr. John Riddon, one of the foremost of the American physicians in the United States and it was at his suggestion that Lorenz was imported in the first place.

It is a curious case, in which the left hip was in and the right hip was out. Lorenz replaced the left hip in and the right hip in 1902, but the patient still limps, and Dr. Riddon says that the Lorenz leg is shorter than the Riddon leg. Another authority, Dr. Virgil P. Gibney, says that it is known that Dr. Lorenz was not effected in the case of Miss Armour by Dr. Lorenz. On the other hand, the former Miss Armour says that the hip Lorenz treated is better than the other, and is of opinion that it was impossible for the Austrian to effect a perfect cure because of previous misdiagnosis. Her view is that the criticism of Lorenz is due to professional jealousy.

Dr. Riddon has contributed to a scientific journal an account of several of the cases which he treated with Dr. Lorenz, and from which it is evident that he regards the Austrian as something of a charlatan, and something of a humbug, and regrets that over he invited him to visit the United States. In some of these cases, he says, the neck of the femur was fractured as a result of the treatment, and in some of the cases, he says, the treatment was a failure. He says that the treatment was a failure in some cases, Lorenz was back in Vienna, and no good would have resulted in bringing against him a charge of malpractice, but when it was proposed that he should be brought back to the country, some of those who had been his admirers, including Dr. Riddon, protested.

Dr. Riddon mentions a case in which Lorenz failed to replace the hip, but he says that he had really put the hip in and collected \$500. When the cast was removed the hip was in place, but an X-ray examination showed that it was still out. The truth seems to be that Dr. Lorenz is not a miracle-man, and the charges against him are not unfounded.

he has welcomed it, has given the public the impression that he is, and that he can perform operations beyond the powers of any other surgeon. It seems a cruelty to arouse hopes that cannot be fulfilled, especially if great pain is to be undergone by the patients in the effort of the Austrian to attempt the impossible. If Dr. Lorenz can put over his what there seems no reason to doubt that other European specialists can do likewise, and that at intervals for many years practitioners of no more skill, and perhaps with less skill, than the American experts, will raise false and cruel hopes in the breasts of thousands of sufferers.

The Antelope.
The antelope is purely an animal of the plains and open, rolling country, never being found in the timber, much less in the mountains. We have no history of its ever having been found east of the Mississippi river, and we possess no evidence of this kind through the discovery of fossil or subfossil remains in the region.

THEY TRY TO DISCREDIT DR. ADOLF LORENZ

Many Charges Aimed at Austrian Specialist Who is Now in United States Handling Cases of Congenital Dislocation of Hip—Who Did the Most Good to Miss Lydia E. Pinkham.

Dr. Adolf Lorenz, the famous Viennese orthopedic expert, continues to be a centre of interest in the United States. He went to the country a few weeks ago to repay, as he said, in whatever degree was in his power the debt that Austrian children owed to the American people who raised funds for their relief.

His reputation for his relief of the hip—Many of his clinics were free, but after a while the fact developed that charity was being made to patients who were able to pay, and that the charges were very modest even in view of Dr. Lorenz's great reputation.

Then the state authorities declined to give him a license. The profession began to discuss him in the medical journals and in the newspapers. As to his skill there was a considerable difference of opinion. Most of the lay correspondents attributing to him remarkable powers, while the experts were almost unanimously declaring him to be greatly overrated.

Then the point at issue shifted, one hand contending that Dr. Lorenz had violated the ethics of his profession by the blatant advertising that he had done while the other

said that his advertising was the best thing to be said about it, since it had the effect of bringing to light scores, perhaps hundreds, of cases of congenital dislocation of the hip.

There is another move in the controversy. Hitherto those who defend Dr. Lorenz have rested their case upon the assertion that at least he cured a number of those who had the American profession had failed. It was brought to the United States in 1902, and it was the publicity attending this operation that made him as famous as his fellow-Turton, Dr. Friedman, who was supposed to cure tuberculosis with a serum, and who visited Toronto under rather distinguished auspices about 1900.

Now, the physicians in the best position to know the facts assert that Dr. Lorenz did not cure Miss Armour, who is at present Mrs. John J. Mitchell, Jr. Miss Armour was originally the patient of Dr. John Riddon, one of the foremost of the American physicians in the United States and it was at his suggestion that Lorenz was imported in the first place.

NEARLY CRAZY WITH PAINS IN BACK

Read How Lydia E. Pinkham's Vegetable Compound Helped Mrs. Becroft

Hamilton, Ontario.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pain and am quite regular unless I overwork or stay on my feet from early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Vegetable Compound to several friends."—Mrs. Emily Becroft, 16 Douglas St., Hamilton, Ontario.

For nearly fifty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast.

If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It has helped others, let it help you.

Los Angeles, Calif., Feb. 13.—Mary Miles Minter, motion picture actress, issued a statement here today through her attorneys declaring that she has told investigators "all that she knew" of the life of William Desmond Taylor.

It said she could not conceive how any person could voluntarily wrong Taylor.

CANADA BENEFITED.

More proof of the fact that the U.S. emergency tariff instead of increasing and protecting United States trade is having the opposite effect has just been furnished by a statement issued by the Canadian Trade Commissioner in New York to the United States press. According to the statement, while Canada's total exports to the United States in 1921 fell to \$327,000,000 as compared with \$560,000,000 in 1920, a decrease of well over 40 per cent.

United States exports to Canada fell from \$221,000,000 to \$55,000,000, a decrease of nearly 75 per cent.

The sixty per cent. reduction in the value of both Canadian exports to the United States and United States exports to Canada during the calendar year 1921, was partly attributable to an average drop in prices of about 27 per cent. Taking this into account, it will be seen that Canada exports to the United States and United States exports to Canada were each reduced in volume by approximately 45 per cent. compared with 1920.

The reaction effect of the exclusion of Canadian goods from the United States by the emergency tariff upon what the United States sells to Canada is clearly indicated. This is brought about by the necessity for a greater decreased purchase in Canada of United States goods, because of the coincident curtailment of Canada's ability to buy, and the greater surplus available for domestic consumption, the statement declares.

The emergency tariff has actually benefited Canada therefore, in every way.—Ex.

ITS TRUE.

Chatham World says—Hockey is discredited by the squabbles of the players. The Chatham team went to Campbellton last winter and refused to play without a change of referees, and the Campbellton men had to yield or give back the gate money to 600 people who had paid to see a game. They won the game, but the League authorities very properly declined to allow it to be placed to their credit.

And here in Chatham, the other night, the appointed referee, not having arrived, the clubs could not agree on any one man and two were named by President Sterling, who notified the teams that the one who refused to accept his appointees would be declared the loser. This is the kind of talk that such wranglers understand, and both teams stopped talking and proceeded to play. Chatham won, and then Campbellton, having left the ice after being beaten and refused to play to the end, sent in a protest, claiming that the employment of two referees was illegal. The protest has been disallowed. The popularity of hockey will wane if players don't confine themselves to playing and stop wrangling.

SCIENTIFIC AND INDUSTRIAL RESEARCH.

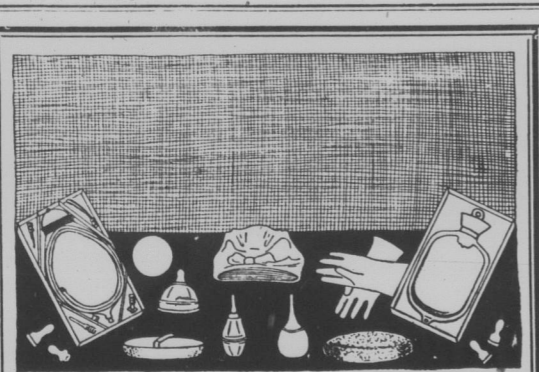

The secretary of the Fredericton Board of Trade has received a communication from F. M. Gaudet, of Ottawa, technical executive officer of the Advisory Council for Scientific Research, asking the local Board of Trade to signify their approval or disapproval of the proposed establishment of a National Research Institute. A bill is being prepared for introduction at the next session of Parliament providing for the establishment of such an institute for the exclusion of Canadian goods from the United States by the emergency tariff upon what the United States sells to Canada is clearly indicated.

This is brought about by the necessity for a greater decreased purchase in Canada of United States goods, because of the coincident curtailment of Canada's ability to buy, and the greater surplus available for domestic consumption, the statement declares.

NOTICE.

We would esteem it a favor if our subscribers would notice the date of their subscription on their paper and amount due.

Railway News in Brief

Windsor, Ont.—E. C. Rice, C.P.R. ticket agent, has relinquished his duties here, after 11 years' service, and has gone to Florida for a three months' vacation, as he has not enjoyed the best of health of late. He is succeeded by W. A. Armstrong, for 17 years in the ticket service of the railway company in Toronto.

Kentville, N.S.—The Dominion Atlantic Railway has moved 105,000 barrels of apples to Halifax for export. There are still approximately 350,000 barrels left for export. From the beginning of the season 1,400 more cars of apples were moved than for the corresponding period last year.

St. John, N.B.—During the present season the Canadian Pacific has hauled 2,048 cars of grain containing 428,908 bushels which have been unloaded to the elevators at West St. John, as compared with 3,065 cars with 5,045 bushels during the corresponding season last year. The elevators at West St. John still contain a million and a half bushels of grain.

The new Canadian Pacific Steamship "Montcalm," which sails between St. John and Liverpool, is equipped with motion pictures. The showing of motion pictures on board ship has proven a big success ever since its inauguration last year.

Victoria, B.C.—There are no better known golf courses in the Dominion than those at Victoria on Vancouver Island, no doubt due to the fact that the game is played every day in the year. It will, therefore, come as a pleasant announcement to know that the Canadian Pacific Railway has completed arrangements whereby guests of the Empress Hotel at Victoria will be accorded playing privileges on the excellent 18-hole Golf Course.

Winnipeg, Man.—Miss Hazel Tompkins, candidate of the Canadian Pacific Railway employees, is again of the Winnipeg winter carnival. When the voting contest closed Miss Tompkins had 27,555,000 votes to her credit, while Kathryn McPherson, candidate of the Canadian National employees, ran second with 14,222,000 votes and Miss Esther Cummings of the T. Eaton Company, third with 12,484,000. There were 26 candidates. Boreds were sold to finance the carnival, each bond bearing a voting coupon.

There has been more than usual interest manifested since the announcement, first made by the Canadian Pacific in December, of the next international Eucharistic Congress which is to be held in Rome in May. The Canadian Pacific, associated with La Compagnie Francaise du Tourisme, is organizing a personally-conducted pilgrimage under the spiritual direction of a well-known Canadian priest. The pilgrimage will include the famous shrines of Italy and France, with special optional tours to the Passion Play at Ober-Ammergau and the battlefields of the Great War.

Edmonton, Alta.—Demonstrations on raising of bacon type hogs, the value of dairy cows on the farm and the value of sheep are being given from the train that has been outfitted by the Alberta Government and is now on tour through the province. The train itself is provided by the C. P. R. and has Thos. Atkinson, agricultural representative in charge. Representing the Provincial Government, S. G. Carlyle, live stock commissioner, is in charge of this work. The speakers include Mr. Carlyle, Guy Herbert, Medicine Hat; G. R. G. Hutton, Calgary; Professor A. A. Dowell, Captain J. L. L. University of Alberta; W. L. Carlyle, Calgary and Dr. Morrison of the Dominion Live Stock Veterinary Service.

Montreal, Que.—J. J. Sullivan, for many years well known here as chief engineer for the C.P.R., was elected president of the Engineering Institute of Canada, at the annual meeting of that body. Mr. Sullivan succeeds the retiring president, J. M. R. Fairbairn, present chief engineer of the C.P.R. In his victory address Mr. Fairbairn said the past year had been a serious one, following the recession from the financial war activities, and he hoped the turning point had been reached. The depression had been particularly hard on the younger members of the profession, despite the deflation period, the institute, for the first time in its history, showed a surplus, \$10,000, on its year's operation.

Ottawa, Feb. 10.—Arthur C. Hardy of Brookville, Ont., noted breeder of Holstein-Friesian cattle, is the new Ontario senator, filling the vacancy caused by the death of the late Senator Beith, of Bowmanville. The appointment of Senator Hardy was announced following this afternoon's meeting of the cabinet council.

The new Ontario senator is a son of the former Premier Hardy of Ontario and has taken a prominent part in the business and political life of Leeds and Brookville.

HOUSE FOR SALE—Good sized house on Windsor Street in line of the best residential districts in the town. Apply to P. M. CARTER, Town.—1f.

OBITUARY.

John Graham Anderson.

With the death of John Graham Anderson, the Miramichi loses one of its pioneer citizens. Born at Douglastown, in 1826, one year after the Miramichi fire, Mr. Anderson resided there all his life and was one of the leading residents of that community.

The late Mr. Anderson has been in failing health for some years, but on Saturday last suffered a paralytic stroke, from which he passed away on Thursday night. He is survived by three sons—John Anderson, Brockton (Mass.); Finley, in the west, and Rev. George S. Anderson, Sonerville (Mass.); also two daughters. The funeral took place on Sunday afternoon at 2 o'clock and was largely attended. Services were conducted at the house and grave by Rev. Alex. Firth, and interment took place in St. James' cemetery, Newcastle.

James A. Orr.

James A. Orr, one of the most prominent circus managers in the United States, and who has spent more years in that form of amusement enterprise than the average man, died in St. John Friday afternoon. He had been in ill-health for several months and last year went to a Rochester, Minn., sanitarium for six months' treatment for a malignant growth in the throat. Not receiving permanent benefit he returned to St. John Christmas to spend his last days with his relatives, and died at the home of his sister, Mrs. J. Miller, 47 Broad street, aged 65 years. The deceased was the son of Mr. and Mrs. John Orr, 86 Simonds street. When a young man he left St. John with a theatrical company and went on the stage in the United States. He had a splendid voice and remained in theatrical companies for some time, eventually branching into the circus business.

Robert Gray.

The community was greatly grieved to learn of the death of Mr. Robert Gray which occurred at the home of his daughter, Mrs. Frank Dugway Roseberry Street, on Sunday afternoon after an illness of only a few days from pneumonia. Deceased who was in his 76th year was highly regarded and much esteemed, and his death will be deeply mourned by a large circle of friends.

News was communicated to his son Walter H., who was spending a few months in Hot Spring, Ark., and he arrived in Campbellton on yesterday's limited. The late Mr. Gray for years was a provincial constable, but of late years conducted a confectionery store on Roseberry Street. The family will have the sympathy of the entire community in the great loss they have sustained. A funeral service was conducted by Rev. Hugh Miller, M.A., at the home of Mr. and Mrs. Dugway last evening and the remains were forwarded to Sussex on this morning's maritime for burial. They were accompanied by the deceased's son, Walter H. Gray.

Thomas W. Sansom.

Havelock Sansom, of this town, received a telegram Thursday evening announcing the sudden death there of Thomas W. Sansom, of Nashwaak, which occurred Thursday afternoon at the home of his aunt, Mrs. William Carson.

Mr. Sansom left Fredericton about three weeks ago for Houlton to visit his aunt and was in his usual good health. He had planned on leaving for Campbellton Friday and the news of his death came as a shock to his many friends, no intimation being received of his illness.

Mr. Sansom had been associated in business in Fredericton with ex-Warden M. Byron McNally until about two years ago when the firm sold out their business. He was well known to a large circle of friends over the entire province and his sudden death will be learned of with regret. He was 57 years of age and is survived by four brothers, George, Howard and Havelock Sansom, of Campbellton, and Clarence, in Alberta, and one sister, Mrs. John Richards, of Campbellton.

The remains were forwarded to Havelock on Saturday morning and were conveyed to the home of his brother Havelock, 2 to 8 and 7 to 9 p.m. Open to the public.—Feb. 15-2p.

SEMI-ANNUAL CLEARANCE SALE

We realize that times are quiet and with this idea in view we have gone over our entire stock and have marked same at such attractive prices that they are bound to move. We must have the room for our New Spring Stock. We are making tremendous losses on some of these lines, as much as 75 per cent.

THE QUESTION ANSWERED. Why is a newspaper like a pretty woman? asked the Newcastle man, and answered it himself by saying, "Two pigs." What it a greater nuisance than a drunken man? asked the Chathamite. "Two drunken men," answered the Newcastle citizen. "That's not the right answer," said Chathamite. "It is a half drunken man," and the audience voted unanimously that this answer was the right one.

NOTICE OF SOCIAL

Division 188 of the E. of L. E. is invited to hold a social in Oddfellows' Hall, Feb. 22nd at 8:30 p.m. All members and their wives are cordially invited to attend.

FIRE

Fire broke out in the home of James Wood, Ramsey Street, about 10 o'clock a.m. yesterday. When the alarm was rung in the Fire Department promptly responded and soon had the blaze under control. Nevertheless, the upper story of the house is badly damaged. The fire, it is believed, originated from an upper portion of the hall stove piping.

THE GREATEST NUISANCE

'What makes more noise than a pig under a fence?' asked the Newcastle man, and answered it himself by saying, 'Two pigs.' 'What is a greater nuisance than a drunken man?' asked the Chathamite. 'Two drunken men,' answered the Newcastle citizen. 'That's not the right answer,' said the Chathamite. 'It is a half drunken man,' and the audience voted unanimously that this answer was the right one.

THE QUESTION ANSWERED

Why is a newspaper like a pretty woman? asks a provincial paper. To be perfect it must be the embodiment of many types. Its form is made up. It is always chased though inclined to be giddy. It enjoys a good press, the more rapid the better. It has a weakness or gossip. Tells a good deal. One stand some praise, and it's awfully proud of a new dress, you.

AGENCY

Manufacturer of High Class Flavorings wants local agent. Must have list of references. No Capital required. Splendid opportunity for lady or man of ability. Write Box 2465, Montreal—Feb. 14-15.

VALENTINE SOCIAL

The Valentine social held in the Oddfellows' Hall last evening under the auspices of Northern Light Rebekah Lodge was a delightful affair, all present spending a most enjoyable evening. The chaperones were Mrs. An. Ward, Mrs. Harold J. Keith and Mrs. S. Moore.

OBITUARY

Richard Willett, Mrs. Richard Willett and family have the sympathy of all in the death of a loving husband and father which occurred at the Hotel Dieu Hospital on Feb. 8th after a week's illness. Mr. Willett had been confined to the house for a few days with pleurisy and was feeling better but he took suddenly worse on Sunday morning and was removed to the hospital. All that loving hands could do to save him was done but he passed away on Wednesday morning at 8 o'clock.

His remains were taken to his home at Grand Casapedia, P. Q., where the funeral services took place at 3 o'clock Friday morning. He leaves to mourn a wife, two stepdaughters, two daughters and one son who have the sympathy of all.

Tanlac relieves rheumatism by removing the cause. Sold at Wran's Drug Store.

HE FORGOT

A man from Nova Scotia who pleaded guilty in the Police Court this morning to the charge of being drunk, told the liquor inspector that he got into a house on Pond street last night when taken to that locality by Inspectors Journeay and Henderson, he said that he had no idea where he got the liquor or where he was arrested. He was taken back to jail and will have a chance to refresh his memory—Globe.

A NEWSPAPER RUMOR

The purchase of the Standard newspaper of St. John is being considered by an association of the Canadian newspaper owners, headed by Charles Crandall, formerly of the Montreal Star, and now owner of a newspaper on the Pacific, it was semi-officially reported to-day by G. Fred Pearson, of the Halifax Chronicle, is also interested in the venture, it is said. It was reported last week that the purchase had been completed, but it was the Standard which has negotiated the association which has been formed, according to reports, for news and advertising co-operation, without any interference with editorial policies.

COUNTY LODGE

A large and most enthusiastic congregated meeting of the County Orange Lodge was held here on Feb. 7th. The gathering included representatives from Flat Lands, Matapedia, Dalhousie Junction, El River, Charlo and the two town lodges. The returns showed that over sixty members were eligible to vote, an almost unprecedented number.

Past County Master John Robinson of Matapedia supervised the election of officers which resulted as follows: County Master—Jas. H. Duncan. D. C. M. Jas. W. Hunt, El River. Chaplain—Stephen Turner, Town. Recording Sec.—W. E. Cooke, Town. Financial Sec.—W. R. Rogers. Treasurer—T. White. Sunny Brae rink. It is expected many people will go to Moncton to witness these skating events.

The Canadian National Railways are arranging for the expected rush of travel on this particular day. Feb. 15-2 wks.

MASQUERADE BALL

The management of the Rose Room staged a most successful masquerade ball on Monday the 6th inst. After theatre and rink parties gathered at the popular social rendezvous and by ten o'clock the Rose Room was alive with glittering and ornate costumes. The dining-room below was crowded to capacity with curious spectators and the hum of voices and the ripple of excited laughter blended with the nervous notes of spirited dance music and the rhythmic beat of the drums.

In the dance hall dainty Highland lassies and diminutive mid-victorian maidens, despite their storied timidity, danced fearlessly with the wily Masques, volubly attired clowns and punctilious English gentlemen in white spots. Dominoes in original design walked to and fro, a day school-girl with long curls and the peach-blossomed complexion of youth, danced with a Roman soldier; 'Little Bo-Peep,' a delicate combination of pink and white made friends with a French artist who might have stepped out of the pages of a De Mungant or Alexander Dumas novel; the Queen of Sheba condescended to dance with a member of the London Tower Black Watch Guard; Uncle Sam in full regalia, throw aside his proverbial

gaily with Canadian girls in elaborate gird costumes, which gave the Rose Room a New York Roof Garden atmosphere. A glittering butterfly, a brilliant gossamer creation, flitted about the hall on the arm of an artiller officer. The 'Shells' was there, arrayed in the voluminous apparel of an official of the far East. The guests also included a gypsy in the colorful and romantic costume representative of that tribe. The navy was also represented by a stalwart sailor whose costume emulated of the sea.

The prize for the best ladies costume was awarded to Miss Dorothy Duncan who represented 'The Queen of Sheba,' while Mr. Wesley McDonald as the 'Masque' won the gentlemen's prize. After the supper a 'Masque' took place and the scene became a whirl of merriment, an orgy of brilliantly flashing lights and colored whirling.

The orchestra strains and rhythm of the quickening throb and the shimmering snowstorm of confetti.

Next came a 'Lucky Number' dance and again the old opposition was contradicted by the fact that couple number 13 won the prize.

The dance ended at the usual closing hour for such functions and left with all the feeling that the occasion would take its place in local social history as one of the most memorable social events of 1922.

SPECIAL MEETING OF TOWN COUNCIL

A special meeting of the town council was held on Tuesday evening, Feb. 14th, to reconsider the appointment of street commissioner and ex-officio County Councillor was held on Thursday morning when Councillor Duncan was appointed ex-officio County Councillor and Charles Parker, street commissioner.

ON INSPECTION TRIP

George Burden, of the Crown Land Department, has returned from a trip up the St. John river, during which he visited Edmundston, Grand River, St. Leonard, Green River, and other points on departmental business. Mr. Burden reports the lumbering operations as being slack in these districts at present.

DIED IN A CHAIR

The remains of the late Thomas W. Sansom arrived here last night from Houlton accompanied by Benjamin Carson. A large delegation of Knights of Pythias met the remains at the station and accompanied them to the funeral which was held at the residence of the deceased. The morning following all night. This morning the remains were taken to Campbellton, where the funeral will take place tomorrow afternoon. Lloyd Richards and Ben Carson accompanied them. Mr. Sansom had been in poor health for some time and he passed away while sitting in his chair, death being due to heart disease—Gleaner.

PROVINCIAL SKATING CHAMPIONSHIP MEET

Will Be Held at Moncton on February 23rd—Many Fast Skaters Will Compete.

The Provincial Championship skating meet to be held at Moncton on Thursday, February 23rd, will bring together several of the best speed artists of New Brunswick, and some rare sport is looked for. The meet will be held in the new Sunny Brae rink. It is expected many people will go to Moncton to witness these skating events.

'This Tanlac is really the first medicine I have ever taken that does what they say it will do,' said J. P. Holly, Lexington, Ky. Sold at Wran's Drug Store.

According To Kieu Lung

"You can taste and feel but not describe the state of happiness produced by such a beverage."

—Thus the Emperor Kieu Lung, more than sixteen centuries ago, extolled the virtues of good tea.

He might well have been describing the spicy deliciousness, the bracing full-bodiedness of Blue Bird Orange Pekoe.

Blue Bird Tea

Brings Happiness!

(Continued from page 6.)

Chandler boys for all they were worth.

The line-up was as follows—

New Carlisle	Goal	James Hahel
F. Crowder	Point	Tom Maher
W. Caldwell	C. Point	Dr. H. Brant
J. Acheson	L. Wing	H. Pasqua
L. Chiswell	R. Wing	A. Vachon
E. Hall	Centre	L. Nadeau
Jim Hall	Spare	W. Sirles
T. LeGrand		T. Labile

The hockey section of New Port and Gaspé crossed sticks on New Port ice last week in a fast game of hockey. The result was a win for New Port of 5 to 4.

On the same trip the Gaspé squad played the Chandler team and received a second brimming, the score being 11 to 5.

On Saturday night the New Carlisle hockeyists met the Chandler team in a running game and were defeated 9 to 1.

A promising game between New Port and St. Lawrence was scheduled for Sunday but on account of the storm the game was postponed.

The many friends of Mrs. F. A. Ables learned with regret that she must go to a sanatorium for treatment but all wish her a speedy recovery.

Mr. Wilfrid Savoie was the guest of Mrs. Ables and Mrs. MacConnell, his sisters, last week.

Mr. Lionel Nadeau and Miss Nadeau have returned home after visiting in Moncton and other places for some time.

Mr. and Mrs. Cyron Langlois have been receiving congratulations on the arrival of a baby boy.

Mrs. and Mrs. Alphonse Bellefleur of Campbellton and Mrs. Nadeau, Bonaventure, spent a few days in Chandler, guests at the Langlois Hotel.

HOCKEY BIRDS.

Caw, caw, caw, croaks the Carlisle crew.

Canary birds they call themselves And low, the whole coast watches But the score is one to three!

Come along and see us Chirps the Chandler Chickadees. And low, the whole coast watches But the score is one to three!

Go south "Carlisle Canaries," Your song is out of tune February's still with us, You've mistaken it for June.

Chirp right merrily Chandler Chickadees, You're with us through the winter, Three hearty cheers from me!

"SIX MONTHS AGO"

"It's hard to realize that six months ago I couldn't walk across the floor and now I am so well!"

"I have never been very strong but the heat last summer was too much for me. This and the fact that my husband was out of work and I had to work day and night to keep from starving, left me a physical wreck. Luckily my husband was able to get a good job just when I had to go to bed. I tried everything I could think of to get strong, but each day I seemed to be getting weaker and weaker. I was reduced to a skeleton. I couldn't eat or sleep. I had no strength left and finally I was so weak that I was trying to cross the floor one day I collapsed. I was so ill and weak that I didn't care whether I lived or died. And then I heard about that marvelous preparation—Carroll. A friend of mine had used it with wonderful results and as it had done so much for her, I decided to try it. The results were nothing less than miraculous. In two weeks I was able to get up and walk about the house. My appetite had returned. I was actually hungry. I could sleep when I went to bed, something I had not been able to do for months. I have already taken six bottles of Carroll and I am still taking it. I weigh more today than I ever weighed before in my life. I sleep like a child. I am never tired and my skin is as clear and my cheeks are rosy as a girl's. I thank the day I heard about Carroll!" Mrs. E. Toronto

Carroll is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money. —122

NEW RICHMOND CENTRE, QUE.

Miss Grace Montgomery very pleasantly entertained a number of young people at a house party on Friday evening. Those present were: Misses Ida McColm, Margaret McColm, Nellie McColm, Annie Burton, Messrs. Scott McColm, Grant McWhirter, Clinton McColm, Hudson Gilker, Herbert Burton, Kenneth Montgomery, Murray Montgomery, Willie Montgomery, Mr. and Mrs. Stanley Martin, Mr. and Mrs. Percy Montgomery, Mr. and Mrs. David Fallow.

Perfect Attendance.

James Macdonald, Paul Ferguson, Randolph Firth, Lila Firth, Douglas MacDavid, Charlie Murray.

A. J. DOWNS, Teacher.

The calendar will look a little better when February is torn off.

Few grievances ever perish for want of an airing.

ONE MONTHS' BILL FOR ELECTRICITY

London, Ontario Rates Appear to Differ From Those Which Obtain in N. B.

A visitor to St. John during the past week has been W. H. Huyck, of London, Ontario, a former citizen of St. John. In conversation with many old friends, Mr. Huyck has warmly boosted the value of hydro.

Talking with the Globe, he said he resided in a London apartment house and used electricity for practically all the purposes possible, cooking, sweeping, ironing, washing, lighting and even to run a heater which was called into emergency practically every day and, said Mr. Huyck, the largest bill I ever received was \$1.98 for a month.

and that for the month of December. His experience was the experience of his neighbors. He was not in a position to speak positively about power prices, but knew they were very cheap, and that hydro had been a wonderful blessing to London, giving them electricity for all the manifold uses of business and the home at prices which were most reasonable.

The company operating the street railway bought hydro so cheap that it sold tickets, 8 for 25 cents and even cheaper for use at certain hours of the day. Hydro's the thing, said Mr. Huyck.

KIDNAPPED MEN

STILL PRISONERS

Belfast, Feb. 11.—Sir James Craig, the Ulster Premier, returned this morning from his visit to London, announcing on his arrival that before leaving London he had been assured four additional battalions of troops would be sent to Belfast immediately.

Sir James said he had set no time limit on the British action to secure the release of the Unionist prisoners taken in the recent raids. This statement was supplementary to his declaration before leaving for home that in the event of failure of the British authorities to secure the release of the kidnapped men he would carry out his own plans.

"We have to consider the whole situation carefully," he added to this morning's statement.

NEW PRESIDENT OF ARCHITECTS

Association Offices Being Moved from Edmonton to Calgary.

The headquarters of the Alberta Architectural Association will be removed from Edmonton to Calgary for a period of two years, and the next annual meeting of the association will be held here next year, according to information received from the executive at Edmonton and read to the annual meeting of the Calgary chapter at the Board of Trade rooms, Wednesday evening. The meeting elected J. E. Burrell, M. R. A. I. C., president for 1922, and R. A. Miller, secretary-treasurer.

Several very important subjects were discussed and passed upon at the meeting, including the revision of the contract between the architect and the client, and the question of the simplification of the architect's fees.

Previous to the war it was the practice to have the A. A. A. headquarters alternately in Calgary and Edmonton or two years, but the headquarters has remained in the northern capital during the past seven years.

The annual meeting heard a verbal report of the general annual meeting held in Edmonton two weeks ago.

Mr. Burrell will be remembered more particularly by residents on the western side of the harbor, where his father was bandmaster of the Carleton Cornet Band for a number of years.

Offer Bonus For Reforestation.

In order to encourage reforestation in Nova Scotia Mr. Frank J. D. Barrington, of Annapolis Royal, N. S., is offering a cash bonus of \$2.00 per acre to the farmers of Nova Scotia for every acre of spruce or pine seedling planted by them on their farms.

The coming spring of 1922, no one farmer to be paid a bonus on more than 100 acres, so as to distribute the plant-

ings as widely as possible over the Province. Location and method of planting must be approved by the Government Forester of Nova Scotia.

It was pointed out, however, by Mr. Barrington's foreman, to insure satisfactory results.

The man chiefly responsible for the present rate of foreign exchange was the inventor of the printing press.

Social and Personal

Mrs. A. G. Harding domestic science expert of Montreal who has been giving a free demonstration of Masala here, left on Monday morning for Grand Falls to continue her work there.

Mr. and Mrs. Hubert H. Henderson have returned from their wedding trip to Montreal, Toronto and other Canadian cities.

Mrs. James Wetmore entertained very pleasantly at the tea hour Thursday afternoon. Mrs. Wetmore was also hostess at an enjoyable sewing party Thursday evening.

Mrs. H. W. Sharpe has returned to Quebec having been called here owing to the illness of her daughter, Mrs. W. R. Gilker.

Mr. Geo. G. McKenzie left Monday evening on a buying trip to Montreal. Mr. and Mrs. Geo. W. Sherwood returned on Wednesday to their home in Moncton after spending a few days in town visiting relatives.

The many friends of Mrs. W. R. Gilker, will be pleased to hear that she is doing as well as can be expected after having undergone a somewhat serious operation at the Hotel Dieu Hospital.

Mrs. O. B. Atkinson was hostess at a dainty Valentine Tea on Saturday afternoon. The tables were attractively decorated with Valentines and Carnations. Mrs. Jasper Davison poured and assisted in serving were: Misses Freda Davison, Claire Mowat and Hattie McDonald. The invited guests were: Mrs. Allen McKee, Mrs. Hugh Carr, Mrs. Homer Matthews, Mrs. Stevens (Moncton) Mrs. A. B. Morton, Mrs. Geo. G. McKenzie, Mrs. Clyde LePrank, Mrs. Rosborough, Mrs. Courtney Nelson, Mrs. W. R. Stevens, Mrs. Humphrey, Mrs. Bernier, Mrs. O'Brien (Moncton), Mrs. R. H. Martin, Mrs. G. Kerr, Mrs. W. M. Steeves (Grand Manan), Mrs. H. H. Henderson, Mrs. F. E. Blackhall, Mrs. J. Davison and Misses Hattie McDonald, Georgie McDonald, Mona McLennan, Margaret McLennan, Reia Kerr, Freda Davison, Lydia Matthews and Claire Mowat.

Miss Jean Campbell was hostess at a delightful bridge at her home last evening. Cards being played at three tables. The guests of honor were the Misses Blanche and Helen Crockett of Campbellton, who are visiting at Salamancas, and Miss Blanche Crockett won the first prize and Miss Louise Kinghorn the consolation. At eleven o'clock dainty refreshments were served by the hostess—Gleaner.

Shooting the Clouds. It is very interesting to watch the rain-makers at work in the growing districts around Lake Geneva, in Switzerland.

Dotted about the country are numbers of little sheds, from the roof of each of which protrudes a great bell-mouthed funnel. If you could examine these sheds from an airplane, you would find that they are arranged in great circles.

Inside each is a gun, the muzzle of which is connected with the bell-mouthed funnel. Charges of noisy black powder are used, and the funnel, acting in the same way as a gigantic gramophone horn, magnifies the sound of the discharge enormously.

When rain is wanted a man is placed in charge of each hut. Presently a small cloud drifting across the sky comes into the circle of guns. Bang! The cloud strikes by the noise and the shock of the discharge, begins to float towards the other side of the circle. Bang! Bang! The cloud is chivied about for a time inside the circle, and eventually the shaking up which it receives causes it to break up into rain. The writer has seen these rain-makers used with success on dozens of occasions.

They have another use, too. They can be used for driving off unwanted clouds. When the grape harvest is approaching the farmer's great foe is hail; the storm clouds are about, the batteries once more prepare for action! But this time their master is different. They open their mistletoe clouds outside the circle, and by means of heavy firing prevent them from entering it.

Gout. Nestled within the confines of a square mile in the Pyrenees, the Languedoc republic of Gout, smaller even than the republics of Andorra or San Marino, has had its independence recognized by France and Spain for the last three centuries. It has a population of about 150. The people are ruled by a council of elders, and they pay no taxes or duties of any sort. This civic unit is so tiny that it has to go abroad for its cure of soul and body. For these it has to go to Laurent, the greatest French town. Even the dead must leave Gout to find consecrated ground in which to lie the corpse.

William Stewart. The community was greatly grieved by the sudden death of an old and respected citizen in the person of William Stewart which occurred at the home of his daughter, Mrs. Alex. Lyons, Millstream, on Feb. 2nd, being due to heart failure. The deceased was in the seventy-fourth year of his age.

He leaves to mourn the loss of a kind and loving brother and father one sister Mrs. Neil Martin and three brothers Edward and Archie of Grand Casapedia, and James of Newfoundland. Also seven daughters, Mrs. H. J. Burbank, of Danvers, Mass.; Mrs. H. L. Hewson, Woodville, Ont.; N. S.; Annie of Long Island, N. Y.; Mildred of Brooklyn, N. Y.; Edith of Danvers, Mass.; and Mrs. A. R. Lyons of Millstream.

The funeral service at the house and grave which was largely attended was conducted by Rev. J. Peters, interment being made in the Presbyterian Cemetery at Matapedia.

CARD OF THANKS. Mr. and Mrs. Alexander Lyons of Millstream, Que., wish to thank their many friends for the kindness and sympathy shown them in their recent bereavement.

GRADUATED. Misses Blanche Gallup, Sayabec, Que., and Alice Osgood, Ferguson Manor, both students at the Campbellton Commercial College, have now graduated in book-keeping.

QUANT AFRICAN PEOPLE

Something About the Yorubas of Southern Nigeria.

Yorubas are a series of negro tribes living in the Lagos district of the Western province of Southern Nigeria. They are an interesting people of very ancient lineage, but little heard of since slavery was abolished. Their part of Africa was long called the slave coast, and the Yorubas were the most valuable slaves brought to the south in early days. They are of true Ethiopian stock, but among them are found many with lighter skins and Caucasian features, denoting a strain of Hamitic or Semitic descent.

They have only primitive folk lore tradition, but the lighter skin is an old heritage, and was commented upon among the southern slaves by early colonial writers, before there was any admixture of white blood among American negroes. The whole Yoruba population are divided between farming and city life, one of their cities having sometimes a population of 40,000. Many of the towns are walled and look rather like pre-Biblical or Old Testament strongholds. Yorubas, however, are not warlike. They will fight only defensive wars, and all attempts to get any of them into the late war met with failure.

Pottery, weaving, tanning, dyeing and forging are their chief industries in the towns, and they do some exporting and importing. Agriculturally speaking, they are self-supporting, and their farming implements, while primitive, are adequate. The white visitor is surprised at their houses and their tribal government. Large houses abound. The dwelling of a chief will sometimes have fifty rooms, well built and adorned with carvings representing fabulous animals and scenes of war and hunting. Yoruba men have developed administrative ability. Their system of government comprises a council of elders presided over by a chief, who assumes an office to which he is entitled by heredity. This hereditary office passes from one to the other family alternately. The council gathering is remarkably of administrative character, things pictured on the ruins of walls from Kussos. The elders are recruited from the different Yoruba tribes and can be distinguished from another by the different tribal tattoo markings. The council represents a simple pattern of two or more vertical lines on the cheeks.

THE TRADER'S BANK.

Straghan & Curry Head New Bank Which Opens Monday.

Wickburg Ariz.—The Traders' Bank will open its doors to the people of Wickburg on Monday morning. As early as last June, Messrs. Curry & Straghan, for years in the mercantile business at Wickburg, saw the urgent necessity for a bank in this city. It was a foregone conclusion to every resident of Western Arizona after the recent bank failure at Wickburg, that such a financial institution for this part of the State was an imperative necessity.

The new bank is equipped with a double time vault, has a rear room for directors' meetings and other modern appointments which make it a model of financial convenience. B. C. Straghan as president, W. E. Curry as Vice-President and R. A. Yochum, cashier will form the directory board of the new bank.

The above item will doubtless be of interest to the friends of Mr. Curry who was formerly of Belledune, Gloucester County. He went West some thirteen years ago and has evidently made good.

ATTENTION! Ladies and gentlemen have your palm instructed. Guaranteed satisfaction. By MADAME JENNINGCO, Victoria Street, West, Christopher Ave.

C. S. E. T. WIN IN HOCKEY. Last evening the Bankers went down to defeat when they crossed sticks in a fast and clean game of hockey with the C. S. E. T. team. Score 7-6.

C. Fairley handled the whistle to the satisfaction of all.

BELIEVE ROYEA MURDERED IN BARN

Waterloo, Que., Feb. 11.—The police authorities claim to have discovered an important clue and expect to make an arrest within the next twenty-four hours in connection with the murder of Henry Royea, whose badly mutilated body was found on the floor of camp, his body being found the next day in his own yard early morning under the seat in his sleigh.

There is no doubt now in the minds of the officers but that Royea was not on any too friendly terms with a certain man residing a short distance outside Waterloo and back of the head, just above the right ear, with the blunt end of an axe, on the road towards Rexton. The police believe that Royea was murdered until this evening, when it is expected Dr. Delorme, of Montreal, for his clothes when found will be here.

Royea, who was 62 years of age, had been lying on a floor in a stable and left his home with his team on Thursday evening about six o'clock to go to Mr. Wallace's wood camp for a home without a piloting hands on the load. However, he never reached the reins being required.

The calendar will look a little better when February is torn off.

Few grievances ever perish for want of an airing.
