THE TRANSPORTATION QUESTION UP AGAIN BEFORE THE COMMONS

Mr. Davis of the Northwest Declared in Favor of Government Ownership, But for the Present Will Not Commit Himself—Mr. Blair Cannot Promise Anything This Session

Ottawa, March 4.—(Special.)—All the afternoon and night the transportation question has been the subject of a flagging debate in the House, the western members taking the most prominent part and the Government marking time according to the tenor of the remarks of the westerners, who were not really satisfied.

T. O. Davis (Saskatchewan) moved in effect that the public interests demand that the railway companies of Canada should be brought under control of a Board of Railway Commissioners. He said he was in favor of Government ownership, but was not prepared to say what the nature of the ownership should be. The hon. gentleman (Mr. W. F. Macdonald) who the other day told the House that the G.T.R. and C.P.R. could be leased at \$1 each, and that in assuming all the responsibilities of these roads, they would be found to be bonded excessively—at least to double their worth.

Mr. Blair (Ontario) said that as an instance the Edmonton Railway, bonded for \$2,000,000, cost \$2,000,000; and the Regina & Long Lake Railway, which cost \$2,000,000 and was bonded for \$2,000,000. Where a road was necessary, the Government should guarantee the bonds and take a first mortgage on the road. That would be preferable to granting money and lands to railway corporations. He believed in a railway commission with power, as was the practice in the Western States of the Union, to deal with all disputes between the public and the corporations. A commission would put a check on charter mongering. Every railway charter applied for should be submitted to the Railway Commission, and

MR. OSLER AFTER MR. SIFTON

Member for West Toronto Was Slurred, He Claims, in a Most Unfair Way by Government.

THE TRUST HONESTLY ADMINISTERED

As Proved by the Report, Yet the Facts Were Distorted to Mislead the Public.

Ottawa, March 4.—(Special.)—In the House today Mr. Osler made a statement in moving for a return of a report presented to the Department of the Interior by commissioners appointed in June last to report upon the administration and sale by the trustees of the townships of Virid, Qu'Appelle, Regina and Moosejaw. He showed that an trust had been honestly administered, and that the report was very fair during the day.

A shocking revelation.

Referring to the report of the trustees, Mr. Osler said that the report was published in a few of the newspapers, which case a slur upon the trustees, particularly upon himself. The evidence had been called for and had been brought down by the Government. "If I should express myself as I feel on this matter," said Mr. Osler, "I know I should be called to order very sharply. It surprises me to know why such a report was issued to a few newspapers, to try to mislead the public, and cast a slur upon trustees who have administered their trust as no public trust has ever been administered in this country. [Applause.]

Mr. Osler, in his reply, tried to make out that the evidence had not been applied for in a strictly accurate way. If the report of the commissioners had been founded on fact, it could only be tested in the courts. In ordering the report he (Mr. Sifton) had only acted on what he had conceived his duty to be. Lord Strathcona was equally responsible for the documents the refusal of the Government to submit the matter to the courts.

Mr. Sifton promised to include the evidence in the return.

IRON AND STEEL MEN AT OTTAWA IN CONFERENCE WITH MINISTERS

Manager Moxham and Canadian Members of Sydney Syndicate Had a Meeting—Mr. F. H. Clergue is Also There—He Scents European Combine Against United States.

Ottawa, March 4.—(Special.)—It may be a coincidence, but there is a universal gathering of representatives of the iron and steel industries here to-day. Managers of the Sydney Syndicate met the members of the Cabinet at a private meeting this morning. The only thing the newspapers could learn was that the conference had reference to the Government's intention. At all events, Mr. Moxham met the members of the Cabinet at the Russell early in the morning. They were very busy during the day.

A shocking revelation.

Referring to the report of the trustees, Mr. Osler said that the report was published in a few of the newspapers, which case a slur upon the trustees, particularly upon himself. The evidence had been called for and had been brought down by the Government. "If I should express myself as I feel on this matter," said Mr. Osler, "I know I should be called to order very sharply. RAID ON FEDERAL TREASURY

Advocated by Mr. Lomer Gouin, Quebec's Commissioner of Public Works, Last Night.

Montreal, March 4.—(Special.)—Better terms from the Dominion was the keynote of the speech made by Mr. Lomer Gouin, Quebec's Commissioner of Public Works, at a complimentary banquet tendered to him tonight at the Place Viger Hotel. Several hundred Liberals attended to do honor to the guest of the evening. Mr. Gouin made a rather important speech, in which he advocated an increase in the Dominion allowance to the province. He claimed that the present terms of 80 cents a head were not sufficient, and that it was imperative that they should be augmented. Senator Dandurand declared in favor of a tax being levied by the Provincial Government on all stock transactions. Such a tax, he claimed, would result in an annual revenue of over \$500,000.

WILLIAM M'KINLEY INSTALLED FOR SECOND PRESIDENTIAL TERM

The Greatest Display Seen On Such an Occasion in Washington for Generations—Impressive Scene in the Senate Chamber—Vice-President Roosevelt Also Sworn In.

Washington, March 4.—President McKinley was sworn in to succeed himself as Chief Magistrate on a handsomely decorated stand at the east front of the Capitol in the presence of a surging multitude. It was a sudden transformation from the impressive solemnity of the Senate proceedings to the brilliancy and clamor of an outdoor spectacle of mammoth proportions. From early in the day the whole city had emptied its throngs into this vast central plaza, until by noon it was a billowing expanse of humanity, cut here and there by narrow defiles for the unfortunated marchers. It is estimated that 40,000 people were packed in this assemblage.

Detailing Sleet and Hail.

Just before 1 o'clock a drizzling sleet with slanting hail began to fall, and over the sea of heads went up countless umbrellas, some of them of fantastic color and patriotic hue. The sky turned from grey to black, and the signs looked ominous, but they moved but little ground.

It was just 1 o'clock when the official party came thru the main doorway of the Capitol. By this time the hail had turned into a steady drizzle of rain, making the officials and the ambassadors shift uneasily under the downpour.

The President Was Cheered.

As President McKinley stepped out on the portico in full view of the waiting multitude, a great cheer went up, which was school and reached the high standard fairly trembled with the volume of sound. The President bowed his acknowledgments of the greeting. He put on his hat as he stepped into the open, and his overcoat was buttoned high up to keep off the beating drops. What time was Chief Justice Fuller, prepared to administer the oath.

Took the Solemn Oath.

A deep hush fell upon the assemblage as the President stepped high up to the portico in the highest degree honorably to the Government. It imposed upon obligations from which we cannot escape, and from which it would be dishonorable to seek to escape. We are now at peace with the world, and it is my fervent prayer that, in differences arising between us and other powers, they may be settled by peaceful arbitration, and that hereafter we may be assured the honors of war.

Enthroned by the people for a second time.

THE ALL-IMPORTANT PETITION OVER WHICH A FIGHT IS EXPECTED

Bill to Incorporate the Road From Crow's Nest Coal Fields to Connect With "Jim" Hill's System Placed Before the Commons—Other Railway Petitions.

Ottawa, March 4.—(Special.)—Mr. Gallinger presented the petition of D. McNeill, R. Abbott and George McL. Brown for incorporation as the Kootenay & Arrowhead Railway Company, also the petition of the Columbia & Kootenay Railway & Navigation Co. for an extension of time for additional powers to be allowed to move their headquarters to Montreal.

A petition was presented by Mr. Gallinger for the bill, which provides to cause the Illinois kind of lobbying both for and against it. It is the much-talked-of bill to incorporate the Crow's Nest Railway Company. The petition is signed by Senator George A. Cox, Elias Rogers, Henry M. Pellatt, J. W. Flavelle, E. R. Woods and A. E. Ames, all of Toronto. The petition is asked for in the bill of incorporation are hereby, for the construction of a railway from the Crow's Nest

BRINGING THE T. S. R. TO TIME.

York Township Council Will Stand No More Quibbling Re Woodbine-Avenue.

The topic of illegal occupancy of Woodbine-avenue by the Toronto Railway was again brought forward at the York Township Council yesterday, at the instance of Councilor Maclean. He stated that he had written Mr. Bicknell a week ago, asking if the company was willing to carry out the resolution. The Township Solicitor did not take kindly to the resolution, but despite this fact he carried the Reeves and Councilor Sylvester being in the minority. The resolution is that the Clerk be directed to forthwith to the Toronto Railway Company to remove within ten days from date the rails laid by them without the authority of this Council on Woodbine-avenue; that the Engineer be directed to visit the locality on March 15th, and in the event of his finding that the said tracks have not been removed, that he cause them to be taken up and removed then and there and without further instructions from this Council.

WHO OWNS THIS DEAD BABY?

Woman Left it With Another Woman and Now it is in the Morgue.

Corner Greig street conducted an investigation into the death of a 2-week-old female child, which occurred yesterday in the apartments of Mrs. Mary Ann Fleg, upstairs at 117 York-street. On Thursday afternoon, Mrs. Fleg answered an advertisement inserted in a daily paper and two days later the child was brought to her by an unknown woman, to keep for a consideration of \$2 a week. The woman refused to give any information about herself, and no questions were asked. On Sunday morning the child exhibited signs of being ill, and about noon was taken to convalescence. Mrs. Fleg treated the infant, but the child gradually grew worse until yesterday afternoon, when the death occurred. Mrs. Fleg at once communicated with Dr. Giarat and Eberhart, who declined to issue a burial certificate, and referred the matter to Corner Greig for investigation.

FIRE ESCAPES' A SCARCITY.

That Seems to Be the Result of the Inspection by Toronto Police.

The police department has been making an inspection of every factory and workshop regarding fire escapes, for the City Council, have completed their work. They have found, it is asserted, that less than 20 per cent of the places visited have proper equipment. It is expected that, as a result of the report, thru Chief Grassett, the City Council will adopt aggressive measures to have proper escapes placed on all buildings where protection is life is necessary.

A \$50,000 PRIMARY SCHOOL.

Upper Canada College Aided by York Township Council in the Project.

Mr. Frank Arnold, on behalf of Upper Canada College, presented a petition to the York Township Council yesterday, asking for the closing of a portion of Forest Hill road, and the opening up of another portion in its stead. The petition was in effect an extension of the college, the authorities being desirous of building a primary school at a cost of \$50,000. Forest Hill road is now only 40 feet wide, and the new road will be the regulation width of 60 feet. A resolution was passed, authorizing the necessary advertising of the proposed deviation.

HAVE THEY BOUGHT THE PAPER?

Agents of Macdonald and Mann Said to Have Acquired Vancouver World.

Vancouver, B.C., March 4.—It is reported that agents of Macdonald & Mann have acquired a half interest in the World newspaper here, in order to support their scheme of a railway from the coast to Kootenay. Articles have already appeared in this connection and in support of the plan from the Crow's Nest Coal fields to the American boundary.

STILL ON CHASE AFTER DEWET BUT NOT WITH GREAT SUCCESS

Lord Kitchener's Despatch, However, Indicates that the Coils Are Tightening in Some Ways—Captures of Prisoners, Guns and Stores Are Made Almost Daily.

London, March 4.—A despatch from Gen. Kitchener, dated Pretoria, March 4, says: "Dewet was moving on Philippolis (Orange River Colony), but was headed by our troops, and is now marching on Paunenburg, about 40 miles north of Philippolis. "Babington has dug up a Krupp, a pom-pom and some ammunition. He is in the hands of our troops. "Sixteen men of the Victoria Rifles have captured 35 Boers and 50 horses at Secow River. "General Durnach has captured a Boer commando, which, it is understood, came in March 2."

WOLSELEY'S PROMISED ATTACK.

The Ex-Commander-in-Chief Denounces the Military System of Great Britain.

London, March 4.—In the House of Lords today Lord Wolseley, the former Commander-in-Chief of the Forces, for two to three hours attacked the military system of Great Britain in a carefully planned speech, which, it is understood, he had long meditated and had phrased in consultation with his friends.

"My arguments," he said, "are not directed against individuals, but against the military system which I have honestly tried for five years and have found wanting, and which entails many great dangers not realized by the people of this realm."

Lord Wolseley said he had worked with

DR. DAWSON'S FUNERAL.

A Large Number of Professional and Scientific Men Were in Attendance.

Montreal, March 4.—The funeral of the late Dr. G. M. Dawson took place from the parlors of his mother, Lady Dawson, 236 University-street, at 3 o'clock this afternoon, and was very largely attended by professional, business and scientific men, McGill University, of which he was an distinguished graduate, being particularly well represented.

UNHAPPY VENEZUELA.

Press of Caracas Attacking United States Government—Another Revolution Started.

Port of Spain, island of Trinidad, March 4.—(Via Havana cables.)—Arrived here from Venezuela are to the effect that the press of Caracas, under orders, supposedly from the Venezuelan Government, is daily attacking the Washington Administration. Minister Loomis and President McKinley are caricatured by the lower Venezuelan newspapers, the former as being the author of and means of commination of hostile but correct information concerning Venezuela, to the American people. The local newspapers further attribute to the sailors of the United States auxiliary cruiser Scorpion acts which the latter have not committed.

SLIGHTING FOR 100 DAYS.

The Winter in Northern New York Has Been Profound of Snow—Great Windstorm.

Pittsburgh, N.Y., March 4.—A south wind of frightful velocity began blowing in northern New York yesterday afternoon and continued furiously all night. Little snow fell, but deep drifts on the hillsides. The Montreal express, due in New York at 12 o'clock this morning, because stalled at a point near Lacolle, Que., on the Grand Trunk Railway. To add to the trouble, telegraph and telephone wires were blown down, and for a time communication with the town was cut off. About 1 o'clock this morning a force of 150 men succeeded in digging them out. By running snowplows all night, the Rutland Railroad has succeeded in keeping its tracks comparatively clear. Trains on the Chesapeake Bay Railroad were delayed by the snow at Ligon Ligon and Annapolis, and are from five to seven hours late.

PROBES HILL STAYS COLD.

Metropolitan Police Say March 4-8 in Hills—Hills Has Fallen Today over the Maritime Provinces, and Another Depression, Now Developing in the Middle Atlantic Coast, Promises Stormy Weather in Eastern Canada.

Metropolitan Police say March 4-8 in Hills—Hills Has Fallen Today over the Maritime Provinces, and another depression, now developing in the middle Atlantic coast, promises stormy weather in Eastern Canada. Very cold weather prevails from the Rocky Mountains to Lake Superior, and the outlook is still for much colder weather from the lower lakes to the Atlantic. Snow is now falling in many portions of Ontario.

LADY BURNED TO DEATH.

Was Ill and Unable to Escape From the Building With Others of the Family.

Guyra, N.S., March 4.—The residence of Capt. S. Campbell Peart, with all its contents, was totally destroyed by fire at 4 o'clock Sunday morning, and Mrs. Henrietta Littlejohn, who was residing at the house, the only occupant barely escaping with their lives. Capt. Peart's loss is estimated at \$5000.

THE HERALD DID THE WORK.

Mr. Clarke Got Desired Information About Hand-Book of Canada From Mr. Fisher.

Ottawa, March 4.—(Special.)—In the House today Hon. Sydney Fisher told Mr. F. R. Clarke that the "Hand Book of Canada," which was distributed at the Paris Exhibition, was printed at the office of the Montreal Herald, in which Mr. Fisher has a considerable interest. The book is a valuable work, and is being distributed in French and half in English, at 50c and 80c per volume.

Board of Trade Council Still Thinks the Dominion Government Should Give Aid.

AN ADDRESS TO MR. D. R. WILKIE, Who is Retiring From the Council—Question of Premier's Salary Left Over.

At the meeting of the Board of Trade Council yesterday afternoon, the ex-president D. R. Wilkie, who is retiring from this executive body, was made the recipient of a beautiful illuminated address from the Council, pleading in record its keen sense of the loss it has sustained by the retirement of Mr. D. R. Wilkie from the Council, after a service of 17 years.

Technical Education. Messrs. A. E. Kemp, M.P., and J. D. Allan were appointed to the Dominion Government, along with other deputations, and ask that the Government should be authorized to establish a technical school for the Dominion.

POINTER TO CONNERS PEOPLE. Must Get to Work Soon or Their \$50,000 Deposit Will Be Forfeited. Montreal, March 4.—(Special.)—Unless the members of the Connors syndicate pursue a different policy from that which they have adopted since receiving the contract for building elevators and storage works for the Harbor Commissioners, they will be repudiated by the latter body and then the Connors people will be compelled to return the \$50,000 which is now deposited for the performance of the contract.

The Smallop Seal. Dr. Bryce reports seal at 25 places. The latest case is at Odessa, Lennox County.

Farmers and Furrows. A farmer is known by his furrow as the carpenter is known by his chips. It takes a firm hand and a true eye to turn a straight furrow. No wonder the farmer wears out, epics, which are already worn out, went on to state that in his judgment the work had not proceeded with the same vigor as it could be expected under the circumstances.

A Man From Waukesha. A man from Waukesha, wearing a peaked hat and a blue suit, landed at the Union Station yesterday and asked one of the officials to direct him to Archambault's sacro-lumbar establishment. The official did not know what sacro-lumbar meant, but he humored his visitor and directed him to Archambault, the tailor, on Yonge-street. He guided him to Yonge-street and told him to ask any of the clerks in the business houses where the store was. The visitor made a story to store causes, but he appeared afraid that he would miss the place. As last, however, he was piloted to the store, which he had read in the World that Archambault was selling suits for thirteen-fifty and he had bought one for eighteen dollars. Mr. Archambault looked the suit over and said, "Well, it is worth thirteen-fifty, isn't it? So you are in on current prices." This is simply the language of a new arrival from the Waukesha visitor doubts, and he said he would like to see the suit because he said he didn't want to have one to Toronto again for the next ten years.

Public Amusements

The whole office staff of the Toronto Opera House was busy half an hour longer than usual last night counting money, and they all looked cheerfully tired when their labors concluded. Every seat in the house was taken, as well as the balcony, and the Manager Small, with Messrs. Cowan and Alexander, and McFadden's staff, manager, doubtless debated whether they would send the money to the bank in an ordinary wagon or an automobile.

Fine Entertainment at Shea's. Shea's Theatre in Toronto, the bill this week is equal to any other theatre in the city. The programme is a most excellent one, and the management is doing its best to make the most of it.

Robertus and Wilfredo, a man and a boy, who have been in Toronto and display not only wonderful balancing power, but also strength of muscle. The juggling with balls, each handling five balls, is unique, and in cleverest performance ever seen here.

English Opera Company, who gives as her usual entertainment a series of vocal solos, which requires very expert vocalization. She is particularly well done, and she is to work in the Metropolitan Grand Opera House.

Devil's Mine at the Princess. "Way out in California old Joe Williams, a broken-down miner, strikes it rich in a great discovery. He possesses an inexhaustible mine of diamonds and a bright and pretty daughter, Jen. The former gets his mine into a great trouble, and the latter helps to get him out. The trouble is caused mainly by the efforts of the villain, R. M. Rawley, who is a miserly, greedy, and unscrupulous fellow, who falls in love with Jen, saves her father's life on several occasions, and circles her with a bewitching charm.

The Lepist. Orchestra. The Lepist. Orchestra made its first appearance in New York on Friday evening, and Her Winesap made a great impression by his leadership. The New York Herald says: "That this public would be richer in musical delights for their coming, the first movement of the Beethoven symphony left no doubt, and, coincidentally, 'Individually is stamped upon the readings of Her Winesap, and blood is a plenty in the playing of his orchestra. Beethoven's music is played with the most fiery and subtle sympathy seems to subvert, their responsiveness to his will approximating the ideal. If ever in New York has been heard so effectively rendered and, without, so vital a reading of the symphony as that in Carnegie Hall last night. The strings, the brass and the wood wind vied with one another in beauty of phrasing and nobleness of diction." The subscription list is now open at Massey Hall and the concert on March 15. Monday evening next and for subscribers on Saturday.

The MacInchlan Concert. The MacInchlan Concert, which was given on Thursday night at Massey Hall, was a most successful one. The programme was a most excellent one, and the management is doing its best to make the most of it.

Dr. Parlin to Introduce Vitellus. Dr. Parlin of Upper Canada College will act as chairman at the lecture to be given on Saturday evening next. The subject of the lecture is "Vitellus and Vitellus." It is universally recognized that Mr. Vitellus is

Here, Take That. Illustration of a man coughing into a handkerchief, with a bottle of Ayer's Cherry Pectoral nearby.

Haven't you been kept awake about long enough with that cough in the house? Even if he insists upon doing nothing, hadn't you better take matters into your own hands? Buy a bottle of Ayer's Cherry Pectoral yourself, take it home, and say, "Here, take that, and stop coughing."

For colds and coughs of every kind it has been the great family remedy for sixty years. "During the war I had charge of all the transports on the Mississippi, under General Grant. I always kept Ayer's Cherry Pectoral in my medicine-chest. I have given it to hundreds, have taken it myself, and used it in my family with the most flattering results."

To keep on hand you will like the \$1.00 size best, and you will need this amount to cure a chronic or very severe case. The 50c. size is just what you need for a cold, cough, croup, etc.
