Compulsory Vaccination in The City of Toronto Goes Before Court

PROVINCIAL BOARD OF HEALTH ASKS FOR ORDER OF MANDAMUS

City May Appeal and Thus Secure Postponement Until After Election.

56 NEW CASES YESTERDAY.

(Special to the Record).
 TORONTO, Dec. 16.—The first gun
 in the legal battle over compulsory
 vaccination will be fired at Osgoode
 Hall on Thursday morning by Major
 Mowat, Counsel for the Provincial
 Board of Health, although ordinarily
 seven days' notice is required.
 Mr. Justice Kelly has given Major
 Mowat special leave to proceed two
 days hence with his motion for a per-
 emptory order of Mandamus, direct-
 ing the City Council to order the vac-
 cination or revaccination of persons
 resident in this city who have not been
 vaccinated within seven years and to
 issue a proclamation by posters to that effect.

This action is demanded by the Pro-
 vincial Health authorities in view of
 the seriousness of the smallpox epi-
 demic which has its storm centre in To-
 ronto. An order of mandamus is for
 the purpose of making municipal au-
 thorities carry out their duty. It has
 been in vogue in Britain for two hun-
 dred years and has frequently been
 pressed into service when city or town
 councils were inclined to be balky.
 If Judge Kelly grants Major Mowat's
 application the order will be served

ed on His Worship Mayor Church who
 must bring it before the City Council
 at the earliest possible moment. If he
 fails to do that, he can be proceeded
 against for contempt of court and if
 the individual member of the City
 Council fail to carry out their duty
 they are liable to imprisonment or
 heavy fine.

There is one loophole, however.
 Counsel for the city may appeal
 against the mandamus order and that
 appeal would have to be heard by the
 Appellate Division. This would at
 least afford a breathing space and
 might possibly put off the evil day
 until after the members of the City
 Council go before the electors on New
 Year's day. It is believed by the Pro-
 vincial authorities that the compul-
 sory vaccination order would stand a
 better chance with the City Council if
 it were not so near civic elections' time.

Reports covering the past 24 hours
 again show a slight increase in the
 number of new smallpox cases. There
 was a total of 56 new cases reported,
 which is a little above the average.
 There are now 674 patients being
 treated for the disease.

WHEAT EXPORTS WILL NOT REACH EXCESSIVE AMOUNT

Carloads Not Allowed to Cross Border.—Grain Growers and Millers
 Oppose Export—Border Farmers Reaping Great Benefit.

\$40 MORE PER LOAD FOR CAN. WHEAT.

WINNIPEG, Dec. 16.—As far as
 the proposal. The millers are cer-
 tainly against it, as are the livestock
 interests and also farmers who live
 in poor crop districts, and who need
 seed badly for next spring.
 But all along the border from the
 eastern boundary of Manitoba up to
 the districts in Saskatchewan where
 there was no crop failure, the farmer
 is hauling wheat by the load to U.S.
 points and realizing \$40 per load
 more than they would be able to get
 in Canada. The difference in ex-
 change, the higher fixed price on the
 other side, the higher grading of
 Canadian wheat in the United States
 and the keenness of U.S. millers to
 secure these loads, are all tending to
 make prices very attractive.

A Community Xmas Cheer!

Christmas cheer is to be brought to the city's young folk in ear-
 nest this year. It will be through a community spirit and the remem-
 brances of citizens with wide open hearts will reach to many corners
 of the city.

Through the Young Men's Club of the city the idea to provide
 this Christmas cheer and a community Christmas tree on a scale heretofore
 unattempted in the city, will be ensured. The members al-
 ready have secured the promise of support from various organiza-
 tions. Every organization is needed, including business, church,
 fraternal, patriotic, and so forth. To-morrow evening a general con-
 ference to take definite steps will be held.

In order to carry out the idea of course a big fund will be needed.
 The minimum is \$2,000. It is the object to raise this through cash
 donations from citizens. The worthiness of the cause has justified
 the hope that the contributions will be large individually. Various
 means of reaching the public-spirited people of the city are to be
 worked out. All is to be accomplished within a week.

Something For Everybody.

The idea embraces three phases. Firstly there is the decision to
 have something in the way of Christmas cheer for every child in the
 city who accompanied by the mother will come to the civic centre
 and secure the same.

Secondly, there is to be a special Christmas cheer for the child-
 ren who are minus friends or relatives. Their places of residence will
 be visited. Christmas trees for these places also to be provided.

Thirdly, public institutions are to be remembered with Christ-
 mas cheer. These are the local and St. Agatha orphanages, the Kit-
 chener and Waterloo Hospitals, the House of Refuge and the Freeport
 Hospital.

Donations of Christmas trees by donors will be received.
 More on the subject later. Suffice it to say, that as the object
 is worthy one the co-operation of each and every public-spirited
 citizen and all the organizations in the city is needed.

PRESENTED WITH MAYOR'S CHAIR

Mayor D. Gross Honored at Last
 1919 Council Meeting.

RETIRE FROM OFFICE

Mayor Gross, who retires from
 office at the end of the year at the
 last Council meeting for 1919 held
 last evening was presented with the
 Mayor's chair. The following motion
 moved and seconded by Alder-
 men Ratz and Sass was unanimously
 passed by the Council before
 the close of the meeting.
 "That the Council heartily appre-
 ciate the efficient services our Mayor
 has rendered to this city and his
 splendid co-operation with the Coun-
 cil during his term of office and as
 a small token of our appreciation
 we present him with the Mayor's
 chair."

"I think the Mayor has done
 exceedingly well considering what
 he has had to go through," Ald.
 Ratz said.

Ald. Sass the seconder of the mo-
 tion concurred in this.
 Mayor Gross: "I thank you for
 the honor you have done me. I
 would say that it has been a great
 pleasure for me to serve the city
 during these three years with all
 the hard work and heavy respon-
 sibilities. While my own private
 occupation might well have received
 my whole attention, I devoted con-
 siderable of my time as I did and
 followed the course I have so I could
 be of service to the city. My ac-
 cepting the office in each of these
 three years was not my own wish
 but the will of the citizens, so I
 consented to accept the office. I
 wish to acknowledge the co-opera-
 tion of the Council and the citi-
 zens, which made it easier for me
 to perform the duties. The last
 year of my office is gone. As to
 the future of the city I do not
 know anything but I know that
 we know that there are many ca-
 pable men in the city who could
 qualify for it. During these three
 years we in this city have had our
 ups and downs and have gone through
 conditions the like of which
 perhaps never before and will
 never come again. Personally
 I am glad to have gone through nearly
 three years without any interrup-
 tion but I was sorry that these
 conditions were broken on the oc-
 casion of our last meeting.

"Now I have nothing more to
 add. Only this, that there is an
 unwritten law dominating the world
 which will continue to dominate
 in the future. Should that unwrit-
 ten law be dragged in the dust we
 would have to go through a period
 when no one would wish to go
 through it."

"With these few remarks, I again
 thank you."

The Mayor then invited the al-
 dermen, city officials and the press
 to an evening supper at the dining
 hall of Messrs. Gettas and Gettas
 which was gratefully accepted.

Angelen Kauffman, about the first
 famous woman painter in the world, was
 one of the first of the original thirty-
 six members of the Royal Academy in
 London, founded in 1768.

But the German Government
 is unable to effect such reparations
 in the manner demanded by the
 protocol of November 1, because
 the execution of the demands for-
 mulated in that protocol would
 compromise irretrievably Germany's
 economic life, and also render im-
 possible of execution the other en-
 onced obligations which the treaty
 imposes on Germany.

The German Government will
 formulate, through experts, positive
 detailed propositions, showing a
 mode of reparations which, although
 adding a new and heavy burden on
 Germany in its present situation,
 are not altogether incompatible
 with its vital interests."

The note demands that the crews
 of the sunken warships be set at
 liberty. It closes with an expres-
 sion of the hope that through the
 means thus set forth the peace that
 has been so much desired will at
 last be realized.

The London Daily Chronicle learns
 the reasons of the Supreme Coun-
 cil to the German reply will be con-
 cise and formal, and that a time
 limit will be fixed for the ratifica-
 tion of the treaty and the signature
 of the protocol.

MONTREAL BANS
 ONTARIO TRAVEL

Vaccination Certificate Necessary
 to Celebrate a Wet Christmas.

Montreal, Dec. 16.—On account
 of the small pox epidemic in On-
 tario, the local health Board has
 issued orders forbidding entrance
 into the city from Ontario to all
 who cannot prove they have been
 successfully vaccinated during the
 past seven years. The order also
 announces that no one will be al-
 lowed to leave from Montreal for
 Ontario points over the Christmas
 holidays and return here who can-
 not submit similar proof.

All is ready for to-morrow even-
 ing when Hamilton's ferocious tigers
 will come here to line up against the
 local seniors. With good ice in sight
 and all players in shape there should
 be a real game.

MAYOR D. GROSS, who retires from
 office after three years' service. He
 was the host to the aldermen and
 others last evening.

SIR SAM HUGHES ADVISES BORDEN

WINNIPEG, Dec. 16.—"In place
 of retiring he should get the nerve
 of the whole of the whole of his
 Toronto entourage which have been
 an evil influence in the government
 of Canada, hold on until the close
 of the term and so give the old
 parties the chance of rallying their
 forces against the Grain Growers
 and the U.F.O. who have had 5
 years to organize."

This was advice tendered Premier
 Borden, by Sir Sam Hughes, speak-
 ing at an Orange Lodge meeting
 here.

CALDER SPOKEN OF AS PREMIER

OTTAWA, Dec. 16.—Hon. J.A.
 Calder, Minister of Immigration, is
 prominently suggested today as
 likely successor to Premier Borden.
 He however is understood to have
 no personal ambitions in this re-
 gard. As a result of present situa-
 tion three appointments to the Sen-
 ate now pending will probably go
 over.

St. Catharines, Dec. 16.—The Col-
 legiate Institute was closed this morn-
 ing by order of the Board of Health
 till after the Xmas holidays on account
 of the discovery of a number of cases
 of smallpox. The Board will likely order
 general vaccination among the child-
 ren.

HEARD SOMETHING
 DOWN IN HAMILTON
 Hamilton, Dec. 16.—Residents
 of Elgin street who had read the
 Toronto Star's account of the predic-
 tion of a calamity on December
 17 from a comet, thought the
 comet had arrived ahead of time
 yesterday morning when they
 heard a prolonged hissing noise.
 They rushed to their doors in
 alarm, and some dropped believing
 that the end of the world had
 come. The cause of the alarm
 was a new boiler that had been
 installed in a nearby factory,
 which was being tested by the
 blowing of steam.

NEW PREMIER IN ONE MONTH

Ottawa, Dec. 16.—Sir Robert Borden's successor will most likely
 be appointed and the new Government installed within a month.

It is semi-officially intimated that the condition of the Premier's
 health is such that retirement from active work in public affairs should
 be as early as possible.

Several members of the present Administration will retire from
 public life. Since early summer Cabinet changes and retirements
 have been discussed, with the inevitable flood of rumors.

With a change in Administration so near at hand, it is not ex-
 pected that there will be any Cabinet retirements in the interval be-
 tween now and the gathering of the Unionist supporters.

Early in January has been mentioned as the probable date of
 party caucus, but nothing definite has so far been announced. Prime
 Minister's office to-day brought no further details.

FARMERS INVADE TORONTO SIXTH U.F.O. CONVENTION

UNION GOVERNMENT SHOULD RESIGN

(Special to the Record).
 TORONTO, Dec. 16th.—President med up the Government's move in an-
 nouncing the postponement of a con-
 vention to enquire into the tariff and
 adopt a revision. Mr. McMillan is one
 of the directors of the United Farm-
 ers Co-operative C. and is in town
 for today's convention. R. H. Halbert
 of Uxbridge, the newly elected M.P.
 for North Ontario and President of the
 Farmers Association, and F. W.
 Fisher from Bruce County, silently
 echoed assent with emphatic nods of
 the head. "A British paper stated
 last week," continued Mr. McMillan,
 "that it would help if they threw off
 the tariff on British goods."

"Sir Robert Borden is going to re-
 sign?" said your correspondent. "They
 should all resign with him," declared
 Mr. McMillan. "If they had any sense,
 they would" added Mr. Fisher.

"Now as to charges of pro-Ger-
 manism, there are the law and the
 secret police for that. Such charges
 should have a thorough investigation.
 The worst number and other crim-
 inals are given a man to defend them
 and they are dealt with accordingly.
 If guilty they are given the punish-
 ment they deserve. So let the proper
 people deal with any such charges.

CITY COUNCIL WINDS UP BUSINESS FOR THIS YEAR

Session Was Short. Council Asks Police Commission To Dispense
 With Services of Present Chief of Police. Motion Was Passed
 Unanimously.

OTHER MINOR MATTERS BEFORE COUNCIL

The last meeting of the City Council
 for the year 1919 was held last even-
 ing and was a comparatively short
 session marked by the transacting of
 all business with dispatch and uni-
 formity.

The feature of the meeting was
 the decision of the Council to re-
 quest the resignation of the Chief
 of Police, Mr. George O'Neill, follow-
 ing the recent riots in the city.
 The following resolution was passed
 by the Council:

"On account of our police force
 having taken no action in the recent
 riot on Dec. 1st to protect life and
 property of our citizens that the police
 commission be requested to ask for
 the resignation of our chief of police
 and that strong efforts be made to
 secure a competent chief at an early
 date."

This motion, moved by Aldermen
 Amussen and Sass, was supported
 by all aldermen present, except two,
 namely Aldermen Greb and Selinger,
 who did not vote.

The Arguments Presented
 "As mover of that motion," Ald.
 Amussen said, "I am most sincere
 in making it. From observation of
 the work of our police force and of
 events in recent years, I come to
 the conclusion that our chief is not
 the man for the position. He seems
 to be cowardly, lazy and incompetent.
 It is high time a capable man was
 secured to keep order. On every oc-
 casion when his services were required
 he fell down and has proven himself
 unable to fill the position as he should.
 While some people there are who do
 not blame the chief we must remem-
 ber that those people are sympathiz-
 ers with the events we have had to
 go through. Their opinion does not
 represent the opinion of the people.

The present chief is merely an ac-
 cident in the position he holds. But it
 was not only the riots which showed
 his incompetency. There are other
 things which have occurred. The
 force has been disorganized and things
 have been going on which show that
 he is not the right man."

Ald. Sass: "It is not my intention
 to refer to any one personally or to
 any particular matter. I am merely
 looking at the question from the
 standpoint of efficiency. Anyone fam-
 iliar with conditions here could not
 help realize that our police force has
 been inactive whenever action was
 necessary. It has been said that this
 Council had always complained
 we had too many policemen. Now I
 am safe in declaring that this Coun-
 cil never had anything in mind which
 without there would not be proper
 protection.

"During the last number of years
 things have been going on which
 show that our police department is
 not what it ought to be. Only
 recently the chief was on a hunt-
 ing trip for a whole month. He is
 acting as one of inefficient capacity
 and as if he did not have the posi-
 tion at heart. There seems to be a
 lack of interest in his work. Again
 on a safe in declaring that this Coun-
 cil never had anything in mind which
 without there would not be proper
 protection.

"The Canadian Fire Underwriters
 wrote alluding to the necessity of
 having all fire fighting appliances
 at this time of the year in the best
 of shape. Referred to the fire chief.
 The Water Commission will be
 requested to notify the landlords in
 cases where tenants leave accounts
 on water used unpaid.
 An account for \$202.01 for fees
 by the city solicitor was passed.
 The Council just before the close
 of the meeting presented Mayor
 Gross with the Mayor's chair on the
 occasion of his retirement. A further
 reference will be found elsewhere
 in this issue.

All the members, except Ald. L.
 O. Breithaupt, who is still out of the
 city, and Aldermen Bowman and
 Bitzer, were present.
 The singing of the National Anthem
 concluded the meeting. The Council
 adjourned at 9.20 o'clock.

MAYOR KUTT PRESENTED WITH MAYOR'S CHAIR

Business For The Year Wound Up at Final Meeting Held Last Night.

PAST YEAR A MOST SUCCESSFUL ONE

The final meeting of the Town Council for the year 1919 was held last evening at the members being in their places when the Mayor called the meeting to order at 8 o'clock. Preceding the regular order of business there was a short session of the Finance Committee.

Mayor Kutt Honored

During the course of the evening Councilor Foster introduced a motion for the presentation of a resolution for his Worship Mayor Kutt. In past years it had been customary to shower the retiring Mayor with compliments of good fellowship and commendation but this year in view of the heavy business transacted and the extra amount of work that had fallen upon the Mayor's shoulders it was only fitting that some little remuneration should be given to his worthiness as a token of the appreciation of his painstaking efforts. Nothing more suitable could be given him than the chair he has so ably occupied the past two years. Continuing, Mr. Foster said that Mr. Kutt's record in town affairs was indeed one to be proud of. For ten years he has been in the Council in one capacity or another and while he had decided to resign from town affairs during his term of office he had served the town faithfully and well. His motion to present the Mayor's chair was heartily endorsed by all the members of the Council who spoke in the highest words of praise of Mayor Kutt. The Mayor in a few well chosen words thanked the members for the honor bestowed upon him, doubly so because he had the proud distinction of being the Mayor of the town to be honored. He had enjoyed the work the past year. The chairmen of the different committees and the members, as a whole, had given him every assistance possible and he thanked them most heartily for their co-operation. He would not be a candidate for any office next year. He had decided to take a well earned rest but later on might offer himself to the ratepayers. Although the motion to present the Mayor with the chair had been passed Councilor Foster introduced a motion to keep the chair and the Mayor's chair was to be kept in the town hall as a memento of the past year. The motion was not put.

Granted Refund

Mr. Alf. Meyer asked for a refund of dog taxes. He had paid \$14.00 his tax notice calling for that amount. His assessment notice only showed two dogs which was right and in view of this a refund of \$8.00 was allowed.

Mr. A. K. Cressman was also granted a refund of \$83.00, the amount overpaid on tax notices paid for one of his clients.

Board of Health Report

Dr. C. T. Noecker, M.H.O., presented his report for the year a complete report of which appears in another column. Max Shum, whose name was added to the list of returned soldiers who were entitled to the \$10.00 presented by the town.

Town Will Pay Their Share

Pathmaster Hahn and Township Councilor Grotf interviewed the Council and presented an account

The milk was regularly tested according to the custom of former years, with very satisfactory results as a rule. You are probably aware that the milk vendors here, have no facilities for pasteurization. There are undoubtedly advantages in this treatment of the milk supply, but there seems to be no necessity for its adoption, in view of the fact that the standards of the milk, and of the sources of supply, have been very well maintained.

The perennial nuisances have been satisfactorily disposed of, and for some time, no complaints have been made.

In my report last year, I advised the Board to negotiate for a resident member of the Victorian Order of Nurses. MAYOR W. H. KUTT, who was presented with the Mayor's chair last evening.

amounting to \$86.00 as Waterloo town's share of repairs made to the boundary road between the corporation and the township. There was some little objection to this account as the work had been done without the chairman of the Board of Works knowing anything about it. The deputation explained that nothing had been paid by the town for the last three years and as the road was a boundary one both were liable. There was no disputing this fact and while the account was passed they were requested that in future the matter be taken up with the chairman of the Board of Works before the work is proceeded with.

May Raise Rent of Hall

Mr. Meyer, chairman of town property, advised the charging of a small rental to local parties who hold rehearsals in the Town Hall as it requires extra heating and extra work. Although he did not expect to be in the Council next year, recommendation to the above effect to next year's chairman would not be out of place.

Given Hall Free

Mr. Cochrane presented a motion that the hall be given free gratis to the W.M.S. Band who are putting on a play December 16th. The proceeds are to be used for the purpose of purchasing benches for the park and as these taking part are giving their services free gratis the town could do this much. The motion carried unanimously.

Make Hotel Restaurants

There was some little discussion in regard to the inability of one of our hotelkeepers to secure a license. Rooming accommodation is in demand as it is without putting on more restrictions. It was pointed out last night that providing proprietors carried on their business as a restaurant and served eatables over the counter that they would be strictly within the law. The hotel proprietor in question will, it is understood, try the case out. Adjournment was made at 9:30 o'clock.

REPORT OF DR. C. T. NOECKER, M. H. O.

To the Mayor, Chairman, and Members of the Board of Health.

Gentlemen:-

I have the honour to present herewith, the report of the Board of Health, for the year 1919.

Forty-eight deaths occurred during the period covered by this report, which is at the rate of 9.60 per 1000 of the population, and compares most favorably with the average per 1000 for the province.

Of communicable diseases, but 10 cases were reported, of which number Diphtheria contributed 2 with 1 death.

Scarlet fever contributed 3 with 1 death.

Tuberculosis contributed 5, of which 4 were fatal.

It is very gratifying to report that there has been no recurrence of Spanish Influenza during the year. Two deaths in January marked the end of the great epidemic, long to be remembered as the most appalling in history. Owing to the favorable sanitary conditions prevailing, our Isolation Hospital has been untenanted, and as

result, the cost of maintenance has been a negligible amount.

The milk was regularly tested according to the custom of former years, with very satisfactory results as a rule. You are probably aware that the milk vendors here, have no facilities for pasteurization. There are undoubtedly advantages in this treatment of the milk supply, but there seems to be no necessity for its adoption, in view of the fact that the standards of the milk, and of the sources of supply, have been very well maintained.

The perennial nuisances have been satisfactorily disposed of, and for some time, no complaints have been made.

In my report last year, I advised the Board to negotiate for a resident member of the Victorian Order of Nurses. After the advantages and the benefits of the town were brought to the attention of the Mayor and Council, the sum of \$400.00 was unanimously voted, and thereafter steps taken to inaugurate this boon. After some delay which was due to the scarcity of nurses, Miss Symonds was sent on the

result, the cost of maintenance has been a negligible amount.

At The Theatres

JINX IS SOME SHOW AT THE ALLEN.

Critics sometimes contend that photoplays are not always wholesome mental food for juvenile audiences. Mabel Normand's very latest Goldwyn Picture, "Jinx," which was presented at the Allen Theatre, yesterday, is a satisfying production from the parental standpoint, for it is thoroughly clean and bright, and the funny situations are devoid of vulgarity masking as comedy.

The story situations are grouped about a traveling circus and a orphan's home. Although the little waifs of the picture wear simple checked gingham frocks, thick stockings and shabby buttoned shoes in the orphan's home, it would be interesting for audiences to see these same tots on their way to the studio in the morning. Little Frankie Lee, who has played so many important juvenile roles in big productions, and who carries a leading role in "Jinx," comes to the studio with his mother in his own automobile, wearing quite the smartest thing in the line of sailor suits ever conceived by any tailor. With all his success, Frankie is modest and bashful and lovely. The other well-known juvenile players who appear with Miss Normand are Buddy Messenger, Ed. Tiedel, Alice and May Giraci, Peaches Jackson, Jack Condon, and Yvonne O'Rourke.

Of course, the orphan children with their matron visit the circus when it comes to town. The Jinx of the circus (Mabel Normand) creates such a lot of trouble that she has to run away to avoid punishment. Exhausted, she goes to sleep in the barn back of the orphanage, and the following morning the children find her and report that 'there is a pretty fairy asleep in the manger with moo-moo.' When the fairy wakes, she teaches the children how to play circus. The old bugles in the barn become chariots and the hay racks are golden spears. Slicker (Cullen Landis), the wild man of the show, climbs beneath a hedge and helps with the fun. Later, after many encounters with adversity, the Jinx finds her make-believe world real.

Its a real film and we can only say it is unfortunate that its stay is of such short duration. Two days is hardly long enough for a film of this calibre and judging from the enthusiasm displayed yesterday at both performances a return engagement will be booked in the near future. Harold Lloyd the prince of Comedians is to be seen in a funny Comedy entitled Count Your Change while the 8th. Episode of The Midnight Man rounds out a most excellent bill and the S.R.O. Sign will undoubtedly be displayed at the final performance to-night.

Mr. William Hagen.

Toronto A Native of this Town.

The death occurred in Toronto Sunday morning of Mr. William Hagen, a prominent labor official, a native of this city.

A report from a Toronto exchange follows:-

Death of William Hagen. "Business Agent William Hagen, of the local Machinists' Union Lodge 235, Toronto, died in St. Michael's Hospital Sunday morning. Bill Hagen was one of the active men in Toronto, labor movement, and while some could not always agree with him they had to admire him for his loyalty to the men whom he served. He was a son of the old time laborer, and he had been in ill-health for several years. Just a year ago yesterday he lost his son, aged 18 years. Deceased had been the active business agent of the machinists, and to his untiring efforts much of the progress of that organization is due. He was also director of the Labor Temple, Toronto. To his wife and daughter, Florence, at home, the sympathy of the entire Labor movement is extended."

Born in This City.

It should be added that the late Mr. William Hagen was about 45 years of age. He was born in this town and was a son of the late John W. Hagen. He was a brother of Mr. J. A. Hagen, Harry A. Hagen, and Charles W. Hagen of this city, he having been the youngest of the sons. He spent his early years here. When twenty years ago he removed to Vancouver and for a number of years resided in Vancouver. Subsequently he returned to the city and soon afterwards located in Toronto, where he resided for about 23 years. His wife, Annie, a native of Toronto, and one daughter, Florence, seventeen years, survive him. An only son died of influenza a year ago in his nineteenth year.

Mr. Hagen was well-known in Labor circles throughout Canada, particularly between Toronto and Montreal. Frequently he visited this city. He was the business agent of the International Brotherhood of the Hamburg shipyard, Councilor Dieck of the Ministry of Public

Works, Dr. Pelzer of the Hamburg-American Line, Dr. Potenz of the West Shipyard, representative of Hamburg Government, and Paul Muller, representing three groups of seamen.

OBITUARY

A CORRECTION ON MR. JACOB GRAUEL'S DEATH.

Owing to a typographical error in yesterday's issue of the Record, the obituary notice on Mr. Jacob Grauel's death, Petoskey, Mich., is repeated in to-day's issue. It follows:-

There passed away at Petoskey, Mich., on December 8th, Mr. Jacob Grauel, at the age of 59 years. Mr. Grauel for many years was a resident of Waterloo County. He was born in Williamsburg, where he received his schooling under the late Samuel Horner. When he was 21 years of age he left Williamsburg and went to Petoskey, Mich. There he engaged in the contractor business until the outbreak of the war, when he entered mixed farming. In his business ventures Mr. Grauel always was successful.

He was a member of the Macabees Order and in religion he was a Lutheran. In politics he was a Republican.

To mourn his loss are his wife, Minnie Brauer, of Petoskey, and two daughters. There also survive four brothers, namely, Henry of Kitchener and John, William and Adolph of Petoskey, Mich. The funeral was held on Thursday.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says Glass of Hot Water With Phosphate Before Breakfast Washes Out Poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is aching; if what you eat sours and forms acid in stomach, or you are bilious, constipated, nervous, and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before eating more food.

To feel like young folks feel; like you felt before your blood and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate, which is inexpensive and almost tasteless. Men and women who are usually constipated, bilious, headache or have any stomach disorder should begin this inside bathing before breakfast.

COMB SAGE TEA INTO YOUR HAIR

Darkens Beautifully and Restores its Natural Color

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way to get the ready-to-use preparation improved by the addition of other ingredients is a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair; taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

EDITORIAL

One Man One Vote The existing law, whereby a man has as many votes on municipal money by-laws as there are wards in which he owns property, is unwise and absurd. The man who happens to have much valuable real estate, all located in one ward, has one vote. The speculator who owns a dinky little lot in each ward of the city is allowed five votes, although his real interest in the city is infinitely less than that of the other man.

The one-man, one-vote principle ought to apply on money by-laws as well as in the franchise for electing the mayor and the aldermen or the parliamentary representatives.

How To Get Rich No, we can't give a sure recipe for becoming wealthy, but we have just read an article by a man who pretends to know.

Of course he starts out with the well-known principle that before you can make much money, you must first save a little money yourself. We believe that. We also believe that thrift is practically the only way to get a start, in the way of a little nest egg. But after that, what?

Get men to work for you who are thrifty themselves, says he. He picked men to take care of his interests who had shown they could take care of their own. His "boys" were men whom he had watched personally, men who were willing to make sacrifices for the moment, for the sake of the future. The article goes on to say: It is rarely that anyone accepts advice. Those boys apparently did. Probably they abstained from buying high-priced shoes the possession of which would have impressed the neighbors. Probably they managed to get along without a smart carriage, just as in this generation they would have found a street car a fair substitute for an automobile. It is barely possible that their wives found that the tenderloin was not the only edible portion of the beef, and that an evening at home was not so dismal that the whole family had to rush out to the theater in order to escape melancholia. The funny thing about it is that even those deprivations did not ruin their lives, but that on the contrary they all without exception remember with pleasure the days when they sacrificed.

The High Cost of Living The Hamilton Herald tells a story which throws some light on the high cost of living. A Hamilton resident wrote to a fruit grower near Wingham, seeking to secure a winter supply of apples. The Wingham man replied that he had sold his crop, mostly Russets, Spies and Greenings, from the orchard for a dollar a barrel. He had boarded the pickers and had carried the apples to the station, and he figured that he had actually realized 55 cents a barrel. Similar apples, according to the Herald, are selling in Hamilton at from \$5 to \$8 a barrel. The freight from Wingham to Hamilton would not exceed 50 cents a barrel.

COMMENT

Guelph last week was revelling in its one brief blaze of glory,—the fat stock show.

The professor still thinks that at ten cents each, eggs are the cheapest kind of food.

Perhaps the new Government at Toronto will develop into a real People's Party. Old political birds say "Wait and see."

The bakers are on strike because they are not getting enough dough. Hope the printers don't want more pi.

For at least a year, Guelph will breathe freely. The Minister of Agriculture has said that the Fair will remain there. Foiled again, Toronto.

In Toronto, Mayor Church intends to run for a sixth term. Well, who has a better right to prove that Hogtown is worthy of its name?

One newspaper editor wonders how the labor party can support a Premier who deliberately reduces wages — his own. Of course he can get around it by saying it is not wages at all — it's salary.

In Russia, school teachers get 2400 rubles a month, ordinarily equal to \$1200 a month. But if they tried to buy a beefsteak dinner, it would take about half-a-month's salary.

Shipment of 4,500 pounds of castor oil leaked out of a cask in a freight car which is unfortunate since that was more than sufficient to keep the average small boy in good health for a lifetime.

Now that the coal strike is over, what is going to be done to prevent a repetition? Private profit ought to be eliminated from the development of the great natural resources. There is plenty of opportunity for private enterprise without placing all the people at the mercy of a few men.

According to a news story coming over the wire, American newspaper publishers are in a bad way so far as their supply of newsprint is concerned. The result will be fewer and smaller newspapers in the United States. In Canada the same serious condition exists. It is impossible for the newspapers to get more than two or three days' supply of newsprint ahead. It cannot be purchased no matter what price the publishers are willing to pay. These are indeed anxious days for the newspaper men.

WHAT OTHERS SAY.

Our School System.
(Hamilton Herald.)

A citizen up Woodstock way having been fined for neglecting to send his boy to school, writes to the papers attacking the public school system and popular education generally. His idea is that education is overdone, and that the majority of people would be far better morally and more contented as well as more useful if they were less educated than they are. He is right to this extent: that to educate a man is to increase the number of his desires; and to increase his desires without providing him with the facilities for gratifying them is to make him less happy and contented than he would have been if left without education.

Keep Moving.
(Farmers' Sun.)

Crisis days are upon the farmer electors of Ontario. What they would do they must do quickly. Opportunity has knocked at their legislative door. Unless she is welcomed and well used, in six months she will have fled. For what the farmer-electors accomplish within the next six months will determine their political influence for twenty-five years. For farmers and their representatives to fail now is for them to invite oblivion.

Let electors and elected understand that the time for congratulations and shouting is past. The day for action is here. The people of the Province are waiting to see things being done. "Step lively and step now and step forward" is the reasonable but imperative request that Old Man Ontario is making of his new public servants.

Congratulation and Warning.
(Hamilton Herald.)

In his open letter to Premier Drury, H. C. Beckett, writing in behalf of the wholesale grocers, puts the premier on the back in a friendly, even a paternally, affectionate way, but while doing so proceeds to give him some advice not unmixed with warning. Mr. Beckett is somewhat grieved to learn that malevolent and mischievous persons unnamed have been trying to poison the mind of the premier with regard to the wholesale grocers and that the government has been considering whether it might not be expedient to indulge in a course of persecution of them because of an ill-grounded suspicion that the are somehow restraining trade and enhancing prices unduly. And Mr. Beckett just casually hints that the late Premier Whitney embarked upon that course and pursued it—with disastrous results, for not only was the grocers' guild acquitted by Justice Falconbridge of the charges brought against it by the crown, but the trial produced a revulsion of feeling against the Whitney government throughout the business community of Ontario, which culminated in the overthrow, some weeks ago, of the Hearst government, the successor of the Whitney government and the heir of its policies. So, the inference is, Premier Drury had better be good and not meddle with the wholesale grocers.

People's Power Growth.
(Hydro-Electric Bulletin.)

Some idea of the magnitude to which Ontario's hydro power scheme has grown was conveyed by figures quoted by Sir Adam Beck at the close of his speech in the Masonic Temple, London, last Thursday night. From an original investment of \$4,000,000 it had grown to a \$238,000,000 project at the present, and in five years' time, as he sees it, it will represent an investment of \$257,000,000.

In Doubt.
(Ottawa Journal.)

Tenants may be bright enough but they cannot always tell early in the negotiations whether the landlord is offering his house for sale or merely quoting the rent wanted.

At The Theatres

Two Big Features at the "Star."

The "Star" has a most excellent double header for the first three days of this week and the large crowds at both performances yesterday were delighted at the high class offering. The first film, featured Fritz Brunette, and her offering, "The Sealed Envelope" gave splendid scope for this movie star to display her ability.

The Story:— Peter James Stanley and Lena living at the same boarding house, discover between them a bond of sympathy. Stanley has been a master crook and his past comes before him with the appearance of a stranger who tells him he knew Stanley before he "went up." The stranger persuades Stanley to break into the home of John Biggs, the political boss. He offers \$2500 with the alternative, if he refuses, of exposure.

Stanley accepts the proposition and is given a sealed envelope with instructions to be opened only in the Biggs' mansion.

In the designated room he discovers a child of three or four who begs Stanley to take her away. He takes the child to Lena, throwing away the sealed envelope. Lena admits that she once had a child, who would have been about the age of this one Stanley rescued, had it not died. That night Stanley is arrested. Truman, Biggs' emissary, who has been charged by his employer to get a master crook to secure the return of the child sees Stanley and obtains his release for the purpose. But Stanley is knocked out by thugs and taken to the county hospital.

When Stanley returns to the boarding house Lena has gone with the child knowing that Stanley would want it protected at any cost. She is befriended by Madge a girl of the underworld.

They try to blackmail Biggs by claiming the child is Lena's and Biggs is the father. Gregory, brother of Biggs' divorced wife, declares that he hired Stanley to get the kiddie in order to build up a case against the political boss. The sealed orders were to get the child. Biggs in the midst of a hot political campaign, submits. Stanley and Lena plan to go to the country to start anew—to "raise chickens—and everything."

The Second feature, "The Bramble Bush," starring Corinne Griffith, is also a wonderful film that cannot help but delight.

The feature offers many opportunities in the way of exploitation. Corinne Griffith is a star of renown. She has a large following because of her thousand facial expressions. She has a subtle charm, a piquant and pretty face and an alluring manner that draws thousands of admirers to her side.

In "The Bramble Bush" she wears fourteen different gowns, everyone designed by a Fifth Avenue modiste especially for Miss Griffith, and are an advance on the fall styles. This fact will appeal to the women and draw many to the theater.

The story deals with a young girl who is forced to earn her living by the death of her mother and the temptations which she overcomes make a strong appeal as they bring to mind the struggles of the individual and a bond of sympathy goes out to the performer. Everybody is interested in the adventures of another and there is no period in life that holds the attention like the one depicted in "The Bramble Bush." It is the period when youth is filled with ambition and craves experience, the period wherein the youth rushes into situations and climaxes that the more mature would shun.

Backing up the features is a good Mutt and Jeff Comedy and the ever popular "Yod-a-Ville" Movies, the entire bill being up to the "stars" usual high class performances.

DON'T NEGLECT A COLD IN THE HEAD

It May Lead to Influenza or Other Serious Illness.

Never neglect a cold in the head. It is a trouble so common that we are apt to treat it as of little consequence. But it is only a step from a cold to Grippe and the possibility of acute trouble in the throat—pleurisy—pneumonia—is always there if it is neglected.

This year there is a special danger as flu is about and the first symptoms of this disease are similar to a cold in the head. So don't, under any circumstances, neglect a cold.

In its early stages a cold yields quickly to proper treatment. Grip Fix, a combination of the drugs which relieves the system in such cases, gives remarkable results. It relieves a cold in a night and even Grippe yields to it in 48 hours.

There is nothing in Grip Fix but that would be approved by your family physician and the ingredients are stated on each box. It comes in capsule form and is a safe preparation for use in the home. Its action keeps the system open to throw off the systematic poisons created by the cold, reduces the feverish conditions and allays the pains in the head and muscles. Grip Fix is for sale by all druggists at 25 cents per box or three boxes for \$1.00. Be sure that you get the genuine Reid's Grip Fix as there is no substitute which deals so promptly and effectively with colds, grippe and kindred troubles.

Of 50 persons who passed a store window in Kennebec Me., 43 used it as a mirror and of these 32 were men.

SIR ADAM HAS GONE AWAY

Hon. I. B. Lucas Will be Acting Chairman in His Place

Sir Adam Beck, chairman of the Provincial Hydro commission, is on his way to England where Lady Beck is in ill-health. He left Saturday, and will not likely be back to Canada before the end of January. In the meantime his position as chairman of the Hydro Board will be occupied by Hon. I. B. Lucas, formerly Attorney-General in the Heast Government.

TOO MUCH COMPLACENCY

Tom Moore Thinks Canada Backward in Social Legislation
Ottawa, Dec. 15.—In the opinion of Tom Moore, president of the Trades and Labor Congress of Canada, Canada cannot be classed as one of the progressive nations, so far as social legislation goes. This opinion is a result of his attendance at the recent International Labor Conference at Washington, at which forty countries were represented. He stated in the course of an address to the members of the Independent Labor Party in the Carpenter's Hall yesterday afternoon that Czechoslovakia and Sweden had put laws into effect which had not been attempted in Canada.

"To what do you attribute the backwardness of Canada?" asked a questioner at the close.

"To the self-complacency of the workers of Canada who think they are God's created," replied Mr. Moore.

Martha Washington was the first woman to enjoy the franking privilege in the United States. In 1800, after her husband's death, Congress gave her the free use of the mails during the remainder of her life.

And then, notwithstanding the nods and winks and headshakings of the two sisters, who did not seem to approve of the confession, she made a clean breast of it, and told Gladys of the wicked part that she, Miss Crane, had been

engaged in playing, when she aided and abetted Mrs. Jay in her abduction of the young wife of Arthur Powis.

"But, oh, my dear, she was such a fair sweet woman, and she persuaded me that she was a bad one," said Miss Polly, beginning to snivel.

The Pride of Llewellyn

When Harriet had left the room, the three sisters turned kindly, question

ing Gladys upon Gladys.

"Dear Miss Polly, and dear good friends! I want to stay with you altogether, if you will let me! You will let me will you not?" inquired the poor, hunted child, in a pleading, fearful tone.

The three old ladies did not reply—not from unwillingness to grant her request, but from amazement that it should have been made.

"You will let me stay, will you not?" I shall not be a trouble or an expense to you. I will wait on myself, indeed I will! And I should say that I am able to pay you well—as I certainly will do if I stay, only I know that would be the very last consideration with you.

"Well, honey, you shan't be bothered tonight! And so you shan't. Soon as ever your room is aired and you get your tea you shall go to bed. Is this young woman your maid-servant?"

"Yes, honey, not to deceive you, we was."

"Well, my dear Miss Polly, I tell you all about it tomorrow. It is such a long, dark, sinful story! And I am so tired tonight," pleaded Gladys.

The Gift of Perpetual Joy

THE Pathephone is more than a mere gift to bring pleasure for a day. Its advanced and exclusive features are such that, years hence, it will still remain what it is to-day—a supreme achievement among sound-reproducing instruments—a source of endless charm and inspiration—a delight to the eye and ear of its possessor.

For Pathe's claims are not based on mere theory. Exclusive features that enter into its design and construction provide logical and definite reasons for its superiority—and actual comparison with other phonographs is the clinching argument that proves its case.

Its outstanding advantages are:

- 1st—It will play any records (do not deliberately buy any machine which will only play a part of the available store of music).
- 2nd—Pathe's records are all played with a sapphire ball which never injures the records and never has to be changed—(steel needles rip and tear the records and are a constant expense and bother).
- 3rd—Pathephones are copies of beautiful old furniture and yet they cost no more than ordinary phonographs.
- 4th—You can regulate the volume of sound.
- 5th—The sound chamber is all wood—this results in a richer, fuller tone—(most phonographs have a part metal horn).

The Pathephone permanently enriches every home in which it dwells—and Pathe records provide an imperishable library of the world's best music. Let your choice be the Pathephone!

SHELL BROS.

NEVER SAW THE SUWANEE

Writer of Popular Song Used Name Because Rhythmic Sound of It Appealed to Him.

The song, "Old Folks at Home," made the name of "Swanee River" famous, but few people, except those of Florida and Georgia, connect the Swanee of the song with the Swanee that flows from the southern swamps of Georgia down through the woodlands of Florida to empty into the Gulf of Mexico.

"Way down upon the Swanee river," suggests vaguely the South of the antebellum days with its cotton plantations, its mansions and negro cabins. None of these things are found along the Swanee. Yet Floridians claim that the song was written in honor of their forest stream, and boatmen even point out a tree under which Stephen Foster is supposed to have penned the memorable lines. Reports less picturesque, but more generally accepted, say that Foster never saw Swanee river, but that he used the name because of the rhythmic sound, dropping the "u" to perfect the meter.

Was the Swanee river may not be what its name suggests to most of us, it is a beautiful stream, flowing through a semi-tropical country where live-oaks and cypresses are mirrored in its clear depths. Heavy forests of cedar also grow in its valley, but these have been reduced in recent years, as the wood is in great demand for pencil making.

The Swanee figured largely in early American history, for it was a favorite haunt of the Indians, and many battles with the red men were fought in its valleys.

The name Swanee has an Indian sound, but it is said to be a corruption of San Juan—a name given to the river by early Spanish explorers.

Sooner or later, writes E. H. Wilson in "A Naturalist in Western China," the traveler in China must dispense with the comforts and luxuries of modern occidental methods of travel and adapt himself to those more primitive and decidedly less comfortable of the orient.

In the regions in which we have to deal there is nothing in the nature of wheeled vehicular traffic save only the rude wheelbarrows in use on the Chengtu plain. There are no mule caravans, and scarcely a riding party to be found. For overland travel there is the native sedan-chair and one's own legs; for river travel the native boat.

Patience, tact and abundance of time are necessary and the would-be traveler lacking any of these essentials should seek hands where less primitive methods obtain. Endowed with the virtues mentioned, and having unlimited time at his disposal, he may travel anywhere and everywhere in China in safety, with considerable pleasure and abundant profit in knowledge. With her industrious toiling millions, her old civilization, her enormous natural wealth and wondrous scenery, China alternately charms and fascinates, irritates and plunges into despair, all who sojourn long within her borders.

Elephant's Picnic. An act not down on the program was given without charge, the other day in the old seaport town of Marblehead, Mass., when four elephants of a small circus, named with fine allied patriotism General Fok, General Pershing, General Hing and Princess Pat, jumped a stone wall, escaped the circus and took to the woods. The personnel of the circus, acrobats, riders, clowns and caravans, followed, and so did many of the townspeople and half a dozen policemen, but the elephants made the woods first, and there they spent the day with "a large and appreciative audience" watching on the outskirts. Peanuts and bananas, usually a temptation to elephants, failed to entice them from their New England jungle; but as twilight fell, and habit suggested feeding time, the big beasts came peacefully out of the woods and allowed the trainer and his assistants to lead them back to the circus grounds. And all Marblehead went home to belated suppers.

Germany Seeks Wool Substitutes. Search for wool substitutes will doubtless continue in Germany, where sheep rearing is not likely to increase materially. Dogs' hair and even human hair have been tried, as felt material of limited supply, and the long hair of women found military use during the war. A possible new industry is to be based on the white, silken-haired rabbit. The hair may be spun into very fine soft threads, suitable for weaving certain fabrics, and plans are said to have been made for breeding several millions of the animals.

Oil in Mexico. Recent investigations which have been made on the Pacific coast of Mexico reveal the existence of rich deposits of petroleum. These discoveries are of great importance, because they will ultimately serve to intensify maritime traffic and seem to preface for some of the western ports of Mexico a future as promising as that of Tampico or Turpan.

Simple Budget System. "Every young wife should have a budget system to govern her expenditures," "I know. I have one. I pay what I can and owe the rest."

Preparations are going forward in England for a suitable observance of the 100th anniversary of the birth of Florence Nightingale, the famous nurse.

A young woman who opened a tea-room in New York city after leaving college is said to be making \$30,000 a year out of her venture.

In the reign of Henry VIII, four women had seats in the British Parliament. As late as 1878 Portugal had a law forbidding widows above the age of 50 to marry.

THE WONDERFUL FRUIT MEDICINE

"Fruit-a-tives" is the only medicine made from Fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and progress here is kept busy dispensing because, the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the finger.

Ask at any pharmacy for a quarter ounce of Icesone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

The Gift of Perpetual Joy

THE Pathephone is more than a mere gift to bring pleasure for a day. Its advanced and exclusive features are such that, years hence, it will still remain what it is to-day—a supreme achievement among sound-reproducing instruments—a source of endless charm and inspiration—a delight to the eye and ear of its possessor.

For Pathe's claims are not based on mere theory. Exclusive features that enter into its design and construction provide logical and definite reasons for its superiority—and actual comparison with other phonographs is the clinching argument that proves its case.

Its outstanding advantages are:

- 1st—It will play any records—(do not deliberately buy any machine which will only play a part of the available store of music).
- 2nd—Pathe's records are all played with a sapphire ball which never injures the records and never has to be changed—(steel needles rip and tear the records and are a constant expense and bother).
- 3rd—Pathephones are copies of beautiful old furniture and yet they cost no more than ordinary phonographs.
- 4th—You can regulate the volume of sound.
- 5th—The sound chamber is all wood—this results in a richer, fuller tone—(most phonographs have a part metal horn).

The Pathephone permanently enriches every home in which it dwells—and Pathe's records provide an imperishable library of the world's best music. Let your choice be the Pathephone!

NEVER SAW THE SUWANEE

Writer of Popular Song Used Name Because Rhythmic Sound of It Appealed to Him.

The song, "Old Folks at Home," made the name of "Swanee River" famous, but few people, except those of Florida and Georgia, connect the Swanee of the song with the Swanee that flows from the southern swamps of Georgia down through the woodlands of Florida to empty into the Gulf of Mexico.

"Way down upon the Swanee river," suggests vaguely the South of the antebellum days with its cotton plantations, its mansions and negro cabins. None of these things are found along the Swanee. Yet Floridians claim that the song was written in honor of their forest stream, and business even point out a tree under which Stephen Foster is supposed to have penned the memorable lines. Reports less picturesque, but more generally accepted, say that Foster never saw Swanee river, but that he used the name because of the rhythmic sound, dropping the "u" to perfect the meter.

While the Swanee river may not be what its name suggests to most of us, it is a beautiful stream, flowing through a semi-tropical country where live-oaks and cypresses are mirrored in its clear depths. Heavy forests of cedar also grow in its valley, but these have been reduced in recent years, as the wood is in great demand for pencil making.

The Swanee figured largely in early American history, for it was a favorite haunt of the Indians, and many battles with the red men were fought in its valleys.

The name Swanee has an Indian sound, but it is said to be a corruption of San Juan—a name given the river by early Spanish explorers.

CHINA NOT LAND OF HUSTLE

Traveler in That Country Must Possess a Generous Amount of Patience and Tact.

Sooner or later, writes E. H. Wilson in "A Naturalist in Western China," the traveler in China must dispense with the comforts and luxuries of modern occidental methods of travel and adapt himself to those more primitive and decidedly less comfortable of the oriental.

In the regions in which we have to deal there is nothing in the nature of wheeled vehicular traffic save only the rude wheelbarrows in use on the Chengtu plain. There are no mule caravans, and scarcely a riding pony to be found. For overland travel there is the native sedan-chair and one's own legs; for river travel the native boat. Patience, tact and abundance of time are necessary and the would-be traveler lacking any of these essentials should seek lands where less primitive methods obtain. Endowed with the virtues mentioned, and having unlimited time at his disposal, he may travel anywhere and everywhere in China in safety, with considerable pleasure and abundant profit in knowledge. With her industrious toiling millions, her old civilization, her enormous natural wealth and wondrous scenery, China alternately charms and fascinates, irritates and plunges into despair, all who sojourn long within her borders.

Elephant's Picnic.

An act not down on the program was given without charge the other day in the old seaport town of Marblehead, Mass., when four elephants of a small circus, named with fine allied patriotism General Persh, General Pershing, General Haig and Princess Persh, jumped a stone wall, escaped the circus and took to the woods. The personnel of the circus, acrobats, riders, clowns and caravansmen, followed, and so did many of the townspeople and half a dozen policemen, but the elephants made the woods first, and there they spent the day with "a large and appreciative audience" watching on the outskirts. Peanuts and bananas, usually a temptation to elephants, failed to entice them from their New England jungle; but as twilight fell, and habit suggested feeding time, the big hearts came peacefully out of the woods and allowed the trainer and his assistants to lead them back to the circus grounds. And all Marblehead went home to belated suppers.

Germany Seeks Wool Substitutes.

Search for wool substitutes will doubtless continue in Germany, where sheep rearing is not likely to increase materially. Dogs' hair and even human hair have been tried, as felt material of limited supply, and the long hair of women for military use during the war. A possible new industry is to be based on the white, silky-haired rabbit. The hair may be spun into very fine soft threads, suitable for weaving certain fabrics, and plans are said to have been made for breeding several millions of the animals.

Oil in Mexico.

Recent investigations which have been made on the Pacific coast of Mexico reveal the existence of rich deposits of petroleum. These discoveries are of great importance, because they will ultimately serve to intensify maritime traffic and seem to presage for some of the western ports of Mexico a future as promising as that of Tampico or Tuxtepec.

Simple Budget System.

"Every young wife should have a budget system to govern her expenditures," I know. I have one. I pay what I can and owe the rest."

Preparations are going forward in England for a suitable observance of May.

A young woman who opened a tea-room in New York city after saving college is said to be making \$30,000 a year out of her venture. In the reign of Henry III, four women had seats in the British Parliament. As late as 1878 Portugal had a law forbidding widows above the age of 50 to marry.

THE WONDERFUL FRUIT MEDICINE

Every Home In Canada Needs "FRUIT-A-TIVES"

To those suffering with Indigestion, Torpid Liver, Constipation, Sick or Nervous Headaches, Neuralgia, Kidney Trouble, Rheumatism, Pain in the Back, Eczema and other skin affections, "Fruit-a-tives" gives prompt relief and assures a speedy recovery when the treatment is faithfully followed.

"Fruit-a-tives" is the only medicine made from Fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics. See a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and drugists here are kept busy dispensing "Fruit-a-tives," the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the finger.

Ask at any pharmacy for a quarter ounce of "Fruit-a-tives," which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

Fall Proves Fatal
A fall in her home in which she tripped
over a rug and struck her head against
the kitchen sink a week ago proved
fatal today to Mrs. Mary A. Ham-
mond, 77 years of St. Catherine's. She
was one of the oldest members of St.
Thomas Church and active leader in
Anglican church circles for many years.

O. H. A. BULLETIN

CLEAR AND PRECISE IN CASES OF ROACH AND MCCARTHY—PLAYING CERTIFICATE OUT WEDNESDAY.

At the O.H.A. executive meeting several returned soldiers applied to have their places of residence defined. Gordon A. Flavelle was declared eligible to play with his home town, Lindsay. Malcolm MacKinnon and Harold A. Fowler were declared eligible to play in Toronto. Further information was requested of W.R. Pollock and J.E. Sims, who desire to play in Galt. The former was discharged October 5 and the latter August 17 of this year. Joseph J. Bulger was granted reinstatement to play with the Cobourg club. He was suspended two years ago.

The Sarnia club secured the re-instatement of a \$25 fine, but the balance of the amount, \$22, will be turned over to the Kitchener club. This was for a defaulted game two years ago.

The Ayr club secured unconditional entrance for their rink. It was one of the original O.H.A. rinks, and the club produced an agreement with the O.H.A. that it would be eligible for O.H.A. hockey games so long as it is in existence.

It was decided that all intermediate and junior groups should return winners not later than February 1. This will be insisted upon; otherwise the ultimate champions in these series will not be ready in time to play the Dominion championships.

Roach and McCarthy. Some misunderstanding appears to have arisen in certain quarters regarding the decision of the O.H.A. executive committee in the cases of M.J. Roach and T.K. McCarthy, of Hamilton, whose amateur standing was in question. It is officially announced that the committee found that the two players were guilty of professionalism, and decided to debar them from the O.H.A. competition for all time. In addition, it was decided to notify the Am-

ateur Athletic Union of the decision of the O.H.A. executive, so that Roach and McCarthy will be barred from all other branches of amateur sport in which they may wish to compete.

Playing Cards. O.H.A. playing certificates will be posted to the clubs on Wednesday night, and should be in the hands of the clubs on Thursday morning. They should be signed and filled out properly and returned as soon as possible to the O.H.A. secretary for registration. No player will be allowed to compete in a championship match unless a certificate has been issued to him. Belated entries received since the grouping was made have come from the Collingwood (last year's champions) and Chesley intermediate clubs. Collingwood has been added to Group No. 14 with Barrie, Orillia, Midland, and Meaford, while Chesley has been added to Group No. 16, with Warton, Owen Sound, Markdale and Dendale. Depot Harbour objects to Group No. 15 intermediate ring being divided into two sections, but all the other clubs in the group want it that way.

SAY IT MAY KILL
HAMILTON HOCKEY.

Hamilton, Dec. 15.—Roach and McCarthy were greatly disappointed when they received the news yesterday that they had been disqualified by the O. H. A. They were banking heavily on getting back. They have not yet decided what to do. They have offers from the Toronto professional club and from the Pacific Coast League. One of them will be accepted, but the boys will not decide before the middle of the week.

It would not be at all surprising if the hearing of the duo first hockey in Hamilton. Billy Boyd, Herbie Henne and Joe Matte have all received fine offers to turn professional and the gossip today was to the effect that they might accept. Had the former New Yorkers been reinstated Tigers would have been able to put a strong team on the ice. Now those who are left realize that their chances of winning the O. H. A. senior series are mighty slim, and that could easily be ceased to the "pro" ranks. Matte's offer came on Saturday night from the Canadians of Montreal, and it's certainly worth while.

DYE SIGNED WITH ST. PATS

Cecil "Babe" Dye, the noted local all-around athlete has decided to turn professional and will turn out to practice with the St. Patrick's N. H. L. team today. Dye is a sharpshooter of note, and in case he gets into proper condition should give Benedict and Vezina the well-known goalkeepers, much to worry about. Dye's entry into the money ranks will be watched with interest, for there are many who consider he will make good in hockey as well as in baseball.

The St. Patrick's held their first practice yesterday, when Heffernan, Randall, Deane, Mitchell and Lockhart will try out for the goal position. The former played for Portland previous to going overseas, while Lockhart was a member of the 228th. Battalion team. Gordon Keats, Harry Cameron and "Cully" Wilson are expected to arrive today. Riekey, the Western defense player, claimed that towns first offered were not satisfactory. St. Patrick's raised the figures, but to date Riekey has not accepted or rejected them.

President Urges Members to Stand on Own Res to Strengthen Organization

IMPORTANT PAPERS PRESENT

(Special to the Record.)

Toronto, Dec. 17.—An address of welcome by the President, Mrs. George A. Brodie, of Newmarket, opened the afternoon session today of the United Farm Women of Ontario. The meeting then proceeded to business and nominated officers for the ensuing year. "Ways and means of keeping the young people on the farms" was discussed at length by the delegates present. Mrs. David Angus, of Woodville, gave an address on the "Ultimate height of farm women aspirations," while a report on the work of neglected children was given by Miss Ada B. Currie, of Guelph. Miss W.N. Glenn, of Hensall, spoke on the problem of community help and Mrs. George Henry Wilson, of Georgetown, on "Character building."

"The personal responsibility of our women members towards our men in public life."

SARNIA HOPES FOR LUCKY THIRTEEN

SARNIA, Dec. 17.—The whole city is taking a chance on number thirteen. Residents to-night sit muffled up in overcoats and wondering if 13 will be lucky. Even some municipal politicians are wondering about the significance of that 13.

This 13 is the number of the latest gas well shot in the Dover gas fields. It is a gas well. Sarnia's gas supply is assured. If it fails, Sarnia is about to remain muffled up.

The political end comes because of the fuel situation. The Labor members ask for an investigation into gas affairs. With an overwhelming supply of gas that plank might be worthless, and Sarnia could take off its overcoat in the house.

CANADIAN BOAT CAUGHT IN ICE

QUEBEC, Dec. 17.—The steamer Canadian Recruit, one of the new Merchant Marine fleet of Canada, built in Canadian yards, is drifting in a heavy ice field down the St. Lawrence River, not far from the Saguenay.

The Canadian Recruit left Quebec harbor shortly before 8 o'clock yesterday morning, laden with grain and general cargo for overseas. All went well until late in the evening, when she was wrecked that she was caught in an ice field and unable to extricate herself.

The C.G.S. icebreaker Champlain, on the winter ferry service between Riviere Ouelle and Murray Bay, has gone to help the Recruit.

CANNOT PROHIBIT IMPORTATION OF CERTAIN GOODS

No Reference to Boze Shipments, Just a Judgment in British Courts.

London, Dec. 17.—The Government was declared by Justice Sir John Sankey of the Kings Bench Division to-day to possess no power to prohibit the importation of certain goods. Therefore a proclamation to this effect was invalid and illegal, the judgment is considered one of the most important ever rendered against the Government.

A Keene, N. H., woman seeking divorce, says her husband went to bed with boots and overalls on.

THE CHANGE IN LEADERSHIP

Choice Between Meighen or Rowell.—End of Union Sight.—Nation Slave of Corporations

(Vancouver Sun.) "The new Leader will find his position weakened at the start! All this, as apart from the question who will have Sir Robert Borden's mantle. Sir Thomas White, apparently, could have it if he would take it, but if he ever had any ambition in that direction he is understood to have renounced it. The name of Hon. J. A. Calder is mentioned, but the idea is merely absurd. Mr. Calder is an able man in his way, but his reputation is too much like that of Hon. Robert Rogers. The choice is, therefore, practically reduced to Arthur Meighen and Hon. N. W. Rowell."

(Calgary Albertan.) "Whether Sir Robert Borden retires from the Premiership or not, or whether he is succeeded by Mr. Meighen or Mr. Rowell, is his logical successor, matters but Government is dead life under any leaders' movement country, and the even with the supply has not the confidence."

"The coming of the farce; they are big financial and who now fear Borden have come to a point the slave of the who are the real leaders and the scenes at O."
