## PRAYED AS SHE BURNED TO DEATH

Hamilton Girl, in Religious Frenzy, Set Fire to Clothing

### MOTHER FINDS HER

Kneeling in Yard of Home as Flames Envelope Her—Train Plunges Through Burning Trestle and Four Men Are Killed

(Canadian Press)

Hamilton, Ont., May 28.—While suffering from religious insanity yesterday afternoon Miss Beatrice Dewar Weir, was rescued by her parents in Barton Township, two miles east of the Jockey Club, set fire to her clothing and was so badly burned that she died before a doctor could be summoned.

The girl, who was twenty-nine years old, had been acting strangely for some time and frequently told her parents that she had committed an unpardonable sin and was not fit to live. She, however, did not give them any reason to believe that she contemplated suicide. A little after 2 o'clock yesterday afternoon her mother went up stairs, leaving the girl alone in the kitchen. A few minutes later the mother smelt smoke and rushed downstairs. In the kitchen the mother was horrified to see her daughter kneeling in prayer while her clothing was burning fiercely.

As quickly as possible the mother extinguished the flames but the girl died in a few minutes.

## A BAD TIME IS COMING; VIEW OF SCIENTIST

German Sees Age When People Must Garb in Insulated Metal Suits—Wireless the Cause

Berlin, May 29.—(Canadian Press)—If the predictions of the German scientist, Dr. Max Planck, are correct, appearing wireless age will compel people to wear metal insulated suits to protect them from the dead electric currents.

He says there is a third new form of violent toothache has already resulted among those exposed. He anticipated that those who are exposed will have hand and feet affected, and even the heart.

He estimates that only the three hundredth part of the electrical energy generated for a message transmitted between stations only one mile apart, is actually used.

### THE TARIFF AND SHIPPING

The influence of the tariff on American shipping is strongly felt by Mr. O'Brien, the president of the Newport News Shipbuilding Co. He says: "There is a difference of about 40 per cent in the cost of shipbuilding on account of the tariff. It is not only the steel that is affected in price; it is every conceivable item that goes into a ship." The United States is the richest country in the world, the greatest producer of coal, steel and iron; she has the largest and finest seafaring of any nation, yet she deliberately throws away all these advantages in the interest of her oppressive trusts. At one time her flag was seen in every harbor and her vessels on every sea; now the American steamship line is dead, and the only ships seeing the flag flying from a single ship. The few merchant ships she has are far from modern, and they cling desperately to their mail subsidies to keep them going. They do not count in the carrying trade of the Atlantic. The American trade is fought for by the British and Germans, while the nation that originates and produces the trade can only look on at their friendly rivalry.

Thirty years ago the American ships divided the carrying trade with Britain. Shippers preferred having their goods in American bottoms because of the speed of the American ships. Foreigners preferred sailing under the Stars and Stripes because such a good food could be bettered; they could obtain supplies elsewhere. She possessed the best ships afloat and the best material for Manning them, while the motto "Free trade and sailors' rights" was struck on her coins and loved by her people. Today she is not in the running. In the great cruise of her navy round the world the coaling had to be done by vessels flying the Union Jack. Her navy is unmanured by recruits and many of her second rate vessels have nothing more than skeleton crews.

The decline of our merchant shipping is one of the prices we have paid for protection. Mr. Ames reasons that St. John as a winter port depends on the revenue from the shipping trade to the body.

Thirty years ago St. John was one of the great shipping ports in the world.

We have lost the ship-building yards with the dependent industries that sprang up around them, and the port depends upon building up and handling through traffic, while formerly its citizens amassed wealth by building and sailing ships.

The average citizen generally explains the failure of this by the change from wooden to iron ships. But there was nothing in this change itself to make the difference. It would mean that fewer ships would be built here, but not necessarily that fewer would be owned.

The change in the ship building industry did not change the trade that the ships carried on. It is the lack of enterprise that has caused our otherwise trade even, to fall into the hands of foreigners. We are a maritime people and the call of the sea is in the blood, but the increased cost of ship-building material because of the tariff, as in the United States, has helped to prevent us from building steel ships and the machinery they require.

It was a favorite prophecy of Joseph Howe that Nova Scotia would sometime maintain half-million men upon the sea. When she came into the union she owned more shipping per head than any other country in the world.

Frederick A. O'Brien, who helped

Mr. Ames to grow rich, by his industry has been coldly and fed "dry" by the government, but the people and the farmers, while they may continue protection to him, are ready to take their chances in the open market and eagerly look forward to the opportunity of selling to Americans. The trade agreement will stimulate our shipping, increase the trade of our ports, and give a direct and powerful impetus to the whole trade of the country. It will hasten the day when we shall build our own steamers and re-establish our merchant marine.

### POLITICAL CONDITIONS IN BRITAIN

There is little rest for the British legislator. When he succeeds in curbing the activity of the Lords, and deprives them of their chief legislative function, he will have to turn his attention to the question of the reduction of seats in the House of Commons. There are many difficulties and inequalities in the present arrangement. The theory that rules today is that all members of parliament should represent, as nearly as possible, an equal num-

### FORTIFY YOUR SYSTEM Against Throat and Lung Troubles With Father Morrissey's No. 6.

In our variable climate, a neglected cold or sore throat is very apt to lead to serious disease. If every cough had been treated in time with Father Morrissey's Lung Tonic, countless cases of lung trouble would have been avoided. Many a person now under the sod would be well and well.

The Father Morrissey physician, after much study and research, succeeded in making up a Lung Tonic which not only gives prompt relief, but also strengthens the whole system so as to prevent future attacks.

No. 10 is made from the healing roots, herbs and bark of the plants in the Father Morrissey's laboratory, skillfully compounded in the proper proportions, and contains no opium, morphine or other harmful drugs.

It has been used in thousands of cases, and has undoubtedly saved many useful lives. Even in cases of consumption it has proved very helpful, and in some instances has assisted Nature to restore the wasted system.

There are no numerous grateful references from those who had previously given up all hope of recovery, and yet were cured by the Lung Tonic.

The Lung Tonic is a medicine that has more power of resistance, thus conserving the general health, and lessening the chance of infection. In this way they are able to withstand the stronger and more virulent germs.

Do not allow a cold or sore throat to get serious; for although the Lung Tonic is helpful even if taken, it is well to take it in time, and avoid unnecessary suffering.

### IN COMMON THINGS

Seek not afar for beauty, Lo; it glows In dewy grasses all about thy feet;

In birds, in sunshine, childish faces sweet;

In star and mountain summits topped with snows.

Do not abroad for happiness, For, see!

It is a flower that blossoms by thy side;

Bring love and justice home; and then no more.

Thou'l wonder in what drowsy joy may he.

Dream not of noble service elsewhere.

The simple duty that awaits thy hand Is God's voice uttering a divine command;

Life's common deeds built all that saints have wrought.

In workers' workings, or some bush afame Men look for God, and fancy Him concealed;

But in earth's common things He stands revealed.

While grass and flowers both spell out His name.

The parrot sings, the city brightens That dreams beyond the stars for longing eyes;

Is only human goodness in the skies,

Earth's deeds, well done, glow into heavenly light.

BANDMASTER JONES FUNERAL.

The military funeral of Bandmaster Jones yesterday afternoon was a very impressive spectacle and was witnessed by the thousands who lined the streets on both sides from the late home of deceased Union street, to Farnhill, where interment was made.

The religious services were conducted by Rev. Wellings, Capt. Rev. F. S. Porter.

There was a very large turnout of friends and relatives, the command of Lieut. Col. McAvity. The firing party was composed of a sergeant, an drummer, bugler and two riflemen.

The band, which was placed in the customary casket, being draped with the Union Jack, while on top rested the belt and regulation cap of the deceased

PREACHES TO STUDENTS

Baccalaureate Sermon to U. N. B.  
Men in St. Dunstan's, Fredericton

Frederickton, N. B., May 28.—The baccalaureate sermon in the University of New Brunswick was preached by Rev. Dr. O'Reilly of St. John, editor of the New Freeman. Solemn high mass was celebrated at the service. Rev. Father Carney, Ryan and Howland taking part.

The congregation was large about 200 men and members of the U. N. B. faculty being present.

The preacher, Rev. John A. O'Reilly, D.D., Ph.D., took as his text Act 8: 3: "And shall be able to make known unto Judas and in Samaria and even to the uttermost parts of the earth." His subject was "Historic Christianity."

The preacher appealed to the members of the Baccalaureate class to arm for the fray as Christian soldiers with the necessary spiritual knowledge of their faith and loyalty to their country and loyalty to their country.

In his sermon, Dr. O'Reilly particularly emphasized the virtue of prayer and urged the students to sign a pledge of total abstinence from alcoholic liquors.

Two Quebec factories, one owned by G. E. Amot, and the other by Carte & Co., were destroyed, and several dwellings burned, in a quarter million dollar which occurred there on Saturday.

**Impressive Ceremony in St. Peter's Church on Sunday Morning and Afternoon**

The large congregation yesterday morning at the solemn high mass in St. Peter's church, witnessed an impressive ceremony in the celebration of their first Holy Communion by nearly 300 little boys. The children occupied the pews on either side of the centre aisle, over which three priests, prettily decorated with garter stoles and pink sashes, walked in procession along the way to the altar, and they made a pleasing sight. The little girls in white dresses and white garters, and the little boys in blue slacks, each with his other boy friend, all making an impressive scene. On the archway at the entrance of the sanctuary were written in letters of white oil, "Jesus, I love you, and I want to go to heaven." "Jesus, I love you, and I want to go to heaven." "Jesus, I love you, and I want to go to heaven."

Rev. J. H. Borgmann, C. Ss. R., was the celebrant at the high mass, assisted by Rev. Fathers Holland and O'Regan. Rev. A. J. Duke, Hon. C. V. Robinson, and Mr. J. J. Jordan, the Bishop of the Diocese, who formed a double rank through which he passed into the sacristy, and thence to the choir. Here His Lordship, in his vestments, recited the Litany of the saints, and the Mass was said.

In the afternoon at 3:45 His Lordship Bishop Casey reached the church, and was honored on his arrival by an escort representing the civil and military authorities of the city, and the Bishop of the Diocese, and the Holy Family, who formed a double rank through which he passed into the sacristy, and thence to the choir. Here His Lordship, in his vestments, recited the Litany of the saints, and the Mass was said.

At this time my leg was so bad that the meet down, my foot was not a piece of raw flesh and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Liniment. After the first treatment my leg began to improve and in two months the use of the Cuticura Remedies my leg was cured and the new skin grown on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and I am now in full health. I am grateful to Cuticura for curing me for the Cuticura Remedies I might have lost my life. I am truly grateful for the wonderful cure that Cuticura wrought. I have many grandchildren and they are frequent users of Cuticura and I always recommend it most highly. It is safe and economical cure for skin troubles." (Signed) MARY J. B. RENAUD,

**You Can Try Cuticura Soap and Ointment Free**  
For more than a generation Cuticura Soap and Cuticura Ointment have afforded the safest, surest and most economical treatment for torturing, distressing skin and scalp eruptions, from infancy to age. Cuticura Soap and Ointment are sold by all druggists and chemists everywhere, but in order that skin sufferers may prove their efficacy without cost, the Porter Drug & Chem. Corp., 82 Columbia Ave., Boston, Mass., will send a free sample of each, and a literature folder of each, with a 32-page book on skin health. Write for a set to-day, even though you have suffered long and hopelessly and have lost faith in everything, for even the first use of Cuticura Soap and Ointment is often sufficient to give instant relief when all else has failed.

### How Millions Get Rid of Corns

Five million corns are removed every year by this little Blue-jay plaster. It is now used by more people—by fifty times over—than any other treatment for corns.

Blue-jay is applied in a jiffy. The plaster is instantly applied. You simply forget about the bit of red paper that was glued to the corn. Blue-jay removes it all. No pain, no scarring, no inflammation. Compare this way with the old-time ways for getting rid of corns.

See the Picture  
A is the harness; B is wax  
B is the comfortable narrow band  
which houses the corn.  
C is rubber adhesive. It fastens  
and holds the wax from spreading.

### AMUSEMENTS FOR OURSELVES AND OTHERS

#### OPERA HOUSE

Kirk Brown was seen to great advantage in The Social Highwayman at the Opera House Saturday night, and was given a splendid reception. The play and costumes received generous applause. The play has often been seen here, but probably never in such a pleasing manner as Saturday night.

Mr. Brown will start his last week tonight with Hall Caine's famous masterpiece, The Maxman. This will be repeated Saturday evening. Sunday the 31st will be repeated Wednesday matinee, by request. Wednesday and Thursday evenings will bring the latest from Mr. Brown's great stage. He was the popular matinee of the Iron Master. The Friday benefit matinee production of Ingomar is expected to attract a record house. Mr. Brown will see to it that his grand curtain at the Moor in Othello Friday evening. Saturday matinee is to be announced, while Classmates will close the engagement Saturday evening.

#### GEM

A pretty, effective story of the coast of Maine, by the Vitagraph Co., is announced for today and tomorrow at the Gem Theatre in the subject "The Spirit of the Sea." The story concerns a young girl with a handsome young artist and a pretty rustic maiden who helps her father guard the lightship. The plot is simple, but the scenes are fine. The old man dies after his daughter has been washed out to sea in a rowboat. And after the artist has taken up the guardianship of the lightship, he is called back to land to attend his mother, who has died in a vision of his sweetheart. Two clever comedies of the Essanay Company are announced in "The Spirit of the Sea." New York, in which 100 pretty ladies are guaranteed. An entertaining Vaudeville act is offered in "Fred Saxe's Performing Dog," an act which has pleased the public in the Vitagraph Co. They left for New York yesterday to begin a tour that will include a trip to Canada.

John A. Chapman, an I. C. A. employee, while on his way to Montreal yesterday, was admitted to a hospital there, died in the train.

New York, May 27.—As a lasting monument to Edward H. Harriman, the widow of the railroad king today announced that she had sold her home in the Bronx to the Pacific Coast, and keep up an immense endowment the largest university in the world.

"Are you a friend of the groom's family?" asked the usher at the church wedding. "I think not," replied the lady addressed. "I'm the mother of the bride."

### Had Severe Pains In His Back.

### Could Hardly Work.

Mr. Alfred E. Davis, Gervie, Ont., writes: "For some years I suffered from severe pains in my back and could hardly walk or stand without being forced to drop down to support myself. I tried to get up anything fast, as if my back must break. I was advised to try Doan's Kidney Pills, and after taking two doses I was entirely cured and found I could stand upright again in their favor."

"This was nearly four years ago and I still remain cured."

Those who have never been troubled with kidney trouble will know the suffering and misery which those afflicted undergo.

Doan's Kidney Pills are a specific for all kidney trouble.

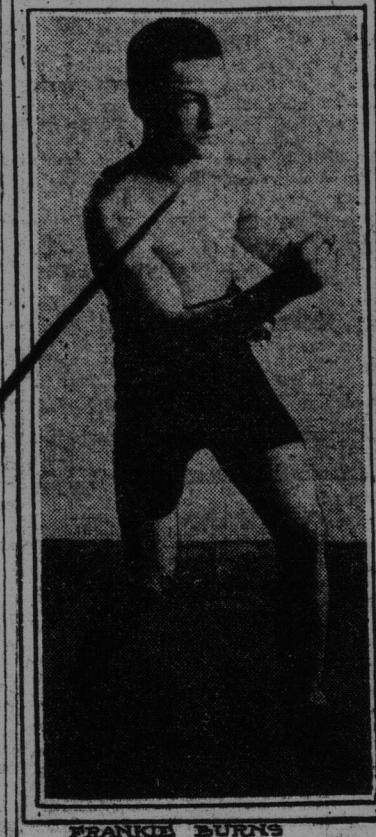

The back kidneys to flush off the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages.

Weak, lame or aching back comes from the kidneys, and when nerves are affected in getting to work, the result of much variety and novelty. Their impersonation work is considered excellent, and the results are most gratifying. An elaborate wardrobe, as well as a chair, is expected to prove a most entertaining young lady. Numbered in the list of features are the following: List of contents of Doan's Kidney Pills, \$1.25, all postage and mailing free on receipt of money. Manager, E. Davis, of the St. John's department store, New Bedford, "Her Majesty" only presented by the Selig Co.; "The Department Store," a dainty comedy

Aldermen to be Asked to Approve Plan to Have a Street Commissioner

TO GRAND FALLS.

Rev. J. G. McEachern left this morning for Grand Falls to attend a meeting of the St. John Presbytery. On Wednesday he will attend the induction of Rev. Frank Baird into the pastorate of the Presbyterian church there.

BASEBALL MATTERS.

The St. John will have a practice this evening at 6:30 o'clock on the grounds.

Manager Ervin has no completed negotiations with the team.

Reporting games there Friday and Saturday but it is probable that the arrangements will be terminated by the second game.

WILLIE IS STARLASS FREEMAN?

Joe Freeman writes to The Times from Montreal asking for information about his brother, Charlie Freeman, who came to this country from Liverpool twenty years ago, and who lived in Brussels street this city, about two years ago. Charlie is about twenty-one years old. Joe Freeman, who is a newspaper reporter, has been trying to get some news of Charles, lives at No. 30 Bagg street, Montreal.

NEW MOTOR BOAT.

The new motor boat, "Camilla", built and owned by George H. Bentall, was given a trial spin on the harbor yesterday, and behaved excellently. The boat has a length of twenty-five feet and is fitted with a sea-horse power Royal engine. She will be a welcome addition to the St. John Power Boat fleet.
