ST. FRANCIS XAVIER'S COLLEGE.

HISTORICAL SKETCH.

St. Francis Xavier's College was founded in 1854 by the Right Rev. Colin F McKinnon, Bishop of Arichat, for the higher education of students aspiring to the priesthood and to the learned professions. In this respect it has more than fulfilled the hopes of the Right Reverend Founder. Another and very important work done by the College is that of preparing young men for the teaching profession. It has in fact ever since its inception and particularly in recent years been the chief factor in supplying teachers for the Counties of Antigonish, Inverness, Richmond and Cape Breton. Of late its constituency has become much enlarged, a considerable portion of the students now in attendance being from Western Nova Scotia, New Brunswick and the United States. In 1866 the College received University powers by the following Act of the Legislature of Nova Scotia :

AN ACT TO ENABLE THE COLLEGE OF ST. FRANCIS XAVIER, AT
ANTIGONISH, TO CONFER DEGREES.

(Passed the 7th day of May, A. D. 1866.)

Be it enacted by the Governor, Council and Assembly, as follows :

1. St. Francis Xavier's College, at Antigonish, shall be held and taken to be an University, with all and every the usual privileges of such an institution, and that the students in the said College shall have the liberty and privilege of taking the degrees

In 1880 a new brick wing was erected by the Right Reverend John Cameron, D. D., the work on which was done under the direction of the Rev. John Chisholm, P. P., of Heatherton. The funds for the erection of this building were contributed chiefly by the Bishop and Clergy of this Diocese. His Lordship contributed over six thousand dollars; the Very Rev. Neil McLeod, V. G., \$990; the late Rev. John Quinan, \$250; the Rev. Ronald McDonald, P. P., of Pictou, now Right Reverend Bishop of Harbor Grace, \$200; the rest of the Clergy, \$2,224.14.

In 1881 the Provincial grant, which varied from eight to fifteen hundred dollars a year, was withdrawn, and His Lordship Bishop Cameron appealed to the people of the Diocese to form an endowment fund. For this purpose the sum of over twenty thousand dollars has been collected and invested.

In 1882 a Board of Governors was organized under the following Act:

AN ACT TO INCORPORATE THE GOVERNORS OF SAINT FRANCIS XAVIER'S COLLEGE.

(Passed the 10th day of March, 1882.)

Be it enacted by the Governor, Council and Assembly, as follows:

1. The Right Reverend John Cameron, D. D., Bishop of Arichat, and his successors in office canonically appointed, together with the Rev. John Shaw, P. P., Rev. Neil McNeil, D. D., William Gerroir, Esq., J. P., and Colin F. McIsaac, Esq., Barrister, shall be a body politic and corporate by the name of the "Governors of St. Francis Xavier's College, Antigonish."

2. The Corporation hereby created shall have perpetual succession and a common seal, and shall have power to take by donation, deed, devise, bequest, purchase, or otherwise howsoever, real and personal property, and to sell and convey the same.

3. The four last named members of the said Board of Governors, under the first section of this Act, shall continue to hold office until death, resignation, or permanent removal from the Province of Nova Scotia, but if any of them shall cease to be in communion with the Roman Catholic Church, he shall cease to be a member of the Corporation hereby created.

4. Any vacancy which may from time to time occur among the said Governors, shall be supplied by the election of a person in communion with the Roman Catholic Church by the remaining members of the Corporation, subject, however, to the notification and approval of the said Bishop of Arichat and to his successors. The term of office of the person so elected shall be the same as that mentioned in the third section of this Act.

5. The Corporation hereby created may from time to time make statutes, rules and ordinances, not inconsistent with the laws of this Province, for the management of the said College, and all matters appertaining thereto, and for the management of the funds and property entrusted to it, and may appoint the professors and teachers in the said College, and remove them from time to time, and regulate the salaries to be paid to them. The exercise of any of the powers mentioned in this section shall, however, be subject to the approval of the said Bishop of Arichat for the time being, and his successors.

6. The said College of St. Francis Xavier shall continue to be a University, with all and every the usual privileges of such institutions.

7. The Corporation hereby created shall have power to appoint a Treasurer, Secretary, and such other officers and servants as they may from time to time deem necessary for the purposes of the Corporation, and may hold real estate, not exceeding fifty thousand dollars.

In 1887 the following amendment was made necessary by a change in the name of the Diocese:

AN ACT TO AMEND CHAPTER 77 OF THE ACTS OF 1882, ENTITLED "AN ACT TO INCORPORATE THE GOVERNORS OF ST. FRANCIS XAVIER'S COLLEGE.

(Passed the 3rd day of May, 1887.)

1. The word "Arichat," wherever it appears in the several sections of said chapter, is hereby struck out and the word "Antigonish" substituted therefor.

In 1888 another amendment was made to enable the Board to borrow money needed to erect new building:

AN ACT TO AMEND CHAPTER 77 OF THE ACTS OF 1882, ENTITLED "AN ACT TO INCORPORATE, ETC."

(Passed the 16th day of April, 1888.)

Be it enacted by the Governor, Council and Assembly, as follows:

1. Section two of said Act is hereby amended by adding at the end thereof the following words: "The said Corporation may borrow a sum of money, not exceeding sixteen thousand dollars, for repairing and enlarging the College building at Antigonish, and shall repay the same in four annual instalments, with interest at a rate not exceeding six per centum per annum, such interest to be paid annually. The loan may be obtained at once or in portions from time to time as the Governors may require the same, and they shall give the lenders debentures or coupons for the amount of the loan, the interest on which shall be paid annually. The loan shall be a charge upon the land and personal property of the Corporation, and not against the individual members thereof."

In 1888 the sum mentioned in the above amendment was borrowed, and the new building completed. With the wing erected in 1880 the building consists of a central part ninety by thirty-nine feet, with a tower ninety feet high projecting sixteen

feet in front, and two wings, each thirty-eight feet wide, one of them eighty and the other eighty-three feet in length, the latter having an extension twenty-two by twenty-seven. The material is brick, which has proved to be of excellent quality. The building is well plumbed and ventilated and is heated throughout with hot water.

In 1894 a further amendment was made to legalize the election by the Alumni Association, recently established, of two additional Governors. It is the following:

AN ACT TO AMEND CHAPTER 77, OF THE ACTS OF 1892, ENTITLED "AN ACT TO INCORPORATE, ETC."

Be it enacted by the Governor, Council and Assembly as follows:

1. Section one of Chapter 77, of the Acts of 1882, is hereby amended by adding after the word "Barrister," in the fifth line, the words "And two persons to be elected annually by the Alumni Association of St. Francis Xavier's College."

2. Section four of said Act is hereby amended by adding the words "Named in Section three of said Act," after the word "Governors" in the second line thereof.

In the spring of this year, 1895, a further addition to the College buildings was begun, the work on which is now in progress. This addition was rendered necessary by the inadequacy of the kitchen accommodation. It consists of a wing running west from the present kitchen to a distance of about sixty feet with a breadth of forty feet. The building will be two stories high having a mansard roof and will contain a well furnished kitchen and bakery, a large washing and drying room, and on the upper storey an infirmary thoroughly equipped and ventilated.

COURSE OF STUDIES.

The studies taken up each year of the course and the amount of time assigned to the various subjects are set forth in and may be easily gathered from the subjoined Time Table. For the greater convenience of students intending to qualify for Provincial scholarships the text-books used are as far as possible the same as those prescribed by the Council of Public Instruction of this Province for the County academies.

The following is a list of the books used or consulted during the course :

Where only a portion of an author's works is studied for 1895-6 the part prescribed is put in parenthesis.

English — Grammar — For Junior Classes, the text-book prescribed by the Nova Scotia Council of Public Instruction; for advanced work, Mason's Grammar.

“ Language and Composition — Dalgleish, Elementary and Advanced; Lounsbury's English Language.

“ Literature — Meiklejohn and Stopford Brooke; and for 1895-6, Longfellow's *Evangeline*, Goldsmith's *Deserted Village*, Scott's *Lady of the Lake*, Irving's *Sketchbook*, Shakespere's *Cariolanus*, and Scott's *Waverly*.

Latin — Grammar, as contained in L'Hommond's *Historia Sacra*, with notes and vocabulary by N. C. Brooks, LL.D., eleventh edition, Arthur Hinds & Co., New York; Harkness, Allen & Greenough.

“ Composition — Arnold's, edited by Spenser.

“ Reading — *Historia Sacra*; Nepos (Epaminondas); Cæsar's Gallic War (Books I. and VI.); Virgil; Aeneid (Books I. and II.); Cicero (Against Catiline I. and De Officiis); Horace (Odes, Books III.

and IV.); Salust (Conspiracy of Catiline); Livy (Book XXI.) and Tacitus

Prosody and Versification, as in Harkness or any equivalent.

Greek — Grammar — Goodwin's, or Hadley and Allen, and Principia Graeca (Smith).

“ Composition — Principia Graeca (Parts I. and III.), William Smith, D.C.L., London.

“ Reading — Xenophon's Anabasis (Books I., III. and IV.); Demosthenes (Philippics I., II. and III.); Homer's Iliad (Books I. II. and III.); Euripides (Alcestis).

French — Grammar — Brachet's and French Principia.

“ Composition — Smith's Principia, and Roulier's.

“ Reading — De Vigney (Le Cachet Rouge); Daudet (La Belle Nivernaise); Merimée (Colomba), and Racine (Esther).

Arithmetic — Hamblin Smith.

Algebra — Hall and Knight's Elementary and Higher Algebras.

Geometry — Euclid, Hall and Steven's.

Trigonometry and P. Mathematics — Lock's Elementary Trigonometry.

Navigation — Norrie.

Astronomy — Young's Elements.

Physics — Balfour Stewart's Primer for Juniors, Gages' Introduction and Ganot for Seniors.

Chemistry — William's for Juniors, Storer's Agriculture, Wilson's Inorganic and Roscoe's for Seniors.

History and Geography — Prescribed Texts for Juniors; for Seniors, Swinton and Fredet.

Philosophy — First Year — Logic and General Metaphysics;
Zigliara, Clarke and Rikaby (Stonyhurst
Series).

Second Year — Special Metaphysics, including Cos-
mology, Psychology and Natural Theology,
Zigliara and Maher (Stonyhurst). Ethics:
Zigliara, and Rikaby (Stonyhurst).

Christian Doctrine — Shoupe.

By arrangement with a business firm in town, most of these
text books can be supplied at short notice by the College.
Others are imported direct from the publishers for the benefit of
students.

Special attention is given to English, the Classics, particularly
Latin, and to Philosophy; nor are the Sciences, so-called, by
any means neglected. The two professors in Philosophy are
graduates of the Propaganda College, Rome, as are also the
professors of the higher Classics. Elocution and some other
subjects are very well taught by a graduate of the well-known
Jesuit College, Boston, Mass., whilst the professor of Chemistry
and Botany made his Science course at the Universities of
McGill and Harvard. The studies in the lower classes are
adapted to the needs of young men wishing to prepare for com-
mercial life.

There are three classes receiving instruction in Christian
Doctrine. Once a week an hour is given to each class separately
and on Sundays all assemble in the College chapel to hear a dis-
course from one of the Reverend Professors. To permit of
greater freedom in the choice of studies and to avoid more easily
conflicts between one lecture and another it has been found
expedient to have class work begin with 8.30 a.m. and close at
4 p.m., there being an intermission of an hour and a half at
12.30 p. m.; but unless in exceptional cases no one will be re-
quired to attend class more than five hours each day.

The year is divided into two sessions, the first ending January 31st, and the second with the close of the year. At the end of each session there will be a written examination. One will begin early in January and will be known as the Sessional Examination; the other will begin in June and will be the Terminal Examination. Upon the results of both these examinations promotion at the end of the year will depend. To secure a pass into the next year an average of 50 per cent. on the papers set at both examinations must be made. No less than 50 out of a possible 100 may be made in English, Latin, Christian Doctrine and Philosophy, nor less than 30 in any other branch.

ADMISSION.

Applicants for admission not personally known to some member of the Faculty must bring a certificate of good moral character from a responsible person. Students from other colleges will be expected to bring testimonials from the institution last attended. Students are admitted at any time during the year, but those coming late are placed at a serious disadvantage, besides being a hindrance to the progress of others. Parents are therefore requested to send their sons in time to begin study on the day set down in the Calendar.

In connection with the College there is a High School department into which pupils are admitted from the common schools, but they must be sufficiently advanced to take up the work usually done in the first year of the Provincial High Schools. For the year 1895-6 there will also be a class of pupils in the College doing the work of Grades VII. and VIII. of the common school course of this Province.

MATRICULATION.

To be admitted as an undergraduate in Arts a Matriculation Examination must be passed of which the following is a syllabus:

LATIN: Grammar, Morphology and Elementary Syntax, Composition as in Arnold's Latin Prose Composition to Ex. 30. Cæsar, Gallic War Book I., Cornelius Nepos, One Life, (for 1895-6 Epaminondas). Or any equivalent work.

GREEK OR FRENCH: Grammar and easy sentences, as in *Initia Græca* Part I, or *French Principia*, Part I.

HISTORY: British and Canadian.

GEOGRAPHY: Canadian and General.

CHEMISTRY: As in Williams'.

CHRISTIAN DOCTRINE: As in Schouppe. Part second, or an equivalent.

The examination will be held in June of each year. A certificate of successful examination on a syllabus equivalent to the above, will exempt from the College Matriculation, provided the candidate made the marks on each subject required by the College standards. The standards for Matriculation are the same as those for a pass at the Terminal Examinations. See page 14. The standards for Undergraduates intending to take Degrees are higher, as is seen below.

DEGREES.

Undergraduates of good character who complete the course are entitled to the degree of B. A. provided they make an average of not less than 60 per cent. at the Sessional and Terminal Examinations of each year, and make no less than 60 out of a possible 100 in Latin, English and Philosophy, not less than 50 on Christian Doctrine, nor less than 40 on any other subject of the course.

A Bachelor of Arts of at least five years' standing, and of good reputation, who produces a thesis satisfactory to the Faculty

on a literary, scientific, or philosophical subject, is entitled to the degree of M. A. Applications for degrees must not be made later each year than May 1st. Applications should be accompanied by the fee for the diploma. Should a candidate be unsuccessful at his examination his fee will be returned.

All Students not qualifying the Academic Department for a participation in the Government Grant to County Academies are charged tuition. Outside boarders not chargeable with tuition for the Academic portion of their studies, will be charged at one half the regular rate per month for tuition in the Collegiate subjects.

A persistent indulgence in tobacco chewing within College buildings may entail an extra weekly charge upon students so indulging.

Charges are payable at the beginning of each session, i. e., in September and February. The College will not undertake to provide for the current expenses of Students unless a sum is placed for that purpose on deposit in advance with the Rector. The Rector, to supply the neglect of parents or guardians in this particular, may draw on them at sight in advance for a sum considered to be sufficient. Parents are recommended not to give pocket money to their sons. The College Bursar will supply what is

DISCIPLINE.

The discipline of the College is so tempered, that whilst opportunity is afforded for the development of a sense of personal responsibility, no one is allowed to so abuse his opportunities as to waste his own time or be an obstacle to the well being or progress of others. Habitual infringement of discipline, profanity, or immodesty of language, or the introduction and use of intoxicating liquors lead to expulsion. Damage done by Students to College property is chargeable to their account.

All reading matter intended for Students must be submitted to the Vice-Rector for approval. Letters, whether sent or received, are subject to the inspection of the Rector. Day scholars are forbidden to perform errands of any kind for boarders. Parents wishing to call home their sons are requested to communicate directly with the Rector.

Day scholars when late for class or after absence from class must bring a note of explanation from parents and present it to all their teachers from whose classes they absented themselves. Prefects will take the place of parents in the case of boarders. Punctuality in attendance upon classwork and lectures is made to have an important practical bearing upon a student's standing and upon his success at examinations. Monthly Confession and Communion is a rule of the College. On the first Sunday of October, Rosary Sunday, Students all take a pledge of total abstinence from intoxicating liquors.

THE LIBRARY.

The Library consists of over 2,900 volumes. Over fifty years ago a student named John Ryan, of Halifax, died in the Propaganda College, Rome. In his will he bequeathed his property to the Church in Nova Scotia, and after the division into two dioceses, that of Arichat received its share of Ryan's bequest, part of which was a large library purchased in Rome. The present College Library is in great part made up of the Ryan collection; but both Bishop McKinnon and Bishop Cameron contributed from their own libraries many valuable works. The late Rev. Alexander McLeod, of Arisaig; Rev. John V. McDonnell, St. Andrew's; Rev. John Quinan, of Main-a-Dieu, and Rev. John McDougall, Red Islands, also bequeathed their Libraries to the College.

To make up for the depletion in the Library consequent on the unavoidable wear and tear of books in frequent use a subscription list was opened by the Librarian and the sum of \$170 secured. A list of the works added to the Library by means of the fund thus collected is given below.

With the formation of the Association of Alumni a new era has opened for this department of the College. Each alumnus promises to contribute yearly or induce somebody else to contribute something to the library, or to the museum, or for the maintenance of the outdoor and indoor sports. It was largely due to the members of this Association that the collection for the library above referred to was so successful. The following is a list of works procured during this year with the sources from which they came:

Dominion Government — Journals of the Senate of Canada, vol. xxviii.

Sessional Papers, vol. xxvii., Nos. 1 to 13.

Census of Canada, vol. 3.

SOURCES OF REVENUE.

The revenue of the College is derived from an Endowment Fund, from tuition, and from occasional donations. The Academic Department receives the usual grant according to the average attendance. Were it not for the self-sacrifice of the Reverend Professors, who, besides their board, receive little more than a nominal salary, the revenue from the above sources would be insufficient to meet expenses. Although the College is now in a position to pay all the old debt on the buildings put up to the present year, this fact does not relieve it of anxiety in regard of its finances. The first of two new buildings which will probably cost, when finished and equipped, over \$20,000 is now in course of construction. These buildings are rendered necessary by want of Kitchen and Infirmary accommodation and by a change in the Kitchen management. It is confidently expected that they will greatly add to the efficiency of the College as a boarding house for students.

The donations for this year were :

FOR THE BUILDING FUND.

- \$400.00 by an unknown friend and benefactor of the College.
- 50.00 by Rev. N. McNeil, D. D., Descousse.
- 5.00 by J. R. Power, Esq., Halifax.
- 50.00 by H. H. McCurdy, Esq., Antigonish.

FOR PRIZES.

- \$10.00 by Dr. Colin W. MacDonald, Roxbury, Mass.
- 10.00 by Dr. Huntly MacDonald.
- 5.00 by Prof. A. G. MacDonald, Truro.
- 7.00 by Rev. John McMaster, P. P., Mabou.
- 5.00 by Rev. Michael MacKenzie, P. P., East Bay.
- 2.00 by Rev. Neil MacDonald, P. P., Port Felix.

The sovereign and half-sovereign contributed by Prof. MacDonald and Mr. MacNeil, of Descousse, respectively, were awarded to the winners of first places in the prize contests in elocution; the rest of the money contributed was used to purchase medals and books for distribution on closing day. The proceeds of the bequest of the late Rev. Dr. Chisholm were used to the same purpose. Senator MacDonald's medal was substituted this year for that heretofore offered by the late very much lamented Premier, Right Hon. Sir John Thompson. A very beautiful medal representing the thistle was given by the Antigonish Highland Society for the encouragement of Gaelic. Rev. A. E. Mombourquette, P. P., gave a valuable History of Canada in French, four volumes, for competition in French. Dr. MacDonald, of the College, and Father MacAdam gave books for prizes, and the Very Rev. Dr. Quinan, V. G., a magnificent set of Views of the Holy Land. The usual three medals from His Excellency the Governor General were also received. The College has to thank those who thus generously contributed towards the success of the year's work and assisted in making the Closing Exercises more interesting and impressive.

The fossilized root of a tree, sent by M. A. Cameron, and some fine specimen of shell limestone, presented by Prof. A. G. McDonald, were the contributions to the Museum for this year.

In 1886 the late Very Rev. Neil MacLeod, P. P., East Bay, C. B., gave to the Governors of the College \$4,000.00, the interest thereon to be used in perpetuum in educating young ecclesiastics for the Diocese of Antigonish. This was the first Bursary established in the College. The first priest educated on the proceeds of this Bursary was ordained two years ago. In December, 1892, A. G. Hamilton, Esq., Collector of Customs, North Sydney, placed at the disposal of the Governors of the College \$2000 for a Bursary in memory of his son, Charles F. Hamilton, the proceeds being intended to educate deserving young men for the Priesthood. This Bursary will be known as the C. F. Hamilton Memorial Bursary Fund.

TERMINAL EXAMINATIONS.

JUNE 1895.

PASS LIST.

(The figures refer to the rank taken by Students in their various classes. Those whose papers were valued at 85 per cent. or upwards are marked in the first rank. Papers valued at from 75 to 85 per cent. secure the writers a second rank, and those valued at from 65 to 75 a third rank. It is to be observed that in making out this pass list the standards referred to are not those for undergraduates preparing for degrees, but for those who wish to make the course without graduating.)

Profoundly regretted by the Alumni Association; by the College, of which he was a signal benefactor, and by the country.

R. I. P.

Alumni Association.

The third meeting of the Alumni Association took place on Friday morning, the 14th of June, in the College Assembly Hall. Professor A. G. MacDonald, of the Truro Normal School, presided and delivered the opening address. The meeting was well attended and harmonious. A number of notices was given of changes in the bye laws to be proposed at the next annual meeting.

A resolution of regret at the death of the distinguished Associate, Right Hon. Sir John Thompson, K. C. M. G., Premier of Canada, was passed by a standing vote.

The sum of \$100 to supplement the salary of the Professor in Elocution and Music was re-voted.

The following are the officers for next year:

Alumni Governors—A. G. Hamilton, Esq., North Sydney, C. B. ;
Prof. A. G. MacDonald, Esq., Truro Normal School.

President of the Association — Senator MacDonald, Glace Bay,
C. B.

Vice-Presidents — Judge McIsaac, Antigonish; and Very Rev.
James M. Quinan, D. D., V. G.

Secretary-Treasurer — J. A. Wall.

Executive Committee — The President, Vice-Presidents, Secretary-Treasurer, Rev. N. MacNeil, D. D., P. P., Descousse, Rev. James Fraser, P. P., St. Andrews, A. J. G. MacEchen, Esq., Barrister, Sydney; H. Haché, Esq., M. D., Cheticamp, J. S. O'Brien, Esq., Antigonish, Alex. Johnstone, Esq., Bridgport, James Kiely, Esq., Antigonish.

The Association was incorporated in 1894, and has all the powers usually vested in corporations of this kind.

The Association has already done much good for the College, but its usefulness has only begun. Examples in generosity, which might be profitably followed by the members of the Association in general, were not wanting during the past year. Among those we have omitted to mention a gift of \$10.00 to the Association Fund by A. G. Hamilton, Esq.; a handsome set of Chambers' Encyclopedia, 9 vols., by Alexander Johnstone, Esq., Bridgeport, C. B., and a copy of Rousso's "Summa Philosophica," by Dr. Patrick MacCambridge, Illinois, U. S. A. Two medals, gold and silver, for first and second prizes in certain scientific subjects, have already been offered for next year by Alumni. Rev. M. McKenzie, P.P., East Bay, C. B., also offers a prize. It were indeed well that all our old students should join the Association and strengthen it in carrying out its beneficent work for the College and for sound Christian education.

PROSPECTUS.

This institution was founded in the year eighteen hundred and eighty-three, by the Right Reverend Dr. Cameron, Bishop of Antigonish. It is under the direction of the Sisters of the Congregation de Notre Dame whose chief centre and Mother House is at Villa Maria, Montreal.

The location and healthful surroundings of St. Bernard's secure for it every sanitary advantage. A tennis court, a croquet lawn, and the many beautiful walks in the vicinity of the town, afford facility for agreeable exercise in the open air. The building is heated throughout with hot water, and its spacious and well-ventilated dormitory has a bath-room attached.

The class-rooms are furnished with all the improvements and appliances requisite in a modern course of study. A select library to which the pupils have free access, is used for reading matter and for reference; and the valuable philosophical and chemical apparatus, belonging to the laboratory of St. Francis Xavier's College is at the disposal of teachers and pupils in illustrating lectures in Physics, Chemistry and Botany.

TERMS OF ADMISSION.

Board and Tuition in the entire English Course, Latin, French, Vocal Music in Class, Calis- thenics, Embroidery, and Plain Sewing,	\$2 00 per week.

Mandolin,	50 “
Music — Vocal,	50 “
Drawing and Crayon Work,	25 “
Painting in Oil and in Water Colors,	50 “
Bed and Bedding,	15 “
Washing,	20 “

Payments for each session should be made in advance. Pupils are received at any time during the year, but parents and guardians are earnestly requested to send their daughters or wards at the very opening of the term. The loss of the introductory lessons places pupils at a very serious disadvantage for the rest of the term and materially retards their progress.

Those who wish clothing, books, music, etc., provided by the Institution must deposit a sum sufficient for the purpose with the Mother Superior.

COURSE OF STUDY.

The Course of Study is divided into three parts: Elementary, Intermediate and Senior.

ELEMENTARY COURSE.

The Elementary Department embraces four classes. In these classes, instruction is given in the following subjects:

Christian Doctrine, Reading, Writing, Linear Drawing, Language, Recitations, Spelling, Arithmetic, Sacred History, Location or Geography, Hygiene Object and Information Lessons, Word Forms or Grammar, Sewing, French, Calligraphy, Singing, Politeness.

INTERMEDIATE COURSE.

The Intermediate Department embraces three classes in all of which instruction is continued in the branches begun in the Elementary Department. In addition to these, History and the elements of Book-keeping, Algebra, and Geometry are taught.

Information Lessons now develop into a study of the rudiments of the Natural Sciences.

SENIOR OR ACADEMIC COURSE.

The Senior Department consists of three classes. The pupils who enter this department have learned to prepare abstracts of

subjects already studied. They have acquired habits of observation and are able to judge with some discrimination. By Information Lessons, they have obtained a fair knowledge of the classification of animals, plants and minerals, and have become acquainted with a large number of facts connected with the Natural Sciences.

The study of Christian Doctrine, systematically continued throughout the entire course, here produces a fuller insight into the Grounds of Faith and the effects of Christian Morals upon society.

The Mathematical Studies are still pursued, with a view to strengthening the reasoning faculties.

The proficiency in English already acquired, admits in this advanced department of a more comprehensive study of its Leading Authors. Lectures on English Literature are given three times a week by a Professor of St. Francis Xavier's. French and Latin are elective. The latter branch, and also Physics and Chemistry, are taught by Professors from the College.

The scholastic year is divided into two sessions of five months each. The first session begins the first Monday of September and ends January thirty-first. The second begins on February the first and terminates with the Commencement Exercises in the last week of June. A written examination upon which future classification will largely depend is held at the end of each term.

GRADUATION.

Pupils whose conduct and application have given satisfaction during the entire course will receive at the end of the third year of the Senior or Academic Course, a Certificate of Graduation or Diploma, provided that after entering the senior course they make an average at each sessional and terminal examination of 50 per cent. on all the papers set, and go below 30 per cent. in no subject, nor below 50 in English; and that in the terminal

examinations of the last or third year they make an average of 60 per cent., and do not fall below 60 in English, nor below 50 in Christian Doctrine, nor below 40 in any other subject.

Strangers placing pupils at the Academy are in all cases required to give satisfactory reference.

Letters written or received by the young ladies are subject to the inspection of the Mother Superior.

Each pupil's wardrobe should be marked in full.

In addition to a plentiful supply of linen, and clothing suitable for the different seasons, each pupil should be provided with a blouse waist of blue flannel for Calisthenics, a dressing jacket, towels, a toilet set consisting of brushes, combs, soap, and tooth-powder, a table set consisting of knife and fork, spoons, a napkin ring, and table napkins; also a work-box furnished with all the requisites for sewing, mending and darning.

A plain black costume is worn on Sundays and a pure white dress is required for the Commencement Exercises.

In accordance with the spirit of the Congregation de Notre Dame, the aim of each teacher is to form her pupils to habits of order, economy and simplicity and to inculcate that love of labor and that Christian devotedness which make and mark the true woman.

As the Sisters consider themselves conscientiously bound to do all in their power to secure the physical as well as the mental and moral well-being of those entrusted to their care, special attention is paid to the health of their pupils. Should a pupil be taken seriously ill, the services of a physician are secured and immediate information is given to parents.
