Hillcrest Convalescent Home.

Ninth Annual Meeting, 1896.

THE Annual Meeting of the Corporation of this Institution was held at Hillcrest Convalescent Home on Friday, the 2nd of October; Mr. Withrow presiding, in the place of His Honour the Lieutenant-Governor, who was unable to be present.

After the meeting had been opened with prayer by the Rev. Mr. dePensier, letters of regret were read from the Lieutenant-Governor, the Mayor, and others. The Secretary then read the following report :

“ The Ninth Annual Report of the Board of Management of Hillcrest Convalescent Home shows no backward step in the history of that institution. During the year that has passed, 241 patients have been received and cared for there, and, in nearly every case, they have returned to their homes strengthened and invigorated, as much by the kind care and attention bestowed upon them as by the pure air and good food—the charming situation and cheerful outlook proving an excellent tonic to those whose

horizon has been limited for some time to the four walls of a sick room or the ward of a hospital. Again, this year we are thankful to say we have no deaths to record, although some of our patients have been in too precarious a state of health for a convalescent home; and some, owing to mental disorder, totally unfit for admission, as their condition reacts most unfavourably on the other patients.

“ Hillcrest was not intended exclusively for a convalescent home, but also as a place of rest for working women and girls (the original intention of the donor being a home for women only); this fact seems rather to have been lost sight of, and the Board of Management greatly regret that it should be so. Many people, requiring change of air and yet not able to afford the expenses of a journey, not ill but tired and overworked, would find there a most delightful haven of rest, with very little outlay of time, trouble or money, and we may safely say that in ninety-nine cases out of a hundred the benefits received would be considerable. This year we have had a few of this class of patients, three of them ladies from the United States; one, by grateful letters to Miss Law, proves how much she valued and appreciated her care and attention.

“ At our last Annual Meeting we asked a generous public to give us the money to put in a telephone, a convenience greatly needed; our request was not in vain, for within a fortnight the money was subscribed, chiefly through the instrumentality of a lady who was present at the meeting. To-day we have only the pleasant duty of tendering to all those who subscribed, our most hearty thanks, and assure them that it has been even more useful than we anticipated.

“ We have been able during the year to add \$645.50 to our Endowment Fund, owing to a bequest from Mrs.

Mary Ann Watts. This is a great satisfaction to us, as the interest will help us to take a patient occasionally who is literally without home or friends, and who, for some reason, is not eligible for a city order, possibly because they have been in hospital for three months, or have not lived in Toronto for a year; or again, we may feel that a few weeks after the city order time has expired will be beneficial—so that for these reasons we are very glad to see our Endowment Fund increasing.

“Our Medical Staff have been most kind and attentive in the discharge of their gratuitous and self-imposed duties, especially Dr. Machell, who, owing to the absence of one of the Staff, has done double duty.

“Too much cannot be said of the excellence of Miss Law and Miss Keith, whose services become more and more valuable as the years go by. The Board deem themselves most fortunate in having secured their services, for the untiring zeal and devotion of each one in her special sphere is not to be bought with money, but springs from Christian principle and a high sense of duty.

“To all who have so kindly worked *with*, and *for*, us in the year that has passed, we offer our warmest thanks. The Sunday Services, the weekly Bible Readings, and the Services of Praise, held from time to time, have all been most helpful, and we hope have, to some, been the dawn of a better life.

“Many comforts, in the shape of warm clothing from the Needlework Guild and others, books, papers, fruit, etc., have been sent during the year. We would acknowledge them now, with many thanks to the donors, and the hope that they will still keep the Convalescent Home in kindly remembrance.”

Medical Report.

MR. CHAIRMAN, LADIES AND GENTLEMEN,—

It affords me much pleasure once more to submit the Medical Report, on behalf of the Medical Staff of the Hillcrest Convalescent Home.

The number of patients treated in the past year falls but little short of any preceding year, and this small decrease is, we can assure you, consequent upon the fact that the general health of the city and of the whole country during the past twelve months has been exceptionally good, as is shown by the reports of all the hospitals.

The great mass of those who have been benefited, as heretofore, has been drawn from the working class. Many cases of debility, which, sooner or later, would have passed into some more serious illness, have, by the tender care, good food, splendid fresh air, and well ventilated and arranged sleeping accommodation, been restored to perfect health. The wisdom of providing private wards in the Home has again been demonstrated by the number of those who, wishing to convalesce near their homes, have patronized and enjoyed them. We wish again to heartily testify to the untiring and consistent care and attention, efficiency and kindness, ever displayed by our Matrons, Miss Law and Miss Keith.

The following short *resume* will give the causes of admission into the Home, and the places from which they were sent: Convalescent from Typhoid Fever, Rheumatism, Lung Diseases, Debility, Heart Disease, etc. Sent from the General Hospital 104, Grace Hospital 23, St. Michael's

Hospital 21, Sick Children's Hospital 1, city 81, outside 10; total 241.

All of which is respectfully submitted.

(Sgd.) ALLEN BAINES, M.D.,
On behalf of the Medical Staff.

Rooms for Private Patients.

In building the new wing, special arrangements have been made by the Board for the reception of private patients. Three airy and prettily furnished bedrooms have been set apart for their use. They will have a separate dining-room and parlor, a separate bath-room, and two verandahs on the west and on the south for their exclusive use. All bedding, linen, china, etc., will be kept separate, and there will be good attendance.

The charges for these rooms will be from \$5.00 to \$9.00 per week, according to accommodation.

TORONTO, 1st October, 1896.

ACT OF INCORPORATION, 55 VICT., 1892.

WHEREAS the Hillcrest Convalescent Home of the city of Toronto was established for the purpose of a convalescent home, to be carried on in a suitable manner under the direction of a committee of ladies to be appointed annually for the acceptance of convalescent patients, without distinction of creed, and the same has been in working operation for over four years under the direction of a board of management; and whereas the said home was founded by a grant of land by the late William Gooderham to trustees, and the erection thereon of a large and expensive building at the cost of a charitable English lady, who furnished money for the construction and furnishing of the same to the extent of upwards of \$11,000; and whereas the same has been carried on by a committee of management in conjunction with the trustees chiefly through voluntary subscriptions of citizens of Toronto and legacies and bequests from time to time; and whereas large sums have been expended annually for the support of the said institution and also in making additions and alterations to the buildings to meet growing demands; and whereas the board of management have been incorporated under *The Act respecting Benevolent, Provident and other Societies*, and their powers to receive by grant, gift, devise or bequest are too limited for the practical working of the same, and it is desirable that the board of trustees and the board of management aforesaid should be united in one corporation and the lands and buildings now vested in trustees vested in such corporation; and whereas it is expedient to grant the prayers of the same petition;

Therefore Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The Honourable Samuel Hume Blake, James Kirkpatrick Kerr, John James Gartshore, William Holmes Howland, William Hodgson

Ellis, Bertram Spencer, Arthur Hutchison Smith, John Jacob Withrow, and Harvey Prentice Dwight, all of the city of Toronto, esquires, together with the present board of management and members of the committee, and all other persons who may from time to time be elected to succeed them as members of the committee, shall be and they are hereby constituted a body politic and corporate under the name of the Hillcrest Convalescent Home, and the said incorporation under *The Act respecting Benevolent, Provident and other Societies*, shall merge in the corporation hereby created and cease to exist as a separate corporate body.

2. All the property, real or personal, now held by the said individuals above mentioned, or by any of them or other person or persons, for the use or benefit of the said Hillcrest Convalescent Home, shall be and is hereby transferred to and vested in the corporation hereby constituted, subject only to the provisions of the deed of grant from the said William Gooderham to trustees dated the 21st day of August, A.D. 1885, as to the disposition to be made of the said property in case it should cease to be carried on and supported as a convalescent home, and the officers and managing committee of the said institution at present in office shall continue to be the officers and managing committee of the said corporation until others shall be elected in their stead.

3. The said corporation may hold the said lands for use as a convalescent home, and may also acquire and hold additional lands and premises when required for use in connection with the same for actual use and occupation as a convalescent home, provided the annual value thereof do not exceed the sum of \$15,000 in all; and may also acquire any other real estate or interest therein, by gift, devise or bequest, if made at least six months before the death of the party making the same, and may hold such estate or interest in the lands lastly mentioned for a period of not more than seven years, and shall within that period alienate or dispose of the same and the proceeds of the estate or interest so disposed of shall be invested in public securities for the use of the said corporation, and such estate or interest therein as may not within the said period have been alienated or disposed of shall revert to the party from whom the same was acquired, his heirs or representatives.

4. For the management of the affairs of the corporation there shall be a committee composed of not more than thirty persons, who shall be annually elected by the members of the corporation amongst themselves at a general meeting to be held annually in the month of October in each year, and at their first meeting after such election the said committee of management shall choose out of their number a president, two vice-presidents, a treasurer and a secretary, who shall hold office during the period aforesaid.

5. The said managing committee may make such and so many by-laws, orders and regulations (not being contrary to the laws of this Province or this Act) as they may deem useful and necessary for the government of the said corporation, and for the admission, resignation and retirement of members of the corporation, and may repeal, revoke, alter and amend any existing by-laws, orders and regulations.

6. The funds of the said corporation shall be used for the purposes authorized by this Act, and nothing herein contained shall authorize the said corporation to engage in the business of real estate.

7. The said corporation shall at all times, when required by the Lieutenant-Governor of the Province, make a full return of all property held by it, with such details and other information as the Lieutenant-Governor in Council may require.
