## Leather Footwear

During the strenuous year of trying times just past, our many friends in this business proved their loyalty to us through their patronage at our shoe store. We are grateful for same and now we are replenishing our stock from week to week and have revised our prices to meet the decline in the market. We again solicit your generous consideration and support.

## WEST ARLINGTON

Parties are the order of the night, not day here.

Mrs. Burton Marshall was visiting her son Avar, of Outram, one day last week.

The school trustees have secured the services of Miss Martha Curry, of Wilmot, to finish the school term.

Mr. and Mrs. Alfred Marshall spent Shnday, Jan 4th, at the home of Mr. and Mrs. Jacob Slocumb, of Mt. Hanley.

We are very glad to report Moody Sanford, our former school teacher, slightly improved at the time of writing.

Mr. and Mrs. Jacob Slocumb, Mt. Hanley were visiting at the home of Mr. and Mrs. Alfred Marshall one day last week.

Albert Brinton, of Keene, N. H. is visiting at the home of his parents, Mr. and Mrs. Minard Brinton, and other friends.

Howard Sabean, who has been visiting friends at Springhill, has returned home, reporting a very pleasant time there among his friends.

We notice with pleasure that the logs are commencing to pile up in the yard of Sabean's Bros' mill. This is a great boom for this place. They are hustlers. Several from our village attended

the funeral of the late Mrs. Amanda Marshall Sunday, Jan 2nd. We wish to extend to the entire family our sincere sympathy.

Inspector and Mrs. Foster, and family, of Bridgetown, who have been visiting at the home of the latter's parents, Mr. and Mrs. John Brinton, have returned to their home.

Guests at the home of Mr. and Mrs. Parker Sabean Jan the 4th were: Mrs. Charles Beardsley and son Archie and daughter Jemima; also Mr. and Mrs. John Graves, of Pot Lerner.

## MARINE NEWS

Granville (s. s.) Annapolis Royal for Gloucester, Mass; arr prev. to Dec 31, to lay up.

Schr Oronhyatekha which has been freighted between St. John, Parker's Cove and Hampton during the summer, arrived at Hampton last week with a cargo of freight for Norris Mitchell and is hauled up the water.

The Yarmouth schooner Loren B. Snow, LeBlanc, was at Liverpool on Saturday with a fare of 20,000 lbs of fresh fish. A telephone message from Capt LeBlanc Monday stated that good fishing prevailed in that vicinity, but owing to rough weather while on the trip the vessel lost a considerable quantity of gear.

"Sate at Portland," was the word sent by Captain George Tranhan of the schooner Clarence Trahan, to relatives at Meteghan, the little vessel made the Maine port just ahead of the storm that swept the New England coast and fears were entertained for her safety, according to a despatch sent out from Boston a few days ago.

The 130 ton Charlottetown schr Edith McIntyre, which for some weeks has been in John F. Devau's marine railway at Meteghan, when she is again put afloat will be practically a new vessel. The work of rebuilding her is very extensive and is being done from stem to stern and from rail to keel in a most thorough manner. The rigging of the vessel will also be completely renewed, as she will be converted from a two masted to a three masted schooner.

Navigation out of the river at Windsor is about over for this season, because of ice conditions, and in consequence of this the plaster, carrying barges Wildwood, Bristol and Plymouth, all loaded, were left at Portland to enable the tug Gypsum King which was towing them to New York, to return to Spencer's Island and get three more loaded barges, tow them to Portland and return for two more which are loaded. Most likely the assistance of one or two tugs in getting the eight barges from Portland to New York, otherwise she will have to make two extra runs from the Maine port. Last winter the barges took their loads from Digby, the plaster being sent there by rail from Windsor. Digby will likely get the shipments again this winter.

## HAMPTON

Miss Hattie Eason, from Mt. Rose, is visiting Mrs. Norris Mitchell.

Mr. Joseph Marshall is home from Kentville, being laid up by a bad cold and a lame back.

Mr. David Marshall, of Outram, was a guest at the home of W. H. O'Neal on Monday, Jan 3rd.

Mr. Curtis Foster, who has been working in Wolfville for several months, is home with a very bad cold.

Miss Alma Foster, from Kennebunk, Maine, accompanied by a friend, spent Christmas with her parents, Mr. and Mrs. Curtis Foster.

Miss Hilda Mitchell, who has been spending the holidays with her parents, Mr. and Mrs. Norris Mitchell, returns the last of this week to Acadia Seminary to resume her studies.

Mr. and Mrs. Clarence Brown and son Vernon, from Wolfville, were guests of Mr. and Mrs. Lenaly Banks during New Year's. Mr. and Mrs. Amos L. Rice were guests at the same home.

They used to call the women the weaker sex," says the Annapolis Standard. If you don't think they have more backbone than the men, go to a modern dance and see for yourself.

## THE FAMINE IN NORTH CHINA

Last Sunday an Appeal for Aid Was Made in St. James Church

Last Sunday, in common with churches, throughout Canada, an appeal was made in St. James Church, and Sunday School, for aid toward mitigating the horrors of the famine now prevailing in north China. It is conservatively estimated that between thirty and forty millions are starving and that unless help is immediately forthcoming fully half this number must die. The situation is desperate. Many to day are seeing to live on such leaves and bark as can be procured. The other parts of China are doing magnificently all they possibly can to help the distress of their brethren. But so great is the need that it is estimated some \$200,000,000 (two hundred million) must be raised outside if the situation is to be really met on the basis of one dollar per month to keep one body and soul together until the next harvest.

Imagine the task of feeding or relieving a population as great as Canada's multiplied by four until the next harvest and practically nothing to do it with!

The situation is desperate. Funds are urgently needed at once.

Either of the local Banks will gladly receive and forward donations. Reader, whoever, you are, help. Give to the extent of your ability, really denying yourself, if need be, to do that which is adequate.

"Give! as the morning that flows out of Heaven.

Give! as the waves when their channel is riven

Give as the air and the sunshine is given!

Lavishly, utterly, eagerly, give

Not the waste drops of thy cup overflowing;

Not the faint sparks from thy hearth ever glowing;

Not a pale bud from June roses blowing;

Give as He gave—that thou mayest live."

## VIRGINIA EAST

AMERICANS ARE ORGANIZING To Carry on Relief Work in Ireland

NEW YORK, Dec. 30 —A committee of United States citizens, which is claimed to be non-political and to have no affiliation with any of the Sinn Fein organizations in the United States has been formed to carry on relief work in Ireland. It is called the "American Committee for Relief in Ireland." A preliminary fund of \$300,000 has been underwritten by members of the committee, it is stated. The appeal to the public says that it is the object of the committee to meet the "appalling situation" in Ireland and describes conditions in that country in similar vein to statements which have been issued by Sinn Fein propagandists. Senator Wash, of Massachusetts, is spokesman for the committee.

WAS VICTIM OF BIG EXPLOSION

Mrs. Chapman Says Nothing Restored Her to Health Until She Got Tanlac.

"I am so deeply grateful for the wonderful way Tanlac restored my health that I feel it is my duty to tell everybody about my experience with the medicine," said Mrs. Nora Chapman, of 26 Pleasant St., St. John's, N. F. "We were living in Halifax at the time of the terrible explosion; my poor husband was killed and I was severely wounded in the hand, but was fortunate enough to escape with my life. That awful experience shattered my nerves and my health was never the same afterwards. My digestion became so upset that I could scarcely eat anything but what I would suffer from severe pains in my stomach afterwards. It was difficult for me to get a good night's sleep, and nearly every day had nervous headaches that almost drove me wild. I got very depressed and discouraged, for in spite of special treatment I didn't seem to get any better. "After I was well enough to travel I came back here to St. John's where I was born, thinking that the change would do me good, but it wasn't until I started taking Tanlac that I began to pull round. It has simply done me a world of good. It first of all gave me an appetite so that I could eat better than I had for a long time before. Now I can eat anything I wish without ever suffering from indigestion or pain afterwards. That tired, depressed feeling has left me and my nerves are quite steady and strong again. I am no longer bothered with headaches and feel stronger and better in every way. Tanlac is indeed a great blessing to suffering people, and I hope this statement may lead others who suffer as I did to try it." Tanlac is sold in Bridgetown by S. N. Wear, in Middleton by Clifford A. Mumford and in Bear River by L. V. Harris.

THE COUNTRY PAPER From a city exchange we take the following: Nearly all the country papers have raised their subscription price from \$1.50 to \$2 per year. This has been made necessary through the increased cost of publication. In common with the city dailies, and the trade and class publications, the country papers have been brought face to face with a very serious situation and have been forced by self preservation to increase their subscription price. It is hoped that no more of the country weeklies will be forced to suspend publication. Already there has been a lengthy list of papers forced into the hands of the receiver. No matter how efficient city papers may be, they can never take the place of the country weekly. There is a personality and a flavor about the home town paper which cannot be furnished by any other publication on earth. To the people of the district it is guide, philosopher and friend and to those living away from the old home centre its weekly coming is like a message from an absent friend. For the most part country papers have done a real service in fighting the battles of the community they serve. They see that the interests of the small towns and of the farm are linked up together and for the most part they have been warm supporters of the modern movement to give the common people a larger voice in their voice in the affairs of the nation.

ARTIFICIAL RAISINS

Raisins in these days possess an almost sentimental interest. We have read in the newspapers of the enormous importations from Italy, and everybody knows what high prices they fetch. The production of grapes in California for the present year is estimated at more than 300,000 tons. Of these a large part are wine grapes, grown in the central and northern part of the state. The producers are not permitted to make wine from these grapes, and they cannot ship them elsewhere for wine-making purposes. Obviously, the only thing to be done with them is to convert them into raisins. In southern California this might be done by the ordinary process of sun drying; but in the central and northern sections the weather is not sufficiently reliable. Accordingly, the growers are resorting to artificial dehydration.

ENTERTAINMENT AT HAMPTON

Our Minds Wander Back To Our School Days and the Parts We Played

A Christmas eve entertainment given by the school children of Hampton, was largely attended and greatly enjoyed by all present, and proved very creditable to their teacher, parents and all concerned. At the same time it made such an impression upon us that our minds wandered back to our school days, and the parts we used to take in different kinds of entertainments. We forget whether we made a mark at those times or not, as we left that with older heads to decide; less did we care, for we had no cares, worries, or burdens to bare. Our hardest task was studying our lessons. The balance of our time was spent in play and often times we built castles in the air only to be blown away by disappointments although those were the happiest days of our lives. Then, as children, how long it seemed for Christmas eve to come, when we could enjoy the sport of hanging up our stockings, then retire and listen for Santa to come down the chimney. But soon we fell asleep, awakened early and scrambled up to find out the good things Santa had distributed in the stockings of each one of the family; sometimes with a little feeling of jealousy that one had found a little better than the other, from which we learned it was the difference in ages.

As time rolled along, the great time arrived when we were no more children. The tide had turned to manhood and womanhood, where our thoughts must drift into another channel. What kind of an occupation are we going to follow? What recompense are we going to give in return to fathers and mothers who worried and worked hard to bring us up to that turn of life trying to teach us the right path to follow? Are we going to try as others have done in the past, both rich and poor, to raise our names to a noble and higher standard; improving every idle moment in trying to gain more knowledge each day, to raise up step by step until we reach a rung in the ladder of fame. When we arrive if we do, it is through the teachings of mothers. For it is the mothers who rock the cradles, and through their wise council encourage men and women to press forward to gain the highest pinnacle of fame, becoming leaders and rulers of the world worthy of praise and adoration. They leave behind them names from which monuments have been erected, both by people and state in honor of the good works done by them. But alas, how often we find school days thrown away by girls and boys no ambition, no desire to raise up in the world, but contented to live lives no good to themselves or those around them, handing down to their posterity a wasted life. I would encourage the children of Hampton, to try and make a mark for time and eternity, which will depend on mothers. Oh, these mothers, how much we owe to them our being, our nourishment, our consolation, our training in the ways of life. They are our guardian spirits, our loving helpers, our teachers, our best friends.

Now we must turn to the topic of the evening's entertainment, speeches, recitations, dialogues, drills and singing which showed one of the great characteristic features of the talents they possessed. Certainly everyone present fully enjoyed the generosity and good taste. The concert was arranged so well by the teacher and staff in general and turned out very creditable to all. To everyone the compliments of the season, and Mr. Editor, I thank you kindly for a space in your paper, and wish you a happy and prosperous New Year.

WEDNESDAY, January 12th, 1921

Judging from the number of people who have called upon the MONITOR since Monday morning, we would think there was considerable alarm concerning a number of cases of scarlet fever, which have appeared around town. It is up to the Health Officer to have a placard on every infected house, and see that the occupants, rich or poor, high or low, are strictly quarantined and this way the disease will soon be wiped out. Our townspeople anxiously await results.

BAPTIST MISSIONARY AID SOCIETY

Mrs. E. C. Young was "At Home" to the members of the Baptist Women's Missionary Aid Society on Tuesday afternoon Jan 4th, 1921, after the close of their regular monthly meeting. About fifty members and visitors were present and a fine social time enjoyed with dainty refreshments served by Mrs. Young's little granddaughter, Miss Ruth Young, of Halifax, and her little cousin Miss Florence Williams. Mrs. Eugene Saunders, Mrs. Clarence Young and Mrs. Abner Williams also assisted Mrs. Young.

Before leaving to Mrs. Young's great surprise she was congratulated on her birthday, and presented with a bunch of Carnations a box of chocolates and a more useful gift which was very much appreciated. Mrs. W. Chesley made the presentation in her usual bright manner and reminded Mrs. Young of the Chinese proverb, "It is a wise man who carries his umbrella on a sunny day," and advised her to carry her umbrella on all occasions.

NOVA SCOTIA FARMERS ASSOCIATION

As will be seen by an advertisement in another column the Nova Scotia Farmers' Association will hold their annual meeting in Bridgetown Jan 25th, 26th and 27th, at which about 100 delegates are expected to be present. We had a pleasant call last week from Mr. J. Howe Cox, of Cambridge, Kings County president of the Association and Mr. Chas R. B. Bryan, of Truro, Secty, who were in town making arrangements for the meeting. Every farmer in this vicinity should attend the entire session more particularly of which we will give in our next issue.

PARISH MEETING

Monday next being the 3rd in January is the day appointed for the holding of all annual parish meetings throughout the Diocese of Nova Scotia. The meeting of the parish of St. James, Bridgetown will be held in St. James Church schoolroom, in the evening, commencing at 7.30. Besides the passing of accounts and election of officers for the ensuing year, other important matters will be up for discussion and the Church Wardens are anxious for a large and representative meeting.

A WINTER AUTO RECORD

Mr. Karl Thies, accompanied by Mr. Geo. H. Dixon, made an auto run last Thursday afternoon from Bridgetown to Digby in one hour and ten minutes, 36 miles to the government wharf, to deliver some important papers on the S. S. Empress to be mailed in St. John for New York.

A GOOD CALENDAR

Mr. L. A. Bath, formerly of Bridgetown, now a well known and successful printer of Waluga, Oregon, has our thanks for a splendid office calendar just published by Glass & Prudhomme Co., Printers, of Portland, Oregon. It is well designed and shows superior press work.

Local Happenings

Boost Bridgetown during 1921. Knock the Knockers during 1921.

The Municipal Council opened its annual session in Annapolis yesterday morning.

Add to your telephone directory, Bridgetown exchange, No 35 21, J. A. Myers, County Home.

There will be service in St. Alphonso R. C. church next Sunday morning at 11 o'clock.

The Provinces of Nova Scotia, Manitoba, Alberta, Saskatchewan will go bone dry on February first.

At a recent meeting of the Liverpool Town Council, George Wright was appointed policeman and night watchman for one month, salary \$110.

The Ladies' Auxiliary of the G. W. V. A. will hold their meeting Thursday evening, Jan 13th, in the Ruggles Block at 8 o'clock.

Next Sunday afternoon the service in St. Mary's Church, Belleisle, will commence at 2.30 instead of 3 o'clock and followed by the annual congregational meeting.

The Rebekah Degree will be conferred on several candidates in Autumn Leaf Lodge next Monday evening. A large attendance is expected.

Next Sunday evening will be the last call for contributions to the Chinese famine fund in Gordon Memorial and Providence United Church.

The first meeting at the Health Clinic, town hall, will be held next Friday afternoon from 1 to 3 o'clock during which time all afflicted children and others will be welcome for examination and treatment.

Once more we remind the Town Council's street Lighting Committee that Bridgetown requires more street lights. We particularly refer to Albert Street, and there are several other places around town. Let's have more light, and this is the time of year we need it.

Miss Margaret MacKenzie, head nurse of the provincial clinics will address the officers and members of the Women's Institute in the Board of Trade Rooms Friday evening, commencing at 8 o'clock. We understand that this meeting is not limited to members only. While in town Miss MacKenzie will be the guests of Mrs. A. F. Little.

The funeral services of the late Joseph Chipman Morse, a notice of whose death appears on page two of today's MONITOR was conducted by Rev. W. S. Smith, pastor of the Paradise Baptist Church, assisted by Rev E Underwood, rector of St James parish. The pall bearers were: Deacons Norman and Joseph Longley, Messrs Charles Covert and J. Carey Phinney.

Mr. F. G. Anderson is attending to the duties of Chief Police Bridgetown until a permanent appointment is made. Mr. Anderson, who makes a good officer, has a telephone in his house and can be called anytime during the night, a protection which the town has not had for some time, and whoever may be appointed to this position, should be supplied with telephone connection.

Last week we advertised for a lady's brooch lost in or near the Baptist Church. As soon as the paper was out we received one, but it was not the one asked for. The one we referred to contains a green stone and its owner would greatly appreciate its return, so we are trying again to locate it for her. The other was picked up on the street. Was this one picked up in the church?

WEST CLARENCE

Mr. Henry Wheelock left Tuesday to visit his relatives in Boston, Mass.

Miss Gladys Corbitt spent Christmas with her parents, Mr. and Mrs. Freeman Corbitt.

Miss Reta Charlton spent the past week with her relatives, Mrs. A. J. Wheelock.

Miss Mildred Wheelock has been visiting Mr. and Mrs. Charles Wheeler, Bridgetown.

Congratulations to Mr. and Mrs. Charles Spurr on the birth of a little daughter, January 1, 1921.

Mr. Dan McDougal, Mrs. Jackson and little Agnes spent Christmas with his sister, Mrs. Frank Marshall.

Miss Mildred Wheelock, after spending most of the Christmas holidays at her home went to the Granville Centre to take up her school duties again.

The Christmas concert that was in the school house Dec 22, Wednesday evening, was quite a success. There were readings, exercises, dialogues and songs. After the programme Santa appeared and distributed the gifts from the heavy laden boughs of the large Christmas tree. Every one was well remembered.

LOCAL DEATH ROLL

FLORENCE TAYLOR

The Middleton Outlook says: The death angel again has entered the home of Charles Taylor this time claiming his daughter, Florence at the early age of 23 years. She fell prey to those dreaded diseases tuberculosis and diabetes. She was in charge of the home since her mother's death some 6 years past and will be sorely missed not only by her many friends and acquaintances but by that loving circle in the home which she graced by her presence. Always thoughtful of those about her she was bright and joyous as she possessed a remarkably sunny nature which found delight in the little pleasures and events of daily life. In her short illness she was remarkably brave and hopeful showing the sweetest courtesy to all and the most grateful appreciation for the attentions of her many friends. The funeral service was held at her home Dec 15th, conducted by Rev. J. A. Swetnam of Nictaux reading psalm 23, "Coming Home" was sung with good effect by Mr. Swetnam, "Nearer my God to Thee", "Tell Mother I'll be there", and "Will the circle be Unbroken" was sung at the service. She leaves to mourn her loss a sorrowing father, five sisters and six brothers: Mrs. E. G. Smith, of Boston; Mrs. E. F. Salsman, of Brickton, N. S.; Mrs. J. J. Clark of Boston; Sadie and Lillian at home; Charles, Clarence, Reginald, Alexander and John.

W. H. DUNBAR

The remains of William Henry Dunbar were conveyed through Yarmouth to North Range, Digby, Co., Friday for burial. Mr. Dunbar died Monday at Magnolia, Mass., of heart disease, at the age of 71 years and 8 months. He was formerly a resident of North Range, but had lived in Massachusetts for twenty five years or more. His sons James T. and Gordon W., also his daughter, came to attend the funeral.

MRS. MARY A. EVANS

The death occurred at the residence of her daughter, Mrs. G. H. Power, 22 Duffus Place, Halifax, of Mrs. Mary A. Evans, after a brief illness. Interment was at Waterville. The floral offerings which were numerous showed the high esteem in which the deceased lady was held.

PRESBYTERIANS AND METHODISTS UNITE

At a meeting in the Bridgetown Presbyterian Church last Sunday it was by a majority vote, decided to unite with the Bridgetown Methodist Church and the union now takes place automatically having already been approved of by the Presbytery and Representatives of the Methodist Conference. A business meeting will be held in the Methodist vestry this (Wednesday) evening to complete arrangements for the present. A meeting of the United Board will be held later to provide for the future welfare of the united congregations. It is predicted by many that in June next the Presbyterians and Methodists will become united all over Canada and that other denominations will follow their example in the near future.

WEDDING BELLS

MITCHELL-O'NEAL

A pleasant event took place at the Baptist parsonage, Bridgetown, on Wednesday afternoon, Jan 12th, when Helen Irene, daughter of Mr. and Mrs. W. H. O'Neal, was united in marriage to Everett L. Mitchell, of Hampton. The ceremony was performed by the Rev. M. S. Richardson, Pastor of the Bridgetown Baptist Church, the ring service being used. The bride was dressed in a suit of navy blue serge with hat to match. They were accompanied by George K. O'Neal, brother of the bride.

After the ceremony they proceeded to the bride's home where tea was served. In the evening they were serenaded by their young friends in their usual good way. We all join in wishing the young couple many years of happiness.

ANNAPOLIS COUNTY FARMERS' ASSOCIATION

The officers of the County Farmers Association for 1921 are: Harry Barteaux, President, Williamston; C. S. Bothamley, Vice President, Paradise; L. W. Elliott, Secty Treasurer, Clarence.

The Government Clover Huller has just finished cleaning up the clover of the County for the season. 4300 lbs of excellent seed has been secured. The Huller was located at Lawrencetown, the most central point. Forty Farmers participated in this project, among whom we may mention J. E. Shaffner, of Lawrencetown, 430 lbs and A. W. Phinney, near Bridgetown, 420 lbs. One fact is well proven. To secure a good return of seed, the first crop of clover must be cut near the last of June or the very first of July, the second crop being the best for seed.

### CANADIANS ON "BUYING STRIKE"

Prices Went Up a Step at a Time They Cannot Come Down The Banmeister

Do you realize what's happening? Canadians are on a "buying strike." A "buying strike" to a nation is what a "hunger strike" is to an individual. Business is languishing to-day, and why? Because demand has fallen off? No sir! Because there is lack of capital to carry on? Not at all. The demand is there, but you are stifling it. Canada has ample capital, and plenty of labor eager to work.

Canada is like a moody, prosperous individual, hanging around the house with money in his pocket, wanting lots of things, needing lots of things, but harboring an obsession that he won't spend his money till prices come down to where they were six years ago. Prices didn't go up in a day. They can't come down in a day. Prices went up gradually from 1914 to 1919. Prices went up a step at a time. They can't come down by the banmeister. They must come down the same way they went up.

The reason we were able to finance the war so well was because business was good—people bought and sold. The only way we can pay for the war is by buying and selling. And, moreover, prices are down—for many commodities they are already down to lower level than they should be. Things are selling for less than their cost to make. That is an impossible situation. If you won't buy the things the other fellow makes, he can't buy the things you make. That is reasonable, is it not? And if he doesn't buy the things you make—the shutters will soon be up on your place of business. Those who are insistently determined to wait until things "crash" before they buy are not doing humanity a service. For nobody can sell things long at a loss.

The prices of overcoats, shoes, furniture, tires, and so forth, are based on the cost of raw materials, labor, freight, etc., and profit to those who make, handle and sell them.

Your livelihood and prosperity are bound up in the livelihood and prosperity of other men—you can't deny that point. There is nothing fundamentally wrong with the country—we have bountiful crops, ample money, capable heads and hands. But we can't survive a "buying strike" nevertheless. Business is a gigantic organization, kept alive and active by trade coursing through its veins. When trade stops circulating—business dies. Your particular trade can't flourish in splendid isolation. The articles you make can't sell to men out of a job.

True thrift is always wise, but a stubborn refusal on the part of the Canadian public to buy the things they need now is simply slowing down the wheels of commerce that feed and clothe and house us all.

If you are on a buying strike—"forget it." Go out and buy to-day the things you need, for the prices are down. If you are waiting for them to come down further tomorrow or next day or next month, you may not then be in a position to buy.

### THE PICTOU TRAGEDY

P. E. I. Man Confesses and Gives the Officers a Signed Statement

SUMMERSIDE, Jan. 5—George Loder has confessed to shooting Daniel A. Barry, the aged Pictou cripple, and to setting fire to the oil-saturated bed on which the body lay. Loder made a clear confession of the crime to Chief Detective Horace Kennedy here tonight.

Loder broke down and wept in his cell at the Prince County jail as he told the detective the shocking tale. Detective Kennedy had been with the prisoner only a short time when, after receiving the statutory warning, he volunteered his statements. This statement, Detective Kennedy said tonight, was full and complete and bore out the results of the investigations carried out at Pictou and about the home of the victim.

Detective Kennedy and Chief of Police MacAuley, of Pictou, arrived in Summerside shortly after six o'clock this evening. After an examination of the articles the former went alone into the cell. He shortly after called in Chief MacAuley. Loder had then broken down and wished to make the statement, which was immediately taken, signed and witnessed.

### BRIDGETOWN'S STEADY PROGRESS

A Synopsis of the Year's Doings and the Town's Future Prospects

By Mayor J. W. Salter in Halifax Herald

Bridgetown, Dec. 30—The year now drawing to a close has been one of steady progress and prosperity for the people of Bridgetown and surrounding country. The various industries report a large volume of business and the merchants and trades generally have shared the prosperity.

Situated at the head of navigation on the Annapolis River and surrounded by the most fertile agricultural district in the valley, with two lines of railway and steamship serving our needs for transportation, Bridgetown becomes a centre of trade and manufacture with advantages, which are unexcelled at any point in western Nova Scotia.

The varied products of farm and forest insure steady supplies to the factories and constant employment to the workers of this community, which eliminates the periods of industrial depression often felt in large manufacturing centres.

Bridgetown's advantages as a residential locality are constantly gaining greater recognition and its attractions appeal to many of those who have acquired a competency and are desirous of acquiring homes where the benefits of country life can be combined with the conveniences and educational advantages of the city.

Bridgetown takes great pride in its public school service which with Principal J. T. Archibald B. A. assisted by Vice-Principal R. J. Messenger and a capable staff of teachers stand in first rank among public educational institutions in this Province. The school board, under the able chairmanship of Dr. M. E. Armstrong, has this year installed a steam heating plant and added other improvements to the Academy for the comfort and convenience of scholars and teachers.

The steel bridge, swept away by the floods of last spring has been replaced by a more solid structure. The D. A. R. has finished the new station, which has added greatly to the appearance of the town's approaches and is one of the neatest and most convenient stations along the line.

These advantages combined with macadamized roads, street lined with beautiful shade trees and well kept residences, make Bridgetown a very desirable location for new settlers and a joy to the transient visitor.

By Ex Mayor W. D. Lockett

The year just closing, 1920, marks an important one in the history of Bridgetown and will be looked back on as the date of the flood, as during Sunday morning, March 14, portion of the town and vicinity became inundated, which continued until 6.30 Monday morning, when the traffic bridge was carried away.

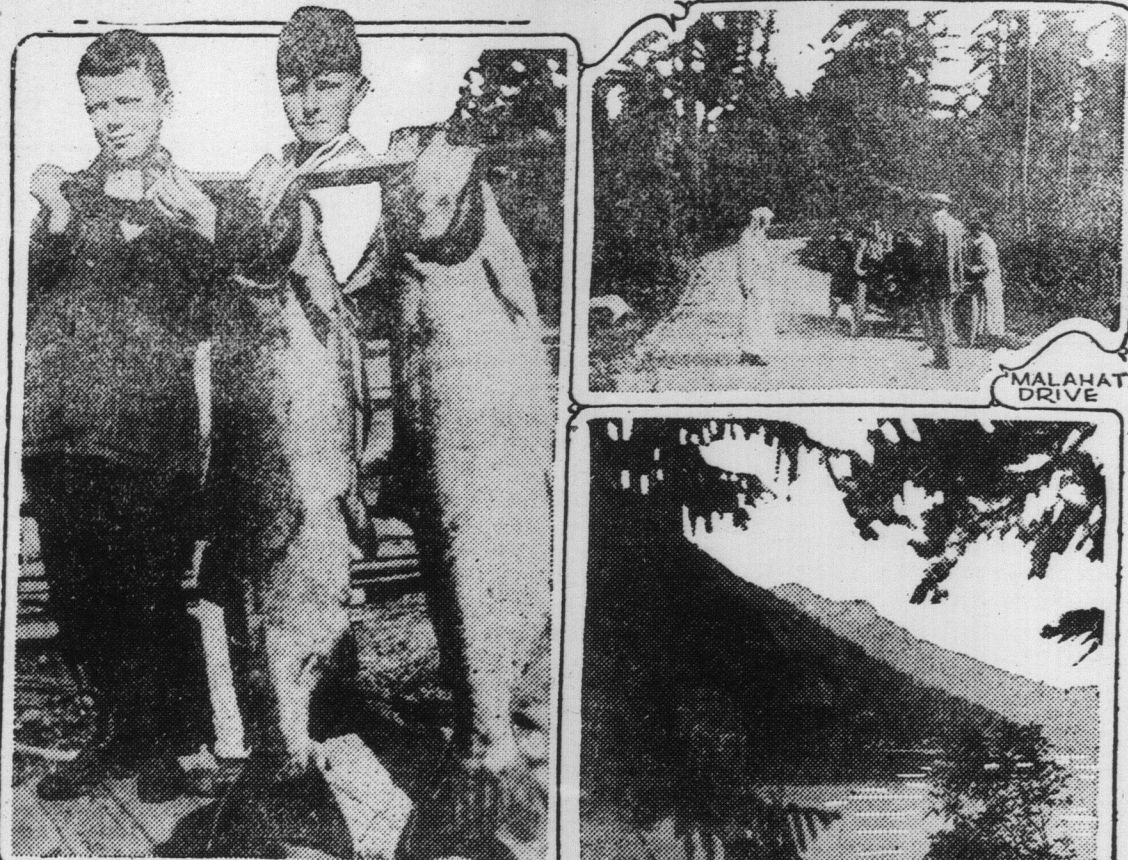

A temporary bridge was soon built, but the permanent bridge, now about completed, was under construction during the present holiday season, which cutting off carriage traffic from the south side of the river, considerably interfered with the Christmas trade, which after all proved, in some instances, above the average. The open fall and winter has considerably handicapped lumbering operations. Good sleighing, however, which commenced Tuesday morning, has given a big start to the lumbering operations for 1921. Work appears brisk in all our industries. The firm of J. H. Hicks & Sons have several building contracts in various parts of the Annapolis Valley. The Annapolis Valley Cider company have large orders in advance for the Evangeline brand of cyder. The M. W. Graves & Co., for their vinegar and cider products. Business is good at MacKenzie, Crowe & Co.'s Larrigan factory, also at Beeler & Peters' box and barrel factory. While it is early to predict the results of crops, there is no reason to believe but what the apple shipments will be even bigger in 1921 than in 1920. On the whole, Bridgetown appears to have a prosperous year in store for her and while there is no big building boom houses are in great demand.

The Weymouth schooner Grace and Ruby, on her way from Boston for the banks, put into Shelburne with sails torn, having experienced severe weather. Repairs were made and the vessel proceeded.

Schr A. W. Longmire, Longmire, was in Yarmouth on Sunday with a fare of 9,000 lbs fresh fish, which was purchased by George R. Earl.

Wolville Acadian: Mrs. Helen Packe, of Westport is spending a few weeks the guest of her daughter, Mrs. P. H. Beattie, Lower Wolville.

### ALL THE YEAR ROUND MOTORING IS ONE OF VANCOUVER ISLAND'S CHARMS

TYPE CAUGHT ON VANCOUVER ISLAND

The motorists' idea of paradise is a beautiful country where roads and weather permit continuous traveling. The nearest approach to that ideal in the north-western part of this continent is Vancouver Island. Nature has provided beauty and the right sort of climate; man has built fine roads.

The temperature of Victoria, the hub of Island life, is so modified by the Japan current that its average mean temperature is 45 degrees F. There is a range of only 22 degrees F. between the mid-winter and mid-summer averages.

Sunshine is the rule, averaging nearly six hours for each day in the year. Of course, the summer days have longer hours, but there is enough sunshine all winter to keep vegetation green and gardens in bloom. While Victoria has few rainy days, the annual precipitation being 27.46 inches, which is less than that of any other Pacific coast point north of San Francisco, the city has abundance of water caught by neighboring mountains.

Although situated on the southernmost tip of an island, Victoria is quite free from fogs. Because of its low range of variance in temperature and clearness of atmosphere, this city was chosen by the Canadian Government as the site for its two great observatories.

The motor roads of the Island are worthy of their setting. Victoria and more miles of marine drives and beautiful views, is the starting point for many delightful trips. Among them are the 40 miles of Saanich Peninsula, skirting Cadboro and Cordova Bays; winding, thrilling roads that climb up to the observatories, and a fourteen mile

run to the famous Puchart Estate with its sunken gardens, metamorphosed rock garden and exquisite Japanese garden.

The Island Highway is the pride of the Island. It is a 170 mile stretch of well-made road running from Victoria to Campbell Falls along the Gulf of Georgia. It is strung with picturesque towns and branch roads lead to such delightful resorts as Shawinigan Lake, Cowichan Lake, Cameron Lake, Great Central Lake, and many a trout stream. The southern portion of the Highway is known as the Malahat Drive, pronounced by the knowing ones as a perfect motorway.

Representative of Treasury Expected in Washington to Discuss Exchange of Demand Notes

WASHINGTON, December 29.—A representative of the British treasury will reach the United States soon. Secretary of the Treasury Houston said today, to continue in Washington the discussion of the exchange into long time obligation of the demand notes of the British Government held by the United States.

The British debt at this time is \$4,196,000,000. Under the Liberty Bond Act the Secretary of the Treasury is authorized to effect the exchange at a rate of interest not less than that borne by the demand instrument. Secretary Houston said: "The Victory Liberty Loan account provides that obligations of foreign governments acquired by virtue of the provisions of the first Liberty Bond Act or through the conversion of short time notes acquired under that act shall mature not later than June 15th, 1947, and that all other shall mature not later than October 15th, 1938. I am of the opinion that if they so desire, the respective foreign governments should be given the benefit of the full period thus permitted. The long time obligations should, I believe, contain a provision for a moderate sinking fund, the first payment on which should be made at a reasonably early date."

### BOSTON PLANS FOR SEA RACE

Arrangements Are Made For Lipton Cup Before Trials Are Made For Herald Trophy

BOSTON, Dec. 30—Arrangements were announced tonight for entry of a new Boston fishing vessel as a challenger for the Lipton Cup for New England fishermen next year as a preliminary to the championship of the North Atlantic fishing fleet won by the Gloucester schooner Esperanza from the Lunenburg boat Delawana this year.

The tentative plan is to have the new vessel, to be named The Mayflower, and a Gloucester boat, race the Rose Dorothea of Provincetown, present holder of the Lipton Cup, the three-cornered contest to determine not only possession of the cup, but also the right to meet the new Canadian challenger now being built at Lunenburg.

Should the plan be carried out in October next in Boston Bay, the winner of three out of five races to take the cup and to become the United States defender. The International event would be held in November.

Everett James, of Essex, will build the Mayflower, to be designed by W. Starling Burgess and Capt. J. Harry Larkin, of the schooner Bay State has accepted the berth of skipper.

Canada has the largest grain mills in the British Empire.

Mrs. Fred Gilliatt, and little daughter, of Annapolis Royal, spent Xmas week at the home of her father, Colonel Spurr. On Sabbath evening Dec. 26th, a Cantata, "The Tree of Promise," was given in the Baptist Church, which despite the severe cold, was quite well attended, and which proved quite a success.

At the close of the Cantata presents were distributed among the Sabbath school scholars, the pastor, Rev. Mr. Puddington, being remembered, as well, after which he made some very appropriate remarks, and thanked them for their kindness and good-will towards him.

The Atlantic Sugar Refinery in St. John, after being closed for three months, resumed operations on the 3rd, employing 400 men. The pay is 35 cents an hour in place of 47 cents before the shutting down.

Mr. and Mrs. C. A. Brown, of Wolville, spent New Years with friends at Hampton, Annapolis County.

### LIGHT IN THE POULTRY HOUSE

(Experimental Farms Note)

After repeated experiments by the Experimental Stations and others, one can safely say that artificial light in the poultry house is an advantage, in that it transfers the period of high production from the spring months to winter months. Though lights may not be the means of increasing yearly egg yields it produces eggs when eggs are high in price.

### REASONS WHY LIGHT HELPS

Light gives the birds the amount of daylight they are used to having during the time of high production or in the spring months. In Canada, especially, the winter days are extremely short and the hen's day even more so, for she goes to roost as soon as it begins to grow dusk, and the trouble is that the light is so long that she is not able to take enough feed to do her until morning. The value of the light is simply to increase her daylight so that she can have more time to eat and less time necessary for sleep. It lengthens the hen's day and makes it more in keeping with summer conditions.

### BEST TIME TO GIVE THE LIGHT

Others will turn the light on for an hour or two in the morning and an hour or two in the evening. There is really no best time when the light should be turned on. It is all a matter of convenience. Some people prefer to turn on the light from four to six in the morning and let the birds go to roost when they see fit in the evening. They claim that this is more natural in that the birds get up as soon as the light comes and start scratching. They go to roost at the usual time at night and are sure to be on the whole some find it more convenient to turn the light on in the afternoon before dark comes and then turn it off about nine or ten o'clock at night.

As long as the day is lengthened to from twelve to fourteen hours it is immaterial just what method is adopted so long as the same method is followed throughout the whole season. Care however, must be taken so that after the lights are turned on in the evenings the birds will get to roost before the lights are turned out. To insure this some use dimmers. Others flash the lights while some claim it is not necessary, that the birds will soon get into the habit of knowing just when to take the roost.

On the electric light being turned on at night, there is the difficulty that the birds sometimes go to roost early even though the light is on. If this is found to be the case it will be well to give some special feed in the evening and keep them scratching, or allow the birds to go to the roost at the natural time in the afternoon, and then after supper turn on the light and give them their evening feed. At that time they are hungry, they get off the roost and spend an hour or two scratching to get their evening feed. The exact time is not so important so long as judgment and good management are used.

### KIND OF BIRDS HELPED

Since the use of electric light is valuable only in hurrying up egg production, it is not recommended as highly for well matured early pullets that have started to lay say in October or November. Under natural conditions these will give a good egg yield, and it is a question as to whether light in their case is an advantage, but for late and immature pullets and for older hens light is an advantage. It will hasten the development of the later pullets, bring them into egg production much earlier, and will sometimes be the means of making late birds give a profit when otherwise there would be none. The same is true of hens that have been laying fairly well during the summer and under natural conditions will rest for most of the early winter months. Our experience has also been that for the late hatched chicks electric light has assisted in the development. In a bunch of 200 White Leghorns hatched on the 15th of September, electric lighted brooders were used which gave light all night long and these pullets were laying by the 15th of January.

### KIND OF LIGHT TO USE

As a rule, a 60 Watt, Tungsten will give sufficient light for an ordinary pen of twenty five birds. Shades to the light are not an advantage, but the light would be placed where the most illumination will spread over the floor. Where electric lights are not available, a number of barn lanterns with reflectors have been hung on the wall with fair success. Other systems of illumination may be used but danger of fire must be taken into consideration. Automatic clocks for

turning on and off the lights are an advantage in that it is then done without any extra attention. Dimmers are an advantage if the light is used in the evening, but it the manager will watch carefully he can by flashing his light once or twice soon train the birds to take to the roost.

### A FEW RESULTS

At the Experimental Farm electric lights have been tested for several years and the general results are as indicated above. During the six winter months. November to April lights were the means of reducing the cost of feed for each dozen of eggs from 32.1 to 28.5 cents, but the main difference was shown in the profit because of the light, for in four pens, two with light and two without light a balance over cost of feed and cost of light in the illuminated pens was \$77.64 against a balance over cost of feed in the dark pens of \$58.95.

### FREIGHT REDUCED

Friday's Halifax Herald says: The shippers of the Annapolis Valley, having been able to reduce the freight on apples from Halifax to England to \$1.50 per barrel, regard the situation as fair with plenty of tonnage offering. They also claim to have won out in their protest against the switching charge of 2½ cents a barrel at Halifax.

Minard's Liniment Relieves Neuralgia.

## Health and Happiness

Women of today seem to listen to every call of duty except the supreme one that tells them to guard their health. Home duties, church duties, war activities, and the hundred-and-one calls for charitable enterprises soon lead women to overdo. Nervousness, headaches, backaches and female troubles are the inevitable result.

Philadelphia, Pa.—“I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which, added to my weak condition, kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness. Health and happiness? Yes, I have both now.”—Mrs. J. WOODMAN, 2842 North Taylor Street, Philadelphia, Pa.

The majority of women nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. Avoid them by taking in time
