Great Britain May Soon Have General Elections, Report
GERMAN REVOLUTIONISTS BEATEN

BALDWIN TO
ANNOUNCE
PROPOSALS

What Will Premier Say on
Thursday, is Big
Question.

CHANGES PLANNED

All Round Protection of
Home Industries Under
Discussion.

(Canadian Press.)

London, Oct. 23.—Great
Britain may soon be preparing
for another general election, if
the intimations appearing in to-
day's newspapers are reliable.

In a speech to be delivered at
the Unionist party conference at
Plymouth on Thursday, Premier
Baldwin, according to the Daily
Express, is expected to propose
the all round protection of
British industries by a scientific
tariff.

It is not anticipated that he
will suggest a tax on imported
wheat or meat, but rather that
the revenue from a tariff on im-
ported manufactures be applied
to subsidizing the Dominions in
the production of meat, wheat
and cotton.

If this programme is adopted
the government will have to ap-
peal to the country for its en-
dorsement, because when the
Conservatives came into power
at the last election Bonar Law
gave a pledge that there would
be no radical alteration of the
country's fiscal system during the
life of the present parliament.

Although not going quite as far as
the Daily Express, some of the other
newspapers, including the Morning
Post and the Daily Telegraph, both
of which are close to the Govern-
ment, indicate the probability that
the premier will set forth a protectionist
programme for future adoption which
is likely to form the text of the wide-
spread platform campaign arranged
for the coming winter.

Important Conference
The Unionist conference, assembling
at Plymouth is expected to have un-
usual importance for the Conserva-
tives for some time because of signs
of restlessness at Mr. Baldwin's long
silence on administration policies.

The criticisms of his famous con-
versation with Premier Poincare in
Paris are symptomatic of this feeling
and the call for a strong and decided
lead has been growing. The Conserva-
tives therefore are looking with special
eagerness toward the Plymouth meet-
ing, believing that it will prove a de-
cisive landmark in the history of the
party.

The agenda is rather a full one, in-
cluding among the main items aside
from imperial preference and protection,
the foreign policy, the condition
of agriculture, unemployment and the
position of the Unionists in the Irish
Free State.

Anxiety Over Socialists

Behind the party's keen interest in
the conference is anxiety over the in-
tense propaganda the Socialists are
conducting throughout the country.
This has been organized and is being
executed with the greatest thorough-
ness. Not only are the Socialist orators
delivering hundreds of speeches, but a
house to house canvass is being actively
pursued. Social gatherings, such as
dances, are being held in the country
villages and towns, and the propaganda
this spread is making the opponents
of the Socialists all up and take notice.
The anti-Socialist newspapers do not
conceal their anxiety at the manner in
which the Socialist doctrines are being
broadcast everywhere and they call for
energetic measures in counter action.

"Fatuous Flapdoodle"

London, Oct. 23.—(Canadian Press.)
—Ronald McNeill, under secretary for
foreign affairs, speaking at Tiverton
last night, said that the government
had no intention of taxing the food
of this people as some of the Liberal
leaders alleged. The proposal to in-
crease the existing duties on dried
fruits from Turkey and Greece had
produced a frantic effort by Sir John
Simon to capture the votes of women
by talking of an imaginary increase in
the cost of the current bun. He de-
scribed Sir John Simon as "fatuous
flapdoodle."

Capture Deer Asleep
In Woods of Maine

Auburn, Me., Oct. 23.—While
searching in the woods near Poland
Spring for liquors supposed to have
been hidden there, Detectives Ma-
loney, Levesque and Dobbins of
Sheriff Murray's liquor squad, came
on a large buck asleep. Getting
close to the animal Maloney seized
the deer by one of its hind legs.
Awakened suddenly, the frightened
buck kicked madly in its attempt
to get away.
Although hurled violently to the
ground and dragged several rods the
officer held fast until one of the
others felled the deer by a blow
with a hammer. The deer weighed
about 200 pounds. It was the first
deer taken in this section since the
opening of the season.

Poisoning.

Bronson, Fla., Oct. 23.—Mrs. Lor-
raine Wood, aged 18, her brother, El-
wood Hudson, and D. C. Daugherty, a
friend, are in jail here, each lacking
\$3,000 with which to make bond, in
connection with the death of Leroy
Wood, 72-year-old husband of the girl,
which occurred near here about two
weeks ago.

According to Sheriff E. Walker of
Levy County, relatives had the vital
organs of the dead man examined by
chemists at the University of Florida,
who reported poison was found in the
stomach.

COAST TO COAST

Difficult Portion Said to be
Between Port Arthur
and Soo.

(By Canadian Press.)

Port William, Oct. 23.—Pledging the
government to a policy of develop-
ment in Northern Ontario, Hon. James Ly-
ons, Minister of Lands and Forests,
advocated the building of a highway
from St. Marie to Winnipeg at a
largely attended luncheon of the Cana-
dian Club yesterday.

The minister has just returned from
a visit to Dryden, Kenora and Winni-
peg, and said the road could be built
from Port William to Winnipeg, partly
completed now as it is, without much
difficulty.

The only difficult portion would be
from Port Arthur to the Soo, and he
hoped to have engineers shortly at
work on a survey round the north
shore of Lake Superior to make one
of the finest scenic highways in the
world.

Thousands of cars would use such
a road, which would make a transcon-
tinental highway from Halifax to Van-
couver.

TO MAKE SAFER USE
OF ANAESTHETICS

Doctors, in Chicago Conference,
Hear of Perfecting of Hos-
pital Service.

Chicago, Oct. 23.—Being put to sleep
for operations is to be made much
easier and far more comfortable, so
members of the Congress of Anaes-
thetics, who opened a three day ses-
sion here yesterday, declared. Not only
will the National Anaesthetic Re-
search Society and the Associated An-
aesthetists of the U. S. and Canada
commit themselves to the perfection
of hospital anesthesia service, but also
to the prevention of all needless deaths
under anesthesia through a national
safety first campaign.

Dr. Wesley Browne of Montreal pre-
sented an explanation of why it is
dangerous to operate on patients dur-
ing hot weather. Heat stroke on ac-
count of disorganization of the heat
regulating mechanism due to loss of
body fluids and concentration of the
blood, it is to be feared, he said.

Dominion Note
Circulation Gains

Ottawa, Oct. 23.—An increase of
some \$7,600,000 in Dominion note cir-
culation is shown by the monthly cir-
culation statement issued by the Min-
ister of Finance. The amount of gold
held against notes is about the same
as a month ago, however, showing a
somewhat lower gold basis.

Greece, aged 20, daughter of Prince
Nicholas, and Prince Paul of Serbia,

is considered an uncommonly hand-
some young woman.

French Called to
Duesseldorf Meet

Paris, Oct. 23.—Yves Le Trocquer,
Minister of Public Works, accompa-
nyed by M. Guillaume, director of mines,
and M. Benoit, head of the depart-
ment of technical services, left Paris
last night for Duesseldorf to confer
with Gen. Degoutte, the French com-
mander, and the inter-allied mission.
It is their purpose, to co-ordinate
measures necessitated by a resumption
of work in the Ruhr.

Dies to Stop Plane
Headed For Crow

Port Golden, N. J., Oct. 23.—
Marcel Ruelan, veteran of
French wartime flying service, gave
up his life before a crowd of specu-
lators here in stopping an airplane
that had made a landing and threat-
ened to plunge into the crowd after
its pilot had been tossed out.
Reading a disaster, Ruelan sprang
straight at the whirling propeller,
grasped it with both hands and
sought by main strength to stop
the engine, but the powerful blades
sliced out of his grip and one
smashed his skull. He died in-
stantly.

was killed instantly, two others died
within a few hours, and a fourth is in
the Marlboro Hospital as a result of
an automobile, operated by George H.

phone pole and crashing into a tree
yesterday on the Boston road. Sales is
under arrest, accused of manslaughter
and with operating an automobile
while under the influence of liquor.
Sales told the police the accident was
due to the failure of the steering gear
to work properly.

LADY ASTOR RATES
DIE-HARD TORIES

Member For Plymouth Division
Sets Forth Programme of
Progressive Action.

London, Oct. 23.—"It will take lit-
erally a Moses to get them out," de-
clared Lady Astor of the unprogressive
Conservative Party, whose she
reates soundly in a breezy announce-
ment she published here of her own
progressive programme for the forward
wing of the Conservative Party.

She points out that national pro-
gressive action is not possible until a
clearance and town-planning by the
state, the provision of work of national
importance for the unemployed,
whether skilled or unskilled, women or
men, and a poor-law revision to in-
clude allowances for widows and their
children, besides further provision for
public health.

She also advocates the raising of the
school-leaving age and would have
local option to encourage temperance.
"I believe," she says, "the Unionist
Party would have the support of mod-
ern-thinking people if they were to
bring a bill allowing people to try
experiments. They might, in what
is sold for private gain as now,
not be sold at all or to be sold
under some form of disinterested
management."

Lady Astor further urges placing
men and women upon equal footing
in the matter of offences against
public morals. She would also reform
the pension system. Lady Astor, who
sits in Parliament for the Sutton divi-
sion of Plymouth, won her seat as a
supporter of Mr. Bonar Law.

MORE MONEY GIVEN

More Paid Out Also, is Budget
Report of Presbyterian
Church Treasurer.

Toronto, Oct. 23.—Dr. Robert Laird,
treasurer for the Presbyterian church
of Canada, has reported that the bud-
get receipts up to September 30, at
the Toronto and Halifax offices, the
two receiving points, had totalled
\$437,908. This was an increase of \$48,-
084 over the corresponding date in
1922.

On the other hand it was reported
that the expenditures up to September
30, totalled \$1,025,087, or \$588,173 more
than a year ago. The advance in ex-
penditures is said to be due to the fact
that the greater part of the home mis-
sion grants for the quarter year ended
Sept. 30 were included in the amount
expended in 1923 and not in 1922.

Hon. Mr. Pugsley Must
Have Complete Quiet

Ottawa, Oct. 23.—Absolute quiet
and complete relief from all activities
are deemed necessary by Hon. Dr.
Pugsley's physicians, it was learned to-
day. The chief trouble is said to be
bronchitis.

The former Governor of New Brun-
swick is a patient in St. Luke's hospital.
Further inquiries as to his condition
are coming in from all quarters.

Lapointe and Stewart De-
fend Government From
Meighen Attacks.

CANADA THRIVES

Point to Reviving Industry;
Returning Prosperity and
Coming Population.

(Canadian Press.)

Edmonton, Oct. 23.—Attacks on the
Dominion Government which the Right
Hon. Arthur Meighen, Conservative
leader, made in the province during
his recent tour, were answered here
last night by Hon. Ernest Lapointe
and Hon. Charles Stewart in the open-
ing meeting of their tour across the
provinces.

On the same platform where Mr.
Meighen painted a gloomy picture of
Canadian conditions under the present
Government, the administration lead-
ers who spoke last night told of Cana-
da's reviving trade and industry, and
decreased taxation, of economy, yet
progress in national affairs, of return-
ing prosperity, of recognition among
the nations of the earth as one of the
greatest exporters per capita in the
world, and finally a country to which
increased population was assured on
substantial lines in the years to come.

Both ministers urged closer unity and
understanding between the people of
the east and west. Both gave a pledge
that the Government at Ottawa was
committed with the greatest possi-
ble vigour to the expansion of the
country's interests, and both freely de-
clared their faith in the western route for
the west and their intention to help
revive agricultural conditions to the
point where production revenues are
more equitably comparable with the
prices of those things which the farmer
has to purchase.

TENANTS IN UNION

Flat Dwellers of Sweden to
Organize for Protection—
A National Association

Stockholm, Oct. 23.—(Associated
Press.)—A growing scarcity of unin-
furnished apartments, accompanied by
increasing rents, has induced the flat-
dwellers of Sweden to form a national
organization. A congress of Tenants'
Societies from all parts of the country
was held at Gothenburg for this pur-
pose. The protection guaranteed ten-
ants through this national body will
be supplementary to the assistance al-
ready afforded by the municipal rent
committees and apartment renting
agencies.

At the beginning of the new rent
year it is estimated that about 1,000
families in Stockholm and 200 in Got-
tenburg will be without homes, having
been forced to vacate their apartments
because of termination of their leases.
Temporary dwellings are being ar-
ranged by the municipal authorities,
while new apartment houses of Ameri-
can pattern are nearing completion. In
many cases office floors are being re-
served for housekeeping, and the sit-
uation by renting out cabins of ships
in the harbor of Stockholm.

The organization completed at Got-
tenburg plans to submit proposals for
new rent laws, as well as to furnish
its members with legal advice and in-
formation.

CANADA ON WAY

Giving Proof That Heart and
Strength Are Sound, Says
Hon. A. T. Low.

Winnipeg, Oct. 23.—Canada today is
facing one clear issue, and that is to
undertake as a united people the work
of construction which must follow the
havoc of destruction, declared Hon. T.
A. Low, Minister of Trade and Com-
merce.

In spite of the unfounded slurs of
those, who for ulterior purposes, would
sacrifice their country's credit, Mr. Low
said that Canada today was giving
proof that her heart and strength were
sound and that far from being in the
verge of failure and bankruptcy she
was really on the way to a splendid
recovery.

Alleged Rum Runner
Killed By Police

Toronto, Oct. 23.—The inquest into
the death of John Gogo, alleged rum
runner, who was killed by the Toronto
police when he captured a cargo of
liquor being unloaded in trucks here
recently was adjourned last night af-
ter evidence was produced that the
police had begun firing revolver shots be-
fore they actually reached the scene
of the unloading.

Revolted Greek
Troops Returning

Athens, Oct. 23.—It is reported from
Chalcis that most of the provincial
soldiers who revolted under the lead-
ership of Gen. Metaxas, the Royalist, are
returning to the ranks. The men as-
serted that they were duped by their
officers, whom they followed under the
belief that they were wanted for regu-
lar service.

Cute, Aren't They?

Master Edgar Prochnik, 3 (left), and his cute little sister
Patricia, 2, are the children of Mr. and Mrs. Edgar G. Prochnik,
charge d'affaires of the Austrian legation in Washington, D. C.
Their nice faces are interesting.

Uncle Sam May Place Dry Agents
In All Breweries in the Nation

Washington, Oct. 23.—Consideration is being given by the treasury to
expansion of its prohibition enforcement programme to include the plac-
ing of a dry agent in every brewery in the country. At the same time,
enforcement officials are discussing advisability of expanding the coast guard
to include the enforcement of the liquor laws.

No final decision has been reached on either question, a treasury spokes-
man said, but he indicated that leaks of great magnitude are believed to
have developed through the breweries and that high powered beer is be-
coming all too common in what have heretofore been near beer saloons.

A survey is under way to determine what the coast guard needs to be
able to meet the demands upon it through enforcement.

ABOUT HOME BANK

Liquidators Applying for Court
Order to Examine Several of
The Officials.

Toronto, Oct. 23.—An immediate
application to Osgoode Hall will be
made by the Home Bank liquidators
for an order to interrogate C. A. Bag-
nard, Home Bank director of Mon-
real; L. C. Herdman, stock broker,
and A. E. Gilver, the acting gen-
eral manager; O. Smith, chief ac-
countant and Sidney Jones, the auditor
in connection with certain debts, loans
and purchases of the Home Bank.

These examinations may be possibly
held at the head office of the Home
Bank, where the figures are available.
It is said that other examinations of a
like nature will follow.

New Glasgow Boys
Are Near Death

New Glasgow, N. S., Oct. 23.—Frank
and Billy Kearns, sons of Mr. and Mrs.
W. E. Kearns, came within an ace of
being killed this morning when the
big automobile they were driving was
hit by the Thorburn local train and
carried nearly 100 feet. The younger
boy, about 14 years of age, jumped and
escaped unhurt, but Frank, who was
driving, was unable to get clear of the
car and stuck to the wheel while the
big locomotive shoved the automobile
100 feet down the track.

It was a thrilling drive, like a big
movie stunt. Frank Kearns was rather
badly injured, but not seriously, and
the car was absolutely demolished.

SEPARATIST
MOVE FAILS,
BERLIN SAYS

Uprising at Aix La Chapelle
is Reported as a
Failure.

NEWS IS UNCERTAIN

Reports of the Revolution
in Germany are Con-
flicting.

(By Canadian Press.)

Berlin, Oct. 23.—Reports
from various points in the Rhine-
land this afternoon indicate the
Separatists have been generally
defeated, especially at Aix La
Chapelle, Muenchen-Gladbach
and Bonn. At Aix they were
severely beaten by the trades
unionists and then ejected from
the public buildings which they
had been holding since mid-
night Saturday.

REPORTS UNCERTAIN

Coblenz, Oct. 23.—Rhine-
land Separatists are reported here
to have occupied Bonn at one p. m.
today.

It is uncertain whether they
retained possession of the town,
as the latest information, around
noon today, was that the republi-
cans had clashed with the police
and that the city authorities
had finally called upon French
troops to restore order.

The German police were said
to be still patrolling the town,
but whether under separatist or
loyalist direction was not clear.

Coblenz, Oct. 23.—Coblenz
this morning in the expectation
would be occupied by the republicans
today and that Mr. Matthes, gener-
ally regarded as the "Father of the
Republic," would arrive with a provisional
cabinet to make this city the seat of
the new Rhine-land Government.

The population seemed puzzled and
undecided whether to welcome the hon-
or of having Coblenz proclaimed the cap-
ital and to be expected to take pos-
session of the public buildings in
Coblenz today, a move which they ex-
pected would be unopposed, plan to
present a letter from the new Govern-
ment to the Rhine-land high commis-
sion. This letter, it is understood, will
announce the policy of the republic as
being friendly to all countries and will
express the republic's willingness to as-
sume the Rhine-land's share of repa-
rations obligations.

MARRY IN ENGLAND

Dusseldorf, Oct. 23.—The Rhine-
land separatists so far have encountered no
serious opposition, but there is consid-
erable doubt that they will have such
smooth sailing when they strike the
cities known to be opposed to them,
Elberfeld, for instance, and Barmen,
Essen and Dortmund and other Ruhr
centres.

C. F. Todd and Daughter of
John Black, Both of N. B.,
Wed.

London, Oct. 23.—Charles F. Todd,
son of Hon. Irving Todd of Milltown,
N. B., was married to Margaret Alk-
man, daughter of John Black, St. Ste-
phen, N. B., at Eastbourne, yesterday.

Not Much Opposition Yet

Dusseldorf, Oct. 23.—The Rhine-
land separatists so far have encountered no
serious opposition, but there is consid-
erable doubt that they will have such
smooth sailing when they strike the
cities known to be opposed to them,
Elberfeld, for instance, and Barmen,
Essen and Dortmund and other Ruhr
centres.

Even Coblenz is reported as likely
to resist the honor of being the cap-
ital of the Rhine-land republic. The burgo-
master of that city, it is understood,
has announced that force only will
make him surrender the public offices.
Talk of Counter-Move.

Some loyalists aver that the oppo-
nents of separatism are only waiting
until the first wave of republican ardor
has spent itself before organizing a
definite counter-move. Loyalist offi-
cials in most of the towns hitherto un-
occupied have been in continuous con-
ference since they learned of the coup
at Aix La Chapelle and, lacking wire
communication, have been using auto-
mobiles to keep in touch with one an-
other freely in the various cities of the
Rhine-land.

At Dusseldorf all city officials were
called out of bed at 8 a. m. for a con-
ference that lasted without interrup-

Russell Thaw, 12, Seeks Happiness For Parents In His Own Success

(By Bob Dorman, News Service Staff Writer.)

Atlantic City, N. J., Oct. 23.—There's a 12-year-old boy here who doesn't like to play. Games don't interest him. Youth holds little charm for him. He is impatient to grow up.

He wants to make up for the suffering of his parents, by the happiness of his success.

He wants the world to think of Evelyn Nesbit and Harry K. Thaw, not as the principals of the most sensational murder trial of more than a decade ago, but as the father and mother of Russell Thaw, renowned surgeon.

Young Thaw is living here in a small apartment with his mother.

"It's the first time in many years," she says smiling happily, "that I've been able to have him all to myself. For most of his time had been spent at my mother's in up-state New York."

"But now at last I'm in position to take good care of him. And I hope he'll never, never again be parted."

When she is sure that his work is complete, she puts him to bed, entrusts his care to a maid, and goes to her work.

"But I never let my work interfere with his bringing up," she says. "He comes first, above everything else."

In the afternoon, while most children are playing, Russell waits on the physicians of a hospital. They let him watch some of their operations. It's his greatest joy.

"He keeps on dreaming," says his mother, "of the time when he will be able to go to medical school and be-

BALDWIN TO ANNOUNCE PROPOSALS

(Continued from page one.)

London, Oct. 23.—What will Premier Baldwin say on Thursday?

This is a query over which political circles here are agog with speculation, for it is felt generally that what Mr. Baldwin has to tell his party is likely to have a vital bearing on the British fiscal relations with the Dominions and the future course of the imperial conference.

The Daily Express, in its news columns today, forecasts that Premier Baldwin will declare for changes in the British fiscal system sufficiently drastic to entail a general election. His proposals are predicted as follows:

All round protection of home industries by means of a scientific tariff. No tax on imported wheat or meat with a preference to the Dominions.

Revenue derived from the scientific tariff would be devoted to subsidizing shipping freights from Australia and New Zealand, giving a bounty on corn production, subsidizing cotton growing within the Empire and the shipment of this raw cotton to Great Britain.

DIVORCE THEME OF OPERA HOUSE PLAY

Owen Coll Shares Honors With Leading Man in Presentation.

Owen Coll, a St. John actor, shared with James G. Coots, leading man of the F. James Carroll Players, the honors in the presentation of the strong melodrama, "The Divorce Question," presented last night in the Opera House. The play is by far the heaviest one staged by this company, but none before was more successfully handled. From the opening of the prologue to the last curtain the large audience watched and listened with intense interest as the players depicted the evil arising from the abandonment of children through the divorce of their parents. The play was a strong, vivid presentation against selfishness, immorality, worldliness and pride; its lessons were well brought out and the company was afforded a fine opportunity to display its dramatic talent. The story tells how a boy and a

girl, left in the care of poor relatives after the divorce of their parents, are ill-treated and thrown upon the world. They fall to the lowest depths and in the home of Father Jerome, played by Mr. Coll, they meet their parents, both again married. The clergyman urges that the father and mother again take their children under their care, but their present positions are a deterrent. The girl dies of a broken heart and the boy is arrested for the murder of a man who has insulted his sister.

Mr. Coots, as Dopey Doe, a drug victim, gave a clever impersonation of a character which called for much difficult acting. His climaxes were especially well worked and there were many times throughout the show when he had his audience in tears. Mr. Coll's appearance was particularly adapted to the part he played and his rendition was compelling and complete. Miss Preston, as the forsaken daughter, had a comparatively small part, but she filled it well. Myra Marsh and Clyde Franklin, cast in the roles of the separated parents, gave excellent dramatic presentations which measured up well with previous performances. A small vein of rich humor was injected into the piece by James Swift in the part of Patrick Kelly, genial Irish caretaker of Father Jerome's home.

Virginia O'Brien and Carleton Pickney, portraying two misadventured juvenile characters, contributed much to the success of the piece, as did also Paul Broderick, cast in the role of the argumentative lawyer, Eugene Lawrence. The play consists of a prologue in which all the characters appear before the front of Father Jerome's church, and three acts, all staged in the library of the priest's home. The lighting effects were well worked and a suitable orchestral and organ programme was given. The cruel long hours of labor to which Chinese children in factories were subjected were described by Rev. Lou Buckley, national boys' work secretary of the Y. M. C. A., in an address given yesterday before the Rotary Club in which he gave an outline of the recent world convention in Austria of the Y. M. C. A. workers among boys. He attended the conference as one of the two Canadian delegates.

D & A PRACTICAL FRONT Corsets

A Vest of Pliable Elastic
Perhaps the choicest thing about the D & A Practical Front is the vest of pliable elastic which so surely and so directly causes, before lacing, at the centre of the body—never crooked, always true. Before you start to lace you know that for the day the corset will stay where it belongs and never ride up to spoil your perfect comfort and neatness or disarrange the lines of your neck. Once clasped, the lacing on the back of special design is easy and quick. Allowing the proper three inch lacing space, the strain is removed from the elastic vest, and so perfectly taken up by the lacing that one cannot tell where it is. Your corsetiere can tell you an interesting story about the D & A Practical Front—if she has studied this sensational new corset. Ask her about it. Made in Canada by The Dominion Corset Co., one of the most important industries in the Dominion—makers of the celebrated D & A. La. Diva, and Goddess Corsets.

AN AWKWARD POSITION.

Though we have no Japanese problem in Eastern Canada, as Canadians we follow with a certain degree of sympathy the constant efforts of British Columbia to keep that province a white man's country, and it is not to be doubted that the latest decision of the Imperial Privy Council has left the people of that part of Canada in an awkward position.

THEY DON'T LIKE IT.

The members of the "Whisper of Death" brigade have begun to belabor Hon. Mr. Robb, the Minister of Immigration. His crime is not very serious in the eyes of most Canadians, for he has only been guilty of making some rather optimistic and encouraging speeches about the cottoning of Canada's trade and giving some facts and figures which he believes justify the conviction that the alarmists might easily find a better occupation.

DISTRIBUTING THE PRAISE.

It had been hoped that there would be no more talk about who won the war, but something along that line has cropped up in connection with Lloyd George's generous bestowal of praise of the part the Americans played in it. There has been a little rather ungenerous Canadian comment to the effect that the former Premier has rather "slopped over" in some of his American speeches.

THE MINISTER OF IMMIGRATION.

Lord Beaverbrook's Daily Express predicts a general election in Great Britain in the near future, the campaign to start with an announcement of a scientific tariff to give protection to British industries.

"GAME OF LIFE" IS THRILLING PICTURE

Big British Classic of Victoria's Reign Shown at Imperial. "The Game of Life," the first English super-picture, which broke Great Britain cinema records from Land's End to Shetland Islands, was presented to large crowds of enthusiastic St. John people at the Imperial yesterday.

The British cross-Channel airplane service, which carried 4,400 passengers in 1920 has carried 18,500 in the last twelve months. The British Minister of Air, in telling the Imperial Economic Conference of plans for airship services to Egypt and India, referred to the growth of cross-Channel traffic, and noted that in thirty-two months, during which 2,000,000 miles had been flown, there had been no serious accident to staff or passengers.

DOMESTIC LIFE STORY AT QUEEN SQ.

"Does It Pay?" Deals With Phases of Modern Conditions. "Does It Pay?" which was shown last night at the Queen Square Theatre, is a Fox picture featuring Florence Nightingale. One often reads stories of the domestic tragedies in the families of prominent millionaires, the head of the house, after living in apparent peace and happiness with the mother of his children until well past middle life, permitting himself to be captivated by a younger and more dazzling woman, then a divorce from the faithful wife who helped him to win his battle in the financial world.

BLACK PANTHER'S CUB AT UNIQUE

Sensational Spectacular Picture Scores at First Showing Here. "The Black Panther's Cub," the first super-special screen production to be made by W. K. Ziegfeld began a three days engagement at the unique Theatre yesterday. It is remarkable for its brilliant and lovable star, Florence Reed, for it is the greatest picture in the history of the theatre, for the direction of Emil Chautard, for the nicety of detail given it by the producer, Mr. Ziegfeld, and for the forcefulness with which its theme has been presented by Ethel Donohoe, author, and Philip Bartholomae, scenarist.

**Members Wore Green Piping
on Coats and Bodices**

Paris, Oct. 22—The Green Ribbon Club has just celebrated its first anniversary with a record that its president describes as "glorious," in that it can boast of 700 members, twenty marriages and forty engagements. The club was born of an article by a humorist who, in jest, suggested that those who wanted to marry and failed to meet a kindred spirit might wear some token that would show they were prepared to enter into matrimony under due and proper conditions. The idea was taken up seriously and a club formed, the members choosing a short green piping sewn to their

coats or bodices as a sign. The regulations contain the following item: The sole object of the National Green Ribbon Club is to facilitate honorable marriages between its members by means of meetings, dances, excursions and trips.

Active members must supply a police certificate not older than three months, a proof of identity and a copy of their birth certificate.

They must undertake to submit to a medical examination to establish that they are in good health.

The wearing of the green ribbon is obligatory at all meetings but prohibited on any other occasion.

The Royal Mail Steam Packet liner Chaleur, Captain Macey, arrived in port last evening about 8 o'clock and docked at the Atlantic Refinery wharf, having encountered good weather on her voyage from Bermuda and the British West Indies.

**Put your faith in Kellogg's Bran—
it relieves Chronic Constipation!**

If you suffer with mild or chronic constipation, go after it relentlessly! Constipation has probably wrecked more lives than any one human ailment. It is the basis of many illnesses, leading even to such diseases as Bright's and diabetes. In its milder form constipation creates sick headaches, biliousness, dizziness, nausea, bad breath, pimples, etc. Kellogg's Bran is guaranteed to relieve constipation permanently if it is eaten regularly. Kellogg's is ALL BRAN—that's why it acts as nature's perfect sweeper, cleanser and purifier.

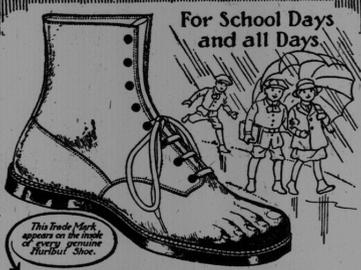

To safeguard your own health, to protect your family, serve Kellogg's Bran each day. As a constipation preventive or for mild cases, eat at least two tablespoons daily. In chronic cases, as much with each meal. But keep at it persistently—best con-

stitution with bran—nature's most wonderful food! And think how Kellogg's will free you all from the dangers of pills and cathartics!

Kellogg's Bran is a life sustainer and body-building food because it contains mineral salts and other food essentials, as well as being a natural relief from constipation!

Kellogg's is delicious in its nut-like flavor. It adds greatly to the taste of hot or cold cereals when sprinkled or mixed with them. Or, cook it with hot cereals, allowing two tablespoons for each person. Kellogg's Bran makes very delicious muffins, raisin bread, etc.

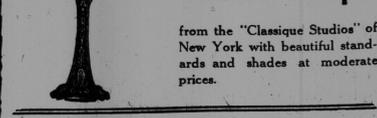

Kellogg's Bran is served in leading hotels, clubs and restaurants in individual packages. All grocers sell it.

WOMEN AND GIRLS**

They're Coming to Canada to Join Relatives or for House Work.

When the Cunard liner Andania docks at Quebec next week from England she will have on board, among her other passengers, a group of girls and women who are coming to the Dominion either to take up work as domestic helpers or else to join their families who are already settled in various parts of Canada.

The party makes the sixth consignment of girls and women to be brought out to this country during the 1923 navigation season under the auspices of the Society for the Overseas Settlement of British Women, and it not only includes domestics, but some girls who have clerical experience, stenographers and secretaries, who look for a brighter future in the Dominion as domestics.

Canada has been the recipient of a large number of domestics during the course of the 1923 shipping season, and they have all been eagerly absorbed. They have come out in hundreds either under the care of the Salvation Army or the Society for the Overseas Settlement of British Women, and include girls of all ages, eager to earn their living in Canada.

DICTATOR CALLS BRITISH "ROCK" A "PERMANENT NATIONAL INSULT"

Exchange Might be Offered of Centa and Tangier, He Suggests.

Madrid, Oct. 22.—Gen. Miguel Primo de Rivera is the second Marquis de Estella, his uncle, Fernando, having been the first and having acquired the title through the circumstance that he stormed the small town of Estella, which lies within the Province of Logrono, in the northern part of Spain, during the Carlist wars, this being the headquarters and so-called capital of the Carlists. Many other military achievements were to the credit of the first Marquis de Estella, and the second one, with a not less formidable personality, has followed in his footsteps. He was at his height of his activities, and is virtually Dictator of Spain, though he prefers the official designation of President of the Directorate.

He had a military education and in his earlier years was engaged on active service in Morocco, where he won many honors and gained promotion. His intelligence, knowledge and courage were such that he became one of the most youthful generals in the Spanish Army. He is tall and of strong, heavy build. He is optimistic as to the future of Spain, even while he faces directly the cold, bitter truths of Spain's besetting weaknesses. He feels the faults to be curable, and hence arises his optimism. He reiterates frequently that the directorate is there for a short season only, and that as soon as may be it will hand over the power to a new civilian government, composed of men right in heart and mind who will carry Spain on to her great destiny.

Gen. Primo de Rivera admits that the troubled period of 1868-70, is his hero, for he tried to put Spain and her monarchy on a better basis, and succeeded. Even the general's enemies, who are fewer now by far than they were when he metaphorically raised the standard of revolt at Barcelona, wish for him a kinder ultimate fate than befall Juan Prim.

completing the patriotic action of recovering Gibraltar. The aspiration which tends to reclaim this part of our national territory is unanimous. The present occupation of Gibraltar is regarded in Spain as a permanent national insult. I think that when an opportunity presents itself we should propose and negotiate for the exchange of the fortress and the bay of Gibraltar against the fortress and the bay of Ceuta, and, if we must, offer loyalty to renounce all claims on Tangier, and complete the offer with that of the African territory and islands over which we exercise any kind of sovereignty.

For giving expression to such views the Government of the day felt that some punishment was necessary, and shortly afterward Gen. Primo de Rivera was removed from Cadix. In more recent times he was sent from Madrid to Catalonia for expressing himself very clearly to the effect that Morocco was not worth the price that was having to be paid for it.

Dealing to be called Dictator, he also repudiates the suggestion that he is now modeling himself on Mussolini, and is establishing a kind of Spanish Fascism. It may be, and the Marquis de Estella is as firm in thought and invention as any man in his situation need be. But comparisons in edicts, proclamations and conduct between him now and the Italian Dictator at his beginning reveal remarkable similarities, and it is well remembered that the first message he sent out of Spain after making his great bid for control was to Mussolini himself.

Gen. Primo de Rivera admits that Juan Prim, the great patriot of the troubled period of 1868-70, is his hero, for he tried to put Spain and her monarchy on a better basis, and succeeded. Even the general's enemies, who are fewer now by far than they were when he metaphorically raised the standard of revolt at Barcelona, wish for him a kinder ultimate fate than befall Juan Prim.

SOVIETS DEPORTED RED MOLLY STEIMER

Girl Anarchist Whom America Ousted, Arrives in Berlin Disillusioned.

Berlin, Oct. 22.—(Associated Press)—Molly Steimer, the girl Anarchist, who was deported from the United States in 1921, has now been deported by Soviet Russia and has arrived in Berlin seeking peace and quiet.

Molly, who has spent nearly three of her twenty-six years in various prisons, arraigned the Soviets in bitterest terms, saying that their form of Government was "worse even than the United States."

She was arrested in Petrograd a year ago with twenty-nine other Anarchists, the Cheka agents accusing her of having underground connections with Emma Goldman and Alexander Berkman, disorganizing Molly's connections. She was merely engaged in aiding political prisoners through the Anarchists' Aid Society.

Although the young Anarchist was threatened with exile to Siberia by the Soviets, this was never brought about. Finally she started a hunger strike which lasted seven days. At first the Cheka officials laughed at her, their chief once remarking: "You think you can bluff us with a hunger strike. Apparently you don't know us. Do you think that this is like America?"

J. D. O'CONNELL IS NOW IN NEW YORK

Going South After November 1—Gave Picnic in Bangor.

J. D. O'Connell gave his children's picnic in the Bangor House Park, Bangor, last Saturday afternoon. The Bangor Commercial devotes more than half a column to an account of the activities of "the orphan's friend," and the Portland Press-Herald says of him:—

"Known in more than fifty cities of America and Cuba as the original big brother of the children, Mr. O'Connell has now in his family more than 100,000 children.

"All of his life the Orphan's Friend has given part of his time and money for the comfort of the little ones but for the last 18 he has given his entire time to giving these parties and in other ways caring for the little ones. He left Cuba in May and after touring the southern and some western states, he returned to New Brunswick and is now on his return trip.

Mr. O'Connell writes to "The Times-Star":—"I will be at the Waldorf Astoria, New York, until November 1st. Then I go to Virginia and the Southern States, where I give a few more of my social picnics during November. After that I go to Cuba and Central America to continue picnics all through the winter months, as that is the most pleasant time of year, there being no frost or snow and very little rain in winter.

HUSBAND RULED WELL WITHIN RIGHTS IN PUMMELING WIFE

French Court Says the Law Gives Man Power to Beat Helpmate.

Paris, Oct. 23.—Mrs. O. H. P. Belmont, who believes that young women should not endeavor themselves by marriage, would find her argument considerably strengthened in France if the judgment of one French court is to be allowed as a precedent.

The court clearly interprets French law as permitting the husband to beat his wife—whenever necessary.

The case in particular is brought to the public attention by the publication "Bulletin of Family Affairs of France." The husband in particular terminated a lively argument with his wife with an exhibition which might have something in common with the Dempsey-Firpo encounter. It was rude, and the roughest part was that the wife took the count.

But the roughest part, in the opinion of French housewives, was the sequel in the Civil Court. The judge ruled: "Understood that the principle of marital authority—proclaimed by Article 213 of the Civil Code—holds essentially that the wife, in the interests of public order and family organization, cannot escape the duty of 'obedience' of the husband; that, however, she may appeal to the courts against his acts of repression; "Understood that the marital power permits the husband to employ in certain cases within his household a sort of firm severity, but temperate, toward his wife, who finds herself under his direction; "Understood, therefore, that the charge imputed to the husband represents no character of gravity and his right permitted him to take the measures with which he is reproached."

Gallant critics of this judgment interpret it simply that under French law the male head of the family may beat up his wife with impunity if he doesn't do it too often or too thoroughly. The judge in the case in point ruled that the "K. O." was "temperate."

MISS M. CORKERY ADDRESSES I.O.D.E.

The second lecture in the Course of Civics under the auspices of the Municipal Chapter, I. O. D. E., was delivered last evening by Miss M. Corkery, B. C. L., in the Board of Trade rooms. She gave an informative address on "Laws Pertaining to Women and Children." Miss Corkery gave this same address before a large body of people in the Board of Trade rooms during the annual meeting of the Local Council of Women this year. Last evening she added some concrete cases gleaned from her own experience in the last few months. Mrs. Heber Vroom, regent of the Municipal Chapter, presided and Miss Ethel Jarvis and Mrs. C. B. Allan moved and seconded the vote of thanks at the close.

NO SUIT OVER WILL OF LILLIAN RUSSELL

Pittsburgh, Oct. 23.—Dorothy Russell O'Reilly, daughter of Lillian Russell, has dropped her proposed suit in connection with the administration of her mother's estate by her husband, Alexander P. Moore, Ambassador to Spain. While the details of the settlement are not given out, it is understood that all of the debts of the daughter will be paid; that money will be advanced to her to enable her to buy costumes and scenery for the vaudeville act in which she is about to make her appearance, and that she will have a guarantee of \$50 a week which her mother provided for her in her will.

PLAN WINTER PROGRAMME

Five members were welcomed to the Good Cheer Circle of the King's Daughters, when they met at the hall yesterday afternoon, with the leader, Miss Alice Rising, presiding. A \$5 donation for the Japanese fund was approved by the meeting. The circle has planned to take up the study and discussion of current events in everyday religious and business affairs. The members have signified their desire to contribute to the relief of the laboring classes and will have some money available, if a fund is started.

There was considerable discussion as to ways and means of carrying on for the winter and plans were formulated. Much regret was expressed at the absence of Mrs. J. A. Teed, who is residing with her daughter in Montreal for the winter. The new members were Mrs. N. S. Sprüger, Mrs. George W. Parker, Mrs. J. C. Fetherston, Mrs. D. M. Richards and Mrs. H. M. McAlpine. The hospital and various public institutions will be visited with musicals and social entertainment during the coming winter.

GRANDSON OF KING LIVING IN HOTEL

Identity of Descendant of Louis Disclosed by Telegram at Etaples.

Etampes, France, Oct. 23.—The finest room in the Hotel de la Poste of Fay-aux-Loges, a community of 2,000 inhabitants near here, has been rented for several years by a distinguished old gentleman of noble bearing, who spends most of his time hunting and fishing.

There are few who know that at the end of each week when the bill is presented to the elderly gentleman, it reads: "To one room, October 1 to October 7, France 88," and that it is addressed to "His Royal Highness, the Duke of Galliera."

Grandson of Louis Philippe, King of France, uncle of Alfonso XIII, King of Spain, and cousin of the Duke of Orleans, the Duke of Galliera has chosen this quiet spot to pass his declining years.

At first his identity was kept secret but a few weeks ago, when the Duke of Montpensier was decorated with the ribbon of the Legion of Honor, a telegram addressed to the Duke of Galliera reached the Hotel de la Poste, and the proprietor was on the verge of returning it to the telegraph office when the quiet old man claimed it. It was signed "Philippe" and read: "Dear cousin, many thanks for congratulations."

Since then the natives have addressed him as "His Royal Highness."

"I wish they would call me 'Monsieur Antoine' as they used to," the Duke of Galliera said recently.

URGES SOLIDARITY OF BAPTIST PEOPLE

Speaker Refers to Union at Montreal Meeting—Rev. Mr. Morse of St. John There.

Montreal, Oct. 23.—Addressing the 85th annual meeting of the Baptist Convention of Ontario and Quebec in Olive Church last night, Rev. Dr. J. P. Love of Richmond, Virginia, made a clear cut definition of the Baptist stand at the opportunity of the present day. He urged Baptist solidarity and enthusiasm as the answer to the challenge presented by conditions as they now exist, rather than co-operation with other denominations. As to church union, "we won't pool our resources with men who would compromise our faith," he declared.

Rev. Osgeode Morse of St. John, brought felicitations from the Maritime Baptists.

Are you ready for the chilly days? Bodily warmth comes from nourishing, easily digested foods. Piling on flannels will not supply warmth to the poorly nourished body. JURY CHOSEN TO TRY BESSIE PARKER

Some of Members at Former Trial Were Again on Panel.

Considerable difficulty was experienced this morning in selecting a jury for the second trial of Mrs. Bessie Parker, charged with performing an illegal operation. The same panel from which the twelve jurors were selected for the first trial was used, with the addition of some twenty others, so that nine of the first jury were among those called before the new jury was completed. In each case, with one exception, objection was taken by the prisoner's counsel in the ninth instance, the jurymen called was one who had voted for acquittal at the first trial; he was challenged by the Crown representative.

The hearing was before Mr. Justice Chandler in the Circuit Court. William M. Ryan appeared for the Crown and E. S. Ritchie for Mrs. Parker. After the jury had been completed, the evidence of Annie White, the girl in the case, was taken behind closed doors and she was under cross-examination by Mr. Ritchie when the court adjourned at 1 o'clock.

Selecting the Jury.

Thirty-four out of sixty-six jurors summoned answered their names when the roll was called. The selection of the jury was then proceeded with.

The first name called was that of George H. Brown. He was challenged for cause, having served on the first jury, but as no jurors had been selected to try the case, he was stood aside.

E. C. Johnston and William G. Evans were then called and as there were no objections they were sworn as jurors. Both were also sworn as triers to decide if G. H. Brown was an indifferent jurymen. Mr. Brown, sworn, testified that he sat on the jury which tried Mrs. Parker in a previous case, but said that he was unbiased so far as this case was concerned. The trier pronounced him indifferent, but Mr. Ritchie then challenged him peremptorily and he was stood aside.

Similar proceedings were followed in the case of Harold O. Evans, another juror at the last trial. He said that he had voted for conviction at the last trial, but felt that he could give an unbiased opinion at this trial. The trier ruled that he was indifferent, but he, too, was challenged peremptorily by the prisoner's counsel.

Charles Dearborn was stood aside by the Crown. R. T. Wood, another juror at the former trial, was challenged by the prisoner. Robert Simpson D'Arcy, sworn, M. J. H. Mulholland, sworn, Fred W. Logan, challenged by the defendant; A. Stanley Merritt, juror at the former trial, challenged by the defendant; W. Edgar Campbell, juror at the former trial, challenged by the defendant; William H. Sells and Wilfred M. Barlow, sworn. James W. McKean, juror at the last trial, and Harold W. Stubbs, challenged by the Crown. A. W. Covey, sworn; John B. Jones, Sr., excused on account of illness; Dean W. S. Chase, sworn.

Those Selected.

The jury, as selected, sits as follows:—P. C. Johnson, W. G. Evans, Robt. Simpson, R. L. Hunter, H. J. Keyes, C. B. D'Arcy, W. H. Sells, W. M. Barlow, A. W. Covey, Andrew Dean, W. S. Clawson, and W. W. Chase.

COMPLAINTS OF BLASTING

Commissions' Thornton reports complaints of damage done by the blasting to pieces of the dredge which was recently burned at Courtenay Bay and notified Mr. Garson, who is wrecking the dredge, that he would have to stop blasting to cover the blasts so that no damage would be done to the houses in the vicinity.

IS GETTING BETTER.

Archdeacon Newman of St. Stephen arrived in the city today from Fredericton where he was visiting Canon Smithers, who is convalescing from injuries sustained in a recent train accident. He said that the man was able to leave the hospital yesterday but is still suffering from an injured shoulder. Archdeacon Newman will attend a meeting of the Church of England Institute this evening.

GETTING ALONG WELL.

Good progress with the new main on West Side was reported this morning by Commissioner Wigmore. About 2,600 feet of the 24 inch pipe has been laid, and this brings it about to the corner of the cross connection. The work complete to that point. As the pipe is laid, the work will proceed toward the reservoir with 20 inch pipe.

CASE STANDS

John Evans, 725 Main street, appeared in the police court this morning charged with keeping his shop open after hours. He pleaded not guilty. Policeman Lindsay, who made the report, testified that he saw the shop open at 11:30 p. m. on Sunday, October 21. He pleaded not guilty. MEETING OF CIRCLE.

Members of the Jessie Chipman circle of the Portland Methodist church were guests of Mrs. H. A. Goodwin last evening at the parlour in Paradise row at a rally service, at which the president of the circle, Mrs. Fred Smiler, presided. Devotional exercises were conducted by Miss Emma Chown, followed by an exercise, "Christian City League and its work," which was taken up by Miss Lillian Maxwell and Lillian Brownfield. Games were enjoyed under the patronage of Miss Greta Gray and Miss Etta Bell. Miss Jane Henderson presented the membership card to Miss Lillian Maxwell and refreshments were served.

Y. M. C. I. PLANS ARE FORWARDED

At a meeting of the board of management of the Y. M. C. I. last evening a large amount of work was accomplished along various lines. Plans were completed relative to bowling and other matters of sport. It was reported by James McCurdy, who has taken charge of the bowling interests, that the house league had been started last night, that a team was entered in the City League and that a strong inter-society league was being organized.

Arrangements for the smoker for the general membership at the end of the month, and for representation at the M. P. A. A. meeting at Moncton were forwarded and there was a talk over other features of the work. A strong feeling of enthusiasm marked the meeting and it is believed when plans are matured that the season will prove one of the best that the institute and its members have yet enjoyed.

NO CHANGES HERE

Major H. H. Burrows, who returned Sunday after attending a Salvation Army congress in Toronto reports that it was one of the best he has ever attended at the public meetings in Massey Hall. Crowds overtaxed the capacity of the building. One of the interesting features of the congress was the presentation of life saving medals to five Boy Scouts of the Army by Staff Commissioner Higgins. No changes were made in the staff of this division, Major Burrows said, as this had been done in July.

DISCUSSED HYDRO BILL.

The Mayor and city commissioners held a conference yesterday afternoon in the office of the Mayor, and it is understood the subject under discussion was the bill of the New Brunswick Electric Power Commission of \$20,000 for current since May first last. This is one of the matters about which Mayor Fisher wrote to the Power Commission and it is understood he wished to get the minds of the other members of the council on how much should be paid, in anticipation of a meeting with Hon. Dr. E. A. Smith, chairman of the commission.

The opening devotional exercises were led by Miss Emma Chown. A Christian Stewardship exercise was presented by Miss Mae Corbett, Miss Greta Gray, Miss Etta Brown, Miss Etta White and Miss Lawson. The watch tower was conducted by Miss Greta Gray, assisted by Miss Lillian Maxwell and Miss Lillian Brownfield. Miss Beatrice Hill gave a reading and Miss Elsie sang "One Sweetly Solemn Thought." After the programme of the meeting games were played under the patronage of Miss Greta Gray and Miss Etta Bell. Miss Lillian Maxwell and Miss Lillian Brownfield had joined the ranks of the life members and Miss Henderson presented to them their life memberships. Refreshments were served at the close of the evening and a social hour was spent.

MAGNIFICENT SUNSET.

It would be hard to imagine anything more beautiful than the sunset which was seen in St. John last evening. There were many clouds to catch the sun's rays and not only in the west was the sky brilliantly colored but the reflection showed most as brightly around the whole horizon, while the water in the harbor was dyed a glowing crimson. There was scarcely a ripple on the surface of the harbor. The sight was regarded as a very unusual as well as a very magnificent one.

REMEMBER WHEN—

On May 10, 1874, William Nannary, assisted by E. A. McDowell opened the Academy of Music with a high class New York dramatic company. Four fine new ships were being rigged in St. John harbor on Wednesday, May 27, 1874 viz: Thomas Hillyard, Frank Carvill, Prince Frederick and Grampton. They were nearly all of a size, the first named being the largest of the four, measuring 1,500 tons, the Grampton being the smallest at 1,450 tons.

RALPH PRICE IS RECOVERING

G. McGovern Hears From Former Players of St. Peter's.

That Ralph Price, former pitcher for St. Peter's baseball team, is recovering from serious injuries, recently sustained in a football match, was the good news received yesterday by G. McGovern. Price, while playing for Bates University team, was kicked in the head and concussion of the brain set in. He was unconscious for five hours and semi-conscious for some days. He is now able to sit up and to be around again in a few days. In his letter he wrote that he did not expect to play again this season, but expressed a hope that he would be back in St. John again next year.

Mr. McGovern also received a letter from "Bud" Markham, who played short-stop for St. Peter's. He had been playing with a team of Quincy against Copeland. A seven game series was played, the latter winning by one game. During the series Markham had two hits in every game and played errorless ball.
