The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

# Life Association of Scotland.

SPECIALLY EMPOWERED BY ROYAL CHARTER AND ACT OF PARLIAMENT  
FOR

## LIFE ASSURANCE AND ANNUITIES.

Founded 1838.

### CANADA BRANCH,

Head Office, Place D'Armes, Montreal.

#### DIRECTORS:

DAVID TORRANCE, Esq., of Messrs. D. Torrance & Co.  
 GEORGE MOFFATT, Esq., of Messrs. Gillespie, Moffatt & Co.  
 ALEXANDER MORRIS, Esq., M. P. F., Barrister, Perth.  
 The Honorable G. E. CARTER, M. P. F., Attorney General East.  
 THOMAS KIRBY, Esq., Manager, Commercial Bank of Canada.  
 PETER REDPATH, Esq., of Messrs. John Redpath & Son.

Medical Officer—E. PALMER HOWARD, Esq., M. D.

Secretary—P. WARDLAW.

THE LIFE ASSOCIATION OF SCOTLAND is one of the largest and most successful among the Life Assurance Offices, and possesses, in its extensive business, an element of safety and permanence not contained in smaller institutions. The Policy-holders are not only free from the responsibilities of Partnership, but the Sums Assured are guaranteed by a Subscribed Capital, in addition to the large and constantly increasing Funds.

### Business at 5th April, 1864.

New Assurances for year ending 5th April, .....	1,311 for	£582,824 Stg.
Total Policies in force, .....	12,900 for	£5,570,768 "
Annual Income from Premiums and Investments, .....		£220,873 "
Accumulated and Invested Funds, .....		£858,766 "
Sums paid to Representatives of deceased Policy-holders, .....		£591,920 "
Profits already distributed <i>in Cash</i> among the Policy-holders, .....		£224,716 "

Intending Assurers have the choice of two separate Schemes, each of which has its peculiar and distinctive advantages.

**CLASS B, OR UNCONDITIONAL LIFE ASSURANCE,** namely, Life Assurance almost without any Conditions or Restrictions. This class is, however, not intended for persons residing in, or likely to proceed to, unhealthy climates, or who may be exposed to unusual hazards. The Profits allocated to the Policy-holders under this scheme will be *Bonus Additions* to the Sums assured. The Divisions of Profit will be made every five years, the first in 1865; and the Lists of Policies will be closed annually on 5th December.

**CLASS A, OR ORDINARY LIFE ASSURANCE,** namely, Life Assurance with some at least of the ordinary Conditions and Restrictions in Residence and Occupation. The Association's conditions are, however, much more liberal than those of many other Offices. This scheme is to be distinguished from others, also, by the favorable mode of allocating profits annually *in cash* amongst the Policy-holders during their lives: the annual payments for the Policies being thereby considerably reduced. The Lists are closed annually on 5th April.

For further details of the Association's Systems, see Prospectus.

The Subscribers beg to announce that, having purchased the DAILY, TRI-WEEKLY, and WEEKLY TRANSCRIPTS, it is their intention to continue their publication—in an improved shape—in this city, and would respectfully solicit a continuance of the support which has been accorded to these Journals during the past thirty years.

On and after the 1st July prox., the DAILY TRANSCRIPT will be issued in an entirely new and enlarged form, in new type, and will be made, as far as possible,—both in character and appearance,—second to none in the Province. It will also be changed from a Morning to an Evening Journal, and will contain, in hourly editions, the Latest Intelligence from all sources—Telegraphic and Local. The Annual Subscription will be \$5.00, the lowest rate consistent with the development of a FIRST CLASS daily paper.

The TRI-WEEKLY TRANSCRIPT will also be issued in a new and enlarged form, at the rate of \$3.00 per annum.

The WEEKLY TRANSCRIPT will be issued in quarto form, containing the same amount of matter as at present, but in a much more readable and convenient shape. It will contain a complete Summary of the week's news, as well as interesting selections for the Home Circle. Subscription \$1.00 per annum.

No pains or expense will be spared to make the TRANSCRIPT a thoroughly reliable exponent of Political and Commercial affairs, and a channel for all intelligence that can interest or benefit the community.

The TRANSCRIPT will be found an excellent medium for Advertisements, and the rates for Advertising have been fixed at the lowest rates :

The PUBLISHER begs to present MACKAY'S MONTREAL DIRECTORY for 1865-6; and while doing so, would tender his thanks to those who have rendered the practical support necessary to its successful publication.

Neither labor nor expense has been spared to ensure correctness and completeness; and the Publisher has no hesitation in stating, that, in fulness of detail and of Miscellaneous Information, the MONTREAL DIRECTORY for the present year will compare favorably with any Directory published in America.

During the canvass a large number of houses was returned by the agents as being at that date unoccupied. Of these careful note was taken, and agents sent from time to time to learn if they were as yet tenanted. By this means nearly 200 names were secured and added to the book. The number of names in the Alphabetical Directory for the present year exceeds 18,500, being an increase of nearly 1000 over that of last year.

The Publisher regrets to state, that, though fully appreciated by the few, the STREET DIRECTORY has not called forth the additional support necessary to cover so expensive an addition to the book. Believing that the circulation of the Directory would be curtailed were the amount necessary to meet the expense of the Street Directory added to the present cost, the Publisher has decided, in succeeding editions, to omit the Street, and give, as formerly, only the General Directory. For the convenience of those requiring it, however, he purposes, should the demand warrant it, publishing the STREET DIRECTORY in a distinct form.

A great effort has been made to issue the Directory at the earliest possible date, as the re-numbering of the houses throughout nearly all the Streets in the City during the past season has rendered it almost indispensable. A great amount of care and labor have been expended upon it, and the Publisher trusts that it will be found as reliable and complete as it has been his endeavor to make it.

BOOKBINDING.—Owing to the difficulty of procuring first class Bookbinders, and the high wages they demand and not being warranted by the amount of support accorded, together with the heavy duty (20 per cent.) on binding material, while the bound book is admitted free, the undersigned is under the necessity of declining to execute further orders in this branch, and will hereafter confine himself to binding connected with his business, and the manufacture of Blank Account Books.

### ENLARGEMENT OF PREMISES.

The undersigned has greatly enlarged, and otherwise improved his premises, which he has fitted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book manufacturing business. The Compositors' Rooms are well stocked with a large variety of plain and Fancy Types, embracing the newest designs. The Establishment is furnished with Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Hoisting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machines, all in thorough working order, which enables him to turn out large quantities of work at very short notice. 130 persons are employed in this Establishment.

Country Orders for Printing and Blank Books carefully attended to, and work dispatched by the safest and cheapest modes of conveyance.

**CAPITAL** . . . . . \$12,500,000  
**INVESTED**, . . . . . over 2,000,000

**CANADA BRANCH OFFICE,**

**5 & 387 ST. PAUL STREET, MONTREAL.**

### Fire Department.

The distinguishing feature of this Company is the introducing of an equitable adjustment of charges proportionate to each risk insured, instead of being bound to an indiscriminating and unvarying tariff.

This office insures against loss or damage by Fire of Property of every description, including Mills and Manufactories, and the Goods, Merchandise and Machinery in the same, will be made good.

Losses occasioned by Lighting will be made good, when the property insured has been actually set on fire thereby.

Loss or damage caused by explosion of Gas is covered by this Company's Policies.

All reasonable expenses incurred at the time of fire, in the removal of Goods insured at this Office, will be paid.

Losses settled and paid in Canada, without reference to the London Directors.

### Life Department.

Among the pre-eminent advantages offered by this Company are the following: Perfect security, the Capital being one of the largest amongst Assurance Companies.

The total expenses of Management to be charged against the Life Department are fixed by Resolution of the Shareholders, to a small percentage on the annual Premium Income. The rapid accumulation of the Life Funds, with the certainty of good success, is thus secured.

50 per cent. of the entire profits—including those on the Non-Participating Branch—appropriated for division every five years, among the Policies on the Participating Branch.

40 per cent. at least of the premiums received on Participating Policies will be allowed on surrender, after Premiums have been paid for three years.

Claims are paid one month after proof of loss.

Policies that have been in force five years may, without extra charge, be freed from restrictions as to foreign residence (see Prospectus).

THE EUROPEAN ASSURANCE SOCIETY.

GUARANTEE DEPARTMENT.

IN ADDITION to the Business usually transacted by Life Assurance Associations, this Society is specially constituted to grant Bonds of Indemnity to Bankers, Merchants, Public Companies, Municipal Corporations and others, against losses occasioned by the dishonesty or infidelity of their Employees.

TO EMPLOYERS

The system of this Society offers great advantages, inasmuch as it not only secures to them the prompt payment of any loss so sustained; but affords them the means of avoiding the unpleasantness, and to a great extent uncertainty, attendant upon Private Suretyships; and as the Society, for its own safety, takes all steps to ascertain the character of an applicant for employment, Employers are relieved of that necessarily delicate and troublesome task, and are assured by the fact of the Society's consenting to grant a guarantee, that the Candidate for such employ has been found, as far as it is possible to be known, fully worthy of their confidence and trust.

TO EMPLOYEES,

It obviates the unpleasant necessity of resorting to their personal friends, and enables them by payment of a small annual premium, to be their own independent sureties—with the satisfaction of feeling that the security they give is of the most substantial nature, and at the same time, a convincing proof of their well-established trustworthiness.

TO BONDSMEN,

It affords, in approved cases, the means of immediate release from the liability under which they have placed themselves: every facility being given to substitute the Society's Bonds for existing suretyships—no expense beyond the actual premium being incurred.

This system of Guarantee has been thoroughly tested, and its advantages largely made use of by the Mercantile and Commercial Communities in Great Britain, and most of her dependencies—the various departments of Government, in addition, being authorized by special Act of the Imperial Parliament to accept the Bonds of *this Society only*.

The Rates of Premium in all cases are commensurate with the risk incurred.

THE GUARANTEE BONDS OF THIS SOCIETY ARE NOW GENERALLY ADOPTED AS SECURITY FOR EMPLOYEES, BY THE BANKS, RAILWAYS, CORPORATIONS, AND COMMERCIAL INSTITUTIONS AND FIRMS, THROUGHOUT CANADA.

The Government Departments are also authorized by special Act of the Provincial Parliament to accept these Bonds in lieu of or in addition to private securities.

ALL PREMIUMS RECEIVED IN CANADA—INVESTED IN THE PROVINCE.

THE EUROPEAN ASSURANCE SOCIETY.

LIFE DEPARTMENT.

This Society, from its peculiar constitution and the large amount of its income, from both premiums and invested Capital, is in a position to transact Life Assurance business upon terms unusually favorable to Assurers.

The following are the more prominent features in this Department:—

All Life Policies issued upon the faithful representations of Assurers, are indisputable.

Policies, on which five full premiums have been paid, are purchased by the Society.

On Policies for over £200 stg. for the whole of Life, one half the premiums for first five years may remain unpaid at interest at six per cent. per annum.

Three-fourths of the entire Life and Guarantee profits of the Society are divisible amongst the Life Policy Holders on the Profit scale of Premiums every Five Years.

Thirty days' grace is allowed for payment of Premiums, and in the event of death before the expiry of such grace, the claim will be paid, less amount of premium due.

Policies lapsed by non-payment of premiums may be subsequently renewed by paying the premium, and a small fine, on the production of satisfactory evidence of the good state of the life assured.

All claims, Life or Guarantee, paid without reference to London.

TABLE OF RATES for Assurance of £100 Stg. (\$486.67) on a single life for the whole term, with right to participate in the Periodical Divisions of Profits.

EXAMPLE.—A person 25 years of age, by paying £2 2s. 9d. Stg. (\$10.40) annually, can secure £100 Stg. (\$486.67) whenever death may happen, together with such addition as may have been appropriated to the Policy by way of Bonus.

Premiums are also made payable Quarterly.

Persons assuring their lives in this Society can avail themselves of the Society's Suretyship to a proportionate amount, at any time—FREE OF EXPENSE.

## THE EUROPEAN ASSURANCE SOCIETY.

Assurances are also granted upon Joint Lives; for Short Terms; or for sums payable at a Stated Age.

Assurances may be effected for India or China on reasonable terms, and on the lives of Naval and Merchant Seamen and Officers, at moderate rates.

Whole-World Policies are also granted by the Society, giving the Assured permission at any time to go to, reside in, and return from, all parts of the world, on payment of a fixed but moderate rate of Premium.

The Combination of Life Assurance with Guarantee, is a feature introduced and transacted solely by this Society; it affords the following important advantages to the Assured:—

When the Life and Guarantee Policies are for an equal amount, (the rate of Premium of the Guarantee not exceeding one and a half per cent.,) an abatement equal to half of the Guarantee Premium is made in the Life Premium.

When the Life Assurance is for DOUBLE the amount of the Guarantee, (the rate being as before stated,) the whole of the Guarantee Premium is appropriated to the Life Premium.

For example, a Guarantee Policy is required by A. R. for £500 Stg., and the Premium being one and a half per cent. for the character of the risk undertaken, he pays £7 10s. Stg. a year. He Assures his Life for an equal amount, and the age being, say 35 next birthday, the Annual Premium, with Profits as per Table of Rates annexed, is £2 15s. Stg. per cent., equal to £13 15s. Stg., for £500 Stg.; but an abatement equal to half of the Guarantee Premium being allowed, the Life Premium is reduced to £10 Stg., thus presenting the advantage of an immediate reduction of the Premium equal to 27 per cent., or a prospective Bonus of £135 Stg. on the amount assured.

Or, suppose the Guarantee to be as above stated, £500 Stg., and the Life Assurance £1,000 Stg., the yearly Life Premium, as above specified, would be £27 10s. Stg.; but the whole of the Guarantee Premium (£7 10s. Stg.) being allowed, the Life Premium is reduced to £20 Stg., being equal to 26 per cent. immediate reduction of premium, or a prospective addition of more than £230 Stg. to the sum assured.

In other cases than those specified, the reductions are matter of special arrangement, and depend on the class of risk, rate of premium, and the relative proportion of Life and Guarantee.

The foregoing benefits are available by existing Guarantee Policy holders, who may be disposed to effect a Life Assurance, or by Life Policy holders who may hereafter require Guarantee.

Prospectuses, Forms of Proposals, Agency Applications, and all information may be obtained from the Canada Head Office, Montreal.

Secretary.

INSURANCE EFFECTED WHEN DESIRED, AT THE LOWEST RATES CHARGED BY  
THE SEVERAL ASSURANCE COMPANIES.

THE above Stores present every facility for the careful and proper STORAGE of all kinds  
PRODUCE and GENERAL GOODS, being commodious and well ventilated.

Excellent Cellarage for Pork, Butter, &c., which cannot be surpassed by any in the city,  
being large, cool, and airy.

ample accommodation for the Storage of Iron, Coal, and Heavy Goods, in our Canal  
wharves, which, from their close proximity to the Basins, reduces the Cartage to a low  
rate.

Our Coal Oil Stores at Point St. Charles are specially adapted for the Storage of this  
oil, having an inner and outer roof and walls of earth, thus rendering them dark, but  
at the same time cool, which prevents the leakage of the Oil.

Our Warehouse, being connected with the main line of the Grand Trunk by an adjacent  
wharf, there is no cartage incurred on Coal Oil received by this Railroad, thus saving not  
only the expense, but the damage which necessarily, more or less, ensues to the barrels when  
transported by land.

**Terms and Conditions on which all Messages are received by this Company.**

In order to guard against and correct as much as possible some of the errors arising from atmospheric and other causes appertaining to telegraphy, every important message should be *repeated*, by being sent back from the station at which it is received to the station from which it is originally sent. Half the usual price will be charged for repeating the message; and while this Company in good faith will endeavor to send messages promptly and promptly, it will not be responsible for errors or delays in the transmission or delivery, nor for non-delivery of *repeated messages*, beyond two hundred times the sum paid for sending the message, unless a special agreement for insurance be made in writing, and the amount of risk specified on this agreement, and at the time of sending the message. Nor will the Company be responsible for any error or delay in the transmission or delivery, or for the non-delivery, of *any unrepeated message* beyond the amount paid for sending the same, unless in like manner specially insured, and amount of risk stated hereon, and paid for at the time. Liability is assumed for errors in cipher or obscure messages; nor for any error or neglect by any other Company over whose lines this message may be sent to reach its destination, and this Company is hereby made the agent of the sender of this message to forward it over the lines extending beyond those of this Company. No agent or employé is allowed to vary these terms, or to make any other or verbal agreement, nor any promise as to the time of performance, and no one but a Superintendent is authorized to make a special agreement for insurance.

Liability is assumed for any error or neglect by any other Company over whose lines a message may be sent to reach its destination.

BOOKBINDING.—Owing to the difficulty of procuring first class Bookbinders, and the high wages demand not being warranted by the amount of support accorded, together with the heavy duty (20 per cent) on binding material, while the bound book is admitted free, the undersigned is under the necessity of declining to execute further orders in this branch, and will hereafter confine himself to binding connected with his own business, and the manufacture of Blank Account Books.

### ENLARGEMENT OF PREMISES.

The undersigned has greatly enlarged, and otherwise improved his premises, which have been adapted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book Manufacturing business. The Compositors' Rooms are well stocked with a large variety of Plain and Fancy Types, embracing the newest designs. The Establishment is furnished with ten Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Hoisting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machinery, all in thorough working order, which enables him to turn out large quantities of work at short notice. 130 persons are employed in this Establishment.

Country Orders for Printing and Blank Books carefully attended to, and work dispatched by the safest and cheapest modes of conveyance.

BOOKBINDING.—Owing to the difficulty of procuring first class Bookbinders, and the high wages they demand not being warranted by the amount of support accorded, together with the heavy duty (20 per cent.) on binding material, while the bound book is admitted free, the undersigned is under the necessity of declining to execute further orders in this branch, and will hereafter confine himself to binding connected with his own business, and the manufacture of Blank Account Books.

### ENLARGEMENT OF PREMISES.

The undersigned has greatly enlarged, and otherwise improved his premises, which he has adapted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book Manufacturing business. The Compositors' Rooms are well stocked with a large variety of Plain and Fancy Types, embracing the newest designs. The Establishment is furnished with ten Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Hoisting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machines, all in thorough working order, which enables him to turn out large quantities of work at very short notice. 130 persons are employed in this Establishment.

Country Orders for Printing and Blank Books carefully attended to, and work dispatched by the safest and cheapest modes of conveyance.

*Mails.*—Mails are conveyed twice each week every day, except Sunday, over the principal lines of railway in Canada. Over the important lines of railway they are carried once each way every day, except Sunday.

Mails are also conveyed once each way every day, except Sunday, over the principal lines of common road; and once, twice, or three times per week over the less important lines of common road.

The postal communication between Canada and the Lower Provinces is three times each week each way via Quebec, and once per week each way by Cunard Steamers via Boston and Halifax. Also twice per week each way in summer by steamers between Portland and St. John, N. B.

The most speedy and direct postal route from Canada to almost every portion of the globe (with the exception of the Continent of North America, the Isthmus of Panama, and a portion of the West India Islands having direct communication with Halifax, N. S., by way of Bermuda), is by way of England, whence mails for the several British Colonies and Foreign Countries are regularly dispatched.

The most speedy and direct postal route from Canada to all parts of the Continent of North America, the Isthmus of Panama, and the island of Cuba, is via New York.

Mails for England are despatched twice each week from Canada, viz.: once by Canadian Steamer sailing every Saturday from Quebec, and once by Cunard Steamer sailing every Wednesday, either from New York or Boston.

Mails are exchanged daily with the United States post offices at all the principal frontier posts, and closed mails are exchanged daily between the principal cities of Canada and New York and Boston.

Mails are also made up at Quebec, Montreal, Toronto, and Hamilton, for Halifax, Nova Scotia, and for St. Johns, Newfoundland, and despatched to destination by Cunard Steamer sailing from Boston, every alternate Wednesday. The mails for Halifax include matter for Bermuda, West Indies (British and Foreign), and South America.

**Rules of Postage on Letters.**—The rate of postage on pre-paid Letters between any place in Canada and any other place in Canada, and on pre-paid or unpaid letters between any place in Canada and any place in British North America (except the places hereinafter mentioned), including Nova Scotia, New Brunswick, Prince Edward Island, and Cape Breton, is regulated by weight, irrespective of distance, and is as follows:

On a letter not more than  $\frac{1}{2}$  an oz. 5 cents.  
" more than  $\frac{1}{2}$  oz. but not ex. 1 oz., 10 cts.  
" " 1 oz. " 1 $\frac{1}{2}$  " 15 cts.  
" " 1 $\frac{1}{2}$  oz. " 2 " 20 cts.  
" " 2 oz. " 2 $\frac{1}{2}$  " 25 cts.

And so on, 5 cents being charged for every additional  $\frac{1}{2}$  oz., or fraction of half ounce. If the weight be exceeded to the smallest extent, even though the balance be merely unweighed, the letter becomes liable to an additional cent.

Letters posted in and addressed to any place within the Province of Canada, if sent unpaid are liable to a charge of 7 cents per  $\frac{1}{2}$  oz.

The charge on local or drop letters, viz., letters posted at an office in Canada for delivery at that office, is one cent for each letter.

The charge on letters delivered by letter-carrier in Canada, is two cents for each letter in addition to the ordinary postage.

Letters for Nova Scotia and Newfoundland specially addressed by "Cunard Steamer," sailing from Boston to Liverpool via Halifax, every alternate Wednesday, are liable to a charge of 12 $\frac{1}{2}$  cents per  $\frac{1}{2}$  oz.

The rate of postage on letters to British Columbia and Vancouver Island is 10 cents per  $\frac{1}{2}$  oz., which must be pre-paid. This rate covers the letter to San Francisco only: there will be an additional charge on delivery.

The rate of postage on letters to Red River in the United States, is 10 cents per  $\frac{1}{2}$  oz., which must be pre-paid.

The rate of postage on letters between any place in Canada and any place in the United States, is 10 cents per  $\frac{1}{2}$  oz., which may either be pre-paid or not, at the option of the sender.

Upon a letter or packet, of any weight, addressed to the United States, the whole postage or none at all should be pre-paid. If anything less than the whole "pre-paid, no account is taken of it, and it is entirely lost to the sender.

The scale of weight under which the above letters are charged is the same as the scale under which letters passing between places in Canada are rated.

The single rate of postage on letters between any place in Canada and any place in the United Kingdom, is as follows:

By Canadian Steamer, sailing every Saturday from Quebec in Summer, and from Portland in Winter, 12 $\frac{1}{2}$  cents.

By Cunard Steamer, sailing from New York or Boston every Wednesday, 17 cents.

Letters addressed to the United Kingdom, and forwarded by either the above routes, will be charged according to the following scale, which it will be seen differs from the scale of weight under which letters passing between places in Canada are taxed:

Letters not over $\frac{1}{2}$ an oz.,	1 rate.
" more than $\frac{1}{2}$ oz., and not ex. 1 oz.	2 rates.
" " 1 " " "	2 " 4 "
" " 2 " " "	3 " 6 "
" " 3 " " "	4 " 8 "

And so on, adding two rates for every additional ounce or fraction of an ounce.

The postage on all letters posted in Canada for the United Kingdom, and in the United Kingdom for Canada, should be pre-paid.

If sent unpaid, 6d. sterling will be charged on each letter on delivery in addition to the ordinary postage rate.

Letters posted in Canada for the United Kingdom, and in the United Kingdom for Canada, unless specially addressed "By Canadian Steam Packet," or "By Cunard Steam Packet," are despatched in the first mail that is made up—whether for Canadian or Cunard line—after the letter is posted, so that letters intended for the Canadian Packets must either be posted on the proper days for the Canadian Packet Mails, or bear the words "By Canadian Mail Packet" on the address.

Twopence sterling, equal to 5 cents, will be charged on the delivery of letters which have been forwarded as above by Cunard Steamer, but on which 6d sterling or 12 $\frac{1}{2}$  cents, only per  $\frac{1}{2}$  oz. have been pre-paid.

The charge on dead letters returned to the writers is three cents on each letter in addition to the postage.

**Soldiers' and Seamen's Letters.**—Non-commissioned officers, embodied pensioners, seamen and soldiers, and army schoolmasters of all but first class, while they are employed in Her Majesty's Service, can send and receive letters at the rate of 2 cents each under the following regulations:

1. The two cents must be paid by postage stamp at the time the letter is posted.
2. The name of the soldier or sailor, his class or description, and the name of the ship, corps,

or detachment to which he belongs, must be specified in the direction of the letter; and in the case of letters sent by soldiers or seamen, the officer in command must sign his name and specify his rank, and the name of the ship or regiment, corps or detachment, which he commands.

3. The letter must not exceed half an ounce in weight.

4. The letter must refer solely to the private affairs of the soldier or seaman.

All the foregoing descriptions must be fully written in the address in the following form, the initials of the name of any ships or regiments being insufficient.

SEAMAN.	SOLDIER.
From A. B.—Seaman of H.M.S. _____	From A. B., Sergeant, Regt. _____
(Insert direction of letter.)	(Insert direction of letter.)
C.D., Captain or other commanding officer. H.M.S. _____	C. D., Colonel (or other commanding officer.) Regt. _____
To A. B.—Seaman, H.M.S. _____	To A. B., Private (Sergt. or Corp'l.) Regt. _____
(Direction to be finished.)	(Direction to be finished.)

Letters for soldiers or seamen may be forwarded at the above rate to or through any country requiring the payment of any foreign or transit rate, but subject to the payment of such foreign or transit rate, as may be chargeable thereon.

Soldiers' and seamen's letters are not liable to any additional rate on re-direction.

All soldiers' and seamen's letters are conveyed between Canada and the United Kingdom by the Canadian line of steamers.

Letters sent by commissioned or warrant officers, midshipmen or masters' mates, engineers, gunners, boatswains or carpenters in the navy, captains' clerks, or first class schoolmasters, or commissioned or warrant officers in the army, are not included in the privilege attached to letters of soldiers and seamen, but are chargeable with the same rates as ordinary letters.

Soldiers' and seamen's letters posted in Canada without a compliance with the above regulations are liable to full postage. If posted in accordance with the above regulations, but without prepayment of 2 cents, they are liable to a charge of 2d. sterling on delivery in the United Kingdom.

Soldiers' letters posted, and addressed to places in Canada pass, under the above regulations, at the reduced rate of two cents.

**Rates of Postage on Newspapers.**—The law declares that for post office purposes a newspaper shall be held to mean a periodical published not less frequently than once in each week, and containing notices of passing events, that is to say, general news.

Although provision is made for forwarding newspapers through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

A newspaper to pass at the undermentioned rates is subject to the following restrictions:

1. It must have no cover, or a cover open at both ends.

2. It must not contain any enclosure.

3. It must have no writing or mark thereon but the name and address of the person to whom it is sent, nor anything on the cover except such name and address.

Newspapers which are not posted in accordance with these regulations, are not forwarded, but are sent to the Dead Letter office and destroyed.

An extra newspaper, or a supplement to a newspaper, is deemed a distinct newspaper, and charged accordingly.

Newspapers published in Canada may be sent by post from the office of publication in any place in Canada at the following rates, paid quarterly in advance, either by the publisher at the post office where the papers are posted, or by the subscriber at the post office where the papers are delivered.

A paper pub. 6 times per week,	40 cts. per quarter
“ 3 “	20 “
“ 2 “	13 “
“ 1 “	6½ “

When the above rates are not paid in advance by either the publisher or subscriber the papers are charged 1 cent each on delivery.

It is not necessary that the commuted rate on newspapers should be paid absolutely on the first day of each quarter. The regulation is intended to be carried out with all possible consideration for the convenience of the public and it will be sufficient if the person desiring to pay the commuted rate declares his intention and offers the payment when first calling at the office within a reasonable time after the commencement of the quarter; but after having made his option to prepay the commuted charge, or to pay for his papers as received at one cent each, as the case may be, postmasters are not expected to alter their newspaper accounts to allow of a change until the commencement of the next quarter.

The commuted rate of payment can be accepted from new subscribers during a quarter for any unexpired period of the quarter not less than a month.

Newspapers published in Canada which are not posted from the office of publication, must be pre-paid one cent each newspaper by postage stamps, otherwise they will not be forwarded, but be sent to the Dead Letter office and destroyed.

Publishers of newspapers in Canada are allowed to enclose in copies of their papers sent to subscribers, subscription accounts, and receipts for the same, without rendering them liable to any additional postage.

Packets of unbound newspapers published in Canada may be returned by a subscriber to the

of publication at the rate of 2 cents per 8 or fraction of 8 oz., which must be prepaid.

Transient newspapers addressed to the United States must be pre-paid one cent each newspaper by postage stamp, otherwise they will not be forwarded, but be sent to the Dead Letter office and destroyed.

Newspapers posted in the United States and addressed to Canada, are liable to one cent each on delivery. The stamp *paid* on these papers indicates that the United States postage has been pre-paid, the Canadian rate of one cent remaining to be collected.

American newspapers posted or re-posted in Canada must be pre-paid one cent each, by stamp, otherwise they will not be forwarded.

The option of paying the commuted rate on newspapers does not apply to papers published in the United States; they must be paid for at the full rate of one cent each.

Canadian news agents and booksellers may send American newspapers unpaid, when addressed to regular subscribers in the Province; but such newspapers are chargeable on delivery with one cent each.

Newspapers posted in Canada and addressed to the United Kingdom must be pre-paid by stamp, one cent each newspaper.

When two or more newspapers are enclosed under one cover, postage must be pre-paid by stamp at the rate of one cent for each newspaper, or the package will be detained and sent to the Dead Letter office.

Newspapers forwarded by Canadian Steamer are delivered in the United Kingdom without additional charge.

Newspapers forwarded by Cunard Steamer are liable on delivery to one penny each, being American transit rate.

Newspapers posted in the United Kingdom and Canada should be pre-paid one penny each, by stamp.

If forwarded by Canadian Steamer they are subject on delivery to no additional charge.

If forwarded by Cunard Steamer they are subject on delivery to two cents each, being American transit rate.

British newspapers re-posted in Canada must be pre-paid 1 cent each by stamp.

British newspapers distributed to regular subscribers by Canadian booksellers or agents, are free in the same way as if received by the Canadian Steamers.

Canadian newspapers addressed from the Office of publication to subscribers in the United States, the United Kingdom, Lower Provinces, may be forwarded on pre-payment of the commuted rate applicable to subscribers within the province; but they cannot be forwarded if unpaid.

Exchange papers passing between publishers in Canada, and between publishers in Canada and publishers in the United States, are carried through the post.

No newspaper, properly so called (except changes), whether devoted to education,

temperance, agriculture, or to any branch of science, is entitled to exemption from charge. The law exempts only periodicals, other than newspapers, printed in Canada, and devoted exclusively to the above objects.

Newspapers addressed to Newfoundland must be pre-paid three cents each, by stamp.

No United States newspapers of any kind or description (with the exception of exchange papers) are on any ground entitled to pass through the Canadian mails free of postage.

In cities and towns where newspapers are published, the printers and publishers should send them to the post office put up in a manner to admit of their being readily counted, and, if necessary, withdraw from their covers for examination. The newspapers for each office also should be made up in strong paper in a separate parcel, which should be plainly addressed.

When the numbers of a newspaper published in Canada, or in either of the other British North American Provinces, or in the United States, and issued daily, have remained in a post office in Canada uncalled for during two weeks; of a newspaper issued semi-weekly, or tri-weekly, during three weeks; of a newspaper issued weekly, during one month; and of a monthly periodical during two months, or when such newspapers and periodicals have been refused to be taken by the party to whom addressed, the postmaster is instructed to notify the respective publishers in the proper form, which is to pass free of postage. If the newspaper or periodical continues to arrive after the notice has been sent, the postmaster is instructed to notify the publisher in the same way a second time, specially calling his attention to the first notice.

To enclose a letter, or any writing, or to make any written marks to serve the purposes of a letter, or to enclose any other thing (except publishers' accounts and receipts, as before mentioned) in a newspaper posted to pass as a newspaper, is a misdemeanor. Postmasters are requested at once to transmit all newspapers containing such writing, marks, and enclosures, to the Postmaster General.

*Periodical Publications.*—Periodical publications are publications issued at regular intervals, but less frequently than once per week.

Periodical publications can be transmitted by post to any part of Canada and the United States at the following rates:

*Periodicals passing by Mail in Canada.*—The rate on all Periodicals, other than Newspapers, passing by Mail in Canada, save such as may be addressed to or received from the United Kingdom, and such as are exempted from postage by Statute, is one cent per 4 oz. weight of package containing periodical matter, whether the package contain one or more numbers.

Any fraction of 4 oz. to be charged as a full rate.

On Periodicals posted from the Office of publication or by News Agents or Booksellers,

to regular subscribers *within the Province*, this rate may remain to be collected on delivery, and must in such cases be marked upon the packages and charged in the Letter Bills; but when mailed to go out of the Province, such Periodical matter must be prepaid by Postage Stamp. British and United States Periodicals may be posted in Canada by News Agents and Booksellers to regular Subscribers in the Province under this regulation.

Transient Periodical matter posted in Canada must in all cases be prepaid by Postage Stamp.

The above rate is payable *on delivery* on all Periodical matter received from the United States, except that Canadian Editors may receive Exchange Periodicals from the United States free of Canadian Postage.

*Canadian Periodicals posted for United Kingdom by Canadian Packets.*—Periodicals, printed and published in Canada, may be posted addressed to any place in the United Kingdom by *Canadian Packet*, on prepayment by Postage Stamp of two cents each number.

This rate is applicable to all classes of Canadian Periodicals posted as above for the United Kingdom, the exemption to which certain classes of Canadian Periodicals are entitled, extending to such numbers only as are addressed from the Office of publication to places within the Province.

Periodicals printed in Canada other than newspapers when specially devoted to education, meaning the instruction of youth (both religious and general), to agriculture, to temperance, or to any branch of science, and addressed directly from the office of publication, to be transmitted to any post office in Canada, are conveyed by mail free of charge. Such periodicals must not contain general news or general advertisements, or they forfeit their claim to exemption.

A periodical devoted to education to pass free must be either strictly scholastic in its subject matter, or manifestly adapted and intended for juvenile as distinguished from adult instruction. It is in this primary sense that the word Education, whether religious or secular, is understood to be used. Religious publications are not as a class entitled to exemption from charge. The law exempts only those which come within the foregoing definitions. It must, however, be borne in mind that when such periodicals are addressed to the United Kingdom or to foreign countries, they become liable to ordinary periodical (as above) postage.

No United States periodical of any kind or description can, upon any ground, claim exemption from Canadian postage.

Parcels of unbound periodicals may be returned by a subscriber to the office of publication at the rate of two cents per 8 oz. or fraction of 8 oz.

Periodicals to pass at the above rates must be put up in covers open at the ends or sides; and if these regulations are not complied with,

or if such periodicals are found to contain any writing other than the address, they are liable to full letter rates of postage.

No packet of periodicals can be forwarded through the post if exceeding the weight of 48 oz.

Bound volumes of any periodical published in Canada may be forwarded at the rates and under the conditions described under the article *Book Post*.

Books addressed to places in Canada can be sent through the mails in closed packets at the rate of postage applicable to parcels sent by parcel post.

Books cannot be forwarded except at letter rates of postage by the mail made up for the *Canadian Steamers* sailing from New York and Boston.

Bound volumes of any periodical or newspaper published in Canada, if bound in a form to come within mailable dimensions, that is to say, not exceeding two feet in length, breadth or thickness, nor exceeding 4 lbs. in weight, may be sent from the office of publication to any place in Canada at a charge of two cents per 8 oz. or fraction of 8 oz.

*Printed Votes and Proceedings of the Imperial Parliament and Colonial Legislatures* pass to and from the United Kingdom at the ordinary book post charge.

**Parcel Post.**—Parcels closed at the ends and sides, and not exceeding 3 lbs. in weight, may be posted at any post-office in Canada at the following rates:

If the number of stamps affixed to a parcel be insufficient to pre-pay the proper rate, the amount deficient will be rated unpaid, with a fine of 10 cents in addition.

Parcels may be registered on pre-payment, by stamp of five cents in addition to the postage. When registered, the postmaster should give a receipt to the party posting the parcel.

Parcels sent by post may contain books, daguerreotypes, photographs, printers' proofs and copy, military returns, states and rolls, containing written figures and signatures; returns, deeds, legal papers, and all transmissions of a like character not being strictly letters.

To enclose a letter or letters, or any writing intended to serve the purpose of a letter, in a parcel intended for the Parcel Post, is a misdemeanor.

Should it be ascertained that a packet posted for the Parcel Post contains a letter or letters, the stamps it may bear will be cancelled, and the parcel rated as a letter with full unpaid rates.

Parcels cannot be transmitted by post at the above rates to any place beyond the limits of the Province of Canada.

The following is an example of the address recommended :

*By Parcel Post.*

*Mr. Thomas Jones,  
Paisley,  
County of Bruce.*

*Sent by William Smith, Toronto.*

**Franking and Free Letters.**—The following matter is exempt from Provincial Postage :

All letters and other mailable matter addressed to or sent by the Governor-General of Canada, or addressed to or sent by any Public Department at the seat of Government.

All letters and other mailable matter addressed to or sent by the Speaker or Chief Clerk of the Legislative Council, or of the Legislative Assembly, or to or by any member of the Legislature at the seat of Government during any Session of the Legislature, or addressed to any of the members or officers in this section mentioned at the seat of Government as aforesaid, during the ten days next before the meeting of Parliament.

All public documents and printed papers sent by the speaker or Chief Clerk of the Legislative Council or the Legislative Assembly, to any member of either of the said branches of the Legislature of Canada, during the recess of Parliament.

All papers printed by order of either branch of the Legislature of Canada, sent by members of either branch of the said Legislature either during the Session or recess.

Public documents and printed papers sent under the two foregoing clauses, should bear as part of the address, the *bona fide* superscription of the Speaker, Chief Clerk, or officer specially deputed for this purpose to act for those functionaries, or of the member sending the same.

All letters to and from the postmaster general and the deputy postmaster general ; and all official communications to and from the post office department, and to and from the post office inspectors, are to pass free of any provincial postage.

Letters on Her Majesty's service passing between the United Kingdom and Canada, or from the following Imperial Military Departments, are exempt from Canadian postage :

- Military Secretary.
- Adjutant General.
- Quarter-Master General.
- Commissariat Department.
- Barrack Department.
- Medical Department (including Purveyor's).
- Comptroller of Army Expenditure.
- Military Accountant.
- Royal Engineer Department.
- Regimental Paymaster and Officers Commanding.

**Abating and Refunding Postage.**—Postmasters in Canada are allowed to refund postage in the following cases only :

Letters originating and for delivery in Canada, charged as weighing more than the actual weight.

Postage incorrectly charged on editor's notices addressed to publishers and editors, and exchange papers, which should legally pass without charge.

All other claims for the return or abatement of postage must be specially referred to the postmaster general for his decision, with the letter or packet on which the return is claimed.

**Undelivered and Dead Letters.**—All letters remaining undelivered in a post office on the first of each month, excepting drop letters and such letters as are daily called for, are advertised in a list posted at the office door for the information of the public.

If a newspaper is published in the neighborhood, the postmaster is, at the discretion of the Postmaster-General, directed to insert this list therein, provided the proprietor will give it insertion at the authorized rate.

Parties applying at an office for advertised letters should always ask for them as such.

Letters and papers after remaining undelivered in an office for three months are sent to the Dead Letter office, as also are all letters refused by the persons to whom they are addressed, or letters addressed to persons deceased.

Letters are opened in the Dead Letter office in order that they may, when necessary, be returned to the writers.

**Registration.**—By the pre-payment of the following fee, in addition to the ordinary postage, letters and parcels can be registered at the office at which posted :

- On letters addressed to any place in Canada or the other British North American Provinces..... 2 cents
- On letters addressed to any place in the United States..... 5 "
- On letters addressed to any place in the United Kingdom..... 12½ "
- On parcels to any part of Canada... 5 "

The registration fees on letters to British Colonies and Foreign Countries will be found in the tables.

Every letter or parcel containing value should be marked for registration and presented to the postmaster or his clerk, and a receipt obtained therefor. On no account should it be dropped into a letter box.

When letters are registered, both the postage and the registration fee must in all cases be pre-paid.

Books, periodicals, newspapers, circulars and other printed matter cannot be registered unless prepaid the full letter rates, in addition to the ordinary registration fee.

Registered letters and packets can only be delivered to the parties to whom they are addressed or to their order ; and a receipt must be given on the delivery of each registered letter in a book kept by every postmaster for that purpose.

It should be clearly understood that the post office is not responsible for the safe delivery of a registered letter or parcel. The registration simply makes its transmission more secure, by rendering it practicable to trace it, when passing from one place to another in Canada, from its receipt to its delivery; and when addressed from any place in Canada to any place in the United States, the United Kingdom, or parts abroad, if not to its delivery, at least to the frontier or port of despatch.

**Postage Stamps.**—Every postmaster is required to have on hand a sufficient stock of postage stamps, and to sell them to the public at 1 cent, 5 cents, 10 cents, 12½ cents, and 17 cents, each.

Letter envelopes are also provided with medallion stamps equivalent to 5 cents and 10 cents postage each. The five cent envelopes are sold singly at 6 cents each; 66 cents per dozen; \$5.30 per hundred. The 10 cent envelopes are sold singly at 11 cents each; \$1.26 per dozen, \$10.30 per hundred.

Under the authority of the Postmaster General, postage stamps are sold to certain dealers in the principal cities to retail again to the public.

Pre-payment of letters should, in all cases where practicable, be made by postage stamps. A mutilated stamp, or a stamp cut in half, is not recognized in pre-payment of postage.

A medallion stamp cannot be accepted in pre-payment of postage separated from the envelope of which it may have formed a part.

No British stamps, or stamps of a foreign country, can be received in pre-payment of postage in Canada.

In affixing the stamp to the letter, wet slightly the corner of the envelope and the gummed side of the stamp, and gently press the stamp till it is firmly fixed. Stamps should be placed on the front or address side of the letter, and on the right hand upper corner.

Letters cannot be pre-paid partly in stamps and partly in money: the postage must be pre-paid either wholly in stamps or wholly in money.

If the stamps affixed to a letter addressed to any place in British North America be not adequate to the proper postage the letter is rated with an amount equal to deficiency.

Letters addressed to the United States, on which stamps are affixed representing less than the amount of postage to which the letters are liable, are rated with full unpaid postage.

Postage stamps are received at all post offices in payment of postage on unpaid letters delivered therefrom.

**Postage Rates on certain Miscellaneous Matter passing within the province of Canada, or to and from the United States.**

1. Packages of seeds, cuttings, bulbs, roots and scions, or grafts, may be posted in Canada for delivery within the Province or to an address within the United States, on pre-payment

by postage stamps of a rate of one cent per ounce; and when received from the United States to any place in Canada, such packages may be delivered on payment by the person addressed, of a like rate.

2. The limit of weight for such packages will be one pound. No communication, whether written or printed, must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags, the bags must be simply tied at the neck, so as to admit of inspection;—and, in the case of such package, mailed in Canada, the nature of the contents, such as "seeds," "roots," &c., as the case may be, must be marked on the package by the sender, as a statement of the claim to pass at the reduced rate hereby made applicable to such matter.

3. Book manuscript, and printers' proof-sheets (whether corrected or not), maps, prints, drawings, engravings, photographs when not on glass or in cases containing glass, and sheet music (whether printed or written), may pass in covers open at the end or sides, and provided that no letter, or other communication intended to serve the purpose of a letter, be enclosed therein, on pre-payment, when posted in Canada, by postage stamp of the ordinary printed-matter rate of one cent per ounce; or upon payment of that rate on delivery of such matter when received in the mails from the United States.

**Transmission of Books, Patterns of Merchandize and Samples, between Canada and the United Kingdom.**

4. Patterns of merchandize, and samples, may be forwarded between *Canada and the United Kingdom*, by the Canadian Packet Mails, at book-post rates, and subject to the following conditions:—

A. The patterns or samples must not be of any intrinsic value; and this rule excludes all articles of a saleable nature, and whatever may have a value of its own, apart from its mere use as a pattern; nor must the quantity of any material or article sent as a pattern or sample be so great that it could have on this ground an intrinsic value.

B. The patterns, &c., must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and such like, which cannot be sent in open covers, may be enclosed in bags of linen or other material, simply tied at the neck; but bags closed against inspection, although transparent, must not be used for the purpose.

C. There must be no writing or printing other than the address of the person for whom the packet is intended, the manufacturer's or trade mark and number, and the price of the article.

D. Any infringement of the above regulations will render the packet liable to be treated and charged as a letter.

E. The rule which forbids the transmission through the Post of any article likely to injure the contents of the mail bags, will apply to patterns and samples; and any package transgressing this rule is to be sent to the Postmaster General.

5. The book post rate between Canada and the United Kingdom remains unaltered at 7 cents for a packet weighing not more than 4 ounces:—

For a packet exceeding 4 oz. and not exceeding ½ lb.—12½ cents. For a packet exceeding ½ lb. and not exceeding 1 lb.—25 cents. For a packet exceeding 1 lb. and not exceeding 1½ lb.—37½ cents. And so on, adding 12½ cents for each additional ½ lb. or fraction of ½ lb. weight.

6. No prints or printed matter will be allowed to pass by book post between the United Kingdom and Canada, unless printed on paper, parchment, or vellum.

**MONEY ORDERS.**

Post offices in Canada at which money orders are issued and paid, are distinguished in the List of Post Offices by being printed in *italics*.

Every money order office in Canada issues money orders on every other money order office in Canada, as well as on every money order office in the United Kingdom. Every money order office in the United Kingdom also issues money orders on every money order office in Canada.

The rate of commission charged on money orders drawn by one money order office in Canada on any other money order office in Canada, is as follows:

If not exceeding in amount \$10.....	5	cts.
Exceeding \$10 and not exceeding \$20	10	"
"    20	40	20
"    40	60	30
"    60	80	40
"    80	100	50

Money orders on the United Kingdom are drawn in sterling money, and may be for any sum from one shilling to ten pounds. They must not, however, exceed the latter amount; but postmasters are at liberty to issue two or more separate orders for ten pounds each or for any smaller sum.

\* The rate of commission charged on orders on the United Kingdom, over and above the currency value of the sterling, is as follows:

For orders not exceeding £2 sterling..	25	cts.
Exceeding £2 and not ex. £5 atg.....	50	"
"    5	7	"
"    7	10	"
"    10	1.00	"

No half cents can be introduced into orders. No money order exceeding \$100 in amount can be granted on any office in Canada; but postmasters are at liberty to grant two or more orders for \$100 or for any lesser sum. They cannot, however, grant two or more orders for sums of or under \$30 on the same day to the same applicant in favor of the same payee.

Tables showing the amount of Provincial currency required for money orders issued in Canada upon the United Kingdom, in addition to the commission, and money orders issued in the United Kingdom upon Canada, will be found subjoined.

Applicants for money orders should always use the printed application forms, in which they should fill up the particulars of the order required. These forms are supplied gratuitously at all money order offices.

The Christian and surnames in full, and residences, both of the remitter and payee, should be furnished to the issuing postmaster. When a married woman is either the remitter or payee, her own Christian name should be given and not that of her husband, thus—

"Mrs Mary Smith," not "Mrs. John Smith." If the remitter or payee be a Peer or a Bishop his ordinary title is sufficient. If a firm the usual designation of such firm will suffice, such as "Baring Bros.," "Smith & Son," "Jones & Co."

Parties procuring money orders should examine them carefully to see that they are properly filled up and stamped. This caution will appear the more necessary when it is understood that any important defect in these respects will throw difficulties in the way of payment.

Money orders, which, in consequence of misapprehension of the name of the remitter or place of payment, have been erroneously made out, can be returned to the postmaster, and correct order given in exchange; a new commission, however, will be charged on the corrected order.

Parties obtaining money orders on Canadian offices, can procure re-payment thereof on presentation of the orders at the office at which issued, signing the receipt at the foot. No order, however, can be re-paid without the authority of the superintendent, unless presented for re-payment on the day on which it is issued. Neither can orders on the United Kingdom be re-paid without his special authority.

When a remitter desires an order on the United Kingdom to be paid through a bank, is left to his option to give or withhold the name of the payee, or to substitute for the name of the payee any other designation or modification such as "the Cashier of the Bank of England," "the Chief Clerk of the Foreign Office." Such orders must, however, be crossed by the issuing postmaster with the name of the bank through which the order is to be paid.

The issue of money orders on credit, or of cheques not marked "good" by the bank drawn upon, is strictly prohibited.

If a payee is unable to write, he must sign the receipt at the foot of the order, in the presence of the paying postmaster, by making his mark, to be witnessed in writing; as, for example:

orders should always be filled in full, and the names in full, and the names of the remitter and payee, should be given to the postmaster. When either the remitter or the name should be given to the postmaster, thus—

not "Mrs. John Smith," but "Mrs. John Smith, of London," is sufficient. If a firm is the remitter, the name of such firm will suffice, as "Smith & Son," "Jones & Co.," &c.

Money orders should be presented to the postmaster to see that they are properly filled. This caution is necessary when it is understood that a defect in these particulars in the way of pay

in consequence of mistake of the remitter or of the postmaster, and a new one may be charged on the account of the remitter.

Money orders on Canada are payable on presentation at the office at which they are issued, and the receipt at the foot. No fee is to be repaid without the consent of the postmaster, unless presented on the day on which it is issued.

In cases of money orders issued in Canada, postmasters are at liberty to accept the written order of the payee on the order itself in favor of a second person, if through illness or insuperable difficulty the payee is prevented from presenting the order in person.

When a Canadian money order has been lost, either by the remitter or payee, the circumstance must be made known to the superintendent, who, under certain precautions, will issue a duplicate.

Duplicates of sterling orders can only be granted by the paying country. Thus the British post office issues duplicates of orders drawn in Canada on the United Kingdom, and the Canadian Head Money Order Office grants duplicates of orders drawn in the United Kingdom on Canada.

Money orders which are not presented until one full year after their date are considered as lapsed orders, and cannot be paid without the special permission of the superintendent. In all such cases satisfactory reasons should be given explanatory of the delay in the presentation of the order.

The Deputy Postmasters General of Malta and Gibraltar are authorized to issue money orders on the several money order offices in Canada. Money order offices in Canada do not, however, grant money orders on Malta and Gibraltar.

**General Regulations.**—Postmasters and certain other officers of the department are not exempt from serving on juries or inquests, or in the militia. This exemption applies to mail carriers, but not to assistants appointed and paid by postmasters.

The postmasters of Quebec, Montreal, Three Rivers, and Sherbrooke, and the postmasters of incorporated cities and towns in Upper Canada, divided into wards, and other officers of the Post Office Department, excepting Postmasters at other than the above places, cannot legally vote at the election of any member of the Legislative Council or of the Legislative Assembly.

Postmasters are not authorized to give credit for postage: if they do so it is entirely at their own risk.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer, or to any other person.

A letter addressed to a firm may be delivered to any member of the firm. If addressed to several persons, it may be delivered to any one of them.

A letter delivered to the wrong person in consequence of his name being the same as that of the person for whom the letter is really intended, should be at once returned to the postmaster from whom received, the party writing on the cover "opened by me through mistake," and signing his name thereto.

Letters posted without any direction or addressed so imperfectly that they cannot be forwarded to their intended destinations, and also unpaid or insufficiently paid letters addressed to countries to which letters cannot be sent without the postage is pre-paid, are returned to the writers through the Dead Letter Office.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed.

Parties desiring their letters and papers to be re-directed should send an intimation to that effect, in writing, to the postmaster of the office from which the letters and papers are to be re-directed.

Postmasters are allowed to re-direct letters to the known places of residence of the parties to whom they are addressed, after allowing a reasonable time to elapse without their being called for.

Letters and papers are not subject to any additional charge when re-directed from one post office in Canada to another post office in Canada.

Postmasters are instructed not to receive any letter or packet which there is good reason to believe contains glass or anything likely to injure the contents of the mail bag or the person of any officer of the post office.

A postmaster is not legally bound to furnish change; but may require that the exact amount of postage on any letter or packet be tendered to him in current coin, or in Canada postage stamps.

Postmasters and their assistants in the above matter, as well as in all their official intercourse with the public, are expected to afford every accommodation, and to treat every person having business at their offices with the utmost courtesy.

Letters cannot be delivered at any intermediate office *en route*, but must be conveyed to the office to which they are addressed.

Mail couriers are bound to receive letters offered to them whilst on the road between one post office and another, provided that when a letter is so offered the distance from the nearest post office exceeds one mile. Such letters are termed *Way Letters*, and are subject to the ordinary rates of postage.

**Suggestions for the Public.**—Facility will be given to the post office in the discharge of its daily duties, and greater security afforded to the public, by careful attention to the following recommendations:

Post all letters and newspapers, &c., as early as practicable, especially when sent in large numbers.

When a number of newspapers are addressed to the same office, put them up in one parcel.

When a number of circulars are posted, tie them up in a bundle, with the addresses all in one direction.

Address letters, papers, &c., in a legible and complete manner, always giving the name of the post office; and if there be more than one

His  
Joseph + Allen.  
Mark.

post office of that name, the name of the county in which situated. In case of letters going abroad, the name of the country as well as of the town and city, should be given in full. Letters, for example, intended for London, England, if simply addressed "London," would be forwarded to London, Canada West, and thus be delayed.

See that every letter, newspaper, or other packet sent by post, is securely folded and sealed. Every such packet has to be several times handled; and even when in the mail bag, is exposed to pressure and friction. Unless, therefore, the article be light and pliant, it should be enclosed in strong paper, linen, parchment, or some other material which will not readily tear or break.

When dropping a letter or newspaper into a letter-box, always see that the packet falls into the box, and does not stick in its passage.

Never seal letters for the East or West Indies and other hot climates, with wax. Such a practice is attended with much inconvenience, and frequently with serious injury, in consequence of the melting of the wax, and the adhesion of the letters to each other. In all such cases use either wafers or gum, and advise your correspondents in the country referred to, to do the same.

Never send money or other articles of value through the post office, except either by means of a money order or in a registered letter. Carefully secure every letter or packet containing money or value, first with gum and afterwards with good sealing wax, on which make the clear impression of a seal.

In posting a registered letter or packet, always obtain a receipt for the same at the office where posted.

When letters or papers are delayed or missing, at once communicate the fact to the Postmaster General or to the Inspector of the division in which is situated the post office at which the delayed or missing letters were posted. In case of a missing letter enclosing value, state the exact contents, the exact address, and the office at which posted; the name of the person by whom posted, and the name of the person by whom received at the office. In the case of a delayed letter or paper, send the cover or wrapper in an entire state, in order that the place of delay may be ascertained by an examination of the post marks.

Troubles and loss occasionally rise out of the carelessness or dishonesty of parties employed in the post office service; yet instances are not wanting in which it has been shown to the satisfaction even of the complainants, that the fault at first attributed to the post office, in truth rested in other quarters. Thefts by private hands, although very difficult of proof, have not unfrequently been brought to light; and it is greatly to be desired that those who suffer loss should, in the first instance, and while the circumstances are fresh, endeavor to ascertain with the utmost precision all par-

ticulars respecting the despatch or receipt of the lost letters or papers, and lose no time in communicating this information to the Inspector. Indeed, generally speaking, it is only by careful inquiry into minute details that the offenders can be detected, whether he be a servant of the Department or not.

Time is generally required to carry out any material change in postal arrangements; for even when decided upon, old contracts, requiring notice of termination, may have to be got rid of, and tenders for new contracts invited by public advertisement, before the decision can take effect.

New post-offices are established by the Department wherever it is ascertained that a sufficient number of inhabitants can be accommodated, and a sufficient amount of postal revenue collected to warrant such a measure. When a new post office is required, a petition should be addressed to the Postmaster-General signed by as many of the inhabitants as can conveniently subscribe the same. The petition should state the name of the township and the number of the lot and concession on which it is desired the office should be established; the distance from the neighboring offices; whether at the site of the proposed post office there is a village; the number of mills, stores, taverns, and houses thereat; the extent of the settlement to be served and the probable cost of the mail; together with any other facts which may form any ground for the accommodation applied for.

**THE MERCANTILE AGENCY,**

Established in New York nearly twenty-four years ago, on June 1st, 1841, for the promo-

tion and protection of trade; Union buildings, St. François Xavier st., Montreal, C. E.

Our object, and that of our eighteen branch and associate offices in the large cities of the United States of America, Canada, and in London, England, is to give information to subscribers of the standing of those who purchase goods on time, or otherwise require credit.

We are supported by fully three-fourths of the merchants, bankers, and manufacturers of every community where our advantages are known.

"This institution, established in the city of New York over eighteen years ago, for the promotion and protection of trade, was the first organized effort ever made to relieve the merchants and manufacturers of the Union from the insecurity of credit operations, and to substitute for the tardy, expensive, and unsatisfactory results of individual investigation, a system that should be alike prompt, economical, and reliable—whose purpose it should be to supply (to subscribers only) all necessary information as to the standing and responsibility of merchants, traders, manufacturers, public companies, &c., throughout the United States, their Territories, and British North America."

Collections of past due debts particularly attended to for all, whether subscribers to the Agency or otherwise.

Terms of subscription will be made known at the office, where we shall be much pleased to afford information as to the system pursued, and to give (free of expense) to those who contemplate joining the institution, a reasonable test of the correctness of our reports.

CIVIL ENGINEERS AND PATENT SOLICITORS.

**48 Great St. James Street, Montreal,**

WITH BRANCH OFFICES IN

**WASHINGTON, LONDON, PARIS, BRUSSELS, VIENNA, AND ST. PETERSBURG.**

CHARLES LEGGE & CO. have much pleasure in drawing the attention of Inventors to the unrivalled facilities they possess for obtaining Letters Patent in Canada and in other countries, as well as to the opportunity thus offered of Inventions being secured in the most perfect manner and on the most favorable terms.

Inventors visiting Montreal should not fail to call at this Office, where they will be cordially received, and furnished with all the information they may require; or, if not convenient to visit Montreal, their business can be transacted equally well by correspondence. ALL COMMUNICATIONS, EITHER VERBAL OR BY LETTER, ARE, IN THE STRICTEST SENSE OF THE WORD, CONFIDENTIAL. A large proportion of the Patents granted in Canada are obtained through this Office, and nearly all the Foreign ones.

Designs and Trade Marks enregistered. All Letters to be post paid.

 You will confer a favor by drawing the attention of Inventors to this Card. 

**PAINTING AND PHOTOGRAPHING.****BOISSEAU'S PHOTOGRAPHIC ROOMS,**

372 NOTRE DAME STREET, MONTREAL.

**Ambrotypes and Photographs of every Size, from the Smallest to the Size of Life, Plain, or Finished in Crayon, Water, or Oil Colours.**

MR. A. BOISSEAU is a pupil of the celebrated PAUL DELAROCHE, and has practised Portrait Painting over twenty years, in Paris, (France,) and in the principal cities of the United States and Canada; and has had an experience of twelve years as a Photographer.

COPIES OF FADING PICTURES. — Particular attention paid to Copies. The most faded and far gone Pictures can be copied into good Photographs, of any size, and finished in any style.

VIEWS OF BUILDINGS, Private Residences, Business Places, for the Album or Stereoscope, and also Pictures of Sick or Deceased Persons, taken on short notice, and on the cheapest terms.

BEST TIME OF THE DAY TO HAVE PICTURES TAKEN.—The forenoon is always most favorable. In the spring and cloudy weather, it is not advisable to come after four o'clock; and in the short days of the fall it is not favorable after three o'clock. For Children and Babies always choose the middle of the day, and if possible a clear day.

THE MOST SUITABLE DRESS is the one you wear every day, unless it is very light, or white, which is objectionable. For the same reason, avoid blue or pink, or any color where there is blue. For children or babies light colours will do very well. SUPERIOR WORK AND MODERATE PRICES.

**OPINIONS OF THE PRESS.**

As a portrait painter, Mr. Boisseau is unsurpassed. He stands deservedly at the head of his art.—*New York American Artizan*, Sept. 23, 1848.

Mr. Boisseau is himself an artist of high merit, whose works have already won for him a reputation in the land of his birth.—*New York Evening Post*, Dec., 1848.

**THE VICTORIA WASHING MACHINE,**

*By Royal Letters Patent granted to*

**JOHN POWERS, of the Town of Stratford, C.W.,**

Bearing date August 3rd, 1861.

This Machine, to which was awarded the *First Prize* at the Provincial Exhibition at London, C.W., in 1861, was thoroughly tested by the Board of Agriculture, and pronounced to be the best Washing Machine ever submitted to their notice. Its construction is so simple that it is not liable to become deranged; it is so easily worked that a child may effectually use it; and its durability (unless subjected to wilful violence) coeval with the materials of which it is constructed. A glance will almost convince the most sceptical that its pretensions are not over-stated, and a single trial will establish its vast superiority in every respect—economy of price not omitted—to anything of the kind yet offered to the Public.

Parties who have used this machine, and to whom reference is permitted, will testify, that by its use as much work can be got through in a couple of hours, in an infinitely superior manner, as in a day by the ordinary process, and at a vast saving of soap and other materials.

The Subscribers, having acquired of the Assigns of the Patentee the exclusive right to manufacture and vend this machine within the City and District of Montreal, respectfully solicit a trial of its merits, satisfied that all who fairly test it, will be surprised and gratified at the manner in which it abbreviates the hitherto laborious, tedious and unpleasant operations of *Washing day*. Ladies and Heads of Institutions desirous of testing this Machine, on signifying to us their wish, will have one conveyed to their residences, and removed again free of cost.

Losses occasioned by Lighting will be made good, when the property insured has been actually set on fire thereby.

Loss or damage caused by explosion of Gas is covered by this Company's Policies.

All reasonable expenses incurred at the time of fire, in the removal of Goods insured by this Office, will be paid.

Losses settled and paid in Canada, without reference to the London Directors.

## Life Department.

Among the pre-eminent advantages offered by this Company are the following :

Perfect security, the Capital being one of the largest amongst Assurance Companies.

The total expenses of Management to be charged against the Life Department are limited, by Resolution of the Shareholders, to a small per centage on the annual Premium Income. The rapid accumulation of the Life Funds, with certainty of good Bonuses, is thus secured.

80 per cent. of the entire profits—including those on the Non-Participating Branch—appropriated for division every five years, among the Policies on the Participating scale.

40 per cent. at least of the premiums received on Participating Policies will be allowed for surrender, after Premiums have been paid for three years.

Claims are paid one month after proof of death.

Policies that have been in force five years, may, without extra charge, be freed from all restrictions as to foreign residence (see Prospectus).
