

## Athens High School Field Day

The annual field day of the Athens High School was held on Thursday, October 2, last. After several cool and rainy days the sun shone brightly and clearly, and although it had been decided to postpone the event hurried up executive meeting was called and it was decided to hold the sports.

Much work had to be done in order that the events could be carried out, and a hurried call for judges was made. The response of the citizens was good, Mr. N. H. Arnold, Mr. E. C. Tribute, Rev. V. O. Boyle, Rev. Mr. Upham, Dr. Bracken, Rev. H. E. Warren and others immediately volunteering to help.

The events were keenly contested, the records comparing favorably with other years. Some of the vents caused keen interest, especially was this noted in the inter-form relay race, and the senior boys and girls' pole vault. The successful contestants in the different events were as follows:

**Boys' Junior Events, Under 110 lbs.**  
Running High Jump—Harold Heffernan, Harold Hall, Mills Howard.  
Pole Vault—Jack Robinson, Harold Heffernan, Bert Heffernan.

Running Broad Jump—H. Heffernan, Cecil Green, B. Heffernan.  
Standing Broad Jump—H. Heffernan, Kenneth Taplin, J. Robinson.  
Running Hop, Step and Jump—H. Heffernan, B. Heffernan, M. Howard.

Junior Hurdles—H. Hall, C. Green, Charlie Hudson.  
100 Yard Dash—C. Green, H. Hall, C. Hudson.

Throwing Rugby Ball—H. Heffernan, J. Robinson, C. Hudson.  
Shot Put—H. Heffernan, Ross Robinson, K. Taplin.  
Pull Up—C. Hudson, H. Heffernan, H. Hall.

Throwing Baseball—R. Robinson, H. Hall, H. Mills.  
**Boys' Intermediate Events—110 to 125 Pounds.**  
Running High Jump—Herbert Warren, Carrol Beale, Wallace Marshall.

Throwing Baseball—Murray Curtis, W. Marshall, V. Robinson.  
Pole Vault—C. Beale, H. Warren, Bryce Sheffield.  
Running Broad Jump—C. Beale, H. Warren, C. Beale, V. Robinson.

Standing Broad Jump—H. Warren, C. Beale, V. Robinson.  
Running Hop, Step and Jump—H. Warren, C. Beale, V. Robinson.  
Intermediate Hurdles—H. Warren, W. Marshall, V. Robinson.

100 Yard Dash—H. Warren, C. Beale, V. Robinson.  
220 Yards—H. Warren, C. Beale, W. Marshall.  
Shot Put—C. Beale, H. Warren, W. Marshall.

Pull Up—W. Marshall, J. Hollingsworth, B. Sheffield.  
Throwing Rugby Ball—W. Marshall, H. Warren, C. Beale.

**Boys' Senior Events—Over 125 Pounds**  
Running High Jump—Howard Holmes, Clifton Foxton, Knowlton Hanna.  
Pole Vault—H. Holmes, Leonard Johnston, K. Hanna.

Pull Up—Elmer McFadden, Harrison Russell, Sam Hollingsworth.  
Running Broad Jump—K. Hanna, H. Holmes, C. Foxton.  
Standing Broad Jump—K. Hanna, C. Foxton, H. Holmes.

Running Hop, Step and Jump—K. Hanna, C. Foxton, H. Holmes.  
Senior Hurdles—W. Russell, S. Hollingsworth, Steacy Fair.  
100 Yard Dash—C. Foxton, W. Russell, K. Hanna.

220 Yards—W. Russell, C. Foxton, S. Fair.  
Throwing Rugby Ball—C. Foxton, L. Johnston, E. McFadden.  
Shot Put—Stewart Tennant, W. Russell, H. Holmes.

Throwing Baseball—C. Foxton, Raymond Steele, H. Holmes.  
**Girls' Junior Events—16 and Under.**  
Pole Vault—Beatrice Parish, Polly Alguire, Kathleen Steacy.

High Jump—Beatrice Parish, Kathleen Steacy, Polly Alguire.  
Hop, Step and Jump—Polly Alguire, Kathleen Steacy, Beatrice Parish.  
Throwing Baseball—Wilhelmine Scott, Polly Alguire, Helen Kavanagh.

50 Yard Dash—Wilma Sturgeon, Beatrice Parish, Mary Soper.  
Balancing—Maude Alguire, Viola Halliday, Helena Whaley.

Marjorie Gile, Mary Soper.  
Wheelbarrow Race—Elva Gifford and Polly Alguire, Doris Connerty and Kathleen Steacy, Helena Whaley and Beth Seed.

Throwing Baseball, accuracy—Monica Hudson, Helen Kavanagh, Mary Soper.  
Throwing Basketball, distance—Maude Alguire, Beatrice Parish, Kathleen Steacy.

Five Steps Forward, Two Steps Back—Alice Flood, Doris Connerty, Viola Halliday.  
Hurdles—Beatrice Parish, Polly Alguire, Kathleen Steacy.

Broad Jump—Beatrice Parish, Kathleen Steacy, Coral Purcell.  
**Girls' Senior Events (Over 16 Years)**  
Throwing Baseball, Accuracy and Speed—1st Marguerite Kerr & Marion Hollingsworth, 2nd Marion Earl and Helen Morris.

Throwing Baseball, Distance—1st, Helen Morris, 2nd, Marguerite Kerr, 3rd Thelma Parish.  
Throwing Basketball, Distance—1st, Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.

Travellers Race—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.  
Hurdles—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.

Pole Vault—1st Helen Morris, 2nd Marion Hollingsworth, 3rd Marguerite Kerr.  
High Jump—1st Helen Morris, 2nd Marguerite Kerr, 3rd Marion Earl.

Hop, Step and Jump—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.  
75 Yard Dash—1st Helen Morris, 2nd Marguerite Kerr, 3rd Marion Earl.

Throwing Baseball, Accuracy—1st, Marguerite Kerr, 2nd Helen Morris, 3rd Thelma Parish.  
Backward and Forward Race—1st, Helen Morris & Marion Earl, 2nd Marguerite Kerr & Thelma Parish, 3rd, Marion Hollingsworth & Geraldine Flood.

Wheelbarrow Races—1st Helen Morris & Marion Earl.  
Balancing—1st, Helen Morris, 2nd, Marion Earl, 3rd Vera Shea.

The inter form relay race was won by Form V., with Form IV. winning second place and Form II. third. Third Form really won the event, but were disqualified on a technical error.

The highest number of points were won in the different classes as follows:  
Senior Girls', Helen Morris; Boys', Clifton Foxton; Intermediate Boys', Herbert Warren; Junior Girls, Beatrice Parish; Boys' Harold Heffernan.

The Form Shield was won by Form II., having a total of 149 points; Form V., winning 93 points; Form III., 70 points; Form I, 62 points; and Form IV., 52 points.

## Harvest Services, Christ Church

A large congregation attended the Harvest Thanksgiving Services in Christ Church, Athens, on Sunday last. The Church was beautifully decorated with plants and flowers, interspersed with the products of the garden and field. The choir excelled themselves in their rendition of the twenty fourth psalm, "The Earth is the Lord's and the Fulness Thereof." Miss Kathleen Taylor taking the solo part in her delightfully clear voice. The Rev. V. O. Boyle, M.A., B.D. preached a thoughtful sermon from the text, "Man doth not live by bread alone but by every word that proceedeth out of the mouth of God." The thank-offering, which will be devoted to Missions, amounted to \$45.00.

## LITERARY SOCIETY TO HOLD OPEN MEETING.

At a meeting of the executive of the Athens High School Literary Society, held on Monday, it was decided to hold an open meeting about the middle of each month. The meetings will probably continue until Easter, no meeting being held in November, however, on account of the Commencement coming that month. During the consideration of ways and means regarding the Commencement, it was moved and seconded that Mrs. Lamb be asked to assist the pupils in the choruses and drills, and a resolution will be presented to her to this effect.

## INTERSCHOLASTIC FOOTBALL SCHEDULE

October 11—Brockville at Athens.  
October 11—Perth at Smiths Falls.  
October 18—No games.  
October 25—Perth at Brockville.  
November 1—Brockville at Smiths Falls.  
November 1—Athens at Perth.  
November 8—Brockville at Perth.  
November 15—Smiths Falls at Perth.  
November 15—Athens at Brockville.  
November 22—Smiths Falls at Brockville.  
November 22—Perth at Athens.

## OBITUARY

### FRANCIS HEALEY

Passed away at St. Vincent de Paul Hospital, Brockville, Wednesday October 8th at the ripe age of 90 years. He spent the greater part of his life in farming about Toledo. Born in the Township of Kitley, son of the late Mr. and Mrs. Frank Healey. He made his home with his daughter, Mrs. Lawrence Noonan, the past thirteen years at Ballycanoe at the death of his wife. He leaves to mourn his loss, three daughters Mrs. T. H. Meyers, Portland, Mrs. Lawrence Noonan, Ballycanoe, and Mrs. Daugherty, Brockville and two sisters Mrs. Smith of Toledo and Mrs. D. Healey, Smiths Falls.

Burial took place R. C. Church, Ballycanoe Rev. Father Scott officiated. Interment at Toledo Cemetery.

### MRS. THOS. A. WALKER

The death occurred at her home at New Dublin of Mrs. Thomas A. Walker in her sixty-sixth year on October 5th. Her maiden name was Annie Baldwin. She was a woman of estimable character who bore a long illness with fortitude and resignation. She is survived by her husband and four sons and one daughter, William and Donald at home, Wyatt of Bellamy, Walter, of Addison, and Mrs. Lewis Langdon of Greenbush. She has two grandchildren, Grace and Frances Langdon, one brother Eli Baldwin and two sisters, Mrs. D. H. Love of Glenoe Ont. and Mrs. John Hicks of Regina, Sask. also survive. One son Byron gave his life in the Great War in 1918. The funeral was held from the family residence on Monday afternoon to the Methodist Church at New Dublin where a solemn service was conducted by her pastor, Rev. D. D. Elliott who took the text chosen by Mrs. Walker, Rev. 14. 13 as the basis of his sermon.

At the special request of Mrs. Walker Maude Moore sang as solo "Mother's Prayers have followed Me."

Interment was made in the family plot in the cemetery at New Dublin. Many beautiful floral tributes covered the casket.

## September Meeting Women's Institute

At the September meeting of the Women's Institute Rev. Mr. Curtis who is an expert florist gave a very instructive address on bulb culture. Mr. Curtis is such a lover of flowers and so keenly interested in their culture that he always enthralls his hearers with the same spirit, developing and many times creating in them a lively interest in horticulture.

Miss Violet Robeson of Hard Island gave a practical and carefully prepared paper on "Woman's Inhumanity to Woman," in which she appealed to those present to continue to maintain the high ideals of the Woman's Institute and develop more and more the true spirit of sisterhood.

Miss Hazel Burns delighted all by her piano solo, Fantasia.  
Miss Kathleen Taylor sang sweetly, Mrs. S. C. A. Lamb playing the accompaniment.

The October meeting will be held a night during the latter part of the month. It will take the form of a social evening with our girls. Special music being prepared also a debate on "Resolved that the Present Generation is Destroying more Ideals than it is Establishing"

A talk will be given on, "A Girl's Duty to Herself."  
Watch next week's paper for further announcements.

## PRESENTATIONS ARE MADE TO DEPARTING TOLEDO RESIDENTS

George O. Bellamy Sells Mill to O. P. Arnold, Delta.

## NEWS OF THE DISTRICT

Meeting of the Women's Institute of Fairfield East Proves Interesting.

Toledo, Oct. 4.—On Friday evening, October 4, a very pleasant evening was spent when friends and neighbors to the number of 65 gathered at the home of Mr. and Mrs. George O. Bellamy to pay their tribute of respect to the departing ones. An address was read as follows:

To Mr. and Mrs. J. Bellamy:  
We, your friends and neighbors, have gathered here together this evening to bid you farewell and also to extend to you our best wishes for health and happiness in your future home. We regret that you must leave us now, at your daily toll, as well as in the social and religious life of this community, you have ably done your part.

In departing you leave behind a host of friends who in future years, should they be asked by their children or their children's children, "Why is it called Bellamy's Mills?" can truthfully and the story of your business connection with this little burg of ours with the same high tribute our oldest inhabitants paid your parents when he said "They were good citizens."

We ask you, Mr. Bellamy, to wear this Masonic ring in memory of your Toledo friends. To Mrs. Bellamy we present this set of fruit knives, and may you both spend many happy hours enjoying the same."

To this both Mr. and Mrs. Bellamy graciously replied and regretted very much leaving the homestead and the many friends whom they have made during the time they spent in Toledo. The evening was spent in singing and games, and refreshments were served and at an early hour in the morning the happy party broke up and retired to their respective homes, each and everyone, extending their personal wishes to Mr. and Mrs. Bellamy.

Mr. Webster, undertaker, Smiths Falls, who recently opened a parlor in Toledo, has appointed M. D. Marshall to look after his interests here.

Owing to the recent very severe rains, farmers have been delayed in their fall work, but now corn-binders and silo-filling machines are going nicely.

O. P. Arnold, of Delta, who has purchased the property of G. C. Bellamy, expects to move here very shortly and get the grist mill in operation.

## LYN

Lyn, Sept. 29.—Miss Bessie B. Billings has returned to Kingston to resume her studies at Queen's University.

Mrs. William Robinson spent Thursday in Gananoque, the guest of her sister, Mrs. Clark Shipman.

Miss Ruth MacNish has returned from Kingston, where she has been caring for her brother-in-law, Clark Shipman, of Gananoque, who underwent an operation at the General Hospital.

Mr. and Mrs. George N. Jarvis went to Ottawa on Saturday to visit Mr. and Mrs. Campbell Carnochan.

Miss Catherine Neilson and Jamie Neilson have entered Queen's University, Kingston, where they will take courses in arts and science respectively.

Mr. and Mrs. James Greer entertained last Friday evening in honor of Rev. Walter T. McCrea and Mrs. McCrea, who have just taken up residence in the manse. During the evening they were presented with a number of jars of fruit and pickles. Refreshments were served and all had an enjoyable time.

The Misses Bullock have closed their home here and gone to Montreal where they will spend the winter.

Willie Laverty, Brockville, spent Saturday with relatives here.  
Last Sunday the services in the Anglican church was taken by Rev. J. de Pencier Wright, a former rector of this parish, now of Kingston. As it was the regular harvest thanksgiving service, the church was beautifully decorated. A large congregation heard a very able discourse.

In the Methodist and Presbyterian churches the morning services were in the form of the Sunday school rally and the prescribed order of service was used. The churches were beautifully decorated and large congregations were present. Miss Georgina Brown sang a solo in the Presbyterian church. The evening service in the Methodist church was taken by Rev. Dr. F. W. A. Meyer, of Brockville.

## LANSDOWNE SCHOOL FAIR ATTRACTS A GREAT MANY PEOPLE

Greenfield School Obtained First Prize in the Parade.

## BARN IS LOST BY FIRE

Lantern Explodes in Building of Ernest Anderson at Cranworth.

Lansdowne, Oct. 1.—The eight annual school fair under the supervision of E. F. Neff, Athens, was held on the agricultural grounds on Tuesday, September 23. It was a complete success and the large attendance shows that the school fair is growing in popularity. The exhibits of the boys' and girls' work in art, sewing, cooking, writing and manual training were excellent and the vegetables, fruit and flowers were of a high standard. A special feature of the programme was the school parade. The Greenfield school obtained first prize.

Lansdowne senior and junior rooms were tied for second place, with Wilstead third and Legge's fourth. The public speaking contest followed the parade and it certainly was marvellous how unconcerned the boys and girls appeared. The subjects were varied. The last thing on the programme was a contest in driving horse and buggy by boys and girls and also horseback riding. By that time the hall was open and there was a rush to see who were the prize winners. The booths on the ground did a good business during the day. One was conducted by the School Fair and the other by the Alpha class of the Methodist church.

G. Hamilton, of Toronto, has purchased the Lansdowne drug business and took possession of the shop last week.

Mrs. Fairlie and daughter, Miss K. Fairlie, Kingston, were recent visitors of the Misses Beatty.

Miss Grace Beckstedt left last week to attend Normal Faculty at Ottawa. Miss Thelma Green was attending the Ottawa Normal School and Miss Elsie McNeil, the Toronto Normal School.

J. H. Moxley, of Ebenezer, has rented his farm to David Thompson and is moving into the village.

Mr. and Mrs. Fred McDonald and Mr. and Mrs. Joe Slack and children spent Sunday at the home of Mr. and Mrs. Frank Slack, Lyn.

Kenneth Steacy and Kenneth Sliter are patients in the General Hospital, Brockville, having undergone operations for appendicitis.

Mrs. J. McCormack, Fairfax, who spent a week with her daughter, Mrs. Robert Williams, Stirling, has returned home.

## CARDINAL

Cardinal, Sept. 30.—Mr. and Mrs. J. Bishop, of Algonquin, are visiting at the home of Mr. and Mrs. Thomas Beggs.

Miss Marjorie Hunter, of Toronto, is visiting her aunt and uncle, Mr. and Mrs. Harry Hunter.

Mrs. John Arthurs and son, James, of Montreal, who have been spending the summer with Mrs. Arthurs' parents, Mr. and Mrs. T. Dillor, has returned home.

Miss Mabel Bradford, nurse-in-training at the General Hospital, Brockville, is spending her vacation with her parents, Mr. and Mrs. Nelson Bradford.

Miss Sarah Burchill, nurse-in-training at the Hepburn hospital, Ogdensburg, spent a day with her mother, Mrs. E. Burchill.

Miss Mary Lytell, who is attending High school in Prescott, spent the week-end with her parents, Mr. and Mrs. S. A. Lytell.

Wilfred Vancamp, of Brockville, spent the week-end with relatives here.

Miss Mary Jackson, who has been spending her holidays at her home here, has returned to Toronto to attend the university.

Mr. and Mrs. Wilfrid Coligan and daughter, of Morrisburg, visited the latter's parents, Mr. and Mrs. G. Kavanagh, and were accompanied home by her grandmother, Mrs. M. Kavanagh.

Mr. and Mrs. Duff Davidson and family have taken up residence on Middle street.

Mr. Aikens, of Montreal, who has been employed by the Canada Starch Co., has returned home.

Mr. and Mrs. J. McGarrell, who have been visiting in Ogdensburg, have returned home.

Miss Edna Jones is attending Business College in Brockville.

Charles Gamble and daughters, Florence and Bernice, motored from Montreal and are spending a few days with his mother, Mrs. Gamble.

Mr. and Mrs. Toupin and family have moved to their new residence in East street.

## Riverdale

Riverdale, Sept. 29.—D. Lynch, of Smith's Falls, was a guest in Riverdale recently.

Mr. and Mrs. Charles Knill and the former's father, John Knill, were visitors in Ottawa last week.

Mr. and Mrs. Alex Andrews were guests of friends in Kingston last week.

Mr. and Mrs. Howard Stevens, Stevens, Smith's Falls, were visitors in Riverdale recently.

Mr. and Mrs. F. L. Tooker and Mr. and Mrs. Mark Tooker and family have moved from their summer home, Point Pleasant, and returned to their homes in Brockville.

Mr. and Mrs. Charles Gray and Mrs. J. Scanlon, who were camping at Point Pleasant for the summer have returned to Brockville.

Mr. and Mrs. William Dyer have taken up residence in Brockville for the winter.

Sunday visitors at Mr. and Mrs. C. D. Perrin's were Mr. and Mrs. J. S. Lane and Mrs. E. Perrin, Prescott; and Mr. and Mrs. J. W. Corbett, Denville.

Miss Gladys Jenkinson, Toronto, visited friends here this week.

## Phillipsville

Phillipsville, Oct. 3.—Miss Florence Boyd of Ottawa, spent the last week-end here, a guest of Mrs. Hilliard Davison.

Mr. and Mrs. F. W. Acheson and Mr. and Mrs. H. R. Stevens visited friends in Kingston and Iverary last week.

The Women's Mission Circle of the Baptist church held its regular monthly meeting on Wednesday afternoon at the home of Mrs. H. C. Davison.

Miss Katie Myers, of Smiths Falls, is spending some time at the home of her mother, Mrs. T. H. Myers.

Miss Nellie McNellie, of the nursing staff at the Ontario hospital, Brockville, spent Thursday here at the home of W. W. Tackaberry.

W. B. Phelps accompanied William Laisley to his home in Brockville today, where he will remain for a few days.

Thomas Moulton has a gang of men engaged in the erection of a cement silo.

On Wednesday evening the W.M.S. of the Methodist church met at the home of Mrs. Ed. Kerman in its regular monthly meeting. This month's meeting was also the annual one in this home for several years, with a special programme and a social hour and refreshments at the close. Thirty-five were present and a very profitable evening was spent.

Dr. B. Flood and a party of relatives from Kingston called on friends here to-day.

The Methodist church was very tastefully decorated in autumn foliage and asters on Sunday last when the special Sunday school rally day programme was carried out. The address on "Who is My Neighbor" was delivered by the pastor, Rev. A. E. Sanderson.

## GLEN BUELL

Glen Buell, Sept. 30.—On Sunday afternoon last rally service was held in the Glen Buell Methodist church, which was beautifully decorated for the occasion. The collection of flowers was very choice and reflects great credit upon those who brought them. Mr. Clow, the Sunday school superintendent, had charge of the service, and gave a short address in which he urged the congregation to be regular in attendance and to make the Sunday school and services a success. Recitations were given by the children and all took part in the specially-prepared programme. The choir gave special music which helped to make the service very enjoyable. Rev. F. G. Robinson spoke on "Who is My Neighbor?"

Choir practice will be held on Friday evening next in the church at 7.30. All members of the choir are invited. Anniversary services will be held on Sunday, October 12, at 11 a.m. and 7 p.m., when Rev. H. E. Warren, M.A., B.D., of Athens, a former pastor, will preach.

The ladies are expecting to renovate the church in the near future.

Glen Buell, Oct. 4.—A number in this vicinity have completed their threshing. Silo filling is the order of the day, having been delayed by the recent rains.

Mr. and Mrs. Brock Davis have returned home after having visited their daughter, Mrs. R. J. Leach, in Manitoba. While there they motored to Reston, via Woodworth, returning by Cromer to Elkhorn. They report excellent crops in that section.

Mrs. Norman Moore is visiting her brother in Napanee.

Jason Baxter spent the week-end with his parents in Lyndhurst.

Before returning to her home in Frankville, Mrs. Hornefeld is spending a few days at the Glen.

Mr. and Mrs. Billings, Morristown, visited friends here for a few days this week.

## Athens High School Field Day

The annual field day of the Athens High School was held on Thursday, October 2, last. After several cool and rainy days the sun shone brightly and clearly, and although it had been decided to postpone the event hurried up executive meeting was called and it was decided to hold the sports.

Much work had to be done in order that the events could be carried out, and a hurried call for judges was made. The response of the citizens was good, Mr. N. H. Arnold, Mr. E. C. Tribute, Rev. V. O. Boyle, Rev. Mr. Upham, Dr. Bracken, Rev. H. E. Warren and others immediately volunteering to help.

The events were keenly contested, the records comparing favorably with other years. Some of the vents caused keen interest, especially was this noted in the inter-form relay race, and the senior boys and girls' pole vault. The successful contestants in the different events were as follows:

**Boys' Junior Events, Under 110 lbs.**  
Running High Jump—Harold Heffernan, Harold Hall, Mills Howard.  
Pole Vault—Jack Robinson, Harold Heffernan, Bert Heffernan.

Running Broad Jump—H. Heffernan, Cecil Green, B. Heffernan.  
Standing Broad Jump—H. Heffernan, Kenneth Taplin, J. Robinson.  
Running Hop, Step and Jump—H. Heffernan, B. Heffernan, M. Howard.

Junior Hurdles—H. Hall, C. Green, Charlie Hudson.  
100 Yard Dash—C. Green, H. Hall, C. Hudson.  
Throwing Rugby Ball—H. Heffernan, J. Robinson, C. Hudson.

Shot Put—H. Heffernan, Ross Robinson, K. Taplin.  
Pull Up—C. Hudson, H. Heffernan, H. Hall.  
Throwing Baseball—R. Robinson, H. Hall, H. Mills.

**Boys' Intermediate Events—110 to 125 Pounds.**  
Running High Jump—Herbert Warren, Carrol Beale, Wallace Marshall.  
Throwing Baseball—Murray Curtis, W. Marshall, V. Robinson.

Pole Vault—C. Beale, H. Warren, Bryce Sheffield.  
Running Broad Jump—C. Beale, H. Warren, C. Beale, V. Robinson.  
Standing Broad Jump—H. Warren, C. Beale, V. Robinson.

Running Hop, Step and Jump—H. Warren, C. Beale, V. Robinson.  
Intermediate Hurdles—H. Warren, W. Marshall, V. Robinson.  
100 Yard Dash—H. Warren, C. Beale, V. Robinson.

220 Yards—H. Warren, C. Beale, W. Marshall.  
Shot Put—C. Beale, H. Warren, W. Marshall.  
Pull Up—W. Marshall, J. Hollingsworth, B. Sheffield.

Throwing Rugby Ball—W. Marshall, H. Warren, C. Beale.  
**Boys' Senior Events—Over 125 Pounds**  
Running High Jump—Howard Holmes, Clifton Foxton, Knowlton Hanna.

Pole Vault—H. Holmes, Leonard Johnston, K. Hanna.  
Pull Up—Elmer McFadden, Harrison Russell, Sam Hollingsworth.  
Running Broad Jump—K. Hanna, H. Holmes, C. Foxton.

Standing Broad Jump—K. Hanna, C. Foxton, H. Holmes.  
Running Hop, Step and Jump—K. Hanna, C. Foxton, H. Holmes.  
Senior Hurdles—W. Russell, S. Hollingsworth, Steacy Fair.

100 Yard Dash—C. Foxton, W. Russell, K. Hanna.  
220 Yards—W. Russell, C. Foxton, S. Fair.  
Throwing Rugby Ball—C. Foxton, L. Johnston, E. McFadden.

Shot Put—Stewart Tennant, W. Russell, H. Holmes.  
Throwing Baseball—C. Foxton, Raymond Steele, H. Holmes.  
**Girls' Junior Events—16 and Under.**

Pole Vault—Beatrice Parish, Polly Alguire, Kathleen Steacy.  
High Jump—Beatrice Parish, Kathleen Steacy, Polly Alguire.  
Hop, Step and Jump—Polly Alguire, Kathleen Steacy, Beatrice Parish.

Throwing Baseball—Wilhelmine Scott, Polly Alguire, Helen Kavanagh.  
50 Yard Dash—Wilma Sturgeon, Beatrice Parish, Mary Soper.  
Balancing—Maude Alguire, Viola Halliday, Helena Whaley.

Forward and Backward Race—Cora Purcell and Beth Seed, Viola Halliday.  
Hurdles—Beatrice Parish, Polly Alguire, Kathleen Steacy.  
Broad Jump—Beatrice Parish, Kathleen Steacy, Coral Purcell.

**Girls' Senior Events (Over 16 Years)**  
Throwing Baseball, Accuracy and Speed—1st Marguerite Kerr & Marion Hollingsworth, 2nd Marion Earl and Helen Morris.  
Throwing Baseball, Distance—1st, Helen Morris, 2nd, Marguerite Kerr, 3rd Thelma Parish.

Throwing Basketball, Distance—1st, Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.  
Travellers Race—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.  
Hurdles—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.

Pole Vault—1st Helen Morris, 2nd Marion Hollingsworth, 3rd Marguerite Kerr.  
High Jump—1st Helen Morris, 2nd Marguerite Kerr, 3rd Marion Earl.  
Hop, Step and Jump—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.

Running Broad Jump—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.  
75 Yard Dash—1st Helen Morris, 2nd Marguerite Kerr, 3rd Marion Earl.  
Throwing Baseball, Accuracy—1st, Marguerite Kerr, 2nd Helen Morris, 3rd Thelma Parish.

Backward and Forward Race—1st, Helen Morris & Marion Earl, 2nd Marguerite Kerr & Thelma Parish, 3rd, Marion Hollingsworth & Geraldine Flood.  
Backward Race—1st, Marion Earl, 2nd Helen Morris, 3rd Marguerite Kerr.

Five Steps Forward, Two Steps Back—Alice Flood, Doris Connerty, Viola Halliday.  
Hurdles—Beatrice Parish, Polly Alguire, Kathleen Steacy.  
Broad Jump—Beatrice Parish, Kathleen Steacy, Coral Purcell.

**Wheelbarrow Race—Elva Gifford and Polly Alguire, Doris Connerty and Kathleen Steacy, Helena Whaley and Beth Seed.**  
Throwing Baseball, accuracy—Monica Hudson, Helen Kavanagh, Mary Soper.  
Throwing Basketball, distance—Maude Alguire, Beatrice Parish, Kathleen Steacy.

Five Steps Forward, Two Steps Back—Alice Flood, Doris Connerty, Viola Halliday.  
Hurdles—Beatrice Parish, Polly Alguire, Kathleen Steacy.  
Broad Jump—Beatrice Parish, Kathleen Steacy, Coral Purcell.

Girls' Senior Events (Over 16 Years)  
Throwing Baseball, Accuracy and Speed—1st Marguerite Kerr & Marion Hollingsworth, 2nd Marion Earl and Helen Morris.  
Throwing Baseball, Distance—1st, Helen Morris, 2nd, Marguerite Kerr, 3rd Thelma Parish.

Throwing Basketball, Distance—1st, Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.  
Travellers Race—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.  
Hurdles—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.

Pole Vault—1st Helen Morris, 2nd Marion Hollingsworth, 3rd Marguerite Kerr.  
High Jump—1st Helen Morris, 2nd Marguerite Kerr, 3rd Marion Earl.  
Hop, Step and Jump—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.

Running Broad Jump—1st Helen Morris, 2nd Marion Earl, 3rd Marguerite Kerr.

Throwing Baseball, Accuracy—1st, Marguerite Kerr, 2nd Helen Morris, 3rd Thelma Parish.

Backward and Forward Race—1st, Helen Morris & Marion Earl, 2nd Marguerite Kerr & Thelma Parish, 3rd, Marion Hollingsworth & Geraldine Flood.  
Backward Race—1st, Marion Earl, 2nd Helen Morris, 3rd Marguerite Kerr.

Five Steps Forward, Two Steps Backward, Race—1st Marguerite Kerr, 2nd, Marion Earl.  
Wheelbarrow Race—1st Helen Morris & Marion Earl.  
Balancing—1st, Helen Morris, 2nd, Marion Earl, 3rd Vera Shea.

The inter form relay race was won by Form V., with Form IV. winning second place and Form II. third. Third Form really won the event, but were disqualified on a technical error. The highest number of points were won in the different classes as follows:

Senior Girls', Helen Morris; Boys', Clifton Foxton; Intermediate Boys', Herbert Warren; Junior Girls', Beatrice Parish; Boys' Harold Heffernan.  
The Form Shield was won by Form II., having a total of 149 points; Form V., winning 93 points; Form III., 70 points; Form I., 62 points; and Form IV., 52 points.

**Harvest Services, Christ Church**  
A large congregation attended the Harvest Thanksgiving Services in Christ Church, Athens, on Sunday last. The Church was beautifully decorated with plants and flowers, interspersed with the products of the garden and field. The choir excelled themselves in their rendition of the twenty fourth psalm, "The Earth is the Lord's and the Fulness Thereof." Miss Kathleen Taylor taking the solo part in her delightfully clear voice. The Rev. V. O. Boyle, M.A., B.D. preached a thoughtful sermon from the text, "Man doth not live by bread alone but by every word that proceedeth out of the mouth of God." The thank-offering, which will be devoted to Missions, amounted to \$45.00.

**LITERARY SOCIETY TO HOLD OPEN MEETING.**  
At a meeting of the executive of the Athens High School Literary Society, held on Monday, it was decided to hold an open meeting about the middle of each month. The meetings will probably continue until Easter, no meeting being held in November, however, on account of the Commencement coming that month. During the consideration of ways and means regarding the Commencement, it was moved and seconded that Mrs. Lamb be asked to assist the pupils in the choruses and drills, and a resolution will be presented to her to this effect.

**INTERSCHOLASTIC FOOTBALL SCHEDULE**  
October 11—Brockville at Athens.  
October 11—Perth at Smiths Falls.  
October 18—No games.  
October 25—Perth at Brockville.  
November 1—Brockville at Smiths Falls.  
November 1—Athens at Perth.  
November 8—Brockville at Perth.  
November 15—Smiths Falls at Perth.  
November 15—Athens at Brockville.  
November 22—Smiths Falls at Brockville.  
November 22—Perth at Athens.

**PRESENTATIONS ARE MADE TO DEPARTING TOLEDO RESIDENTS**  
George C. Bellamy Sells Mill to O. P. Arnold, Delta.

**NEWS OF THE DISTRICT**  
Meeting of the Women's Institute of Fairfield East Proves Interesting.

**LANSDOWNE SCHOOL FAIR ATTRACTS A GREAT MANY PEOPLE**  
Lansdowne, Oct. 1.—The eight annual school fair under the supervision of E. F. Noff, Athens, was held on the agricultural grounds on Tuesday, September 23. It was a complete success and the large attendance shows that the school fair is growing in popularity. The exhibits of the boys' and girls' work in art, sewing, cooking, writing and manual training were excellent and the vegetables, fruit and flowers were of a high standard. A special feature of the programme was the school parade. The Greenfield school obtained first prize.

**BARN IS LOST BY FIRE**  
Lansdowne senior and junior rooms were tied for second place, with Wilstead third and Legge's fourth. The public speaking contest followed the parade and it certainly was marvellous, how unconcerned the boys and girls appeared. The subjects were varied. The last thing on the programme was a contest in driving horse and buggy by boys and girls and also horseback riding. By that time the hall was open and there was a rush to see who were the prize winners. The booths on the ground did a good business during the day. One was conducted by the School Fair and the other by the Alpha class of the Methodist church.

**Lantern Explodes in Building of Ernest Anderson at Cranworth.**  
G. Hamilton, of Toronto, has purchased the Lansdowne drug business and took possession of the shop last week.  
Mrs. Fairlie and daughter, Miss K. Fairlie, Kingston, were recent visitors of the Misses Beatty.  
Miss Grace Beckstead left last week to attend Normal Faculty at Ottawa. Miss Gladys Graham is attending the Ottawa Normal School and Miss Elsie McNeil, the Toronto Normal School.  
J. H. Moxley, of Ebenezer, has rented his farm to David Thompson and is moving into the village.  
Mr. and Mrs. Fred McDonald and Mr. and Mrs. Joe Slack and children spent Sunday at the home of Mr. and Mrs. Frank Slack, Lyn.

## OBITUARY

**FRANCIS HEALEY**  
Passed away at St. Vincent de Paul Hospital, Brockville, Wednesday October 8th at the ripe age of 90 years. He spent the greater part of his life in farming about Toledo. Born in the Township of Kitley, son of the late Mr. and Mrs. Frank Healey. He made his home with his daughter, Mrs. Lawrence Noonan the past thirteen years at Ballycanoe at the death of his wife. He leaves to mourn his loss, three daughters Mrs. T. H. Meyers, Portland, Mrs. Lawrence Noonan, Ballycanoe, and Mrs. Daugherty, Brockville and two sisters Mrs. Smith of Toledo and Mrs. D. Healey, Smiths Falls.

Burial took place R. C. Church, Ballycanoe Rev. Father Scott officiated. Interment at Toledo Cemetery.

**MRS. THOS. A. WALKER**  
The death occurred at her home at New Dublin of Mrs. Thomas A. Walker in her sixty-sixth year on October 5th. Her maiden name was Annie Baldwin.

She was a woman of estimable character who bore a long illness with fortitude and resignation. She is survived by her husband and four sons and one daughter, William and Donald at home Wyatt of Bellamy, Walter, of Addison, and Mrs. Lewis Langdon of Greenbush. She has two grandchildren, Grace and Frances Langdon, one brother Eli Baldwin and two sisters, Mrs. D. H. Love of Glenoe Ont. and Mrs. John Hicks of Regina, Sask. also survive. One son Byron gave his life in the Great War in 1918. The funeral was held from the family residence on Monday afternoon to the Methodist Church at New Dublin where a solemn service was conducted by her pastor, Rev. D. D. Elliott who took the text chosen by Mrs. Walker, Rev. 14. 13 as the basis of his sermon.

At the special request of Mrs. Walker Maude Moore sang as solo "Mother's Prayers have followed Me."

Interment was made in the family plot in the cemetery at New Dublin. Many beautiful floral tributes covered the casket.

**September Meeting Women's Institute**  
At the September meeting of the Women's Institute Rev. Mr. Curtis who is an expert florist gave a very instructive address on bulb culture. Mr. Curtis is such a lover of flowers and so keenly interested in their culture that he always enthralls his hearers with the same spirit, developing and many times creating in them a lively interest in horticulture.

Miss Violet Robeson of Hard Island gave a practical and carefully prepared paper on "Woman's Inhumanity to Woman," in which she appealed to those present to continue to maintain the high ideals of the Woman's Institute and develop more and more the true spirit of sisterhood.

Miss Hazel Burns delighted all by her piano solo, Fantasia.

Miss Kathleen Taylor sang sweetly, Mrs. S. C. A. Lamb playing the accompaniment.

The October meeting will be held a night during the latter part of the month. It will take the form of a social evening with our girls. Special music being prepared also a debate on "Resolved that the Present Generation is Destroying more Ideals than it is Establishing."

A talk will be given on "A Girl's Duty to Herself."

Watch next week's paper for further announcements.

## LYN

Lyn, Sept. 29.—Miss Bessie B. Billings has returned to Kingston to resume her studies at Queen's University.

Mrs. William Robinson spent Thursday in Ganaoquo, the guest of her sister, Mrs. Clark Shipman.

Miss Ruth MacNish has returned from Kingston, where she has been caring for her brother-in-law, Clark Shipman, of Ganaoquo, who underwent an operation at the General Hospital.

Mr. and Mrs. George N. Jarvis went to Ottawa on Saturday to visit Mr. and Mrs. Campbell Carnochan.

Miss Catherine Neilson and Jamie Neilson have entered Queen's University, Kingston, where they will take courses in arts and science respectively.

Mr. and Mrs. James Greer entertained last Friday evening in honor of Rev. Walter T. McCrea and Mrs. McCrea, who have just taken up residence in the manse. During the evening they were presented with a number of jars of fruit and pickles. Refreshments were served and all had an enjoyable time.

The Misses Bullock have closed their home here and gone to Montreal where they will spend the winter.

Willie Laverty, Brockville, spent Saturday with relatives here.

Last Sunday the services in the Anglican church were taken by Rev. J. de Pencier Wright, a former rector of this parish, now of Kingston. As it was the regular harvest thanksgiving service, the church was beautifully decorated. A large congregation heard a very able discourse.

In the Methodist and Presbyterian churches the morning services were in the form of the Sunday school rally and the prescribed order of service was used. The churches were beautifully decorated and large congregations were present. Miss Georgina Brown sang a solo in the Presbyterian church. The evening service in the Methodist church was taken by Rev. Dr. F. W. A. Meyer, of Brockville.

**CARDINAL**  
Cardinal, Sept. 30.—Mr. and Mrs. J. Bishop, of Algonquin, are visiting at the home of Mr. and Mrs. Thomas Beggs.

Miss Marjorie Hunter, of Toronto, is visiting her aunt and uncle, Mr. and Mrs. Harry Hunter.

The John Arthurs and son, James, of Montreal, who have been spending the summer with Mrs. Arthurs' parents, Mr. and Mrs. T. Dillon, has returned home.

Miss Mabel Bradford, nurse-in-training at the General Hospital, Brockville, is spending her vacation with her parents, Mr. and Mrs. Nelson Bradford.

Miss Sarah Burchill, nurse-in-training at the Hepburn Hospital, Ogdensburg, spent a day with her mother, Mrs. E. Burchill.

Miss Mary Lytell, who is attending High School in Prescott, spent the week-end with her parents, Mr. and Mrs. S. A. Lytell.

Wilfred Vancamp, of Brockville, spent the week-end with relatives here.

Miss Mary Jackson, who has been spending her holidays at her home here, has returned to Toronto to attend the university.

Mr. and Mrs. Wilfrid Coligan and daughter, of Morrisburg, visited the latter's parents, Mr. and Mrs. G. Kavanagh, and were accompanied home by her grandmother, Mrs. M. Kavanagh.

Mr. and Mrs. Duff Davidson and family have taken up residence on Middle street.

Mr. Aikens, of Montreal, who has been employed by the Canada Starch Co., has returned home.

Mr. and Mrs. J. McGarrell, who have been visiting in Ogdensburg, have returned home.

Miss Edna Jones is attending Business College in Brockville.

Charles Gamble and daughters, Florence and Bernice, motored from Montreal and are spending a few days with his mother, Mrs. Gamble.

## PHILLIPVILLE

Phillipville, Oct. 3.—Miss Florence Boyd of Ottawa, spent the last week-end here, a guest of Mrs. Hilliard Davison.

Mr. and Mrs. F. W. Acheson and Mr. and Mrs. H. R. Stevens visited friends in Kingston and Inverary last week.

The Women's Mission Circle of the Baptist church held its regular monthly meeting on Wednesday afternoon at the home of Mrs. H. C. Davison.

Miss Katie Myers, of Smiths Falls, is spending some time at the home of her mother, Mrs. T. H. Myers.

Miss Nellie McNellie, of the nursing staff at the Ontario hospital, Brockville, spent Thursday here at the home of W. W. Tackaberry.

W. B. Phelps accompanied William Laisley to his home in Brockville today, where he will remain for a few days.

Thomas Moulton has a gang of men engaged in the erection of a cement silo.

On Wednesday evening the W.M.S. of the Methodist church met at the home of Mrs. Ed. Kerman in its regular monthly meeting. This month's meeting was also the annual one in this home for several years, with a special programme and a social hour and refreshments at the close. Thirty-five were present and a very profitable evening was spent.

Dr. B. Flood and a party of relatives from Kingston called on friends here to-day.

The Methodist church was very tastefully decorated in autumn foliage and asters on Sunday last when the special Sunday school rally day programme was carried out. The address on "Who is My Neighbor" was delivered by the pastor, Rev. A. E. Sanderson.

**GLEN BUELL**  
Glen Buell, Sept. 30.—On Sunday afternoon last rally service was held in the Glen Buell Methodist church, which was beautifully decorated for the occasion. The collection of flowers was very choice and reflects great credit upon those who brought them. Mr. Clow, the Sunday school superintendent, had charge of the service, and gave a short address in which he urged the congregation to be regular in attendance and to make the Sunday school and services a success. Recitations were given by the children and all took part in the specially-prepared programme. The choir gave special music which helped to make the service very enjoyable. Rev. F. G. Robinson spoke on "Who is My Neighbor?"

Choir practice will be held on Friday evening next in the church at 7.30. All members of the choir are invited.

Anniversary services will be held on Sunday, October 12, at 11 a.m. and 7 p.m., when Rev. H. E. Warren, M.A., B.D., of Athens, a former pastor, will preach.

The ladies are expecting to renovate the church in the near future.

Glen Buell, Oct. 4.—A number in this vicinity have completed their threshing. Silo filling is the order of the day, having been delayed by the recent rains.

Mr. and Mrs. Brock Davis have returned home after having visited their daughter, Mrs. R. J. Leach, in Manitoba. While there they motored to Reston, via Woodworth, returning by Cromer to Elkhorn. They report excellent crops in that section.

Mrs. Norman Moore is visiting her brother in Napanee.

Jason Baxter spent the week-end with his parents in Lyndhurst.

Before returning to her home in Frankville, Mrs. Horsefield is spending a few days at the Glen.

Mr. and Mrs. Billings, Morristown, visited friends here for a few days this week.

## RIVERDALE

Riverdale, Sept. 29.—D. Lynch, of Smith's Falls, was a guest in Riverdale recently.

Mr. and Mrs. Charles Knill and the former's father, John Knill, were visitors in Ottawa last week.

Mr. and Mrs. Alex Andrews were guests of friends in Kingston last week.

Mr. and Mrs. Howard Stevens, Stevens, Smith's Falls, were visitors in Riverdale recently.

Mr. and Mrs. F. L. Tooker and Mr. and Mrs. Mark Tooker and family have moved from their summer home, Point Pleasant, and returned to their homes in Brockville.

Mr. and Mrs. Charles Gray and Mrs. J. Scanlon, who were camping at Point Pleasant for the summer have returned to Brockville.

Mr. and Mrs. William Dyer have taken up residence in Brockville for the winter.

Sunday visitors at Mr. and Mrs. C. D. Perrin's were Mr. and Mrs. F. S. Lane and Mrs. E. Perrin, Prescott; and Mr. and Mrs. J. W. Corbett, Donville.

Miss Gladys Jenkinson, Toronto, visited friends here this week.

**PHILLIPVILLE**  
Phillipville, Oct. 3.—Miss Florence Boyd of Ottawa, spent the last week-end here, a guest of Mrs. Hilliard Davison.

Mr. and Mrs. F. W. Acheson and Mr. and Mrs. H. R. Stevens visited friends in Kingston and Inverary last week.

The Women's Mission Circle of the Baptist church held its regular monthly meeting on Wednesday afternoon at the home of Mrs. H. C. Davison.

Miss Katie Myers, of Smiths Falls, is spending some time at the home of her mother, Mrs. T. H. Myers.

Miss Nellie McNellie, of the nursing staff at the Ontario hospital, Brockville, spent Thursday here at the home of W. W. Tackaberry.

W. B. Phelps accompanied William Laisley to his home in Brockville today, where he will remain for a few days.

Thomas Moulton has a gang of men engaged in the erection of a cement silo.

On Wednesday evening the W.M.S. of the Methodist church met at the home of Mrs. Ed. Kerman in its regular monthly meeting. This month's meeting was also the annual one in this home for several years, with a special programme and a social hour and refreshments at the close. is most appreciated in the rich, delicious flavor. Try it today.

## About the House

### THE UNEXPECTED HOLIDAY.

"You dears!" Flora cried. "Come right in. If this isn't the most perfect ending to our wonderful day! You'll have to excuse the looks of things; Rob had an unexpected holiday, and the whole family dropped everything and flew to celebrate. We've been over on Black Mountain. You see the fruits of Margie's day."

"And I know about fireflies; father told me," Stuart volunteered.

"I know about fireflies, too," Margie added.

"When I grow up I'm going to know all about bugs 'n' animals 'n' everything," Stuart declared.

"With so much before you, you'll have to get a good start now," Flora admonished him. "Now say good-night and then to bed."

They said good-night, and after making her guests comfortable Flora excused herself and followed the children upstairs.

"Just once in an age," she said when she returned, "there's a day that's clear blue from its first moment to its last. I thought it was enough simply to have the unexpected holiday, and then to come home to friends—"

The evening passed swiftly—as evenings at Flora's always passed. To one of her guests at least Flora seemed beyond all other persons she knew to have the gift of living. But the other guest felt differently.

"I've known Flora Bruce for five years," she said on the way home, "but I never dreamed she was like that."

"Like what?" inquired the other.

"Why, to go off and leave her rooms undusted. Did you see the floor? And the way the children had strewn the flowers about! Wouldn't you think she'd want them to feel the atmosphere of order round them? It would have taken such a little while to straighten things up."

Flora's friend drew a hard breath. "Things!" she cried. "Things! I got so sick of the way we let ourselves be chained to them. There are three hundred and sixty-five days in the year to dust the room and mop the floors, and perhaps not one other day for such a chance for joy, something to live in the memories of those children forever—a chance to make them realize the wonder of the world they live in. You know how dainty Flora's house usually is, but she never confuses values. Don't you see?"

### USING GREEN TOMATOES.

Many housekeepers use chopped green tomatoes in place of apples when preparing their winter supply of mincemeat and find them an excellent substitute. The tomatoes should be used in the same proportion as apples, two parts to one of meat. To preserve the vegetable for use later in mincemeat, chop fine eight pounds of green tomatoes, to which add six pounds of light brown sugar, one-half ounce each of ground cinnamon and cloves and let stand eight or ten hours. Then simmer slowly until the tomatoes are clear and thick. Seal boiling hot in airtight jars.

## WIND ALONG THE WASTE

BY LYON MEARSON.

### PART I.

There are those who say that the law has no heart, and that those who enforce the law gradually begin to lose all sense of the ordinary human feelings and emotions. They have said that this last is especially true of the Mounted. That may be so, but there was one case—

The sky hung gray and threatening over Blackhorse Peak, resting the eyes at last from the fierce glare of the sun on the white, packed snow, the crystals of which had thrown back the light intensified a hundredfold.

Sanderson, the trader, busied himself in small talk with his friend, Sergeant Waterman, of the Mounted, who was preparing to make his rounds. The door opened and an Ojibway squaw came in. Waterman sat quietly in his corner until the trader had completed his business with the shapeless hag, saying nothing, but noting everything.

Like all Indian squaws in early middle age, she was not an attractive object to look at. Middle age is problematical—she might have been that. So might she also have been a hundred years old. There is no telling with a squaw, for their old age comes on as quickly as night in the tropics—in one instant it is light and in another the heavy velvet black of the equator has fallen and full-fledged night is upon you, dense and all-enveloping. Thus it is with most Indian women—they are young, and then suddenly they are old, and that is all there is to it.

She was dressed shapeliness in the odds and ends of bedraggled fur that the female of that section are wont to wear. The skin of her tanned, yellowed face was folded into innumerable seams which surrounded the heady, sharp eyes which could, however, look at you unwinkingly. She was short and fat—rather more than fat, she was formless.

Curiously, there was a tomahawk in her belt. Now this was peculiar for several reasons. The first reason is that it is many generations since the Ojibways have used the tomahawk. Secondly, ever since the coming of the white man, the Indian's tomahawk has always had a metal head. The head of this tomahawk was sharpened flint, bound to the haft with a rawhide thong criss-crossed over the hard stone. Even when the Indians used tomahawks, they were in evidence only in war time—only when needed. At the end of a war they were buried, whence arises the old saw about burying the hatchet.

Yet here was this squaw not only doing the trading at the post—which generally is done by the male—but also wearing a tomahawk while she did so. And a stone tomahawk perhaps two hundred years old. It was queer, reflected Sergeant Waterman idly, as he watched her.

Evidently she could not speak, because she gave the trader a sheet of paper with her wants written thereupon, which he busied himself to satisfy. Yet she did not have the vacuous, and at the same time sharp, appearance of the dumb, and she was not deaf, because the trader addressed her several times, and she answered with nods of her head.

"I never saw her before," advanced the sergeant when she had gone.

"No, she doesn't come in often—but she has been coming for fifteen years."

"Something peculiar about that squaw, Sanderson," said Waterman. "I don't mean her carrying a tomahawk—though that's queer enough, I'll say; I mean in her appearance. Did it ever occur to you that she looks as though she were waiting for somebody—or something. I mean, not the usual look of dumb—"

"She's not dumb, sergeant," answered Sanderson slowly, interrupting him. "She can speak when she wants to. She—"

"Then why—"

"She never speaks to a white man." He turned to rearrange some of his disordered stock, and remained silent for a moment or two. When he spoke again he did not look at Waterman; he was looking out of the window at the long stretch of snow and pine woods. A figure was coming—he could see it in the distance, though it would be fifteen minutes or more before it arrived.

"I always have the impression that she'll talk to a white man again only when that something that you spoke of has happened. She's a little crazy, you know." The younger man looked his interest, lighting a cigarette in silence.

"Yes—at least, they say she is. I got some of her story from one of the Indians. He was afraid to speak of it, because they hold her in a sort of awe, but I got it out of him. You know, Indians treat their insane differently than we do. They make much of them—the Ojibways do, anyway."

in very small pieces and put through the food chopper, using the medium cutter first, and then the fine cutter.

To one cupful of this granulated soap add one and a half cupfuls of cornmeal and put through the food chopper again until it is reduced to a coarse meal. When all pass readily through a meal sieve add one ounce of olive oil to each two and a half cupfuls of the soap and cornmeal mixture. Blend thoroughly. An ordinary fruit jar with the rubber ring in place makes a good container. A quantity of this soap powder kept on the kitchen sink or in the bathroom will be found invaluable for cleansing very soiled hands and keeping them soft and smooth.

bers of the family will enjoy the pie which is filled with the following: To twelve pounds of sliced green tomatoes add half a gallon of molasses, one and one-half thinly sliced lemons (from which the seeds have been removed), ground spice to taste, and simmer gently for three hours. This will keep without sealing.

Green Tomato Preserves—Few housewives realize that one of the very best preserves may be made from green tomatoes, and as they are so much cheaper than any variety of fruit a number of jars should be added to the storeroom shelves.

If large tomatoes are used cut them in halves, then quarter the halves. Allow three-quarters of a pound of granulated sugar to each pound of the vegetable and one thinly sliced lemon. Put the sugar with just enough cold water to dissolve it in the preserving kettle, add the tomatoes and lemon and simmer until the tomatoes are almost transparent and the syrup quite thick. Seal tight.

Very small green tomatoes may be preserved whole by using the same formula, but it will take them longer to cook.

Sweet Pickle—A very delicious sweet pickle may be made from green tomatoes. Chop fine one peck of the vegetable, four white onions and six green peppers (with the seeds removed). Sprinkle over them a scant cup of salt and let them stand over night. In the morning drain and add half a cup of grated horseradish, two cups of brown sugar, two tablespoons of mixed spices (cloves, cinnamon and nutmeg), and enough cold water to cover the ingredients. Cook down until thick, stirring often, and seal hot in airtight jars.

Sour Pickle—Place in a granite kettle two gallons of green tomatoes, without peeling, but sliced; twelve large white onions, also sliced; two quarts of vinegar, one pint of sugar, two tablespoons of salt, the same quantity of black pepper and of ground mustard, one tablespoon of ground allspice and one tablespoon of cloves. Mix well and cook slowly until tender, stirring frequently so it will not scorch. Put in small jars, sealing while hot.

### USE YOUR VOTE.

Do you want the world improved? Use your vote.

Want injustices removed? Use your vote.

You've a power to command Governments will not withstand, Just the ballot in your hand. Use your vote!

You've as great a power there In your vote, As the proudest millionaire. Use your vote!

Ballot boxes never heed Wealth or color, race or creed; Here's democracy, indeed. Use your vote!

Merely talking will not do; Use your vote!

There must be some action, too. Use your vote!

Words won't change the world 'tis plain; Feelings without deeds are vain; If the right you would maintain Use your vote.

If the whole world voted well— Use your vote!

What we might do none can tell. Use your vote!

To your principles be true; 'Tis a thing you ought to do; Every man and woman, too, Use your vote!

—Louise Richardson Rorke.

### CLEANING WALLS.

This is the way a professional housecleaner cleaned my blackened and smoky kitchen walls:

Make a smooth cooked starch, a little thinner than for starching clothes, and put this all over the walls and ceiling in a thin coat. Either a clean cloth or a brush is suitable for putting it on. By the time you have finished, or in twenty or thirty minutes, you can wash this starch—and the smoke, grease and dirt—off with clean cloths wrung out of warm soft water.

It is really just like magic and beats any soap or scouring powder I have ever seen. An added advantage is that it is not so cruel to hands as the usual method of strong suds.

### SOAP ECONOMY.

Save all the odds and ends of toilet soap of every description. When enough has been accumulated, break

Sort of medicine-man, or woman." He smiled wryly.

"Might not be such a bad plan for some of us," he commented in his dry fashion. "I've known some who could see things that we sane people could not see—and I would have liked to be able to see those same things. She has her own wigwag, and she's rather set apart from the rest of the band. She doesn't mind, I guess. Rather prefers to be that way. Curious name she has—Wind Along the Waste. How's that for a name? Seems to me I read something like that in Old Omar once, but I'm not sure. Most of these Indian names mean something, but nobody around here knows what her name meant when it was originally given to her."

"She was young—sixteen or seventeen—about twenty years ago. Wouldn't think it, would you? But you know how these Indians age. Don't seem to have any middle age—either they're young or they're old. The story says that she was going to marry a young buck, nice looking young fellow with a bit more education than most Indians have. You know, she was partly educated in a convent—couple of years, anyway—I guess that's the reason she and this young buck were so gone on each other."

"Things were going all right until a white man came along—one of those independent traders there used to be around here. He wanted Wind Along the Waste. You know, after a man is here for quite a while, he sees nothing wrong in marrying an Indian—his perspective sort of changes. A woman is always a woman, and I understand that Wind Along the Waste was as good looking as they come. She didn't care about him, but he had money and kept promising her father all sorts of presents and things if he would consent."

"Well, this part of it seems kind of hazy, but I know he did get her after a while, whether she wanted to or not. The young buck she wanted to marry was away somewhere, and when he came back all trace of them was lost. He wound up by committing suicide."

"Committing suicide!" ejaculated the sergeant. This was almost unheard of among the Ojibways.

"Yes—committed suicide. Just will-ed himself to die, and he died. He—"

"What do you mean?"

"Why, don't you know? Guess there are more ways of shuffling off than mortal coil than you know of. Did you ever hear that a Chinaman could commit suicide by just deciding that he wants to die? He goes and lies down in his bunk and in a day or two he is dead—and that's all there is to it. Well, some of the Ojibways can do this. That's what this man did. He decided it was time to die, and he just lay down and died. That's about all there is to it, except that here's the girl—suppose she left the white man, or he left her—and she's a little touched." He made a significant motion toward his forehead with his right hand.

"Well, it seems to me that that's hardly all," commented the sergeant slowly. "There's that tomahawk and—"

"Yes," interrupted the trader. "That tomahawk is a couple of hundred years old—handed down from her ancestors. I think she has some sort of an idea that it's her instrument of vengeance—divine vengeance—anyway, she never is without it."

"If she ever comes across the man—" began the sergeant.

"She'll kill him. And she'll hang for it, I suppose."

"Yes, she'll hang. Don't imagine that'll make much difference to her. Bestly shame, though. Dare say the beggar deserves to be killed," drawled the policeman, but his eyes were sober and his lips were stretched in a thoughtful line.

"I say, there's some one coming," he said, glancing out of the window.

"Yes, I saw him ten or fifteen minutes ago."

Sergeant Waterman instinctively disliked and mistrusted the stranger from the moment of his appearance. The men of the Mounted sometimes acquire a sixth sense of that kind; and it is said that this sense is more to be relied upon than all their other senses rolled into one. Waterman could hardly say what it was about the man he had disliked, but from the first instant, when he had stamped into the room on his snow-shoes, tentatively opening and closing his fingers to restore the circulation, Waterman felt that he was simply not his kind.

The stranger was burly and strong, bearded, about middle age—forty-five to fifty, with that in his small, black, piggy eyes that was not good to see in any one up North, where a man has to be, to a large extent, his own censor of the moralities and the conventions.

It seemed that his name was Landon—Wilmot Landon—and he had been away in the States for the last ten or fifteen years, though he had been an independent fur trapper in this very section previously. He was on his way to Silver Cross, a settlement that he could reach by nightfall, if he started within the hour, and he had stopped at Blackhorse Peak to get warm and to rest for a few minutes. That, in short, was his story as he told it, but there was a story told in his face, in the sensual, gross lips, and in the lines under the glistening eyes—a story that he who runs could read, if he was so minded. And that was what Sergeant Waterman, of the Mounted read.

(To be concluded.)

### An Electric Tractor.

In Sweden experimental use is being made of an electric tractor for plowing.

### Starting at Four.

So—the Southdown beauties were smoothed and brushed, And the feathery geese and Jersey cow; Then the clock was wound; the house was hushed; And you fell to your dreams you knew not how.

For to-morrow opened the county fair, How you shivered and thrilled at joys in store— At the hamper packed and waiting there And the magical word, "We'll start at four."

There were silver maples along the way, And they caught at the moon and held the moon; While a mocking bird took shine for day And was trilling its morning song too soon.

There had been a fog like a rain that night; With the wheels of the spiders' mist-gray lace; And the road led under boughs drenched white, While they icily sprayed each up-turned face.

With a tinkle-tink on a shadowed ridge There were cattle a-grazing down the dawn; And wheels rang out on a ghostly bridge, And a whispering creek was past and gone.

Oh, the sun came up on an unknown land, From a tapering hill you did not know; There were small neat farms on either hand; And a shimmering haze hung far and low.

There were drowsy croonings like broken rimes; And the wheels as they turned seemed drowsy too— Then you woke from dreams of fairy chimneys; Lo! a merry-go-round was calling you.

—Gertrude West, in Youth's Companion.

### Finishing Lambs.

Those farmers who will cater to the market demand for a well-finished lamb ranging from 85 to 100 pounds live weight, depending on the breed and season of the year, should find a source of profit in so doing. Usually the well bred lamb weighing from 60 to 80 pounds is the best stocker lamb to put into winter quarters. The most profitable time to purchase such lambs is between August and November. Heavy lambs weighing from 80 to 110 pounds should be avoided as they make small gains at a high cost per pound, although, if thin and not exceeding 100 pounds in weight, they may with profit be given a short finish in feed lot and pasture. Useful information on the subject will be found in Pamphlet No. 16, "Finishing Lambs for the Block," issued by the Dominion Dept. of Agriculture at Ottawa.

### For Sore Feet—Minard's Liniment.

### Growing Bulbs in Water.

"This is the time to plant Chinese Sacred Lily and Paper White Narcissus bulbs. They may be planted in soil, moss, sawdust, or water alone. The cleanest and simplest method of growing or 'forcing' them is by placing them in shallow bowls, arranging pebbles around them to hold them in place, and then adding water until from one-third of the bulb is covered. By using the larger size bulbs, more flower stalks and better flowers can be obtained. The bowls should be placed in a cool, airy cellar, garret, or storeroom in a dim light. The temperature should be from forty to fifty degrees. These bulbs are not hardy, so any chance of freezing should be avoided. The water level should be maintained and they should be kept in the storeroom from four to six weeks, or until there is a thick mass of roots in the water and the shoot has started to grow. Then bring them into the light and living-room temperature and in a short time they will bloom.

A French scientist says there are 1,000 poisonous gases that are available for war, which makes a thousand more reasons why there should be no more war.

### "DIAMOND DYES"

### COLOR THINGS NEW

Beautiful home dyeing and tinting is guaranteed with Diamond Dyes. Just dip in cold water to tint soft, delicate shades, or boil to dye rich, permanent colors. Each 15-cent package contains directions so simple any woman can dye or tint lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings, everything new.

Buy "Diamond Dyes"—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton, or mixed goods.

## NURSES

The Toronto Hospital for Incurables, in affiliation with Bellevue and Allied Hospitals, New York City, offers a three years' Course of Training to young women, having the required education, and desirous of becoming nurses. This Hospital has adopted the eight-hour system. The pupils receive uniforms at the School, a monthly allowance and travelling expenses to and from New York. For further information apply to the Superintendent.

### Teaching.

Delightful task! to rear the tender Thought, To teach the young idea how to shoot, To pour the fresh instruction o'er the mind, To breathe the enlivening Spirits, and to fix The generous Purpose in the glowing breast.

—Thomson—The Seasons.

### New Island in Azov.

As a result of a terrific maritime convulsion a new island has sprung up in the Sea of Azov, an arm of the Black Sea. The island is a dangerous impediment to navigators and beacons have been erected to warn the approaching ships.

## Farmers' Bulletins and how to Obtain Them

The publications of the Dominion Department of Agriculture are obtainable free of charge on request, with exception noted.

They contain helpful information on all subjects relating to farming.

They number some four hundred in all, and the following are examples:

- List of Publications.
- Seasonable Hints.
- Preparing Poultry Produce for Market.
- Winter Egg Production.
- Wintering Bees in Canada.
- Root and Storage Cellars.
- The Safe Handling of Commercial Live Stock.
- The Bacon Hog and Hog Grading.
- Finishing Lambs.
- Selection of Lamb Cuts.
- Preservation of Fruits and Vegetables for Home Use.
- Insects Affecting Live Stock.
- Farmer's Account Book—Price 10 cents.

Cut out this advertisement, mark on it the bulletins desired, including the full List of Publications, fill in your name and address, and mail to:

# DISARMAMENT CONFERENCE IN JUNE SECOND STEP IN ASSURING WORLD PEACE

Third Step to be Taken by League Will be to Extend Arbitration to All the Vital Interests of an Industrialized World—Japan Wins on Immigration Question.

A despatch from Geneva says:—This note ran through the whole Assembly. Italian and Japanese admission to the protocol and Germany's entry into the League are only part of the problem which the League itself must attack, the leaders believe. Italy and Japan have a tacit promise from the League that it will consider an outlet for their excess population.

In his address, M. Boncour emphasized an invitation to the United States to join the League. But there is a difference between the invitations from M. Boncour and others at this session and previous invitations to the United States. Hitherto the League has hesitated to take any action which might arouse criticism in the United States.

This time the League disregarded American susceptibilities in amending the protocol to suit Japan. It is this willingness to risk an understanding in order to get results which has launched the League on its new, ambitious program.

To dissipate the idea which might form in the Assembly that the United States by its absence might prove an obstacle, Senator Dandurand of Canada quoted Secretary of State Hughes' speech at the Canadian Bar Association last year. Mr. Hughes at that time advocated a permanent American-Canadian arbitration council "to which would be referred automatically questions arising as to the bearing of the action of either Government upon the interests of the other."

But though the Assembly adjourned after taking this first step toward universal peace, a wider ideal has crystallized in the closing days of the session. This is no less than eventual arbitration of raw material disputes, industrial output, immigration, national expansion, racial aspirations—all the fundamental causes of war.

The present arbitration pact is the first step. Next comes the disarmament conference. Finally there will be arbitration of all the vital economic interests of an industrialized world.

This grandiose program has more foundation in realism than at first appears. The framers of the arbitration protocol believe arbitration will not succeed unless the cause of trouble is removed.

Paul Boncour, the French Socialist, in an address to the Assembly on the protocol, pointed the way, saying: "War can only be ended by removing the causes. Raw materials, their distribution, questions of immigration and emigration, are grave problems which must be solved if the work we have just finished is not later upset by interior convulsions."

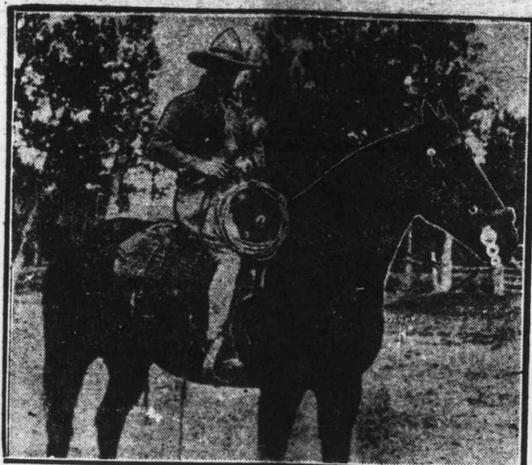

Halifax, N.S.—The situation in the Maritime Provinces is considered to be greatly improved and that the purchasing power of this area will be greater this winter than for the past three or four years. As a result of increased output and value agriculture is exhibiting much brighter prospects and the revenue from this industry, it is expected, will be in the neighborhood of \$110,000,000 for the three provinces. There has likewise been a steady improvement throughout the year in the Maritime fishing industry.

St. John, N.B.—The Stetson Cutler Lumber Co. is contemplating the erection of a large saw mill in the vicinity of Hillside to cut at least fifteen million feet of lumber a year for a number of years. The company has purchased very extensive timber holdings along the headwaters of the Tobique.

Rouyn, Que.—Gold is reported to have been found in two new localities in the township of Joannes, part of the Western Quebec mining area. One is on acreage staked for the Nipissing, and the other on the property of the Goodwin Exploration Co.

Timmins, Ont.—Within a comparatively short time it is assured that the Hollinger Mine will be handling 8,000 tons of ore daily; an average of about 4,500 tons is now being handled. This will mean a production of about \$20,000,000 annually. This will be a world record for tonnage in gold production from an individual mine.

Winnipeg, Man.—An intensive re-

The Prince of Wales has been taking "strenuous rest" by riding, fishing and farm work on his Alberta ranch. He is shown in the western costume of which he is so fond.

## Canada from Coast to Coast

search laboratory, the largest in the West, for the purpose of studying rust, to discover, if possible, a means of eradicating the menace, will be established in Manitoba, according to report. The project will include the erection of several large green houses for experimental purposes and a large research building.

Regina, Sask.—A total of 547 automobiles, representing 2,007 travellers, ranging almost from the Arctic Circle to the Gulf of Mexico, have registered at the Regina Auto Camp to date. The total promises to reach 600 before the camp closes at the end of the present month. The number represents an increase of almost 200 per cent. over the cars which were parked in the only partially organized camp available last year.

Edmonton, Alta.—Evidence of the excellent standard of this season's wheat is given in one day's inspection when 59 cars two graded No. 1 high, 40 No. 1 Northern, 9 No. 2 and 2 No. 3. The wheat came from fairly well scattered districts.

Vancouver, B.C.—The hop crop of the Fraser Valley is estimated by the British Columbia Hop Co., Sardis, and H. Hulbert, Agassiz, who are the principal growers in the district, at 4,400 bales or about 55 carloads. This is from an acreage of 520 acres under cultivation. The company's output will in all probability be exported to the United Kingdom as in the past, whilst Mr. Hulbert will most likely ship his to Eastern Canada.

## The Week's Markets

**TORONTO.**

Man. wheat—No. 1 North, \$1.65; No. 2 North, \$1.61.

Man. oats—No. 2 CW, 70c; No. 3 CW, 69c; extra No. 1 feed, 69c; No. 1 feed, 68c; No. 2 feed, 65½c.

All the above c.i.f., bay ports.

Am. corn, track, Toronto—No. 2 yellow, \$1.27.

Millfeed—Del., Montreal freights, bags included: Bran, per ton, \$28; shorts, per ton, \$30; middlings, \$36; good feed flour, per bag, \$2.20.

Ont. oats—No. 3 white, 48 to 50c.

Ont. wheat—No. 2 winter, \$1.20 to \$1.24; No. 3 winter, \$1.18 to \$1.22; No. 1 commercial, \$1.16 to \$1.19, f.o.b. shipping points, according to freights.

Barley—Malting, 82 to 85c.

Buckwheat—No. 2, 90c.

Rye—No. 2, 98 to 96c.

Ont. flour—New, ninety per cent. pat. in jute bags, Montreal, prompt shipments, \$6.25; Toronto basis, \$6.25; bulk, seaboard, \$5.85.

Manitoba flour—First patn. in jute sacks, \$8.40 per bbl.; 2nd patn., \$7.90.

Hay—No. 2 timothy, per ton, track, Toronto, \$14; No. 3, \$12.50.

Straw—Carlots, per ton, \$9.

Screenings—Standard, re-cleaned, f.o.b. bay ports, per ton, \$22.50.

Cheese—New, large, 19c; twins, 19½c; triplets, 20c; Stiltons, 21 to 22c; Old, large, 23 to 24c; twins, 24 to 25c; triplets, 25 to 26c.

Butter—Finest creamery prints, 38 to 39c; No. 1 creamery, 36 to 37c; No. 2, 34 to 35c; dairy, 28 to 30c.

Eggs—Extras, fresh, in cartons, 45c; extra, loose, 43c; firsts, 38 to 39c; seconds, 32 to 33c.

Live poultry—Hens, over 5 lbs., 20c; do, 4 to 5 lbs., 17c; do, 3 to 4 lbs., 15c; spring chickens, 2 lbs. and over, 26c; roosters, 12c; ducklings, 4 to 5 lbs., 18c.

Dressed poultry—Hens, over 5 lbs., 26c; do, 4 to 5 lbs., 22c; do, 3 to 4 lbs., 18c; spring chickens, 2 lbs. and over, 30c; roosters, 15c; ducklings, 4 to 5 lbs., 25c.

Beans—Canadian, hand-picked, lb., 6½c; primes, 6c.

Maple products—Syrup, per imp. gal., \$2.50; per 5-gal. tin, \$2.40 per gal.; maple sugar, lb., 25 to 26c.

Honey—60-lb. tins, 13½c per lb.; 10-lb. tins, 13½c; 5-lb. tins, 14½c; 2½-lb. tins, 15c.

Smoked meats—Hams, med., 27 to 28c; cooked hams, 40 to 42c; smoked rolls, 18 to 20c; cottage rolls, 21 to 27c.

24c; breakfast bacon, 23 to 27c; special brand breakfast bacon, 29 to 31c; backs, boneless, 38 to 39c.

Cured meats—Long clear bacon, 50 to 70 lbs., \$17.50; 70 to 90 lbs., \$16.80; 90 lbs. and up, \$15.50; lightweight rolls, in barrels, \$33; heavyweight rolls, \$27.

Lard—Pure, tierces, 17½ to 18c; tubs, 17½ to 18½c; pails, 18 to 18½c; shorts, 20¼ to 20½c; shortening, tierces, 15½ to 16c; tubs, 16 to 16½c; pails, 16½ to 17c; prints, 17¼ to 18c.

Export steers, choice, \$7 to \$7.40; butcher steers, choice, \$6.50 to \$6.80; do, good, \$5 to \$5.25; do, com. to fair, \$3 to \$4.75; butcher heifers, choice, \$5.25 to \$6; do, good, \$4.75 to \$5; do, com., \$3.50 to \$4.50; do, fair, \$3 to \$3.75; do, canners and cutters, \$1.50 to \$2.50; butcher bulls, good, \$3.50 to \$4.25; do, fair, \$3 to \$3.50; do, bolshippers, \$2.50 to \$3; feeding steers, good, \$5.25 to 5.50; do, fair, \$4.50 to \$5; stockers, good, \$4.50 to \$5; do, fair, \$3.50 to \$4; calves, choice, \$10 to \$11; do, med., \$8 to \$10; do, grassers, \$4 to \$5; milch cows, choice, \$75 to \$90; springers, choice, \$80 to \$100; plain cows, \$45 to \$65; good light sheep, \$7.50 to \$8.50; heavies and bucks, \$4 to \$5; culls, \$2 to \$4; good ewe lambs, \$1 to \$1.10; bucks, \$9 to \$9.50; culls, \$5 to \$9; hogs, fed and watered, \$9.85; do, f.o.b., \$9.25; do, country points, \$9; do, off cars, \$10.25; do, selects, fed and watered, \$10.85.

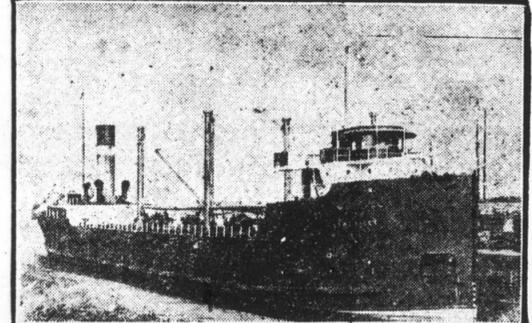

**MONTREAL.**

Oats—Can. west, No. 2, 75c; do, No. 3, 74½c; extra No. 1 feed, 78½c.

Flour—Man. spring wheat pats., 1st, \$8.40; do, 2nds, \$7.90; strong bakers', \$7.70; winter pats., choice, \$6 to \$6.10. Rolled oats—bag of 90 lbs., \$3.55 to \$3.65. Bran, \$28.25. Shorts, \$30.25. Middlings, \$26.25. Hay, No. 2, per ton, car lots, \$16.50 to \$17.

Cheese—finest wests., 17½ to 17¾c; do, finest easts., 17½ to 17¾c. Butter, No. 1 pasteurized, 36½c; do, No. 1 creamery, 36c; do, 2nds, 35½c. Eggs, storage extras, 43c; do, storage, 1st, 37c; do, storage 2nds, 31 to 32c; do, fresh extras, 48c.

Common bulls sold for \$2 and \$2.25; canners and cutter cows from \$1.25 to \$1.75; com. cows, \$2.25 to \$2.75; fairly good veal calves, \$8; grassers, \$3, \$2.75 and \$2.50; hogs, mixed lots, \$9.50 to \$9.75; selects, \$10.25; sows, \$6 to \$7.

The S.S. Lethbridge, one of two grain carriers and package freighters, which have been added to the Great Lakes service of the Canada Steamship Lines, is shown on its arrival in Canadian waters from England.

### CAPTAIN OF INDUSTRY KILLED IN LANDSLIDE

Sir Wm. Price, Pulp and Power Magnate, Meets Tragic End at Kenogami.

A despatch from Quebec says:—Sir William Price, head of the firm of Price Brothers and Company, of Quebec, is reported to have been instantly killed Thursday morning at Kenogami, 120 miles from here, when he was buried under a landslide. The body has not yet been recovered.

Sir William left Quebec on Wednesday to inspect what is known as the "Eastern Woodpile," which is located below the falls at Kenogami, and where a small landslide occurred on Tuesday.

Thursday morning the party, consisting of Sir Wm. Price and two engineers, Messrs. A. A. MacDiarmid and N. Munro, left the mills to inspect the site of Tuesday's landslide.

The object of their visit was to ascertain how much damage had been caused, and also to see what measures should be taken to prevent further mishaps. Whether they were standing at the top or the bottom of the woodpile is not yet known, but suddenly the whole side of the hill came down with a rumble, burying Sir William. The other two escaped.

Sir William Price was one of the most influential business men in Canada. He was associated principally with the pulp and paper industry and owned very large mills in northeast Quebec. Just at the present time he was engaged with United States capitalists in completing a large scheme for developing water power for pulp plants and factories near Kenogami.

### BRITISH COMMONS ADOPTS IRISH BILL

Boundary Issue Now Before House of Lords Where it is Certain of Adoption.

A despatch from London says:—The Irish bill providing for a commission to adjust the boundary between Ulster and the Free State, has passed through all its stages earlier than the most sanguine had expected. It passed its third reading on Thursday by a vote of 251 to 35.

The Ulster members made a voluble protest to the last, but in his final speech for the Government, J. H. Thomas, the Colonial Secretary, was able to congratulate the House on the good temper and tone of the debate. The last three days, he said, had clearly demonstrated that the House of Commons, regardless of party, was genuinely anxious to do justice to both sides. He hoped that the same spirit and good feeling would be shown to the measure in the House of Lords.

John R. Clynes, Lord Privy Seal, replying to a question in the House, said it was the British Government's intention to give effect to the Washington labor convention, calling for a 48-hour week for workers, irrespective of what other European countries might do.

### THREE DEATHS AND MILLION DOLLARS LOSS

Quebec Floods Also Cause Damage to Railways Not Yet Estimated.

A despatch from Quebec says:—Three deaths, over a million dollars' loss to property, damage to railways through washouts, not yet estimated, and unprecedented interruption in the services—such is the summary of the effects of the floods which have been experienced in the section of the Province between Three Rivers and the Saguenay and from this city north to the Lake St. John and Chicoutimi districts.

Sir William Price is the outstanding victim of the floods. A 15-year-old girl named Germaine Simard had been drowned in the Larose River, Montmorency County, and a young man named E. Martel had lost his life in the St. Ann River. Preliminary estimates made by engineers of the Departments of Colonization and of Public Works placed the loss at nearly \$1,000,000 in the last ten days.

A report from Kenogami received by long-distance telephone Thursday morning announced that the waters of the Des Sables River have become so furious that the Price Bros. & Co. mills were temporarily closed down in the afternoon. To prevent the continued erosion, engineers are planning to blow up during the night part of a dam which is affecting the course of the river, and thus provide an outlet for the flood waters.

### McGAUGHEY FOUND GUILTY OF MURDER

Sentenced to be Hanged on December Fifth for Murder of Beatrice Fee.

A despatch from Lindsay says:—Frederick William McGaughey was sentenced to death at ten o'clock Thursday night for the wilful murder of Lillian Beatrice Fee, on May 25 last, the jury having returned a verdict of guilty after deliberating four hours and twenty minutes. Execution will take place on December 5. The accused maintained the same attitude of immobility throughout the pronouncement of Mr. Justice Logie that he has maintained all through the trial and on which the plea of insanity in his behalf rested to a large extent.

The court room was crowded and the corridors thronged, when the jury returned at 9.45.

At Thursday morning's session Dr. Robert Armour of Toronto, called in rebuttal of defence insanity testimony, declared in his opinion the accused was sane and had never suffered from catatonia dementia procoxa, the disease claimed for him by the defence, and that his attitude in the dock was a pose calculated to deceive.

In addressing the jury, His Lordship remarked that he could not see how a different verdict could have been rendered.

The best rule of the road is the Golden Rule. Always drive as you wish others to drive.

Lord Byng, governor-general of Canada, is shown shaking hands with war veterans at Sault Ste. Marie, following the unveiling of a memorial in that town to those who fell in the great war.

### Louis XIV. Showed Foresight in Providing Land

Spirited Bidding for Pure Bred Stock on E. P. Ranch

A despatch from Paris says:—How four couples in two centuries multiplied into a community of 2,000 persons is demonstrated at Fort Mardyck, a fishing village near Dunkirk. This town is one of the spots in the country that is not losing population. It owes its thrift to no modern reforms or to any political upheaval.

Fort Mardyck dates back to the French Revolution, when Louis XIV. was looking forward to the time when he would need seamen for his navy. He established four couples there with the donation of a tract of land to be parcelled out to provide a home for every newly married couple. The families of the four original fishermen inhabitants—Caru, Journiskindt, Bernard and Everard—are still there, and their descendants have absorbed all but two parcels of the land given by royal decree.

As Louis XIV. had shrewdly foreseen, Fort Mardyck has furnished thousands of able seamen to the navy.

### Bulgaria Has Pair of Sheep for Every Inhabitant

A despatch from Sofia says:—The sheep and goat census for the current year shows that there is a pair of sheep, or a sheep and a goat, for every man, woman and child in Bulgaria, with a part of a sheep or a goat to spare.

Sheep, however, are much preferred to goats by the Bulgarian government. The reason is that goats, feeding on the fresh, young tops of shrubs and small trees, apparently are eating the country bare of forests.

A despatch from Vienna says:—Shilling currency will be introduced in Austria January 1, 1925, to replace the crown. After that date it will be illegal to quote prices or keep accounts in other than the new money. The shilling is to be issued in silver and paper and will be worth 10,000 of the present crowns.

Failure may cause pain, but, if the lesson that it teaches is taken to heart, it will be a growing pain.

### Sell Butter Model of Prince in One-Pound Prints

The Prince of Wales Cut Into One Pound Pats, was the somewhat startling headline that appeared in London papers last week.

It did not refer to any atrocity committed on the person of the heir to the British throne, however, but to the fact that the model of the Prince on the "E. P." ranch, which was done in frozen butter, and has been a prominent feature of the Wembley Exhibition this summer, will, when the exhibition closes, be made into one pound packages and sold to the general public.

Newsprint mills in Canada produced 113,763 tons of newsprint in August, compared with 113,479 tons in July. For the first eight months of the year Canadian mills accounted for an output of 902,391 tons, as compared with 838,475 in the same period in 1923.

### Heat of Human Hands Kills Ice-bound Worms

A despatch from Tacoma, Wash., says:—A species of worm that lives only in ice and cannot withstand even the heat of a human hand, has been found and photographed by a scientific expedition that recently went into the Olympic Mountains.

The ice on Dodwell-Rixon Pass in the Olympics was found literally alive with these worms. They are black, thin and about half an inch long. When the sun is out they crawl into the interior of the ice where the temperature is lower. Scientists with the party said that so far as they knew these worms never had been found before in the United States. When the ice surrounding them begins to melt, they die immediately. What they live on is still a mystery.

Testimony to the gradually improving economic conditions of the province of Saskatchewan was given practically unanimously by representatives of implement manufacturers, lumber, land, and mortgage, insurance and banking interests, as well as the head of the Saskatchewan Agricultural Societies Association, at an economic conference held in the Parliament Buildings, Regina.

British scientists, who toured Canada, are shown wearing smoked glasses to shield their eyes from the dazzling snow while viewing the Canadian Rockies from an open top car of the Canadian Pacific Railway

TUBERCULIN TEST RESULTS IN LOSS 21 HEAD CATTLE

Reactors Are Discovered in Quabbin Herd.

NEWS OF THE DISTRICT

Rally Day Services Are Conducted in Various Churches.

Quabbin, Sept. 30.—J. R. McDonald and son had the misfortune to lose 21 head of cattle as the result of a tuberculin test, conducted by the Dominion veterinary inspector.

Mr. and Mrs. J. Ashby were recent guests of Mr. and Mrs. F. A. Reid, Poole's Resort.

Harry Tennant, of Potsdam, N.Y., spent Sunday with his parents, Mr. and Mrs. C. E. Tennant.

Mr. and Mrs. J. Ashby, Mr. and Mrs. C. E. Tennant and Mrs. E. S. Bissell, Mallorytown, motored to Kingston on Saturday last.

Mr. and Mrs. C. Ferguson were recent visitors of the latter's grandparents, Mr. and Mrs. P. Larue.

Norman Hutchison has returned from a month's visit with relatives in Michigan.

FAIRFIELD

Fairfield East, Oct. 4.—The regular meeting of the Women's Institute was held on Thursday afternoon at the home of Mrs. Roy Earle and was largely attended. The roll call was answered by a remedy for colds, burns and poison, and many helpful hints were given in case of an emergency of this kind. After a short programme a ten-cent tea was served to the members of the Institute and visitors, which was much enjoyed by all present.

The October meeting will be held at the home of Mrs. Hilliard Earle. The roll call will be answered by "My Best Relish." A special feature of this meeting will be a button-hole contest.

Several of our young people attended the Masonic at home in North Augusta on Friday night and report a good time.

Miss Myrtle Kennedy is spending the week-end at her home in Jasper.

Mr. and Mrs. C. J. Johns, of Algonquin, were recent visitors at J. D. Manhardt's.

Mr. and Mrs. G. N. Young, Brockville, are visiting at the home of E. P. Johns.

Mr. and Mrs. Charles Tristram and family are here, guests of the former's brother, Harry Tristram.

C. D. Walker, cheesemaker at Pendleton, Que., is spending a few days at his home here.

Miss Laura Roddick, of Lyn, is visiting Helen Johns for a few days.

South Augusta

South Augusta, Oct. 2.—The South Augusta Women's Institute met at the home of Mrs. William Collier on October 1 with ten members and one visitor in attendance. The visitor was Miss Gladys Jenkinson, of Toronto. The president, Mrs. Tom Gilpin, Brockville, occupied the chair and the minutes of the last previous meeting were read by the secretary, Mrs. R. S. Wood. The roll call was answered by each one telling some cure for poison. Then Mrs. Gilpin gave three contests and she also awarded the prizes. Mrs. Warner took the prize in the first contest, Mrs. Collier in the second and Mrs. A. Shields in the third. Mrs. Tom Gilpin was chosen delegate to attend the convention to be held in Ottawa on October 28-29.

It was decided that a donation day for the Children's Shelter, Brockville, should be held the last Saturday in this month. Every member is requested to remember the children with vegetables, garments or fruit, and to leave them at Mrs. Tom Gilpin's or at the Shelter. It was also suggested that there should be a birthday box and that anyone wishing to put in small change at the meetings should do so. It will be looked after by Miss Bessie Ross. The money will be put aside for the library.

The next meeting will be held at the home of Mrs. John Warner on the first Wednesday in November.

ERADICATION OF WEEDS

Co-operative Experiments Show How It May Be Done

Rape for Perennial Sow Thistles and Twitch Grass—Iron Sulphate for Mustard—Another Plan for Killing Twitch—O. A. C. Barley Popular in the United States.

(Contributed by Ontario Department of Agriculture, Toronto.)

As a result of ten years' experiments the following methods are recommended by the department of Botany of the Ontario Agricultural College:

Use of Rape to Destroy Perennial Sow Thistle and Twitch Grass.

Cultivate the field until about the middle of June, running over it frequently with the cultivator so as to keep the tops down and thus weaken the "roots." Then apply manure at the rate of about twenty tons per acre (12 good loads). Cultivate the manure in thoroughly, and with a double mould board plough slightly ridge up the land, making the ridges about 26 inches apart. On the ridges sow pasture rape at the rate of 1 1/2 pounds per acre. It is important that the right amount of rape be sown, for if too little is sown the stand will not be thick enough to smother the weeds, and if on the other hand too much is sown the plants will be too crowded and not grow vigorously enough to keep ahead of the weeds. Sow the rape when the land is sufficiently moist to insure quick germination of the seed.

If the rape is slow in starting the weeds may get a start in the rows and thus necessitate hand cultivation there. Cultivate the rape every week or ten days until it occupies all the ground and makes further cultivation impossible. If, when the rape is cut or pastured, any weeds remain, the field should be ridged up the last thing in the fall and put in with a hoed crop the following year. This should not be necessary if a good stand of rape is secured.

Spraying With Iron Sulphate to Destroy Mustard in Cereal Crops.

Iron sulphate or copperas can be successfully used to destroy mustard in standing grain without injury to the crop.

Preparation of Solution.

A 20% solution should be applied. This can be prepared by dissolving 80 lbs. of iron sulphate in 40 gallons of water. Iron sulphate is dissolved quite readily in cold water. The solution should be strained through a cheese cloth, as it is put into the spray pump tank. This will remove dirt and small particles that are apt to clog the nozzles.

Time to Apply.

Apply on a calm, clear day just as soon as the first few plants in the fields show flowers. It is very important to spray early. If the plants are left too long the treatment is not nearly so effective. If a heavy rain comes within 24 hours after the solution is applied, it will be necessary to spray again.

How to Apply the Solution.

An ordinary hand pump barrel sprayer, such as is employed to spray fruit trees may be used, or a potato sprayer can be rigged up to do the work. Many of the up-to-date sprayers have a special broadcast attachment for spraying weeds. These are excellent for large areas, as they cover a wide strip at each round. Care must be taken to see that every mustard plant is covered with the solution in the form of a fine spray. Iron sulphate may be obtained at any hardware store.—J. E. Howitt, O. A. College, Guelph.

Another Plan for Killing Twitch Grass.

A successful experiment in ridding land of twitch grass was made recently by the Farm Department of the Ontario Agricultural College on a field that was a mass of twitch after the oat crop had been removed.

The land was so badly infested that the field produced a very small crop that season. After the oats were removed, the land was ploughed lightly and tractor-disked twice, and then cultivated and harrowed. Later in the fall this field was ploughed with a double-disc plough, the front disc cutting six to seven inches deep and the rear disc twelve to thirteen inches. This brought loose subsoil up and threw it on top of the soddy mass of roots.

In the following spring the field was planted to flint corn in the check-row system. Practically no twitch made an appearance during the summer, and the field, without fertilizer, produced an excellent crop of flint corn for husking.

O. A. C. Barley Grown in the United States.

Dr. C. A. Zavitz received a letter recently from Prof. Moore of the Agricultural College of Wisconsin, which says: "Now practically all of the barley grown in Wisconsin, and in many of our surrounding States, emanated from the few pounds of barley which you so kindly sent us. We will never be able to get even for the good things you have done for us in bygone years."

As a result of the depletion of our forests, industries dependent upon wood are already going out of business, with the inevitable depressing influence on their localities. Local exhaustion of the forests is leaving great stretches of land in an unproductive condition, resulting in virtual impoverishment, if not depopulation, of very considerable areas.

PROHIBITIONISTS OF ELGIN ORGANIZE FOR THE COMING CONTEST

Officers Elected and Committees Struck at Meeting.

NEWS OF THE DISTRICT

D. MacInnes Concludes Student Pastorate of Church at Algonquin.

Elgin, Sept. 30.—A plebiscite meeting was held in the Methodist church on Thursday evening last when committees were appointed among both men and women to organize for temperance work in the coming campaign.

School was closed last week owing to one of the pupils, Little Miss Annie Halladay, being a sufferer from scarlet fever. She is now doing well, but every precaution is being taken to prevent the spread of the disease.

John Dancy is very low at his home. His son, Hollis, and wife, of Guelph, have arrived.

Mrs. George Patterson is visiting her mother in Hamilton.

Mr. and Mrs. A. A. Ferguson have returned from a delightful motor trip to Ottawa, Arnprior and other parts en route.

J. R. and Miss H. Dargavel, Miss M. McGuigan and Mrs. Robert Smith motored to Oxford Mills recently, spending the day with Rev. and Mrs. E. Teskey.

Miss Marjorie Charland and Miss Anna Moore left last week to enter the Normal school at Ottawa. Mrs. Moore accompanied them to the Capital and spent a few days.

C. E. Baker is spending his holidays in Gananoque and Lansdowne.

Mr. and Mrs. Stanley Knapp and Mr. Hepburn, of Kingston, were Sunday guests of Mr. and Mrs. J. R. Bell.

Miss Margery Ferguson has returned home from an extended visit with her aunt, Mrs. Guy Halladay, Arnprior.

Miss Mary Dundon, Marysville, and Mr. and Mrs. O'Hearn, Brewer's Mills, were recent guests of Mrs. K. O'Brien, who is recovering slowly from her motor accident of a week ago.

GOSFORD

Gosford, Oct. 1.—Quite the majority of the people of this section attended the School Fair at Greenbush. The exhibits were splendid and quite in excess of last year.

Prizes won by the pupils of Marshall's School were as follows:—Marquis wheat sheaf, Irene Love first; sweet corn, Yellow Bantam, Kenneth Checkley, first; field corn, Golden Glow, Ivan Marshall, first; potatoes, Irish Cobblers, John Snowdon, first; potatoes, Green Mountain, Murray Durham, first; beets, Inez Durham, first; asters, Ivan Marshall, second; verbenas, Kenneth Durham, first; phlox, Murray Durham, second; pigeons, Irene Love, first; fall apples, Kenneth Checkley, second, John Snowdon, third; winter apples, Snow apples, John Snowdon, first; Ivan Marshall, second; McIntosh Reds, Ivan Marshall, third; Tolman Sweets, Ivan Marshall, first; John Snowdon, second; light layer cake, Inez Durham, fifth; manual training, Eric Kirby, sixth; wessu seeds, Murray Durham, first; weeds, Kenneth Checkley, first; insects, Ivan Marshall, first; school parade, fifth; boys' riding contest, Douglas James, second; Willie Dixon, third; home garden, Eric Kirby, fourth.

FRANKVILLE

Frankville, Sept. 30.—Mr. and Mrs. Thomas Stacey entertained a number of friends from Ottawa last week.

A number of Frankville people attended the school fair at Toledo this week. The band was in attendance.

Frankville Fair was a success this year. There was a large crowd on the last day and the gate receipts were large.

Harwood Davis, the son of Alfred Davis, Frankville, has undergone an operation for appendicitis in the General hospital, Brockville, and is improving.

Carl McKinney, son of J. McKinney, is in St. Vincent de Paul hospital preparing to undergo an operation for appendicitis.

Quite a few families in Frankville are quarantined for scarlet fever.

Miss Vera Bryne, who has been ill with scarlet fever, is somewhat better.

Mrs. Stewart Montgomery and her daughter, Mrs. Martin, and little son have arrived home from Winnipeg, where Mrs. Stewart Montgomery has been visiting for some time.

Miss Lillian Leacock, nurse, New York, has been visiting Mrs. A. Ireland and Mrs. W. Reynolds.

CROSBY

Crosby, Sept. 30.—Miss Irene Hull, Westport, spent the week-end with her friend, Miss Grace Church.

E. O. Ready and son, Arnold, of Brockville, spent a few days with friends here.

Mr. and Mrs. James McMahon and daughter, Margaret, and Mrs. Killen spent the week-end with friends in Kingston.

Mrs. W. R. Proud was a Brockville visitor on Thursday.

Mrs. T. V. Johnston, Elgin, spent last week with her daughter, Mrs. G. S. Stout.

Thanksgiving service will be held in the Methodist church on Sunday, at 2:30 p.m.

ALGONQUIN

Algonquin, Sept. 30.—Morley Earl, of Kemptonville, and Ward Earl, of Prescott, were renewing old acquaintanceships here on Thursday.

Richard White, of Winnipeg, Man., is visiting his uncle, W. J. Dawson, and other relatives in this vicinity.

Mr. and Mrs. W. H. Latham and children and Miss Conlon were visitors on Sunday at the home of A. Godkin, Rockspring.

Mrs. William McClean returned home on Monday after having spent a few days in Brier Hill with her daughter, Mrs. M. Greer.

John Mellafont is spending a few days in Lord's Mills visiting at the home of Mr. and Mrs. James White.

D. MacInnis, who has been preaching here during the summer months, returned to Kingston on Tuesday to resume his studies at Queen's University.

Rally Day service will be observed in the Methodist church on Sunday morning, October 5.

Mr. and Mrs. Harley Earl, of Hartford, Conn., and Mr. and Mrs. Warner Moore, of Copenhagen, N.Y., were guests of Mr. and Mrs. C. Earl last week.

Mr. and Mrs. Fraser and Phyllis Whitney, of Prescott, spent Sunday with Mr. and Mrs. Harold Dawson.

MAYNARD

Maynard, Sept. 29.—The services on Sunday in the Methodist church were well attended. It was Rally Day and the printed programmes were carried out to the letter. Rev. J. H. Murray gave a very interesting and impressive address, "Who Is Our Neighbor and How May We Help One Another."

The Women's Institute is planning to hold a social evening and cooking contest about the 24th of October in the Baptist church. The contest will be on light and dark pumpkin pie and doughnuts. First and second prizes will be given, which means six prizes in all. Members are requested to bring a sealer of fruit to this meeting, as the committee will pack and ship the fruit to the Sick Children's hospital, Toronto.

"SURE, I KEEP 'EM."

Crown Shells.....	12 guage.....	90c box
Canuck Shells.....	12 ".....	\$1.20 "

I also Stock 10, 16 and 20 guage in most of the above makes, which are all priced at the same reasonable figure.

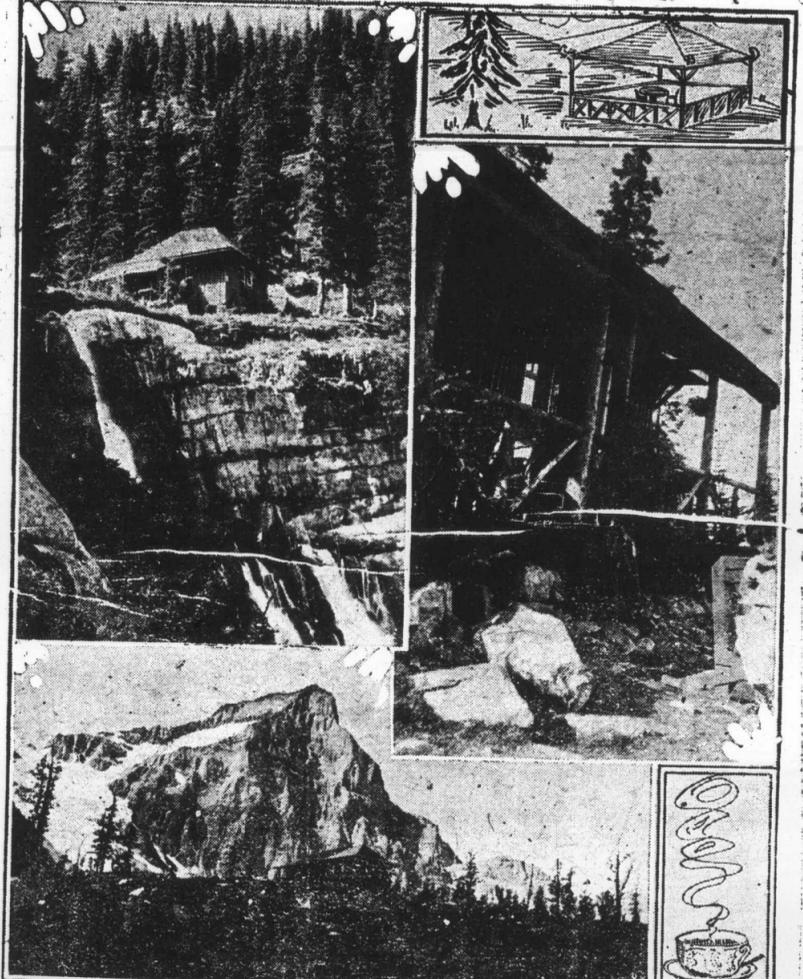

Don't delay, now is the time that you should discard that old tire and put on a new one. Come in and get our prices and be convinced of the wonderful bargains.

How about your car, is it hard to start? It won't be if you try Peerless High Test Gasoline.

You have tried the rest, Now try the best.

GUY E. PURCELL.

CABINS IN THE CLOUDS

Upper left shows the "Beehive" on the shores of Lake Agnes, near Lake Louise, in the Canadian Rockies. At the right is another place where one might drink tea served from quaint English china on top of Mount Fairview, in the same district.

To climb 6,875 feet above Lake Louise and to enjoy a cup of tea in delightful surroundings is one of the attractions offered visitors to Lake Louise, Alta. Tea houses on mountain peaks were unheard of a few years ago, but to-day there are at least a dozen of them situated in the Canadian Rockies.

Two of the most picturesque are the "Beehive" on the shores of Lake Agnes, about two miles and a half from the Chateau and the other a rustic log cabin on the top of Mount Fairview. Walking and pony excursions over the mountains in the vicinity of this picturesque lake are among the popular pastimes of visitors from all parts of the globe to "the lakes in the clouds."

From the "Beehive" one can get a perfect view of Mirror Lake and Lake Louise, which, with Lake Agnes, are known as "the lakes in the clouds." This cozy little tea room is owned by Miss B. Dodds and operated during the season by Miss

Goddard. Its furnishings are quaint and rustic.

The foodstuffs are delivered every morning by pack pony from the Chateau Lake Louise—even fuel for the cook stoves is transported in this way.

In addition to the tea room there is an attractive assortment of antiques, collected during the winter months by Miss Dodds, who usually goes abroad.

There are many surprises of scenic beauty along the trail to the tea room, but perhaps the most interesting fact is that one can obtain a delicious cup of English tea, with equally delicious home cooking within sight and sound of whistling marmots and squirrels and chipmunks that leap from bough to bough, and often within sight of friendly bears who come close to the kitchen door in search of tasty food.

One of the most interesting trips at Lake Louise is by a narrow, winding path on Mount Fairview, to Saddleback Tea Room and Rest House, which is 2,500 feet higher than the Chateau. This quaint little log cabin, situated on Mount Fairview, overlooks Saddleback Mountain, so called because of its rock formation being similar to a saddle. It takes almost two hours by pony to make the trip over a steep zigzag trail, from which can be seen winding streams and rushing brooks thousands of feet below.

This tea room and rest house, like "Beehive," is owned by Miss Dodds and operated by Miss A. E. Whyman. Its surroundings are most artistic and restful. The view of Paradise Valley and Mount Temple from the tea house is one of the finest in the Rockies.

Daily supplies of food and fuel are transported by pack ponies from the Chateau to serve approximately 25 guests a day, who are well rewarded for their journey to the "highest tea house in Canada."

**The Reward of Years of Toil**

IF YOU contemplate an auction sale, the closing out of your years of effort in building up a complete farm equipment, the Standard Bank is splendidly equipped to cater to your financial needs. Our local manager and his staff will gladly make all arrangements for the collection and discounting of all sale notes and for furnishing an extension of credit where necessary. A successful sale is entirely dependent upon sound financial arrangements.

**BANKING FIFTY YEARS**

ATHENS BRANCH—W. A. Johnson, Manager

**Women and Home**

**PROPER CARE OF THE INFANT**

The infant is a delicate organism and answers readily to any adverse influence exerted upon it; therefore, it is necessary to ensure a high standard of health by removing such adverse influence. Poverty of parents is a most important factor for evil in this connection. In all our large cities at the present time, the nurses and workers in Child Welfare are handicapped by the shortage of houses, the overcrowded state of those that exist, and, in many cases, the unsanitary dwellings that are necessarily allowed to be inhabited because there is no accommodation for their inhabitants if these dwellings were closed. The provision of additional housing accommodation is most urgent, but this problem in too many instances is not tackled with the vigor which its urgency demands.

Among the causes of infantile deaths, the following are the most important:—climate, season, housing, alcohol, venereal disease, diet, poverty and unemployment. From these primary causes, two others stand out forcibly:—

1. Want of knowledge.
2. Want of character.

Infants die from lack of knowledge on the part of the mother or father or of others who have personal supervision of them, but they also die from the ignorance of the statesman, legislator and the municipal councillor. Infants, however, die from the selfishness of the same individuals, both in their private and in their public capacities. It is much easier to acquire and disseminate that knowledge of mothercraft which is necessary for the saving of infant life, than to impart that spirit of self-sacrifice and unselfishness which is necessary if this knowledge is to be put into operation. It is, for instance, far easier to make a mother understand that breast-feeding affords her infant the best chance of survival than it is to induce her to make the necessary sacrifice of pleasure or remunerative employment which are often involved in this maternal duty is attended to. Again, it may be quite easy to make our municipal authorities understand that bad housing conditions, overcrowding, tuberculosis inmates, an impure water supply, and bad scavenging of the streets are never associated with a low infant mortality and a high standard of health, but it is quite another thing to induce them to incur the risks and unpopularity which the carrying out of the indicated reforms would entail. A want of appreciation of these essentially human elements in the problems explains many of the failures of otherwise admirably designed schemes of Welfare Work. In some cases, efforts of reform have unexpectedly met with most encouraging success, owing again to the magnetic influence of some commanding personality who has succeeded in compelling society to make the necessary sacrifice, whether personal or communal, for attaining the desired end.

**THE WOMAN LOSES**

If women stopped carrying purses and if they would make use of their umbrellas, wrist straps, lost and found departments could be discontinued, says "The New York Sun." The one or two which might remain on a under these conditions would be really curiosity exhibits where the odd things that people lose could be shown. But there would be little work to do in these departments because the chief "losers" and the chief lost articles would be eliminated.

At least that is the opinion of Henry H. Raitt, who has been head of the lost and found department of the Fifth Avenue Coach Company for fourteen years.

"I hear a lot of women talking about the way they have to take care of their husband's belongings. Maybe they can take care of these kind of things, but they certainly forget to

be careful when it comes to thinking about their own," Mr. Raitt said. "Ninety-nine per cent. of the articles lost during the year are owned by women."

"But isn't entirely the women's fault. They are at a disadvantage from the beginning," Mr. Raitt smiled apologetically as though he did not want to have to say such things about women. Only he has figured the whole thing out, and one can't get around statistics.

"Most women carry purses, and they are about the easiest things in the world to forget. The women lay them down, and somehow when they are in a great hurry they forget all about picking them up again."

"Then, more women carry umbrellas than men. If it looks like rain a woman plays safe and takes her umbrella. You don't find many men who do. All the time women have extra articles with them. It is mighty easy to lose extra articles. And the women lose them, all right. Some days when it looks as though it might rain and instead the sun comes out, we get as many as 150 umbrellas turned in."

"There isn't any special kind of a day when purses are lost. We get anywhere from ten to fifty of those a day."

In the company's lost and found room there were hundreds of umbrellas; blues and greens, purples and reds and just plain blacks. Most of them have hooked handles or rings that could have been slipped on the wrist. And at least 99 per cent. of them belonged to women. The staid, black, men's umbrellas were very much in the minority.

"It is a certain type of woman who inevitably are the 'losers,' women of leisure and the afternoon shoppers. Very few things are lost during the rush hour, when business people are going to and from business. The best time for losing things seems to be in the middle of the day."

"The funniest part about it all is that those who lose so often do not inquire until weeks have passed to find out whether or not the articles have been found. Just this morning a woman called up and asked if I had her muff that she had left on a bus a year ago last November. She wanted to put it into storage to-day; that was how she happened to remember that she had been intending to call up for over a year. That sounds ridiculous, but it's true."

"People have a habit of forgetting pets in the bus. It is quite ordinary for us to have one or two canaries' cages hanging in the lost and found room until their owners come in to claim them. The last parrot forsaken made so much noise we were glad to get rid of it. But of all the animals that we have taken care of, the most unwelcome were two snakes that an actor lost. We kept the snakes for two days, experimenting with all sorts of diets, and we couldn't seem to hit on the right one. We simply could not please those snakes."

"Size doesn't make any difference to the 'losers,' who can forget big things quite as easily as little ones. And the worth of a thing doesn't make any difference either."

"It isn't a rarity at all for a purse containing hundreds of dollars to be picked up. One's faith in one's fellow men is given new impetus in this position. Nine out of ten of the riding public are strictly honest, and the other generally withstands temptation."

**PREMIER FERGUSON SHOWS ALARMING INCREASE IN COST OF EDUCATION**

Describing as "somewhat alarming" the steady increase in the number of very small schools in rural Ontario, Premier Ferguson, as Minister of Education, in a personal note in the annual report of the Department of Education, just issued, goes on to give details of the situation over which he expresses concern.

**Small Attendances**

"There are one-teacher schools in the most flourishing counties," he says, "where the average attendance is from 1 to 5 pupils. This is the case in 117 schools, and there are 365 schools with an average attendance of from 6 to 9 pupils, and no less than 824 schools where the average attendance is between 10 and 14 pupils. Thirteen per cent. of the rural schools have an average attendance of less than 10 pupils; 33 per cent. an average of less than 15, and 55 per cent. an average of less than 20."

"The financial loss in maintaining many of these schools is startling. The following table shows the average cost per pupil of average attendance in the groups indicated:

Cost per pupil in schools with average attendance, 1 to 5	\$150.70
Cost per pupil in schools with average attendance, 6 to 10	\$2.42
Cost per pupil in schools with average attendance, 10 or less	\$9.46
Cost per pupil in all rural public schools	\$1.31

By adding the amounts collected locally as given above to the legislative grants, the total cost is found to be as follows:

Total cost per pupil in schools with average, 1 to 5	\$243.32
Total cost per pupil in schools with average 6 to 10	138.99
Total cost per pupil in schools with average 10 or less	151.31
Total cost per pupil in all the schools	\$80.26

**To Abolish Section System?**

In further discussion of days and means to meet the problem, the Premier intimates a possibility of a township system of school administration succeeding the present policy of governing schools by sections. Several of the big States across the line, he says, have adopted this township plan.

"The Inspector of the Province," he adds, "who has excellent opportunities for observing rural education conditions at first hand, unambiguously favor the creation of larger administration areas, and support their opinions with arguments which would appear to have much weight."

"The majority, I understand, would select the township as the unit. The section method of administration owes its origin to pioneer conditions which almost dictated the creation of a small local unit, and this form of management doubtless worked well in early times. The Province was then incompletely settled; communities were often isolated; roads were bad, communication was difficult. The plan was the natural one to be adopted in a sparsely settled country with many widely separated communities, just as it had been adopted in the New England States before that time."

**Relic of Pioneer Days**

"But it has been pointed out that the conditions which made the plan a necessity in Upper Canada eighty years ago have practically disappeared to-day; that the arable portions of the Province are completely

settled; that isolated communities no longer exist, that a network of good roads penetrates all parts of the Province; and that the telephone and the automobile have brought the people of a whole township as closely together for practical purposes as the people of a school section were formerly."

"The great changes which have taken place in economical, industrial, and social conditions at least suggest possibilities of improvement in rural school administration. At any rate, I am assured that the reforms most urgently needed in rural elementary and secondary schools can be brought about only through the attainment of a much greater measure of co-operative action. My hope is that this question will receive most serious attention from all persons who are concerned with the support and administration of schools. I shall welcome all constructive suggestions for increasing efficiency or for equalizing and, if possible, reducing expenditure."

**MY WISH**

If a little word of mine  
May make a life the brighter,  
If any little song of mine  
May make a heart the lighter,  
God help me speak the little word  
And take my bit of singing  
And drop it in some lonely vale,  
To set the echoes ringing!  
If any little love of mine  
May make a life the sweeter,  
If any little care of mine  
May make a friend's the deeter,  
If any lift of mine may ease  
The burden of another,  
God give me love, and care, and strength,  
To help my toiling brother!

**IN AN EMERGENCY**

Remember that if you pull up the emergency brake and catch it, thus locking the front wheels, you might as well take your foot off the service brake. If the wheels are locked the best thing you can do is to unlock them and apply the brakes so as to keep from sliding.

**NORTH AUGUSTA**

North Augusta, Sept. 24.—The annual grandmothers' meeting of the North Augusta Women's Institute was held in the Institute rooms on Tuesday afternoon last and was well attended, about 35 grandmothers being present as well as a large attendance of members who could not qualify. The day being bright and sunny our door photographs were taken. The prize for being the oldest grandmother present was awarded to Mrs. Jane Totten, who is 86 years old, and the youngest grandmothers' prize to Mrs. Robert Hough.

An excellent paper on the "Dangers of Luxuries in Present Day Life" was read by Mrs. L. M. Galbraith, after which Mrs. A. E. Warren gave a short talk on "Mothers."

In Mrs. Galbraith, the president, cordially welcomed the guests of the day, and after the serving of delightful refreshments an hour of social intercourse was much enjoyed by all present. Not the least interesting part of the entertainment was an exhibition of some very old relics belonging to Mrs. Albert Manhard and Mrs. Chapman Dales.

The members decided to bring their contributions of fruit and jam for the Sick Children's Hospital in Toronto to the next meeting on October 28, at which time they also hope to entertain the district president and the members of the South Augusta branch.

**E. TAYLOR**

**IT GETS THEM ALL**  
When dad first got the family car He firmly swore:  
"Now twenty miles is fast enough, I'll drive that and no more; And if you boys do more than that I'll tell you what I'll do, I'll never let you drive again." And dad meant it too!

Then dad looks hard at Fred and me: If some speed crazed galoot, Who's doing fifty miles an hour, Around you starts to shoot, You just ease over to one side And let the demon by, A man that drives a car so fast, Is trying hard to die."

But since dad's learned to feel at home When he's behind the wheel, At times that human thrill of speed Will o'er his sense steal, And he will turn to us and shout "This old boat's sure alive." And then he'll start to give her gas Till she hits forty-five.

And when he lets us drive a trip— That is lets me or Fred— He sits with mother back behind And never says a word Until another car comes up And honks and tries to pass, Then dad will jab our backs and shout: "Hey there, step on the gas!"

**LOOK AT CABLE.**  
As the starter cable is protected in no way whatsoever, it should be frequently inspected. Any fraying of the insulation, allowing the bare wire to touch the metal of the car, is likely to cause trouble.

1	Are you in favor of the continuance of The Ontario Temperance Act?	<b>X</b>
2	Are you in favour of the sale as a beverage of beer and spirituous liquor in sealed packages under Government control?	

**MARK YOUR BALLOT AS ABOVE**

This is a copy of the ballot. A valid ballot and one that will count for the "Drys" will be marked with an X after the first question. Marking X after both questions spoils the ballot.

**"A wonderful all-purpose flour"**

So say thousands of housewives who use Quaker Flour for all their baking. Its even texture and never-varying baking qualities make it the delight of all who use it.

**Quaker Flour**  
Always the Same—Always the Best

Makes larger, whiter loaves; better pastry; lighter cakes.

Our expert baker has prepared a number of recipes for baking bread. We will gladly send them to you. Write to-day—they are FREE.

A product of The Quaker Mills, Peterborough and Saskatoon.

## DOCTORING LIVESTOCK

BY A. S. ALEXANDER.

Every farmer should have, in a dustproof case or satchel, not only the instruments necessary for simple livestock operations, but the appliances and dressings used in that connection. For operation and diagnoses, a veterinarian should be called, but so often there is none within reach.

There should be a roll of sterile absorbent cotton, some rolled bandages of unbleached muslin, or preferably those prepared ready for use by surgical supply houses. In addition have four Derby bandages and four flannel bandages for use in lameness, "stocking" of the legs, and surgical cases, or to give support and comfort in sickness. Also keep okum for packing abscess cavities and for use on the soles of the hoofs. Plaster of Paris bandages and a supply of suture silk and surgeon's tape or plaster will also be needed.

Some of the instruments needed are: Knives for the castration of young calves, pigs and lambs; curved scissors and clippers for the removal of hair; suture needles; shoer's hoof knives, rasps and a foot pick; a bone saw or dehorning shears, where sheep are handled; nose rings and a ringing instrument for hogs; milking tubes; a teat dilator and air inflation outfit for milk fever in cows; a trocar and canula for tapping a bloated cow and for inserting bull rings (one or two of which should be kept on hand); a two-ounce metal syringe and a vaginal irrigating apparatus; a nose twitch for restraining horses; ear markers or punch; a rectal injection pump, or hose, nozzle and funnel; a drenching bottle and a nosed cotton rope, pulley and overhead ice-long hooks, for use when administering a drench to a horse.

### MEDICINES NEEDED.

All medicines for animals on the farm should be kept in a trunk, or close, dark, locked cupboard. Powdered drugs should be kept in airtight containers, such as sterilized fruit jars. Fluids should be kept in stoppered or tightly corked bottles or jugs. All drugs should be plainly labelled and, if dangerous, should be marked "poison." Throw away any drug if the label is lost and you are not sure what the drug is.

A glass graduate will be needed for measuring liquids; a scales for weighing quantities; a pestle and mortar for powdering and mixing; a four sifter for mixing powders and removing lumps and coarse particles; a plate glass or slate slab and spatula for mixing ointments; tin boxes as containers, and a supply of clean bottles and corks. The veterinarian may need and use these conveniences on many occasions.

All drugs kept on the farm should be simple and safe. The trained veterinarian uses many strong drugs, alkaloidal poisons and biologic preparations called serums, vaccines, and bacterins which can not properly be given by the stockman. It would be well to get from a veterinarian some colic drenches for use in cases of emergency.

### DOSES FOR LIVESTOCK.

Doses (alkaloids excepted): One-half as much again for cattle as for horses; one-half as much again for sheep and goats as pigs; one-half as much for cats as dogs. In other words, horses, 1; cattle, 1½; sheep and goats, 1-5; pigs, 1-8; dogs, 1-16; cats, 1-32.

The dose of most powdered drugs for the horse is about one dram, except the alkaloids. The dose of most fluid extracts for the horse is about one dram, not including poisons, such as strychnine. The dose of tinctures is about one ounce. A teaspoonful represents about one dram; a dessert-spoonful, two drams; a tablespoonful, about one-half ounce; a wineglassful, two ounces; a coffee cup, five to eight ounces (one-half pint).

One dram equals 60 drops; one ounce, eight drams; twelve ounces, one pound. Apothecaries' weight (16 ounces, 1 pound, Avordupois). In proportioning the dose of medicine to the age of the animal give a horse 3 years old and upward, 1 part; 1½ to 3 years, ½ part; 9 to 18 months, ¼ part; 4½ to 9 months, ¼ part; 1 to 4½ months, 1-16 part.

Cattle and sheep take medicine in the same proportions stated for the horse, but starting with an animal 2 years old and upward for the one-part dose. Pigs of 1½ years and upward take 1 part; 9 to 18 months, ½ part; 4½ to 9 months, ¼ part; 2½ to 4½ months, 1-9 part; 1 to 2 months, 1-18 part.

### MAKING UP SOLUTIONS.

A 1 to 100 solution contains 1½ drams to 1 pint.  
A 1 to 500 solution contains 15 grains to 1 pint.  
A 1 to 1,000 solution contains 7½ grains to 1 pint.  
A 1 to 2,000 solution contains 7½ grains to 1 quart.  
A 1 per cent. solution contains 1.28 drams to 1 pint, or 1.28 ounces to 1 gallon.  
A 5 per cent. solution contains 6.4 drams to 1 pint, or 6.4 ounces to 1 gallon.

### PURGATIVES AND LAXATIVES.

Purgative or laxative drugs in crystal or powder form are: Glauber's salt, a saline salt suitable for all animals and especially to stimulate activity of the liver. It should be dissolved in hot water, well sweetened with molasses, if to be given in large quantities as a drench, or may be added in small doses to the soft feed or drinking water, if the

animal will take it in that way. Purgative dose: Horse, 16 to 24 ounces; cattle, 1 to 2 pounds in 3 pints of warm water; sheep, 2 to 4 ounces or as a laxative, repeated 3 times daily, give ¼ to ½ this dose; pigs, 1 to 4 ounces.

Epsom salt, a saline laxative or purgative for all animals, sheep and swine. Dose: Horse, when repeated several times daily as a laxative, 2 to 4 ounces; as a purgative, 16 to 24 ounces; cattle, laxative, 3 to 6 ounces; purgative, 1½ to 2 pounds; calves, 1 to 4 ounces; sheep, 4 to 6 ounces; pigs, 3 to 6 ounces.

### PURGATIVE OR LAXATIVE OILS.

Castor oil, excellent as a physic, especially in scours or diarrhoea, to be shaken up in milk and given before other medicines. Dose: Horse and cow, 1 to 2 pints; often used in equal parts with raw linseed oil; foals and calves, 1 to 4 ounces; sheep, 2 to 4 ounces; pigs, 1 to 4 ounces.

Raw linseed oil (*Boiled oil is poisonous*). Dose, as a purgative: Horse, 1 to 2 pints; as a laxative, ½ to 1 pint; cattle, 2 to 4 pints; sheep and pigs, 4 to 10 ounces. Cottonseed oil and medicinal mineral oil also are prescribed by veterinarians.

### FOR WOUNDS AND WIRE CUTS.

Coal tar disinfectants and dips are popular. They make a soapy emulsion when soft water is poured upon them. There are many of such preparations, including zenoleum, keroso, chloro-naphtholeum, germol, creolin, etc. Each should be used strictly as directed by the manufacturer, and for the conditions and ailments mentioned in his printed matter. From 1 to 5 gallons of such a disinfectant or dip should be found on every farm. The attending veterinarian will direct as to the use of such other disinfectants as bichloride of mercury, carbolic acid, etc.

Potassium permanganate crystals, boric acid and tincture of iodine should also have a place in the farm medicine chest. The latter is especially valuable for putting on wounds. Boric acid in 4 per cent. solution is excellent as a solution in which to immerse sore teats.

Sugar of lead and sulphate of zinc should be labeled "poison" and kept under lock and key. They are used to make the "white lotion" so popular and effective for application to barb wire cuts and all shallow wounds. The formula is: Sugar of lead, 1 ounce; sulphate of zinc, 6 drams; soft water, 1 pint. Label "poison." Shake well before use and apply 1 or 3 times daily.

Copper sulphate (blue stone) should be kept for use in cases of foot rot of sheep, to cut down sprouting growths, and for internal use in a 1 per cent. solution for destruction of stomach worms in lambs and sheep, the dose of which is ¼ to 3½ ounces.

### OTHER USEFUL DRUGS.

Iron sulphate (coppers), dried, is used to destroy intestinal worms. Dose: Horse, ¼ to 1 dram; colts, 10 to 15 grains; cattle, 1 to 1½ drams; calves, 10 to 20 grains; sheep, 8 to 20 grains; pigs, 5 to 30 grains.

Flowers of sulphur is used in sheep and hog dipping solutions, in ointments for mange, in dusting powders for wounds, as a laxative, and along with salt and dried iron sulphate for worms. Dose, as a laxative: Horse, 1 to 4 ounces; cattle, 3 to 6 ounces; sheep and pigs ¼ to 1 ounce.

Bicarbonate of soda is excellent in indigestion, especially nettle-rash, as a saturated solution for warts on teats, and in water (½ ounce to 1 pint) as an application for itching skin. Not suitable for wind colic (flatulence). Dose: Horse, 2 drams to 2 ounces; cattle, ½ to 2 ounces; calves, 1 to 2 drams; sheep and pigs, 1 to 2 drams.

Hyposulphite of soda is useful in indigestion and bloat, also as a mild antiseptic. Dose: Horse, ¼ to 4 ounces in wind colic; cattle, 1 to 4 ounces; sheep and pigs, 1 to 4 drams. Gentian roots, powdered, is a tonic appetizer for use in condition powders; average dose for horses, 1 dram, twice daily; cattle, 2 drams; sheep and swine, 20 to 30 grains.

Ginger root, powdered, is used along with gentian, soda bicarbonate and powdered nux for indigestion, and as a tonic and conditioner. Dose: Horse, 1 dram; cattle, 2 drams; sheep and swine, 20 to 30 grains. Essence of ginger should also be kept on hand. Doses, same as for the powdered drug.

Nux vomica, nerve tonic and stimulant; poisonous, to be used under direction of a veterinarian. Salspeter, much used for founder and lymphangitis, to reduce swellings, allay fever, act on the kidneys and relieve inflammation of the udder (mammitis or garget). Dose, to act mildly on the kidneys in fever cases: Horse, 1 to 4 drams; for a strong action on kidneys, horse, ½ to 1 ounce. For founder of the horse some veterinarians give 2 to 4 ounces once or twice daily or use powdered alum in the same way. Cattle take like doses. Sheep are readily poisoned by salspeter. It is little used for swine.

Gasoline, pure, for use in 5 ounces of milk to destroy stomach worms in lambs and sheep; average dose, 1 tablespoonful with a like amount of raw linseed oil shaken up in the milk. Turpentine, oil or spirits, for use in liniments and internally for worms, bloat colic, or to act upon the kidneys, buy only of a druggist. Impure, adulterated, or "turpentine substitute" sometimes used by painters, is poisonous. Dose: Horse, 2 to 4 drams, well

diluted, for kidneys; 1 to 2 ounces in pint raw linseed oil or quart new milk for worms in horses and bloat of cattle; sheep and swine, 1 to 8 drams.

Ammonia, aqua, for use in liniments, 1 ounce, with 1 ounce of turpentine and 1 pint of oil.

Ammonia, aromatic spirits, excellent for heat exhaustion in horses and bloat in cattle and sheep. Dose: Horse, ½ to 1 ounce; cattle, 1 to 2 ounces; sheep, 1 to 2 drams. Dilute well with water.

Sweet spirits of niter is much used to stimulate the kidneys, and in chill and colic. Dose: Horse, ¼ to 1 ounce; cattle, ½ to 2 ounces; sheep, 2 to 4 drams, for "stretches." Dilute with water. Alcoholic stimulants also are used in larger doses.

Also keep on hand a supply of carbolic vaseline, iodine ointment, pine tar, fresh lard, or cheap vaseline, powdered wood charcoal for indigestion, slaked lime and chlorid of lime. Other drugs can be bought when prescribed by the veterinarian.

There is one advantage in scrub cows—you can milk them quicker than the purple-blooded variety.

Where sheep on permanent pasture have become infested with stomach worms some owners have found relief in the use of the copper sulphate treatment.

## Insects Injurious to Live Stock.

Heavy losses are incurred as the direct result of insect pests on all classes of live stock, and stock men must be continually on the watch to keep them from doing harm. Perhaps the most logical way to prevent injury is in the direction of the protection of stock from flies and other insects, not so much by the use of remedies, but by assisting stock to escape from attack. Particular stress is laid on this aspect of the subject in Bulletin No. 29 of the Dominion Dept. of Agriculture, entitled "Insects Affecting Live Stock."

## Marketing Poultry Products.

The marketing of poultry, especially dressed poultry, has shown considerable improvement in Canada during the last few years, although much remains to be done before conditions are ideal. Speaking generally, farmers would make more money from both eggs and poultry by properly preparing and packing these products. Bulletin No. 88, "Preparing Poultry Produce for Market," obtainable from the Publications Branch of the Dept. of Agriculture, Ottawa, shows how this should be done. Those who desire to cater to family, hotel, and restaurant trade will also find it a useful guide.

## The Sunday School Lesson

OCTOBER 12.

The Sermon on the Mount, Matt., chs. 5 to 7. Golden Text—Thy kingdom come. Thy will be done.—Matt. 6: 10.

I. THE TRUE NATURE OF PRAYER, 5-8. II. THE EXAMPLE OF PRAYER GIVEN BY JESUS, 9-15.

INTRODUCTION.—We have been seeing that the Kingdom of God formed the constant theme of our Lord's teaching, and we have heard of the divine "authority" with which he spoke, Mark 1:22. The teaching of Jesus was different from that of the scribes, for while the scribes based their teaching on tradition, Jesus spoke from direct knowledge and experience of God. His words laid hold on men with a "power" unprecedented in their experience, and created an immediate sense of the nearness and the reality of divine things. In the Sermon on the Mount, from which our lesson for to-day is selected, the first evangelist gives us a great illustration of this teaching of Jesus. He wishes us to know how Jesus preached the gospel of the kingdom, and, therefore, he places before us in succession:

1. The Invitations or Promises of the Gospel. These are what we know as the "Beatitudes" describing the character of those to whom Jesus offers the Kingdom, Matt. 5:1-12.

2. The Holy Law of the Kingdom, Matt. 5:12 to 7:12. The Kingdom of God implies the doing of God's will on earth, as it is done in heaven, and Jesus shows what this means with reference to (1) the legal teaching of the scribes Matt. 5:17-48, (2) the religious practice of the Pharisees, Matt. 6:1-18 (3) the concerns and cares of the world, Matt. 6:19-34.

3. The Urgency of Repentance, Matt. 7:13-27. Our present lesson on prayer comes from the second section of the sermon, in which Jesus is contrasting the holy nature of true religion with the caricature of religion which is practiced by the Pharisees. The Pharisees give alms, pray and fast, but their piety is a hollow unreality, for everything is done with an eye to human reputations and rewards, not for the sake of the Father in heaven, who sees in secret. The Pharisees do not behold God as he is, or their lives and their religion would be humble and sincere. In the present passage Jesus speaks of prayer, and of what it ought to be.

I. THE TRUE NATURE OF PRAYER, 5-8. V. 5. The Pharisees are "hypocrites," that is, actors in religion. Piety with them is a thing of outward show, rather than a reality of the heart. For example, they pray in public in the synagogue, while the congregation is listening, or at the street corner, where there are men to see. It is far easier to pray thus than it is to pray in secret, and the Pharisees earn the approbation of men. This, however, is their only reward. They cannot expect to be heard or rewarded by the Father in heaven, when they never think of that Father in heaven, never once make him real to their own minds.

V. 6. Christian prayer on the other hand is to be in the secret of one's own life, within closed doors, where men are forgotten, and only God is remembered. It is listening, or at the street corner, where there are men to see. It is far easier to pray thus than it is to pray in secret, and the Pharisees earn the approbation of men. This, however, is their only reward. They cannot expect to be heard or rewarded by the Father in heaven, when they never think of that Father in heaven, never once make him real to their own minds.

Vs. 7, 8. Christian prayer should be simple, avoiding the formality, the "babbling," with which the heathen pray to their gods. We are to go to God as children to a Father, and above all to realize that God knows us and our need before we open our lips. II. THE EXAMPLE OF PRAYER GIVEN BY JESUS, 9-15.

V. 9. In our prayers we are to remember first that God is our Father, and that all reverence belongs to him. What does it mean to say, "Our Father?" It means that we are to love and trust him, and yet approach him with reverence, never forgetting that the hallowing of his name is the first requisite of worship.

V. 10. What is the next principal concern of the soul? It is that God's Kingdom should begin, and God's Kingdom means the time when God will be all in all, when his will shall be done on earth, even as it is now done in heaven. This is the *summum bonum*, and for this consummation the Christian will devoutly pray, all the

more because he knows that through Jesus the Kingdom of God has come definitely near.

V. 11. Yet our earthly necessities also are a matter of concern to the heavenly Father, and we should pray for each day's bread. Jesus would not turn stones into bread, because he honored the Father's mode of creating and providing this elemental necessity. And because we, too, are to labor in accordance with the Father's laws, we can ask that the gift of bread should crown the toil of the day. We ask for "daily" bread, because it is enough that God should provide for each day as it comes.

V. 12. But we need constant forgiveness, and we must pray also for this, remembering, too, that to obtain the divine forgiveness, we must put away from our own hearts all traces of an unforgiving spirit towards our fellowmen. The grace of forgiveness can flow to us only as we let the same spirit have an outlet in our dealings with those around us.

V. 13. The Christians will pray not to be led into temptation but to be kept from evil. This does not mean that God is the author of temptation, for temptation has its source and its power in ourselves and in the world. (See James 1:13, 14.) But God is able to save us from amid temptation, inasmuch as "the kingdom, and the power, and the glory" belong to him.

Vs. 14, 15. The fact that we can truly pray only when we put away the unforgiving spirit from ourselves, is emphasized anew. We do not forgive others in order to obtain God's forgiveness. Nevertheless, God's forgiveness only takes effect on us as we pass on the same spirit of mercy towards our fellowmen.

APPLICATION. Matthew's Gospel deals with king Jesus and his kingdom of human souls. The Sermon on the Mount gives us the laws of that kingdom, and this lesson in particular tells us how to pray as good subjects of that kingdom. Homage to our king is a very important part of our religion.

Our Lord first gives two injunctions how not to pray. Man has been described as the praying animal. When we go forth from our solitude to meet our fellows, we feel challenged to put our best foot forward. No wonder that prayer has been regarded as the highest function of the human spirit. Nevertheless the corruption of the best may become the worst. Hence the warning how not to pray. We are not to pray as the hypocrites do. The Pharisees were the most religious element in the nation. One of the sins of the saints is to affect a piety they do not feel,—to masquerade upon the ethical plane. All worship is true and real in proportion as the worshipper is absorbed in the honoring of his God.

We are not to pray as the heathen do. Now, the difference between the god of the heathen and the God of the Christian is a difference of love. The heathen faith, in his God. The heathen thought to propitiate his god with much speaking. This is a kind of atonement wrought out by man himself for himself. That great good man, Phillip Brooks was overheard in his stateroom to say: "Jesus, thou hast filled my life with joy and peace, and to look into thy face is earth's most exquisite delight." That is praying as the Christians do.

The next injunction is concerning how to pray. He gives a concrete example commonly called the Lord's Prayer—a gem of purest ray serene. From this we learn at least three things as to form—substance—spirit. Prayer should be simple and brief. In our praying, intensity and frequency are of far more account than the multiplicity of words.

Prayer should be comprehensive and devout. Petitions in reference to God's glory come first, then follow the cries out of man's needs. Man's chief end, even in praying, is to glorify God, knowing that enjoying him forever will be added thereto.

Prayer should be fraternal and filial in spirit—our Father, not our sovereign Lord. Our daily bread—not my daily bread. It takes at least three to make a wholesome religion. God and myself and my brother.

## Efficient Farming

### PUTTING THE TURKEY ACROSS.

Turkey time is coming. We see it in the leaves and feel it in the air. Already the appetite is getting in training for the great event of the year—Thanksgiving. If you have turkeys and want the top prices for them, a few tips broadcasted by the Dept. of Agriculture will find you interested.

The experts say that range fattening is more satisfactory than pen-fattening. Begin fattening about three weeks or a month before marketing, and proceed gradually by feeding lightly on corn in the morning and again in the evening a short time before the turkeys go to roost. Increase the quantity of corn fed gradually until the birds are getting all they will eat. Be careful not to feed new corn too heavily until the turkeys have become accustomed to it, to prevent digestive troubles.

Good-sized, well-matured birds in good condition for fattening can often be marketed to best advantage at Thanksgiving. Small, immature turkeys should be held until Christmas, for further fattening, but if the birds are unthrifty market them at once. Sales outlets to raisers within express shipping distance of good markets are local consumers, local buyers and dealers, more distant buyers or dealers and carlot shippers, and receivers or commission merchants of live or dressed poultry in the large cities. To determine the best available outlet study shipping charges and keep in touch with both local and distant buyers as to price. Distant buyers will mail quotations on request.

Most producers market their turkeys alive. Shipping dressed turkeys to markets is justified only when making local sales or there is an unusually favorable outlet for the dressed product. Shipping coops should be high enough to enable the birds to stand up. A coop three feet long, two feet

wide and twenty inches high will accommodate five or six turkeys. Over-crowding may result in bruising, which detracts from the market value; over-crowding may also cause death and complete loss.

If the birds are on the road only a few hours, do not feed before shipping. If they are on the road a longer time water and feed liberally to prevent shrinkage in weight. Ship in time to place the turkeys on the market a day or two before the holiday. Late arrivals may reach an overstocked market, and arrival after the holiday usually means lower prices.

Killing and dressing birds is simple when properly done. Hang up the turkeys by their legs and with a single stroke push the point of a sharp knife up through the roof of the mouth into the brain. When properly done this operation paralyzes the bird and loosens the feathers so that they come out easily. Then sever the veins in the throat just beyond the skull for bleeding. The turkey should be dry-plucked and plucked clean. Thoroughly cool the carcass after plucking, inasmuch as failure to remove all animal heat promptly will result in early spoilage. Cool either by hanging outdoors if the temperature is between thirty and forty-five degrees, or by immersing in cold running spring water or ice water.

When thoroughly chilled, the carcasses are ready for shipment. A barrel is a convenient shipping container. Place a layer of cracked ice in the bottom of the barrel, then a layer of turkeys, followed alternately by layers of ice and turkeys, and topped off with a layer of ice. Tack burlap over the top of the barrel.

CAUTION. If you are building up a permanent turkey business be sure to retain as many of the finest, largest, quickest growing young birds needed to rear the next year's flock and send the rest to market.

### How to Winter Bees Successfully.

Successful wintering is essential to profitable beekeeping. This is not a difficult matter provided the leading requirements are understood and observed. To neglect them means ruin and death to the colony. The methods to be followed, both in feeding and protecting, are clearly explained in Pamphlet No. 22, New Series, "Wintering Bees," and all those who desire information on the subject would be well advised to secure a copy from the Dept. of Agriculture, Ottawa, before cold weather sets in.

Many potato growers practice the selection of seed from the bin. This method, while desirable in itself, will not accomplish all that the grower may hope. It is far better to select the tubers in the hills, then one can judge as to the general vitality of the parent plant.

Had a Lot on His Mind. Friend—Your Husband's face looks worried—is he altogether well? Wife—Oh, yes; but you see he's trying to figure out how we can begin buying a home and he's got a lot on his mind.

## TRAINING OUR CHILDREN

### The Power of Example—By Maude Freeman Osborne.

If parents would remember that the power of example is greater than precept, there would be not only less of the "don't" philosophy in bringing up children, but more real results. In other words, when parents themselves set a good example, children find it much easier to conduct themselves properly than when just told what is right. It is of little effect to tell children not to get angry, or to scold or punish them for getting angry, or to have them read the Bible verse, "He that ruleth his spirit is better than he that taketh a city," when there is someone in the house, especially someone they love and reverence very much, who once in a while has a display of temper. True, children often because of this instruction "want" to keep from getting angry, but they find it hard to do so when they have the opposite example set them.

I am reminded of what a friend who had lost her only son told me. It was that she felt as if she must "dress and go, and keep cheerful," sad as she felt, in order that her fortitude might be remembered by her daughters if ever any of them had a similar experience.

Sarah was visiting Aunt Harriet who was suddenly taken ill one day as she was preparing dinner. Sarah could do everything but bake the pie. Looking in a cook book was no aid to

her. She simply did not know how to handle the dough! Cousin John said, "Oh, I can make a pie." "You can?" said Sarah. "You never made a pie!" "No, but I've seen Mother, hundreds of times." And he did make a fine pie, although not so good as Mother's. I was very much amused at my little Laddie and a neighbor's child, Billie, playing house. Billie, the older, was "Mama." Slapping the dolls and animals around, and talking in a peremptory manner, "she" was evidently bent on instituting order out of chaos. Suddenly, in great dismay, "she" exclaimed, "Oh, my! There's the telephone!"

Going to an imaginary telephone, "she" said in a very low voice, "Hello." Then followed one side of a conversation, in the sweetest, most cooing tones imaginable. After the final "Good-bye," the slappings and commands began again.

My eyes were opened. "Oh, what is the use," thought I, "of preaching what we do not practice, when their little ears and eyes are so sharp and their powers of observation so keen—when they can see right through one like that?"

Truly, good examples do far more toward constructive character-building than all the advice that can be given.

# RED ROSE TEA 'is good tea'

Fine, brisk flavor! Best of all in the ORANGE PEKOE QUALITY

## HEALTH EDUCATION

BY DR. J. J. MIDDLETON  
Provincial Board of Health, Ontario

Dr. Middleton will be glad to answer questions on Public Health sent through this column. Address him at Spadina House, Spadina Crescent, Toronto.

Albumin in the urine is a condition that should be given attention at once. A correspondent writes to inquire what causes albumin in the urine and whether or not it is an inflammation of the kidneys and if a weak heart will cause it.

One of the most constant accompaniments of kidney disease may be present without albumin showing, and albumin may be in the urine without kidney disease. Heart disease has a direct effect in producing albuminuria by causing engorgement of the kidneys with blood, as a result of poor circulation. Urine which contains blood or pus shows albumin. These substances may come from the kidney or from any other part of the urinary tract or from an abscess which bursts into that tract, or in the case of females, from the generative system. In ordinary cases, however, and for the most part, the most common cause of albumin in the urine is kidney disease. To some extent the albumin present is an inflammatory exudate, but to a great extent it is due to serum-

albumin circulating in the blood vessels which escapes with the urine because the damaged cells of the kidneys can no longer prevent it escaping.

There are other conditions, of course, where albumin appears in the urine, such as febrile diseases where the temperature is high, probably because the poisons in the blood damage the kidney cells. It sometimes happens that albumin will be present in the urine after an epileptic seizure and in connection with various other nervous disorders. There is also what is known as functional albumin in the urine which occurs without any apparent cause. It often is found in young people at the adolescent stage of life and is often discovered quite accidentally, for instance, in the course of examination for life insurance.

The correspondent also asks about the effect of saccharine on the kidneys. There is not much danger in the use of saccharine, provided it is used in moderate quantities.

## CANADA'S FISHERIES PROSPERING

It is gratifying to note that the Canadian fishing industry is experiencing brighter days following the period of depression which came in the wake of increased investment and stimulated activity in the war years with a subsequent slump in demand. Regarded from every angle a degree of progress is evident which, continued, should bring the fishing industry of the Dominion to occupy the relatively more important place the vast resources back of it justify. In many respects the year 1924 promises to be the most prosperous year the industry has experienced and may herald the dawning of a new era for Canadian fisheries.

The value of the catch in the first three months of the year, which showed an increase of 56 per cent. in comparison with the same period in the previous year, has been continued in subsequent months, and this would indicate a revenue from the year's operations amounting to over \$60,000,000, or equal to the banner year of 1918, when prices were substantially higher than at the present time. Reviewing the catches of the present year, increases are noted in practically every species of fish caught.

### Increase in Invested Capital.

In the Government returns covering the fish industries in its branches for 1922 the increasing importance of these activities is noted, and there is little doubt that this feature characterized the year 1923 and the present year. Between 1921 and 1922, whilst the capital invested in the sea fisheries remained virtually the same, there was a substantial increase in that of the inland fisheries, this increasing from \$4,177,682 to \$4,513,188. The increase in capital invested in fish canning and curing establishments was \$2,704,848, or from \$19,411,990 to \$22,116,838. Employees in sea fisheries increased from 47,445 to 48,286, in inland fisheries from 7,785 to 9,594, and in canning and curing factories from 14,104 to 16,577.

### Schoolboy Howlers.

There were no Christians among the early Gauls—they were mostly lawyers. Geometry teaches us to bisect angels. A brute is an imperfect beast; man is a perfect beast. Guy's Hospital was built to commemorate the Gunpowder Plot. Britain has a temporary climate. The masculine of heroine is kipper.

## TOILET FIXTURES FOR SALE

Bowls, tanks, wash-basins, also heating equipment, including piping coils, 125 h.p. tube boiler, used lighting equipment, such as conduits, switch boxes, etc., all in building being altered at 73 Adelaide Street West. This material must be sold at once. Real Estates Corporation, Limited, Top Floor, 73 Adelaide St. West, Toronto. Telephone Elgin 3101.

## BOILER

Water tube type, 125 h.p., in good condition, also a large amount of plumbing, lighting and heating equipment. Will sell entire or in part at great sacrifice because of alterations to our property. Real Estates Corporation, Limited, Top Floor, 73 West Adelaide Street, Toronto. Telephone Elgin 3101.

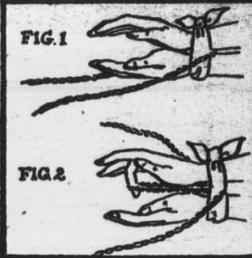

"Do you believe that an apple a day keeps the doctor away?"  
"No—that's applesauce."

The Nile has a greater variety of fish than any other river in the world. An expedition sent by the British Museum brought back 9,000 specimens.

For the first time Japan is to have There should be no unkindness to animals. There is no excuse for it except cruelty uncontrolled. Think it over and if there is a spark of unkindness for animals in your makeup, get rid of it forever.

Minard's Liniment for Rheumatism.

## EASY TRICKS Lightning Escape

The trickster places his hands together and asks the spectators to encircle his two wrists with a handkerchief, knotting it tightly. They are then asked to run a length of rope between his arms and to hold the ends. Apparently he cannot easily escape without removing the handkerchief. He makes a quick movement of his arms and the rope drops off, the handkerchief still encircling his wrists.

The illustration gives away the secret. With one of the fingers of the right hand the trickster catches the loop of the rope and draws it down between his palm. This can be done quickly, the hands hiding the movement. The trickster then makes an upward and downward movement of his hands, at the same time thrusting his right hand through the loop. The movement of his arms will then pull the rope free of the hands and the trick is done.

(Clip this out and paste it, with other of the series, in a scrapbook.)

### I Could Snatch a Day.

I could snatch a day out of the late autumn  
And set it trembling like forgotten springs.  
There would be sharp blue skies and new leaves shining,  
And flying shadows cast by flying wings.

I could take the heavy wheel of the world and break it—  
But we sit brooding while the ashes fall,  
Cowering over an old fire that blackens,  
Waiting for nothing at all.

### DAWN OF WOMANHOOD

#### A Time of Difficulties When Watchfulness is Needed.

Some girls upon the threshold of womanhood drift into a decline in spite of all care and attention. Even strong and usually lively girls become weak, depressed and irritable, and listless. It is the dawn of womanhood—most important in the life of every girl—and prompt measures should be taken to keep the blood rich and pure. If your blood is not in a healthy condition at this stage, the body becomes ill-nourished and other ailments develop. If the health is not maintained by a sufficiency of rich, red blood, all sorts of weaknesses are likely to arise. Remember this, Dr. Williams' Pink Pills have saved thousands of girls and women from being life-long invalids, because of their wonderful blood-making properties.

The value of Dr. Williams' Pink Pills to young women whose health was falling has been proved over and over again. These pills are the most reliable blood builder, fortifying weak nerves and creating the liberal supply of red healthy blood which a girl needs to sustain her strength. You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### The Crickets.

Pipe, little minstrels of the waning year,  
In gentle concert pipe!  
Pipe the warm noon; the mellow harvest near;  
The apples dropping ripe.

The tempered sunshine and the softened shade;  
The trill of lonely bird;  
The sweet, sad hush on nature's gladness laid;  
The sounds through silence heard.

Pipe tenderly the passing of the year!  
The summer's brief reprieve;  
The dry hark rustling round the yellow ear;  
The chill of morn and eve!

Pipe the untroubled trouble of the year,  
Pipe low the painless pain;  
Pipe your unceasing melancholy cheer;  
The year is in the wane.

### The Place of Play.

Play is a sacred thing, a divine ordinance, for developing in the child a harmonious and healthy organism, and preparing that organism for the commencement of the work of life. It is the great harmonizer of the human faculties, overstrained and made inharmonious by labor. It is the agency that keeps alive and in healthy activity the faculties and sympathies which work falls to use or helps to repress. It is the conservator of moral, mental, and physical health.—J. G. Holland.

Thinking for yourself is like swimming; once you have learned the art, you are not likely to forget it.

### Home Days.

When the goldenrod has withered,  
And the maple leaves are red;  
When the robin's nest is empty,  
And the cricket's song is dead;  
In the silence and the shadow  
Of the swiftly-hastening Fall,  
Come the dear and happy home days,  
Days we love the best of all.

Then the household gathers early,  
And the firelight leaps and glows  
And the old hearth in its brightness  
Wears the glory of the rose;  
Then the grandfathers think of stories,  
And the children cluster sweet,  
And the floor is just a keyboard  
For the baby's pattering feet.

When the goldenrod has faded  
When the maple leaves are red,  
When the empty nest is clinging  
To the branches overhead,  
In the silence and the shadow  
Of the hurrying later Fall  
Come the dear days, come the home days  
In the year the best of all.

—Margaret E. Sangster.

## NOTHING TO EQUAL BABY'S OWN TABLETS

Mrs. Georges Lefebvre, St. Zenon, Que., writes: "I do not think there is any other medicine to equal Baby's Own Tablets for little ones. I have used them for my baby and would use nothing else." What Mrs. Lefebvre says thousands of other mothers say. They have found by trial that the Tablets always do just what is claimed for them. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus banish indigestion, constipation, colic, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### When a Man's a Man.

"I can't" is a foolish expression—  
'Tis really a coward's confession.  
Somehow or other it always comes back  
Stealing the good things we already lack,  
Bringing us nothing but trouble and care,  
Leaving us hopelessly sunk in despair.

But there's never a day  
When the world can say  
That a man's not a man if he DARE!

"I will" is a wonderful blessing,  
A heart full of courage expressing,  
Somehow or other it brings us success,  
Fills us with joy that we cannot repress,  
Gladdens our friends, makes their burdens more light,  
Places a star in our crown ev'ry night;  
For there's never a day  
When the world can say  
That a man's not a man if he'll fight!

—Brinson Smith, in "Success."

### Very Simple

The health authorities of a famous city receiving word that a certain house in the foreign-quarter was becoming offensive to the passer-by, sent two of its vigilant inspectors to investigate.

Led on by a strong odor and a puzzling medley of noises, they climbed a narrow, precipitate stairway to a large attic, where they found a family of seven, a flock of chickens, two pigs, and—could their eyes be deceiving them?—a full-grown cow. They stared in amazement at the cow and at the two-foot-wide stairs.

"How—how did you get it up here?" one of them asked.  
The answer seemed perfectly obvious. Said the man of the house with a shrug, "Ve brought her up ven she sees a calf."

Visitors to the Houses of Parliament, London, average 5,000 on ordinary days and over 20,000 every Saturday.

Nine-tenths of the women in China cannot write their own names.

## Constipation is the arch-enemy of health

# BEECHAM'S PILLS

Conquer the enemy of constipation and you rout a whole army of physical foes, including indigestion, biliousness, sick headache, sleeplessness and nervous dyspepsia. Beecham's Pills have been a world-wide favorite laxative for over 80 years. They go straight to the cause of many ills and remove it. They act promptly, pleasantly and surely. Purely vegetable, harmless, non-habit-forming. These time-tested pills strengthen the stomach, stimulate the liver and

### Little Hour on a Misty Morn.

A little hour on a misty morn,  
When autumn's winds wave o'er the tasseled corn,  
And lowly scuds above us seem to fly  
With moisture laden from the western sky.  
The cold, uncheery broodings of the day  
May still be brightened with a sun-lit ray,  
And dreamy thoughts, so sad, and so forlorn  
Be sweetened for a little hour upon a misty morn.

A little hour on a misty morn,  
When sobbing winds brood whispers of the coming storm;  
Where joy and pleasures hide beneath a darkened cloud,  
From where the thunders roll, so long and loud;

The hidden sun may often through the shadows creep  
And blend a golden pathway for our feet,  
Wherein a newer friendship may be born  
Within a little hour, upon a misty morn.

A little hour on a misty morn,  
When autumn's leaves are shorn by the storm;  
And twilight shadows creep o'er nature's smile,  
And time is quickened on the star-lit dial;

When frosty age has decked the forms that memory kept,  
And autumn's gilded dream is well-nigh slept;  
Fond dreams and memories, still may warm  
Life's little hour upon a misty morn.  
—William Leorchard.

### The Pursuit of Happiness.

It is a waste of time to argue the usefulness of the things people want. If people are spending too much of their incomes on automobiles and yachts and women's clothes, as many think, and putting down on other things to make up, they do it because automobiles and permanent waves are the things that they believe will make them happiest.

Even supposing they are all wrong, people want what they want. And you can't make them want it by telling them they oughtn't to want it.

Send a Dominion Express Money Order. They are payable everywhere.

If all the meat imported into London came in the form of live sheep, there would be sufficient to arrive, one every two seconds, night and day, all the year round.

### Minard's Liniment Relieves Pain.

A fool can observe a thing correctly—for example, the weather—but it takes a man of sense to draw a correct inference from what he sees.

Service to others is the only true road to happiness.—Lord Leverhulme.

## TIRED OUT ALL THE TIME

Nerves Gave Little Rest

Relieved by Lydia E. Pinkham's Vegetable Compound

Harrowsmith, Ontario.—"I took your medicine before my baby was born and it was a great help to me as I was very poorly until I started to take it. I just felt as though I was tired out all the time and would take weak, fainting spells. My nerves would bother me until I could get little rest, day or night. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to publish this good medicine. I lend that little book you sent me to any one I can help. You can with the greatest of pleasure use my name in regard to the Vegetable Compound if it will serve to help others."—MRS. HARVEY MILLIGAN, R. R. No. 2, Harrowsmith, Ontario.

In a recent canvass of purchasers of Lydia E. Pinkham's Vegetable Compound over 100,000 replies were received and 38 out of every 100 said they had been helped by its use. This medicine is for sale by all druggists.

There will be no services at Plum Hollow or Toledo.

All are invited. Special Offering.

## BURRITT'S RAPIDS WOMEN ENTERTAIN THE GRANDMOTHERS

Institute Has Programme in Their Honor.

### NEWS OF THE DISTRICT

**Pupils of Marshall's School Win Many Prizes at Fair Held at Greenbush.**

Burritt's Rapids, Sept. 30.—The monthly meeting of the Women's Institute was held at the home of Mrs. William Shannon, on Wednesday, September 24, with a large attendance of over 50. It was "Grandmothers Day" and Mrs. William Young, representing "The Old-fashioned Grandmother," and Mrs. William Shannon, "The Modern Grandmother," received the guests. Papers were given by Mrs. M. T. Carson and Mrs. A. Donaghue, suitable for the occasion. On behalf of the Institute, Mrs. G. E. Derrick welcomed the grandmothers to which Mrs. William Shannon very graciously replied. A number of visitors from the Kempsville branch, including Mrs. Sarna, the district president, Mrs. Merrifield was appointed a delegate to attend the convention in Ottawa, which will be held on October 28, 29, 30. The financial report of the August garden party was read, showing the net proceeds \$170.35. A letter was read from the Hospital for Sick Children, Toronto, asking for donations of canned fruit. The members are asked to send their contributions to the Institute rooms on Friday afternoon, October 3rd, at three o'clock.

Refreshments were served by the hostess and a social half-hour was spent in community singing, music and social intercourse. Miss Eileen McKenna rendered a solo in her usual pleasing manner.

The next meeting will be held at the home of the president, Mrs. Merrifield, on Wednesday afternoon, October 15. The programme will be given by the Merrickville branch. Roll call:—"Exchange of recipes."

### NEW BOYNE

New Boyne, Sept. 29.—The Harvest Thanksgiving service was conducted in St. Peter's church here by the Rev. Mr. Towle, of Maitland, former rector of this parish. The church was very nicely decorated for the occasion.

Mr. and Mrs. B. A. Ready, Forta, were Sunday visitors at Mr. and Mrs. Hugh Burns.

Mrs. Harold Millar, Smith's Falls, spent Sunday as the guest of her parents, Mr. and Mrs. Hugh Burns.

Mr. and Mrs. Henry Polk, Lombardy, were Sunday visitors at Mr. and Mrs. Ernest Willis.

Alex. Robers, who has been quite ill, is slowly improving.

Mr. and Mrs. James Jones, Mrs. B. Preston and son, Robby, all of Smiths Falls, called on friends here on Sunday last.

Mrs. Herman Hanna, who has been seriously ill with typhoid fever, is steadily recovering.

Mrs. C. Bovey, Mrs. James Stewart and Charles Stewart, Brockville, and Mrs. W. N. Rogers, Tin Cap, called on friends here on Friday last.

Mr. and Mrs. Joel Hallady and son, Lester, Elgin, were Sunday visitors at the home of Mrs. Margaret Rogers.

Miss Frances Lyons has returned home after a few days' visit at Dr. W. H. Bourne, Frankville.

Deepest sympathy is extended to Ernest Anderson, of Cranworth, who had the misfortune to lose all his out-buildings together with the season's crop by fire on Friday night last. The fire is thought to have been caused through the explosion of a lantern.

### New Dublin

New Dublin, Sept. 30.—Misses Geraldine Orr and Irene Moore left last week to attend the sessions of the Ottawa Normal School.

Miss Gladys Bolton entered the Brockville General Hospital this week as a nurse-in-training.

A large number from this school section attended the School Fair held at Greenbush last Thursday.

Mr. and Mrs. S. Whaley, of Delta, visited their sister, Mrs. A. A. Orr, and Mr. Orr on Sunday.

Miss Nina Whitmore, of Sheldon's, is spending a few days with her relatives, Mr. and Mrs. Adam Horton.

W. H. Baker, of Easton's Corners, is visiting relatives here.

Mrs. Emma Baker is spending a few days with Mrs. E. Horton and other friends.

Mr. and Mrs. Herb Hewitt and sons visited Mr. and Mrs. Levi Green on Sunday.

The annual Harvest Festival Thanksgiving service was conducted in St. John's Anglican church here on Sunday by a former rector, Rev. J. deP. Wright, of Kingston. The church was suitably decorated for the occasion with fruit, flowers, grain and vegetables.

The annual Rally Day service was held in the Methodist church on Sunday, the church being decorated with flowers and autumn foliage. The pastor, Rev. D. D. Elliott, had charge of the service.

The funeral of Mrs. Horton Davis was held in St. John's Anglican church on Monday afternoon. The Rev. J. deP. Wright spoke from St. John ix. 14, "The night cometh." Interment was made in the family plot here.

## WANTED

## Homemade Bread For Sale

Tuesday, Thursday and Saturday at Mrs. C. W. Barton's, the Kerr place, Wiltse Street, Athens.

## Highest Tea-Room in the Empire

A few days ago there opened the highest tea room in the British Empire, 7,985 ft. above sea level on Saddleback range, in the Canadian Pacific Rockies. It is one of the quaintest of log-cabin shelters.

If you care to follow one of the loveliest mountain trails, we can climb together. If you believe in wood nymphs, if you love Alpine flora, so much the better, for the forest paths are aglow with starry flowered faces.

Leaving Lake Louise the trail plunges immediately into the wooded aisles of Mount Fairview. Each turn and a more beautiful vista. Mossy slopes where grow the saxifrages in their natural environment. Frilly fungi holding dew-drops in their cup-like receptacles, in grayish green colorings, offset the browns of the fallen pine cones.

Rhododendrons grow wild here. To meet them growing wild on a mountain slope in the Canadian Rockies is truly a joy. There they are in close proximity to the wild heliotrope.

On we climb, pausing to revel in a valleyed panorama. Far down below is Paradise River, winding and twisting, like a platinum ribbon unfurling in a wayward wind. Little Lake Annette, shy and demure, lies in a hollow. A lazy marmot creeps out to see what human dare disturb his morning siesta. Gazing at us in a disgruntled manner, he saunters off, whistling to his mate that enemies were approaching.

As the cliffs become less tree-clad, vegetation becomes less prolific. But to recompense this lack, nature had clothed the rocky crags with heather. Yes, there it is, the white bell-like blossoms proclaiming their message of love.

Another climb, this time over rocky stones, where one steps cautiously, envying the agility of the wild mountain rabbits that dart back to shelter at our approach, and we reach the goal of our ascent! We have climbed to seven thousand, nine hundred and eighty-five feet above sea level!

True to its name, sits the Saddleback Cabin Tea-house, resting between two higher peaks, which take

## H. H. ARNOLD'S

Hundreds of tourists this summer drank tea in this tea room, 7985 feet above sea level in the Canadian Pacific Rockies.

on the appearance of a Mexican saddle.

Snow-capped Mount Temple stands guard while trails leading to Sheol Valley and Paradise Valley look enticingly attractive.

A delightful English atmosphere permeates the interior of this old cabin, the original portion being as pencilled with names and dates as far back as 1899, by mountaineers, who sought shelter for the night, or protection from a short-lived blizzard, which occasionally varies the monotony of too perfect weather.

The hostess, a charming, fair haired English girl dispenses true old-world hospitality, and has made a happy selection of cottage pottery, for use on the log-pedestaled tables, done in dull blue tones.

Decking the tables are wild flowers blending harmoniously their colorings, the large mountain aster in soft lavender tones snuggled up closely to the yellow arnica; the plummy seed pods of the chalice cup soften the vivid red of the Indian paint brush, and the purple beard-

toe and heliotrope are also tucked in together.

A strapping youth from Calgary climbs the trail twice a day with provisions, for this "top-o-the-world" tea-house, and carries buckets of snow to be melted for the brewing of tea.

Miss Annette Whyman, who manages this unique tea-house is truly a keen lover of the open. Laughingly she told of the resentment of the squealing marmots, the thorny porcupines and the rock rabbits when she first took possession of this log cabin mountain shelter.

Two sleepless nights were spent, listening to the all-night sessions held by these furry creatures, over the advisability of evacuating their stronghold underneath the flooring. Finally, after much arguing, they decided a move was imperative. To those of you who love the great open spaces, and the grandeur of mountainous trails, the writer would recommend this climb, filled as it is with the best that nature gives.
