NEW GOLD FIELDS PROMISE BIG RETURNS

High Government Official Confirms Worl Man's Statements that Porcupine District Shows Mineral Wealth.

J. F. Whitson, assistant chief of the surveys branch of the Ontario Department of Lands, Forests and Mines, returned to Toronto yesterday after a ten days' tour of inspection of the new Porcupine gold fields.

"I have read 'The World,' said Mr. Whitson, when seen at the parliament buildings shortly after his arrival, 'and I have no hesitation in saying that its statements regarding the Porcupine district are well within the mark. It is, with the exception of Cobalt, far more promising than any other section of Ontario I have seen.'

"Why, there are 2000 claims staked out. The whole of the Township of Whitney and the whole of the Township of Whitley, with the exception, of course, of the lots reserved for veterans, have been staked. Two-thirds of the Township of Shaw, which lies south of Whitney, and two-thirds of the unnamed township lying to the south of Tisdale, have also been staked out.

"To show you how things are going, there are at the present time several hundreds of prospectors in the woods doing development work on claims staked within the last two months.

"The road from mile-post 222 on the T. & N. O. railway into the Porcupine district was finished about 10 days ago. This road has been constructed by prospectors, and the parties building road houses along the way.

"The O'Brien Mining Co., and the New York Syndicate have each 25 men at work developing properties near the southwest corner of Tisdale. Quartz dykes, which have been constructed by prospectors, and the parties building road houses along the way.

ELECTIONS FIGHT GROWS BITTER LEADERS ASSAIL EACH OTHER

BALFOUR SPEECH STYLED LOW POLITICS

"Dangerous Game, Discreditable and Disgraceful," Says the Chancellor—Germany is Friendly.

(Canadian Associated Press Cable.) LONDON, Jan. 6.—Premier Asquith, David Lloyd-George, John Burns and other members of the government, occupied to-night in denouncing A. J. Balfour's alarmist references to Germany, and refuting his accusation of the unpreparedness of the navy.

Mr. Lloyd-George, speaking at Peckham, made some strong remarks against Mr. Balfour's speech, which he described as the last resort of a desperate man who saw his cause lost.

Mr. Balfour, the chancellor said, has now become a tattler, the discredited game played in America by the lowest type of politician. It was a dangerous game, for the peace of Europe, discredit to the leader of a great party an disgraceful to British politics.

Great Britain, the chancellor went on, in her time, had warred with almost every country, but never with Germany. On the contrary, she had generally had Germany fighting with her.

Lords Adapted, Says Balfour. Addressing a meeting at Ipswich, Mr. Balfour again emphasized the necessity of opposing tariff reform were honest and unbigoted and antiquated British had now to face the system of tariffs, deliberately built for the purpose of attracting to these communities the skill and energy of Britain, the object of assault by all the greatest industrial countries of the world.

British Trade Best Ever Under Budget

Chancellor Lloyd-George, at London, last night, took the unusual course of prematurely announcing the trade returns for December, when exports had increased by 4,388,000 pounds over December, 1908, and by 1,000,000 pounds over 1907, which stood as the record year.

CLERKS SIGNED FOR MANION'S BENEFIT

Directed Public Attention to Danger of Losing Valuable Lands—A Sensational Declaration.

WASHINGTON, D.C., Jan. 6.—A sensation was caused to-day by Senator Doolittle, of a letter from Gifford Pinchot, chief forester, forwarding the recent very bitter controversy with Secretary of the Interior Ballinger over the conservation of public lands.

"This report shows that Messrs. Price and Shaw made public certain information regarding the so-called Cunningham claims for coal lands in Alaska," said Mr. Pinchot, "the effect of the publication was to direct public attention to the action of the interior department."

"It shows also that they countenanced the publication of L. R. Glavis of certain facts concerning the real estate of the Interior Department, and that in other ways they endeavored to direct public attention to the imminent danger that the Alaska gold fields, still in government ownership, might pass for ever into private hands with little or no compensation to the public."

"Price and Shaw deliberately decided to risk their official positions rather than permit what they believed to be the wrongful loss of public property. Having violated a rule of propriety as between the departments, Mr. Pinchot said they deserved a reprimand and, without hesitation, that no further action of their case is required."

STRATCONA'S CASH TO COMBAT TYPHOID

Cables \$25,000 for Montreal's Temporary Hospital and is Willing to Give \$100,000 More.

MONTREAL, Jan. 6.—(Special.)—Sir Hugh Graham received a cable this afternoon from Lord Stratcona, in London, stating that he was cabling him \$25,000 for the emergency hospital which has been opened in connection with the typhoid fever outbreak here, and that he was prepared to subscribe \$100,000 towards the eradication of the disease, should a citizens' fund be started.

A CHARGE OF PERJURY

Howard Lowrey of Niagara Falls Must Explain His Local Option Vote.

ST. CATHARINES, Jan. 6.—(Special.)—Howard Lowrey has been served with notice to appear before James Aikens, J.P., at Niagara-on-the-Lake, next week on a charge of perjury. The Lowreys of Niagara Township are strong temperance men. Frank H. Aikens, who was elected to the municipal office at Monday's elections, the young man, whose name appeared on the voters' list as a farmer's son, is said by anti-liquor opponents to have left the municipality and taken up his residence at Niagara Falls.

PIANO FELL ON HIM

While Helping Carry it Up Icy Steps—May Die.

Serious results attended a slip on the part of J. F. Chiles, aged 25, pianomover in the employ of Heintzman & Co., 117 West King-street, while carrying a piano up the steps of 191 Logan-avenue, yesterday. The large circle of scummed earth held the roof of the piano on his neck and shoulder. His shoulder was dislocated, his right arm fractured, and internal injuries are feared. He may die. He was taken to the General Hospital. School closes at 52 Bond-street.

TUNNEL UNDER VAULT MAKER TRAPPED IN IT

Apparent Attempt at Robbery of Rich Deposits and Jewelry Foiled by Collapse of Earth.

NEW YORK, Jan. 6.—A case of the man who crawled into his hole and pulled the hole in after him is puzzling the police here to-night. From an unobtrusive aperture in the floor of a tenement house cellar, the hole presently stretched into a tunnel, and the tunnel pointed in the direction of the vaults of the Eastside branch of the Fourteenth-street Bank, with deposits of \$100,000 and towards the safe of a jewelry shop next door, in which there lay \$80,000 worth of diamonds and jewelry.

CUT IN TWO BY ENGINE

Fearful Death of C. P. R. Carpenter at Windsor.

WINDSOR, Jan. 6.—(Special.)—William S. McRoberts, aged 35, was cut completely in two at 8 o'clock to-night at the C.P.R. coal chutes near the roundhouse. McRoberts had just quit work, and was on his way to report to his mechanic foreman. An engine which had just brought train No. 5 into the station and uncoupled was backing down to the roundhouse. McRoberts was walking on the track and did not see it. He was dragged one hundred feet under the wheels. McRoberts was a carpenter, being employed on the bridge gang. His home was in Glencoe, Ont. He was unmarried.

ARGENTINE LEAF DUTY FREE

England Will Lift Ban, Says Paper, if Liberals Win.

LONDON, Jan. 6.—The ports of the United Kingdom will be thrown open for the importation of live cattle from Argentina, says The Shipping World to-day, if the present government is returned to power. The Shipping World adds that the present embargo, which has been in force since the outbreak of the Argentine revolution, is removable at the end of March and that, beginning with April, the new industry of the country but cheaply employed on the bridge gang. His home was in Glencoe, Ont. He was unmarried.

GREGIAN ROYAL PALACE IN THE GRIP OF FLAMES

Fire Started From Illuminations on Xmas Tree While Royal Family Were Celebrating.

ATHENS, Greece, Jan. 6.—The royal palace at Tatoi caught fire at 10 o'clock this evening while the royal family were gathered around a Christmas tree. The flames spread rapidly and soon the right wing of the palace was practically destroyed. The fire is believed to have been due to illuminations on the tree. The royal family made a hasty escape, and so far as known no one was injured.

PEER FIGHTS A HECKLER

Crowd Formed a Ring—Police Interfered.

LONDON, Jan. 6.—Serious disturbances again marked many meetings. The Earl of Donoughmore and Lord Chylesmore, attempting to address a Conservative meeting at Coventry, found that the hall had been captured beforehand by the Radicals, who howled all the speakers down. The meeting broke up in disorder. A similar fate overtook Lord Rothschild at Wolverton, where a crowd of rough hooligans rushed the door. Sir William Bull, member of the house of commons for its members in the county of Warwick, was rudely heckled by a man in the crowd. He threatened to punch the man's head. "Come on," shouted the man, "sir William forthwith descended, and the crowd formed a ring. A stand-up fight ensued until the police separated the combatants.

FIRE INQUEST AT GUELPH INCENDIARISM NOT PROVED

GUELPH, Jan. 7.—(Special.)—After hearing evidence until midnight, Coroner McLean's jury, investigating the fire which partially destroyed the Norwich block, on Dec. 27, retired to-night and arrive at a conclusion. Beyond the evidence of two witnesses that two men were noticed running from the alley next the burned block just before the outbreak, one without an overcoat, the other carrying an overcoat, there has been nothing to prove incendiarism.

The inquest was held at the solicitation of Mayor Hastings and several of the council. King Alfonso has returned to Madrid from Andalusia, where he went ostensibly to hunt, but possibly to undergo an operation for the relief of a trouble of the ear and nose.

British Elections Hard to Forecast

Little Information on Which to Hazard an Estimate—Where Unionists Hope for Gain.

With the last week of the political conflict in sight, the contending parties in the United Kingdom are redoubling their efforts to convince the electorate the electoral verdict, the real attitude of the silent electorate, whose vote will decide the issue, remains a mystery. During no previous general election have there been so sparse indications or such a paucity of data from which the trend of sentiment among the masses can be gauged. At this distance any forecast can be nothing better than a conjecture, nor do experienced observers on the spot appear to be in better case. This veil that so closely conceals the mind of the voter, and for the dramatic intensity of the situation.

So far as can be judged from the more moderate of the speculations regarding the electoral verdict, the real chance, but will be sustained by a majority considerably diminished. In London and the southern counties, and in the industrial areas, the Liberal party is looked for, and they may also strengthen their hold on agricultural constituencies in the midlands. In England the Liberal party is the northern, particularly the Counties of Lancashire, Yorkshire and Cheshire. This district contains the great cotton and woolen industries, and the conversion of the workers' tariff reform would certainly mean an opposition victory. How far that has been effected cannot be estimated, but the Liberals profess confidence that they will retain their present advantage.

Features of The Sunday World

In this week's issue of The Sunday World the front page of the Illustrated section is given over to depicting scenes in the rooms of students at the University of Toronto. Every student, relative and parent should get a copy of this paper, for no finer collection of photographs showing student life in leisure hours has ever been published in Canada. There are several other features in the Illustrated section of unusual interest to the public. One of them is the fact that there is a revival of the English-speaking world. The Sunday World has made arrangements to publish each week a sermon from Shakespeare. The series are written by one of Canada's able authors and classic scholars, Mr. Marquis. Every student, minister, professor and reader of the famous play should follow these regular news, editorial and comic sections of The Sunday World will be filled with live articles, news and comment. Order copies early to make sure of this unique advantage of these exclusive features.

NEW "WAR OF 1812" MEMORIAL

LONDON, Jan. 6.—The little stone chapel of Prince Town, Devonshire, built under forced labor by the American sailors confined in the adjoining Dartmoor prison during the war of 1812-14, has just been restored, and a memorial window placed in it to the memory of those engaged in the original work. Strangely enough, the cost of this restoration and window was borne by Americans.

ALL SAFE BUT SIX

HALIFAX, N.S., Jan. 6.—(Special.)—Of the 100 fishermen lost in blizzard off Whitehead Tuesday, all have been rescued but six. There is a chance that the remaining six will be picked up.

All England Stirred by Them.

EDINBURGH, Jan. 6.—The Lord Provost and his colleagues have invited the four great Toronto pressmen to London to pay this city a visit and view Scotland in the throes of a general election.

The Provost has arranged that twenty-seven of the choicest bookers in all the kingdom are to attend a meeting addressed by able men of both sides, and to see an exhibition of their wonderful building power.

After the backing of the speakers a copy of Scotch suffragettes will be flashed from under the platform, and another lot lowered suddenly by ropes from holes in the ceiling into the middle of the meeting. At a given signal the "speakers" will be hustled and carried out of the hall in short order, some over the police's shoulders, some by neck and crav, and some by foot and arm holds. After the demonstration the visitors will be escorted to Holyrood Palace and shown King's blood stain on the alabaster floor.

Stewart Lyon has been invited by the Paisley weavers to call the most important points of the shorter catfish.

LONDON, Jan. 6.—The Midget Press Club of London have had a medal struck in honor of Joey Clark (of Toronto) visit to their club home last night.

Clark was about to be ejected from one of the meetings of the Midget Press Club, when he flashed his "Little Eva," a Little Eva, which he had made up and apologized tenderly by the Home Secretary.

One of the royal intimates, John K. Robinson of the Toronto Telegram that His Majesty pleased to hear from his own lips the story of the Midget Press Club, and that if the Midget Press Club had been in the city, it would have been too busy to attend the King at Windsor, that he would at least speak into a photograph and send a glass of beer to the King at Windsor, that he had a host of admirers, that he had a host of admirers, that he had a host of admirers, that he had a host of admirers.

WAS VALEDICTORY DAY FOR 1909 CITY COUNCIL

Kind Words Spoken Regarding Ex-Mayor Oliver and Departing Colleagues.

The 1909 city council has ceased to be. The valedictories were spoken at yesterday's funeral session in the council chamber in the presence of a fair representation of citizens assembled for the last sad rites.

New aldermen who came to witness the solemn doings were: T. N. Phelan, James McBride, J. A. McCausland, George Weston, J. P. V. May, and N. G. Heyd, and all radiated cheerful faces.

Some Kind Words. Mayor Oliver's chair was then taken by Ald. B. H. Graham, and Controller Ward then read a resolution appreciative of the "wise and energetic administration."

Dr. Harrison read a letter from Mr. Hocken, in which the latter said he had nothing but the kindest feelings for all his former colleagues and apologized for anything he might have said in the heat of debate.

Dr. Harrison also desired to leave no better monument to himself than the trunk sewer, filtration plant and public baths, which John Ross Robertson's papers had attacked him on these grounds.

OFFICER AFFIRMS THAT BALLOTING WAS REGULAR

Allegations Contained in Commefford's Letter Denied by One—Other Refused to Talk.

"It is a lie," vehemently asserted Joseph C. Jennett, of 124 University-avenue, who acted as returning officer at Queen-street fire hall election day, when told of the letter forwarded to the council by J. W. Commefford, hinting at irregularities in the late civic election.

only and by open ballots, were informed by the returning officer that they must vote for three candidates, and that the name of one particular candidate was suggested.

"These facts have moved me to ask for a recount, not in any hope of securing my own election with a handicap of 400 votes to overcome, but to bring the facts to the attention of the proper authorities, and I must respectfully insist that the city council have these charges investigated."

"As far as I am concerned," said Mr. Jennett, "these charges are groundless. Mr. Commefford says that Mr. Sloan will testify that the ballots were counted in different parts of the room. That is not so. They were all counted at one table, where I could see everything. I divided them and sorted them out. I counted all the ballots myself, and my clerk checked them off. Mr. Sloan was not in our room, anyway. He was

in an outside room. I am going to call on Mr. Commefford in the morning and ask him to explain."

A. D. Jackson of 442 West Queen-street would neither affirm nor deny the charges affecting him as returning officer in polling-sub-division No. 14. He said he had heard nothing about it. When it was explained to him he said he would say nothing until he saw the city clerk.

Smashed Church Windows.

CHATHAM, Jan. 6.—(Special.)—Geo. Chive, extradited from the U.S., and found guilty of breaking the windows in the Lindsay-road Methodist Church, was dismissed by Judge Dowling on suspended sentence.

Broke Neck in Fire Station.

WINNIPEG, Jan. 6.—Timothy D'Arcy, 35, who came west with the harvest excursions last fall from Lehigh, Ontario, while visiting a friend in No. 2 fire hall here, and attempting to get a better view of a picture on the wall, stepped into the opening where the firemen's sliding sole stands and fell to the main floor breaking his neck instantly.

COBALT ORE STEALING CASES SENT TO TRIAL

Dr. Wilkinson Charged With Illegally Purchasing Ore and Receiving Stolen Property.

All but one of the Cobalt ore cases have gone to a jury. Yesterday morning Magistrate Denison committed Dr. John Wilkinson, with Alex Littlejohn, George Barber, James Connelly, J. H. McGale, H. A. Van Winkle, Wm. Johnson, Nicholas Zofatz, John Leuder and Jacob Cohen for trial at the next sittings of the quarter sessions.

was that of sales and the receipt of money shown by returned cheques of the Wilkinson firm. All of the men admitted that they had no proper authorization to sell or dispose of the ore under the provisions of the criminal code.

In the case of McGale, the Cobalt hotelkeeper, Detective Gaultrie, who arrested him, told that McGale had said that if he had wanted to go into the business he could have handled 5000 pounds of the ore every week. He told the detective that Wilkinson did not pay until he found out how much silver there was in the ore.

Cohen, the Jewish jeweler, denied selling ore and said that his cheques were for watchcases which he had had melted at Wilkinson's refinery.

Dymitreas Andras, arraigned under like charges, was the only one to go free. Against him the charges were withdrawn.

Wilkinson was committed upon one charge, and the other will be heard to-day. Bail was fixed in cash between \$1000 and \$2000 for each.

OBITUARY.

At St. Catharines—Richard Kimmitt of the customs staff, aged 63. At Kingston, Ont.—Mrs. William Pillar, aged 83; for 63 years resident in a big stone residence on Princess-street.

At Washington—General Daniel H. Buckner, aged 88; the oldest retired officer of the United States army that ever lived.

At New York—Prof. Samuel S. Sanford, long the head of the music department of Yale University. He inherited a large fortune from his father and devoted much of his time to travel and literary and artistic research.

20 CENTS A DAY FOR FIGHTING MEN. NEW ORLEANS, Jan. 6.—General Estrada, leader of the revolutionary forces in Nicaragua, has adopted what is termed a "level rate" of payment on his soldiers. A general receives no more pay than a private. Twenty cents, a day, it is stated, is the individual stipend, regardless of rank.

Efforts to secure an adjustment of the strike of switchmen on the railroads of the northwest have been abandoned.

ROY SANDERSON, aged 17, who escaped from the Mimico Reformatory and was arrested at London for burglary, was sentenced there to one year.

SEVERAL LIVES ARE LOST DUE TO EXTREME COLD

Casualties Reported From Western Prairies—N. Y. State Farmer a Victim.

REGINA, Sask., Jan. 6.—News of toll exacted by last Friday's storm in death and suffering on the prairies continues to come to hand.

A homesteader froze to death on New Year's Day, south of Rouleau, and a man named Clark, of Lang, perished while driving a load of hay from his farm eight miles south of town.

Three little children living south of Yellow Grass, going from their father's place to the home of their grandfather, two miles distant, were caught in the blizzard, and when found by a search party the boy was dead with his two sisters huddled in the snow beside him.

Fear is also entertained with regard to the safety of Sheriff A. V. Whitehead of Weyburn, who left to drive in the south country on New Year's Day, and has not since been heard from.

Lawrence Trombley, aged 16, while choring on a farm near Estevan, went to hunt for the horses on Friday evening and perished.

Two Succumbed. WINNIPEG, Jan. 6.—The frozen body of Andrew Coleman was found near Darwin, Man., yesterday. On Sunday he and a man named Bailey started to walk to town. On Tuesday Bailey was found badly frozen.

Reports say cattle on the western American ranges from the Gulf northward thru Nebraska, the Dakotas and Canada are dying by the hundreds.

Frozen in Snow Drift. SYRACUSE, N.Y., Jan. 6.—In the face of the blizzard yesterday, Michael Murphy, 65 years of age, with his wife and two grandchildren, started to drive from Manning to his home in Pompey. The sleigh broke down and Murphy, wrapping up his wife and the children, started for home for another sleigh.

LEG WAS FRACTURED. Lawrence Graham, aged 13, of 292 Boucher-street, yesterday afternoon in a sleighing accident yesterday afternoon. While driving rapidly around the corner of Spruce and Boucher-streets the runner struck the sidewalk, overturning the sleigh. Lawrence was thrown out and the sleigh fell on his leg. He was taken to the General Hospital.

Sale of Unclaimed Goods. A varied throng consisting of second-hand dealers, junk-dealers and general bargain hunters gathered yesterday afternoon at the custom house for the semi-annual customs sale of unclaimed goods yesterday noon.

Several packages were not sold, owing to the bids being lower than the duty owing. A trunk full of ladies' wearing apparel brought \$4.50 and a box of spark-plugs, against which the duty was \$22.25, was sold for \$89. It is estimated that about \$1000 was realized at the sale.

Funeral of Dr. Ogden. The remains of Dr. Ogden Ogdon were laid to rest yesterday afternoon in the family vault in the Necropolis. A short service was conducted at the house by Rev. Dr. Hazelwood, assisted by a former pastor from Hamilton, Rev. J. V. Smith.

Little Girl Injured. Dolly Rodden, aged 10, of 25 Oak-trace, died this morning from injuries sustained at Beachville last crossing, when a cutter containing herself, a brother and a sister was struck by a sample train. A tramp named Ferguson from St. Paul, aged 60, was struck by a train while walking the tracks. He clung to the engine until the train reached the depot. He has a bad scalp wound.

DETECTIVE PLAYED PRISONER And Secured Confession From an Italian Murderer.

ALBANY, N.Y., Jan. 6.—The incarceration of a New York detective in the Albany county jail for the purpose of securing evidence against Dominick Ferrer, charged with murder in the first degree, was brought to light to-day at the trial of Ferrer.

The detective, Michael Bernabe, was arrested on his arrival in Albany on Dec. 2, in accordance with the plan arranged by the district attorney and sheriff of Albany county, arraigned before the magistrate and committed to jail until Dec. 25.

Bernabe was given a berth with Ferrer and Vincent Leonardo, who are accused of having killed George E. Phelps a few months ago.

Bernabe testified to-day that Ferrer admitted to him that he was a member of a branch of a black hand society known as the "family of the dead," and that Phelps was murdered under orders from the society.

Hebrew Language in Polling Booths. Joe Gurofsky objects to City Clerk Littlejohn's expression of opinion that it might be just as well, to avoid irregularities, if no language but English were allowed to be spoken in the polling booths. "I don't credit the report that Jewish agents of certain candidates endeavored to persuade voters for or against anybody," said Gurofsky. "I visited every booth and heard nothing of the sort."

"There are Hebrews in the city paying taxes on property worth \$20,000 to \$100,000, but who can't understand English very well. Are they to be debarred from their voting rights?" "My suggestion is to appoint Jewish deputy returning officers, or poll clerks in those sub-divisions where there is a distinct Jewish vote."

A HINT TO LADIES WHEN SHOPPING

If you wanted anything badly, and when you got to the store were persuaded to take something else instead, when you came away wouldn't you feel a little disappointed? As if somebody had 'got over you'—and not for your benefit, mind, but for their own profit!

And when you proved that the something which was represented as being 'just what you wanted' was not as good—was not to be compared even with the real thing—wouldn't you feel that somebody had made a few extra cents out of your lack of firmness?

ARTERY SEVERED. John Reid, aged 27, of 151 Leslie-street, had an artery in his right arm severed by a piece of steel yesterday afternoon. He is a blacksmith in the employ of the G.P.C., who have been hammering a piece of steel into shape on his anvil, when the splinter broke off and flew into his arm. He was attended at St. Michael's Hospital.

This Ice Expensive to Contractors. PORT ARTHUR, Jan. 6.—(Special.)—The mild weather has had the effect of keeping the ice on Sturgeon and Nipigon Lakes very thin, and the contractors of the G.P.C., who have been figuring on totting supplies across the ice, are much inconvenienced. As snow now covers the ice, it will need an extra amount of cord to make it thicker, and as mild weather is predicted the contractors stand to lose considerable. Several horses have been drowned in Sturgeon Lake in endeavoring to cross.

One Victim Dead. WOODSTOCK, Jan. 6.—(Special.)—Zusit, aged 25, died this morning from injuries sustained at Beachville last crossing, when a cutter containing himself, a brother and a sister was struck by a sample train. A tramp named Ferguson from St. Paul, aged 60, was struck by a train while walking the tracks. He clung to the engine until the train reached the depot. He has a bad scalp wound.

CITIZENS AND CIVIC ADMINISTRATION.

People are constantly complaining about the quality of municipal government, and the inefficiency of elected persons. Of course the people are themselves to blame.

There is very little use in a representative of the silent classes who do not vote attempting to win an election. He is not known to the people who do come out and vote, and the circle that does know him is not sufficiently numerous or influential to do him any good.

Such experience is not necessarily a guarantee of any kind of ability but the ability to make friends. It is held by many voters to be a point of honor to vote for the inferior man they personally know, rather than the admittedly superior man they don't know.

The real responsibility is altogether too lightly regarded. Properly this is on account of the lack of proper education in municipal duties. Few men understand clearly their relation to the community to which they belong.

Large numbers in every city talk about the city government as though it were a foreign power with aims distinctly hostile to their own. Every voter should realize that the city government is his government, and that it represents him personally in alliance with all his fellow citizens.

More instruction and of a more definite description, should be given to the rising generation on these matters. A new volume on "Civics" for schools has been prepared by Mr. R. S. Jenkins, which might well be studied by parents as well as children, not to mention candidates for office.

The temerity with which men of little or no experience will undertake to participate in the management, and direct the affairs and policy of a city like Toronto might be used as an argument for the latent human consciousness of Bivinity. None of them would even dream of applying for similar positions in a business firm of like dimensions.

A business firm with a revenue of \$4,000,000 would hesitate long before entrusting its destinies to men with little or no training in the principles and operations by which it achieved success. The city will take long chances however, and will suffer as at San Francisco, at St. Louis, at Montreal. Every city thinks itself an exception in this respect, and hopes for the best from its representatives. Toronto has had experiences that indicate the nefarious nature of corruption influence on certain types of character. Constant vigilance on the part of the people is maintained, or ought to be maintained, by the press. When the press itself is subject to corruption influence the people may complain very loudly and very bitterly, but with very little effect.

REAUME AND DUFF. There has been lots of talk about good roads after The World's story of yesterday, and there is a great deal of talk about the public-owned power policy of the Whitney Government. The World agrees with both of these, but The World thinks the government ought to devote themselves to good roads in the interests of the farmers and to the distribution of electrical energy in the interests of the farmers.

see why the minister of agriculture is not bestirring himself in the way of getting distributing lines thru farming districts as well as into the towns. There must be a fine lot of farmers between here and Falls who could do with lots of cheap light in their houses and barns and on some portions of the country roads. All it needs is someone to set the ball rolling, and no one ought to be so much interested in this as the ministers of the Whitney Government themselves. Give the farmers good roads and cheap light. It is up to Brothers Reaume and Duff.

STREET RAILWAY MANOEUVRES.

Energetic demonstrations are being made in the street railway organs since Mayor Geary's election. Something must be done at once they say. It is too bad that the poor people are so crowded together and have to hang on so long and so earnestly to the elusive strap. That is one side of the story.

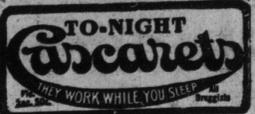

The other is that street railway stock is being manipulated for a rise. There is talk of increasing the dividend, and issuing new shares and other devices by which the public is shorn a little closer and the eminent financiers dress a little more warmly.

A corporation can always beat the public, because a corporation has no emotions and no sentiments. It is merely endowed with organs of rapacity and acquisition, and has no conscience to stand in the way of its use. Political influence, partisanship, personal favor or friendship, lodge connection and affiliations, trade and religion, social and family ties, everything that would contribute to the success of a campaign is utilized. The poor public yields to its sentimentalism and emotions which are played upon with a cunning hand; its passions are excited to white heat, and individual voters are inspired with the idea that they are avenging personal wrongs, while all the time the corporation is leading the poor dupes by the nose.

The Toronto Railway Company has evidently satisfied itself that the way is now clear for these nations to form an alliance against American imperialism, and closing their doors to America, look to European capitals for immigrants.

New S. S. Secretary. Rev. R. A. Hiltz of Ferguson, the new secretary of the Sunday school work in the Church of England, has arrived in Toronto, and will meet his committee at the Synod offices this afternoon. Mr. Hiltz has been the rector at Ferguson for the last eight months. Previous to this he was stationed at Halifax.

University College of Medicine at Richmond, Va., was burned at a loss of \$150,000.

neils that make an approach to the city centre possible. Then the extensions will be carefully planned so as not to clash with the radial railway services, and so as to tie the city up, like an Indian papoose to a board, with a flat slab on its head. Toronto will get a fine flat head, and will grow just as the street railway desires. It will have a flat head in the direction that suits the street railway. Then when the city is carefully and inextricably entangled, the master-moves for the extension of the franchise will be developed. It is funny how a corporation can manipulate the voters.

GOOD ROADS.

Editor World: I agree with all you say to-day in regard to good roads. Dr. Reaume must make good in his department, as Mr. Cochrane, Mr. Hanna and some of the other ministers have heard the talk of good roads ever since Dr. Reaume went into office, but I've not seen the goods. Good roads mean ten dollars an acre on every farm within their range. Leopold.

Complaint Against Unsanitary Conditions Raises Storm. GUAYAQUIL, Ecuador, Jan. 6.—A storm of protest has been raised here following the receipt by Foreign Minister Aguirre of a note presented by the United States Minister Fox, which denounces as unsatisfactory the sanitary condition prevailing in Guayaquil. The note contains a threat to quarantine the canal zone against Guayaquil unless the local board of health.

The press is unanimous to-day in censuring the terms of the communication from the United States Government, asserting that the note constitutes a serious menace to South American autonomy and adding that the time has come for these nations to form an alliance against American imperialism, and closing their doors to America, look to European capitals for immigrants.

Trial. Before Teetzel, J. Newman v. G.T.Ry.—O. L. Lewis, K.C., and H. D. Smith (Chatham), for plaintiff. Foster, for defendants. Judgment: On 4th November, 1907, plaintiff shipped a car load of beans from Ridgeway to Montreal in one of defendant's cars which was in possession of the Pere Marquette Ry. Co. Ridgeway. The shipping bill was issued by the Pere Marquette Ry. Co. The car was sent over its lines to London, and on Nov. 7 it was handed over to defendant company for transmission to Montreal, but was not delivered at its proper place for unloading in Montreal until Dec. 2. The plaintiff charges defendants with negligence and breach of contract in failing to deliver the beans at Montreal with reasonable speed and within a reasonable time after receipt thereof and claims damages.

I find upon the evidence that thru their yardmaster at Montreal the defendants were guilty of negligence in unreasonably detaining and falling within a reasonable time to deliver the car containing the plaintiff's beans at its proper destination, by reason of which the plaintiff suffered damage to the extent of \$313.13.

The defendants pleaded the written terms and conditions, and altho the condition construed as they contend has the effect of defeating the plaintiff's claim to redress for defendant's negligence, I think I am bound by authority to treat it in manner indicated. In the result, therefore, I am of opinion that this action must be dismissed, but it is not a case for costs. Thirty days' stay.

CASE FELL THRU

No Grounds for Charge and the Case Was Dismissed. The case of P. R. Bartlett v. Geo. H. Munroe fell thru when called for trial before Col. Denison yesterday. Crown Attorney Corley explained to the magistrate that upon going into the charge with the attorneys for both parties, he found here was no ground, therefore asked that the case be dismissed. I am of opinion that this action must be dismissed, but it is not a case for costs. Thirty days' stay.

NERGO SHOTS A TIMEKEEPER SUICIDES TO ESCAPE CAPTURE

READING, Pa. Jan. 6.—In a dispute over wages, Frederick S. Neudorfer, timekeeper for the Toledo Construction Company, which is doing some local contract work, was shot and killed here to-day by W. H. Brooks, a negro employe. Brooks ran down five flights of stairs and was quickly pursued by a crowd. Four blocks away, just as the foremost of the pursuers had about reached him, he drew a revolver from his pocket and shot himself thru the head.

BROCKVILLE WATERWORKS

Municipal Enterprise That is Making Money. BROCKVILLE, Jan. 6.—(Special.)—For seventeen years this municipality has operated its waterwork system, with returns the past year being the best in its history. The gross revenue, \$26,822, is an increase of \$2000 over the preceding year, or \$15,390 better than the first year the town assumed control. The gross gain for the year was \$7800. Out of that amount was paid debentures and sinking funds, leaving a net profit of \$1515. In seventeen years the department has applied out of its revenue on the bonded debt \$79,321. The bad debts in that period reached \$1827, and the total consumers have jumped from 72,121 to 2113. There has been a marked reduction in rates.

WITNESSES RELUCTANT TO TELL ALL THEY KNEW

Inquest Into the Merritt Tragedy is Again Adjourned—Some Points to Be Cleared Up.

ST. CATHARINES, Ont., Jan. 6.—(Special.)—With the courtroom crowded to the doors, the inquest into the death of George Bulman, of Thorold, who met his death in Merritt on New Year's Day, was continued before Coroner Jory this evening.

Evidence was conflicting, but almost every witness swore to having seen Bradley, the accused, kick or punch the deceased. Although a number were standing within a few feet of Bulman, no one could tell how he fell from the car to the road.

John Boucock of Thorold stated that deceased fell on the platform and that Bradley hit him with his foot, Bulman sliding out from the car and striking ground. Prisoner then kicked Bulman twice about the head or face.

Matthew Walsh of Merritt testified to having loosened Bradley's grip on Bulman's neck while on the car. He had seen Bradley's hand within three inches of Bulman's face, but did not see the latter struck.

Byron Cain of Thorold swore he had seen Bulman standing on the lower step with his hand on the railing, but did not know how he reached the ground. Cain said Bradley struck at deceased and a second later made a move with his foot to kick him. He did not think there would be room for deceased to lie on the platform as Walsh had stated. Nor did George Sinnett think deceased could lie on the platform, as there were 15 others standing there. Geo. Elkins corroborated other witnesses.

This concluded the evidence, and Crown Attorney Brennan said more would be secured if desired. He was anxious to find out how Bulman had reached the ground from the car, and if anybody had shoved him off.

Foreman Hodgins was of the opinion that some of the witnesses knew more than they wished to tell, and Coroner Jory stated that those who were in the vestibule of the car would regret all their lives that they had not stopped the quarrel and saved Bulman's life. He cautioned conductor Francis for not interfering. From evidence deceased came to his death from a blow administered by Bradley. The foreman, however, desired more evidence, as he considered the prisoner would hardly be receiving fair play otherwise, and the inquest was adjourned until next Monday. A large number of Bradley's friends shook hands with the accused.

BALFOUR SPEECH STYLED LOW POLITICS

Continued From Page 1.

and a member of a London firm of solicitors, addressing a gathering of workmen when one of them insulted his profession. Bull promptly descended from his motorcar and squared up to the heckler. The pair had a lively mill before the police interferred, much to the regret of the hilarious crowd.

Lord Rothschild, who had just previously predicted a win for Unionists, endeavored to speak at Wolverhampton, but such turbulence ensued that he had to content himself with addressing the reporters only.

These are two of many incidents humorous and otherwise.

LONDON, Jan. 6.—(Associated Press)—The prime minister, speaking at Bath to-night, reiterated his statements that as far as equipment and armament were concerned.

No British navy was unassailably superior, and the British shores were more secure than at any time within memory. He ridiculed Mr. Balfour's attempts to engineer a German scare and suggested that the ex-premier's German friends were "pulling his leg."

The premier referred banteringly to Mr. Balfour's nebulousness on the subject of tariff reform. Mr. Chamberlain, he said, was to the point of married tariff reform to colonial preference, and Balfour, who might have forbidden the bans, but did not, apparently thought he could effectually disguise the features by a veil of impenetrable generalities.

Mr. Balfour to-night at Ipswich looked Lord Lansdowne with regard to the reform of the house of lords "by all means," he said, "let us reform the house of lords in order to strengthen it."

An American Precedent. He proceeded: "Let us ask any American citizen whether he thought life would be worth living if the elaborate precautions taken by the farmers of the constitution were disregarded, and only the house of representatives should rule. He would reply that the man who made such a suggestion was a lunatic."

Mr. Balfour instanced the Irish home rule bill as an instructive example of a bill, symbolized by a little loaf, but noticeable both in the speeches and on the hoardings. Their most effective battle cry of 1906 is raised anew, while the Unionists are reviving the opposition to home rule with the object of detaching the Nonconformists from the government side.

The dry constitutional issue is above the head of the working masses, who are drawn in opposite directions by promises of employment under tariff reform and social reforms, thru a close coalition of trade unionism and radicalism.

Mr. Balfour is forecasting a Unionist majority nearly as large as that maintained during the Boer war. The Liberal official party headquarters are equally confident of a big majority, not conceding more than fifty seats, which were won in 1906.

Whitelaw Reid Involved. LONDON, Jan. 6.—Sir Charles Wampole, the Unionist candidate in Chertsey, has made public use of a letter from Whitelaw Reid, the American ambassador, on the subject of unemployment in the United States. The letter has drawn attention to the daily Chronicle to this, asking whether it is permissible for a foreign ambassador thus to interfere in politics.

The Chronicle says that if the letter was published without the ambassador's authority it is merely a local matter, but that if Sir Charles has authority for its publication, the matter will be brought to the notice of Sir Edward Grey, the foreign secretary.

The letter referred to was written by Whitelaw Reid in Dec. 1908. The Times describes the incident as a "mares nest."

Miss Smith is a graduate of St. Luke's Hospital, New York, and she had been in attendance on the Marquis until the latter's death on Oct. 6 last.

Technical Press Neglected. Edgar A. James, editor of The Canadian Engineer, attributes the present condition of the Canadian technical press to the fact that the engineers refused to support it by telling of their experiences and making public their columns of the journals new ways of solving problems. In an address given at the Engineers' Club last night, the main duties of the editors were listed as: to secure material for their papers. Men of other professions, he said, contributed articles to their journals, dealing with any advancement made in their profession.

Willis Chipman resigned the presidency of the club and C. M. Canik was elected. A. B. Macallum, city engineer of Hamilton, was elected vice-president.

Back to the Little Loaf. I. N. Ford in his cable to the New York Tribune says: The reversion of the Liberal speakers to the taxation of foods, symbolized by a little loaf, is noticeable both in the speeches and on the hoardings. Their most effective battle cry of 1906 is raised anew, while the Unionists are reviving the opposition to home rule with the object of detaching the Nonconformists from the government side.

The educational committee's report on technical and manual training was fixed by the council for further consideration, and a special meeting will be held next Wednesday to discuss the matter.

SUMMONS FOR POLICE CHIEF Militia Officers Accuse Him of Misappropriating Funds.

OTTAWA, Jan. 6.—Informations were sworn out to-day charging Major De La Ronde, chief of police and acting commanding officer of No. 5 Co. Army Service Corps, with misappropriation of funds alleged to have taken place in 1908, during the visit of No. 5 Co. to the Quebec Territorial. Lieuts. Pinard and Spittal, two officers of the company, were the men who laid the information. Summonses were issued immediately.

The action is the result of a longstanding difference between Major De La Ronde and Lieuts. Pinard and Spittal. Recently Major De La Ronde asked Lieuts. Pinard and Spittal for their resignations as officers of his corps, but both, it is understood, have refused to resign, and have taken their means to justify their action. Lieut. Pinard also was asked to resign, but he has refused, and will be a witness for the prosecution in the case.

The charges were recently investigated by a military court and a reprimand given. The first charge laid by Lieuts. Pinard and Spittal in their information alleges that the pay sheets for the company's time at the Quebec Territorial, signed by Major De La Ronde, are falsified in certain respects. They also charge that he drew pay for horses and men at Quebec and camp which were not there.

Slipped on Sidewalk. Robert McIntire, aged 42, living at the King-street Mission, slipped on the icy pavement in Sherbourne-street, near King, last night, and broke a rib in his left side. He was taken to St. Michael's Hospital.

CLEVELAND BANK FAILURE

Files Deed of Assignment—\$1,600,000 in Savings Deposits.

CLEVELAND, Ohio, Jan. 6.—The South Cleveland Banking Company closed its doors this afternoon, after filing a deed of assignment, naming attorney Thomas H. Marlatt as the assignee.

The bank is located at 8216 Broadway, and is incorporated for \$150,000. The bank has \$1,600,000 in savings deposits.

U. G. Walker, president of the bank, is also a director in the Warner Company, a large Akron publishing house, for which a receiver was appointed last night.

Loans by the banking company on Warner paper are said by Assignee Marlatt to run into the hundreds of thousands.

VACCINATION NOT COMPULSORY NOW. LONDON, Jan. 6.—(Special.)—The board of education took the first step to-night to repeal the rule requiring compulsory vaccination in the schools. This was one of the issues fought out in the recent municipal elections.

The Old Songs

We love to hear the old songs, As we heard them years ago, Like Courting down in Tennessee, Or the popular Old Black Joe, Annie Laurie, Bessie Lee, And sweet Belle Mahone, From Uncle Josh's Farling Bee, I was seeing Nellie home.

Down upon the Swance River, I'll paddle my own canoe, Over the Blue Mountains, For old Uncle Ned, but not for Joe, In the evening by the moonlight, With faithful old dog Tray, I'll wander on a starlight night, To the home of Maggie May.

Near a cool and shady woodland, In a cottage by the sea, Miss Peggy Gordon, you are my darling.

Come and walk around with me, Oh, Willie, we have missed you, From among the passing throngs; It makes my heart feel all aglow, To hear old-time songs.

The Campbells are coming, Hail Columbia! They are coming through the rye; There's a cricket on the hearth, Alice Gray, Good-bye, little girl, good-bye, I'm on my way to my own true love, Silver threads among the gold, She's waiting at the gates ajar above, Darling you know I'm growing old.

Those good old songs of childhood days, Are the songs that reach our hearts; They move us in mysterious ways, But the best of friends must part, They make this world a better world, When our nation's flag is wide unfurled, O'er man's brief earthly dwelling, 58 Davenport road, H. R. Barber.

LOWER BANK RATE NOT A FACTOR.

World Office. Thursday Evening, January 6. Lowering the Bank of England rate to 4 per cent. to-day had no special influence on the securities markets.

Rallying Power to Wall Street Not of a Strong Calibre

Three Day Break at New York Followed by Apathy—Local Speculative Issues Are Weaker.

World Office. Thursday Evening, Jan. 6. Weakness on the New York market had its effect at the Toronto Exchange to-day.

It is not a question of values as much as a turn in the market with many professional operators at the present time, and to-day's operations represented many speculative chances.

The only speculative issue to show strength was Nova Scotia Steel, which was still subject to bullish pool operations by Montreal interests.

Heavy bear play was made against Sao Paulo during the afternoon session and there seems to be enough of a covering movement to admit of a covering movement with a profit.

Every active speculative issue was liable to attack, but sellers were circumspect and were careful not to overstep the bounds of prudence.

In contrast to the weak speculative position, investments held firm, and it is recognized that the market as a whole has only undergone a temporary change.

Wall Street Pointers. Bank of England rate reduced to four per cent.

M. K. T. now earning more than four per cent. on common.

At the White House it is said that the President's message will go to the house Friday even if the senate is adjourned.

Joseph says: Kuhn, Loeb buying of Southern Pacific will be apparent. Chesapeake & Ohio will not decline as smartly.

Steel and Amalgamated continue reactionary in tone, with some supporting orders noted around 85. Smelting around par and Pennsylvania at 154.

We still believe in utmost conservative on the buying side, however, for the arguments brought forth to support the case for the Southern Pacific rise has led to a great deal of haphazard buying and this situation has not yet been cleared up.

Bank of England Rate Reduced. LONDON, Jan. 6.—The directors of the Bank of England at the regular weekly meeting to-day reduced the minimum rate of discount from 4 1/2 to 4 per cent.

This action was generally anticipated and was due principally to the more plentiful money supply as well as the fact that the open market discount rate was more than 1 per cent. below the bank's minimum rate of 4 1/2 per cent.

Bank of England Statement. LONDON, Jan. 6.—The weekly statement of the Bank of England shows the following changes: Total reserves, increased £1,068,000; circulation, increased £7,000; bullion increased £1,075,788; other securities decreased £5,568,000; other deposits decreased £1,071,000; public deposits decreased £346,000; notes reserve increased £947,000; government securities increased £2,796,000.

The proportion of the bank's reserve to liability this week is 39.41 per cent.; last week it was 36.42 per cent.

On Wall Street. Erickson Perkins & Co. had the following: Stocks were nervous all day, showing good rallying power at times, then sinking down under heavy profit-taking sales.

Support was indifferent. Reading, Southern Pacific, St. Paul, Steel and other active issues closed not far from the bottom. Look for more nervousness to-morrow. Buy nothing except on drives for quick turns.

The Eastern Canada Portland Cement Co., Ltd., Quebec.

EARNINGS

The net earnings in 1908 by seven of the constituent Companies, representing less than fifty per cent. of the capacity of the new Company, amounted to twice the present bond interest charge. Estimated yearly net earnings, \$1,400,000, based on the sales of the Companies comprised in the Merger and the cost of manufacture under existing conditions, together with the restoration of normal prices.

INCOME TO INVESTORS

After careful investigation, we believe this bond issue to be well secured, and the bonds should form an attractive investment at par and accrued interest yielding six per cent.

Gold Discoveries on Claims In Porcupine Lake District

Recent Government Report Gives Some Indication of Enormous Riches of New Gold Field.

In view of the growing importance of the Porcupine district the first government report made on the possibilities of the region is naturally very interesting.
 Whitney and Tisdale Townships are reached from the T. & N. O. Railway by leaving the train at Kellogg 21 1/2 miles, and taking a trail to the gold-bearing area, which point has been made a flag station, and named "Red Pine Lakes." The canoe route from here to Porcupine Lake, which is situated conveniently to the gold-bearing area, is estimated to be in the neighborhood of sixty miles in length, and is, for the most part, easy traveling. A fifty chain for quartz leads from the railway to a small lake, from the south end of which a crooked creek drains into the Frederick River. The latter stream is which approaches a quartz-schist, besides this type rocks of a basic and others of a calcareous type occur.

The area to the north and west of Porcupine Lake is a low-lying one, consisting of a level plain, largely swamp-covered, with occasional outcrop of rock. The latter seldom rises to a height of more than ten or twenty feet above the surrounding plain. The rocks of this area strike in a north-easterly direction and commonly consist of quartzite, gneiss, and schist, the latter being a sawtooth effect, caused by the development of two planes of weakness, the one dipping at a high angle to the northeast and the other at a much lower angle to the southwest. The rocks of this section are much altered and some of the veins appear in a rock which is a quartz-schist. Besides this type rocks of a basic and others of a calcareous type occur.

In concessions 1 and 2, especially 1, the most of the quartz-schist, the country is higher and the more rock is exposed, but only a few cases were seen where the hills rise as high as forty feet. The quartz-schist is mostly in a much more marked than in the northern area—chlorite and hornblende schists being developed. One vein was found of quartz-schist, and the development of serpentine would lead one to suspect that it might have originated from an olive-bearing rock.
 The quartz which gold was seen are as follows:
 N.W. 1/4, S. 1/2 lot 1, con. 2, Tisdale, Robert Bruce. This discovery consists of a series of parallel veins of milky quartz, striking S. 83 E. and varying in width from one to eighteen inches. These have been stripped for about 25 feet, and at one point on the contact of one of the veins with the country rock is visible in grains and in leaf-like forms.

Since returning from this field another discovery has been reported on the northwestern part of Tisdale Township.
