CANADA PLANS TO POLICE ARCTIC LANDS

ADMINISTRATION BODY WILL BE ORGANIZED SOON

G. P. Mackenzie, Yukon Gold Commissioner Is Leader

WIDE TERRITORY

First Party Starting July 1, Will Report on Natural Resources

VANCOUVER, B. C., June 8.—The Sunday Province says: During this summer Canada will organize an administration body and police for all the islands that have been discovered in the Arctic region and which the Dominion claims as part of its territory.

For this purpose, Geo. P. Mackenzie, gold commissioner of the Yukon, who has arrived from the north, has been given an assignment that, in point of territory over which he becomes the chief executive, is the most extensive that has been placed under the jurisdiction of any person heretofore, for it embraces that part of the Arctic on the Atlantic Ocean side, as well as the Pacific.

EXPEDITION IN JULY The first expedition to bring order into the Arctic outposts, and to report on the natural resources of the far-off Canadian possessions, will leave on July 1, under the leadership of Mr. Mackenzie, who will have a staff of geologists and other experts in his party. He is now en route to Ottawa to complete preparations for the first expedition, which will be by vessel to the North Atlantic.

While he would not deny the new undertaking to which he has been assigned, Mr. Mackenzie had nothing to say regarding the details of the government's plan.

TO MEET IN SAINT JOHN NEXT SEASON National Chapter I. O. D. E. Closes Ottawa Sessions With Election of Officers.

OTTAWA, June 8.—Saint John was selected as the venue of the annual meeting of the National Chapter, Imperial Order Daughters of the Empire, at the annual meeting here Saturday. The 1927 meeting is to go to Winnipeg.

The new executive added 10 members to its numbers, including Mrs. VanWart, Fredericton, N. B.

The president of the provincial chapters are also included on the executive as vice-presidents, including Mrs. J. J. McLeod, New Brunswick.

NEW PRESIDENT. Miss R. M. Church of Toronto was elected president, succeeding Mrs. P. E. Doolittle of Toronto.

Miss Joan Arnold of Toronto was elected first vice-president; Mrs. W. R. Jackson of Toronto, second vice-president, and Mrs. A. F. Rutter of Toronto, third vice-president.

BROTHER ON TRIAL Faces Manslaughter Charge For Fatal Scalding in Quebec School.

MONTREAL, June 8.—Brother Usmar, charged with manslaughter in connection with the fatal scalding at the Huberdeau Orphanage of seven-year-old Hector Galarneau, appeared for trial this morning. Some time was occupied with the choosing of a French-speaking jury, after which the hearing of testimony was started.

British Labor Wants Closer Empire Contact

Canadian Press. LONDON, June 8.—Closer personal contact between the Imperial and Dominion Governments is one of the demands that the Labor party will make at its general convention in Liverpool in September.

Other demands will include a general survey of the natural resources of the country to prevent exploitation, and the scientific redistribution of population.

BACTERIA OUTLAWED. GENEVA, June 8.—The use of bacteria in warfare was today outlawed by the International Arms Conference. An amendment offered by Poland was adopted, placing bacteria with poison gas on the list of forbidden war methods.

CANADIAN ENVOY TO U. S. IS PROTESTED

Many Noble Names In List of Those Seeking Divorces, In Summer Term of London Court

British United Press. LONDON, June 8.—An interesting crop of summer divorce scandals is expected from the great swarming hearing in the divorce court term which begins tomorrow. There are many noble names in the lists and testimony is predicted which will be as sensational or more so than that in the recent Dennistoun and Barker cases. There are 349 petitioners. Among suits brought by the more prominent petitioners are those of the Duchess of Westminster against the Duke; the Countess of Essex against the Earl; Viscount Gort against the Viscountess; Lady Salt against Sir J. W. T. Salt; the Marquis of Queensbury against the Marchioness; Lady Dunn against Sir James Dunn; Vesley against Sir Edmund Vesley. Viscount Gort established one of the most distinguished of war records. He won the Victoria Cross, the Distinguished Service Cross with two bars, and a Military Cross, and was wounded nine times in action.

Rivers Overflow, Suburb of San Blas and Several Hamlets Destroyed

MEXICO CITY, June 8.—Special despatches from Vera Cruz report that more than 100 persons have been drowned and several hamlets destroyed in the Tehuantepec region, caused by the overflowing of the Tehuantepec and Perros Rivers. The water swept away whole families, their livestock and other possessions. San Blas, a suburb of Tehuantepec, is reported almost destroyed.

CAILLAUX PLANS TO FIGHT SPECULATION

Will Utilize Whole of Morgan \$100,000,000 Loan if Necessary, He Says.

PARIS, June 8.—Finance Minister Caillaux is ready to throw the entire \$100,000,000 Morgan loan "and other resources" into the fight against speculation in the falling franc if necessary, says a semi-official note from the Finance Ministry today. The ministry considers that absolute secrecy as to when, where, and how it will act, is essential to success, the note adds, and nothing will be said regarding whether the exchange operations will commence today, tomorrow or next week, or whether they have already been started.

ONE KILLED, 7 HURT

Driver Dies, Passengers Are Injured in Automobile Crash Near Toronto.

TORONTO, June 8.—Cyril Bouey, 20, was instantly killed; Miss Marion Hopcroft suffered serious head injuries, and six other passengers in an automobile driven by Bouey sustained minor hurts in a motor crash near Long Branch yesterday. Thomas Richardson, Toronto, driver of the other car, and a woman passenger were unharmed.

The Bouey car, after grazing that driven by Richardson, swerved across the road, went over a three-foot ditch and struck a hydro pole, breaking the pole to two, then overturned, pinning all eight occupants in the wreckage.

PEMBROKE, Ont., June 8.—A backwoods shooting which nearly cost the life of Leo Pilon, trapper and ex-service man, came to light with the arrest and bringing here for trial of Mary Buckshot and her brother-in-law, Matt Buckshot, both Indians. On May 30, while trapping in the Demoline River district, according to Pilon, Matt Buckshot attacked him without provocation, and upon being

LONDON MAIL GIVES REASON FOR OBJECTION

Believes in Ambassador For Whole British Empire

BRITAIN BLAMED

Glasgow Herald Comments On Financial Aspect of Proposed Appointment

Canadian Press. LONDON, June 8.—The Canadian Government's decision to appoint an ambassador to Washington does not appeal to the Morning Post, and in an editorial it sets several reasons for taking such a stand.

The newspaper, while it recognizes that on several historical occasions, Canadian interests suffered owing to the traditional British policy of pleasing America at any price, it considers that an ambassador representing the whole empire, would more likely obtain satisfaction at Washington, when the Canadian crisis, than an ambassador of one section only.

U. S. ATTITUDE The Post points out that the Canadian ambassador would be a British subject and his Majesty might consent to the advice of the Canadian Government to accredit him for Canada alone, but adds that if the paper interprets the American attitude rightly, the United States would insist that what is landing on Canada, binds the whole Empire, and what binds the Empire binds Canada.

The Post blames the other country, in the first instance, for Canada's tendency along these lines, because it says, it arranged separate representation for herself and the dominions, on the League of Nations.

GLASGOW COMMENT Anent the decision of the Canadian Government to appoint an ambassador to Washington, the Glasgow Herald says that while Premier King declares he is unable to find the right man, he has long had in mind Senator N. A. Belcourt and Hon. P. C. Larkin, Canadian High Commissioners. The appointment of \$60,000, the Herald says, would barely cover half the expenses connected with the office, and adds that Hon. P. C. Larkin could well afford to make the London for the time being, and whenever he returns to Canada may look forward to a period of rest from his official duties.

Examinations Will Begin Tomorrow Here and at Other Places in N. B.

FREDERICTON, June 8.—The teaching license examinations of the N. B. Education Department will begin on Tuesday at Fredericton, Saint John, Chatham, Moncton and St. Basile. The total is 467, one less than in 1924. There is a decrease at all stations but Chatham. The totals last year were: Fredericton, 443; Saint John, 37; Chatham, 5; Moncton, 13.

BALLOON WRECKED IN BENNETT RACE

Another Lost in North Sea, But Occupants Saved—Passenger Hurt.

BRUSSELS, June 8.—The British balloon Elsie, participant in the Gordon Bennett cup race, was destroyed in landing near Boulogne, France, today, when its guide rope caught on a moving freight train. The balloon was crashed to the tracks, slightly injuring Captain Dougal, a passenger, Lieut.-Col. Johnston, the pilot, was unhurt.

Word received here was to the effect that the S-14, a United States entrant, had also landed near Trepport, France. Other cup entries which are reported as having landed in France safely are: Clamplino, Italian; Maro, French; Duro, Spanish; and an unnamed balloon piloted by the Spanish officer Penaranda.

The Spanish balloon Hespero Susana fell in the North Sea. Pilot De La Rocha and Senior Lobos, a passenger, were rescued by a passing trawler. The balloon was lost.

Dirigible Is Forced To Abandon Flight

LAKEHURST, N. J., June 8.—Landing lights were turned on at the air field at 1 o'clock this morning, and the ground crew was called out to help land the dirigible Los Angeles on its return from its first unsuccessful flight. The Los Angeles left yesterday morning to attend the Morse centennial celebration at the Minnesota State Fair grounds, but had to turn back while over Cleveland, when trouble developed in two engines.

DR. J. D. FRASER WILL CONTEST DISMISSAL

Deposed Presbyterian College Head Makes Statement

LEGAL ASPECTS

Predicts Much Litigation Before Question of Control of Property Settled

MONTREAL, June 8.—The dismissal of Dr. J. D. Fraser from the principalship of the Presbyterian College here by the General Assembly of the Presbyterian Church will not be accepted by Dr. Fraser, and his associates without protest, it was intimated here.

Returning from Europe on Saturday, Dr. Fraser in an interview stated that he and his supporters would not acquiesce in his dismissal and that of his associate, Prof. Thomas Eakin, adding that they would probably be re-instated and that legal steps would be taken to "enforce the minority's action."

LITIGATION LIKELY. Dr. Fraser said he believed that at a meeting of the General Assembly of the "continuing Presbyterian church" to be held in Toronto on Thursday next, he and Prof. Eakin would be confirmed in their positions.

He expressed the opinion that much litigation would ensue before it was decided which of the claimants for the local college, General G. G. Ross, United Church chairman, and Purvis McDougall, chairman of the "continuing Presbyterian board" is entitled to control of the property.

QUEBEC STORM IS CAUSE OF WRECK

Engine Goes Through Culvert Weakened by Flood But Nobody Hurt.

SHERBROOKE, Que., June 8.—One of the most severe electrical storms for years was experienced early this morning. Trees were struck by lightning, while the heavy torrents washed out culverts along the highways.

The storm Saturday night was responsible for an accident on the Canadian National line at East Gootook, when the engine and two cars of the Portland-Montreal train ran off the track. Rushing torrents had weakened a large culvert, and the tracks gave way. Nobody was injured.

BOY IS STRUCK. MONTREAL, June 8.—Much damage to barns, telegraph poles, and wires in districts adjoining the city was caused by severe storms over the week-end. In some places beyond city limits, the wind blew so hard that many barns were destroyed, and trees uprooted. The only casualty so far reported, was a boy who suffered from a shock of lightning at Contrecoeur.

Berlin, June 8.—A report from Doorn says that the former Kaiser has founded an association of scientists to investigate the relations existing between the ancient Greek and Oriental cultures.

France Gets British Reply On Security

GENEVA, June 8.—Foreign Secretary Chamberlain of Great Britain today delivered to Foreign Minister Briand of France the British government's reply to the last French note regarding Germany's proposal for a western European security pact.

Fires Two Shots Into Head, Then Falls Fifteen Stories

NEW YORK, June 8.—Poised on the coping of an apartment house in West 98th street, Emil Hug, a milk wagon driver, Sunday fired two shots into his head and then plunged 15 stories to the pavement. He was instantly killed. Beside him lay a revolver with three shells exploded. So badly battered was his head, however, that the police were unable from a superficial examination to decide whether any of the shots had taken effect.

40 HOUSES BURNED

Heavy Property Loss But no Casualties in Martinique City Fire.

FORT DE FRANCE, Martinique, June 8.—A fierce fire yesterday destroyed 40 houses in several of the important streets of the city. The property loss is heavy, but there were no casualties.

Appointed

WASHINGTON, June 8.—Porter McCumber, former Republican senator from North Dakota, was appointed to the International Joint Waterways Commission Saturday by President Coolidge.

WAY CLEARED FOR GRAND FALLS MOVE

Waterways Commission Completed by Appointment of Ex-Senator McCumber.

WASHINGTON, June 8.—The appointment of Porter McCumber as member of the International Joint Waterways Commission, just announced, fills the vacancy caused by the death of Charles E. Townsend of Michigan. Since his defeat for the senate in 1922, the new appointee has been practicing law in this city.

The filling of the vacancy in the American membership of the International Joint Waterways Commission will remove any disability of the commission to pass on the application of the New Brunswick government, to develop hydro power at Grand Falls, on the Saint John River, when the commission meets in Montreal on June 12 to give its decision.

FREEDOM SOUGHT

Petition Asks Release of Gunner Coleman From N. S. Mental Hospital.

HALIFAX, June 8.—A petition on behalf of George A. Coleman, formerly a gunner in the local military forces, who last November was acquitted of the charge of murdering Gunner Groves, a fellow soldier, by reason of insanity has been presented to Lieutenant Governor J. Robson Douglas, asking for his release from the Nova Scotia Hospital, at Dartmouth. It is alleged that Coleman is sane and that it will be safe to again give him his liberty.

SLUMP IN HALIFAX

HALIFAX, N. S., June 8.—The heat wave which struck Halifax on Thursday and ran the mercury up to 91.1 officially and 95 unofficially, was an unknown quantity at five o'clock this morning, when, according to reports from the Citadel Signal Station, the thermometer registered but four degrees above the freezing point.

149 LIVES ARE CLAIMED IN LAST SCORCHING DAY

Northeast Blows Relief to Suffering Country

MERCURY DROPS

Millions Flock To Atlantic Beaches and Drownings Are Numerous

Canadian Press. NEW YORK, June 8.—The backwash of a heat wave which lasted from six to eight days in the Eastern States was broken early today in practically all sections.

After claiming 149 lives yesterday, 71 in Philadelphia alone, and more than 400 during the spell in the east, the torrid weather gave way in front of a brisk northeast wind. Beginning on the New England coast, temperatures catapulted as much as 40 degrees in five hours. The chilly breeze swept over New York city shortly before midnight, continuing over New Jersey and part of Pennsylvania.

LAST DAY WORST. The final day of the torrid wave was the worst in point of fatalities. Millions flocked to the beaches. In addition to the heat fatalities about 40 lives were lost by drowning.

Eleven persons died in the waters about New York; 10 in New England, and at least 20 in other parts of the east. There were 30 heat deaths here. It was estimated that 750,000 jammed Coney Island. One woman's neck was fractured when she was knocked down in the mad rush to board a Coney Island train.

100 ABOVE COMMON. Maximum temperatures of 100 degrees were common until the Atlantic breezes brought relief. From 92 at 11 a.m. yesterday, the mercury dropped to 67 at noon. Yesterday's high this morning it was 50. At Providence the drop was 41 degrees in five hours. New York city recorded a 15-degree drop in as many minutes. The maximum here during yesterday was 94; at midnight it was 66.

IN FREDERICTON

FREDERICTON, June 8.—Fredericton experienced a sudden relief from the heat wave, which had held the city in a sweltering grip since Tuesday, when the temperature, after having mounted to 82 Saturday afternoon, nose dived rapidly during the early evening until it touched 47, the lowest mark of the week.

Sunday was cool, with no sharp variation in temperature. This morning the temperature at 8 o'clock was 53, one degree lower than yesterday.

ONTARIO PREMIER DECLARES THERE IS NOTHING TO STORY OF HIS RETIREMENT.

TORONTO, June 8.—Premier Ferguson again denied the rumor to the effect that he intends retiring from the Ontario premiership, to either the hydro board or Ottawa, upon his return from Europe.

"There is nothing to the story," he says.

Douglas Avenue Matter Is Again Gone Into—Coal Tenders Opened

Proposed renewals of old water mains in the city with new larger ones, what the estimate of cost of the diversion of Douglas avenue included or did not include, a proposed conference with a delegation from the West Side Progressive Association and tenders for coal were matters which took up the time of the Common Council this morning in committee. The coal tenders were referred to the several commissioners, and it was decided to hear the delegation from the West Side Progressive Association on Thursday morning.

Commissioner Frink said the day for talk had passed. What was wanted was action. The city was moving in the matter of harbor improvements and it seemed to him that this communication was a challenge to the competency of the council.

Commissioner Harding suggested that a communication be sent saying the council were dealing with the matters referred to.

It was decided to hear the delegation on Thursday morning at 11 o'clock and Mayor Potts had a copy of the letter from the association sent to the Board of Trade, along with a notice of the time of the meeting.

Commissioner Frink said he had discussed the matter with the city engineer and Mr. Hare said the work of the diversion was included in the estimate, but he could not find any authority for this in the order, which mentioned the Douglas avenue only. He read an estimate of cost presented to the then mayor, E. A. Schofield, in 1920, by Mr. Hare, as follows: concrete arch, \$40,000; 1,000 feet retaining wall, Chesley street, \$12,000; fill, Chesley street, \$24,000; excavation Douglas Avenue, \$20,000.

Exmouth Street Picnic Enjoyed

More than 800 people attended a highly successful picnic held by the Exmouth street Methodist church on Saturday at Crystal Beach, this outing opening this year's picnic season. A programme of sports was heartily entered in upon and enjoyed. Boating, baseball games and bathing were participated in by many.

Those Assisting. The Women's Bible Class had charge of the serving of dinner and supper on the grounds and Mrs. Fanny Andrews was the efficient convener. E. E. Thomas, superintendent of the Sunday school, was general convener for the picnic and members of the men's committee included J. W. Williamson, H. W. Jones, Robert Goodrich, George Withers, G. C. Cosman, W. L. Beville and Richard Irwin. Rev. E. E. Styles, the pastor, was present and helped in making the affair successful. The sports were in charge of Fred Withers and Fred Myles. All of the committees did valiant work.

land damages, engineering, etc., making up the total of \$110,000. He also read the order of the Board of Railway Commissioners, which provided for the distribution of the cost and ordered that the new road should be built to the standard of the present street in Douglas avenue from the start of the diversion to the bridge, at the cost of the parties interested, and if saved this to be at the cost of the city and provided that the C. P. R. should maintain the bridge and its approaches after it was built.

Commissioner Harding said he thought the council should consider the fact that in a few years it might be compelled to build an overhead bridge at this point.

Mayor Potts said what he wanted was an estimate from an engineer of the cost of the diversion, and just what it included, and Commissioner Frink said this could be gotten by calling in Mr. Hare.

Commissioner Wigmore said if the cost of linking up Strait Shore road was included in the estimate of \$110,000, he would be in favor of going ahead with the overhead bridge.

It was decided to take the matter up again at 2:30 tomorrow afternoon and have Mr. Hare, city engineer, present. A request from J. J. Connors for permission to erect an electric sign at 12 1/2 Union street was referred to the Commissioner of Public Works, city engineer and city electrician, with power to act.

Commissioner Wigmore said he would like to get authority to make a number of water main renewals, the total cost of which would be \$50,250, and for which bonds would have to be issued. The proposed works were as follows: Union street, St. Davids to Crown, along Crown to Queen, \$23,130; North street, Mill to George, \$11,185; St. Andrew, Sydney to Carmarthen, \$2,994; Elliott Row, Carmarthen to Pitt, \$4,000; Richmond, Waterloo to Prince Edward, \$6,905; Exmouth, from Richmond north, \$2,130; Broadview avenue, Charlotte to Carmarthen, \$4,195; King street, Carmarthen to Crown, \$6,290; Sydney, Queen to south side Queen Square, \$2,510; Chubb, Rockland Road south, \$1,040.

Commissioner Bullock referred to the report of Mr. McInnis, in which he said the weak link in the city distribution system was the two mains from Little River and asked if there was any intention to renew these or if the proposed work was the more important.

Commissioner Wigmore said he thought it best to renew the distributing mains in the city before doing anything with the leading mains. He realized about the mains referred to by Commissioner Bullock and it was proposed to replace these later with a new main around Fernhill.

Mayor Potts said he was opposed to bond issues at present.

No action was taken and Commissioner Wigmore is to furnish the members of the council with details of the proposed work.

The commissioner said he had a double objection in view in making the recommendations and that was to make a betterment to the water service and provide needed employment.

COAL TENDERS. Tenders for coal for the various departments were referred to the various commissioners as follows: Emerson Fuel Co., bituminous coal, \$8.85 to \$9.15 a ton; Colwell Fuel Co., bituminous coal, \$8.40 to \$9.00 a ton; hard coal, \$14.50 a ton; Maritime Coal Service Ltd., bituminous coal, \$8.50 to \$9.50 a ton, hard coal, \$14 a ton; delivered east side and \$14.50 a ton delivered west side; J. S. Gibbon & Co., bituminous coal, \$8.90 to \$9 a ton, hard coal, \$13.75 east side, \$13.50 west side; W. M. Stevens & Co., bituminous coal, \$8.40 to \$8.15 a ton.

Swimmer Drowned In Cocagne River

MONCTON, N.B., June 7.—Alcide Bourque, 80 years of age, was drowned on Friday in Cocagne River, near his home at Cocagne, Kent county, 25 miles from here. He and five others were fishing gaspereaux and, along with another of the fishermen, Bourque went for a swim. He was a good swimmer and the two swam in the channel for some time and then Bourque went to swim across to the other side. While crossing he was apparently seized with cramps and sank before aid could reach him.

N. S. Brothers, 91 and 85, Pass Away on Same Day

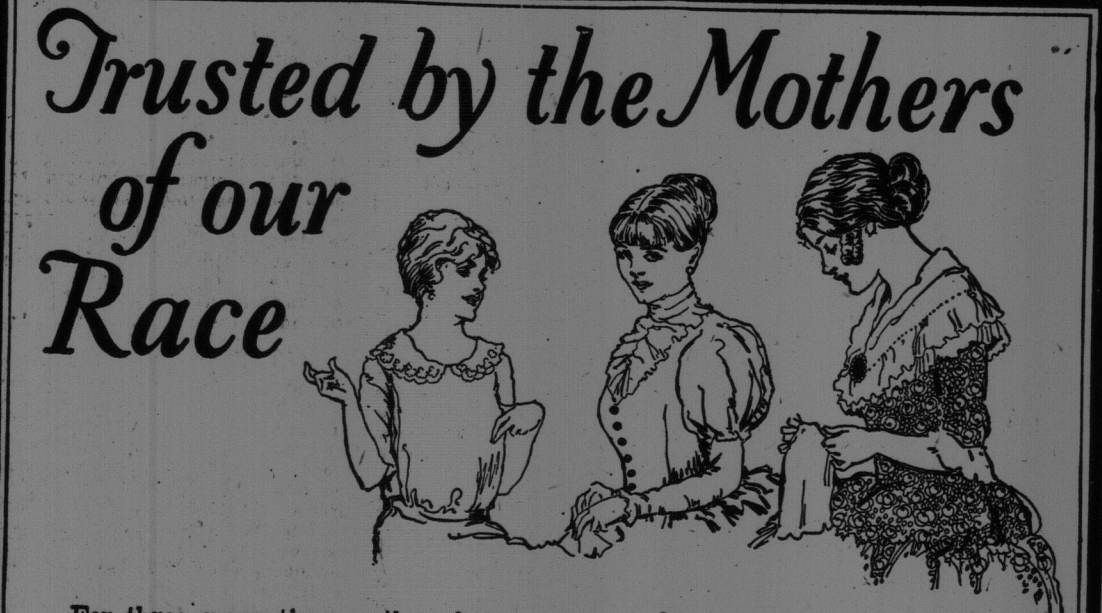

PARRSBORO, June 7.—The deaths of Robert MacAloney, aged 91, and John MacAloney, aged 83 years, occurred Friday within a few hours of each other. They were brothers and never married. Within the last ten years they have lived with a nephew, J. William MacAloney, near the town at Prospect. The double funeral was held on Saturday afternoon. Service was conducted by Rev. L. W. Parker.

Further improvements to the Bayview Boulevard have been made by Louis Ross. Mr. Ross, who is one of the city's public-spirited citizens, has been working for several years on his own initiative in developing this spot and now has a long row of benches extending along his Crown street esplanade. Recently, he constructed a cinder path, and in front of this at intervals are placed flower pots.

Trusted by the Mothers of our Race. For three generations mothers have been raising their babies on Nestle's Milk Food. During this time over a million mothers have learned by experience that Nestle's is the most nourishing, the safest and easiest food to give their babies during and after the weaning period. They have learned that babies thrive on a diet of both mother's milk and Nestle's Milk Food, and that the relief this gives from the strain of continuous nursing maintains the quality of their own milk and postpones the day when baby must be completely weaned.

If You Nurse Your Baby. About the sixth month you will find that your own milk is not sufficient to supply strength and energy for baby's increasing activeness. Start giving a mid-morning and mid-afternoon feeding of Nestle's. At the ninth month baby should be completely weaned to Nestle's Milk Food.

Noise and Thought are Poor Team-mates

In busy offices, in banks, in libraries—wherever thought and concentration are essential—noise should be banished. Clattering foot-falls are the biggest offenders but the fault really lies with the floor. This is one big reason why Dominion Battleship Linoleum is so much in demand. Its soft, cushion-like surface takes all the jar and noise out of walking. Dominion Battleship Linoleum meets every demand that is made of a public floor. It is smooth and seamless; therefore easy to clean and keep clean; it is economical, requiring no upkeep beyond an occasional waxing; it is supremely tough and durable, wearing indefinitely under the heaviest punishment.

Dominion Battleship Linoleum Quiet, Clean, Comfortable, Durable

This modern floor is ideal for every type of installation. You will find it giving yeoman service in Canada's leading banks, offices, business buildings, departmental stores, schools, hospitals, libraries, and public institutions. Would not YOUR business benefit by its use? Dominion Battleship Linoleum, AAA quality, is made in eight standard shades—brown, green, terra cotta, grey, buff, blue, black and white. AA and A qualities, in four standard shades only. Special colors for large contracts. Installed by all large Departmental and Home Furnishing Stores. Write us for free samples and literature. SAINT JOHN, N. B., JUNE 8, 1925.

THE RAILWAY RATES.

Soon after Mr. Justice McKeown became chairman of the Railway Commission he delivered a speech in Vancouver, in the course of which he dwelt strongly upon the benefits which Canada would secure if a greater proportion of its traffic were handled by its own ports and railways.

Soon after the birth of their first son, Mrs. Coolidge departed from her budget plan and purchased from a book agent a large-sized volume which told how to treat the ordinary diseases of children.

FEEDING OURSELVES.

A correspondent asks The Times-Star why New Brunswick people should not apply the "Buy-at-Home" campaign to food products as well as to manufactured goods.

WELL CHILLED.

"At one dinner party he attended the only sentence volunteered by Mr. Coolidge throughout the meal, other than a yes or no, was 'These oysters are well chilled.'"

PREMIER FERGUSON OF ONTARIO

Premier Ferguson of Ontario again gives denial to the report that he is going to leave the provincial for the federal arena.

IT IS SUGGESTED BY THE TORONTO STAR

It is suggested by the Toronto Star that if Premier Armstrong should carry Nova Scotia, Hon. Mackenzie King "would be under strong pressure" to go to the country soon afterward.

A STURDY CANADIAN FIGURE PASSES

The report that Labrador may apply for membership in the Canadian Confederation leads a writer in the Manitoba Free Press to suggest that it might be "just as well to get some of our present Confederation grievances ironed out before taking on any new possibilities."

HON. MR. MEIGHEN WAS ASKED

Hon. Mr. Meighen was asked if he were returned to office whether he would really put prohibition into force and this was his reply: "Well, if I ever gave an emphatic answer in my life I do so now when I give that

question an unqualified answer in the affirmative."—Kingston Standard.

Emphatic enough. But it was not prohibition he was speaking about; it was protection—a horse of another color.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Party Troubles

(Toronto Globe.) An Ottawa correspondent of The Manitoba Free Press refers to the recent divisions in the Progressive party, and says that the other parties have similar troubles, but do not advertise the fact.

BALDWIN SEEKS TO AVERT WAR IN INDUSTRY

Follows Lloyd George Plan of Getting in Touch With Labor

NEWS TOPICS OF EMPIRE CAPITAL

Reference to Admiral Sturdee in London Letter—Russian Trade Change.

Correspondence of The Times-Star. LONDON, May 14—Utmost efforts are being made by Prime Minister Baldwin to avert those imminently threatening industrial troubles which may utterly ruin our chances of steady trade revival.

A GREAT IMPERIALIST.

A great figure has passed away by the death of Lord Milner. In a sense his end was a merciful release for he was a victim of sleep sickness, which leaves its victims mentally affected even if they recover.

TRADE WITH RUSSIA.

The general manager of one of the big banks, which has been the one principally concerned in financing whatever business has been done by London with Russia, tells me that his people are well satisfied with the way the business has been done.

RUSSIA'S SECOND PHASE.

Are we about to witness the second phase of the Russian revolution? Weeks ago I discussed on reliable first-hand information the possibility suggested in the London newspapers of Trotsky's recall to Moscow and return to supreme Soviet authority.

LORD LEVERHULME.

Had he lived three centuries earlier, Lord Leverhulme would have been a great Elizabethan. Our generation produced no more relentlessly vital personality. He started as a small grocer in Bolton, made a colossal fortune out of the happy notion of putting soap up in packets instead of bars, and retained, even in his multi-millionaire zenith as our greatest capitalist in industry, his homely Lancashire accent and his homely Lancashire ways.

ADMIRAL STURDEE.

Death has also claimed, in his 66th year, the little admiral who won the only finished naval victory of the war. Sturdee was a man after the sailor's heart—a skilled seaman, a calm fighter, modest as a girl, bluff as a boatswain, and camouflaging real mentality under a rough sea humor.

WANTING MONEY.

Germany, I hear in the city, is very anxious at the moment to raise further commercial credits to provide funds for her internal and external trade, which is being much hampered by the tightness of money.

SOUTH AFRICA GREETES THE PRINCE

Premier Hertzog of the Union of South Africa (right) greets the Prince of Wales (left) on his arrival there on his tour of Africa.

because they believe that the internal condition of Germany is favorable to trade development, and there is little danger of unrest. At the same time, the whole amount asked for may not be granted, and I hear (30,000,000 mentioned as the probable extent of the immediate advance.

DEATHS

Mrs. William Hoey. The death of Mrs. William Hoey, a well known resident of St. Martins, occurred at her home there, June 4, after an illness of nine days of pneumonia.

RAISUL.

I confess to a regret that Raisul's death is this time perhaps authentic. His career embraced two continents, and out-fitted the cinema. Pale, handsome, slim, distinguished, with delectable, melancholy eyes that ladies call "interesting" Raisul was an aristocrat.

BRITISH GLOVES.

The manager of a British glove factory has been deploring to me the way French gloves have captured the British market. Unable to believe the stories of his traders, that no one would buy British gloves, he spent three days last week touring the big shops in the West End, and studying the ranges of gloves offered for sale.

WEDDINGS

Craig-Graves. In Moncton on Saturday afternoon Rev. G. W. Glendonning solemnized the marriage of Miss Vivian Beatrice Graves, daughter of Mr. and Mrs. James C. Graves, and David Gordon Craig of Campbellton.

STEPHENSON-CROWLEY

One of the prettiest weddings of the season was solemnized in the Cathedral of the Immaculate Conception this morning at 6 o'clock, when Rev. Harold L. Coughlan, cousin of the bride, celebrated nuptial mass at the marriage of Miss Dorothy Agnes Crowley, daughter of Mr. and Mrs. Alfred Crowley of Princess street to Jules S. Stephenson, son of Mr. and Mrs. James H. Stephenson, of Hampton.

JOHN M. BUCKLAND

Following ten days illness of meningitis the death of Joan Mary, eight-year-old daughter of Rev. and Mrs. H. T. Buckland occurred at the rectory, Springfield. The sympathy of very friends will be extended to the bereaved family, the parents and one brother. Mr. Buckland came to Canada from England in 1910 and had been in charge of Anglican churches on the Tobique at Greenwood, Gagetown and Springfield. His wife, who was formerly Miss Wedge, is also a native of England. The little girl was born at Greenwood. The funeral will take place today at Springfield.

JOHN J. MCINTYRE

John J. McIntyre, who received injuries in an automobile accident on Sunday, May 31, about three miles from Penobscot, died at the Saint John Infirmary on Saturday. In company with four other young men he was returning home when the car ran into a ditch and turned over completely twice.

Summer Gloves For Women Discussed by Woman Editor

By HEDDA HOYT (Women's Editor of the United Press) LONDON (U.P.)—A JUMP "MOOX MEN" ly, the white glove was the only one for dresswear. This season, however, it has been replaced by light beige, champagne, fawn and other light tannish shades. Suede is chosen by those who can afford to wear suede, although glazed kid is just as popular with the majority of women. Certainly suede is very beautiful and in the above named colors it blends with the season's costume colorings.

Ornamented Cuffs

In spite of the fact that most well dressed women prefer a plain glove, one sees many ornamented cuffs worked in embroidery or outlined and trimmed with insets of gold kid. In any case, the shade of the glove should match the hose and women can not be too careful of these minor details in dress.

Many Carry Them

Now that warm weather is here, most women carry their gloves rather than wear them which gives rise to the belief that a glove in the hand is worth two on the hand. We say, "a glove in the hand" because women who carry their gloves usually lose one of them. It is always more satisfactory to class gloves together when carrying them for when one loses one glove, one feels like the smart boy who said, "It's better to find a whole worm in an apple than half a worm—if you've eaten the other half"

INVESTING IN CANADA.

Nearly every day we read of some United States investment in this country—the purchase of a Canadian plant or other business, the erection of a branch factory or some large apartment house or office building, or the inclusion of United States citizens in the directorate of a Canadian concern, showing that American money has been put into it.

Hindenburg Says Changes Are Easy

LONDON, June 8.—The Daily Mail's Berlin correspondent, claims the best authority for stating that President Von Hindenburg of Germany in the course of a conversation Saturday, said the military clauses of the allied disarmament note, were not very serious and that the necessary changes could be easily effected.

"Explaining" It.

So that our more than usually warm February, March and April deluded us into a false state of mind. We "felt it in our bones" that we ought to be good and warm now that May had arrived, we had our minds in a condition that anticipated warmth during this month. Instead of that, we were handed a normal, typical May, which to most intents and purposes, is about as warming to a soul eager for summer as a brick of ice-cream is to an infant's stomach accustomed to hot boiled milk.

PROGRESS OF 10 YEARS TOLD OF Historical Sketch of St. Bartholomew's Church Is Read

Work Begun by Rev. R. T. McKim Has Prospered—Some Events Recalled.

On last Thursday evening, as reported in The Times-Star next day, the tenth anniversary of St. Bartholomew's church was celebrated at a gathering in the Community Hall at Glen Falls.

In the year 1915, the Reverend R. Taylor McKim, left the city of Saint John, on a little missionary tour.

Immediately the people started to get money to have a church built but owing to the lateness in year it was left over till the year of 1916.

A MEMORIAL "Early in 1917 the windows were put in and the electric lights installed as a memorial to Pte. Frank Ledford, by his wife and family.

PROGRESS "Now the church has come along wonderfully, but the time has come when one who has been with us from the first and did his work well, and faithfully to the glory of our Heavenly Father, and whom we all loved, has been called home to God, and on February 8, 1920, the first funeral service was held.

"The Reverend J. H. Pogson, on his birthday gave as a present and token of remembrance a beautiful Bible. Then came the beautiful communion table the gift of some friends, also two nice chairs. The first confirmation service

was held on September 15, 1920, and there were 17 candidates. "We are now in the year of 1921, and this year is not passing without leaving something to be remembered long, for once more we are called to give up a loved one, for in July the Father takes one of our Sunday school scholars, whose work on earth was done, although only 8 years old, this making the second funeral from the church.

FIRST WEDDING But this is not the only thing we have to remember in 1921; for on the morning of September 24, at 6.45, the first wedding took place, Miss Mildred Duckie and Sydney Roberts.

"The year 1922 passed very quietly, although all were working hard for improvement. Then there came a change in 1923 for we had to decide on getting a student layman, this decision was made and on May 13, Mr. A. L. Gardner preached for the first time to a congregation of 33. Now the work once more starts and the outside of the church is painted, the labor being voluntary.

"In 1924 a second coat of paint was put on under the same supervisor, Mr. Gardner. There was also another wedding in October. The W. A. purchased the carpet that adorns the chancel, for the thanksgiving service of the same year. "Nineteen hundred and twenty-five

begins well, the chancel has received a nice coat of paint and also \$200 has been paid on the mortgage. Between the time of Rev. Mr. Pogson and Mr. Gardner W. Dunlop, Mrs. Bridgewater, W. E. Fuller and Rev. P. Haslam assisted in the work.

Social Notes of Interest

Miss Margaret Power, one of the brides-elect for June, was recipient of a very pretty novelty shower at a bridge given by Miss Ellen O'Regan at her home, Elliott Row, on Saturday afternoon.

Mrs. Gillis Keator, of Halifax, is the guest of her sisters, the Misses Sidney Smith, Duke street.

Mr. and Mrs. Francis P. Starr and family have moved to Rothesay, where they will spend the summer months.

Mrs. David Hipwell and her daughter, Miss Annie Hipwell, of New West-

minster, B. C., are expected to arrive in the city this month to spend the summer.

Miss Pauline Powell, who has been visiting in the States and Montreal, returned home last week.

Mrs. Gordon Likely and Miss Jane Creighton, who have been visiting in Boston and Portland, Me., have returned home.

Mr. and Mrs. H. C. Creighton have moved to their summer residence at Rothesay.

Mr. and Mrs. Harold Wilson are spending a week motoring through Nova Scotia.

Mrs. John G. Burke left Saturday on a short visit to Montreal, Toronto and other Canadian cities.

Mr. Reginald Stewart, who is a student at Wycliffe College, Toronto, ar-

rived home on Saturday to spend the summer with his parents, Mr. and Mrs. Frederick S. Stewart, King street east.

Mr. and Mrs. James Pierce left yesterday by automobile for their home in Houlton, Me., after visiting Mrs. Pierce's parents, Mr. and Mrs. Michael Coll.

Mrs. Stephen Matthews, who was very ill in the General Public Hospital, expected to be able to go to her home at 40 Crown street today, after being in hospital 17 days.

Mr. and Mrs. W. H. Lugsdin, of Moncton, formerly of Saint John, are enjoying a visit from their son, Mr. Harold Lugsdin, of Detroit, who arrived on Saturday to spend his vacation with his parents.

Mr. Hazen T. Alexander, of the Royal Bank of Canada, has taken up residence at Drury Cove for the summer with a party of young men friends.

Miss Letha Palmer of Hampstead is visiting friends in the city for a few days.

Mrs. Leslie Eaton of Wolfeville, N. S., is the guest of Dr. and Mrs. L. deV. Chipman, Coburg street.

How carefully you select your toilet soap! but you expose your hands to harsh kitchen soap in the dishpan an hour and a half every day. It must be mild and pleasant—your toilet soap—even though your hands are in contact with it only ten minutes a day at the most. You can't bear to use a harsh, drying soap for washing your hands. So, naturally, you select it carefully. Then you undo it all! By using strong, stringing kitchen soap in your dishpan. When you do the dishes—your hands are in these drying, coarsening suds a full hour and a half. Your skin can't help getting drawn and rough—your finger-tips all scratchy. Don't wash your dishes with just "any" soap. Use Lux in your dishpan. Lux has that softness and mildness that make it as easy on your hands as fine toilet soap. But of course you know that. Think of the things you just wouldn't trust to anything but Lux. Gone—that in-the-dishpan look.

What is the Real Reason for the Mental Force and Physical Endurance of the "Go-getter"? THE "go-getters" in business today—and in home and social life, too—have healthy, active minds and vigorous bodies because they have learned to carry out the most important law of living. They practise every day the law that doctors are stressing now more than ever before—the law of right eating. The foods we eat have a tremendous influence on our mental and physical well-being. They have the power to build us up or to drag us down—to make us "go-getters" or to put us in that too-numerous class of people who suffer from tiredness, nervousness and a general low state of vitality. Our daily foods, no matter how much nourishment they may contain, must come to us in the proper form for instant, easy assimilation. One-half of all we eat should be the precious food elements called carbohydrates. Grape-Nuts, which is made from whole wheat and malted barley, is three-fourths carbohydrates in the form of dextrins. Twenty-two hours of slow baking has changed the carbohydrates into the most easily digested food substance known! Try substituting Grape-Nuts for the principal dish which you now eat at either breakfast or lunch, or both. Notice the result! Grape-Nuts is available from all grocers in wax-wrapped packages. Four heaping teaspoonfuls, sufficient for each helping, costs less than one cent. Serve with milk or cream just as it comes from the package. "There's a Reason" Grape-Nuts Made in Canada

Science and experience produced this gas range. EXPERIENCE taught McClary's the needs of gas users. Science showed how to meet these needs. The result is McClary's Gas Range—a range in which all the requirements of gas cooking are met—a range which incorporates every quality that makes for fast, efficient, satisfactory cooking. If you cook with gas, cook with McClary's Gas Range. Its beauty of design lends enchantment to the kitchen. It gives a lifetime of service, makes cooking a pleasure and insures results that repay your investment a hundredfold. McClary's GAS RANGE

600 NAMES IN LIST OF KING'S HONORS

Almost Entirely of Domestic Interest—Punch Cartoonist is Knighted.

600 NAMES IN LIST OF KING'S HONORS

LONDON, June 8.—The list of the King's birthday honors contains about 600 names, and is almost entirely of domestic interest. It includes a sprinkling of women engaged in some branch of the colonies. Perhaps the only one of woman interest is that conferred on the famous cartoonist of Punch, Bernard Partridge, who gets a knighthood. No peerages are created, but Baron Bearstard (formerly Marcus Samuel) is promoted to Viscount.

600 NAMES IN LIST OF KING'S HONORS

Sir John Bland-Sutton, president of the Royal College of Surgeons, gets a baronetcy, while those promoted to various orders of chivalry include Sir William Tyrrell, permanent under-secretary of the foreign office; Baron Desborough, closely identified with international sport; Sir Frederick Kenyon, director of the British Museum; J. A. M. Elder, Australian trade commissioner to the United States, and John J. Broderick, commercial counselor of the British embassy at Washington.

600 NAMES IN LIST OF KING'S HONORS

THE VICTORIAN ORDER The Victorian Order was conferred on Richard Marsh, who was trainer of the King's horses for a long time. He recently retired. Barry Jackson, manager of the Birmingham repertory theatre, and Hamilton Hartly, the composer and conductor of the Halle orchestra, also receive the knighthoods. Five women in addition to Madame Albani are created dames of the Order of the British Empire. They include Lady Mary Cook and Lady St. Hiller.

600 NAMES IN LIST OF KING'S HONORS

The creation of eight new baronets, and twenty-five knights, is announced, prominent among whom are Major E. W. Barnett, Conservative member of Parliament for St. Pancras, and Herbert Blain who left the management of the London Underground Railway and Omnibus Company to become chief agent of the Conservative party.

600 NAMES IN LIST OF KING'S HONORS

Col. W. G. Nicholson, Conservative member of Parliament for Petersfields, has been appointed a member of His Majesty's Privy Council.

600 NAMES IN LIST OF KING'S HONORS

COLONIAL OFFICE LIST. In the Colonial Office list Sir John Lawrence Baird, who was recently appointed governor-general of Australia, has been made a knight of the Grand Cross of St. Michael and St. George (G. C. M. G.), while five knighthoods and ten companionships of the same order have been created. Five other new knights come under the order of the British Empire. Lady Cook, wife of Sir Joseph Cook, high commissioner for Australia in London, becomes a dame of the order of the British Empire "in recognition of her services to visitors to London from Australia." Minor degrees of this order have been sprinkled fairly liberally over civil servants, etc., in various parts of Great Britain. India is well represented in both the military and civil side of the list.

600 NAMES IN LIST OF KING'S HONORS

General Lord Chelmsford, president of the National Rifle Association, has been made a knight of the Grand Cross of the British Empire.

FIGHTING IN SOFIA. Seven Are Killed and Hundreds Wounded During Clashes in Streets.

BERLIN, June 8.—The Sofia correspondent of the Montag Morgen reports that street fighting has taken place in the Bulgarian capital resulting in the death of seven persons, including a member of parliament and the wounding of hundreds. The home of a peasant party leader was dynamited.

U.S. Court No Place for Trivial Matters, Bangor Jurors Told

BANGOR, June 8.—Judge John A. Peters struck a new note in addressing the grand jury before they retired at the U. S. District Court. From the bench Judge Peters explained to the jurors that they would only deal with one side of the case and that he did not wish a United States Court to be disturbed with trivial things. Do not take into this United States Court matters that are of a trivial nature and could easily be tried in the state court.

FURTHER PLANS FOR OBSERVING JULY 12

Lorneville Orangemen Decide to Have Parade and Dance on Eleventh.

The Orangemen of Saint John county, west and east, will unite in a religious service on Sunday, July 12, in one of the city churches in the afternoon. The Lorneville Orangemen will hold a parade from their hall to Sea View on Saturday afternoon, July 11, and after enjoying a supper at Sea View will return to the hall for a dance and social time in the evening. The county lodges will attend. Arrangements for this were made at a meeting of Mount Purple Lodge, No. 29, at Lorneville on Saturday evening. John Ferguson, worshipful master, presided.

I. O. G. T. SERVICE

Event of Interest in Douglas Avenue Christian Church on Sunday Afternoon. Special observance of Independent Order of Good Templars Sunday was held yesterday afternoon in the Douglas Avenue Christian church, when Rev. Henry Mason gave an interesting lecture on "Who Owned the Ark?" Grand Chief Templar James McEachern presided and had with him on the platform District Chief Templar G. D. Owens and National Chief Templar E. N. Stockford. Each participated in the service, which included some excellent music by the choir of the church, led by the organist, Percy Crulshank. William McEachern sang a solo. There was a capacity attendance with large representation from Thorne and Dominion Lodges, I. O. G. T. Rev. A. L. Teaford of the Haymarket Square Tabernacle Baptist church and Rev. W. J. Johnston of the Coburg street Christian church were present. A collection was taken for the benefit of the order.

FOUR 4-MASTERS COME TO SAINT JOHN

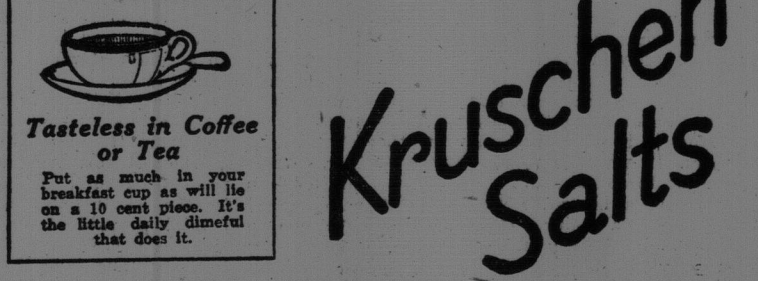

Movements of Schooners of Interest at This Port Are Announced. The American four-masted schooner Jean, Captain Williams, now in ballast at Bridgeport, Conn., has been chartered to load coal at Norfolk, Va. for Yarmouth, N. S. After discharging at Yarmouth she will proceed to this port, where she will load pulpwood for Wilmington, Delaware. The four-master schooner Harry A. McLennan, Captain Boudreau, is taking on a cargo of anthracite at New York for this port. After discharging her coal here, she will load a full cargo of laths for New York. The four-master schooner, A. F. Davison, Captain Richards, is loading coal at Philadelphia for Saint John. The four-master schooner Susan Cameron, Captain Lohnes, is due at Wilmington, North Carolina, this week with a cargo of molasses from Barbados. After discharging at Wilmington, she will proceed to Turk's Island to load a cargo of salt for this port. The term schooner W. N. Reinhardt, Captain Tower, is en route from Downey's Cove, N. S., to New Bedford, Mass., with a cargo of lumber. The term schooner Mins Nadeau, Captain Ogilvie, will complete loading a cargo of lumber here and sail this week for Bridgeport, Conn. The term schooner Charles C. Lister, Captain Warnock, was towed through the falls yesterday by the tug Wasson and docked at the Pettibone wharf for a day or two preparatory to sailing for New York with a cargo of piling. The term schooner Minas Prince, Captain Smith, is now discharging lumber at Boston from this port, and has been chartered to load lumber at Grindstone Island for New York.

That "Kruschen" Feeling

Gardening—Adam's first job—is one of the healthiest and most delightful of occupations. But it is apt to find out your weak spots. If, for instance, you have a tendency to rheumatism and do nothing to drive it out of your system, the strain of gardening will make its symptoms felt more acutely. But the man who takes care to keep himself fit and healthy finds nothing but joy in the cultivation of his well-loved plot. That's where Kruschen comes in. Adopt the habit only will you keep rheumatism out of your life and avoid many lesser ills, but you will possess that glorious "Kruschen feeling" of perfect health, unlimited vitality, and never-failing lightness of heart. That tiny, tasteless pinch of your breakfast cup of coffee or tea works wonders for your bodily well-being. Being a combination of just the vital salts that Nature prescribes for your health it gently but surely clears your body of all clogging waste matter, purifies and refreshes the blood, and sets you tingling with a sense of supreme fitness from the crown of your head to the tips of your toes. Get a bottle of Kruschen at your druggist's to-day and start the habit of health to-morrow.

A Sure Way to Make Someone Happy

Now Ready for Graduation, Weddings, Birthdays, Parties, Leave-takings Duofold Pen and Lacquer-red Duofold Pencil to Match. Satin-lined Gift Case De Luxe Included. MEN have long wondered why writing made their hands tired; and Geo. S. Parker has answered the question by removing the cause. First came Parker's Over-size Duofold Pen with its easy, full-handed grip, and fatigue disappeared. So demand arose for the same full grip in a Pencil too. Parker responded with the Over-size Duofold Pencil—the team-mate of Duofold Pen. These two writing classics end the old cramped tired feeling that comes from writing with a pen and pencil too small around for a man-size hand.

Gift-time send friends and loved ones this Duofold Duette—Pen with 25-year guaranteed point—Pencil with Non-Glog Propeller that turns lead OUT and IN. A beautiful pair to carry—balanced, symmetrical, handsomer than gold. And their lacquer-red color makes them hard to lose. Now ready at all leading pen counters—stamped "Geo. S. ITALIAN GOVERNMENT 5% BONDS An Opportunity of Earning 375% Profit on the Principal With an Attractive Interest Yield

AN INVESTMENT made to-day in Italian Government 5% Bonds (Consolidated Loan of 1923) presents an unusual opportunity for profit on any advance in the value of Italian money (lire). Profits up to over 375% on the principal alone may be realized. Italian Government 5% Bonds, as a result of the depreciation of the Italian lira, can now be bought for \$41.00 per 1,000 lire bond; with the Italian monetary unit at its normal exchange value (19.3 cents per lire) these same bonds would be worth \$77.00 per 1,000 lire bond. It is the consensus of banking opinion throughout the world that the Italian lira will sell above 10 cents before very long. It is not difficult to realize what this will mean to Italian Government 5% Bonds: each 1,000 lire bond will have a value of \$100.00—every \$41.00 invested to-day will have earned \$59.00, almost 150% profit. When the lira reaches 15 cents every 1,000 lire bond will be worth \$150.00—every \$41.00 invested to-day will have earned \$109.00, more than 265% profit. Italian Government 5% Bonds (Callable at option of Government after 1931) are the best medium through which to purchase Italian lire for maximum profit. These bonds represent to Italians precisely what British Government Consols and Canadian Government Victory Bonds represent to us, i.e., legal investments for Trust Funds and Savings Banks. They constitute a strictly high-grade gilt-edged government investment. Italian Government 5% Bonds may be sold again instantly as they are listed on the Italian Stock Exchange and traded in throughout the financial centres of the world. They are exempt from all present or future Italian taxation. Interest coupons are payable January and July 1st, and can be cashed in Montreal, New York and London, through this house, banks or other financial institutions; each interest coupon is valid for 5 years from its maturity date, thus permitting conversion at any time exchange rates may be favorable. Italian Government 5% Bonds will unquestionably come back to normal (\$193.00 per 1,000 lire bond). The financial history of the world affords numerous instances wherein Government Bonds depreciated temporarily in value only to regain their losses during periods of recuperation. The United States were on the verge of bankruptcy after the Civil War; their securities could be bought for a mere fraction of their normal value, yet in a few years the Americans were on their financial feet again and to-day are considered the richest nation in the world. The aftermath of the Franco-Prussian War is within the memory of living men. The French people were compelled to pay heavy indemnities to Germany; the finances of the country were in a sorry state; French Government Bonds sold down to 7% of their normal value. They appeared hopeless—yet in a few years they had recovered 95% of their normal value, bringing fortunes to those who have bought them for a small part of that normal value. Even Great Britain once faced what seemed to be a financial catastrophe. With Napoleon virtually pounding at her gates, British Bonds sank steadily in value but the Victory at Waterloo sent prices sky-rocketing. The Rothschilds, for many generations the richest family in the world, accumulated the major portion of their wealth by investing in British Government Bonds and selling them when Wellington's victory was proclaimed. These precedents support our contention that (1) The most difficult thing in the world to destroy is national existence; (2) When millions of men and populations of nations lend their collective efforts to the task, nothing is impossible; and (3) That the greatest fortunes were made by those investors who in times of pronounced political and financial darkness possessed enough grit and enterprise to enter the markets as purchasers of Government Bonds when they went begging for buyers. History will repeat itself—Italian Government 5% Bonds at their present price indisputably present a life-time opportunity to reap handsome profits. The Kingdom of Italy ranks among the first-class military, naval, and commercial powers of the world. With an enterprising population of 41 millions, her industries show a remarkably rapid recovery and expansion since the close of the war. Foreign trade figures, recently made public, record wide improvement in all branches of her economic life. Reparation payments from Germany, under the Dawes Plan are further enhancing the Italian Treasury. An official statement covering receipts from Germany and payments to the Allied powers to February last shows Italy as having received 37,192,577 Gold Marks—close to 10 Million Dollars for the first six months. The expansion of territory as a result of the peace treaties has added considerably to the natural resources of the Italian nation. Her investments abroad reach a large figure, moreover, she receives a large revenue annually through remittances of her nationals in foreign lands, and this income has been reliably estimated at close to One Hundred Million Dollars annually. All of these conditions are being reflected in a steadily improving rate for the Italian lira, which improvement in turn enhances the value of Italian Government 5% Bonds. These Bonds, at their present price, are a genuine investment bargain. We urge immediate action, otherwise what is a great opportunity to-day may be diminished or lost tomorrow by the rise of the lira. The return of the Gold Standard in Great Britain cannot do otherwise than exert a favorable effect on the currencies of other countries and this is particularly true of Italy for economic reasons too exhaustive to discuss here. In view of this fact, therefore, the only safe procedure is to BUY TODAY! As the Lira rises the value of these Bonds will increase as follows:—

Table with columns: Denominations, Present Price, Lira at 10 Cents, Lira at 15 Cents, Lira at 20 Cents. Includes rows for 1,000 Lire, 2,000 Lire, 5,000 Lire, 10,000 Lire, 25,000 Lire, 50,000 Lire, 100,000 Lire Italian Government 5% Bonds.

THE ABOVE price includes every expense. Sales are confirmed by registered mail immediately upon receipt of order with remittance. As quotations are subject to market fluctuations, orders should be placed with the least possible delay. The order form below is for your convenience. We take particular pride in the service we extend to investors. Our interest does not cease after a sale, for it is our constant aim to keep in touch with our clients informing them as to developments affecting the value of their holdings and advising them what action we recommend. While expensive to ourselves, the value of this service to our clients is incalculable.

Tax-Exempt Interest Income

Each bond of 10,000 lire yields an income of 500 lire per annum. At the present rate of the lira, holders of Italian Government 5% bonds, receive interest at the rate of 5% per annum. With the lira rising to 10 cents (or \$100 per 1,000 lire) the holder of 10,000 lire Italian Government 5% Bonds will receive \$50 in Canadian money for each 500 lire yearly interest income, being equivalent to over 12% interest return for his investment of \$410. With the lira quoted at 15 cents (or \$150 per 1,000 lire) every 500 lire will be worth \$75.00 in Canadian currency; this return represents an interest rate of OVER 18% on the original investment of \$410. With the lira at par (19.3 cents or \$193. per 1,000 lire) the ANNUAL INTEREST in Canadian currency will be \$96.50 for every 500 lire interest. This return is equivalent to an interest rate of OVER 23% on the original investment of \$410. The investor can follow the trend of the lira through the financial columns of the press. He is thus constantly informed of the behavior of his bonds. As remarked elsewhere, the investor does not have to cash his interest coupons as soon as they fall due. Each interest coupon is valid for five years after redemption date. This enables the holder to dispose of them at any time during that period. The most important fact to remember, however, is that the PRINCIPAL INCREASES IN VALUE AS WELL AS THE INTEREST, as the lira rises. The purchaser of 50,000 lire Italian Government 5% Bonds earns FIVE TIMES AS MUCH and the purchaser of 100,000 lire Italian Government 5% Bonds earns TEN TIMES AS MUCH. It is obvious that these high grade, attractive, gilt-edged bonds of the Italian Government will not be available at present prices for long. You must act quickly.

Four Players Are Tied For Batting Honors In City Amateur League

Along The Sport Trail

By RAY HANSEN

THE MANY TENNIS PLAYERS in and about this city are beginning to get all "hot up" over the anticipated title matches this year. Keen rivalry exists between the various clubs and the members are working hard to get in the pink of condition for the games.

THERE IS A GREAT FIGHT this year for batting honors in the major leagues. First it is one and then another star that forges to the front, but they stay there is usually short lived.

GENE TUNNEY has expressed a willingness to meet Harry Wills, but insists that he is entitled to meet Jack Dempsey for the heavyweight championship of the world in view of his defeat of Tommy Gibbons.

IT LOOKS AS IF Jack Renault, the Canadian heavyweight boxer, is about done. He has been touted as a contender for the championship but his recent bouts have proven beyond a doubt that he is nothing better than a second rater and a rather poor one at that.

ROWING ENTHUSIASTS in Saint John are looking forward with keen interest to the coming race between Walter Hoover, the famous Duluth oarsman, and Jack Beresford, the Olympic champion, which is to take place in England on June 20.

Tom Gibbons Says He Will Seek Return Match with Gene Tunney

ST. PAUL, Minn., June 8—Tom Gibbons returned to his home here late last night from New York, and declared he would seek a return match with Gene Tunney of New York, who knocked him out in the twelfth round Friday night.

PHILLIES AND REDS BATTLE FOR FOURTH PLACE

Great Fight On In National League Pennant Race

NEW YORK, June 8.—Fourth place in the National League, the most disputed peg of the circuit at present, is the objective of Philadelphia and Cincinnati teams in a series opening in Redland today.

Idleness cost Fletcher's team the lower berth in the first division yesterday. While the Phillies were traveling from Pittsburgh to Cincinnati, the Reds crowded past the Quakers by taking their third consecutive extra inning game from the Braves, 3 to 2.

Check Cards Drive. The drive of the Cardinals to break from the cellar was checked again by the champion Giants, who clinched the series with a 6 to 2 triumph. The Cards were unable to hit Art Neff in the pinches.

An eighth inning rally which brought five runs, gave the Robins their final hit for four bases yesterday in New York. Brooklyn in the running with New York.

Ruth Goes Hitless. St. Louis Browns took the measure of the Yanks, 5 to 2, Ruth failing to connect safely in five trips to the plate. Ken Williams slashed out his 14th home run of the year and had the distinction of being the only player to hit for four bases yesterday in the majors. It was his fourth homer in the past three games.

Washington bowled to the White Sox 4 to 2, Faber limiting the champions to nine hits. Four pitchers were used by the Senators.

SUNDAY GAMES. NATIONAL LEAGUE. Cincinnati 3, Boston 2. New York 6, St. Louis 2. Brooklyn 10, Chicago 9.

AMERICAN LEAGUE. Teams. Won. Lost. P.C. New York 27 19 .589. Philadelphia 27 19 .587. Pittsburgh 26 20 .565. Cincinnati 25 23 .521. Philadelphia 25 23 .521. St. Louis 25 23 .521. Chicago 24 24 .500. Boston 23 25 .479.

Games Tonight

Saints vs. Alerts, East End grounds. Trojans vs. Royals, North End grounds. Imperials vs. Nationals, South End grounds.

SAINTS NOW TIED FOR FIRST PLACE

Administer Double Defeat to Their Opponents on Saturday—Game Tonight.

With "Scotty" Sterling coming through with a timely single to the outfield in the tenth inning and scoring Moore for the winning tally Saturday afternoon and the Saints getting the better of the slugging match in the evening game, they brought the league standing up to a level with that of the Alerts.

The Saints brought in four runs in the first inning and Dickie O'Regan kept the Alerts baffled until the third when they took matters in their own hands and romped home with three tallies on a single, two doubles and an error.

King, who looked after the pitching end of the game for the day's losers, crossed the plate for the (young score in the eighth when Finnamore dropped Lowmy's high fly, but in the tenth the Saints managed to push home the winning score.

Boyne kept the Alerts down to nine safeties in the evening fracas. Davis started for the Mulletten, but was yanked in the fifth and replaced by "Booney" Lawlor. The Saints collected seventeen hits off the two twirlers.

Both games were full of sensational fielding. Sterling, Moore and Garnett kept the fans in a continual round of enthusiasm by their stabs.

Tonight on the East End grounds at 6:45 o'clock the Saints and Alerts will meet in an attempt to break the league deadlock which is now prevailing between the two teams.

King, who pitched for the Alerts Saturday night, will most probably repeat tonight. Johnson, the lad who hurled for the Saints in the opening game this season, will probably be given another opportunity to display his stuff this evening.

TEX AFTER LEONARD

Promoter Wants Former Lightweight Champion to Meet Mickey Walker.

NEW YORK, June 8.—Announcement was made here today that Promoter Tex Rickard had approached Benny Leonard with an offer of a match against Mickey Walker for the welterweight championship before the close of the outdoor season.

Leonard, who has been in the hospital since he was injured in a fight with Alvin Karpis, but announced his retirement last fall, but his friends declare he is considering a comeback to box one more match, with the welterweight title as an objective.

HOLD RIFLE SHOOT

Saint John Rifle Association Found Conditions Poor on Local Range.

The Saint John Fusiliers Rifle Association held a shoot at the range on Saturday. The weather was hot but changed after the 200 yards range had been fired and then the fog came in, making sighting difficult.

He's New Pilot of Cards

Presenting Mr. Rogers Hornsby, newly appointed manager of the St. Louis Cardinals, who has replaced Branch Rickey in that capacity.

Hornsby is the leading clubber and star second baseman of the National League. He's led the circuit in batting for the past five seasons. He's out to beat Cobb's high mark of nine straight.

Hornsby came to the Cards back in 1915. Last year he turned in a hitting percentage of .424, the best in modern times. As a pilot he got off on the right foot by winning his first game.

His entrance into the managerial ranks makes seven player-pilots now in the majors.

IS SPOON WINNER

J. T. Downey Was High Scorer in Dominion League Match on Saturday.

The Saint John City Rifle Club held a successful shoot on the range Saturday afternoon in the Dominion of Canada Rifle League competition and some excellent scores were made.

J. T. Downey, with a score of 96, won the spoon. The first ten shots made a grand total of 865. The following are the scores: 200 500 600 Yds. Yds. Yds. T. J. T. Downey 32 34 30 86.

WHEN ALL IS SAID AND DONE

The tailored man has everything in his favor. The clothes he wears were made for him, no one else. They have an air to them, designed for his personality alone.

The safest of cloth is tailored to order by the Triple C Tailors at far lower prices than the best figures you can get anywhere else.

That's because of their team-work system, their direct importing, their large patronage, low rent and lower profit. Another reason is the fact that the Triple C Tailors make as many Suits a year as a whole group of average size tailors.

The reason ought to be worth investigating. Bring \$5 in case you want to order tonight.

TROJANS WIN GAME

Defeat Saint John and Are Now Tied For Lead in City League.

With the Trojans taking the "lucky seventh" and scoring four runs, making the final count of last Saturday afternoon's Trojans-Saint John's league battle read 9-6 in their favor, they tied for first place in the City Senior Amateur League with the Water and Sewerage Department outfit.

Cyril Moore hurled eight innings for the Greys boys, but was relieved by "Sticker" Daly in the eighth. Stewart was on the mound for the Saints, but poor support in the infield spelled his doom.

Tonight, on the North End diamond, the Trojans and Royals will meet at 7:10 o'clock sharp.

IMPROVEMENTS FOR CENTENARY

Work at Stone Church for 100th Anniversary in September

Pageant in Portland Church—Other Special Events in City on Sunday.

Rev. A. L. Fleming, rector of St. John's (Stone) church, has been busy engaged during the last two years in preparing a booklet which will contain a complete historical record of the church and those who have been connected with its various activities for the last 100 years.

BISHOP EXPECTED.
As Sept. 11 falls on Friday this year the anniversary observance on that date will consist of the celebration of Holy Communion in the morning and a church service in the evening, when Mr. Fleming will tell of the church's hundred years of progress.

IMPROVEMENTS.

Many improvements are to be made in the church property before the centenary. The last remaining vacant window will be replaced by a stained glass window to be erected as a memorial to the late R. B. Emerson. A number of other memorials will also be dedicated previous to the centenary. The ladies of the congregation will have tiling placed in the chancel floor and marble steps from the chancel to the main church. They will also be responsible for the painting of the interior of the church and will have a new doorway made for a choir entrance. At present the choir enters the church in the rear of the chancel and the narrow passageway behind the organ makes it impossible to have effective processions at present. The new doorway will give an entrance for the choir into the main body of the church near the front. The choir will then move along the front of the church and enter the chancel by the chancel steps, making a more impressive procession.

The dramatic presentation of the pageant "Canada's Concern for her Country," given last night in the Portland Methodist church, was a most impressive portrayal of the need of religious education in Canada. The pageant was given under the direction of Miss Lillian Maxwell, Mrs. John Howe and H. W. Bromfield, with Miss Lillian Bromfield at the organ, and the church was thronged by the large congregation. About 60 took part in the pageant, and the characters were appropriately and artistically costumed.

Rev. H. A. Goodwin, pastor of the church, gave the address previous to the opening of the pageant. Those who took part were as follows: Speaker of the prologue, Miss Otty Maxwell; Canada, Miss Laura Fanjoy;

ANNIVERSARY.

The pageant marked the observance of the 98th anniversary of the Sunday school, and during the year just closed the raised \$1,267.48, donating \$50 to the current expenses of the church and \$977.97 to missions. The Sunday school membership totals 619 and the average attendance has been 277. There are 100 on the cradle roll included in the school membership. R. T. Hayes, M.L.A., is honorary superintendent, S. A. Kirk is superintendent and the associate superintendents are Frank W. Merrill and Robert H. Maxwell; R. C. Thomas is secretary.

MISSION CHURCH
The Boy Scouts, Wolf Cubs and Girl Guides of the Mission church, the Boy Scouts of St. Paul's church attended the morning service in the Mission church yesterday and made a fine showing in their church parade. The Guides were in charge of Miss L. Peacock and the Scouts were in charge of Scout Master C. G. Hoyt, of the Mission Church Troop, and Assistant Scout Master Herbert Warren of St. Paul's Troop. Rev. J. V. Young, priest in charge of the Mission church, gave a splendid address warmly commending the Scouting and Guiding for what the two movements are accomplishing in the world. It was the first church parade of the Scouts and Guides to the Mission church and it is planned to have similar parades each year.

GIRLS CONDUCT SERVICE
The C. G. I. T. groups of Carmarthen street church conducted the service in the church last night and the speaker was Mrs. R. G. Fulton, president of the New Brunswick Girls' Work Board, who gave an impressive address describing the four-fold life which is the C. G. I. T. ideal. Miss Ethel Brindle conducted the service and there was a special choir of C. G. I. T. members wearing their white middie blouses and dark skirts. The morning service in the church was conducted by E. S. Stephenson, who gave an able address. The pastor of the church, Rev. A. D. McLeod, is absent from the city on vacation.

AT CENTENARY
Rev. Walter Small, of West China, who is on furlough, preached in Centenary church yesterday at both services. In the absence of California of Rev. Robert G. Fulton, the pastor. Communion was administered in the evening. The collection envelopes, which were issued for the first Sunday in June, bore the inscription "The United Church of Canada," where Centenary Methodist had before appeared.

Preaching in St. Paul's church yesterday, Ven. Archbishop A. H. Crowfoot referred to the fact that this year is the 1600th anniversary of the Council of Nicea, the first general council of the Christian Church in the world, where heresy was condemned and the substance of the Nicene creed was stated. He spoke also of the Athanasian creed. Rev. George Scott conducted the services in St. Columba Presbyterian church, Fairville, yesterday in the absence of the minister, Rev. W. M. Townsend, who is attending the general assembly of the Continuing Presbyterian church in Toronto.

PRODIGAL SON.
"The Prodigal Son" was presented to the East Saint John United Church congregation last evening in story and song by Rev. W. J. Bevis, pastor, and his choir, led by J. W. Flewelling, choir master. Miss Irene Pepper presided at the organ. Rev. Mr. Bevis read section by section the story from the Bible and familiar hymns interspersed the service. The reader also sang two solos, "Home, Sweet Home" and "Only a Step to Jesus." Mr. Flewelling sang a setting of "The Prodigal Son." Mrs. W. R. Pepper and Mrs. George Roby sang a duet and the male members of the choir sang "Where Is My Wandering Boy Tonight?" "Thy 'Our Sins Be As Scarlet'" was sung by a quartette composed of Mrs. Pepper, Mrs. Roby and Messrs. Flewelling and Roby. The old hymns, "Almost Persuaded," "Just As I Am," "I Am Coming Home," "Lead Kindly Light," "He Lifted Me" and "Ring the Bells of Heaven," sung by the choir, completed the service.

LAST SERVICE.
In the Fairville Methodist church last evening Rev. J. M. Rice referred to the conference and the sentiments expressed regarding church union. He reminded the congregation that that service was the last to be held as a Methodist congregation since on June

Deplorable Publicity (New York World)

All of us will find sympathy for Mary Pickford, Pola Negri, et al, who were marked as victims of a kidnapping plot. The worst of it, no doubt, is the publicity involved. To the average person this might not mean much, but to a moving picture actress, already much in the public eye, it must be particularly distasteful. Of course, we may be thankful that the plot was discovered before any damage was done—except the publicity. But even so, there is danger that the thing will become epidemic. That is, enterprising press agents now that the jewel-theft press has pretty well worn out, may try to fake kidnapping plots and in that way get their employers' names in the paper. Let us hope no such epidemic breaks out.
