Senate Committee Endorses The Stand Taken By President

Only Chairman Stone Opposes—Resolutions Before Both Houses This Afternoon—London Comment on American Action—"Brothers in Arms," Says Pall Mall Gazette

Washington, April 3.—The senate foreign relations committee today approved of the administration declaring that a state of war exists with Germany. Their action was expressed in practically the same form as it was introduced in both houses of congress last night. Changes were made in the wording, but the effect remains the same.

OWNERS OF FORD CARS IN NEW YORK TO FORM MACHINE GUN CORPS

Call Issued for Mobilization for Defense—Could Quickly Transport Large Body of Men

New York, April 3.—A call to owners of Ford automobiles to mobilize for the defence of the country is being issued by the National Ford Owners Club of 4777 Broadway. There are 1,700,000 Ford cars in use in this country, and of these more than 100,000 are owned within a radius of fifteen miles of the city hall, while in New York State there are 150,000 other persons who own Ford automobiles. Each car can carry four persons, which means that should become necessary to transport a huge army by automobile in New York State, the Ford machines now in daily use could care for 1,000,000 men.

PEACE ORATORS IN NEW YORK MOBBED

Two've Thousand Police Held in Reserve for Rush Calls in Case of Trouble

New York, April 3.—Every policeman in New York who is not on active patrol reported this morning for reserve duty. Police Commissioner Woods issued the emergency order last night, after reading the president's address to congress asking for the declaration of a state of war between the United States and Germany. The order will keep about 12,000 men ready for immediate service until further notice.

HEAVY ARTILLERY FIGHTING FEATURE OF WAR IN WEST

Paris, April 3.—Violent artillery engagements are in progress in the Champagne region, the Allies announce. No important actions are reported along the lines of the German retreat. The statement follows: "From the Somme to the Aisne there were intermittent artillery actions. Patrol encounters took place north and south of the Aisne. We captured six machine guns during the fighting yesterday in the region of Vauxelles.

GERMAN EMPRESS SELLING JEWELS

Amsterdam, April 3.—A Berlin despatch to the Cologne Gazette says that the Empress has sent her private jewels to a neutral country to be sold. The jewels are valued at a large sum.

SOLDIERS IN CANADA TO BE PAID IN CASH BY THE PAYMASTERS

Recent orders from Ottawa indicate that the method of paying soldiers of the Canadian Expeditionary Force while training in Canada has been greatly simplified. The new method makes possible the abandonment of the fortnightly pay parade which has interfered, under the old system, with the syllabus of training.

WITHOUT JURY

The case of Lemon vs. Norton Griffling Co., Ltd., was taken up before His Honor Judge Crockett in the Supreme Court this morning. In this case the plaintiff was suing for damages on account of injuries received while in the employ of the defendant company. The plaintiff was struck on the arm by a large block of wood, and as a result he was rendered permanently disabled.

NOW PROPOSE A PEACE CONFERENCE WITHOUT A BREAK IN FIGHTING

Austrian Foreign Minister Fathers Scheme, Government Backs it up and Germans Also Will Approve

Berlin, April 3, via London.—The proposal of Count Von Czernin, Austrian foreign minister, that a peace conference be held by belligerents without requiring the cessation of hostilities apparently represents the attitude of all the Central governments. Count Czernin's proposal was not only sanctioned by Austria and her allies, but will soon be formally approved at a conference of high personages at Berlin representing the four countries.

An Amsterdam cable via London on March 31 said: A Vienna despatch quotes Count Czernin, the Austro-Hungarian foreign minister as saying in an interview with the Preudenblatt, that the entente could conclude an honorable peace with the Central Powers at any time and that the proposal of the Central Powers for a peace conference still held good.

AMERICAN GUN CREW ON AZTEC HAVE BEEN SAVED

Eleven Lives, However, Believed Lost in Sinking Of First Armed American to be Torpedoed

New York, April 3.—Eleven men of the crew of the American steamer Aztec, probably were lost when the vessel was sunk Sunday night by a German submarine near Brest, France. The man submarine was thirty-nine, of whom seventeen were Americans. Twelve American bluejackets, commanded by Lieut. William F. Gresham, detached from the crew of the gunboat Dolphin and placed aboard the Aztec as an armed guard, were saved, according to despatches from the French admiralty, rescued by the French embassy in Washington.

LIFE IN ARRAS IS ALMOST UNENDURABLE

News From Canadian Front — Artillery Firing Increasing — Germans Have New Fast Aeroplane

Canadian Headquarters in France, via London, April 3.—(By Stewart Lyon, special correspondent Canadian Press.)—A visit to Arras shows that life there is almost unendurable for the few hundred people, mostly old and largely comprised of women, who manage to find some sort of shelter in the cellars, some of which have been rendered less dangerous than they might otherwise be by reason of sandbags having been provided for the unfortunate inhabitants.

BACK FROM SIBERIA

Fifty Thousand Sledges Rushing With Victims of Old Russian Regime—Race Against Spring Thaw

Tyumen, Siberia, March 31, via Petrograd, April 3.—Fifty thousand sledges, carrying victims of the old regime back to freedom in the new Russia from the mines and convict settlements of Siberia, are speeding in endless chain across the snows of North Asia toward the nearest points on the trans-Siberian Railway.

Their passengers range from members of the old terrorist societies to exiles who were banished by administrative decree without trial or even known offense. It is a race against time as the spring thaw is imminent and the roads, even in the coldest settlements of the lower Lena, will soon be impassable.

Really at War With Germany, Wilson's Cabinet Meets In War Session

Preparations Being Rushed Along Various Lines to Meet the New Conditions

Washington, April 3.—The United States really is at war with the German empire today, awaiting only the formal recognition of congress. Every agency was moving to gird the nation against the government which President Wilson in his address congress characterized as a natural foe to liberty.

MAYOR REPORTS ON CITY FINANCES

Bonded Indebtedness \$3,731,990.68—A Deficit in General Revenues

In his first annual report as commissioner of finance and public affairs, Mayor Robert T. Hayes, submitted figures to the common council, yesterday afternoon showing that the present bonded indebtedness of the city is \$3,731,990.68.

The Report. Following is the mayor's report: To the Commissioners of the City of St. John.

Gentlemen—I have pleasure in submitting a report of the department over which for eight months of the year just ended I have had the honor to preside.

The total tax levy for the past year was \$887,610, the largest in the history of the city. Of this amount \$705,545 has been paid into the treasury.

Capital expenditures for which bonds have not been issued amount to \$17,412, \$5,744 was authorized in 1916, the balance during previous years.

General revenue for the year shows a deficit of \$18,853.54 and a further falling off in receipts of about \$12,000 will appear during the coming year.

Owing to the depletion of our general revenue account \$8,000 the limit permitted by act of legislature for grants is being assessed for the balance required for grants will have to be necessary be assessed for next year.

SAY TAX DOES NOT  
APPLY TO TOURIST  
FROM DOMINION

Some Further Announcements Relative to the New '88 American Regulation

(Toronto Star.)  
Canadian tourists and holiday-makers are not affected by the new head tax of \$8 imposed on all aliens entering the United States.

John T. Twohey, attorney and counsel-at-law of the Canada Steamship Company at Washington, D. C., has been given the information by United States Commissioner-General of Immigration, Caminetti.

He says that practically the only change in the regulations will be that embodying the limitation of section 2, "for a temporary stay." In other words, all aliens, whether Canadians or not, otherwise admissible who enter the United States with intent to remain permanently in the United States must pay the \$8 tax, but neither "aliens" (including Canadians) who enter the United States after an uninterrupted residence of at least one year immediately preceding such entrance in the Dominion of Canada for a temporary stay, nor "aliens" in transit through the United States will be called upon to pay the tax.

How It Is Interpreted.  
In answer to enquiries as to how the department would interpret the phrase "for a temporary stay" and the phrase "aliens in transit through the United States," the United States immigration commissioners said that "in transit" would be held to mean a stay of one or two days at the United States port of entry, and "temporary stay" would be interpreted to mean a more lengthy stay within the United States, as a month or two or even longer. The importance of the distinction lies in the fact that persons who have been resident in Canada for one year or more may make a "temporary stay" within the United States, whereas those who have resided in Canada for less than one year will be limited to the "in transit" privileges.

United States officials say that the law will be liberally interpreted in so far as it affects travel from Canada, and that the regulations, which take effect on May 1, will conform to the present practice as far as consistent with the provisions of the new law.

Says Over Wilson's Veto.  
The new law was passed in February last over the president's veto. It is understood that an agreement will be entered into between the various transportation companies and the United States Immigration Department for the purpose of providing facilities for the smooth working of the act.

One of the features among flag displays in Newport, R. I. is that at the residence of Edward P. Gosling, where at night a miniature searchlight is thrown on the flag, attracting much favorable comment and attention.

Vote of the Soldiers—Prohibitionist Deputation Says Sir Richard McBride Has Been Neglectful

Victoria, B. C., April 3.—Although through the deferred soldiers' vote, it is admitted that prohibition has been defeated by a majority of 822 for British Columbia, prohibitionists who called on the provincial government came away with the idea that they would be given a prohibition measure until the end of the war.

The prohibitionists want an absolute prohibition measure, but it is said that it is possible that the "banish the bar" will be put through as a compromise.

CELEBRATING CONFEDERATION

(Toronto Star)  
It will be a good plan to make Empire Day in the schools an occasion for reviewing the history of confederation, but there should also be celebrations all over Canada on the first of July.

In Canada we have an excellent system of government, which has stood the test of fifty years of peace and war. What we need now is not more legal and constitutional machinery, but more steam for the present machinery.

At present we study the map of Europe and of Asia, and are profoundly interested in the amazing revolution in Russia. After the war we will be interested in world affairs.

INFLUX OF AMERICANS

American families are flocking into Toronto. Since March 1, according to a government official, 125 families have arrived there from the republic, bringing their effects with them.

It is one of the most forceful dramas ever seen in the Lyric theatre, the acting is decidedly artistic.

"MONEY MAGIC" AT IMPERIAL ENJOYED

One of Hamlin Garland's Stories Featured—Also British Gazette Pictures

"Money Magic" at Imperial Theatre yesterday proved a Vitagraph Blue Ribbon feature with a charm peculiar to Hamlin Garland's well known style of writing and to the sweet-scented airs of California not to mention the picturesque character and canny roles were exceptionally good.

Pathe's British Gazette of latest issue, also shown in this programme gives some excellent new animated pictures of Their Majesties of England and the Princess Mary as well as scenes on the French front and in mid-Europe.

"VALLEY OF DECISION" AT LYRIC THEATRE

Richard Bennett in Morality Play—Herman and Hanley in Vaudeville

Mr. Richard Bennett is appearing in one of the strongest plays dealing with sins against society which has ever been pictured at the Lyric Theatre.

Women argued the main ideas of the story itself are side issues of political intrigue and jealousy.

Without fuss or feathers, Boston financiers yesterday raised and loaned to the government, without interest, \$1,000,000 for use in the purchase of army supplies.

In ordinary times, the raising of this great sum of money by the bankers and its loan to the depot quartermaster without cost would have been hailed with wide acclaim.

The last congress failed to pass the proper appropriation for the necessary purchase of army supplies.

The Boston committee of five appointed by the council of national defense was responsible for the work of raising the million here.

Half of the sum was advanced by two of the city's biggest banking houses, Lee,

"Almost a Miracle"

That is what Rabbi Shalit of Edenbridge, Sask., says after a personal observation of several Zam-Buk cures. The Rabbi continues: "One of the most marvellous cures I know of was in the case of the little son of E. Romanuk of this place. The child had had a very severe attack of eczema on his face and head for three years and the inflammation and irritation caused him dreadful suffering. The sores on his forehead and eyes were so very bad that for two years he was completely blind."

"The child was taken to various doctors for treatment, all of whom finally pronounced the case incurable. In desperation the father asked me if I knew of anything that would cure his child. Having great faith in Zam-Buk and having already known of several wonderful cures it had worked, I recommended it for this case, which was apparently hopeless. The parents commenced the Zam-Buk treatment immediately and to cut a long story short—Zam-buk completely cured the child."

Mr. E. Romanuk, the boy's father, makes this corroborating statement: "For three years my boy suffered intensely from eczema, and for two years the sores on his forehead and eyes were so bad that he was completely blind. Doctors' treatments were useless, but Zam-Buk has worked a complete cure. This wonderful healer was recommended to me by Rabbi M. Shalit, for which I shall be thankful to him for ever."

Rabbi Shalit adds: "I always keep Zam-Buk on hand for my own use. It is excellent for cuts, burns, bruises and injuries of all kinds and, being a strong germicide, instant application prevents all possibility of restreing or blood-poisoning."

Higginson & Co., and Kidder, Peabody & Co. each putting in \$250,000. Ten Boston banks advanced the other half, \$500,000, they being the Merchants National, National Shawmut, Second National, Union National, Federal Trust Company, American Trust Company, Old Colony Trust Company, New England Trust Company, Commonwealth Trust Company and State Street Trust Company.

The Boston committee of five, which so promptly engineered the big transaction, is made up, in addition to Mr. Richards, of Charles H. Jones of the Commonwealth Shoe Company, Albert Greene Duncan, cotton manufacturer; Jacob F. Brown, of the Brown-Adams Company, American Trust Company, and E. J. Frost, vice-president of William Filene's Sons Company.

Lieut.-Col. George B. Williamson, quartermaster depot officer at Boston, is now enabled to get supplies at once on completed contracts.

The Labor Gazette, issued by the British Board of Trade, in a survey of the movement of women into the industries

trial field in Great Britain since the war began, finds that the actual number of women who have directly replaced men in various trades and professions and in agricultural and manual labor is 988,000. These figures are of October 31 last, and it is believed that the number has been augmented greatly since that date.

Between July 31, 1914, and July 31, 1916, 85,000 were added to the number of women who had "permanently" and directly replaced men in agricultural pursuits in the United Kingdom, bringing the total of women thus employed up to 115,000.

**POLICE COURT**  
**Two Cases Taken Up—Magistrate Sorry to Lose Opportunity of Dealing With Two Answayers of Girls**  
Before Police Magistrate Ritchie this morning, Daniel Meagher of Nova Scotia was charged with attempting to break and enter the coal sheds of R. P. & W. F. Starr Company, Ltd., in Smythe street at an early hour this morning. Captain Alexander McIntyre, a night watchman at the coal sheds in Smythe street, said that about 2:30 o'clock he heard a noise of something being broken. He put his head out of the window and noticed the defendant at the head of a nearby pair of stairs. He was tearing off boards from a small enclosure. He shouted out to the man, who then descended the stairs and went to the scale house, caught hold of a shutter and tore it off. The witness telephoned for the police. The witness said that the defendant abused him and said: "If I get you, I'll smash your face."  
Detective Briggs, who responded to the telephone call, said that the man had been here only a few days. He was staying at a hotel in Mill street.  
The court remanded Meagher on the charge of assaulting the garage he took the car from the doctor's office and kept it away all afternoon. The doctor wanted the car yesterday and when he went to get it the car was missing. It is understood that the damage done to the car would be well over \$100. Buesgaard was arrested on South Wharf by Sergeant Baxter.  
John Evans and Thomas Montgomery, arrested last evening on charges of drunkenness, using profane language and also accosting girls in Charlotte street, each left a deposit of \$15 for appearance in court this morning. This was declared forfeited on their non-appearance. The magistrate commented very strongly on men in the public streets accosting girls and women. "I would like to have them here this morning," he said, "as they are liable to nine months in jail, six without a fine and \$50 or three months."

**ROSINANTE AND THE ROYAL MAIL**  
The citizens of St. John are looking for Don Quixote. His famous steed Rosinante is here now, and is hauling the Royal Mail. Until the Don arrives Rosinante is being driven by a boy, and is attached to an express wagon. They came along Canterbury street yesterday "with measured step and slow." Just at the corner of Church street it was discovered that one of the large heap of mail bags on the wagon was about to topple off. Rosinante halted at the first request, and gazed pensively at the street while the boy leisurely descended and gazed up at the mail bag. It was too much for him to handle alone, and he waited till two men came along and lent him some assistance. Rosinante meanwhile slumbered, and awoke with a start when the boy said "Giddyap!" It was not the voice of Don Quixote, and some persuasion was necessary before the mad race for the post office was resumed, at a pace of at least one block per hour. Meanwhile business men waiting for their mail said things not fit to print.  
It is reported that the Tourist Association will have Rosinante and the Royal Mail outfit photographed and the photos distributed as a counter attraction to the one-ox vehicle of Annapolis and Halifax. On fine days large crowds may hereafter be expected to gather along the route between the depot and post office to witness the spectacular progress of the Royal Mail and Rosinante.  
**SERGEANT MOORE EXPECTED HOME**  
Sergeant Charles Moore is expected to arrive in the city in the near future, word to that effect has been received by friends here. It will be recalled that he was wounded while in action last August and as the result of conspicuous gallantry was awarded a military medal.

**SPECIAL MEETING THIS MORNING**  
A special meeting of the Royal Standard Chapter, I.O.D.E., was held this morning in the chapter's rooms at 10:30 o'clock. Mrs. E. Atherton Smith, the regent, presided. The meeting was held to make final arrangements for proposed big self-denial day effort. No fewer than 10,000 mite boxes have been secured. The city has been divided into wards to facilitate the distribution of these. Committees have taken over the responsibility of distribution within certain areas. Every home will receive a box and similar receptacles for contributions will be placed in the hotels, stores and barrooms. The ladies anticipate the results with much enthusiasm and optimism.

**SERIOUS BREAK FOUND IN STRAIT SHORE ROAD MAIN**  
Eight Inch Pipe Repaired After All Night Shift—Two Bad Breaks in Stanley Street Sewer

A serious break in an eight inch water main was discovered last night in the Strait Shore road. The water works department became aware of the trouble on the line about eight o'clock and workmen were sent to the scene. By constant work it was possible to effect repairs during the night and this morning the water was again turned on in the district which had been deprived of a supply owing to the break.  
The break occurred in a manhole near the intersection of Bentley street. This water main in the Strait Shore road occupies the same trench as the sewer and this proved to be a factor in effecting repairs with despatch. A very large volume of water was escaping through the break but was being carried off by the sewer and this permitted the men to carry on their operations with more facility than under ordinary conditions.  
**Two breaks in Stanley Street**  
When the Stanley street sewer was uncovered yesterday, following the detection of a leak in the line, the men of the water works department found that it was necessary to repair the pipe in two places. At one point the pipe was broken completely off while in the second place a bad joint had developed about a joint. These places were repaired and the water turned into the line again last night.

**Still in the Ring**  
The old wooden sewer in Union street has withstood well the ravages of Father Time, for the men of the water works department found yesterday after the line had been exposed by excavation for a considerable distance, that the pipe was in a fairly good state of preservation. It was, therefore, decided that the abandonment of the old sewer would be unnecessary. Instead, new covers will be installed and the old sewer, a relic of early water works activities in St. John, will continue for another period of years to serve the citizens.  
Work is being continued on the sewer in Lombard street, where about 500 feet of deals will be used before all the new covers are installed. The installation of the new type of hydrant has been completed in Erin street.

**GIVEN RING AND GOLD MOUNTED UMBRELLA**  
Ludlow Street Church Presentations to I. Ronald Carlin, Who Is Going Away  
The monthly consecration service of the Young People's Society of Ludlow street Baptist church, west end, was held last evening and was in the nature of a farewell to the president, I. Ronald Carlin, who is to leave the city this week to take over the duties of accountant with the Royal Bank of Canada in Berwick, N. S. Mr. Carlin has been the efficient president for nearly two years, and as a mark of appreciation was the recipient of a beautiful gold scarf pin. The presentation was made by the pastor, Rev. W. B. Robinson, who, in a short address, paid tribute to the worth of the recipient, both as a man and a leader.  
Mr. Hunter Parsons, superintendent of the Sunday school, after referring to the great loss the Sunday school would sustain in the removal of Mr. Carlin to another field, he having been the assistant superintendent and teacher of a boys' class, presented to him a gold-mounted umbrella, suitably engraved, as a token of affection from the Sunday school.  
Mr. Carlin in reply spoke very feelingly of the years he had spent since a boy in the Young People's Society and Sunday school and of the influence they had exerted in his life. In closing he expressed his sincere thanks for the expressions of good will. The singing of "Blest Be the Tie" brought the gathering to a close.

**SOLDIER SON HOME FROM WAR GIVES FAMILY A GREAT SURPRISE**

Harold Kimball Unexpectedly Arrives in Early Morning Hours  
**TWO RETURN TODAY**  
Bombardier Stop of West End Lost Eye—Was With Major Frank Magee's Famous Battery—Talks With Men on Conditions Overseas

Harold David Kimball, son of Mr. and Mrs. Manfred Kimball, of 829 City road, returned this morning from the battlefields of France a private, although he crossed as a sergeant in a famous New Brunswick infantry battalion. Private Kimball thought he could be a real fighting man better by giving up his three stripes and enter in the rank and file as a private. That he has done his bit well is certain, and that he has gained the praise of a grateful country goes without saying.  
Private Kimball walked in very unexpectedly early this morning on a peacefully sleeping family, but it was a joyful awakening, for it brought to them their soldier son, who has received his final discharge after doing well his bit for king and country.  
He was wounded at the famous battle of Courcellette in last October. He was in his dug-out and a highly explosive shell burst near him. At the time, he was rendering aid to a wounded soldier who had been hit in the arm. As he was about to bandage the arm he himself was carried out of his trench and thrown high in the air. "The thought ran through me," said Private Kimball, "that I was blown to pieces. I knew nothing from that, and indeed when I came to my senses I was really surprised to find myself alive."  
Private Kimball was wounded in the right arm and leg and his entire body was marked by his terrible experience. From France he was removed to hospital in Scotland, where he was for three months. From there he was taken to England, where he remained until he started the homeward trip, which was to bring new hope, happiness and pride into his home in St. John. Private Kimball had also suffered much from blood poisoning.  
Today, however, he is almost perfectly well, but the results of his fifteen months at the front bring about his discharge from service.  
Private Kimball had also suffered at the outbreak of the war from shell shock, but recovered and returned to the trenches. He was in Norwood, Mass., at the outbreak of hostilities, but readily came to Canada to enlist. He was then nineteen years of age.  
He is receiving a hearty welcome from many friends in St. John.

**Bombardier Stop.**  
Bombardier W. C. Stop, a member of Major Magee's heavy battery, arrived home this morning after spending two years on the western front. He is suffering from wounds in the head and neck, but he says that the change in his fighting to date, but he says, the day has arrived for the artillery and cavalry to take the place of the infantry.  
"One must not forget that the Germans are still in France and are still hurrying into our lines, especially in a big engagement is on, shell for shell, but the cause of their retreat was due to the fact that the morale of the German army has broken down and all one has to do to make certain of this is to watch a squad of German prisoners being marched back from the firing line. In every face you can see the very expression of joy."  
"Their clothes are very much worn and from the general appearance of them, one would think that they had not a square meal for weeks or months. This, he said, is altogether different from the appearance of the captured German in the summer of 1914. He was well dressed, with every appearance of a soldier and a man that would fight to a finish. But today they are only too well pleased to be taken prisoner."  
"There is a wonderful change in the air fighting. Now all one can see is either French or British airmen passing hither and thither over our lines and the German. It is rare to see a German machine come very far over our lines."  
Bombardier Stop spoke in the highest terms of Major Magee and the officers of the battery, and especially mentioned Captain Cyrus Inches. He said that the warmer the fighting gets and the more shells the Germans place into our lines the cooler he gets. He sized Captain Inches up as being about the coolest one that he had met during his two and a half years of service.  
Two boys of the battery have been decorated, Sergeant Stackhouse of West St. John and Sergeant D. Gardner of Montreal, both young men, he said, were very fine N. C. O.'s, and they both were as daring under heavy fire as the best of them.  
Bombardier Stop is a native of Norway, but had been a resident of West St. John for about five years prior to going overseas. He will return to Halifax in the course of a few days to enter a convalescent home for treatment, after which he will receive his discharge. Pte. J. Price of Grand Falls also reached the city today on his way home.
