THE TRIP TO DULUTH

Ridgetown Young Lady
Describes The Journal's
Trip

Was Much Enjoyed
By All of The
Ladies.

A Ridgetown young lady, who was among the St. Thomas Journal's party on the trip to Duluth, sends The Planet the following interesting account of the outing:

Nothing could have been more successful or more pleasant than the free trip to Duluth given by the St. Thomas Journal to the twelve ladies who won the highest vote in St. Thomas and district. It was on the part of the paper a big advertising scheme and as such it exceeded their wildest expectations. Yet this was not the most successful part of the contest. The trip itself fully compensated all who took part for their trouble.

The steamer Huronic was chosen by the Journal as the best to take the party up the lakes to Duluth, and if the Journal always makes as wise a choice in other matters it will be a very successful paper. No one could be more kind and considerate to a guest than the officers of the Huronic were to the Journal girls. Everything that could in any way add to their comfort and enjoyment was speedily granted, and everything and everybody at their service. Music and dancing provided the evening entertainment and all were told to have a good time.

In the dining room the boys, with their pleasant manners, courteous, genial, kindness and excellent meals are favorites with everybody. Their chief knows how things ought to be cooked and, better still, he cooks them that way all the time. No "off" days with Andy.

The good time on board the ship, coupled with the pleasant receptions given the party in Port Arthur, Fort William and Duluth, made the trip one to be remembered for their lifetime by the lucky girls. Even the weather man smiled on them, and only one rainy afternoon and stormy night were sent to destroy their peace of mind. These even did not stop their fun, for the saloons and staterooms of the Huronic are equally as comfortable and cozy as the parlors in any of their homes.

Every Journal girl voted that week the best week of her life, and will always have three cheers ready for the Huronic wherever she appears on the horizon.

ONE OF THE GIRLS.

EMBARRASSING QUESTION

The fight against the influx of Japs in British Columbia threatens to raise an embarrassing question because of the treaty existing between Great Britain and Japan, article 2 of which provides that "the subject of each of the two contracting parties shall have full liberty to enter, travel, or reside in any part of the dominions and possessions of the other contracting party, and shall enjoy full and perfect protection for their persons and property."

The Japanese consul-general to Canada, Nossé, has given notice that Japan will not tolerate any idea that will discriminate against his countrymen. The British Columbian insist on restrictive legislation, but Canada is, by consent, a party to the treaty.

SHAFTS TOO NARROW

"Heard a rather good story about one of the recently arrived Englishmen to-day," was the announcement made by Real Estate Agent Arthur Dunn, just as a Planet reporter dropped in at Dunn & Heyward's offices on Fifth street this morning. A group of interested listeners awaited Art's story, which was in effect as follows:

"Andrew Crow, down the river, recently hired a likely looking chap who had just come out with one of the train-loads of immigrants. The man was willing, and appeared to be anxious to learn, but he did not know much about farm work. One day recently, Mr. Crow told him to go back in one of the fields to the rear of the farm, take a horse along with him, and bring in a plow which had been lying out there."

"The Englishman had been gone almost an hour, and Mr. Crow was beginning to wonder what had happened to him, when he turned up with the horse, but no plow. There was a look of great worry on the young man's face."

"Why, where is the plow?" asked Mr. Crow.

"It's just like this, boss, there hasn't no way of hooking up to that blasted concern," replied the perplexed Britisher. "I've been trying for the last hour to get this blooming animal into the shafts, and they ain't wide enough."

MANY VALUABLE CANINES VICTIMS OF POISONING

Queen Street Residents Are Highly Indignant Over The
Work Of Some Evil-minded Person — The
Police Are Investigating

"If we could find out who the miscreant is who has been poisoning the dogs down our way, there is a big chance that he would be tarred and feathered," was the hot remark of an enraged Queen street resident this morning. Four valuable dogs belonging to citizens in the southern end of the city, died yesterday, as the result of strychnine poisoning, and it is reported that two more died on Lorne avenue, from the same poison, this afternoon. The dogs poisoned yesterday were as follows:

Fox terrier pup, owned by Clarence Barfoot, Lorne Ave.
Pointer hunting dog, owned by Robert Cucksey, Queen St.
Collie dog, worth \$50, owned by Thomas Taylor, Grey St.
English setter bird dog, owned by David Nagle, Queen St.

Besides these, another dog which had apparently partaken of the same cruel dose, showed symptoms of poisoning, but was doctored in time to save his life.

Mr. Taylor says that he would not have taken fifty dollars for his dog, as it was the best cattle dog he

ever owned. He told the police this morning that he would give \$25 to the party who will furnish information which will lead to the arrest and conviction of the party or parties who put the poison out for the dog.

All of the dogs appeared to die from the same poison—strychnine, applied to a dry bone. Mr. Barfoot's dog was noticed carrying one of these bones in his mouth just a short time before it fell over and died.

The police are at present making an investigation, and they have some slight clues as to who the party was who left the poison for the dogs. What they are now looking for is proof which will lead to a conviction. To-day Officer Dodson is making a call at all the local drug stores and looking over the poison books. He had been at some of the drug stores when the reporters called this morning, but so far he said he had not found memoranda of poison recently purchased. It is the belief of some that the party who did the poisoning bought the strychnine in Detroit.

Chatham May Secure a Michigan Central Ry. Station

The Michigan Central Railway may shortly erect a fine, up-to-date depot in Chatham. This information was secured by The Planet from an excellent source this morning.

It is understood that the Michigan Central authorities are at present trying to make negotiations with the Chatham, Wallaceburg and Lake Erie Railway Company to carry their passengers from Chatham to Charing Cross, and there make connections with the trains on the fast American road.

This rumor is strengthened by the fact that the Michigan Central people have been delaying the C. W.

& L. E. by preventing them from laying a diamond across their tracks at Charing Cross. The M. C. R., it is now understood, would be quite willing to settle this matter to the satisfaction of the C. W. & L. E. people if the latter will consent to the above-mentioned agreement.

No information has been gained as to where the Michigan Central intends to build its Chatham station, but it is quite likely that it will be erected along the electric line's tracks somewhere within the city limits, and within easy access of all citizens.

ARABS HAVE DRAWN OFF

Normal Conditions Being
Resumed Now at
Casablanca

Sharp Engagement With
General Drude's Force
—Heavy Losses

Casablanca, Aug. 28.—A sharp engagement between the French and the Moors occurred six miles from Gen. Drude's camp.

A reconnoitering party of spahis came in touch with the enemy who opened a heavy fire on the cavalrymen. The latter replied with effect, but retreated under instructions, with the object of attracting the attention of the French commander to the Moors' advance.

Reinforcements with artillery were promptly forwarded to the scene of the fighting with the result that the Moorish force was driven back into the hills.

No loss on the French side is reported.

Troops for Casablanca.

Tangier, Aug. 28.—It is declared that a large body of native cavalry has been seen bearing down on Casablanca from the direction of Morocco City.

Mashinin, the fanatical priest, has left Safi, and it is reported that he is going to Fez.

The European residents of Fez, excepting the Germans, left Monday for Ksarash. They were escorted by troops. No difficulties are feared, as the Ksarash road is reported to be safe.

No Holy War.

Paris, Aug. 28.—The Matin's Tangier correspondent says that Marshal Haig declares that he is opposed to a holy war, but that the leading Catholics are trying to force him to proclaim one.

To Remove Suspicion.

Tokio, Aug. 28.—The Official Gazette yesterday published certain instructions from the Premier to the local authorities which dwell upon the importance of removing the feelings of suspicion and prejudice that might still remain in the minds of some people against Russia and the Russians.

The Premier emphasizes the necessity of carrying into practice the spirit of the agreement recently concluded between Russia and Japan and making the relations of both nations as friendly as possible.

NATIONALISTS ARE JAILED

M. P. For North Longford
And Forty Others
Arrested

Charged With Inciting
Riots—More Trouble
Feared

Longford, Ireland, Aug. 28.—Jas. P. Farrell, Irish Nationalist member of Parliament for North Longford, and forty other persons were arrested early yesterday morning and are now being tried by a special court, convened for the purpose, on the charge of taking part in "an unlawful assembly likely to cause riot."

Mr. Farrell has been holding meetings throughout his constituency at which exciting scenes occurred between Nationalists and members of Sinn Fein Society, in addition many, cattle have been driven from the grazing land district, which the prosecution alleges was encouraged by Mr. Farrell and other speakers. Large forces of police are being despatched here, trouble being anticipated.

Mr. Farrell is the editor and proprietor of The Longford Leader, a Nationalist newspaper circulating in the counties of Longford, West Meath, Roscommon and Leitrim, and is the author of a "History of the County of Longford," and other books. At the general election in 1900 Mr. Farrell was returned unopposed from North Longford, succeeding Justin McCarthy, who resigned.

The prisoners were committed for trial at the assize court, bail being allowed.

Order More Police.

Dublin, Aug. 28.—Last night's issue of the official Gazette contained proclamations by the Lord Lieutenant in Council declaring that certain counties and districts are in a state of disturbance and empowering the Lord Lieutenant to order extra forces of police to those parts of the country.

Leg Severed By Rope.

Belleville, Aug. 28.—Morgan Terrill, employed at the Lehigh Portland Cement Co.'s works, had his left leg taken off Monday night on the arrival of the steamer Salaberry. He had charge of a line on the steamer and when fastened to the wharf, his leg became tangled in a coil and was squeezed off, a short distance below the knee. He was 60 years old and married, with one child, and a subscription is being taken up.

HORRIBLE CRIME

Albert Stemmelen, 270 Baldwin avenue, Detroit, walked calmly into central police station last night at 8 o'clock, and with an even, emotionless voice, announced to Lieut. of Detectives Beat High, the details of the murder of his baby girl, Helen, the innocent, fair-haired victim of a father's mind distorted by religious fanaticism.

In his confession to the police, Stemmelen said, "I threw my child from the Belle Isle bridge. I gave her to God to atone for my sins. I want to give myself up to the police."

It is the general opinion that Stemmelen is insane.

JOHN D.'S TROUBLES

Chicago, Aug. 27.—John D. Rockefeller is having his troubles in collecting \$73.95 from the United States Government for his travelling expenses and witness fees in the recent hearing in the Federal Court before Judge Landis.

In making application for the amount due him, Mr. Rockefeller declared that he had travelled 1,149 miles to attend the session of the Court.

He did not say, however, whether he came from Pittsfield, Mass., or Cleveland, Ohio. The Government is, therefore, holding the money until it receives official information as to where Mr. Rockefeller started from when he came to Court.

HANGMAN'S ROPE SNAPS

Indiana, Pa., August 27.—The first hanging in this county for more than twenty years took place here to-day and was not a success, as, owing to the breaking of the rope, the operation had to be repeated.

The victim of the law was Carmine Renzo, aged 45 years, and weighing 175 pounds. The weight of the man and the drop of five feet proved too much for the strength of the rope, which snapped when the trap was sprung, precipitating Renzo to the ground. The jail attendants hurriedly loosened the rope around his neck while others adjusted a new rope to the scaffold, and the man, already half dead, was carried to the platform and the lever sprung again. This time the execution was successful.

The crime which Renzo expiated to-day was the murder of his sweet-heart, Marian Bearno, aged 15, at her home in Ernest, two years ago. It had been agreed that Renzo should marry the girl providing he paid the passage of herself and parents to this country. He did this, and when the girl refused to wed him, he shot her.

MR. BORDEN'S PLEDGE.

"Let the people send to our aid at the next election a reinforcement of sixty men, the best that Canada can produce, pledged to stand for a progressive policy, to maintain the rights of the people, to uphold honest government, and no other, and to enforce decency in public life. In return you have my pledge that any administration which I am called upon to form shall be so constituted that it will not be unworthy of the great country which it is to serve."

In these words Mr. R. L. Borden, in the inaugural of a series of addresses to the people of Canada, in express terms pledged his honor to the electors of Halifax and of the Dominion to give them what is today most desired by the vast majority of Canadians — "honest government and no other, and to enforce decency in public life."

Has it been of design that the Liberal press, great and small, has sought to obscure this outstanding covenant with the people to give the country what it so greatly needs, and of which it has been so shamefully deprived? With Hon. Messrs. Emmerson and Hyman in forced retirement, for reasons which need not be mentioned, says the Ottawa Citizen, and a third minister freshly indicated for a similar fate, it is perhaps only natural that Liberal writers should ignore Mr. Borden's pledge, and content themselves with finding fault with certain planks in his platform.

This may be good politics for the Government and its defenders, but will it avail at this hour, when the country is shocked over the revelations of scandals in the public and private lives of leading members and ex-members of the Laurier cabinet?

The memories of Canadians are not so short that they should have forgotten that a party platform is not all. A party with a platform but lacking principle is not to be depended on to secure good honest Government. Did not the Liberals go to the country in 1896 on the platform constructed by the party's leaders in 1893, when the people had not discovered their lack of principle, and were entrusted with power? And later did not the Liberals wake up to the fact that those leaders either would not or dare not live up to the platform?

Mr. Borden has a platform that will commend itself to the people of this country. But Mr. Borden has more: he has honorable instincts and a blameless record which would make it unthinkable that he could be a party to a betrayal to the people's rights, while added thereto is his formal engagement "to maintain the rights of the people, to uphold honest Government, and no other, and to enforce decency in public life."

No man ever lived long enough to regret the right.

SELECT YOUR MEDICINE WITH CARE.

In debility and weakness medicine should be mild and far reaching. Many pills and purgatives are too harsh, are drastic instead of curative. Excessive action is always followed by depression, and knowing this, Dr. Hamilton devised his pills of Mandrake and Butterbur, so as to mildly increase liver and kidney activity, flush out the elementary canal, tone and regulate the bowels. Thus do Dr. Hamilton's Pills eliminate poisons from the body, restore cleanness to the skin, bring strength and that sweet restorer of health—sleep. Best medicine on earth, 25c. per box at all dealers.

ERIEAU

Erieau, August 28.—Mr. and Mrs. F. E. Fisher and family, who have occupied Langollan Lodge during the month of August, closed up their cottage yesterday, and returned to their home in the city.

The Eric B. has been dismantled and will soon be put away for the season.

Mrs. and Miss Abram will close up their cottage to-morrow for the season.

The fishing is certainly splendid—everyone is catching numbers. Mrs. J. M. Park was one of the lucky fishers yesterday, having landed a pike and a "lunge." Other successful ones were Mrs. J. E. Oldershaw, Rita Cartwright and J. B. Stringer.

Mr. W. J. Bennett, of Outlaw's Inn, will move his family to the city to-morrow.

It is reported that Mr. John McGorrie has purchased the cottage Happy Days, belonging to the Brackin estate.

Mr. Ira Burke, of Blenheim, is registered at the Lakewood House.

Mrs. Ryan and family are among those who have taken up their residence in the city for the winter.

The following are some of the recent guests at the Mallory House: Mr. Fred. Wigg, of Cayuga; J. B. Marks, of West Lorne; Chas. L. Milz and Wm. Beall, of Bedford, Ohio; E. Wright and G. S. Wright, of Chatham; John A. McPherson and M. W. Ellsworth, of Ridgetown.

Mr. and Mrs. E. B. Northwood and daughters have left for town.

The Bessmer came into port yesterday afternoon, and was unloaded last night, the coal-hoist being lighted up by electric lights, the power for which was supplied from the dynamo on the boat.

H. D. Lamson and wife, of Bedford, Ohio, are summering at the East.

Mrs. (Dr.) Whipple and Miss E. L. Whipple, of Port Huron, Mich., are spending a few days on the bar.

Recent arrivals at the Bungalow are, Mr. Chas. Finlay, Port Stanley; J. M. Chatman, Detroit; N. L. Couzens, Chatham; J. J. Cameron, Bedford, Ohio, and Mr. and Mrs. A. J. McTavish, of Blenheim.

The holiday season draws swiftly to a close, but strained and tired eyes have not yet witnessed the arrival of the sturdy carpenters, in whose charge the authorities, doubtless, long ago committed the work of repairing the north sidewalk. Cautious ones might be inclined to criticize this apparent lethargy, but for the fond hope that the delay has been caused by the desire to give all and sundry a glad surprise next year. It is hinted that the energetic authorities purposed to have the sidewalk repaired after the snow falls next winter.

JAPS BUY TORPEDOES

Island Empire Steals a March on Uncle Sam.

Purchases One Thousand English Up-to-Date Explosives—Paid \$5,000,000 For Them—Cornered the Market—United States Must Now Wait—New Torpedoes Guaranteed to Go Four Thousand Yards.

New York, Aug. 27.—While the United States has been secretly negotiating with the Whitehead Torpedo Co. of England for the purchase of fifty of the newest and most approved English torpedoes, Japan has stepped in and bought 1,000 of the weapons at an expense of \$5,000,000.

The torpedoes were purchased by the Japanese at \$5,000 each immediately after the first negotiations of the United States Government.

It is believed the enormous purchase by the Japanese practically takes the Whitehead torpedoes from the market, and that in case the U. S. Government wishes to lay in an additional supply, it will have to wait some time for the torpedoes to be delivered. The new Whiteheads are declared the most improved torpedoes now manufactured for naval warfare. They are guaranteed to go four thousand yards, while the best torpedoes in the United States navy can only cover 3,500 yards.

REDMOND QUITS THE HOUSE.

Irish Party's Protest Against Mutilation of Evicted Tenants' Bill.

London, Aug. 27.—The Chief Secretary for Ireland, Mr. Birrell, announced in the House of Commons yesterday afternoon that the Government was prepared to accept some, but not all the amendments of the House of Lords to the Irish evicted tenants' bill, whereupon John Redmond, chairman of the Irish Parliamentary Party, said he was declining to carry further part in the discussion of the measure.

Mr. Redmond accused the Government of failure to carry out its promises to the Irish people, and said the bill, as it now stood, provided for the compulsory removal of tenants who had taken farms from evicted persons, and, therefore, was a victory for Lord Clanciarde, whose evicted tenants had for twenty years been waiting at the roadside for an opportunity to return to their homes, but who would not be able to do so under the bill as amended by the House of Lords.

It was evident, continued Mr. Redmond, that the Irish must close their ranks and recommence a strong, menacing agitation as the only means of securing proper land legislation. The Irish Nationalists then left the House in a body, and another committee of the House of Commons was appointed to confer with the House of Lords to see what could be saved of the mutilated measure.

CONDUCTOR FALLS OFF CAR.

Hamilton Man Fractures His Skull and May Die.

Hamilton, Aug. 27.—Fred Raven, 117 Tisdale street, a conductor, fell off his car on East Barton street last evening and was perhaps fatally injured. He was taken to the hospital suffering from a fracture of the skull and concussion of the brain. The doctors could not tell first how serious his condition is. He was collecting fares on an open car and fell off the running board.

Sailor Stabbed in Back.

Cleveland, Ohio, Aug. 27.—As George Harvey, a sailor of Buffalo, N. Y., was passing a saloon on Commercial road Sunday night, an Italian rushed out of the door and without warning plunged a stiletto into Harvey, inflicting a wound which hospital surgeons say will prove fatal. The police have been unable thus far to find the Italian.

Harvey could give no explanation of the mysterious attack. He had been in Cleveland but a few hours.

French Wine Frauds.

Paris, Aug. 27.—As proof of its determination to eradicate the wine frauds, the Government yesterday announced that there had been 4,203 prosecutions for violation of the law, and that they had resulted in 5,640 convictions.

The persons prosecuted included a mayor, who resigned as a protest against the Government's alleged inactivity in enforcing the law.

TO RESTRICT EMIGRATION.

Steamers Must Receive Official Permission Before Leaving the Orient.

Tokio, Aug. 27.—The Japanese protection law, making ships carrying immigrants subject to official permission, which hitherto has been limited to vessels destined for Hawaii or South America, will be made to operate in regard to similar ships destined for Canada on and after Sept. 1. This will have no effect in reducing the volume of immigrants, who already are under certain restrictions, but is aimed principally toward assuring the safety of the interests of officially recognized immigrants.

This cry was taken up vigorously, though no official action was taken.

Further, it was urged that a strict boycott should be established against all lumber saved by orientals, all mines worked, and all fish handled. All the canneries are worked by these people.

The situation daily is growing more critical in all British Columbia.

POOR BABY'S FACE ITCHED TERRIBLY

Face and Neck Covered with Inflamed Skin—Suffered Terribly—Mother Took Her to Doctors and Colleges to No Avail—Lost Faith in Medicines—Friend Suggested Cuticura Remedies and

CHILD IS NOW THE PICTURE OF HEALTH

"My baby's face and neck were covered with itching skin similar to eczema, and she suffered terribly for over a year. I took her to a number of doctors, and also to different colleges to no avail. Then Cuticura Remedies were recommended to me by Miss G., who was telling me how they helped her. I did not use it at first, as I had tried so many other remedies without any favorable results. At last I tried Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent Pills, and to my surprise noticed an improvement. After using three boxes of the Cuticura Remedies, together with the Soap and Pills, I am pleased to say she is altogether a different child and the picture of health, and now I have a firm belief in Cuticura Remedies and would not be without them in the house. I will gladly let you publish this testimonial as I would like others to have the same benefit that we did, and you may be sure I will recommend them strongly to everybody I know and to those I don't know, too. Mrs. A. C. Breslin, 171 N. Lincoln St., Chicago, Ill., Oct. 20 and 30, 1906."

Rain Saves Village.

Kingston, Aug. 27.—A much-longed-for rain fell on Saturday and stayed the bush fires ranging about Northam, and gave the residents a breathing space after 48 hours of constant watchfulness and fighting of the flames.

The fires kept creeping towards the village, and barns and buildings were constantly in danger, but heroic work kept the fire back.

Chatham Man Arrested.

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY.

Mrs. Wm. Flewelling, Arthur, Ont., says: "I find it much pleasure to recommend Dr. Fowler's Extract of Wild Strawberry as a grand cure for Summer Complaint. My little boy, one year old, was very bad with it, and a few doses cured him. I also used it on my other six children for cramps, and still have half the bottle left. I cannot praise it too much."

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY is the greatest of all cures for all bowel complaints such as Diarrhoea, Dysentery, Colic, Summer Complaint, etc.

Beware of imitations and substitutes sold by the unscrupulous dealer for the sake of greater profits. They are dangerous to your health.

BALLOON TRIP TO POLE.

Wellman At Spitzbergen and Not Yet Ready to Fly.

London, Aug. 27.—The Hammerfest correspondent of The Daily Mail says that Walter Wellman did not start from his camp at Spitzbergen for the North Pole in his ship on Aug. 23 as he hoped to do. The last two tourist steamers of the line arrived at the camp at Virgo Bay on Aug. 20. They saw the balloon high in the air, confined by anchor ropes.

Mr. Wellman said he was not able to start as the breeze was wrong. He could not start in a gale of wind. The tourists banqueted Mr. Wellman and his companions. Mr. Wellman said to them:

"If I am lucky you will hear from me and the North Pole in a week. If I am less lucky in a fortnight. If you do not hear from me in three weeks you will never hear from me." The steamers left twenty-four hours later. It was then remarked that the balloon seemed gradually being deflated. They passed Virgo Bay for the last time on Aug. 23, and no start had then been made, although the weather was calm and bright. The passengers doubt if Mr. Wellman will or can start this year.

BE A STRONG MAN.

Increase your vitality and nerve energy, restore vim and force to your overworked body. Ferrozone will do this for you as it did for Mr. Walter Wood, of Beauport, N. B., who says, "I can say Ferrozone has given me a new lease of life. A year ago I suffered so from nervous exhaustion I was scarcely able to drag myself around. My appetite was gone. I had no color or ambition and felt used up. One box of Ferrozone started me back to health. I took a number of boxes and my health was completely restored." For men who are tired, pale, nervous and thin-blooded nothing compares with Ferrozone. Fifty cents per box at all dealers.

Girl's Suicide.

Winnipeg, Aug. 27.—With a bottle that had contained carbolic acid lying on her breast, Ethel Cornell, an 18-year-old German girl, was found dead in bed at the home of J. R. Watt, 235 Spence street, yesterday morning.

Grafting in Arsenal.

Naples, Aug. 27.—Thirty officials of the Castellamare arsenal have been arrested as the result of the discovery of extensive embezzlements alleged to have been made in collusion with contractors for supplies of materials.

DON'T USE GREASY LINIMENTS.

A century ago they were popular. To-day people want something easy to apply, certain in results, and, above all, a clean liniment. When Nerviline is applied aches and pains disappear as the pores absorb its soothing, healing properties. Nerviline penetrates to the core of the pain, eases instantly, and leaves the oil has no memory behind. Good to take in, capital to rub on, and five times more powerful in destroying pain than any oily liniment. Don't fail to get a large 25c. bottle.

LORDS PASS BILL.

Marriage With Deceased Wife's Sister Legalized in Britain.

London, Aug. 27.—Marriage with a deceased wife's sister has finally become legalized in Great Britain. The House of Lords last evening having by 98 to 54 votes, passed the bill making such marriages legal.

There are some women who seem to be perennially youthful. The grown daughters are companions as well as children and the color in the mother's cheeks, the brightness in her eyes, the roundness of her form, all speak of abounding health. What is her secret? She is at the middle age of life, when so many women are worn, wasted and faded, and yet time has only ripened her charms. The secret of this matronly health and beauty may be told in the brief phrase, Dr. Pierce's Favorite Prescription. The general health of woman is so intimately related to the local health of the delicate womanly organs, that where these are diseased, the whole body must suffer. "Favorite Prescription" dries the debilitating drains, heals ulceration and inflammation, cures female weakness, and imparts to the delicate female organs natural vigor and vitality. Women who have lost their health and their beauty have been made "robust and rosy-cheeked" by the use of this marvellous medicine.

Frees France's Hand

Germany Will Not Embarrass Her in Moroccan Affair.

French Ambassador Has Interview With Chancellor Von Buelow—Mufai Haig Not Recognized As Sultan—Regarded By French Government As Revolutionist—Spanish Colony Ask For More Protection.

Paris, Aug. 27.—France's attitude toward Mulai Haig, the Sultan's brother, who recently was proclaimed Sultan, is one of complete recognition of his authority as Sultan. It is officially pointed out that, although Mulai's power seems to be growing in the south, the people in the north appear to be loyal to the reigning Sultan, and until decisive events demonstrate that Mulai is actually the choice of the people, France is forced to regard him as a pretender and revolutionist. It is officially stated that the most cordial exchanges of views occurred between Ambassador Cambon and Chancellor Von Buelow on the subject of Morocco, and that Germany recognizes the difficulty of France's position.

The Echo de Paris yesterday published a despatch from Berlin declaring that the impression caused there by the interviews between Ambassador Cambon and Chancellor Von Buelow, and between French Clemenceau and King Edward is "that the peace of Europe is solidified."

Berlin, Aug. 27.—Julius Cambon, the French ambassador to Germany, returned here yesterday from Norderney, satisfied with the results of his visit to Chancellor Von Buelow. Possibly the most interesting subject to the French Government at present was the Moroccan situation, upon which the chancellor talked freely, repeating and elaborating Germany's willingness that France should use her own discretion at Casablanca, provided she knew that Germany will not raise embarrassing questions or seek in any way to place difficulties in her way, or hinder the French work of restoring order and securing the future safety of Europeans in Morocco.

Paris, Aug. 27.—The correspondent at Casablanca of The Matin telegraphs that a letter has been received in the Arab camp from Mulai Haig, announcing that he is marching to attack the French with numerous forces and several cannons.

He instructs the besiegers to refrain from action until his arrival.

Freight Trains Smash in Ohio—Twenty Injured in Derailment.

Portsmouth, Ohio, Aug. 27.—Conductor Robert Gilmore of this city, and Engineer J. C. Purdy of Batavia, Ohio, were instantly killed and six or more trainmen seriously injured in a head-on collision between two Norfolk and Western freight trains near Easton, early yesterday. A relief train bearing physicians and medical supplies was rushed to the scene from here.

Entire Train Derailed.

Charlottesville, Va., Aug. 27.—Twenty-one persons were injured, none seriously, by the derailment of a northbound train on the Southern Railway at Red Hill yesterday. The entire train except the engine and tender turned over. The accident was caused by a broken rail. The train fortunately was running at moderate speed.

Our Trade With Japan.

Ottawa, Aug. 27.—Reporting to the Trade and Commerce Department from Yokohama July 30, M. A. MacLean, commercial agent for Japan, gives the total imports of Canadian flour into that country during the six months as valued at \$62,212, an increase of about \$20,000 over the imports for the corresponding period of 1906.

Exports of Japanese goods to the Dominion during the six months of 1907 amounted in value to \$469,189, as against \$485,541 worth imported in the six months of 1906, showing a decrease of \$26,354.

Gaynor Leaves Prison.

Macon, Ga., Aug. 27.—The United States circuit court of appeals had ordered Col. John F. Gaynor, under sentence for the Savannah Harbor frauds, and in jail here, pending appeal to be allowed to visit Indian Springs, for the benefit of his health, which is failing under confinement. Col. Gaynor will be accompanied to the Springs by two deputy sheriffs, and will bear the expenses of the trip. The change is necessary, Col. Gaynor's physicians say, to preserve his life.

Baltimore, Aug. 27.—British steamship Barnstable, Captain Davidson, from Port Antonio, for Baltimore, late Sunday night, ran into and sank the tug Gerry, Captain McCoy, of Wilmington, Del., in the ship channel off Sparrow's Point, Md. Five men were drowned.

THE MASK OF HEALTH

Few People Are Really As Well As They Look. Cause and Remedy.

Many people in Chatham, both men and women, who believe themselves to be in perfect health, are often in the greatest danger.

Indigestion, which is so common a trouble, is the principal cause of the greater share of the general poor health. It has misleading symptoms that seem to have no reference to the stomach, such as headache, sleeplessness, specks before the eyes, pains in the back and side, etc.

The success of physicians everywhere with the prescription that is now embodied in Mi-o-na stomach tablets has made this remedy in the last few years the acknowledged specific for the treatment of stomach diseases. The secret of this success lies in the fact that Mi-o-na is prepared expressly to strengthen the digestive organs and its use for a few days puts the whole digestive system in such shape that it can care for all of the food that is eaten without pain or distress.

Simply take a Mi-o-na stomach tablet before each meal and on retiring, and it will so strengthen the stomach that you can enjoy a hearty meal without the least fear of distress or suffering.

THOMAS WOMAN ON BAIL.

Rumor Says Warton Raiders Will Testify At Trial.

Warkenton, Aug. 27.—County Crown Attorney Dixon has received a communication from the Attorney-General in reference to the Warton shooting affair.

Although the nature of the instructions has not been made public, it is stated on good authority that the jury at Toronto have taken no action whatever in the matter, beyond suggesting a course for the magistrate to pursue when Mrs. Thomas, the accused woman, comes up for trial.

It is said on authority that the magistrate's instructions will be to allow the sitting of the next court, when the bill will be presented to the grand jury for their consideration.

The feeling against the Thomas woman grows stronger daily, and it is doubtful if the case will be allowed to go by default. There are some of the midnight marauders willing to come forward and tell what they know now, according to stories that come here from the north.

The feeling through the county in general is in sympathy with the woman.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, 4, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child. The chances are it can't help it. The treatment also cures adults and aged people troubled with urine difficulties by day or night.

Belgium Blows Its Horn.

Belgium, like many continental countries, has its national board of advertising. The state, owning, as it does, the railways, must do everything in its power to increase the passenger traffic, and so England and the adjacent countries are extensively placarded with posters showing Belgium's beauty and pleasure spots. The principal attractions are Ostend and its casino, and the pictorial records of this resort have adorned the boardings of England for many years past.—London Graphic.

FOR THE EPICURE.

Potato Muffins, Beef Tea in Haste and Escaloped Eggs.

Potato Muffins.—These are delicious. Use three large meaty potatoes, two ounces of butter, two eggs, a cupful of yeast, three plums of flour, one pint of warm water, one small teaspoonful of soda and a little salt. Boil and mash the potatoes, keeping them as dry as possible. Beat them smooth with the butter and salt, adding sufficient warm water to make the consistency of very thick cream. Well whip the eggs, mix them in and then add the dried and sifted flour. Mix all together, add a pint of warm water, stir in the soda and yeast and allow the mixture to stand all night. Next morning bake the muffins on a griddle until they are a pale brown.

Beef Tea in Haste.—Cut the fat from a pound of lean, juicy beef, put it on a board and with a strong, sharp knife scrape it so quickly that the lean becomes a fine pulp, leaving only the stronger muscles unused. Have ready a very small saucepan, put in the pulp of meat, cover with four tablespoonfuls of cold water, beat it with a silver fork to free the juice and place it on back part of the stove on an asbestos mat to heat gradually, pressing the pulp occasionally for six or eight minutes. Strain, add a few grains of salt, simmer for about two seconds, and it is ready for use.

Potato Pudding.—Take one-half pound of potatoes, one-half pound of sugar, one-half pound of butter, one teaspoonful of baking powder, five eggs and the juice and rind of a lemon; press the potatoes after boiling through a sieve, add the sugar, the butter (previously beaten to a cream), the eggs (well beaten) and the juice and rind of the lemon, the latter to be grated fine; mix all thoroughly together, put into a buttered dish and bake for half an hour in a quick oven. Serve at once.

Escaloped Eggs.—Six hard boiled eggs, chopped fine; one cup of ham or corned beef, chopped; one cup of cracker crumbs. Moisten the cracker crumbs with one-fourth cup of melted butter and two cups of scalded milk (not boiled). When the milk is scalded, have ready two even teaspoonfuls of butter and two of flour, thoroughly mixed and free from lumps. Pour the milk gradually into the thickening. Stir until smooth and season with salt. Arrange one-third of the cracker crumbs and cover with one-half of the egg and one-half of the meat. Repeat and then put the remainder of the crumbs on top. Bake in a hot oven five minutes.

Chileans Are Mongrels.

There is a good deal of mongrel about Chilean society. Chileans will tell you that they are descended from old Spanish families, but the old Spanish families were mostly turned out or massacred in the revolution against Spain, which arose mainly out of the wrongs of the mongrels. The descent, in short, usually includes a slave native Indian woman years back, and the two types have mixed well, with handsome but very fiery results.—Exchange.

Meat Drivers' Strike.

New York, Aug. 26.—Yesterday was one of peace so far as the striking meat wagon drivers was concerned. The strikers gathered in the vicinity of the packing-houses, but were kept moving by the police and created no disturbance.

Both the strikers and the packers held meetings during the day, but there were no definite results announced. The men claim to have the delivery of meat tied up completely, but the packers state they have a large number of men, and that their business will go on to-day practically as usual.

BLENHHEIM.

Blenheim, August 28.—Miss Jennie Campbell has taken a position as clerk in Mr. Geo. Taylor's shoe store.

Mr. Silas Adams, who was a Blenheim visitor for a few days, has returned to Chatham.

Mr. Percy S. Shillington, who has been ill for the past few days, is feeling very much better, and expects to be around again in a day or two.

Dr. D. E. Russell, of Chatham, is visiting friends in Blenheim.

Miss Bernice Ellis has secured a position as assistant in Mr. C. L. VonGuten's jewelry and fancy goods store.

Wesley Pickering, who has been visiting his relatives in Detroit for the last two weeks, returned to his home in Blenheim on Monday night.

Mr. and Mrs. D. Mercer DeBorja, of the News-Tribune, who have been enjoying a two weeks trip down the St. Lawrence, returned home this week.

Miss Newcombe, of Windsor, who is visiting at her grandfather's, Mr. McColl, near Blenheim, was a town visitor yesterday, having spent the day with Mrs. Ina Burke.

Miss Nellie Labadie, who has been enjoying a pleasant holiday in Chatham and Detroit for the last two weeks, returned to Blenheim last Monday and resumed her position as assistant in the post office.

Mr. J. Locker, who has been clearing away the old building from his lot, has now got everything into shape and will, in a short time, have a new cement block building erected.

The Misses Lella Crookshank and Eva Green leave tomorrow for Toronto. They will spend a week in the Queen City en route for Peterboro, where they will attend the wedding of their cousin, Miss Mona Kavanagh. Both young ladies will act as bridesmaids at the wedding. They will then visit relatives at Portland, Ont., spending about six weeks in all on the trip.

THE CAUSE OF HAY FEVER.

It's a microbe that floats in the air, gets into the throat and lungs, develops rapidly, excites inflammation, etc. The cause is as simple as a thistle in the finger. Extract the thistle, away goes the pain. Destroy the Hay Fever germ—you get well. That's why Catarrhone acts so marvelously in Hay Fever. Its fragrant vapor to you brings cure, but to the microbe death. Catarrhone is as quick to act on these microscopic organisms as lightning. Prevents as well as cures, and is always successful. Druggists, 25c. and \$1.00, or Folsom & Co., Kingston, Ont.

VEGETABLE CROP

The general outlook for the vegetable crops in Ontario is not encouraging, report the crop correspondents of the Ontario Vegetable Growers' Association. All the crops have suffered for the want of rain during the past few weeks, and some have received a setback from cold nights, and the ravages of slugs and cut-worms. The Ottawa district is the only one that reports favorably; in that locality large crops of cabbage and celery are expected; potatoes there will be an excellent crop and of good quality.

In general, the potato yield is expected to be only half a crop. Beets, carrots and turnips will give fair to good crops, while parsnips will be below the average. Early and medium cabbages are not plentiful; in some localities they are scarce. If rain comes late cabbage and cauliflower will be all right. The celery crop will not be large, and the stalks somewhat small. The onion crop will be much below the average. In the Scotland district, Brant County, where onions are grown extensively, they have made rapid growth, but mildew has appeared and will materially affect the yield. Sweet corn will be fair. Melons will yield a good crop. The tomato crop will be very light. Growers probably will not grow as large an acreage of tomatoes next year.

LEASE OIL AND GAS LANDS

Rockwood, Mich., August 27.—Thomas Cox, oil and gas expert, representing a company from Bradford, Ont., is in this locality leasing land upon which tests will be made. Mr. Cox is very much encouraged over the prospect of striking either oil or gas, and guarantees the farmers that whatever is found on their farms, the wells will not be plugged. There has been three different wells put down here in the last eight years and one at Newport. The Newport well is the only one that showed any signs of being productive. The crude oil has been coming from this well in small quantities ever since it was drilled. If gas can be found it will be the means of developing the rich beds of silica sand that have of late been located here. Instead of shipping the silica sand south, with the aid of gas the product can be manufactured into glass here.

MAY-RUN TO PETROLEA

Wallaceburg, August 27.—The Chatham, Wallaceburg & Lake Erie Electric Railway Company, having at last completed arrangements for their road to Lake Erie, are now planning to extend it northward from here.

The following gentlemen arrived in Wallaceburg yesterday morning en route for Petrolea: Charles Hadley, J. Simon, G. W. Kipp, George Fielder, S. G. Fitch, Stewart Campbell and Shirley Holmes, and were accompanied by D. A. Gordon, M. P., Mayor H. A. Stonehouse, Reeve Somers, J. H. Fraser, Dr. George Mitchell, Dr. Hay, C. B. Jackson and Amos Parker. This party was to meet the members of the Petrolea Board of Trade, also the Enniskillen Council, in reference to extending the road north from Wallaceburg.

The result of the meeting is not yet known, but it is said that everything looks bright for the extension of the road. The trip was made in automobiles and sort of a belt line route made, taking in Petrolea, Bridgen, Oil Springs and Dresden.

The optimist looks forward to tomorrow, the pessimist sighs for yesterday.
